

New Political Face Job Set For Texas

DALLAS (UPI) — Texas politics will get a face-lifting in January in the wake of a primary election that saw Gov. Price Daniel fall in a bid for an unprecedented fourth term.

A New Frontiersman, Don Yarborough, and John B. Connally—who was appointed Navy secretary by President Kennedy, later resigned, and has since criticized Kennedy's administration—will meet in a June 2 runoff Democratic primary election for governor.

The winner in the runoff is virtually certain to be the next governor of Texas. Texas hasn't had a Republican governor since Reconstruction days.

Texas also will have a new lieutenant-governor, attorney general and at least 10 new state senators.

A tabulation of the latest returns showed that Connally had 391,250 votes to Yarborough's 287,368, in Saturday's primary.

Jack Cox, a Breckenridge, Tex., oil driller, won the Republican primary without trouble. He tallied 87,911 votes to 14,194 for Roy Whitteburg, a Borger, Tex., publisher-rancher.

Success in a Texas Democratic primary has traditionally meant election in the November general election. The Republican party has claimed a resurgence, mainly on the strength of Sen. John G. Tower's election a year ago.

Former Maj. Gen. Edwin A. Walker, 82, a John Birch Society member, finished last in the field of six Democratic

candidates. He vowed to continue his fight against communism.

The other candidates were Atty. Gen. Will Wilson and Marshall Formby, a Plainview, Tex., lawyer.

Yarborough, 36, an avowed liberal, is a Houston lawyer.

Tiger Tales

By I.A. Dick Cleveland

Today was our first day of flight operations since we departed Norfolk and the "Den" was really jumpin' this morning. The plane captains, radiomen, mechanics, metal-smiths, and all the rest of our Maintenance Department worked half the night to insure our mighty A3D "sky-warriors" were clean, fueled and ready for this morning's launch. "Pilots, man your planes!" is heard over the squawk box in Ready Four and its a scramble for topside.

Looking around this tremendous flight deck you can see the "Heavies" head and shoulders over the smaller attack aircraft. The A3D jet engines lift it from this mobile, floating airfield and carry the crew and, if necessary, the nuclear punch that would knock out any aggressor who dares attack the free world.

"Launch 'Em" says the Air Boss over the "Bull Horn" and that familiar, deafening roar of the "Tigers" of Heavy ONE, the cornerstone of Carrier Air Group SEVEN, is heard as the first A3D goes hurtling down the catapult and on to its mission.

"Land Ho" off in the distance you can see the mountains along the rugged coasts of Spain and Africa between which lie the "Gateway to the Mediterranean" the Straits of

Gibraltar. The ship also launched a plane for the "Beach" to deliver our mail and pick up those long-awaited letters from you! The "Tigers" will sleep well tonight.

While the "Big I" is launching its air group, she steamed past a freighter and an ocean liner of a recognized foreign nation. They immediately dipped their flags as we passed in salute to this great fighting lady. We dipped ours in return to the compliment.

You can't help but wonder how impressive this sight must be to some of our foreign friends who have never seen a jet attack carrier, much less one in action!

It's 2000 and all's well, our "Skywarriors" are back on deck safe and sound and then that joyous word is passed "Mail Call"; you've never seen a happier bunch of "Tigers." We love it, keep 'em coming!

Yesterday the "Big I" made history. She became the first attack carrier to anchor in mid-ocean. The occasion took place on top of a 16,600 foot sea a mountain (underwater that is). The Captain dropped 228 feet of chain before the huge anchor caught the very top of the mountain peak. A terrific feat of navigation and seamanship. Legend has it that this mountain is the area of the lost city of "Atlantis."

Some of our first tour "Tigers" got the opportunity to observe a captured "Sea Bat." Lt. (jg) Alex Malkoff is now considered an expert on Sea Bat Lore.

It's into the Mediterranean now, and we are looking forward to seeing our sister squadron the "Hootie Owls" of Heavy NINE. We're sure they're looking forward to seeing us.

ELECTION FEVER . . .
 Confusion reigns at the polling places this morning . . . as of 9:15, six people were turned away from the polls because they failed to send in their vote registration cards. . . Very, Very early returns show that at Precinct 23, W. Pitt Varnes is leading in the District 4 county commission race 2-0.
 How do I know . . . Mrs. Varnes called and said she and her husband voted 2 as soon as the precinct poll opened. . .

AND SOME MORE . . .
 people coming into registrar's office saying "Where do I vote? Where do I vote?" . . . plenty of confusion on the change in voting places. . . Why didn't they check their pink cards. . . ?

A CONVERSATION WITH W. E. KNOWLES.
 Reporter: That accident on 25th St. last night was really something. Why can't we get an overpass by 25th St.
 Knowles: Any idea how much that would cost?
 Reporter: You mean in human lives?
 Knowles: About \$150,000 for an overpass.
 Reporter: What are we going to do about eliminating this suicide on the road?
 Knowles: Only one thing . . . more cautious driving.

City tax sale set May 29 on delinquent property . . . about 300 parcels to be sold on the steps of city hall, says City Clerk Henry Tamm Jr. . .

The city will consider a new pension plan for its general employees (not counting police and fire) at its meeting Monday night. Employees will kick-in three percent and the city another three.

At the end of last night's column, we said "Vote, Vote, Vote." Just for the record, we didn't mean for anyone to vote three times. (Oops).

Bill Leffler and W. E. Knowles told us the other day they were never contacted to work with the "opponents" of the franchise directive to help draw up a new list of recommendations. . . Leffler, Knowles, and Bill Kratzert helped draw up the revitalized directive.

We asked Leffler and Knowles what they thought about the new recommendations which were submitted to the County Commission last week. Said one: "No Comment." Said the other: "Don't put me on the spot."

I wonder who it was that painted "Class of '62" on the city water tower by Mellonville?

Come to think of it . . . I wonder who sprayed the windows at Seminole High School this past weekend?

Vernon Dunn said when he stormed out of the County Commission meeting last week he didn't murmur politics, politics, politics. . . Vernon told us what he did say but since it's not very dainty we'll stick with politics, politics.

Lyman begs another tradition today when the first "Autograph Dance" ever to be held at the school gets underway at 7:30 p. m. in the gym. The dance is being staged to give students a chance to get teachers and classmates to sign the school year book after it is dedicated during the opening ceremonies.

The men of VAH-9 will arrive at 8 a. m. Wednesday and an hour later VAH-3 will be in . . . Double Helicoptering!

Cabinet Backs Water Program

TALLAHASSEE (UPI) — The State Cabinet today gave its full backing to Florida's multi-million-dollar waterway development program to be presented to Congress Thursday and Friday by Gov. Farris Bryant.

Secretary of State Tom Adams said not all of the Cabinet officials would be able to accompany Bryant to Washington for the presentation, and urged passage of a resolution to give unity to the state's plea for federal funds for the South and Central Florida flood control project, cross-state barge canal and other projects.

ATLANTIC CITY, N. J. (UPI) — President Kennedy today urged organized labor to hold its line on the issue of inflation, saying it shares with management equal responsibility for avoiding inflationary wage-price increases.

The Chief Executive, speaking at the annual convention of AFL-CIO United Auto Workers (UAW), also appealed for union help in electing Democrats to Congress this fall.

After listing his legislative proposals designed to help the nation toward full employment, Kennedy in his prepared address told the UAW delegates, "I am here today to ask your help in building on this beginning."

Legislators Challenge Court On Districting

MIAMI (UPI) — Leaders of the Florida Legislature, in a petition filed in Federal Court Monday, challenged the right of federal courts to step into the issue of state legislative reapportionment.

House Speaker William V. Chappell Jr. and Senate President W. Randolph Hodges filed the petition asking whether the Legislature is affected by a suit to force reapportionment filed by Miami attorney Peter Sobel.

State Rep. Mack Cleveland Jr. in a statement to the Herald today, said he shared both Chappell's and Hodges' views but, "by the same token I am not completely satisfied with the reapportionment move however, it may be the only thing we can get."

Sobel based his suit for reapportionment on a U. S. Supreme Court decision which said federal courts can step in where states fail to redraw legislative districts according to population shifts. Chappell and Hodges said in their petition that only the states may deal with the reapportionment question.

Youthful Killer Allowed Appeal

TALLAHASSEE (UPI) — Teen-ager Dennis M. Whitney, confessed slayer of seven persons, will get a chance to prove that he was promised leniency in return for not contesting facts charged in one of the murders.

The State Supreme Court, which previously upheld the conviction and death sentence for Whitney, who was just 17 in 1960 when the cross country murders were committed, Monday granted Whitney's motion for a writ of habeas corpus to permit testimony to be taken on his claim.

Suit Filed Against Church In Altamonte

A suit filed April 30 in the Circuit Court of Seminole County by Mrs. Grace Bradford, wife of Robert Bradford, Altamonte Springs, to recover \$1,000 due on a note from the Altamonte Springs Baptist Church, was the opening gun of a determined move by a number of church members to effect the ouster of the pastor, Lewis D. Haines.

Mrs. Bradford's suit is the outgrowth of the arrest of Haines last February on a morals charge by the Mail-and-Police Department. Haines forfeited his bond rather than appear at the trial which was scheduled for last March 7 in the Maitland Municipal Court.

Monday night a meeting was held at the home of Homer Sewell Jr., in Altamonte Springs, to discuss ways of disciplining the minister.

According to one member at Monday's meeting the minister had offered to resign shortly after his arrest, but reneged later and decided to stand his ground. Those who desired to see the congregation take disciplinary action were sent letters "amounting to dismissal" which were based on a by-law adopted by the church in a special meeting on May 2.

The group at Monday night's meeting decided to send letters and enclose copies of the by-law in question to the Wekiva Baptist Association, the Florida Baptist Convention and the Southern Baptist Convention, in an effort to clarify their stand and seek guidance on how to proceed in effecting disciplinary action against Haines.

Gangland Slaying In Chicago

CHICAGO (UPI) — The body of Chicago's second gang-style assassination victim in 24 hours was found today huddled in the front seat of a parked car.

The dead man had been shot in the back of the head in the almost identical execution technique as Monday's gun victim, taxi driver Leslie Kirk.

The FBI has entered the investigation of Kirk's slaying to determine whether it is linked to an organizing war between the Teamsters Union and a maverick taxi cab drivers union. A federal judge last month called on the FBI to

Laos Battalions Trapped By Reds

VIENTIANE, Laos (UPI) — Two Royal Laotian Army battalions may have been trapped when Communist rebel forces overran the provincial capital town of Nam Tha, a senior American military adviser said today.

The American identified the battalions as the 28th and 30th.

Shattered elements of the Laotian forces attempted to regroup about 40 miles southwest of Nam Tha.

Pilot flying reconnaissance missions and supply drops over the Nam Tha area Monday reported that only 1,000 to 3,000 members of the 3,000-man government garrison there had been regrouped to the south.

Incoming stragglers were expected to increase the size of this force, but by just how much still was unclear.

The Reds drove the Royal Army forces out of Nam Tha, near the Communist Chinese border and about 225 miles northwest of the administrative capital of Vientiane, following a thunderous artillery barrage Sunday.

Astronaut's Mother

NEW YORK (UPI) — A new honor came today to the mother of Astronaut John H. Glenn Jr., when she was named World Mother of 1962 by the American Mothers Committee at their annual pre-Mother's Day convention in New York.

TALADEGA, Ala. (UPI) — Twenty-one Negro students convicted Monday on trespass charges stemming from sit-in demonstrations were freed on \$500 bond each pending appeals to circuit court.

Heavy State Vote Looms

MIAMI (UPI) — Floridians flocked to the polls today to vote on a variety of local issues in an off-year primary that could be a sounding board for Kennedy administration policies.

More than one million voters were expected at the polls to beat the primary record of 937,000 set in 1960. The weather was ideal, with temperatures ranging through the middle and high 80's, and no rain in sight.

By late morning, election officials in the big counties reported a steady flow of citizens to the polling places. In Dade County, the state's biggest population center, the voter registration office reported that as of 10 a. m. EST an estimated 50,000 persons had voted, compared to about 45,000 in the 1960 primary.

FRANCIS ROUMILLAT . . . Good News

F. E. Roumillat Jr., chairman of the Chamber of Commerce post office site committee, on hearing the news commented: "This is wonderful and culminates a two year effort by the special committee appointed by the chamber. The new modern post office, centrally located, will stabilize the downtown business section."

Officials of the construction firm told the Herald this morning that work on the facility, located between Sanford and Palmisto Aves. west of the Civic Center, will start "immediately."

Two weeks ago, the Herald reported that the post office department was negotiating with the Nebraska firm with the cooperation of the low bidder Brown, Mason and McHugh of Jacksonville.

The Jacksonville firm had been awarded the contract last year and had "blundered around for some five months to get the contracts off their backs" according to one post office official.

The new post office is expected to be at least twice the size of the present one on First St. The city has agreed to lease the present building for a future library site.

When the present post office will be turned over to the city has not been determined as yet.

GOP Charges Whitewash

WASHINGTON (UPI) — Republicans stepped up their demands for an investigation of the Billie Sol Estes case today with charges the Agriculture Department is trying to whitewash it.

Sen. John J. Williams, R-Del., made public a letter Monday from Texas Atty. Gen. Will Wilson to Agriculture Secretary Orville L. Freeman. The letter said that Estes, under indictment in Texas for fraud, maintained a "close relationship" with Agriculture Department officials.

Merger Nears

Overwhelming approval of the proposed merger of the Pennsylvania and New York Central railroads was virtually assured today at separate stockholder meetings. The action would leave only one remaining obstacle to the biggest corporate merger in the history of American industry.

Village Expects No Action On Tax Proposal

By Ginny Skisak

No further action is expected by the Village of North Orlando at its 8 p.m. council meeting today on the proposed utility tax and improved police protection for the community.

According to Councilman W. W. Anderson, who earlier this month circulated a poll letter for residents' opinions on the tax and police protection, an insufficient number of letters to express a majority opinion were returned.

In relation to the matter, Anderson said, "I want to speak for the majority of the people and cannot do this if the people do not voice an opinion. The council has the authority to pass taxes with or without the people's opinion, however, I shall endeavor to serve the majority. I plan to send another poll letter on another issue coming up soon in the village for the people's attention and hope for better response."

Anderson had no comment at this time on the nature of the issue to be discussed in the forthcoming letter.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I recently had the privilege of taking a nice young lady to dinner, and was very much surprised when she asked if she could butter my bread. I let her do it, since she seemed so sincere in her offer, and I must say the world would be much better off if little courtesies like this were shown more often. I am a Yankee and this lady was from the South. Is this a Southern custom? YANKEE

DEAR YANKEE: No, it's a universal custom with all young women who know on which side their bread is buttered. HUMILIATED

DEAR ABBY: I am a senior in high school and would like your opinion about a ridiculous rule at our school. All the girls must shower together after each gym class. In order to receive credit, you must call the gym teacher over and show her "THE SOAP" on your body! Now I am going to be 18 soon and I know when I have enough soap on me to be clean. If you refuse to follow this rule, you get a "D" in gym and an "Unsatisfactory" in work habits. What do you think of this? HUMILIATED

DEAR HUMILIATED: I think

this "soap survey" is a dirty trick.

DEAR ABBY: Will you please discontinue your battle against the "nervy, drop-in type visitors." I feel complimented when someone drops in to visit me. I let people know they are always welcome to come to my home, without telephoning first. THAT is honest-to-goodness hospitality. "LIKES COMPANY"

DEAR ABBY: Just had to tell you I'm with you 100% when it comes to people who just "drop in" to visit. I like company—but only when I invite them. ORGANIZED

DEAR ABBY: You recently said you were violently opposed to the practice of dropping in on people unexpectedly. Does this apply to clergymen? E. A.

DEAR E. A. Especially clergymen! Those who prefer a little advance warning to get their houses in order would be doubly embarrassed by a surprise visit from their clergyman.

How's the world treating you? For a personal, unpublished reply, send a self-addressed, stamped envelope to ABBY, care of this paper.

Jacoby On Bridge

By Oswald Jacoby

Here is a hand that looks as simple as yesterday's, but if South tries to use brute force he will not make his contract.

South wins the first trick with his ace of spades after East plays the king. If South believes that all suits break, he quickly counts five club tricks, three diamonds and the heart ace for a total of ten.

He leads a club to dummy's ace, returns to his king and notes with belated horror that West has shown out.

Now South goes into a protracted huddle to try to find some way to make his contract,

We The Women:

By Ruth Millet

You really can't blame the husband who thinks that the job of housewife has become a snap.

Every television commercial aimed at selling household appliances, wash day products, and clean-up compounds promises to take the work out of housework.

The attractive young woman who is singing the praises of her products, dressed to the teeth and with every hair in place struts around, showing how the housewife's work can be done with a turn of a switch, a little thumb-pressure applied to a spray-on can, a quick dousing in suds that miraculously make grease disappear and so on.

For a man who has never tried to run a house, such advertising is bound to make him think the day of instant housework has come. Only the woman who does the work around the house knows that no matter how good a product it doesn't do the job for her. She still has to do it herself.

And while she doesn't have to use as much elbow grease as women had to use to keep carpets clean, floors waxed, furniture polished, clothes washed and ironed, windows shining, meals cooked, dishes washed and so on, she still has to use plenty to keep her house up to today's standards of good housekeeping.

The jobs are all there waiting for her, many of which are still pretty dreary, despite anything she can buy to help her make the job a bit faster. And she can't get them done tripping around in high-heeled shoes and dressed in her best bib and tucker like the pretty things do on television.

But when he thinks of housework, today's husband doesn't think of his wife in jeans, standing on a ladder washing windows or bending over an ironing board or scrubbing the kitchen floor. What he sees is that pretty young thing on television dressed as though for a party and doing "housework" with a flick of the wrist.

Highlights TV Time Previews

8:30-9 p. m. CBS Dobie Gillis. Shades of "Some Like It Hot." Dobie and Maynard (Dwayne Hickman and Bob Denver) adopt feminine disguises to keep Dobie's latest love, Samantha Digby (Jennifer West), from discovering Dobie has taken a job as waiter in a sorority house. Quite funny. The snooty Samantha, of course, thinks Dobie is a rich playboy.

8:30-9 p. m. NBC Alfred Hitchcock Presents. "Most Likely to Succeed." An interesting triangle, written with whimsical irony. A lugubrious and successful businessman (Jack Carter) hires a former college classmate (Howard Morris), who is down on his luck, as his chauffeur. When the businessman's beautiful wife (Joanna Moore) behaves strangely, you know the husband will regret his good deed.

8:30-9:30 ABC. The New Breed. "A Motive Named Walter." Lovely Lorraine Day is not so lovely tonight, which is essential to the story. She stars as a worn-down housewife who takes to forgery to get the things she and her daughter want. Eddie Albert plays her husband who lost interest in her when she lost interest in herself. Ben Bardader and Karen Green are featured with stars Leslie Nielsen, John Berardino, John Clarke and Greg Roman.

9-9:30 p. m. CBS. The Red Skelton Show. "Rock on the Wild Side." In his Clem Kiddiehopper role, Red Skelton gets some lusty laughs when the White House's search for a famed rocking chair is found in his possession. Red gets his biggest laughs taking the wacky chair to Washington. You'll recognize Roland Winters as the White House curator in charge of rocking chairs. Also guesting is Helen O'Connell, who participates in the

all round town!

with ... Dottie Higginbotham

FIFTY YEARS have gone by since the Jencks brothers last saw each other, and they were reunited in Sanford this week, at the home of a daughter, Mrs. Patrick Powers.

Clarence L. Jencks, 69, and his wife, drove all the way from Los Angeles, Calif., to make the visit here, and Victor Jencks, 71, came here recently from North Carolina to make his home with his daughter, Mrs. Powers.

They were just teenagers when Clarence, lured by the exciting stories of fabulous California and the call of adventure decided to "go West." He did, and never came back again, until this week. He eventually went into the plumbing business from which he recently retired.

Victor remained in their home town of Cleveland, Ohio, and owned an auto body business there. He also retired recently and came to Florida. The brothers said that they would not have known each other if they had passed on the street, as neither looked anything like the remembered childhood days.

They are spending their time talking and getting acquainted (the wives, too, had never met) but next week they plan to "take off" and travel about the state of Florida, sightseeing and also do some fishing.

Both said that they had worked all their lives, and never had much time for fun or traveling, but now they plan to make up for lost time.

Victor Jencks likes to do upholstery as a hobby, and his daughter's home at 1813 Chase Ave. contains many pieces of furniture that show his handiwork, including a huge, upholstered coffee table which stands in the center of the living room and is large enough for many, many cups of coffee.

WALLY POPE, son of Mr. and Mrs. Fred W. Pope of Sanford, was recently initiated into the Florida Blue Key, Men's University of Florida honorary leadership fraternity.

Wally, a senior at the University, majoring in political science, was tapped for his outstanding activity in student government.

A native of Sanford, Wally attended local schools and graduated in 1958 as president of the senior class. He was also captain of the Seminole High School Band and is now commander of the Florida Military Band. His academic accomplishments earned him four years in the National Honor Society and he was also a member of the Key Club.

For the past two years he has been the recipient of the Kiwanis scholarship fund, because of his outstanding record.

He will graduate in August with his degree in political science and has already been accepted into the Army Intelligence Corps. He will report to Ft. Benning, Ga., with a commission as 2nd Lt., for officer indoctrination courses.

During the tapping period, before initiation, Wally wore the famous blue key hung with blue and orange ribbons, the school colors.

MRS. HELEN DEWIT'S paintings are now on display

CLARENCE JENCKS

VICTOR JENCKS

WALLY POPE

In the lobby of the Florida State Bank, for your pleasure. Mrs. DeWit, the former president and a charter member of the Sanford Art Assn., has a very unique style of her own in her pastels and oils, with a delicate and feathery touch.

On display is a painting which demonstrates the flowers and plants that are used to make medicines, accented with the chemist's mortar and pestle and beaker and bowl. There is a study in white, with white background, white jars, vase, globes and for accent, a thistle.

Two other studies, in a stylized form include one of humming-birds and one of fungi, (lichen, mosses and toadstools). However, Mrs. DeWit has used these common and rather ordinary objects to create a harmonizing and lovely picture.

Miss Darlene Fisher Weds Lawrence Godfrey Lavender

Miss Darlene Sherrell Fisher, daughter of Mr. and Mrs. Robert G. Lockwood, Sanford, and Lawrence Godfrey Lavender, son of Mr. and Mrs. Edward Q. Lavender of Charleston, S. C., were married April 21 at 11 a.m. at The First Baptist Church, Charleston, S. C.

Rev. Paul Pridden Jr., pastor, officiated at the double ring ceremony.

The church was decorated with bouquets of white Easter lilies, white mums and green fern, and candelabra with white tapers.

The bride wore a formal length gown of imported Chantilly lace and nylon tulle, featuring a torso type bodice with scalloped mandarin collar and long sleeves. The skirt had three tiers of nylon tulle over taffeta with lace overskirt and a militant train of nylon net.

Her fingertip veil of French illusion was attached to a Grecian type lace crown adorned with seed pearls and sequins. She carried a bouquet of white carnations with a shower of white ribbon.

Mrs. Larry A. Yack, sister of the bride, was matron of honor. She wore a ballerina length gown of pink nylon over net, a band of pink flowers with a short veil, and carried a single rose with pink ribbon bows.

Miss Barbara Hill and Mrs. Peggy Amsler were bridesmaids. Flower girl and ring bearer were Christine Amsler and Phillip Amsler.

Best man was Edward Q. Lavender Jr., brother of the groom, and serving as ushers were Tony Combahee and Bobby Eskridge.

The bride's mother wore a beige crepe dress with green accessories and a green cymbidium orchid corsage.

The groom's mother wore a navy blue dress with white accessories and a white cymbidium orchid corsage.

The reception was held at the groom's home, 1256 Remount Road.

The cake table was overlaid with a white lace tablecloth and the three tiered wedding cake was flanked with silver candle holders with white can-

dles. The punch table was overlaid with a white linen tablecloth with arrangements of pink roses and green fern. Miss Linda Lavender, sister of the groom, kept the bride's book.

For her going away outfit, Mrs. Lavender wore a beige linen suit with beige accessories and the corsage from her bridal bouquet.

After a short wedding trip, the couple will reside at 1256 Remount Road, Charleston, S. C.

Out of town guests included the bride's mother, Mrs. Robert Lockwood; her sister, Mrs. Larry A. Yack, and brothers, Robert and David. Her father is aboard the USS Independence, in the Mediterranean Area, and was unable to attend.

It was round up time for the Peacemakers of VAH-7 and their ladies Saturday night at the MQ Ranch. The evening's activities, for the western at-

tired guests, began with a patio cookout featuring home-grown Hereford steaks broiled over an immense pit, and down right delicious home-brew-coffee.

The after dinner festivities were highlighted by "MQ Boss Lady" Gladys Morris, making best costume awards to Mrs. I. F. Hughes, wife of the squadron North American representative for the best feminine outfit, a fetching prairie gal's homespun, and to Lt. C. C. Wells for the most authentic sheriff this side of "High Noon."

Strikes . . . Spares

By John A. Spolski

And there they were! The husbands intently watching their spouses rolling the ball . . . twisting in the background hoping that with their body english the ball would also turn. Oops, almost got that single pnt.

If mmm, on my own personal score card, I'll have to erase that spare and mark it as a blow! She'll do better on her next turn, though!

Whoose, will you look at that pin action! (Turning to another spectator, YES SIR BUDDY, THAT'S MY WIFE, AND I TAUGHT HER ALL SHE KNOWS!

We have only one more word to add to that statement. . . HA!

We're real proud of all those who competed and are happy, as were all the participants, that so many people came on out to cheer the girls onward to those high scores which were rolled during the tournament.

I have a sneaking suspicion that our esteemed Editor, Larry Vershel, must have hugged the girls prior to their bowling. I'm serious! Wouldn't you know it that the Sanford Herald five-some came out on top with a magnificent 3,088 series, including handicap.

That's worth \$65.00 to the girls in prize money plus those gorgeous first place trophies, too! And if you're any kind of a keger at all, you'll appreciate the fact that the 3,088 series rolled by these lassies is good enough to beat quite a few of the men's teams.

Dot Button led the girls of the Herald team with a 218, 104/501 scratch series. Mighty proud of you, Dot!

FLASH! Our esteemed Editor just called and said that he'll treat all of the winning girls of the Herald team. He said it'd be a steak! Tell me, what's a tube steak? It's a what? A Frankfurter?

The other winning teams and their prizes are as follows: Gold Bonds 3,038 (\$48.00); Food Markettes 2,994 (\$30.00); Wilson-Maler 2,966 (\$28.00); Stenstrom Realty 2,946 (\$23.00); Douglass

THESE SEVEN Seminole High School track members pose with the trophy that the team won in the Group meet. They will represent Sanford in the State Track Meet. They are from left to right, kneeling, Jim Terwilliger, Buddy Lawson, Mike Champion. Standing are Chip Crawford, Don Harvey, Jimmy Jones, and Vick Welsh. (Herald Photo)

Misses (\$20.00); Jolly Girls (\$18.00) and Robson Sporting Goods (\$15.00).

And when it was decided which team had won, then the Doubles and Singles, plus the All Events - Handicap and Scratch Events was the objective for one and all.

When they first started, the consensus was they'd be satisfied for 2nd place or less. However, those who least expected to come in at all surprised themselves with some outstanding bowling, believe me.

The Doubles team of Woodward and Holland nosed-out Nicks & Smith who in turn barely edged by Kips & Callan. The top three scores for the doubles events was 1,236, 1,234 & 1,231. Girls, I'm really proud of you.

In the Singles Event, Jeannie Woodward just wasn't to be outdone as she roared thru with a 658, including handicap. That's worth \$10.00 dollars to her but her husband Jack insists that's exactly the amount he's going to charge her for his personal supervision in helping her to this victory. (I'm on her side, Jack!)

Helen Price was only three pins behind with a 605 and again only three less pins behind Helen was Eleanor Anderson with a 662.

The most amazing part of it all is the fact that most of these "ladies" are beginners to the game.

In the All Events Scratch Division, dependable Marge Woods rolled real well as she completed her series with a 1,618 total. That's a 179 average, my friend, and like I said before . . . that's mighty fine bowling!

Marge Kipp continues her excellent improvement, too! Marge averaged 174 and finished with a 1,673 series. Kay Bowman was 3rd with a 1,523.

In the All Events Handicap, Helen Price won first place with a 1,907, which also carried a \$10.00 prize along with the trophy. Eleanor Anderson came in 2nd with a 1,883 worth \$12.00.

Incidentally, Marge Woods first in the Scratch Division carries an \$18.00 prize, too.

All divisions reported, carry a trophy for the first slot.

In summary, there were 42 teams entered along with 43 doubles and 86 singles. It was a tremendous tournament and the only part lacking was that of some of the husbands not being on hand to help cheer their wife on.

Colts Making Craft, Paul Look Like Pair Of Geniuses

By United Press International

Paul Richards, one of baseball's better brains, mused last October that he was being offered a lot of humples for organizing his Houston Colts, but these same daretlets are making him and manager

Harry Craft look like a pair of geniuses.

There were many experts who took Richards at his word and consigned the Colts to the National League cellar this season.

It's still early, of course, but the Colts have looked mighty respectable so far, and projecting their present 10-13 record through a 162-game schedule, they would wind up with 70 victories.

Bob Aspromonte, John Weekly and Bob Tiefenauer, three of the Colts' maligned minions, produced like champions Monday night as Houston defeated the Los Angeles Dodgers, 9-6, in the major leagues' only game.

Aspromonte hit a three-run homer in the seventh inning to put the Colts ahead; Weekly connected in the eighth for an insurance run, and Tiefenauer pitched three shutout relief innings to receive credit for his first major league victory since 1935.

Aspromonte called his homer "the greatest thrill of my life." It had a special meaning because it was hit against the Dodgers, who had cast him adrift for one of the two new clubs to grab.

"This is the dream of every ballplayer, to get a hit like that against his old club," the 23-year-old third baseman beamed. "I never felt better in my life."

It's been a long time between major league victories for 32-year-old Tiefenauer. Although he first had a trial in the big show 10 years ago, that 1955 win was his only other triumph in the majors.

The Colts went ahead with five runs in the second inning, four of them unearned. The Dodgers committed two errors and their pitchers forced in two runs with walks.

Los Angeles moved ahead, 6-3, in the sixth with three runs, knocking out Colts' starter Dave Giusti and his successor, Al Cicotte.

Aspromonte then hit his homer off rookie lefty Pete Richert, who was charged with the defeat. Tiefenauer gave up only one hit during the last three innings. Aspromonte, who had been in a slump, now has collected nine hits in Houston's last three games.

100 yd. dash—Harvey, first; Lawson, second; 10.3 seconds

880 relay—Sanford, first; Terwilliger, Champion, Harvey, Lawson; 1:32.3 (new school record)

280 yd. run—MacGillis, fourth 2:08

220 yd. dash—Harvey, third; Lawson, fifth

Mile relay — Sanford, first; Crawford, Welsh, Jones, Champion

Broad Jump — Harvey, first; Davis, fifth; 21'0"

High Jump—Harvey, the far fifth

A total of 18 schools participated in the meet. St. Leo of Dade City followed Sanford in the standings with 36 1/2 points. Seabreeze was next with 33 1/3 points.

Seminoles Romp Over Wildwood

By Ronnie Broadway

Herald Sports Editor Coach Jim McCoy's Sanford Seminoles continued their winning ways last Friday as they traveled to Wildwood to defeat the Wildcats, 8-3.

Chuck Ogden, Jack Caolo, Billy Higgins, and Tim Barrowman carried the big bats for the Seminoles. Bobby Johnson picked up the victory, holding the Wildcats to six hits.

Sanford picked up two tallies in the first stanza on a double by Ogden, a single by Caolo, and a walk by Davidson. Wildwood managed a single in the bottom of the first. Sanford picked up another tally in the second when Higgins was safe on an error and Barrowman singled. A double in the bottom of the second was the only Wildwood hit. Sanford now led by a 3-0 score.

The Seminoles went down in order in the top of the third. Wildwood rallied for a score in the bottom of the inning on a walk and two singles. Sanford now led 3-1.

Sanford picked up a pair of runs in the top of the fourth when Steve Barnes walked to open the inning. Higgins then slammed a double for Sanford. Johnson walked and Barrowman singled. Rescoe "Amos" Bowen then singled to reach first base. Wildwood was retired with no hits in the bottom of the inning.

In the top of the fifth, Sanford went down in order. Wildwood went down in order also. Sanford wrapped it up in the sixth. Johnson singled and Barrowman walked. Bowen was then hit by the pitcher. Ogden sacrificed and Mike Caolo walked. Jack Caolo then singled, scoring Bowen and the Seminoles were then retired. Wildwood reached Johnson for only one safety in the bottom of the sixth. Sanford went scoreless in the top of the seventh but held an 8-1 lead. A walk, a single, a fielder's choice, and an error allowed Wildwood to score two runs and then they were retired and the Seminoles had been victorious once again, 8-3.

North Orlando Baseball Teams Need Adult Help

By Gladys Skalak

The North Orlando baseball teams urgently need support of the men in the village to furnish umpires for the Independent League that has been formed with teams from Oviedo and Slavia.

Rob Stephenson and Scotty McVay are managers of North Orlando's Team One and Team Two. According to Stephenson there has been little response from the men in the community to help with the games. Boys, 13 years or older, cannot be organized into teams unless there is more cooperation from the men in helping with this age group, Stephenson said.

Standings to date with two games gone have North Orlando Team One with one loss and one game rescheduled; Team Two, one win and one loss; Oviedo, one loss and one rescheduled and Slavia, two wins.

Hi-Juls Pace Mixed Play

The standings in the Dearborn Electronics Lab, Inc. Mixed Bowling League shows the Hi-Juls in first place, followed by the Orions, Solders, Computers and Disintegrators in that order.

High game for the men was rolled by Elsie Butler with a 214. Other high games for the men were rolled by Harry Pentecost, 210, and Broni Kasky, 202. High game for the women was rolled by Marcell Westerfield, 186. Midge Walstrom rolled a second high of 153.

High men's series was rolled by Harry Pentecost with a 378. Ernest Howe had a 333 and Broni Kasky had a 332. High women's series was rolled by Marcell Westerfield with a 443.

High team game was rolled by the Hi-Juls with a 718. High team series was rolled by the Disintegrators, 2022.

Marcia Bryant converted the 6-7-10, and Joyce Woolen picked up the 2-10.

Herald Keglers Wrap Up Play

With just two weeks left in the T League the Sanford Herald secured first place by winning three games from Wiesbold's Camera Shop. In third is Karn's Insurance, fourth is Sinko's Tavern, fifth is National Insurance, and sixth is Thriftway.

The Herald team made a 296/1748 high game and series. Lorraine Spotts rolled a high game of 192 and Dot Button rolled the high series of 803. Other high games this week were rolled by: Donna Poteat, 177; Helen Altman, 172; Mary Jane Gorton, 168; June Gassman, 163; Grace Chichinski, 154; Delores Todd, 154; Clara Tialis, 153; Bernice Schaefer, 133; and Harriet Gault, 127.

The only splits converted were made by Donna Poteat, the 4-5, and Mary Jane Gorton, the 5-10. Lorraine Spotts made five strikes in a row.

Lyman Science Fair Shows 420 Projects

By Jane Casselberry

Throngs of parents, students and friends of Lyman School squeezed into the big, new gym last Thursday night to view the 420 science fair projects on display and from there on into the auditorium to see the winners receive awards.

Judges, who had the difficult task of selecting the most outstanding projects from hundreds of varied and interesting entries, were Christy Harp, assistant Lyman principal; George Dabbs, Altamonte Elementary principal and Don Reynolds, Seminole High biology teacher.

A number of the entries featured live subjects such as white mice, snakes, a raccoon, an alligator, frogs, tadpoles, fish and a baby chick. One enterprising lad displayed a whiskey-making still complete with its own "little brown jug."

Several projects dealt with problems of living in the atomic age with model fallout shelters and one young horse lover even planned an equine fallout shelter for her animal. Many displays also presented varied studies of radiation and its effects.

David Smith of Longwood, 11th grader, took the trophy for best overall project with his presentation, "Study on Muscle Contraction."

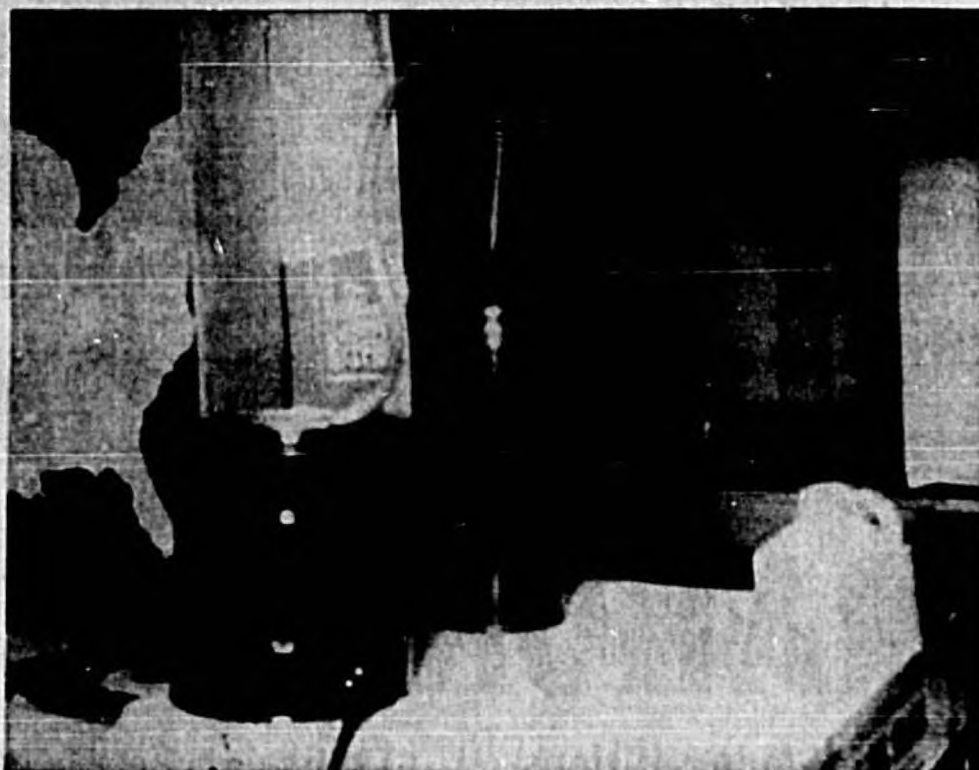

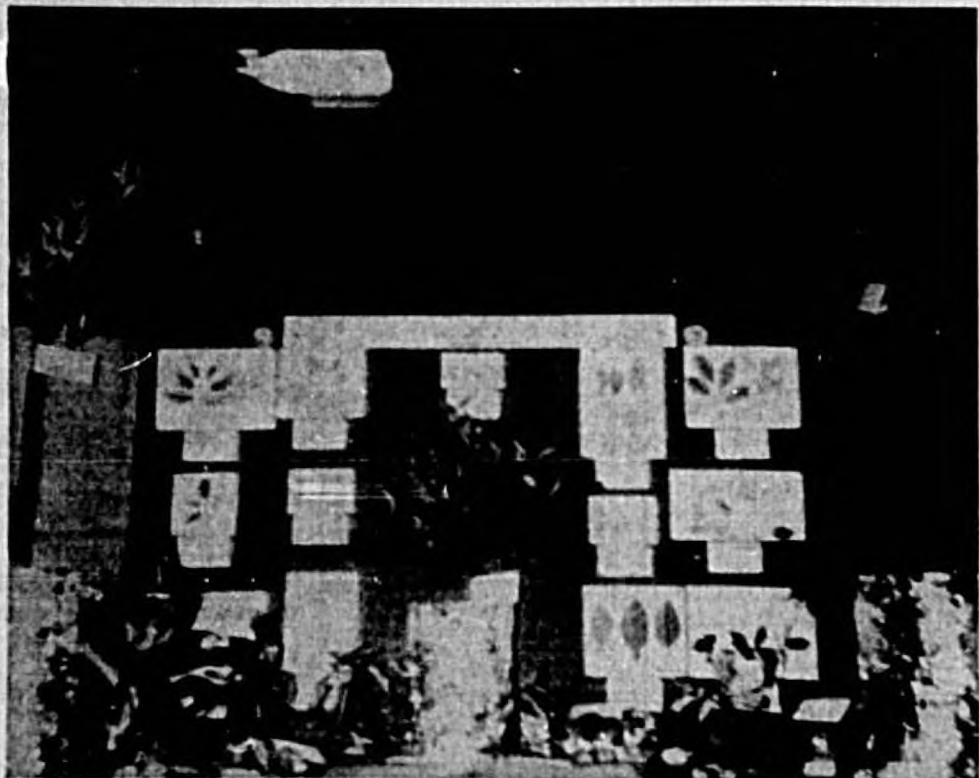

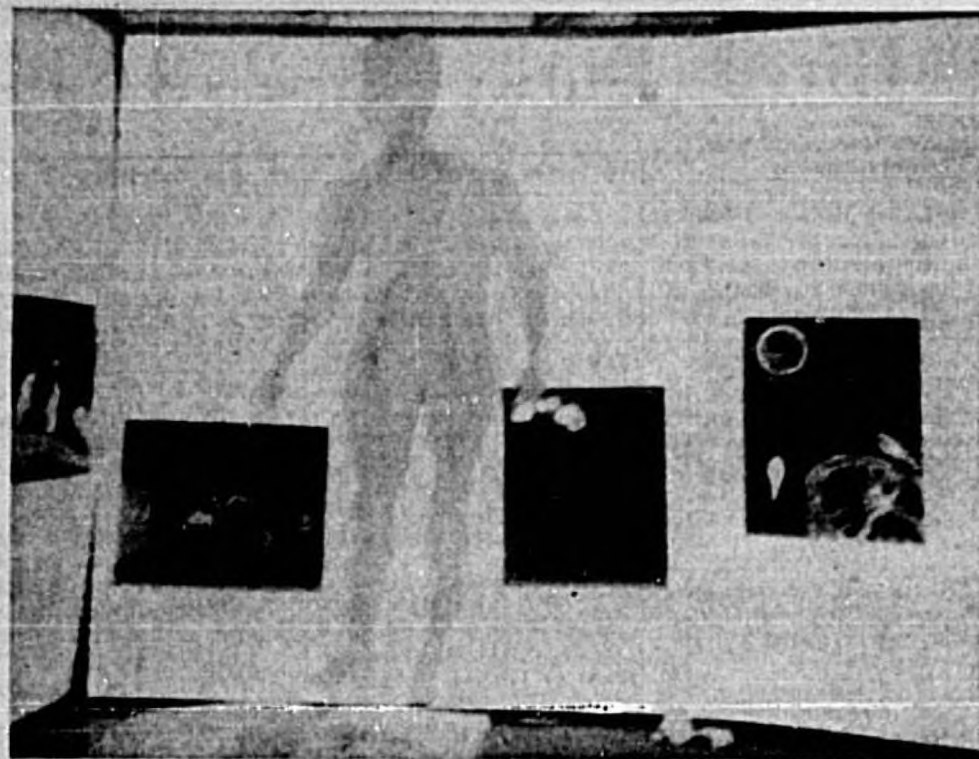

Winners in the high school division of physical sciences were William Johnson, first place, for his project on calcium forming elements; Glen Huber, second, display of rocks and minerals and Richard Grant, third, exhibit on Brenull's principle.

High school biological sciences division winners were Tony Ponticelli, first place, microphotography of an amoeba ingesting a ciliate; Barbara Hart, second place, citrus maulnutrition and Ginger Harrison, third, honey bees.

Junior High physical science winners were Earl Rishell, first, analog computation; Jane LaVelle, second, weather and Charles Stewart, third, electricity.

From the biological science division were Caroline Thomas, first, effects of radiation; Karen Schoelles, second, photosynthesis and Terry Layman, third, reproduction of plants.

Much credit for the overall success of the science fair was given to Sal Manfre of the Lyman Science Department who planned and directed the event with cooperation from all the school's science teachers and students.

LYMAN'S SCIENCE FAIR, with some 420 exhibits from junior and senior high students in biological and physical sciences divisions, was opened to the public in the school gym last Thursday night. Among the many and varied eye-catching displays were, top, Betty Field's Man and the Atom which also featured a huge mushroom-shaped cloud hanging over the man's figure. Second photo is of Barbara Hart's Malnutrition Symptoms of Citrus which took second prize in the senior high biological sciences awards. Third photo shows enterprising John Dike's junior high physical science entry of a small whiskey-making still which, although not a prize-winner, drew considerable comment and attention from the spectators. Casselberry Youths Attend District Rally

By Jane Casselberry

Representing the Methodist Youth Fellowship of the Casselberry Community Methodist Church at the Orlando District Youth Rally held Friday night at the College Park Methodist Church were Miss Eleanor Zukowski, Jill Forsyth, Valerie Shea, Jeannie Kerr, Charles Benson and Dan Casselberry.

The group attended workshops on various facets of MYF and sub-district work. Following a supper, new sub-district officers were installed during a rally worship service by Miss Edith Goodwin, conference associate director of youth work. Dan Casselberry, from the local group, was installed as Christian fellowship chairman of the Christ The King sub-district.

Rev. Barbour H. Flewelling, pastor of St. Paul's Methodist Church in Orlando was speaker at the worship service. A resume of camp and conference activities planned for Methodist youths this summer was given by the conference officer.

Several hundred people from the Lyman High School district turned out Saturday night to a fried chicken dinner staged by the band parents to raise funds for the band's trip to Daytona Beach this coming weekend where they will compete in the Class B State Band contest.

Under the baton of Michael Fisher, band instructor and director, the 60 piece concert band gave an informal concert during the serving hours, ranging from the latest in "twist" tunes to solid band fare like Strauss' "Under the Double Eagle March."

The "twist" music was performed without the benefit of Fisher's subtle baton, as he was at the rear of the auditorium when a couple of the cheerleaders, dressed in abbreviated costumes suitable to their specialty, and two band boys, got the thing going. Done with considerable skill (?) the performance was one of the hits of the evening.

Another twist to raise money was the auctioning off of the cheerleaders to perform four hours of work for the highest bidder. Throughout the evening the bidding was lively and the travel fund for the aspiring band was considerably enhanced. The Lyman youngsters will be competing with 46 other bands in their class on Friday and Saturday this week. According to Fisher, "the kids have their work cut out for them, but they're a good bunch of musicians and will give an excellent account of themselves and be a great credit to their school."

Meeting Set In Longwood To Plan Fiesta

Longwood merchants will meet with members of the city's Volunteer Fire Dept. at 9 p. m. Wednesday in the Fire Hall to coordinate plans for this year's Fourth of July celebration to be staged as a three-day Fiesta on the evenings of July 2 and July 3 and all day on July 4.

The department already has purchased a 1962 deluxe model 19-inch portable TV to be awarded as a first prize and an AM-FM transistor radio for the second prize.

A large fireworks order to include a gigantic aerial display much bigger than last year's already is being prepared.

Beginning with this week's Wednesday night meeting and continuing each Wednesday night until the Fiesta, a truck will make pickups of any articles or white elephant items which residents of the area wish to donate for an auction to be staged on the fourth. Arrangements for the pickup service may be made by contacting Chief Claud Lajo or other members of the department.

Tax List Supplement To Be Published May 1, 8, 15, 22, 1962

1962

TAX LIST

BY LARRY VERSHEL
LEFT OVER NOTES
FROM AN ELECTION . . .
There are 15,885 registered
Democratic voters . . . Tues-
day, only 5,671 went to the
polls . . . we repeat only 5,671
went to the polls . . . that's
44 percent of the registered
. . . well, no use battering
my head against the wall.

AND SOME MORE . . . can-
vassing board made up of
Supervisor J. Registration
Camilla Bruce, County Judge
Vernon Mize and County
Commissioner Chairman J. C.
Hutchinson hard at work to-
day canvassing the 68 ab-
sente votes and making the
election official . . . Absentee
votes won't make any dif-
ference in the outcome how-
ever . . .

AND SOME MORE . . .
Wouldn't it be something if
the county published the list
of people that were registered
but, didn't see fit to vote or,
were too busy . . . ?

REPORT FROM THE
PRECINCTS . . . At one
there was such a lull that one
of the clerks played the piano
. . . that's at the Home De-
monstration Center . . . One
clerk told us that a man walk-
ing into the polling place and
said "Is this man Mize up for
re-election this time."

CONVERSATION WITH
EARL HIGGINBOTHAM:
Reporter: The city is con-
sidering using the county tax
roll. How do you feel about
it?

Higginbotham: Well, I'm
against it. Especially after I
saw those figures in the paper
about the assessment cuts
in Oviedo.

Reporter: Hmmmmmm.
Higginbotham: If it isn't
fair and equal throughout the
entire county, I won't vote to
have this area over-assessed
and the southeastern part cut
down.

Did you know that John Col-
bert doesn't get paid as swim-
ming coach. Boosters are
really upset about it . . .

The ACLER crew fixed the
spring-busting crossing at
15th and Oak so well that it
is hard to understand why it
took them so long to get
around to a job that helps so
many of our car driving citi-
zens.

Now if they can get that
same gang to do their stuff
at 6th and Elm, they can win
a great deal more gratitude
from those who travel that
way and shudder when they
hit that crossing.

And speaking of the
ACLER, have you noticed
with the nice white wall as a
background—at their ex-
tra-street station at W. First
and Myrtle is a DANDY four
foot tall WEED! This is the
spot that the Garden Club
volunteered to spruce up, if
they could get the money for
plants from the property
owners.

Yes man, and in that neigh-
borhood—and in somewhat of
a "caveat"—have you noticed
the wheels of progress of our
city making a real through-
fare from First to Fulton.
Scop is that this important
traffic artery will carry on
to the lake front. A real for-
ward move.

That property at 15th and
Elm on which the pine thicket
in its greenery used to be un-
til recently now looks like a
warning of Smokey the Bear
to "put out your match."
Burned over trash. Quite un-
sightly and not in keeping
with the high standards of
beauty in our lovely city.

Know what? It may not be
that way TOO long. Scuttle-
butt has it that the school
board will install a nursery
there. Nope, not the kind for
kids; the kind that grows
plants with which to spruce
up school property.

Wright, Epps Win School Board Races

In one of the tightest, hard fought races in county history, Dr. A. W. Epps Jr. and J. Danforth Wright Jr. won seats on the school board posts in the Democratic primary Tuesday.

Dr. Epps, taking 13 of the 23 precincts beat out Mrs. Kathleen Reynolds, 2,670 to 2,243, according to unofficial totals.

Both tied in two of the precincts.

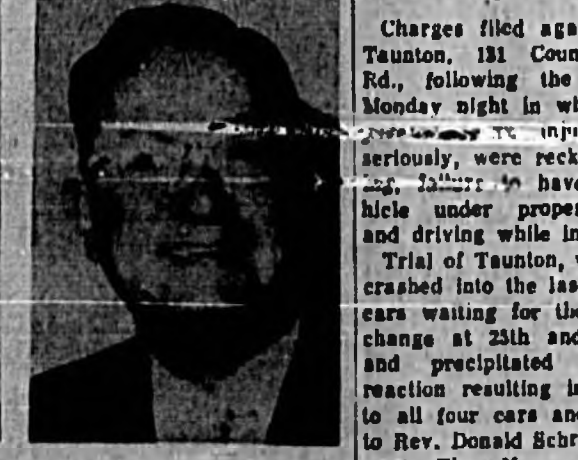

In the other school board race, Wright took all but three precincts by small margins to slip Clarence Clausen, 4,728 to 2,071.

Both Dr. Epps and Wright will join newcomer John Evans of Oviedo on the school board in January.

Evans was unopposed in the race.

Charges Filed In Monday Wreck

Charges filed against Billy Taunton, 181 Country Club Rd., following the accident Monday night in which eight people were injured, two seriously, were reckless driving, failure to have his vehicle under proper control and driving while intoxicated.

Trial of Taunton, whose car crashed into the last of three cars waiting for the light to change at 23th and French, and precipitated a chain reaction resulting in damage to all four cars and injuries to Rev. Donald Schroder, Stewart, Nancy Schroder, also of Stewart; Ruth Reese, Port Charlotte; Herman Reese, Larry Miesner, Decatur; Robert Molter, Palm Beach, and R. F. McGregor, of the Naval Air Station.

The condition of those injured and hospitalized was reported fair this morning by hospital officials.

Taunton's trial is pending the recovery and ability of the injured to appear in court.

Pepper Back In Business Again; Smathers Rolls

MIAMI (UPI)—Former Sen. Claude Pepper rode a vote of confidence for the Kennedy administration to a hairline Democratic primary victory Tuesday night that almost certainly will send him back to Washington after 12 years of frustration.

Pepper held a narrow majority over three opponents for the Democratic nomination to a new 3rd District congressional seat. The district comprises northern Dade (Miami) County.

Sen. George Smathers (D-Fla.), cleared his biggest hurdle for re-election to his third term by crushing two Democratic opponents for the party's nomination by a margin of more than 3 to 1.

'Pork Chopper' Toppled

TALLAHASSEE (UPI)—State Sen. Turner Davis of Madison was swept out of office along with other stalwarts of the powerful Senate majority bloc.

Davis, a former Senate president who helped weld the so-called "Pork Chop Gang" of small county legislators into a solid voting bloc in the 1955 reapportionment battle, lost out to Perry banker and timber dealer L. P. (Doc) Gibson.

Gibson, who narrowly lost to Davis four years ago, turned in a stunning upset to carry both Madison and Taylor counties and roll up a 1,900-vote majority with one small precinct to be counted.

Sen. Wayne Ripley, Jacksonville, and Sen. Philip Beall, Pensacola, who have long records of voting with the small-county majority though their counties are among the largest in Florida, were trounced by House members.

State Rep. Reubin Askew beat Beall by 7,000 votes, and Rep. John E. Matthews defeated Ripley and Benedict Kotzick with 4,000 votes to spare.

Three majority bloc leaders, including president-designate Wilson Carraway of Tallahassee, were easy winners in re-election bids.

Carraway beat five lance radio writer David Gratch by more than three to one. Sen. S. D. Clarke, Monticello, dean of the upper chamber, had no trouble eliminating former Rep. Prentice Pruitt and Sen. Harry Stratton, Callahan, beat two opponents.

Sen. G. T. Melton of Lake City led former Sen. W. E. Bishop by just 24 votes in a race that will be settled by 123 absentee ballots to be counted later today.

Big fields forced runoff in three Senate races.

Rep. Robert Williams, Graceville, led the field in the Jackson County Senate contest to succeed John Egan, now a district judge. But Williams faces a runoff with former Rep. Troy Peacock, Marianna.

In Broward, Sen. Ted David, Hollywood, was forced into a run off with Rep. A. J. Ryan, Davis. The victor faces Republican John W. Bell, Fort Lauderdale.

Majority bloc member Sen. J. Emory Cross, Gainesville, faces a runoff with Ed Peck, Gainesville, in Alachua County.

House members re-elected included Osee R. Fagan of Alachua, Hal Chaires of Dixie, Harry Westberry and George Stallings Jr. of Duval, George Stone of Escambia, W. L. Wadsworth of Flagler, J. M. Sims of Jackson, George H. Anderson of Jefferson, Bruce J. Scott of Lee, Jack A. Saunders of Monroe, Lawton M. Chiles and Ben Hill Griffin of Polk, W. H. Byrom of Santa Rosa and Ralph C. Carter of Washington.

Incumbent Democratic Congressman Dante Fascell of Miami, who along with Smathers was endorsed by the President, won an easy victory over his arch conservative Democratic foe, State Sen. David Eldredge.

In the four other Democratic primary races in Florida's 12 newly-aligned congressional districts, two liberals were in runoffs and Tampa segregationist Sumner Lowry was second man in a runoff to middle-roader.

Pepper was unseated by Smathers in 1950 after 14 years in Washington. He lost in 1958 when he tried to unseat Sen. Spessard Holland (D-Fla.).

In November, Pepper faces the winner of a runoff between two Republicans.

Incumbent Democratic Congressman D. R. Billy Matthews of Gainesville had the easiest time, defeating a single opponent overwhelmingly for another term. His faces no GOP opposition in November.

Pepper, 61, won his majority over three other Democrats by the slimmest of margins, and hedged his victory statement to say that "nothing will be official until the votes are canvassed."

But he called the tide of votes for him "the first bellweather showing the American people are in favor of the Kennedy administration. It's made it very clear that I support the President, and apparently the people feel the same way."

Fascell had the personal endorsement of Kennedy. When Smathers, an easy third term winner in his primary race against two Democratic opponents, relayed word of Fascell's victory to the President in Washington, he reported, the President said he was "extremely gratified."

Complete unofficial returns from the Third District, made up entirely of the northern part of Dade County (Miami), gave Pepper 60,161 votes, State Sen. W. C. Cliff Herrell 24,179, County Commissioner Charles Hall 13,022, and Ernest Bunker 2,401.

In November, Pepper faces the winner of a runoff between Robert Peterson, with 4,340 first primary votes, and Paul J. O'Neill, with 2,772.

Fascell defeated outspoken conservative David Eldredge, a state legislator, 57,853 votes to 31,705, in the Fourth District, composed of Southern Dade plus Monroe County. He faces Republican primary winner J. C. McEllon Jr. in November. McEllon defeated Ralph Schmidt 4,391 to 3,013.

In the 10th District race around Tampa, State Sen. Sam Gibbons, considered the middle-roader between Lowry and liberal State Rep. Robert T. Mann, led the way to runoff with 20,198 votes. Lowry had 15,133 and Mann 13,611.

Republican Victor Rule, who had no primary opponent, will run against the winner in November.

In the Ninth District around Tallahassee, Don Fuqua of Altha, tagged the liberal among six Democratic candidates, was assured of a runoff in incomplete returns early today. The margin between Dexter Douglas and Hal Davis was so close that absentee ballots could determine the second runoff spot.

In the 11th District race around Orlando, most cumbersome in the state, John A. Sutton led the way into the runoff with 23,440 votes in nearly complete returns. The second runoff position went to L. B. Vocelle of Vero Beach, who campaigned on his support of Kennedy. He had 18,275 votes.

In a three-way Republican primary in the district, Winter Park Mayor Edward Gurney and John S. Brumback Jr. of Orlando went into a runoff.

In the Eighth District, the final unofficial returns gave Matthews 26,357 votes to 7,638 for Dr. John Marcello.

Smathers, King, Carter, Blanton Set For Runoff

MIAMI (UPI)—Venerable Jerry Carter, firm holder of a seat on the Florida Railroad and Public Utilities Commission for 28 years with votes, cracker-barrel philosophy and sometimes fits, faced another political battle today.

Florida Democrats sent the 74-year-old Carter Tuesday into the May 29 runoff primary against Jim Blanton of St. Augustine.

But Commission Chairman Wilbur C. King of Zoilo Springs out-distanced two rivals to win the nomination, and election because there is no Republican opposition in November.

The winner of the Group Two Carter-Blanton contest must go against Republican H. B. (Doc) Foster of Fort Myers in November.

Late returns today showed: In Group One, 2,024 of 2,158 precincts reported: King 298,183 votes; National Democratic Committee man Bob Johnson of Jacksonville 123,718 and William J. Mason of Miami 85,437.

In Group Two, 2,024 of 2,158 precincts reported: Jerry Carter 231,922, Blanton 132,744, Charles Carter 61,337, Jim Fair 34,882 and George Onett 18,337.

The two races, although involving two of the most pocketbook-affecting jobs in the state, caused little stir among Florida's voters.

New Promotions Coming Up Soon

Two new promotions for the near future were the subject for discussion at the meeting of the Sanford Merchant's Club, held at the Chamber of Commerce building Tuesday afternoon.

The first, to come off Friday night, June 1 and Saturday, June 2, will be known as 'Twist Days, with the slogans "Twist Away Fats" and "Twist Away Profits" filling the air.

The teenage dance for June 1, usually held in front of the Civic Center will be moved to First Street, with an Orlando orchestra producing the beat in front of the J. C. Penny Store.

The second promotion discussed will transform First Street into an art gallery, with all the local artists having their pictures on display, and merchants wearing fancy colored berets and smocks. To be known as "Gay Parade Days," the merchandising event will be held on September 7 and 8.

Runoff Set May 29 In District 4 Race

BY LARRY VERSHEL
LEFT OVER NOTES FROM AN ELECTION . . . There are 15,885 registered Democratic voters . . . Tuesday, only 5,671 went to the polls . . . we repeat only 5,671 went to the polls . . . that's 44 percent of the registered . . . well, no use battering my head against the wall.

AND SOME MORE . . . canvassing board made up of Supervisor J. Registration Camilla Bruce, County Judge Vernon Mize and County Commission Chairman J. C. Hutchison hard at work today canvassing the 68 absentee votes and making the election official . . . Absentee votes won't make any difference in the outcome however . . .

AND SOME MORE . . . Wouldn't it be something if the county published the list of people that were registered but, didn't see fit to vote or, were too busy . . . ?

REPORT FROM THE PRECINCTS . . . At one, there was such a lull that one of the clerks played the piano . . . that's at the Home Demonstration Center . . . One clerk told us that a man walked into the polling place and said "Is this man Mize up for re-election this time."

CONVERSATION WITH EARL HIGGINBOTHAM: Reporter: The city is considering using the county tax roll. How do you feel about it?

Higginbotham: Well, I'm against it. Especially after I saw those figures in the paper about the assessment cuts in Oviedo.

Reporter: Hmmmmmm. Higginbotham: If it isn't fair and equal throughout the entire county, I won't vote to have this area over-assessed and the southeastern part cut down.

Did you know that John Colbert doesn't get paid as swimming coach. Boosters are really upset about it . . .

The ACLER crew fixed the spring-busting crossing at 18th and Oak so well that it is hard to understand why it took them so long to get around to a job that helps so many of our car driving citizens.

Now if they can get that same gang to do their stuff at 6th and Elm, they can win a great deal more gratitude from those who travel that way and shudder when they hit that crossing.

And speaking of the ACLER, have you noticed that the main adornment—with the nice white wall as a background—at their freight station at W. First and Myrtle is a DANDY four foot tall WEED! This is the spot that the Garden Club volunteered to spruce up, if they could get the money for plants from the property owners.

Yes man, and in that neighborhood—and in somewhat of a distance—have you noticed the wheels of progress of our city making a real thoroughfare from First to Fulton. Scoop is that this important traffic artery will carry on to the lake front. A real forward move.

That property at 16th and Elm on which the pine thicket in its greenery used to be until recently now looks like a warning of Smokey the Bear to "put out your match." Burned over trash. Quite unsightly and not in keeping with the high standards of beauty in our lovely city.

Oviedo Mayor Lee Gary and Fern Park's W. Pitt Varnes will clash in the second primary May 29 for the District 4 County Commission seat after they both beat out three other candidates for top spots in Tuesday's primary election. Unofficial totals of the 23 precincts show that Gary polled 1,785 votes to Varnes' 1,187.

In third place, Robert Cameron of Oviedo polled 863 votes beating out Wall Bondar 853, and George Holder, 418.

Gary and Varnes held the lead in 13 of the 23 precincts with Gary strong in the Sanford polling places. A precinct-by-precinct total shows:

Wright, Epps Win School Board Races

A. W. EPPS JR.

J. D. WRIGHT

In one of the tightest, hard fought races in county history, Dr. A. W. Epps Jr. and J. Danforth Wright Jr. won seats on the school board posts in the Democratic primary Tuesday.

Both tied in two of the precincts. In the other school board race, Wright took all but three precincts by small margins to slip Clarence Clausen, 2,728 to 2,071. Both Dr. Epps and Wright will join newcomer John Evans of Oviedo on the school board in January. Evans was unopposed in the race.

Pepper Back In Business Again; Smathers Rolls

MIAMI (UPI) — Former Sen. Claude Pepper rode a vote of confidence for the Kennedy administration to a hairline Democratic primary victory Tuesday night that almost certainly will send him back to Washington after 12 years of frustration. Pepper held a narrow majority over three opponents

for the Democratic nomination to a new 3rd District congressional seat. The district comprises northern Dade (Miami) County. Sen. George Smathers (D-Fla.), cleared his biggest hurdle for re-election to his third term by crushing two Democratic opponents for the party's nomination by a margin of more than 3 to 1.

Incumbent Democratic Congressman Dante Fascell of Miami, who along with Smathers was endorsed by the President, won an easy victory over his arch conservative Democratic foe, State Sen. David Eldredge. In the four other Democratic primary races in Florida's 12 newly-aligned con-

gressional districts, two liberals were in runoff and Tampa segregationist Sumter Lowry was second man in a runoff to middle-roader. Pepper was unseated by Smathers in 1950 after 14 years in Washington. He lost in 1958 when he tried to unseat Sen. Spessard Holland (D-Fla.).

In November, Pepper faces the winner of a runoff between two Republicans. Incumbent Democratic Congressman D. R. Billy Matthews of Gainesville had the easiest time, defeating a single opponent overwhelmingly for another term. His faces no GOP opposition in November.

Pepper, 61, won his majority over three other Democrats by the slimmest of margins, and hedged his victory statement to say that "nothing will be official until the votes are canvassed." But he called the tide of votes for him "the first bellweather showing the American people are in favor of the Kennedy administration. It's made it very clear that I support the President, and apparently the people feel the same way."

Fascell had the personal endorsement of Kennedy. When Smathers, an easy third term winner in his primary race against two Democratic opponents, relayed word of Fascell's victory to the President in Washington, he reported, the President said he was "extremely gratified."

Complete unofficial returns from the Third District, made up entirely of the northern part of Dade County (Miami), gave Pepper 60,161 votes, State Sen. W. C. Cliff Herrell 24,179, County Commissioner Charles Hall 13,022, and Ernest Bunker 2,401.

In November, Pepper faces the winner of a runoff between Robert Peterson, with 4,340 first primary votes, and Paul J. O'Neill, with 2,772. Fascell defeated outspoken conservative David Eldredge, a state legislator, 57,853 votes to 31,705, in the Fourth District, composed of Southern Dade plus Monroe County. He faces Republican primary winner J. C. McEllon Jr. in November. McEllon defeated Ralph Schmidt 4,361 to 3,013.

In the 10th District race around Tampa, State Sen. Sam Gibbons, considered the middle-roader between Lowry and liberal State Rep. Robert T. Mann, led the way to runoff with 20,198 votes. Lowry had 15,733 and Mann 13,611.

Republican Victor Rule, who had no primary opponent, will run against the winner in November. In the Ninth District around Tallahassee, Don Fuqua of Altha, tagged the liberal among six Democratic candidates, was assured of a runoff in incomplete returns early today. The margin between Dexter Douglas and Hal Davis was so close that absentee ballots could determine the second runoff spot.

In the 11th District race around Orlando, most cumbersome in the state, John A. Sutton led the way into the runoff with 23,440 votes in nearly complete returns. The second runoff position went to L. B. Vocelle of Vero Beach, who campaigned on his support of Kennedy. He had 18,275 votes. In a three-way Republican primary in the district, Winter Park Mayor Edward Gurney and John S. Brumback Jr. of Orlando went into a runoff. In the Eighth District, the final unofficial returns gave Matthews 26,357 votes to 7,638 for Dr. John Marcello.

'Pork Chopper' Toppled

TALLAHASSEE (UPI) — State Sen. Turner Davis of Madison was swept out of office along with other stalwarts of the powerful Senate majority bloc. Davis, a former Senate president who helped weld the so-called "Pork Chop Gang" of small county legislators into a solid voting bloc in the 1955 reapportionment battle, lost out to Perry banker and timber dealer L. P. (Doc) Gibson.

Gibson, who narrowly lost to Davis four years ago, turned in a stunning upset to carry both Madison and Taylor counties and roll up a 1,900-vote majority with one small precinct to be counted. Sen. Wayne Ripley, Jacksonville, and Sen. Philip Beall, Pensacola, who have long records of voting with the small-county majority though their counties are among the largest in Florida, were trounced by House members.

State Rep. Reubin Askew beat Beall by 7,000 votes, and Rep. John E. Matthews defeated Ripley and Benedict Kotzick with 4,000 votes to spare. Three majority bloc leaders, including president-designate Wilson Carraway of Tallahassee, were easy winners in re-election bids. Carraway beat free lance radio writer David Gratch by more than three to one. Sen. S. D. Clarke, Monticello, dean of the upper chamber, had no trouble eliminating former Rep. Prentice Pruitt and Sen. Harry Stratton, Callahan, beat two opponents.

Sen. G. T. Mellon of Lake City led former Sen. W. E. Bishop by just 24 votes in a race that will be settled by 123 absentee ballots to be counted later today. Final returns from Lee and Monroe counties gave Pork Chop stalwart Sen. Travis Gresham, Fort Myers, a run for his money but Hendry and Collier counties were still to be heard from. On behalf of the early vote former County Judge Elmer D. Friday Jr., Fort Myers, led Gresham by nearly 8,000 votes.

In Hillsborough, State Rep. Tom Whitaker, Tampa, had no trouble taking a first primary victory over three opponents for elevation to the Senate seat relinquished by Sam Gibbons, a runoff candidate for Congress.

In Orange County, State Rep. Beth Johnson fooled the oddsmakers to win a 2,000-vote majority over ex-Rep. Jack Inman, Orlando, for the Democratic nomination and a chance to be Florida's first woman state senator. She faces Orlando Republican

Rep. George Smathers rode rough-shod over his two opponents in Seminole County for United States Senator in Tuesday's Democratic Primary. Smathers, winning all 23 precincts by a massive majority polled 6,448 votes as compared to 856 for Roger Davis and 840 for Douglas Voorhees.

Other state races in the county showed Wilbur King winning handily over Bob Johnson and William Mason for the group 1 Railroad and Public Utilities Commission. King polled 6,418 votes as compared to 1,141 for Bob Johnson and 500 for Mason.

In the group 2 race, Jerry Carter just did nip Jim Blanton in the county race with Carter grabbing 2,034 votes while Blanton had 1,819. Others in the race, Charles Carter had 605 votes; Jim Fair, 342; and George Onett, 301.

Carier, Blanton Set For Runoff

MIAMI (UPI) — Venerable Jerry Carter, firm holder of a seat on the Florida Railroad and Public Utilities Commission for 28 years with votes, cracker-barrel philosophy and sometimes fits, faced another political battle today. Florida Democrats sent the 74-year-old Carter Tuesday into the May 29 runoff primary against Jim Blanton of St. Augustine.

Smathers, King, Carter Win Here

Sen. George Smathers rode rough-shod over his two opponents in Seminole County for United States Senator in Tuesday's Democratic Primary. Smathers, winning all 23 precincts by a massive majority polled 6,448 votes as compared to 856 for Roger Davis and 840 for Douglas Voorhees.

New Promotions Coming Up Soon

Two new promotions for the near future were the subject for discussion at the meeting of the Sanford Merchants' Club, held at the Chamber of Commerce building Tuesday afternoon. The first, to come off Friday night, June 1 and Saturday, June 2, will be known as 'Twist Days, with the slogans "Twist Away Fats" and "Twist Away Profits" filling the air.
