Lavatory and toilet on ground floor.

Property is surrounded by pretentious homes on palm-lined avenues. 1 1/2 blocks to Lake Aslar, Alhambra Court, also of good reputation; and with entire property, spacious grounds, swimming length of Alameda from Cordova to Alhambra Court, are landscaped with velvety lawns, shrubbery, flowers; bear-bear fruit trees, stately palms, flagstone walkways to formal garden, ponds, tile patio, ornamental bird baths, fountains, etc. Lawn sprinkler system over entire grounds. Directed by Mr. and Mrs. Hiram A. Laxeter, now residing in Kissimmee, where Mr. Laxeter is president of the Steam-Lux Corporation.

GLENORE APARTMENTS
in East, The Friendly City
at 800 Bay Avenue, just west of Center

SATURDAY, APRIL 15 at 7:30 P. M.

3-story brick solid structure on concrete foundation. 24 units including two apartments of two bedrooms each, two of one bedroom, and six studio apartments. All units are completely furnished and all with private bathrooms. This is a most desirable location, close to schools, shopping, and recreation. Property is within walking distance of downtown Sanford.

At the same location, the foundation having been completed, a factory building is one of four buildings of a new industrial complex, all of which will be completed in the near future.

Czech Reds Say U. S. Professor Asks For Haven

Former Virginia Man Protests American Foreign Policies

FRANKFURT, Germany, Apr. 7.—(AP)—U. S. officials said today George S. Wheeler, a U.S. citizen who reportedly has sought "asylum" in Communist Czechoslovakia, formerly worked for the American Military Government in Germany and appeared three times before a loyalty board. An American official said Wheeler worked with the Military Government's manpower division. He was with military government from its outset, the official said, until Sept. 1947, when his job was called surplus, just after his final appearance before the loyalty board.

PRAGUE, Czechoslovakia, Apr. 7.—(AP)—The controlled Czechoslovak radio today said an American teacher here had requested the Communist-led government "asylum" as a protest against U. S. policies.

He was identified as George S. Wheeler, a former resident of Vienna, Va., now teaching economics at Prague's higher school of economic science. The U. S. Embassy here said its records list Wheeler as a native of Tacoma, Wash., born May 22, 1905.

The Czech radio said Wheeler and his four children in sought "asylum" for himself, his "protest against the brutal and unlawful treatment by American occupation authorities in Germany" of 58 Czechs who were forced to

accompany 26 anti-Communist refugees in their mass airplane escape to Germany Mar. 24.

The U. S. government yesterday rejected Czech demands for punishment of American officials who questioned the refugee Czechs and those forced to accompany them. U. S. Army officials previously had denied the Czechs were mistreated during their interrogation. The 58 Czechs returned to Prague several days after they had been abandoned in mid-flight.

The Czech radio said Wheeler, "condemned the Marshall Plan, in addressing a news conference, 'Atlantic Pact, American espionage,' 'Voice of America broadcasts' and the American Counter Intelligence Corps."

He said he proudly and staidly entered the camp of peace and progress," the broadcast declared.

The U. S. Embassy here said its record showed Wheeler left the United States in December, 1945, worked for the American Military Government in Germany until November, 1947, and then came to Czechoslovakia.

He told the embassy he came to Prague for "study and newspaper work" and said he represented the National Guardian, a left-wing weekly published in New York City.

Meanwhile, the French Communist Party called for a stepped-up drive to halt American military aid to its country under the North Atlantic Pact.

A resolution promising "effective action" against arms shipment was passed unanimously at the closing session of the Communist Party's 12th National Congress.

A shipload of the first U. S. arms for continental France is expected to arrive at Cherbourg next week. Cherbourg stevedores, even though belonging to a pro-Communist union, have decided to unload such military shipments because recent unemployment has cut down their normal take home pay.

In Soviet-occupied Germany openly embarked today on a program of training thousands of young Communists as glider pilots,

despite a four-power ban. The Soviet-licensed newspaper Neue Zeit said the state of Saxony-Anhalt has already begun "extensive measures to promote this beautiful sport."

The state government and all political parties have promised direct help to the Communist "Free German Youth" (FDJ) in financing glider training for its membership, Neue Zeit said.

The first squadron of 10 gliders by the Saxony-Anhalt ministry of industry, the newspaper added.

In Brussels, Belgium, exiled King Leopold III indicated in a message from Switzerland that he would be willing to consider abdication if he is returned to the throne.

But this first hint from Leopold

HOLLAND L. DEAN Editor GORDON DEAN Business Manager

Subscription Rates: One Month \$1.00, Three Months \$2.50, Six Months \$4.50, One Year \$7.50

MONDAY, APRIL 10, 1950 TODAY'S BIBLE VERSE

But some so spoil their children that they waste their inheritance long before the next generation enjoys it.

Winter visitors thinking about returning to their northern homes should read the weather reports.

U. S. Congressmen coming to Sanford to play baseball may stay to buy a winter home.

Secretary Acheson has gone a long way toward helping to revive the bipartisan foreign policy by securing the appointment of John Foster Dulles as consultant for the State Department.

Sanford's city manager says salt is seeping into Sanford's underground water, urges prompt measures to assure adequate water supplies for future generations.

Senator Pepper quotes President Roosevelt to prove his case for the Welfare State. But because it was good business in 1934 to borrow money to relieve the more serious effects of the worst depression in our country's history, it does not necessarily follow that it is a good thing to continue such borrowing forever and ever and ever.

Direct costs of the ten weeks old Chrysler strike are now estimated at about one billion dollars by Automotive News. That compares favorably with the \$1,457,000,000 General Motors strike loss of 1945-46.

What government in business means is shown by the recent sale of \$5,000,000 worth of potatoes by the Department of Agriculture for \$25,000.

President Truman appeals to Congress for bigger increments to keep people from working. "Twenty dollars a week," he insists, "is not enough to preserve a minimum standard of living."

Almost at the same moment that the President asks Congress to raise the jobless benefits from \$20 a week to \$30 a week, several bills are introduced to halve them.

The Supreme Court has ruled that the government can't take away a man's property without paying him for it.

Mysterious Subs

Few things will get a closer look than a report of a mysterious foreign submarine prowling near our coastline.

Actually there is not much to be done about a foreign submarine, as long as it is at least three miles off shore, except to find and identify it.

Nevertheless every sub or other craft approaching our shores in secret should be spotted and inspected with all speed, and its crew be let known that it has been discovered.

This psychological point is of great importance as long as world political conditions are unsettled. Most analysts agree that one of the primary reasons for the involvement of the United States in two world wars was the belief of potential enemies that we were feither able nor willing to fight for our principles and our friends.

To Free World Trade

The magnitude of the task President Truman has assigned to Gordon Gray, his interim between secretary of the Army and becoming president of the University of North Carolina, must have taken Gray's breath away.

It would be simply too much to suppose that a simple formula could be worked out to make American economic help to Europe unnecessary by 1952. That is when the present help of the Marshall Plan is due to expire.

A White House memorandum suggests that the ultimate aim of world trade programs must be "to win freedom for the trading world" from artificial controls and restrictions applied in efforts to offset the effects of unbalanced trade.

Freedom for the trading world would indeed appear to be the goal to be sought. Finding it seems equivalent to the solution of the legendary Gordian knot.

Bicycle Accidents

Spring in the air, and the return to the nation's highways of 19,000,000 cyclists—double the prewar number—renews the threat of bicycle accidents which are taking well over 500 lives each year.

- 1. Don't weave in and out of traffic in competition with motor vehicles; you and your bike are almost sure to come off second best in a collision. Be particularly careful at intersections. 2. Exercise extreme caution, always, while coming out of or turning into driveways. 3. Never hitch onto trucks or automobiles! 4. Don't ride two people on a single bicycle; it's not built for two—with safety; ride single file on the highway. 5. Use lights at night and at all times keep the bicycle—especially lights and braking mechanism—in good repair. 6. Observe all traffic rules and signs; they apply to you just as much as to the biggest cross-country transport truck.

Study of the claims paid on the lives of industrial policy-holders during 1946 through 1948 shows that seven eighths of the fatal bicycle accidents were collisions with vehicles, and that most of the remainder were the result of falls off bicycles.

There is evidence that motorists are giving increasing attention to the safety of bicyclists and that more care is being taken by the cyclists themselves.

"But if further reductions are to be made, safety efforts in this direction will need to be intensified," the Metropolitan warns.

Ex-General Meyers Loses Court Appeal

WASHINGTON, Apr. 10.—(AP)—Former Major General Benjamin G. Meyers today lost another bid for freedom from prison.

The U. S. circuit court of appeals turned down a request for his release from the federal reformatory at Leavenworth, Mo.

Today's action by the appellate court upheld a federal district court which had denied Meyers' appeal.

The appeals court said it was not to be understood that the government could take away a man's property without paying him for it.

THE NATION TODAY

By JAMES MARLOW

Editor's Note: This is the first of two stories.

WASHINGTON, Apr. 10.—(AP)—In 1935, as part of the broad social security system it was then creating, Congress set up a nationwide program for giving pay to jobless people.

Until then only Wisconsin did that. Now all 48 states, plus Hawaii and Alaska, take part in the system.

The philosophy behind the unemployment pay idea can be stated simply: jobless people need money to live on.

The unemployment pay system is based on a law which employers must pay to the federal government and to their own states.

And the federal government gives the states money to run their individual programs. None of this federal money goes to the employer's pocket.

Not all employers have to pay the federal unemployment tax. The federal law covers only those employers with eight or more employees.

That leaves him with no more than 72 per cent to pay to the states. Few know to pay that much because the states arrange to give employers a break—employers working, thus making fewer people drawing unemployment pay.

About 1,400,000 employers pay the tax. At any one time about 32,000,000 workers are in covered jobs although over a year's time they have to pay a state tax.

The highest possible unemployment pay anyone can get, according to government officials, is \$40 a week in Alaska. This ranges down to a minimum benefit of 50 cents a week in Missouri.

In 1949 the average weekly unemployment payment was \$26. The average number of weeks in which the unemployed drew benefits was 12 for the nation.

In 1835 a French chemist, C. Thilorier, produced solid carbon dioxide, the "dry ice" of today.

Leader Of VFW Repudiates Claim Of Claude Pepper

MIAMI BEACH, Apr. 10.—(Special)—Repudiating Claude Pepper's allegations that the Veterans of Foreign Wars organizations in Florida were lending their support to the State's senior senator in his current bitter campaign against Representative George Smathers, Robert J. Wallis, State Commander of the Department of Florida VFW, recently denounced Pepper's claims with a "feeling of shocked and aggrieved repugnance."

Smathers, who is a Marine combat veteran of the last World War, had no comment to make on Wallis' statement, but expressed his gratification at the support he has been given by all veterans organizations throughout the State, and reiterated his pledge to "continue to do what I can to help those who sacrificed so much when I am elected to the Senate."

"It was with a feeling of great repugnance," Wallis said, "that I learned that a United States Senator, seeking to further his own political gain in a desperate attempt to become re-elected, has brazenly attempted to mislead members of the Florida Department of the VFW."

"I am shocked and aggrieved to learn that Senator Claude Pepper, who was denounced in an anti-Communist resolution about two years ago, is now making a bold attempt to delude Florida veterans in his bid for a return to power."

The Florida Department of the VFW granted Senator Pepper a "Soviet apologist" in the action which it took in Palm Beach two years ago in spite of this fact.

Wallis said that "it has now come to my attention that letters are being written over Pepper's signature denouncing the 'Scroll of Honor' presentation which was made to him by members of the Veterans of Foreign Wars during its five-day program in Miami last year, was presented the token scroll delivered to each speaker and guest on the national program."

Wallis said that "it has now come to my attention that letters are being written over Pepper's signature denouncing the 'Scroll of Honor' presentation which was made to him by members of the Veterans of Foreign Wars during its five-day program in Miami last year, was presented the token scroll delivered to each speaker and guest on the national program."

Segregation Cases

Tampa Tribune

Three cases concerning racial segregation are being argued before the United States Supreme Court this week. Argument began yesterday on the issue raised by railroad passenger accommodations. Two other cases involve Negroes and state universities.

The railroad case was stated by Elmer Henderson, Washington Negro, who contends that the dining car regulations on the Southern Railway discriminate against his race. In 1912, Henderson alleges, he made a trip on that railroad to Birmingham, and could not get a meal on the train, because Negroes were shut out from the dining car.

The other two cases, involving state universities, have been in the public notice for some time. In 1948 the Supreme Court ordered the state of Oklahoma either to let Negroes study law in the state university or to provide them comparable facilities for that purpose.

Thereupon the University of Oklahoma admitted a Negro to its law school, but seated him in ante-rooms adjoining class rooms, and required him to eat at a separate table in the cafeteria. The Department of Justice asks the Supreme Court to reject this interpretation of the "separate but equal" doctrine.

In the case from Texas the Supreme Court is asked to overrule the highest court of the state. The University of Texas law school refused to accept a Negro as a student, and the Texas Supreme Court upheld the bar on the grounds that the state constitution requires the segregation of Negroes in education and that equal provision had been made for them.

A similar case has been decided by the Federal Court of Appeals in the District of Columbia. A law of the city of Washington requires maintenance of separate public schools for the races. The court held, in a divided opinion last Feb. 14, that this segregation does not violate the Constitution.

U. OF F. BUILDING GAINESVILLE, Apr. 10.—(Special)—Townes Randolph Leigh Hall, chemistry-pharmacy building at the University of Florida, will be dedicated to the memory of the late Dr. Townes R. Leigh in formal ceremonies on campus Saturday, April 16.

A noted scientist, scholar, Dr. Leigh devoted more than a quarter of a century of his life in service to the University of Florida. The new campus building, started in 1925 and continually expanded over the next twenty-three years, now houses the College of Pharmacy and the Department of Chemistry. Dr. Leigh, during his years of service to the University, headed both these academic divisions.

Liquid nitrogen will quickly chill a piece of metal to minus 320 degrees Fahrenheit.

Sanford Forum

Editor of Sanford Herald Sanford, Florida Dear Sir:

I read with interest the recent forum letter of Mr. M. H. Williams of Lake Mary who after stating that he was disinterested in the Florida Senatorial race criticized the leadership of the Smathers campaign for calling of name and resorting to cheap ridicule and further stated the "Picture-showing Pepper shaking hands with a negro" hit motto for low-type malice.

I am wondering what this disinterested observer thinks of Senator Pepper's denial that he shook hands with this old Negro woman and claims it to be "trick photography"? Does he think the Senator is ashamed of having his picture taken shaking hands with a Negro in a public gathering or does he think the Senator has just hit a new low in political strategy?

It appears to the writer that to my campain observer, the moral of the taking of this picture or that Pepper shook hands with a negro admirer, but that a politician who is ashamed of having his picture taken shaking hands with a Negro in a public gathering or does he think the Senator has just hit a new low in political strategy?

Sincerely yours, V. W. Roberts

The Editor Sanford, Florida The Sanford Herald Dear Sir: I know that the men running the Smathers Campaign are too intelligent to even read much less answer the foolish letter written by Williams of Lake Mary in the Herald recently. He is apparently not very well read on the political subject as he criticizes the Smathers Group for utilizing low ways when Pepper is a past master in "Mind Slinging."

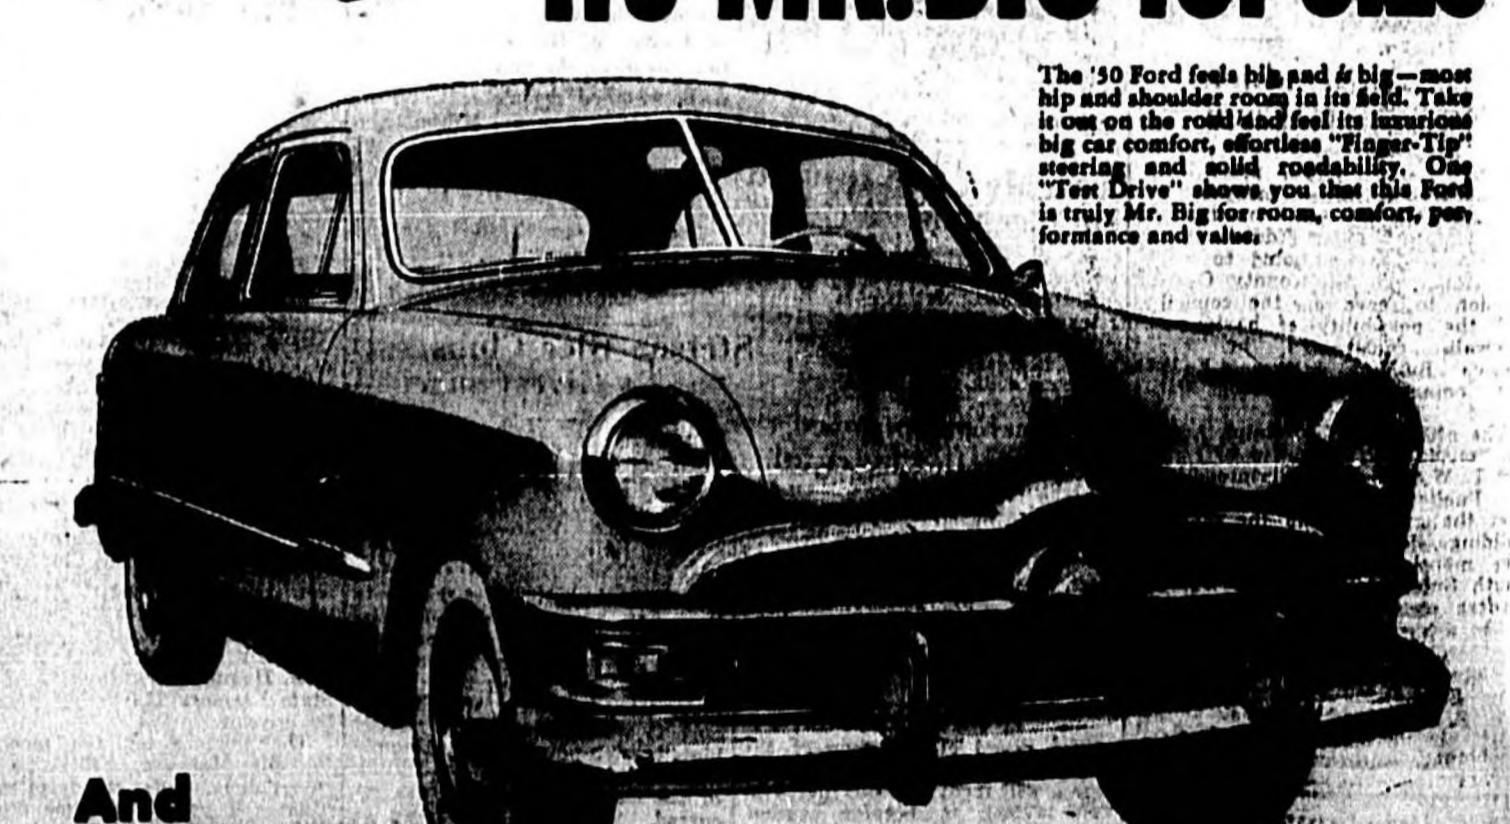

In fact, in Sanford a few nights ago he spent most of his time telling about Smathers not entering a colored Church and also about the \$22.00 suit which George wouldn't wear. Frankly the only impression I got from the Williams letter was that he was doing more criticizing than any one else and acting like a spoiled child who wants to be recognized among older people.

Well, I'm recommending you, to suppose you will be satisfied and start acting grown up yourself. R. A. Martin Sanford-Orlando Highway Road 17-05 Sanford, Florida

It's MISS AMERICA for beauty

Just one look will tell why the Ford is a 1950 show stopper. It's the only car in America that has received the Fashion Academy's Gold Medal Award as "Fashion Car of the Year" (and two years in a row, at that!)

It's MR. BIG for size.

The '50 Ford feels big and is big—most hip and shoulder room in its field. Take it out on the road and feel its luxurious big car comfort, effortless "Finger-Tip" steering and solid roadability. One "Test Drive" shows you that this Ford is truly Mr. Big for room, comfort, performance and value.

And Champion of its Class for ECONOMY

How's your estimate of Ford's extraordinary economy? The Fashion Academy's Gold Medal Award as "Fashion Car of the Year" (and two years in a row, at that!)

Mrs. Epps Conducts Improvement Council

Mrs. A. W. Epps, president, conducted the regular meeting of the Civic Improvement Council on Friday at noon at Eddie's Restaurant. The group voted to ask a member of the County Commission to serve on the council the possibility of having a sidewalk constructed by the school building between First and Commercial Streets was discussed.

Heasley Reappointed Junior HI Principal

Harry H. Heasley has been reappointed principal of the Bellevue Junior High School by the Marion County School Board. Mr. Heasley received his A. B. and M. A. degrees from the University of Florida and at the same time held the position of assistant principal of F. R. Young Laboratory School.
Mr. Heasley, son of Mr. and Mrs. G. C. Beasley of 1001 Laurel Avenue, Sanford, was married to Miss Mary Edna Douglas last Dec. 21 at the Bellevue Methodist Church.

Mrs. C. A. Anderson Elected PTA Leader

Mrs. C. A. Anderson, Jr., was elected president of the Seminole High School Parent-Teacher Association at a meeting held in the school library on Tuesday afternoon.

When officers elected were: vice-president, Mrs. R. H. Howard; secretary, Mrs. Frank Shames; treasurer, Mrs. M. E. Baker; historian, Mrs. W. A. Morrison; the devotional Mrs. Hutchison read an Easter message from Mrs. John E. Hayes of Twin Falls, Idaho, president of the National Congress of Parents and Teachers.

A message was also read from the State President Mrs. Edith Marie Cameron of Gainesville regarding the PTA's to present to the people of the community the true story of educational progress and the need of education in Florida. She said that even with the increases in the amount of aid to education, the schools' portion of the State's total operating expenses is actually two per cent less than it was ten years ago.

Principal Herman E. Moore praised the C. A. Anderson committee and Mrs. W. C. Graham, director, for their splendid work during the past year and urged parents to visit the recreational center to see for themselves how well it is attended by the students.
Mrs. Baker announced a recent donation of \$500 from Sheriff P. A. Allen and \$150 from the County Commission for purchasing equipment for the new building.

Golden-Rule Circle Holds Regular Meet

Mrs. W. F. Harriott was hostess for the regular meeting of the Golden-Rule Circle of the First Baptist Church held last Monday at 8:30 P. M. The chairman, Mrs. W. H. Young, presided over the meeting. Mrs. J. P. Wilson led the devotions followed by prayer. The singing part of the program was conducted by Mrs. J. R. Farris who spoke on Japan. Mrs. J. E. Harper presented a gift and a lighted birthday cake honoring her 82nd birthday.

Stetson Glee Clubs To Give Concert

DELAND, Apr. 10.—(Special.) The Stetson Glee Clubs, under direction of Prof. Harold M. Griffin, will give their annual home concert at 8:00 P. M. Tuesday in Elizabeth Hall.
The program which proved so popular on the recent tour through Florida and Georgia will be used. This concert will be the first opportunity of local music lovers and students to hear the clubs in their new professional-like arrangement which was so enthusiastically received on the tour.

Personals

Claude Robson arrived on Friday from Dania to join his wife who was visiting Dr. and Mrs. J. N. Robson, and accompany her home.

Friends will be glad to learn that Joe Saunders is able to be out after recuperating from an operation at the Orange Memorial Hospital and being confined to his home in Mayfair.

Mr. and Mrs. C. E. Cullen will leave soon to spend a week's vacation in Savannah, Ga. This vacation was made possible by the Life Insurance Company of Georgia of which Mr. Cullen is a local representative.

Mrs. Alice Marie Haught left Friday for Vero Beach, Fla. to visit with her daughter, Pauline, and Marilyn, who are in the high school. She will be home ten days.
Billy Colley is home on a 30-day leave with his wife and daughter, Mrs. and Mrs. Williams Colley, Jr. and friend, who have been spending the winter here, left for New Jersey Monday.

Charles Holdingsinger, Mrs. Tilly Apel and Mrs. Kate Weinschuld returned to their home in Buffalo, N. Y. last week after spending two months with Mr. and Mrs. P. N. George.
The Young People of the B. T. U. held their monthly business meeting Friday night after which lunch consisting of cakes, salads and punch, was served and enjoyed. Those present were Frances Clarke, Eloise Snyder, Lucie Ann Snyder, Alice Williams, Herbie Williams, Bryan, Nettie, Junior Todd, Bobby Hill, Sheba Nipper, Lovell Whitaker, Sonnie Robinson, Billy Hosack, David Hosack, Gerald Hosack and Albert Lawrence.

Garden Club

Mrs. Charles E. Ginn, president of the Sanford Garden Club, requested today that all chairman be present at the regular meeting of the Garden Club board to be held on Wednesday, April 19, at the Garden Center. Plans for the near future in Palm Beach attend the convention scheduled will be made.

Etta Jane Gleason Weds Richard Keogh

The Lake Mary Community Church was the scene of the wedding Saturday morning at 10:00 o'clock when Miss Etta Jane Gleason, daughter of Mr. and Mrs. H. M. Gleason of Lake Mary, became the bride of Richard Keogh, son of Mr. and Mrs. J. M. Keogh of Lake Mary.

The Rev. C. C. White performed the double ring ceremony. The sanctuary was decorated with white gladioli, ferns and palms. Limited families were also in the background decoration. A program of musical music was presented by Harry Weston, organist, and John Miller, soloist.

Given in marriage by her father, the bride was lovely in a gown of traditional white satin fashion with a fitted bodice covered with lace. The skirt fell into a long cathedral train. Her finger ring set with a brilliant-cut diamond. She carried a prayer book covered with lilies of the valley and a white ribbon sash.

The maid of honor was Miss Jacqueline Butler of Hawkinsville, Ga., who wore a long yellow of satin gown with an off-the-hooded neckline and full skirt. She also wore a matching yellow flower in her bouquet.

The bridesmaids were Miss Margaret Jones of Hawkinsville, Ga., Miss Marie Eubank of Lake Mary, and Miss Janet Jones of Orlando. Miss Mary Grace Hall was the junior bridesmaid and led the bride down the aisle. The groom's best man was Mr. J. M. Keogh, Jr., and the officiating minister was the Rev. C. C. White.

Hollywood

HOLLYWOOD, Apr. 15.—(Special.) Hollywood is working itself into new waves of activity. It is not only dropping, but it is also picking up. The picture is as good as ever. They admit television is hurting some, but they think the biggest danger is the public relations. Hollywood is not a public relations industry. It is a series of three articles, of which the first is the public relations and the second is the public relations.

Plantation Estates

The monthly meeting of the Property Owners' Association was held on Tuesday night, April 11, at 8 P. M. in the Club Rooms, Col. Sepp presiding. After the invocation by the Rev. Kempner, the President presented Judge Robert H. Wingfield, Judge Wingfield explained what his duties were as County Judge of Volusia County.

He also gave a short history of Blue Springs. This was suggested by the invitation extended to the meeting by the P. T. A. of Deland Senior High School. The fish fry to be given at the home of Mrs. J. W. Decker on Wednesday April 12 at Blue Springs.

Among the accomplishments of the past month, reported by the committee chairman, was the new great front steps made by John Weille the progress of the house because of the building of W. J. Decker and his committee. The committee also reported on the progress of the new house and the progress of the new house.

Mrs. Ray Decker, chairman of the social activities committee, reported that she had arranged for a five hour boat ride on the St. Johns for April 22nd from 1 to 6 P. M. It met with such approval that boat may be held in the future for two days.

15 Lawmakers To Invade Sanford For Spring Training

Rep. Sid Herlong Says The Congressmen Will Hold Drills Friday Afternoon

By BILL HERRING Herlong Sports Reporter A cry was sounded at the Giants headquarters Friday that sent chills down the back of the most able professional ballplayer. The cry: "The Congressmen are coming."

FLORIDA STATE LEAGUE 1950 SCHEDULE --- SEASON OPENS APRIL 13 and CLOSES AUGUST 31

Table with columns for teams (Daytona Beach, DeLand, Gainesville, Leesburg, Palatka, Orlando, SANFORD, St. Augustine) and dates for games at various locations. Includes sub-sections like 'FOR COVERAGE', 'ON FLORIDA', 'STATE LEAGUE', 'BASEBALL NEWS', and 'FOR THE SEASON'.

EXHIBITION BASEBALL By ASSOCIATED PRESS Yesterday's Results Cleveland (A) vs. New York (N) 1-0; St. Louis (A) vs. San Antonio (S) 1-0; Washington (A) vs. Philadelphia (N) 1-0; Boston (A) vs. Cincinnati (N) 1-0; Brooklyn (N) vs. Atlanta (S) 1-0; Philadelphia (N) vs. Pittsburgh (N) 1-0; St. Louis (A) vs. Houston (A) 1-0; Brooklyn (N) vs. Raleigh (C) 1-0. Tuesday's Schedule Boston (A) vs. Louisville (L); Chicago (A) vs. New Orleans (N); Cleveland (A) vs. New York (N); Detroit (A) vs. Little Rock (L); New York (A) vs. Indianapolis (I); Washington (A) vs. Philadelphia (N); St. Louis (A) vs. Wichita Falls (W); Philadelphia (N) vs. Memphis (M); Pittsburgh (N) vs. Atlanta (S); Chicago (A) vs. St. Louis (N).

BASEBALL HIGH LITES

By ASSOCIATED PRESS MACON, Ga., Apr. 10. — (AP) — Alex Burney, Brooklyn's fireballing right-hander, is returning to school baseball school, that is. Burney, 25, has been promising greatness for several years. But he never quite lived up to expectations. So he's being sent to a special training camp at Vero Beach, to learn fundamentals. Branch Rickey, president of the Dodgers, and George Staller will tutor the six-foot-three 185-pounder.

St. Louis Cards Will Have Tough Starting Pitchers

HOUSTON, Tex., Apr. 10. — (AP) — This St. Louis Cardinal club with its all-around pitching can finish anywhere from first to fourth in the National league. It all depends on how the spring regular starts the go. Manager Eddie Dyer has a hatful of problems in all departments except pitching. If the Red Birds are to challenge Brooklyn for the pennant, its six-deep starting staff must carry the club. No manager in the league can throw better pitchers at you day after day than Dyer. Perhaps a Warren Spahn or a Don Newcombe might outshine any one card. But they have the numbers to overpower you.

Sports Roundup

By HUGH FULLERTON, Jr. AUGUSTA, Ga., Apr. 10. — (AP) — The difference between a good amateur golfer and a good professional is that the professional has a 72-hole score of 283. There's only one score in the 1950 Masters Tournament which might prove that contention — Frank Stranahan's 297 — but it looks like a good figure for the way Coe puts it. Jimmy Demaret, the Masters winner, and Jim Ferrier, the runner-up who blew up, decided their finishes on the Augusta National's 13th hole — "The Death Hole of the Masters."

J. Demaret Takes Masters Tourney With 283 Score

AUGUSTA, Ga., Apr. 10. — (AP) — Jimmy Demaret, the Masters winner, and Jim Ferrier, the runner-up who blew up, decided their finishes on the Augusta National's 13th hole — "The Death Hole of the Masters." Demaret shot a final three under par 60 for a total winning score of 283 strokes. He slipped in the winner instead of Ferrier, who had led for two days and most of the final round. Ferrier, a giant Australian now living in San Francisco, blew to a 70 on the final round for a 286 total. Defending Masters champion Sam Snead was third with 287 and Ben Hogan and Byron Nelson were tied for fourth with 288's.

Sports In Brief

By ASSOCIATED PRESS Golf AUGUSTA, Ga. — Jimmy Demaret won the Masters Golf Tournament for the third time with a 72-hole score of 283. AUGUSTA, Ga. — Fouring professionals and the PGA ended their dispute with an agreement giving the players a greater voice in the running of tournaments. Tennis MONTE CARLO. — Billy Talbert and Jaroslav Drobný gained the final round of the Monte Carlo international tournament. HAMILTON, Bermuda. — Don McNeill and Betty Rosenquest won singles titles in the Coral Beach championships. MIAMI BEACH. — Gardner Mulvey won the Good Neighbor tournament by defeating Tom Brown, 4-1, 2-6, 6-3, 6-2. Racing SAN BRUNO, Calif. — Ponder (\$3.10) won the \$10,000 added Maryland at Tanforan. HAVRE DE GRACE, Md. — Quix Snow (\$6.40) won the \$7,500 added Chesapeake trial in Havre De Grace's opening day. NEW YORK. — Arise (\$10.50) caught Olympia in the stretch to win the \$24,450 Excelsior handicap at Jamaica. Track BIRMINGHAM, Ala. — Jim Fuchs hit the shot 67 feet 1/4 inches in the ton performance of the southern relays. General DETROIT. — The Detroit Red Wings gained the final round of the Stanley Cup hockey playoffs by defeating Toronto in overtime 1-0. SYRACUSE, N. Y. — Syracuse defeated Minnesota 91-85, to tie the best of seven National Basketball Association title series at one game each.

Clubhouse

By FRANK ECK AP Newsfeatures Sports Editor WEST PALM BEACH, Fla. — Connie Mack is 87 and still eager for another American League pennant race to get under way. You can't blame him. This is Old Connie's 50th season, his Golden Jubilee, as manager of the Philadelphia Athletics. He is the only manager of the A's ever had. The Old Man, as his players affectionately call him, was caught here just before his A's broke camp. He was wearing a new white Panama hat and a healthy look. "We expect to win the pennant," he said in a clear sharp tone when queried about his team. "Boston, New York, Cleveland, Detroit and the A's will be in a five-team fight for the American League flag. "Anyone of these five can win it. Remember that. But if the boys feel I do why we can win this thing. This is a big one for me. I'd like to win it very much. (Last we forgot, last year the A's finished fifth, 10 games behind the champion Yankees. The A's beat the Indians 13 times and lost 9 last year for their only advantage over first division clubs.) "Another thing," reminds Connie, "is the fact that Boston beat us 11 straight in Fenway Park. We beat them almost as regularly in Shibe Park, winning 6 out of 11. We're going to rectify that mistake in Boston if it's possible. I just can't figure it out. We used the same pitchers when we could." Mack looks for a lot of additional help from Bob Dillinger, American League base stealing champion and third leading batter, and Bob Hooper, who helped the Buffalo Bisons to the International League title. "Dillinger's speed and hitting will be a big factor. Hooper's speed and hitting will be a big factor. Hooper's speed and hitting will be a big factor. Hooper's speed and hitting will be a big factor."

Ex-Red Editor Is McCarthy's Mystery Man

Louis Budenz Is Ordered to Appear Before Senate Investigating Group

WASHINGTON, Apr. 11. (AP)—Ex-Communist Louis Budenz was subpoenaed today as the "mystery witness" Senator McCarthy wants Senate investigators to hear on his charges against Owen Lattimore.

A Senate foreign relations subcommittee ordered Budenz to appear at a public session next Monday.

The committee is looking into McCarthy's accusations that Lattimore is a Soviet espionage agent. Budenz is former managing editor of the Communist newspaper, The Daily Worker. He renounced Communism and returned to the Catholic church.

Chairman Tydings, (D-Md.) told reporters that Budenz is the "mystery witness" that McCarthy, Wisconsin Republican, contends can wear that Lattimore is or has been a Communist Party member.

Lattimore, Johns Hopkins University professor and some time consultant to the State Department, has denied under oath that he has ever been a Communist. He has called McCarthy an unmitigated liar for making the charge.

Tydings said Lattimore was invited to be present when Budenz testified. After Budenz is heard, Tydings said, Lattimore will be permitted to testify in reply.

Budenz, now a college professor, has a speaking engagement tonight in Highland, Mich.

The decision to subpoena Budenz came at a closed door meeting of the subcommittee with all members present. Chairman Connally (D-Tex.) of the full Foreign Relations Committee also attended.

Lattimore had asked in advance that he be allowed to confront McCarthy "in person." He also asked that his lawyers be permitted to cross-examine the witness.

The committee did not grant the request for cross-examination. Meanwhile in Larchmont, N. Y., importer Alfred Kohler, repeating that he had furnished data to

Seminole County Gets \$23,920 For Teacher's Salaries

TALLAHASSEE, Apr. 11. (AP)—The cabinet today released another \$23,920, earmarked entirely for teachers' salaries, to the county school board as it is until the legislature meets a year from now.

Seminole County's share was \$23,920.

Comptroller C. M. Gray told the cabinet budget commission that the general fund could stand the withdrawal because state agencies had saved more than had been anticipated during the first three quarters of this business and there were some unexpected tax receipts.

School Supt. Thomas D. Bailey, who had proposed that the legislature be called back in special session if necessary to raise money for the schools, said today's release would make a special session unnecessary.

Judge Alexander held Superior Judge Joseph Malloy and Elmer Doyle of Los Angeles domestic relations court. "Miraculous divorce, involving couples who run to another state," revealed, for instance, making up only three per cent of the total, as it really the 97 per cent who divorce at home that worry us.

Judge Alexander said his committee is striving not for a "standard" divorce law, but a good

Playground Equipment Is Being Installed In Fort Mellon Park

Playground equipment that will make the kiddies of Sanford happy was installed today at the Elk Playground in Fort Mellon Park under the direction of Lee Samuels, member of the City Playground Committee.

While the playground has not yet been officially dedicated, youngsters will be allowed to try out the equipment until such time as grass is planted, when it will be topped off for a while, he stated. More than \$1,000 worth of equipment is being provided by the Elk.

The hand operated merry-go-round which will hold 24 children at a time, and which turns easily on roller bearings, will probably be a big attraction. It is of all metal construction and strongly built, and is hand-operated easily by two children.

Two swing units, 8 and 10 feet high, have all steel hangers, chain and strong seat. Ten letter each holding eight youngsters are being installed. All of these units are bolted in concrete as a safety precaution.

The all steel chute with standard on the sliding surface is another big attraction. Pipe hand rails afford protection while climbing the steps and in getting out of the slide.

More city will be added to the basketball court, basket supports of which have already been erected. North of this court will be a volleyball court, netting and supports for which were being erected this morning. Clay courts for playing marbles will be provided.

The 116 legatum plants that make the 160 by 200 foot playground are thriving due to plentiful rainfall. These were planted by the Elk, who have placed two small palm trees at the entrance on First Street. Palms are being placed on the portion of the park between the playground and tennis courts, and around the swimming pool.

City Attorney Rules Against Photo Ordinance

60 Day Extension Is Granted On Option In Rel Air Section

The City ordinance requiring instant photographers to post bond of \$1,000 before engaging in business cannot be enforced due to recent action by the State Supreme Court on a similar ordinance in another Florida city, A. Edwin Shinn, city attorney, told the City Commission last night.

He pointed out, however, that such photographers must observe the ordinance requiring a health card such as that which applies to magazine solicitors. City Manager McKibbin stated this morning.

No license can be charged to these photographers by the City of Sanford due to the fact that the product is a part of interstate commerce. Mr. McKibbin declared the instant photographer, however, must have a health card and a permit based on its possession.

A 60 day extension in an option to the Bel Air Subdivision at Melville Avenue and Twentieth Street was granted by the Commission to Cecil R. Oiler of Illinois. The option on the 50 lots was due to expire April 15.

John Gray, whose 120-day option on the lakefront property now occupied by the softball diamond has 76 days to go before expiring, asked for an extension of his option. The City declined to renew the option until it nears the end of the period granted. Mr. Gray is seeking an FHA loan for an apartment building project.

The Commission decided to permit the area between Second St. and Seminole Boulevard, Mellonville and San Carlos Avenue. Some of this land has been sold, other portions are still owned by the City.

It was decided to defer further engineering work for better irrigation in Goldhorn until the Soil Conservation Service completes a survey of the area, said Mr. McKibbin.

The Commissioners expressed appreciation to the Civic Improvement Council for its suggestion that the City employ a consultant for parks and public building improvements, and advised that when the need arises for additions to Sanford's ornamental park system they will consider the employment of a competent landscape artist.

It was pointed out by the Commission that the present trend is to utilize City owned parks for recreational purposes.

West Coast Judge Formulates Plan For American Divorces

LOS ANGELES, Apr. 11. (AP)—A new model plan for filing marriages, something besides divorce, is an absolute "must" in the United States and a committee of the American Bar Association is formulating the plan.

Judge Paul W. Alexander of the court of common pleas, Toledo, Ohio, who heads the Bar Association's special committee, said in an interview today that legislators have been trying since 1904 to get uniform divorce laws by constitutional amendments.

"But it just isn't in the cards," Judge Alexander held. Superior Judge Joseph Malloy and Elmer Doyle of Los Angeles domestic relations court. "Miraculous divorce, involving couples who run to another state," revealed, for instance, making up only three per cent of the total, as it really the 97 per cent who divorce at home that worry us.

Judge Alexander said his committee is striving not for a "standard" divorce law, but a good

Rep. Smathers 4 Youths Die On Life Raft

Speaks At New Smyrna Beach

Candidate Declares He Believes In Collective Bargaining, Organized Labor

NEW SMYRNA BEACH, Apr. 11. (AP)—Rep. George Smathers told a political audience here today "I believe in organized labor. I believe in collective bargaining."

The Miamian was speaking the Senate seat held by Claude Pepper said "the laboring man is my friend. Do you suppose these people in the last fourth congressional district would have been satisfied with my representation of them in Congress if I had been anti-labor? Of course not."

Reading from the congressional record, Smathers said "the record shows that George Smathers voted for increasing the minimum wage to 75 cents an hour and for extending social security. These two laws alone are basic, real, honorable gains made by organized labor and the record shows that George Smathers was on your side when the chips were down," he said.

Smathers described Pepper's "remarkable record for you and your men on the Florida East Coast Railroad. A record of workable that if he had had his way some 100 of you would have had your security, your wage, your increase benefits, and a vast majority of you your jobs. Don't you think my opponent was looking out for the little man?"

He said he referred to Pepper's fight for the Atlantic Coast Line Railroad to absorb and operate the FEC.

Smathers continued his bitter denunciation of FEC legislation pending in Congress saying it is "designed to destroy the harmonious racial relations we enjoy in the South" and read a quotation which he said Pepper made at the University of Florida, an incident (Continued on Page 2)

James M. Carson Former Herald Attorney, Dies

MIAMI, Apr. 11. (AP)—James M. Carson, Miami attorney, and 1928 candidate for governor, died at his home here yesterday morning. He was one of Florida's best known lawyers and represented the Sanford Herald in a libel suit in 1929.

Mr. Carson, who was widely known as author of a number of legal treatises, as well as a distinguished trial lawyer, was born at Dismouth on Dec. 16, 1882. He was the son of Charles A. Carson and Annie Bryan Carson. He received his Bachelor of Arts degree from Stetson University and his Bachelor of Laws degree in 1910 from Washington and Lee University.

After graduating from law school, Mr. Carson went to Jacksonville and entered the practice of law with his uncle, Nathan P. Ryan, who later became United States Senator from Florida and still later Justice of the United States Circuit Court of Appeals.

After engaging in the practice of law under the firm name of Ryan and Carson for several years, he moved to Miami about 1914. He was a member of the law firm, Carson, Pettway and Rumbler of that city.

Funeral services were held at 4 P. M. today at the Combs Funeral Home in Miami following which the body will be taken to Kissimmee, where committal services will be held at 2:30 P. M. tomorrow afternoon at the graveside in Rose Hill Cemetery.

Service Awards Won By A C L Employees

Service emblems were recently presented to three employees of the Atlantic Coast Line who had served the railroad for 25 years. L. M. Cornell, general foreman, announced today.

Receiving emblems were: J. F. Denoff, car repairer, who entered ACL service on Dec. 4, 1914; Virgil Metts, car repairer, who started his service, Nov. 4, 1914 and J. J. Petras, who has worked for the line since Feb. 14, 1924.

Quick Thinking Saves Truck From Fire

Quick thinking and action on the part of the driver of a large Gulf gasoline truck averted this morning what might have been a serious explosion and blaze when fire of undetermined origin broke out in the rear of the truck as gasoline was being emptied from it into an underground reservoir at the Gulf Station at Thirteenth Street and Park Avenue.

U. S. Boyd, the colored driver, put out most of the blaze by quickly using a CO-2 fire extinguisher. Employees of the filling station, including Wayne Garwood, Jr., helped push the truck down the incline into the street, and drenched the remainder of the fire on the sidewalk with water from a hose.

Fire Chief M. N. Cleveland said that when the Fire Department arrived, the fire was out. He highly commended Boyd and the station employees for taking the right action to avert a catastrophe.

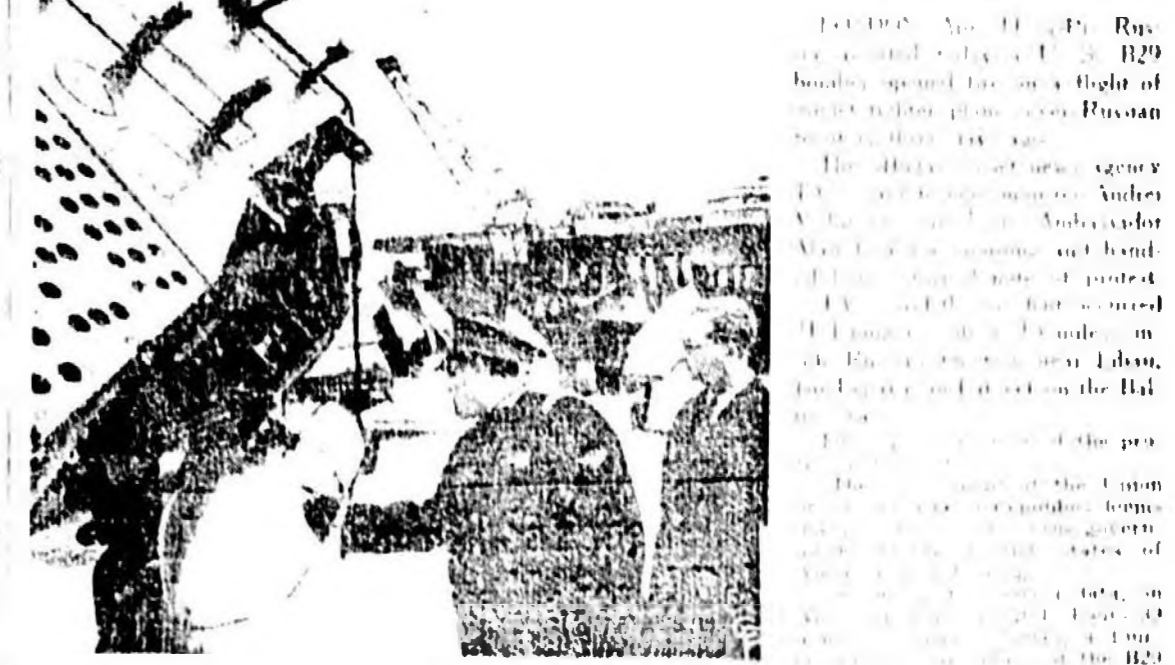

Quick Thinking Saves Truck From Fire

Quick thinking and action on the part of the driver of a large Gulf gasoline truck averted this morning what might have been a serious explosion and blaze when fire of undetermined origin broke out in the rear of the truck as gasoline was being emptied from it into an underground reservoir at the Gulf Station at Thirteenth Street and Park Avenue.

Russia Says U. S. Plane Fired On Red Fighters

Examine U. S. Plane At Times

U. S. COMBAT PLANE. The new fighter plane, a P-40, is being examined by Soviet officials. The plane is a single-engine, single-seat, high-wing aircraft with a retractable landing gear. It is shown from a side profile, highlighting its sleek design and the placement of the engine and wing.

Italian Reds To Bolivia Outlaws

Protest Arrival Soviet Party As Of US Arms Ship National Menace

ROME, Italy, Apr. 11. (AP)—The Italian news agency UPI reported today that the Soviet American arms and the Italian ship arrived in this port tonight. The ship had not been reported until today.

UPI reported that the ship was carrying arms and other supplies for the Italian Communist Party. The ship is named the 'Spartaco' and is owned by the Italian Communist Party.

Lawton Is Honored By Dedication Of Room At Hospital

E. W. Lawton, superintendent of the hospital, and one of the founders of the hospital, was honored by the dedication of a room at the hospital.

The room is named the 'Lawton Room' and is dedicated to the memory of E. W. Lawton. The room is located in the hospital building and is used for the storage of medical supplies.

Johnson Installed As V F W Leader

C. W. 'Pat' Johnson was installed last night as commander of Post 3292, the Veterans of Foreign Wars, Post 3292, in Sanford.

The installation ceremony was held at the hotel and was attended by a large number of guests. Johnson was elected to the position of commander by a vote of the members of the post.

Two Automobiles Damaged In Wreck

Two automobiles were damaged in a wreck last night on the highway between Sanford and Lake Wales.

The wreck occurred at about 10:30 p.m. and was caused by a collision between the two automobiles. The driver of one of the automobiles was injured and taken to the hospital.

People In 1870 Weren't Satisfied With Penny-Ante National Debt

WASHINGTON, Apr. 11. (AP)—Ah, but it was great to be alive in 1840.

That was the year the national debt almost froze out, and became mere 21 cents per capita. Compare this with the present, when it has skyrocketed to \$1,698.06, and you'll see how times have changed.

This fiscal intelligence comes to us today from a booklet put out by the Senate committee on executive expenditures. The title of the booklet: "Increased Cost of the Federal Government."

It contains a lot of interesting figures. Such as the fact that not until the Civil War did the per capita debt amount to much. In 1865 it climbed to \$78.01. Then it dropped down to around \$12 to \$16 per each and stayed there to World War I.

This set us off, and we've never been the same since. It went up to \$242.52, in 1919; dwindled to \$151.51, in 1920; and then began creeping up again.

THE WEATHER

Partly cloudy through Wednesday with a few light showers in extreme north portion late this afternoon or tonight.

State Department Declares It Has No Knowledge Of Red Claimed Incident

WASHINGTON, Apr. 11. (AP)—The State Department today said it has no knowledge of a flight of a Soviet bomber plane over Russian territory.

The State Department said it has no knowledge of the flight of a Soviet bomber plane over Russian territory. The plane was reported to have been shot down by American fighters.

The State Department said it has no knowledge of the flight of a Soviet bomber plane over Russian territory. The plane was reported to have been shot down by American fighters.
