Prospects 'Good' For Major Baseball

By JOHN A. SPOLSKI
Associate Editor

WASHINGTON, D.C. — If and when the Washington Senators decide to connect their spring training in Sanford, it'll be as a result of the close personal admiration and friendship between owner Robert Short and Sanford industrialist Jeno Paulucci.

This became abundantly clear when Sanford's official 'baseball emissaries' — City Commissioner Vince Roberts, Seminole Chamber of Commerce Manager John Krider and myself, representing The Sanford Herald, met yesterday for an hour and a half at the Kennedy Memorial Stadium with Short and Ed Doherty, public relations director.

It'll take considerably more than this one meeting, however, to assure Sanford of having major league baseball, plus the resultant revenue and nationwide publicity.

The present facilities are not major league calibre and is the most pressing problem.

A total of four diamonds are required to handle, not only the parent club, but the 250-300 minor leaguers who'd be there as well. Add to this a clubhouse and 'barracks' quarters for the farm players and a Holiday Inn-type living quarters for the majors' personnel.

Short indicated he would spend a weekend in Sanford during which time he'd be adding facts and figures to his already knowledgeable assessment of the area.

"I realize that all of these requests couldn't be met immediately; at least not by a city the size of Sanford. But, I do expect that they'd be projected for completion over a period of time," said Short.

Publicist Doherty is personally familiar with Sanford, having been active as the president of the American Association League. This meeting also provided Krider the opportunity of renewing old acquaintances with Doherty and reminisce of Krider's tenure as president of the Florida State League from 1949 through 1956.

Short heaped praise onto Commissioner Roberts as a "key to the progress of the Sanford area," and greeted him as an old time friend.

With this meeting, Sanford has "loaded the bases" in the first inning of what could be a long and productive ball game. However, Sanford cannot be in the big time without big league facilities, ideas and enthusiasm!

RIGHT IN THE SENATORS' OFFICE

SANFORD'S DELEGATION of baseball enthusiasts met with Washington Senators' owner Robert Short (seated) to discuss their conducting spring training here in Sanford. Left to right, City Commissioner W. Vincent Roberts, Short, Ed Doherty —Senators Public Relation Director and Seminole Chamber of Commerce Manager John Krider. (Photo by John A. Spolski)

'Sunshine Law'

A 'Delaying Action' Is Charged

By VIRGINIA SCRUGGS

After delaying the action for 3½ hours, at 5 p.m. Wednesday County Judge Wallace Hall refused to issue a warrant for the arrest of three Altamonte Springs city councilmen because "he said it was questionable whether they acted as citizens or councilmen" in ordering the state audit of the city books.

This report on Seminole County's first "sunshine law" case was made last night by Thomas Radloff to the members of the Altamonte Betterment Council of which he is vice chairman.

"Yesterday I did personally go to the Judge's office at 1:30 and requested a warrant asking for the arrest of the men (William Nuckols, Donald Martin and Albert Sabbarese) under the criminal law . . . I waited a half hour to see him."

Radloff maintains that Hall had been forewarned of the action and, because of the seriousness of the situation and because Radloff did have counsel, Hall refused to act unless the attorney was present.

Once both men were present, the request was delayed until court business had been completed at 5 p. m., when Radloff and Attorney Orville Johnson III presented a copy of the councilmen's letter to Sen. Bill Gunter, along with Radloff's reasons for believing that there had been a violation of the law.

Clarification of the position of the Legislative auditing committee on the ordered state audit of Altamonte Springs' books was received by The Herald via telephone from Sen. Bill Gunter's office today. The word was that the auditing committee, under the state constitution, has the authority to order an audit of the books of any municipality with or without the city's formal request to do so.

"The judge said he could not issue a warrant because he did not consider this evidence that they were acting as city councilmen," Radloff said indignantly.

"It was my question that if he thought that this was their action as citizens, and it takes 15 to 20 per cent of the registered freeholders to ask for an audit, then the city would not be liable. He said that this was his opinion."

Mediation Refused

By DONNA ESTES

One possible solution to the dissension which has plagued the Altamonte Springs City Council for the past few months fell by the wayside last night when the governing body refused the offer of a professional mediator to aid the Council in solving its problems.

"I know I could make some recommendations that, in my opinion, would benefit Council," the consultant, qualified as having vast experience in the field of mediation, declared. "There would be no billing whatsoever. I'm here only to do one thing, help the city. The tremendous dissension on the Council is hurting not only each member of Council, but the entire city."

The representative asked the representative of a management consultant firm based in Winter Park told the Board.

When a unanimous vote could not be reached among the Council on the need for mediation, the idea was turned down.

The representative asked The Herald that his name not be revealed.

Mayor W. Lawrence Swafford and Councilman Keith Nixon both stated they felt a "third party" could, perhaps, help the City Council.

Councilman Albert Sabbarese stated he could "see nothing wrong with getting together. I don't see much will be accomplished." Councilman Donald

Bassett Appeals To Voting Public

By FRED VAN PELT

An appeal to the voting public of Seminole and Orange Counties was issued today by Rep. E. Pope Bassett, secretary of the local legislative delegation, to direct pleas to two members of the delegation "to save all local bills now under consideration for presentation to and approval by the State Legislature."

Reps. William Gibson (R) and William Fulford (D), both of Orlando, have refused to sign a letter of transmittal from the delegation to accompany all local bills to the House.

"We (the local delegation) have approved nearly all the bills presented to us by Seminole and Orange Counties and their municipalities," Bassett said, "excepting bills relating to salaries and bonding, and these are being held in abeyance pending action on related general bills."

Bassett explained that this year the House requires letters of approval, signed by all members of the delegation, with local bills, indicating all approve and that "one member will not bring up a fight on the floor. There is a gentleman's agreement that local bills are presumed to have been approved by the local delegation and, therefore, full House approval is given. This year, though, the House has asked for the letter."

Fulford said he refused to sign the letter because some local measures do not include provision for a referendum by the people, and pointed specifically to the "Raborn bill" giving the electorate of Sanford the privilege of electing a mayor. (See "The Friendly Season" column on page 5A in today's Sanford Herald.)

Gibson was quoted that his refusal stemmed from three bills which would permit the city commissions of Sanford, Apopka and Orlando to fix their own salaries. He, too, wants a referendum.

An "Around the Clock" item yesterday (which really quoted Rep. Leonard Wood) said that Bassett had "killed" the Sanford Airport authority measure.

Bassett said today that the statement was untrue, that the bill has been approved by the delegation, subject to rewording to conform with a general bill.

Auditor Bid To Confab On Altamonte Books

James Dycus, of the firm of Greene and Dycus, certified public accountants, will be invited to confer with the Altamonte Springs City Council to explain reasons for the city books for 1967 not closing and being in "bad condition," the Council in work session agreed last night.

Council agreed to the conference after Mayor W. Lawrence Swafford decried the "false and erroneous accusations" against the clerk, Dorothy Bardeen, because of the 1967 bookkeeping problem.

Swafford informed the governing body that the clerk "was never bookkeeper for the city. She was used by the Council as clerk, clerk of court, superintendent of elections, tax assessor and tax collector prior to the new charter because the old charter required that one person hold these jobs," the mayor said. "Other than the six or seven hats she was already wearing, Council used her as administrative assistant, as well, whether Council wishes to admit it or not." He further remarked that to fill all positions the clerk is presently holding would require expenditure of much more money than Mrs. Bardeen is being paid.

Bryant, Slaton Fight School Suit

By BILL SCOTT

A federal marshal is expected to serve process papers on Jean Bryant and Ray Slaton, two of five Seminole County School Board members, some time today.

According to information from a reliable source the marshal is expected to officially notify Mrs. Bryant and Slaton that a suit charging conspiracy has been filed in Orlando's U. S. District Court by William Rowland, attorney representing over 600 plaintiffs.

The complaint charges that the two educators "conspired to maintain a segregated school system and ignored the constitutional rights of citizens, thereby resulting in a racially segregated dual school system."

School Board Attorney Douglas Stenstrom advised the board during yesterday's meeting that under the law public funds cannot be spent by the board to defend Slaton and Mrs. Bryant in court but he would defend both without any danger of a conflict of interest.

Stenstrom added that this type of suit is not the same type which would take control of federal funds from the U. S. Department of Health, Education and Welfare (HEW) and place them in the hands of the federal court, since the suit is not against the board but only two members.

Stenstrom further said that a temporary injunction is being sought from the court to prevent Mrs. Bryant and Slaton from implementing the freedom of choice desegregation plan approved earlier by a four-to-one board action.

Pat Buie was the lone member voting against the "choice" plan, while Slaton, John Evans, chairman; Allan F. Keeth and Mrs. Bryant voted to implement nearly the same plan now being used in the county's 27 schools.

HEAD-ON COLLISION

DEAD ON ARRIVAL at Seminole Memorial Hospital this morning, following a grinding head-on collision just West of Sanford on 25th Street, was Constantine L. de Wolski of 3400 Country Club Road. At The Herald's press time, the driver of the other car, Roland "Butch" Cassube, Markham Road, was reported in surgery at SMH and in serious condition. The accident occured at 7 a.m; Trooper L. P. Tompkins of the Florida Highway Patrol is investigating the accident. (Staff Photo)

"HOME OF THE GOOD GUYS"

Pastor's Corner

It Is The Best Thing

By REV. EDWARD E. SNOW
First United Methodist Church

"Be not carried away with divers and strange doctrines, for it is a good thing that the heart be established with grace." Hebrews 13:9.

One might preach with profit an entire sermon from the first part of this text. Certainly this is one of the greatest reasons for the unrest and uncertainty of today. We are swamped by strange doctrines and faiths. The great majority today find themselves in a wilderness of doubt and fear. All about us is the air of uncertainty.

This has not always been true. There was a time when we boasted of being certain about everything. This has passed and in its place has come an air of confusion and uncertainty. This fog-drenched uncertainty of course is first of all due to a forsaking of God. In many cases some of our so called scholars and teachers have been and are responsible. Many ministers have shared in this responsibility. They study but the more they study the less certain they become about everything. They seem to be truly learning more and more about less and less. This uncertainty has permeated many of our churches and pulpits.

To all who have lost their religious certainty and faith there comes this mighty Scripture as a challenge to return to the solid rock of salvation: "Be not carried away with divers and strange doctrines." If we will return to the rock of our Salvation God will receive us with open arms. In the great words of Isaiah: "Let us return unto the Lord, and he will have mercy upon us, and to our God, for he will abundantly pardon."

If we will do this we shall find out once more how good it will be to have the heart established in grace. This means we will be established in faith. This faith will enable us to know that some day all the kingdoms of the earth will become the kingdoms of our Lord and Saviour Jesus Christ. Of course today we see the world largely under the domination of selfishness, greed and sin. But faith enables us to see through this darkness and we "See Jesus, who was made a little lower than the angels and crowned with glory and honor that He by the grace of God should taste death for every man." In Him we see the fairest of the fair. In Him we find everything to satisfy the deepest longings of our hearts and minds. We find in Him the Way, the Truth and the Life.

When the heart is established with grace we know we stand on a solid foundation, the Rock of Ages. It is a Rock that remains firm with the assurance of Jesus Christ the same yesterday and today and forever! We may shake but the rock never shakes. Talk about "updating" our religion. What we need to do it "back date" our religion to Jesus Christ our Lord.

The story goes that one day a college student listened to Dwight L. Moody preach. At the close of the sermon he went up to Mr. Moody and said: "I listened to you very carefully today, and I noticed that you made several grammatical errors." "Possibly I did," said the great man of God without trace of resentment. "I never had the advantage of a college education. I wish I had, but all that I have is dedicated to God. How is it with you young man?" The heart of this great preacher was established in the grace of God.

General O. O. Howard of Civil War fame was approached by some of his fellow officers after he made his great decision for Christ. Some of them jeered him and one of them said: "General, I can show you a hundred inconsistencies in the Bible." "Maybe you can," replied the General, "but you cannot show me that last night I did not give my heart to Christ." His heart was established in the grace of God.

Ah my friends it was the sunrise of spiritual history when Jesus came. The prophets represent the dawn. With the coming of Jesus there came a floodtide of the infinite love of God pouring in upon the world. There never has been such a time. It was glorious springtime in the history of faith. To have the heart established in the grace of God is not only a good thing. It is the best thing!

Musical Programs Scheduled

By MARYANN MILES

A sacred concert will be presented at the Forest Lake Seventh-day Adventist Church Friday at 7:30 p.m. Music will be presented by the choral group under the direction of Martin Sotola and a brass ensemble under the direction of Miss Pat Silver.

Saturday at 6:30 p.m., the choir of First Presbyterian Church in Orlando will present a program. Martin Sotola who is choir director at the academy has been with the First Presbyterian Choir for the last five years.

At 9 p.m., the academy band under the direction of Mrs. Silver, will present a concert in the music building.

PAST and present officers of the United Church Women's Fellowship, Deltona, Edna Mayberry, Betty Day, Sadie Bliss, and Georgia McLain, are shown at the dessert card party held recently by Mrs. Laurence Hansen at her home on Whitewood Drive to benefit the fellowship. (Mildred Haney Photo)

Deltona Men Set Meeting

By MILDRED HANEY

The Men's Brotherhood of the United Church of Deltona meets today at 7 p.m. All men are invited to enjoy the program by Ralph Grout who will show his outstanding pictures of "New England - Connecticut to Maine." A brief business meeting will precede the program and refreshments will be served.

Sunday is observed in the church year as Pentecost, sometimes called "the birthday of the Christian Church." At the worship services at 10:30 a.m. the Rev. George B. Owen, pastor, will preach on the Pentecost theme using as his subject, "Flames of Fire."

Guild Installs Officers

By PHYLLIS BRANSON

New officers of the Woman's Guild of St. Mary Magdalen Catholic Church of Altamonte Springs were installed recently at an installation dinner in the church social hall.

Installing officer was Mrs. Gerald Fussell, president of Central Florida Deanery. Mrs. Maurice Larue was installed as president and other officers include Mrs. Joseph McNamara, first vice president; Mrs. Frank Schuckenbrock, second vice president; Mrs. Larry Golding, recording secretary; Mrs. Jack Falkingham, corresponding secretary; Mrs. Larry Martinez, historian; Daniel Berga, treasurer; Mrs. Douglas Stapp, circle coordinator; Mrs. Otto Kanney, parliamentarian; and Mrs. William Phillips, deanery board member.

The welcome was given by Mrs. John Barhydt, outgoing president and the response by Father David Page. Guest speaker was Rev. Michael Gannon of Gainesville.

Volusian Re-elected Church Head

LAKELAND — The board of directors of Florida Christian Churches, which sets policy for the inter-congregational activities of the churches, selected its executive committee and officers for the coming year. The board meeting was one of the last events of the 78th annual assembly of Florida Christian Churches, in session here since Thursday.

Rev. Bernard Meece, minister of First Christian Church of DeLand, was re-elected president of the board. Named to serve with him are Rev. Claire Berry, minister of Parkway Christian Church in Plantation, first vice president; Rev. Richard Roland, minister of Riverside Christian Church in Jacksonville, second vice president.

Other members of the executive committee are Mrs. David Holloway of Jacksonville, David Shannon of New Smyrna Beach; Raymond Gintert of Orlando, the Rev. Ting Champie of Tampa, Rev. Tom Wadsen of Sebring, Rev. Elbert Davidson of Bradenton, Rev. Robert Kelley of Ft. Lauderdale and Mrs. James Hawkins of Sarasota.

The assembly voted, in its final session to hold the 1973 assembly at Palm Lake Christian Church in St. Petersburg. The 1970 assembly will be in Daytona Beach.

Board Members Named

By PHYLLIS BRANSON

St. Mary Magdalen Catholic School of Altamonte Springs has elected to their board of education three new members and the remaining ones were appointed by Father David Page.

The board represents the school and all phases of religious education for adults and students in public schools. It is researching school costs and studying the 1969-70 school budget.

New members are Herman Yost, interim Chairman; Sister M. Charlitta, school principal; Father David Page, pastor; Ray Armstrong, Richard Carradio, Mrs. W. Dunn, Mrs. G. Foster, Mrs. D. Hartman, William Joyce, Mrs. J. Larkin, Maurice Larue, Jim McAuliffe, Thomas Pasch, George Perrault, Mrs. R. Schendel, and Don Tauscher.

Revival Slated

Evangelistic services will be conducted Monday through Friday at 7:30 p.m. at Palmetto Avenue Baptist Church by the evangelist, Rev. Jewel Smith, pastor of Temple Baptist Church, Orlando.

Special music will be provided by the Temple Quartet and the Melodiers Trio. Rev. G. E. Hodges of Palmetto Avenue Baptist.

OFFICERS of the Woman's Guild of St. Mary Magdalen Catholic Church, Altamonte Springs, were installed at a dinner recently. Left to right, are Mrs. Gerald Fussell, president of Central Florida Deanery and installing officer; Mrs. John Barhydt, past president of the guild; Mrs. Maurice Larue, president, and Mrs. Joseph McNamara, first vice president. (Phyllis Branson Photo)

JAMES R. Wilkins Jr. has assumed the duties of minister of education at First Baptist Church, Wilkins comes to the position from Rockville, Md., where he has served in similar capacity since 1961. He is a graduate of Carson Newman College in Tennessee and the School of Religious Education at Southwestern Baptist Theological Seminary in Fort Worth, Texas. He has been serving as a Trustee of Southwestern Seminary representing the state of Maryland. His wife, Peggy, and their two children, Steve, 13, and Amy, 8, will arrive in Sanford the latter part of June.

Junior Choir Feted

The Junior Choir of Holy Cross Episcopal Church was entertained Tuesday evening by Mr. and Mrs. Philip Logan at their home on Grandview Avenue.

Awards for the most merits earned during the year were won by Happy Deas, Martha Perkins, Meg Newman, Paula Richie, and Mary Ann Grover. Mrs. Glen Lingle and Mrs. Phyllis Logan organized games and relays. Miss Eva Hunt, choirmother, arranged the supper.

Attending in addition to the above mentioned were Patty Pratt, Lori Grover, Jimmy Duxbury, Paul Pratt, Janet Mooney, Page Pratt, Camille Wharton, Tommy Duxbury, Duane Forg, Gary Martin, Philip Logan, Andrew Logan, Rev. Leroy Soper, and Miss Beatrice Buck, organist and choir director.

Laymen Conduct Revival

Visiting Christian laymen from all over the state will be conducting a Layman's Revival at Elder Springs Baptist Church beginning at 7:45 p.m. today.

There will be a program at 7:30 p.m. Saturday and the laymen will conduct the regular services on Sunday. Sunday school is at 9:45 p.m., morning worship at 11 a.m., training union at 6:30 p.m. and evening worship at 7:45 p.m.

The public is invited to attend all services.

Society Elects

The Holy Name Society of St. Mary Magdalen Catholic Church has elected new officers for the coming year.

They include Kenneth Meagher, president; John Donohue, vice president; Andy Shearer, secretary; Joe McNamara, treasurer; and John McKeown, marshal.

Auxiliary Girls Honored At Tea

By LIZ MATHIEUX

During the regular monthly gathering of the First Baptist Church Women's Missionary Union, the Girl Auxiliary members were honored with a tea given by the Young Women of the church and sponsored by the WMU.

The prayer calendar was led by Terry Hilliard and Janice Braddy followed by a most informative talk by Mrs. Duane Rice, G. A. leader, who confined her talk to the workings and activities of the Girl's Auxiliary focal point of which is the forthcoming convention.

A most delightful skit, "What It Means To Be a Christian" was presented by Linda Johnson, Penny Glazier, Janice Braddy, Terry Rice and Terri Hilliard. Barbara Setvens spoke of missionary work being done in the Louisiana area, Lou Ann Summerall told the story of Zacchaeus, Fern Johnson told the story of the miracle of the loaves and fishes.

The program was brought to a close with a most beautiful poem read by Patti Johnson, "My Mother," followed by a trio composed of Patti Johnson, Olivia Mathieux and Debra Hinojosa who sang the "Sounds of Silence."

A most delightful buffet was served from a table covered with a white linen cloth centered with an arrangement of white and green flowers (the Girl's Auxiliary Colors). Tea was served from a silver service.

Those present were Mrs. Stella Johnson, Mrs. Mary Barnes, Mrs. Jean Williams, Mrs. Lalun Tindall, Mrs. Hazel Summerill, Mrs. Marjorie Smith, Mrs. Janie Hart, Mrs. Helen Alderman, Mrs. Carolyn Rice, Mrs. Audrey Johnson, Mrs. Daisy Hinojosa, Mrs. Barbara Stevens, Mrs. Frances Hilliard, Mrs. V. M. Smith, WMU President, Mrs. Florence Glazier and Mrs. Lois Glazier and Mrs. J. E. Mathieux

Pastors Exchange Pulpits

By MARYANN MILES

Rev. Kenneth Shick of the Eastminster Presbyterian Church of Indialantic will be guest speaker at 11 a.m. at St. Andrew's Presbyterian Church of Bear Lake.

Rev. Fred Guthrie and Dr. Schick will be exchanging pulpits for that day.

At 3 p.m. a family picnic for members and friends of St. Andrews will be held at the home of Mr. and Mrs. L. C. Tinsley, 6503 Linneal Beach Dr., Bear Lake, starting at 3 p.m. Each family is to bring a covered dish and their own table service. Drinks will be provided.

The Women of the Church will celebrate their birthday and in honor of the occasion they will provide birthday cake. A short program will also be presented.

Friday at 6 p.m. another adult party and square dance will be held at the church. Each family is being asked to provide a covered dish.

An invitation has been extended to other churches and anyone in the area will be welcome to attend.

Mathews To Leave Sunday

On Wednesday evening, May 14, First Baptist Church of Sanford licensed DeWitt T. Mathews to the Gospel Ministry. As announced previously, Mathews resigned his position as assistant vice president with the Sanford Atlantic Bank to enter this new area of service.

Sunday Mathews delivered a sermon at the Westconnett Baptist Church in Jacksonville during the morning worship services and he spoke during the Sunday evening service at First Baptist Church of Sanford.

He plans to leave Sanford Sunday for Graceville, where he is enrolled as a student at Baptist Bible Institute. This is an educational institution operated under the auspices of the Florida Baptist Convention. The Mathews family will join him there later this summer.

All Souls Grads Honored By Club

A breakfast for graduating seniors of the parish will be held at 10 a.m. Sunday in the social hall of All Souls Catholic Church by the Catholic Women's Club.

Mrs. J. J. Sieczkowski, president of the Sanford Women's Club, was presented a check for $50, by Mrs. Bridget Kolarik, sale chairman, the proceeds of a bake sale sponsored by the All Souls Women's Club to benefit the mental health building fund.

This is the main project of the Sanford Women's Club, and Mrs. Sieczkowski spoke to the group on the aims of the club in the field of mental health.

A pot luck dinner is planned for the June meeting and members are urged to bring prospective members to the event. Guest speaker for the evening will be Rev. Thomas B. McGrane, moderator for the Central Florida Deanery of the Orlando Diocesan Council of Catholic Women.

New members attending were Mrs. Frank Jasa and Mrs. David Olmsted.

The meeting was presided over by Mrs. Raymond Cyr-nowa, president, and refreshments were served by Mrs. Ted La Tour, chairman, assisted by Mrs. Tony Bolota and Mrs. Mary Ritchie.

DANIEL L. Casselberry, son of Mr. and Mrs. Leonard Casselberry, of Casselberry, will be graduated Monday from Asbury College, Wilmore, Ky. He was a chaplain of the Knight Class, publicity chairman, and editor of the "Knight Life." He was active in the Ministerial Association Christian Education Association, Methodist Student Movement, Spanish Club, and Young Republican Club. A Christian Education major, he is enrolled at Asbury Theological Seminary, Wilmore, in preparation for the ministry.

Calvary Choir In Concert

The Calvary Choir of the Assembly of God Church in Winter Park will present a concert at 8 p.m., Saturday at the Sanford Civic Center under the sponsorship of the Upsala Presbyterian Church.

The choir is nationally known as a result of concert tours each summer.

As part of the program, there will be a dramatic presentation with the use of black light.

The public is invited to take advantage of this opportunity to hear this accomplished singing group and there is no admission charge.

Mission Speaker Planned

By MARYANN MILES

Dr. A. David Thaeler of Penny Farms will be guest speaker at the Rolling Hills Moravian Church. He spent 30 years as medical missionary of the Moravian Church in Nicaragua. In addition he is also an ordained minister of the Moravian Church.

Rev. and Mrs. David Burkette will be attending the graduation of their son, Wayne, from Moravian Theological Seminary in Bethelehem, Pa.

Students Will Be Honored

The Esther Circle of the Women's Society of Christian Service of Grace United Methodist Church met recently at the home of Mrs. Paul Markos, chairman.

Plans were discussed for the Student Recognition Sunday to be observed June 8. During the morning worship service, all graduating Seniors from Grace Church will be honored. Special music will be presented by Patsy Thompson, Debbie Shaw, and Scott Harris.

The hostess opened the meeting by reading an original poem," What Home Means to Me." Mrs. Roger Harris, immediate past-president of the WSCS, and Mrs. Charlotte Scudder, president, were welcomed to the meeting.

Mrs. Carl Williams presented a program on "Dying to Live."

Refreshments were served following the meeting. The next meeting will be on June 17 at 7:30 p.m. at the home of Mrs. Joe Collins, with Mrs. Charles Clemmer in charge of the program.

Coffee To Honor Author

A coffee, sponsored by the library committee of the Good Shepherd Episcopal Church in Maitland, on Tuesday, will honor Mrs. Anne S. White, of Maitland, noted author and lecturer, on the occasion of the publishing of her latest inspirational book, "Healing Adventure."

The public is invited to attend the event from 10 a.m. to 12 noon in the church parish hall. Mrs. White will be happy to autograph copies of her book, the royalties of which go to Asbury Theological Seminary, Wilmore, Ky.

Mrs. White has conducted Christian Ashrams in Norway and Sweden and has taught in Japan on the university level. She is active in lay witness activities in other denominations, as well as her own, and is well known for her counseling and working in the healing ministry.

The British call a derby hat a bowler because the hat was designed in 1850 by an English hatter named William Bowler.

WORSHIP KNOWS NO CALENDAR
Some select Sunday as a day of worship. Others prefer Friday or Saturday. But the values of worship known as household—temporal or spiritual.
Some find their God in church. Others see him in a spring sunrise, or in a Beethoven symphony, or in the soft-fired peace in an evening prayer.
Each seeks peace in his own way. All place their trust in a Source that can worship at any time, any place.
Why not join Sunday You, too, can find solace and guidance in prayer.

Sanford Founding Recounted

By VIRGINIA SCRUGGS

"Across the young orange grove opposite came a figure almost denuded of clothes and screaming wildly. As soon as she could be quieted, she told of how the Indians had caught her hand, placed her on a pile of lightwood knots to burn her. In a desperate effort to save herself she had torn away from them and left her garments in their hands."

The recollection of a pioneer in early Aviston? A pioneer, yes—but relating an experience which occurred in Sanford, in the area then known as Mellonville.

It is a reminiscence of Mrs. C. G. Evans, daughter of John Hughey. It is recorded in a 1910 history of the area compiled by Mrs. J. N. Whitner for the Wednesday Club, now the Library Department of the Sanford Woman's Club.

Indians played an important part in the settling of this area. First the Indian War (1835-1857) there had been no recorded exploration of this area except, perhaps, by some of the early Spanish settlers of the East Coast.

The Indian uprising began with the burning of the plantations along the Halifax and Mosquito Lagoons. The U.S. Army, fighting then as now an unpopular war in (to them) hot, disease-ridden jungle against an unseen but merciless enemy, pursued the elusive foe across the state, establishing a line of small palmetto-log forts from the Atlantic to the Gulf.

One of the sites selected was Camp Monroe on the lake of the same name. The two companies of artillery, four companies of dragoons, and handful of Creek allies left to man the fort were attacked by 400 Seminoles led by King Phillip and his son, Coacoochee, on Feb. 8, 1837.

Col. William S. Harney had arrived just two days before to take command of the fort, and he took immediate steps to fortify the small structure against the attack he foresaw.

When the attack came, Capt. Charles Mellon was killed, and 15 others were wounded. The Indians' loss was set at 25.

The fort, renamed for the dead captain, was left as a stronghold as the war pushed southward toward the Everglades. Though there were no more organized attacks in the area, frequent depredations and murders in the area kept everyone at the fort on edge.

As 8,000 troops poured into Florida to squelch the Indian uprising, Ft. Mellon grew from a tent city to a well-established garrison with commissary, bakery, and officers' quarters. A block house, Fort Read, stood in front of what is now 2445 Mellonville Ave.

Mellonville Avenue takes its name from the settlement which grew around the fort. It was the terminus of a road connecting a line of forts from the St. Johns to the Hillsborough River; Ft. Feed (here), Ft. Maitland, Ft. Gatlin (Orlando), Ft. Meade, and Fort Brooks (Tampa).

When a sufficient number of Indians had been tricked and coerced into a forced migration to the West in 1837 and 1838, settlement of the area began. To induce colonization the government offered rations for six months and protection to persons settling in the vicinity of the forts. Service to the government was paid in land warrants which allowed the settler to locate on any government land he wanted.

Under the Army's protection the settlement grew. The terrible freeze of 1835 had killed many of the orange groves farther north along the river, and many settlers who had been wiped out decided to try their luck farther south. Others came with the Army, then brought their families here to homestead.

In 1846 hostilities with the Indians arose again. It was at this time that the above incident described by Mrs. C. G. Evans occurred. A young son of Dr. Speer, one of the settlers, gave the alarm of Indians in the neighborhood.

The first white man to visit California was Hernando de Alarcon, who arrived in 1540.

NEWLY elected officers for the Lyman High School Senior Class next year are Tom Dowell, left, president; and Bruce Knoechel, vice president; Bonnie Reiker, (left), secretary; and Dawn Colborn, treasurer. (Melenda Casselberry Photo)

Medicaid Given No. 1 Priority

TALLAHASSEE, Fla. (AP) — Legislators today reached the end of their seventh week with three major issues still unresolved and a fourth dead ahead: Medicaid.

Both House and Senate resumed work on their full calendars, plus consideration of amendments tacked onto bills they had passed and sent down the hall.

On special order, meaning top priority, in the Senate today were proposals to adopt a medicaid program in Florida.

Sen. Louis de la Parte, D - Tampa, chairman of the Senate Health, Welfare and Institutions Committee, hoped to get a bill implementing medicaid through so it could be before the House early next week.

This is the last year Florida has an opportunity to start a medicaid program and thus qualify for millions of dollars in federal aid. It also stands to lose millions in the welfare payments if it doesn't go along.

Also before the Senate was another legislative reform bill. It was put on special order, too. The measure includes a provision that would require lawmakers to submit a strict accounting of their expenditures.

The bill would end lump sum monthly expense payments and require that payments be made according to strict vouchering procedures.

Much of the spotlight today and for the weekend centered on three separate House - Senate conference committees. They were before them because Governmental reorganization, a state budget for 1969-70, and differing proposals on how to restructure Florida's trial court system.

In action Thursday, the House quickly approved a bill putting the Legislature clearly in charge of legislative printing contracts. This had been handled previously by the State Cabinet.

The measure was called "a very important item of legislative reform" by Rep. William James, R-Delray Beach.

James said the state saved about $598,000 in printing costs during the session because the Legislature took interest in helping to draw up the contract for the first time.

The Senate cleared scores of House - passed bills. However, minor amendments were tacked on many of them, meaning they go back to the House. Some others went to the governor.

Unicameralism Eyed By DeBary GOP Club

Members of DeBary Republican Club's board John Tablewski, Daytona Beach, chairman of the Volusia County Republican executive committee, and Charles Mickin, Ocala, coordinator of the Republican executive committee for the 4th Congressional District, evaluate the administration of Gov. Claude Kirk and outline plans for the 1970 elections. Tablewski outlined the growing strength of Kirk.

According to the speakers, plans are well under way to select qualified candidates to run for the offices of county commissioner and School Board member.

Howard Sharp discussed the necessity for reducing the number of counties in Florida from the present 67 to a more reasonable and economical number citing six counties with a total population of less than Winter Park or Winter Garden. Some county seats have a population of less than 1,000 persons, according to Sharp.

"Flagler County, according to the 1969 census has 4,566 people, which is less than the population of the DeBary-Deltona areas, which are not even incorporated communities," he concluded.

Charles Cottrell presented a resolution pertaining to petitioning for a unicameral legislature, which was discussed at length and later qualified to include Governor Kirk's proposal that members be elected from specific districts, rather than from at large, and that salaries be fixed by law.

Glenn Smith, nominating committee chairman, presented the following slate of officers: Judge Ray Schroeder, president; Charles B. Cottrell, first vice president; Harry H. Thompson, second vice president; Mrs. Pierson Little, third vice president; Mrs. Frank P. Dent, treasurer; Mrs. Arthur M. Smerald, secretary; Mrs. Maude R. Ritter, financial secretary.

The next regular meeting will be held on Sept. 15 with State Republican Chairman Earl (Duke) Cittendon of Orlando as speaker.

Poppy Days

American Legion Auxiliary Old Glory Post 183 will observe Poppy Days on Friday and Saturday in Altamonte, Longwood, and Fern Park. They will distribute poppies made by hospitalized veterans and donations received will go toward rehabilitation and child welfare work. Mrs. Mary Kollman is poppy chairman for the unit.

SRD Probe Proposed

TALLAHASSEE, FLA (AP)—Democratic lawmakers, lashing back at Gov. Claude Kirk, have proposed that the 16-year road plan and any new taxes to finance it be shelved until the State Road Department can be investigated.

Charles Transportation Committee Democrats postponed a vote on the proposal Thursday only after State Road Commissioner Jay Brown told them they were "making a big mistake" and Republican committee members charged that the move was political.

Rep. Ted Randell's motion to delay action on the bill until the probe is completed — which would apparently mean next year — was sidestepped only when the committee voted 8-5 to adjourn until Tuesday.

The maneuvering took place on the day after Kirk blasted the Legislature for failing to move on the 16-year plan proposed by the Road Department.

New Complex

Another new apartment building complex is expected to be constructed on some 37 acres of land, east of Seminole Plaza and north of Indian Hills Subdivision which has been sold to Rosomor, a New York corporation for $512,200. The real estate sale, recorded in the Seminole County courthouse, listed seller of the land as Commercial Bank at Winter Park as trustee.

'Usage Fee' Could Finance Rec

By VIRGINIA SCRUGGS

"The moon belongs to everyone . . .

"The best things in life are free!"

Unfortunately, a good recreation program is not. Robert Fleming, director of the Winter Park recreation program, recently brought the wrath of parents of little leaguers down on his head when he closed the city's program to non-residents who had not paid the usage fee.

What the non-resident may not have realized is that most city recreation programs must impose a fee of those who do not support the program with taxes as the city residents do.

The use fee, then, is really a tax upon the non-taxpayers. Even towns which do not have one, as DeLand, are studying the problem and will probably adopt the fee.

Winter Park's fee is $5 per person and $10 per family for one year, March 1 to March 1. For residents participating in programs or swimming at the public pool or lake beach, there is usually no charge.

"The residents already paid for it once," says Fleming. "A nominal fee is charged for arts and crafts. For senior citizens it is free, but they supply most of their own materials. The pool is free to residents."

T.W. Sperling, recreation director for DeLand, reports that there is an extra charge for participants only in special cases. DLeand has no non-resident fee yet, but it will probably come soon. DeLand has the common problem of having many county residents who want to use the city's recreation facilities. There are 12,000 people in the city area of four square miles, but another 13,000 within a three mile radius.

"We've been running a study and survey among other cities in the state. We will probably recommend an extra fee for non-residents next year."

Daytona Beach has the same problem says recreation director Alfred V. Gargullo. Because of the new law governing tax millage, the city had to lower its tax by three mills, meaning a loss to Gargullo's department of $103,000. Through 16½ personnel positions were lost, the program has been maintained by letting the participants run as many of their own programs as possible.

Daytona Beach has a population of 50,000, the area has a population of 115,000, and there are about 100,000 tourists in the area each day. This places quite a strain on the city operated recreation program.

"Daytona Beach has the only high schools in the area," says Gargullo. "The area is surposed to double in size, but Daytona Beach is at a stand-still facilities. Another problem is that students from surrounding areas who attend school within the city naturally return to the same area during their leisure time.

A sports complex which has been proposed cannot be built for city residents feel that they alone can't pay for it, and con-ty residents will not help. City officials are still hoping to press a $7.9 million bond issue strictly for recreational facilities.

"Our situation here isn't going to get any better," says Gargullo. "The area is surposed to double in size, but Daytona Beach is at a stand-still

Editorial Comment

Roads Must Be Built - That Means Funding!

Immediate financing of road construction must not be made such a political football that it is fumbled and lost and becomes a tragic and disabling factor in the future of the state of Florida.

We are and have been convinced that this is a basic problem that cannot brook further delay. No other compares with the condition of roads in all of our state.

Here in Central Florida and specifically in Seminole County the lack of vision and active leadership by those who bear the difficult burden of anticipating such needs is deplorable.

Editorial comment, news stories, accounts of the political argument that raise a mist of confusion around the issue, are now out-dated by events themselves.

Flow of outside industrial, business, financial and speculative dollars and outside planners is mounting to flood proportions. There have been those who have seen this development and tried to move quickly to meet it.

But roads are time consuming. They are difficult to plan when such stupendous events as the Walt Disney World come off the planning tables and take form as earth-moving equipment and construction crews come in.

There are, of course, the easily foreseen factors of population growth and tourist flow which have been available for all of those who wanted to see and prepare.

In this connection it is important to recognize the professionally accurate 16 year plan of the State Road Department which was given wide public exposure and open debate this year as an important exception to this lack of planning.

But it is this plan which, also, makes it so obvious that Seminole County with its new needs stemming from the barge Port of Sanford, the Sanford Airport, the Florida Technological University and Seminole Junior College, not to mention the industrial complexes of which that of the electronics division of General Dynamics in Lake Mary is outstanding, had been given no proper consideration.

In spite of this oversight which we have called attention to in prior comments, we find ourselves in complete agreement with Gov. Claude R. Kirk, Jr., as he charges full-speed into the state legislatures general sessions' hassle and asks for legislation to fund the new roads.

His open hostility to the legislature's successful move to increase their salaries ten-fold and his championship of a unicameral legislature which would drastically reduce the number of legislators elected have won no friends for him or his policies.

In a politically charged statement the Republican Governor has sailed into the Democratically controlled legislature and charged them with "playing games."

Outlining four means of funding the SRD's 1969-1985 $6.4 billion road program, Governor Kirk refused to choose one means or put his head on the political chopping block where it certainly would be if he did so.

Raising gasoline taxes or through a bond issue or a combination of these were in the Kirk outline.

As for a huge bond issue, which Kirk admits he likes "as much as grapefruit and everybody knows I love grapefruit" the political history of this procedure raises a very powerful hand of caution.

We are sorry that the governor has not found time to drive around Seminole County or tried to go from east to west on S-46.

If so we are sure he would find as sorry conditions existing here as he mentions elsewhere in Florida. As for the "no-roads" situation, he would see the urgent necessity of creating proper university boulevards to run into FTU from Sanford and the west and the Lake Monroe Causeway to complete the travel from the northeast to Sanford-Orlando.

How fast and how urgently the legislators and the governor act on this funding of the road plans should override the political ambitions of each one. We need roads and must have them!

Joyful Singing!

"We sing because we like to sing!"

Let us add, at once, that this sentiment from a member of the Sanford Male Chorus is echoed by the hundreds who go to the "Spring Serenade" because "we like to hear them sing."

This is the priceless ingredient which raises the performance of this group of men (and their matchless accompanyist, Mrs. Bettye Smith, into a very high spot, indeed.

Take last Monday's "Serenade" when a graceless and discordant thunder storm would have kept the attendance down of a less devoted audience. But the resounding applause of the songs told the story of "we are here and glad of it!"

We have not referred to that remarkable man who directs this assembly of men—ages 20-80—whose skill and rather stern hand molds the voices into the harmonies which are so enjoyed.

Robert Carnie, Director, is not someone who can be or should be ignored. Not that his is a personal zeal for personal honors. Far from it! It is a proper and important zeal for the chorus itself and, we believe, for the part it plays in the cultural life of our lakeside city.

What the public sees, is the end product of songsters who gather in the autumn, enjoy the early rehearsals and then settle down to a routine of Monday night sings after New Years Day. (Attendance a rare 90 per cent.)

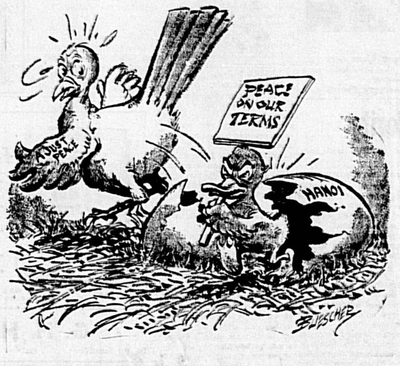
Almost all are experienced but not professional singers. Many are known to their loyal fans as soloists or members of choirs in our local churches.

Volunteers all, the chorus gets their pay out of the devotion all have to the "joy of singing as a part of music." In the rehearsals a happy camaraderie is forged. This gives the unique esprit de corps to their concerts.

Then there is the icing on the cake, when the guest soloist performs. The Civic Center audience savored the artistry of Jeane Schuler, soprano, with her renderings of Biest's "Lamb of God" and Macgrinney's "Sweet Little Jesus Boy."

But it was the chorus with the Carnie hands directing who roused the audience into the greatest applause as "The Battle Hymn Of The Republic," in a special arrangement, rolled out from these men who "love to sing" from the people who love to hear them!

FRUSTRATED DOVE



Crane's Worry Clinic:

Education Requires "Gumption"!

By GEORGE W. CRANE
Ph. D., M. D.

CASE K-505: Sadie Z., aged 20, is the college coed who dropped out of school in her junior year to cohabit with a campus rotter.

She disdained the advice of her parents, claiming they were "old-fashioned."

She said that half the coeds nowadays are not virgins and many live with college men or off campus.

But she naively forgot that it was the "old-fashioned" greenbacks her dad sent her that even permitted her to remain in school these extra years when most women of her age must go out on the firing line of life, to earn a living.

Most of the college men and women are simply "kept" because of the generosity of your parents or donors of scholarships.

And you campus or street rioters who try to claim more independence are usually relying on dad's remittance check for tomorrow's breakfast.

So you have a lot of nerve even to talk about independence! People who are independent must pay their own way at all times!

You are thus naive when you disdain the advice of the smarter, older generation who are supporting you.

Please remember, too, that state colleges are financed by the taxpayers, meaning the wage-earners and property holders.

So they are the ones who have a right to call their shots.

For in American business corporations, the stock holders alone are entitled to vote on company policy.

Same goes for American colleges and universities.

You students are NOT stockholders! You are just the coddled recipients of papa's financial well nursing.

If and when you do a credit-table job of earning passing grades; finally land a self-supporting job in life and pay taxes, then you may ultimately become entitled to help determine campus policy.

But as long as you are merely a $600 income tax exemption on your dad's annual bill for the support of government, as well as the roads and schools, you are no more productive than barnacles on a ship's hull.

So wise up to yourselves and realize that it's not the consumers of college education but the producers thereof who should call the shots.

Sadie's case is typical of the naivete of many campus coeds who boast of independence; then rely on papa and mamma to ball them out of unwed pregnancy problems.

Darwin's theory of the survival of the fit, will again come into prominence in the last third of this 20th Century.

And Darwin's "fit" refers not alone to physical health but to harnessed I.Q.

Most of you college youth have a high I.Q., as per our psychological tests, but you lack horse sense or gumption, which is synonymous with wisdom.

Education that is not seasoned with gumption, merely produces educated nincompoops.

And brainstusters are laughed at by mature adults who have been out on the firing line of real life and have gleaned common sense (wisdom).

So send for my booklet "Sex Problems of Young People," enclosing a long stamped, return envelope, plus 20c, so your hardworking parents will not be forced to bail you out of further juvenile mistakes.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20¢ to cover typing and printing costs when you send for one of his booklets.)

Political Notebook:

Japan World's No. 3 Producer

By BRUCE BIOSSAT
NEA Washington Correspondent

WASHINGTON (NEA)— The image many Americans have of present-day Japan is most likely the one the television screen often shows — violent leftists armed with assorted weapons battling police wearing helmets and bearing shields on the streets of Tokyo.

But this flickering "portrait" is largely irrelevant. Behind the distraction of these periodic ugly charades, Japan is soaring to such incredible economic heights that it is beginning to threaten the Soviet Union's No. 2 world position.

Japan's gross national product eclipsed that of Great Britain and France in 1967 and then surpassed the industrious West Germans in 1968. Over-all Japanese industrial output has more than tripled in a decade.

The 100 million Japanese people today produce more goods than all the rest of Asia's 1.7 billion combined.

Japan builds more than half of the world's merchant ships. It is the leading world producer of cameras, radios, motorcycles, watches, cotton yarn. It runs second to the United States in output of automobiles, chemicals, television sets and manmade fibers. Only America and the Soviet Union have greater steel production.

The performance in steel is remarkable. Japan has no sizable deposits of iron ore and the necessary coking coal. Yet last year it turned out 74 million tons to this country's 121 million tons.

The whole story is like that. The island nation imports most of its industrial raw materials, including oil, wheat, cotton and timber. It simply is not blessed with natural wealth.

This sensational economic surge is a human triumph for a driving, disciplined, highly educated people. Elementary school attendance in Japan is nearly 100 per cent, and high schools enroll about 90 of that high total. Around a third make it to college, where scientific and technical studies bulk large.

The Japanese not only discipline themselves to learn and to work, but to save. The average Japanese saves 20 per cent of his income. Carefully banked, these savings provide an immense amount of capital accumulation. The country's investment rate is a consequence. Is the highest of any industrial power. A third of its gross national product finds its way into new plants and equipment—against a mere 17 per cent in the United States.

Notwithstanding this huge plow-back into industry, the Japanese have become great consumers. More than 95 per cent of their households own television sets, and almost as many have refrigerators and washing machines. Family cars are becoming common.

All this economic activity leads to much exporting, which often gives the jitters to protectionist - minded Americans. The United States takes up to 30 per cent of Japan's total exports.

But this is just one side of it. Japan is far and away America's biggest overseas customer, buying nearly $3 billion in goods a year. This includes more than $830 million in U. S. farm products.

Some experts like to explain away the whole Japanese phenomenon on the ground that this cluster of islands, whose total land area is only twice that of the state of Missouri, "must trade to live" and thus is driven to extraordinary lengths by the survival instinct.

Drucker scotches that notion. Only 16 per cent of total Japanese output is exported and, despite the country's heavy reliance on imported raw materials, only 10 per cent of its national needs are imported. By contrast, the figure on foreign dependence of the economy is 18 per cent for Britain and West Germany.

While the leftist uglies are playing their rough games in the streets, most of their fellow citizens are busy making the Japanese the most productive 100 million people on earth.

WORLD ALMANAC FACTS

A band of 76 trombones and 110 cornets would not have surprised Hector Berlioz, the French composer whose own orchestrations were of breath-taking proportions. The orchestra of the 1830s had up to 60 players. The World Almanac notes, but Berlioz conceived of an orchestra of 465, including 242 strings, 30 pianos, 30 harps, 18 French horns, 12 cymbals and assorted percussion.

Domestic Comment:

Draft Reform May Mute?

By RAY CROMLEY
NEA Washington Correspondent

WASHINGTON (NEA) — There's more than meets the eye in President Nixon's proposals for reform of the draft.

As a by-product, the revision could eventually "partially puncture" the small but militant "anti" college campus-type undergrounds growing within the Army.

There may be less impetus for the publication of underground Army newspapers or for the organization of demonstrations.

These changes, fervently wished for in the Pentagon, would logically result from the changed composition of the draft.

Assuming Congress passes the Nixon revision this year without major alteration:

● The chances of being drafted at all will be reduced considerably for men aged 19 to 25 in 1969 who are not already in military service.

● The proportion of college graduates drafted will be reduced markedly from today's rapidly increasing rates.

● If the law is passed this summer, this reduction could be especially marked in the 1969 graduating classes.

● These shifts thus would cut heavily into the present "generation" of draftees, number of whom have been influenced by the 1968-69 college demonstrations.

The currently increasing numbers of drafted college graduates are a special problem. Their numbers are becoming so great the Army, Navy, Air Force and Marines are unable to find them challenging jobs.

Discontent grows when graduates in business administration become file clerks and physics graduates are assigned to the motor pool.

College graduates frequently are put on special lists. Efforts are made to place these men where their education can be used. But there aren't enough slots suitable for college men.

This discontent with their work adds recruits to the "anti" movement.

Numbers of college men have their minds made up before they come into service. They resent the interruption of their careers and the difficulties military service puts in the way of their getting married and starting a family. Many resent military life.

Experience with 19-year-olds is that they're more eager, don't have as many strong "anti" preconceptions. They tend to fit in after an initial period of adjustment.

Of course, military men can be wrong in their expectations. The major experience they've had with 19-year-olds in recent years has been with volunteers.

All this doesn't mean things won't get worse for the Army before they get better. It will take time for the present contingent of college graduates and other "oldsters" to complete their required duty and be cycled out.

H. L. Hunt Says:

Broadway's "1776" A Success

The hit of Boadwey's theatrical season is "1776", a musical treating the events leading to the U.S. Declaration of Independence. The producer explained that he was enthusiastic about the script from the first because "it had to do with the time we're living in and I felt people had a desire for identification with something more important than continued murders in our country." The success of "1776" proves how right he was.

Most Americans do love their country and are proud of the way the United States was brought into existence as a nation every time they think about it. But too many of us fail to activate our patriotic sentiments, which does much to explain why the enemies of freedom have made such great gains.

The success of "1776" is one more indication that America is in the process of making a turn to the right. Turns to the right seldom occur when nearly everyone would like to do something for our beloved country. It is up to patriots to supply the spark to get fine sentiment under way. Millions love our country and many of them should generate turns to the right. There is a vast quantity of bad news which keeps our populace sick and tired. Those who love our country must find and arrange for good news to be given as much publicity as possible. Failing to find good news, let us contrive to start some. The freedom side has not been winning many victories recently. People who want to change our laws by demonstrations or riots or to interpret the law in a way that will permit them to do whatever they please are on the opposite side from those who cherish freedom.

Many ask, "Is there real danger that we will lose our liberty or that the nation will surrender its sovereignty?" If the answer is affirmative, surely everyone must begin doing all that he can to safeguard our future, which is the constructive course.

Quotes

Every one of us, every day in one way or another, is engaged in selling—ourselves, our brains, our skills, our thinking, our products, our services. Only a fatuous fathead could think he is an exception to the rule.
—Malcolm S. Forbes, editor-in-chief, Forbes magazine.

The Friendly Season

By: Fred Van Pelt

In the not too distant past road shows known as "carnivals" traveled our land and one of the main attractions was the sideshow featuring the two-headed freak. The public knew one head was a phony but they paid good money just the same to see the illusion.

The City of Sanford is about to become a two-headed freak . . . unless some changes are made in the so-called Raborn bill. We have no quarrel with the intent of the Raborn bill . . . it just doesn't go far enough. (Remember that only last week this column started off by saying that politics is "confusin' and amusin'.")

The Raborn bill, as it is written now and approved by the Seminole-Orange legislative delegation for submission to and passage by the State Legislature, will give the City of Sanford two mayors . . . two heads for the city government.

M. L. Raborn Jr., in all his years as a member of the City Commission, was never accorded the honor of being chosen mayor by his fellow commissioners (except to fill an unexpired term). The Raborn bill proposes to take the election of the mayor from the City Commission and place it in the hands of the people. Well and good, there is no quarrel there.

But all the Raborn bill proposes is that the people shall elect the mayor for three years. Period . . . and end of bill.

The City of Sanford charter, supported by state law, provides that the people shall elect five city commissioners to fix the policies for the operation of the city, to be administered by a city manager and that the city commissioners shall choose among themselves who shall be mayor.

The current City Commission has authorized a revision of the city charter, to be presented to the State Legislature for approval in 1970.

Unless the Raborn bill is revised to repeal the current law or fully sets up the rules for the election of a mayor, is withdrawn this year in favor of the revised city charter next year, then Sanford is likely to find itself with two heads during the next calendar year of 1970.

• • •

Our leaders should study this matter thoroughly. Titusville is in a bind right now because the current mayor (really, just an honorary figurehead to issue proclamations, hand out the key to the city to VIPs, and to kiss pretty babies (and bathing beauties) has endeavored to overstep his powers and usurp the reins of the city.

The mayor is in conflict with the council and was at loggerheads with an efficient city manager . . . who got his fill of petty politics and pulled out for the plains of Nebraska. It still is a two-way fight and, we understand, every city manager in the country is aware of the situation and wants no part of the Titusville city manager vacancy.

• • •

Reporter Bill Scott wrote the other day that two local school officials are telling that former School Supt. Bill Phillips, now at Fort Lauderdale, is to be appointed by President Nixon as head of the civil rights office at Atlanta of the U.S. Department of Health, Education and Welfare (HEW) but that Phillips denies the report.

This column went to Duke Crittenden about the rumor. Duke is No. 1 Republican in Florida and, as such, controls all patronage.

Crittenden said that it is true Phillips is being considered for a federal appointment at Atlanta but he emphasized it would be to a post higher than that mentioned by Scott. Duke said the civil rights office would be UNDER Phillips' jurisdiction.

Duke said the appointment is not yet definite since "we have a number of applications."

• • •

Editor John Spolski wrote in "Around the Clock" earlier, this week that an explosion would be released in today's column. Not an explosion, John, more like the "spat" of a shot from a policeman's pistol.

Sheriff John Polk is in office less than five months and already he has opposition for the Democratic party nomination for his job in the 1972 elections.

A top ranking Sanford police officer (who asked that his name not be released at the present time) again is toying with the thought of running for sheriff and this time he vows he will go through with it.

• • •

Former Rep. and Sen. Mack N. Cleveland Jr. has indicated he will run again for state representative in the 1970 elections. The job was hardly dry on that Sanford Herald edition telling of Mack's thoughts when a South Seminole attorney said he will run against Mack for the Democratic nomination.

The bandwagon is filling up early for the coming elections.

• • •

Congressman Sam Gibbons (D-Fla.) made a host of friends (and voters) among retirees last week when he announced from Washington that he had introduced legislation to benefit Social Security pensioners by allowing a person to earn as much as $10,000 a year without losing any Social Security benefits.

"The earned income limitation," the Florida lawmaker said, "is unjust to Social Security recipients who need to work to supplement the small Social Security pension they receive."

Gibbons' bill, which includes other recipients, such as widows with small children, would raise the income limitation from the present level of $1,680 to $10,000 . . . and would eliminate the monthly earnings test.

• • •

Associated Press reported this week that less than one-fifth of the Republican legislators interviewed in an informal poll said they would support Gov. Claude Kirk's bid for renomination in the GOP party primary next year.

About the same number said they would support Kirk in the general election if he were the party nominee but nearly half of those questioned refused to commit themselves in any event.

Many Republicans confided off-the-record that they were still rankled about Kirk's vetoing the $12,000 legislative pay bill after they had voted for it but they would have to contend with the public support the governor apparently won by his move.

"Since his veto, his stock is definitely up," said Rep. William Gibson (R-Seminole-Orange), who said he'd vote for Kirk if he were the GOP nominee.

"I think he'd carry Central Florida right now," said the local legislator, "but 30 days ago he couldn't have been elected dogcatcher."

LONGWOOD Junior Girl Scout Troop 223 held a Court of Awards and mother-daughter banquet at the Rolling Hills Moravian Church. Participating in candle ceremony (top photo) are Mrs. Doris Carrigan, assistant leader and Connie Mundy, Karen Brown, Linda Eustice, Debbie Perkins, Paula Isabell, Ann Austin, Cindy Pittman, Mary Beeler, and Mrs. Lillian Austin, leader. In bottom photo, also receiving awards were left to right, front row, Laurie Gillison, Dianne Elgin, Bonnie McKenzie, Donna Lyles, and Karen Whitley; second row, Karen Kelley, Kimberly Legarde, Donna Carrigan, and Marilyn Blalock with assistant leaders, Mrs. Betty Kelley and Mrs. Nel Lyles. Art Display

An exhibit of art work by Seminole Junior College art students is currently on display in the library at Lake-Sumpter Junior College, Leesburg.

The show includes Charcoal and ink drawings, monoprints, woodcuts, fol paintings, and collage. Students exhibiting work include Willard Simon, Linda Maitlis, Chris Bolton, Carol Miller, Betty McCarthy, Eleanor Hughes, Phil Augustine, Gary Johns, Richard MacMillar, Bob Marvin, Stephen Barnard, Connie Kehl, Dan Smith, Bettsy Mayer, Walter Glover, Tom Tanner, Ruth Pearson, and Carol King. The show will be on display for two weeks. The library is open to the public Monday through Friday each week.

Paul McCartney

LONDON (AP) — Paul McCartney of the Beatles says his American wife expects their first child in December.

McCartney and the former Linda Eastman were married last March. It was his first marriage, her second.

Blind Exec Advises Blind

CHICAGO (AP) — William Wetendorf, at 50, has been totally blind for the last 10 years. He was partially blind since youth from congenital cataracts and a low-grade eye infection. Sight faded out in 1945 in his left eye; his right eye lost its sight in 1958.

"I had to start redirecting my life," he said.

Wetendorf acquired a guide dog. Princess; training through talking books; a wife, Helen, and 10 children—ages 6 to 22. He worked for 17 years for an electronics firm—the final eight as a foreman.

"When assigned tasks not requiring total vision," he said, "I made sure I did the job better than anyone else."

To the newly blind adult, he says: "Don't retire to a rocking chair even if you retire from your job. Work at something and get proper training."

DUFFING WITH DON

By: Don Farrens

DWD salutes Fletcher Cockrell, Mayfair Club Champion.

He never would give me enough strokes, but now he is going to be more obliged, because the club champ should give strokes to everyone . . . right? We sure hope so, but it is a real pleasure to see Fletch come through in the Championship flight as top man of the club. No one loves golf more than he does, in fact the fact is that Fletcher moved to this community because of golf, and he does play just a little bit (hub Polly). Our congratulations big man . . . three a side and no presses.

Some fine golf was turned in this week, along with a few rounds that were not so good. The best 9 holes was a 3 under 33 by Dr. John Johnson, the next best was a round we had the pleasure of watching as Andy Carraway had a hot hand on the front side in the last match and came home with a 34 with 3 birdies and one bogey. The best 18 hole scores were two 76 rounds by Cockrell and Dr. Harold Bing. On the last day 4 rounds of 77 were turned in but all were in the 1st and 2nd flights. First flight champ Pete Kostyun, Andy Carraway, Ed Lascovec and yours truly shared this honor on the final 18.

It was a lot of fun, and as there were 3 prizes in each flight, there are at least 22 happy fellows in the Sanford area.

★ ★ ★ ★

ROLLING HILLS:

Fred Mitchell had the round of the week, as he had a hole in one, and eagle, and broke par all in an 18 hole stretch. The ace came on the 5th hole that was shortened to 300 yards due to a temporary green with a wedge. Another wedge shot resulted in a 2 for the number 10 hole, a par fire 485 yard test. His final score was two under par 70.

Another eagle on number 10 was carded by Ed Kulbaka as he had his two under score with a drive, 2-wood and a 1 iron.

In the weekly tournament for Rolling Hills members Crist and Edna Gusland teamed with George and Clara Heunish for a 4 ball total of net 58. John Franklin and his wife Martha paired off with Bob and Cris Hughes to shoot the same score, but lost on a match of cards.

During last week's women's play Sally Cusick came out on top in the A Flight with a match of cards over Milly Wilson. In the low gross event Virginia Stockman led all the gal golfers with an 81. In the B Flight the low net winner was Doris Kobyiak. Low Gross title went to Shirley Kerns with a natural 87. In the C Flight Martha Franklin shot a 103 to lead her bracket in the gross scoring. (Better watch out, John). Low net winner in the division was Patti Cramer.

★ ★ ★ ★

SEMINOLE

The Seminole mens' association held a two ball best ball this last week, and two teams ended in a dead tie. Shooting net 61 for 18 holes was Chuck Cipriano and Jim Carver, also in the same scoring bracket was the twosome of Bob Bair and C. C. Thomas.

★ ★ ★ ★

VALLEY FORGE

In the week's senior action Ed Conrad was again king of the hill over runnerup Bill Crane. In third place was Art Lunn.

Best shot of the week was recorded by Fred Richter as he cut the turn of the dogleg on number 18, hit a 4 iron onto the 30 yard hole, and then proceeded to one-putt for a big eagle on the closing hole of Valley Forge.

Joe Clark had his best round at Valley Forge with a one over 70 effort.

In the ladies handicap championship Wanda Steinke topped Lois Smith three and two, to take the club crown.

In the weekly best ball event Lavania Bowman and Pat Walker were the top twosome with a net 56. Nan Schwartz and Helen Crame shot a net 59 as did Lucille Mathewson and Dot Williamson to share runnerup honors for the day's play.

★ ★ ★ ★

MAYFAIR

In the spirit of fun the girls' tournament committee had a surprise tourney this past weekend. The events we would rather not mention, but the winners have our condolences and an un-congratulations. Tops in the event department were Carla Page (love that first hole, Beat Taylor, Genevieve Woodruff, Stella Woodhouse, and Jackie Crawford.

In the weekly dogfight two teams tied at net 64. Jim Spencer was wheeling, and ended up with a full share of the prize money of both teams. On the teams besides Jim were Wilk Bowman, Bill Fox, and Bob Haynes. In their counterpart group was Pious Nachokas (new assistant pro at Mayfair), Pete Kostyun and Goat Fleming.

SHS Sports Banquet Highlights

PETER SCHAAL presents Most Valuable Player Award to Rick Fordham.

BILL BRACKEN, shown with his parents after receiving Best All-Round Athlete Award.

TOM ALEXANDER presents The Sanford Herald Buddy Lawson Memorial to Mett Morgan.

It was a night of smiles, tears, and inspirations as the athletes of Seminole High and their parents were feted at the annual Seminole High sports banquet held at Seminole High School last night.

The evening was kicked off with a banquet in the SHS cafeteria. Following the delicious meal, the 256 people on hand for the annual event adjourned to the auditorium for the exciting and breath-taking award presentations.

On hand to add glamor and national significance to the event was former University of Florida quarterback and Heisman Trophy recipient, Steve Spurrier. But first, it was the awards, starting with golf, C oach Sal Manfre started the evening off by presenting the 'Most Valuable Boy' golf award to young Ricky Smith. Following that presentation, Richard Keogh of the Florida State Bank awarded the 'Swimming Sportsmanship Award' to John Nieman. Taking the "Most Valuable Boy Swimmer' award, which was a tie, with separate trophies were Mett Morgan and Bill Parker. Winning the 'Most Valuable Girl Swimmer' honor was Nancy Schweikert.

In track, Bill Bracken took the 'Most Valuable' award presented by John Mercer of the US Bank.

The presentations moved on and in baseball Skipper Senkarik took the 'Most Valuable' honor. Baseball's 'Sportsmanship' trophy was presented to Mike Rudd. In basketball the 'Sportsmanship' honor went to Bill Parker while the 'Most Improved' plaque was presented to Larry Kearce. The 'Most Valuable' honor was a tie in the race sport, and separate trophies went to Rick Fordham and Bobby Lundquist.

Then the most dramatic part of the evening rolled around — football presentations. Mett Morgan received the 'Buddy Lawson Memorial Trophy' for top scorer while the 'Most Improved' honor went to Tom Benson. Taking the 'Most Promising B Squad Player' award was Mike Harden while the 'Sportsmanship' plaque went to Tim Marston. For high academic average while playing sports, the 'Terry Cordell Memorial Trophy' went to Skipper Senkarik. The 'Most Valuable Player' award, the Peter Schaal trophy was presented by his namesake to Rick Fordham. Bill Bracken took the 'Whitey McLucas' 'Best All-Around Athlete award.' Swimming coach Grey Boyles had a tremendous honor given to him by the swimming team — a weekend in Nassau. Spurrier's speech capped off the intriguing evening.

BILL PETERSON, head mentor at Florida State University was installed as a director in the First National Bank of Maitland yesterday. Shown with Peterson is Sanford attorney Doug Stenstrom. Peterson talked about three former Seminole High players now playing for the Seminoles. Read Tom Alexander's interview for an exclusive report on the Sanford pigskinners.

Tells Of Local Players

Peterson Visits Area

By TOM ALEXANDER
Herald Sports Editor

MAITLAND — What has made Bill Peterson, FSU's head coach, one of the top pigskin mentors in the nation? His drive and dedication to the game of football would have to be one of the keys. But yesterday, in an exclusive interview with The Herald, the Tallahassee based coach might have spelled out his success in the tough college football ranks.

While talking about several area players, Peterson mentioned several times during the interview, the word 'discipline'. The word discipline means mental or moral training, in brief, education. The word also includes in its definition 'to train, to be obedient or efficient'.

Peterson is known for his fundamental and instrumental training of football players. A perfect example of this could possibly be All-American Ron Sellers, who dazzled the nation with his pass catching heroics. Sellers was dedicated, but his dedication came about through discipline.

As the subject shifted, Peterson started mentioning local football names. Frank Whigham for instance. Whigham, a 1966 graduate of Seminole High is definitely in the running for the signal calling slot at FSU behind Bill Cappleman. Peterson called Whigham a very capable ball player and said he is expecting many great things from the ex-Seminole High prepster. Sifting along through area players Peterson hit on another Seminole High great, Mike Gray. Peterson said of Gray, "He is a great athlete, and as he becomes more disciplined he will be even better." Gray is expected to move into one of the end slots for the Seminoles this year. Last year Gray was one of Peterson's top red-doggers on kickoffs and was usually one of the first Seminoles down the field to pursue the receiving ball carrier. Peterson then keyed on another former Seminole High player, Jay Stokes. The Florida State coach stressed that Stokes had a great Spring workout and that he probably would be used as either a center or a guard this coming Fall.

Peterson lit a cigar as he knew questions were coming about the upcoming Fall season. He continued, "We lost thirty Seniors this year and we only have five starters back. It's going to be a little rough. We play Miami the second game of the season and then the next week we Hope who relieved starter Mike Laubert, loser was Tolley Frank, he was relieved by Paul Watson.

When asked about playing in Orlando, Peterson responded: "We will play a game in Tampa in 1970 and if Orlando gets a bigger stadium, we'll play there too."

Peterson dispelled rumors about his quitting at FSU and taking over the San Francisco 49ers as he flatly stated, "I turned them down."

Peterson was in the area to be installed as a director of the First National Bank of Maitland. Also on hand and handling Peterson's introduction was Sanford attorney and avid sports fan, Douglas Stenstrom. Stenstrom looked around at this reporter after finishing my interview and said, "Don't tell anybody, but I'm a Gator fan also."

FIGHT RESULTS

By THE ASSOCIATED PRESS

LOS ANGELES — Richard Steele, 174, Los Angeles, outpointed Eddie Talhami, 175, Miami, 10.

TAMPA, Fla.—Manuel Gonzalez, 140, Houston, outpointed Roscoe Bell, 136, Miami, 10.

When the basketball season ended at Brigham Young, leading scorer Doug Howard turned up as the varsity first baseman. He had only two days of baseball practice before the first game.

Astros Launched

Cards Rattle Giants

By HAL BOCK
Associated Press Sports Writer

The Apollo 10 Astronauts are flying around the moon and their National League counterparts, the Houston Astros, have finally gotten off the launching pad.

The Astros spent the first three weeks of the season in their final countdown while the rest of baseball was blasting off.

They played 23 games, managed exactly four victories and seemed to be permanently grounded.

Then along came May and the Astros started their engines. It all began when Don Wilson pitched his no-hitter against Cincinnati on May 1 and, happily for Manager Harry Walker, it shows no signs of stopping.

Wilson won his fourth game Thursday night, beating Montreal 7-4 for Houston's fifth straight victory and 14th in 18 games this month.

Elsewhere in the National League, Atlanta bombed New York 15-3, St. Louis whipped San Francisco 8-3 in 11 innings, Jerry Ferguson Jenkins pitched a four-hitter and blanked Los Angeles 3-0, and Pittsburgh whipped San Diego 7-1.

In the American League, Chicago rapped Detroit 7-3, Cleveland downed Kansas City 4-1, Baltimore topped Minnesota 6-2, Seattle edged Washington 7-6 and Boston tagged California 7-3.

Jimmy Wynn's ninth home run of the season gave Wilson a quick two-run lead against the Expos and then the Astros added three more in the second.

Joe Morgan, who singled home one of the second inning runs, doubled for two more in the seventh.

Wilson coasted with a 7-3 lead into the ninth but three Montreal hits including a homer by John Bateman knocked him out. Fred Gladding nailed down the victory.

It was the seventh straight loss for the Expos, who got three runs in the fourth on a pair of errors by Wilson and Doug Rader and a two-run single by Bob Bailey.

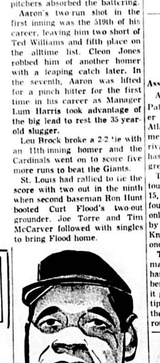
Atlanta collected 18 hits including homers by Hank Aaron, Felix Millan and Clete Boyer to wallop New York. Five Met pitchers absorbed the battering.

Aaron's two-run shot in the first inning was the 519th of his career, leaving him two short of Ted Williams and fifth place on the all-time list. Cleon Jones robbed him of another homer with a leaping catch later. In the seventh, Aaron was lifted for a pinch hitter for the first time in his career as Manager Luman Harris took advantage of the big lead to rest the 35-year-old slugger.

Lou Brock broke a 2-2 tie with an 11th-inning homer and the Cardinals went on to score five more runs to beat the Giants.

St. Louis had rallied to tie the score with two out in the ninth when second baseman Ron Hunt booted Curt Flood's two-out grounder. Joe Torre and Tim McCarver followed with singles to bring Flood home.

LOU BROCK



Juan Marichal

Juan Marichal, who started for the Giants, was forced to leave the game after reinjuring a rib muscle in the sixth inning. Jenkins outpitched Bill Singer to beat the Dodgers for his sixth victory. He struck out seven, increasing his National League leading total to 72.

Don Kessinger drove in two Chicago runs after Glenn Beckert's two-out grounder had hopped off second base for a run-scoring single that broke a scoreless tie in the sixth.

Palmer had dinner Wednesday night at the home of Tom Brown, an Atlanta executive in the Arnold Palmer Golf Co., whose wife, Dodie, is a former Georgia women's champion.

The Browns showed Palmer their den where the carpeting is designed to simulate a putting green, and a regulation golf cup is sunk in the floor.

Mrs. Brown said she thought she could help Palmer's putting, which has been his downfall in recent months.

She stepped up and knocked in 10 straight putts from 10 feet.

"Arnie's eyes lighted up," and he grabbed the putter, Brown said.

"Then he knocked in 35 putts in a row from 10 feet away, and the only reason he missed then was because we were all giggling and laughing, and Arnie finally broke down laughing," Brown said.

Palmer still was grinning broadly after the opening round, which he said was "the best I've had in a long time."

The tip Mrs. Brown passed on was that Palmer should keep the putter down when he follows through.

Putting was the whole show in the start of the tournament on the 7,053-yard Atlanta Country Club course, with Cupit holing three putts of more than 20 feet for birdies and Knudson sinking six birdie putts for their 67s.

Palmer's 68 was matched by Bob Johnson and Mason Rudolph.

Defending champion Bob Lunn and big Jack Nicklaus were among the band of 70 shooters, with Nicklaus firing an eagle and four birdies to offset a quadruple bogey 7 on the par 3 third hole, where he "boatied twice" and failed to get the ball out of vines and had to lay out.

Other expected starters are Meadow Stable's Gay Matelda, 12; Lazy F Ranch's Treacherous, 113; Hobeau Farm's A Pleasant Sort, 111, and Hobeau's Harem Lady, 108.

Woodside Farm's Spring Double, topweighted at 123 pounds, heads a field of eight for the $10,000 added, 1⅛-mile Camden Handicap at Garden State Park. Spring Double has won an allowance race and the Valley Forge Handicap at Garden State this year.

Other national features include the $15,000-added John R. Macomber Memorial Handicap over 1⅛ miles on the turf at Suffolk Downs; the $30,000 added, 1 1-16-mile Milady Handicap for fillies and mares at Hollywood Park, the $25,000 added, six-furlong Marshall Field Memorial Handicap for 3-year-olds at Arlington Park and the $15,000-added, six-furlong Campanile Handicap for fillies and mares at Golden Gate Fields.

INDIANAPOLIS TIME AGAIN! - By Mayer

Capacity Crowd

Indy 500 Trials Start

By DALE BURGESS
Associated Press Sports Writer

INDIANAPOLIS Ind. (AP) — One of the biggest crowds in sports history, swollen by an estimated 250,000 holders of rain checks from last weekend, probably will see a historic battle Saturday for the pole position in the 53rd 500-mile race May 30 at the Indianapolis Motor Speedway.

The scheduled opening sessions last Saturday and Sunday, which might have filled the 33 car starting field, were a watery blank.

The No. 1 or pole position goes to the fastest driver on the opening day of the trials, now Saturday.

Best prospects for pole position winner and about $30,000 in special prizes that go with it, are three-time winner A. J. Foyt Jr., former national champion Mario Andretti or veteran Roger McCluskey.

That trio and Al Unser, who was sidelined by a motorcycle accident last weekend, have dominated three weeks of practice for the time trials Saturday and Sunday.

Andretti lost his original 500 car, a new Lotus-Ford, in a fiery wreck Wednesday but he came back Thursday in a Hawk-Ford and soon was running only a couple miles an hour slower than the 171.789 miles an hour he had done with the Lotus.

He was thoroughly familiar with the Hawk, his winning car in a USAC championship race at Hanford, Calif., April 13.

The 33 fastest cars of 78 at the track will be picked in 10-mile time trials this weekend and later if necessary.

Foyt has been fastest in practice at 172.315 in his Coyote-Ford.

McCluskey has gone 170.283 in a Coyote-Ford. Before his accident, Al Unser had hit 169.141 in a Lola-Ford which Bud Tingelstad could get to only 164.144 Thursday.

Joe Leonard set the Speedway one-lap record of 171.953 in a turbine, oversized under this year's rules, while winning the 500 pole position last year. The San Jose driver turned in his best piston engine speed Thursday, 168.729 in an Eagle-Ford.

Two sets of twins and another pair of brothers are on Michigan State's 1969 football roster. The twins are Rich and Ron Saul and Doug and Gary Hallday. The brothers are Dave and Gary VanKlist.

Is Palmer Back?

By RON SPEER
Associated Press Sports Writer

ATLANTA (AP) — Arnold Palmer is putting like the Palmer of the past in the $115,000 Atlanta Classic Golf Tournament, and if he keeps it up his rivals probably will claim he has "a lady's touch" on the green.

The slumping king of the pro tour knocked in birdie putts of 15, 10, 10, 8, 2 and 2 feet for a four-under par 68 which left him only a shot off the lead shared by Jacky Cupit and George Knudson going into today's second round.

The multimillionaire, who made a fortune out of golf but hasn't won since last September, didn't spread the word. But it got out anyway that he took a tip from a lady about putting on the eve of Thursday's opening round.

Seminole Upswing

AUBURN, Ala. (AP)—Florida State has put together a pair of late inning three-run rallies, the last in the top of the 10th, to down Auburn, 7-4.

The visiting Seminoles trailed 3-0 going into the eighth inning Tuesday, but knotted the score on the strength of a two-run homer by Walt Sumner.

Then in the 10th, allowed the go-ahead run by an Auburn error, FSU added two more for insurance.

The Tiger's 3-0 lead which held up for seven innings was the result of a run-scoring sacrifice fly by John Shafer and hits by Tommy Cason and Neal Lazenby.

'Amerigo Lady' Set For Toughest Challenge

By ED SCHUYLER JR.
Associated Press Sports Writer

At the heart of the question as to whether Amerigo Lady can win her second straight Top Flight Handicap is Heartland.

The pair, and probably four other fillies and mares, will hook up in the $50,000 added, 1⅛-mile Top Flight at Aqueduct on Saturday.

King Ranch's Heartland, winner of all three starts this year, including the Distaff Handicap, in which she beat Amerigo Lady, and the Bed o'Roses Handicap, get the topweight of 125 pounds.

Amerigo Lady, owned by Robeby Stable, will carry 123 pounds. She gave Heartland two pounds in losing in the Distaff and carried 119 in winning the Top Flight last year.

Marlins Skidding

By THE ASSOCIATED PRESS

The Miami Marlins lost their third game in a row Thursday night and saw their Florida State League lead trimmed to one and one half games over the idle Fort Lauderdale Yankees in the Southern Division.

The Winter Haven Red Sox won their fifth in a row and held first place in the Central Division by one half game over Orlando.

Tampa whipped the Marlins at Miami for the second straight night, 6-1, on a combination of walks, errors and timely hitting. Ted Thomaszwich led the Tarpons at the plate while the Marlins got only two hits and pushed across the only tally in the seventh.

Dale Darnell's homer sparked the Winter Haven Red Sox to their fifth straight win while Wayne Fuzzard spaced six hits to the Padres. Monte Keeter drove in two Red Sox runs with a timely single to climax a four-run second inning at Winter Haven. The final score was Winter Haven 4, Key West 1.

Orlando hammered out 13 hits to whip West Palm Beach, 7-3, led by Rob Alexander with a double and triple. He drove in three runs and stole two bases. Lou Nelson singled three times and drove in two runs while Nellie Castanellas hit two doubles.

The Cocoa Astros took a 5-2 decision over the Daytona Beach Dodgers behind the hitting of second baseman Jason Money, who got three for three, drove in one run and scored two. Ed Ontiveros got credit for the win but Oscar Zamora hurled the last three innings to save the victory.

Who lays it on the line for fishermen?

We do.

When you come in to talk fishing motors, we show you, feature for feature, what makes a '69 Mercury your best buy. Our Glide-Angle design, for example. The tilted powerhead prevents wet fuel from puddling in cylinders and intake ports, keeps the engine firing smoothly from slowest idle to top speed. And the angled lower unit glides over weeds and underwater obstructions. Then there's our Shallow-Water Slant that locks the engine automatically in a tilt position so you scoot through the shallows safe and easy. And the full gearshift . . . shearproof drive . . . Jet-Prop exhaust to bury sound and fumes underwater . . . brand-new corrosion-resistant construction and 4-coat baked enamel finish.

Our new fishing Mercs . . . 4, 7½, 9.8, and 20 hp . . . have everything a fisherman could want. One of 'em is bound to fit the fishing you like to do. Drop in soon . . . let's talk.

MERCURY
125, 100, 80, 65, 50, 35, 20, 9.8, 7½, 4 HP.

Agricultural News And Views

Citrus Spider Mite Increasing

By Frank J. Jasa
County Agricultural Agent

In a recent "Farm News" article, the spider mite problem in citrus was discussed and it was mentioned that usually these insects do little damage after early spring. Apparently they have not been reading their newspaper, because infestations continue to increase.

Many commercial groves have heavy populations of the six-spotted mite and will require spraying to prevent a leaf drop. In some cases, the damage is already severe enough to cause defoliation even if they are now sprayed.

Damage from the six spotted mite can be confused with nutritional deficiencies since the symptoms consist of bright yellow areas appearing on leaves, usually starting in the lower portion of the trees. All leaves may be infested, both young and old. A close observation with a hand lens or magnifying glass will disclose large numbers of small, light colored, spider-like insects on the underside of the leaves, opposite the yellow area.

Many growers have had erratic results with the recommended miticides either because of improper application or because of resistance developed by the insects. Even though the material is rather expensive, it may be necessary to use Kelthane where other materials fail. This recommendation is for both the commercial grower and dooryard producer.

Still on the subject of insects but switching to vegetables, we find that the warm weather has brought on a rapid increase in insect populations. Malathian, Sevin and Diazinon are three insecticides that have a wide range of control and can be used nearly till harvest time! Other effective materials are also available some with no time limit of use. Every grower is cautioned to check the label to determine if the material has been approved for that particular crop. For effective control, most vegetables must be sprayed every four or five days. Sweet corn that has started forming ears, needs to be sprayed or dusted every day to prevent worm damage. Leafy crops such as cabbage present a problem because residues can accumulate in the head if some pesticides are used near maturity. For best insect control in any crop, control measures must be initiated before a heavy population of insects develops.

Long View

Carpeting Cleaning Outlined

By LOUISE LONG
County Home Economics Agent

Don't be confused by claims that certain carpet fibers will not stain. Tests conducted by the National Institute of Rug Cleaning have proved that stains are easier to remove from some fibers than others, but there is no completely stain-proof fiber made.

All possible staining materials do not have the same effect and the reaction and ease of removal also vary with the fiber.

The longer the time lapse, the greater the degree of difficulty in removing spills and spots. It finally becomes almost impossible to remove the stain completely. Even a professional cleaner is no magician if you wait 6 or more months before you finally decide to let him have a go at the spot. Therefore, give immediate attention to any spot that could develop into a stain on your carpet.

About nine-tenths of all liquid stains on home carpeting could be eliminated if quick steps are taken after the spill. Blot up the excess liquid with tissues to prevent it from spreading. Start from the outside of the damp areas and work toward the center.

Then place ½ inch thickness of absorbent material over the damp area and weight down with books for about 6 hours. The weight keeps the face fibers in contact with the absorber.

The National Institute of Rug Cleaning recommends blotting rather than rubbing or scrubbing the face fibers of your carpets. Tests have proved conclusively that rubbing can cause permanent damage such as untwisting of rug fibers and resulting unsightly pile distortion.

Clock Donated By Class

By CAROL JAQUES

The Adult Friendship Class of the Longwood Church of The Nazarene held their May meeting recently in the home of Mr. and Mrs. Dolan Rewe.

The group voted to purchase a clock for the Sunday school office and as a special project will "make a dollar grow" to go toward the new church pews.

A picnic supper is planned in June with the class going on a tour of Mead Gardens.

The hostess served barbecue sandwiches, relishes, ice cream and cookies and coffee. Favors of May baskets filled with mints were placed at each seat.

Rev. Thomas Is Speaker

The Brotherhood Organization of First Baptist Church of Sanford meets Monday at 7:00 p.m. for a supper meeting. Guest speakers for the occasion will be the Rev. Dan F. Thomas, District Field Secretary of the Florida Baptist Convention. He works with churches in the Halifax and Seminole Baptist Associations.

Emphasis in this meeting will be upon missions through the local Baptist Association. Rev. Thomas will also speak concerning new plans and approaches projected for the 1970's.

Yardner Corner

Gardenias Favorite For Yards

By DAVID DeVOLL
Asst. County Agent

Many people are enjoying the fragrance and beauty of their gardenias which are in bloom now. This plant which is a native of China, is a favorite landscape scrub throughout Florida. Gardenias are used primarily as free standing specimens, although they can be used in shrubbery borders and as foundation plants. Gardenias have a comparatively high maintenance requirement due to attack by a number of pests.

Gardenias should be planted in full sun for best flower production, or where shifting shade is present. Areas of heavy shade should be avoided.

Varieties of gardenias grown in Florida are increased by cuttings or grafting. In Florida, gardenia varieties are available on their own roots or grafted on rootstock of Gardenia thunbergia. This rootstock produces more and larger flowers, is nematode resistant but is not completely winter hardy north of Orlando. Ungrafted plants may have to be treated yearly to control root-knot nematodes.

Premature flower bud drop of gardenias often plagues home gardners and is frequently caused by root injury. However, other factors controlling bud drop include nutrition, insect injury and climatic conditions. The most troublesome insects of gardenias are whiteflies, mealybugs, thrips and scale all of which can be controlled with malathian or cygon. Two to three applications, spaced 2 weeks apart should control these pests.

Sooty mold which causes the foliage to turn black is not parasitic and can be controlled by using malathian or cygon for whiteflies.

Gardenias are not difficult to grow but do require proper attention to pest control, fertilizer and pruning to be successful.

Businessmen Eye Washington

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — A great deal of excitement is being stirred up in Washington these days about business and the national interest, and it wouldn't be an overstatement to say that some businessmen are greatly surprised.

Much of the interest is being shown by Nixon appointees who, some critics felt, would be inclined toward leniency rather than criticism of recent business trends, including the rash of conglomerate mergers.

The attitude of the administration is dispelling some loose by held notions that big business would have a freer hand for at least the next four years. It isn't working out that way.

To determine how energetic and how long lived will be this disposition will take more time, of course, for a few scratches here and there do not make a finished picture. But a pattern does seem to be emerging.

For the third time in a few months, the administration has sued to prevent a conglomerate corporation, which is an aggregation of diverse companies collected under one roof, from acquiring another firm.

For the third time in a few months, the administration has sued to prevent a conglomerate corporation, which is an aggregation of diverse companies collected under one roof, from acquiring another firm.

In a ritual held two months before giving birth to her first child, a woman of India's Toda tribe must gaze steadily at a lamp symbolizing new life. She may not blink until the flame flickers out.

ONE INJURED when a pickup truck driven by Lyle Richard Burk, 19, Lake Monroe, and pulling another vehicle went on SR 419 near Hiley's Fish Camp went out of control Thursday after striking a road bump. The truck, containing a motorcycle in its bed, overturned twice throwing Burk and the cycle from the vehicle. The driver was taken by ambulance to Orange Memorial Hospital at Orlando and is listed in "serious" condition with back and spleen injuries. (Staff Photo)

Entertainment Galore To Spark Luau Saturday

By DORIS WILLIAMS
Society Editor

In addition to tantalizing and exotic Polynesian cuisine in a romantic South Seas setting, topnotch entertainment will be featured at the luau Saturday night at Lake Golden.

Designed to promote a mental health facility for Seminole County, a Sanford Woman's Club project, the luau festivities will get underway with hors d' oeuvres served at 6 p. m., dinner from 7 8:30, followed by an entertainment hour.

A blanket donation covers the luau and entertainment. However, those not desiring to feast, may attend the show, at 8:30 for a nominal cost.

Bill Reck will serve as master of ceremonies. Talented artists appearing are Chuck Best, Polly Lane, Charles Collier, Elizabeth Mathieux, Pete Schirard, Teeta Sharp, Phyllis Sullivan, Jerry Collier and the Vincent Cara family, who will present the story of Hawaii in music and dance.

Included in the typical tropical menu are pupus, Tropicalite punch; Hawaiian Aloha meatballs; Kau Kau, Kalua pig, island sweet sour spareribs; Mahimahi fish fingers, chicken Hawaii, Oahu corn, Koolau yams, Lanai slaw, Poi, Waikiki cocoanut cake, hala pandanus fruit kabobs and assorted beverages.

The luau committee includes Mrs. Jean Marcel, Mrs. Carol Kirchoff, Mrs. Linda McKee, Mrs. Lou Temple, Mrs. Robert Hughes, Mrs. Richard Colegrove and Mrs. J. J. Sieckowski.

A FUN-FILLED MENTAL HEALTH benefit party at the Walter A. Gielow home, May 17, featured a rousing sing-along. Among the guests participating in the event were Marge Echelberger, at the piano, and Mrs. Leo Temple, Mrs. Robert Hughes, Mrs. Richard Colegrove and Mrs. J. J. Sieckowski, standing, from left, Bob Jackson, Clifford McKibbin and Avnn Mae Chapman. (Doris Williams Photo)

'Sing-Along' Buffet Dinner Party Boosts County Mental Health Fund

By DORIS WILLIAMS
Society Editor

It was music, music, music and sing-along, dine-along at the Walter Gielow home Saturday night, May 17, when the genial couple entertained at a festive May Day Buffet.

The benefit affair was one a series of events being held throughout Seminole County to promote a mental health facility for the county, a project of Sanford Woman's Club.

Flaming tiki torches led the guests to the home entrances with fun and festivity the order of the day. Beautiful multi-hued roses, contributed by Mrs. Lucille Appleby, were prominently arranged throughout the spacious party rooms with glowing candles further enhancing the jovial atmosphere.

For the occasion, the hostess chose a white Venise lace and linen pants ensemble. The long tunic top was fashioned along the flared, princess silhouette with long lace sleeves. See through lace pants completed the fashionable hostess costume.

Talented and vivacious Marge Echelberger accompanied the guests while everybody joined in to "sing-along" their favorite melodies.

Further enhancing the lively atmosphere were two petite French maids, Bonnie Schumacher and Millie Henry of Miami and a student at University of Florida. The maids were attired in short, flouncy black skirts with low-cut white tops and wore long black stockings.

Tables in the dining room, family room and Florida room were attractively arranged with cuisine specialties of the hostess and assorted punch. Among the menu items were cheese balls, deviled eggs, pickles, olives, chips, assorted nuts, corned beef rounds, Greek chicken, ham and cabbage casserole, mixed bean salad and an assortment of breads.

So it was eat, drink and be merry for the guests who thoroughly enjoyed the fun-filled evening while contributing to the mental health fund.

Participating were Mr. and Mrs. Clifford McKibbin, Mr. and Mrs. Harry Echelberger, Gioorge Jackson, Mr. and Mrs. Bob Jackson, Dr. and Mrs. Frank Lee and Mr. and Mrs. John Barton, IV.

BRING OUT HIGHLIGHTS

Perhaps the loveliest hair of all is hair that is aired, cured, massaged and dried outof-doors. The combination of breeze and sun can bring out natural highlights. So let your hair fluff out in the wind, brush it and massage your scalp with your fingers or a brush. You can even set it in the open to help keep both hair and scalp "alive."

Also Dr. and Mrs. W. Vincent Roberts, Mr. and Mrs. Giles Chapman, Mr. and Mrs. Henry Schumacher, Mr. and Mrs. Charles Collier, Mr. and Mrs. Joseph P. Murray, Mr. and Mrs. John Mercer and Mr. and Mrs. John Fitzpatrick.

Also Mr. and Mrs. Arthur Lee, Mr. and Mrs. A. R. Shumaker Jr., Mr. and Mrs. R. C. Cocklin, Mrs. Lois Hostetler, Mrs. Ila Hostetler, Mrs. Leo Roye Hunt, Mrs. Dottie Hunt, Mrs. Wynelle Lanier, Charles Hunter and Millie Henry.

David Cook Honor Guest At Cookout

An outdoor cookout at the home of Mr. and Mrs. W. B. McCharde, 2503 Myrtle Ave., was the setting for a graduation party Saturday, May 17, honoring David Cook, son of Mr. and Mrs. Walter Cook, a June graduate of Seminole High School.

After grilling hamburgers in the McCharde backyard, the group enjoyed baked beans, chips and dip, cokes and all the fixings. A cake in the class colors of orange and yellow was inscribed "Congratulations David." The gift to the honoree was a Collegiate Dictionary.

Those invited to be with David were his date, Kathy Gordon, Mike McCharde, Kathy Owens, Bill Manfredo, Craig O'Brien, David White, Tony Foley and Jim Thomas.

Rye Sisters To Present Annual 'Night Of Dance'

MIRIAM AND VALERIE RYE will present 165 talented artists in the annual "Night of Dance," May 31,at 8 p.m., and June 1, at 4:30 p.m., at Seminole High School auditorium. A scene from "San Francisco (top photo) will feature, from left, Tracey Knowles, Susan Swain, Kathi Evans and Julie Williams. Photo below shows two petite ballerinas from "Plantation Picnic," Gina Madden and Lisa Greene.

Miriam and Valerie Rye will present their students in their fourth annual "Night of Dance," Saturday, May 31 at 8 p.m. and Sunday afternoon, June 1, at 4:30 p.m. at Seminole High School auditorium.

For those who have attended past performances of the School of Dance Arts, this year's production will be more exciting than ever and you will again be dazzled by an evening of delightful entertainment. If you haven't yet attended a "Night of Dance," make your plans now, for you have a treat in store.

"This Wonderful Country of Ours" is the theme for this year's gala production. Whirling ballerinas will pay tribute to our nations heritage from way out west to our deep south. And as another number suggests, "Leave your cares behind and stowaway on the Atchison, Topeka and the Sante Fe" for a memorable trip across the U.S.A.

Tickets for both the evening and matinee performances may be purchased at Cowan's Department Store. The School of Dance Arts, or from any dancing students. Tickets will also be on sale at the box office before each performance.

From the opening curtain to the closing finale, you're sure to enjoy these fine dancers surrounded by glittering costumes and beautiful sets. A "Night of Dance" will be a night of pleasure for everyone.

Linda Jean Brewer, Roger G. Slavik Exchange Vows In Candlelight Rites

Miss Linda Jean Brewer and Roger George Slavik were united in Holy Matrimony, May 4, 1969, at 4:30 p. m., at First United Methodist Church of Oviedo.

The bride is the daughter of Mr. and Mrs. Robert M. Ramsey of Oviedo and the bridegroom's parents are Mr. and Mrs. Robert L. Slavik, also of Oviedo.

Rev. C. N. Ogg was the officiating clergyman at the candlelight ceremony before the altar enhanced with two standards of mixed flowers, potted palms and standing candelabra.

Miss Janet Ogg, organist, presented a recital of appropriate nuptial selections and accompanied soloist, J. M. Staley, who sand "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride chose for her vows a formal gown of peau de soie fashioned with a fitted lace bodice and long lace sleeves. Her full length veil of imported illusion, bordered in matching lace, terminated in a sweeping chapel train.

Mrs. Anne Turner attended the bride as maid of honor, attired in a pink dotted Swiss gown designed along Empire lines. She wore a pink circular nose blush and carried a nosegay of white carnations tinged in pink.

Miss Anne Slavik, sister of the bridegroom, was maid of honor. Her gown and flowers were identical to the honor attendant's.

Ted Aulin served the bridegroom as best man and ushers were Tom Moon and Mike Coe.

For her daughter's wedding, Mrs. Ramsey wore a pink linen dress with white accessories. Mrs. Slavik, mother of the bridegroom, chose a blue dress and lace coat ensemble enhanced with matching accessories. Both mothers wore white carnation corsages.

Immediately following the wedding, Fellowship Hall of the church was the reception site. Assisting at the reception were Sandy Bardell, bride's book, Connie Wood, Mrs. Edna Thomas, Mary Thomas, Linda Dyon, Donna Beasley and Ella Mae Normandy.

For traveling the bride wore a Navy and white coat and dress ensemble.

Following a wedding trip along the Florida East coast, the newlyweds are residing in Oviedo.

MRS. ROGER GEORGE SLAVIK

Kay Forguson Honor Guest At Cookout

Miss Kay Forguson, 1969 graduate of Seminole High School, was honored at a swim party on Sunday afternoon, May 18, at the Banana Lake home of Mr. and Mrs. Wendell L. Springfield.

During a downpour of rain a gab fest and music was enjoyed by the honoree and her guests. Later in the afternoon boating, water skiing, canoeing and swimming were enjoyed by all.

A cookout including hamburgers, baked beans, potato chips and dip, pickles and olives were served by the hostess.

Among the invited guests were Paula Holcomb, Linda Cullum, Debbie Dunn, Debbie McLain, Linda McArdle, Esta Leonard, Melinda Nelson, Gail Cooper, Brenda Hatchell and Jean Carter.

Joining in the fun and the evening meal were Kay's parents, Mr. and Mrs. Morris E. Forguson, Mr. and Mrs. Wendell L. Springfield and Master Wendell Springfield Jr.

MISS JULIE WILLIAMS was complimented with a graduation "Chatter" party, May 18 at the home of her aunt, Adelaide H. Moses. Left to right are, Mrs. John W. Williams, mother of the honor guest, Miss Williams and hostess, Mrs. Adelaide H. Moses. (Cecelia Farmer Photo)

Party Fetes Julie Williams

Miss Julie Williams, a member of the 1969 graduating class of Seminole High School was guest of honor at a "Chatter" party, May 18, given by her aunt, Adelaide H. Moses, at her home 117 West 16th St.

The party area was decorated with arrangements of nasturtiums, red geraniums and yellow forsythia in an orange colored vase. The refreshment table was covered with an orange cloth and centered with an arrangement of yellow daisies and greenery in a deep orange bowl, carrying out the class colors of orange and yellow. Assorted sandwiches, pizzas and cold drinks were served.

Guests included the honoree's mother, Mrs. John W. Williams, her grandmother, Mrs. Edward Higgins, a great aunt, Sara W. Easterly and the Misses Jackie Angel, Dorie Bach, Sandy Bartholemew, Myriam Chadwick, Kathy DeBruyne, Arlene DeMattio, Emily Dougherty, Kathi Evans, Fonda Fortier, Vickie Hardin.

Also the Misses Colleen Holley, Denise Jarrell, Tracey Knowles, Jane Mero, Ann Aiken, Analee Moore, Jay Morrison, Jennifer Olliff, Julie Persons, Jayne Polger, Martha Lee Rose, Nancy Schweickert, Rita Simas, Terri Siskind, Ellen Sloan, Elizabeth Sweeney, Coleen Williams and Judy Wyche.

Family Feted At Welcome Home Party

By PHYLLIS BRANSON

A "Welcome Home Party" was held at the Lake Orienta beach home of Mr. and Mrs. Arnold (Mary) Malm, 1352 Hattaway Drive, Altamonte Springs, May 10, for Mr. and Mrs. Mark Besch and son Michael.

Mark Besch, son of Mr. and Mrs. Al Besch, has recently been discharged from the service and is in the process of getting his family settled in this community.

Small tables decked in gaily printed tablecloths were the settings used to serve a seven o'clock patio dinner to the guests. The menu consisted of chicken and needles almondine, mixed vegetables, a molded jello salad and a dessert of meringue molds filled with chocolate and topped with whipped cream.

Those attending were Tom and Judy McNamey, John and Sue Tschieder, Dick and Peggy Harris, Jay and Alfreda Hattaway, Dalvin and Babe Hileman, Ronald and Ruth Novy, Boake Thompson, Al and Judy Besch, Mrs. Verna Spielman and Jim and Phyllis Branson.

Unusual Art Exhibition In DeBary This Month

For the month of May there will be an outstanding exhibition in the galleries of the Florida Federation of Art, Inc. at DeBary Hall, by Mrs. James Gardner, co-director, with her husband of the DeBali Hall School of Art.

The school was started by Mr. and Mrs. Gardner two years ago and has steadily grown to the extent that reservations must now be made. It runs from October to May with students from DeLand, DeBary, Sanford and Deltona. Art is a family affair for both Mr. and Mrs. Gardner as they have worked together many years.

Mrs. Gardner obtained her masters' degree from the Royal College of Art in London, England, which is considered the top university there. She did post-graduate work in Florence, Italy and Paris, France.

For thirty years they operated an art school in Johannesburg, S. Africa which was sponsored by the government of the Union of S. Africa at the highest level of education in the country. Her principal subjects were drawing and painting from life, stressing composition and the history of costume. Many of the students she helped to train are holding professional posts not only in S. Africa but also in London and New York.

While she was in S. Africa, Mrs. Gardner was made official painter to the Chamber of Mines and among many of the works executed for that body she did large murals for the lobby of their new office building, which were both designed and painted by her. Mrs. Gardner has had many commissioned portraits during the twelve years she has been in this country. She with her husband, assisted Professor Gwendolen Carter of Northwestern University with three student summer tours to South Africa.

Also hanging in the studio room at DeBary Hall are paintings done by the students of the Gardners during this years courses.

How fortunate Volusia County is to have such professional people right here in our midst but as the Gardners are becoming so well known in a much wider area, other students are anxiously awaiting the opportunity to get into the classes, so all students interested in classes next fall contact Mrs. Gardner, 775-2518, or the Florida Federation of Art. Reservations should be made as soon as possible.

Candy Stripers Install Officers

By MRS. CLARENCE SNYDER

An impressive installation ceremony was held Thursday evening in the auditorium of Seminole Memorial Hospital when the new officers of Candy Stripers were installed in the presence of 47 Candy Stripers and 25 members of the Women's Auxiliary of Seminole Hospital and a guest, Mrs. Johnnie Elam, secretary to Robert Besserer, hospital administrator.

CANDY STRIPERS of Seminole Memorial Hospital installed officers recently. New officers are, left to right, Jan Stokes, president; Nancy Hoening, vice president; Mrs. Stanley Polouki, installing officer; Jeanette Wolf, secretary; and Ruth Bullard, treasurer.

Mrs. Stanley Poloski was installing officer and as the offices were installed, Mrs. Asenath Butler presented each with a white carnation corsage.

Officers installed were, Miss Jan Stokes, president; Miss. Nancy Hoening, vice president; Miss Janette Wolf, secretary, and Miss Ruth Bullard, treasurer.

The Candy Stripers presented their leader, Mrs. Thelma Lewis, a beautiful orchid corsage.

Following the ceremony, refreshments were served from a table overlaid with white lace over red. The centerpiece was white carnations and gypsophelia flanked with tall white tapers in holders surrounded by red and white striped candles.

Dainty cakes, punch and candies were served by Mrs. R.F. Robison, Mrs. George Bounds and Miss Margaret White, members of the Women's Auxiliary.

Geneva Garden Club Elects Officers

By LIZ MATHIEUX

The regular monthly meeting of the Geneva Garden Club was conducted at the Geneva Community Center with the president, Mrs. E. C. Putnam, calling the meeting to order.

After the roll call, the secretary's report was read and accepted, followed by the treasurer's report and the minutes of the last meeting.

The new slate of officers was presented and accepted unanimously accepted. After a short discussion, chairman of the various groups were selected.

The meeting was adjourned and followed by a most delightful luncheon. Hostesses for the occasion were Mrs. W. G. Kilbee, Mrs. Ruth Simpson and Mrs. J. Lester Brown.

This was the last monthly meeting until the fall when the club will resume its activities.

NEW OFFICERS of Geneva Garden Club are, from left, Mrs. Edward C. Putnam, Mrs. V. M. Smith, Mrs. Rook Murley and Mrs. Clifford Holzer. (Liz Mathieux Photo)

Bridge Club Invites Players

The Sanford Duplicate Bridge Club met May 16 in the Civic Center with Ruth Johnson directing.

In a Howell progression the first-place winners were Irving Feinberg and Dr. Leonard Munson; finishing second were Mrs. C. A. Cushing and Mrs. William Pridgen.

Contract players interested in learning duplicate are invited to attend any session for free instruction in the procedures. Meetings are held each Friday at 1:00 p.m.

Add finely diced cucumber to a tuna salad mixture you are planning to use for stuffed tomatoes. Good flavor combination!

Engagements Announced

Pearson-Duncan

MISS BARBARA JEANNE ANDREWS

By MARY HYATT

Mr. and Mrs. Frank Pasula, 400 Moss Road, Ranchlands, North Orlando, announce the engagement and approaching marriage of their daughter, Miss Jacquelyn Pearson, to Stephen Duncan, son of Mr. and Mrs. Henry Duncan, Castelberry.

Miss Pearson attended Orlando schools and was a member of the 1968 graduating class of Lyman High School. She is presently employed by Barnett Computer Center, Winter Park.

The future bridegroom has lived in Castelberry for the past several years. He was graduated from Lyman High School in 1968. He has just finished his boot camp training with Ground Maintenance Crew, with Blue Angels at Naval Training in Pensacola.

The wedding is planned for August 17, at 4:00 p. m. at Community Methodist Church, Castelberry.

Andrews-Paquette

MISS JACQUELYN PEARSON

Mr. and Mrs. Leonard H. Andrews of Altamonte Springs, are announcing the engagement of their daughter, Barbara Jeanne, to Joseph Roger Paquette, son of Mr. and Mrs. John M. Paquette of Apopka.

Born in Orlando, the bride-elect is a 1968 graduate of Lyman High School and is presently attending Seminole Jr. College.

Mr. Paquette was born at St. Albans, Vt., is a 1967 graduate of Apopka Memorial High School and is currently serving a tour of duty with United States Navy.

Complete wedding plans will be announced at a later date.

GRADUATE STUDENTS of School of Radiologic Technology at Seminole Memorial Hospital and school co-director are shown at a buffet dinner in their honor at the home of Mr. and Mrs. Raymond Ceynowa. Left to right are student Shirley Smith, co-director, Dr. Charles S. Dexter; and students, Belita Grassel, John Luke and Peggy Smith.

Radio Technological Grads Honored

Graduation students of the School of Radiologic Technology of Seminole Memorial Hospital were guests of honor May 17, at a party at the home of Mr. and Mrs. Raymond Ceynowa. Co-hostessing the party were Mrs. Gerald Kerner, Mrs. Danny Horn and Mrs. Ceynowa.

Students honored were Mrs. Don (Shirley) Smith, Miss Peggy Smith, Mr. John Luke and Miss (Belita) Grassel.

Corsages of white carnations were presented each of the graduating students and a boutonnaire for the one male student, Darlene Horn pinned each as they entered.

The table was a rainbow of color. Centering the white damask cloth was a multi-colored floral arrangement consisting of white daisies, pink and white carnations and orchid iris', flanked by eye-catching relish trees, with brilliant red, green, and orange colors of various relishes. The relish trees were made by Darlene Horn.

A buffet was served consisting of baked ham, cheese of all variations to please the palate, finger sandwiches of crabmeat and ham, potato salad and macaroni shrimp salads. Also deviled eggs, chicken livers with a special dip, chunks of bologna, and various chip dips.

Heading the guest list were Dr. Charles S. Dexter, co-director of the School of Radiologic Technology, and Mrs. Dexter, Chief Technologist, Mr. R. Patrick Riley and Mrs. Riley, assistant director of the school of Radiologic Technology and its instructor, Mrs. Carol Palmer, R. T., hostesses Darlene Horn and husband, Danny, Lou Kerber, Sue Ceynowa and husband Ray.

Also attending were first year students Mary McGuire, Joyce Harvey, Lynn Norden and escort, Alex Minoski, Celine Blais, R. T., and her escort, Jim Harlan, a student in the Radiologic Dept. of Florida Sanatorium and Hospital, husbands of the two graduating students, Den Smith and Mr. George Grussel.

Sending regrets for not being able to attend was Dr. John T. Johnson director of the school and Mrs. Johnson, who were in Miami. Dr. Johnson was attending a four-day meeting of the Florida Radiology Society.

Garden Circles

MIMOSA CIRCLE

Members of Mimosa Circle of Sanford Garden Club met at the home of Mrs. R. L. Cliquennoi for their May meeting.

Mrs. Herbert Behrens presided over the business meeting. Beautification awards were given to B. Hamilton on Laurel Avenue and the Fountain Lodge.

The general business meeting and luncheon will be held May 15. Mrs. Robert Guthrie will speak on "Hanging Baskets."

The following officers were installed: Mrs. Albert Rolf, president; Mrs. C. L. Wallis, vice president; Mrs. L. T. Sheppard, secretary; and Mrs. R. L. Cliquennoi, treasurer.

The circle won second place for the "Bay Window" at the recent Horticulture Show.

Mrs. Carl Chorpening is the horticulture chairman with Mrs. C. L. Wallis as co-chairman.

Mrs. Behrens was presented with a rose bush for her leadership.

Those attending were Mrs. Herbert Behrens, Mrs. C. L. Wallis, Mrs. Carl Chorpening, Mrs. W. R. Willis, Mrs. Lennie Moye, Mrs. Roy Partin, Mrs. Albert Rolf, Mrs. L. T. Sheppard and Mrs. Fred Swankhous.

CENTRAL CIRCLE

Members of Central Circle of Sanford Garden Club had a busy business meeting in preparation for the new year.

The meeting was presided over by Mrs. Mryon Smith, chairman, and was held at the spacious summer home of the Ted Williams at Miami Springs.

Guests were Rev. and Mrs. Jim Walther and Mr. George Chapman.

After a delicious covered dish luncheon enjoyed by all, everyone took a wonderful nature walk through the lovely woods and through the new "Peace Valley Family Camp Grounds" on the ever-beautiful Wekiva River and Miami Springs.

WEAR A SCARF

For color-treated hair, wear a bright-colored scarf to protect your tresses from the ravishes of sun and wind.

Townsend-Stewart

MISS TOWNSEND

Mr. and Mrs. Glenn Henry Townsend Sr. of Clermont, are announcing the engagement and approaching marriage of their daughter, Elizabeth Jeanne, to Rev. Samuel Robert Stewart, son of Mrs. James M. Stewart and the late Mr. Stewart of Lake City.

Granddaughter of the late Mr. and Mrs. John H. Wynn of Sanford, the bride-elect was born in Sanford and attended Sanford and Orlando schools. She was graduated from Clermont High School and Bedford College, Bedford, Va., and is currently a member of the Board of Instruction at Riverview Elementary School.

Born at Lake City, Rev. Stewart was graduated from Columbia High School there. He is a graduate of Stetson University DeLand, and is pastor of Buford Grove Baptist Church, Hilliard.

The wedding will be an event of June 21, at 4:30 p. m., at First Baptist Church of Temple Heights, Tampa.

WIDE APPEAL

Some fabrics are without age or sex in their appeal. Chambrays, for instance, will not only be indispensable in men's wear, but women's, juniors' and boys' and girls' fashions have found it to their liking.

Solons Act On Campus Protests

By WILLIAM GIBSON
Associated Press Writer

TALLAHASSEE, Fla. (AP) — Almost half of the members of the Florida Senate quickly signed a bill Thursday to take tenure rights away from every professor in the state after being told of campus protests and bomb threats.

The action was taken Thursday after Sen. Mallory Horne, D-Tallahassee, read a profes sors statement which contended Florida State University was facing a serious crisis with protests and bomb scares which frightened children at the university's grade school and disrupted classes in other campus buildings.

A university official reported there have been 16 bomb threats since last Friday, including one at the elementary and high school.

The professor, Dr. Robert Bone of the government department, contended the Faculty Senate was about to censure Acting President J. Stanley Marshall because he had "the courage to fight almost alone against these forces."

The university's 77-member ruling body did vote on a motion to recommend that the presidential selection committee pick someone from outside the university. But after two sessions of arguments, the group decided to take a roll call vote and a secret ballot on the resolution at the same time.

The resolution was defeated 21-25, with 14 not voting on the open roll call but was approved, 34-31, with five not voting in the secret ballot.

Marshall, who presided over the Faculty Senate, said the roll call vote would be the official vote although Dr. Kellogg Hunt had argued earlier that the group should publish both votes and let everyone make his own interpretation.

"If ever there was any question at this university that there was freedom of speech and repression, surely that last vote indicated we do not have free speech," Professor Norman Ashford shouted as Marshall announced the votes and the group adjourned.

Kirk, Gunter Move On Unicameralism

TALLAHASSEE, Fla. (AP)— A committee appointed by Gov. Claude Kirk prepared today to get a petition movement underway for a unicameral legislature while a Democratic senator forged ahead with his own drive.

Sen. Bill Gunter, D-Orlando, who was named to Kirk's committee, said Rep. Ralph Turlington, D-Gainesville, would represent him at the group's first meeting and suggest the Gunter petition be adopted.

But Gunter added that he was told by Lt. Gov. Ray Osborne that the group is committed to tying single member districts to the question of a unicameral legislature.

"I think the single member district is a separate matter and should not cloud the prime issue of a one-hour legislature, Gunter said. "It is controversial. It will lose votes for our proposal."

Both petition efforts are aimed at having the unicameral legislature proposal placed on the 1970 general election ballot as a proposed constitutional amendment.

Gunter pointed out he had announced his petition drive before Kirk named a committee and had asked the governor to join his efforts. He said he felt two separate drives could succeed.

Solons Ponder Births To Welfare Mothers

TALLAHASSEE, Fla. (AP)— A bill requiring mothers of illegitimate children to use birth control devices in order to be eligible for welfare payments was among 371 measures introduced in the Legislature Thursday.

The 140 Senate and 191 House bills squeezed in under the deadline for introduction of measures, except for emergency bills that may be considered by the current session.

Sen. Tom Slade, R-Jacksonville, introduced the birth control measure which also provides that welfare aid would be stopped if a second illegitimate child were born.

Slade also introduced a package of measures aimed at clamping down on campus disorders.

Sound-amplifying equipment on campus could be prohibited if it were likely to cause disruption under one of the bills, and another would prohibit students who have been suspended for campus disorders from being present on campus without permission.

The Cabinet's $294 million capital construction bond issue was introduced by Rep. Ralph Turlington, D-Gainesville, who said he had been asked to introduce the measure.

Senators would have to be at least 40 years old under a proposed constitutional amendment. That was filed in the last minute rush.

Other constitutional amendments would limit the lieutenant governor and cabinet members to two consecutive terms and prohibit raising salaries for cabinet officers for the next 10 years.

School On Saturday?

TALLAHASSEE, Fla. (AP)— Package of bills that would allow experimental programs to test such innovations as school on Saturday and extended school years cleared a Senate committee Thursday.

A five-year program of education research and development, administered by the state commissioner of education, would be authorized under one of the bills.

A much-debated provision of the bill would allow the commissioner to waive such state laws as one barring school on Saturdays in order to carry out test programs.

Minor Mysteries Mark Mackle Trial

DECATUR, Ga. (AP)—Prosecutors in the Gary Steven Krist kidnap murder case closed evidence today with some questions tantalizing unanswered — questions about fingerprints in a hotel room, indentations on typewriter paper, a fiberglass pattern on a floor.

These minor mysteries were created in Thursday testimony that linked Krist to the kidnaping last Dec. 17 of coed Barbara Jane Mackle, buried alive while a $500,000 ransom was collected.

Krist, 24 bearded prison escapee and convicted car thief, sat calmly reading a book as a string of witnesses testified against him Thursday.

The book is title: "The Origins of Prebiological Systems and Their Molecular Matrices." It deals with origins of life forms.

Krist could get the death penalty if convicted. But he was showing no interest in the trial which he has labeled a farce and a disaster. He also has said he probably will be convicted.

As to the hanging threads in the state's case:

Fingerprints lifted from an Atlanta hotel room purportedly rented by Krist prior to the abduction have not been identified.

The typewriter paper, taken from Krist's car, was tested by the FBI but results are yet to be disclosed.

The fiberglass pattern, forming a rectangle, was found in a workshop trailer at the University of Miami's Institute of Marine Sciences where Krist worked. It has not been explained.

Evidence added Thursday by the state included:

—FBI agent John R. Ackerly's testimony identifying Krist's voice as that of the kidnaper who telephoned new ransom delivery instructions Dec. 10 after the first payoff was accidentally thwarted by police.

—An FBI documents expert's testimony that a ransom photo of the victim with a "kidnaped" sign over her chest was taken with a camera found in Krist's car, seized near an abandoned suitcase and its $500,000 contents in the first payoff.

Most Dangerous Moments Behind Them

Astronauts Head Home Saturday

SPACE CENTER, Houston (AP) — Their most dangerous moments behind them, the Apollo 10 astronauts sailed around the moon today, charting the surface for future missions and preparing to start the long journey home Saturday.

After a hectic day in which they put Americans on the threshold of a lunar landing, Air Force Col. Thomas P. Stafford and Navy Cmdrs. John W. Young and Eugene A. Cernan took it relatively easy today.

They photographed potential landing sites, studied lunar landmarks and perfected techniques for navigating in the moon's environment.

Mission Control, noting their busy day Thursday, told the astronauts they could sleep until noon if they desired. But they were up at 8:23 a.m. EDT.

"We all had about five to six hours pretty fair sleep," Cernan reported.

The only problem was a camera that had jammed Thursday. Cernan said the film refused to advance automatically. He used a pencil to do the job.

Stafford complained about some glass wool insulation floating in the cabin. It broke loose early in the flight during a pressurization exercise.

"We've been itching, coughing and sneezing for three days," Stafford said.

The Apollo 10 commander reported. He said it did not bother their breathing "but it's just kind of irritating."

Apollo 10 ends its 2½-day lunar orbit period at 6:20 a.m. Saturday when the astronauts trigger their engine behind the moon's backside to start the 54-hour homeward journey. They are to splash into the Pacific Ocean near Pago Pago at 12:53 p.m. Monday.

They have a lot to report about their remarkable, sometimes hair-raising day in space Thursday.

During eight hours in which Stafford and Cernan swooped within 9.4 miles of the moon's surface, Apollo 10:

—Demonstrated that the lunar landing ship, or LEM, will operate in the moon's environment.

—Determined that the landing site chosen for the first American astronauts is smooth enough for a touchdown, but that the pilots will have to be very accurate to avoid boulders and craters.

PAGE AIRWAYS officials hosted Sanford and Seminole County officials and other area VIPs last night at a reception at House of Steak in celebration of taking over the airport operations at Sanford airport. From the left: A. K. Shoemaker Jr., chairman of Sanford Industrial Commission, and Page officers — Gerald G. Wilmot, president; James Lawler, comptroller; John L. Wilmot, secretary-treasurer, and James E. Hanretta, vice president-general manager. (Staff Photo)

Hunger Fund Is Recommended

WASHINGTON (AP) — The House Appropriations Committee today recommended $650 million to combat hunger and malnutrition among the poor.

That amount was provided in a $6.8 billion measure to finance the Department of Agriculture for the fiscal year starting July 1.

The committee said the department should "locate hungry people anywhere in the U.S." and provide them with free food when necessary, based on such factors as age, income and employability.

Financing in the bill to deal with hunger and malnutrition includes $311 million for children's programs and $180 million for food stamps to help feed low-income families. These programs provide low-cost lunches and milk for school children and reduced food prices for families.

Total new funds in the bill, which the House will consider next week, were $160.9 million less than President Nixon requested and $1.3 billion less than were appropriated last year.

Most of the funds in the bill, $4.96 billion, are for Commodity Credit Corporation price supports and other programs.

In a report written by Rep. Jamie L. Whitten, D-Miss., the committee conceded that "malnutrition persists" but said "there is no single answer to the problem because malnutrition may have many different causes."

The report was critical of the news media for what it called "shocking" assertions about widespread hunger.

It singled out as an example a CBS television program called "Hunger in America," and said an investigation by the committee staff indicated that "many of the incidents described or photographed were staged as though for a Hollywood production."

Earlier today Whitten's Agriculture appropriations subcommittee released staff reports critical not only of the CBS program but also of a report published last year by the Citizens Crusade Against Poverty, "Hunger, U.S.A."

South Side Singers Concert Set Tuesday

Singers of South Side School will "Say It With Music" at a special program in the school auditorium, Tuesday at 8 p.m.

Many well known favorites such as "When You're Smiling," "Put on a Happy Face," "Marching to Pretoria" and "Wonderful Copenhagen" will be sung by the Fourth Grade Chours.

The soloists will be Bryan Harden singing "The Surrey with the Fringe on the Top"; John Marshall in "The Sound of Music"; Duncan Hartman in "Feed the Birds"; Kim Roberts in "I Have Confidence"; Sarah Mercer in "I Whistle a Happy Tune", and Paula Jack and Lewis Dorton in "Wouldn't It Be Loverly?"

"Hello Dolly" will be sung by the Boy's Ensemble featuring Bernita King in the role of "Dolly."

Other ensemble numbers will include "Up, Up and Away," "High Hopes" and "Catch a Falling Star."

Ensemble members are Kim Harden, Gail Crumley, Kim Roberts, Meg Newman, Leslie Whittern, Sarah Mercer, Paula Jack, Katie Whelchel, Debra Yates, Happy Deas, Bryan Harden, John Marshall, Randy Brown, Russ Harden, Danny Boyd, Jeffrey Means, Kevin Beckwith, Louis Dorton, Kevin Epps and Duncan Hartman.

The South Singers will offer "Bless This House," "Fifty Nifty United States," "Tumbling Tumbleweeds," "Stout Hearted Men," "When the Saints Go Marchin In" and "America Our Heritage."

The production is directed by Ollie Reese Whittle with Catherine Whelchel accompanist.

42 Planes, Choppers Downed By Commies

SAIGON (AP) — Forty two more American planes and helicopters were lost in Vietnam in the past week, raising the total for the war to 5,388, the U.S. Command announced today.

The weekly summary of aircraft losses said the toll for the week included 27 helicopters and 15 fixed wing aircraft shot down, destroyed on the ground by enemy shelling or lost to other causes. The total was six less than the week before, when 40 helicopters and eight planes were destroyed.

A total of 2,713 fixed-wing planes and 2,675 American helicopters now have been lost since Jan. 1, 1961. Military sources estimate their total value at $3.6 billion.

Among the casualties in the past week were two $2 million F4 Phantom fighter-bombers and a four engine KC130 tanker lost in a collision during refueling operations off the coast last Sunday. Eight crewmen were killed.

Two of the helicopters were shot down Thursday northeast and northwest of Saigon. Two Americans were killed and one was wounded in the crashes.

As usual, the U.S. Command said it could give no explanation for the heavy aircraft losses.

One spokesman said the largest weekly loss of helicopters was in the week of June 12-18, 1968, when 37 were shot down or otherwise destroyed.

"I'm pretty sure the rate of loss is no higher now than it has ever been," the spokesman said. "We've got more helicopters than a year ago and the enemy has proportionately more weapons than a year ago."

Foundation Trusteeship Studied By New Justice

WASHINGTON (AP) — Judge Warren E. Burger, chosen to become chief justice, says he is undecided whether to continue as a trustee of a foundation which pays him $2,000 annually for attending four days of meetings.

Burger confirmed today he had received payments from the foundation which owns the famed Mayo Clinic in Minnesota.

Justice Abe Fortas resigned from the Supreme Court a week ago in the controversy over a $20,000 check frm the family foundation of a jailed financier. Justice William O. Douglas is under fire for payments from a foundation which has had ownership links with Las Vegas casinos.

He Stole A Plane

POQUOSON, Va. (AP) — Air police cordoned off the home of Sgt. Paul A. Meyer today as his wife and three children awaited word of the fate of the 23-year-old ground crew chief the Air Force says stole a giant turboprop troop carrier from a British airfield.

The air police converged on Meyer's rural Poquoson home in time to stop one reporter from the Newport News Times Herald, who had time to ask only on brief question of Meyer's wife, Mary Ann, before being hustled away. Mrs. Meyer refused to speak to newsmen.

Meyer is apparently a man of mystery at Langley Field and in his own neighborhood. Neighbors of the family, when asked about Meyer, said either that they did not know him or did not want to discuss him.

It was learned that Meyer, a native of Louisiana, Mo. had entered the Air Force in 1963 and had served in Vietnam where he received an air campaign medal last year.

People In The News

Frank Borman

PRAGUE, Czechoslovakia (AP) — U.S. astronaut Frank Borman, one of three lunar pioneers on the Apollo 8 moon flight last year, has been awarded the Czech Academy of Science's gold medal for service to science and humanity.

About 1,000 Czechs, shouting "Long Live! . . . Glory! . . . Glory!," greeted Borman, first American to win the award, as he stepped from the academy building Thursday.

"By the end of 1970," Borman told a news conference, "we will be able to take scientists and doctors of many nations" on flights to the moon.

Johnny Carson

NEW YORK (AP) — Johnny Carson was honored Thursday as the "performer of the year" by the International Radio and Television Society.

Carson told the audience at the Americana Hotel that he was once chewed out by a station manager for oversleeping and missing a broadcast.

"So I got cocky and told him that someday I would have my own network show and win an important award," Carson said. "And he said, 'The day that happens they'll send a man to the moon.'"

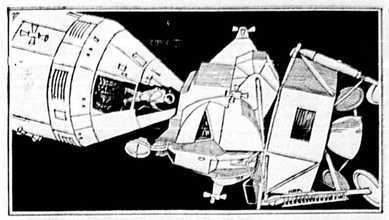
Mantovani

LONDON (AP) — Mantovani, the conductor known for sentimental string melodies, says he owes his continued success to the Beatles.

The 64-year-old musician, speaking Thursday at an awards luncheon for Britain's pop music industry, declared:

"I owe my continued success to the Beatles and the other groups. They are all alike and sound more or less the same. They are so loud that anything I play is like a breath of fresh air."

WALLS are going up on the new $210,000 municipal complex on Triplet Drive in Casselberry. Architect for the structure is Eoghan Kelley. (Jane Casselberry Photo)



Astronaut transfer from Command Module to Lunar Module is accomplished through narrow hatches of the joined noses of the two craft. Hatches sealed, the Lunar Module then blasts free of the spacecraft.

Mart Stymies Bond Sale

By BILL SCOTT

The Seminole County School Board may not be able to sell the remaining $3.8 million in school construction bonds due to the present condition of the bond market which has placed the prime interest rate at approximately eight per cent.

T. Kirk Gunby, school fiscal agent from DeLand, informed the board at yesterday's meeting that state limit of six per cent interest on the bonds would result in no buyers for the bonds if they are placed on the market in time for a bid opening scheduled for first week in June.

Gunby said this condition could clear by next Wednesday in time for the advertising of the securities in the "Bond Buyer," a publication of upcoming sales. The financial expert said he would poll the board by telephone next week to determine if the members desired him to go ahead and advertise for the sale.

If the sale is not held in June, another resolution will have to be passed by the board at another time when the market appears to be in better condition, Gunby advised.

Unless the bonds can be sold several projects, including an addition to Seminole High School and construction of Idyllwilde and Eastbrook facilities, will have to be delayed as money to finance these structures are included in the remainder of the $10.3 million bond issue approved a year ago.

In another board action involving selection of two architects for Eastbrook and Idyllwilde elementary schools, the board accepted the recommendations of Supt. John Angel and awarded contracts for plans to Eoghan Kelley and Schweizer Brothers.

Voting to accept Angel's choices were Pat Buie, John Evans and Ray Slaton; voting nay were Jean Bryant and Allan F. Keith.

A discussion to use the same plan for both schools was advanced by Mrs. Bryant in an effort to save money but the idea never got off the ground as only Slaton appeared to support the position, which would have saved the schools $20,000 if accepted.

Other board members and Angel expressed opposition to a prototype school, utilizing the same plans and architect for two or more facilities.

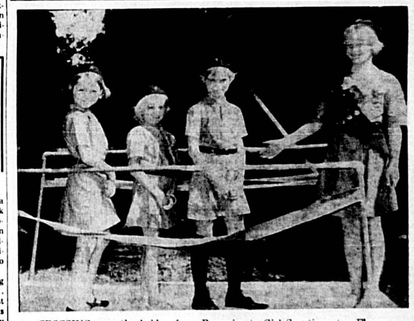
Because of a dispute between contractors, and to avoid a possible legal confrontation, the board approved extending by 14 days to Sept. 4 the completion date at Spring Lake School.

Mark Schweizer, school architect, said he had attempted to mediate the problems with the builders which grew out of a new "systems" approach to school construction but unless the extension was granted a suit would be in the offing.

Schweizer explained that construction costs are booming and new contract for trowel trade in Orange-Seminole County is $6.70 hourly.

Board, in another action, approved the new insurance program advanced by the Seminole Education Association (SEA) which would place the coverages to two companies, Blue Cross-Blue Shield and Educators Mutual.

This action was protested by Henry Johnson, of Connecticut General Insurance, who contended his firm's offer contained lower costs and greater coverages but was not considered by the SEA due to another firm's specifications being used to determine coverages. Board turned down Johnson's request and approved the SEA's recommendations.



CROSSING over the bridge from Brownies to Girl Scouting at a Fly-up ceremony conducted by Junior Girl Scout Troop 910 of Casselberry Wednesday are (left to right) Connie Cord, Troop 231; Theresa Brown, Troop 451, and Donna Valentine, Troop 81, being greeted by Debbie Stevens. The girls were among the Brownies from three troops participating in the program held at the home of Rev. and Mrs. Lucas Grile on Sunnytown Road. (Melenda Casselberry Photo)

Four Wounded In Campus Riot

BY THE ASSOCIATED PRESS

Three policemen and another man were wounded today during an exchange of gunfire between police and snipers at North Carolina A&T University in Greensboro. National Guardsmen were summoned to reinforce police patrols.

National Guard troops remained on duty at the University of California Berkeley campus and Gov. Ronald Reagan said they would stay "as long as necessary." There were 486 arrests in the continuing disturbance Thursday.

At the Greensboro campus, where one student was killed the previous night, the new shootings came when police responded to reports of persons carrying things out of the Student Union building.

The firing had stopped by the time the guardsmen arrived and the predominantly Negro 4,300-student university was quiet before dawn. The school was ordered closed tonight.

Dr. Lewis C. Dowdy, university president, urged all students to make preparations to leave and said all activities were suspended except the baccalaureate commencement convocation scheduled June 1. He ordered all dormitories and cafeterias closed at 8 p.m. today.

The disorders began after the president of the student body was among those named in a court injunction forbidding a group of persons from entering a Negro high school where an election led to protests.

Mediation

(Continued From Page 1)

Martin remarked, "I have nothing against the idea. I'm for anything to make Council meetings run smooth."

Councilman William Nuckols meanwhile, asked, "Who will benefit? We know our responsibilities. It would serve no purpose."

Nuckols added, "We are not children here and we're responsible for our actions. Everyone here took an oath to be responsible."

The mediator told the men he felt he could help by defining some of the problems of the municipality and received answer from Nuckols that "we all know what the problems are."

Info Sought

A Casselberry resident, John Harper of 503 Zinna Drive was bitten at 10:30 a.m. yesterday by a small, black shaggy dog in the Howell Park subdivision. The Casselberry Police Department has requested that anyone having any information about this animal should contact their department at once. If the dog is not found, Harper will have to be subjected to a painful series of rabies shots. The dog has no collar or tags.

Highlights

TV Time Previews

7:30-8:30 P.M. ABC. Special. "The Singers: Two Profiles." (Color) (Rerun). The network settles down to the bottom of the special barrel in rerunning this lackluster hour about two pretty good talents and their quest for stardom. In intimate, amateurish close-ups are blonde and beautiful Gloria Loring and frenetic Aretha Franklin. Miss Franklin makes her look like a far-out soul singer, which she's not. It's a mish-mash of unprofessionalism, but not the fault of the girls.

8:30-10 P.M. NBC. The Name of the Game. "The Protector." (Color) (Rerun). Robert Young makes his first appearance since "Father Knows Best." He plays a millionaire bigot who believes he can solve the racial problem by raising a private army to take care of the dissidents in society. It's publisher Howard's turn tonight, but he's relegated to the background by the guest cast which, besides Young, includes old pros Ralph Meeker and Anne Baxter. A simple and predictable plot, carried beyond its promise by the performers. They're all excellent.

9-11 P.M. CBS. Friday Night Movies. "Ensign Pulver." (1964) (Color) (Rerun). Starring Robert Walker, Burl Ives, Walter Matthau and Millie Perkins, with Tommy Sands, Larry Hagman and Kay Medford. It's comedy on a U.S. Navy Cargo Ship. Things begin when the Captain (Ives), who's harrassed his crew beyond endurance, gets tossed overboard, and Ensign Pulver (Walker), while trying a rescue attempt, falls in the soup, too. Together they drift around in the South Pacific, but Pulver puts the time to good use, recording the Captain's R.U.R. stroke-produced confessions.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: There is a very attractive young woman who works for me. She has a lot of problems, mostly due to a recently broken marriage. I happen to be an older man, and she confides in me, and I know I've been helping her a lot.

When my wife and I go to parties, I make sure this young woman has plenty of attention. I always tell her how nice she looks, I dance with her and see to it that she's never sitting alone.

My wife is very jealous. In fact she almost made a scene the last time.

How can I convince my wife that she has nothing to be jealous about? I assure you, she hasn't.

NOT GUILTY

DEAR NOT: You've "helped" this young woman who, on the rebound, could indeed be developing an attachment for you. Now you can reassure your understandably uneasy wife by assuming a strictly impersonal posture, and acting as a sympathetic employer rather than a father-confessor and healer of broken hearts.

DEAR ABBY: I am 21 years old but I know all the facts of life because I live in a dirty neighborhood.

My problem is that in our family we get pregnant quick. What I mean is, my sister got pregnant when she was 16 just by sitting next to a boy in church. That is what they say anyway. Can this be?

MARGARE ANNE

DEAR MARGARET ANNE: No. Somebody must have moved.

DEAR ABBY: You cannot stress too strongly the dangers of long, hard, mouth-to-mouth kisses between father and daughter. I am a judge, and am in a position to know that most cases of incest are hushed up. They are not confined to the lower classes either. I have had perfectly honorable and respectable men confess to me that they can be as easily aroused by their own daughters as by any other woman.

I think that all girls should be made aware of what mouth-kissing, lap-sitting, and nudity around the house can do to a man, be he a father, brother, uncle, or friend. Girls can usually control situations which sometimes in their ignorance they provoke. Keep at it, Abby. Very truly yours,

LOUISVILLE LAWYER

DEAR LAWYER: I know from my mail that what you say is true. The twin tragedies are that most little girls are "afraid" to report such advances, and some who do are not believed by their mothers—(an example of "there's none so blind as he who will not see.) Indeed, I shall "keep at it." It is a more prevalent evil than most imagine.

DEAR ABBY: You stated that the only legitimate reason for a man to go into a BEAUTY PARLOR were to announce a fire and to serve as a subpoena. Well, this is a third one. I am a man who goes to the local beauty parlor regularly for a manicure. I sometimes get stares, but it doesn't bother me. There are no manicurists in the barber shops here, and I want to keep my hands and fingernails clean and in good condition. Cordially,

SMALL TOWN DENTIST

GUNTERSVILLE, ALA.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.

Horoscope Forecast

SATURDAY, MAY 24, 1969

GENERAL TENDENCIES: Be careful in traveling today and this evening, for accidents could happen easily now. Make no comments whatever that could irk or upset anyone else. The arguments that would follow would result in separation and would never be entirely settled, so remain poised.

ARIES (Mar. 21 to Apr. 19) Be sure you follow through with any obligations you have toward others today. Take the time to improve both health and home. Avoid criticizing co-workers. Be more cooperative yourself.

TAURUS (Apr. 20 to May 20) Listening courteously to others instead of making snide remarks is best now. Be more affectionate. A smile can dispel the most difficult situation. Make it work in your favor.

GEMINI (May 21 to June 21) Avoid discussion at home of those points that always provoke some very difficult arguments. Keep busy outside the home. Shop or keep appointments. Trying to make your own repairs could prove costly right now.

MOON CHILDREN (June 22 to July 21) Particular care in driving or motion of any sort is wise right now. Avoid sarcasm with others. Think before you speak or you may say just the opposite of what you mean. Be careful of greedy individuals.

LEO (July 22 to Aug. 21) Much care in finances is important now, since you are too generous. Get busy making repairs around your house. Use your money wisely instead of giving it to the wrong persons.

VIRGO (Aug. 22 to Sept. 22) Don't be pushy where some personal matter is concerned. Let things work quietly for you and you can get the right results. Avoid that close friend who has a chip on the shoulder. Improve your appearance.

LIBRA (Sept. 23 to Oct. 22) All are depending upon you so much that you feel you have impossible responsibilities. Meet expectations and all will be fine. Success can come later if you assist others with their problems now. Be clever.

SCORPIO (Oct. 23 to Nov. 21) This is not a good day to plan social and other affairs because the friends whose company you usually enjoy are busy. Get interested in something constructive and worthwhile. Avoid persons who are undependable.

SAGITTARIUS (Nov. 22 to Dec. 21) Being overly independent with others could ruin your chances with others now, especially with some important higher-up. Be more efficient at your own line of endeavor. Talk less and accomplish more.

CAPRICORN (Dec. 22 to Jan. 20) You have fine ideas, but they need more study before you can put them in operation successfully. Forget that superficial idea proposed by an overly glamorous individual. Dear.

AQUARIUS (Jan. 21 to Feb. 19) You must carry through with that work that is expected of you even if it is hardly to your liking. Pay those bills quickly and put obligations behind you. Make way for some thing big in the offing.

PISCES (Feb. 20 to Mar. 20) You can reach a much better agreement with a partner now, but don't get into any new plans you have in mind just yet. Get busy with your share of any work. Stop going off on tangents, as you have been doing for quite a while now.

IF YOUR CHILD IS BORN TODAY . . . he, or she, will be one of those fascinating young people who has to be urged early to complete one project before going on to another. Since the mind is very active and the busy restless, the progeny would tend to drop one thing and go on to another. Teach the very much attention to minute details. Send to church early, too. The chart is fine for anything connected with investigation, laboratory work, business and selling.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Carroll Righter's Individual Forecast for your sign for June is now ready. For your copy send your birthdate and $1.00 to Carroll Righter Forecast, c/o The Sanford Herald, Box 620, Hollywood, Calif. 90028.

SUNDAY, MAY 25, 1969

GENERAL TENDENCIES: It is necessary for you to use the utmost care during daytime not to become involved in any odd or strange condition, and to handle everything conscientiously. The evening finds a real chance for you to see things in a more expansive light. Contact those in power now and get their approval. Entertain.

ARIES (Mar. 21 to Apr. 19) A good day to sit down quietly with fellow workers or friends. Plan how to make your joint projects more productive in the future. Then fix appears. Take those health treatments you need.

TAURUS (Apr. 20 to May 20) Your work has kept you in a rut for a long time, so step out today for much-needed recreation. Buy some thoughtful gift for your mate and show your true affection. Let your life glow more intelligently.

GEMINI (May 21 to June 21) Ideal day to make the right plans, quietly, at home to increase harmony and security there. Invite important persons to your home this evening and gain much from the social contact. Be sure that all appointments are precise.

MOON CHILDREN (June 22 to July 21) You would be wise to spend some time at your record books, reports, etc., today. Plan appointments with professional persons for any services you need. Reading your paper thoroughly can result in fine benefits for the future, too.

LEO (July 22 to Aug. 21) Good day to study into finances and property so that you can put your ideas to work. Be sure you have a budget that is really workable. Cut down on foolish expenses.

VIRGO (Aug. 22 to Sept. 22) Plan to be in contact with powerful people toward evening and fine things can happen for you. State your ideas. Make this a really social day and evening and be much happier as well.

LIBRA (Sept. 23 to Oct. 22) All are depending upon you so much that you feel you have impossible responsibilities. Meet expectations and all will be fine. Success can come later if you assist others with their problems now. Be clever.

SCORPIO (Oct. 23 to Nov. 21) Get together with new associates and permit them to help you to get some cherished aim you have in mind. Get out to the group affairs that are valuable in your scheme of things. Be with persons of similar interests.

SAGITTARIUS (Nov. 22 to Dec. 21) Show appreciation to those in prominent positions who have done you favors in the past, and then do those extra duties that intrigue you. Gain prestige through the use of the fine philosophy under which you live.

CAPRICORN (Dec. 22 to Jan. 20) Out to the services of studies that are most helpful to you in daily life. Growth of character is possible by having confidential talks with important people or elders. Get to bed early tonight.

AQUARIUS (Jan. 21 to Feb. 19) Use your intuition if you want to straighten out that problem now. Do that work that has been accumulating. Evening should be full of peace and contentment.

PISCES (Feb. 20 to Mar. 20) By being more cooperative with others, you get far better results now than for a long time in the past. Clear up those moot points. Reach a peaceful point of understanding that makes you happy.

IF YOUR CHILD IS BORN TODAY . . . he, or she, will be one of those fine young people who will do remarkably well in laboratory work or dietetics. Send to college to study scientific and the like. Be bright to the point of the unhappy. Once your work is done, be happy emotionally with one you love.

SAGITTARIUS (Nov. 22 to Dec. 21) Talk over with friends what you desire from them in the near future and get their ideas, full cooperation. Then attend to those personal duties that give you pleasure. Avoid persons who are deliberately unconventional.

CAPRICORN (Dec. 22 to Jan. 20) Sit down and analyze exactly where you are headed now, no matter whether you are at home or business. Are you making the most of your opportunities, Get advice from an important persons and GROW.

AQUARIUS (Jan. 21 to Feb. 19) Gather the information you require for any pet project and have more respect for the highly educated. Get in touch with one whose viewpoint is different than yours. Learn from this.

PISCES (Feb. 20 to Mar. 20) Since you are a bit puzzled, listen to what the other person has to say, so that you can get the right facts to proceed satisfactorily. Check your intuition against your good material comprehension.

IF YOUR CHILD IS BORN TODAY . . . he, or she, will be one of those clever young people with the good judgment to know what is best to do in order to get along well with others, especially at work. A fine, dignified personality. An early marriage is ideal here, since it can be a very happy one, lasting throughout the lifetime. Slant the education along such lines as diplomacy or personnel work, or beauty culture.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Carroll Righter's Individual Forecast for your sign for June is now ready. For your copy send your birthdate and $1.00 to Carroll Righter Forecast, c/o The Sanford Herald, Box 620, Hollywood, Calif. 90028.

Credit Terms

CHICAGO (AP) — Anyone extending credit to the consumer will have to tell it like it is beginning July 1, 1969.

Commerce Clearing House said that's the date when the new Truth-in-Lending Act goes into effect. It requires the disclosure of credit terms on all types of consumer credit.

The Federal Reserve Board is the supervisory agency in setting out the rules that are to be followed in credit transactions generally.

Jacoby On Bridge

Jacoby and Son

Rhythm is fine for musicians. It's dangerous for bridge players. In particular a bridge player should be careful about getting into rhythm in his bidding.

Today's hand was used by the late Albert Morehead as an example of the danger of getting into a doubling rhythm. Al held the North cards and made a sound vulnerable overcall of one heart.

It wasn't sound enough. If South had let Al suffer he would have been set one trick due to the combination of a very bad trump break with no aces or kings in the South hand, but South decided to try to get Al out of his troubles and rescued to two clubs.

West couldn't double two clubs but he hoped that his partner could. Hence his pass. Now it was up to Al. He was more than happy, about the club rescue. His partner had found a home.

What could Al do to get doubled at a low contract in clubs?

Al found a way. He rebid two hearts. East doubled gleefully. He had Al on the toasting fork. South tried a second rescue—two spades this time. West doubled that like the trumpet of doom. Now Al was ready to spring his trap. He ran to three clubs. The doubling rhythm was in full sway. East doubled that also.

Everyone passed. West opened the ace of diamonds and when the smoke of battle had cleared away South had just managed to make his three clubs doubled.

East shouldn't have walked into the trap—but he did. Rhythm got him.

We The Women:

By Betty Canary

It's called Reviewing the Budget. No special day is set aside for the annual occasion, but the evening is observed by most on a date that falls somewhere between six and eight weeks after the income tax payments.

Celebrants are husbands and wives although, sometimes the children are included.

Children, even those not allowed to participate, know when RTB is approaching, and they know it's not one of those days another marks off on the calendar with a star or a little note about picking up a cake and paper lace. They know it's coming when they mention needing a new workbook for school or paint, but how they have tied all the knots possible in their shoelaces and mother does not flip 15 cents their way but, instead, leans over the kitchen sink and sobs great choking sobs.

Another sure tipoff is when the anguished little cries from father's den cease and low rumbling sounds, mixed with the slam of file cabinet drawers, begin.

Children quietly retire to watch television when RTB rites start. Father walks heavily down the stairway, one hand smacking his forehead, the other clasping a sheaf of papers.

"The only way I can figure it," starts, "is after that last tax payment we went bankrupt. We've been on borrowed time for two months!"

Mother, who has read a book called Constructive Arguing, says, "Now, Harry, I suggest we sit down and discuss this like adults."

"All I want to know is when you decided it was Aristotle Onassis!" he snarls.

Thus end the preliminaries. Mother, forgetting her studies, replies sarcastically "My goodness, is THAT who you are? And here I thought you were I. John D. Rockefeller!"

"All right, Phyllis Dillier," he says. "Make the jokes, and I'll be bored that my problems from my mail that what you say is true. The twin tragedies are that most little girls are "afraid" to report such advances, and some who do are not believed by their mothers—(an, example of "there's none so blind as he who will not see.) Indeed, I shall "keep at it." It is a more prevalent evil than most imagine.

DEAR ABBY: You stated that the only legitimate reason for a man to go into a BEAUTY PARLOR were to announce a fire and to serve as a subpoena. Well, this is a third one. Polly's Pointers

By Polly Cramer

DEAR POLLY— My Pointer is for those girls who cut and sew rags for making homespun rag carpets. Take two strips of the rags and make a slit (like a buttonhole) near the end of each piece. Slip the end of one slit piece into the other. Take the end of the strip put through the first piece, put it into the slit and pull. Continue the same with additional pieces. This holds them tightly together and eliminates any need for stitching or sewing.—BETTY

DEAR GIRLS— After trying this it occurred to me that this same idea might be used for strips cut for braiding rugs. If the resulting two thicknesses were held flat together and were not bumpy.—POLLY

Polly's Problem

DEAR POLLY— I have six daughters who wear out their wool knee socks at the bottom. That part from the ankle to the knee is always good. I wonder if any of the clever readers could tell me some way I could use the good parts of these many socks.—MRS. W.B.E.

DEAR POLLY—Mrs. T. McN. can sharpen her pinking shears on sandpaper in a matter of a minute or so by simply cutting through aluminum foil. Cut through the foil, fold and keep cutting for at least 50 whacks. A professional knife sharpener advised me of this quick method. It has proved well worth the fee paid for same.—MRS. R.J.F.

DEAR POLLY and Mrs. T. McN.— I think cutting paper with pinking shears does dull them, but one way to sharpen them for use is to cut through first coarse and then fine sandpaper several times or until the blades are once again fit for cutting material.—MRS. B.C.C.

DEAR GIRLS—The aluminum foil treatment certainly helped scissors I use only for cutting paper—think you. Mrs. R.J.F. and Mrs. L. J.'s reminder of oiling the pinking shears hit home with me as mine were so stiff—I had never oiled them until her letter came. It does help! Now I plan to do that after every use if they are used fairly often but do it occasionally and DO NOT FORGET to wipe off the oil or you may have some spotted fabric.—POLLY.

You will receive a dollar if Polly uses your favorite homemaking idea. Polly's Pointers or solution to a problem. Write Polly in care of this newspaper.

Have an attractive, well-run home—and with far less effort. Profit from the hundreds of tried-and-tested shortcuts in Polly's new book. To get it, send name, address with zip code, and 75c (in coins or check) to POLLY'S HOMEMAKING POINTERS, The Sanford Herald, P. O. Box 4958, Chicago, Ill. 60680.

Fashion influences faces. As soon as a new fashion-costume color is presented women want to wear it, but often find that it does "awful" things to their skin, eyes and hair, or just for instance the skin. They think that they haven't the face for it. But, there is a solution for this. Any woman can wear any color with success if she wears the harmonizing make-up accessories.

Color can change your whole appearance. It can make you look sad, dull or gay and pretty, and often YOUNGER!

Just as you choose accessories to add to our costume, so you should choose makeup. Makeup is the accessory after the fact of fashion. When new costume colors are made fashionable, new makeup is here at once to complement or to harmonize or match the new colors.

It is fun to get away from your very own type now and, then. Choose a new costume color and have all the fun of getting new makeup. One lady of fashion, age 45, color-rinses her white hair to "go with" a new costume color. She is always bright and well-groomed and has fun with fashion. Try it!

For instance, the beige tones do little for a gray or white-haired woman, but, if the makeup is deepened and the touch of rouge and the lipstick glow, then beige is good.

The redhead or former redhead can wear red successfully if the makeup is toned to soften the red. Beige powder is very good.

If the fashion idea in makeup is ignored, you will hate that creation (?) you bought, so if you won't experiment with fashion colors and their makeup, just go on being your own type, which often is the easiest way, but not the fun way.

Monday: "Dear Edyth Thornton McLeod."

Career Corner

Ideas On Jobs For Retirees

Miss Iain awards a Mercury portable, courtesy of the Royal Typewriter Co., to Mrs. Carol Oliphant, Hemet, California:

"How about some job ideas for us senior citizens? Many of us want and need to do something to help bring in a little extra money?

A. — Possibilities coming up, but keep two points in mind: (1) You will sacrifice some Social Security benefits if you earn over $1680 a year. (2) Many middle-income retirees have to accept a lowering of status and earnings, a tough adjustment for anybody. Here's a checklist of ideas, some of which can be done part-time:

Golden men: apartment leasing representative, auto salesman, bookbinder, building doorman or receptionist, cashier-checker, caretaker, cigar counter clerk, custodian, electrical appliance repairman, elevator operator, food or newspaper route man or canvasser, furniture repairman, gardener or groundskeeper, gunsmith, handyman or painter, home-selling representatives (such as parties given to sell a product), hotel clerk, income-tax expert, insurance salesman, legislator for city or state (Why not run for office?), lumberyard utility man, mail-room clerk, maintenance worker, manufacturer's representative, messenger, minister's assistant, museum or plant guard, night watchman, office clerk, parking lot attendant, real estate salesman, recreation establishment attendant, retail clerk or floor manager, school crossing guard, service station attendant, shipping and receiving clerk, shoe cobbler, survey worker, tailor or presser, telephone solicitor, time salesman for small radio station, tool or stock room clerk, tourist guide, waiter, wildlife watcher for State conservation agency (count quail, ducks, deer, etc.).

Golden girls: bakery clerk or worker, campaign office worker (during elections), canvasser, cashier, catering service worker, checkroom attendant, cleaning woman, cook or cafeteria worker, department store information clerk, demonstrator, domestic, dormitory supervisor or fraternity housemother, file clerk, florist's helper, hotel linen room attendant, housemakers for family service agencies (they help out in different homes when an emergency arises), housekeeper or companion, insurance company clerk, laundry worker, mailing service worker, merchandise marker for stores, private tutor, receptionist, rest room attendant, retail clerk, seamstress, store packer or wrapper, switchboard operator in hotel, tearoom hostess, telephone answering service worker, or any of the above men's jobs for which you qualify.

Retired couples often become resident managers for large apartment buildings, or foster grandparents for needy or institutional children.

Senior aides. The U.S. Department of Labor and the National Council of Senior Citizens started a pilot program last fall in 10 cities to fill 400 community service jobs — mostly helping the poor, elderly, handicapped or children.

Application is made through local state employment service offices. Among the jobs: teachers' aides; assistants in rehabilitation programs, work therapy centers and homes for the aged; home service aides who instruct young mothers in child care and home management; recreation aides; teachers for

It's Realtor Week

... a time set aside each year to focus attention on the professionally qualified people who list, sell, rent, manage and appraise real property ... the Realtor. When you buy or sell real property, you will always do better by doing business with an experienced and qualified member of your Seminole County Board of Realtors.

Attend Church This Sunday

"I am the resurrection and the life; he who believes in me, even if he die, shall live; and whoever lives and believes in me, shall never die."
John 11:25 - 26

Will it be Enough?

Today it's just a skeleton against the sky. But tomorrow people will live in it, and it will become a home. Within its walls, the pattern of life will be carried out.

But will this be enough? As a home, will this house stand or fall as the years pass? Will the people who live in it develop into better, stronger human beings? Or will they acquire selfishness, greed, indifference, conceit?

Remember the foolish man who built his house on sand, only to have the rains wash it away, and the wise man who built his house permanently on a rock? The future of this house — the future of a home — depends upon its foundation.

In the story, the "rock" symbolizes the Church. Those who build their faith upon its foundation will take into their homes the strength to keep them standing, regardless of what life may bring.
