CHICAGO, Apr. 24. (AP)—The Boston Braves rans up on Big Bill Lee for four runs in the fourth inning Tuesday to defeat the Chicago Cubs, 6 to 3, on a total of 12 hits against three pitchers.

The Braves made 10 of their 12 hits off Lee, four of which came in the fourth inning when Lee tossed in two walks to start the Boston cause. One other Boston hit was a homer in the ninth by Tommy Holmes, rookie outfielder. Froilan Fernandez, rookie third baseman, paced the Braves' attack with a double and three singles.

### Dodgers Hit Riddle To Lick Cincinnati

CINCINNATI, Apr. 24. (AP)—The Brooklyn Dodgers showed their wrath to the West yesterday for the first time this season and routed Elmer Riddle in less than two innings to beat the Cincinnati Reds 7 to 2.

All of Cincinnati's runs came off Whitlow Wyatt in the first inning on Frank McCormick's double with the bases loaded and although they were unearned they convinced both Wyatt and Manager Leo Durocher that the Dodgers were not yet in shape and he retired for a pinch-hitter in the second stanza.

### Auker Beats Ruffing As St. Louis Wins

NEW YORK, Apr. 24. (AP)—The St. Louis Browns bounced off the floor of a nine-game losing streak yesterday to trip the world champion New York Yankees 3 to 1 and knock them out of their tie for first place in the American League.

The struggle was a sparkling hurling duel between Elden Auker and Charley (Red) Ruffing with the St. Louis submarine ball expert holding the Yanks to six hits, one of which was a home run by Tom Henrich in the fourth inning for New York's only score.

### Red Sox Figure To Trouble New York Yankees

By DILLON GRAMAM  
 NEW YORK, Apr. 24. (AP)—It's a long way to the end of the chase in late September but if early developments are indicative Boston's Red Sox may give the Yankees quite a race.

The Red Sox, runners-up for several years, knocked a bit of confidence out of the Yanks when they took the first series, two out of three games. And they might easily have made it a clean sweep, as the Yankees' win came in a narrow 1-0 affair. In case you don't know it, that was something of a feat. The Yanks lost fewer series and almost never drop the opening set at home.

The Bostonians had more power than New York last year. Ted Williams, Jimmy Fox and Joe Cronin knocked in more runs than the Yankees' top trio. But pitching weakness and a sloppy defense handcuffed the Sox. Their pitching is locking up now and the defense is tighter, too, with young John Pesky patrolling the short field in place of the veteran Cronin.

Tabor is a good third-sacker but he'll lose every game—except as he did the one against the Yankees—with erratic throws to first. Cronin has made good his Spring promise to become a bench manager. He said he had a wizard in Pesky, the kid from Louisville, and Johnny seems to be a ground find. He'll cover more field than Joe did and, unless his hitting falls off to nothing, he'll remain at short.

However, he takes a daily warm-up in the infield. He wants to be in shape in case the army changes his mind and calls Ted Williams into service. In that case, Cronin probably would go to third base and put Tabor in the outfield.

The Sox are well-fixed with infield reserves; besides Cronin, there are Tom Carey, Paul Campbell, who can also double in the outfield, and Skeeter Newsome, who started the season at second in place of Bobby Doerr who is

bothered with a back ailment. Cronin has five starting pitchers—Homer Newsome, the young ace of last year; Charles Wagner, Joe Deason, Oscar Judd and the rookie Yank Terry. Their early performances have given Manager Cronin encouragement.

Terry, a 29-year-old recruit from the Pacific Coast league who has a swinging door delivery, let the Yanks down with three hits

An Important Election

Although there has been no complacency in Seminole County with respect to the war, there has been considerable complacency concerning the election which will take place on May 5. On that date we select a congressman...

This, we contend, is a serious condition. We suppose there is some excuse for it, but it is only an excuse and not a reason. We suppose people are so concerned over the conduct of the war, they do not have time to be bothered with politics...

We need a good hospital in Seminole County now more than ever before. The effects of the war are bound to be substantial for the civilian population. We do not like to believe that we will ever have bombing raids in this part of Florida such as the people of so many other communities have to endure...

you wonder if anything on earth could hurt them to the level of the contempt of the world who pocket their lips and bring down their scowls and sneers. They are angry. Don't you wish that their teeth were held together by their lips in a tight grip that would prevent them from smiling but would not prevent them from shouting their anger under a clouding sky...

Mr. R. L. Dean, Editor, Sanford Herald. On reading the Herald of Friday April 24th, in which issue the news of the taking over of our local airport by the Navy was announced, and on reading the comments of our civic leaders and public men on the subject, I was struck by the unanimity of their views. They were all in agreement that the fact that a people and a nation, we have not yet even commenced to absorb the lesson this war must inevitably teach...

**HOLLYWOOD, Apr. 29, (WW)**  
 It's time to reexamine a theory long fashionable among the sneers in these parts to wit: that any child who acts in pictures is sure to grow up into something quite objectionable if not entire-

ly the presence of some, more than one and some skilled, talented little darlings who should be snatched for their own sake, back into a year or so of salubrious seclusion. But then let's look at the other side of the picture.

Start with Joan Leslie. Joan is 17. They threw the book away when they brought up Joan, who was two and the youngest of

seven back in Detroit. Joan and papa and the three girls hit the road, and know all the "vicaritudes" of backstage life. Joan's "home life" was where the family could make it. Formal schooling was where they found it.

There's an adage in educational circles: "There are no problem children—there are only problem parents." And there's no snow-

flake in the picture, with more education than a princess. If movies have spoiled Shirley, then all little girls should be spoiled. The finished product is an exceptional young lady, and Mrs. Temple's best answer to any

question is "Yes, she's a beauty." At 11, Shirley Temple is one of the hardest-working, most content young stars in the country. Does she, Doris, and Judy Garland? Ask the followers of the army march. Look at them on the screen. The camera does its magic. It doesn't have.

Eyelets have three uses: (1) to protect the eyes from light, (2) to aid in moistening, cleaning the eyes, and (3) to cast light when sleeping.

### Considered Top Runner In Derby

LOUISVILLE, Ky., Apr. 30. (AP)—The best-the-big-hoss society for the improvement of Derby long-shot stables held a meeting yesterday and decided that if some fancy-figure unknown is going to knock off Devil Diver Saturday it could very well be his former pal and stablemate, Sweep Swinger.

The society's delegates to this day Kentucky Derby—which Colonel Matt Winn, headman at Churchill Downs, intimated yesterday might lure 100,000 cash customers—felt pretty good about Sweep Swinger.

Because the 16 horses set to go were generally regarded an ordinary lot compared to the fancy fellows you usually find in the sun for \$75,000.

At the same time, however, while just about everyone, including the trainers of the other contenders, conceded that which ever horse Devil Diver would pick up the whig post, there was a growing feeling that before many weeks pass, Warren Wright's Sun Again probably would be shown for the whole bunch the way home in the coming stakes.

### LEAGUE OPENS

ALBANY, Ga., Apr. 30. (AP)—Two afternoon games and a pair of nightcaps opened the first season schedule of the Georgia-Florida Baseball League yesterday.

In the afternoon games, Cordale beat Americus 13-10 and Valdosta took the game from Waycross, 7-3.

Albany, winner of last year's pennant, started the season off on the right foot, winning from Moultrie by a shade, 7-6.

### Fernandez Has 8 Hits In Row As Braves Win Again

CHICAGO, Apr. 30. (AP)—The Boston Braves, aided by a homer, a double and two singles by Fernandez, defeated the Chicago Cubs, 8 to 3, today to make it two straight over the Cubs and four in a row for the Boston team.

Fernandez gave the Chicago team a sample of his hitting yesterday when he doubled once and singled three times. Today he extended his hitting streak to eight in a row.

### Les: Talk And More Action Is Recommendation

By ADELAIDE KERR  
Wide World Features Writer

Les talk and more action. That's the recommendation of Mrs. Guy Cheney to the women of America.

Acts of people are saying that women should take a more active part in government and building the next framework for peace.

Mrs. Cheney, a ventral looking grandmother of Corning, N. Y., is State Assemblywoman and President of the New York State Federation of Women's Clubs.

She thinks women should play a larger part in the nation's affairs, but believes we shall have to learn more about national economic and industrial problems before we can do it well.

So she made a beginning in the economic education of women while she hopes will spread all over the nation. Recently she organized a New York luncheon conference which brought together some of the state's most interesting women and some of industry's outstanding members.

She sought no world-shaking decisions. What she aimed at was understanding and rapport. She also wanted to inform some key women on industry's problems and to give industry a good look at the type of woman available for use right now.

She began by inviting about a dozen industrial bigshots and little bigshots and drew about 40, including some railway and factory presidents. That convinced Mrs. Cheney that the interest in women's increased participation in America's affairs is not all on one side of the fence. The meeting closed with a series of round-table conferences on industry's problems. Such conferences, Mrs. Cheney feels, should stimulate women to consult with the manufacturers in their own communities and learn what they could do right now.

There is a tremendous body of middle-aged women, whom you can't see, who are doing the housework, cleaning and washing. So there is no reason why they should not do something.

Pretty Carol Dexter receives a pair of gold slippers designed by Julius Greenman in honor of her selection as the nation's "Foot Queen" in New York's Hotel Pennsylvania. Miss Dexter was chosen from a group of 500 girls as having the most perfect feet.

week limit from 40 to 48 hours and freeze the status quo closed and open shops for the duration of the war.

### TIN WORKERS STRIKE

BIRMINGHAM, Apr. 30. (AP)—Approximately 25 men employed in the cold reduction department of the Tennessee Coal, Iron & Railroad Company's huge tin plate mill left their jobs yesterday because of dissatisfaction over wages, a company spokesman said.

There is a tremendous body of middle-aged women, whom you can't see, who are doing the housework, cleaning and washing. So there is no reason why they should not do something.

**Hogan Stresses Importance Of Driving In Golf**  
By BEN HOGAN  
Golf's Biggest Money-winner (Professional, Hervey, Pa., Country Club)  
Concentrate on driving if you want to take strokes off your golf score.  
The first rule in billiards is to keep the ball in play, and the same is true in golf.  
If you hit your tee shot into the rough you are out of position for the rest of the hole. You don't have a chance to play a clean second shot, and consequently you are likely to be lying poorly for your third, as well.  
On the other hand, a drive straight down the fairway gets you off on the right foot. You can go for the green with your second—and even if you miss, the ball is apt to be where you can chip for the pin.  
Remember, a drive 150 yards down the fairway is better than a 250-yard tee shot into the rough.  
Pick the hole in advance. Don't walk up to the tee and hit the ball with the general idea of getting it some place down the fairway.  
There is a limit to the distance anyone can get. So pick a spot down the fairway within your range. Try to hit the ball there. Aim your tee shot just as you do the others.  
Don't hurry. Start your backswing only when you are set and bring the club back smoothly.

**Brown Claim Second Decision Over Yanks**  
NEW YORK, Apr. 30, (AP)—The New York Yankees were given their worst drubbing of the season yesterday as the St. Louis Browns stormed to an 11 to 0 victory, their second in succession over the world champions after losing nine in a row in the West.  
As a result, the Yanks dropped into third place in the American League, half a game behind the Detroit Tigers.

**Cleveland Stretches Win Streak To Ten**  
PHILADELPHIA, Apr. 30, (AP)—The victory gave the first place Indians a two-game lead over the New York Yankees who lost again to the St. Louis Browns.
