

Crown At Stake In Red-Bengal Game

By DAVID M. MOFFIT
United Press International
ATLANTA (UPI)—Louisiana State and Mississippi match perfect records before 45,000 fans Saturday night at Baton Rouge, La., in a high-stakes contest from which the winner will emerge as one of the few remaining major unbeaten, untied teams in the nation.

In addition, Saturday night's victor probably will win the Southeastern Conference title and stand a good chance of being rated the nation's No. 1 college football team.

LSU prepared for their test with their toughest games of the season. The Louisiana State Tigers beat the defensively tough Florida Gators 16-7 with a field goal by injured fullback Tommy Davis in the waning minutes of the fourth period.

The Mississippi Rebels jumped

off to an early lead, then put on a series of second-half goal line stands to edge Arkansas, a longtime nemesis, 14-12.

That Florida line, ranked third in the nation on rushing defense before game time, limited Louisiana State to 84 yards on the ground. But halfback Billy Cannon managed to penetrate it enough to lead a 52-yard drive in the second period which he capped with a touchdown, and again in the fourth period to set up Davis' winning field goal.

Mississippi moved almost at will in the first half but saw Arkansas, led by halfback Jim Mooty, dominate the second. Mooty gained 120 yards and scored two touchdowns, but bobbed an attempted conversion pass that would have produced a tie. Bobby Franklin, the conference offense leader, scored twice for the Rebels.

There are three other intra-conference games scheduled for Saturday. Auburn, which extended its unbeaten string to 19 games with a 10-7 win over Maryland, will be at Florida; Georgia, a surprise 28-0 victor over Kentucky, will be at Alabama, 9-7 upset winner over Mississippi State; and Mississippi State will be at Kentucky.

Friday night in non-league action, Vanderbilt, 30-6 winner over

Virginia, will be at Miami, and Tulane, which lost to Kansas 14-9, will be host to Texas Tech. Saturday, Georgia Tech, 20-0 loser to Southern Methodist, will be at Duke, and Tennessee, beaten 10-0 by Florida State, will be host to North Carolina.

Junior halfback Gary O'Steen put on a one-man show in Alabama's upset of Mississippi State, keeping State in the hole with brilliant quick kicking, furnishing key yardage for the scores, and intercepting a pass.

Ezzard Still Boxing

DALLAS, Tex. (UPI)—Former heavyweight champion Ezzard Charles, guaranteed a payday of \$17,000, meets Texas light heavyweight champion Donnie Fleeman tonight in a 10-round bout at Dallas Memorial Auditorium, a crowd of 8,000 is expected.

Fan Punches Hales

SAN FRANCISCO (UPI)—An unidentified forty-nine-year fan tried to help San Francisco's cause Sunday by blocking out Chicago Bear Coach George Halas. He was restrained by stadium police after taking a poke at the Bear mentor.

The first payload to be carried by the independent air freight industry in the U. S. consists of four tons of grapes flown from California to Georgia in July 1945.

STUDENTS HONORED—The Sanford Pilot Club this year is honoring the Sanford Junior High boy and girl who maintains the highest average grade and who is selected by the faculty for outstanding achievement. Winning the honors the first six weeks were Robert Smith and Jane Harwaru. Left to right, Mrs. Walter C. Carter, Pilot president; Mrs. A. C. Payne, Pilot public affairs committee chairman; Smith, Miss Harward and Mrs. Raymond Ball, first vice president of Pilot. (Bergstrom Photo)

News Of Men In Service

PARRIS ISLAND, S. C. (FHC-NC)—Thomas D. Fuller, son of Mr. and Mrs. Thomas B. Fuller of Geneva, Fla., completed recruit training Oct. 8 at the Marine Corps Recruit Depot, Parris Island, S. C.

Relatives and friends of many of the new Marines were on hand to witness the graduation ceremonies. The 12-week training schedule

For Men Over 40

SAN GABRIEL, Calif. (UPI)—Reversing the usual trend, a business machine manufacturer here is looking to hire men over 40 years of age.

The Clary Corporation decided that such men are inclined to be more permanent employees, require less supervision and have lived long enough to know "that everyone must work hard in order to make a living."

Fire Dept. Holding Membership Drive

A membership drive for the Lake Mary volunteer fire department is underway.

Dues of \$1 yearly are being accepted for the first time in the organization's history. Mrs. Richard Ivers, secretary, will handle details. However, membership may be obtained from any present officer.

The Lake Mary department serves, in addition to the local area, Sunland, Five Points, Little Venice, Loch Arbor and the Upsilon Road areas.

A new building now under construction at the corner of First

St. and Wilbur Ave., complete with kitchen, showers and rest-rooms, will be available for civic affairs upon completion.

Raymond Ball, building fund chairman, will accept any donations of finances, labor or materials to speed erection of the 30 x 30 ft. station.

Columbus discovered the island of Trinidad in 1498 on his third voyage to the New World.

Two-thirds of all the manufacturing jobs in South Carolina are in the textile industry.

Enterprise News

By HELEN SNODGRASS
Mrs. L. M. Wright returned Thursday from Atlanta, Ga., accompanied by her daughter, Miss Bertha Wright of Jacksonville, where they were called last week by the sudden death of Mrs. Wright's brother, Ralph J. Sauls. Mr. Sauls spent his early years in Enterprise and has many friends in this area.

Richard Jay Harris, young son of Mr. and Mrs. Richard H. Harris of Maitland and grandson of Mr. and Mrs. Fred Harris was baptized at the Sunday morning service at the Barnett Memorial Methodist church by the Rev. Donald J. Walling. This was the first baptism in the newly remodeled sanctuary.

Mrs. S. P. Skinner of Lake Wales was the weekend guest of Mr. and Mrs. Ernest Jones.

Mr. and Mrs. Charles Morrell of Nonnom, N. Y., the house guests of her sister and brother-in-law Mr. and Mrs. Warren Hise. The two couples spent Tuesday at White Springs visiting the Stephen Foster Memorial and at Silver Springs.

Ray Lee underwent surgery at the Seminole Memorial hospital last Tuesday.

Mr. and Mrs. H. E. Bradock visited friends and relatives in Pierson, Sunday, Oct. 19.

An ice cream social was sponsored by the Senior class of Barnett Memorial church school with proceeds going to redecorate the class room.

Halloween Carnival
The Halloween carnival sponsored by the Enterprise PTA will be held Friday night at the school, 8:30 o'clock. The first grade will be in charge of pony rides and the bakery table; second grade, pop and coffee; third grade, fish pond; fourth grade, speak house; fifth grade, white elephant sale; sixth grade, dart board and art table; and seventh and eighth grades, refreshments.

Other attractions include a book table, an art exhibit, cotton candy and pop corn, fortune-telling booth and movies. The cartoons and novelty shorts will begin at 9:30 p. m.

Episcopeal Services

Services in the All Saints Episcopal church began the fall schedule Sunday, Oct. 19, with Holy Communion at 8 a. m. and Morning Prayer and Sermon at 11 a. m.

Rev. Paul E. Schultz announced the annual observance of all Saints Day, Saturday, Nov. 1, with Holy Communion at 11 a. m. to be followed by lunch and a program meeting with a guest speaker.

Fellowship Meeting

The adult fellowship of the Bar-

nett Memorial Methodist church will meet tonight at 8:30 o'clock in the church annex. Those planning to attend are requested to bring a covered dish and table service. No dessert dishes are needed due to the Halloween party to be held following the supper meeting.

Prayer Vigil Held

The 24 hour prayer vigil observed Thursday and Friday was assisted by Mrs. Don Walling, Mrs. Ruth Long, Mrs. J. V. Richards, Mrs. Ida Padgett, Rev. and Mrs. Rowson Carlson, Mr. and Mrs. Cecil Sellers, Mr. and Mrs. Warren Hise, Mr. and Mrs. Kermit Higgins, Mr. Glenister, Tom Macenheimer, Mrs. Fred Harris, Mrs. W. E. McKethan, Mrs. Harold Hiers, Mrs. H. A. Throop, Mrs. Harvey Dunn, Mrs. Lawson, Mrs. Peterman, Mrs. Ernest Jones, Mrs. Cyril Lauramora and Richard Lauramore, Mrs. Altha Evans and Miss Helen Snodgrass.

FMA Meeting Here

The DeLand High FMA initiation meeting was held at the Florida Power club last Thursday evening. New members were honored at a wieners roast at 8:30 p. m. followed by an evening of entertainment.

Initiation costumes were sack dresses, onion corsages and bowli hats.

Members attending were Lana Gribble, Mary Jo Ryals, Susan Hiers, Regina Clark, Jane Sarg, Lorraine Ulter, Joan Kohrley, Joann Brantley, Jewell Elliott, Tracy Norman, Johanna Forsythe, Judy Jones, Julia Quinton, Nancy Peel, Ellen Campbell, Gloria Frost, Judy Johnston, Joan Pillsbury and Marilyn Kohrley.

Choir Director Honored

Charles M. Casse, newly appointed choir director of the Barnett Memorial Methodist church was guest of honor at a surprise birthday celebration Saturday, Oct. 18. The party, given by members of the choir, was held in the newly remodeled church kitchen.

Honor Roll Announced

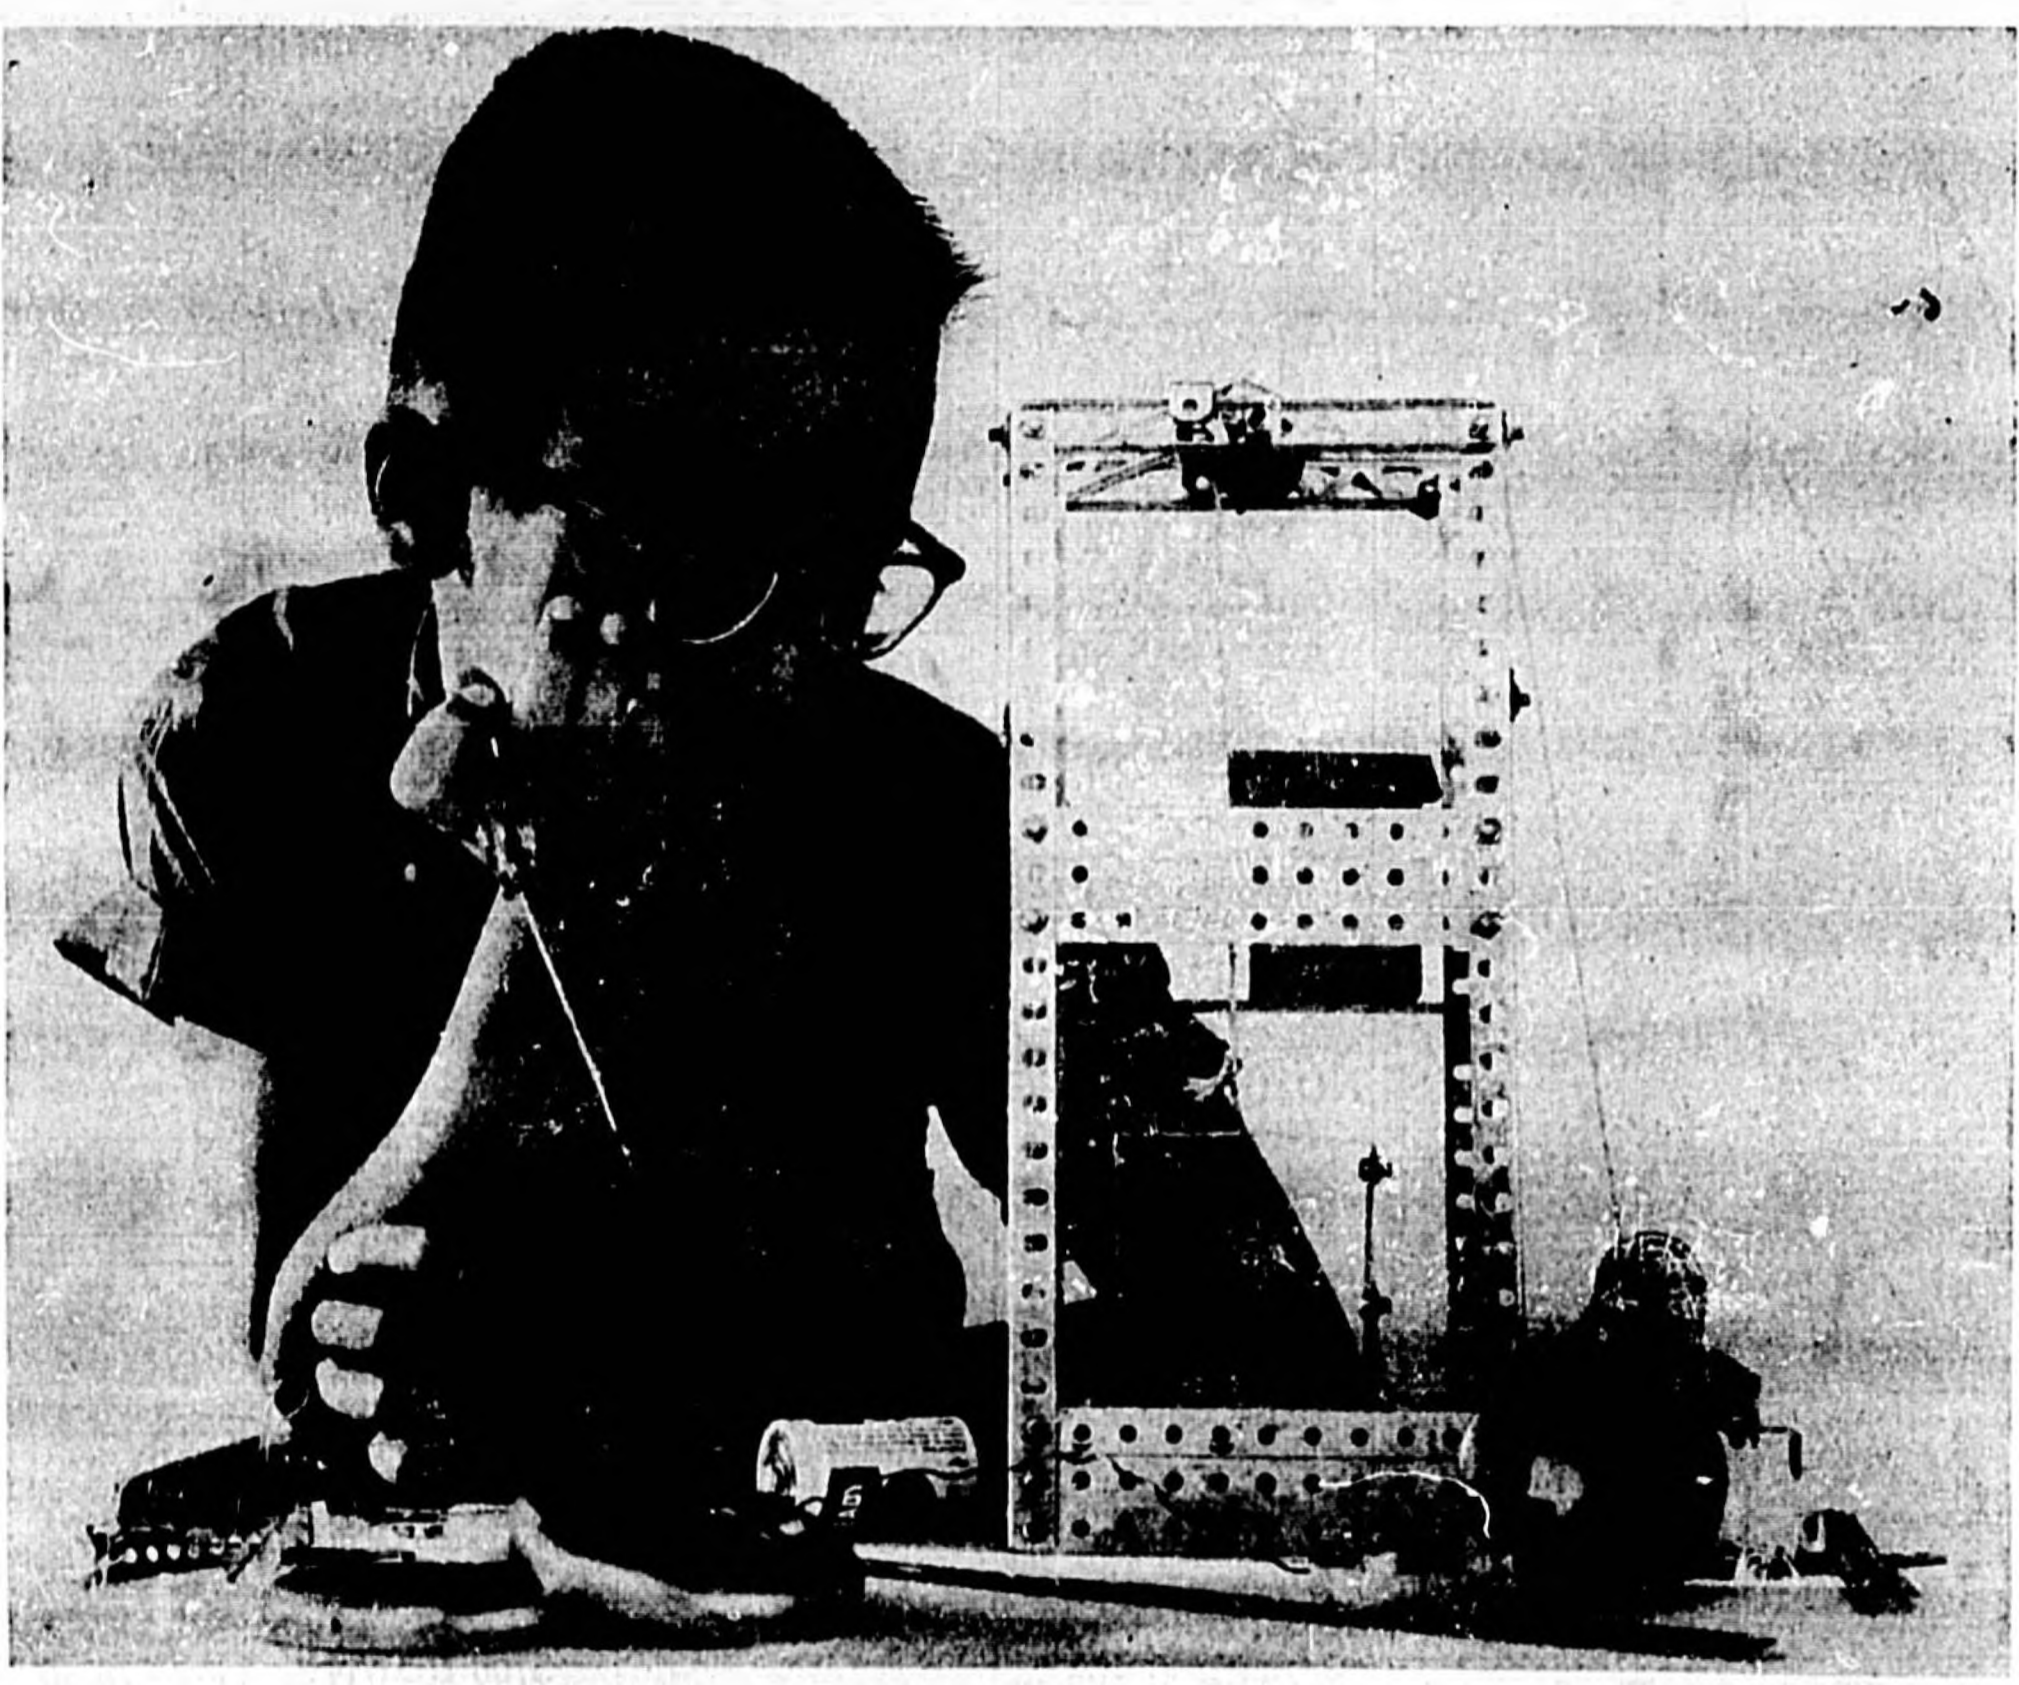

The Enterprise school honor roll for the first six-week period has been announced by L. O. Hayman, principal.

Fourth grade: Pamela Walack, Marcia Herring, Sharon Westman, Pete Flenke, and Geiry Mathis.

Fifth grade: Norma Jean Walters, Viola Sherouse, Pat Sandberg, Donna Cole, Michael Thurman, Matthew Thurman and John Burnett.

Seventh grade: Nora Connally, Wellesley Corbett, William Hahn and Frederick Hahn.

The sixth and eighth grades had no pupils making the honor roll.

FUTURE FLORIDA ENGINEER: Toys today...structural steel tomorrow

Today he is learning with toys...tomorrow he may be working with skyscrapers...helping design a better Florida. Just what are his opportunities?

Today, engineering is booming! From 1950 to 1958, with an increase of 48%, Florida is one of the fastest growing states in the Union. And with some 2400 new people moving in every week, Florida will need even more engineers to plan airports, sanitary and water systems, highways, bridges, seaports, railroads, power plants, pipelines,

skyscrapers...innumerable other facilities. Latin America, too, is continually hiring Florida engineering firms for work in Central and South America.

But what of tomorrow? Can this boy count on these opportunities to continue? Or will he be limited by socialistic decrees? He will have his chance...but only if we preserve our system of free enterprise...the system which has "engineered" for Florida...and America...the best way of living that the world has ever known.

Just as "free enterprise" has helped our engineers design a better Florida for tomorrow, so has it helped Florida Power & Light Company plan for a better tomorrow electrically. FPL is pushing ahead on a record-breaking expansion program...\$310 million is estimated cost for the 1955-61 6-year period alone...to provide you with HAPPIER FLORIDA LIVING...ELECTRICALLY!

FLORIDA POWER & LIGHT COMPANY

Keeling, Jr. (left), SFC M. H. Metts and Sgt. D. G. Husack. Maj. Bray termed a class conducted by Sgt. Metts as "superior." (Hergstrom Photo)

Labor Leaders Studying Citrus Organizing Plan

LAKELAND (UPI)—State AFL-CIO committees today studied resolutions calling for unionization of the giant Florida citrus industry and opposing use of convict labor to build a new state prison. The resolutions were handed to study committees for approval at a meeting Monday at the opening day of the first annual convention of the Florida State Federation Labor Council, AFL-CIO. They will come before the council Wednesday or Thursday. A Polk County delegation proposed a resolution asking that national AFL-CIO President George Meany designate the "super international union to organize and represent" Florida citrus workers. It pointed out that in Polk County alone the industry, Florida's largest agricultural undertaking, employs some 10,000 persons at the height of the season.

Smoke Black, No Pope Selected Today

VATICAN CITY (UPI)—The Sacred College of Cardinals failed to elect a pope this morning on the ninth and tenth ballots. Black smoke pouring from a tiny chimney on the Sistine Chapel told the bees in the waiting world. It was the third day the 51 cardinals of the Roman Catholic Church had assembled in secret conclave in the Sistine Chapel to try to elect a successor to Pope Pius XII. They will try again this afternoon. The signal started today as a thin wisp of whitish smoke which brought a momentary thrill to the 40,000 persons waiting in St. Peter's Square. But soon it turned black—the signal that no decision had been reached. Vatican Radio broadcast a running description but carefully refrained from any premature conclusion such as led to Sunday's false announcement that a new pope had been named. Only after the smoke had wavered from a whitish wisp to grey and brown and then a dense black did the Vatican Radio tell the 41 cardinals had failed again to give any candidate the necessary majority of two-thirds plus one.

Boys Get Results By Pulling Handle On Diesel Engine

NEW YORK (UPI)—Two small boys got some unexpected results when they sneaked into the cab of an idle New York Central diesel locomotive Monday. The boys, age 8 and 10, couldn't resist pulling some of the shiny levers and buttons and one of the combinations of levers and buttons happened to be the right one. The huge machine began moving backward, at first slowly then faster. The boys jumped out and began running. The locomotive didn't stop until it had sidetracked and derailed a gondola and had crashed into a loading platform. Then it flipped on its side and caught fire. The boys, rounded up later, were ordered to appear in children's court.

Red Writer Hits Winner Of Prize

MOSCOW (UPI)—Pravda commentator David Zaslavsky, who wields the most vitriolic pen in the Soviet Union, has demanded that Boris Pasternak reject the Nobel Prize for literature. He indicated that such a rejection is extremely unlikely because Pasternak "lacks even a spark of Soviet dignity, and is without any shred of patriotism in his soul."

Herlong Predicts Best Tourist Crop

MIAMI (UPI)—Byron Herlong, president of the State Hotel Assn., predicts Florida will have the best tourist season ever this winter—"if we have any break in the weather." Herlong, a Leaning Motel owner, based his prediction on a general business upturn across the country. "Florida is better known up North than ever before," he told some 1,200 delegates to the association's eighth annual convention. "And it is favorably known," he added. Herlong admitted a repetition of last winter's cool weather "would certainly hamper" some of the 6,000 motel owners in the state. "But most of the industry would survive since it's pretty well financed." Herlong said the motel industry hoped to join several other tourist industries in raising "several million dollars to tell the Florida story" to attract tourists. The motel owners' convention runs through Thursday. It will be highlighted Wednesday night by a speech by Gov. LeRoy Collins on the state's tourist promotion plans for the coming year.

To Visit Red China

TOKYO (UPI)—North Korean Premier Kim Il Sung will visit Communist China soon, the Communist New China News Agency reported Monday night.

Senator Predicts 'Sweep By Demos'

WASHINGTON (UPI)—Sen. S. (Mike) Monroney (D-Okla.), back from campaigning in several states, today predicted a "Democratic sweep" reaching the proportions of 1936 if the present trend among voters continues until Nov. 2. Monroney's view challenged Vice President Richard M. Nixon's

statement Monday at a Republican fund-raising meeting in Michigan that a "striking shift of voter opinion" had halted the trend toward a Democratic landslide. Democratic National Chairman Paul M. Butler also clipped away at Nixon's statement, declaring the vice president was "whistling in the dark" with statements the Republicans were gaining.

Quotable Quotes

United Press International. NEW YORK—Rear Adm. Hyman G. Rickover in saying Theodore Roosevelt would not have liked the concept of "togetherness." "The quest for security at all cost, the inward turning to shut out the problems of a troubled world which is implicit in 'togetherness' would have seemed to him shirking a sacred duty."

LITTLE ROCK, Ark.—Gov. Orval F. Faubus in deploring synagogue bombings in other states: "We must do everything humanly possible to see that no such incidents occur in Arkansas."

NORTH ADAMS, Mass.—The Rev. Edwin L. Dalberg, president of the National Council of Churches, in noting that the ecological idea is like an egg, perfectly safe as long as it remains sterile theory: "The trouble begins when the egg is hatched. Then it begins to scratch up the neighbor's garden and wake up people early in the morning."

LONDON—Frank Sinatra in commenting before an audience of London notables of rumors he will marry Lady Beatty: "According to the newspapers here I've been married more times than King Farouk and I'm not even as fat as he is."

Japan Registers 'Hottest' Rainfall

TOKYO (UPI)—Osaka University's biophysical laboratory recorded the "hottest" rainfall in four years last Saturday, it reported today. The station said it recorded radioactivity of 234,300 counts per square meter per minute during the 24-hour period beginning Saturday morning. Dr. Yasushi Nishizaki, head of the laboratory, said this was the highest radioactivity count since the laboratory began checking "hot" rain in 1954. He said it probably came from a recent nuclear test.

Deaths

TEL AVIV, Israel (UPI)—Prof. Joseph Grigalia Klauzner, 84, historian, educator and author, died here Monday night. He was defeated by Dr. Chaim Weizmann in 1949 for president.

MURNAU, Germany (UPI)—Walter von Molo, 78, German author and poet, died Monday in his villa near Munich.

CHUR, Switzerland (UPI)—Theodor Kroezer, 61, whose books have been translated into 14 languages, died at a clinic Friday.

BROOKLINE, Mass. (UPI)—Andrew Winter, 86, a noted painter, died Monday in a nursing home. His subjects included sea and landscapes.

HOLLYWOOD (UPI)—Federal services will be held Friday for former film director Marshall (Mike) Neilan, 5, who died Sunday night at the movie colony's country hospital at nearby Woodland Hills.

NORTH HOLLYWOOD, Calif.—(UPI)—Clare Victor Duggins, 84, veteran newspaper cartoonist and creator of one of the first Sunday cartoon features known as "School Days," died Sunday in a rest home.

Protests In Vain; Bids To Be Taken On Six-Lane Road

FALLAHASSEE (UPI)—Despite vigorous protests and cries of political "pressure," bids were to be received today on building a modern six-lane highway through historic St. Augustine, the nation's oldest city. A delegation of 18 women told

Gov. LeRoy Collins Monday that the majority of contacts in the picturesque old city "neither want nor think we need a modern highway through St. Augustine." One woman charged she would learn the waterfront with its 16 year-old sea wall into a "honky-tonk Daytona beach." Mrs. Frances Bemis declared it amounted to a "crime" on the city.

The women also charged that several persons who opposed the project locally were warned they would lose their state jobs if they did not "keep their mouths shut." They added that pressure had been put on Sen. Spessard Holland, George Smathers and Nat Thomas Park Herbert Court. With the case along with the proposal.

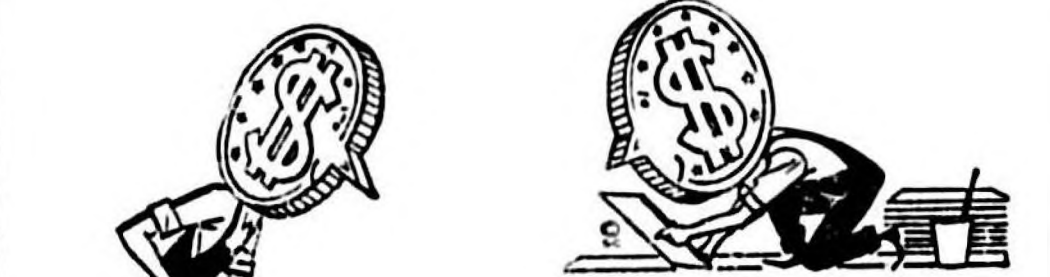

Oil Well Honored

AUSTIN, Tex. (UPI)—The University of Texas is building a permanent campus memorial to an oil well, the Santa Rita No. 1. This is the well that "blew out" May 28, 1923 on land owned by the university of West Texas—long considered an "oilman's graveyard." The oilmen who leased mineral rights to the land called the well the Santa Rita after the Saint of the Impossible. But their success provided the university with the first revenue to a fund that now totals about 300 millions dollars.

Iowa Captures Grid Poll Lead

NEW YORK (UPI)—Once-tied Iowa, which has spoiled opponents' perfect records for the past two Saturdays, replaced Army today atop the United Press International college football ratings in an extremely close four-team race for the No. 1 spot.

Ohio State and Auburn were right behind second-ranked Army, only 32 points separating the four leading teams. Iowa was the fourth team to lead the UPI ratings during the first five weeks of the present season. Ohio State

led the first week, then Auburn, followed by Army for the past two weeks.

Oddly, the top four teams have identical records of four victories and one tie. The 35 leading coaches who comprise the UPI rating board chose those four over Louisiana State and Mississippi, both of which have perfect records.

LSU was ranked fifth and Mississippi sixth, followed in order by Oklahoma, Purdue, Wisconsin and Pittsburgh. The last three teams in the top 10 were newcomers to this week's select group.

All but one of the first-place votes were scattered among the top five teams. Iowa had nine, LSU eight, Auburn seven, Army six and Ohio State four.

The other first-place ballot went to 11th-ranked Colorado, which is unbeaten and untied.

Another big shakeup in the ratings can be expected after next Saturday's clashes between several of the leading teams. Iowa, which knocked both Wisconsin and Northwestern out of the perfect-record ranks on the previous two Saturdays, next plays Michigan. Army also takes on a soft touch in Colgate.

But several other leading powers face trouble. LSU and Mississippi, the two perfect-record giants, meet Saturday night. Ohio State faces 12th-ranked Northwestern seventh-ranked Oklahoma plays 11th-ranked Colorado for Big Eight Conference supremacy; eighth-ranked Purdue takes on Illinois; ninth-ranked Wisconsin plays Michigan State, and 14th-ranked Navy meets 15th-ranked Notre Dame.

Texas, fourth last week, dropped all the way back to 18th after losing to Rice, the Ochs moving up to 13th. Southern Methodist, Texas Christian and Air Force Academy were tied up for 19th, and North Carolina was 20th.

Gators Expecting 'Toughest' Game

GAINESVILLE (UPI)—"We'll have to play a far different type of game than we did against LSU," said Coach Bob Woodruff as his Florida Gators get ready for Saturday's battle against fourth-ranked Auburn.

"Florida will have the same problem that a lot of teams probably have had when they faced Auburn, namely making first downs, much less touchdowns," Woodruff added wryly.

This marks the second week in a row the Gators have met an undefeated team. Florida lost to Louisiana State 10-7 last week.

Woodruff predicted Auburn may give Florida its "toughest game of the season."

Billy Bookser, starting left halfback and starting fullback Bob Milby, both suffered injuries against LSU and are doubtful participants against the invading Plainsmen.

Seminole Prepare For Tampa Contest

TALLAHASSEE (UPI)—Florida State, still up in the clouds over its stunning 10-0 upset of Tennessee, buckled down today for Saturday's homecoming game against the University of Tampa.

Coach Tom Nugent singled out several players for top performance in the Tennessee game, including ends Pete Fleming and Tony Romeo, tackle Bob Swosowski and guard Al Ulmer. He also praised the performance of fullback Fred Fickard.

The Seminoles are expected to be at almost full strength Saturday. Quarterback Vic Princi suffered an ankle injury last week but is expected to be ready to go again in time for the Tampa battle.

Florida State now has a 5-2 won-loss record, and finishes out the season against three Florida teams.

After Tampa, FSU plays Miami then ends the season against the University of Florida.

Bobo Olson Tries 'Comeback Trail'

OAKLAND, Calif. (UPI)—Carl (Bobo) Olson, one-time high-flying king of the middleweights, seeks to make another comeback tonight when he engages Don Grant in a 10-round bout at the Auditorium.

Olson's first comeback bid ended on the canvas in Portland, Ore., last year when he was knocked out in the second round by Irish Pat McMurty.

Since then, Bobo has sparred some 50 rounds with Esau Fernandez, a highly-regarded regional favorite, and claims he is all set to get back into the big time as a light heavyweight.

Mayfair Tourney Winners Listed

A team composed of Gene Witsell, Abe Fennell, Capt. Yost and Emil Eosner walked off with top honors in the Mayfair Country Club golf tournament Sunday.

Second place went to the team of Al Bryant, Earl Higginbotham, Paul Johnson and Russ Dallas. Finishers third was the team of Seney Howell, John Ivey, B. Hollock and John McCracken.

Individual winners were Bob Sheidan, plus 13, and Al Bryant, plus seven.

AIC TEAM IN SANDSPURS—Members of the Sandspur League bowling team are, left to right, Olga Martin, Jimmie Livingston, Fannie Eberle, Betty Jeanau and Donna French. This is one of the six teams in the league.

Rebels Get Ready For Bayou Bengals

United Press International The goal in Mississippi's practice session this week is "to improve 100 per cent."

Head Coach Johnny "Yaught" whose Rebels meet the Louisiana State Tigers Saturday in what probably will be the nation's top game, said Monday he regards

the Bengals as "the most explosive team in the nation."

"We've got to improve 100 per cent over last week if they are to be matched," he added.

The Rebels ran through a light session and had their first look at the double-winged T formation used by LSU.

Most other Southeastern Conference teams got back down to business today after briefings Monday on what they can expect this weekend.

At Tulane, the heavy work resumed Monday, with the emphasis on defense. The Greenies play Texas Tech in New Orleans Friday night, and thus have a short-end practice week.

Alabama Player Picked For Honors After Upset

ATLANTA (UPI)—Halfback Gary O'Steen of Alabama, return to his natural position this fall after experimenting as a quarterback, was named today as the Southeastern Conference back of the week by United Press International, for his outstanding performance in Alabama's 9-7 up-

set of Mississippi State.

O'Steen dominated play in the game. The 175-pound junior from Anniston, Ala., kept State constantly in the hole with his punting—getting off quick kicks of 58, 52, 67, 43 and 62 yards and putting one regular punt out of bounds on the State two-yard line.

In addition, O'Steen gained 60 yards rushing, nearly half of Alabama's total, including key yardage which set up the scoring plays and intercepted a State pass on the final play of the game. It was Alabama's first major victory since Coach Paul Bryant took over the reins.

O'Connor Has Job After Shaky Vote

SPOKANE, Wash. (UPI)—Leo O'Connor has been given a somewhat shaky vote of confidence as president of the AAA Pacific Coast League.

The eight directors of the league presented a united front by stating following an all-day meeting Monday that they "unanimously reaffirmed" the retention of O'Connor for the third year of his three-year contract.

But O'Connor has been asked to leave the meeting and, was called back to break a four-four deadlock between those directors who wished to fire him immediately, and those who preferred that he remain next year.

Ex Charles Loses By Kayo In Sixth

DALLAS, Tex. (UPI)—Former heavyweight champion, Ex-Card Charles said today he knows of no reason to quit boxing because of his sixth round knockout Monday night at the hands of nationally unranked Texas lightweight champion Donnie Fleeman of Midlothian, Tex.

Charles was battered about the ring almost from the beginning of the fight, dropped twice in the fifth round and took the full count at 2:24 seconds of the sixth round.

"These losses," Charles said in his dressing room, "are just a

Coaches Prefer To Kick Extra Point

NEW YORK (UPI)—The majority of the nation's college football coaches apparently are not born gamblers.

Most coaches still prefer settling for the "old-fashioned" placement kick instead of "shooting the works" on a two-point rush or pass play after each touchdown, a survey conducted by the NCAA Service Bureau revealed today.

The reason for this conservative approach to the new optional rule is simple: A placement kick is still the easiest and safest conversion.

Passes Unsuccessful The survey of 323 games played thus far this year showed that major colleges have been successful in 65.1 per cent of their rushing attempts, 50.2 per cent of their passes for extra points.

The survey also revealed these important facts:

- The new conversion rule has helped reduce the number of tie games.
- Pacific Coast teams are the greatest two-point gamblers but Eastern teams have been the most successful pass-run experiments.
- College teams are kicking field goals at a record pace.

In the matter of the game, there have been only nine so far this season compared to 17 at this stage of the 1957 campaign. These figures, of course, are based on the 109 major college teams surveyed.

Go For Ruin Pacific Coast teams have "gone for broke" by shooting for two points about 60 per cent of the time but they have been successful only about 49 per cent of the time.

Eastern teams, on the other hand, have been successful in 61.7 per cent of their two-point conversion tries. Partly because of

Field goal production is soaring towards a new record. A total of 54 have been kicked with slightly more than half the season completed compared to the record of 82 set in 1952. Last year's total was 61.

Sports Parade

By OSCAR TRALEY

NEW YORK (UPI)—Hogan Kid Bassey, the squat, heavily muscled Nigerian who holds the featherweight championship of the world, is a man with a mission who expects to find the next two years the hardest.

Bassey is going to risk the title as seldom as necessary the next two years. Which is why he'll fight Brooklyn's Carmelo Costa at Madison Square Garden on Friday night in an over-the-weight match.

Bassey, a chief of Nigeria's Effik tribe, is going to do everything possible to assure that he still holds the world championship when his nation becomes independent in October of 1960.

There are close to 20 million people in Nigeria," he explained, "his teeth flashing like piano keys on black velvet." "It would mean much to my people to know that one of them is a champion of the world when we become a nation."

Honored By Queen If this sounds like deep, idealistic thinking for a prize fighter, you must take into consideration that even though Bassey started his fighting on the docks of Lagos, Nigeria, he considers himself a chief among his people.

He was born Olan Bassey Asuquo, merely anglicizing his name for a fighting nom de plume. And his father's name was Bassey, a reserved, well-mannered

method of speaking the clipped English accent learned since he was taken to Liverpool in his infancy. There is a deep pride in him that he was the first Nigerian named a member of the "Noble Order of the British Empire" by Queen Elizabeth last January. He also cherishes the fact that he was the first boxer ever mentioned on the Queen's Honor List.

Costa apparently is in for a rough evening even though the 21-year-old Brooklyn boxer has won 33 of 45 bouts since returning from service.

Because Bassey specializes in flattering home-town heroes in their own back yard.

That matched him with French favorite Cherif Hamta for the title—in Paris—and Bassey knocked him out in 10 rounds in June of 1957. Defending the bauble, Bassey moved into Los Angeles and quickly knocked out Mexican favorite Ricardo Moreno.

Without that letter he wouldn't have left the United States."

MOSCOW—American Coach George Eastman protesting the lumping together of total scores in men's and women's events in the current Soviet-U. S. A track competition, as violating an agreement in writing from the Russians not to do so.

Demos To Keep 'Solid South'

ATLANTA (UPI)—The Solid South, as usual, will spot the Democratic Party a comfortable early lead in the race for control of Congress next Tuesday.

In the nine southern states stretching from Virginia to Louisiana, 35 Democratic nominees for the House of Representatives are unopposed and will be declared elected when the polls close.

This includes the entire state delegation of Georgia, Mississippi and South Carolina, and it represents a little more than one-fourth of the minimum 219 seats the Democrats need to retain control of the House.

It will be delivered by traditionally Democratic Dixie routinely and despite the recent invitation by Democratic National Chairman Paul Butler for the South to change its views on segregation or get out of the party. Butler's statement came after the South's Democratic primary which are tantamount to election.

One southern senatorial candidate—Sen. John C. Stennis (D-Miss.), seeking his third six-year term—also is unopposed for reelection.

Scattered Opposition
More than a dozen other Democratic congressional nominees and four senatorial nominees in the South face Republican or independent opposition. But in most of these districts and states a Democratic victory should become apparent very early in Tuesday night's ballot counting.

The real election battle in the South next week will center in the six congressional districts where Republicans now hold the seats—one in Florida, one in North Carolina, two in Tennessee and two in Virginia.

The two Tennessee GOP seats are those of Rep. H. Carroll Reece and Howard Baker in the traditionally Republican 1st and 2nd districts in the East Tennessee hill country. Reece is opposed by Democrat Wayne Miller and Baker faces Democrat John G. O'Hara Sr. and independent E. B. Bowyer.

Republicans and Democrats alike agree that these are the two GOP seats in the South it is least likely the Democrats will be able to capture.

Close Races Seen
In the other four GOP-held districts, the issue is much closer. Virginia's two Republican congressmen face stiff opposition. Rep. Richard H. Poff of Radford in the 6th District is challenged by Democrat Richard F. Pence, a Roanoke attorney who has the direct support of Virginia Gov. J. Lindsay Almond.

In the 10th Virginia district, just across the Potomac from Washington, Republican Rep. Joel T. Brophy of Arlington is meeting strong opposition from Joseph

T. Freehill, the Democratic candidate.

In the 10th North Carolina District, with Charlotte, the state's largest city as a pivot, Democrats are making their strongest bid to unseat Republican Rep. Charles R. Jonas. Jonas won election in 1952, and has withstood challenges since then. This year the Democratic nominee is Dave Clark, a popular young state legislator from Jonas' home town of Lincoln. The contest is expected to be close.

In North Carolina's 12th District, nestled in the western mountain area, Democratic Rep. George Shuford won re-nomination and then retired for reasons of health. Democrats chose David W. Hall of Sylva as their candidate to replace him, but only after some intra-party battling that has raised the hopes of Republican candidate W. Harold Sams of Asheville.

Florida's only Republican congressman, Rep. William C. Cramer in the 1st District, faces Democrat William H. King, the man he beat two years ago, and expects to do it again. Republican candidates are challenging Democratic incumbents in two other Florida districts with some outside hopes of success.

GROWERS COMMITTEE—Officers and members of the executive committee of the Florida Fruit & Vegetable Association were re-elected at the annual meeting of the organization. Left to right, they are Roy Vandegrift Jr., Palmetto, president; Luther L. Chandler, Goulds; J. P. Harlee Jr., Palmetto; Andrew Duda, Oviedo; Rudolph Mattson, vice president and immediate past president, all members of the executive committee, and Joffre C. David, Orlando, secretary-treasurer.

Ike Attacks Democrats' 'Hare-Brained Spending'

PITTSBURGH (UPI)—President Eisenhower Monday night pictured Democrats as economic villains bent on carrying out "hare-brained spending schemes" and asked all Americans regardless of party to reject the "irresponsible and radical" policies of the Democratic Party.

In another of his "tough talk" campaign speeches the President portrayed the Republicans as "solid," "sensible" economic heroes of the recent recession whose greatest job was defending the country against Democratic "merchants of gloom."

The "Republican approach" of his administration to the recession and its "sensible programs" have created a situation where things are good and rapidly getting better, he said, they would have reacted to the recession with demands for "fat federal handouts" that would have taken the country a long time to pay off. He said one Democratic senator introduced anti-recession bills that would have cost the taxpayers 23 billion dollars.

3 From Sanford Attend Meeting

D. K. McNab, owner and manager of the Credit Bureau of Sanford, Mrs. McNab and H. L. (Brad) Foley, manager of the collection division of the Bureau, attended the fall meeting of the Associated Credit Bureaus of Florida at the George Washington Hotel in West Palm Beach last weekend.

Approximately 40 credit bureaus and collection divisions of Florida were represented. Discussions were held on specialized reporting—such as personnel and business firm reports; the effect of changing economic conditions on credit reporting; training of personnel in bureaus; collection problems, and other subjects that will aid bureaus in furnishing quicker and better service to its members.

Present at the meeting were several officers and directors of the Associated Credit Bureaus of the Southeast, including Mrs. Margaret Nuggins, who delivered an address.

Jack Kirat, owner and manager of the Credit Bureau of Melbourne—Edu Gallo, was elected president of the Associated Credit Bureaus of Florida for 1958-59.

Present at the meeting were several officers and directors of the Associated Credit Bureaus of the Southeast, including Mrs. Margaret Nuggins, who delivered an address.

Square Dance Set For Civic Center Tomorrow Night

Square dancing under the stars will be held again tomorrow at the Sanford Civic Center.

All regular dancers are urged to attend, and any dancers who are not beginners are welcome. A new beginners' class will begin about the first of the year.

Efforts still are being made to secure enough interested youngsters to start a square dance instruction class for this group. Youngsters interested may enroll at the Recreation Department Office in the Youth Wing of the Civic Center any afternoon.

The Wednesday night dancing starts at 8. Joe Curtis is the caller and instructor in charge.

Hotel Heir Hilton Will Wed Heiress

NEW YORK (UPI)—Hotel heir Nicky Hilton, 31, and oil heiress Patricia (Trish) McClintock, 18, announced their engagement Monday night and said they would be married Nov. 26. Hilton formerly was wed to actress Elizabeth Taylor.

Plane Sets Record

TOKYO (UPI)—Northwest Airlines said it broke today its own 4,916-mile flight record between Tokyo and Seattle, Wash. The airline said a DC-7C made the flight in 13 hours, 22 minutes breaking a 13-hour, 46-minute record set two years ago.

Defense Assistant Plans To Retire

WASHINGTON (UPI)—The Pentagon announced Monday that Dr. Paul D. Fools, assistant defense secretary for research and engineering, will retire to private life at the end of this week.

Fools has been in government service since his retirement as vice president of the Gulf Oil Corp. in 1953, and has occupied his present post since September 10, 1957.

Free To Travel

AMMAN, Jordan (UPI)—Americans today were free to travel to Jerusalem and Bethlehem, two Jordanian cities declared off-limits by the U. S. State Department after the Iraqi coup de'etat July 14.

New Ambassador

PARIS (UPI)—Habib Bourguiba, son of Tunisia's president, today prepared to present his credentials to the French government as his country's new ambassador to Paris.

110 Persons Hurt

SYDNEY, Australia (UPI)—At least 110 persons were reported injured Monday when thousands of tons of sodium nitrate exploded and showered a mile-wide suburban area with hot, choking ashes. The explosion was set off by a fire that liquefied fertilizer stored in a yard. At least 10 nearby houses were damaged by the fire and explosion.

Tomorrow Will Give Us Something To Think About

When you reach the future tomorrow, will you think about what you might have done in the present to insure a healthier life? Are you punishing your body now by not taking proper care of it?

There is nothing more aging than prolonged sickness. Any illness has a tendency to overwork the heart and other important organs. The sooner trouble is corrected the better.

At the first sign of any ailment visit your physician. He will diagnose what is wrong and prescribe medication to correct it so that you will have many healthier tomorrows.

FIRST SNOW OF THE YEAR—Youngsters frolic in the snow at Berne, New York, after a 17-inch fall clogged the Catskill Mountain community of Tannersville and dumped from two to four inches elsewhere in upstate New York. It was the first snow of the approaching winter for the area. (UPI Telephoto)

Heart Drug Tests Term 'Impressive'

WASHINGTON (UPI)—The National Heart Institute Monday announced "impressive" results with a new drug for lowering blood pressure.

It said research physicians of the institute have found that the drug, known as JB 516, "produces marked and sustained lowering of blood pressure in patients with hypertension." Hypertension is the medical name for the disease commonly known as high blood pressure, one of the nation's leading causes of death.

The research physicians are Drs. Louis Gillespie Jr., Luther L. Terry and Albert Sjoerdsma. They presented a formal paper on their research today before a scientific session of the American Heart Association at San Francisco. The findings were simultaneously made public here by the institute, a branch of the National Institutes of Health at Bethesda, Md.

The physicians reported that JB 516 does not seem to produce some of the undesirable side effects of other blood pressure-lowering drugs now in use. These side effects include sexual impotence, dry mouth and constipation.

In some patients JB 516 has produced a unique side effect of its own—temporary color blindness. This condition has disappeared upon withdrawal of the drug.

It has been administered to date to 21 patients, of whom 19 responded with "significant and sustained lowering" of blood pressure.

The physicians said however that further clinical tests must be made before the drug's lasting value in treatment of hypertension can be known.

Agreement Slated For Signing Today

BAGHDAD (UPI)—A cultural agreement between Iraq and the United Arab Republic was to be signed here today by visiting UAR Education Minister Kameladdin Hussein.

Hussein was greeted by a cheering crowd of about 20,000 students, workers and tribesmen when he flew in Monday from Cairo. Although demonstrations are technically illegal, police made no attempt to interfere with the greeting.

Ruling Postponed

ROME (UPI)—A Rome court Monday postponed until Friday a hearing on the Italian public prosecutor's appeal against a court ruling annulling the Mexican proxy marriage of Ingrid Bergman and Roberto Rossellini. Postponement was ordered because of the absence of one of the attorneys.

Horse Players: U. S. Versus Russian

By ANTHONY AUSTEN
United Press International

MOSCOW (UPI)—The Ministry of Agriculture conducts horse racing in Russia as a "testing ground for the improvement of the breed," but just as in America, the Muscovite horse player's main interest is in winning a bet.

From an official standpoint, Garry and Zarayad, the two Russian horses which will race in the \$100,000 Washington, D. C. International at Laurel on Nov. 11, will not be running just for the prize money like bourgeois capitalist—nation entrants. The Soviet steeds seek a higher objective.

The two three-year-olds are "horses of the people." Thus when Garry and Zarayad finished one-two recently in the Moscow Derby, the importance of this from the Soviet standpoint lay not in the payoff at the parimutuel windows but in the future of the two horses when they are stationed at stud farms after their racing days are over.

Horse Players Name
For while horses have all but disappeared from American farms they still are much in use at the collective farms in the Soviet Union and are an important part of the national economy.

But although "improvement of the breed" may be the official reason for horse racing, thousands of Muscovites have other ideas when they flock to the running tracks during the summer and harness tracks which operate throughout the year.

The Russian horse player is not much different from his counter-

part in Western countries. And while Soviet racing is surrounded with some controversy, in Moscow and half a dozen other Soviet cities it continues to enjoy the status it had in Russia in pre-revolutionary times.

Two-Ruble Bets
The ornate Moscow Hippodrome is said to be 150 years old and here on Wednesday, Saturday and Sunday afternoons, an average of 10,000, with 30,000 on Derby Day, show up for the racing.

The minimum bet is 10 rubles \$2.50 at the "official" exchange

rate. This amounts to about two hours pay for the average worker—and there is win betting only. The usual bet is the "double," picking the winners of any two consecutive races. Picking the winner of just one race is "ordinary" betting and since the payoffs usually are so small, most bettors go for the double.

Jockeys have a guaranteed wage of 100 rubles \$25 monthly augmented by a percentage of the handle depending upon how they finish even through there is only win betting.

Harry, Nixon Invited For Piano Duel

WASHINGTON (UPI)—A piano duel starring Harry S. Truman and Richard M. Nixon?

It probably won't, but it could happen at the National Press Club one of these days. The club president has formally invited the former president and the current vice president to join in just such a collaboration.

The idea grew out of a statement by Nixon over the weekend. He said he and Truman would "bury the hatchet," ending their long verbal feud, "when the National Press Club invites us to play a duet."

Reporters had asked him about the apparent thaw in Truman-Nixon relations. In a recent speech Nixon referred to the Democratic leader as a "gallant warrior." The next day, Truman told newsmen that sounded to him like an apology and "making up

our differences is okay with me." On hearing of Nixon's latest comment, Press Club President John V. Horner promptly sent off telegrams saying:

"The National Press Club applauds the harmonious sounds coming from two of its most distinguished members who play at opposite ends of the keyboard. . . . We guarantee a full house and an appreciative audience. Further, we assure you the critics will be there en masse."

Service Restored

LONDON (UPI)—The British Post Office Monday announced the resumption of normal telephone service with the Iraqi capital of Baghdad following an interruption of more than three months. The service had been halted by the revolution last July 14.

Groom Collapses, Twice, At Altar

ROME (UPI)—Giuseppe Magri, a married man today, but he found the wedding service such a strain that he may have to spend his whole "honeymoon" in a hospital.

The 28-year-old groom fainted twice during the ceremony in a church in suburban Castelle, once just as he should have been saying "I do" and again just after the priest had pronounced him married.

He was hospitalized for treatment of "severe nervous exhaustion."

A SOUTHERN INSTITUTION

**OF the South
BY the South
FOR the South**

THE COMPANY is a Southern institution in all that this name implies:

Of the South—because two-thirds of the Company's dividends are paid to more than 14,000 of its stockholders living in the five Southern states we serve;

By the South—because our officers, directors, division managers and the majority of our personnel, are all Southern men;

For the South—because all of our plants, terminals, service stations and other properties are located in the five Southern states shown on the map above.

We appreciate your confidence, which has rewarded our products with sales leadership. It is reflected by our confidence in the future of the South.

During 1957, for instance, our expenditures in Alabama, Florida, Georgia, Kentucky and Mississippi, for additional real estate, buildings and facilities . . . enlargement, repair and maintenance of present plants and equipment . . . and expenses of operation, including payroll, licenses and taxes (excluding federal income tax)—amounted to over \$50,000,000.00. We spend our money where we make it, in the South.
