18 Americans

(Continued From Page One)
responsible for the bloody slayings will be punished. He has ordered United Nations soldiers to observe the rules of civilized warfare. South Korean commanders have so instructed their troops.
Meanwhile, two American correspondents were also killed on the Korean warfront. A regimental adjutant reported their deaths to field headquarters.
Presumably they were Ray Richards, correspondent for the Hearst newspapers, and Cpl. Ernie Peeler of the Tokyo Stars and Stripes.

International News Service here was informed that the report came from a regimental adjutant identified as a Capt. Downey.
He reported the bodies were not recovered because fighting still raged around the outpost where the newsmen were killed.
Richards and Peeler had been reported missing since Sunday night, when they went forward to observe results of the first American around the clock bombings. Peeler was a newspaperman in San Bernardino, Calif., before entering Army service.

WASHINGTON, July 11.—(AP)—The first broadcast of a statement attributed to an American war prisoner of the North Korean Communists was reported today by U.S. government monitors.

The prisoner was identified in a broadcast by the North Korean-controlled Seoul radio as Capt. Ambrose H. Nugent of the 52nd Artillery Battalion, 24th U.S. Army Division.

A voice identified by a Korean announcer as that of Nugent read a statement of nearly 1,000 words in English on Sunday. This denounced U.S. intervention in the Korean fighting as a "barbarous, aggressive action" and urged Americans to desert to the Communists.

The official monitor's report said the voice "sounded like an American or possibly a Russian or Korean who had resided so long in the U.S. as to have lost virtually all trace of foreign accent."
"The message itself seems to have been translated from Korean," the report said. "The speaker read it slowly, phrase by phrase, in a tired, halting, toneless voice."
The Seoul radio said Nugent

Excise Tax Cut

ately give to the governmental officials of the Treasury the authority to tell the universities and colleges what activities they may enter, through the device of passing upon these activities as "related" or "unrelated" activities.

City Commission

(Continued From Page One)
commission that the Legion expanded the exhibit section of the fair last year and has plans of even greater expansion of the exhibit section this year.
Decided not to set up a separate Sanford defense council but to cooperate with the Seminole County defense council. A. B. Peterson was approved as head of the county council.

Instructed City Manager Clifford McKibbin and Police Chief Roy Williams to investigate southwest road traffic conditions with a view to modifying them, if necessary.

Passed an ordinance re-zoning the area north of Geneva Avenue from a residential into a commercial section.

Passed an ordinance making Palmetto and Magnolia Avenues through streets from First Avenue to Ninth Avenue, and from Ninth Avenue to Thirteenth Avenue.

Ordered new cemetery lots to be sold for \$200 per lot. Each lot will contain eight burial spaces. Authorized advertising for new billing machine for the Water Department. The machine will save office time by printing both the bills and the cashiers stubs.

Rejected an offer of \$23,000 from St. Petersburg for the new Seagraves fire truck.

Deferred action on bids for drilling a six-inch well in the cemetery. The lowest bid received by the Commission was turned in by an Orlando company.

Defense Council

(Continued From Page One)
the Defense Council at this time is not concerned with "rationing" and as far as he knows rationing is not contemplated at present, and from information at hand is not necessary unless individual buying and hoarding demands some curtailing action.

Mr. Peterson recalled the splendid cooperation the people of Seminole County with the Defense Council during the past war. He asked for this same cooperation at this time with the hope that only precautionary pro-

Excise Tax Cut

Stassen agreed that businesses or industries, such as macaroni and sparkling factories owned by educational institutions but operated as a separate corporation entities, should bear the regular corporation taxes.

But, where the university operates the business itself, the tax should not apply, he said. He emphasized, however, the Association of American Colleges has taken the position that these institutions should not engage directly in commercial and industrial enterprises.

A code of moral and ethical conduct among the institutions will solve the problem, he said, without the federal government stepping in.

Colleges now get tax exemptions similar to those accorded charitable and religious institutions.

Stassen put particular stress on research carried on by universities, as an example of what might be taxed. "Research for government is exempted," he said, "but all other research is subject to government review under this bill."

"The objective in the Treasury is to bring American colleges and universities under control of the federal government," Stassen said.

cedure would be required in the present conflict.
Unless further steps are needed, he will maintain Defense Headquarters in his office at 116 North Park Avenue.

Senate Kills FEPC Bill By 55 To 33 Vote

House Passes Limited Point Four Bill; Excise Tax Slashing Is Set Aside

WASHINGTON, July 12 (AP)—The Senate today killed off all chances for action this session on the Administration's controversial Fair Employment Practices Commission (FEPC) bill.

The vote on a petition for cloture—debate limitation—on the motion of Senate Democratic Leader Lucas of Illinois to bring the bill before Senate was 55 to 33. This was nine less than the 64 required to enforce a limit on debate.

Under a rule adopted by the Senate last year the vote of 64 senators two-thirds of the full membership, are required to choke off debate.

The action was taken after less than one hour of floor discussion on a petition signed by 40 senators, both Democrats and Republicans, was filed by Lucas Monday, and marked his second unsuccessful effort to bring FEPC before the Senate this year.

Meanwhile the House passed a bill providing limited guarantees of American investments abroad under President Truman's "Point Four" program.

Heading a plea for approval from President Truman, the House after defeating by a 32-vote margin, a Republican-sponsored move to shelve it. However, the bill is considerably more restricted than proposed originally by Mr. Truman.

It was voted on passage was 195 to 151.

The \$250,000,000 guarantee measure is a companion proposal to another section of the "Point Four" program giving technical aid to underdeveloped countries. That already has been approved by Congress.

By encouraging the flow of private American capital abroad, the guarantee bill is intended to supplement the \$4 billion loan program.

Census Shows Dozen More Cities In 100,000 Class Than In 1940

WASHINGTON, July 12 (AP)—Provisional census returns show that 104 American cities now have a population above 100,000. That's a dozen more than made the 100,000-up class in 1940, with a few more still to be heard from.

Census Bureau officials said today only one city in the group for 1940 had shrunk below it in 1950—Lowell, Mass. Lowell had a population of 101,389 in 1940 to 80,427 this year.

On the other side of the picture, Baton Rouge, La., scored a spectacular population climb, from 33,719 in 1940 to 123,364 this year, a jump of 257 per cent.

The major cities for which figures still are unavailable are Philadelphia, Houston, San Antonio, Albany, N. Y., and Wichita, Kan.

If Philadelphia maintains its place as the nation's third largest city—something census analysts expect—the nation's top ten cities will line up as:

1. New York 7,841,510; 2. Chicago 3,614,000; 3. Philadelphia 1,834,314 in 1940; 4. Los Angeles 1,954,036; 5. Detroit 1,837,613; 6. Baltimore 979,865; 7. Cleveland 909,549; 8. St. Louis 852,253; 9. Washington, D. C., 792,243; 10. Boston 788,562.

This year, Los Angeles passed Detroit, Baltimore passed Cleveland, and Washington jumped to 9th place from 11th in 1940, pushing Boston back to 10th place from 9th.

Pittsburgh, with 673,756 residents, was pushed out of the top ten to 12th place. San Antonio, formerly 12th, moved up to 11th place.

Senator Says State Files Were Riffled

McCarthy Renews His Attack On Acheson, Says He Betrayed Truman And U. S.

WASHINGTON, July 12 (AP)—Senator McCarthy today said that State Department personnel files were deliberately stripped of derogatory data in 1940.

McCarthy, Wisconsin Republican, told a news conference the statements were signed by one present employee of the State Department and three former employees. One of the former employees, McCarthy added, now is an FBI agent.

McCarthy produced photographic copies of the statements which he sent to the White House.

The Wisconsin lawmaker also produced a copy of a letter from FBI Chief J. Edgar Hoover, McCarthy said, which letter proves Senator Tydings (D-Md) did not tell the truth when he said June 21 that an FBI study of 81 State Department loyalty files disclosed nothing to sustain charges by McCarthy that his records had been tampered with and denied.

Tydings, a chairman of a Senate Foreign Relations Subcommittee, which has been investigating McCarthy's contentions that the State Department harbors Communists and Red sympathizers.

Tydings said last month that the information about an FBI examination of the loyalty files came to him from Peyton Ford, an assistant to the Attorney General.

Hoover's letter to McCarthy dated July 10, said in part:

"The Federal Bureau of Investigation has made such an examination and therefore is not in a position to make any statement concerning the completeness or incompleteness of the State Department files.

"For your information, the Federal Bureau of Investigation dated July 10, said in part:

"The Federal Bureau of Investigation has made such an examination and therefore is not in a position to make any statement concerning the completeness or incompleteness of the State Department files.

"For your information, the Federal Bureau of Investigation dated July 10, said in part:

U.S. Planes Cut Red Supply Lines But Army Falls Back; Plans For Draftees Revealed

Birth Date Is Said Determining When Selected Is Called

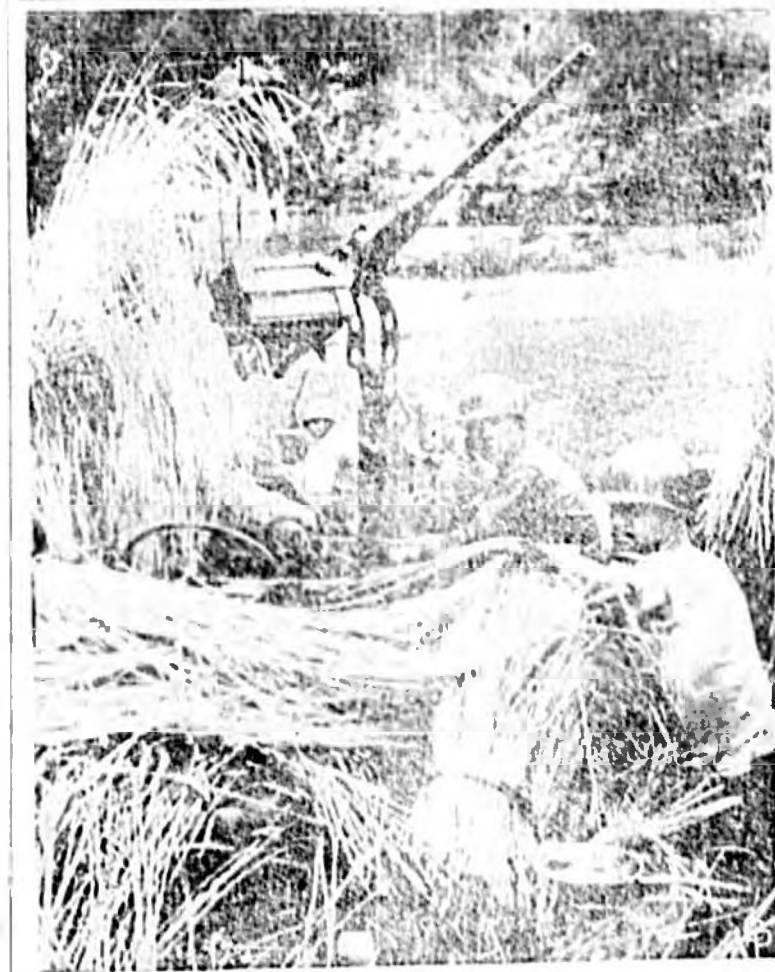

ST. AUGUSTINE, July 12 (AP)—Florida's draft quota has been set at 252 men for General Avian Collins, state director of Selective Service, announced today. The number will be drawn from a total of 1,000 men, who will be called to take pre-induction examinations soon. County quotas are expected to be set early next week. No action has been taken yet in calling men for the pre-induction examinations, General Collins added.

WASHINGTON, July 12 (AP)—Secretary of State Acheson said today that other nations may give in the Korean fighting. He said a news conference the State Department is conferring with the United Nations and with the Defense Department on suggestions of help.

WASHINGTON, July 12 (AP)—Senator Lyndon Johnson (D-Tex) today urged calling all National Guard units and organized military reserves to active duty immediately. He estimated this would provide 83,025 additional men for the Army, Navy, Air Corps and Marines. The Armed Services Committee member told the Senate that never before has the United States "been in such grave peril as it is at this moment."

WASHINGTON, July 12 (AP)—The Army said today that draft calls will be given 14 weeks of training and then will be assigned first to posts within the United States. Later, some will go overseas but (Continued on Page 3)

U. S. Communications 'Up Front'

BEHIND A CAMOUFLAGE of stacks of forward communication group of American soldiers rests motionless in rear echelon in North Korea. They are covered by an anti-aircraft gun (Inset photo).

Fliers Cut Commies Supply Arteries; Ground Action Is Seen As Intense

ADVANCE AMERICAN BASE, Korea, Thursday, July 12 (AP)—American forces with a view to the Kumi River south of Chochiwon late Wednesday, while a rear guard detachment held up a dogged, stalling fight. Such a withdrawal at night is the toughest kind of military operation, a headquarters spokesman said.

The retreat to a new defense line was made during two days in the face of overwhelming North Korean forces. The small American unit did a gallant job of trying to stop the Red hordes, he said.

TOKYO, July 12 (AP)—North Korean Communists pushed south with tank-led battalions against Americans in South Korea today. But advance American headquarters claimed the Red had been cut off from their own supply bases by air strikes.

An advancing headquarters spokesman in Korea said the Air Force had isolated the Reds from their own reinforcement bases. However it appeared that the Reds had already built up a formidable amount of power, men and tanks, at the front before the air pounding wrecked their supply routes.

The spokesman described ground action as particularly intense and growing stronger, even against the South Korean forces to the east. The Red drive in the sector held by South Korean units has not been as heavy as against the Americans but there have been some indications it was growing up in power.

The North Korean radio claimed 200 Americans had been killed and 200 captured south of Chochiwon during the Red breakthrough. The report was taken with reservation here. The Red radio also claimed 15 U. S. tanks and five armor cars were destroyed, more than 1,000 automatic rifles, several anti-tank guns and five tanks were captured. The radio did not give (Continued on Page Two)

Local Firm Wins Dispute Over US Wage, Hour Law

Printing Co. Is Not Engaged In Interstate Commerce

An application for an injunction by the federal government against the Celery Printing Company was denied by the United States Federal District Court in Orlando on Monday. W. H. Baker was the presiding judge.

The government contended that the Celery City Printing Company was not complying with the Federal Wage and Hour Law relative to the hours of work and the method of pay to employees.

The government further charged that the Sanford firm was engaged in interstate commerce inasmuch as certain printed materials which were sold to local consumers found their way across state lines.

The court, upon consideration of the testimony, held that the government had failed to prove that the materials printed and sold by the defendant represented interstate commerce.

422 Uncounted Names Shown In Census Recheck

C Of C Endeavoring To Count 3,000 Negroes Gone North

Rechecking of the Seminole County census begun Saturday by the Chamber of Commerce has already revealed 422 uncounted persons in the Sanford area, Lee Leshner, who is in charge of the operation, revealed at a meeting of the board of directors last night.

Covering only Precinct 1 and Precinct 3 which includes the area from Lake Monroe to the Osteen Bridge, with two assistants, Mr. Leshner said he discovered 48 white people and 28 colored in Precinct 1 inside the city and 49 white people and 190 colored in Precinct 3 inside the city who apparently had not been counted.

No report has yet been received from similar checks being made (Continued on Page 3)

County Court Has Handled 241 Cases Since Spring Term

Over 241 cases have been handled by the County Court since the April session, said court officials yesterday. Of this number 161 cases were heard by Judge Douglas Stenstrom in the opening term of summer court yesterday.

Stiffed fines were handed out for operating a motor vehicle while under the influence of intoxicating beverages. They ranged from \$100 to \$150.

Other charges were petty larceny, intoxication, assault and battery, aggravated assault, reckless driving, speeding, and numerous traffic violations.

Broken down over a four month period the 241 cases showed that 101 persons entered pleas of guilty, eight were found not guilty, two were dismissed for lack of evidence, and 15 suits were continued to the October term.

One hundred and fifteen persons were fined for violating the highest fines, persons who were found guilty of driving while drunk had their drivers license suspended for one year.

Absence Of Korean Expert Is Deplored

COOPERSTOWN, N. Y., July 12 (AP)—The librarian of Congress says the United States might have had a better understanding of Korea if Congress had permitted the library to employ an expert on that nation.

Dr. Luther H. Evans said last night Congress had turned him down for the last four years on requests for an expert on the Far Eastern country, "despite the fact I pointed out Congress would be caught short."

Now that fighting has broken out in Korea, he has appealed to President Truman, Evans told 200 persons attending a seminar of the New York State Historical Association.

"If the library had had an expert who understood the topography and language generally, things might have been different," Evans said.

Power To Allocate Scarce Goods May Be Granted To President

NEW YORK, July 12 (AP)—Many businessmen are gun-shy of the words "controls" and "rationing". All of them are keeping an anxious ear cocked toward Washington, as the probabilities of increased military demands on industry, the likelihood of allocations. Some say a new voluntary allocation plan is being prepared. Others are about to ask for a standby law giving him mandatory power to allocate iron and steel, and probably other scarce materials, such as copper, zinc, lumber, and benzene.

Top labor leaders, worried about the direction wartime manpower controls might take, are conferring with the National Security Resources Board. They demand a voice in planning that controls and want an active, not an advisory, part in their execution.

Foreign traders have the jittery every time they think of

J. H. Lee Renamed Hotel Watchman As Chairman Of Demo Committee

Study Is Undertaken Of Voting Machine Plan For Seminole

J. H. Lee, of Oviedo, was elected chairman of the County Democratic Executive Committee last night during a meeting of that group at the Seminole Court House. Mr. Lee has held the chairman's office for 10 years.

Also re-elected to office were president Mr. Ralph Goodspeed and Secretary-treasurer Mayor Andrew Cartaway.

Chairman Lee called on the voting-machine committee for a report on efforts to secure machines for the county's 15 precincts. Committeeman C. A. Wales of Fern Park said the report is not yet completed.

Mr. Lee suggested that there should be voting machines installed in all of the larger precincts first to keep the outlay on money within reach of the committee.

County Clerk O. P. Hendon said that precincts one and three, located in Sanford, would utilize eight machines.

Chairman Lee appointed a committee (Continued on Page 3)

Early Morning Killing Occurs In Lobby Of Pittsburgh Hotel

PITTSBURGH, July 12 (AP)—A hotel watchman, screaming hysterically "I got even, I got even," killed a baker early today as he made breakfast in the lobby of the fashionable Hotel Chesley. Police Lieutenant Nicholas Colgan identified the slayer as 59-year-old Dominick Omrogono, a watchman at the hotel since 1947.

Alfonso W. Moiano, the baker, was killed by a single shot from a 32-caliber revolver. The bullet entered his back, pierced his heart. He died as he dropped an egg yolk into the hot butter.

Five other bullets, fired wildly at Moiano, missed the mark. The empty shells were scattered on the bakery floor. Moiano's body lay in a shallow pool of blood.

Critically injured were Herbert H. Kuntze, 51, hotel night manager, and John Harper, 65-year-old night desk clerk.

Colgan said Omrogono—whose wife also is employed at the hotel, after dinner—admitted (Continued on Page Two)

Saucers Flying In The Night Are Seen At Jacksonville

JACKSONVILLE, July 12 (AP)—Flying saucers or aircraft that look like them—have been maneuvering over Jacksonville the last two nights.

A number of citizens have reported the disk-like objects.

One was Mrs. Toni Veverka, Jacksonville Journal reporter. She said a friend telephoned her early yesterday and that she got up and saw "eight or three of the same ones come back twice."

Early today Mrs. Larnar Ingram, housewife, her husband and son heard aerial noises and got up about 4:15. They reported the same kind of aircraft.

So did Joe Nell, radio station employee. He got up at 4:00 A. M. to see what the noises were. Nell said he saw "three saucers" which seemed to be flying in concentric circles over the Jacksonville-St. Augustine area. They appeared to be about 1,500 feet up and the sound indicated they were powered by jet propulsion."

Food Prices Reach Two Year Record

NEW YORK, July 12 (AP)—The U. S. Department of Agriculture said today that the food price index climbed this week to the highest level since Dec. 7, 1948.

At \$428 it was nine cents above last week and 10.9 per cent higher than the year-ago index of \$385.

However, the current figure is 14.7 per cent below the record peak of \$730 established exactly two years ago.

The index represents the total cost of 31 foods in general use. Higher in wholesale cost this week were wheat, corn, rice, barley, beef, mutton, bellies, lard, cheese, sugar, coffee, cottonseed oil, cocoa, eggs, raisins, steers and hogs.

Lower were oats and lamb.

Enlistment Period In Guard Extended

Col. Maxwell Snyder 124th regimental commander, has granted the local National Guard company an extension until July 17 for enlistments. Capt. David Gatchel announced today. Those from 19 to 35 years of age who are interested are urged to enlist soon in order to attend the summer encampment from July 22 to Aug. 6.

They should contact Capt. Gatchel at 400 West Thirteenth Street or Sgt. Ralph Moran at the Army. The local company will be made up of 61 men and three officers.

Lions Club Is Told Of Tallahassee Meeting

Two Seminole High School boys, Clarence Clause and John Fitzpatrick, were guests of the Lions club at their luncheon yesterday. The boys gave a résumé of their activities while attending the meeting.

Clause told of the trip and organization as well as the legislative action. Fitz gave the schedule of the day and touched on the various officers elected for the State organization.

It was announced that the Board of Directors had set aside every third Friday night for a directors meeting with induction of new members on the following Tuesday.

President Harry Robson presided over the meeting.

Florida Power And Light Company Steps Up Construction Activity

The Florida Power and Light Co. has stepped up its construction activity in the last few months, according to figures and information released today by H. H. Coleman, division manager for Florida Power and Light Company.

Mr. Coleman said that a four-mile extension of power wire from Geneva to Lake Harney Shores and Rest Haven, located on the shores of Lake Harney, has recently been completed. The service was extended to 20 houses. This move, said Mr. Coleman, is expected to stimulate further building in that area.

The division manager also said that lines will soon be extended to Titusville Beach from Willson and have recently been completed to Wekiva River fishing camp north of State Road 46.

Mr. Coleman said that his company has "connected 9,700 new electric services during this year, an increase of 10.4 percent over the 8,744 services connected in June last year."

The manager pointed out that a reliable index to the number

SAFETY COUNCIL

The newly formed Seminole County Safety Council will meet tomorrow night at 8:00 o'clock for the purpose of electing officers. E. J. Houghton, Jr. announced today.

CITRUS COMMISSION

TALLAHASSEE, July 12 (AP)—Arthur Davis of Frostproof was appointed by Governor Warren today as a member of the Citrus Commission, succeeding Tom Turney of Winter Haven, who resigned.

Davis, a grower-member of the Commission, was high man in a recent election held among Polk county growers to nominate a successor to Turney.

PEARL HARBOR, July 12

(AP)—The carrier Philippine Sea left yesterday.

Navy public information officers declined to give the ship's destination, but indicated she was on a training exercise.

They said the escort carrier Sicily, which arrived Monday with warplanes for the Korea fighting front, was still in port.

SOCIAL SECURITY

The Social Security Administration field office located in Orlando announced today that its representative will be in Sanford at the Court House on the second floor on Friday, July 21, between the hours of 9:30 A. M. and 12:00 noon.

TODAY'S BIBLE VERSE

God has countless blessings he wants us to enjoy. There is no limit to the love and kindness of Jehovah forever.—Psalm 84:1.

England has sent Russia a request to please help stop the Korean war, Yeah, and not to start another one somewhere else.

Our present Korean difficulties seem to be another case of being too late with too little. Do democratic nations always have to be in that predicament?

About 400 Floridians will be drafted by Sept. 30, about 20,000 Americans. But if Russia gets into the conflict, such preliminary estimates will be thrown out of the window.

We hear a lot about what America has done since the end of the war to restore war-ravaged Europe. Today we read where England has spent \$2,520,000,000 on such projects outside of England herself.

Remember "Avalon," "California, Here I Come" and "Sonny Boy," to popular 25 years ago. George (Buddy) de Sylva, who wrote them, died in Hollywood yesterday of a heart attack at the age of 44.

Mostow reports that the United Nations is losing prestige in Russia on account of its stand on the Korean situation. We are surprised to learn that it had any prestige in Russia to lose.

The House of Representatives has killed President Truman's proposed Department of Health, Education and Security, not because they don't like public health, but because they don't trust Oscar Ewing.

Socialists of Western Germany. Socialists, mind you, charged yesterday that the Russians have taken more than \$60,000,000,000 (60 billion) worth of goods, food and machinery out of Germany since the end of the war, and moved it to Russia for the benefit of the Russian people. That's the Point Four program, Russian style.

How do you like the crime news coming out of Washington which shows that Florida is the headquarters for the leading criminals in the United States? How do you like the tie-in between the Sicilian Black Hand, the Mafia, and the Tampa Botia racket? The way to get an end to such conditions is to elect honest public officials.

Communist newspapers in East Berlin are reported as carrying editorials urging East Germans to elect markers over bomb-ridden Germany blaming Americans. The "Neues Deutschland" suggests they be labeled, "These houses were destroyed by American terror bombers. Fight the war mongers." Next time it might be better to let the Germans whip the Russians.

The best cost of living has gone up again. Hog prices in Buffalo at 25.50 a hundredweight hit the market peak in two years and good beef went up two cents a pound. Pork up five to six cents, and live-lamb taking companies have raised bread prices a cent a loaf. All of which serves to emphasize the unfairness of the government price support policy under which the consumer never gets a break.

Remembering how unscrupulous the Russian democrats are for the good situation today is the assurance that these Russian democrats have been invited (and are going to attend) the World Peace Conference on atomic energy in London. The next step is to get the development of atomic energy will be decided by the Russian democrats.

To use to and between and between and on the back of the time of the Russian.

There are about 200 million people in the world who are still in the dark ages of the Middle Ages.

There are about 200 million people in the world who are still in the dark ages of the Middle Ages.

There are about 200 million people in the world who are still in the dark ages of the Middle Ages.

Our Finest Hour

Now that American soldiers are undertaking, as agents of the United Nations, to guarantee the independence of the Korean Republic, many Americans are beginning to wonder just what sort of a place Korea is, what sort of people live there, what kind of lives they lead, and why it is so important that they be protected against Communist expansion.

Korea's history as a sovereign state began in the twelfth century B. C. when our ancestors were still barbaric tribes. Since then the Koreans have generally preserved a precarious independence, defending it, not always successfully, against the vast Chinese Empire, the small but increasingly powerful Japan, and, in the last century, an aggressive Russia. Through their long history they have developed a rich and remarkable culture. Their literature, written in the Chinese language, has been especially distinguished, particularly in the fields of poetry and history. Their government has been, as in China, traditionally run by scholars. Education was based upon the Chinese model, dealing primarily with ancient Chinese classics until the Japanese annexed the country in 1911. Attempts were then made to westernize the educational system, but the people of the country have clung to their ancient ways.

In religion particularly they refused to be molded by the Japanese. The Korean upper classes have been disciples of Confucius since early in the Christian era, but the common people are primarily Buddhists with the beautiful shrines and the colorful pagodas of this religion and its profession of the equality of man and woman particularly appealing to them. The peasants also cling to their rich and ancient folklore and mythology. Japanese attempts to inculcate Shintoism and the worship of the Japanese emperor were not widely successful. As for Christianity, Western missionaries have been more successful in Korea than in any other Eastern country. They have established hundreds of schools throughout the country, several universities, and made over 500,000 converts.

This, then, is the past of Korea. What is its future? In huge granite mountains contain coal, iron, and copper in large quantities. Its short rivers provide many opportunities for the development of water power. There seems to be there a great field for President Truman's Point Four Program of economic aid. Korea is a potential land of new opportunities in the East, a land of some 27,000,000 persons where the experience of the West, both in politics and economics, can be utilized to prove to great masses of Orientals that it is in Western constitutional democracy, not in dictatorial and imperialistic Communism, that the great promise of the future lies. This is the importance of Korea.

When our country, faced with a clearcut situation of aggression by the well-armed and well-trained army of a police state against a weak, almost defenseless, country honestly seeking to model its politics on Western democracy and led by Dr. Syngman Rhee, a Christian gentleman and a disciple and former student of Woodrow Wilson, the United States took a bold stand, a two-fold stand to defend the integrity of small nations against the aggression of the mighty, and to uphold and protect those peoples who are seeking to find their salvation in democratic government rather than in the class hatred and ruthless revolution of Communism. This is truly, as our Secretary of Defense said, our finest hour.

Overplaying Crime

Judge Lewis-Drucker of the Municipal Court of Cleveland, certainly in a position to see the seamy side of his city, thinks too much publicity is given to youthful delinquency in particular and to crime in general. He says:

"We need no Pollyanna philosophy and artificial optimism to portray the average home. It would be healthier if we would reaffirm our faith in the well-being of our community." He adds: "Unusual crimes or shocking outbreaks of youth are allotted front page space. The reader might conclude that all our inhabitants are wicked and all our boys and girls headed for the juvenile court."

Judge Drucker would like to have newspapers realize that publicity in papers and radio of a single shocking crime often produces an epidemic of such crimes. The first story gives the idea of imitating it to some ill-balanced mind. After two or three are reported, youths tend to think that kind of thing normal and glamorous and off they go. The Judge does not like to see all blame laid on parents, either, leading the young to think they can get away with anything and blame it on parents or society.

Too much attention to shocking crimes certainly gets a community to thinking in criminal terms. It is true that the abnormality of such infringements of moral and civil law should be emphasized. But to publish the facts of crime would be dangerous. The community needs to know when, where and by whom misdeeds take place. False security would be engendered by lack of such knowledge.

The great number of citizens and homes are sound, good and constructive; the great number of young people are growing up admirably. Crime, like disease, is an abnormality. Its existence must be recognized in order that it may be studied, the causes removed, and the disease treated and if possible cured.

For Men Only

Reams and reams of material have been written, directed toward the Little Woman, telling her all the things she does wrong in handling you, all the ways she can improve her marriage. Lo, the poor woman! The troubles and errors aren't all hers, and she resents the one-way street a happy marriage is so often reputed to be. She's beginning to think you men should be told a few of the things that you can do to make happiness a mutual responsibility. Here are just a few of the most common criticisms wives have to make of their otherwise-perfect mates.

- 1. You don't notice things. She appears in lovely new dress, says, "How do you like it?" and you reply, "Like what? Your new hair-do?"
- 2. You don't seek her companionship. She wants to share some of your recreation, your free moments—and she wants you to talk to her as an intellectual equal occasionally. "That's easy enough," you agree. Yes, it's easy to do—but equally easy to forget.
- 3. You resent any outside interests she may have. This shortsighted policy naturally results in trouble if she humors you, she may become a clinging-vine shadow (very dull) or a resentful stay-at-home (very hard to live with). Remember, a wife with outside interests can add spice to your life.

True, these criticisms deal with "little" things, but these are the tremendous trifles that can make or break a marriage. Maybe they don't apply to you at all, but if they do—well, you take it from there.—June Johnson in Your Life.

THE WORLD TODAY

By DeWITT MacKENZIE, AP Foreign Affairs Analyst

Most of us, I imagine, are reading the war news from Korea with mixed emotions—with vast pride in the gallant job being done by our boys against tremendous odds, but with grave anxiety over how long it may take to provide sufficient troops and equipment to overcome those odds.

We are agreed, I hope (for if we aren't we ought to be), that this is exactly the situation which we should expect in this early stage of the operation. Under huge handicap we are undertaking to counter the carefully planned aggression of a powerful and well-trained army, fully equipped with up-to-date weapons by the Russians.

Therefore, being forewarned, we accept with regret but understanding resignation when we are told that the North Korean Communists have flung the American line back in the strategic Kum River region of South Korea. It was a blow of great strength, powered by the armor and flamethrower tanks, some of which were 60-ton giants.

Korean maps are a bit confusing, I'm afraid. But we can sum up the position roughly by pointing out that the Kum River has been the Yanks' major defense line north of the city of Taegun—central South Korea—which has been a U. S. field headquarters. General MacArthur gave us a useful interpretation in his communique yesterday, when he said: "American forces are continuing their action to stabilize the situation by stopping the North Korean offensive above the Kum River."

That's it—a stabilizing operation. And that's the sort of thing which we must expect to continue for a long time while we are mobilizing military strength and getting the cat into the fighting front in Korea. Our men will meet with many crises like the present one while reinforcements and equipment are being rushed from distant points to South Korea.

For the time being, the odds are not so good. But we can't take 100 to one odds without ammunition. A 100 to one odds is a 100 to one odds. Well, in the last few weeks, the while additional troops and the staff are arriving in South Korea, we are going to encounter some tough going. However, we must accept this as the fighting line at this stage. Every fighting unit we can get, every piece of equipment we can get, every man we can get, we must get to the front as fast as we can.

Two U. S. representatives—L. Mondel Rivers and Joseph R. Bryson—won renomination. Rep. James B. Hare faced a runoff with former Rep. W. J. Bryan Dorn and Rep. Hugo S. Sims, Jr. faced a runoff with former Rep. John J. Riley. Neither had a major.

Rep. James P. Richards and John L. McMillan were unopposed and automatically renominated.

ELKS SUPPORT. MIAMI, July 12.—(AP)—The Elks voted unanimously today to raise more than \$1,000,000 annually to support the nation in the event of war.

Delegates attending the 56th national convention stood up and cheered the decision for several minutes.

The resolution gave the grand lodge the authority to levy a tax of \$1 per year per member to finance Elks support of the nation in the event that the international situation required it.

Parasite is a weed infesting onion fields.

South Carolina Democrats Make Byrnes Governor

Johnston Triumphs Over Thurmond By 10,000 Votes

COLUMBIA, S. C., July 12.—(AP)—James F. Byrnes will be the next governor of South Carolina, and Senator Olin D. Johnston will go back to the U. S. Senate.

South Carolina Democrats decided that yesterday. In this state the nomination is equal to election.

The 71-year-old Byrnes, former secretary of state and Supreme Court justice, easily triumphed over Thurmond, Thurmond's three opponents.

With primary returns in from most of the state's 1,572 precincts, the former assistant president, 61, defeated Thurmond, 53, by a 10,000-vote margin.

Johnston defeated Governor J. Strom Thurmond, 1948 States Rights Democratic presidential candidate.

Nearly complete returns gave Johnston 189,026, and Thurmond 142,362. Johnston, 53, had declared his loyalty to the national Democratic Party against Thurmond's charges the Senator "ran out" on the state Democratic Party.

The Johnston-Thurmond county-to-county campaign tour saw each castigate the other from the platform. Johnston once called the governor a liar and Thurmond offered to meet him outside. Nothing happened.

Each said he believed in a better, better little band of GI's sprawled in exhaustion on a sunny Korean hillside this afternoon—wary survivors of one of the most savage battles fought by Americans in the Korean war.

Their bitterness was more pronounced than their exhaustion, which was almost complete. They talked of excitements and indignations. A spy, who had been shot, was being carried to the rear.

"You don't fight two tank equipped divisions with 30 caliber carbines. I never saw such a useless damned war in all my life."

Blither though they were, the GI band had fought a gallant defensive action against tremendous odds.

Two days ago this handful of soldiers was part of a sizeable unit in a morning-long battle with North Korean tanks and troops yesterday they were whittled down.

Many of the original group still are in the hills after a plunging rush from their encircled positions. But many of them—wounded and dead alike—are in North Korean hands or territory.

The battle began two days ago when the unit pushed off to attack the Red who were battering another American outfit. The unit moved up and dug in.

"We stayed there until midnight," said Lt. Edmund Jaross of Columbus, Ga. "They were able to draw to our original position with the idea of fooling them."

But the smart Reds who had been mortared into the position had a trick, too. While their mortar batteries bombarded the American Red infantrymen, the Americans returned to their original position they had to fight Communists in the dark for their own footsies.

The Red assault began yesterday at about 5:30 A.M. The Communists rode ghostlike out of a deep ground fog. Their first shots clipped the eaves of a bugle call.

Korean War

(Continued from Page One)

The highway between the front and the Communist supply bases was described as a stream of wreckage littered with burning vehicles and blasted bridges which the spokesman said, "isolated" the battlefield.

Two Yak-3 Russian fighter planes shot down an American liaison plane in the western sector but the pilot and observer crash landed inside their own lines and were not badly hurt.

The Communist drive called relentlessly tanks. Including 60-ton Russian main crushers, crushed American positions.

A European war veteran, Tony Bishop of Quilman, Miss., said some of the Red armor looked like German Tiger tanks.

General MacArthur, in a communique covering fighting some 24 hours earlier, said late tonight that strong North Korean pressure "may compel further withdrawals behind the Kum River" defense line.

MacArthur's communique, issued at 11:30 P.M. (8:30 A. M. EST) said U. S. units are "now delaying the enemy advance in positions astride the highway six miles north of Chochiwon."

Later dispatches from the battle front said Chochiwon had been taken by the Communist forces and Americans had retreated.

Red pressure against South Korean forces fighting between Chongju and Umsong northeast of the main battle area "has resulted in a planned withdrawal to defense positions along the Po-gang River," MacArthur said.

A North Korean force was reported to be attempting a crossing of the Han River at Taungju, about 25 air miles east of Shungju.

The fifth North Korean division was reported moving east of Chongju (Nac-11), nine miles west of Taungju and south of the Han River. It apparently was seeking to outflank South Korea's eighth division.

The communique said the fifth North Korean division now holds Chongju "as elements of that unit are probing south towards the positions of the sixth republic of Korea division on the vital highway to Hamchang and Kumchun, 10 miles south."

WITH AMERICAN FORCES IN KOREA, July 12.—(AP)—A bitter, heated little band of GI's sprawled in exhaustion on a sunny Korean hillside this afternoon—wary survivors of one of the most savage battles fought by Americans in the Korean war.

Their bitterness was more pronounced than their exhaustion, which was almost complete. They talked of excitements and indignations. A spy, who had been shot, was being carried to the rear.

"You don't fight two tank equipped divisions with 30 caliber carbines. I never saw such a useless damned war in all my life."

Hotel Killing

(Continued from Page One)

shooting the three men. "I shoot them," the police lieutenant quoted Ombrasso. "They caused me trouble. They always make faces, make' lot of smart remarks about me, I get even, I get even."

Ombrasso is to be arraigned today on a homicide charge. The Schoney, ornate and imposing, one of Pittsburgh's finest residential hotels and the home of many of the Steel City's leading citizens, is located near the University of Pittsburgh and Foster Field. This is the Oakland section, the center of the city.

Most of the guests were in bed when the shooting began. A few conversed in the sedate gold and marble appointed lobby. The hotel's night employees were busy with routine tasks. Kunde sat at his desk in the center of the lobby, reading.

Collins, reconstructing the shooting, said Ombrasso killed Moran in the basement. He reloaded his revolver, dashed upstairs through the hotel ballroom and into the lobby.

Kunde was the second target. Collins said the watchman, yelling wildly, rushed up to the night manager, shot him three times in the face, neck and shoulder.

Seconds later, Harper was struck by two bullets in the face and neck.

Then Ombrasso, still grinning incoherently, pulled the trigger twice more, the bullets ricocheting off the marble lobby walls.

At this point Collins, accompanied by Patrolman John James, came in.

The police lieutenant said Ombrasso jammed his pistol into the hands of the watchman, finally subdued him.

Hotel porter Raymond Snowden, standing at his station 20 feet from Kunde's desk, recounted: "Ombrasso came out of the ballroom, waving a pistol, shouting and waving a pistol."

"Kunde was sitting with his back to the door, reading at his desk. The watchman grabbed him by the shoulder and spun him around on the swivel chair. Then he fired three times into his face."

"Ombrasso then ran behind the desk, to Harper who was talking on the telephone. He fired at him at least twice. Harper dropped the receiver and fell behind the desk. By that time I was running for the door."

An unidentified woman guest, sleeping in a first floor room above the lobby, said: "I sounded like the Fourth of July. I was afraid to leave my room."

"Kunde, though bleeding, bravely struggled to his feet and slipped out of the lobby. He made his way to an elevator and was found by police in a seventh floor room being treated by a doctor."

One one-hundredth pound per acre of parathion was found effective against arctic mosquitoes when sprayed from a plane.

Progressive Party Attacks Truman's Fascist Policies

TALLAHASSEE, July 12.—(AP)—The Florida Progressive Party today denounced the immediate withdrawal of American armed forces from Korea and U. S. Naval forces from the Formosa area.

John M. Coe of Pensacola, state chairman of the party, said resolutions condemning American action in Korea, political trials and loyalty oaths were adopted at an executive committee meeting in Tampa July 8.

The resolution declared the Truman Administration "has a record in Korea as a protect of interlopers in the internal affairs of the Chinese people and constitutes a menace to civilization in bringing closer the threat of a suicidal war."

The action, the party resolution declared "has effectively destroyed the United Nations."

The resolution demanded the immediate cessation of hostilities by U. S. forces against the Korean and condemned the handling of Korean civilians.

In a separate resolution the Progressive Party condemned what it termed the "growing pattern of Fascist repression manifested by political trials, loyalty oaths, oppression of minority and other anti-democratic methods of thought control in an effort to eradicate all opposition to the warlike policies of Truman and the military."

The police lieutenant said Ombrasso jammed his pistol into the hands of the watchman, finally subdued him.

Hotel porter Raymond Snowden, standing at his station 20 feet from Kunde's desk, recounted: "Ombrasso came out of the ballroom, waving a pistol, shouting and waving a pistol."

"Kunde was sitting with his back to the door, reading at his desk. The watchman grabbed him by the shoulder and spun him around on the swivel chair. Then he fired three times into his face."

Social And Personal Activities

Telephone 148

Social Calendar

WEDNESDAY
The regular prayer meeting service of the First Baptist Church will be at 8:00 P. M.
Special communication of Sanford Lodge No. 62, F. & A. M. will be held at 8:00 P. M. The master degree will be conferred. All master masons are urged to attend.
Under the sponsorship of Beta Sigma Phi sorority, the receptionist at the Fernald-Laughton Memorial Hospital will be Mrs. E. J. Routh.
Prayer meeting will be held at the Presbyterian Church at 7:30 P. M.

FRIDAY
The Sanford Townsman Club will meet at 8:00 P. M. at the Tourist Center. Everyone is invited.

Wesley Daughters Hold Regular Meet

The Daughters of Wesley Sunday School Class of the First Methodist Church held its regular business and social meeting at the home of Mrs. Thomas L. Sullivan on Cameron Avenue Monday evening in the form of a supper. On arrival of the guests Mrs. Sullivan conducted a tour of the gardens, following which the hostesses Mrs. Sullivan, Mrs. John Price, Mrs. Lida Stall, Mrs. Brodie Williams, Miss Vera Woodcock and Miss Alice Chapman served supper in the spacious dining room in buffet style. Centering the table was a lovely arrangement of roses. Throughout the house Mrs. Sullivan has several arrangements of extra and mixed summer flowers.

During the business meeting conducted by Mrs. M. R. Strickland, class president, Mrs. S. A. Shiholzer gave the devotional using as her theme "Secret of Happy Living". The courtesy chairman reported that five cards and two bouquets had been sent to ill members.

The class voted to buy three tables to be used for dining for McKinley Hall.

Mrs. Shiholzer was elected as class teacher and Miss Ruth Hand

Plans Are Announced For Chapman Rites

Plans were announced today for the marriage of Mrs. Martha Chapman, daughter of Mr. and Mrs. B. E. Chapman to John Alvin Kilpatrick, son of Mr. and Mrs. E. G. Kilpatrick of Sanford.

The wedding will take place July 19 at 5:00 P. M. at the First Methodist Church with the Rev. J. E. McKinley officiating. No formal invitations are being issued but all friends of the couple are invited to attend.

Miss Barbara Chapman, sister of the bride to be, will serve as maid of honor, and William Kilpatrick, brother of the groom, will act as best man. Ushers will be Laurier Board, George Chapman, Bobby Jones and Bob Kilpatrick.

A program of musical music will be given by Mrs. J. L. McEwan, organist, and Roger Harris, soloist. The reception will be held in McKinley Hall immediately after the ceremony.

Personals

Mrs. M. C. Stone is spending a three weeks' vacation with her parents in Bellwood, Ala.

Mr. and Mrs. G. D. Crockett of Jacksonville are visiting relatives in Sanford and Lake Mary.

Mrs. W. J. Stouendire is spending a few weeks in Jacksonville with relatives and friends.

Miss Tommy Methvin is returning today from Salt Springs, Fla. where she has been for the past two weeks.

E. E. Anderson, manager of the Mather Furniture Store, is attending the Furniture Mart in High Point, N. C. this week.

Mrs. E. E. Anderson and daughter Eugenia are spending a month's vacation in points in Pennsylvania and New York State.

Fidels Meet With Mrs. Evans McCoy

Mrs. Evans McCoy was hostess at her home on Palmetto Avenue last night for the meeting of the Fidels Class of the First Baptist Church with Mrs. P. L. Woodruff, Jr. as president.

Mrs. E. H. Cordell presented the devotions and reports of the various officers were given. It was announced that two members are ill. Mrs. J. M. Moye is confined to the Atlantic Coast Line Hospital in Waycross, Ga. and Mrs. L. L. Osborne is in Florida Sanatorium in Gainesville. Cooper reported on the cards and flowers sent to ill members and their families during the month of June.

The group decided to buy toys for the Beginner's Nursery at the church and Mrs. Peter Knudsen made a gift of \$5 toward the project. Mrs. V. C. Messenger volunteered to purchase the toys. During the social hour several amusing games and contests were enjoyed under the direction of Mrs. D. K. McNair. Prizes were presented to Mrs. McCoy, Mrs. Miriam Vineup and Mrs. John Miller.

Late in the evening refreshments were served to the following:

Mrs. F. E. Gatchell, Mrs. Woodruff, Mrs. Miller, Mrs. Cordell, Mrs. A. L. Thomas, Mrs. J. P. Phillips, Mrs. H. M. Pearce, Mrs. Vineup, Mrs. McNair, Mrs. Meyers, Mrs. Cooper, Mrs. L. F. Garner, Mrs. Knudsen, Mrs. S. C. Graham and Mrs. McCoy.

American Bustline Comes Into Its Own

By DOROTHY ROE
Associated Press Fashion Writer
NEW YORK, July 12.—(AP)—The American bustline comes into its own again in the preview of fall fashions being staged this week for the nation's press.

Mae West pockets are the device adopted by Pauline Trigere to accent Hollywood's favorite curves. These are distended pockets placed strategically just above the bustline for added illusion. Soft drapery also is employed for this purpose by practically all designers this season, many of whom use in addition the "illusion" neckline on evening gowns. This is the starting device of a pleated frill which ascends petal fashion from the waistline and apparently is all there is to the bodice. The illusion is that there is an invisible bra-top beneath it, to keep matters decorous.

Miss Trigere shows also the

Pilots Enjoy Picnic At 'Time And Tide'

"Time and Tide", summer home of Mrs. Mary Rawlins for the scene last night for a picnic for members of the Pilot Club and guests. Mrs. Rawlins was assisted in entertaining by Mrs. A. H. Peterson.

Swimming and contests were enjoyed with prizes being awarded to Mrs. E. M. Ball and Miss Cecile Heard.

A picnic supper consisting of chicken pilau, string beans, cold slaw, cherry pie, hot rolls and iced tea was enjoyed by those present. B. E. Chapman invited the club to his daughter's wedding on July 19. She also asked the cooperation of the members in the coming season in response to a letter from the Chamber of Commerce.

Those enjoying the picnic were: Mrs. Chapman, Mrs. Ruth Scott, Mrs. R. C. Maxwell and grandchildren, Sally and Al King, Mrs. E. H. Langley and daughter, Mrs. L. C. Russell of Columbia, S. C., Mrs. W. W. Bitting, Mrs. M. L. Raborn, Sr., Mrs. A. F. Hunt, Mrs. John L. Clark, Mrs. O. W. Touchin, Mrs. George Hardin, Mrs. A. O. Jarrell, Mrs. J. P. Hall, Mrs. E. H. Randall Jr., Mrs. Nancy Brock, Mrs. Bill, Mrs. Z. B. Ratliff, Mrs. Peterson, Mrs. Rawlins, Mrs. V. C. Messenger, Mrs. W. E. Holthead, Mrs. Maud Hamway and Miss Charlotte Smith.

Lake Mary

H. T. Russell left Thursday for Horton, Kan. He expects to visit his sister there for three weeks and they will be joined by his brother from California.

Mr. and Mrs. Millard Rice were the guests of their relatives in Tampa from Saturday through Wednesday.

Rev. and Mrs. C. H. Dobbins of Crown Point, Ind. are conducting a tent revival in connection with the Church of the Nazarene. He is preaching and she is both a musician and a chuk artist. The services are scheduled to continue through July 16.

Mr. and Mrs. C. P. Brasington have as their guests, their son and daughter-in-law, Mr. and Mrs. E. T. Brasington and four sons, of Cincinnati.

The Henry Russells entertained their parents, Mr. and Mrs. H. T. Russell at their Daytona Beach home last night. They were accompanied by Mrs. J. P. Anderson and Mrs. W. W. Bitting, Mrs. M. L. Raborn, Sr., Mrs. A. F. Hunt, Mrs. Russell Anderson and Mrs. David Anderson.

After a vacation spent with relatives in Georgia, the J. L. Hobbs are home again.

R. E. Franklin, his daughter Mrs. Lida Hedrick and son Frankie of Daytona Beach spent July 4 visiting friends in Jacksonville and St. Augustine.

Mr. and Mrs. Richard W. Knogh of Gainesville were guests of the holiday of their parents. Other visitors at the H. M. Gleason home are his sister and children, Mrs. Elmer Fadden and Alice, Allen, Bill and Anne of Potsdam, N.Y. They expect to be here a week. All of them, some eleven in number, spent the Fourth at Daytona Beach.

Mr. and Mrs. Everett Dix who have been at Holly Hill have returned to the home of her parents, the R. E. Trues.

Allen and Alice Fadden and friend, Cecelia R. Dupuis of Potsdam, N.Y. left Saturday for a tour of southern Florida. They are the guests of the H. M. Gleasons.

Mrs. E. J. Humphrey and children, Larry and Linda, who have been visiting relatives in South Carolina, returned recently.

The P. D. Andersons had as their guests over the weekend his parents, Mr. and Mrs. Edward McGonaghy of Clearwater.

Mr. and Mrs. Al Bryant, Jr. of Jacksonville are the proud parents of a son, born at the Fernald-Laughton Memorial Hospital July 10.

Dorothy Lee returned Sunday night from a visit with her grandparents, Rev. and Mrs. S. J. Grady, who are now living in Stucke.

Mrs. J. L. Humphrey and daughters, Jennine and Sandra Lee, who have been visiting relatives in West Virginia are at home again. Spending Friday with relatives in Gainesville and Ocala were the H. M. Gleasons, Mrs. J. L. Hobbs and daughter Mary Grace, Mr. Gleason's sister, Mrs. Elmer Fadden and children, Allen, Bill, Alice and Annie and a friend, Cecelia R. Dupuis, all of Potsdam, N.Y.

Mr. and Mrs. Roy L. Howell, Jr. and son Milton were called to Ocoee, Fla., Saturday night, due to the illness of her father.

The F. G. Lees have as their guests, her brother and sister-in-law, Mr. and Mrs. Charles Chestnut of Indian Creek, Fla.

Rev. and Mrs. C. H. Dobbins of Crown Point, Ind. are conducting a tent revival in connection with the Church of the Nazarene. He is preaching and she is both a musician and a chuk artist. The services are scheduled to continue through July 16.

Mr. and Mrs. C. P. Brasington have as their guests, their son and daughter-in-law, Mr. and Mrs. E. T. Brasington and four sons, of Cincinnati.

The Henry Russells entertained their parents, Mr. and Mrs. H. T. Russell at their Daytona Beach home last night. They were accompanied by Mrs. J. P. Anderson and Mrs. W. W. Bitting, Mrs. M. L. Raborn, Sr., Mrs. A. F. Hunt, Mrs. Russell Anderson and Mrs. David Anderson.

After a vacation spent with relatives in Georgia, the J. L. Hobbs are home again.

R. E. Franklin, his daughter Mrs. Lida Hedrick and son Frankie of Daytona Beach spent July 4 visiting friends in Jacksonville and St. Augustine.

Mr. and Mrs. Richard W. Knogh of Gainesville were guests of the holiday of their parents. Other visitors at the H. M. Gleason home are his sister and children, Mrs. Elmer Fadden and Alice, Allen, Bill and Anne of Potsdam, N.Y. They expect to be here a week. All of them, some eleven in number, spent the Fourth at Daytona Beach.

Mr. and Mrs. Everett Dix who have been at Holly Hill have returned to the home of her parents, the R. E. Trues.

Allen and Alice Fadden and friend, Cecelia R. Dupuis of Potsdam, N.Y. left Saturday for a tour of southern Florida. They are the guests of the H. M. Gleasons.

Mrs. E. J. Humphrey and children, Larry and Linda, who have been visiting relatives in South Carolina, returned recently.

The P. D. Andersons had as their guests over the weekend his parents, Mr. and Mrs. Edward McGonaghy of Clearwater.

Mr. and Mrs. Al Bryant, Jr. of Jacksonville are the proud parents of a son, born at the Fernald-Laughton Memorial Hospital July 10.

Dorothy Lee returned Sunday night from a visit with her grandparents, Rev. and Mrs. S. J. Grady, who are now living in Stucke.

Mrs. J. L. Humphrey and daughters, Jennine and Sandra Lee, who have been visiting relatives in West Virginia are at home again. Spending Friday with relatives in Gainesville and Ocala were the H. M. Gleasons, Mrs. J. L. Hobbs and daughter Mary Grace, Mr. Gleason's sister, Mrs. Elmer Fadden and children, Allen, Bill, Alice and Annie and a friend, Cecelia R. Dupuis, all of Potsdam, N.Y.

Mr. and Mrs. Roy L. Howell, Jr. and son Milton were called to Ocoee, Fla., Saturday night, due to the illness of her father.

The F. G. Lees have as their guests, her brother and sister-in-law, Mr. and Mrs. Charles Chestnut of Indian Creek, Fla.

Mr. and Mrs. A. F. Kemp drove

Underworld leaders get together in a scene from MGM's "The Asphalt Jungle," with Sterling Hayden and Louis Calhern, showing on the Ritz Screen Thursday and Friday.

to Lake City Friday afternoon to see her parents. Mrs. Stevens, who has been confined to the hospital, has been brought home. Mrs. Kemp is remaining several days while Mr. Kemp returned Sunday.

Youngsters especially will enjoy Peanut Butter and Honey Toast for breakfast, lunch, or for an afternoon snack. To make them blend two tablespoons of peanut butter with an equal amount of soft butter or margarine and a tablespoon of sugar; spread on five slices of toasted bread and toast again under the broiling unit. Cut each slice into strips and serve immediately.

Mr. and Mrs. R. A. Tuttle of Orlando, formerly of Sanford, today announced the birth of a son, Robert Allen Jr., 9 pounds, and 1 slice into strips and serve immediately.

Sanford, Lake, And Levy Tear Gainesville Apart, 8-2

Big Ed Blasts Twin Set Of Home Runs; Triple Play Made; Lake Gathers Win

By BILL HERING
Herald Sports Reporter
The Sanford Giants looked like anything but a second division ball club last night when they tore into the Gainesville G-Men for an 8-2 victory.

Veteran Buddy Lake went the route for the locals ending their three game losing streak and being his own record up to nine wins and four losses. The reliable work-horse gave up nine hits and two walks, while striking out two.

Buddy was saved from a ton of trouble in the fifth inning when the G's loaded the sacks with one out. He forced Emmerich to hit in to a double play, however, to put the damper on the visitors' last serious scoring threat.

Big Ed Levy had a field day at the plate gathering his 24 and 22 round trappers of the season. His fifth inning blast came with none on the sacks, but his repeat in the sixth brought in Marcel Poelker who was camped on third.

Manager Levy's first circuit clout appeared to be the longest he has hit this year. It cleared the clubhouse behind the left field wall for an estimated distance of 400 feet.

The Giants pushed four tallies across the plate in the fourth frame on one hit. Two walks and two errors setting the stage for Lake's double to left-center.

The locals final run came in the seventh which, incidentally aside from producing a triple play, proved to be one of the weirdest innings of baseball seen this far at MHP.

Balley led off with a double to left field and advanced to third when Lake was safe at first on an error. Poelker, the next batter, hited scoring Balley and sending Lake to second. Chadderton reached first via the error route, loading the sacks.

Hafenecker swinging on a 1-3 pitch to left-center, hit short right field. Roberts started in from the pastures and snagged the ball for the first out. He threw to home in time to catch Lake who was attempting to score for the second out.

The ball was then tossed back to the mound where the pitched stood waiting for the next batter. Manager Charlie Brewster coming charging in from short-stop, hit second later holing for the game to be tossed to second base.

Both Poelker and Chadderton, in a play that was vaguely reminiscent of the Duffy Dodgers of the '20s, were both camped up the Keystone sack.

Chadderton broke for first and was trapped in a run down when Poelker decided to cut loose. He hit home. Second baseman Foster seeing Poelker advancing on the platter (try to home to chop him down ending the inning).

The locals take on the Orlando Senators tonight in what should prove to be one of the best battles seen so far at MHP. The doubleheader is scheduled to start at 6:30. Manager Levy is expected to give the hurling task to Edington and Stevens.

DIAMOND DUST—The fleet footed Giants stole three bases . . . Levy missed stepping on home plate after his second homer. . . Chadderton's recovery of Tomek's bobbled liner in the 4th was easily the play of the night.

Poelker now leading off the locals . . . will Buddy ever stop hulking?

TO BEAT SAINTS
DAYTONA BEACH, July 12—A bad throw to first base by St. Augustine Catcher Nick Baraso allowed Jack Healey, who had a lead off home run, first in a series of the 12th inning to give the Senators a 6 to 5 win over the Sanford Giants.

Sanford took five runs in the 12th inning when they held

Schoendienst's Blast In 14th Defeats American Loop Champs

CHICAGO (AP)—Willow Red Schoendienst powered a Fed Gray home run ball into the upper left field seats in the 14th inning yesterday to snap American League all star domination with a tinging 4-3 National League victory.

Top drawer pitching by New York's Larry Jansen and the lean Cincinnati whip, Ewell Blackwell, sent the crowd of 46,127 home babbling about one of the finest games in all-star history.

Saved by a back-to-the-wall catch by Chicago's Andy Pafko on Yankee Tiger (Henrich in the 12th, the National Leagueers clawed back for their first win since 1944 in this first extra inning "dream" game. The slugger now stands 12-5, still in favor of the now vanquished Americans.

What looked like a routine decision of the 3-5 favored American team turned into a dog-eat-dog battle after Ralph Kiner tied the score with a lead off homer off Detroit's Art Houtteman in the 11th.

With the Phil's brilliant reliever, Jim Koussandy, and Jansen and Blackwell in control, the Americans never threatened after they took the lead with two runs in the seventh and 14th innings—in this 3-hour-19 minutes marathon struggle.

It was a game of sudden contrasts. All National in the first innings, all American in the middle and all National at the climax, with Koussandy, Jansen and Blackwell making the big names of the American look like sandlot kids.

Black and forth went the lead until Schoendienst's "tingling" blast sent the boys streaking for trains and airplanes to take their home.

Enos Slaughter of St. Louis, "the replaced man", opened in the 11th, and all National at the climax, with Koussandy, Jansen and Blackwell making the big names of the American look like sandlot kids.

Jiffy Jet Will Compete Tonight At Volusia Track

DAYTONA BEACH, July 12—(Spl.)—Jiffy Jet, who ranks next to world's champion Real Huntsman, as the outstanding Volusia County greyhound, goes to the post in the feature ninth race at the Volusia County dog track tonight to compete against seven of the country's fastest routers.

Mrs. O. Z. Ferrell's sensational speedster will have to use all her speed and track skill tonight to keep ahead of such as Eager Baby, Rocket Roller, Karlock, River's Edge, Trim Trick, B's Star and Denied.

To date Jiffy Jet's record reads like a greyhound success story. In 12 starts she has landed in the money 12 times. She has chalked up six wins and come in second five times, which means that she has been a factor in eleven quinelas. Just once did she drop to third, and that was soon after the summer racing meet started, when she was outfooted by B's Star and Monon.

The purses earned by Jiffy Jet since June 3rd total \$1,157.00.

Of the six greyhounds that have beaten Jiffy Jet this season, three of them are included in tonight's set-ups. They are Stephen Srigitt's Eager Baby, Mrs. M. A. Haugh's Denied and B's Mar, owned by Harvey Houde, Rocket Roller, also owned by Mrs. Ferrell, is certainly capable of adding his name to this list.

This 43-pound brindle in his last two appearances scored feature wins in 3:1.4 seconds each.

Eleven 8-dog races are scheduled for tonight. The last race of the evening will be over the "tough" set-up.

Nasrullah, Irish stallion purchased by an American syndicate from the Aga Khan for \$372,000, has arrived in this country for breeding purposes.

The son of Nearco out of Mumtaz Begum is the sire of Noor, four-time conqueror of the 1948 Kentucky Derby winner and the world's leading money winning thoroughbred.

Nasrullah is stationed at the Claiborne Stud at Paris, Ky. Members of the syndicate include A. B. Hancock, Sr., and Jr., William Woodward, John D. Hertz, H. F. Guggenheim, George D. Widener and Mrs. Marion du Pont Scott.

The Indians scored three in the first inning and broke a 3-3 tie with five in the sixth.

Savannah opened the nightcap with another three run out burst, but it disappeared when Columbus scored five in the second. Hal Stanley drove in what proved to be the winning runs with a triple in the eighth. He also had four singles to give him a perfect night at the plate.

Both teams got 11 hits in the second game.

Columbus had a real fight on its hands in tripping the Rebels. In every inning Charleston left runners stranded. The Reds went in front in the first inning and the Cards tied it up in the second. Columbus moved out in front in the third when Jim Die-

dozen off three Red moundmen, key homered.

Jake LaMotta To Battle Italian Champ In Garden

NEW YORK, July 12—(AP)—Middleweight Champion Jake LaMotta backs a double jinx tonight when he defends his title against unbeaten Tiberto Mitri of Italy in Madison Square Garden.

The last three middleweight kings, Marcel Cerdan, Tony Zale and Rocky Graziano, all lost their crowns in their first defenses. All three were favored to win.

LaMotta is a 5 to 7 choice to capture the 15-rounder in his first defense since he won the championship from the ill-fated Cerdan.

This observer thinks the jinx is going to strike again.

Jake at 29, appears to be over the hill. He's taken plenty of punches in his ten years of professional boxing, and slowed down considerably. He fights in 15-second flurries hoping to get the officials' nod with his short, eye-catching bursts.

Mitri, who celebrated his 24th birthday today and hopes to cap it off with the world title, is feet-footed and fast with his hands.

The handsome, well-built invader throws a hard left jab, has a good right hand punch, and has supreme confidence in his ability to take Jake.

Mitri plans to keep on the move constantly. LaMotta's battle-scarred face can't easily these days.

This is Mitri's second fight here but he'll have most of the anticipated crowd of 12,000 cheering for him. It's not because he's caught fire here. It's just that the home folks don't go for Jake.

LaMotta was licked, but good, in his last outing here against Robert Villomain of France Dec. 16. It was his first showing here after winning the title from Cerdan. He was roundly booed.

LaMotta will hit close to the 160-pound weight limit. Mitri figures to scale 158.

Heavy Rainstorm Postpones 42nd Net Tournament

SPRING LAKE, N. J., July 12—(AP)—Thanks to a heavy rainstorm, the 42nd annual Spring Lake Tennis Tournament went on a three-day schedule today.

Tennis players are supposed to have it easy with only one match a day, but they'll play first and second round matches here today and throw in the first round doubles.

"If Louise Brough can play three matches in a day at Wimbledon, there's no reason why these fellows can't, too," joked St. Louisan Charles J. Gledhill, tournament director, after yesterday's downpour.

Five players already are in the second round, and will have to play only one single match. They are second-seeded Art Larsen of San Leandro, Calif., who won by default over Bob Kuser of Spring Lake; to-seeded Gardner Mulloy of Coral Gables, and George Ball of New York, who drew first round byes; Frank X. Shields of New York and Alden Dunham of Princeton.

Shields, whose children are nearly old enough to be ballboys, downed Don Andrews of Sea Bright, N. J., 6-1, 6-3, and Dunham defeated Colin Selley of Bermuda, 3-6, 7-5, 6-2 in a match that had more youth than skill.

Two matches were interrupted by rain. Tom Lewyn of Seasdale, N. J., surprised Tony Vincent of Miami, by winning the first set of their match, 7-5, and the second set was 1-1 when the rains came.

The rain gave Dave Shibley of Sea Bright a reprieve, ending his match against Alastair Martin of New York, with Martin ahead, 6-2, 7-5. Martin is National Court Tennis champion.

Rain is nothing new at this unlucky tournament, which saw the 1949 finals washed out by a heavy shower.

Richardson only grimaced when he was asked what the schedule would be if today's matches also were rained out.

Homerun Section Of Record Book Smashed

ASSOCIATED PRESS
The homerun section of the Southern Association record book may not have to be completely rewritten, but it will have plenty of additions if the Birmingham Barons keep up their present pace.

Baron second sacker Lou Damm, man recently added his name to a list of five southern league sluggers who have hit three consecutive homers. Last night Charles (Chuck) Maxwell, the Birmingham cleanup man, joined an exclusive group of three who have slammed out two circuit smashes in a single inning.

If the Slagtown Bombers maintain their pace they might take over the team homerun championship held by the 1948 edition of the Nashville Vols. Charles Workman with 52 and Charley Gilbert with 48 paced that club to a season's total of 183 four-ply swats. The two Charleses also set a record for the most homers by two batters on the same team in a season. This is another mark that any two of the Birmingham bombing brigade might conceivably equal or better.

A Birmingham moved within two games of the rain-battered Atlanta Crackers last night by blasting Mobile's Bears, 10-5.

Shields, whose children are nearly old enough to be ballboys, downed Don Andrews of Sea Bright, N. J., 6-1, 6-3, and Dunham defeated Colin Selley of Bermuda, 3-6, 7-5, 6-2 in a match that had more youth than skill.

Two matches were interrupted by rain. Tom Lewyn of Seasdale, N. J., surprised Tony Vincent of Miami, by winning the first set of their match, 7-5, and the second set was 1-1 when the rains came.

The rain gave Dave Shibley of Sea Bright a reprieve, ending his match against Alastair Martin of New York, with Martin ahead, 6-2, 7-5. Martin is National Court Tennis champion.

Rain is nothing new at this unlucky tournament, which saw the 1949 finals washed out by a heavy shower.

Richardson only grimaced when he was asked what the schedule would be if today's matches also were rained out.

Knockdown Battle Appears For 2nd Place In SA Loop

By ASSOCIATED PRESS
The battle for second place in the South Atlantic League has reached the "knockdown-dragout" stage: the Columbia Reds hold a half-game advantage over Savannah and Columbus, while the Indians by the same margin.

Savannah pulled into a tie last night by bumping the Reds in their seven-inning opener, 8-3, but Columbus captured the regulation nightcap, 9-7, to bring out back in front. Columbus' Cards had to go 11 innings to stay in the running by edging Charleston, 5-4. The league-leading Macon Peaches went down before an onslaught of Augusta hits, 10-4, in the only game played of a scheduled doubleheader. The first game was rained out as was a single game between Jacksonville and Greenville.

The same teams meet again tonight with the rained-out of last night playing two.

Savannah's Tom Burch raised a five-hitter in the curtain raiser while the tribe pounded out a dozen off three Red moundmen, key homered.

Legal Notice

IN THE CIRCUIT COURT NINTH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, FLORIDA COMMON LAW ATLANTIC COAST LINE RAILROAD COMPANY, A Virginia corporation, Plaintiff, vs. D. L. HENDRICK and MARGARET H. HENDRICK, Defendants.

NOTICE OF CONDEMNATION PROCEEDINGS

IN THE NAME OF THE STATE OF FLORIDA IT MAY CONCERN: AND TO ALL WHOM IT MAY CONCERN: And in the following named land parcels:

1. Hendrick and Margaret Hendrick with wife Mrs. Nellie H. Mullins, a widow, the heirs at law of Walter L. Fulton, deceased, and all unknown persons claiming by, through or under Walter L. Fulton, deceased, and all persons having or claiming any right, title, interest, estate, mortgage or other lien on those certain parcels of land located in Seminole County, Florida, described as follows:

and being in the West 208.7 feet of the South 112.4 feet of the NE 1/4 of Section 16, Township 20 South, Range 20 East, more particularly described as follows:

A strip of land 100 feet wide, being 100 feet wide on each side of the center line of the proposed revision of alignment of the main track as now located and to be constructed by the Atlantic Coast Line Railroad Company, said center line of the 1/4 of 1/4 of 1/4 of said Section 16, at a point 28.8 feet eastwardly from the southeast corner of the 1/4 of 1/4 of 1/4 of said Section 16, containing 141.2 feet northwardly, measured along said east line from the south line of the 1/4 of 1/4 of 1/4 of said Section 16, containing 0.12 acre, more or less.

Try and Stop Me

By BENNETT CERF

IN BOSTON, Alice Dixon Bond defined a successful author as one who can make glaring mistakes in grammar and thereby cause them to come into good usage. In Ottawa, Ill., Colonel Duffy advised a humorist, "The only way you can get your stuff laughed at is to read it to a girl who has dimples." And in Hollywood, a producer told a famous novelist, "I've read worse books in my time—but you wrote all of them."

In the Barnes and Noble book store, Elia Lichtenstein reports that a disassembled secretarial student returned for credit a copy of Herman Melville's 'Typee.' "I thought it was 'Typee,'" she explained. Another student asked for Virginia Adonis. And as if that wasn't enough for a single day, a third party appeared to exchange a book called 'Better Diction.' "I don't think this can do me much good any more," he sighed. "I just had all my teeth pulled."

show cause why the same should not be taken for the uses and purposes set forth in the Petition filed by the Atlantic Coast Line Railroad Company, a corporation, against you and each of you in the above entitled cause seeking to condemn the above described land for the right-of-way for a road bed and tracks of said Atlantic Coast Line Railroad Company, a corporation, or default may be entered against you.

Scarce Goods

(Continued From Page One)
Oil men get a lot worse. Oilmen hope not. Gasoline demand by motorists is at an all-time high, and civilian demand for most oil products is on the up-grade, and production creeping back toward its postwar peak.

The shipping and aviation industries already have been called upon by the government to help get men and supplies to Korea. Cargo planes have been taken off the Atlantic routes to ferry war materials across the Pacific. The military sea transportation service has chartered 16 surface ships for military duty, to transport both men and cargo. The service says there is no shortage of shipping for this purpose and there have been no delays in moving men and equipment to the war zone.

Food processors are wondering what the government may have in mind for them in the way of price controls. Price jumps in meat, wheat, coffee and sugar, if continued, might lead to talk of reviving controls, some contend. The Agriculture Department stresses that there are ample grain crops in sight this year for all needs. And large government stocks, acquired to support prices, are at hand.

The White House so far has contended itself with saying the President will make up his mind about both allocations and price controls after he gets the mid-year report from his council of economic advisors. The over-due report is expected in some quarters to plump for "business as usual" unless hoarding of key commodities should develop.

Despite scarcities in some industrial materials, most business leaders agree the nation's economy can take care of itself. Civilian and military needs, if people stay calm and buy only at the normal rate.

But steelmen are the most worried at the moment. They are already producing a capacity to meet civilian demands, and must find room for the expected military orders.

Washington observers believe the President will soon ask Congress for mandatory power to allocate iron and steel and other metals, but only on a standby basis—just in case. The government planners seem inclined to view any voluntary schemes as unworkable. They say steel companies just run into trouble with their customers when they try to hold their steel orders without being able to show that the steel was "diverted" by government orders.

But within the industry there is talk that the government is going to form very soon an iron and steel industry advisory com-

Local Firm Wins

(Continued From Page One)
"goods produced" in interstate commerce. Secondly, the Court said that the defendant established the fact that it was engaged in a retail business of which 75 per cent of the annual transactions were carried on within the limits of the state of Florida. The Court ruled that the Celery Printing Company by adhering to such a procedure is not commerce as defined by the federal wage law.

The defendant was represented in court by Housholder Associates, Sanford attorneys. Mr. Housholder admitted that the defendant was not complying with the wage and Hour Law, but had his own system which was proving satisfactory in carrying out his business transactions.

Mr. Housholder contended, however, that his client did not have to comply with the wage law because he was not engaged in interstate commerce as defined by the law. Mr. Housholder also said that the printing company, fell within the exempted class in that it was a retail or service establishment.

Many witnesses were summoned in behalf of the government from various organizations and businesses in Seminole County, who are doing an interstate business, and who had purchased printed materials and supplies from the Celery City Printing Company.

Zel, bailiff, the president of the Celery City Printing Company, testified in behalf of his company, as did Henry Tamm, his bookkeeper.

Upon completion of the testimony the case was presented to the Court on behalf of the government by Marvin M. Tinchor and John P. Jellico attorneys of the regional office of the Department of Labor, Birmingham, Ala.

They contended that the government should be granted an injunction against defendant requiring him to comply with the wage and hour law relative to the hours of work and the method of pay of his employees, and that he was engaged in interstate commerce in that some of the printed materials which he sold to various customers were used by them in the production of various products which were shipped by them in interstate commerce.

The government lawyers informed Judge Bicket that they will appeal the case.

Fla. Power & Light

(Continued From Page One)
ever," Coleman said.

"New residences accounted for most of the new electric connections made. This coincides with figures on Florida residential construction contracts let, totaling \$145,033,000 for the first five months of 1950, a big gain over the \$87,644,000 for the same period of last year.

"To meet the anticipated increase in demand for electric service, we spent more than \$18,000,000 during 1949 for new plants, lines and other improvements. During this year we'll spend an additional \$18,000,000

Draft Plans

(Continued From Page One)
a spokesman said the number going over "will not be large" nor happen soon.

The spokesman also said that if the first call for 20,000 draftees has the indirect result of bringing in large numbers of volunteers a second draft call may not be needed to bring the army up to its present ceiling of 630,000. However, he did not discount the possibility that the ceiling might be raised.

The present strength of the army is 593,000.

There will be no numbers drawing for the draft. The birth date is the big factor in determining which men will be called to duty.

Selective Service said it will have the first draftees processed and on their way to induction centers in mid-September.

From there, the Army plans to send them to training centers at Ft. Dix, N. J., Ft. Knox, Ky., Ft. Riley, Kas. and Ft. Ord, Calif., for the 14 weeks of basic training.

Generally speaking, the Army said, inductees will be sent to the center nearest their home. They will get the same training as enlistees and volunteers and will be given the same opportunities for advancement.

On completion of training, each draftee will receive a week's furlough before his assignment to a post in the United States.

The Marine Corps also announced its program.

It called for new recruits to sign up for a four year term and asked for Marine veterans not now in the reserves to come into service until the recruits can be trained to combat efficiency.

Veterans not now in the reserves and reservists up through the rank of sergeant may volunteer for a year of active duty. To encourage this, some physical requirements have been relaxed.

Draft boards throughout the nation were instructed yesterday to fill their quotas for a 20,000 man draft "as soon as possible and not later than Sept. 30." The orders went to 54 states and territories.

The quotas are relatively small and you may not be called. But suppose your local board has a quota of two men; you're between 19 and 26 years old and classified I-A because of lack of dependents, physical condition and such. You'll get the first call if you are the man nearest 26 on the board's list.

Your companion on the trip to the induction center will be the man next oldest.

Even a single day counts. For instance, a man born on July 15 goes before a man born on July 10 the same year. Officials haven't decided yet what to do in case of several men born on the same day.

After your 26th birthday you're out of the race under the present law.

Here's how the draft works: National headquarters assigns

McCarthy Charges

(Continued From Page One)
furnished Mr. Ford, at his request, a record of all loyalty material furnished the State Department in the 81 cases referred to. x x x

In charging that State Department personnel files were deliberately stripped of derogatory data four years ago, McCarthy said in a letter to Mr. Truman that those files "became the present loyalty files" after the federal loyalty program was put into effect in 1947.

McCarthy said in reply to a

C Of C Meeting

(Continued From Page One)
in the various county precincts, but County Commissioner H. B. Pope volunteered the information that a preliminary check around Markham indicated the entire area had been overlooked.

Manager Edward Higgins pointed out that the local Re-employment Office has figures showing that over three thousand Negroes from the Sanford area have gone north to work in the fields of North Carolina and New York, and said that efforts are being made to contact these men and have them counted in the Sanford census.

Vice President H. James Gut presided over the meeting in the absence of President W. A. Patrick who is out of the city. Tod Swalm reported on the work of the publicity committee and said that a new brochure in five colors is expected to go to press this week.

He also reported that during the spring months more than 270 original photographs and 148 reprints were used in advertising the Giants' spring training activities here and mentioned the congressional baseball team, the Farm Bureau year book, the Elks Playground, Florida Fashions' ladies at the Post Office as other objects of photographic work used to publicize Sanford.

Postmaster Joel Field reported on progress of efforts to secure a new Post Office and said that a postmasters' convention will be held in St. Louis, Mo. in October which will be attended by some 8,000 postmasters affording a good opportunity for advertising Sanford.

As a final action, the Committee suggested holding a meeting before the general election in October. No date was set.

Guests at the meeting were State Committeeman Volle A. Williams and State Committeewoman Mrs. Mayme Hodgkins.

cially confirmed immediately. One source, who is familiar with tax matters, told a reporter the agreement was reached after conferences of leading congressional Democrats, with representatives of the Administration.

Earlier, Chairman George (D-Ga.) of the Senate Finance Committee had said he had had no word from the White House suggesting that the excise tax-slashing bill be dropped. Until he received such word on the House-approved legislation, George added, his committee would proceed with shaping the bill for Senate consideration.

Senate Bills

plement the export of U.S. know-how to those nations.

As called as "folly" and "a tran" by Republicans during debate, the bill survived its initial test when the House defeated 184 to 156 a motion, by Rep. Wolcott (R-Mich.) to send it back to committee.

Administration leaders were reported to have decided to put aside the \$1,010,000,000 excise tax-slashing bill, pending developments from the Korean war. The report could not be offi-

mittee of three, C.A. Wales, Volle A. Williams, and Mrs. Mayme Hodgkins, to discuss the matter with the County Commission.

Mr. Herndon suggested that the committee come before the Commission on July 19 at which time the board will meet at 2:00 P.M. for preparation of a tentative budget.

There was some discussion on the obsolete by-laws of the Democratic Committee. Roy Howell, of Edisto, and Mayor Carraway and V.A. Williams, of Sanford, were appointed to draw up new by-laws. They were directed to secure a copy of the State committee by-laws and incorporate them into the County's by-laws.

The Committee was also instructed to utilize that part of the Florida statistics that relate to the Democratic Committee.

Tentative appointments were made for committee man and women in several precincts where no registration was filed.

The Committee discussed more frequent meetings during which time members could become more familiar with each other and various portions of the county.

Chairman Lee appointed as a committee in charge of these meetings: C.A. Wales, Mrs. J.N. Coates, Mrs. Roy Tillis, Roy Howell, Mrs. John Fox, W.L. Seig, Mrs. Ralph Goodspeed and Mrs. Howell.

As a final action, the Committee suggested holding a meeting before the general election in October. No date was set.

Guests at the meeting were State Committeeman Volle A. Williams and State Committeewoman Mrs. Mayme Hodgkins.

DON'T SIMMER THRU THE SUMMER...

BEAT THE HEAT WITH FREE AIR AND LOW-COST ELECTRICITY!

Here's how EXHAUST FANS COOL THE WHOLE HOUSE! There's a modern "comfort cooling" solution for every home and budget problem... and postwar mass-production prices are surprisingly low. If you haven't checked up lately - SEE YOUR DEALER FOR A FREE "COMFORT COOLING" SURVEY or call our office!

BOTTLED UP AIR IS HOT. Your house is like a parked car... even after the sun goes down, and with the windows open, stored-up heat in the attic and walls keeps the house hot... like a giant hot water bottle. AIR IN MOTION IS COOL. You can't move your house... but with a modern exhaust fan you create the same effect... hot, stale air is driven out... cool, fresh air is drawn in... the whole house cools off in a matter of minutes.

SMARTLY STYLED for Summer Wear

That description—smartly styled for summer wear—fits accurately the Curlee Summer Suits on display in our store. Curlee Suits are distinct in the modern manner, expertly tailored from a choice selection of the season's newest and most attractive light-weight fabrics. These materials, as millions of Curlee customers know from experience, are practical and comfortable at all times. They are cool because of the open, porous weave; yet have the body to tailor well for good looks and lasting wear.

Come in and see these Curlee Suits for summer in a complete range of styles, models and sizes—and every suit in the line is priced right. Once you've seen them, we know you will join ever-increasing number of well-groomed men who always choose Curlee.

Controls On Economy Seen As Possibility

Lodge Demands Probe Of Korean Fiasco And Lays Blame On Defense Secretary

WASHINGTON, July 13—(AP)—President Truman today asked Congress for \$99,000,000 to launch a "campaign of truth" against Communism throughout the world.

WASHINGTON, July 13—(AP)—Senator Maybank (D-S. C.) said today if the world situation is "as back as it's being painted," the government may be forced soon to slap drastic controls on the civilian economy.

Maybank is chairman of the Senate Banking Committee, which would have the job of studying at least part of any control legislation which President Truman might ask.

Some well-placed officials have reported growing pressure on the Administration to seek at least limited controls on industry to help arm the country for the fighting in Korea.

Maybank emphasized that he had no hints from the White House that any request for controls is imminent.

"I know as everybody else does that the National Security Resources board is working on a master plan," Maybank said, "but I don't know any of the details or whether there is any intention of trying to put it into effect at this time."

"I do know that we are facing a pretty grim situation and it may force us to take some pretty drastic steps at home."

Senator Henry Cabot Lodge (R-Mass.) said he feels the Korean situation is "a real fiasco" and that the lack of "preparation" is the main reason for the fiasco.

Lodge, a member of the Senate Foreign Relations committee and veteran of World War II, made his statement in reply to Ed Davis, assistant editorial writer of the New Bedford Standard-Times in Massachusetts.

Simons said that "as a citizen" he would like to see the following: "Control of the production of equipment for G.I.'s in Korea; demonstration of competence and continuing ability as a defense head; particularly refer to the lack of preparation for the past year. Earnestly urge you demand immediate probe his fitness for office."

Lodge's answer: "Heartily agree that the situation in Korea calls for an immediate probe which I understand is being undertaken (Continued On Page Four)

Chiefs Of Staff Plan To View Korean Fight

TOKYO, July 13—(AP)—General J. Lawton Collins and Hoyt H. Vandenberg, Army and Air Force chiefs of staff, plan to get on the spot view of the Korean War, it was learned today.

The two top military planners arrived early today and conferred with General MacArthur.

Presumably, they decided a firsthand view of the fighting, and of Army and Air Force facilities in the war zone was necessary for their planning. Later Vandenberg flew to a Fifth Air Force advance headquarters in Japan with Lt. Gen. George E. Stratemeyer, commander of Far East Air Forces. He was met by Maj. Gen. Earl E. Partridge, commander of Fifth Air Force.

SUGAR QUOTA

WASHINGTON, July 13—(AP)—The government opened the way today for larger imports of sugar because of increased buying and price rises in this country.

The Agriculture Department increased the import quota for 1950 by 800,000 short tons, raw value. This raised the marketing quota for the year to 7,800,000 short tons.

The increase, 8.64 percent, will be added to the quota for Cuba and 1.33 percent to the quota for other countries other than Cuba and the Republic of the Philippines.

WANT TO FIGHT

LOS ANGELES AIR BASE, Calif., July 13—(AP)—An entire Naval Reserve fighter squadron, 128 officers and men, volunteered last night for active duty.

Twenty-four pilots, six ground crewmen and 74 cadets were assigned to the 77th Fighter Squadron, which is being activated at the base.

The squadron is being activated to replace the 77th which was inactivated in World War II.

Peace Petition Is Called Chicanery

WASHINGTON, July 13—(AP)—The House Un-American Activities Committee today blasted as "Communist chicanery" a current "peace petition" estimated to have been signed by 1,000,000 Americans. The committee referred to a "Communist world-wide peace offensive" and said Communists now are conducting a nationwide campaign for signatures at meetings, on street corners, in homes, shops and churches. A committee statement warned that the list will "serve as a means of blackmailing for years to come those who have innocently lent their names to 'peace petitions.'"

Air Force B-50 Crashes On Peak With Crew Of 11

At Least Three Survivors Seen By Pilot Of Search Plane

TUCSON, Ariz., July 13—(AP)—A huge plane, presumably an Air Force B-50, crashed and burned in a southern Arizona mountain peak early today, and searching aircraft sighted three survivors.

Davis-Monthan Air Force base here announced in mid-morning it did not state definitely that it was one of its B-50s which was the crashed plane.

B-50s normally carry a crew of 11.

The plane fell in the midnight darkness onto Bassett Peak in the rugged Galieno mountains. They are modernized versions of the B-29 superfortresses.

Scene of the wreckage is about 40 miles northeast of Tucson in some of Arizona's roughest country.

Chiefed Stahl, pilot of the CAP search plane from which the wreckage was spotted, said three of the crew were standing on a ridge about two miles from the wreckage. He returned to the Air Force base here and reported the location of the wreckage. A rescue party and ambulances left the base immediately.

A rancher, Homer Boyd, reported he heard engine thunders over his ranch house, 40 miles northwest of Willcox at 12:30 A. M. (MST).

"The plane sounded like it was in trouble," he said.

Boyd reported he looked out of his window and saw an explosion and flames in the mountains about 10 miles distant.

Boyd drove to Willcox and advised Harry Watson, GAA representative.

A state highway patrol car set out for the scene from Willcox and three others left from Tucson.

Pat McCollum, state highway patrol radio dispatcher here, said a searching party had set out at 10 on a hot back before dawn. They had a 16-mile ride ahead of them.

The control tower at Tucson Municipal Airport reported the crash (Continued On Page Three)

Can't U. S. Volunteers Halt Pass. I. Q. Tests

NEW YORK, July 13—(AP)—The relatively high intelligence now required of an Army recruit has eliminated 51 per cent of those who have tried to enlist in this area since the outbreak of fighting in Korea.

Officials at Army and Air Force recruiting headquarters here said yesterday that in the period from July 3 to 10 only 49 per cent of the 591 men given mental examinations were able to make a passing score of 90.

The average age group of the applicants was 19-20.

The current mental test was described as "difficult" by an Army public relations officer. He predicted it would become easier if the fighting gets tougher.

ATROCITIES

TOKYO, July 13—(AP)—The Pyongyang radio said tonight the North Korean government has agreed to observe the Geneva convention regarding treatment of prisoners of war.

Battlefield reports have said 18 captive American soldiers were bound and shot to death by the invading Communists.

Foreign Minister Pak Hong Yong, the radio said, sent a message to United Nations Secretary-General Trygve Lie agreeing to comply with Lie's request to treat prisoners humanely.

SAY WHERE

WASHINGTON, July 13—(AP)—One lacustrine Air Force reserve officer, wanting few words, responded to the plea for reservists to return to active duty with this wire to the Pentagon:

"Willing, dependable and expendable. Say when and where."

Senators Told Of Florida's Big Rackets

Witnesses Say Little Effort Made By Sheriffs To Curb Gambling Activity

MIAMI, July 13—(AP)—Circuit Judge Stanley Millican told the Senate crime probe today that the power of racketeers in south Florida is so great that political candidates fear their influence. The judge said "there is a certain intimidation" in this. He disagreed with the opinion expressed in official circles in the past that gambling drew tourists and was beneficial. "Money gathered by gamblers goes out of town," the judge testified.

MIAMI, July 13—(AP)—A former grand jury foreman told Senate crime investigators today that there was little effort to curb illegal gambling in south Florida although it came under the eyes of police.

Walter Morris, Dade county grand jury foreman from May to November, 1949, told Senator Estes Kefauver (D-Tenn.) and others of the committee there was a congregation of the criminal element in the Miami area and south Florida. It is difficult to believe that they operated here without being conduced by local law enforcement officers, he testified.

Morris described the difficulty a grand jury had "when evidence and leads disappear across state boundaries." He said there was little point in indicting small time bookmakers when the big fellows couldn't be reached.

The name of Sheriff Jimmy Sullivan was brought into the hearing by a question from Kefauver. "What law enforcement officer had the responsibility of taking action against Frank Kefauver and other legitimate operators when they were here, the Senator asked.

"The sheriff" replied Morris. "Did the sheriff testify before the grand jury?"

"No, he went fishing," said Morris.

Circuit Judge Stanley Millican, who once told a grand jury that illegal gambling interests paid \$28,000,000 "ice money" to keep a \$100,000,000 racket alive in the Miami area, followed Morris to the stand.

His testimony concerned his appointment of jurors (private citizens performing under court (Continued On Page Four)

Orlando Gambling Closes Down For Kefauver's Visit

ORLANDO, July 13—(AP)—The bid on illegal gambling in Orlando and Orange county is closing.

A close-down ultimatum was delivered yesterday when City Police Chief Frank Welch and Welch and Rose said there was "nothing unusual" about gambling conditions in the county, but the Sentinel said it has learned that the word was out to bolita operators and professional card players to take cover.

Welch and Rose said instructions have been given all city police personnel to make arrests wherever and whenever gambling is observed, but that "no special drive" has been ordered.

Starr said he would cooperate with city officers in enforcing a "no gambling edict" and would lend deputies to them, if needed. He said he has always kept his office "alerted" to make gambling arrests since he took office Jan. 1, 1949.

"Behind the official statements of the officers," the Sentinel said, "stand these developments: '1. Sen. Estes Kefauver's crime investigating committee is headed for Florida. (Two official sources reported that one investigator for the Kefauver committee came here several weeks ago and checked on gambling. He remarked, the sources said, that Orlando was a 'clean town' compared to many others in the state. '2. A state senate committee to investigate gambling has been named. '3. Rumors have been widespread that bolita operators are split wide open and that there is an undercover fight between representatives of two branches of the Tampa underworld. '4. Two alleged racketeers in recent weeks—reportedly officially by a \$50,000 fine and another reported unofficially as a loss of (Continued On Page Four)

Ninety South Korean Legislators Missing

SOUTH KOREA'S TEMPORARY COUNCIL, July 13—(AP)—Ninety members of the South Korean national assembly are unaccounted for.

Some are known to have been caught in Seoul by the swift Communist North Korean thrust. Communist North Korean thrust, Vice Chairman Chang Taik Sang told a news conference today.

He said it was not known whether they had joined the Reds voluntarily.

About 80 assemblymen are touring South Korea, informing their countrymen of United States and United Nations aid.

Assembly business is handled by a 10 man emergency committee, named just before the government fled Seoul.

PLEVEN WINS

PARIS, July 13—(AP)—Premier Rene Pleven won a vote of approval today for his new middle-of-the-road cabinet. The vote was 315 to 225, with Communists and the Gaullists forming the core of the opposition.

Thus ends the latest French political crisis, which began June 24 with the fall of Premier Georges Bidault's government. Pleven has the support of Socialists, popular Republicans, Radical Socialists and his own small democratic and socialist party.

PLANK BITE

BRANFORD, Conn., July 13—(AP)—A twin-engine Navy plane crash landed here today, and a dog caused the only injury suffered by the three fliers involved in the accident.

Ens. Stanley Henderson, 22, of Dartmouth Beach, Fla., ordered to bail out when the plane encountered engine trouble, landed unhurt in a tree. But a dog bit him on both legs when he climbed down to the ground. A local physician treated the wounds.

Superfortress Fleet Strikes Big Korean Communist Railroad Center; Commies Attempt To Flank Kum Line

American Front Quiet As Red Drive Shifts Eastward Against South Korean Army

TOKYO, July 13—(AP)—General MacArthur's headquarters announced tonight that American losses in the Korean war to date have been 12 killed, 190 wounded and 236 missing. The announcement said "losses sustained by the American forces have been greatly exaggerated in press reports from the front."

ADVANCE AMERICAN HEADQUARTERS IN KOREA, July 13—(AP)—Advancing under cover of a heavy rain shower Communist North Korean infantry started moving into position tonight on the Kum River north bank east and west of the main highway bridge south of Chichwon, front line reports said. This is the sector held by the Americans.

TOKYO, July 13—(AP)—Korean Communist troops, severely hammered by the Air Force but still advancing, shifted the weight of their southern drive to the east on Thursday, away from the American sector.

A dispatch from advance American headquarters said that about 10 A. M. Thursday (7 P. M. Wednesday EST) the Reds started two heavy attacks with about two divisions against South Korean forces in the central peninsula area.

The American sector along the Kum River below Chichwon was very quiet while the Reds shifted their attack against the South Korean forces.

Airmen reacted quickly, working from dawn to dusk and promising renewed strike on the morning. The South Koreans gave some ground but not much, the spokesman said.

Chichwon, given up by the Americans yesterday, was pounded by B-29 bombers which carried six tons each today. Red tanks and a big road junction in the town were main targets.

The spokesman did not pinpoint the area of the new Red attack but the dispatch said it was further south of Chichwon.

Earlier today the spokesman had reported that Red columns of tanks, infantry and armored cars had moved 16 miles south from Chichwon which is in the section of the sector northeast of Chichwon.

This drive from Chichwon leaves (Continued On Page Four)

Mathieux Reports Seminole County Has 800 Farms

2,000 More Acres In Citrus Are Planted During Two Years

SEMINOLE COUNTY, Fla., July 13—(AP)—Seminole County now contains 800 individual farms, and one R. Mathieux, head of the production and marketing division of the County's Department of Agriculture.

"This figure," said Mr. Mathieux, "shows an increase of 50 farms in the 1948-49 period."

Mr. Mathieux's report also showed an increase in the development of pasture lands and citrus groves.

Approximately 2,000 additional acres of citrus have been planted in the county since 1948. When these trees reach maturity they are expected to raise the total production of orange by almost a million boxes.

Chamber of Commerce Manager Edward Higgins said the demand of the concentrate industries for more fruit and the new all-time high price for citrus has caused this upward trend. "Land valuation has also increased," said Mr. Higgins, "from approximately \$10 to \$50 per acre over the year."

Mr. Higgins pointed out that (Continued On Page Four)

Alert Mechanic Fails Bandit's Try At \$32,239 Bank Payroll

BALTIMORE, July 13—(AP)—A 17-year-old boy almost got away with \$32,239 in payroll money at a branch bank today.

His downfall was an alert garage mechanic who "lives because he was running so fast."

Police identified the boy as Charles W. Johnson. They placed no charge against him immediately but held him for investigation.

Samuel I. Kemp, manager of the Calvert Bank's West Baltimore Branch, drove up and parked his car today.

National Security Regulations Revealed By U. S. Armed Forces

WASHINGTON, July 13—(AP)—The armed forces traded new security instructions today for all military public relations offices in the country following a clampdown on news of troop and supply movements.

The Navy said yesterday it had sent its district commanders this three-point check list for their guidance:

1. "No effort or attempt will be made to conceal preparations for movements of troops or ships which are self-evident. However, data and statistics concerning the numbers of personnel and equipment, prospective sailing dates, names of units embarked for destinations will not be disclosed."
2. "Information concerning ship movements from the West Coast may be made available after the departure of the ships. Information concerning ship movements west of Hawaii will not be released."
3. "Photographs of loadings, sailings and renovation operations will be permitted with normal security restrictions of the Navy (that is, the same restrictions that have always been in effect)."

The Army said it had sent similar instructions to all of its commands in this country. The Defense Department said a set of unified security rules would be announced today for all armed services public relations offices in the United States.

Announcements of Army units will be made at the Army area command in Washington. No description of units smaller than a division will be permitted, nor will any information be released concerning the status of equipment, strength, date of movement from present location or date of sailing from ports of embarkation.

So far, the only general policy to guide reporters writing war news is a statement issued by General MacArthur's Far East command and approved by Secretary of Defense Johnson.

The statement said MacArthur "does not desire to invoke censorship" but a voluntary code to protect the military security of operations and assure safety of personnel.

"Reports naming specific units, sizes, times, places of landing, locations and troop movements should not be disclosed. Subordinate headquarters, units, committed lower than the 8th Army, 5th Air Force, 20th Air Force, and 7th Fleet, or any field locations are not mentioned."

This statement was issued to (Continued On Page Four)
