

HOUSE SETTLES SURTAX QUESTION OF REVISION IN ACCEPTING RESULT

Vote Was 201 to 173 and Issue Seems to Be Settled

RESUME CONFER'N

WITH VIEW OF REACHING AGREEMENT ON BILL BY SATURDAY NIGHT

(By The Associated Press) WASHINGTON, Nov. 18.—The House settled the big issue in the tax revision bill by accepting by a vote of 201 to 173 the Senate 50% maximum income surtax rate amendment.

WASHINGTON, Nov. 18.—Disregarding the expressed wish of President Harding, the house voted yesterday, 201 to 173, to accept the senate amendment to the tax revision bill fixing the maximum income surtax at 50 per cent on incomes of \$200,000 or more.

Ninety-four Republicans, most of them from the middle and far West, joined with the practically solid Democratic minority in supporting the amendment. The announcement of the result brought applause from both sides of the chamber, with some Democrats breaking into cheers.

Three hours before the vote was taken the house listened to the reading of a letter from President Harding to Chairman Fordney of the house ways and means committee, suggesting that the house and senate compromise. The executive said he believed the original house rate of 32 per cent was "nearer to a just levy and the more promising in returns to the public treasury," but in view of the legislative he thought it "wholly desirable" that there be a compromise at 40 per cent.

MARBLE INDUSTRY MEN FINED FOR VIOLATION OF ANTI-TRUST LAW

(By The Associated Press) NEW YORK, Nov. 18.—Thirty-three individuals and twenty-five corporations, members of the Marble Industry Employers Association, pleaded guilty today to a violation of the Donnelly anti-trust law. They will be sentenced on November 28.

DOCTOR, 99 YEARS, WOULD TEACH PEOPLE TO LIVE A CENTURY

(By The Associated Press) NEW YORK, Nov. 18.—A movement to educate the people of the world to live 100 years is suggested by Dr. Stephen Smith, 99 years old, who declared in an address to the United States Public Association last night that the Mosaic law limiting the span of life to three score years and ten was all wrong.

Normal and potential life of man, he said, was 100 years, and every child born was adopted in physical construction and function to live a century. Deaths occurring at an earlier age were due, he said, to conditions incompatible with the construction of human organism, and by proper education of the people, through the association, such conditions could be changed.

ARTHUR GILL CONFESSES SHARE IN HOLD UP IN TAMPA IN OCTOBER

(By The Associated Press) TAMPA, Nov. 18.—Arthur Gill, on trial with two others, made on the witness stand today what county officers termed a complete confession of his share in an attempt to hold up a cigar factory pay car here several weeks ago. The objection to testimony by counsel for other defendants was overruled.

SALT CURED MULLET CAN BE SHIPPED DURING CLOSED SEASON

TALLAHASSEE, Nov. 18.—Salt cured mullet or roe may be shipped during the closed season on those fish, under a ruling announced by T. R. Hodges, shell fish commissioner of Florida, after obtaining a construction of the law from Buford H. Rivers, state attorney general. Mr. Buford advised the commission that the prohibition of shipment of such fish in section 5828 of the revised general statutes of Florida applies only to fish mullet unsalted or to freshly salted mullet caught during the closed season. Under a ruling of the former commissioner a ruling was enforced prohibiting the shipment of mullet for more than ten days after the end of the open season.

INTERNATIONAL SPY ARRESTED AT MIAMI BEING HELD

(By The Associated Press) MIAMI, Nov. 18.—A man giving his name as K. Karber, but identified by Dr. J. Peterson of Miami, as Armgard Karl Graves, who, in writings called himself an international spy, was arrested today charged with obtaining money under false pretences, and is held under a thousand dollar bond. Peterson charged that the man obtained four hundred and thirty dollars from him and gave him as security what purported to be an assignment of twenty-eight thousand dollars worth of property held by alien property custodian. Peterson said he knew the man when both were interned at Fort Oglethorpe during the war.

CROP CONDITIONS FAVORABLE IN FLORIDA SAYS WEEKLY REVIEW

GAINESVILLE, Nov. 18.—Crop conditions in this state are generally favorable, according to the weekly review of the Federal Bureau of Crop Estimates issued for the week ending Saturday. Clear weather following the recent rains has greatly benefited the crops.

Practically all corn has been harvested. Planting of oats continues with good conditions excellent. Harvesting of cotton is over and the bulk of the crop has been ginned.

Preparations of the ground for Irish potatoes continues. Sweet potato harvesting is going forward. Harvesting of hay is practically over.

Citrus fruits are developing nicely with good rains. The drop is reported as moving freely.

Condition of all live stock is described as good and much of the fancy stock is being shown at county and state fairs.

The bureau reports that truckers have replanted largely where crops were damaged by the recent storm. Sugarcane is showing light yields of syrup, according to the review.

Steel Works are Affected by the Suspension of all Work on Battleships

(By The Associated Press) GLASGOW, Nov. 18.—It is officially stated that contracts awarded the Clyde shipyards for construction of three warships of the super-hood type have been suspended. Steel works are affected by the suspension.

LONDON, Nov. 18.—The admiralty announced today it had ordered cessation of all work on four warships of super-hood type—contracts for which were awarded a fortnight ago. Officials explained practical, effect be absolute cessation of all warship work pending outcome of the Washington conference.

NEW PAVILION BE DEDICATED SUNDAY, NOV. 27

BAND WILL OPEN PROJECT WITH FIRST CONCERT OF THE WINTER.

The new pavilion on the lake front has been finished and will be formally dedicated on Sunday afternoon, November 27th, the exact hour to be announced later.

The dedication of the new pavilion will consist of a fine band concert by the new Sanford band, the pavilion tendered to the city of Sanford by the Chamber of Commerce and a general good time by everybody for the afternoon.

The new pavilion for the small amount of money that was spent on it is really a thing of beauty being built of the palmetto logs and rough exterior that gives it a real Florida appearance and with the green roof makes it blend into the blue waters of Lake Monroe with the real and desired effect. The pavilion while it is started as a temporary affair is really one that can be used by the city for many years to come and will always be a fine band stand and place for the tourists and visitors to the city to while away some pleasant hours. It will do more to call attention to our beautiful lake and lake front than any other movement that has ever been attempted here in many years and the dedication ceremonies and the first band concert will give the people a good chance to see it and judge for themselves.

It is another Chamber of Commerce project put over successfully.

(By The Associated Press) MENA, Ark., Nov. 18.—Eight members of the family of R. E. Weems, were killed last night at Wickes, Ark., when the home collapsed during a violent storm, it is learned here today. Few details are obtainable as the wires are down, but it is understood the was but little damage outside of Weem's home.

HENRY FORD'S OFFER FOR MUSCLE SHOALS PLANT MAY BE ACCEPTED SOON

Secretary Weeks and Engineers Think Ford's Plan is Good

(By The Associated Press) WASHINGTON, Nov. 18.—Henry Ford's offer for private operation of the Muscle Shoals nitrate and water power plant was carefully reviewed today by Secretary Weeks and army engineers preliminary to a conference with Henry Ford late this afternoon. Weeks said he believed an agreement would quickly be reached if Ford would make certain modification of his offer which it is understood includes Ford allotting more money for completing dams.

ARMS CONFERENCE ADJOURN VARIOUS NATIONAL GROUPS DEVELOPS IN CONSULTATIONS

BILL ON BEER ADOPTED BY SENATE HOUSE ALREADY PASSED

(By The Associated Press) WASHINGTON, Nov. 18.—By a vote of fifty-six to twenty-two, the senate today adopted the conference report on the bill outlawing beer and other malt liquors for medical purposes. The house has already adopted the measure and it now goes to the president.

TWO ALLEGED OCALA SWINDLERS ARRESTED

ATLANTA, Nov. 18.—James A. Sloan and T. B. Farrell, charged with a \$25,000 swindling scheme at Ocala, Fla., were arrested in Schenectady, N. Y., yesterday by federal authorities, with Jeff Sharum, who is charged with using the mails in a \$25,000 swindling game in this city. Sloan is also charged with being implicated in the Atlanta scheme to the amount of \$15,000.

The information regarding the arrest of these men was given out by L. A. Johnson, postoffice inspector of the Atlanta division. Sloan was placed under \$10,000 bond; Farrell, \$5,000, and Sharum, \$1,000.

STATE ROAD DEPT. WILL BUILD ROAD NO. 2 THROUGH MARION COUNTY

(By The Associated Press) OCALA, Nov. 18.—The State Road Department today executed the contract to build the State road No. 2, through Marion county.

ters in Augusta, Ga., have located their headquarters for central Florida in Sanford. This action was taken after many advantages of Sanford possessions as a distributing point was considered. Mr. Russell was in Sanford recently looking for a location, and the Chamber of Commerce secured a portion of the Miller warehouse for him. The L. A. Russell Co., will be represented in Sanford by Mr. J. H. Huntermister.

The board of governors of the Chamber of Commerce and chairman of the various committees, have been organized into a special committee the object of which will be to prepare recommendations to be submitted to the city commissioners, for certain improvements, and for which a bond issue will be requested. These recommendations besides including provisions for paving of additional streets, will also ask for an appropriation for the erection of a yacht basin on the lake front.

Policies Regarding Far Eastern Questions and Limitations

OPEN DOOR POLICY

FOR CHINA WILL BE FOLLOWED BY BRITISH AND FRENCH UNDERSTOOD

(By The Associated Press) WASHINGTON, Nov. 18.—With the arms conference in adjournment various national groups further developed in consultations among themselves today in regard to policies they will follow regarding the Far Eastern questions and limitation of armaments. British following the lead of the French, let it be known that as cardinal principle their attitude toward Far Eastern situation they are ready to perpetuate open door in China, give up extra territorial rights as soon as China's development will warrant it and in general all the Chinese people to assume a place of economic influence in the world. It is fully expected Italy will take much the same position.

PEKING, Thursday.—China's desire to manage its own affairs without interference from other countries was voiced in interviews granted today to Lord Northcliffe, noted English publicist, by President Hsu Shih-Chang and Premier Chinyun-Peng. Both emphasized China's need of money, and both asserted China solvent and able to win way through if given opportunity. Premier asserted China was looking to Washington conference to give her tariff autonomy.

TOKIO, Thursday.—With fading of first enthusiasm over expected relief from armament burdens, the spirit of caution has developed in Japan, with inclination to look for possible advantage to United States in its proposal for ten-year naval holiday and limitation of navies. Expressions favoring more equal balance of power become conspicuous note in public expressions concerning scheme with probable disturbance of labor conditions as secondary consideration.

NEW YORK, Nov. 18.—Negotiation of treaty which would prevent future wars was urged in conjunction with agreement to limit navies by Elbert H. Gary, chairman of the board of the United States Steel Corporation in an address today before the American Iron and Steel Institute of which he is president. Gary also belittled the suggestion that armament limitation would reduce the manufacture of steel and declared business improving.

FREIGHT RATES ARE TO BE CUT TEN PER CENT

REPRESENTATIVES OF TWO HUNDRED RAILROADS AGREE TO THE REDUCTIONS

NEW YORK, Nov. 17.—The association of railway executives representing 201 railroads, yesterday decided to put into effect a 10 per cent freight rate reduction on all farm products, "as soon as possible." The reduction, it was announced, would not apply to intrastate rates in New England, but would affect freight entering and leaving those states.

Announcing the decision, Thomas DeWitt Cuyler, president of the Association of Railway Executives, stated that any reductions in such rates made since September 11, 1920, were to be included in the 10 per cent, and that it would be put into effect without waiting for a reduction in wages. The freight rate cut will apply throughout the entire country except on traffic moving wholly within New England.

It was expected that the new rate would be effective within ten days, as the railroads, it was said, had asked the Interstate Commerce Commission through their general counsel to authorize the change on one day's notice. The reduction will cost the railroads about \$65,000,000, it was estimated.

"The railroads have already reduced freight rates substantially from the level established by the commission in August, 1920," Mr. Cuyler's statement said. "The reductions already made are estimated as accurately as can be, to involve a loss of revenue at the rate of from \$175,000,000 to \$200,000,000 annually. These reductions on many roads represent a loss much greater than any corresponding saving realized from reductions in wages already effected. The railroads are, furthermore, awaiting decisions of the labor board, which it is hoped, will relieve the companies of the expense of many onerous and uneconomical working conditions. The railroads are not in a financial condition to make this sacrifice.

"Unless there should be some revival in business, the probability of which is conjectural, the entire proposed reduction in rates would be taken from the net earnings of the railroads."

The new rates are applicable to carloads of wheat, corn, oats, other grain, flour and meal, hay, straw and alfalfa, manufactured tobacco, cotton, cotton seed and products, except cotton seed oil and cotton seed meal; citrus fruits, other fresh fruits, potatoes, other fresh vegetables; dried fruits and vegetables, horses and mules, cattle and calves, sheep and goats, hogs, poultry, eggs, butter and cheese and wool.

LONG DISTANCE WALKERS ARRIVE AT ORLANDO.

ORLANDO, Nov. 17.—Daniel Daly, 48, steel worker, and his wife, who is 42 years old, can make some claims of their own to long distance walking, for they recently arrived here and announced they had traugled all the way from Cleveland, Ohio, with the aid of occasional lifts by kind hearted motorists. The couple who made the trip in less than a month, said they intended going on to Tampa.

MOMENTUM FOR FLORIDA DAIRYING.

Florida dairying has received an impetus. A dairy specialist has been added to the staff of the Agricultural Extension Division of the University of Florida, beginning with Nov. 1.

This specialist is Hamlin L. Brown, who comes to Florida from Jefferson county, Alabama, where he has served as county agent for six years, devoting his time principally to the development of the dairy industry of the Birmingham section.

Since graduating from college, he has spent 12 years in practical farming and extension work. One year was spent in creamery extension work in Indiana. For four years he was manager of large dairy and fruit farms in Washington, Oregon and California. He has worked under some of the most noted dairy specialists in the entire country.

Mr. Brown holds a B. S. degree from the University of Missouri, in which state he was raised on a farm, to which he moved from Nebraska, his native state, when four years old.

Having made a pronounced success in his specialty in Alabama and other states, Mr. Brown comes to Florida with every promise of making even a greater success here. Trained in creamery and dairy work, an experienced former county agent, with a state of unlimited possibilities as his field, we believe great things will follow his entrance upon this new work.

PARK TRAMMELL SCORES SENATE FOR RAIL RATE.

WASHINGTON, Nov. 17.—In a speech made by Senator Park Trammell in the senate on the day that the Senate passed the tax bill he denounced without mercy the Republican majority in the Senate for its failure to enact legislation looking to a reduction of freight and passenger rates. Upon this subject Senator Trammell spoke as follows:

"If the Senate had devoted more time to seeking to relieve the country from the excessive freight and passenger rates you might have done a better piece of work than you have in your labors to so rewrite our tax law as to discriminate in favor of the profiteer and big fortunes to the extent of \$615,000,000. Congress enacted a law providing certain benefits to the railroads—on benefits whatever to the public. I am thankful that I voted against the present law controlling railroads.

"Effort after effort has been made to have certain provisions of that law repealed, the one in particular authorizing the fixing of rates that would produce earnings up to as much as 51-2 per cent, and then an optional one-half per cent more. Some of us have thought that if we could repeal this provision and restore to the Interstate Commerce Commission the power it possessed prior to the enactment of the Esch-Cummins law, we would probably obtain some relief in the way of a readjustment of the freight rates, the passenger rates, and a reduction in a great many instances where they are absolutely unreasonable, exorbitant, and unbearable upon the traffic upon which they are imposed. More than six months ago I introduced in the senate a bill to repeal this provision of the law and have done all in my power to have my measure passed. Certainly we could be no worse off if we had that provision of the law repealed. The whole country has been upon bended knees begging congress, appealing to the Interstate Commerce Commission, to afford at least some easure of relief upon freight and passenger rates; the people of my state have pleaded and pleaded for relief; and yet we have found those in control of congress not busying themselves, at least upon this subject. Those who have the power to afford relief manifest no sympathy and take no action. In the meantime the fruit grower and the farmers of my state and of other sections are being robbed of the fruits of their labor and a reasonable income upon their investment because of exorbitant transportation charges.

"I mention the neglect in regard to dealing with this railroad freight-rate and passenger problem that we may see that our Republican friends in control of the Senate have not been actively engaged in trying to make corrections in this important matter for the relief of the American people. This tax measure is about the only bill of any consequence you have brought before the Senate, although the Republican administration has been in power eight months. You start out in this measure by providing, in the very beginning of the original bill, a reduction of about \$615,000,000 of taxes to the ultra rich and the millionaire corporations of the country.

"I do not know why such solicitude should be extended in their interest and why the deaf ear and the stony heart should be turned upon the poor people of the country, those of moderate means and incomes, who have no representatives here to fight their cause, except as now and then some one stands upon the floor of the congress and tries to present their cause."

State's Realtors to Meet at Miami

MIAMI, Nov. 17.—The annual convention of the Florida Realtors' Association will be held at Miami Nov. 22-24 at which time there will be real estate men here from all parts of Florida to compare notes and to plan for the coming year's operations. The association also will hear from its legislative committee and it is probable that another effort will be made to secure enactment of laws which will make the lot of the "curbstone" real estate man less desirable than it now is when he has in most places an opportunity to ply his trade without the formality of paying a license such as legitimate operators have to pay. S. Bryan Jennings, president of the Jacksonville Real Estate Board, will make an address on the subject of a state law laying a license tax upon all vendors of real estate.

SOMETHING NEW—THE AIR-PLANE MOVIE STAR; ENACTS LEADING ROLE NEW PICTURE

Nell Shipman has devised a novelty for the silversheet.

She not only caused the moving picture going public to grasp at her ability in using animals as performers in "The Girl from God's Country," but she makes a further step in this picture by introducing airplane actors in leading roles.

They play such an important part in the development of the plot that "it is quite impossible," says Miss Shipman, "to consider them as anything else but actors," and the things that Bert Van Tulyo makes them do, reveal just how important they are in the plot and just why they are referred to as actors by the Shipman staff.

There are fourteen airplanes in the picture, one of them, "The Silverbird," being of special design to conform with special features of the story, fully equipped with all the appliances and inventions referred to in the script. Two planes were completely destroyed—one burned and one sank in the ocean. The destroyed planes were not studio props and their destruction was not a fake.

The story called for land planes in the great "air fight" scene, and the casting director experienced great difficulty in getting pilots as actors who were willing to risk their lives under such hazardous conditions.

Owing to the difficulty in getting all the scenes in the air complete, it was necessary to take many shots many times. The staff, working at an altitude of 6,000 feet, was required to endure many dangers and suffered from exposure to the cold.

MAYOR MITCHELL OUT ST. PETERSBURG RECALL HEAD OF GOVERNMENT.

ST. PETERSBURG, Nov. 17.—By a majority of 341 votes, Noel A. Mitchell has been recalled as mayor of St. Petersburg.

The vote was 1,374 in favor of his recall, and 1,033 against the recall.

The election passed off very quietly and was free from any disorder, but the largest vote turned out that was ever cast at any election here. The largest previously was at the last mayoralty election, when 2,000 ballots were cast.

Now that the mayor has been recalled the city commission will proceed to call an election to fill the vacancy, and this will be held in about thirty days.

Three candidates are regarded as reasonably certain to run. They are: S. D. Harris, representative in the legislature from Pinellas; Dr. E. C. Beach, well known business man and retired minister; Dr. G. W. Fitch, druggist and former physician.

Col. John J. Woodside has been mentioned, but likel ywill not make the race. Other candidates may appear.

Father of Soldier Marched in Parade —Took Son's Place

JACKSONVILLE, Nov. 17.—That his dead son's place in the Eighty-Second Division section of the Armistice Day parade here might not be unoccupied, George R. DeSaussure, gray haired father of the late Lieut. Edw. C. DeSaussure, for whom the local American Legion Post is named, marched in the ranks with the world war veterans. Mr. DeSaussure is manager of the Jacksonville branch of the Atlanta federal reserve bank.

Lieut. DeSaussure was killed in the Argonne in October, 1918. He had been wounded and was sent to a field dressing hospital but knowing that his company had been thrown into the center of a bitter fight, he destroyed the tag that identified him as having been wounded and rejoined his command. The body of Lieut. DeSaussure which was buried where he fell will remain in France, his parents having expressed the desire that it rest there.

MUCH PRODUCE SENT OUT OF PLANT CITY.

PLANT CITY, Nov. 17.—Plant City produce continues to move at a rapid pace. More than 150 cars, constituting a train over a mile and a half in length, have been shipped from here since October 1. The fruit movement amounts to 139 cars, of which forty-six were grapefruit, sixty-nine oranges, nine mixed and fifteen express shipments. The vegetable movement stands at 7,000 packages.

Eggplants are still plentiful. Cucumbers are very scarce this week, only two crates having been offered for sale on the platform. Only fancy eggplants are finding a market here at present. There is a strong demand for okra, pepper and squash.

The two crates of "cukes" sold Monday brought \$2.50 per crate. Two dollars or better is offered for okra, and pepper is quoted at \$2. Both white and yellow squash sold as high as \$2.50 on the platform Monday. From \$1.75 to \$2.25 is said to be an average price for squash today.

LOWER FREIGHT RATES

Dispatches yesterday stated that the railroads would reduce the rates ten per cent. This will be hailed with joy by the Sanford growers and the Sanford merchants and by everyone who is interested in bringing down the living costs. Our-growers were just about to face another year in which their hard-earned money would all go to the railroads and they could not look ahead with any degree of equanimity and face the future. It has been estimated that the railroads took at least a million dollars out of Florida last season from the fruit and vegetable growers that should have gone to the growers and been spent by them here in the state where it would have done a vast amount of good in tiding us over the summer. However, we are all rejoicing over the actions of the railroads and especially are the fruit and vegetable sections rejoicing. The Tampa Times has the following: "The loud cry which the shipping public has been putting up for the past year for a reduction of freight rates, has at last penetrated the ears of the railroad managers, and a reduction of 10 per cent has been promised. As the cry has come largely from the farmers, who have seen their products selling below the cost of production, and have thereby been brought to the verge of bankruptcy, so the coming reduction applies largely to agricultural products. A 10 per cent reduction will not bring the farmers out of the hole, but it will help and will give them renewed courage to carry on. They have borne the burden that fell first and heaviest on them, with wonderful courage, pocketing their losses and going ahead with their work courageously, even while they saw other lines of business fighting strenuously against any reduction in wages or profits. It has been unfair and unjust that they should be called upon to shoulder the entire burden of loss, while labor in railroad and other lines was insisting on its full war time wage, and threatening if its demands were not met, to tie up the whole transportation system, and bring immense and increased disaster on the country. It was a species of class tyranny which the farmers could not enjoy nor appreciate. Everyone will rejoice with them now, that they are going to have a partial relief at least.

The railroad sure calling attention to the great amount it will cost them to reduce their rates. We believe their argument is fallacious in this, that they fail to consider the increased business that will be theirs under the reduced rates, and that will go far to wipe out any deficit that may result from the reduction, or may even cut it out entirely. The public will now look with increased tolerance on the disposition of the roads to reduce wages and secure satisfactory working conditions, but it must and will insist that all shall carry their fair share of the burdens that afflict the public. Just that and no more."

ARMY COST LESS IN 1921 THAN COUNTRY SPENT IN LUXURIES

WASHINGTON, Nov. 18.—Federal tax returns have been given curious application in connection with the questions now before the armament and Far Eastern conference. Statisticians of the government have labored hard to bring the relative figures as to the war expenditures and the amounts spent by the people of the country for amusements and minor luxuries out so sharply that their significance would be seen at a glance.

One set of tables show that against \$418,000,000 spent for the army in 1921, the country consumed \$750,000,000 in candy and chewing gum, \$834,000,000 in sodas and confections, and \$950,000,000 for perfumery, jewelry, silk stockings and other articles of personal adornment. The smokers poured out \$1,151,000 for tobacco in all forms. Baseball fans, theatregoers, cabaret frequenters and those attending concerts paid \$897,000,000.

CLEAN UP WEEK

Let's clear the papers off the street, and make Sanford clean and neat.
 The world news the day it happens, delivered at your door each evening, five the week.

UPSALA AND GRAPEVILLE

Aviator Johnson, of Lakeland, was a guest at the home of Mr. and Mrs. Volle Williams, for the Armistice day festivities.

Mr. and Mrs. Andrew Bertelson took a trip to Geneva on the afternoon of the 11th.

Mr. and Mrs. E. W. Lundquist and son, Raymond, were guests of Mr. and Mrs. L. B. Hodgins on the 11th.

Chase & Company, are moving a lot of grapefruit from the Haines grove this week.

Mrs. Benton and daughter, Miss Alice, arrived Saturday and are guests at the home of her brother, A. F. Westerdick and wife. They took them down to visit their grove near Maitland, Sunday.

Mr. and Mrs. Ballinger had a treat on Sunday as Rev. Burhans came out for them for the morning services in Sanford and in the afternoon the writer enjoyed a ride with Mr. and Mrs. Alfred Ericson to Geneva.

Mrs. V. C. Collier came out Wednesday to spend the day at the home of their nephew, Charles Cramer.

Mr. Collier's men have finished painting the cottage, this week.

Mr. and Mrs. Edwin Lundquist and son, were callers at the home of Mr. and Mrs. Hirschi, Sunday afternoon.

Mrs. J. E. Lundquist and Mrs. E. W. Lundquist visited Tuesday in Grapeville, the latter calling also to see Mrs. Ballinger.

This seems to be moving week. Mr. and Mrs. Steed are moving back to their own home after having lived on, and had charge of Mr. Rantoul's house for over a year and a half; the most of the furnishings of the latter home have been sold to Mr. and Mrs. Fred Williams, of Sanford. Mr. and Mrs. A. L. Campbell and children have moved into Sanford and are now located on Holly avenue, near the ball park.

Leonard Vihlen has been assisting his daughter and son, Mr. and Mrs. Kenneth Robbins, to move out to his cottage in Upsala as they have recently rented their bungalow in Sanford.

Mr. and Mrs. Hirschi and children are now located in their neat five room bungalow, which he has erected himself on their place near the Presbyterian church. They used the garage until he could get time to build.

Nearly every one from this section was in Sanford on Armistice day to see the parade, two among our number at least taking part, Miss Margaret Ericson, with a bunch of pretty girls in the Bolly car, which was decorated as a basket of red roses and, Charles Cramer, one of our soldier boys, drove the car representing the camp scene of the boys in gray.

Carl Pierson attended the social and fish fry at Upsala, Saturday evening. Rev. Albertson confirmed the truth of the report of the death of Dr. R. W. Edwards, of Jacksonville who has so long ministered to this and the Lake Mary churches, of pernicious anemia. His death came as a great shock to all; he was to have opened the Presbyterian synod held recently at Miami; indeed the paper stated that he did, but word came from his doctor he was too ill to leave his bed and in two days he was dead. It cast a sadness over the whole meeting, which Rev. A., and wife, attended, going down in their car for the ten days. Rev. Edwards has many dear friends all over the state who will sorrow at his going, and leaves a wife in Jacksonville, a son, who attended at Gainesville, and is now taking up special agricultural studies under Ohio teachers, and a daughter, Miss Margaret, a dietician, who is now in Washington, but was for some time at the Woman's College at Tallahassee.

TO WHOM IT MAY CONCERN:

J. T. Reeves is no longer connected with me in any way, and I am not responsible for any money, fertilizer, or anything he may charge to me. The agreement I declare broken—and at an end.

MRS. M. B. ALLISON.

NO NOT ONE

There is really no such a thing as getting to the top of the ladder of perfection. If there was, we would be so sorry that the ladder wasn't just a little longer. So now we are trying to get the Sanford Branch of the Lakeland Steam Laundry and Pressing Club just as far up as possible.

We will appreciate your help to raise it just as high as possible. If we please you tell others, if any trouble tell us.

FOREST LAKE CANDIDATE FOR CITY COMMISSION

TO THE QUALIFIED ELECTORS OF SANFORD:

It is with a deep sense of duty that I have consented to become a candidate for the office of City Commissioner of the City of Sanford, but when 700 of my fellow-townsmen request it, I know of nothing else to do.

Having been thus nominated I hereby announce that I am a candidate for the office of City Commissioner at the ensuing election to be held on the 6th day of December next, and pledge myself, if elected, to an impartial and conscientious performance of the duties of the office for the advancement of our city and the welfare of its people.

I want here to express my appreciation for the splendid petitions filed placing me in nomination.

Very sincerely,
 FOREST LAKE.

TAX BOOKS ARE NOW OPEN

State and County Tax Books are now open for the payment of taxes for the year, 1921, a discount of 2% is allowed for payment in November, 1% in December. Tax books close April 1st. Poll taxes for the year 1921, for both men and women, became due November 1st, 1921.

Business and Occupation Licenses became due October 1st, and if not paid, are delinquent, as the law requires that a license be procured before conducting the business, profession or occupation.

legislation, as he would have it, would not only work to the development of the industry but would add materially to the state treasury's coffers and thus lessen the burden of taxation.

Florida should be more nearly a self-sustaining state, the executive asserted. "We still spend more than \$50,000,000 annually for things that can be produced in Florida," he stated. He mentioned in this connection, meat, dairy and poultry products.

"There is no good reason why Florida should buy butter made north of the Ohio river, meat produced west of the Mississippi river, poultry and eggs from states north of us," he declared.

Governor Hardee sounded a "note of warning against the reckless manner in which the school affairs of some of our counties have been administered in the past. We can easily trace the financial embarrassment of our counties to a lack of ordinary business judgment and reasonable economy in our school affairs," he added.

He again called attention to the excellent financial condition of the state, asserting that Florida is practically without any bonded indebtedness which places it in the front row of states in this particular line. The exception to a clean state in the matter of indebtedness, he said, was \$601,000 bonds held by the state school fund against the state.

In discussing the state's progress, the governor said:

"Florida is the 'Cinderella of the republic.' While some of her sisters were flirting with booms and frolicking with suitors, Florida was quietly keeping house and attending to the chores. Now that her merits have been discovered, she is sought as no other niece of Uncle Sam."

LAKE MONROE

The farms in Monroe and the west side are hardly as thrifty as usual. Celery is not doing so well, as the blight is bad this season. Many are having trouble with early lettuce crops seeding. Some are turning the lettuce under; others chopping down. The escarole and chickory is yet young and doing well. Strawberry plants are also growing nicely. The fall potato crop is more or less a failure, many potato patches having been drowned out; others look poor.

Mr. Charles Forester, of the West Side, is clearing five acres of land and will tile for farming. Mr. Forester will also build upon his land and live opposite his father.

Mr. E. Eckols and family have purchased a tract of land out First street and are building a factory in which brooms will be manufactured. Mr. Eckols and family live in a quaint camp house near the factory.

Miss Catherine Lake, the popular little daughter of Mr. Ben Lake, entertained with a birthday party Sunday afternoon. Delightful refreshments were served a number of young friends.

Little Miss Ruth Kaiserman gave a birthday party Saturday night, the occasion being her sixth birthday. Many grown-up relatives and friends enjoyed the nice cakes and refreshments with little Ruth.

Mr. and Mrs. R. A. Stephens and family have moved to Gainesville, where Mr. Stephens has accepted a position.

Mrs. W. S. Price and little son, Frank, are spending this week in Jacksonville.

Mr. and Mrs. Chas. Bell and son, Ernest, have returned from a visit to Tampa.

Messrs. Ben Lake, Dan Talbott, Henry Witte and son, Mr. Stutorf, spent several days at Daytona Beach, fishing. They caught thirty-eight fine fish of various kinds and weights.

Mrs. Albert Hawkins and children have returned from a pleasant visit to Mrs. Wheeler Marsh, of DeLand.

Mrs. Hugh Drudy, of Orlando, visited relatives in this section last Wednesday.

Mr. and Mrs. Carl Rabun have returned to town to live.

Mr. Chas. H. McKenney has been confined to his home by illness. Mr. McKenney is now improved in health and able to be at his post of duty. A son, Fulton McKenney, who has also been ill, is now able to be about.

Mr. and Mrs. R. T. Wynne, Jr., and daughters, Misses Roberta and Josephine, and Mr. R. T. Wynne, Sr., spent Sunday in Orlando.

The stork visited the home of Mr. and Mrs. Charles Bales and left a fine boy. His name is Charles Bales, Jr.

Mr. and Mrs. Dan Talbott, of the East Side, were pleasant visitors at Monroe, Monday evening.

Many from our section attended the Armistice day celebration in town last Friday.

The Monroe school gave a short program Thursday afternoon in celebration of Peace Day. Many beautiful posters suggestive of the occasion were on display. Patriotic recitations, songs, and dialogues were given by the different grades.

Mrs. Kate Keeling, of Kentucky, is expected soon to visit relatives in this place.

Mr. Barney Lyons continues very ill at his home in this community.

Governor Says Florida "Cinderella of the Public"

JACKSONVILLE, Nov. 17.—Florida was described as the "Cinderella of public," by Governor Carey Hardee, in a address at the state fair here, in which he recounted the state's resources and financial condition. The address throughout reflected pride in the state over which he presides, its stability and diversified industry.

Governor Hardee and his staff were honor guests at the fair, the day being designated as Governor's day. A parade through the city participated in by national guardsmen, sailors and local civic and commercial bodies, city and county officials, preceded his entrance to the fair grounds.

The governor took occasion to again urge the need of legislation for the eradication of cattle tick so that the quarantine against the state may be removed. He also voiced the need of more effective laws to protect the fish and game industry in this state. Such

A POPULAR MODEL.

Whether one would develop this model in novelty cotton or figured foulard, the smart effect remains the same. It is of the popular one-piece type, with the front slashed and finished for closing. Black satin buttons stand in orderly rows on either side of the closing, the round collar and cuffs are of sheer organdy. The side panels are gathered to form a heading and may be lengthened to fall beyond the hem, if preferred. Medium size requires 5 1/4 yards 36-inch material. Pictorial Review Dress No. 9481. Sizes, 34 to 44 inches bust. Price, 35 cents. Also 18 to 20 years.

Subscribers to the Daily Herald should ask for a receipt when the carrier boy collect from you. It is the only protection you have in case the carrier changes or there happens to be a mistake in the account. Each carrier boy is supplied with receipt books, and is commanded to give a receipt by the Herald. See that you get your receipt at the end of each week if you are paying that way.

BATHING SUITS FOR JUNIORS

The Miss who would a mermaid be, must don attire that's smart to see, to put it waltzingly. This costume in copper color and Jersey is novel both in design and color scheme. It is trimmed with dark blue braided braid applied about the round neck, large armholes and at the lower edge of the skirt. The fulness at the waist is held in with several rows of buttons. Bloomers and underbody are cut in one. Medium size requires 1 1/2 yards 36-inch material. Pictorial Review Junior Bathing Suit No. 9447. Sizes, 13 to 17 years. Price, 35 cents.

DR. WILLIAM OF JACKSONVILLE COMING.

Dr. W. W. Willian, of Jacksonville, one of the best known Sunday school workers in the South, is to be in Sanford for a week. He will inspect the Baptist Sunday school on next Sunday and will deliver an address at 11 a. m., in the church auditorium.

During the week he will, with the assistance of Mrs. Napier, of Orlando, and Prof. T. W. Lawton, of Oviedo, conduct a school of methods.

Sanford is fortunate in securing a school of this kind of workers and every one should avail themselves of this school.

THE RULE OF THE UNGODLY.

A series of messages are being delivered at the Baptist Temple by Geo. Hyman, on the general subject, "Living Together."

Next Sunday night at 7:30, he will have as his special subject, "What Would Become of Sanford if the Ungodly Ruled."

THRILLS, THRILLS, THRILLS: "GIRL FROM GOD'S COUNTRY" IS PLUMB FULL OF THEM

Plumb full of thrilling moments and tense situations, to say nothing of beautiful snow scenes and animal studies, is Nell Shipman's latest and greatest outdoor production, "The Girl from God's Country," which will be the feature at the Star Theatre today and tomorrow. Miss Shipman is star, author and director of the new picture and her combined efforts reveal the biggest screen attraction of the fall.

Miss Shipman enacts a thrilling battle 6,000 feet in mid-air, depicting a scene where Neeka encounters Otto Kraus, who has tricked her into treason and has secured a formula for making "solidified gasoline," to be used in the trans-Pacific flight by Carlslake, Neeka's real father.

Carlslake has practically stolen this formula from a crazed inventor who lives in solitude in a lonely hut in the sand dunes, and he (Carlslake) has taken all credit and financial rewards for the successful formula. The inventor, realizing that Carlslake has been tricking him for many years, makes a desperate effort to have credit extended him for the formula.

In the battle in mid-air, Neeka's plane is broken and the wing crippled. It looks like sure death for the half-breed girl, but she makes a sensational parachute leap into the ocean and is saved by another 'plane with the aid of a rope ladder.

Many other thrilling adventures are depicted by Neeka. Her escape from a burning airplane hangar offers tense melodrama. "The Girl from God's Country" is released by F. B. Warren Corporation.

OVIEDO

Mr. and Mrs. J. H. Benson left Thursday for Ocala.

Miss Bertha Dixon returned Monday from her home in New Brunswick, Canada, and is being cordially welcomed by her many friends who have greatly missed her during the past summer and fall. Miss Dixon was accompanied by her nephew, Mr. Coop, who will spend the winter in Oviedo. Mr. Coop is just recently out of the British army, having served in the flying corps during the war, being the only survivor of his company. After so many years of thrilling war experiences it is hoped that Oviedo will not prove to be too dull a place for Mr. Coop but that he will enjoy the quietude of our little town and the delightful Florida climate.

Mrs. W. J. Varne left Wednesday for South Carolina to visit her brother.

Mrs. Overland and Mrs. Lee, of Sanford, spent Wednesday afternoon in Oviedo.

Mr. and Mrs. A. S. Cotton and Mrs. Hankinson, of New Jersey, returned to their winter home at Lake Charm last week.

Mrs. T. W. Lawton entertained her Sunday school class at her home last Thursday evening. The class is preparing to give a Tomb Thumb wedding the night after Thanksgiving.

M. A. Kilvert returned Wednesday from a trip to Miami, Fort Lauderdale and other east coast towns.

O. P. Swope and R. J. Holley, of Sanford, returned Tuesday night from a trip to Okeechobee.

Many of Oviedo's citizens spent Armistice day in Sanford enjoying the amusements prepared for the occasion.

Mr. and Mrs. Ball, of Sanford, met with a crowd of Oviedo people Thursday night for the purpose of organizing an orchestra. Much interest was manifested and work will begin as soon as the instruments can be obtained.

Mr. and Mrs. E. R. Moore, of Miami, are spending a few days at the Oviedo hotel.

You can't insult a man in this country and get away with it unless you are a lawyer and he is a witness.

ULSTERS STAND PAT.

LONDON, Nov. 18.—Ulster's reply to the latest British government communication on the question of an Irish settlement, was delivered at Downing street this afternoon. It indicates that Ulster stands firm in the attitude she has taken and will not submit to anything considered a violation of her rights.

Complaining that the government has failed to maintain secrecy regarding the negotiations, the Ulster representatives threaten to publish the correspondence.

The Sensible Road to Health

"How does Chiropractic apply to the disease from which I may be suffering?" is the question which nearly every reader asks.

The nerves that radiate from the spinal nerve exits of the backbone, reach every organ of the body. It follows then that misalignments affecting any of these nerves, when corrected by Chiropractic adjustments, will effect favorably any organ of the body reached by those nerves.

NO MATTER WHAT YOUR AILMENT IS, do not think your case is hopeless, until you have tried CHIROPRACTIC Spinal Adjustments. What it has done for others it will do for you. Do not through ignorance of this wonderful science, shut the door to your ultimate happiness and relief.

Yeast Vitamon Tablets Bring Real Beauty

Banishes Skin Eruptions. Puts On Firm Flesh, Strengthens The Nerves and Increases Energy.

Concentrated Tablets Easy and Economical to Take. Results Quick.

If you want to quickly clear your skin and complexion, put some firm, healthy flesh on your bones, increase your nerve force and power, and look and feel 100 per cent. better, simply try taking two of Mastin's tiny yeast VITAMON Tablets with each meal and watch results. Mastin's VITAMON contains highly concentrated yeast vitamins, as well as the other two still more important vitamins (Fat Soluble A and Water Soluble C). Pimples, boils and skin eruptions seem to vanish like magic under its purifying influence, the complexion becomes fresh and beautiful, the cheeks rosy instead of pale, the lips red instead of colorless, the eyes bright instead of dull. The whole system is toned and invigorated, and those who are under-weight begin to get some firm, "stay-there" flesh. So rapid and amazing are the results that success is absolutely guaranteed. Be sure to remember the name—

Mastin's VITAMON—The original and genuine yeast-vitamin tablet. There is nothing else like it, so do not accept imitations or substitutes. You can get Mastin's VITAMON Tablets at all good drugists.
