

Now Hear This!

JACKY FENWICK

That old writer's "bug-a-boo" finally hit me too! My typewriter broke down and it would be just my luck that it had to happen on a Sunday when I couldn't go out and rent another one! But thanks to Beverly Yaw, I'm typing after all! She was the only person I could think of who had one, so bless her... I don't have to write it out in long hand! It is disconcerting though, and all the brilliant things I thought I had to have had fled

my mind, so I'll have to start concentrating again.

Lillian and H.C. Ogles and their two children, four-year-old Donna, and two-year-old Steve, returned home last week from a wonderful vacation! They took off a week before for a boating and outdoor camping trip up the Silver River and also up the Oklawaha to Silver Springs. They went all the way to Juniper Springs, and they couldn't have enjoyed it more. Give them a lot of credit, as I'd certainly think twice, (if not three or four times) before I'd try it with two small children! But they were sure the "kids" would enjoy it as much as they would, and they were right! Lil reports that the streams were crowded. Just one more sign that boating is fast becoming a favorite sport with everyone.

If you've happened to notice that the new "Squire Shop" on Sanford Ave. is now open, you might also be interested in another business that makes its headquarters at the same place! The Dyson Importing Company, started by Chief Bill Dyson will soon have available lots of beautiful things that can't be bought elsewhere! Stopped in to talk to Bill, and saw a real cute poster he had made to explain what's going on. Have his permission to quote it, so here it is.

The keel of the Squire Shop was laid four months past. The hull is now completed but only one-third of the outfitting has been completed. The superstructure will be imported.

Although the tentative date set for her commissioning is Jan. 1, 1938, we invite your inspection. Both Bill and Ann Dyson are working real hard to get things going, and looking forward to the day when Bill retires and this will be a full-time occupation for him. Just one more example of a Navy man liking this town so much that he's starting a business for his retirement years that will not only benefit him, but the town as well. Bill has been studying importing and exporting for several years while he's been in the Navy, so I know we'd all like to see him succeed in his chosen field. Good-luck to them.

The movie to be shown Monday at the base theater isn't new, but it is a good one. It's "The Stratton Story", starring James Stewart and June Allyson. On Tuesday it's "Three Brave Men" with Ray Milland and Nina Foch. And don't forget that you now get two chances to see these pictures on week-days. The first show starts at 1800 (6 P.M.), and the second showing is at 2000 (8:00 P.M.)

Now that the "Chief's List" is a thing of the past, (except, of course, to those who made it this time,) the rest of the enlisted personnel is waiting for the petty-officer lists which will be out on June 16. Lots of men were promoted, according to the numbers released.

24,000 will be promoted to PO1; 20,800 will make PO2; and 4,800 will make PO1. So, all those of you who are waiting for those results, have patience! Couple of reminders for tonight that I want to remember to include.

The Enlisted Men's Wives Club meets tonight at the U.S.O., at 8:00 P.M. Hope that all the new girls who signed up will try and attend so we can all get to know each other better.

The other reminder is about the square-dancing lesson at the Chief's Club tonight, also at 8:00 P.M. Harry Griffin is supposed to be there again tonight, so it promises to be a real lively get-together. Try and make it.

And remember that tomorrow night, May 7, is the meeting of the Board of Directors of the Fleet Reserve Association. It starts at 8:00 P.M. at the Chief's Club. You really can't say too much for this organization and the good works and deeds it accomplishes, and its open to all you Navy men, so why not look into it and join up?

I know one thing I won't write home about this week. That's the weather we've been having this past few days. If it isn't perfect they kid me about it, and it has reached the point where I defend it like a native-born Floridian! Do hope this "stuff" clears up soon, as I can't ignore it forever!

I haven't "come begging" in quite a while, which I'm very proud of, but I do want to ask all those of you who take the few minutes necessary each day to read this, if you'll try to think of me when something interesting happens. It can be a neighborhood incident, personal experience, or a trip some place. If it's of interest to you, chances are others will enjoy reading about it too. So, next time something comes up, remember to give me a call. I'll certainly appreciate it. The phone number is FA 2-2371.

By Addie Prevatt
Mr. and Mrs. W. G. Kilbas had as their recent guest, Gordon Flynn of Georgia.

The Home Demonstration sponsored a Ham Supper at the community hall Saturday evening with about 100 attending.

The Misses Ada and Isabelle Rogers have as their guest Meade Baker of Columbia, S. C.

Mr. and Mrs. Ed Gayette left Monday for their home in Virginia, Va. where they will spend the summer.

The mothers of those invited sponsored a "Ship Ahooy" supper Thursday evening at the home of Mr. and Mrs. W. L. Seig, on Lake Harley. Those enjoying the event were the following: Tommy McLain, Carlton Prevatt, Sarah and Leslie Harper, Dalphine Phillips, Leanie and Dana Rotundo, Batina and Bobbie Gail Bills, Bobby Bowen, Geraldine Jacobs, Estelle Baxter, Billy Pulford and Sharon Shaudon, Chaperones for the supper were Mrs. W. L. Seig, Mrs. Jack Stewart, Mrs. Paul Maxwell, and Mrs. J. T. McLain.

Mrs. Calvin Oldham was hostess to a stork shower given Thursday evening at her home. The shower was given in honor of Mrs. Horace Johnson. Those attending the event were the following: Mrs. H. H. Geiger, Mrs. Wendell Geiger, Mrs. Hugh Braddy, Mrs. Pearl Peters, Mrs. C. W. Hamill and Wesley Hamill of Sanford.

Mr. and Mrs. Wendell Braddy and family have moved into their new home.

A number from here attended the play at the Sanford Junior High School in Sanford Friday evening.

Miss Lennie Rotundo and Miss Addie Prevatt spent Sunday at New Smyrna Beach.

Mr. and Mrs. Kenneth Lawson, daughter and son-in-law, of Mrs. Krumbeier, are spending some time here at Mrs. Krumbeier's home. They are from Buffalo, N.Y.

meets tonight at the U.S.O., at 8:00 P.M. Hope that all the new girls who signed up will try and attend so we can all get to know each other better.

Conring The News

BY VIRGINIA CONN

VAH-M wives met at the B.O.Q. Thursday for lunch and bridge. Jean Rossi was the hostess. Camille Metzger took first prize in bridge and Thelma Ferris won first in canasta. Virginia Deremigo won second in bridge.

Others attending were Ann Bear, Alice Mills, Dottie Malicowski, Terry Martin, Margaret Hendrick, Pat Trout, and her guest, Ann Purdy, Ellen Gonzalez, Kay Downs, and Betty Emsanski. A luncheon is planned for the twenty-seventh of May at the Langford Hotel in Winter Park.

A luncheon at the B.O.Q. was in order Friday for the wives of VAH-9. Terry Durand and Betty Day were the hostesses. Sherry was served on the porch, and luncheon in the T.V. room. The table was lovely with a large centerpiece of spring flowers, and multicolored hibiscus on either end. American flags centered the flowers, reminding us that Memorial Day is not far off.

Jean Fowler was chosen as the new representative to the

O.W.G. replacing Julie Anderson. Ruth Chaffee will be the alternata. Present at the luncheon were Ruth Barron, Muriel Gildewell, Marcia Cousins, Jean Fowler, Ginny Conn, Dornell Kilcline, Millie Thomas, Ruth Chaffee, Lois Grunder, Jeanne McGuire, Flora Wigton, Toni Waters, Mary Jane McCarroll, Lois Nebel, Julie Anderson, Margaret Fennell, Letta Peterson, Pauline Byus, Dolores Latheron, Betty Day, and Terry Durand. Future plans for VAH9 include a dinner party at the Langford next Saturday night.

The girls of the Station Wives Club and Fason (they have combined activities since FAS9 is so small), did something different this past week. They had a pool party at the N.A.S. pool. Food was brought down from the B.O.Q.—baked ham, baked beans, potato salad, and rolls and set up buffet style. Some of the girls swam, some sunned and a few sat in the shade and played bridge. Prizes were presented to those with lucky numbers. Jean Fowler won a hot roll basket.

and Joy Webber and Ariens Backer won garden books. Jane Potts drew the left over ham. JJoy was chosen as the new representative, replacing Mary Muniz, and Dorothy Dohne is the alternata. Attending were Katie Jackson, Dolores Guidrey, Joy Webber, Ariens Backer, Bru Northridge, Dot Leary, Muriel Hawkins, Ann Tammy, Mary Muniz, Peggy Tugwell, Carlie Scribbling, Jean Stetson, Sue Beall, Jane Potts, Dorothy Dohne, and Carol Cook.

Dick Andre's parents are here from Baytown, Texas, and visiting Dick and Lois in their Grove Manor home.

Jean Dooley parred the seventh hole the other day while playing at the Mayfair Country Club. Bill Heffernan, an old VC-Fiver blew into town the other day, and he and Lee Lammman, the L. S. O. in VAH-3 had dinner with us. Bill is now stationed in San Diego, but I believe I detected some hope in his voice of someday coming to Sanford.

Nothing must do but what Bill must attend the After Five party held Friday night. The Royal Order gathered at the Cleveleys from whence they proceeded to the Country Club to broil steaks in the charcoal pit, and partake of salad and baked potatoes. After dinner the song book was produced and vocal chorals were stuned to the nostalgic offerings

of the After Fivers. Song leader Fittin is unfortunately in Olathe, but we carried on as best we could without him.

Honored guests of the royal order were Katie and Bob Jackson, and Bill and Betty Lemos. Attending were Punksin and Paul O'Dea, Red and Lib Cleveland, Mike and Bob Stone, Evie and Bob Williams, Mac and Bill Edwards, Abe and Margaret Fennell, Treta and Mike Michel, Betts and Doc Linker, Helen and Harry Griffin, Judy and Jack Smith, Marge and Bill Hill, Jean and John Doolley, Tom Blackburn, Bill Heffernan, Jean Flitton, and the Conns. Only Bob Conn didn't get in until very late and contributed practically nothing—he was too tired.

Panama City, Fla has increased more than 100 per cent in population in the past ten years.

Florida's Confederate troops surrendered at Tallahassee, Florida May 10, 1865.

News Of Men In Service

— Army M/Sgt. Charles R. Hodge, son of Mr. and Mrs. Ben Hodge, Lake Monroe, recently was named Non-Commissioned Officer of the Month for the 151st Engineer Group at Fort Benning, Ga.

Sgt. Hodge, a platoon sergeant in Company C of the group's 499th Engineer Battalion, was selected in competition on a basis of neatness, knowledge of military subjects and efficient performance of assigned duties.

The sergeant entered the Army in April 1930 and has served in the European theatre. His wife, Barbara, lives in Columbus, Ga.

McCarthy Proposes Survey To Determine Local Recreation Needs

Top News In Brief

TAIPEI — The U. S. Embassy announced today the American Air Force will station Matador guided missiles on Formosa. The missiles are capable of carrying atomic warheads. A joint statement by the United States and Nationalist China said "This action is taken wholly for defensive purposes of deterring and if necessary repelling attack."

ROME, Italy — President Giovanni Gronchi summoned political leaders today for conference on solving the government crisis brought on by the resignation of Premier Antonio Segni's cabinet. Under traditional procedure he first called the presidents of the parliamentary houses, former premiers and parliament group leaders. But long months of political uncertainty—and possibly early elections—lay ahead.

Engineer Outlines Sewage Treatment Plant For Board

A consulting engineer for a Vero Beach engineering firm outlined his own patented sewage treatment plant for the Board of Sanford City Commissioners at a special meeting held last night in the City Hall.

Weather

Fair weather today and Wednesday; low tonight near 60.

Nebraska Woman Named American Mother Of 1957

NEW YORK — Mrs. Hazel Abel, of Lincoln, Neb., a former U.S. senator, construction company president and a long-time fighter against juvenile delinquency, today was named American Mother of 1957.

Mrs. Abel was elected to the Senate to fill out the term of the late Dwight D. Eisenhower. She won nomination for the office over 15

A survey to determine the recreation needs of Sanford was proposed by the Recreation Manager, of the Florida Development Commission, at a meeting of the

"YOU KNOW YOUR PROBLEM" said C. R. McCarthy, Recreation Manager of the Florida Development Commission, when he spoke yesterday in Sanford before the Seminole County Children's Committee. (Staff Photo)

Sunnytown Road Gets Face Lifting

By Mrs. Raymond Morris CASSELLBERRY — Sunnytown Road, for several years the Town's only hard surfaced street, was given a face lifting last week.

By Helen Snodgrass
Mrs. C. H. Baldwin, accompanied by her grandchildren who have been her house guests at the home of Mr. and Mrs. Robert Cox during their spring vacation left Saturday to return to their home in Wayland, Mass. while Daniel Baldwin and his grandmother both live in Barnet, New York.

Pat Ryan and Harvey Dunn attended the week end house party of the Wheel Club of DeLand High School at Daytona Beach last weekend.

Mrs. Fred Bender and Mrs. E. C. Snodgrass attended their weekly get together of all their sisters in Orlando Wednesday.

Mr. and Mrs. Earl Martin of Orlando were Sunday guests of Mr. and Mrs. Jack Ryan.

Audrey Evans returned last week from a visit with friends and relatives in Ohio.

The Rev. and Mrs. William Anthony, supply pastor for the Episcopal Church for the past six months left Monday to return to their home in Rutland, N. Y.

The Rev. and Mrs. Lee Heaton of Daytona Beach plan to arrive soon and the Rev. Heaton will supply for the summer months as he did last year.

Dr. and Mrs. L. F. Friend and daughter Linnie of Jacksonville spent the weekend here at their home at Green Springs.

Miss Jean Parker attended the weekend house party of the Wheel Club of DeLand High School at Daytona Beach last weekend.

Mr. and Mrs. Harvey L. Dunn and Harvey and Linda spent the weekend with relatives in Floral City.

Mrs. J. V. Richards left last week for a visit with relatives in Illinois.

Challenge For Dr. Mays

A new novel by ELIZABETH SEIFERT.
© 1935, by Elizabeth Seifert. Reprinted by permission of the publisher, Dodd, Mead & Co., Inc. Distributed by King Features Syndicate.

THE NEXT day, a soft and dreary rain fell relentlessly. The paths of Tinsley Park were deserted except for a few glimmering raincoats and umbrellas hurrying along them as a short cut. In the afternoon it was still raining a little, but the sky was brighter and the girl's white raincoat, as it passed under the trees, swirled with patterns of light and shadow that defined the moving body into a warm swirl of impelling music. Chad stood watching her from the window of his office, entranced. Then, almost as if in panic, he called out gruffly, "Miss Barr!"

At his tone, she came quickly, her eyes following Chad's pointing finger. "Do you know who that girl is?" he demanded.

She leaned forward, her shoulders against his upper arm. "Oh, yes," she said, "that's Mrs. Van Linn."

Chad turned on her so sharply that she stepped back, frowning. "She's married?" he asked, roughly.

"Of course," Hazel returned to her desk. Seated, she lifted her great eyes innocently to his face. "She has a little boy, I guess Johnny must be about four."

Chad slumped into his own chair and sat there sulkily, his lips compressed. "Johnny..." he murmured then, in a tone of pure wonder.

A cool little smile tipped up the corners of Hazel's mouth. "He was named for Dr. Blandin," she said softly. "Her late husband's partner."

Bill Chad sat thoughtful. Miss Barr's eyes became pools of green swamp water. But she didn't speak.

After perhaps two whole minutes, the man's body tightened in the chair, his head snapped up. "Wait a minute!" he said tensely. He whirled about in his chair to confront Miss Barr. "Was it her mother who financed this clinic project?"

From Hazel's description, he told himself as he strode along the sidewalk which fringed busy Burbank Road, it was a hot five miles to walk at three in the afternoon, with children on skates and tricycles making the sidewalk a perilous step-slide and cars swooning dust and grit.

From Hazel's description, he told himself as he strode along the sidewalk which fringed busy Burbank Road, it was a hot five miles to walk at three in the afternoon, with children on skates and tricycles making the sidewalk a perilous step-slide and cars swooning dust and grit.

Chad slammed to his feet, walked jerkily out the office, grunting, making faces. "I suppose this is rich," he threw at Miss Barr. She said nothing. He leaned menacing across her desk. "Are they stuffy?" he demanded. "Proper? Conventional?"

Chad turned on her so sharply that she stepped back, frowning. "She's married?" he asked, roughly.

Vets Urged To Take Care Of Discharge, Separation Papers

One of every ten veterans who apply for Veterans' Administration benefits at the VA Passaic-Grille Regional Office have lost their discharge or separation papers.

Although a veteran may be able to obtain a certificate in lieu of lost discharge or a copy of his separation papers from his branch office, this often takes considerable time, Parker said.

"Veterans can save themselves both time and trouble by taking proper care of their discharge and separation papers," Parker said.

The best way to assure the safety of your separation papers, Parker pointed out, is to:

- (1) Have photostats made, including one in wallet-size that can be carried around with you.
- (2) Have them recorded at your county courthouse and returned to you; then you'll always be able to get a copy when you need it.
- (3) Keep the original papers in a safe deposit box at a bank or in a strong box at home; and,

FALSE BANK ALARM

ROME — Police headquarters said a score of officers who answered a bank alarm Thursday found clerk Silvano Fanciullacci unconsciously pressed against the hidden alarm button on his desk.

- (4) Make sure your family knows where the papers are kept so that in case of emergency they'll be able to find them without delay.

DEFINITION OF DIPLOMAT

LONDON — Norwegian ambassador Per Prebensen gave diplomats here his own definition of a diplomat:

"A diplomat is a person who tries to solve complicated problems which would never have arisen if there had been no diplomats."

The average annual rainfall of Florida is 53 inches.

Jaywalking was costly in the U.S. in 1936—3,170 were killed.

Conring The News

BY VIRGINIA COON

VAH-5 bridge club met at Barbara Jacobson's Friday afternoon. Barbara served a luncheon of tuna salad. Members present were Hazel Rowell, Ruth Tully, Lois Elder, Betts Linker, Sonja Blackwood, Joyce Baker, Millie Donaud, Sue Kennedy, Mike Stone, Marge Hill, and Jean Fitton. Hazel won first, Lois second, and Sonja booby. Lois Elder plans to move to Pensacola around the first of June. Art has been commuting for so long, he will soon be known as the "Man in the Gray Flannel Flight Suit".

Imogene Schults, Betty McCracken's patient houseguest, has gone to Seattle, Wash. to visit friends. Should I call it a vacation?—or is she trying to get away far away as possible? Anyway, Betty says she will be back, and from the way Imogene has been looking at property, perhaps she will be a permanent resident.

Terry Price, caught the train for New York Monday, on the first leg of her trip to Europe. She sails on the S. S. Flanagan the eighth. Meanwhile will stay at the Commodore Hotel in N.Y.C.

Bill Glass celebrated his birthday on Sunday. His age will not be revealed, as I have found from useful experience that men are far more sensitive about their age than women. To me it would be far better for people to think that I look young for my age, than to say what an old hag I am at a tender twenty-one. However to relieve Jack Smith's fans, he is only twenty-nine, and now you tell him how old he looks. His fountain of youth just gave out, I'm afraid.

There is a big deal cooking in the Girl Scouting circles. These are plans for a Scouting to be held May twenty-fifth, from three p.m. until 5 p.m. in Fort Mellon park. If it rains, the girls will move to the Armory. All troops will participate, and the middle of the area will be roped off to accommodate a constant array of exhibitions, skits or demonstrations. Around the side of this are no each troop will have its own exhibition with various projects and displays. It is hoped that the townpeople will turn out for this event to show our Girl Scouts how interested they are in their accomplishments. City dignitaries are being invited to participate. Brownie Day Camp this year, and Rita Bauer is in charge of the Marge Honn and Frances Cobb are taking a fly-up troop next year.

Dr. Stanley is in the hospital—this will be a blow to mothers of all infants and measly children. Hope he recovers quickly—it must be particularly difficult for a doctor to be a patient, and besides he will be missed. By the way, I heard over the radio that there is a serious shortage of castor oil due to its use in making synthetic fabrics. This can be serious? To me it sounds like the best news since the dentist told me irregular teeth were attractive in a grown woman whose mother wanted her to wear braces. So don't fret about that spring tonic. Use green apples.

In case regular readers have by this time become that I am stretching the bits of news in my possession, this is very true. But I see I have just about reached the end of the page, so it is time to sign off.

Tree Top Room Scene Of Oviedo Junior-Senior Banquet Friday

By Marian Jones
OVIEDO—The Tropical theme chosen by the members of the Junior Class for their Junior Senior banquet was quite appropriate for this locality.

The center piece featured hula girls with grass skirts dancing under palm trees, the girls being surrounded with beach umbrellas. Flowers, leis of all colors, and tiny shells added to the attraction.

The Langford Hotel, Winter Park, was the scene of this gay event—in the Tree Top Room the time was 8 p.m.

Even the decorations, time and place would have been nil without the presence of so many pretty young maidens, dressed in such colorful array—no to mention the handsome escorts in white coats and dark trousers. This is an important event in the life of the school girl, as she proudly wears the beautiful message presented her by her escort, then goes forth to enjoy the evening's planned events.

Let us not forget the lady school teachers and wives of the professors. They, too, look forward to this annual event and plan their attire the same as the school girls. Then, too, there are the men escorts in this circle. They are somewhat sad, too, for many of their group of girls and boys will soon bid them boy voyage to go on another journey—the journey of life—whether it be in the field of industry or to an institute of higher education.

A word for the parents, too. They have worked hard for this event. Although they will not be present for the delightful repast, and the progress of entertainment, they are proud for their children and they follow them in mind and heart if not in person.

Miss Kathleen Watt, Junior class sponsor, is the young lady responsible for the successful party. She, with the girls and boys of her class, planned and did all of the work—not to mention all the work they went to to raise the funds during the year.

The menu sounded tropical and dreamy, too. It consisted of Tropical Dream, Game of the Jungle, Golden Dreams, Diced Bamboo, Lilikoi and Papa, Taro Cake, Coconut Pie, Beach Pebbles in Clam Shell and Coconut Milk. Now, we will just leave to you the effort of finding out exactly what was served. Too much for our nimble brain. The youngsters were probably having such a wonderful time they never said much mind anyway.

Now teachers did. Andy Duda, president of the Junior Class, gave the address of welcome, while the response came from the senior class president, Danny Bestel. "Ditties" was the title of Carl Fabry's piece. Carl is also a Junior. Our own principal, W. H. DeShazo, followed with some very interesting remarks of interest for those present.

Andy Duda then introduced such eminent personalities as Raymond T. Milwee, superintendent of public instruction of Seminole County; Walter A. Teague, former principal of the Oviedo High School and now assistant superintendent; F. R. Gatchel, another former principal of the local school now supervising principal of the county; and Lyle L. Lowry, former teacher in the school, beloved by all who know him, and now teaching at Edgewater High in Orlando. Mr. Lowry, by the way, was sponsor for the Junior Class during his time in Oviedo.

The entertainment included the Langford Aqua Stars, followed by dancing with music by The Seminole High School Dance Band. The dancing was enjoyed by all.

Students and escorts present for the memorable occasion included: Betty Beasley, a senior, and Myron Willis. Dan Heistler, a senior, and Priscilla Tuby. Thomas Brown, a senior, and June Fleming; Luther Duda,

a senior, and Melanie Jackson, a junior; Kay Estes, a senior, and Jack Dodd; Peggy Fleming and Norman Nicks, both seniors; and Jack Dodd; Peggy Fleming and Norman Nicks, both seniors; Elena Tuby, a senior, and Bob Estes; Gordon Horton, a senior, and Tyra Kelsey; Donnie Malcolm, a senior, and Jane Lowler; Jim Miller, a senior, and Warren McCall; Bettye Stevenson, a senior, and Freddie Wharton; Dawn Walker, a senior, and Ray Fore; Marvin Wrye, a senior, and Lois Murphy; Joe Battle, a junior, and Phyllis Hoke; Jane George, a junior, and Virgil Clark; William Hart, a junior, and Virginia Wrye; Shirley Parlin, a junior, and Lorene Mathers; Mary Ann Tesinsky and Roy Waisenbarger, both seniors; Donna Ulrey, a junior, and Ann DeShazo; Delores Porter, a senior, and Ed Tanner; Billy Lee, Ferdinand Duda, Raymond Mikler and Glenn Lee, all seniors, going stat.

Heart Replacement 'Bank' Foreseen

WASHINGTON — A distinguished biologist believes the day is coming when a person with a bad heart can go to the "bank" and get a replacement.

He also foresees a time when "tailor-made molecules" will be available for such purposes as controlling human conception, sex and growth.

The biologist, Dr. Ralph W. Gerard of the University of Michigan, addressed a scientific colloquium at the National Science Foundation here.

He said biology has come a long way since it was christened in 1802. It is now "at the explosion point" and is expanding rapidly into the realms of physical, psychological and social science.

Blood, bone, eye and cartilage banks already have proven practical, Gerard believes kidney, liver and heart banks will follow all within a few years.

He also said a growing role for "tailor-made molecules" — synthetic organic drugs produced in

the laboratory for a multitude of uses. Gerard made no attempt to list all the possible uses of tailor-made molecules. But he said they might include everything from control of the nervous system to control of conception, sex of offspring and growth.

Gerard made no attempt to list all the possible uses of tailor-made molecules. But he said they might include everything from control of the nervous system to control of conception, sex of offspring and growth.

Now Hear This!

It gets progressively worse trying to collect news; not better as I had hoped it would when I took over this column! Every day when I sit down at this typewriter it's with a feeling of complete frustration, and a blank mind! But, miracles of miracles, I somehow manage to "peck out" enough each day to call this a column! And so it is today. With about two notes to work with, don't expect too much!!!

Mr. and Mrs. Edward Chelton have had two wonderful surprises in the past week! Ed reported to VAH-7 last February, from Cabanas Field, Texas. It was there that he took his "chief's test", so when the names came out here, he had to wait to hear from his former duty station as to whether or not he had made it. Will, he heard, and I'm glad to say it was very good news! He did! (Made chief, that's it!) He'll be among those who

inch of scale could reduce the flow of water. Water pipes encrusted with scale become inefficient. A water softener will help save your fuel bill.

Softened water is a better cleaner than hard water and is easier on your clothes. Softening ten gallon water makes a thirty-five per cent increase in longevity for linens.

Home buyers in hard water areas can have their builders arrange to install water softeners before they move in, if this has not already been done.

SAFE AS AMERICA
U.S. SAVINGS BONDS

Bad driving conditions prevailed in less than 15 per cent of the fatal highway accidents in the U.S. in 1936.

More than 22 per cent of 1934 U.S. highway deaths occurred on Saturdays.

SAFE AS AMERICA
U.S. SAVINGS BONDS

TRY IT AND YOU'LL WANT IT!

J-2 ROCKET!

OLDSMOBILE NOW OFFERS YOU THE MOST EXCITING NEW ENGINE DEVELOPMENT SINCE THE FIRST HIGH-COMPRESSION POWER PLANT!

BOONIFY WHEN YOU WANT IT!
Here's the secret of its greater gas mileage. In the J-2 Rocket a single two-barrel carburetor serves the engine, of peak efficiency, for all your ordinary power needs.

POWER WHEN YOU NEED IT!
All three carburetors (two barrels) go into action, automatically, whenever the occasion demands. Push your foot to the floor, and you have extra safety power on top in which you up the speed grade, or out of the park of danger. Here's smart action for added safety in any driving situation.

Greater economy for all normal driving! A greater reserve of extra safety power for the exceptional situation! That's why Oldsmobile's new J-2 Rocket Engine* is like two engines in one. And you, the driver, are in complete control of how you want to travel. For practically all driving needs you enjoy the fuel-saving economy of a single carburetor. Or, a touch of the accelerator past the three-quarters mark will

bring two additional carburetors into use. This gives you gas-saving performance over a 50 percent broader operating range plus a reassuring reserve of power that means added safety. If you have not already tried the J-2 Rocket, your nearby Oldsmobile Dealer invites you to come in for a drive soon. Be his guest for a J-2 test. You'll find it is a totally new and wonderful driving experience.

Human Error Biggest Single Cause Of Accidents; Drive Carefully!

A new deadly disease has the American people in its grip and no miracle drug is in sight to stop its frightful toll of human lives. Headless horsepower is the chronic disease of the Age of the Automobile. Its symptoms are many and various. The heavy foot on the accelerator; the eye fixed on the climbing speedometer; the hand on the horn; the mind idling while the car is in high.

In the 23rd annual safety publication of the nationally circulated "Headless Horsepower" the fact is pointed to that 40,000 Americans were killed and 2,368,000 injured in 1956 on U. S. Highways. That's an increase of six per cent in fatalities and nearly ten per cent in injuries over 1955's toll.

"The disease of headless horsepower is highly contagious," the booklet states. It can be spread by an irresponsible word, an inflated claim, a careless example. And everyone who is in a position to influence drivers should learn that horsepower, in the hands of the heedless, is the fundamental cause of our ever-mounting toll of disaster.

In recent years, engineers have made many attempts to feature safety equipment in the new cars. Probably many lives have been spared by safety glass, seat belts, padded instrument panels, all-steel bodies and other creations. But these safety devices can be nullified by any combination of speed plus carelessness, thoughtlessness or lack of judgement by the driver behind the wheel.

However, it is the driver, not the manufacturer, the advertiser or the salesman who must bear the greatest weight of blame. For it is the driver who can control the horsepower and use it safely for his greater ease and convenience. It is the driver who is lectured to . . . in every medium of public expression known to man. And it is the driver who nods sagely, promises readily, and forgets everything but his sense of overwhelming power when he steps on the gas.

Casualty lists on the U. S. Highways have mounted steadily until in 1956 all records of heedless haste and needless waste were shamefully broken. The facts of human suffering and death speak for themselves.

Human error is by far the biggest single cause of accidents. Figures compiled for "Headless Horsepower" show that in 96.4 per cent of the fatal crashes last year, the automobile was in apparently good condition. Clear, dry weather prevailed in more

than 85 per cent of these instances! If this year's record is equal to that of 1956, one in 70 Americans will be a statistic . . . a pain wracked survivor, or a name in the obituary column.

Polio Shots Important

You have been urged to get polio vaccinations for your family. Naturally you want to know the facts about it.

Is the Salk vaccine safe? Since the spring of 1955, 51 million have had injections with an excellent safety record. Before being approved by the U. S. Public Health Service, it was given in field trials to more than 400 thousand children. The American Medical Association now has officially endorsed it.

Is it effective? Two shots, two to six weeks apart, are 70 to 80 per cent effective. A third or "booster" shot, seven months after the second, provides effectiveness estimated at 90 per cent. After widespread inoculations among elementary school children, polio cases in 1955 dropped 47 per cent as compared to 1951 and 59 per cent as compared to the 1951-55 average.

How many have had it? By March 1, 1957, 51 million Americans had had at least one shot; of these, 27 million had received two shots; 11 million the required three shots. This means that only 11 million polio-susceptible people (under 40 years of age) are properly protected for the 1957 polio season.

How many still need it? Some 58 million Americans under 40 are without any protection at all. Pre-school children (under five) need vaccination most. Teenagers are next in urgency; then adults from 20 through 39. Polio cases among adults have risen to 26 per cent of the total number. Furthermore, when polio hits a mother or wage-earner, disruption to family life is especially ruinous.

Holl up your sleeves and start your vaccination series as soon as possible.

Foreign News

It is a gross mistake to gauge the future merely by the seeming surface course of day-by-day events and the immediate news as it is rushed to and upon us. There are undercurrents which sometimes run so deeply that their pressure is not felt for a long time. Eventually these undercurrents rise and toes wave upon waves across the surface. We are in such a period.

Thinking of this and of 1960, it should be emphasized now that foreign affairs, foreign policy, the international scene will figure largely in the next presidential election. From now until that distant leap year November of decision, the international crisis will continue. Emotionally as well as financially and politically, it will go on affecting Americans all over the nation. And the flow of foreign news will pile upon the American minds. What are deep undercurrents now will be strong streams in 1960.

Thus, it behooves leaders, candidates and aspirant candidates for the Congress as well as the highest offices of the land to keep abreast of foreign affairs and to be sure of their statements and their record. For the slow shaping up of the future suggests that foreign policy will be a very big issue of the 1960 campaign.

Letters To The Editor

Editor
The Sanford Herald
I want to express to you the thanks of the Sanford Garden Club for the splendid publicity given the recently held annual Flower Show. Without the help of the local paper it could not have been the complete success that it was and we did sincerely appreciate your fine cooperation.

We would also like to thank the following for their help and various contributions: Powell's Office Supply, Frank Novell Jeweler, Sanford Flower Shop, Ramsey Florist, Husetter Florist, Leechee Acres Lychee Farm, L. F. Spencer's Sanlando Greenhouse, Winn's TV and Radio, Cecil Tucker, Furniture Center, Mr. Dunn and Assistants from the City of Sanford, McCroy's, Perfection Dairies, Tvd Williams Lumber Co., Hatten Electric Co., Sanford Electric Co., Kilgore Seed Co., Her P. Wiggins, Chase and Co., and I. E. Batten Builder.

Sincerely,
Mrs. George Eick,
Publicity Chairman for the Flower Show.

Editor
The Sanford Herald
To the citizens of Sanford, Chapter 80 Disabled American Veterans express their heartfelt thanks to all that helped make their forget-me-not sale such a great success and lend a special note of thanks to Cub Pack 343 and the Rainbow Girls for their effort that made the sale possible.

Jim Hay

BETWEEN THE HAMMER AND THE ANVIL

Foreign News Commentary

By CHARLES M. McCANN
United Press Staff Correspondent
Last week's good and bad news on the international balance sheet: The dreadful destruction that would be wrought on victor and vanquished alike in an atomic war was sharply emphasized this week.

In Washington, it was disclosed, Adm. Arleigh A. Burke, chief of naval operations, told a congressional committee: "We can destroy Russia now on matter what she does . . . there is no way she can avoid complete destruction."

But Burke warned also that Russia "either has a capability now or shortly will have of doing the same thing to us."

In Bonn, capital of West Germany, Chancellor Konrad Adenauer told a meeting of North Atlantic Treaty Organization countries: "Modern atomic war would bring an apocalyptic fate . . . upon the whole of mankind, including the people of the Soviet Bloc."

There was evidence that Soviet

Bill Returned To Subcommittee

TALLAHASSEE UP — The House Banking Committee yesterday returned to a subcommittee a controversial bill giving unclaimed funds from banks and other institutions to the state.

The bill, sponsored by Rep. I. B. Vocelle of Indian River, would turn over to the state monies from savings deposits unclaimed after 10 years and other deposits after seven. Under the Florida Constitution these monies would go to the permanent school fund.

Atty. Gen. Richard Erwin, who backed a similar bill in the last Legislature, said the bill was not part of his program this time because it lost out in 1955. He pointed out that it was possible to get 50 million dollars from such legislation.

The bill calls for a written report from anyone controlling personal property subject to the law. Erwin said unless there is a law requiring reporting these funds, they will never be found. "This bill would be helpful to the state in getting a source of

funds," he said. "Under our theory of law it belongs to the state."

Florida Education Assn. President Ed Henderson said he wanted passage of the bill because the money goes for the education of children.

Alfred McKethan of Brooksville, speaking for the Florida Bankers Assn., said the bill was "impossible." He said the association made a study of it and found that a banker would run into a "mess everywhere he turned" trying to implement it.

Quotes From News

By UNITED PRESS
WASHINGTON — Adlai E. Stevenson, on large-scale hydrogen bomb tests: "Contamination without representation."

AMMAN, Jordan — King Hussein, on leftist attempts to seize control of Jordan: "We have faced the dangers and beaten the conspiracies against our country."

SAN FRANCISCO — The Rev. Eugene Gross, a Roman Catholic priest who recently was released after six years in Communist Chinese prisons: "I never appreciated my religion so much as those years I spent in prison. It truly was faith that kept me going."

ATLANTA — W. E. Tyndale, a polio crippled engineer who with his wife and two children was swept through a culvert in a flash flood: "There was absolutely nothing we could do to fight it. We were swept into the culvert, tumbling and over and under water, banging against the side, and then were spawed out the other side. We didn't know if we were alive or dead, or where we were."

DUDLEY, England — Ted Westwood, in appealing to Queen Elizabeth and the courts for help in getting rid of nine ghosts — which he says are roaming about his home: "I never used to believe in ghosts, but when you have nine of them you have no alternative."

You Can Catch Cold In The Summer, Too

By HERMAN M. BUNDESIN, M.D.
ALTHOUGH winter usually is more harm than good as far as your cold is concerned, summer colds can be pretty miserable, too. If you have one now, you have a lot of company.

About 40,000,000 Americans will catch colds between May and September — an average of about 10,000,000 per month.

So, let me remind you of a few cold facts.

General Health
Do your best to avoid catching a cold. Keep your resistance up and stay in good general health. Eat properly, but not too heavily, during the summer months. Make sure your food is both substantial and nourishing.

Don't try to cool off too quickly after strenuous exercise.

Follow Clock
And let the clock, not the amount of darkness, advise you of your bedtime. With daylight saving time in effect in so many communities, I'm afraid a lot of you might not realize when it is time to go to bed.

Now even in hot weather, heat is helpful in treating colds. It is beneficial both internally and externally.

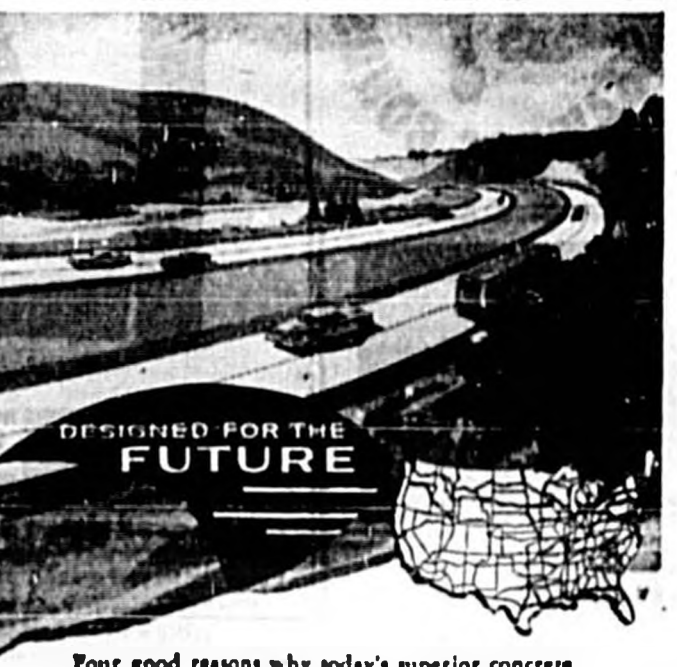

At the first indication of a cold, take a hot bath just before retiring. Taking a bath and then dillon is present, so that proper going outside probably will do treatment may be carried out.

Tossie received his parachute wings after completing the five-week course, which included five training jumps. He entered the Army in September 1956 and received basic training at Fort Benning, Ga. Tossie is a 1955 graduate of Florida A & M University. His wife, Ruth, lives in Fay, N. C.

Miami Beach has more than 80 luxury hotels.

Four good reasons why today's superior concrete pavement will save lives and dollars for generations of American drivers on the National System of Interstate and Defense Highways:

1. Safety. Grity texture for better skid-resistance, lighter color for higher visibility.
2. Durability. Much longer service life than any other type of pavement.
3. Low upkeep. Lowest maintenance cost as proven by published figures.
4. Costs no more to build. Lower first cost than other types designed for the same traffic.

Best investment for your tax dollars—concrete!

MISS PEGGY ANNE BUNTON

Peggy Bunton, A. G. McInnis, Jr. To Wed In North Carolina June 5

Mr. and Mrs. John Webster Grogan of Reidsville, N. C., announce the engagement of her daughter, Peggy Anne Bunton to Argus Guy McInnis Jr., son of the Rev. and Mrs. Argus Guy McInnis. Miss Bunton is the daughter of the late William Glenn Bunton. The wedding will take place June 5 in the North Seals Street Christian Church in Reidsville. Miss Bunton is a 1935 graduate of East Carolina College, where she received a bachelor of science degree in primary education and is now teaching in Reidsville. Mr. McInnis is a 1953 graduate of Davidson College, Davidson, N. C. where he became a member of Kappa Alpha Fraternity. He is now completing his last year at Duke University, School of Medicine.

Sallie-Harrison Chapter To Meet Friday Afternoon

The Sallie-Harrison Chapter of the Daughters of the American Revolution will meet Friday afternoon at 3 at the home of Mrs. George Bishop, 1918 Hillside Court. The program will include a report on the Continental Congress which was held in Washington, D. C. last month. Awards will be presented to the girls from the three high schools in the county for their winning essays on "DAR Good Citizens." All visiting daughters are invited to attend. Mrs. Dean Turner and Mrs. M. S. Wiggins will serve as co-hostesses.

TEL Class Holds Meeting In Chapel

The T.E.L. Class of the First Baptist Church met in the chapel Thursday for its regular business and social meeting. Mrs. E. M. Carroll presided over the session which began with a prayer by Mrs. F. E. Gatchel. The devotion was presided by Mrs. Vashli Tucker. After routine reports were heard Mrs. S. L. Price gave the benediction and refreshments were served. Mrs. J. A. Cunningham and group served as hostesses. Attending were: Mrs. C. E. Benton, Mrs. Martha Marshall, Mrs. W. B. Stovall, Mrs. A. K. Bonstetter, Mrs. Eileen Vickery, Mrs. W. L. Whiddon, Mrs. J. A. Benson, Mrs. Lois McCreada, Miss Marie Stewart, Miss Isabell Elm-

TALKING OVER PLANS Friday evening at the May Dance held at the USO are left to right: Mrs. Selwyn O'Neill, local director of the USO from Cocoa; Mrs. E. C. Kuhn, Staff Aid in charge for Sanford, and Miss Dorothy Finley, executive director of defense services of the USO-WCA from New York City. (Staff Photo)

CALENDAR OF EVENTS

TUESDAY
The Gleaners Class of the First Baptist Church will hold its regular monthly meeting at the home of Mrs. H. H. Newman, 1214 Oak Ave. at 8 p.m. with Mrs. I. L. Dampier as co-hostess. The Deacons of the First Presbyterian Church will meet in the Session Room at 7:45 p.m.

Ball-Driggers Exchange Vows Saturday

In a ceremony performed Saturday afternoon at 4, Miss Catherine Laura Ball became the bride of Jay D. Driggers at the home of the bride, 2501 Elm Ave.
Miss Ball was attended by her aunt, Miss Alice Dayton. Roy Kelly, brother-in-law of the groom served as bestman.
Dr. J. Bernard Roet, pastor of the Christian Congregational Church officiated before a lovely altar-effect arrangement of white chrysanthemums, gladiolus and fern.
Traditional wedding music was sung by Miss Lynette Driggers, daughter of the groom.
Miss Ball is a member of the faculty of the Sanford Grammar School and Mr. Driggers is employed by the Atlantic Coast Line as engineer.

Mrs. Edward Cox, president of the Anna Miller Circle crowns the brides and Queens of May at the dance Saturday night at the Elks Lodge. Left to right are: Mrs. W. B. Frank, Mrs. Roy Green, Exalted Past Ruler, Guy Allen, Exalted Ruler and Mrs. Guy Allen, Mrs. Edward Cox and Mrs. Harry Kent. (Photo by Hergstrom)

WAITING THEIR TURN at last night's chicken barbecue at Rock Springs are members of the Salls Staff, left to right: Nan Cushing, Juanita Wynn, Dottie Metts, Gail Smith, Betty Carpenter, Mrs. Jameson and Bill Dracken. (Photo by Jameson Studio)

French Don Americanism Says Survey

By William Mahoney
United Press Staff Correspondent
PARIS UP—Suppose "le piknik" you planned for "le weekend" was washed out by the weather—what could you do to shake "less blues"?
Easy. You could go to "le snackbar," drink a "coca" and play "less hits" pinball machines. Or there is always "the strip-tease" and "less sexy" movie.
France has given the United States explorers, missionaries, help in the Revolution, painting, music, high fashion and, if you care, six-day bicycle races.
But the traffic is not all one-way. In fact, the impact of Americanism on the French language and way of life has reached the point where resolute nationalists and "snoot" purists are wailing openly.
They prefer the leisurely two-hour lunch to the self-service lunch. Debussy to rock 'n' roll; a quiet cafe chat over period to shouts above the clang of pinball machines, the blast of juke boxes and the tinkle of bourbon and scotch on the rocks.
But the wave of "Americanization" rolls on, nowhere near its crest.
Patton Started It
It began with World War II when Gen. George Patton's army wheeled across occupied France. Today jeans pull French farm implements, children on beaches paddle surplus life rafts, motorcyclists don surplus "battledress," French Jews munch "Hollywood chewing gum," and under

Bon Voyage Fetes Mrs. B. Thornton Saturday Evening

Mrs. Beulah Thornton left Sunday morning by plane for New York where she will sail aboard the Queen Mary for a three month tour of Europe. The touring party are will join in New York plans to visit all European countries including Russia.
Mrs. Thornton was honored at a neighborhood Bon Voyage party Saturday afternoon given by Mrs. Jay Beck. After dinner was served the honoree was presented with a parting gift to be opened aboard the ship.
Those present were: Mrs. Alice Schell of Indian River City, Mr. George E. Ewan, Mrs. R. C. Maxwell, Mrs. Lois Davis, Mrs. Bertha Rhodes of Lake Mary, Mrs. R. Bert Whitney and Mrs. Edwin Epstein.
of opinion and the terse headline style.
But some Americanisms do not translate easily. It took Arta a whole paragraph to explain what the New York Daily Mirror meant by the headline "Fore!" an announcing that President Eisenhower would run again.

French Don Americanism Says Survey

Basketball became one of France's most popular games, and boxing received a shot in the arm from American interest. Wrestling, called "catch" in French, caught on too although it's considered only entertainment.
Yesterday's brasserie has become today's "snack bar" or white and chrome "Self service," and both are crowded at noon with transatlantic Frenchmen who gulp down their lunches in 20 minutes in order to have 20 minutes free for shopping and errands.
Buy on Credit
Installation buying and mass production have revolutionized the consumer market. Frenchmen spent 345 million dollars on household appliances last year, compared to 194 million two years before.
The French paper Arta, recently noted that French newspapers were getting more American every day. Comic strips and gossip about movie stars have become popular. American news agencies furnish half the basic news printed in French papers, Arta reported. Newspapers have adopted "less Gallop"—the poling

Anna Miller Circle Sponsored May Dance Saturday Evening

The Anna Miller Circle, Auxiliary of the local Elks Lodge, number 1241 sponsored a dance Saturday evening in the club room in honor of the past exalted ruler, Roy Green and Mrs. Green and the present exalted ruler, Guy Allen and Mrs. Allen.
The lodge club rooms were gaily decorated in purple and white and provided an appropriate setting for the evening of dancing with music by Sidney Vahlin's Orchestra.
The crowning of Mr. and Mrs. Green and Mr. and Mrs. Allen as Kings and Queens of May was the highlight of the evening. Mrs. Edward Cox, president of the circle assisted by Mrs. Harry Kent, second vice president and Mrs. W. E. Pratt, treasurer, performed the impressive ceremony which was followed by a grand march.
Sated with the honored guests were the past and present officers and wives of the lodge. Formal arrangements of orchid pom-poms and white carnations were in keeping with the color theme and with the organizations colors.
Chairman of arrangements committee for the evening was, Mrs. Harry Kent. Committee members included: Mrs. Harry Adair, Mrs. Charles Stafford, Mrs. Claude Michael, Mrs. W. E. Pratt, Mrs. Roy Chorpentine, Mrs. Clarence Collins, Mrs. Doc Bennett and Mrs. Maurio Moses.

H. Jameson Honors Year Book Staff With Barbecue

Mr. and Mrs. Henry Jameson honored their son, Gene, and the year book staff of Seminole High School with a chicken barbecue yesterday afternoon at Rock Springs. After "stuffing" themselves on chicken with all the trimmings, most of the youngsters enjoyed a "cool" dip in the springs.
Enjoying the afternoon were: Betty Carpenter, Gail Smith, Juanita Winn, Iris Causey, Kay Jenkins, Shirley Higgins, Henry Cason, Russell Benton, Nancy Cason, Nan Cushing, Betts Abby, Dottie Metts, Let Jackson, Mr. and Mrs. Andrew Brackon, Ivy Drew, and Laura, Mrs. Sadie Williams, Mr. and Mrs. W. R. Furt, and Miss Rebecca Stevens.

Seminole Dump Favored Lakeview 3-2; Play Best Game Of Season

SHS Track Team To Enter State Meet Saturday

Seminole High School athletic director Fred Ganas revealed last night that for the first time in the history of the school members of the track team would participate in the State Meet to be held in Gainesville next Saturday.

Five men from the Seminole team, representing the Sprint Medley Relay and the 400 yard will write a new record in the SHS books as they came in second and third in last Saturday's group meet in Gainesville.

Mike Tammy, from a field of 22 participants in the group meet last week, rolled to a new school record in the 400 yard run as he finished third in 54.8 seconds.

Phil Byrd, Don Mathieu, Murray Nance, and Dickie Rountree gained their berth in the State Meet by virtue of rambling to a second place in the Group Meet.

Indians Beat 1st Place Senators 7-4

By Raymond Morris CASSELLHERRY — The South Seminole Indians defeated first place Longwood Senators, 7 to 4, in a Little League game played here last night.

In scoring his first win of the season, pitcher Gary Judy struck out 7 Longwood batters, supported by Gene Gillfin behind the plate.

The Indians were trailing 4 to 0 at the end of the fourth inning, when they went on a batting spree which included three doubles.

The Indians have won three games in five starts, and were scheduled to play Altamonte Springs Sat. afternoon at 2 P.M.

In 1956, there were 390 persons killed in the U.S. crossing an intersection with a signal. Twenty were killed on safety lanes.

The Sanford Seminoles rose to the call last night and played their best baseball game of the season as they dumped highly touted Lakeview of Winter Garden in a close 3-2 showing before a small turnout.

Lakeview, the team that was supposed to be the best in the Orange Belt Conference in the second half of the schedule, after dumping OHS champions Winter Park fell prey to a three run inning in the first inning at the hands of the Seminoles and L. C. Smith's four hit pitching performance led all the way.

Besides striking out seven opponents for the evening's efforts, Smith pulled off two double plays that went a long way toward saving the game. In the fifth inning and again in the seventh his excellent delivery form allowed him to sprawl out on the given between the mound and the plate to snare in short pop ups and then throw men out before they could bag the bases.

Baseball mentor Dave Laude praised the efforts of his charges and predicted a fine showing this afternoon when the Seminoles travel to Winter Park for an afternoon game with the Wildcats, this year's OHS champs.

"We will not attempt to schedule the other games that have been cancelled," Laude said. "We would have liked to play Cocoa but we can't fit them into our schedule with the sub-group tournaments coming up this week and spring training football starting next week."

The Seminoles put their polish on display through the game and fulfilled Laude's prediction that they could be the best team in the OHS as soon as the team got confidence. The team played errorless ball with the exception of one double play effort that was muffed.

Right fielder Cecil Dandridge was the leading hitter for the night as he tapped out two hits in

Championship Play This Weekend; FS To Seek 6th Title

TALLAHASSEE, (special) — Florida State University's gymnasts will seek their sixth national title this weekend, at the annual NAAU championships in Chicago.

Coach Hartley Price's gymnasts have won the NCAA meet twice in 1951 and 1952, and have won the NAAU three times, in 1951, 1952, and 1955.

Price will take his top gymnasts, including NAAU free exercise champion Chick Cleo, in hopes of keeping up his string of winning the event in the odd years.

Other Seminoles who will compete include Jack Miles, member of the 1954 U. S. Olympic team, Don Holder, 1952 U.S. Olympic team member, and Rafael Lecona, three times a member of the Cuban Olympic team.

Also on hand are Jamie Ashmore, former NCAA free exercise champ, Ronnie Amster, former NCAA high bar champ, Laird Anderson, Larry Bestman, Joe Taylor, captain Bob Murray, Fernando Lecona, member of the 1948 Cuban Olympic team, Don Preisler, Roger Webb, Joe Guise and freshman Larry Malmelin.

Malmelin, a native of Sweden, could be FSU's dark horse according to Price. "He's an outstanding gymnast and should do a fine job for us," says Price.

He was a member of the 1952 Swedish Olympic team, and earlier this year upset NAAU champion Cleo in his specialty, the free exercise, during the NATIONAL GYM CLINIC at Sarasota.

Mills, Holder, R. Lecona, Cleo and Malmelin all will try for the all-around individual title in the meet's 11 events.

The gymnasts are unbeaten in dual competition thus far this year, their record marred only by a tie with Georgia Tech, who they later defeated easily.

Long will send Davis, Charlie Watson, Tenney Brown and Tammy Chivers in the low hurdles and Brown, Watson and Chivers in the high. The mile relay team will likely have Segner, Ruff, Elliot and Terwilliger on it.

Bill Musselman and Rob McDonald will enter the shot put, Harvey Hall and McDonald the discus and Davis, Brown, Bobby Bryan and McDonald the broad jump.

Jerry Henderson, Jimmy Harrell and Mike Guetera in the javelin, Loyd Lasson, Brown and McDonald in the high jump and Richard Elwood and Warren Strickland in the pole vault complete the Tribe entries.

Three official times at bat. Johnny Yeackie, Doyle Corley, Ronnie Russi, Eddie Barbour and Claude Hittell each got in on a hit.

FSU Seeks 3rd Win Thursday Against UofM

TALLAHASSEE, (special) — Florida State University's tracksters will seek their third victory of the season against the University of Miami Thursday, then go after a revenge win over Florida in the Florida AAU Saturday in Miami.

Seminole coach Mike Long predicts that the upcoming AAU's "should be as close as our last meeting with Florida." The Gators won the last one here, 61-64.

Florida is also the defending champion in the AAU, winning the meet in a walkaway in Tallahassee last year. The Seminoles won it in 1955, at Gainesville.

Long will enter 29 men, including four freshmen and two other men who will enter as the Florida Athletic Club. One of the two is quarter-mile Jim Gaston, who holds the school 400 mark of 1:24.

Only man likely to be missing from the Seminoles' lineup is sophomore pole vaulter Don Ayres, recently released from the infirmary after treatment for a tonsil infection.

High point man Jack Terwilliger will enter the 1000 yard run, the anchor of the mile relay team. Sophomore Maurice Kennedy will also run in the 220.

Captain Joe Davis and Junior Buddy Elliot will run in the 440, while school record holder Ken Segner and soph Doyle Ruff will enter the 800. Segner set the school standard of 1:57.6 in the recent meet with Georgia and Georgia Tech.

Distance specialist Mike Conley, holder of the school marks in both the mile and the two mile, will run in both events. Pete Frasehetti will also run in the mile.

Long will send Davis, Charlie Watson, Tenney Brown and Tammy Chivers in the low hurdles and Brown, Watson and Chivers in the high. The mile relay team will likely have Segner, Ruff, Elliot and Terwilliger on it.

Bill Musselman and Rob McDonald will enter the shot put, Harvey Hall and McDonald the discus and Davis, Brown, Bobby Bryan and McDonald the broad jump.

Jerry Henderson, Jimmy Harrell and Mike Guetera in the javelin, Loyd Lasson, Brown and McDonald in the high jump and Richard Elwood and Warren Strickland in the pole vault complete the Tribe entries.

Tigers Barely Slip By Giants To Win Rotary Game 5-4

The Tigers again had one of their last inning lapses and barely squeaked through to a 5 to 4 win over the Giants last night in the Rotary club league.

Roberts, Marsh and Adams crossed home base to give the Tigers a three run lead over their opponents in the opening turn at bat. In the third Marsh and Lundquist racked up two more. Meanwhile, only 10 Giants had faced Lundquist in the first three innings.

Sanford needs semi-pro baseball; it is the only hopes of keeping Sanford as a possible Florida State League Class D city alive. In the area the possibility of rolling through the plans for semi-pro games on Sunday afternoons carry devastating ramifications.

Nothing in the spectator sports field in this section would be more good than to have this fine team, probably the strongest in the Central Florida Semi-Pro League, give the people of our city more enjoyment on Sunday afternoons.

We lost FSU, Class D baseball this season; let's lose this fine semi-pro team. Let's go to the ball game, and let's keep our Sanford Semi-Pro.

Play Starts Thursday In Memorial Stadium

Seminole High School principal Andrew J. Bracken called on the people of Sanford for solid support of the coming sub-group tournaments to be held in Memorial Stadium this Thursday, Friday and Saturday.

"We urge the many fine people who have made our athletic program such a success to be sure and give their support for the final week of athletics on the regular playing field this school year," Bracken said.

Explaining that the sub-group tournaments were to be held here because of the wonderful support behind all athletics this year, Bracken said that tickets were on sale for one dollar that would entitle the purchaser to attend all five games of the tournament.

Fred Ganas, SHS athletic director, said that the very small price was so that the tournament would attract a large gathering. "If we get good support on this endeavor and we have a lot of people attending we will set our sights on more of the same next year," he said. "More than anything else now, we want people to come out to watch the games in progress after, of course, they buy their tournament tickets."

Ganas said that the ticket sales were centered around getting the Sanford people the best baseball in the area for the price of only two night games.

"This could turn into a nice showing for Sanford," Ganas declared, "and it could mean that our wonderful facilities could attract bigger and better tournaments with time." Ganas warned, however, that such would be possible only if the people supported the enterprise.

Ganas revealed that the local high school had agreed to bear the burden of all expenses for the sub-group tournament in order to get it in Sanford's Memorial Stadium.

Last week baseball mentor Dave Laude gave assuring reports that his charges would be in top stride by the time for the sub-group play. "Last night was a good example of the good brand of baseball that the boys are capable of," he remarked. "We got into

Regatta Films Will Be Shown At Club Meet Thursday

A. W. Woodall, Commodore of the Sanford Boat and Ski Club, announced this morning that at the regular meeting of the organization Thursday night the films of the first annual Sanford Outboard Regatta, edited, would be shown.

Woodall extended an invitation to all who would wish to see the showing of the film.

The meeting will be held in the club house in Fort Mellon Park beginning at 8 p.m.

For your GENERAL ELECTRIC

Too Late To Classify

By Russell Kay
If you visit Cuba, don't be content with a short stay in Havana. As delightful and interesting as the city may be it is still not Cuba anymore than Miami is Florida. To really know our Latin neighbor you should take a trip into the interior where you will find scenery unsurpassed and learn first hand of the industry and activity that makes the country tick.

Sugar production is the leading agricultural industry with thousands of acres planted to this crop and a large percentage of the population depending on it for their livelihood. Giant sugar mills

are scattered over the island. Some welcome visitors. Vegetables are grown in many areas as well as fruits and melons. The small independent Cuban farmer cannot afford modern equipment. Tilling the soil with oxen is a common sight. Ox-carts are encountered on rural roads just as we used to see them on some Florida roads a few years ago. Large farming operations are carried on in some sections by corporations employing the latest methods and equipment.

President Batista is trying to improve conditions of the small farmer. He has inaugurated a building program to provide modest homes for rural people to replace the native thatched huts and these new homes are available for a small down payment and the balance on easy terms.

Rains are frequent at this time of year and are quite similar to the summer showers we are so familiar with in Florida. During our two day tour we encountered intermittent showers and sunshine, that kept the temperature pleasantly cool and comfortable.

The interior towns and villages are quaint and colorful. I was particularly impressed with the city of Mantanzas. It is an old city, typically old world, pocketed between rolling green hills and lying on a beautiful bay.

Our party of five hired a limousine and chauffeur and we were fortunate in securing Pancho Rodriguez, brother of the local manager of the Farr Tours, Reinaldo Rodriguez. Not only was he an excellent driver but he spoke very good English, had a delightful sense of humor and saw to it that we saw there was to see along the route.

Our stop for the night was at beautiful Varadero Beach where we were guests at the modern swank Varadero hotel. Accommodations were excellent and we thoroughly enjoyed our stay in this splendid modern resort community. Most clubs and hotels have game rooms where you may engage in gambling to suit your taste. Slot machines, commonly known to us as one-armed bandits were everywhere in evidence. Cuban lottery tickets are available most everywhere and much of the country's revenue is derived from its cut on gambling.

Divided five ways our trip was not at all costly. Our seven passenger Cadillac and driver, including hotel rooms at the beach for the two day trip cost only about \$25 per person.

We found a certain amount of tension both in Havana and the interior. Politics was a subject folks just don't talk about. Otherwise they were glad to answer our questions. The Cubans are a gentle, peace-loving friendly people. They feel that they are making progress under their present government and for the most part deplore the political disturbances that hurt business and bring discredit to the country.

A trip to Cuba is well worth while and if you stay long enough to get around the island and interior before returning home you will find it a most enjoyable experience. Some day I hope to return and explore areas that time did not permit me to visit this trip.

The nation's 537,062 oil wells turn out 6,807,000 barrels of oil each day—an average of 126 barrels per well.

SHORTLY BEFORE it toppled into Loyolhanna Creek, an auto hangs precariously from the beam of a collapsed bridge at Salisbury, Pa. The driver, Ed Fennell, of Fenneltown, Pa., escaped with minor injuries when heavy traffic weakened span causing it to give way.

THE U.S. 6TH FLEET was moving to the Eastern Mediterranean (1) as Washington sources declared that "international Communism" threatens the "independence and integrity" of Jordan (2). There, young King Hussein struggled to preserve his government against a leftist-led revolt. He has declared martial law, imposed a strict curfew and given loyal legionnaires full police power. Troops from Iraq (3) where Hussein's cousin, King Feisal II, rules, and from Saudi Arabia (4) have reportedly taken up positions protecting Jordan from Syrian attacks. Meanwhile, Syrian President Shukri Al-Kuwatly flew to Cairo (5) with his army chief of staff and others to confer with Egyptian President Nasser. (Central Press)

J. Luxen Named Church Youth Council Moderator

It was revealed today that Miss Janice Luxen was elected moderator of the St. John's Presbyterian Youth Council of the Presbyterian Church, U. S. Sunday afternoon at the spring rally held at Camp Ithiel.

Lane Warner was appointed chairman of the commission on Christian faith.

Approximately 14 attended from the First Presbyterian Church here.

DANGEROUS LITERATURE

NEW YORK — A Greenwich Village couple who received an eviction notice because the weight of their library of 1,000 books constituted a safety hazard plan to move today.

McCarthy

(Continued From Page One)
body's toes," he said. "I came here with the idea of doing a survey and see what the needs would be."

McCarthy explained that it was his feeling, no matter what the size of a community, there is always the need of a full time recreation program. However, he pointed out, one man is not sufficient to operate it. Any community leadership is the problem and "you don't get it cheap."

In a question and answer portion of McCarthy's visit and talk with the Childrens Committee he pointed out that participation in a program depended on the leadership and the type of community. He estimated participation at from 10 to 20 per cent.

To a question "What about children that need to be reached," he said, "There again it depends on your leadership. Our problem is getting to those children and it takes time. We have to make our programs so attractive they want to become a part of it."

"What do you do about transportation?" was asked.

"I just can't give you an answer to that," McCarthy said. "School centers may be the answer—take the program to them." There are some, he said, who say the recreation program won't work in the school, but I know better.

"The main thing is a long range recreation program. It takes cooperation and coordination," he said.

McCarthy explained the duties of a Recreation Superintendent and the cost to the community pointing out that two-thirds of the total budget should be for leadership and the balance for equipment and maintenance.

City Manager Warren E. Knowles told the committee that the City of Sanford is now spending about \$18,000 annually for recreation.

Our main trouble is the lack of public interest," he said.

Knowles, at the request of Childrens Committee members, outlined the construction of the new Sanford Civic Center and its usage. "It is breathtaking in design and utilitarian. It is unique and unusual," he said, "and will bring comments from all over."

Herold Heckenbach presided at yesterday's meeting.

Church Reveals 'Family Night' Supper This Week

The First Presbyterian Church has announced a "Family Night" supper and recreation program at the church Wednesday and Thursday nights of this week at 7 o'clock.

Families with names beginning with A through J are asked to come Wednesday night, while those starting with K through Z are requested to come Thursday night.

Each family is to bring a covered dish. It was announced that a nursery will be provided.

LONG ARM OF LAW

TAMPA — Police were issued open-collar summer uniforms today but they didn't have short sleeves. Officers said short sleeves were banned because some citizens objected to some of the tattoos on some of the policemen's arms.

THEODORE POSPIECH Aviation Structural Mechanic Second Class of Heavy Attack Squadron Eleven, has reenlisted in the Navy for six years. Pospiech reported to the Squadron seven days ago and was stationed at NAS, Pensacola, before reporting to Eleven. Cdr. J. H. Bear, Commanding Officer of Heavy Attack Squadron Eleven, in congratulating Pospiech said "... it was a pleasure to reenlist a young man with ability and a character such as yours" and welcomed Pospiech aboard. Mr. and Mrs. Pospiech plan to reside in the Sanford area. (Official Photo, U. S. Navy)

Committee

80 million dollars. And Collins insisted that any bill include some provision for "merit" raises.

The teacher pay raise problem was uppermost in everyone's mind as the two houses went into session, facing jammed calendars and working against time to avoid a special session warning issued by Collins Monday night.

House Stands Fast
The House formally refused to recede from its amendments to the Senate's \$75 million dollar general appropriation bill, to pave the way for a joint conference committee.

The House also refused to recede from its amendments to the "quickie" divorce bill to provide a "cooling off" period before a divorce decree becomes final and temporarily delayed action on drastic Senate amendments to a bill designed to curb the practice of naturopathy.

County To Put Up 11 Court House Area Lots For Public Sale

COL. PAUL D. TROXLER

COL. ELMER E. KIRKPATRICK

Troxler To Succeed Col. Kirkpatrick

Colonel Paul D. Troxler will become District Engineer of the Corps of Engineers at Jacksonville about the middle of June, the Department of the Army announced today.

He will succeed Colonel Elmer E. Kirkpatrick Jr., Jacksonville District Engineer for the past two years, who has been reassigned to the Mediterranean Division of the Corps of Engineers and will be stationed at Leghorn, Italy.

Colonel Troxler has been serving in the Office of the Chief of Engineers for the past three years where he has been Assistant to

John Riley Dies In New Orleans

John Riley, 77, passed away at the home of his sister, Mrs. John E. Morehiser, in New Orleans, La. Monday afternoon following a lengthy illness.

Mr. Riley was born July 26, 1880, in New Orleans, La., and had lived in Longwood for the past 30 years. He had been in New Orleans since December.

He was a member of the All Souls Catholic Church of Sanford. He was superintendent and caretaker of the Sanford-Orlando Kennel Club.

Mr. Riley was the husband of the late Kate E. Riley.

Survivors are three sisters, Mrs. Walter J. Reed, Miss Rose Riley, and Mrs. John E. Morehiser, all of New Orleans and several nieces and nephews.

Funeral services will be held at 8 a.m. Thursday at the All Souls Catholic Church with Fr. Richard Lyons officiating.

Burial will be in Oaklawn Memorial Park.

Brisson Funeral Home is in charge.

Eleven lots of the Seminole Court House area, at the corner of Park Ave. and Seminole Blvd. will be put up for public sale with a minimum price of \$35,000, according to action taken at yesterday afternoon's session of the Seminole County Board of Commissioners.

The lots are reportedly being considered by the Florida State Bank of Sanford for a new site for their banking facilities.

Volle A. Williams Jr., attorney for the Florida State Bank, asked the board of commissioners yesterday to "Establish a base price on property on Park Ave."

Clifford McKibbin, speaking for a group of merchants in the downtown Sanford area, asked that the property being considered be placed on public sale. "Banks and courthouses and county seats all go together," he said, "and if it were turned into a productive enterprise we would all make more out of it."

A 150 foot area between the present Court House and the area to be sold has been reserved for expansion of the present county facilities.

McKibbin also asked that "a stipulation for a certain class of type of building be placed upon the sale along with a date for completion."

Commissioner John Krider stated "I feel like this, in my political career which has been pretty stormy, my policy has been to get as much out of vacant land as possible. A productive piece of land should not lie idle."

Immediately Krider made a motion before the commission "That we offer this land for sale at \$35,000 minimum price and get it on the tax roll."

Commissioner Lawrence Swafford seconded the motion which was unanimously approved by the board.

However, commissioners also agreed that the minimum cost of a building erected on the property should be \$100,000. Plans must be drawn by an AIA architect, start of construction must be within 12 months and completion of the building within 24 months. Commissioners also reserved the right to approve such plans proposed for a building erected on the property.

Bids will be accepted on the 11 lots at the June 4 meeting of the Board of County Commissioners.

'Miracle Drugs' Have Tuberculosis On Run In State

The "miracle drugs" have tuberculosis on the run in Florida. The successful use of antibiotics in the treatment of tuberculosis has resulted in an 81 percent drop in death rates during the past 10 years. Tuberculosis deaths in Florida totaled only 244 in 1956, to show a rate of 6.3 per 100,000 population, lowest for any southeastern state, and well below the national average of approximately nine per 100,000.

However, statewide, according to the monthly statistical report of the Florida State Board of Health for January-February of this year, there were 52 deaths from tuberculosis compared to the 50 for the comparable period last year.

There were no deaths reported in Seminole County from tuberculosis in the January-February reporting period.

Elsewhere in the report, there were 52 marriages in Seminole County, 28 divorces and annulments, 160 births, and 117 deaths. Heart disease continues to be the top killer in Seminole County with 25 deaths reported in the two-month period, cancer claimed 14 deaths, cerebral vascular disease 11, influenza five, accidents five, two deaths from motor vehicle accidents, all other CVR disease three, and diabetes one.

Majorette Corps In State Contest

Twelve beautiful girls of the Seminole High School Majorette Corps under the direction of petite and talented Carol Nutt will parade and twirl in state competition Saturday morning in the sands for honors from the Florida Handmaiden's Association. This is the second year the corps has entered the State Contest and they have been recognized as one of the finest corps in Central Florida. Just recently they were asked to present a special performance before the Orlando Twirling Club and they have received special recognition in the many parades in which they performed with the land. Tuesday morning the group entertained the high school assembly with their concert routine and several special numbers, all of which has taken much of their time practicing before, during and after school.

Included in the corps are head majorette Carol Nutt, Mary Grace Hobbs, Pat Harrington, Ann Davis, June Jennings, Dottie Williams, Nancy Richards, Betty Lynn Selvidge, Linda Smith, Dolores Jones, Eric Kratzer and Judy Herrer.

Capt. R. W. Jackson Announces Tour At NAS Sanford Ends

Captain Robert W. Jackson, Commanding Officer of the Sanford Naval Air Station, today announced that his tour of duty at NAS Sanford will end sometime in July.

Captain Jackson said today at noon "My order to the staff of the Supreme Allied Commander, Atlantic Fleet, were issued Wednesday."

Orders for the new commanding officer have not been released, but should be forthcoming shortly, said Captain Jackson in the "plan of the day" issued this morning at the Sanford Naval Air Station. Captain Jackson told all station personnel, military and civilian, of the new orders this morning.

He said "I regretfully announce that my tour of duty at NAS, Sanford must soon end."

"A sense of privilege and pride motivates this announcement from your Skipper to All Hands," he said.

Prison Officials Are Investigating Four-Hour Riot

BISMARCK, N. D. — Prison officials today began an investigation into a four-hour riot of 200 rebellious convicts which was broken up by a flying wedge of prison guards who charged the mob with gas blasting.

Three guards were wounded in the charge, but four other guards were released from parts of the North Dakota State Penitentiary where they had been trapped.

The convicts seized complete control of the penitentiary about mid-morning Tuesday, and only lost control in the rush of guards firing rifles and tear gas shells into the air.

Warden O. J. Nygaard said he had a "pretty good idea" that 10 convicts were responsible for the riot, but he did not identify them.

May Make Two TV Talks

WASHINGTON — President Eisenhower told a news conference today that he may make two television appearances soon in support of his budget, which is encountering trouble in Congress.

The President told reporters he had worked for a long time on an address to the people, but found there were so many subjects to be covered that he doubted one speech would accomplish his purpose.

He used his news conference to make another vigorous stand in behalf of his budget, asserting that truly big cuts could not be made until this country was certain that the foreign situation had eased very greatly.

He said he anticipates the eventual resignation of Treasury Secretary George M. Humphrey but said there were no differences between them on financial policy. Quite firmly, Eisenhower said the monetary policy of this country is strictly his own.

He disclosed that a letter in which Humphrey spoke of the possibility of a major depression under certain financial conditions in the government was prepared jointly by the secretary and the President.

Disarmament Hopes
Eisenhower thought the Russian compromise aerial inspection plan submitted at the current London disarmament talks would require earnest study, but did demonstrate that more honest, hard work was being done by the current conference than in previous meetings. If a fool-proof international inspection system were agreed on, the U.S. would only need top production of nuclear weapons, he said.

In the realm of foreign affairs, the President said the Soviet Union has not suggested another summit meeting.

He emphasized that the United States will continue to develop plans coordinated with its allies to use nuclear weapons, if necessary. Moscow's string of threats against allied nations do not enter into American development of plans to preserve free world security and deter war.

Governor Collins, in his proclamation said "The observance of such a day by the various elements of defense will serve the double purpose of strengthening our belief in the doctrine of 'Power for Peace', and at the same time serve notice on our enemies that the United States will not again be caught unprepared for the challenge of the aggressor."

The Governor calls "Upon our people to join in the great demonstration of national strength through the elements of our armed forces which are at present in our several communities, and I call upon the Florida National Guard to make common cause with the Air Force, the Army, the Navy, the Marines, the Coast Guard and the reserve units of each, in making Armed Forces Day a tribute to the protectors and defenders of our nation."

Blood Donor Appeal At Presbyterian Church Tomorrow

The Elk's Club Blood Bank, originally scheduled for tomorrow afternoon has been postponed, said Ralph Wight, chairman of the Elk's Club Blood Bank Committee.

"We urge everyone to participate in the United Church Blood Donor appeal at the First Presbyterian Church," he said.

The second United Church Blood Donor appeal, sponsored by the Seminole County Ministerial Association is scheduled to get underway tomorrow at noon and continue through 4 p.m.

Central Florida Blood Bank technicians will be on hand to receive blood from donors, a spokesman for the Ministerial Association said today. He said "through the Central Florida Blood Bank system you can bank blood just like you bank your money, and as you give here withdrawals can be made in any other section of the country."

Refreshments will be served the donors by a group of ladies representing several Sanford churches.

Donors, said the spokesman, can give the credit to the church of their choice and as donors arrive they will be asked what church the credit should go to.

"Individual accounts will be established, too," he said.

The last United Church Blood Appeal was very successful, the Seminole County Ministerial Association spokesman said this morning.

Mental Health
Drive Continues

"The Mental Health CAN Come Back! Help Them! by sending in your contribution now!" urges Mrs. B. E. Chapman, chairman of the "Mental Health" which is sponsored by the local Pilot Club. George Tushy serves as president of the Mental Health Association of Seminole County.

Locally, mental health authorities are following prescribed procedures and are anticipating securing the services of a full time worker "but the success of the program," stated Mrs. Chapman, "depends on the amount of funds collected in the campaign."

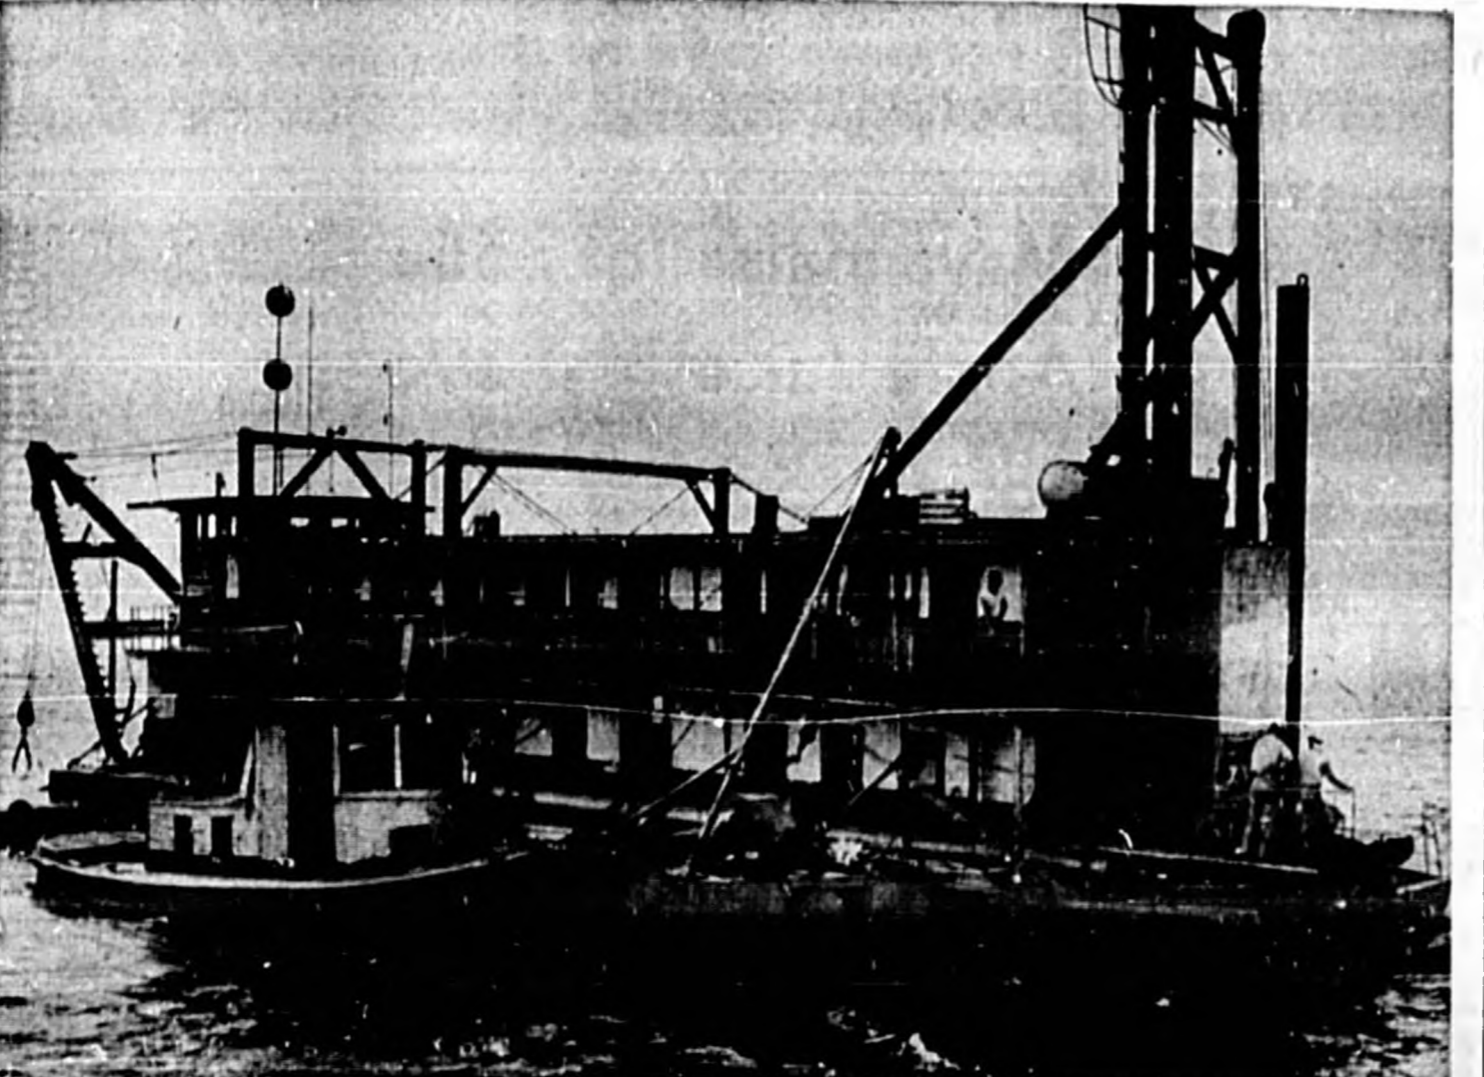

An additional list of contributors follows:

Mrs. J. D. Callahan, Mrs. W. D. Chisholm, Mr. and Mrs. W. C. Nagel, Mrs. D. M. Ladd, Mrs. Martin J. Bram, Joseph S. Salawa, Orange City, Louis G. Sell, Osteen Garretts, Thrifty Service Station, M. C. Ginder, Mr. and Mrs. C. C. Priest, S. J. Brooks, Mrs. C. L. Redding, Mrs. J. Hall, Mrs. Floyd Palmer, Byron A. Odell.

Florence M. Haynes, Mr. and Mrs. T. J. Judd, Mr. and Mrs. Howard Faville, Annie McArthur, Mabel A. Reed, Allean Hanson, Mrs. B. E. Whitner Sr., Holly-

Armed Forces Day Parade Planned

Plans are being completed for Sanford's Armed Forces Day, Saturday May 18, Joel Field, Armed Forces Day General Chairman, said today.

A gigantic parade, expected to surpass all others which have been held here, will be staged said Postmaster Field who was appointed to head the committee by the Armed Forces Committee of the Seminole County Chamber of Commerce.

The parade, currently planned to begin at 10 a.m., will include hundreds of Sanford citizens as well as boys and girls representing many of the community's youth organizations.

Veterans organizations will take a prominent part in the parade this year, it was revealed.

Also represented in the parade will be the Sanford Naval Air Station which will this year increase the number of units participating in the gigantic Saturday morning showing.

The Sanford Unit of the Florida National Guard, Co. B, 15th Armored Infantry Battalion will have open house as well as having on display in Fort Mellon Park a Bell helicopter which is used for reconnaissance as rescue work.

It is expected that "open house" will be observed aboard the Sanford Naval Air Station following a "flyover" at the start of the parade by one of the new AD3 Sky Warriors.

Sanford Civic clubs will hold a joint meeting aboard the Sanford Naval Air Station on Wed. May 15, immediately prior to the Armed Forces Day celebration, as guests of Captain Robert W. Jackson.

Governor LeRoy Collins has proclaimed Saturday, May 18, as Armed Forces Day throughout the State of Florida.

County Sales Tax Collection Increase Revealed In Report

The upturn in retail sales in Seminole County is reflected in the current report made by Ray E. Green, State Comptroller, on sales tax collections based on sales made during the month of March, 1957.

More than a 10 per cent increase is shown in the sales tax collections compared with the same period one year ago. The report also shows more than a 20 per cent increase in the retail sales tax over the previous month.

Sales tax collections for April 1957, based on March sales, totaled \$38,574.59 while the previous month's collections reported by the State Comptroller came to \$28,838.48. Collections for April, 1956 were \$31,071.82.

Florida sales tax collections during April, based on March sales, totaled \$10,416,019, an increase of \$1,201,787 (13.04 per cent) over the \$9,214,231 collection.
