The late Mr. Albert Roberts, his father, came here from the hills of Georgia. At Aken, South Carolina, where he was born, working on the farm as a young man was to his credit and really served him well as he was able to get a good education for a Boctor in Augusta, Gz. But after he tame to Florida he took up engineering as there was a great feather formed him, so he was quite an active and busy man here feather ing to trade and deal with the indians as this was practically inhabited by Indians still, as there because of finance officer: E. A. The second with a short of the head with a short of the large of the commander; R. W. Deane, finance officer: E. A. The head with a short of the second vice-commander; R. W. Deane, finance officer: E. A. The head with a short of the creation of the second wice commander; R. W. His head with a short of the second wice commander; R. W. His head with a short of the second with the second vice commander; R. W. His head with a short of the second with the second vice commander; R. W. His head with a short of the second with the second vice commander; R. W. Bearthing through what they destrict the form of the presented by John Senkaria to the short of the Brenanch home. Here for the Brenanch home. Here for the Brenanch home. Here for the sound in the Brenanch home. Here for the first here for the sound in the Brenanch home. Here for the first here Indians as this was practically inspected vice-commander; habited by Indians still, as there peans, finance officer:
were very few white people in Monforton, chaplain; Earle blit body was loaded onto his own this country and miles apart and Loneks, historian, Frank Takach, truck, brought here and buried better only way of travel and transsergeant at arms, and James side that of Wooldridge in the pigportation was horse back and the Singletary, adjutant, old ox cart. But later they began! Installed in the Altamonte Post and burned together.

Last Friday 16-year-old Robert to come from different states and over a L.A. Weight first vice.

indians trusted him because of his second vice commander; Lather dridge in the head and helped disgreat understanding; knowledge Myndelse, sergeant at arms: If of human nature and fairness with his education and engineer. It istorism; Fred Madden, education and engineer. It is not my mother is orders where we have a common and fairness and his interpretation in the netted under his mother's orders about a fairness. It is not my mother. It is not my mother is story, and police that the place or spot of land they wanted. His was the old Fort Site position. He will be people took away that the white people took away from the Indians and set up the Army Fort there among the birds and wild animals and beasts and limitans. All went well with Mr. Roberts taming the wilds and dent; Mrs. All limitans, All went well with Mr. Roberts taming the wilds and dent; Mrs. M. All the people is a story and over the people took away that the white people took away the people took a Invens. All went well with Mr. Roberts taning the wilds and settling the ploneers as they came one by one. He surveyed and sectioned and cornered the land far and near and today our modern day and highly educated engineers and marks and corners are accurate and true and nuch easier for them to find their points and routes to go by than oven their own modern equipment, with reasurer; Name of the junctically no timber and shrubbery to work through as he did.

Uncle Rod's mother was Annie for serving refreshments meeting of serving refreshments were applied for with her parents and husband Mr. Roberts in 1840 and antaband Mr. Roberts in 1840 and antaband

Orlando now long since built. And the Moasell's there and throughout the state are ploneer relatives.

"Uncle Rod" is known and called this by everybody and loved by everyone. He was his worst enemy, that big and generous free hearted like his parents he would give the shirt off his back if he thought they needed it. Always ready and was the first ones to be called in sickness and deaths, and was very useful in the early years when no doctors were available in the community. He rode horse back day and night far and near to help white on an one of the post of the p the Mossell's there and throughout the state are ploneer rein-

## Senate Given Warren's Bill Banning KKK

### Governor Says Lobbyists Attempt To General Sales Tax

TALLAHASSEE, Apr. 20teday 28-9 Governor Warren's bill to keep cattle behind fences. Final vote came after lengthy debats and after the senators voted to extend the time for the bill to become effective to July 1, 1950. Warren had asked that the bill go into effect (lct. 1,

TALLAHASSER, Apr. 20— (P)—Twenty-six representatives joined today as aponsors of a bill authorizing the \$208,000,000 south and central Florida flood and drought control project. An identical bill was introduced in the Senate. It would provide for state and district cooperation with the federal government in the program which is designed to curb floods and store up ground water against droughts.

TALLAHASSEE, Apr. 20--(AP) - Governor Warren's bill to outlaw the Ku Klux Klan was introduced in the Senate today, as a Senate committee rejected the controversial "bookie" bill to restrict book making at race tracks.

#### The Reserves Of Oil

The question of how large may be the underground oi reserves of this country is one of perpetual interest to both he users and the producers of petroleum products. The dwingling of known reserves in recent years, largely as a result of the very high rate of consumption during the war. has caused much concern, and has been given as one reason for the development of oil fields in the Near East with American capital.

Speaking to a convention of oil mon recently, Dr. Gustav Egloff, director of research for the Universal Oil Products Company of Chicago, said that the Near East development is wholly unnecessary as far as supply is concerned. He said less than one percent of the potential oil-bearing other political creeds. oil yet to be discovered under the land and tidewater areas of Asia as a whole is involved. areas have been fully explored, and ventured the guess that known reserves.

statement, but unfortunately it has to be regarded as a chusetts institute of Technology guess. The research man is not guessing, however, when he in Boston, sold of this situation soluts out that the oil industry, like other American industries, has always been able to meet the demands made of it. There is more solid assurance in his prediction that ways Europe alone. We must also look to be found to meet whatever circumstances may arise. It Asia. The worst disaster since our should not be forgotten that past emergencies have been victory has been the collapse of met by hard work, co-operation and careful planning. If we keep that in mind, Dr. Egloff's optimism for the future may be justified.

# 3 IMPORTANT QUESTIONS

### Should I Have My Present Car Repaired?

Good common sense teaches one to keep his present car in good economical running condition and at the same time maintain a high resale or trade-in value as you may not be able to get a new car right away.

### Where Should I Take My Car For Repairs?

Holler Motor Sales have a complete ons-stop automobile service. We have recently added new equipment to our service facilities and have a complete stock of genuine General Motor parts and accessories to keep your present automobile operating efficiently.

### How Long Will My Car Be Tied Up For Repairs?

There are no long waits at Holler Motor Sales. We have just installed a specialized motor tune-up dept, using the latest SUN-MOTOR ANA-LYZER and have mechanics schooled and trained in the operation of this machine. Our factory-trained mechanics offer you the following services:

### ONE DAY SERVICE

MOTOR TUNE-UP WORK CLUTCHES REBUILT TRANSMISSIONS REBUILT VALVES GROUND BRAKES RELINED GENERATORS REBUILT SHOCK ABSORBER SERVICE REVERSE RADIATOR FLUSHING SEALBEAM HEAD LIGHTS INSTALLED MUFFLERS AND TAIL PIPES INSTALLED COMPLETE LUBRICATION

WHEELS REPACKED

CAR WASHING

### MOTORS OVERHAULED

Motor reconditioning service includes new rings, pins, bearing inserts, valves ground, carbon cleaned and motor tune-up for peak performance.

### FENDER-BODY REPAIRS

Every known device to iron out wrinkles. Air hammers and powerdriven tools to speed up the job. Hody and fender deats removed and completely refinished with original factory paint.

USE GMAC BUDGET PLAN ON ALL REPAIRS!
