**Board Voices Hope
Court To Postpone
Little Rock Mixing**

WASHINGTON (UPI)—Little Rock School Board members today voiced revived belief the Supreme Court may uphold their fight to postpone integration at Central High School.

However, government attorneys said the high court's scheduling of a full hearing on the case Sept. 11 was merely giving the school board "due process" of law. They predicted the court would order immediate integration.

U. S. Solicitor General J. Lee Rankin called inconceivable the idea the court would uphold an order by Federal Judge Harry Lamy that would delay integration at Central High for 2 1/2 years.

MAKE PLANS FOR YEAR—The Seminole Boosters Club held its first meeting of the year last night at the high school. Making plans for the year are, left to right, Buddy Lake, secretary-treasurer; Pete Schirard, president, and Louis Markham, vice president. (Photo by Bergstrom)

**Norfolk Will Admit
Negroes To Schools**

By LON K. SAVAGE
United Press International
NORFOLK, Va. (UPI)—The Norfolk School Board announced today it will admit 17 Negroes to six white schools Sept. 8.

The decision was reached despite a state law that would require that any integrated public school be closed immediately.

The school board advised Federal Judge Walter E. Hoffman that it would comply with court orders to start integration in schools here.

Charlotteville and Abington are other Virginia cities faced with similar orders. Charlottesville has postponed the opening of schools for two weeks.

Enrollment of Negroes apparently will close all those of Norfolk's high schools and three of its junior high schools. Total enrollment in the six schools is more than 10,000 students.

It is the first time in Virginia history that a school board has approved the mixing of races in public schools.

How to Order
School Board Chairman Paul G. Schweitzer read the school board's seven-page report before a packed courtroom.

Schweitzer said the school board decision was "in compliance" with the instructions of Judge Hoffman to the board last Monday. Hoffman had ordered the board to reconsider its Aug. 18 rejection of 151 Negro applications for white schools.

Hoffman made it clear, however, that if the U. S. Supreme Court reverses the 8th Circuit court of Appeals in the Little Rock school case, he will permit "reconsideration" of the Norfolk board's decision.

However, Hoffman said, "I presently have no intention of recommending reconsideration until I get the word from higher authority on the subject."

Hoffman also said that if the Supreme Court reverses the lower court ruling and sends a case to the Little Rock case, "I would by my action, completely and actively... destroy the effective compliance of those in the Board of Education (on the May 17, 1954 Supreme Court decision)."

**Officials Caution
Local Motorists**

Sanford and Seminole County officials today sounded a note of warning to motorists as the official start of the long Labor Day holiday drew near.

The National Safety Council has predicted that about 420 persons will be killed in traffic between Sept. 1 and 8, a 100 per cent increase over the number of deaths which occurred in Florida.

Labor Day, the last holiday of summer, will be a day of test for most residents of Seminole County. With the exception of a few drug stores and eating establishments, retail businesses will be closed.

All banks and government offices will observe the official holiday.

To remain open, and at full force, are the police department, sheriff's office, fire department and highway patrol office. For employees of these departments, this will be no holiday.

Streets and highways in the county will be patrolled throughout the long weekend in an effort to keep Seminole death-free during the holiday. Officials also urged caution around the water. Law enforcement agencies are expected to check for boaters, divers, and lakes for fishing, picnics and other types of family outings.

All U. S. state roads and city streets will be closed Monday. Many of these streets will close today. They will reopen on schedule Tuesday.

No planned celebration is scheduled in Sanford or Seminole County on Labor Day.

This will be the last opportunity for many families to get together, except on weekends, for almost three months. Schools in Seminole County open Tuesday morning.

**Atlas Hits Target
In Canaveral Test**

CAPE CANAVERAL, Fla. (UPI)—The intercontinental Atlas that shot "right down the rifle barrel" of the Air Force another step ahead today in development of the missile which is scheduled for a full, 5,500-mile flight soon.

A spokesman for the firm which makes the Atlas guidance system said 30 minutes after the 50-foot missile roared off late Thursday night the flight was "a giant stride forward" in the nation's ICBM program.

The Atlas was the third equipped with all three of its engines, which ultimately will enable it to travel up to 6,000 miles and drop a hydrogen warhead on an enemy target.

The spokesman said the Atlas blasted "right down the rifle barrel" onto the bullseye — a predetermined target position in the South Atlantic.

It was learned that unless a major hitch develops in further short-range tests, an Atlas will be launched on a 5,500-mile flight late in September or early in October.

10,000th Telephone Installed Here

The first 10,000 were the toughest. This will be the feeling of Southern Bell Telephone Co. in Sanford.

It required more than 50 years for the Sanford exchange to get 10,000 telephones, but engineers have predicted that the next 10,000 will be installed in the next six years.

When Southern Bell purchased the local telephone exchange on May 1, 1915, there were 425 telephones in use. Sanford had a population of 5,010 at that time. Two years after the exchange was bought by Southern Bell, an exchange was opened in Geneva. Shortly, another was opened in Divido.

Southern Bell officials are optimistic about the future growth of Sanford and Seminole County. The Sanford exchange now serves 31,000 persons, Oviedo 2,200 and Geneva 100.

Bob Sheddin, manager of the local exchange, said that when the first 10,000 were installed, the population of this area will be more than 60,000.

His optimism is shared by city and county officials. All who have been questioned about the future of Sanford and Seminole County have answered with what amounts to the same thing: "This area is going to grow rapidly in the next five to 10 years."

Records do not show when the first telephone was installed in Sanford. Of the 10,000 in the exchange, about 100 are in Geneva, some 300 in Oviedo and the remainder in Sanford.

The exchange was doubled in the past five years. It was in May, 1955, that the 5,000th telephone was installed.

Sheddin, in commenting on the progress of his company, said: "We are convinced that Sanford and Seminole County will in the not too distant future, be heavily populated. We are growing, and will continue to grow. Our company is making plans to keep step with this progress."

**Taipei Being Evacuated;
Bombardment Continues**

**U. S. Pilots Get
Orders To Pursue
Attacking Planes**

WASHINGTON (UPI)—Authoritative sources reported today that U. S. Pacific forces have given their jet pilots permission to pursue any attacking Red planes across most of Formosa Strait.

The sources told United Press International the Pacific Command has relaxed the "hot pursuit" boundary line that in the past made part of the embattled strait a haven for Red Chinese jets.

The report came as the State Department warned the Reds that it would be folly for them to carry out their new threat to invade the Nationalist-held offshore islands of Quemoy and Matsu.

The former "hot pursuit" boundary line generally followed the Red-held mainland at distances ranging from 25 to 30 miles from shore.

It was understood the new pursuit line order would not extend to the mainland itself, but details were not revealed.

The State Department statement, released late Thursday, did not say whether the United States would fight to defend Quemoy or other islands near the Chinese mainland.

But it renewed Secretary of State John Foster Dulles' warning of "highly hazardous" for Red China to assume that an attempt to conquer the offshore islands could be a limited operation.

The statement was a reply to a broadcast by the commander of Communist Chinese military forces in Fokien province along the Formosa straits who called on the Nationalist garrison on Quemoy to surrender.

LCDR Gerald Roberts... Leads local pilots

**Officers Probing
Death Of Patient
Of 'Hoax' Doctor**

CHICAGO (UPI)—Police disclosed today they were investigating the death Aug. 6 of Miss Lucy Murphy, 70, one of the 100 or more patients allegedly treated by fake doctor Peter J. Frank.

Frank was exposed earlier this week when a private nurse became suspicious of a lethal procedure he wrote for an elderly hoax patient.

Police said he admitted a two-month long hoax during which he posed as a physician. He had served three years in prison for similar activity and was released five months ago.

Miss Murphy became ill the night of Aug. 7 and her family called their regular doctor. When he could not be located a telephone answering service switched the call to Frank, who was posing as Dr. Edwin Fuller.

Relatives told police Frank administered epinephrine, the same drug which led to his arrest. Miss Murphy died a short time later.

Police said the woman's regular doctor signed the death certificate attributing death to "cerebral embolism."

**Longwood Forms
Citizens League;
Rogero President**

LONGWOOD (UPI)—The Citizens League, a group interested in good government, has been organized in Longwood.

Joseph Rogero was elected president; Allen Lorman, vice president; George Davis, secretary; and Byron Eldridge, treasurer.

William F. Luke and Arthur Homan were elected to head the membership committee. Mrs. Maurice Hudolph will be librarian and Ruth M. Hamilton publicity chair, man.

The fundamental aims of the League are: "to interest citizens in local, county and state government; for those who have no self-interest to protect, but are eager to better their communities; for those who wish to be well informed on governmental affairs; an organization dedicated to aid qualified candidates and to injure no one."

At present there are 30 members.

**Schedules Changed
At Civic Center**

Taking effect Monday is a new schedule for the youth wing of the civic center.

The wing will be open from 7 to 10 p.m. on Monday and Tuesday nights; 7:30 to 10:30 on Wednesday, Thursday, and Friday nights; and 7:30 to 11 p.m. on Saturday nights.

Monday and Friday nights will remain strictly junior high nights. Wednesday and Thursday will be for young adults, out of high school, married or single. Tuesday and Saturday are for senior high and college students only.

A Saturday night record hop featuring dancing on the patio is a weekly event.

Family Gives Up

TALLADEGA, Ala. (UPI)—Calvin Tuck, his wife and six children have moved out of their log home. It caught fire 22 times in two days.

"It's really a mystery," Fire Chief S. H. Joiner said Thursday. "If it's not a chemical reaction or spontaneous combustion, then I don't know what it could be."

**Sanford's Colors
Head For Strait**

The colors of the Sanford Navy base today are steaming from the Mediterranean toward the troubled Pacific and embattled Formosa Strait.

Carrying the colors of the local base are pilots from Sanford, currently assigned to the Sixth Fleet. Sanford-based pilots soon will be home attached to the Seventh Fleet, standing by in the Pacific as the Chinese Communists continue to pound away at Quemoy and other off-shore islands near the China coast.

In charge of the local group which is moving from the strait to the Far East is Lt. Col. Gerald M. Roberts, commander of Heavy Attack Squadron Seven's Detachment 43, which is aboard the Carrier Essex.

The Sanford group is expected to arrive in the Formosa Strait in about two weeks. This group was the first on the scene in the recent deployment of the coast of Lebanon when the Mid-East crisis reached its peak.

Although it will require about two weeks to make the trip from one troubled area to the other, local pilots will not be idle. Much of their time will be utilized in "homing up" on the area into which they are headed. Maintenance crews will be busy checking engines and giving planes a thorough "going over."

The planes, AJ Savages, were used extensively for reconnaissance in the Mid-East in recent weeks. This versatile aircraft can be refueled in mid-air and is ideal for all-weather bombing.

This could be a case of "out of the frying pan and into the fire" for the Sanford group. With a new area, different set of circumstances and uncertainty of the situation, local personnel will use the two weeks to get ready for the unexpected.

**Invasion Expected
After 'Softening'
Of Island Defense**

By AL KAPP
United Press International
TAIPEI, Formosa (UPI)—The Communists opened a "very ferocious" pre-invasion bombardment of the Quemoy islands last night and the Nationalists began evacuating government offices from Taipei as a precaution against air raids.

The Red Central News Agency and the Military Information Service, both official agencies, predicted extremely heavy shelling of Taitan in the Quemoy islands for three to five days, followed by an invasion attempt.

Almost immediately the Defense Ministry said Communist artillery opened a "very ferocious" bombardment of Big Quemoy Island that overshadowed a 7,100-round bombardment of Taitan and nearby Erhlan earlier in the day. The two islands control the entrance to the Communist port of Amoy.

Later, the ministry announced that Red shore batteries fired an additional 1,810 high explosive shells into Big Quemoy in the two hours from 3:25 p.m. to 7:25 p.m. tonight.

Warns of Crisis
Premier Chen Cheng called on the nation today to "prepare for any crisis" including the bombing of Taipei.

A typhoon howling out of the Pacific pushed rainstorms into the Formosa Strait today and sent cloud blankets over the Quemoy and Matsu islands, reducing observation of Communist activities—and hampering possible Red troop movements by sea.

The Nationalists clamped a five-hour curfew on the major cities of Formosa during the night and police and soldiers carried out a house-by-house search for Communist agents. For security reasons there was no announcement of the number arrested.

Communist shore batteries bombarded the Quemoy islands for the seventh straight day while Peiping Radio broadcast surrender demands around the clock to the Nationalist garrisons on Quemoy and on Matsu, 120 miles to the north.

A warning to the Communists was voiced in Seoul, Korea, by U. S. Army Secretary Wilber M. Bueker who advised Russia and Communist China to heed the warnings of U. S. government leaders against carrying out aggressive action in the Formosa Strait.

**Odham Announces
For Holland, Sees
Pepper At Airport**

ORLANDO (UPI)—Claude D. Pepper and J. Bailey Odham, two-time gubernatorial candidates who Thursday announced his support of Sen. Spessard L. Holland, had a surprise meeting at the Orlando Airport today.

The two greeted each other cordially and shook hands, and Pepper said he had no hard feelings for his old friend who was supporting his opponent.

Odham, en route to campaign in Miami with Holland, said he pledged his support to the senior senator before Pepper announced his candidacy. He quickly added, "I'm not listed among the Pepper backers."

But he said one reason he favored Holland was that he felt the incumbent could work better with Sen. George Smathers than could Pepper. He said it is important "to preserve that effective team" in Congress.

Odham added he would not take part in any of the "low tactics" which Pepper has accused some Holland backers of using.

Earlier today, Pepper told reporters he felt "great regret" to hear that Odham had thrown his support to Holland.

"Somehow, I just can't imagine Mr. Odham being in that kind of company and being happy about it," Pepper said. "I know he doesn't approve of the tactics being pursued by my opponent and won't be a part of those tactics."

He added that Odham's stand "doesn't disturb me a bit in the world, although I'd like mighty well to have him on our side. He's in strange company."

**Soviet Union Says
Two Dogs Returned
From Outer Space**

LONDON (UPI)—Soviet Russia claimed today to have brought two dogs safely back to earth from a super-stratosphere rocket.

A Moscow radio broadcast said the animals were rocketed to a height of about 280 miles on Aug. 27.

The Soviet broadcast claimed the one-stage rocket landed "in a precisely allocated sector."

The rocket was launched "in accordance with the International Geophysical Year program," Moscow radio said.

It said that apparatus for the study of the upper layers of the atmosphere also was installed in the rocket.

The Soviets have previously reported recovering rocketed dogs in preparation for the dog-carrying Sputnik.

Social Security Pay, Tax To Climb

WASHINGTON (UPI)—President Eisenhower signed into law today a bill boosting social security benefits 7 per cent and increasing taxes on workers and employers by more than one billion dollars a year.

The new law directly affects the pocketbooks of nearly 90 million persons.

The President, in a formal statement, described the act as "a significant forward step."

Social security checks will be fatter, starting in February, for the 12 million persons on the benefit rolls. For most of them the increases will run about 7 per cent, averaging \$4.75 a month for retired workers.

Starting Jan. 1, higher social security taxes will be levied on the 35 million full and part-time employees and self-employed persons covered by the program.

In addition to reducing workers' take-home pay, the new law boosts payroll taxes for employers. They must match the amount contributed by their employees into the social security fund.

The President criticized a provision which increases by an estimated 197 million dollars a year federal grants for state-operated relief rolls. He said this "can lead only to the weakening of the responsibility of the states and communities."

The new tax rate on employees will be 2 1/2 per cent on the first \$4,800 in annual earnings. The tax now is 3 per cent on the first \$4,200. Self-employed persons will have to pay 3 3/4 per cent on the first \$4,800 instead of 3 3/8 on the first \$4,200.

This means employees earning \$4,800 or more will pay \$120 in social security taxes next year, an increase of \$22.50. The maximum tax on self-employed persons will be raised to \$150, an increase of \$32.50.

As for the benefit increases, no retired worker or lone surviving widow who went on the rolls at age 65 or older will get an increase of less than \$3 a month.

T. & E. 10,000TH TELEPHONE WAS INSTALLED recently in Sanford by Southern Bell Telephone Co. in the home of Richard Leo Williams, 1407 Wynnewood Drive. The pictures show steps in installing a telephone. (Left to right) Mrs.

Florence Jowers takes the application from Mrs. Williams, after which Mrs. Gloria Reed transmits the order to the plant department. After receiving the order, Ray Jowers assigns facilities for the Williams' phone. John Green checks

the order before leaving to make the installation. Upon arriving at the home he is welcomed by Mrs. Williams. Glenn McKendree makes the connection at the plant and Green finishes the installation. The installation completed. Mrs. Alva

Conway places a strip in the file for the operators. Ed Mayer and Bob Sheedden look on as Mrs. Williams makes the first call on her telephone. (Staff and Bergstrom Photos)

Board Loses Right To Assign Pupils

CHARLOTTESVILLE, Va. (UPI) — The Charlottesville School Board, faced with a federal court order to desegregate when schools open here next Tuesday, was enjoined yesterday from assigning any students to schools.

Corporation Court Judge George M. Coles granted an injunction requested by segregation leader Lewis F. Pendleton. The injunction is effective until Oct. 15.

After a one-hour hearing Coles held the assignment of students by the city board was in violation of Virginia's pupil placement law, which gives responsibility to a state board. His joining the Norfolk School Board's appeal, said after the hearing the board will proceed as planned with processing the applications of 27 Negro children for white schools, and will forward the information to U. S. District Judge John Paul, who ordered the city to desegregate.

Battle said the applications probably would not be ready for forwarding this week, however. This raised the possibility that Charlottesville schools would open Tuesday on a segregated basis.

Mr. Petersen Dies At Rest Home Here

Waldemar (Pete) Petersen, 83, died Aug. 20 at the Sargata Rest Home following a lingering illness.

Mr. Petersen had been at Sargata for the past two years, formerly residing at 618 Park Ave., at the J. C. Jorgensen home. Born in Cleveland, O., he was a retired postal inspector.

He is survived by a son, W. R. Petersen, of Milwaukee, Wis. Remains were sent to Milwaukee for services and interment. Bruno Funeral Home was in charge.

County Gets Ready For Race Trouble Bar Asks Removal Of Partisanship

ARLINGTON, Va. (UPI) — Arlington County today unveiled an emergency fleet of 23 radio-directed cars and trucks, mobilized in case extra vehicles are needed next Thursday when integration-ordered public schools open here.

The vehicles, borrowed from the county highway, sanitation, survey and water departments, staged a full dress rehearsal, including a test of their radio connections with police headquarters.

County Manager A.T. Lundberg said the extra vehicles were pressed into service because the county realized its regular police fleet of 40 cars, 23 motorcycles and one paddy wagon might not

be enough to handle possible trouble at widely separated schools.

Lundberg said the vehicles, to be driven by unarmed civilians, would be directed through a radio hookup with a special transmitter and dispatcher in police headquarters.

The police department announced last week it was putting its 171 men through a refresher course in quelling civil disturbances.

Double Or Nothing
BALTIMORE (UPI) — The Indians and Orioles played a double-or-nothing Wednesday night. Eight doubles were hit in the game won by Cleveland, 8-3.

Los Angeles (UPI) — A resolution approved by the American Bar Assn. today called for removal of appointment of federal judges from politics.

As approved, the proposal called for appointment of federal judges by the President according to qualifications and not because of political alignment.

"Suggestions for nominations should originate in an independent commission established as an agency of the President, to advise with the President on appointments, and to receive from outside sources and from all segments of the organized bar suggestions of names of persons deemed highly qualified for appointment as judges in their respective jurisdictions," the resolution stated.

"To avoid any suggestion of partisanship and to make the courts truly nonpartisan or bipartisan, it is desirable that there would be some recognition of a general principle that a substantial percentage of the members of any federal court should be from the ranks of a party other than that of the President who is to make the particular appointment."

Texas Replaces Shea
FOREST HILLS, N. Y. (UPI) — Hugh Sweeney of Houston, Tex., has replaced Gil Shea of Los Angeles in the U. S. singles championships. Shea, a former ranked tennis player in the nation, wired officials he is "unable to compete" in the tournament which begins Friday at Forest Hills.

Phils Sign Slugger
PHILADELPHIA (UPI) — The Philadelphia Phillies have signed Ellwood (Buddy) Comegys of Beverly, N. J., to a Barkerfield, Calif., contract. Comegys, an outfielder, batted .438 in the Philadelphia Suburban League in 1957.

PHONEY DOC NABBED — Peter J. Frank, 41, doctor in photo from file) was held by Chicago police after his admission that he posed as a physician for two months, treating more than 100 persons. Describing himself as a "pathological liar, but a good one," Frank was nabbed after prescribing a lethal dose of a drug to a cardiac patient. Police said the drug would have killed the patient had she taken it. Frank said he picked up a "mattering" of medical knowledge while working in a Chicago jail during a lull in his time as a surgical aid in the Army during the war. (UPI Teletype)

Governor Favors Abolishing Camps

TALLAHASSEE (UPI) — Gov. LeRoy Collins said today that state road camps should be abolished, but it will not be possible in the immediate years ahead.

"I do not subscribe to the use of prison labor for road building," Collins told his news conference. But he said there are not now sufficient prisoners in take care of these convicts so the camps must be kept.

Eventually, he said, it is hoped their supervision can be shifted from the Road Department to the state prison division.

"The present lack of facilities for utilization of prisoners other than on the roads makes it imperative to continue the camps for the immediate years ahead," he said.

Collins praised Prison Director H. O. Culver who, he said, during less than two years on the job has almost revamped the prison system.

But he said Florida was so far behind when Culver took over that it will take a tremendous effort to get the program up to par.

Underground Work
TALLAHASSEE (UPI) — Workmen have tunneled underground beneath the Central Biological Sciences Building at Florida State University to provide laboratory space where experiments on radiation-induced genetic damage will be conducted.

To Coach Freshmen
CLEMSON, S. C. (UPI) — Bobby Roberts, former Furman University athlete, today was named freshman basketball coach at Clemson and will take over his new duties Sept. 1.

These Are Judges Of Supreme Court

WASHINGTON (UPI) — The nine Black robed U. S. Supreme Court justices who heard arguments in the Little Rock school integration case yesterday.

Earl Warren, 67, chief justice of the United States, served a record ten years, 1953, as governor of California. Nominated chief justice by President Eisenhower in 1953.

Justice Black, 72, former U. S. senator from Michigan. He was the number one high court Justice before being nominated as a justice by President Franklin D. Roosevelt in 1937.

Felix Frankfurter, 75, born in Austria and brought to America as a child. Famous law professor and author of legal books before his nomination by President Roosevelt in 1939.

William O. Douglas, 59, from Washington state. Former law professor and federal official nominated by President Roosevelt in 1939.

Harold H. Burton, 70, one-time mayor of Cleveland and U. S. senator from Ohio, nominated by President Truman in 1948.

Tom C. Clark, 58, Texas who was U. S. attorney general before Truman named him to court in 1949.

John M. Harlan, 60, former New York City lawyer and member of U. S. Circuit Court of Appeals, nominated by Eisenhower in 1955.

William J. Brennan, 55, 22 years on New Jersey Supreme Court before appointment by Eisenhower in 1956.

Charles E. Whittaker, 57, U. S. district judge in Missouri and member of U. S. Circuit Court of Appeals before high court nomination by Eisenhower in 1957.

Iowa is the nation's leading popcorn producer. Last year, it produced 57,530,000 pounds of popcorn.

Committee Asked If State Needs Water Speed Law

TALLAHASSEE (UPI) — Gov. LeRoy Collins asked an advisory committee headed here today to determine if the state needs laws to prevent reckless driving in Florida waterways.

Collins told the committee that if water traffic safety regulations are needed, it should draft a program for the 1959 Legislature.

He also gave it the job of developing a program for boat ramps and access roads to make the state's streams, lakes and coastal more accessible to the public for recreation.

William H. Dial, Orlando, is chairman of the new committee on water access and water traffic safety under selection by Collins.

The 10-man committee today elected Dr. H. R. Wilbur of DeLand, president of the Florida Wildlife Federation, as vice chairman.

Funds Law Needs Tightening, Says Florida Governor

TALLAHASSEE (UPI) — Gov. LeRoy Collins said today that Florida's law controlling expenditures on political campaigns is better than most states but should be tightened.

Collins said he heartily agrees with Mrs. Gen. Richard Erwin's ruling Wednesday that independent citizens committees can not legally spend money for a candidate without authorization from the candidate.

Teachers Reelect Union President

MILWAUKEE, Wis. (UPI) — Carl J. Megel of Chicago has been reelected president of the American Federation of Teachers by a margin of better than 2-1 over a Negro physical education teacher from Gary, Ind.

Megel beat William P. Swan, 330 to 330, at the federation's convention here Wednesday night.

The Chicagoan has served six years as head of the teachers union. Swan was nominated in response to the wave of criticism over Megel's failure to oust southern teachers' groups for failure to integrate with Negro locals.

The first scheduled airline flight in the world was made between Tampa and St. Petersburg, Fla., on Jan. 1, 1914.

If there is any doubt that the ruling is correct, he said, the next Legislature should revise the law in close this "loophole."

Commissioners Tell Their Reasons For Release Of County's Engineer

Three members of the Seminole County Board of Commissioners yesterday revealed their reasons for voting to dismiss a former county engineer.

The firing of Hoag earlier this month was the Commission, 3-2. This action also appears to have become an issue in the upcoming primary election. It was expected that it would become an issue. Hoag and members of the Commission at the meeting that he planned to tell his story to the voters. At that time, he charged that he "still had no answer to his question as to why he was fired."

Commissioners voting 'yes' on a motion to terminate Hoag's services yesterday cited five reasons for this vote. For the most part, the reasons given by the Commissioners involved lack of cooperation with the Commission.

Commissioners B. C. Dodd, F. A. Dyson and Homer Little said in a joint statement, in effect, that good roads are important, but that maintaining harmony also is important. The officials further felt that the "best interests of the people of the county must be served" by the dismissal of Hoag.

The statement said the firing was not a result of any spite or malice. They said further that informal discussions had been held for several weeks prior to his firing. These discussions involved Hoag's work as county engineer. Hoag said at the last meeting that he knew nothing of his release until he read it in a newspaper article.

The three Commissioners challenged

'Push And Treat' Invalid

A circuit judge has declared unconstitutional the compensation limits of the state Plant Board's "push and treat" program for eradicating the citrus disease spreading decline.

The law which Judge H. Gunter Stephenson overturned was enacted by the Legislature and limited to \$1,000 per acre the compensation allowed for destruction of healthy citrus trees near trees which are diseased.

The program is designed to kill the burrowing nematode, which attacks citrus tree roots and virtually halts fruit production. Under the program, the only known method of eradicating the dangerous disease, infected trees were ripped up, along with a fringe of healthy trees which could have incipient infections.

Until now, citrus producers had little recourse. They might complain that \$1,000 per acre was not a fair price. Complaints, no matter how loud, were answered with the filing of the compensation limit law. Now, grove owners will be able to obtain full compensation, if Judge Stephenson's ruling is upheld.

Navy Develops Spectacular Missile

By CHARLES CORDRY

United Press International

WASHINGTON (UPI) — The Navy today announced development of an "underwater guided missile" to be fired from submarines and steered by an attached thread-like wire.

It was the third major development announced by the Defense Department in 24 hours designed to increase the nation's watery posture.

The new underwater weapon, the Navy said, can strike its target despite enemy acoustic countermeasures. As the torpedo moves through the water, the wire is played out from the launching vessel and "wire guidance enables the torpedo to follow the target until the bill is made."

The Navy declined to disclose range of its new weapon, designated the Mark 36.

Test New Rocket
A Defense Department statement Wednesday night revealed the Army has tested a rocket motor with such huge power it could burst "an air defense missile to a very high altitude almost instantly."

While the official announcement did not say so, the rocket booster was known to have been tested in

connection with the Army Nike-Zeus program for developing a defense against intercontinental ballistic missiles.

The Defense Department statement said the Army "successfully test fired" the rocket motor at Redstone Arsenal, Huntsville, Ala. Wednesday night. It was tested while bolted down to a test stand.

Power of the rocket was given officially as "several hundred thousand pounds" of thrust. It was understood officially to have produced more than 450,000 pounds of thrust.

Develop New Propeller
The Navy, meanwhile, took the wraps off a revolutionary new propeller design which officials said could lead to development of ships with "unlimited" speed.

Capt. E. A. Wright, commander of the David Taylor Model Basin here, where the propeller was de-

veloped, said the Navy would "no longer be speed-limited as far as propulsive capabilities are concerned." The officials spoke freely of future ships, with radical new

hulls, that could travel at speeds of 100 to 150 knots (115-117 miles per hour) as a result of the new propeller development.

TODAY'S THOUGHT
"Whosoever shall put down his wife, and marry another, committeth adultery against her."

Hoag's statement that he had saved the taxpayers of Seminole County some \$40,000 in five months that he headed the road department. The challenge asked Hoag to produce his figures.

Hoag demanded to know the "real reasons" for his dismissal. Yesterday, the three men who voted to fire him gave their reasons. The public, as always, will sit as the court of final opinion. No doubt, there will be those for and those against this action. Complete agreement is improbable on any action.

Inflation Causes Concern

Economists worried about the possibility of more inflation in the United States can underline their concern by pointing southward. The Argentine people are sorely beset by inflation. Living costs this year threaten to beat even the records set during the regime of that profligate ruler, Peron. The price of the Argentine staple, beef, doubled within a week. Other commodity prices are up sharply.

President Frondisi, convinced that wages among many groups are too low, has granted some startling raises—a 60 per cent boost to four million organized workers; a 40 per cent increase to bank employes; 100 per cent more to teachers in national schools. The pressure of this new income on the price level and goods supply has been explosive. Pesos, although devalued, are changing prices higher and are clamoring for imports far beyond the ability of Argentine exports to balance.

The Argentine government is attempting to keep even by fiat and increased appropriations. The end is not yet. Until the supply of goods and commodities produced within the country can begin to equal the money supply, the nightmares of severe inflation will continue to plague Argentina.

Animals And Slaughtering

Congress has just passed a bill to prod meat packers into adopting more humane slaughtering practices. This seems like a good time, therefore, to note that the conditions under which many cattle, hogs and other meat animals are transported to market leave much to be desired.

This conclusion is not prompted by humane considerations alone. There is the added fact that unsanitary, uncomfortable, unsafe shipping conditions result in heavy economic loss. Though shippers bear the brunt of this, consumers eventually share in the loss.

Passing more laws is not the only course of action suggested by this state of affairs. Some pertinent law already is on the books. Diligent enforcement would require a lot more manpower than is now available.

Shippers who do not exercise proper care might be in mind a couple of thoughts, however. They have an obligation, just as the packers do, to treat animals humanely even though the animals are destined for slaughter. If this consideration does not move them, they may be influenced by a reminder that poor conditions of shipping often result in less income at the market. If such reminders don't work, the time may yet come when more law will be needed.

'NOBODY HERE, BUT US OL' OSTRICHES!

Nine Black-Robed Justices Filed In

WASHINGTON (UPI)—A hush fell over the crowded chamber at noon.

The Marshall intoned, "Their honors, the Chief Justice and the Associate Justices of the Supreme Court of the United States."

The nine black-robed justices filed in and took their places.

Chief Justice Earl Warren leaned forward and calmly said, "The court is now convened in special term."

The extraordinary session called to hear arguments in the Little Rock integration case was under way.

The justices on Warren's left and right looked out on a standing-room-only audience. Spectators had started lining up at 3:30 a.m. By the time the proceedings started more than 500 were on hand, but only a few could be accommodated.

Of the 200 seats for spectators, only some 30 were actually available to the public. The rest were filled with members of the bar, special guests of the court or of parties in the dispute.

In the audience were the chief justice's wife and one of his daughters, Dorothy.

In the second row from the front was Little Rock School Supt. Virgil Blossom and two members of the Little Rock School Board. Blossom is a red-headed, resting his elbows on the back of the bench in front of him, and listened intently.

Sitting at the table reserved for Richard C. Butler, representing the school board, was Sen. J. William Fulbright (D-Ark.), who filed a special brief as a friend of the court asking that integration in Little Rock be delayed 2½ years.

When Fulbright arrived Butler said he "would like for you to participate." However, Fulbright said he had assumed that he would not.

"A man who lived with the case, as you have, should do the talking," Fulbright replied.

Sen. J. Lee Rankin representing the government, shook hands with Butler and others at

the school board's table and with attorney Thurgood Marshall and his associates.

Rankin's traditional morning coat and striped trousers were in contrast to Butler's dark blue suit and Marshall's light brown check suit.

As the audience and participants began to settle down shortly before noon, the Supreme Court pages, including one young Negro boy, adjusted the big black leather chairs of the justices.

As Marshall began presentation of his arguments, Justice

William J. Brennan Jr. slowly rocked back and forth. Justice Tom Clark appeared to be writing. Justice William O. Douglas listened attentively.

The newest member of the court, Justice Charles E. Whittaker, chin cupped in hand, leaned forward as though to be sure of catching every word.

Although the United States has approximately 60 per cent of the world's coal reserves, neighboring Canada has only about two per cent.

"Remember that new satellite I discovered last week, gentlemen? Well, it turned out to be a firefly!"

Air Force To Get 'Successful Jupiter'

By RICHARD F. ROHR

United Press International

CAPE CANAVERAL, Fla.

—Army rocketeers, jubilant over the success of their intermediate-range Jupiter in its latest test, returned home to Huntsville, Ala. yesterday under orders to present the new operational weapon to the Air Force.

For ceremonies at the Army Ballistic Missile Agency where American and German scientists worked two years to perfect the missile, the Army rolled out the first production-line Jupiter to

turn over to the Air Force's 804th Jupiter Squadron.

The Defense Department ruled last year that intermediate-range missiles—which include the Jupiter and the Thor—will be employed by the Air Force. The Army was restricted to use of short range missiles, which travel less than 1,500 miles.

The Air Force has been working on its own IRBM in the Thor, but has not declared that weapon ready for troops. Eighteen Thors have been fired, compared to 10 Jupiters, six of which the Army described as "complete successes."

Yesterday's ceremonies, however, did not mean the Army was saying goodbye to the Jupiter. A spokesman at Huntsville said the Army would continue to develop the missile there.

The Pentagon said Wednesday was the second time that a "fully-guided" Jupiter was fired. The missile, chosen to provide the initial boost for the Army's moon rocket, "traveled its approximate full range over the Atlantic and functioned normally," the statement said.

The Defense Department said the Army did not try to recover the Jupiter's nose cone from the ocean after its 1,500-mile flight. Officials said analysis of cones picked up after two previous firings revealed they provided "adequate protection in the warhead during the critical re-entry phase of flight."

"A U.S. Navy ship with Army scientists and photographers was in the target area when the missile's three sections re-entered the atmosphere," the statement said.

History In Making As 'Miscellaneous Case No. 1' Called

WASHINGTON (UPI) — The Supreme Court yesterday called up case Miscellaneous No. 1, John Aaron, et al., versus William G. Cooper, et al.

The case involves persons who sought admission to the marble-pillared courtroom may never have heard of John Aaron or William G. Cooper. But they know the important nature of their legal dispute, which the nation's highest court called a special session to hear.

History was about to be made in the great white Supreme Court Building across the street from the U. S. Capitol.

John Aaron is a Negro boy seeking to return to Central High School in Little Rock, Ark. He went to Central last year, under a federal court order admitting youths of his race to the previously all-white school for the first time.

William G. Cooper is a member of the Little Rock School Board, which wants to postpone integration at Central High to avoid any more violence at the troubled school. The President of the United States sent in troops to maintain order there last year.

The nine Supreme Court justices interrupted their summer vacation to hear the arguments on whether John Aaron and a handful of other Negro pupils should be admitted to Central High next week.

Justice Harold H. Burton flew back from a European trip, instead of returning by ship as he had planned.

Court aides said newsmen put in twice as many requests for seats in the press section as there were places for them.

The court maintained its tradition of barring photographs in the courtroom. Requests for pictures and radio and television interviews on the marble steps outside were rejected.

Coming To Florida

COLUMBUS, Ohio (UPI) — National Insurance announced today that all three of its companies—auto, fire and life—will begin insurance operations in Florida Sept. 1.

State headquarters will be in Orlando with district offices in Tampa and Jacksonville.

MRS. CARL HOHLTZELI, of Rt. 1, (on the left) joined with her brother-in-law and sister, Mrs. Charles Bradwell of Lake Mohawk, N. J., to make up this group of street cleaners while on a visit at Lake Mohawk. They were judged "most original" at the Cotillion Club's annual Bal Masque held recently at the Lake Mohawk Country Club.

Oviedo Friends Recently Fete Mother-To-Be

OVIEDO—A surprise stork shower was held early this week at the city hall memorial building for Mrs. Ivan Jakubcin.

Hostesses for the event were Mrs. Bob Ward, Mrs. George Kelley, Mrs. G. W. Alford, Mrs. Otto Dismann and Mrs. Johnny Jones.

Assisting Mrs. Jakubcin in opening her many lovely gifts were her sister-in-law, Mrs. Jackie Jakubcin and a former classmate, Miss Hebe Kah uby. Mrs. Helen Leinhardt furnished music.

Delicious punch, cookies, nuts and mints were served from a tea table overlaid with a white linen cloth. The table was centered with an arrangement of pom poms.

Enjoying the party were Mrs. P. H. Brown, mother of the honoree; Mrs. Marlette Chance, Mrs. Penny Olliff, Mrs. Marian Jones, Mrs. Annie C. Thompson, Mrs. Willis Slone, Mrs. L. L. Poole, Mrs. Thelma Clontz, Mrs. Jane Moon, Mrs. Lacy Lingo, Mrs. Olive Packard, Mrs. J. S. Best, Mrs. Olga Jakubcin, Mrs. Jackie Jakubcin, Mrs. Vera Jakubcin.

Mrs. Helen Leinhardt, Mrs. R. H. Terrell, Mrs. Fern Reynolds, Mrs. Pauline Arndt, Mrs. Ann Reynolds, Mrs. Novella Aulin, Mrs. Clara Mariner, Mrs. Corrine King, Mrs. Mary Meek, Mrs. Justina Beasley, Mrs. Colen Ward, Mrs. Mary Weisenberger, Mrs. Dora Keley, Mrs. Betty Duda, Mrs. Betty King, Mrs. Tivy King, Mrs. Mary Weisenberger, Mrs. Paul Slavik.

Mrs. Jimmie Jakubcin, Mrs. Gertrude Lukas, Mrs. Billie Jo Lukas, Mrs. Vesta Pendarvis, Mrs. Virginia O'Neal, Mrs. Donna Nealy, Miss Ruth Davidson, Miss Ann Pierson, Miss Kay Estes, Miss Peggy Fleming, Miss Rebekah Tuby, all of Oviedo; Mrs. John Weaver, Mrs. Georgia McLelland, Mrs. Hilton Brown and Mrs. Iris Messer all of Sanford and relatives of the honoree.

Church Calendar

FRIDAY

The Pinecrest Baptist Church executive committee will hold a very important meeting at 8 p. m.

SUNDAY

The Pinecrest Baptist Church will have Dinner On The Grounds after the morning worship service.

MONDAY

The Boy Scouts of the First Presbyterian Church will meet at 7 p. m.

The Philathea Class of the First Presbyterian Church will meet with Mrs. W. R. Anderson, 316 Oak Ave. at 7:45 p. m. Co-hostess will be Mrs. W. S. Humley Sr.

TUESDAY

The W.S.C.S. of the First Methodist Church will have an executive board meeting at 8 a. m. followed by the regular monthly business and program meeting at 9:45 a. m. Circle No. 3 will present the program.

The Ebenezer W.S.C.S. will meet with Mrs. G. C. Warmack at her home at 7:45 p. m. for its regular monthly business meeting.

Boys in the 4th, 5th, 6th, 7th and 8th grades who are interested in joining a youth choir of the First Methodist Church are asked to register at 4:30 p. m. in the Sanctuary.

The Senior High Fellowship of the First Presbyterian Church will meet for recreation at 7 p. m.

The Midweek Bible hour of the First Presbyterian Church will be conducted by the pastor, the Rev. A. G. McClintock, at 7:30 p. m.

The Chancel Choir of the First Presbyterian Church will meet for rehearsal at 7:30 p. m.

THURSDAY

Those interested in joining the Chancel Choir of the First Methodist Church are to meet at 7:30 p. m. in the Sanctuary.

In joining the youth choir of the First Methodist Church are asked to register at 4:30 p. m. in the Sanctuary.

The Executive Board of the Women of the First Presbyterian Church will meet in the Session Room at 10 a. m.

The Pioneer Fellowship of the First Presbyterian Church will meet for supper and recreation in the Youth Building from 6 to 8 p. m.

The Sanford Unity Class will meet at 8 p. m. in the Perkins-Woodford Building for a study course in Christian Healing led by the Rev. Josephine Stuckie. Everyone is welcome.

WEDNESDAY

7th and 8th grade girls interested in joining a youth choir of the First Methodist Church are to meet in McKinley Hall at 3:30 p. m. to register.

At 4:30 p. m. girls of the 4th, 5th, and 6th grades interested in joining a youth choir of the First Methodist Church will register in McKinley Hall.

High School girls of the First Methodist Church who are planning to sing in the First Methodist Church Senior choir are to meet at 6:15 p. m. in the Sanctuary in order to register.

The Senior High Fellowship of the First Presbyterian Church will meet for recreation at 7 p. m.

The Midweek Bible hour of the First Presbyterian Church will be conducted by the pastor, the Rev. A. G. McClintock, at 7:30 p. m.

The Chancel Choir of the First Presbyterian Church will meet for rehearsal at 7:30 p. m.

Those interested in joining the Chancel Choir of the First Methodist Church are to meet at 7:30 p. m. in the Sanctuary.

INSIDE AIR CONDITIONING—MINNEAPOLIS—(UPI)—Apparently women find air conditioning a puzzlement.

So many homemakers have asked how to be comfortable in both winter and summer that engineers for a manufacturing firm have written a booklet on the subject. It gives practical information on year-round air conditioning, tells what systems to consider, how much they will cost, and what features to look for. The booklet also includes a glossary of air-conditioning terms. (Minneapolis-Honeywell Regulator Co., 2717 Fourth Avenue South, Minneapolis.)

Sanford Boat, Ski Club Reveals Plans For Big Labor Day Weekend

The Sanford Boat and Ski Club will make a change of pace this Labor Day weekend. Instead of a Central Florida Cruise similar to those which the club has enjoyed so much, the group will look to West Florida for a weekend of cruising, skiing and picnicking.

Plans are to depart from the Municipal Parking Lot at 1 p. m. and to trailer to Fannin's Springs near O'Town Saturday, August 30.

Motel and restaurant accommodations are available at Fannin's Springs and recreations are not necessary. For those who wish to camp out, Manatee Springs State Park offers complete camping facilities.

Sunday the club plans to cruise down the Suwannee River to the gulf visiting various springs enroute. They will return to Fannin's Springs Sunday evening.

Monday, the cruise is scheduled to go up the Suwannee to Branford

stopping at the Springs before the return trip home.

For those who would like a change of scenery, this trip offers just that. The club invites interested boaters to join with them over the Labor Day weekend.

Further details are available by contacting Commodore MacGillias at FA 2-9107.

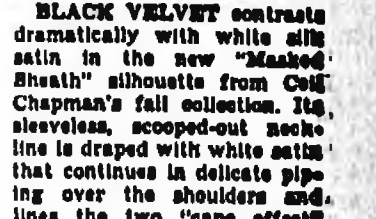

BLACK VELVET contrasts dramatically with white silk satin in the new "Maabed-Bhath" silhouette from Colee Chapman's fall collection. The sleeveless, scooped-out neckline is draped with white satin that continues in delicate piping over the shoulders and lines the two "cape effect" back panels.

Afternoon Party Fetes Judy Gray At Jones Home

Miss Leslie Jones entertained Wednesday at her home in honor of her houseguest from Waycross, Ga., Miss Judy Gray, with a casual coffee and chatter party.

To eat with the cakes, the hostess served pretzels and peanuts. Cakes in hand and with the snacks within an arm's reach the gals settled down to an enjoyable afternoon spent chatting and watching T.V.

Those enjoying the party with the hostess and honoree were: Miss Deanna Nichols, Miss Sunny Skinner, Miss Mary Ann Watson, Miss Sandra Elmore, Miss Suzanne Jones, and Miss Margaret Jones.

Pilot Club Meets At Fowler Home For Last Picnic

The home of Mrs. Sidney Fowler, Lake Mary, was the scene of the Sanford Pilot Club's last summer picnic dinner. The meeting was held Tuesday at 6:30 p. m. with Mrs. Lucille McNab, Mrs. Marjorie Shepard, and Mrs. Larene Hall acting as co-hostesses.

Mrs. Walter Carter, president of the club, presided at the business meeting during which reports from various committees were given.

Mrs. Carter, delegate, and Mrs. J. P. Hall, alternate, to the 37th Annual Convention of Pilot International which was held at the Sheraton Hotel in Philadelphia, gave interesting excerpts of the convention activities.

The next meeting of the Pilot Club will be held September 9.

Celebration Picnic Planned For Labor Day By Lutherans

Sponsored by the Sunday School Teacher's Council of the Lutheran Church of the Redeemer the members and friends of the church will observe Labor Day with a picnic at the Southward Grove, off Paola Road, starting at 10 A. M.

Ice-cream, soda, and coffee will be supplied by the Sunday School with all families bringing covered dishes for dinner and supper.

The arrangements committee is chaired by Mr. Donald Meyer, with the following teachers assisting: Mrs. Mary Bongarden, Mrs. J. E. Andrews, Mrs. Helen Wynn, Mrs. Henry Thurston, Mrs. John Senkirk, Mrs. Edna Southward, Miss Bevelly Rumber, Glynn Hodges, Joe Senkirk, Marlon Harmon.

Games are being planned for all age groups. The Rev. Herbert W. Goerss will conduct a brief Vespers at 3:30 P. M. All members and friends of the congregation are cordially invited to enjoy the Christian fellowship of the day.

Eating Habits Are Established Easily By Pre-Schoolers

By Alice L. Cramaric Extension Nutritionist

Homemakers can establish good eating habits in children by starting with the pre-schoolers. Look at serving and preparation of food from the pre-school child's point of view, and it will be easier to make positive action about eating habits.

Servings should be small enough (even though only one teaspoon), so a child will eat all the food on his plate. The sense of satisfaction and accomplishment a child gets from finishing goes a long way in helping to establish good eating habits.

Also remember that children easily become bored with the monotony of food. This means variety is important. Variety in food combinations, color and texture will keep a child's interest and enthusiasm for food high.

Parents have a big responsibility in setting a good example. All children should make a concentrated effort to learn to eat most foods, but when parents refuse certain foods, children learn to do the same.

Children also learn from others the importance of certain kinds of foods. Children are not particularly interested in desserts until they hear their parents say, "Eat all your food, or you can't have any dessert." Then the child begins to think of desserts as something more important than all else—and so frequently forms the habit of wanting large quantities often. This is a bad habit, hard on the youngster's appetite, teeth and often weight. It is reported that in America more than 10% of our children are overweight.

Could it be, we have made them so by making sweets and desserts always the prize, the thing most sought after?

What sort of a treat do you bring your youngsters when you come from shopping? Try taking them apples, bananas, oranges or other fruit. They'll enjoy them, and these foods are much better nutritionally than cookies or candy.

The really important thing to the child is that he is reminded, and anything will seem special so why not help make good food habits for him, too!

Youngsters like finger-foods particularly, that is, foods they can pick up and eat in their fingers. They also like foods with noticeable texture, such as raw fruits and vegetables, crackers, dry toast—choose foods that give them some exercise in chewing.

Since children have sensitive palates, they enjoy foods served at room temperature, and seasoned with a moderate amount of seasonings (including salt).

WALLPAPER GETS BLAME—NEW YORK—(UPI)—If you can't keep that man of yours around the house, maybe it's just because there are too many posters on the wallpaper in the den.

That's the wallpaper industry's diagnosis of what ails menfolk who stray from the warmth of the place you both call home. The cure: give the poor guy a chance to pick his own wallpaper, which now comes in two sexes.

The male kind is full of ships and sails, horses and knights, hounds and birds, sports cars and motor boats, soldiers and plumed hats. Everything, in other words, except pinups, that is.

And maybe there's a psychological reason for the omission. The guy's gotta leave the house sometime.

Parents Honor Sons Wednesday At Farewell Party

Billy Tyre and A Ze Randall Lavender were honored guests at a party given Wednesday by their parents Mr. and Mrs. W. W. Tyre and Mr. and Mrs. Curtis Lavender.

Billy leaves tomorrow to enter his freshman year at Florida State University in Tallahassee and Randall will leave next week for Tinker Air Force Base in Oklahoma to continue his tour of duty with the Air Force.

The guests spent an afternoon of boating and skiing at Lake Mary followed by a hamburger feast. Enjoying the party with Billy and Randall were Peggy Lundquist, Jackie Hearn, Teddy Walker, Colleen McFarland, Jack Stoksky, Marie Starr, Judy Lavender, Mr. and Mrs. Lavender and Mr. and Mrs. Tyre.

These Dolls Won't Wear Chemise

GARY, Ind.—(UPI)—Dolls consumed, constructed, shod, or simply collared—are the hobby of two sisters, Carrie and Ella Gosh.

In the parlor of their home are hundreds of dolls, from tiny blonde models to a large 100-year-old creation given them by a relative. All the dolls are completely outfitted, from pajamas and housecoats to aprons and shoes.

The sisters take a grim stand against the current chemise. "We don't like to see them on a woman. We certainly wouldn't create them for our dolls," they said.

NOW, BACK SWEATERS—NEW YORK—(UPI)—Men who indulge in girl-watching can stop waiting for fall sweaters to undo what's been done by the sack.

The Cleanliness Bureau, a trade association, says this celebrated item of feminine apparel reflects its three-hundred figure-hold this autumn, falling in a long, loose line from shoulder to hips, sacking everything in between.

The bureau said these new knits, long on fashion, make short shirts of upbeers. The synthetic fibers, according to bureau experts, should be suded in medium hot water, rinsed and hung on plastic or padded hangers to drip-dry.

The woollens should be washed the usual way and then placed flat on a dry towel. If you use a sweater frame, be sure it has gone chemise.

FANCY PACKING—United Press International Furniture makers are enlarging on the cereal box cut-out system with an eye toward attracting the kiddies as boosters.

One firm which makes mattresses and sofa beds now ships them, via common carrier, in individual "play houses" or cartons.

A door, window complete with blooming flower pot and a white picket fence outline are painted on the front. When the furniture is removed, the end can be resealed with gummed paper and the front door opened into the play house.

Personals

The Rev. Wilfred Aldridge of the DelRay Community Church returned Wednesday from his 25th trip abroad. While in Europe he toured England, Switzerland, Scotland, and attended the Salzburg Music Festival in Austria.

Friends of G. A. Edmonds will be pleased to hear that he is home from Orange Memorial Hospital where he underwent surgery recently. He is feeling so very much improved, in fact, that he plans to be back at work in a matter of six weeks.

RICK HARRY MAN - By Alan Meyer

BILL MAZEROSKI, PITTSBURGH 2ND BASE STAR, WON'T BE 22 UNTIL SEPT. 5, BUT HE'S ONE OF THE BIGGEST REASONS THE PIRATES MAY FINISH THEIR HIGHEST SINCE THEY WERE 2ND IN 1944.

Sports Parade

By OSCAR FRALEY
 United Press International
NEW YORK (UPI)—The shotgun wedding of sports and the television camera may be heading today for an abrupt smashup with the announcement by Madison Square Garden there will be no more regular television of basketball and hockey.

There is the added bit of intriguing explanation that televising of track meets from the long-time sports mecca of the nation is "out of the question." And, going a step farther, there is a question whether such one-shots as the horse and dog shows will be made available to the cameras.

"We can't give away for free what we are charging for at the gate," explains Ned Irish, head man of the palace of muscles.

Such a result was pre-ordained, television, for a while, helped build sporting interest. But then the goose stopped laying those huge golden eggs, the customers started staying away in droves on the logical theory it was silly to pay money for something you could have for free, and the promoter found the decreasing television payoffs now makes up far less than the lost attendance.

Fees Cut in Half

"The pro basketball Knickerbockers television from the start," Irish related as he announced radio was back in favor at the Garden and would carry the hockey and basketball broadcasts. "Television contributed greatly toward a 10 per cent annual growth."

"But now," he added, "our rights fees what television pays the promoter for the right to televise an event have come down 50 per cent. Their audiences are up and their fees have gone down."

Increased attendance — in front of the home screen — doesn't help at the box office.

Irish said reduced payment by television and reduced attendance because of the free product is costing the Garden from \$1,500 to \$2,000 on each event which is televised.

Yankees Know

The ideal situation — which pro football discovered long ago — is to televise only the road games. This formula has permitted pro football to set increased attendance records over each of the past six years.

The New York Yankees this season discovered how much of an ogre television can be. While the Brooklyn Dodgers and New York Giants both moved west, leaving the Yanks the only team in a metropolitan area of 13 million people, baseball television increased. This is because the Yanks pictured both home and away games, the contests of the Phillies were piped in and along

with them came Pittsburgh and St. Louis games involving the Dodgers and Giants. At times you had a choice of three games on New York screens.

Yankee attendance — and remember, it's the only wheel in town — dropped more than 30,000.

Player Of The Day

United Press International
— RED SCHOENDIENST —
 Most baseball men figure Red Schoendienst is a bigger threat when he bats left-handed. However, don't try to sell that to the Giants' Johnny Antonelli.

Antonelli pitched his heart out Thursday against the Milwaukee Braves, allowing only six hits. But the switch-hitting Schoendienst, batting right-handed, collected four of them in helping the Braves to a 3-0 victory.

Now 35, Schoendienst still covers his second base position like a youngster. And as Milwaukee manager Fred Haney declared the other day, "Red is a helluva man to have on your club. He does so many things well."

Johnny Antonelli will buy that!

Senators Switch Training Quarters
 WASHINGTON (UPI)—The Washington Senators announced today they are moving, but it's only their spring training headquarters.

The Senators, who are admittedly considering moving their franchise from Washington to Minneapolis, will shift the spring headquarters from the Langford Hotel in Winter Park, Fla., to the Cherry Plaza Hotel in Orlando, Fla.

Despite Age, Ted Slugging

By BOB SALERON
 United Press International
BOSTON (UPI)—Ted Williams, one of baseball's greatest sluggers, turns 40 Saturday.

He's still hitting like a 23-year-old and — at times — still acting like a 10-year-old.

However, the temperamental Boston Red Sox star has begun showing some signs of age. True, he is currently making a bid for his sixth American League batting title. He's just a few percentage points off the pace with a .313 average. He's whacked 21 homers this season, with a month to go. And he's still a fearsome sight at the plate, his tanned, muscular arms holding the bat as if it were a swizzle stick.

But Ted ain't what he used to be. A good many of his hits this season have lacked the old sting he was noted for. He has hit and

attempted to hit to left field against the overshifted infield more often than ever before. And his batting mark, though plenty healthy, is far below his .350 lifetime average.

What about Williams' future as he heads into his fifth decade? First of all, he'll undoubtedly be back next season. He hasn't said so in as many words, but Ted has stated often that his last big target is still 500 home runs.

Only three players in history have ever topped the 500 figure. Babe Ruth leads with a fantastic 714. Jimmie Foxx clouted 534 and Mr. Ott still leads the National League with 511. Even Lou Gehrig missed, collecting 494 during his career with the New York Yankees.

Williams is fifth man in the standings with 477. The 500 mark would be well within his grasp with another full year and another \$100,000-plus salary is nothing to sneeze at (or spit at).

Ted himself says he'd like to stay in baseball after his playing days are over. He's also said he wouldn't want a manager's job, but whether he actually means it is another question.

Whatever may change about Tinkerbox Ted there's one thing that will always be the same. That's his personality. What other baseball great has ever been fined for spitting at the fans after half a lifetime in the game?

Milwaukee Beats Giants, Looks To 'Upset' Pirates

By TIM MORAERTY
 United Press International
 With the San Francisco Giants packed away in cold storage, the Braves flew back to Milwaukee today fully confident of shutting the same freeter door on the Pittsburgh Pirates this week end.

The "icemen" from Milwaukee just about eliminated the Giants from the pennant race during their latest hop to the West Coast — winning four of five games, including a 3-0 victory in Thursday's only major league game.

Now it's the Pirates' turn to "fish or cut bait." They open a three-game set at Milwaukee tonight, trailing the defending National League champions by 7½ games. So they must shoot for a sweep because, like the Giants, time is running out on Denny Murawig's upstarts.

Del Crandall, Red Schoendienst and Bob Rush got the job done Thursday for Milwaukee. Crandall figured in two runs, Schoendienst collected four of the Braves' six hits off Johnny Antonelli and Rush scattered 10 hits in posting his second shutout of the season.

The Giants looked futile in defeat, stranding 11 after getting presented Milwaukee with its first run in the fifth inning when Crandall walked, stole second and raced all the way home on errors by catcher Bob Schmidt and center fielder Willie Mays.

Schoendienst doubled home the Braves' second run in the sixth, and Antonelli walked Crandall with the bases loaded in the eighth to force across Milwaukee's final marker.

Tigers Sign Two College Standouts
 DETROIT (UPI)—Purnell Goldy, 6-foot, 3-inch 200-pound catcher from Temple and southpaw Larry Noss, 6-foot, 200-pound, have signed "substantial" bonus contracts with the Detroit Tigers. Class Triple-A Charleston farm club, director of scouts Ed Katalinas said today.

Goldy, of Blackwood, N. J., also plays first base and the outfield. He's a right-handed hitter.

Noss, 19-foot, 200-pound, of Euclid, Ohio, fired five no-hitters, and 10 one-hitters during 1955 and 1957 in American Legion play and was named "All-Ohio pitcher of 1957."

Gets Pole Position
 DARRINGTON, S. C. (UPI)—Eddie Pagan of Linwood, Calif., averaged 116.942 miles per hour Wednesday to capture the pole position for Monday's Southern 200 mile stock car race. Pagan was the only driver to brave threatening weather for the qualifying trial.

Training Site Named
 CHICAGO (UPI)—The Chicago Black Hawks have selected St. Catharines, Ont., as their training camp for the third straight year. Coach Rudy Pilous expects about 45 players to report for the National Hockey League club's opening session Sept. 15.

Seminole County Budget 1958 SHOWS:

- Overall increase of 81.9% over 1955
- Overall increase of 100% over 1953

Some items of expenditures show a decrease of up to 89%. Other items show increases of up to 750% over 1955.

Some items appear to be too little and too late, and some items appear to be highly excessive.

Assessed valuation of real property increased 29% and estimated tax receipts allocated to county budget increased 59.9% over 1955.

I am prepared and qualified to give this matter further study.

GEORGE WEISS, OF THE YANKEES, WHO'D BE A SHOO-IN IF THEY EVER STARTED ELECTING FRONT OFFICE MEN TO THE HALL OF FAME - HE'S THE BIGGEST SINGLE REASON WHY THE ONLY QUESTION ABOUT THE AMERICAN LEAGUE PENNANT IS, 'HOW SOON WILL THE YANKEES WIN IT?'

RECORD OF 20 GAMES.

Paul Pettit Slams Homer As Infielder

United Press International
ST. LOUIS (UPI)—Paul Pettit, who failed as a \$100,000 bonus pitcher for the Pittsburgh Pirates, proved he can earn his keep as a first baseman Thursday night when he blasted a three-run homer to give Columbus a 6-2 victory over Richmond.

Columbus, seeking to cement a first-division berth in the International League, spotted Richmond two runs in the fourth inning but roomed back as Pettit clouted his 10th homer in a five-run fifth. The crusher enabled Benny Daniels to pick up his 13th win.

The league-leading Montreal Royals scored three runs in the eighth inning to break a tie and defeat Buffalo, 10-5. Dick Gray, Harry Schwagman and Jim Koranda sparked Montreal's 12-run attack with homers. Luke Easter clouted his 33th for Buffalo. John Jancse, in relief of Rene Valdes, was credited with his first victory of the year.

Toronto and Rochester split a two-night doubleheader, the Maple Leafs winning the first, 5-1, in extra innings and the Red Wings taking the second, 6-1.

The Leafs scored four times in

the ninth inning of the opener as Jack Crimian won his 14th game. Bob Gibson scored his fifth triumph in the nightcap with the aid of a four-run rally in the fourth.

Havana and Miami were not scheduled.

Injury Jinx Hits Porterfield Again
 ST. LOUIS (UPI)—Bob Porterfield of the Pirates has fallen victim to the injury jinx again.

The Pirate pitcher was removed from the field on a stretcher in the fourth inning of a game against the Cardinals Wednesday night when he twisted his left knee covering first base.

Earlier in his major league career, Porterfield tore a muscle in his throwing arm twice, had his right index finger nearly broken by a line drive through the box, and was hit on the head by another liner.

Pan American College, in Edinburg, Texas, is the southernmost four-year college in the United States.

Board Expected To Okay Nets' Moving

By SAM FOGG
 United Press International
WASHINGTON (UPI)—A board of directors meeting which virtually amounted to a family gathering was expected today to give Calvin Griffith permission to try to transfer the Washington Senators to Minneapolis.

The Washington baseball club president went behind closed doors ready to ask and undoubtedly get a green light to ditch on the franchise move.

Griffith would still have to seek American League permission to make the shift which would leave the nation's capital without a baseball team. Whether his fellow club owners would allow him to move from the "show case" city of Washington was still problematical.

However, the stage was set for Griffith to win board permission to negotiate when two directors — C. F. Jacobsen and John E. Fawell — resigned earlier this month rather than clash with him over the issue.

This left as board members: Haynes; his brother-in-law, Joe Haynes, and a non-relative, Eugene V. Young.

Before the meeting, even the suggestion by President Eisenhower that building a better ball team rather than a move to Minneapolis might prove more profitable failed to diminish Griffith's itch to switch.

Eisenhower said at his news conference Wednesday he would be willing to attend more games here if the right place Senators would produce a first-division contender.

The Washington owner replied that while "we have reached no

conclusion," he probably would accept a bid to move to Minneapolis if the offer were right.

The official state flag of Texas is the Lone Star flag of the former Republic of Texas. It is the only state flag that was originally the flag of an independent country.
 Menonite emigrants from Russia arrived in Kansas in 1874, bringing with them the famous Red Turkey hard winter wheat that was adapted to make Kansas the nation's leading wheat producing state.
 The King Ranch in Texas does not have any barbed wire or nails in its fences because they might harm the coats of the Santa Gertrudis cattle. The fencing is used to fenceposts with wire.

Welfare Plan To Allow More Freedom

JACKSONVILLE (UPI)—A new welfare plan will give recipients more freedom in the medicine prescribed by their doctors and permit persons eligible for medical benefits to select their own doctors and pharmacists.

The new plan, outlined Wednesday by the state Department of Public Welfare, eliminates much of the red tape involved in claims.

Under the old system, a medical allowance was included in computing the public assistance amount. But most recipients had to choose between buying medicine or food with the money.

Under the new plan, as provided by a special legislative session in 1967, the Welfare Department provides the person with an identification certificate to hand to his pharmacist. The Welfare Department then pays the bill through the central office of the Florida Pharmaceutical Assn. Each month the association will submit a bill to the Welfare Department, accompanied by prescriptions.

Additional medical safeguards provide that no single prescription may be refilled more than

twice within a 90-day period; that no prescription may be approved for payment which provides more than a 30-day supply of medication and that any single prescription, or combination for a month, costing more than \$60 will be studied very carefully by a medical team.

Some 60,000 recipients of old age assistance, aid to the blind or aid to the disabled will be affected by the plan.

The department said some welfare checks will be reduced by the new system, but recipients actually will be getting more aid than before.

Legs To Be Removed

JERSEY CITY, N. J. (UPI)—A 13-year-old girl agreed Wednesday to have both her legs amputated in order to walk for the first time in her life.

Doctors said artificial legs are needed for young Karlson Quoseny, who is paralyzed from the knees down.

The total number of ships of all sizes to use the Panama Canal between July 1, 1967, and June

CURTICE TO RETIRE AS GM HEAD—Harlow P. Curtice (left), president of General Motors Corporation, shakes hands with his successor, John S. Gordon. Curtice has resigned as leader of the nation's biggest auto maker, and his replacement was named at a New York meeting of the board of directors. Gordon has been a vice president and group executive of GM's body and assembly division. (UPI Telephoto)

Legal Notice

NOTICE
TO: JOHN V. WAGNER and MARY IRENE I. WAGNER, his wife, 2807 Karl Avenue, Baltimore 6, Maryland

The above named individuals are hereby notified that a suit has been instituted in the Circuit Court in and for Seminole County, State of Florida, against you and all parties claiming through, under or against John V. Wagner, and Mary Irene I. Wagner, and all parties having or claiming any right, title or interest in that certain real property located in Seminole County, State of Florida, more particularly described as follows:

Lot 4, Block A, Lakes Wood Shores, according to plat thereof as recorded in Plat Book No. 2, Page 21, Public Records of Seminole County, Florida.

The nature of the suit is the foreclosure of a mortgage secured by you as defendants herein to Charles W. Clayton, Jr. and W. Malcolm Clayton as plaintiffs herein, upon the above described property in the Circuit Court of Seminole County, State of Florida. You are hereby required to file your answer to the complaint filed herein, with the Clerk of the above named court and serve a copy thereof upon the plaintiffs or the plaintiffs' attorneys, whose name and address appears below, not later than September 8, 1968. Upon your failure to answer or otherwise plead in the said cause, a decree pro confesso will be entered against you.

O. P. Herndon

THE CARD OF THANKS

Very often a Card of Thanks in The Sanford Herald meets a need which is difficult to fill in any other way. Not only is it a gracious expression of gratitude to those who have rendered favors but also a courteous acknowledgment of the service and the needs of the many to whom a personal note of thanks cannot well be mailed.

Newspaper Cards of Thanks are accepted as socially correct. Emily Post, the noted authority on etiquette, feels they serve many good uses.

There is no prescribed form for a Card of Thanks. It can be as brief or as detailed as you desire. When the occasion comes you will find a sympathetically understanding member of our staff to assist you.

THE "IN MEMORIUM" NOTICE

It is the custom of many families in this country to commemorate a bereavement by an "In Memorium" notice in newspaper classified columns. They find a real solace therein. Preparation of a selection of a suitable verse brings back to them tender, pleasant recollections. As Elias Cook, the English poet has so beautifully expressed it:

"How earnestly sweet are the echoes that start
What memory plays an old tune on the heart."

Most frequently an In Memorium is inserted on the anniversary of death. However, other dates, which it is felt are appropriate or meaningful are also selected. The birthday of the departed, the wedding anniversary, Memorial Day, even Christmas are among other significant occasions chosen.

If you are hesitant in expressing your tender thoughts in poetic form, you may avail yourself of the Herald's collection of original verses. These express in poetic beauty the emotions of the heart-strings. Among them are verses appropriate to any circumstances.

THE RATE

Cards of Thanks and In Memorium notices, due to the fact they may run to considerable length are billed at \$1.00 per column inch.

DAILY CROSSWORD

NEGROES WAIT IN VAIN FOR SERVICE—Negro teenagers seeking to break the color barrier at an Oklahoma City, Okla., department store lunch counter wait in vain for service as white customers watch. More than 100 Negro youths doggedly began a third day of passive demonstration at the luncheonette. (UPI Telephoto)

WHAT IS IT?—Serge Matia, newcomer to the ranks of French designers, takes his Spanish with a smile in this whimsical evening ensemble. The amusingly-flounced pink falls coat is worn with a high-gloss mantilla of chenille-dotted black net. (UPI Telephoto)

Officer Captures Escaped Convicts With Stolen Car

MIAMI (UPI)—A Miami policeman with sharp eyes and a good memory Wednesday night captured three escaped convicts as they drove down busy Biscayne Boulevard in a stolen car. Patrolman Thomas Bollinger said he spotted the men when their car was stopped at a red light. Noticing that they fitted the descriptions on a pickup order by the Florida Highway Patrol, Bollinger ordered the trio to pull over and show identification. The men quickly admitted they were the escapees from the Citrus Center Road Camp in Glades County. They were identified as John A. Duncan, 29, Joseph Shise, 31 and Allen H. Beck, 19. The convicts said they stole a car shortly after their escape at 3:30 p.m. But they abandoned it at Lake Worth High School and stole another car in Lake Worth. They said they switched license plates with a car parked in Fort Lauderdale Wednesday night, a short time before their capture.

The nation's first beet sugar refinery was established at Grand Junction, Colo., in 1890.

Low Bids Released For Area Projects

TALLAHASSEE (UPI)—Apparent low bids totaling \$14,000,018 for 37 projects, including sections of the interstate system in Volusia and Dade counties, were received Tuesday by the Road Department.

A low bid of \$3,079,000 was submitted by Tramp Bros. Inc., Miami, for the largest interstate project, the east approach to the 36th Street Causeway in Miami and Alton Road interchange on Miami Beach.

Cone Bros., Tampa, was low bidder at \$1,362,154 for the Volusia interstate job which will provide for four-laning of five miles on State Road 400 and four grade separation bridges across Lake Monroe.

Other projects include: Seminole and Volusia: St. Johns River bridge and approaches south of Lake Harney on SR 46, Cleary Bros., West Palm Beach, \$463,667. Orange: Surfacing on 4.8 miles of SR 46 and 538 between Garland Street and Crystal Lake Drive in Orlando and between Lake County line and SR 500, Orlando Paving Co., \$78,292. Lake: Surfacing 19.7 miles of SR 42 and 44 between SR 19 and 44 and between a point 0.1 mile east of SR 25 and 1.4 mile east Main Street in Leesburg, Dunn Construction Co., Birmingham, Ala., \$161,903.

Polk: Resurfacing 16.7 miles of SR 35 from SR 600 A in Lakeland northwesterly to Polk County line, MacAsphalt Corp., Lakeland, \$132,236.

Japanese Soap? WASHINGTON (UPI)—The Foreign Agricultural Service estimates that the U. S. livestock industry supplies 95 per cent of the tallow from which Japanese soap is made.

Kiss To Remember SAN PEDRO, Calif. (UPI)—Guests who kissed the bride here Sunday when Marlene Mannfeld, 21, married Marine Pfc. Charles Varvas, 29, today were urged by the City Health department to get shots. The bride became ill after the ceremony with what was diagnosed as infectious hepatitis.

Bee Population Drops BOWIA, Mich. (UPI)—New insecticides which were only supposed to fight unwanted pests are blamed for a decline of 20,000 colonies in Michigan's bee population during the past five years. The insecticides have proved injurious to bees too.

Governor Promises To Support College

TALLAHASSEE (UPI)—Gov. LeRoy Collins has promised to work for the construction of facilities at the new junior college near Bradenton at the "earliest possible time."

Collins made the pledge Wednesday after meeting with a delegation from Sarasota and Manatee counties and School Supt. Thomas D. Bailey, who asked for additional financial assistance. However, the governor was unable to give the group any assurance of immediate aid for the junior college because of the "critical financial outlook" which has necessitated tight reins on the state's building program. Collins also met with Rep. E. C. Rowell and six Sumter County officials who sought aid in acquiring lands in Sumter County for a future state prison.

The land the county wants for the prison comprise a part of the Withlacoochee Development project which is being acquired from the federal government by the state Forestry Board.

The Sumter group asked the governor to work out an agreement with the Forestry Board that would give the state some 3,000 acres of this tract as a site for a prison.

No specific conclusions were reached and the governor said no developments are anticipated until he has a chance to discuss the matter with State Forester C. H. Coulter and the board.

Lays Pistol Down

NEW YORK (UPI)—The Rev. Walter Wellington Pitt Jr., of Hampton Bays, U. T., who was ordained an elder at the 1968 session of the New York East Methodist Conference, once served as a member of the Nassau County Police Department.

He has a chance to discuss the matter with State Forester C. H. Coulter and the board.

Visitors Increase

WASHINGTON (UPI)—The National Park Service reports that a record 216 million persons visited 2,216 state parks in the U. S. during 1967, an increase of some 16 million over 1966.

United States oil and natural gas production in 1967 was valued at almost \$10 billion, exceeding the combined value of the production of all other minerals, metals and fuels.

Bounce And Rebound

HARTFORD, Conn. (UPI)—A bar and grill here was sued for \$25,000 by a patron who said he was hit on his way into the place by a customer being bounced out of it.

To convert Fahrenheit temperatures into Centigrade, subtract 32 degrees and then multiply by five-ninths. To convert Centigrade to Fahrenheit, multiply by five-ninths and add 32.
