## Sanford Man Cleared In Charge Of Rape

Rape charges against a 30-year-old Sanford man, brought by an 18-year-old Orlando girl after a party on Lake Drive in Sanford, were dropped yesterday afternoon by the girl at the Seminole County sheriff's office.

County authorities had been searching for Sanford, since Saturday, when the girl alleged the man forced her car off the road and assaulted and beat her.

The girl in announcing her wish to drop charges against McWhorter, paid the \$8.50 court costs involved with the issuance of the document at Peace Officer R. E. Carrally's office.

D. H. Schreiner and G. W. Meyers, deputies, investigated the report early Saturday and related the girl told them she had attended a party on Lake Drive and left after midnight to drive to her Orlando home when she saw a car following her.

She claimed the vehicle forced her off the road and a man she had met at the party jumped in the car, took the keys, and said, "You're in no condition to drive."

She said she was driven to a busy area and beaten and raped by a man she later pointed out to police to be McWhorter.

The girl signed a warrant charging the man with the crime but authorities were unable to locate the man, who had a car license, but Sanford area is located in Orange County.

A physician, after examining the girl, reported she had been fondled but not raped.

By JOHN A. SPOLSKI

Can you keep a secret? Well, we can and to prove it, I promise not to let it "leak" tomorrow or Monday . . .

It's about to happen! (That ought to hold, yah . . .)

A couple of columns ago we were extolling the virtues of local residents being in prestigious positions with the citrus industry and the active part they'd be playing at their annual convention in Miami Beach.

C. Howard McNulty, President of the Florida State Bank, is the chairman for the Group 3 Meeting, scheduled for later this month, which will host seven Central Florida counties.

And here's still another Seminole Countyman taking the "lead." . . . Robert Bessner, Seminole Memorial Hospital and president-elect of the Florida Hospital Association, will be the presiding officer at the conference, scheduled to meet in Gainesville, Oct. 13-14.

## 'Frula' On Boards Saturday

The Seminole Mutual Concert Association members will sing in another season Saturday night at Sanford Civic Center as they celebrate their 25th anniversary. They plan to climax their 15 continuous years on the concert scene with a performance of the Yugoslav ballet, Frula.

A tired cake will be cut at a reception preceding the concert for all members of the association.

Around a thousand members are expected to meet this season, the largest and most ambitious they have ever embarked upon. So far about eight hundred memberships have been sold. Seminole Junior College students, who participate in the series as a part of their total fee, should bring the total to about one thousand mark.

Memberships are still available from Mrs. Gus Hall, 222-1724.

TOWN COUNCIL PLANNERS  
 JIM HUCKRIDGE (left), President of the South Seminole Jaycees, Don Bundy (center), Altamonte Springs Superintendent of Public Works and Saddle Lake prepare for the Town Council meeting, Oct. 14 at St. Mary Magdalen Church. More than 400 citizens are expected to attend.

## Altamonte Aides Lop Budgetary Requests

By MARION BETHEA

Altamonte Springs Mayor W. Lawrence Swafford, replied that this would make it necessary to enact a new ordinance within the city. Payne then countered that all progressive cities are now using metered cabs, and that he had exclusive franchises in other areas. Payne also stated that the cost of meters is \$500 each. Councilman William Nickols moved that council authorize City Attorney S. Joseph Davis to draft an ordinance for taxi cabs. Council unanimously agreed with the motion.

Council was plagued with a problem common to many areas — open ditches and drainage. Complaints were heard and referred to the water department. This amount has been increased from the present \$600 per annum. Keith Nixon, councilman, questioned the added expense and was advised by the assistant volunteer chief, Frank Pappia, that there were 18 members of the department and the regular council meeting. Councilmen also seemed astounded to public sentiment as they lopped and clipped the budget. However, there is still \$275,000 in the general fund budget, \$94,018 in the water department budget, and \$17,745 in the sewer budget.

The volunteer fire department scored a victory in the budget, receiving, subject to approval at a public hearing, \$1,800 for expenses. This amount

## School Program Migrant Moneys Forthcoming?

At least a portion of the \$2,600 in Migrant Program funds recently chipped off by the U. S. Department of Health, Education and Welfare (HEW) because that governmental agency refused to approve the county's desegregation plan for 1969-70 school term may be restored. This was confirmed today by Fred Taylor, county's coordinator of federal programs, who said he was submitting a new project today to the State Education Department for approval which would hopefully restore \$2,600 of migrant funds for this year effective Aug. 15.

Taylor said that since county had increased the migrant program from \$48,000 to \$22,000 for this year, HEW ruled this was a new program and hoped off the entire amount.

Result was the cutting of five teachers and six aides from the units assigned to six county schools with loss of federal funds.

The teachers were moved into existing openings within the school system but the aides employment was terminated.

Now, Taylor said two new teachers and two aides will be hired in conjunction with the program, if the government returns \$48,000 for funding.

## Local Collegiate Plan Moratorium

Ten students representing area colleges, who plan to participate in the national Vietnam Moratorium Day, Oct. 15, gathered Wednesday night in a private home in Fern Park to organize and coordinate their activities. Represented at the meeting were Seminole Junior College, Florida Technological University, and College of Orlando.

A moratorium is planned to dramatize the event leaving SIC at 4 p.m., Wednesday, to travel to Fern Park to be in place at 5 p.m. Other schools and interested persons will converge there.

Oct. 15 activities will be only the first of three local efforts arising the end of the Vietnam War with other activities planned for November and December to protest the war.

At SIC a forum type meeting is tentatively scheduled for 12 noon on campus as part of the Vietnam Moratorium observance on Wednesday.

## Modular School Plan Pictured For County

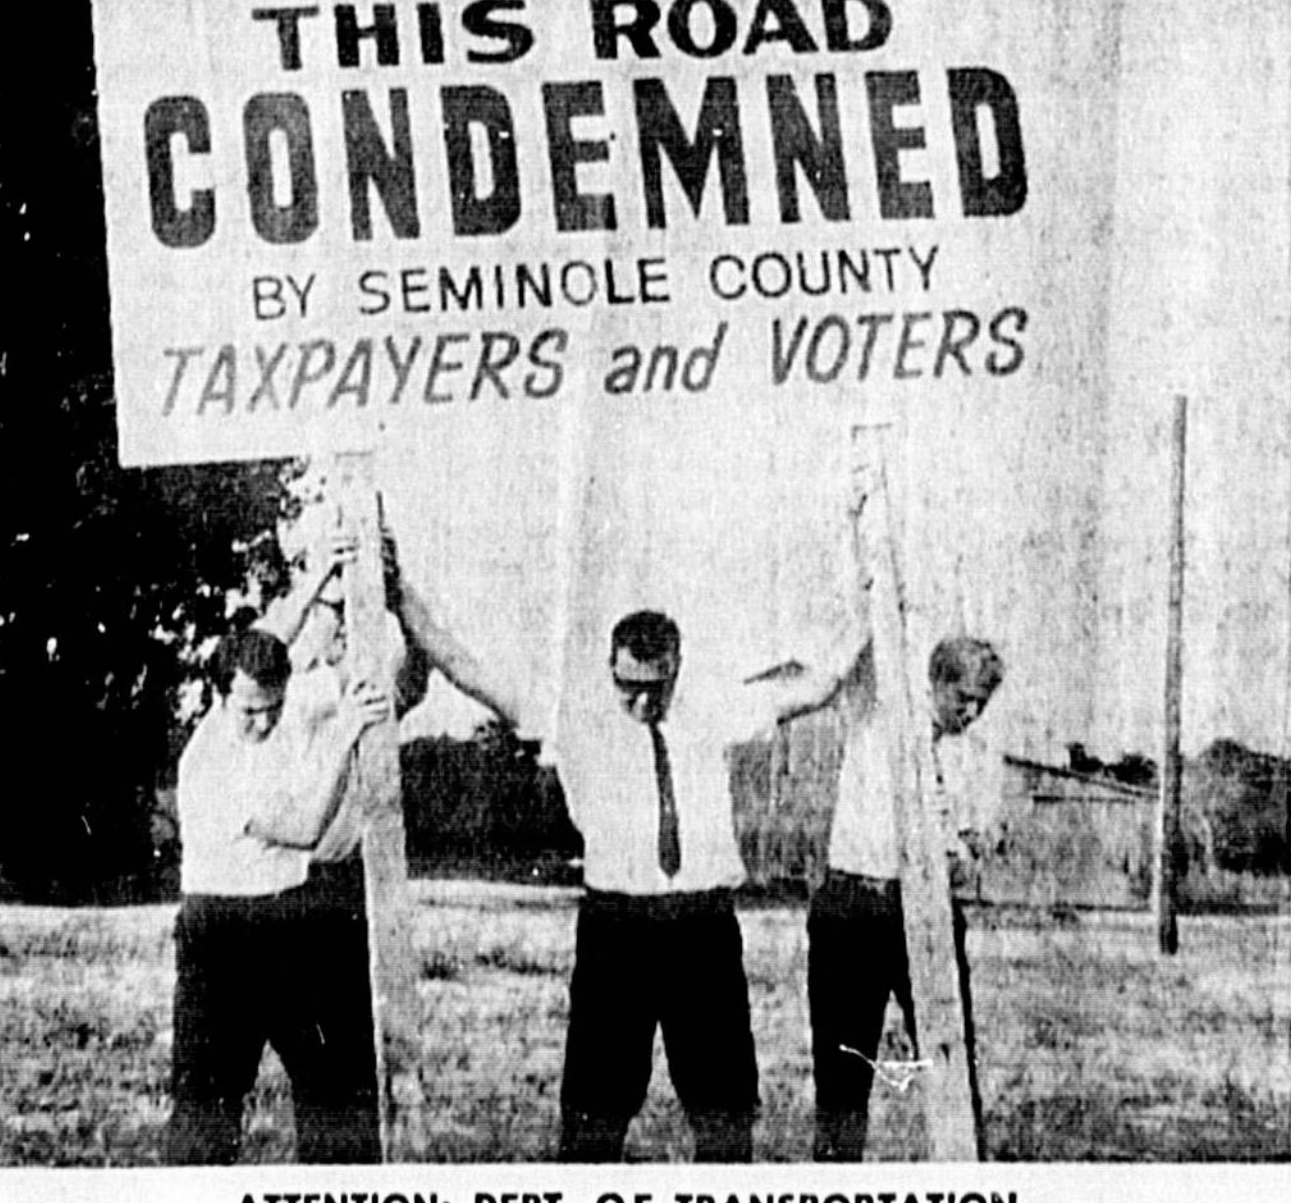

Seminole County School Superintendent John G. Anzel at his Wednesday news conference discussed plans for a future computer type modular school system for the county, but admitted it would be several years away.

Questioned concerning the 12 month school concept for the county, Anzel commented about a modular school which would utilize computers to analyze students and make recommendations for individual study schedules.

This would presumably complement the 12 month school, which Anzel said could not be implemented in the county for at least three years. "First, we need a feasibility study and a date to enter a county-wide program for selected grades," he said.

For teachers working the 12 month school, it would require an average 20 to 25 per cent pay increase, but because of computers fewer teachers would be required.

Each teacher would work a different schedule each week similar to a student, who could be graded by a computer to determine his needs.

## Fight Looms On Poverty Legislation

By JOHN BECKLER, Associated Press Writer  
WASHINGTON (AP) — The House is heading for a building fight over anti-poverty legislation in which the Nixon administration will have the support of only a handful of Republican members.

Faced with the need to line up at least 66 of the 188 House Republicans behind his bill to continue the anti-poverty program unchanged for two more years, the administration was able to come up with only 18.

As a result, Democrats on the Education and Labor Committee, who were prepared to go along with the administration, planned to write their own bill. It could add as much as \$1 billion to President Nixon's request for anti-poverty funds.

The shape of the impending battle was outlined Tuesday when the Education and Labor Committee took up the administration bill for months while the White House sought GOP votes.

Although a majority of the Republican members were prepared to vote for the bill in the committee, lack of support among the general GOP membership would doom it on the floor.

Most Republicans — and a large number of conservative Democrats — are opposed to the program and turning much of the money to the states.

Chairman Carl D. Perkins, D-Ky., was reluctant to let the administration bill out of the committee. "We don't have the votes," he said.

The Republicans will support it in committee and get it on the floor.

Many needs it fills for the Seminole County residents. This is the package program that Alexander presented to the Lake Mary Chamber and the center for the mentally ill, disturbed, or incompetent. It was suggested that it could be a separate building or could be part of the hospital or in conjunction with the mental health Association through clinics.

Still another building being considered would be an extension of the courthouse to serve the South Seminole residents. As of now the county is leasing a building in the Seminole Plaza, which serves small needs of the South Seminole residents.

Other buildings that are needed very badly are a separate juvenile detention building. This is to house the youths' offenders without putting them in with the more hardened and older offenders. This will enable the

## Fight Looms On Poverty Legislation

Since there is no chance to get the administration bill passed, he said, the committee should try to write a bill on which it can agree. But Rep. Albert H. Quie, R-Minn., who leads the fight to enlarge state control over the anti-poverty program, refused to offer his amendments in committee.

"The fight is going to be on the floor anyway," he said. "Why waste the time here?"

If the Republicans follow the practice of an amendment in committee," said Perkins. "We'll bring out a bill that will increase the authorization to \$3 billion. We'll beef up every worthwhile program and we'll get a role call on every amendment."

## 'Rock' Festival Studied

PALM BEACH, Fla. (AP) — Residents in this winterland of the wealthy could wind up digesting their Thanksgiving turkey to the sound of acid rock and an accompanying cost of thousands if Eave Rupp gets his way.

Rupp, president of Gold Coast Raceway, wants to run a rock festival Nov. 28-30 at the Palm Beach International Raceway.

Plans were announced for a PTO Carnival to be held Oct. 25, 3-4 p.m., by Mrs. Eleanor Henry, ways and means chairman.

The meeting was presided over by Mrs. Virginia Cobb, PTO president. The devotional was given by Rev. Lewis Ballard. New teachers were welcomed by Mrs. Sylvia Hardin, principal.

Room count was taken and the "Barnes," with a check for \$5, went to Mrs. Vera Thomas, first grade teacher. Home room mothers were recognized and Mrs. Cobb explained to the parents that they would be asked to give \$1 to Home Room Mothers or bring refreshments for a class party.

The secretary and treasurer reports were given and approved. The chairman of Standing Committees were introduced by PTO president.

Mrs. Ethel Perlick, Grey Lakes, chairman, gave a report on school clinics. There will be a course taught in October on First Aid. Anyone interested in this course who could help with the school clinic, please call Mrs. Ethel Perlick.

Refreshments were served by board members with name tags being made by the art class.

The next PTO meeting will be Oct. 21, 1969 at 9:30 p.m. in the school auditorium. Parents are urged to come and join the PTO.

GUEST speaker Dr. Thomas M. McNeill, Orlando heart surgeon, is shown with South Seminole Jaycee President Jim Buckridge at dinner meeting held at Casselberry VFW Post Home. (Jane Casselberry Photo)

## 'Surgery' Outlined To Jaycees

By JANE CASSELBERY  
Dr. Thomas M. McNeill, who is in practice of heart, lung, and blood vessel surgery in Orlando, was guest speaker for the South Seminole Jaycees at a dinner meeting at the Veterans of Foreign Wars last home in Casselberry.

He spoke to the group on present day industrial technology and its contribution to modern methods of treating heart disease, new electronic devices for controlling rhythm disturbances of the heart and metal alloys and plastic materials such as are used in replacement of diseased heart valves.

Surgery of this type is performed in most of the large hospitals today including those in the Orlando area.

## PTO Plans Carnival On Oct. 25

Plans were announced for a PTO Carnival to be held Oct. 25, 3-4 p.m., by Mrs. Eleanor Henry, ways and means chairman.

The meeting was presided over by Mrs. Virginia Cobb, PTO president. The devotional was given by Rev. Lewis Ballard. New teachers were welcomed by Mrs. Sylvia Hardin, principal.

Room count was taken and the "Barnes," with a check for \$5, went to Mrs. Vera Thomas, first grade teacher. Home room mothers were recognized and Mrs. Cobb explained to the parents that they would be asked to give \$1 to Home Room Mothers or bring refreshments for a class party.

The secretary and treasurer reports were given and approved. The chairman of Standing Committees were introduced by PTO president.

Mrs. Ethel Perlick, Grey Lakes, chairman, gave a report on school clinics. There will be a course taught in October on First Aid. Anyone interested in this course who could help with the school clinic, please call Mrs. Ethel Perlick.

Refreshments were served by board members with name tags being made by the art class.

The next PTO meeting will be Oct. 21, 1969 at 9:30 p.m. in the school auditorium. Parents are urged to come and join the PTO.

## Legislature Re-study Planned

The League of Women Voters will undertake a re-study of the bicameral legislature as a result of a study of the subject by the local league chapters. At a board meeting in St. Petersburg representatives of the League of Women Voters in Florida no longer has a consensus in support of a bicameral legislature.

In making the announcement, Mrs. Malchon emphasized that this does not mean the League opposes a bicameral legislature. She pointed out the wording of the study item, "re-evaluation of the bicameral legislature, will prevent members to study all types of legislative structures."

Local Leagues will report the contents of their membership by May 1. These reports will be considered by the state board at its May meeting and the state committee. If any, will be announced at that time.

## Flags Presented to Lyman High School

Flags were presented to new Lyman High School by South Seminole Veterans of Foreign Wars Auxiliary 8207 of Longwood. Left to right, Mrs. Anna Tully, Mrs. Harriet Harris, Assistant Principal F. D. Duzge, and Mrs. Betty Hamm.

## Pueblo CO Looking To Future

By RICHARD E. MEYER, Associated Press Writer  
MONTEREY, Calif. (AP) — "Sometimes," says Cmdr. Lloyd M. Bucher, "I just can't believe it was all real."

The man who commanded the intelligence ship Pueblo is attending a Navy postgraduate school now and pondering his future.

When he looks back on his ship's capture, 11 months of imprisonment and torture with his crew in North Korea, an inquiry that ended with a court martial recommendation — "with a sense of unreality."

"There is this dream," he said in an interview, "that on account of some legal technicality the United States is sending us back over there, that we have to go back to prison."

"I couldn't quit dreaming that dream. It came again and again. When I'd finally wake up, I'd be despairing."

"There were other dreams... of hearing my men screaming in prison... and straining and straining to see when the screen it was, and learning the

## SS Boosters Aid Girls PE

South Seminole Junior High school Athletic Boosters voted \$500 to the Girls Physical Education Classes for needed equipment.

The group voted to fence its territory to protect locker areas from stealing and vandalism.

A candy sale fund raising project is planned for again this year.

## Solon Refuses To Bow To Radicals

By STRATTON L. DUNN, Associated Press Writer  
Rep. Don Reed's proposal to ban SDS and other radical groups from the campuses of state-operated colleges and universities has enraged some militant students and drawn criticism from some educators — but the burly lawmaker isn't backing down an inch.

"I have nothing but the utmost of contempt for those who hide behind our Constitution and at the same time subvert the principles which made this country so great," Reed said Wednesday.

Reed also confirmed that he had said in a secular vein that while he wasn't a fascist, he didn't mind a little bit of suppression.

"In fact," he said, "I'm for a lot of suppression if it's aimed at those who advocate the violent overthrow of this country."

And he said he felt Regents Chairman Burke Kibler of Tampa was slightly confused when he said he thought it was a mistake for the Legislature to get involved in the administration of higher education.

Kibler's concern about the autonomy of the regents," Reed said. "But my bill would, in effect, give the regents the force of law in court. I would let them (the educators) decide how they would implement the law."

Kibler said the bill which would bar SDS and other student groups not registered on campus from using school facilities would only invite trouble.

"They (radicals) want confrontation and by enacting this legislation you play into their hands," said Kibler. "We have sufficient authority to deal with those groups now."

This University of Florida President Stephen O'Connell had no comment on the bill other than to say he would leave it to the wisdom of the Legislature.

## Attorney Also Indicted Among DeLand Officials

DELAND (AP) — The last seven officials in this East Florida city's government have been indicted for allegedly violating Florida's government sunshine law.

The mayor, city commissioner, city manager and assistant city attorney were all indicted after a newspaper reporter said at which a shortage of municipal funds was discussed.

The seven men were indicted by the Volusia County Grand Jury and later released on personal recognizance. They are Mayor Sidney Smith, City Manager Wayne Sabers and Asst. City Atty. John Mattingly.

The city officials were ordered to appear before County Judge "Duke" Bishop after the grand jury announced the indictments on the basis of testimony by Bernie Bishop an Orlando reporter.

Bishop said the commission barred him from a Sept. '62 meeting unless he agreed not to say what happened until given permission by the commission.

After the commission session, Mattingly released a statement that said a shortage of less than \$1,000 was discovered in receipts from a municipal swimming pool. The statement also said the commission turned the matter over to State Atty. Steve Boyles for investigation.

Wednesday Mayor Smith said the indictments were outrageous and said no member of the city commission was called before the grand jury to explain.

Mattingly agreed that the city commission "had been treated in an outrageous manner" and said the secret meeting took only 15 minutes.

"The commissioners met only after their attorney advised that it was proper and they had no intention of breaking the law," Mattingly said.

## Battered Children Increasing

TALLAHASSEE, Fla. (AP) — More and more children battered, beaten and starved by their parents are brought to the Division of Family Services Office daily, Director Emmett Roberts said Wednesday.

Roberts said the House Appropriations Committee the number of cases of abuse or neglect of children by their parents is soaring drastically. He said the state currently provides for 16,000 mistreated children and the number will climb to almost 15,000 by 1971.

The children that Roberts agency sees may be considered lucky — at least they are alive.

Recently David Wilcox, 4, was beaten to death in Sarasota County. Authorities charged his adopted parents, Ward and Patricia Wilcox, with first degree murder. Police said David's frail body was bruised from head to foot and there were tooth marks in his neck.

Harold Dice, 4, was beaten to death with a stick in Hollywood. His father Walter was sentenced to 18 years for murder. The prosecutor said Dice made the boy stand at military attention for four hours and hit him with a stick every time he moved.

## IIF Takes Over Case

TALLAHASSEE, Fla. (AP) — A Miami attorney will take over the state's case against Coastal Petroleum Co. when Coastal Petroleum Co. is held liable for pursuing the Lake Okechobee mining battle shifts to Trustees of the Internal Improvement Fund.

Attorney Neil Rutledge's appointment was announced Wednesday by Herb Benn, assistant attorney general. The IIF staff is taking over the case from the attorney general's office.

"The trustees have taken the initiative," Benn said. "We will assist for the transition. We're standing by."

A pretrial conference has been called for Monday by U.S. Dist. Court Judge Clyde Atkins of Miami. The trial is scheduled to open Oct. 31.

## Solon Refuses To Bow To Radicals

Reed, House minority leader from Boca Raton, addressed his remarks to students who said his bill approved in Tallahassee Tuesday by the House Higher Education Committee stemmed from fear and a desire to suppress freedom of expression.

"I have absolutely no fear of such a militant minority but I'm very proud of the 98 per cent of our college students who are attempting to obtain an education at our universities rather than practice anarchy," Reed replied.

Reed also confirmed that he had said in a secular vein that while he wasn't a fascist, he didn't mind a little bit of suppression.

"In fact," he said, "I'm for a lot of suppression if it's aimed at those who advocate the violent overthrow of this country."

And he said he felt Regents Chairman Burke Kibler of Tampa was slightly confused when he said he thought it was a mistake for the Legislature to get involved in the administration of higher education.

Kibler's concern about the autonomy of the regents," Reed said. "But my bill would, in effect, give the regents the force of law in court. I would let them (the educators) decide how they would implement the law."

Kibler said the bill which would bar SDS and other student groups not registered on campus from using school facilities would only invite trouble.

"They (radicals) want confrontation and by enacting this legislation you play into their hands," said Kibler. "We have sufficient authority to deal with those groups now."

This University of Florida President Stephen O'Connell had no comment on the bill other than to say he would leave it to the wisdom of the Legislature.

Editorial Comment

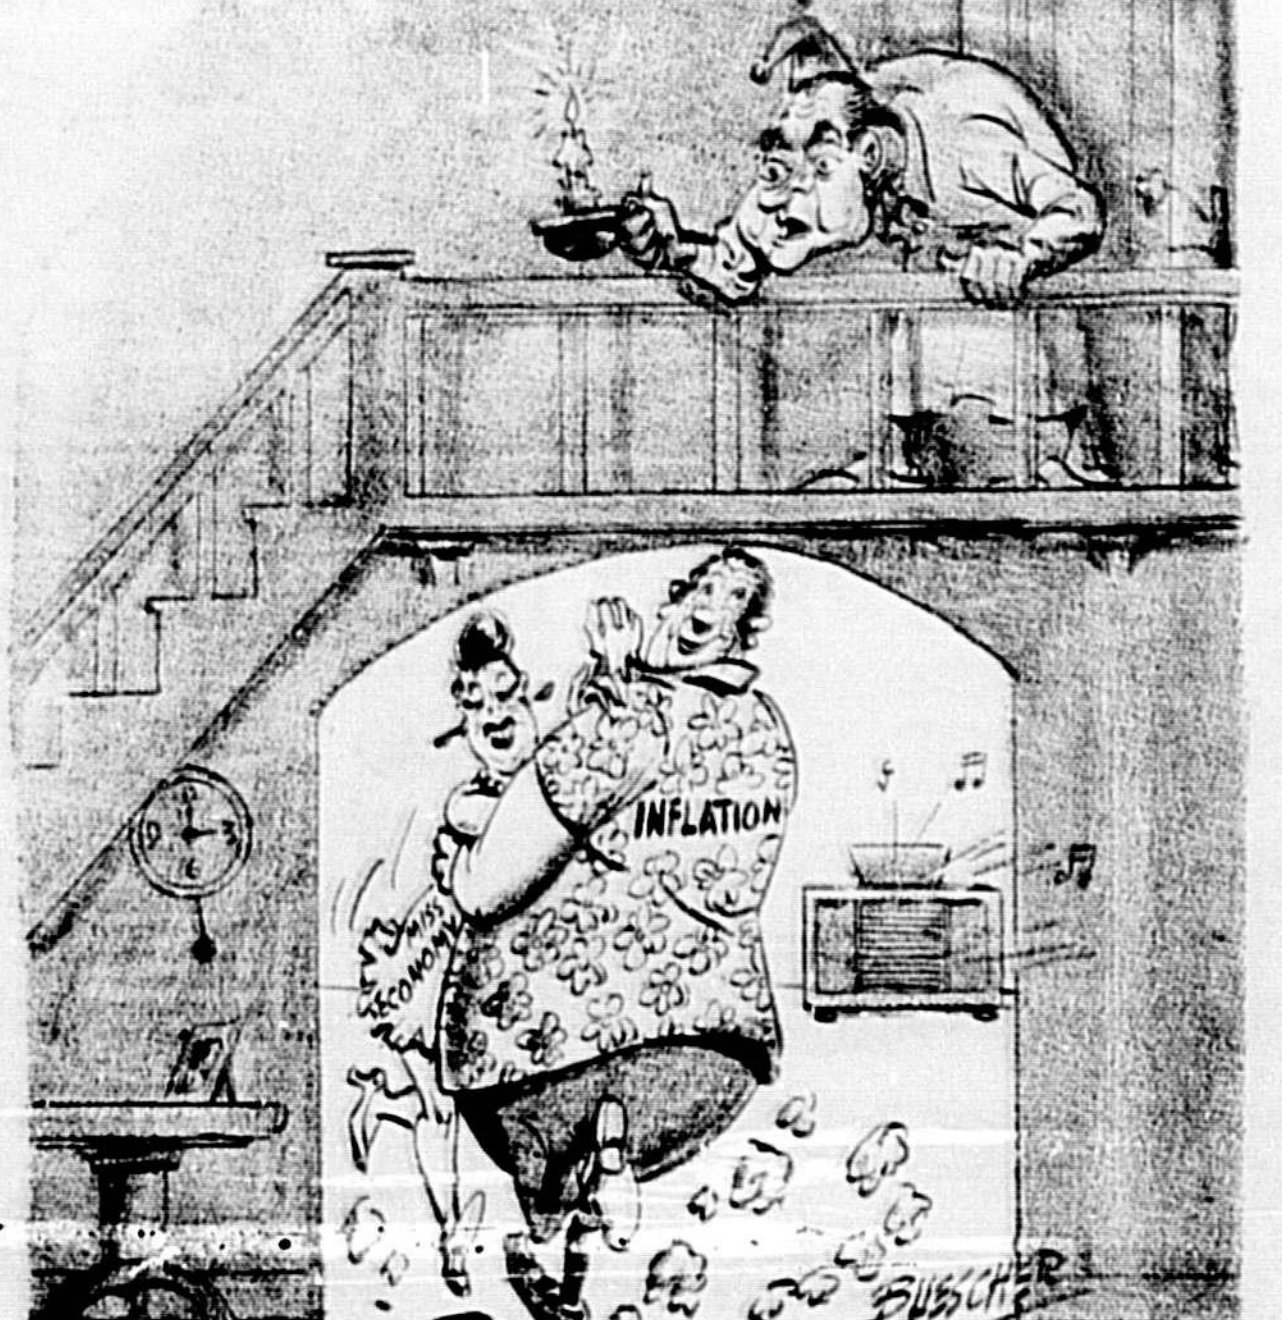

Sunshine Law Violations Get Legal Attention

"Landmark Decision" is a term which has become used in legal history to denote findings which are of greater importance, as revealing a trend in judicial interpretation, than the case itself. It is yet to be determined whether or not the indictments of the Deland City Commission and the City Manager by the Volusia County grand jury for violation of Florida's Sunshine Law will earn such a label.

Keep Going SSDC!

When you get down to the nitty-gritty of the nagging and persistent problem of Sanford-Seminole, the creation of jobs is the heartening to observe the work done by the Sanford-Seminole Development Co., Inc.

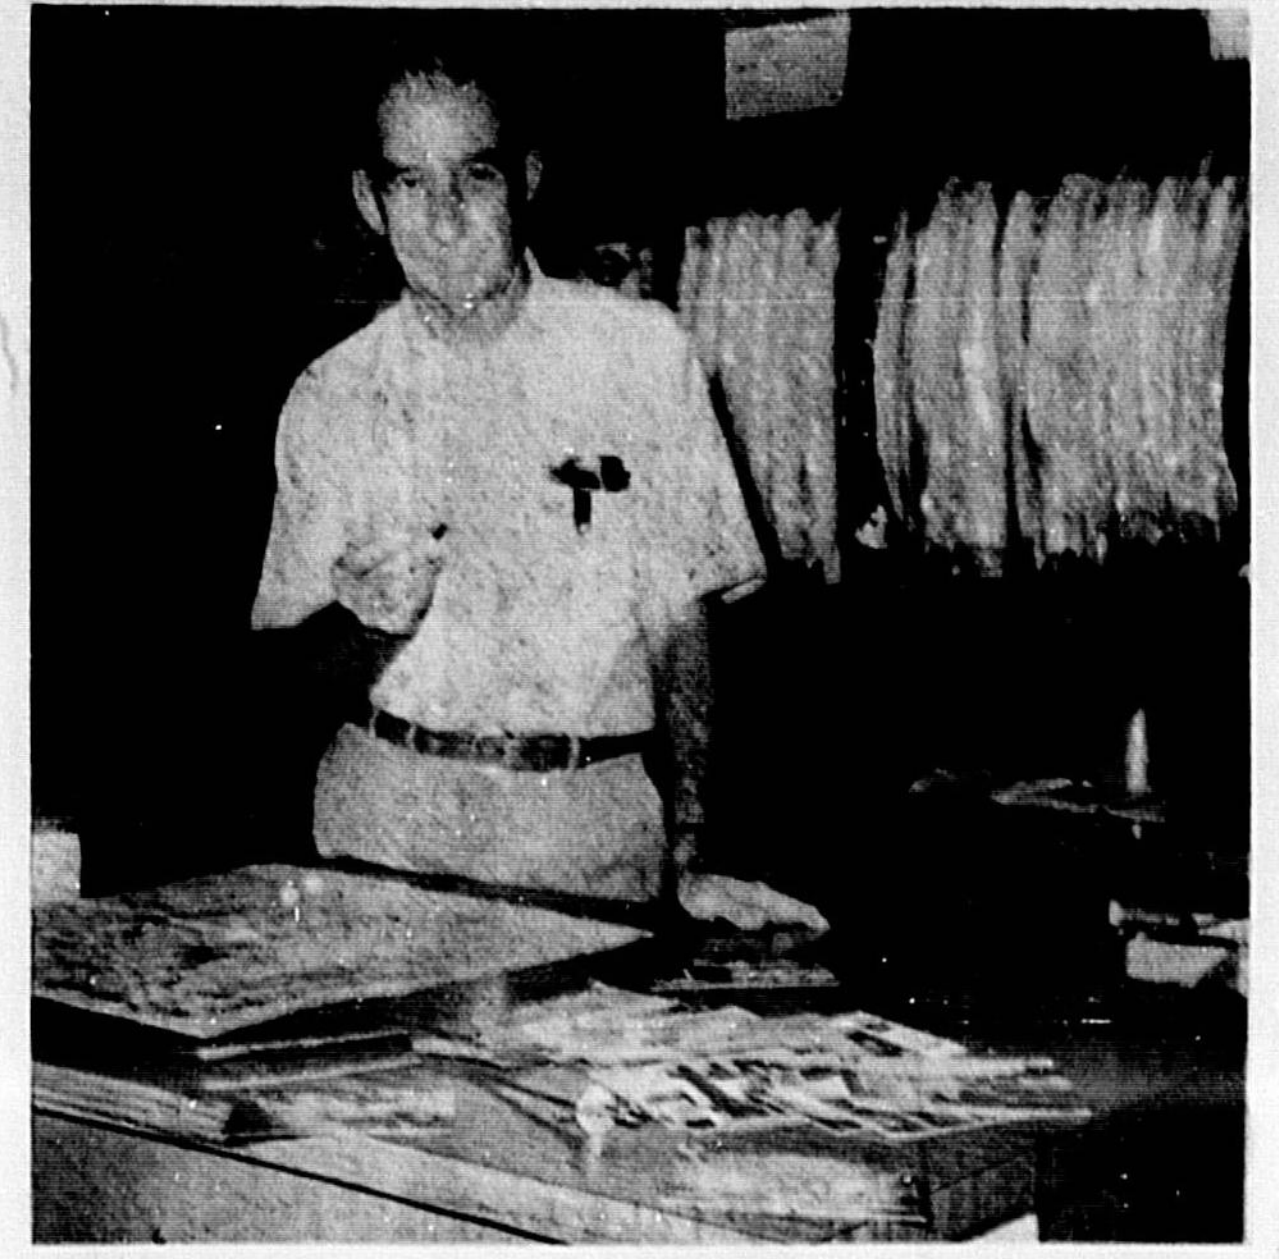

"TIME TO RETIRE!!"

Political Notebook:

Woes Of Forgotten Whites

By BRUCE BISSAT, NEA Washington Correspondent. WASHINGTON (NEA) — Slowly but surely, public figures in this country and many great urban centers are beginning to discard the term "backlash" as insufficient to describe the discontent of white working people in this era of the black struggle.

THE MEMORABILIA of a visit to Spain shared by the tourist, is unfolded by Jim Robson at his men's shop on Magnolia Ave., Sanford. He holds a piece of the sword which dates back five thousand years to the time of the Roman Empire.

**Oct. 18**  
Lake Mary Garden Club

### Sheriff Is AARP Speaker

Volusia County Sheriff Edwin H. Duff will be the featured speaker at the monthly meeting of the Deltona Chapter of the American Association of Retired Persons Friday at the Freeman's Recreation Hall at 10 a.m. His subject will be "Law Enforcement in Volusia County." A question period has been arranged.

After a graduation from George Washington University and from Columbia University Law School Sheriff Duff joined the Federal Bureau of Investigation and became an assistant to FBI Director J. Edgar Hoover. And for 20 years he served as a special agent in Daytona Beach. He was elected Volusia County Sheriff in 1963.

Since Friday's AARP meeting to the Chapter's Annual Meeting directors will be elected to fill vacancies on the board. Following this, officers will be elected by the new Board of Directors and standing committees will be appointed.

If a sufficient number of chapter members are interested, reservations will be taken for the Chapter's Thanksgiving Day Dinner planned for members who otherwise might be alone for this traditional family day.

### Merchant Meet Now Monthly

Sanford's Downtown Merchants Association will cease regular weekly meetings effective after the October 10 breakfast session in favor of monthly meetings.

Due to poor attendance by member merchants, Alex Serres, president of the group, this morning was granted authority to meet monthly on a regular basis except for special called meetings.

The monthly session will be on second Wednesday morning of each month.

### Police League

The Casselberry Junior Police League will have a CAR-WASH Saturday, Oct. 11, from 8 a. m. until 1 p. m. at the Seminole Park Service Station at Seminole Plaza, located at the crossroads of Hwy. 436-Hwy. 17-92, in Casselberry.

The boys, ranging in age from 10 to 16 yrs. old, and coming from all over South Seminole County, will be there in their new Junior Police T-Shirts, donated by several South Seminole merchants.

All proceeds will go to the Junior Police League.

There are almost 70,000 old wells in Pennsylvania.

Any PHOTOGRAPH... appearing in The Sanford Herald is available to you in 8x10 reprint size for \$3.

### 'Fair Deal For PWs' Urged By Cabinet

TALLAHASSEE, Fla. (AP) — Wives and mothers asking "a fair deal for the guys forced to sit out the war in a prison camp" won the support of the State Cabinet Tuesday.

About 50 women, most of them with husbands or sons missing in action or held prisoner in North Vietnam, descended on the state Capitol. "We are trying to educate the average American citizen, who is not familiar with the situation," she said.

She said most of the women had no confirmation from their husbands whether they were in Vietnam. Carol McCain of Jacksonville said in an interview.

Mrs. McCain, whose husband Lt. Cmdr. John McCain was shot down over North Vietnam two years ago, said the women wanted to gain statewide exposure of their efforts.

"What we wanted them Cabinet members to do was give their support for what we are trying to do for our husbands by writing letters to the North Vietnamese, by writing letters to friends and people in the foreign news media—so we can make the whole world aware of what's going on," she said.

She said most of the women had no confirmation from their husbands whether they were in Vietnam. Carol McCain of Jacksonville said in an interview.

Mrs. McCain, whose husband Lt. Cmdr. John McCain was shot down over North Vietnam two years ago, said the women wanted to gain statewide exposure of their efforts.

### Halloween Carnival Set By PTC

Plans were completed last week for the annual Halloween Carnival under the sponsorship of the Enterprise Parent Teacher Council to be held on the school campus, Saturday, Oct. 25, 14 p.m.

Mrs. Eleanor Henry, ways and means chairman, is in charge of the event and will welcome any assistance. There will be boxes placed in each classroom and the cafeteria prior to the event to receive articles for the White Elephant table, handicrafts and even outgrown Halloween costumes.

Volunteer workers will be needed to work in the cafeteria after taking her post as U.S. representative to 24th session of the U.N. General Assembly.

OLD GLORY is raised at dedication of Fern Park Post Office by L. L. Cox and color guard from American Legion Post 188 of Altamonte Springs. The flag has been flown over the Capitol in Washington. (Glenn Casselberry Photo)

PEOPLE have a way of solving their problems. Called upon to obey the law and remove junk cars from residential areas, owners of the junkers found the old vehicles were not acceptable to junk yards or at any of the four county dumps. So, in South Seminole about one-half mile from Sanlando sanitary landfill, people have made their own junkyard and left the clinkers in a beautiful wooded area off Douglas Road. (Herald Photo)

DISTRICT Future Farmers of America secretary is Reid Morton and the district president is James Hardin, both of Seminole High School. Chapter officers (from the left, below) are Paul Watson, sentinel; Hardin, vice president; Bruce Rinehart, chaplain; James Morris, reporter; Lawrence Gatlin, treasurer; Gregory Means, secretary, and Bernard Bradly, president.

Presenting the check is Bill White, president of the WGA. McDowell, along with second place finisher Gibby Gilbert, will be playing in the Sanford tournament this weekend.

## Bill Cappleman Setting Many New Records

Special To Herald Sports  
TALLAHASSEE—Bill Cappleman, Florida State's All-American quarterback candidate, is headed for a record year, if you place faith in three-game figures as compared to this time last season.

After three games in 1968, the Dunedin senior had thrown 47 times, completed 21 for 283 yards and two touchdowns. So far in 1969, Cappleman has thrown 107 times, completed 56 for 612 yards and four TDs. However, the lack of protection given Cappleman so far brings on some negative figures such as seven interceptions and the fact that he has been dumped for 156 yards in losses. After three games in 1968, the Florida State quarterback of Cappleman and Gary Pacjak had been thrown for only 62 yards in losses.

There is interesting comparison between three-game stats of this year and 1968. Last season at this time, Florida State had scored 47 points to the enemy's 57. Presently, the Seminoles have outscored foes 46-52.

After three games in '68, the Seminoles had completed 46 of 99 passes (47 per cent) for 615 yards as compared to this season's 56 of 107 (52 per cent) for 612 yards. After three games last year, the Seminoles had completed four TD passes. The same holds true this year.

In the individual receiving department Ron Sellers was the leader in 1968 with 14 catches good for 222 yards and one score. He was followed by Billy Cox 9-95-1, John Pittman 5-21-1 and Jim Tyson 4-35-1. This year's leaders are Tyson 131-65-6, Earl Dawson 6-8-0, Kent Gaydon 9-129-3, Don Pederson 9-80-2 and Brent Gilman 7-14-0.

# Tremendous WGA Action Friday!!

### Mayfair May Prove To Be Big Obstacle

## Pro Outlook

It was another one of those weeks for this old football prognosticator. I was over 300 and my overall average won't fall. I was 6-2 in the NFL, 2-21 in the AFL, and 4-1 in the CFL, for an overall 12-22 for .500. This gives me an overall 29-22-2, an average of .558.

In the NFL, the Rams will remain undefeated as they battle the San Francisco 49ers and come out on top by seven points. Baltimore will down Philadelphia by 20. Washington will drop St. Louis by 10 and Minnesota will defeat Chicago by 17. In other NFL action, Green Bay will down Cleveland by 14, Dallas will run over Atlanta by 17, and Cleveland will come out on top of a battle with New Orleans by seven.

In AFL action, the Buffalo Bills will drop the Boston Patriots by 16. O. J. should shine for the Bills. In the net of the week, Cincinnati will upset the New York Jets by four.

San Diego will over-run Miami by 14, Kansas City will drop Houston by seven and Denver will defeat Oakland by two.

In CFL action, Alabama will defeat Arkansas by seven, after losing to Orlando by a landslide last week. San Antonio, a pre-season victim of Orlando will down Texasiana by 18. Orlando will down Norfolk by one. Norfolk also fell to Orlando in preseason play. Indianapolis, edged out twice during the season will defeat Tri-City by 21. Tri-City was another of Orlando's preseason victors. Jersey City, soon to face Orlando, will romp Chicago, a victim of Orlando, by 21 points. Finally, Ohio Valley will stomp Omaha by 14. Ohio Valley is the only team to defeat the Orlando Panthers this season.

By GARY TAYLOR  
Herald Sports Writer  
The stage has been laid for one of the biggest golfing events ever held in the area, as the World Golfers Association brings its second \$25,000 tournament to the Mayfair Country Club in Sanford. The first tournament was held last week at the Lone Palm Country Club in Lakeland. WGA vice-president David Caveston had this to say about the Lakeland tournament: "The inaugural tournament was all in all a tremendous success. The golf course was in superb condition. The Lone Palm personnel were most gracious. Both the pros and the amateurs said 'it was as smoothly a run tournament' as they had ever played in."

Anthony (Tony) J. Anthony is the tournament co-ordinator for the WGA. Born in Pennsylvania, educated in Illinois, trained in Kentucky, and now living in his adopted state of Florida, Anthony was formerly a tournament coordinator for the PGA. Anthony started with the WGA at the Lone Palm tournament. It appears that his popularity and knowledge of golf will keep him busy on the WGA tour henceforth.

Among the pros that have arrived are twin brothers George and Paul Kosko. In addition to being identical twins, the 32 year old brothers play golf games that are much alike. In the Lakeland tournament, they finished only one stroke apart. The Koskos play out of the old Monterey Country Club in Rossmore, Virginia. Also playing in the Sanford tournament will be the father-son combination of Pete and Jerry Cooper. At the Lone Palm tournament, father Pete finished third, while son Jerry also finished in the top ten. The Coopers own a chicken farm in Branford, Florida. Mother Cooper feeds the chickens while her boys are off playing on the WGA tour. The Pro-Am will get underway tomorrow morning with a fine field of amateurs vying for one of the ten positions in the big tournament. Spectators are invited to bring their cameras along to the Pro-Am and take pictures of the pros and ask for their autographs.

## FIGHT RESULTS

By THE ASSOCIATED PRESS  
LAS VEGAS, Nev. — Chuck Leslie, 125, Los Angeles, stopped Jimmy Hostette, 175, San Diego, 6.

## WGA Pro-Am Entries

The following amateur golfers will tee-off starting at 9 p.m. tomorrow in the World Golfers Association pro-am tournament at the Mayfair Country Club. Pro play begins Saturday with the top ten amateurs being allowed to play in the morning.

Those Amateurs Entered  
Jim McKeon, Roger Fleming, D. Fleming, Ed Miller, Bill Lewis, James Ashby, O. A. Crocker, Clyde

# 'What's Going To Happen To Our Courthouse?' County Officials Opposed To Consolidation

By JIM PURKS  
Associated Press Writer  
TALLAHASSEE, Fla. (AP) — County officials opposed to Rep. John Crider's county consolidation bill are bombarding him with technical questions.

The questions such as "What happens to our courthouses?" and "How do you determine the new county seat?" are attempts to show the proposal is unworkable, the Jacksonville Democrat said.

But he said he's unbothered in pushing the bill and feels that no opponent has answered his arguments with facts. Crider's bill—one of the most controversial now before the Florida Legislature—would consolidate the 42 smallest counties into 14 counties.

Why? Crider said that research reports show that small county governments are largely inefficient, costly, and force taxpayers in larger counties to subsidize them.

He said that no one who has blasted his proposal has answered his contention that large county taxpayers are, in effect, paying to operate small county governments.

What does occur to courthouses in smaller counties that are consolidated?

"It's one of the things smaller counties keep throwing up to me," Crider said.

The present courthouses could be utilized as courthouses annexes for the purpose of selling drivers' licenses and other services as a convenience to taxpayers," Crider said. This would save taxpayers the necessity of taking longer trips to a new county seat for many things.

How would a new county seat be determined?

The proposed law provides that the county seat would be located in the city "which has the greatest population according to the 1970 federal census."

Suppose the bill was to pass the 1970 Legislature, what would happen first?

The consolidation of the counties would be declared effective in 1972 as in the bill, and there would be an election in each of the consolidated counties of five county commissioners in the 1972 primaries. They would serve two-year terms.

These five county commissioners in the newly consolidated counties would have major responsibilities in clearing many of the technical problems to arise.

All appointed officers would serve out their terms or serve at the pleasure of the consolidated boards of county commissioners. All existing county commissioners at that time whose terms had not expired would receive compensation for the remainder of their terms.

And, Crider said, "We'll give them something to do."

The bill provides that the consolidated counties are to be permanently designated by a new name to be chosen by a majority of the voters of the counties being consolidated from a list of not more than 10 names submitted by the new consolidated board of county commissioners.

More than 200 county officials jammed into the House of Representatives chamber Monday to criticize Crider's bill. Many stood up and voiced their opposition, often accusing Crider of being poorly informed, or threatening to step on county traditions and heritage. Some said his bill would create chaos.

After such a sound blasting, is Crider discouraged? Apparently not. The bill is still very much alive.

"I was kind of encouraged," he was encouraged because nobody answered with facts. Nobody came up with anything showing it was not true that large counties are subsidizing many of the smaller counties," Crider said.

"The guys that are in favor of it are a little timid," Crider conceded.

Crider says that the bill will undergo much more study, but claims this is in his favor, too.

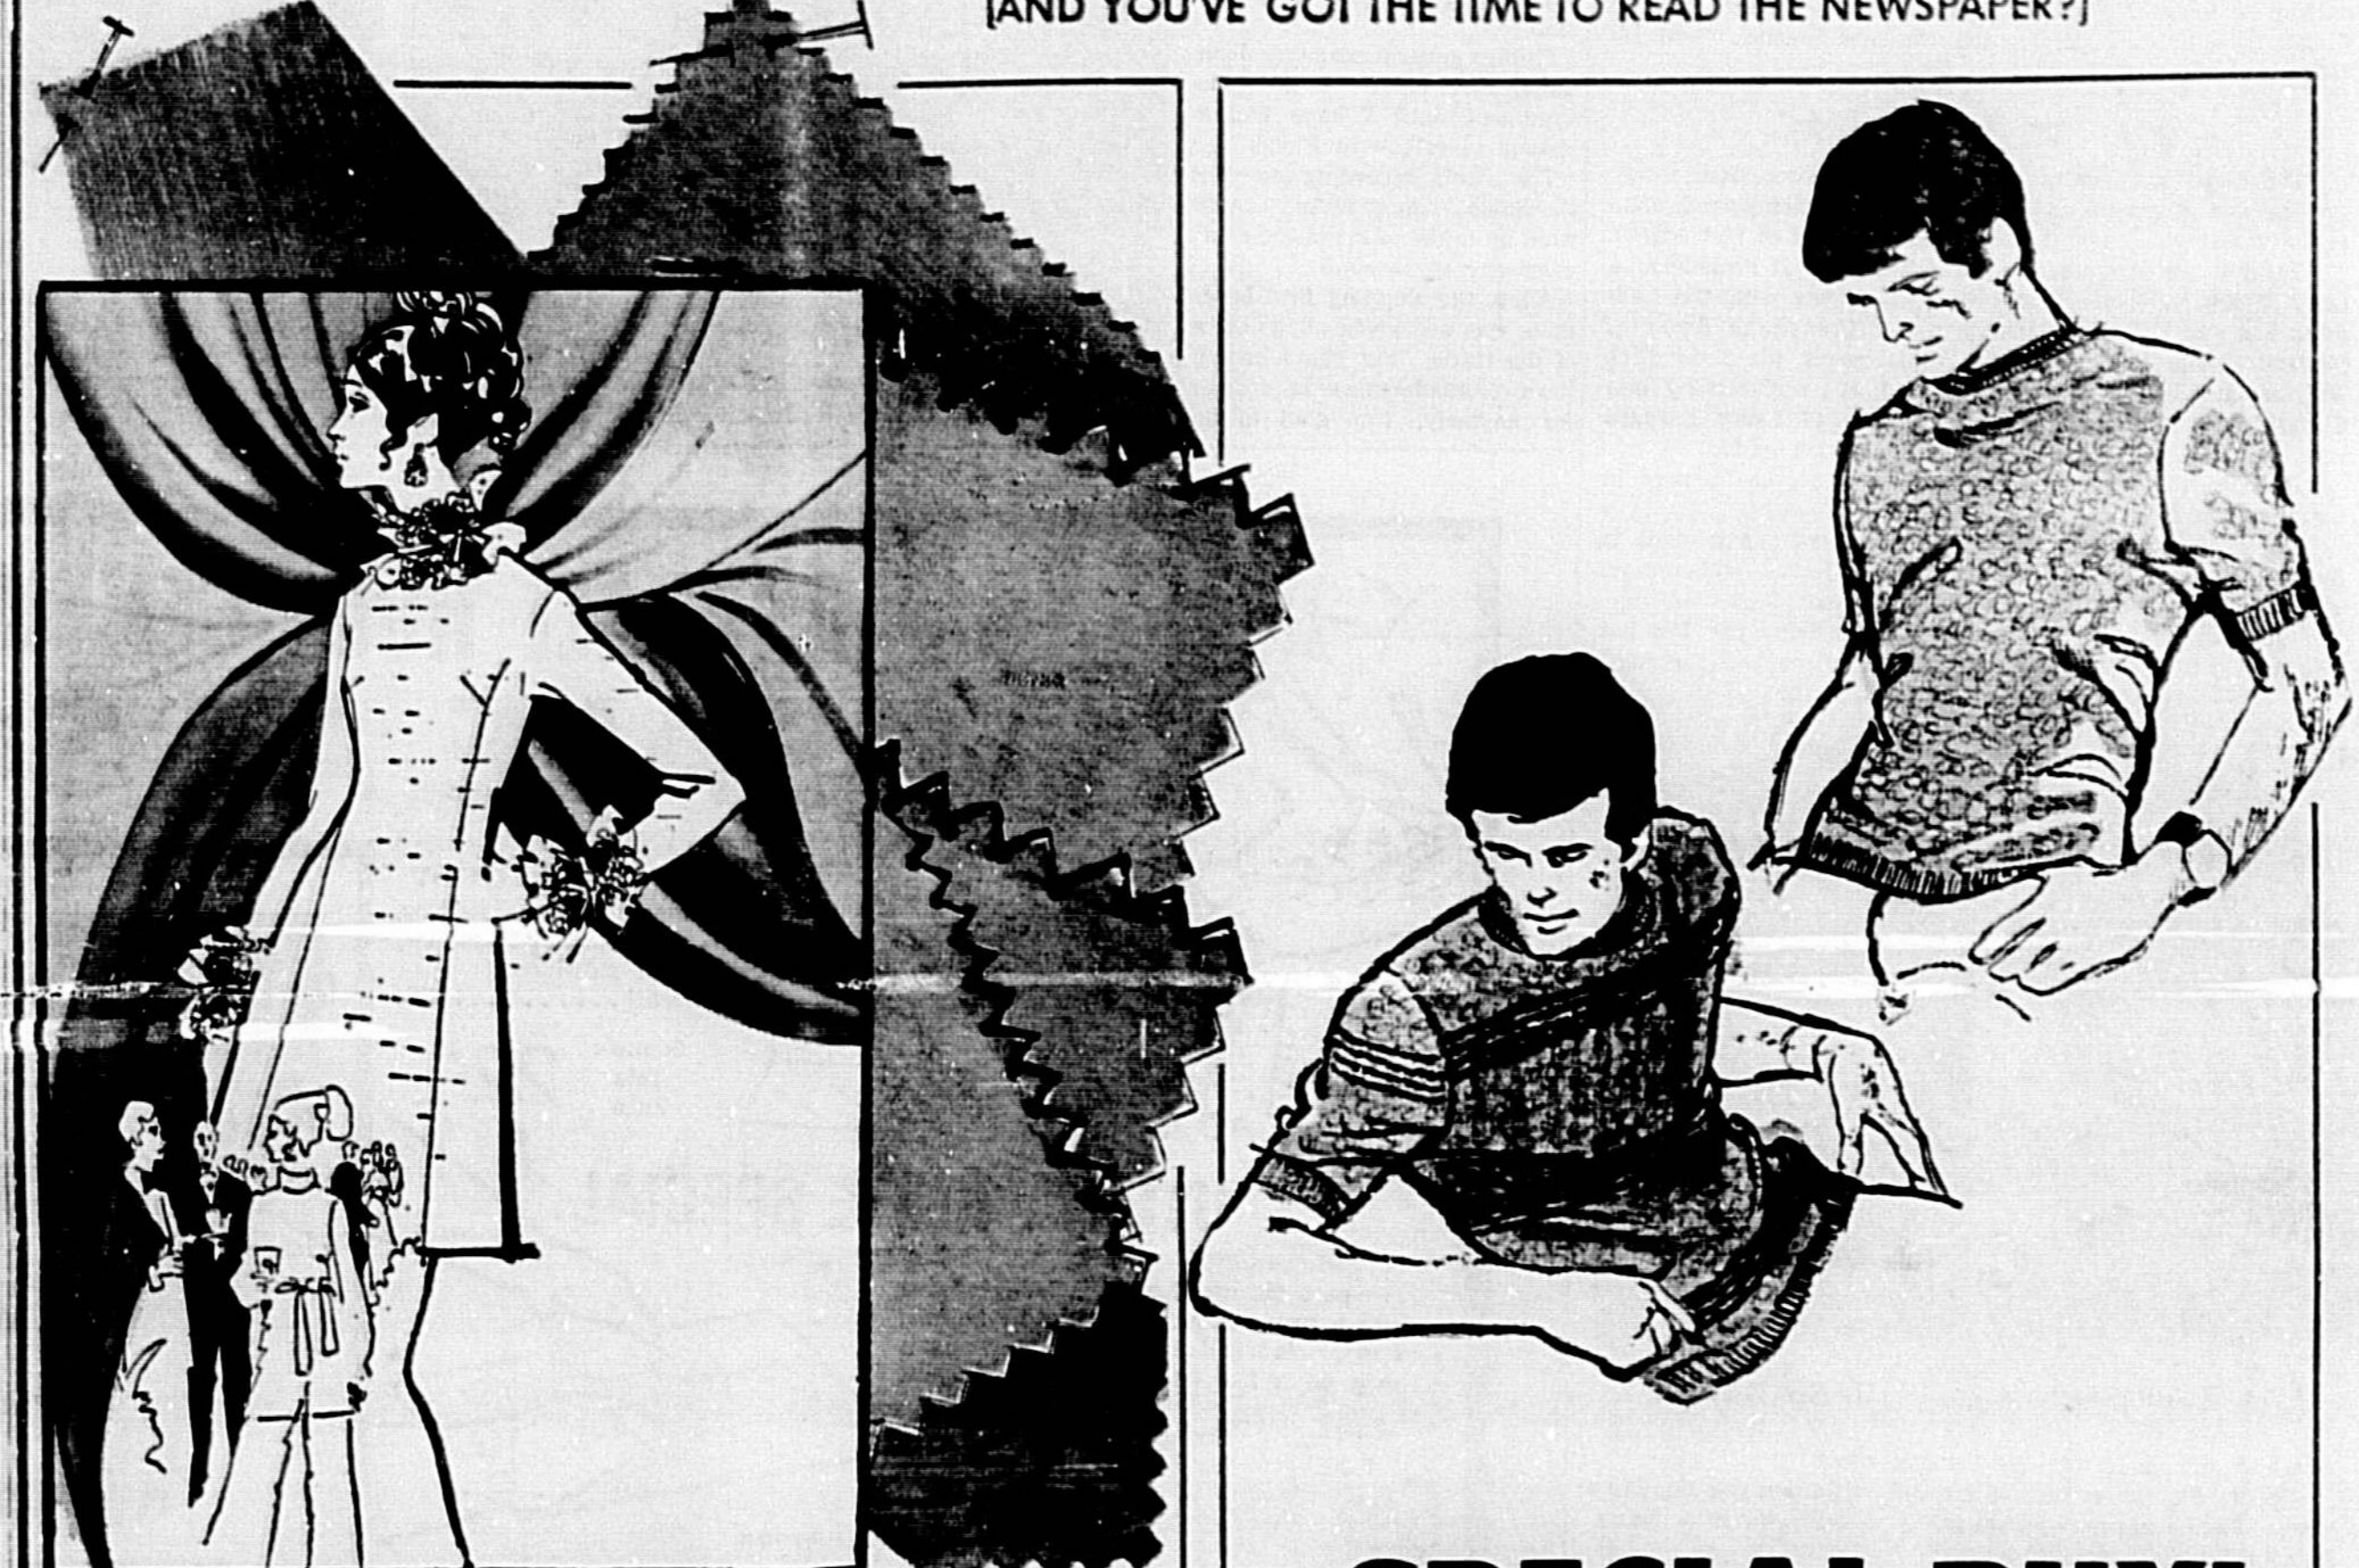

Ten years is the statutory limit of time any man can serve as U.S. president, according to the 22nd Amendment to the Constitution.

## Wary Indians Hear New U. S. Promises

ALBUQUERQUE, N.M. (AP) — Assurances by Vice President Spiro T. Agnew and Secretary of the Interior Walter J. Hickel of a brighter future for the American Indian met with mixed reaction from tribal leaders.

Both promised the 26th annual convention of the National Congress of American Indians Wednesday that the Nixon administration will maintain and improve federal guardianship of Indian lands and resources while giving Indians more voice in their own affairs.

However, Hickel made no mention of any plan to reorganize the Bureau of Indian Affairs, which had been sharply attacked by some convention delegates, and was subjected to sporadic heckling.

Wendell Hickel, president of the congress, described Agnew's remarks as a "positive statement by the administration that was well received."

But he said the Indians were inclined to reserve judgment on Hickel and Nixon-appointed Indian Affairs Commissioner Louis R. Bruce, a Sioux-Mo hawk, and would hold "these individuals to their statements."

Lehman L. Brightman, president of the United Native Americans, Inc., and a convention delegate, said he would circulate petitions calling for Hickel's removal as secretary of the interior.

"Hickel is the greatest enemy of the American Indian," Brightman said. "The job is far more exciting than I had even hoped."

# Missing Aircraft Located: Report Unconfirmed

UNCONFIRMED reports early this afternoon indicated airplane wreckage had been sighted 12 miles southeast of Mascotte in the six-day-long aerial and ground search for a missing aircraft with two doctors and a boy aboard. Civil Air Patrol said helicopters and ground teams had been dispatched to the scene of the sighting while Florida Highway Patrol also reported converging on the area. Above photographs were snapped from an altitude of 400 feet from a CAP search plane by Herald Editor John Spolski. Picture at left shows some open ground but aerial searchers reported that most terrain covered was thick with trees and undergrowth, as in picture at right. Trees obscured vision of searchers from air. "We could miss a B-52 down there," said one CAP officer.

## Trend Could Prompt American Withdrawal Speed-Up

# Battlefield Casualties Drop To Three-Year Low Count

By GEORGE FRYEN  
Associated Press Writer  
SAIGON (AP) — The total of American battlefield deaths in Vietnam dropped last week to 64, the lowest weekly toll since December 1966, the U.S. Command announced today.

The reduction in American casualties continued a generally downward trend that began three months ago. Official sources said if this trend continues, it could prompt President Nixon to speed up American troop withdrawals.

However, the sources cautioned that although significant enemy activity is at its lowest level for this year, captured enemy documents and prisoner reports indicate a winter campaign beginning in November. Therefore, American forces have not curtailed their offensive operations to keep the enemy from getting set in position. Casualty totals for South Vietnamese government forces and for the enemy also were down considerably last week, and the government's military headquarters said in a communique: "The level of enemy activities against the Vietnam war."

The weekly report raised to 38,887 the total number of American troops reported killed in action in Vietnam since Jan. 1, 1961. The total number of American battlefield wounded reported rose to 242,724.

The U.S. Command said enemy battlefield deaths now total 238,822 since the beginning of 1961.

## Comedian: Everyone Paid

By LAWRENCE L. KNUTSON  
Associated Press Writer  
WASHINGTON (AP) — The Senate probe that has caused a general anti-entertainment industry to be stripped of top medals is focusing on charges entertainers were forced to pay kickbacks in order to appear at service clubs in Vietnam.

June Collins, booking agent who packages shows for the Army's club system in Vietnam, was called today to tell the Senate's investigators subcommittee about charges that she and a committee investigator said was managed by illegitimate profits made in Germany. Maredev was also the vehicle for squeezing more money from clubs the sergeants then were running in Vietnam, the investigator charged.

Neel had said performers had to kickback \$50 or 10 per cent of their fees.

He quoted one sergeant as telling him: "You're going to face some miserable club custodians who are going to ask you for kickbacks on shows. I know this is going on and there's not a damn thing I can do about it."

In Wednesday's testimony, senators were led through a maze of financial transactions by the Maredev Corp., a firm a committee investigator said was managed by illegitimate profits made in Germany. Maredev was also the vehicle for squeezing more money from clubs the sergeants then were running in Vietnam, the investigator charged.

## Four Army Veterans Get Medal Of Honor

By FRANK COHRNER  
Associated Press Writer  
WASHINGTON (AP) — President Nixon's first public presentation of Medals of Honor in more than four months comes less than a week before planned nationwide demonstrations against the Vietnam war.

Nixon, under increasing pressure on the Vietnam issue, called four Army veterans of the war to the White House today to receive the nation's highest award for gallantry.

During the summer the President presented the medal posthumously to next of kin of several U.S. heroes in Vietnam, but these ceremonies were held in private.

Today's Medal of Honor recipients are Maj. Patrick H. Brady, 33, son of Michael H. Brady of Soak Lake, Wash., and Mrs. LaVona T. Thompson of LaPuente, Calif.; Capt. Jack H. Jacobs, 24, son of Mr. and Mrs. David Jacobs of Fort Lee, N.J.; Capt. James M. Sprayberry, 22, son of Mr. and Mrs. Ollie H. Sprayberry of Sylacauga, Ala., and Sgt. Robert M. Patterson, son of Mrs. Frances Patterson of Fayetteville, N.C.

Brady, a native of Philip, S.D., now stationed at Brooke Army Medical Center in Texas, was honored for heroism on Jan. 6, 1968, near Chu Lat. As commander of ambulance heli-copters, Brady used three of the machines—two were badly damaged during the action—to evacuate 13 wounded men in a series of flights through fog, enemy fire and, in one instance, a land mine in an enemy mine field. In the mine field, the helicopter was damaged and two of his crew members were injured when one of the hidden explosive sites was detonated.

## Altamonte Lops Budget Requests

(Continued From Page 1)  
from residents of 101 Crestwood Lane and Stewart subdivision. Council will take the complaints under advisement.

A letter was read from Altamonte Garden Club requesting improvements in the community house. The club stated that it had expended \$2,000-\$4,000 on the building. Mayor Swafford stirred the ire of Mrs. Robert Swafford when he stated that he was opposed to outsiders using the facility at the taxpayers expense, and that he favored charging for the use of the building.

Ordinance 3469, dealing with Junk cars, was also approved on first reading. This ordinance provides that discarded or abandoned vehicles shall be impounded. It claimed owners must pay the cost of impounding. If vehicles are not claimed within 30 days, the city will dispose of them.

## Harry Skop Refiles For Mayor's Position

By BILL SCOTT  
Former Sanford City Commission candidate and newly qualified majority candidate Harry Skop today issued verbal blast against what he termed "clannish" actions taking place within the city hall.

Skop, in announcing his withdrawal from the commission race and entry into the quest for the mayor's post now being sought by Commissioner Earl Hugginsbom and incumbent Mayor Lee Moore, said the city could not grow as long as a "clique" controls the mayor and stunts the growth of the city.

"At this time and after weighing the people's thinking and views regarding the city's problems and after seeing progress and growth in cities smaller than ours, I feel the time for action is now," the candidate said.

The candidate is being sued in Seminole County Circuit Court for in excess of \$500 by his former wife, Irene Skop of Baltimore, Md.

On Sept. 26, 1969 the plaintiff recovered judgment from Skop in the amount of \$11,178.23.

The defendant is in arrears of judgment for payments of alimony and child support, according to a suit signed in Baltimore Circuit Court on June 15, 1969.

Skop, in commenting on the suit, said the child support referred to two sons in their 20's who have already graduated from college and obtained degrees.

## Area Deaths

**JOHN E. HORNBERGER**  
John E. Hornberger, 55, of 129 Ellsworth St., Altamonte Springs, died Wednesday at his home. Born in Littlestown, Pa., he came here four years ago from Carlisle, Pa. He was a member of Messiah Evangelical Lutheran Church of Casselberry and was an electronics technician and veteran of World War II.

Survivors include his wife Mrs. Miriam B. Hornberger, Altamonte Springs; son, Michael Hornberger, Plainfield, Pa.; a daughter, Miss Patricia Hornberger, Altamonte Springs; his mother, Mrs. Josephine Hornberger, Littlestown, a brother, George Hornberger, Littlestown, and two grandchildren.

Seminole Funeral Home, Altamonte Springs in charge.

**JOHN BUTTON**  
John Clarence Button, 74, of 730 Seminole Blvd., Casselberry, was found dead of natural causes Monday in his home by a neighbor. Born in Alabama, he came here to live two years ago from Detroit and was a retired cemetery salesman.

He was the son of the late Judge Leonard Button, a prominent land owner in the Casselberry area.

There are no survivors.

**Funeral Notice**  
HORNBERGER, JOHN E. Funeral services for John E. Hornberger, 55, of 129 Ellsworth St., Altamonte Springs, who died Wednesday, will be held 10:30 a.m. at 10:30 a.m. Friday, with Rev. Martin Pfaus officiating. Burial, Forest Hill Home in charge.

## Bulletin

The United Fund Drive in Seminole County, which will be on the way with over 60 per cent of the \$50,000 goal reported to date with two more weeks to go. The campaign has already netted \$30,562.

At a report luncheon at Otto's Hofbrau Haus with the Sanford-Seminole Jaycees today several outstanding gifts were announced.

The controversial noise ordinance was approved on first reading. The new ordinance restricts business from operating in a noisy manner as to disturb the comfort, peace and repose of residents between the hours of 11 p.m. to 7 a.m. Prima facie evidence of a violation shall constitute a misdemeanor.

## Bridal Tea Honors Marilyn Partin

By LIZ MATHIEUX  
 Mrs. Charles T. Niblack was hostess at a formal tea, Saturday, Oct. 4, at her spacious Ovidio home honoring her niece, Miss Marilyn Partin, who will be married to Mr. Ted Bellhorn Dec. 26 at First United Methodist Church of Ovidio at 7:30 p. m.

MISS MARILYN PARTIN, center, who was guest of honor at a recent bridal tea, poses with her mother, Mrs. James A. Partin, right, and the mother of her fiance, Mrs. E. L. Bellhorn. (Liz Mathieux Photo)

Hostesses with Mrs. Niblack for the charming affair were Mrs. Aubrey Myers, Mrs. Ben Watwright, Mrs. J. C. Faircloth, Mrs. S. E. Parker and also Mrs. J. D. Jackson, Tampa and Mrs. C. R. Higginbotham, Jacksonville. The entire home was decorated throughout with a profusion of colorful arrangements in handsome antique containers. Miss Partin chose to greet her guests in a chic A-line creation fashioned with a pink crepe skirt accented by a rich, burgundy velvet bodice. She wore a family heirloom lavalliere, a gift of Mrs. C. E. Parsons of Olando, her maternal grandmother. Her slippers were a rich deep pink and she wore a pink carnation corsage, a gift of the hostesses. Mrs. James A. Partin, her mother, wore a one-piece princess style crepe dress in moss green. Mrs. E. L. Bellhorn, the mother of the groom-elect, chose a vibrant emerald green frock highlighted with tiny gold buttons.

The formal dining room, site of the tea table, was richly adorned with three magnificent floral arrangements. The table, overlaid with an imported lace cloth, was centered with a sterling silver epergne containing an elegant arrangement of tuber roses, pom-poms, variegated ferns and leather leaf. A plethora of dainty tea cookies, petit fours and bite-size open face sandwiches were served.

Punch was poured at a separate table from a sterling punch bowl. Served as accompaniments were toasted nuts and mints. Mrs. Mike Tesinsky and Miss Pam Jackson presided at the bride's book.

Floating hostesses were the Meses. George Jacobson, T. L. Lingo Jr., James Wilson, Betty Palmer and Penny Cliff. Hostesses who poured were the Meses. C. K. Bucklew, John Ridenour, William West, Thomas Moon, Walter Teague and Miss Kathryn Letwin.

The hostess gift to the bride-elect was a "bride's book" which can be used to register guests at her future fête. More than 200 guests called between the appointed hours of 2 to 5 p. m.

ANNE OF A THOUSAND HATS. During the past months, Brittain's Princess Anne has displayed a wide choice of headgear. At top, the teen-ager princess appeared in a wide-brimmed bonnet for a formal occasion. At top right, she chose a perky beret for a sports event. A kerchief covered her tresses, bottom left, when she arrived at London airport in July and she sported a jaunty felt, bottom right, to attend the Madison horse trials.

## Bride-Elect, Kathy Lee Feted At Linen Shower

Miss Kathy Lee, who will become the bride of Dennis Dillig, Nov. 15, at All Souls Catholic Church, was guest of honor at a recent linen shower at the home of Mrs. Tim Stewart, 2406 Willow Ave. Co-hostess was Miss Debbie Rowland.

The party area was tastefully decorated in the bridal motif and the hostess gift to the bride-elect was a set of linen. Guests participated in a series of bridal games with prizes awarded the winners. Highlighting the evening's festivities was the opening of the many lovely gifts Miss Lee received.

Centering the beautifully appointed refreshment table, which was covered in white linen, was an arrangement of pine cones flanked on either side by silver candleholders with glowing tapers. Silver and crystal appointments completed the table decor.

Flourishing atop the sparkling fruit punch were heart-shaped ice molds centered with cherries. Served with the punch were petit fours, ribbon sandwiches, nuts and mints.

Guests invited to join the honoree for the fun-filled evening were her mother, Mrs. James Lee, her sister, Miss Linda Lee, and the Meses. N. E. Jennings, L. P. Payton, E. C. Reynolds, Dorothy Chandler, W. E. Dodson, W. L. Hackett and Sony Gill.

Also the Meses. Elizabeth Ann Sweeney, Debbie Payton, Janet Lewis and Sherilyn Williams.

How to Really 'Do' It For a thorough, pedicure, begin by soaking your feet for as long as you like in warm salt and water. Then smooth out rough spots by rubbing them either with an abrasive lotion or pumice stone. Clip toenails straight across and file for smoothness. Push back the cuticle with a cotton-wrapped manicuring stick, and apply cream. Let dry thoroughly, then apply body or hand lotion and massage it in.

For an extra breakfast treat, try making syrup over cooked oatmeal.

MISS JACQUELYN CAROL EDWARDS  
 Edwards-Soop  
 Engagement Told  
 Mr. and Mrs. Thomas Henry Edwards of Lake Mary, are announcing the engagement and approaching marriage of their daughter, Jacquelyn (Jackie) Carol, to Frederick Lyle Soop, son of Mrs. June Soop of Chicago, Ill.  
 The wedding will be an event of Saturday, Oct. 18, at 7 p. m., at First Baptist Church of Lake Mary.

Geneva Personals  
 Remember when we were children and some favorite adult (usually man) to us, he said, "You'd better do what you want to do now, because when you get to the part of your life when you're wondering eyes should appear... how wide-eyed we would automatically become?"  
 Well, such was the case with my (she-says) "boy" when I was 15. "You'd better do what you want to do now, because when you get to the part of your life when you're wondering eyes should appear... how wide-eyed we would automatically become?"  
 Now, if we could just talk our local government into either re-surfacing (ugh) or better still giving us a new road, wouldn't we think we had arrived?  
 Honestly that road is so bad that whenever it is raining it appears to be a sea of mud. I am a fellow, or a gal, as the case may be, could just about swim home. There have been times whenever my vehicle would "drown-out" that I would find myself wishing that same would sprout potatoes and maybe then I could make it to Geneva with out so much fretting and just a little cousin. (hee!)

DAVID Trowbridge, son of Mr. and Mrs. Dick Trowbridge, Bear Lake, celebrated his eighth birthday Sept. 13. Very special dinner guests and houseguests included his grandparents from Virginia. Mr. and Mrs. H. L. Ironmonger. Also enjoying dinner party were his two sisters, Amy and Sarah. (Maryann Miles Photo)

Don't Be a Tease  
 Fashion trends notwithstanding, there are still some girls who tease hair so that the total picture is one of Atlas balancing the world on his shoulders. Smart girls want the world at their feet, not on their heads. A minimum of "balancing" the world on his shoulders is attractive—anything more takes away from the shiny, clean, healthy look that makes hair attractive. Here discretion is the key.

Entertain With A Flair  
 CLUES AND QUES and do's and don'ts of entertaining will be outlined by one definitely in the know, Mrs. Vivian Sweeney, this Saturday at the Woman's Club Charm School for teenagers. Mrs. Sweeney will enlighten the class on "doing your own thing" with a professional flair. Also appearing on the highly instructive program will be Miss Charlotte Lawrence, a teacher at Seminole Junior College, who will show a teenager how to put her best foot forward when speaking in public. (Charner Leone Photo)

Geneva Family Honored At Surprise Reception  
 By LIZ MATHIEUX  
 Rev. and Mrs. Leo Barnes and their son, Barry, were honored immediately following recent Sunday evening services with a surprise reception in the educational building and each in turn was asked to sign the guest book, which was later presented to Mary and Leo as a sentimental token of remembrance. A lovely arrangement of garden fresh roses from the home of Mr. and Mrs. Hart was used on the table.  
 Pouring punch were Mrs. Donald Kinnaird, Mrs. Al Denham, Mrs. Daisy Hinojosa, and Mrs. Daniel Williams and her Y.W.A. girls, who also served to keep the cookie trays and punch bowl filled.  
 Rev. Barnes has been pastor of the First Baptist Church of Geneva for more than a year.

Dieters Need Foods  
 If you are on a weight-reducing diet, you should take care that your intake of vitamins, minerals, fats, carbohydrates and proteins is adequate. Each is required to maintain the good looks and good health of your skin and other body tissues. Be sure that you drink enough fluids each day to prevent dehydration. Dieters may also benefit by applying an enriching lotion to moisten and soften the skin.

# Dear Abby: By Abigail Van Buren

**DEAR ABBY:** After sleeping with this 26-year-old woman every night for EIGHT YEARS—and that is 2,550 nights—count 'em, I am ready to call it quits.

From the day we were married my husband has insisted on a DOUBLE BED. Don't get the idea that he is some kind of sexual because he isn't. He's just afraid to sleep alone!

I mentioned getting twin beds once and he had to bite his lip to keep back the tears.

His side of the bed is swamped, just like a hammock. My side is all right, but all night long he reaches for me and pulls me over to his side. I have such backache some days I can't stand it and I know it's from that broken-down mattress. Don't get a new one. I would be just like the old one in no time.

Please let me how I can get my husband to let me have twin beds. We can afford it. ACHING BACK

**DEAR ABBY:** There have you ever seen "TWIN" MATRESSES with a common headboard (both king-size and queen-size) are available. Don't go to your nearest furniture dealer and let them show you their selection. They'll think you and you'll think me.

**DEAR ABBY:** For two

# Horoscope Forecast

**FRIDAY, OCT. 10, 1969**  
**GENERAL TENDENCIES**

You are apt to be lovey-dovey one moment and very much annoyed the next. One of whom you are very fond, or an associate. So make sure that you do handle your moods instead of letting them run away with you. Today, a soft answer only turns away wrath.

**ARIES (Mar. 21 to Apr. 19)**—Don't start any argument with another or you may get the answer you were looking for. Keep calm and patient and all goes smoothly. Be happy with present setup.

**TAURUS (Apr. 20 to May 20)**—A co-worker does not think as you do, so do not get into an argument today that could prove to be an unfortunate one. Keep calm and patient and all goes smoothly. Be happy with present setup.

**GEMINI (May 21 to June 21)**—Be careful you do not make some very important work that you go out for a good time that would be very disappointing anyway. Get at your work enthusiastically. Be sure to smile more and be encouraging with others.

**MOON CHILDREN (June 22 to July 21)**—Show more understanding toward your family and avoid situations that could be bad on your part. Too. Others are just blunt, not vindictive.

**LEO (July 22 to Aug. 21)**—Make sure that your car is in perfect running order before you get into it. Look where you step, too, and avoid accidents. Don't disagree with others who have good ideas to offer. Now. Think them over well.

**VIRGO (Aug. 22 to Sept. 22)**—Be careful you are not extravagant in any way, or you could start a chain reaction of spending that could lead to big losses. Be more objective and stand and see how to build up your savings. Improve real estate.

**LIBRA (Sept. 23 to Oct. 22)**—You are in such an irritated mood that you feel you want to make radical changes, but this you would regret later. Find out what your own limitations are and do something about them. Then you regain happiness.

**SCORPIO (Oct. 23 to Nov. 21)**—If you encourage those whose ideas and ideals you admire, you find you gain the support you want from them. Get busy on that plan you have that needs perfection. Then you can put it in operation.

**SAGITTARIUS (Nov. 22 to Dec. 21)**—You have some personal desire that could get you into trouble if you do not go after it. You are confused, so straighten out your thinking. A usually helpful associate is not in a good mood today.

**CAPRICORN (Dec. 22 to Jan. 20)**—Be more willing to listen to higher-up instead of trying to go your own way, especially when it is not very remunerative. See things. Do nothing that will jeopardize your good reputation.

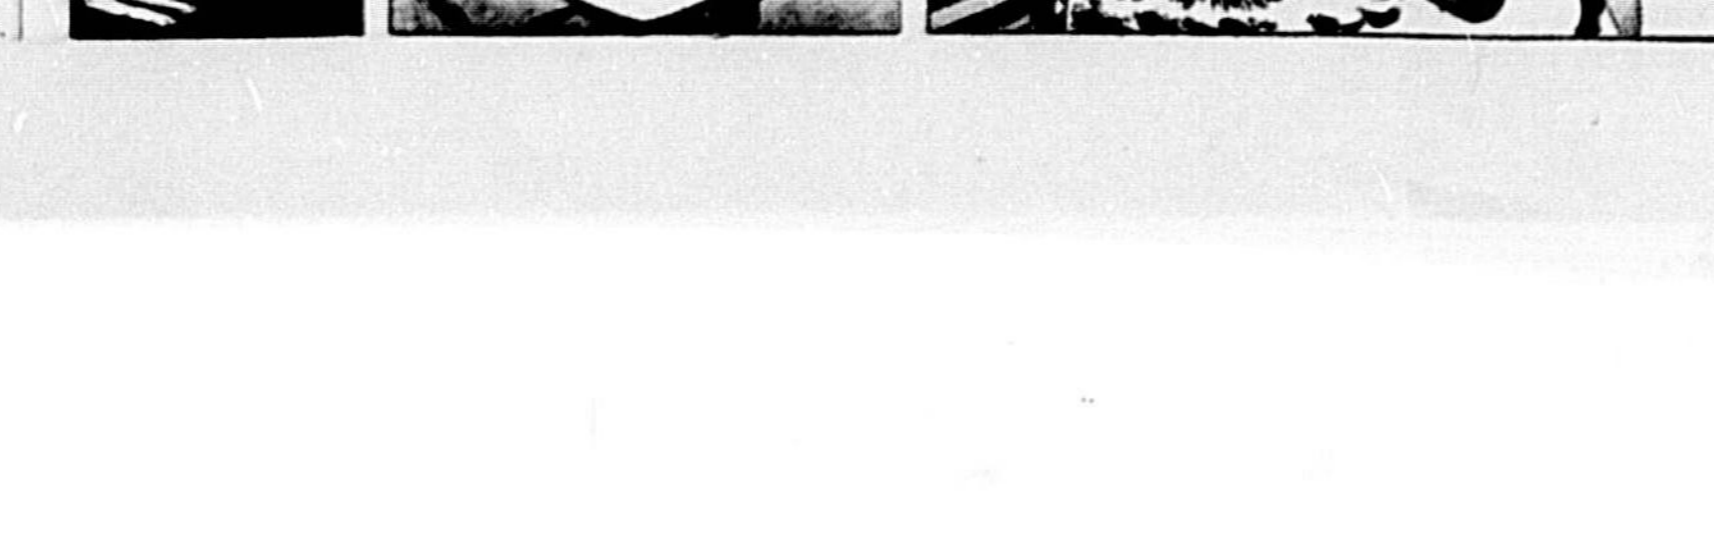

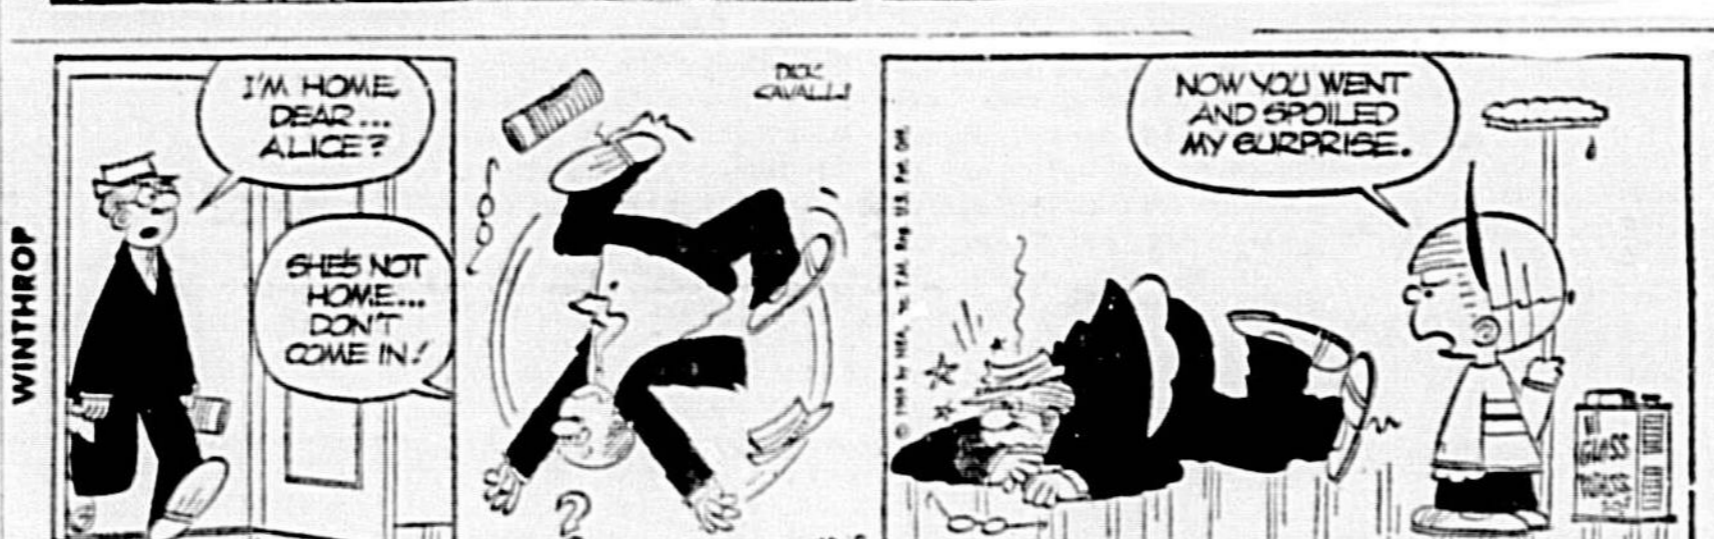

**AQUARIUS (Jan. 21 to Feb. 19)**—You feel like giving up and giving up on things, but you would only get yourself in more trouble. Show good associates that you are loyal, interested. Keep calm.

**PISCES (Feb. 20 to Mar. 20)**—Be sure you keep promises to the letter and show others you are reliable. You are being tested and must prove that you have a strong character, are ethical. Take time to do some reading tonight.

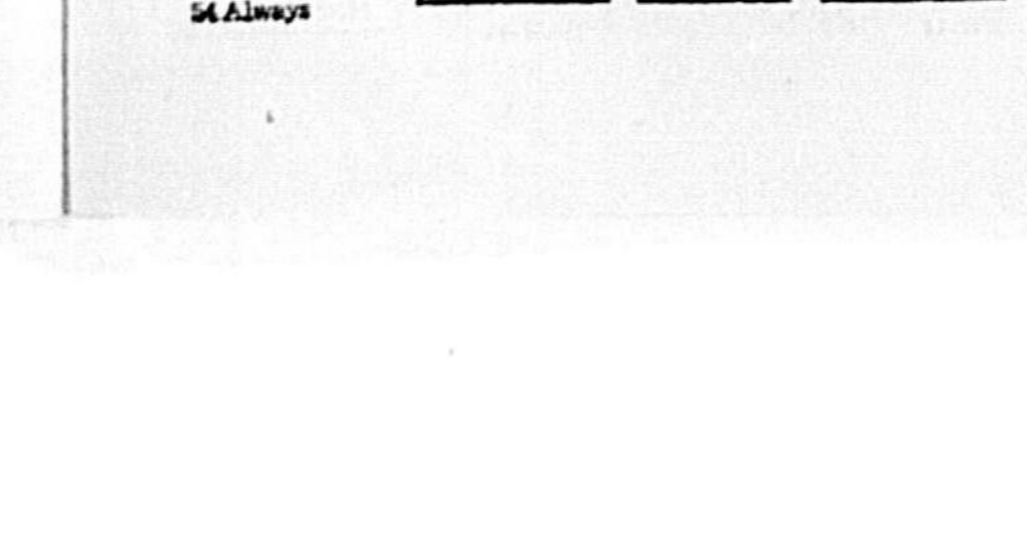

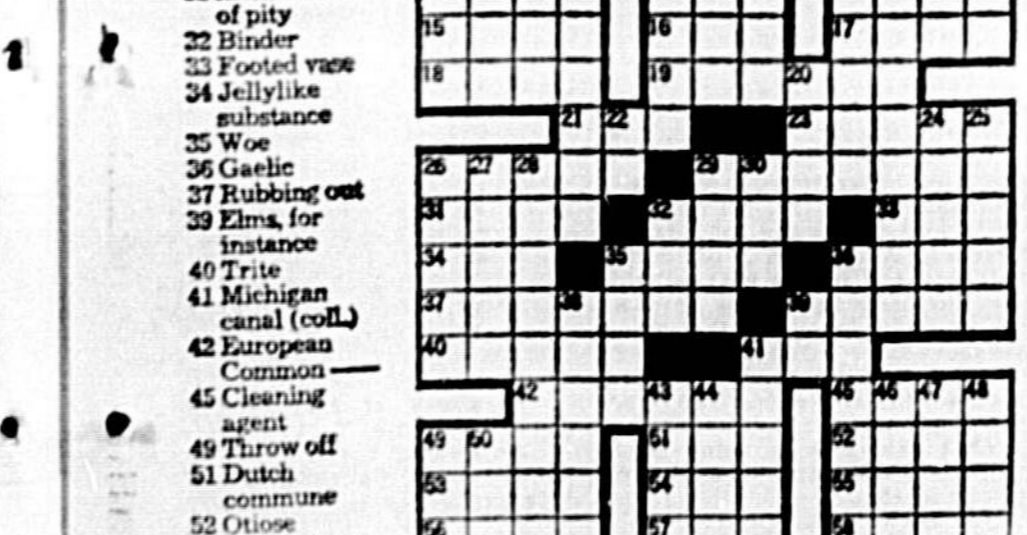

**IF YOUR CHILD IS BORN TODAY**—he, or she, will be one of those interesting young people who, early in life, shows that he, or she, will always have to do things his own way, no matter what the cost. Be sure you inculcate the finest orthodox ideals early and then let your progeny proceed as desired, since there can be a pioneer inventor, even genius in this class. Teach to respect the feelings and interests of others. Any of the New Era professions are fine here.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

# Hide Glances By Galsraith

# OUR BOARDING HOUSE By Galsraith

# Highlights TV Time Previews

**THURSDAY, OCT. 9, 1969**

7:30-8:30 pm. NBC: Daniel Boone, "Benvenuto - Who?" (Color) The joke is on Dan! and Holly Josh Clements in a hilarious comedy mystery story. The catalyst is a New Orleans cat (Mar. Dany) who enlists the aid of the men in stealing a valuable piece of jewelry which she claims belongs to her. The action is a bit slow, but the laughs come along fairly swiftly. Jimmy Dean (Clements) is particularly good as the glibbed-woodman taking a pretty woman's word to be the truth. 8:30-9:30 pm. NBC: On the Border, "The Weight of the World" (Color) The night's highpoint comes when the three get together for a medley in which Tom takes "Kick That Good News," Vikki's "Can't Take My Eyes Off of You," Tom "Wash What Happens," and all three a wonderfully harmonized "I'm in My Life." Also shown is the Ace Trucking Company. Nope, not another rock group, but a left young improvisation comedy troupe. Watch.

9:30-10 pm. NBC: Dragnet "D.H.Q. - Medical" (Color) Sgt. Friday and Officer Gannon are working out of a new area: a hospital. Of the four cases they investigate, one concerning a psychopath (Pat Moore) who threatens a tall-show moderator is fascinating. Producer Jack Webb is said to be interested in using this episode as the pilot for another series. If merit is any criteria, it might work out.

9:11 pm. CBS: Thursday Night Movies, "Fate Is the Hunter" (1964) Starring Glenn Ford, Nancy Kwan, Rod Taylor and Suzanne Pleshette.

# Jacoby On Bridge

If you have any idea that the finale of the Spingold Cup were a romp for "The Dallas Aces," you can get rid of that idea quickly.

The bidding in the box is that of Ira Rubin, sitting South, and Jeff Winkler, sitting North. Bob Herman did open one heart in the East and Mike Lawrence raised to two, but the hand belonged to North and South.

It is common American practice to raise an overall. This an opening bid, and the two-spade call was normal.

Ira has too good a hand to pass at two spades. Lots of players would have gone right to game. Some might have tried a three-club or three-diamond bid but Ira, who is a

# Jacoby and Son

He looked at his 4-5-5 distribution and his three little trumps and finally decided that this was not the time to try for the game bonus.

He was right, because trumps broke 3-1. Had the broken 2-2, play would have been made easily.

At the other table, the South player for "The Dallas Aces" made it bid three clubs, rather than three spades.

The North player was looking at the same 4-5-5 distribution that Jeff held, but he was greatly encouraged by his possession of the queen and jack of clubs. He decided that he could jump to game and he would sure have been right if the trump suit had behaved for him.

# Polly's Pointers

**DEAR POLLY:**—I can help Mrs. S. G., who asked for a recipe for making home-made furniture polish (such as used in Denmark) for her new furniture. I have two recipes: one calls for two-thirds linseed oil and one-third turpentine, the other is for one-third linseed oil and two-thirds turpentine. I was told the linseed oil preparation is considered the best but cannot be kept for long periods of time. These came from one furniture maker. Still another suggests the combination of boiled linseed

# Beauty after Forty

I have just been reading a most disturbing speech made by Dr. Bernice L. Neugarten. Dr. Neugarten thinks that the people young and old - mostly middle-aged people - "may well be one of the 'sleeper' problems of our times."

Dr. Neugarten thinks that young people are showing resentment toward the old for occupying "a growing number of power positions." She even thinks that the young resent even the small per cent of the welfare dollars spent on the old and she predicts that "they may not need you when you are sixty-four."

If the mature people of this country have allowed this situation to develop, it is their fault. You know that I often tell you to look forward and to keep a youthful viewpoint about what is happening. And, do not talk about what was done in your youth. This is fatal, especially if you have anything to do with the modern youth.

Tomorrow, "Dear Edith" anticipates toward the old may

# Marinettes 'Shape Up'

**CAMP PENDLETON, Calif.**—A snapper outlook is in store for women Marines.

Col. Jeanette I. Sustad, director of three Marine units, said Wednesday that New York designers are working on new outfits for the girls.

"We are looking for something more modern in wear," she said. "The uniforms we are now wearing were designed in 1940."

In training, Marine women are getting a marine course which shows them how to apply makeup and style their hair.

Col. Sustad said:

# Handy Centers

**FRANFORD, Pa. (AP)**—Rural Pennsylvania has greater access to community health centers than rural residents of any other state, the national Institute of Mental Health reports.

4 Days Treatment

I have just been reading a most disturbing speech made by Dr. Bernice L. Neugarten. Dr. Neugarten thinks that the people young and old - mostly middle-aged people - "may well be one of the 'sleeper' problems of our times."

Dr. Neugarten thinks that young people are showing resentment toward the old for occupying "a growing number of power positions." She even thinks that the young resent even the small per cent of the welfare dollars spent on the old and she predicts that "they may not need you when you are sixty-four."

If the mature people of this country have allowed this situation to develop, it is their fault. You know that I often tell you to look forward and to keep a youthful viewpoint about what is happening. And, do not talk about what was done in your youth. This is fatal, especially if you have anything to do with the modern youth.

Tomorrow, "Dear Edith" anticipates toward the old may
