England Meets Nazi Challenge On Air Supremacy

Recruiting Offices Are Opened in Down-Town London

LONDON, May 31.—(AP)—The air ministry opened an elaborate recruiting station for the royal air force in downtown London today.

The ministry announced it was taking "most vigorous steps" to meet Germany's challenge with a three-fold expansion of the air force.

Ten other recruiting stations are to be established in other parts of England and in Scotland, Ulster and Wales.

The London depot was opened in a building known as "Victory House." The other stations are to be established at Plymouth, Portsmouth, Southampton and Belfast in the south; Glasgow and Belfast in the north.

Their purpose was described as being to make the way clear for prompt handling of the applications needed to provide 2,000 additional pilots and 20,000 skilled and unskilled workmen.

Lord Londonderry, secretary of state for air, commenting on the expansion plans made public, said they had been "clearly welcomed to the nation."

"It doesn't reflect a policy of competition with other countries, nor a race in armaments," he added. "We welcome Herr Hitler's offer of limitation, but at the same time we are carrying out our declared policy not to accept inferiority to our neighbors in the air."

He appealed for the "full support" of the nation.

Pupils of Miss Davis Give Piano Recital

A select group of 150 was present at the recital of the pupils of Miss Margaret L. Davis, held last night at the Woman's Club on Oak Avenue.

Miss Davis was assisted by Mrs. Arthur Brant, soprano, who rendered "The Flower Song" and a score during the program.

Guests were received at the door by Mrs. A. M. Phillips and Mrs. Glenn McKay, assisted by Mrs. Adams, with Angela and Sylvia Michels distributed the programs.

The flower song was under the supervision of Mrs. Ross Adams and Mrs. Vance Douglas, assisted by Mrs. Sharon, Mrs. E. Lane, Mrs. Ellen Stewart and William and Arthur Brant.

Those who assisted in serving were: Mrs. Joe Harold, Mrs. H. Perkins, Mrs. Frank Lamson, Mrs. E. W. Lawson, Mrs. Minnie Jones, Mrs. Ed Lane, Mrs. Ellen Stewart and William and Arthur Brant.

The stage was simply but charmingly decorated with white and peach gladioli in baskets, offset by potted palms, all under the direction of Mr. Stewart, the florist.

Each participant in the program received gifts of presents and flowers. The flowers were principally of roses, snapdragons, calla lilies, gladioli, chrysanthemums, and thaxta daisies in corsages and baskets.

After the fall-wig program, the refreshments, which included ice cream and cookies, were served as an end to the performance.

Mellon's Cousin Hopes He Wins Income Tax Suit

Poor Relative, Happy Over Lot, Wishes Kinsman Success

PITTSBURGH, May 31.—(AP)—Andrew W. Mellon's "poor cousin" hopes his wealthy kinsman will win the income tax suit in which the government charges fraud and asks \$3,000,000.

The kindly old man—William Andrew Mellon—passed in his "spring cleaning" of the back alley abode in which he has made his home for 17 years and said: "I have found my own peace and happiness in obscurity, but I hope Andy will win his suit."

The "poor cousin" is 68 years old and the son of the only brother of the father of the noted banker.

He lived virtually unknown in the downtown area which is the heart of the giant financial empire developed by his "rich cousin" until a relief investigator found him without coal almost a year ago.

It developed the former secretary of the treasury himself had known of William's presence only since the death of the late R. H. Elsie Hutcheson.

Cotton Assumes Second Place In Brazil's Exports

U. S. Restriction Program Held As Basis For Rosy Picture

This is the first of three daily articles on cotton production and exports in Brazil, the second issue of the series will be published tomorrow and the third on Monday.

By RAFAEL OROBICHA, RIO DE JANEIRO, May 31.—(AP)—Cotton has risen to second place among Brazil's exports. Coffee still is first.

In the words of Alfonso Costa, statistical secretary of the ministry of agriculture, "This rosy picture is due, first of all, to the cotton restriction program of the United States."

Thus for the second time in its checkered history, Brazilian cotton is seen the beneficiary of a domestic economic situation in the United States. The first was in 1917.

A review in "O Jornal," a news paper here, said: "The civil war of the United States proved a great incentive to cotton production in Brazil."

And at Brazil's first national cotton conference, held recently in Sao Paulo, a speaker told delegates from 14 states that cotton had been the "consolidator" of the American way of economic life.

The country led world production from 1918 to 1920.

Raid a recent study of the foreign ministry. "The productive capacity of Brazil, so vast, and so easy to be immobilized to produce, that there was a time when we sent English markets more than 700,000 bales of cotton."

This compares with Brazil's total exports last year of 258,076 bales. In 1932 the total was 31,366.

Today cotton grows in all Brazil's 26 states. Official estimates are that 2,222,000 acres in this tropical and subtropical land are fit for its cultivation. The total is largely virgin. Thirty-two per cent of the area has been planted.

The entire area given over to cotton is 1,111,000 acres.

Reporters Recall Scenes Attending Quintuplets' Birth

One Claims He Saw Babies Weighed On Rusty Potato Scales

NORTH BAY, Ont., May 31.—While a thousand individuals of all ages stood recently in watchful contemplation of the hospital that contained the five famous Dionne babies, a little group of news correspondents recalled vivid memories of the night the quintuplets came into a very narrow, labeled world.

Their conversation ran like this: "Bill Doolan" was the first man up there—he weighed them on the potato scales.

"Mrs. Dionne managed to smile, and she didn't mind having five babies."

"That Olivia was pretty bad when I saw him. The idea of having to take care of 11 children didn't appeal to him. He had's a better idea in his pocket for nine years."

"Remember how nobody could tell what to call them? They knew the names of their mother and three triplets, and it wasn't until Toronto came through with the names that they were called."

"Well, anyway, I brought up the name 'Dionne' and Keith Moore of the Toronto Star."

"Olivia had figured six children was about right for a family. They had six children but one died, and Olivia thought the one that was coming would make the family eight."

"The idea of 11 children, he said, and the only time he ever took a drink it made him sick."

The boys reflected on the difficulties a year has made in the household since the arrival of the quintuplets.

"You could have put one of 'em in your hand."

"Remember the 'Dionne' He wouldn't give us any hope. He was busy with Mrs. Dionne, and all he'd say was 'well, they'll stay alive, it got really exciting.'"

"They recall the rapid changes in 'Toronto' in which the boys were in the bedroom with their mother, then in the living room, with sheets hung around to keep away germs. There's Yvonne Lenoir, for whom one of them was named, who's now a nurse for six months without a wink of sleep. Her dressing room was a little space behind the piano."

"Really, on the eve of the anniversary of their advent, the quintuplets' birthday, when white and lace-bordered, are hung on the five white banners, together with five little white bonnets. And they are potential ladies of extreme wealth."

"Food, the official phrase."

Dog Tracks May Operate Longer Under New Bill

Regulations Strengthened, Closing Time Extended To Apr. 15

TALLAHASSEE, May 31.—A House bill, amended to extend the season for dog racing 15 days to Apr. 15, and otherwise strengthening regulations, was passed by the Senate yesterday then concurred in by the House and sent to the Governor for approval.

Dog tracks are limited to 95 days of racing as at present under the bill, but they can conduct their meets any time between Dec. 1 and Apr. 15 heretofore, they had to close Apr. 1.

The effect of this, said Walter Donagan, secretary of the state racing commission, will be to give the Sulphur Springs track at Tampa a better and more profitable season. The track shows a steady increase in attendance from the middle of January to the end, he said, and the April dates will give it the advantage of late spring weather.

The end of the horse season also was advanced from Apr. 1 to Apr. 15 as a means of extending the Miami Jockey season 10 days. Only 10 days of horse racing can be conducted within the season as at present.

The Senate refused to concur in a House provision to permit dog racing in the summer, contemplated at Jacksonville and other parts in north Florida.

The bill makes it unlawful for any person to purchase racing suit tickets "for hire" for another, thereby closing several branch betting offices in St. Petersburg and other cities.

It also makes horse or dog doping a penal offense and prohibits the granting of a permit for a new track to be started within 20 miles of another. Donovan said the Six Mile Creek Kennel club at Tampa, now in receivership, already had a track and a ratified permit, and was not affected by this clause.

In the future, the bill provides that racing regulations must be held within six months after a permit is issued and a track must be built and operated within 12 months after the permit is ratified.

The measure raises the salary of the chairman of the commission from \$2,100 to \$3,000.

"We suggest that the interior metal work of the different cells and hull pens in the county jail be painted. We understand that this has been recommended by the last two or three grand juries but nothing appears to have been done, and we, therefore, earnestly solicit the co-operation of the County Commissioners in having this work done at an early date.

Goering's Wife Finds Married Life Exacting

General Keeps Frau Busy, Either With Lion Or Letters

BERLIN, May 31.—Being the wife of Gen. Herman Goering, the picturesque first lieutenant of Adolf Hitler, is no unalloyed pleasure for Frau Emmy Bonhoeffer-Goering, former actress.

There is, first of all, the little lion cub whom General Goering regards with the same affection with which other men regard favorite dogs. The young lion is a source of great amusement to Frau Goering, but at times a bit strenuous.

For instance, he has a way of appearing suddenly from apparently nowhere, just as the servants are bringing in the lunch for dinner. He frightens the servants just enough to make them drop their plates, then puts on the most innocent of faces and pretends that nothing has happened.

Or he hides behind his master's desk and suddenly, when the visitor is not looking, paws at him from behind. Frau Goering tells the amusing story of how a certain lower government functionary was summoned to Goering one day for a hot scolding.

Goering gave vent to his rising anger with a still more rising voice, when suddenly the lion cub rushed at the official from behind, joining his master in a concert of roaring, and pawed at the official impudently.

The official rushed from the room wiping his perspiring brow, he exclaimed: "Never again will I enter the lion's den. First a two-legged lion roared at me and then a four-legged one rushed at me from behind. No, never again!"

Another trying feature of Frau Goering's marriage is that every needy German, and every German with an axe to grind, now seems to appeal to the first lady of the city.

From as far as delinquent city taxes are concerned. It also was pointed out that Sheriff McClelland will hold all monies received during the sale until Supreme Court has ruled on the City's appeal.

Delight And Sorrow Mingled In Comments On Supreme Court Rule

By The Associated Press
Delight and sorrow mingled recently in comments on the Supreme Court decision that toppled NRA's vast code structure:

Donald E. Litchberg, chairman of the National Industrial Recovery board—"All methods of compulsory enforcement of the code will be immediately suspended."

General Hugh S. Johnson—"I still believe it is possible to write a constitutional act preserving the principles of NRA."

Senator Glass (D-Va.)—"I have always been opposed to any such exercise of tyranny as was practiced under the act."

Senator Borah (R-Ida.)—"I would say the question of interstate commerce being eliminated from control by Congress is pretty well settled."

Senator Harrison (D-Miss.), chairman of the Senate finance committee handling NRA legislation—"I think it is possible to repair the damage at this session."

Senator Long (D-La.)—"That's what I said on the floor of the Senate the night they passed it."

Clarence Darrow, Chicago attorney who headed the critical NRA review board—"The NRA is gone."

William Green, president of the American Federation of Labor—"I am greatly disappointed."

Regular Elimination
The proper use of Theford's Black-Draught, (for constipation) tends to leave the bowels acting regularly. It is a fine, reliable, long-established family laxative.

"I have used Theford's Black-Draught fully thirty years," writes Mrs. J. E. McDuff of Elgin, Texas. "I had trouble from constipation is why I first began the use of it, and as it gave perfect satisfaction I do not see any reason to change."

Another good thing about Black-Draught that helps to make it so popular—it is NOT expensive.

Alaska Pioneers Draw Lots For 40 Acre Farm Plots

PALMER, Alaska, May 31.—(AP)—Men lately off the relief rolls in the Middle West drew 40-acre farm plots out of a hat here recently.

There was a tract of rich valley land for every participant in the government lottery for places in the Matanuska valley colonization project. The object of the drawing was to settle the matter of locations.

As the drawing proceeded in an atmosphere of jocularly. The government went lucky one better and announced participants would be permitted to swap locations among themselves if not satisfied.

The "drawing" then began, with the men lining up and filling in, on which were written the locations of the 40-acre tracts.

The second, and last, contingent of 135 husbands and heads of families arrived here last week after a night ride in day coaches from Seward. The army transport St. Michel docked there and the wives and children were left behind for a few days.

The drawing over, all were instructed to pitch in to unload the train, with tractors and other equipment to be used to move household goods to the eight tent colony locations scattered about the valley. From there they can be moved later into the log houses to be built.

Emil Hiere, general president of the American Federation of Hosiery Workers—"If necessary, a general strike in the hosiery industry will be preserved the year and the time."

John R. Edgerston, president of the southern states branch of the National Retail Council—"It would show evidence in business."

Feds, Especially New Ones, Impressive In Decisive Victory Over Cocoa By 10-5

By PETER SCHAAF.
Clicking in every department of play and giving promise of being at last turned the corner toward better days, Manager Bill Cobb's rejuvenated Sanford College scored a decisive 10 to 5 victory over the Cocoa Indians at Municipal Park yesterday afternoon in a game in which four of the Fed's five new players made impressive first appearances.

While the fit had numerous exciting features that kept a large crowd bustling with comment from the first pitch, great relief, pleasing by Don Hardin, the team's most popular player, stood out clearly as the impelling factor in the victory.

Coming into the game to rescue Sam Mason, the first in the inning, Hardin kept his feet well and around the corners all the afternoon to hold the dangerous Indians to two scratch hits until the eighth inning, and limit them to but one run.

His steady, deliberate pitching inspired his mates to concentrate their drive for victory, which came as the result of three thrilling innings in which Tige Minor, one of the league's best right-handers, was rudely assailed.

Aside from Hardin's hurling, this observer names the Fed's general all-around head-on play as the afternoon's next best feature, with the work of Leo Walker, Hiram Caldwell, Chick Burch, and Sam Mason outstanding in about that order.

Little Walker, holding down second base in place of Red Askey, fielded brilliantly, poled out two line drive singles which, coming "in the clutch," drove in needed runs, and displayed tremendous speed on the base paths. His over-the-shoulder catch of Baker's fly into centerfield with two aboard in the fourth was the season's best sensational play by an individual, and the applause of the crowd shook the building.

Caldwell, who came here labeled as an outstanding member of the University of Alabama's freshman baseball squad, poled out three singles in four trips to the plate to drive in one run and assist in starting the Fed's comeback in the fifth. His hits were solid blows, well placed, and he followed up his outex by exceptional speed on the bases.

Burch, whose appearance even in street clothes labels him as an outstanding player, demonstrated his ability in five trips to the plate by smacking the ball hard and solidly into every field. He secured two singles, was safe on a fielder's choice, fled out to left and was an infield out. He's a natural in his position and he lived up to all of his advance notices.

In Sam Mason, the Feds have uncovered a first baseman who should set this league afire. Tall and rangy, Mason, who starred at Auburn University, handles himself like a big leaguer around the initial sack. He appears to know what to do with a bat, and there was no doubt but that every man on the Fed infield was confident that the big fellow would come up with every ball tossed at him.

Fred Gleason, Bill Cates, Jack Read, and Buck Burkhardt, the Fed regulars who have clinched places on the squad, joined the newcomers in carving out a victory, each playing his part. Gleason's two doubles scored two runs, Cates' first single brought in two runs, and Burkhardt brought in another with a dramatic theft of home plate.

By PETER SCHAAF.
Joe Barnes, former manager of the Sanford College, was knocked out of the box by the Cocoa Indians in the first inning of yesterday's game, and Red Askey, young Georgian, who has been a fixture at second base for the Fed since the season opened, was handed their unconditional release this morning by Manager Bill Cobb.

Manager Cobb also announced the signing of Wilber Gled, Jr., son of a veteran major and minor league manager and shortstop of considerable ability, and Ed McCullen, recently of the Tallahassee nine.

Barnes, whose local baseball career has had its ups-and-downs, resigned as manager about a week after his club had lost 10 out of 11 games played. Since then he has been out of action because of a throat infection, and Manager Cobb has reason to believe that Sam Mason, Auburn University star, who has played in two league games for the Feds, should hold down the first sack.

Always a hustler and a loyal member of every Sanford team he played on, Barnes' batting helped win many games. However, the press of managerial duties this year as well as in 1933, plus a natural slowing up, have hampered him at bat and in the field.

It is in this latter department that he has been handicapping the club, in the opinion of Manager Cobb, because of numerous errors of omission and occasional errors of commission.

In his recall, it can be said that Barnes worked long and hard in his attempts to build a winning ball club in this city, and his release at this time is merely the re-enactment of an old story—a younger man replacing a veteran.

Gleason has turned in some mighty good hitting at times, but he has been able to appear in but two complete games. He has won one and lost two games.

Askey started the season with some indication of becoming a fixture on second, but of late his errors and failure at bat have been a dead weight to a club which is seeking to assert itself as a power in this league.

On an attempted double steal, Read was caught off third to end the scoring.

Not till the fourth did the Feds begin to overtake the Cocoa Indians, and over they had batted around for the first time this season.

Mino made the mistake of walking Burkhardt, who was sacrificed to second by Mason and sent to third on Caldwell's line drive the eighth. While Hardin took a cut at a strike, Burkhardt at saved for home as Caldwell headed for second, Burkhardt catching Smith's flat footer to score as Caldwell was safe at second. It was the Fed's first successful double steal of the year and it developed out of what should have been a squeeze play.

Hardin fled out just after Caldwell went to third on a wild pitch. Walker scored Caldwell with a line drive single into center field and Burch was safe on first on a fielder's choice when Hopkins' throw to second for Walker was late.

Gleason's second double, along the left field foul line, scored Walker and sent Burch to third from which base he scored when Joiner dropped Newman's throw to first to get Cates. Read fled out to short to end the scoring.

Mason forced Read at third, Minor to second, and Burkhardt went to second from which base he scored on Caldwell's second single. Hardin drew a walk, filling the bases, and once more Walker came through with a line drive single, scoring Mason.

Burch strove to control the ball falling in front of Bilyby, as Caldwell scored, Gleason forced Hardin at the plate, and the bases again were filled, but Cates beat as an infield out retiring the side.

In the seventh, Hardin, after the first inning had permitted only three Indians to reach first until the eighth, Newman got a lucky hit in to right in the fourth and Minor drew a walk, but Walker's sensational catch of his ker's sure hit and his catch of Hopkins' pop up, ended the inning.

Culbreth went the eighth with a single, center fielder had trouble picking up the ball and Culbreth continued to second. Joiner singled into right field, scoring Culbreth, after which Hardin tightened up and retired the side.

DELAND, May 31.—DeLand's routing Reds continued last night yesterday by trouncing Leeburg in a closely played contest that saw the home boys emerge victorious by 6 to 4.

The visitors started out like hot iron and scored two runs in the initial frame by virtue of Barnes' towering circuit blow over the right field wall which was with a mate aboard.

The Reds checkedmate this move in their half of the first when Burch walked, only to be forced by Douvignette who was safe on a fielder's choice, Robinson who was two for three yesterday, and a double, to increase his tally to 500 batting average, then doubled to score Douvignette and was in turn brought across the rubber by Bill Leiby's single.

The Reds came back strong in the third to make three more markers as a result of Douvignette's single, Robinson's sacrifice, Mosley's walk and Lacourt's scratch single which scored Douvignette. Jack Hogan, making his first appearance in Deland this year for the season, drew a walk and Hennessey was safe when Williams let Bonner's peg on Hennessey's roller escape him.

The Reds picked up another in the sixth which the visitors duped in the eighth.

Burch who related Bobo for Leeburg in the third with one very pitched masterful ball for the remainder of the contest, held the lead to the end of the game.

The Leeburg outfit had a very hot hitting attack but was out of the contest in the seventh.

Making The Most Of Fresh Vegetable

The rules for the preparation of vegetables so that they will yield the utmost in flavor and food value are simple. But they must be faithfully followed in order to get the desired results.

First of all, they must be washed thoroughly so that every particle of dirt is removed. They should be washed in cold water and not in hot water, as the heat must be removed. Keep them immersed in cold water until they are to be cooked in order to keep them crisp and to prevent discoloration. Cook in boiling water and always maintain the water at that point. One teaspoon of salt to a quart of water is the proper proportion for correct flavoring. Here are a number of methods for the preparation of vegetables suitable for the home.

STRING BEANS
Remove the strings carefully; break the pods into one-inch pieces or half-inch squares. Wash carefully and drop in boiling, salted water. Boil until tender, then drain off the water and serve with butter or white sauce. Serve alone or on toast.

FRESH ASPARAGUS
Cut asparagus on lower part of stalks as far down as they will try to pull. Break off the tender ends. Wash and drop in boiling water until tender, leaving the water for the first few minutes. Serve with butter or white sauce. Serve alone or on toast.

BOILED BEANS
Wash beans but do not cook them in boiling water until they are soft. Soak them in a pan of cold water and rub off the skins. Cook in slices or quarters, depending on the size of the beans, until tender, but not too soft. Wash and drop in boiling water. Wash and drop in boiling water.
