SANFORD, FLORIDA, FRIDAY, MARCH 17, 1920

NUMBER 31

INTERSTATE COMMERCE COMMISSION INSPECTOR HERE ON INVESTIGATION

Kapp Reported To Have Suicided

EBBERT COMES BACK

INSPECTOR WENT CAREFULLY INTO THE ENTIRE SITUATION OF CAR SHORTAGE.

J. B. Battle an inspector of the Interstate Commerce Commission of Washington was in the city several days of this week being called here by the action of J. D. Hood and the Truck Growers Association on account of the difficulty in obtaining refrigerators and the prompt placing of the same for the growers in this section of the state.

There is a car shortage in every part of the United States at this time made more acute by the big trade in every part of the country and the fact that during war times few cars were built and with but little equipment for the railroads who have just taken their property back it was beyond human endeavor to keep the rolling stock moving in sufficient quantities to suit the shippers.

The principal kick of the Sanford growers was that when they ordered a refrigerator car for a certain date and were told they could have it placed and started cutting their perishable crop the car was not forthcoming making a dead loss to the grower and they wanted definite information from the Armour Car Line and the railroads as to whether they could depend upon a car for a certain date or not.

Mr. Battle went carefully over the ground here and stated that he thought Sanford was faring equally well if not better than the rest of the country and he will straighten out the tangle about the cars before he leaves here and if cars are not available the railroad officials and refrigerator people will tell the growers just what they can or cannot do.

LAKE MONROE SCHOOLS GET BIG RESULTS

SCHOOLS RECEIVED GREAT BUNCH OF PRIZES AND MUCH GOOD ADVERTISING

The Lake Monroe school has shed a lustre on the school system of Seminole County in a manner that will warm the hearts of all those who are interested in the building up of the school in this state. In the past few years Lake Monroe schools have attained a marvelous growth and from the little red school house it has grown into a mammoth brick building that would grace any city five times as large and under the able leadership of J. Tilden Jacobs and Mrs. Jacobs the school has attained a proficiency that has attracted the attention of school authorities in many parts of the state. The school exhibit at the Sub-Tropical Fair at Orlando did much toward attracting the attention of the many visitors to the marvelous growth of the Lake Monroe school and the many fine attainments of teachers and scholars. The following prizes were awarded Lake Monroe Schools which in themselves show the broad scope of the school and the entire devotion and zeal displayed by the teachers in making this school one of the worth while schools of the state in teaching the children useful vocations as well as following the regular curriculum:

Best Public School out of Orange County, \$10.00
Best general exhibit of two and three teacher schools, \$5.00.
For "wheel teaching circle" and grammar tree teaching.
For Agriculture methods and plans for six and eight year old girls in fancy work club.
Boy received first prize for manual

training on articles made with their knives.
Blue ribbon for the best Florida map giving the historical and geographical sketch.
Best Brussels Sprouts, \$1.00.
Best collection exhibit vegetables, \$10.00.
Best collection corn fodder, \$2.00.
Best collection parsley, \$1.00.
Best Beets, \$1.00.
Best radishes, \$1.00.
Best Rhode Island Eggs, \$1.00.

FLETCHER WILL OPEN CAMPAIGN

Speaks at Live Oak Saturday place Where He Opened Two Battles.
Washington, March 07.—Senator Fletcher has arranged to leave here tomorrow to open his campaign at Live Oak Saturday. He opened his first campaign there 12 years ago and again six years ago. His secretary, William L. Hill, of Gainesville, will remain in the senator's Washington office while Fletcher is campaigning.

Bolivia Expresses Regrets

SORRY THEY ATTACKED THE PERUVIANS LEGATION LAST SUNDAY.

Lima Peru, March 18 (By Associated Press) The Bolivian president through his aide-de-camp has expressed regret at the attack on the Peruvian legation Sunday. Peru demanded compensation damage.

Weather And Crop Conditions In Florida For The Week Ending March 16, 1920

Temperature. The week was cooler than the normal by 2 degrees to 4 degrees except in the extreme south, where the temperature was about the normal. There was no frost of moment in any division.

Precipitation. The rainfall was light, and fairly well distributed—heaviest, however, in the extreme northern counties, where at the several stations approximated 1 inch. Moisture is needed in all divisions—especially in the southern. Some stations report no rain during the week.

Conditions of Crops. The week was favorable for general farm work which was prosecuted diligently. A large acreage was planted to corn in the central and northern divisions much of which was a replanting in the central division. A large portion of the Irish potato crop was replanted in northern counties, especially in St. Johns County. There, however a good portion of the land had been replanted before the cold of the last two weeks, and as plants were not above ground they escaped. They are now "coming up", and the prospect is fairly encouraging. Tomatoes are being set out in general and portions of the southern division. The planting of corn is general in central counties, and becoming so in northern counties; peanuts also, were planted extensively. Cane is doing well. Strawberry and citrus blooms are now seen—much delayed as result of recent frosts. Some damage here and there—resulted to citrus bloom and tender growth by recent cold; berry bloom was killed. Where-ever protection was given all crops escaped. Ranges are poor.

Trouble In Peru

Lima, Peru, March 17.—The Peruvian foreign office announces that communication was established this morning with the Peruvian legation at LaPaz, Bolivia, which was attacked yesterday by the Bolivians. The minister reported that the mob attacked and burned the offices of La Razon, an organ unfavorable to former President Monte. The dispatch from the minister added that the situation was becoming tranquil.

COLBY UP TODAY IN SEN. MEET

NEW SECRETARY OF STATE BEING INVESTIGATED BY THE SENATE COMMITTEE.

Washington March 18 (By Associated Press) Bainbridge Colby has been called before the Senate Committee considering his nomination as Secretary of State today. The meeting is behind closed doors. Colby's statement is expected to determine whether there will be a long Senate investigation of his nomination.

DEMOCRATIC COUNTY COMMITTEE MEETS

Assessment of Candidates Was Only Business of Importance

The Seminole County Democratic Executive Committee was called to meet at the court house Saturday morning at ten o'clock being called by Chairman C. H. Dungee. The assessment of candidates and arrangements for the campaign were about the only matters of importance to come before the committee and after a conference with the candidates present regarding the various salaries it was decided to make the committee assessment two percent which under the old assessment makes it amount to about one per cent of the real salaries as they are now. It was also decided to have a big rally here one day during the campaign for the state candidates and the committee secretary will invite them to come on that date to be announced later.

Field Artillery Unit Here

A unit of the U. S. Field Artillery known in the army as Light Artillery camped here last night and left this morning for Jacksonville. They are making a trip through the south and have headquarters at Fayetteville, N. C., where they are heading now. The unit had two caterpillar tractors to draw the gun and also had a big army truck and a small car for the transportation of the officers. The gun was the American type of the French machine 75 and was some good looking piece of artillery said to be better in many ways than the original 75.

HOME TOWN WELCOMES MARINE HERO

PORTSMOUTH WELCOMES BRIGADIER GENERAL NEVILLE HERO OF BELLEAU WOODS.

Portsmouth Va. March 18 (By Associated Press) The city today welcomed Brigadier General Neville commander of the marines at Belleau Wood who is a native of Portsmouth. A silver service given by the city was a feature of the celebration which ends tonight when the general presents the French war cross to relatives of the men who died in the war.

Private Yacht Aground

Jacksonville March 17.—The auxiliary schooner-yacht Misery, Captain Waama, with Irwin Cox, owner of New York City, and party aboard went ashore late last night just south of the south jetty at Mayport, the entrance to the St. John's river, during a gale. It was with great difficulty that the passengers and members of the crew were rescued by the pilot boat Meta at 7 o'clock this morning. They were all clinging to the rigging of the craft with heavy seas washing over them. They were transferred to the pilot boat by the use of life lines and were taken to Mayport, where they are at a hotel.

In the party, besides Mr. Cox, were Mrs. Cox and Mr. and Mrs. George Bullard of New York. They had been since January at Nassau, and were en route to New York via this port, when the craft was wrecked. The Misery was of the auxiliary schooner type yacht, 65 feet overall, and was manned by the master and four men. She will probably be a total loss.

RECRUITERS OF LABOR IS STOPPED

MUST NOW GET PERMIT FROM FEDERAL DIRECTOR

The following letter is of importance Jacksonville, Mar. 15, 1920. TO THE EMPLOYERS OF LABOR IN FLORIDA:

In assuming the duties of Director for Florida of the United States Employment Bureau with headquarters in Jacksonville, it will be the purposes and aims of the bureau to furnish you, at no expense whatever, such help as you may require.

The Jacksonville office will be in charge of Mr. Phil N. Huffman, assistant director, with offices at 129 West Bay Street, who has had valuable experience as employment director of the War Camp Community Service. We trust that you will avail yourself of the opportunity to use this service as the needs of your business require, as the office is being re-established in Florida for the purpose of supplying the needs of employers, and at the same time finding situations for the unemployed workers of the State, whether it be skilled, unskilled, farm help, clerical professional or domestic labor, male or female.

Under the new regulations no recruiting of labor by either private agencies of firms operating outside the State will be permitted, unless credentials are first obtained from the Federal Director, and reports furnished this office as to number of men required, and afterwards a report as to the number recruited.

The office of Federal Director will be conducted in conjunction with the regular inspection work of the state of Florida, the present labor inspector supervising the branch offices of the employment bureau in all cities.

Applications for help should be addressed to U. S. Employment Bureau, 129 West Bay Street, Room 5, Jacksonville, Florida.

Very truly Yours,
J. C. PRIVETT,
Federal Director for Florida, U. S. Employment Bureau.

Assistant Director,
By Phil N. Huffman.

OUR NAVY'S SHORTCOMINGS WERE AIRED

SIMS MISHAPS WILL SOON BE FINISHED BY THE COMMITTEE.

Washington March 18 (By Associated Press) Concluding the long arraignment of the Navy Department conduct during the war, Admiral Sims laid before the Senate investigation committee the summary of his charges declaring the navy was not ready at the beginning of the war and violated the fundamental principles in attempting to formulate war plans without sufficient knowledge of the situation and failed to support him properly in the beginning. The cross examination will probably begin Friday.

For County Commissioner

I hereby announce my candidacy for the position of County Commissioner of the 1st district of Seminole County and promise that if elected to do my duty as the servant of the people not only of my own district but of the entire county.

JOHN MEISCH

FLYING BOAT WILL REMAIN

The Sea Gull Will Carry Passengers For Next Few Days

The Curtis Flying Boat, the Sea Gull, owned by C. D. Griff that has been here for the past few days at the wharf of John Russell comes down town every day and lands at the Clyde Line where it takes passengers for a spin over Lake Monroe. This flying boat is the greatest thing that has come to Sanford in many a day and combines all the pleasures of a sail on

A RED RADICAL WAVE SEEMS TO BE SWEEPING OVER GERMAN CITIES

the air or on the water and can land anywhere on the lakes or rivers. This appeals to the average passenger and many people are intending to take a spin over the Lake while the Sea Gull is here. You can see the flying boat at the Clyde Line dock in the mornings and the afternoons and Mr. Griff states that he will be here all this week.

Constantinople Occupied

Constantinople March 17.—Constantinople was occupied this afternoon by allied forces under Gen. Sir George E. Milne, of the British army. This long looked for military demonstration by the allies against Turkey was marred by only one untoward incident, a serious clash near the war office where the Turks resisted the allied soldiers.

Raising Revenue Big Job

TAKING TAX OFF DIVIDENDS MADE HOLE IN TREASURY

Washington March 18 (By Associated Press) Treasury officials of the House Ways and Means Committee present their views on the raising of revenues to meet the losses as the result of the Supreme Court's decision on stock dividends being untaxable. Chairman Fordney's plan being for a flat tax on all profits with the same percentage large and small incomes and repeat the two thousand dollars exemption. The provision is opposed by the Democratic committee.

Cecilian Recital

The fourth of a series of recitals planned by the young piano students of the Cecilian Music Club for this season was given in the studio of Mrs. Munson on last Saturday, afternoon March 13th at 3:00 p. m. A very large audience evidenced a growing interest in these recitals. The piano selections were excellently rendered.

Miss Irene McCagruie added greatly to the program's interest in her selection of songs and readings. Miss McCagruie is a vocal pupil of the famous instructor Oscar Saenger. Her voice is Mezzo Soprano, beautifully trained; added to this is nature's gift in rare quality of sweetness and velvety richness. Here truly is the voice of the Soul and whether she reads or sings the appeal is certain. Miss Mildred Kennedy, a promising young piano student was accompanist.

Selections given were: Instrumental:

- 1 Concert March.....Wachs
- 2 Japanese Lullaby.....Kroeger
- 3 Etude.....Sydney Smith
- 4 Second Waltz.....Rathbun
- 5 Tarentelle.....Piszozna
- 6 Mazurka.....Engel
- 7 In An Alabama.....Cabin
- 8 "Firtgertwist".....Ernery
- 9 (a) Japanese Doll.....Newlan Swift
- 9 (b) Joyous Farmer.....Schuman
- 10 Goin' Wom.....Linka
- 11 Spinning Song.....Elmerich
- 12 Hungarian.....McDarrill
- 13 (a) Mazurka.....Scharwini
- 13 (b) Cradle Song.....Barilli
- 14 Songs:
(a) Stride La Vampa (from La trovatore)
(b) Candle Light (time, Verdi)
- 15 Musical readings.
Readings:
Miss Irene McCagruie

Growers Ask Information on Car Shortage

SITUATION IS BETTER

NEW REGIME GIVES UP BUT RADICALS TRYING TO TAKE CHARGE OF GOVERNMENT.

And undated Associated Press despatch says that Germany has cast off the reactionary regime but advises indicate that Germany is facing another extreme peril in the wave of Radicalism. An Amsterdam despatch from the Exchange Telegraph to London says Kapp has been ousted as the head of the revolution and it is rumored that he has committed suicide, quoting from the telephone message, from Berlin. Other reports say Kapp has fled from Berlin and his forces are leaving and the presence of Gustav Noske who came from Stuttgart by airplane indicates that the Constitutional government intends to assume control immediately. The Proletarian dictators have been set up at Dortmund, Gera, Halle, Ohligs, Unna and Gelsenkirchs the reports say and Leipzig workers have driven the government troops from the city.

Stuttgart March 18 (By Associated Press) German national Assembly here in meeting today. The military occupied all approaches to the hall. There were no disorders.

London March 18 (By Associated Press) Amsterdam Exchange Telegraph correspondent says that Ebbert has arrived in Berlin and the reactionary armed forces have departed.

Paris March 18 (By Associated Press) Official Berlin advices say the crowds are in an ugly mood, the military panicky and many Baltic troops have joined the independent socialists who are reported to have twelve thousand men at their command.

PREPARED FOR TEST OF TREATY

SENATE LEADERS READY TO DO SOMETHING DEFINITE TODAY ON TREATY

Washington March 18 (By Associated Press) The Senate leaders are prepared today for the final test of the peace treaty and the remaining reservations will be disposed of before the adjournment if the night sessions are necessary and the probability is found for the ending of the lobby fight. The efforts of W. J. Bryan to persuade the Democrats to compromise has added an uncertainty to the outcome.

MINNESOTA REPUBLICANS CONVENTION

SEND UNINSTRUCTED DELEGATES TO THE STATE CONVENTION

St. Paul March 18 (By Associated Press) Fifty Minnesota county Republicans conventions elected uninstructed delegates to the state convention yesterday. Twenty-seven were instructed for Wood, five for Lowden and two for Johnson.

Weather Report
For Florida fair tonight and Friday. Gentle shifting winds except east over extreme south portion.

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

GENEVA

Mr. and Mrs. H. B. Levy and Miss Rose Levy left last Tuesday for their home in New York city, after having spent the winter here with Mrs. Levy's father Mr. T. D. Peters.

Mr. and Mrs. C. A. Raulerson have returned from an auto trip to Palm Beach, Ft. Pierce and Mims.

Mr. and Mrs. O. B. Nicholson came over Sunday from Daytona. Mr. Nicholson returned to Daytona Tuesday, but Mrs. Nicholson will remain for some time with her father Mr. T. D. Peters.

Mr. G. D. Hart of Sanford paid Geneva a business visit last Tuesday.

Mrs. Clara Coffee came up from Miami last Saturday to take her mother, Mrs. S. Williams back with her. Mrs. Williams has spent the past year here with another daughter, Mrs. C. F. Harrison.

The Geneva schools opened on Monday of this week, there being no more cases of scarlet fever.

Mrs. Harry Rivers and children left Sunday for their home in Macon Ga., after having spent the past two months with Mrs. J. N. Prevatt.

Word has just been received that Ed Raulerson of Palm Beach has married Miss Maude Martin of Jupiter.

Mr. and Mrs. Reed of Bloomington, Ill. arrived last Wednesday to occupy their cottage at Lake Harney.

LONGWOOD PICK-UPS

Mrs. Will Satcher and baby daughter are the guest of Mr. and Mrs. C. W. Entzinger this week.

Mrs. G. S. Manly of Orlando spent the day with Mrs. J. S. Dinkel on Tuesday.

Miss Lillian Singelton left Tuesday for her home in Jacksonville.

Mr. and Mrs. Shinholer and little son and Mrs. Phillips and son of Sanford were calling on friends Tuesday afternoon.

C. W. Entzinger was shipping cabbage from his Wekiva garden last week.

The recent cold done very little damage in this section.

J. A. Bistline is building a garage which means another auto in Longwood.

A new roof is being put on the Episcopal church.

Miss Eva Stuart of Orlando spent the week end at home last week.

Ben Overstreet was transacting business in Orlando on Saturday.

Little Miss Abdia La Vigne had a birthday party last Friday and with her many little friends enjoyed a picnic lunch.

UPSALA AND GRAPEVILLE

Mrs. Volie Williams and baby called on Mrs. A. L. Campbell Tuesday.

Mr. and Mrs. Warren of Sylvan Lake were Sunday callers at the home of Mrs. and Mrs. Jesse Thompson.

On Tuesday Mr. and Mrs. Clute of Sanford and Mr. and Mrs. Lucas of Longwood were callers at the home of Mr. and Mrs. Westerdick.

Friends who met Mrs. Benton

sister of A. F. Westerdick while she was here in the early part of the winter, will be sorry to hear of the very critical condition of her husband for this past month with heart trouble.

Mr. and Mrs. Austin Williams, and daughter Mamie Kate and son Robert of Tampa have decided to return to Sanford much to the delight of their relatives and friends here; Mrs. Williams and Robert have already come and are staying with Mr. and Mrs. Volie Williams till they get moved.

Mr. and Mrs. Alfred Elvie have a new car, a roomy Velie Six, I believe. They invited Mr. and Mrs. Magnuson to attend service in Sanford with them Sunday, all returning to the latter home for dinner.

Mrs. A. F. Westerdick accompanied Mr. and Mrs. Clute over to Osceola to see Mrs. Parkinson, who has been ill for some time, confined to her bed and is just recovering from the flu.

We understand that Joe Daniels and wife of Sanford, having lately sold their store there to Miss Simon are expecting soon to make their home on their little grove near Upsala station.

Sorry to hear that Mr. Lynn has the flu and being threatened with pneumonia it was thought best to take him to the hospital in Sanford where he could receive the necessary care by Dr. DePon.

Mr. and Mrs. Bartleson and little daughter are ill with the flu too, the doctor being called there Monday.

We are all thankful for the wonderful escape from injury of the little daughter of Mr. and Mrs. Campbell last Sunday. She went upstairs and pushing out a screen fell from the window to the hard ground seemingly without being hurt.

Clarence Bergquist of Sanford visited with his sister Mrs. E. W. Lundquist Sunday.

Mr. Starns of the shop force was also calling at the homes of T. O. Tyner and A. L. Campbell.

Dr. Brover kindly came out again last Sunday, giving us an excellent talk on the Interchurch movement, and of the need there is of the joining together of all the forces for righteousness to battle against sin, which is trying to overthrow our government and people.

We have been pleased to have with us for the last two services, Mr. Swan who is stopping for a while at Twin Lakes. He is an old time resident, having lived near Sanford for 17 years, but has been North a number of years.

We were also pleased to see Mrs. DeForest and her friend, Miss Woodruff who is again keeping her company to the service.

We shall miss Mrs. Heston and her charming daughter, Miss Lydia of Columbiana, Ohio who have been stopping with Miss Leinhour. They are now visiting with friends at Winter Haven.

Mrs. Jack Vaughn has been helping Jesse Thompson plant his watermelon seed. Hope we will have warmer weather soon as the will grow.

EAST SANFORD

Mr. and Mrs. I. D. Martin were hosts Sunday at a delightful dinner party. Turkey and all the good things pertaining to a turkey dinner was greatly enjoyed by the guests, Mr. and Mrs. A. D. Porter, Mr. and Mrs. C. H. Campbell, Mr. and Mrs. W. W. Dressor, Mr. and Mrs. J. C. Ellsworth, Mr. Samuel Schwarz, Miss Lucy Bird Smythe, Miss Helen Dressor and Abbott Smythe.

Mr. and Mrs. A. B. Cameron and daughter, Miss Clair, had as guests Sunday their cousin, C. X. Jackson and family of Eustis and Mr. and Mrs. Shrampe of Tavares.

Mr. and Mrs. A. Corpany are driving a new Ford touring car.

Mr. and Mrs. A. Corpany, of Beardsall Ave., have as guests their old friends, Mr. and Mrs. D. E. Bump, of Danville, Ill., who have been touring West Florida.

Thomas Burgess was over from Bartow Sunday, a visitor at the Long home on Richmond Ave. His little grand daughter, Mary Edith Manning returned home with him for a visit.

Samuel Schwartz enjoyed an auto trip to points on the West Coast last week with Mr. and Mrs. Pillsburg and party of Deland.

Mr. and Mrs. Vance Douglas and

ATLANTIC HOTEL

WE know how to repair automobiles—you don't. Avail yourself of our expert services. Whether your machine is suffering from lack of adjustment or is internally or infernally sick, we'll cure its ailments in a hurry. As for the bill—you needn't worry—about the size of it we mean.

B. and O. Motor Co.
SANFORD, FLA.

children have moved out from town to their new home on Lake Golden.

L. A. Brumley is at home from the hospital where he was ill for some time with the second attack of flu this winter. His young son, John, has also been ill with flu.

Chas. Dunn of Geneva Ave., is very ill with a relapse of flu.

Simson Philip, of Cameron City, has been very ill for three weeks with flu.

Mrs. Allman, of Cameron Ave., died Sunday after a week's illness with flu and complications. She leaves her husband and nine children, one an infant only a week old and her mother, Mrs. Hickson and several brothers and a sister. Her remains were taken to Maytown for interment.

Mr. and Mrs. Nick Zernovean have sold their 5 acre improved farm to R. B. Chapman for \$6,000. It is located between Harry Ward's and the Russell farms on Beardsall Ave. We understand Mr. Zernovean has bought 24 acres of

unimproved land of C. B. Tyler near the Crippen crossing.

Christ Buceroel of Cameron City has bought 4 acres of land adjoining his farm on the east.

Charming Dinner Party

In honor of Mr. and Mrs. A. F. Porter of Langhorne, Pa., Mr. and Mrs. I. D. Martin entertained with a charming dinner-party on Sunday evening at their home on Golden Lake.

Covers were placed for fourteen and a delicious turkey dinner was served in courses. The table with its centerpiece of roses and attractive appointments was very lovely, with dainty hand painted place cards in rose design making the places.

Other guests of the delightful occasion, were Mr. and Mrs. J. C. Ellsworth, Mr. and Mrs. C. H. Campbell, Mr. and Mrs. W. W. Dressor, Miss Lucy Byrd Smythe, Miss Helen Dressor, Mr. Samuel Schwartz and Mr. Albert Smythe.

Social Department Bridge

Mrs. Fred Walsman was the gracious hostess of the bridge party given by the social department at the Woman's Club Tuesday afternoon. There were six tables of players enjoying the fascinating game and a number of other guests engaged in handwork.

The bridge prize was won by Mrs. E. M. Galloway to whom was presented a bottle of toilet water. There

Get Goodyear Tire Economy for That Smaller Car

Just as owners of the highest-priced automobiles get greater mileage and economy out of Goodyear Tires, so can the owners of smaller cars similarly enjoy Goodyear advantages.

The 30x3-, 30x3½-, and 31x4-inch sizes of Goodyear Tires are built to afford a money's worth in performance and satisfaction which only the utmost in experience, resources and care can produce.

This extraordinary money's worth begins not only with the merit of these tires, but also with the first cost, which in most cases is no greater, and sometimes actually is less, than that of other makes of the same types of tires.

Go to the nearest Goodyear Service Station Dealer for Goodyear Tires for your Ford, Chevrolet, Dort, Maxwell, or other cars taking these sizes. He is ready to supply you Goodyear Heavy Tourist Tubes at the same time.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread... \$23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

GOODYEAR

Reasons!

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

Take

CARDUI

The Woman's Tonic

Mrs. Mary J. Irvin, of Cullen, Va., writes: "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness... I would go for three weeks almost bent double... My husband went to Dr. for Cardui... After taking about two bottles I began going around and when I took three bottles I could do all my work." E-80

GROWERS WANT INFORMATION ON CAR SHORTAGE

Lack of Information Prevents Growers Shipping

WANT THE TRUTH

MOVEMENT OF REFRIGERATOR CARS UNSATISFACTORY AND GROWERS WILL SUFFER LOSS

The Sanford growers are having difficulty in obtaining sufficient refrigerator cars to haul their stuff and while there is a car shortage everywhere and business men are suffering from the car shortage the growers think they should receive some information daily about what they can expect in the way of refrigerator cars. For instance a grower wants to cut celery or lettuce today and he wants to know when he can get refrigerator cars and he is informed that he will get a car but the

car is not forthcoming. The grower finds out too late that he will not be able to get his stuff into cars after he has started cutting and one can imagine his plight.

The growers are entitled to have definite information from the railroads and from the Armour Car lines about what they can expect and they want definite information. In other words they want a plain "yes" or "no" about this car business so they can govern their field operations accordingly. J. D. Hood wired Senator Fletcher and the Interstate Commerce Commission today about this condition and expects to get some definite information about it.

The farmers are not arbitrary about this condition. They realize that there is a serious car shortage and they realize that they will have to take chances with other lines of business. But other lines are not dependent solely upon the movement of cars like the growers are and the growers want definite information and they must have it or suffer great losses in their crops. They should know whether it will be possible to get a car on the day that they expect to cut or not and the railroads and the Armour Car Lines should be able to tell them.

FIFTY THOUSAND REFUGEES

From All Parts of Russia Camping in Streets

Novorossisk, Russia, March 16.—Fifty thousand refugees from all parts of Southern Russia have been camping in the streets of Novorossisk for several weeks waiting for transportation to take them across the black sea to a place of safety, most of them are families of officers and leaders of the army of Denikine. All the resources of the American Red Cross mission to South Russia have been employed in extending relief to the refugees.

Every shelter of any description has been crowded with humanity. Idle factory buildings, grain elevators and rooms used as stables during the day have been filled with refugees at night. Thousands have spent their days walking the streets and at nightfall have spread their blankets and scant covering upon the pavement to sleep. Hospitals have been filled to overflowing and medical supplies have run low while hundreds of cases of typhus developed every day. Each morning found hundred dead in the streets.

Largest Pipe Organ.

What is undoubtedly the largest and probably the greatest pipe organ ever made was that which was played in Festival hall in St. Louis, during the exposition in 1904. It was originally made for Convention hall, in Kansas City, but was never accepted. It remained in storage for years and was then bought by John W. Wanner and installed in his Philadelphia store, where it is played every working day. The organ weighs 375,000 pounds.

FLORIDA POTATOES ARE LATE

AND OTHER STATES WILL COMPETE WITH US IN SPUD MARKETS

Indications are that the potatoes grown in this section will be so late this spring that there will be plenty of competition, especially for potatoes that are very late. Says the Palatka News. Shipping will begin in some of the Texas districts as early as April 1.

The Beaufort, S. C., district reports the farmers in that section as being comparatively through planting potatoes and they expect barring misfortunes of any serious nature to commence digging some time around May 10. They expect to be virtually finished with digging by June 1. They have had ideal weather for planting, and their acreage will be fully double that of last year.

In the Rio Grande Valley of Texas approximately 3,000 acres have been planted to potatoes. Some of them are reported as being very early, while others are just up. The plants are generally healthy and are growing rapidly. In all probability, shipments will begin about April 1.

In the Caney Valley of Texas there are approximately 5,000 acres, and about the same amount in the Alexandria section of Louisiana. Those sections report that it is too early yet to forecast anything, for the reason that very few of the plants are up.

Some of the other districts in Florida, outside the Hastings district, report the acreage of potatoes for this year according to the following figures: Orange Park, 30 acres; Doctor's Inlet, 200 acres; Russell, 30 acres; Green Cove Springs, 40 acres; West Tocoma acres; DeLeon Springs, 100 acres; Sanford, 500 acres; Orlando, 15 acres; Kissimmee, 400 acres; Lakeland, 100 acres; Plant City, 600 acres; Dover, 150 acres; Yoor City, 200 acres; Oviedo, 125 acres; Moore Haven, 2,000 acres; Ritta, 2,000 acres; Dade City, 60 acres; Kathleen, 30 acres; Galloway, 50 acres; Bartow, 50 acres; Fort Meade, 50 acres; Bowling Green, 25 acres; Wauchula, 200 acres; Zolfo Springs, 60 acres; Arendia, 140 acres; Nocatoe, 100 acres; Fort Myers, 25 acres; Lowell, 10 acres; Duker, 50 acres, and Worthington Springs, 140 acres.

Turkish Antiques.

There is a law in the Turkish empire prohibiting the exportation of relics and antiques more than a hundred years old. Real objects of art of sufficient age to be of value are rarely to be purchased.

SANFORD BOY IS KILLED IN AUTOMOBILE

FRED SJOBLUM OF LAKE MARY KILLED NEAR LAKELAND BY OVERTURNING AUTO

Another serious and fatal accident resulting in the death of a young man by the name of Fred Sjoblom, occurred yesterday afternoon just two miles this side of Haines City. When the accident was discovered by passers-by about 3:30, two men were found, Sjoblom being pinned under a Ford car and another young man by the name of Jim Owens, of Auburndale, was lying up against the side apparently unconscious. He soon revived and when the car was raised from the body of Sjoblom, his face was badly crushed and his neck broken.

From all that can be learned Sjoblom and Owens left Auburndale in a Ford car belonging to Gordon Castlebury and started for Haines City about 3 o'clock. The car had swerved across on the left hand side of the road and turned around in the sand and grass and then took another header to the opposite side of the road where it turned over and headed back toward Auburndale, thus indicating that it was traveling at a lively rate. The accident happened on a straight and level stretch of asphalt and to those who talked to Owens, he could not give a very accurate account of what really did happen. He stated to some that an International truck struck the Ford on a curve and to others he said that a Dodge car crowded him off the road on a curve. There is no curve within a mile of this point. Owens also stated that he was doing the driving and that they had been drinking during the morning and evidence obtained in Auburndale goes to bear out that theory, although none was found about the car. Neither were there any marks of any kind on the car nor even a fender bent, showing that the accident was the result of a collision. The general opinion was that the boys were just traveling too fast for general purposes under the conditions.

It is supposed too, that many cars passed the scene of the wreck without knowing that two men were pinned beneath, as all that could be seen from the road was an over turned automobile and it was just by chance that a car stopped and learned the situation and called others to help out. J. W. Buchanan, Jr., and family happened along about this time and aided in raising the Ford and taking care of the unfortunates. Sjoblom has a brother living at Auburndale and was about 23 years of age. He has been in the neighborhood for several months picking oranges and came there from Sanford. Owens is said to be the son of Rev. Owens at Auburndale, and is about 20 years of age. He received a broken nose and was injured about the hip.—Lakeland Star.

THE BALL HARDWARE COMPANY

ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D.

Analytical and Consulting Chemist - Professional of Natural Science Emeritus, Rollins College, Florida
Private Laboratory of Rollins College Winter Park, Fla., Nov. 5th, 1918

Mr. T. O. Charles Sanford, Fla.

Dear Sir: I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:

Color	Clear	Chlorine	1.75 parts per million
Reaction	Neutral	Total solids	3.00 parts per million
Free Ammonia	00 parts per million	Hardness	23.03 parts per million
Albuminoid Ammonia	Trace	Nitrates	Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 3 bacteria per cent; and in finding no coliform, or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water."
Yours very respectfully,
(Signed) THOMAS D. BAKER

STEVENS CAN HOLD POSITION

ACCORDING TO DECISION RENDERED BY CITY ATTORNEY CARY D. LANDIS.

H. R. Stevens is eligible to hold the position of City Commissioner of Sanford and Mayor according to Cary D. Landis the City Attorney. Mr. Landis recently handed in his resignation but is acting as City Attorney until such time as his successor can be appointed. The following communication from City Manager Abbott explains the position of the City Commissioner and the City Attorney on the subject:

Mar. 10, 1920.

To the City Commissioners of the City of Sanford Sanford, Florida Gentlemen:

You have requested my opinion whether or not Mr. H. R. Stevens is qualified to serve as a member of the City Commission of the City of Sanford.

I have investigated this matter and am of the opinion that he is legally qualified to serve as a member of the City Commission. The fact that Mr. Stevens may hold a pass over the lines of the Atlantic Coast Line Railroad, by virtue of his being Master Mechanic of that Railroad, does not disqualify him as a City Commissioner. The duties of the Master Mechanic of the Atlantic Coast Line Railroad require that he travel upon the railroad, and I do not believe that it is seriously contended that Mr. Stevens when traveling as a Master Mechanic of the Atlantic Coast Line upon the Atlantic Coast Line Railroad should pay his transportation. The pass

that he holds is not a free ticket or pass, but a pass that must be used by him in the performance of his duties as Master Mechanic of the Atlantic Coast Line Railroad.

I am therefore, of the opinion that Mr. Stevens is duly qualified to serve the City of Sanford as a City Commissioner.

Respectfully submitted
CARY D. LANDIS
City Attorney.
March 16, 1920.

Mr. Robert Holly Editor of Sanford Herald Sanford Florida.

Dear Sir:

I enclose copy of communication received from Cary C. Landis, Attorney, DeLand Florida regarding the eligibility of H. R. Stevens as Mayor for the City of Sanford under the present charter.

Any communications which have been addressed to me on this subject have been referred direct to the legal department as I am endeavoring to comply with the City ordinances and to carry out the wishes of the City Commission which is functioning under the charter passed by the State Legislature and approved by the Governor of Florida June 1919.

Sincerely,
G. A. ABBOTT
City Manager.

Another Moonshiner Captured
Frank Bragley a negro moonshiner was captured at his still or some other

man's still at Wagner by Sheriff Brady and Deputies Tillis and Whitten Friday and was before Judge Householder on Saturday getting the pleasant alternate of paying a \$225 and costs or going on the road for five months.

At present he is the guest of Sheriff Bradey and unless he can get up the money will work out his sentence and for at least five months will not make any more "wildcat" stuff. A modern copper still was captured at the same time that Bragley was caught but the liquor had just been sent away and none of it was in evidence in any large quantity but it had been there in large quantity some time before that from the looks of the place.

DAIRYING GREAT ASSET TO SEMINOLE COUNTY WITH MODERN METHODS

Pinehurst Dairy Among The New Enterprises

GREATER OPPORTUNITY NEVER PRESENTED

TAMPA TIMES GIVES SOME SALIENT FACTS ABOUT FLORIDA DAIRYING

The Pinehurst Dairy Farm recently established here now has a beautiful white enameled delivery car going the rounds with a driver and delivery man all spick and span, the new dairy is as clean as one's home almost and every thing is done by electricity. Paul Keely is the presiding genius of the new dairy and Paul has ideas of his own about how an up to the minute dairy should be operated. Dairies nowadays must be clean or the State and local boards of health will get them but the man who really wants to operate a real dairy does not need official action to keep his dairy clean. He knows that he will gain business by sanitary methods and realizes that clean milk is essential to the health of the community. Sanford is fortunate in this respect and the dairies large and small that are operating now are making an honest endeavor to give the people the best of milk under sanitary conditions. Dairying should be one of the principal assets of Seminole county and the following from the Tampa Times is strictly to the point:

Yesterday we called attention to the wealth developed by Denmark from the production of eggs and butter, mentioning the fact that Denmark, naturally a bleak and infertile country a land of long winters and foggy and cheerless summers, still managed to supply the markets of London and Paris with 200,000,000 pounds of butter yearly, and that the Danish butter bore an excellent reputation in the market and was enriching its market.

We have states in this union which might compete with Denmark in butter making, not only as to quality, but also to quantity, but Florida is not one of them as yet. With all the advantages for stock raising possessed by any state, and more than most of them we are content to get our beef from the prairies of the west, our butter from the creameries of Illinois and Wisconsin and our eggs from Tennessee

Wisconsin is perhaps a typical state for dairying. It has a state dairying commissioner who tells us that the number of cows in Wisconsin exceeds 2,000,000, that there are 180,000 milk producing farms, which return to their owners the sum of \$215,000,000 yearly. Part of that great sum, too much, goes from Florida, for we import many tons of Wisconsin butter and use numberless cans of condensed milk.

And it goes without saying that in its natural advantages for carrying on the dairy industry, Wisconsin cannot compete with Florida. The Wisconsin dairyman must provide warm and comfortable quarters for his cows for at least six months in the year, a tax from which the Florida farmer is exempt. The stabled cows must be fed and cared for at considerable expense for those six months. Labor and feed are not small items in the expense bills of the western dairyman, but they can be largely eliminated by the Florida dairyman. His herds have a longer season on grass, as well as a greater variety of nutritious grasses to choose from. Then there is a great variety of valuable forage plants, which can be grown successfully in Florida and reduce the amount of grain required to keep the animals healthy and productive. Again the lands of Florida are much cheaper than the highly developed lands with the expensive buildings in Wisconsin. The first outlay would not need to be as great.

Here is where Florida is neglecting a great opportunity. The 180,000 milk farms of Wisconsin should be matched by 200,000 similar farms in Florida. This state has more than 2,000 square miles more than Wisconsin has; a better and longer grazing season, and an abundance of pure and wholesome water. Drouths are rarely long-continued or serious with us. In fact, from every possible point of view we are as well situated for carrying on a successful dairy business as any state in the union, and some day the farmers of Florida will find it out.

FRANCE IS AROUSED ABOUT BIRTHS

EFFORTS BEING MADE TO RAISE THE BIRTHRATE BY THE GOVERNMENT

Paris, March 16.—France is at last arousing itself to the danger of dying out. The privately conducted, uphill fight for a higher birthrate has been taken over by the government through the creation of a Higher Council of Natality. This council of thirty, appointed by J. L. Breton, Minister of Hygiene, was asked to act immediately. Mr. Breton, father of five children, is known as a strong friend of large families. Three others of the new cabinet are advocates of measures to increase the French birthrate.

War cost France roughly 1,500,000 lives. A low birthrate, during the war years, cost France 1,172,735 loss of populations. These statistics, made into striking pictures to illustrate their effect on the nation, industry and war-damage are being used in a vigorous campaign by the National Alliance, for the increase of the French population. This campaign is being conducted by letters to members of Parliament, posters, a magazine, The Woman and The Child, and through the many socially and politically powerful persons interested in the movement.

The plainest sorts of truths are told the French about the decreasing birthrate. The National Alliance and government officials hold that a family should have three or more children. To encourage such families government allowances of 60 to 200 francs a year are granted for each child after the second-under 13 years. The alliance asks also for legislation to provide for the construction of cheap attractive homes available only to large families, establishment of "super-salaried" in industries to heads of such families, preference in government employment, the plural vote, giving the father as many votes as there are persons in the family, and real war, on "birth control", known here as Neo-Malthusianism.

The Man.

Baltze left in manuscript a chapter which he called "Theorie de la Demarche," in which he says, "The look, the voice, the respiration and the attitude or walk are identical. But, as it has not been given to man the power to stand guard at once over these four different simultaneous expressions of his thought, watch that one which speaks out the truth, and you will know the whole man."—Life of Baltze.

POLITICAL ANNOUNCEMENTS

For Clerk of Court

I hereby announce my candidacy for re-election as Clerk of the Circuit Court for Seminole County, subject to the Democratic Primary to be held June 8th, 1920.

E. A. Douglass.

For State Senator

I hereby announce as a Candidate for the States Senate from the 19th District, comprising Osceola, Orange and Seminole Counties, and I earnestly solicit the support of all Democrats in the Democratic primary to be held June 8th. I have served Osceola County in the State Legislature the last three sessions and I respectfully refer to my record there.

If elected I will serve the district to the best of my ability.

N. C. BRYAN.
Kissimmee, Fla.

For State Attorney

To the Democratic Voters of the Seventh Judicial Circuit of the State of Florida:

I hereby announce my candidacy for the office of State Attorney of the Seventh Judicial Circuit of the State of Florida, subject to the action of the coming Democratic Primary. Should I be favored with this nomination and subsequently appointed by the Governor, I will at all times endeavor to discharge the duties of this important office faithfully and to the best of my ability, without fear or favor to any person or persons.

GEO. A. DECOTTES.

For The Legislature

I hereby announce my candidacy for the position of Representative for Seminole County subject to the decision of the Democratic primary. If elected to this high office it will be my duty to serve all the people of my county as their public servant.

F. P. FORSTER.

For Tax Assessor

I wish to announce that I am a candidate for re-election to the office of Tax Assessor of Seminole County, subject to the Primary to be held in June. I shall appreciate your support.

Yours very truly,
A. VAUGHAN

For Tax Collector

I am a candidate for re-election to the office of Tax Collector of Seminole County, subject to the action of the Democratic Primary, and will appreciate your support.

JNO. D. JINKINS

For County Judge

To the People of Seminole County I beg to announce that I am a candidate for re-election to the office of County Judge of Seminole County Florida, subject to the Democratic Primary Election in June, and respectfully solicit your vote and influence in my behalf, which if given I assure you will be greatly appreciated.

E. F. HOUSHOLDER.

For County Judge

I hereby announce that I am a candidate for the office I formerly held of County Judge of Seminole County, subject to the action of the June primary.

I earnestly request the support of the citizens of Seminole County, and will greatly appreciate your influence in my behalf.

GEORGE GRIFFIN HERRING

For Clerk of Circuit Court

I hereby announce my candidacy for the office of Clerk of the Circuit Court, Seminole County, subject to decision of the Democratic primary to be held June 8th, 1920.

Respectfully,

W. L. MORGAN

For Sheriff

I hereby announce my candidacy for the office of Sheriff of Seminole County subject to the decision of the Democratic Primary.

W. P. CARTER

FOR SHERIFF

Having been urged by a large number of the voters of Seminole County to become a candidate for the office of Sheriff, I hereby announce my candidacy subject to the decision of the Democratic primary.

C. M. HAND

For Sheriff

I hereby announce that I am a candidate for re-election to the office of Sheriff of Seminole County subject to the decision of the Democratic Primary to be held in June, 1920.

E. E. BRADY

FOR SHERIFF

I hereby announce my candidacy for the office of Sheriff of Seminole County subject to the decision of the Democratic Primary. If elected, I pledge myself to discharge every duty fearlessly, faithfully, and impartially.

A. B. CAMERON.

TIME TO SPRAY PROFITABLY IS AT HAND

CONDITIONS IN GERMANY ARE GROWING WORSE KAPP MOVEMENT FAILS

But General Strike Casts Country In Confusion

MOB RUNS RIOT

TRIES TO LYNCH FRENCH OFFICERS AND DISORDER IS RAMPANT.

Paris March 17 (By Associated Press) German conditions are growing worse in the last twenty four hours despatches say. There is little doubt that the Kapp movement is a fiasco but the general strike is casting the country into confusion. Dis-

N. C. BRYAN
CANDIDATE FOR
STATE SENATOR
FROM 19th DISTRICT

orders in many sections are attributed to the Spartacus faction who seized the opportunity to create trouble. Mobs stormed the French headquarters at Bonn and several French officers narrowly escaped lynching the Berlin despatch says. Fifty nine were killed at Treves in the American zone of occupation the despatch says. A Frankfurt despatch says Kapp will return unconditionally as the result of the threat of the armed workmen at attack the new regime.

London March 17 (By Associated Press) Independent socialists and communists began a violent agitation for a soviet republic and the alliance of Russia the Exchange telegraph says.

Paris March 17 (By Associated Press) Latest despatches say the military movement resulted in bloodshed in twenty four German towns. The Spartacus is reported to have risen in Dresden where a clash with the troops it is declared resulted in one hundred dead and three hundred wounded.

Paris—Ten thirty o'clock—A despatch from Berlin denies that Kapp has resigned.

Hamburg, March 17 (By Associated Press) Ten were killed last night in a clash here with Spartacists and troops.

London March 17 (By Associated Press) Machine gun fighting was heard in Berlin last night an Exchange Telegraph Berlin correspondent says. Sixty nine workmen are reported killed at Spandau where the fighting continues. Truck loads of soldiers are constantly passing through Berlin streets with guns pointed at the sidewalks.

Opportunity.
Opportunity is a fine thing. So fine, in fact, that some of us miss it.

THE SANFORD HERALD

R. J. HOLLY, Editor

Under Act of March 3rd, 1879

Office: Herald Building Telephone No. 18

There is much work to do here in the next twelve months.

Congress, like the sunshine, has its periods of obscurity.

The tendency of prices, we note is up one day and up the next.

And still, there are times when the works of the good worker are not always good.

A young avian writes in to know how best to win a girl. Don't try—let her win you.

The man who speaks well of others need never worry over what people think of him.

No, we hardly charge the profiteer with sticking like a leech. The leech sometimes lets go.

Big things are anticipated for Sanford and it will take the Board of Trade to put them over.

There are some, we suspect, who object to the term "high cost of living." They only exist.

Charity of course should begin at home, but it is not always that we find charity in the home.

Now that the spring days are with us the politicians will be with us also and there will be big doings in a few weeks.

The modern photographer, of course, removes all facial defects from the picture—but only from the picture.

We still have some hope left. The league of nations is operating sufficiently to break into print occasionally.

There are some no doubt some husbands who pause long enough to kiss their wives a second time—a few, no doubt.

The wise man makes his own choice of a wife, and the shrewd wife allows him to continue to think that he did.

The cable is a great institution. Without it we wouldn't know whether Europe is naughtier than us or we naughtier than them.

It's sad, but true. Now that warm weather is with us we can no longer make the excuse that it is too cold to go to church.

Some people never see their names in print because they never tell the editor anything that ought to be in print. Tell it to us and we'll tell it to others.

No, we have no objection to the other fellow "also running" for president, provided they are discreet and keep a safe distance in the rear of our choice.

A hook and line, a tin can full of bait, and a shady spot at a good fish hole looms up as an important duty soon to be pleasantly performed. Motion is carried.

When a girl begins to tell around that she never intends to marry it is a safe gamble that she has her mind definitely set upon some victim and is moving heaven and earth to get him.

Germany has turned over again and no man can foretell just what this country will do next. The radicals are looking for an opportunity to fasten the soviet government on Germany but fortunately there are too many level headed Germans to allow it.

Fishing is good now in all the rivers and lakes of Seminole county and those who have the chance to go are bringing in fine strings to exhibit to the neighbors. The strangers in our midst should not leave Sanford until they have taken some fishing trips in the prettiest part of Florida and some of the best fishing in Florida.

Now is the time to clean up your yards, plant your flowers, trim up the trees, plant your spring garden and do

the many things that will tend to make your premises better, that will help you to bring down the high cost of living and make life worth living in Sanford. A few orange and grapefruit trees in every yard in Sanford would be a grand sight to the tourists that come here every season and look in vain for the ripe fruit on the trees. And a few laying hens while eggs are around the dollar mark are not so worse.

FLORIDA NEEDS A PROPER "SCARE"

Mentioning some of the nominees of the Republican party in Florida—Judge John M. Cheney for United States senator, George E. Gay of Palatka for Governor and Fred C. Cumberly of Gainesville for Congress, in the Second Congressional District—the Gainesville Sun, with Colonel R. E. Dan's says:

These are good men and respected personally by all who know them. They will not be elected, but they say they are going to try to be. If Democrats do not get together, the time is not far away when the Republicans will hold sway in Florida.

Then we will see those days back of 1876, all over again. Democrats, this is not enough to alarm us, but it is enough to make us think.

But would it be "those days back of 1876 all over again?" Wouldn't two strong parties in Florida compel each party to bring out its most trustworthy and best men for public office? Doesn't the Democratic party in Florida need to be compelled to offer efficiency and honesty and business management as the price of its control of public affairs?

As for those days back of 1876" the Gainesville Sun knows that they will never return. The trend will be toward a higher, not a lower, grade of public service. Florida is beginning to awaken to the fact that all the blunders and all the deficiency of its government have been under the exclusive management of the Democratic party.

The Metropolis candidly believes that two strong political parties in Florida would be a benefit to the state. Monopoly always leads to evil conditions. And when a political party has absolute control over the business of a state—or a country or a city—it becomes an organization of political job-hunters, with public service and public stewardship left to chance.

What Florida needs is competition for office of such a character that the most efficient and the cleanest candidate will win, regardless of his party affiliation. Miami Metropolis.

THE EDITOR'S PRAYER

A few days ago the St. Augustine Record published on its editorial page "The Editor's Prayer". It has been reproduced by a number of papers outside the state, and by one Washington (D. C.) Journal, although the "prayer" is less than a month old. Because it first appeared in a decorated border and not as the original editorials are printed in the St. Augustine Record, many editors in the state are assuming, as the St. Petersburg Times said, that it is "probably one of those gems of thought which tour the country from one editorial page to another".

Knowing the editorial writer of the Record so well, The Tribune rather felt that the "prayer" was original with him, and asked the direct question. As expected we received an affirmative reply.

Editorial Writer Herbert Felkel, who is also managing editor for the St. Augustine Record, prescribes daily a supposedly funny dose of "bromides" for his patients, the readers of his paper. Because of the waggishness and keen wit of many of them, he is believed by many readers to be undoubtedly "a very wicked, hard-drinking, evil-minded fellow"—just as the writer of the "column" on The Tribune is known by those who have not seen him to be of the ponderosa tomato build and texture, whereas he has to stand several times in the same spot in the winter, where the sunshine is weak, to make a shadow.

Felkel, who is in reality a religious sort of a fellow, writes the "heavies" appearing in the next column to his "Bromides", also, and a glance at them is all that is necessary to convince one of his seriousness, earnestness and wisdom. Sunshine and shadow alternately flick the average "small paper" editor, and he must be serious this minute and comic the next, while in a short time his pathos will be bringing the tear of sympathy to every eye.

Clean humor cannot be bad; nothing which brings a hearty, clean laugh can be vulgar, and that is the theory of the man who wrote "The Editor's Prayer", which we consider worth presenting to our readers, as follows:

The Editor's Prayer

"Almighty and everlasting God, who dost govern all things in heaven and earth, mercifully hear the supplication of Thy servant. Watch over us in the long hours of each work day and impress us with the thought that all labor ought to be in Thy service of Thy people. Help us to forget self and remember humanity, the whole public and the good of the state.

"Guide our pen with righteous thoughts and fill us, Heavenly Father,

at all times with mercy and love and forgiveness. Keep hate out of our heart and show us how to take the sting out of what we write. Strengthen us with wisdom and faithfulness.

"Forgive us for the grief that any word we wrote may have caused our fellowmen, and make us big enough to admit error, to right wrong, and to do good unto them that persecute us", so that in all earnestness and sincerity we may ask that our trespasses be forgiven "as we forgive those who trespass against us."

"But at the same time fortify us, O God, to speak our convictions, to stand out strongly for what conscience tells us to stand out for, and to help put down those things that we know ought to be put down.

"We pray Thee leave us not alone in the midst of multitudinous journalistic temptations which must always test us; but deliver us, Our Father, from everything that is evil. Remind us constantly of the wide influence of the printed page and teach us to say these things and to do those deeds that will help rather than hinder the hosts who watch our living and read our writing and of necessity take color from them.

"Give us physical strength and moral courage, increase our energy and quicken our conception, and, above all, O Lord, keep our great responsibilities ever well before us, for Christ's sake, and do to the honor and glory of Thy Holy Name."—Tampa Tribune

FREE RANGE AND THE FARMER

As was recently said in an editorial in the Dade City Banner:

Free range has discouraged the farmer, the grower, the trucker, and the man who would raise the best stock. It has kept thousands of would-be settlers away, and is the greatest hindrance to progress in Florida today.

Free range has been the cause of much lawlessness. It incites quarrels, theft and murders. For it fires are being continually started, destroying millions of dollars worth of timber and naval stores, and destroying humus and plant food of almost incalculable value, to say nothing of fences, buildings and other property.

The law-makers of any State will enact such laws as they believe will be the most favorable for the progress and development of the State and to the best interests of their constituents, provided the people representing progressive interests use as much pressure as those representing adverse interests. No argument is necessary to show that a no-fence law will greatly promote the development and prosperity of Florida, but the people who would by such a law have so far failed to bring sufficient pressure to bear

upon our lawmakers. Therefore it seems to us that the most important thing is to arouse the people in general to the necessity of bringing this pressure to bear.

The total value of the range cattle in Florida, as shown by the last Year Book, 1915-6 was \$11,309,481.00. At the same period the total value of farm-raised livestock of all kinds was \$18,660,361.00, and poultry and poultry products to the value of \$4,559,876.00, making a grand total of \$23,120,237.00, being more than double the value of all the range cattle.

Therefore, even with no further argument, it is clear that laws favoring this greater value should be enacted, and would be enacted, if these owning the property wield their influence.

At the end of 1918, the total value of all livestock, including cattle, horses, mules and hogs, reached a total of \$76,000,000.00, an increase of more than \$46,000,000.00—nearly all this increase being in the farm-raised animals. The number of hogs increased from 983,000 head in 1916 valued at \$3,362,000.00 to 3,000,000 head in 1918, valued at \$21,000,000.00, an increase of nearly \$18,000,000.00 in that item alone. The increase in the value of horses and mules for the same period was \$8,500,000.00. The remaining increase consisted chiefly of the better grades of cattle imported from other States and maintained in connection with cultivated land. The figures for 1919 will show a corresponding increase in favor of the farm-raised animals. It is safe to say that at the end of 1918 the total value of all the range raised cattle would not exceed one-fifth of the said \$76,000,000.00. So even if there were nothing further to be said, excepting as to relative values, there are super-abundant reasons for a no-fence law.

However, we could safely waive all the above argument and pin our faith entirely on the relative merit of encouraging range stock development, or encouraging agriculture. As the average rate of increase in range cattle is only one-half each two years from a cow, it is clear that the total revenue derived from range cattle cannot exceed 50 per cent of the total value on hand, which would place the maximum income at less than \$8,000,000.00 a year from sale of range cattle. Compare this with the \$115,000,000.00 total crop value in the State for 1918.

While the sight of range cattle and range hogs is offensive to the prospective homeseekers and discouraging to the development of the State, it is quite the contrary as to growing crops, fruit and well-kept stock farms. The more groves and fields and stock farms in evidence, the more it at-

WORK AND PLEASURE

If you want knowledge you must work for it. If you want pleasure you must pay for it. It is the law of nature that for every reward there must be some sacrifice and labor. You can not reap the harvest unless you sow and tend to your crop. You cannot reap dollars unless you SAVE THEM. We have just the place for saving those slippery dollars.

PEOPLES BANK OF SANFORD

tracts both homeseeker and tourist. Everyone knows that the free range must go. Why prolong this fertile field for such tragedies as recently occurred in Polk county? The possible profits to be realized from range stock are indeed very small comparatively, and for every dollar made from range cattle or hogs it is safe to say that a greater loss is suffered by someone whose property has been destroyed. Far greater profits can be realized through raising of farm-reared cattle and hogs. The increased value of farm-rearing over range-rearing is emphasized in the matter of the milk cow. A heifer from a good Jersey sire and a native cow, when fresh, sells at a price ten times greater than if from the same cow and a native sire.

In conclusion, we repeat that it will not be enough simply to convince our law-makers of these facts. They already know them, at least in a general way. The thing we must do is to get busy and make our legislators see that we are determined to have this law.

AS PROHIBITION GOES MARCHING ON.

"Prohibition closed 177,790 saloons in this country and the news columns of the daily papers bear witness almost daily to the wide-spread effect of banishing the "necron," says Capper's Weekly.

"Last week two branches of Chicago's criminal court were closed for lack of cases and these judges were transferred to the civil courts. Chief Justice Olson reported the number of criminal cases had decreased constantly since prohibition became effective.

"The same day's news chronicled the resignation of Police Judge Little at Mineola, N. Y., because prohibition prevented him "from making a living." Since July last year he had not had a single case of drunkenness and only a few minor assaults cases.

Wonderful Worm.
Little Jeanette was in the park with her grandmother when she saw a "daddy-long-legs" for the first time. "Oh, grandma!" she cried, "here is a worm that walks on his whiskers with his face in the middle."

Women's Tailored Suits

Just made for these Wonderful Days. What a Joy it is to lay off the heavy Winter Coats and feel the freedom that lighter garment gives. How doubly Joyous when the New Suits bring with it so much Style and Gracefulness as are conferred upon the wearers of these NEWEST SPRING MODELS that are ready for these first delightful Spring Days.

Summary of the
Floating Small
Talks Specially
Arranged for
Herald Readers

Mr. and Mrs. Hal Colbert have bought a home on Golden Lake and moved out on Thursday. Mr. and Mrs. Wells will occupy the house on French Ave. recently vacated by Mr. Colbert.

Mrs. B. G. Methvin is in Kissimmee where she has been called by the illness of her mother, Mrs. Duke.

Pint Mason fruit jars at L. P. McCuller's. 56-tf

Mrs. Leslie Gray and Mrs. Sudie Allen were called to Kissimmee by the illness of Mrs. Duke. Mrs. Allen to assist in taking care of her. In the recent epidemic of "flu" in our city, Mrs. Allen has been an angel of mercy to neighbors, friends and strangers alike, administering to their needs, tireless, day and night in her efforts to relieve and assist wherever suffering called.

There's a man at the curb to serve you. 55-tf

Clifford Walker is the guest of his cousin, Mrs. Minarik while en route from Palm Beach where he attended the Dance festivities, to the Florida University at Gainesville.

Mrs. Charles Hill who has been visiting her sister Mrs. N. O. Garner, has returned to her home in Americus, Ga.

The many friends of Hon. L. P. Hagan are glad to see him out again after a two weeks siege with the "flu".

Dr. D. C. Ward, Osteopath is in Sanford on Tuesday and Friday of each week. 58-tf

Miss Ada Jacobs who has been connected with the office of the Ball Hardware Company all winter, has resigned her position and returned to Orlando.

Dr. J. C. Telford came over from Leesburg to spend Sunday with the home-folks.

Miss Helen Randall returned Friday from Jacksonville where she was called by the death of Mrs. Geo. Armstrong.

Harry Harris spent Sunday in Lakeland with Mrs. Harris.

Complete stock Diamond tires Wight Tire Co. 55-tf

Leslie Hill was a week end visitor in Jacksonville.

Mr. and Mrs. Will Hand, Mrs. Cora Akers and Carl Hand were Sunday guests of Mrs. Aubrey Moran at Genova.

Miss Francis Boyle has arrived from Philadelphia and expects to make Sanford her future home.

Quart Mason fruit jars at L. P. McCuller's. 56-tf

Among the visitors to the city are T. S. Huff of New York and Norman F. Nas of Montreal. The latter will be the guest of Phillip Andrews at his home on Celery avenue and Mr. Huff is the guest of the Valdez Hotel. Mr. Huff is a former resident and in fact still keeps his citizenship here his family being in New York at present. Mr. Huff has a farm and home south of the city and is a booster for Sanford wherever he goes. He states that he and his family will return to Sanford at an early date to again take up their residence.

E. B. Brown of Jacksonville is in the city for a few days the guest of R. J. Holly. Mrs. Brown has been here for several days and will accompany Mr. Brown home when he goes. They have many friends in Sanford where they formerly resided. Mr. Brown is now state manager of the sales department of the Virginia Carolina Chemical Co.

EZ- Seal pint fruit jars at L. P. McCuller's. 56-tf

Mrs. J. H. Ferguson was among the Sanford folks who attended the San Dance at West Palm Beach last week while the guest of her daughter Mrs. Ordway at Ft. Pierce. Mrs. Ferguson left again on Tuesday to visit another daughter Mrs. Kilbourn at Carrabelle.

Mrs. W. J. O'Conner has arrived from Palmetto and will remain in Sanford for the rest of the shipping season.

Mr. and Mrs. R. A. Torheun and family are pleasantly located at 191 East Seventh street.

Mr. and Mrs. S. E. Porter have gone to their new home in Port Tampa to which place the former has been transferred in the employ of the A. C. L.

Buy Diamonds Wight Tire Co. 55-tf

Two Beautiful Windows

Yowell & Co., have two of the nicest window displays this week that this store has arranged in some time and that is saying something for the Yowell windows lead themselves to a fine window advertising. The west window is a St. Patrick's Day window with a beautiful display of real Irish Linens enhanced by green ribbons and here the shoppers can see everything in fine linens. This store is making a run of Irish linens

as a distinct honor to the patron saint and also to induce people to take advantage of the wonderful bargains in linens. The east window is a dream in all kinds of wearing apparel for men and women and is aptly termed the "Honeymoon Window". Here everything for the bride is displayed and honestly, Pauline, some of the stuff is unknown to batchelors and has caused considerable speculation among them. The ladies however are raving over the dainty lingerie "and everything" and the windows are just as beautiful and sweet as the well trained hands of Mrs. Harvard could make them and this lady has gained quite a reputation as a real window dresser and the Yowell windows show her handiwork each week.

Will Winter in Sanford

After a few weeks stay with relatives in Newark N. J. Mrs. F. R. Mitchell and sons Russell, George and Edward arrived here from Fall River Mass to join Mr. Mitchell who has been in Sanford for some time. Mr. Mitchell and family are enjoying the exchange of heavy snow storms for "balmy breezes" in the land of flowers and feel they have made no mistake in locating in Sanford.

Mrs. Mitchell is the sister of Mrs. C. H. Smith and the family will be at home with Mr. and Mrs. Smith for the present.

The following is a clipping from the Fall River Evening News:

Frederick R. Mitchell, who has lived in Swansea for the past four years and who for some time past has been head farmer for the Massachusetts School for the Feeble Minded at Waverly, has resigned that position having secured employment with the Atlantic Coast Line Railway Co. He will be located at Sanford, Fla. and left for that place some time ago. Mrs. Mitchell will leave shortly to join her husband.

Both Mr. and Mrs. Mitchell will be greatly missed as they have a large circle of friends here. Mrs. Mitchell has been a faithful worker in church and Sunday school circles and their three sons, George, Edward and Russell, take with them reward plus for three years of perfect Sunday school attendance.

St. Patrick's Social

One of the most delightful social events of the week was the St. Patrick's Social given Tuesday evening by Mrs. Tom Williams and Mrs. Brodie Williams to the Daughters of Wesley. In keeping with the 17th of Ireland, "numerous Irish flags and shamrocks decorated the rooms, and this color scheme was again used in the dainty refreshments of cream and cake.

Two of Sanford's most popular vocalists, Mrs. Claude Herndon and Mrs. Geo. Fox and little Miss Margaret giving several readings, rendered a program that was thoroughly enjoyable.

The guests departed at a late hour, each one voting the Mesdames Williams capital hostesses and hoping that they will soon "do it again."

Death of Mrs. Armstrong

The community was shocked last Friday when the news came, that Mrs. Bertha Packard Armstrong had died in Jacksonville, Wednesday morning at an early hour, the cause of her death being pneumonia. Mrs. Armstrong had grown from childhood to young womanhood in Sanford where she was well known and beloved by a large circle of friends and the news of her death has brought a sadness to many hearts.

She was married to Mr. George Armstrong three years ago and has since resided in St. Augustine and Jacksonville. She was the eldest daughter of Mr. and Mrs. J. O. Packard and leaves besides her husband, a little son, four days old father and mother, one brother, Percy Packard and four sister, Mrs. Routh of Orlando and the Misses Marion, Marjery and Virginia Packard.

The funeral took place from the Congregational church in Jacksonville Rev. Mr. Marsh officiating. Interment was in Evergreen Cemetery.

REPUBLICANS PUT UP STATE TICKET

Follow Usual National Convention Year Methods.

The republicans nominated a complete state ticket at their meeting at Palatka Jan. 29, but official copies of the list of names have just been given out. The new party organization, which is newly mainly in that it was elected at this time, but which has many to the old names, follows: Chairman, D. T. Gerow, Jack-

ville; vice-chairman, Henry W. Bishop, Lake county, secretary, Joseph Lee, colored, Jacksonville. Following are the men selected to run.

The republican nominations for the state are as follows:

United States senator, John M. Cheney, Orlando.

Congress, First district, H. B. Jelferis, Zephyrhills.

Congress, Second district, Fred Cumberly, Gainesville.

Congress, Third district, M. M. Owens, Bonifay.

Congress, Fourth district, P. L. Stickney, Jacksonville.

Presidential electors, Leland M. Chubb, Winter Park; B. G. Smith, Oviedo; Geo. P. Wentworth, Pensacola; S. C. Dell, Alachua; E. M. Brelsford, Palm Beach; F. F. H. Pope, St. Cloud.

Governor, George E. Gay, Palatka Secretary of State, B. E. Dyson, St. Augustine.

Attorney General, W. M. Gober, Lakeland.

Comptroller, W. H. Northup, Pensacola.

State Treasurer, F. E. Hunt, Miami.

Commissioner of Agriculture, N. B. Hull, Starke.

Justices of the Supreme Court, N.

5B. K. Pettingill, Tampa, and F. W. Marsh.

In addition G. E. Bean, Tampa, was elected national committeeman Delegates at large to the national republican convention at Chicago include G. W. Bean, Tampa; D. T. Gerow, Joseph Lee, and W. H. Northup. They go uninstructed but with the obligation to do their best.

The white republican party has also named delegates to Chicago and will make a contest but the names of their delegates are not at hand.

Preparing For Opening Of Baseball Season

Quite a number of our baseball fans met with Tom Paige at the City-Hall last night to perfect arrangements for the big doings this season.

Committees were appointed and everything is starting off nicely.

April 20 was agreed upon as beginning of practice season in Bartow and the first one of the league will be played in Bartow, May 10, with Bartow at the bat. Tom has 21 men to be under the management of a catcher from a major league. He has four of his old players back and says they are going after the pennant this year.—Bartow Record.

Lexington
MINUTE MAN SIX

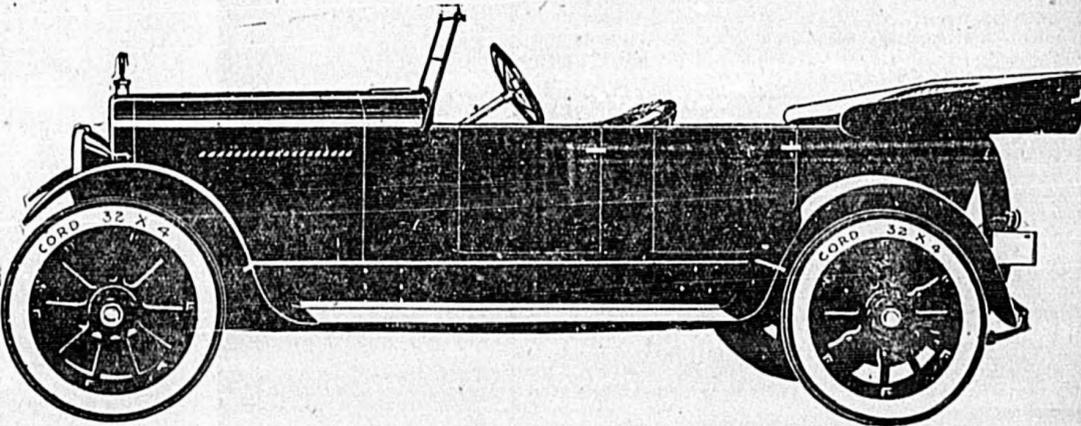

A car of undeniable beauty, equipped with a six-cylinder Continental Red Seal Motor of fifty horse-power.

A car with one hundred twenty-two inch wheel base that will carry you from two to seventy-five miles an hour in high speed, and do it on seventeen miles to a gallon of gasoline.

The wonderful performance of this new Series S. Lexington is the result of engineering perfection. The motor is equipped with the Moore Double Exhaust System and the Dexasifier. The latter is a device which absolutely vaporizes every particle of gasoline which enters the motor. Hence its economy and power. Oilless bushings, Thermoid universal joints, cable foot brake and the "one finger" emergency brake are features of advanced automobile engineering which the Lexington possesses.

The Price Includes Four Cord Tires

EX-CONGRESSMAN HAINES GIVES VIEWS ON SITUATION REGARDING PROHIBITION

Seminole County Winter Visitor Talks

PROHIBITION FORCE

WILL NEVER MAKE PROHIBITION EFFECTIVE BECAUSE MAJORITY DID NOT WANT DRY LAW PASSED.

"Laws should not be made which will not be respected and cannot be enforced, and the prohibition amendment to the Constitution is one of these," said the Hon Charles D. Haines in a special interview given the Herald.

Mr. Haines, former Congressman from New York, builder and owner of a score of electric systems, has a winter home at Altamonte.

"Millions of people will agree and millions disagree with this statement and it is for this reason of people's disagreeing that issues are created," Mr. Haines continued.

"In the minds of many the question of prohibition has been definitely settled, for they contend, does not the constitution now prohibit and, 'we will see that the law be enforced even if it takes the full civil and military strength of the nation to accomplish it,' but no question is finally settled so long as there are millions of people who honestly differ, especially when one element considers that they have been deprived of their just privileges and those which are theirs by inherent right."

"We will concede the merits of prohibition and confess all that which has been said against the liquor question as being undeniably true, but if, as is feared, prohibition is to create a bitter enmity between two forces of people of equal strength we shall face the struggles which will determine whether or no this country will continue a republic such as we are now enjoying or be framed into one perhaps no less radical than the Bolshevik."

"Who and what are the American Patriots that speak so boldly as to proclaim that the prohibition amendment to our Constitution will not be effective?"

"Among its leaders are many famous Americans whose names and records are known in every household. Its rank and file includes men of all shades of political and every religious domination. It holds no brief for aught save Americanism for nationality, for solidarity, for patriotism, for dedication to the shrines and altars of our forefathers. It is nonpartisan, and non-sectarian, non-exploiting. It has no right to wrong except those against our com-

mon country, no enemies to fight except those who strike at our common heritage of ordered liberty.

"Among the numbers of the Executive Committee are: Governors Alexander of Idaho, Bickett of North Carolina, Bilbo of Mississippi, Boyle of Nevada, Capper of Kansas, Cornwall of West Virginia, Harding of Iowa, Manning of South Carolina, Catts of Florida Neville of Nebraska Norbeck of South Dakota: United States Senators Johnson of South Dakota, Jones of Washington, King of Utah, McLean of Connecticut, McNary of Oregon, McKellar of Tennessee, Myers of Montana, Smith of Georgia, Southerland of West Virginia, Thomas of Colorado, Townsend of Michigan, Williams of Mississippi: Major Generals Allen Ballou, Cronkhite, Dickman, Goethals, Greene, Kuhn, Moursere, Strong, Sturgis, Leonard A. Wood, and General John J. Pershing: Admirals Dillingham, Dunn, Eberle, Fisk, Fletcher, Grant, Knapp, McElroy Mead, Milton, Moore, Olive, Ransom Tappan, Woods.

"Why does the American Patriots now concern themselves with a issue that has been definitely settled?"

"In order to give a qualifying reply we will first look at the foundation of our national structure before we begin to analyze our super-structures.

"The American republic is made up from the peoples of all the various nations that inhabit the earth. There are at present nearly 6,000,000 people in the United States who cannot read or write our language. When it is known that seventy-five per cent of the Socialists are Americans and that the majority of practically all the radical organizations, with their isms and isms-foisters are Americans, and that all these combinations have been and are today transplanting their noxious and deadly poisons in a virgin and fertile seed plot, we should realize that the average citizen has no comprehension how great the inner dangers in the United States are. They have not contemplated these dangers, they have not dared to do so: they are living in the foolish and superficial contentment of voluntary blindness.

"Socialism is making rapid progress in every part of our country. A thousand speakers are preaching socialist doctrines. The late Theodore Roosevelt said: 'If we don't by wise preparedness in advance solve our social and industrial problems, we will be ripped assunder from within.'

"Bolshevism in Russia will not rest there. Even now we learn that it has a foothold in several of the European states and the arrest of Bolshevik leaders in the United States and transportation of a number of them does not lessen the

strength of their movement here. "Nicholas Lenine, the Russian Bolshevik Premier proclaims that 'Russia's revolution is not a domestic revolution, but essentially a world's revolution. The Bolshevik movement will sweep civilization. We shall shrink from no measure necessary for spreading our revolution in the world.'

"The American people will not need warnings. The newspapers tell of the dangers which confront us as a people and a nation, yet we remain passive, inactive, and take no steps to face the inevitable. I will now quote from but one newspaper, the New York Times: 'It is not pleasing it is even disquieting, to note not only that the present leaders of the Russian revolution have admirers in this city, but that those admirers have openly organized for the clearly proclaimed purpose of propagating in the United States the ideas that underlie and energize the Bolshevik activities. Those energies are explicitly subversive of law and order, and, if successfully carried out, they would make life intolerable or impossible for the now dominant majority of American citizens. They are the avowed foes of our institution'

"We feel no imminent danger from these radicals, but militant socialism may be considered the first and the I. W. W. class as the second degree in the society of the Bolshevik, and we have socialism everywhere, more open, more pronounced in the larger cities, but everywhere. On the farms, in the workshops, in factories and all industrial institutions, among railway and government employees mercantile houses, banks, counting rooms, even in circles of prosperous business men, every spot and place where labor finds employment, and a majority of all of these are native born Americans.

Such a condition of affairs appears inconceivable, yet to those who have investigated the causes which have brought about the changes from our old time American ideal and principles, to those which we now find prevailing to an alarming degree in all parts of the country, it is not surprising. A thousand or more earnest intelligent, convincing speakers proclaiming the doctrines of socialism during the past several years, books, pamphlets, newspapers and other propaganda work with the belief has brought undreamed of results, that are filling the minds of millions of our people that our system of government is faulty and that the new order of things will correct all the evils prevalent, the rich oppressing the poor, class distinction, monopolies, trusts, profiteering, unjust laws, high and unwarranted taxation, the increased prices of all necessities which profit the few, and distress and rob the masses; and the unfolding of grievances most numerous. They reason with logic, illustrate graphically and vividly portray evils many of which really exist.

"Now add the millions who do not believe in prohibition to this well organized force of socialists, and those organizations which will act with them, and again add the millions who believe that light wine and beer is not injurious, and that they are being deprived of their civil rights and personal liberty, and that an unjust law has been forced upon them by a minority of people, and that the sovereign states in which they live have been deprived of self government in integral affairs, and we find that distasteful laws breed antagonism and then rebellion against them. We must make no mistake in this, the force of arms will never bring prohibition any more than that morality can be brought about by legislation.

"Was Samuel Gompers, the chief of the Federation of Labor wrong when, with his finger upon their pulses, he said that to deprive the people of the use of light wines and beer would foment a revolution?"

"The American Patriots have given diligent energy in its efforts to learn true sentiments of all classes of people, the country over, and from this thorough and impartial investigation have reached the conclusion that there can be no real enforcement of the prohibition law; that the people will continue to disrespect even our Constitution, that the more the law is enforced, the more enemies to our government will there be to contend with; that eventually there will be force against force, as the malcontents will organize, and in the end we will undergo a civil war.

"Bold talk. Well it is needed, because there is no use beating about the bush if we mean to retain our great heritage.

"The American Patriots are constitutionalists, organized to defend law and order, but when the most patriotic Americans cry out that the present prohibition law must not stand, we can but believe that the prohibition question will yet lead us into serious difficulties.

"Why I add that I am personally strenuously against all forms of spirituous liquors and hope never to see an open saloon again, but I believe that a modification of the

law so that beer can be drunk by those who desire to use it, would be a wise and politic act, and that the prohibitionists should favor it, unless they are willing to pay the cost no matter how great, but they should understand that it will indeed be GREAT."

AMERICAN LEGION HAS BIG TIME

HELD IMPORTANT MEETING AND SMOKER IN COURT HOUSE LAST NIGHT

The Campbell-Lossing Post of the American Legion promises great things for the soldier and sailor boys and at their meeting last night 17 new members were taken in making a total of 67 members in all. The Post had a fine time last night at the court house holding an informal smoker and among the invited guests were Forest Lake, F. P. Foster, J. G. Ball, R. J. Holly, L. M. Tyre and several others. Forest Lake gave the boys a fine address on "Americanism" and F. P. Foster on "American Ideals" and R. J. Holly gave a short sketch on the part the boys played in the war and stressed the importance of joining the American Legion. After the regular business of the meeting had been concluded the boys and the guests were treated to excellent sandwiches and soft drinks that were greatly enjoyed. The sandwiches were built by L. F. Roper who has charge of the Legion commissary and who had several K. P.s to assist him.

Many important questions were taken up by the Legion in respect to a drive for memberships, in the erection of a suitable building for their meetings and for a recreation place, a big celebration at some future date and other important phases of the work of the Legion. Post Commander Whitcomb stressed the importance of the boys keeping up their government insurance and read several important items about insurance and the aims of the Legion in obtaining a square deal for the boys in Congress. The meeting was well attended and if every soldier and sailor in Seminole County at the present time will join the Campbell-Lossing Post it will be one of the best in the state.

Express Company Asks Permission To Increase Rates

Washington, March 13.—Increased express charges, ranging from 10 to 75 per cent, and estimated to yield \$25,000,000 additional revenue annually were asked by the American Express Company in a petition filed today with the Interstate Commerce Commission. Increase cost of conducting its business as well as the urgent need for more complete facilities and equip-

Ford
THE UNIVERSAL CAR

The Ford Coupe with an electric self-starting and lighting system is one of the most popular members of the Ford Family. It is a permanently enclosed car, with sliding plate glass windows—an open car with plenty of shade. Then in inclement weather, enclosed and cozy, dust-proof and rain-proof. Just the car for traveling salesmen, physicians, architects, contractors, builders, and a regular family car for two. Demountable rims with 3 1/2-inch tires all around. To women it brings the convenience and comforts of the electric with the durability and economy of the Ford car. Early orders will avoid long delays in delivery.

C. F. WILLIAMS, Agent
ED. HIGGINS, Salesman

ment was given by the company as grounds for asking additional revenue. Expenditure of "many millions of dollars" was necessary, the petition said, and additional funds could not be obtained under the present rates. The company estimated its deficit for 1919 at \$22,036,000 and for the last six months of 1918 at \$15,723,000. A deficit "even greater than for the corresponding period of 1917" was declared probable for January and February of this year.

While explaining that previous rate increases added approximately \$12,000,000 to the annual revenue, the company said this money was given immediately to employees in the shape of increased wages. Granting of extra wages for overtime on the basis of an eight hour day was said to have resulted in a monthly outlay of \$112,000, as compared to less than \$50,000 before the eight-hour day and overtime pay was given.

Getting Gold Out of Australia

Australia forbids the export of gold without authority, but the Chinese who go back to their own land on a visit show considerable ingenuity in taking away the coveted sovereign. Recently customs inspectors made a rich haul in a rain jar, the back of a shaving mirror, an alarm clock and the leather band of a hat. The Chinese cheerfully paid the fines imposed on them and were delighted when the confiscated gold was returned to them.

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

EAST SANFORD

W. J. McCall returned to his home in Charlotte, N. C. this week after spending the winter with his daughter Mrs. R. L. Grier and family of Cameron City.

Mrs. Irving E. Estridge and children are in Kissimmee for the week guests of her sister Mrs. Farmer. Mrs. J. C. Vaughn and daughter Miss Gertrude are in Jacksonville for a three weeks visit with their cousins Mr. and Mrs. Cecil Henley.

Jodie Cameron has gone to Dost-wick to keep Ed company at the cattle ranch.

Mrs. Ross Long was called to New Martinsville, West Va., at the death of her brother leaving on the midnight train last Thursday.

Messrs G. C. Chamberlain and Charles Chamberlain were in Jacksonville a portion of last week driving up in the new Chandler.

Mr. and Mrs. G. C. Chamberlain, Mr. and Mrs. Charles Chamberlain and daughter Veronica and Mr. and Mrs. W. W. Dressor and daughter Helen made a jolly party Sunday driving over to Clermont for the day in the Chamberlain's new seven passenger Chandler.

Little Miss Margaret Giles was out from town Saturday visiting Alys Chorpensing.

Mrs. R. H. Hamel of Denver, Col. is the guest of her sister Mrs. George Balmes and family at their home in Eureka Hammock.

Mr. and Mrs. R. L. Grier and Mr. and Mrs. Singletary of Cameron City drove to Mr. Dora Sunday for the day in the Grier Car.

Mr. and Mrs. A. Corpany and Mr. and Mrs. C. E. Chorpensing and Alys picnic at Wekiva bridge on Sunday.

B. Steel and sons of Beardall Ave. bought out the store and stock and residence of Mr. and Mrs. A. D. Shoemaker on Celery Ave. The Shoemakers came here last year from Honaker, Va. Mr. Shoemaker has not made any plans as yet but expects to remain here.

Jimmy Stewart from town has bought 5 acres of improved land of H. B. Lewis on Beardall Ave. Mr. Uehida has farmed it this year.

Mr. and Mrs. I. D. Martin have sold the Jacob Netting place on Marquette Ave. to Mr. and Mrs. H. Colbert from town. There are 2 acres of land almost entirely into grapes and Mr. Colbert bought the adjoining 20 acres of unimproved land of Mr. Martin.

Louis I. Kinard and boys are driving a big new Olds truck.

Mr. and Mrs. A. L. Porter were guests Sunday of Mr. and Mrs. C. H. Campbell of town on a motor trip to Daytona beach for the day.

Mr. and Mrs. J. F. McClelland have sold their home and 20 acres of improved truck land at Moores Station to three brothers named Frederick from Georgia who have been farming in Cameron City this winter. Mr. McClelland received \$11,000 for his place and is giving up possession this week and moving to his ranch in Geneva. Tuesday evening neighbors went in and ave Mr. and Mrs. McClelland a surprise, about 50

persons were in the party. Every one carried something toward the delicious supper that was served One and all wished them prosperity and happiness in their new home and predicted Mr. McClelland would be back in the farming game again.

OVIDO

Mrs. W. J. Lawton and Mrs. W. P. Carter entertained the Crochet Club last Thursday afternoon at the home of the former. Mrs. C. S. Lee and Mrs. T. W. Lawton entertained guests with piano and vocal solos. Delightful refreshments consisting of chicken salad, sandwiches, olives and coffee were served by Misses Elizabeth and Katherine Lawton.

Mrs. A. D. Mitchell left Friday for a short business trip to Sarasota.

Mrs. C. A. Brannon arrived Thursday night for a visit to her mother Mrs. A. Lienhart.

Roy Williams and J. B. Jones who have been in Kissimmee for the past two weeks spent the week end in Ovido.

On Friday night the young people enjoyed a weenie roast at the flowing well.

Mrs. L. R. Mitchell spent Sunday in Orlando.

Mrs. J. L. Ensign and two children, Mrs. W. E. Argo and little Miss "Almer Argo spent Tuesday in Orlando.

Clarence Curry of Orlando spent Thursday night in Orlando.

The many friends of Miss Mary Leinhart are glad to know that she is improving.

Mr. and Mrs. L. H. Gore and children spent Sunday in Oakland visiting Mrs. Gore's father Mr. Malcolm.

On Tuesday afternoon the Ladies Bible Class of the Methodist Church was entertained by Mesdames W. J. and T. W. Lawton in honor of the birthday of Mrs. W. P. Carter. Those present enjoying a most delightful afternoon.

Dr. C. J. Marshall spent Tuesday in Ovido.

The Civic Committee of the Christian Endeavor Society has obtained permission from the owners of the lot next to the Baptist Church to clean it up and use it for a park. This has long been a need of our little town and it is with great pleasure that the progressive citizens of the town hear the announcement that there will soon be a place where people can find a place to rest besides the post office.

UPSALA AND GRAPEVILLE

Jesse Thompson and wife are the latest out here we believe to get an auto, just last Wednesday, so they took a trip Sunday out to see their friends Mr. and Mrs. Warren at Sylvan Lake.

Mr. and Mrs. Fred Krell and baby and Miss Eunice Tyner returned from Leesburg, Wednesday and are now visiting their parents, Mr. and Mrs. T. O. Tyner.

We hear that a little daughter came on Wednesday to bless the home of Mr. and Mrs. Roy Lee. They are now living on the Bell

Place near the Upsala station and the wife's mother, Mrs. Ehrhburz of Winter Park is visiting them for awhile.

Charley Arrants and wife and baby and his brother Dinnie and wife all of whom are now residing on the Barney Beck place on Celery Ave. have been very ill with the flu, having to have a nurse, their many friends in this section will be sorry to learn.

Mr. and Mrs. Ericson and children and Mrs. Ebba Lee and little daughter came down Saturday eve to welcome home Mr. and Mrs. Fred Krell and Miss Eunice Tyner.

Mrs. Geo. Randall of Sanford spent Wednesday with her friend, Mrs. A. L. Campbell, part of the time giving her some lessons on auto driving.

Mr. and Mrs. Barney Beck and children were guests at their parent's home, Sunday.

A. F. Westerdick is doing the repair work on the Joe Daniels house.

Austin Williams and daughter, Miss Mamie Kate are also visiting with their relatives in Grapeville.

We hear that Messrs. August and Gothart Swanson with their wives are touring the southern part of the state, visiting relatives in Miami, and Archie is stopping with his sister, Mrs. E. F. Lundquist, during their absence.

The orange trees are bursting into bloom and all out doors is putting on its spring raiment, we do not wonder that the little birds are all so jubilant and full of praise, even the mocking bird who must have everything just right to sing.

Mr. and Mrs. Emil Magnuson left Monday for Merrick's Island to finish up with the late pack of oranges here.

We are shocked to hear of the fatal accident happening to Fred Sjoblom of Lake Mary and extend our sympathies to his loved ones.

GENEVA

Mrs. Edward Gilbert and baby daughter of Detroit Michigan arrived last Monday to visit Mrs. Gilbert's parents, Mr. and Mrs. J. T. McLain. Mr. Gilbert will be remembered as Miss Barbara McLain.

Mrs. Baxter and three charming children of Gainesville are the guests of Mr. and Mrs. J. H. Huddleston. Mr. and Mrs. Charles Phillips and Mrs. J. G. Adams were visitors in Sanford last Friday.

Miss Helen Moran spent last Monday in Sanford.

Charles Ogden of Winston Salem, N. C. was a recent visitor in Geneva. Mrs. J. H. Huddleston's friends will be sorry to hear of her illness.

Mr. and Mrs. W. H. Hand, Carl Hand and Mrs. Akers of Sanford spent last Sunday with Mr. and Mrs. Aubrey Moran and family.

The Geneva Citrus Exchange packing house sent off the last car of fruit one day last week after a very successful run of nearly five months.

Last Friday evening a community sing was held at the school house which was very much enjoyed. The patrons of the school were also to decide whether another month of school would be advisable. It is regretted that so many thought eight months enough. Coffee and sandwiches were served as refreshments.

Mr. J. E. Abrcromble of Connecticut is visiting his sisters Mrs. Wm. Stones and Mrs. Bessie Hart.

Mr. and Mrs. Will Brown motored to Groveland last Sunday to visit relatives.

Mrs. Joe Brown and baby daughter left last Friday after having visited her parents Mr. and Mrs. R. Q. Gresham.

Gorden Olmstead spent last Monday in Sanford.

The Parents Teachers meeting was entertained last Friday afternoon at the schoolhouse by Miss Kathryn Flynt and the pupils of her room. "An Evening with the Dutch" was the subject of the programme and a great deal of credit is due those taking part. After the business meeting, which was presided over by the president Mrs. W. A. Whitecomb refreshments were served by the young ladies of M. E. Dooley's room. These meetings though the last term of school have been very entertaining and beneficial.

The weekly prayer meeting was held at the home of Mr. and Mrs. W. A. Whitecomb last Wednesday evening and was well attended.

LONGWOOD PICK-UPS

Mr. Peral of W. Va., has purchased the Dan Clouser property at West Longwood.

Mr. and Mrs. Clark of New York City were the guests of Mr. and Mrs. Roebuck at Greenwood Lodge on Wednesday.

J. E. Phipps spent several days in Jacksonville last week.

Mr. and Mrs. Harry Phipps of Ft. Myers motored up and spent

Sunday with J. E. Phipps.

Mr. and Mrs. Delmar McWorkma and three children left Wednesday for their home in Indianapolis.

Persons traveling on the straw road should be very careful not to drop matches along the road. Several times the straw has caught fire by this carelessness.

When Death Cools His Sting.

There is in the West Indies a very curious superstition regarding death. When a death occurs in a house all the water in it should be regarded as poisoned and not once thrown away. The idea is that death after drinking his victim will read his "sting." In the first water he reaches, which thereby becomes a deadly poison. No one can tell what water has been touched, so the safe thing to do is to get rid of all that is within his reach and do it at once.

No Sir, That's Not a New Tire

It's merely an old tire vulcanized by our thoroughly efficient up-to-date method. Our system of vulcanizing adds thousands of miles to the life of your tire, and improves both its resiliency and ease of riding. Prices for new tires are rapidly advancing; therefore save your used shoes by our scientific vulcanizing.

STRENGTH SERVICE
SEMINOLE COUNTY BANK
HOME INSTITUTION

AND THEY ALL "STOOD PAT"

While Mr. James Corbett, Who Had Manipulated the Deck, Sat Apart and Laughed.

In a club much frequented by men of the theatrical business, a poker game which began as a mere pastime grew, by degrees, to an undesirable intensity. The chaps who usually "sat in" were all friends and fellow-laborers in a none-too-lucrative occupation. They agreed among themselves that there must be no more raising of the limit and no more reckless betting. The game must be one for amusement only. On the night when this agreement was solemnly concluded, they sat down and sent for the cards. Jim Corbett brought them. "I'll just sit and look on for a while," he said. "May take a hand a little later."

One man took the cards out of the box and threw around for a deal. The dealer shuffled them and passed them for the cut. Then he dealt a hand while the banker was giving each man his checks. The first man after the deal bet the limit. Every man of the seven around the table came in, each "tilling" the pot for the limit.

"Say," said Corbett, "I thought you fellows were going to play tight. That's a fine way to start out."

This evoked not even a response from the players. Each was sitting tight and covertly eyeing his neighbors. The dealer asked the first man how many cards he wanted. He stood pat.

ATLANTIC HOTEL
Ray and Hogan Bldg., JACKSONVILLE, FLA.
All railroad ticket offices in building center of everything. All modern improvements. First-class in every way. Rates, one person \$1.50 to \$2.00; two persons \$2.50 to \$3.00; bath \$2.00; two people \$3.00. E. Frank Pearce, Prop.

Every player around the board looked startled. Then the next man stood pat. And after him the next and finally all seven. It was at that moment that some one observed Mr. Corbett apparently about to choke in his secluded corner. Corbett had combined 25 per cent of four separate decks, so that the 52 cards he had handed the players were all spades. Each man had a pat flush when the betting began.—Cincinnati Times-Star.

\$15 CONSCIENCE MONEY

Returned by Man Who Found It but Did Not Answer "Ad."

Fifteen dollars which Miss Coonle Frank of Racine, Wis., lost August 22, 1915, was returned to her recently by the man who found it but failed to answer an advertisement relative to the loss.

A newspaper publisher received from a man who signed the letter "Conscience," a letter stating that he had found a pocketbook containing a sum of money, but that being in financial straits did not return it, although he read an advertisement of the loss. He requested the publisher to obtain the name and residence of the loser, as he wished to return the money as he saved considerable money during the year, because of large wages received.

He urged quick action, as he wished to clear his conscience before Christmas day, which was accomplished.

About the Swingknife.
A swingknife is a wooden awl, 19 to 21 inches long and 8 to 10 inches broad, used to scrape the woolly portion from flax, a handful of which hangs over a groove in the standing board known as the swingstock. Swingknives are still used in the manufacture of flax in parts of the Old World, but modern machinery has pretty generally displaced them.

Educate Hotel Employees.

Arithmetic, bookkeeping, geography, hotel legislation, commercial correspondence, stenography, typewriting, ironing, cooking, linen mending, sewing and washing are some of the subjects taken at the school for women hotel employees in Beaconham France, which is releasing each week 10 women ready to fill positions in hotels ranging from cashier to chambermaid.

Superintendent Public Instruction

I hereby announce my candidacy for re-election as superintendent of public instruction for Seminole County, subject to the Democratic primary to be held June 8th, 1920. T. W. LAWTON

To The Voters And Citizens of Seminole County

I take this method of again calling your attention to my candidacy for the office of Sheriff of Seminole County and herein mention a few facts for your consideration.

I have resided in Orange and Seminole County the most of my life, during this time, I have been reasonably successful in my undertakings. Whether it be employment, business or in an office capacity, in railroad service, as Deputy Sheriff, as City Marshal as Mayor of this City, as Sheriff of Seminole County and in business, have governed myself by the same rule, that of making my promises good by doing that which I promised, and conducting business on business principles thereby upholding its dignity, to this and honest dealing I attribute success.

In my official capacity there has never been to my knowing a complaint filed with higher officials calling for their investigation as to any neglect or conduct unbecoming an office belonging to the people and I have held the office of Deputy Sheriff under four different Sheriffs, been City Marshal, Mayor of the City of Sanford and Sheriff of Seminole County and if chosen by the vote of the people of Seminole County to fill the important office of Sheriff, I will endeavor to conduct and uphold the dignity thereof along the same lines that I have heretofore done in all my undertakings.

With the experience I have had in both business and official capacity I feel fully competent to act as the peoples servant, and if elected, I am sure it will be my pleasure to keep Seminole County in the front ranks with other counties of the state of Florida as far as the Sheriff's office is concerned.

Always using my best efforts toward the elevation of the morals, enforcing the laws and discouraging violations. Your support is earnestly solicited and will be appreciated. Respectfully submitted (adv) C. M. HAND.

In The Court of the County Judge, Seminole County, Florida, In Probate.
In Re Estate of: Citation
Edward Gaudern, deceased.
Mary Jane Gaudern, the duly appointed and qualified administrator of the estate of Mary Jane Gaudern, deceased, having filed his petition in this court praying that the following real estate belonging to the said Mary Jane Gaudern, during her lifetime, to-wit: Lot 3, Block 2, The B of E. R. Trafford's Map of Sanford, Florida, as duly recorded in office of Clerk of Circuit Court of Orange County, Florida, of which Seminole County was then a part be declared assets in the hands of the administrator for the payment of debts of said estate, the petitioner having been exhausted, and authorizing said administrator to take possession and make sale of said real estate, and the said petition conforming in all respects to the requirements of law in such cases made and provided.
Now Therefore you, Henry C. Kelly and Harriet Kelly, his wife, Essex, N. Y.; Joseph Chamberlain and Carl Chamberlain, her husband, Hinsdale, N. Y.; Wilmina Chapman and Almon M. Thomas, unless said certificate shall be redeemed, according to law, tax deed will issue thereon the 24th day of April A. D. 1920.

Witness my official signature and seal this 16th day of March A. D. 1920. (SEAL) E. A. DOUGLASS, Clerk of the Circuit Court, Seminole County, Florida. W-1-5tc By V. E. DOUGLASS D. C.

How the News Was Learned.

It is not known just how the historians learned that Cortez discovered Mexico—whether some one told it him or whether he broke down and confessed.—Nashville Tennessean.

Conditions That Bar Happiness.

No man can be happy when he despises his own acts, when he has any consciousness of wrong, whether of motive or act. No man can be happy when he harbors thoughts of revenge, jealousy, envy or hatred. He must have a clean heart and a clean conscience, or no amount of money or excitement can make him happy.—Exchange.

Cat and Rat Friendship.

The strange story of the cat that made friends with a rat is told by W. H. Hudson in his "Book of a Naturalist." The rat first "thrust itself and its friendship" on a village woman in Lehm, West Cornwall, England. It not only grew familiar with the woman, but even with her cat, "which appeared to know intuitively that it (the rat) was there as a privileged guest, while the rat, on its part, seemed to know, also by intuition, that it had nothing to fear." The friendship deepened; cat and rat seemed pleased to be together, and would even drink milk from the same saucer, and sleep hunched up together.

REPORT OF THE CONDITION OF THE FIRST NATIONAL BANK At Sanford in the State of Florida, at the Close of Business on Feb. 28th, 1920

Table with columns for RESOURCES and LIABILITIES. Resources include Loans and Discounts, U.S. Bonds, U.S. Deposits, etc. Liabilities include Capital Stock, Surplus Fund, Undivided Profits, etc.

STATE OF FLORIDA, COUNTY OF SEMINOLE: I, B. F. WHITNER, Cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief. Subscribed and sworn to before me this 8th day of March 1920. B. Evelyn Heron, Notary Public, State of Fla. at large, my commission expires Nov. 15, 1922.

ANNOUNCEMENT
The Hill Hardware and Lumber Companies
Wish to announce the opening of the third store which will be known as the HILL IMPLEMENT & SUPPLY CO.; and located in the store formerly known as the Keely Garage building, first door north of the Kent Vulcanizing Plant, from which place we are in position to furnish anything in farm supplies regardless of market conditions. Having contracted for farm implements in advance, the farmer who places his order for present or later delivery will save the advances which are coming thick and fast.

More than just materials
When you let us supply your building needs you get a great deal more than just so many feet of lumber—bundles of shingles—pounds of nails—or panels of Beaver Board.
You get the benefit of our building material knowledge and experience in Service that helps you get the results you want at the right price. Service first in planning the work—more service in selecting proper materials—speedy service in delivering the goods.
You pay for the materials. The service pays for itself in the larger volume of business it brings through super-satisfied customers.
It will pay you to be one of them.
Come to us for Service

CHANDLER SIX
Famous For Its Marvelous Motor
Chandler Leads Because of Its Real Worth
IT is easy to boast and make claims and to so magnify mere incidents that they may appear as mighty events. It is easy to paint in the colors of exaggeration.
Chandler advertising has never carried boasts or unfounded assertions to the public. It has never extolled some single performance as final evidence of superiority.
The Chandler Six is so distinctly the leader among medium-priced high-grade cars because of its own worthiness, which for sales purposes does not need the support of exaggeration.
Chandler worthiness comes primarily, of course, from its great chassis, light, strong and enduring, featured by the famous Chandler motor developed throughout seven years of constant manufacture with no change of type of design, but with refinements and developments which have kept it long strides ahead of any other six.
This isn't a claim. It's a fact, and over sixty thousand Chandler owners would tell you so if you could ask them.
Six handsome bodies, splendidly built and finished, are mounted on the one standard Chandler chassis.
Other cars of some similarity are listed at hundreds of dollars more
SIX SPLENDID BODY TYPES
Seven-Passenger Touring Car, \$1895 Four-Passenger Roadster, \$1895
Four-Passenger Dispatch Car, \$1795
Seven-Passenger Sedan, \$2895 Four-Passenger Coupe, \$2795 Limousine \$3395

OUR LANDS IN FLORIDA LOW PRICED

PRICES ARE ENTIRELY TOO LOW COMPARED TO OTHER PARTS OF THE COUNTRY.

By Sam T. Fleming, Field Agent, U. S. Dept. of Agriculture. Gainesville, March 16.—Florida farm land values are too low in comparison with United States values.

Comparison of farm land values which are made on March 1 of each year by this bureau, indicates that the boom in farm land values, which has been taking place over a large part of the United States has not affected values materially over the greater part of Florida's farming area.

The average acre of plow land in Florida has always been lower than the average acre for the United States and under normal conditions there has been a gradual increase in these values with a tendency for Florida values to gain more or less regularly on those of the United States.

Since 1919, however, and especially for the present year, this condition has been reversed and Florida's average acre of plow land is proportionately lower than it should be.

As Florida values show generally a normal, healthy increase when compared with past years, the change relation to United States' values is evidently due to an unusual increase in these values over parts of the United States.

The value of the average acre of plow land in Florida varies greatly in the different sections of the state and is dependent in a measure on the rapidity with which the different sections are being settled up as well as on the comparative productive capacity of the land.

Table with 3 columns: Year, Average Value Per Acre of Plow Land, and Comparison with US. Rows for 1920, 1919, 1918, 1917, 1916, 1915, 1914, 1913, 1912, 1911, 1910, 1909, 1908, 1907, 1906, 1905, 1904, 1903, 1902, 1901, 1900.

It was ten times and Billy came to the table with folded hands. Mother immediately told him to leave the table. "Why," said she, "you must be washed. I wouldn't think of letting you touch a piece of bread with such hands." The child made no attempt to leave. He evidently concluded he could remain just as he was, for he said: "O, that's all right, mamma; that's all right. I didn't want bread anyway."

Hastings' 1920 Seed Catalog Free

It's ready now. One hundred hand-somely illustrated pages with brilliant cover in natural colors. It is both beautiful and helpful, and all that is necessary to get it is a postal card request. You will find our 1920 catalogue a well worth while seed book.

Hastings' Seeds are sold direct by mail. You will never find them on sale in the stores. We have some five hundred thousand customers who buy from us by mail. We please and satisfy them, and we can please and satisfy you in 1920.

Planting Hastings' Seeds in your garden or in your fields insures "good luck" so far as results can be determined by the seed planted. For 30 years Hastings' Seeds have been the standard of seed excellence and purity in the South. Only varieties adapted to the South are listed. Quality of the best and prices often less than those you pay at home. Write for free copy of this splendid catalogue now. H. G. HASTINGS CO., Seacrest, Atlanta, Ga.—(Adv.)

BRITISH MERCHANTS COMING OVER

TO UNITED STATES TO STUDY AMERICAN METHODS OF STORE MANAGEMENT.

New York, March 16.—Twenty-two British merchants, representing the largest department stores of the United Kingdom, will soon sail from England for a six weeks' tour of the United States to study American methods of retail store management with a view of establishing its use in England. The merchants, who will be the guests of the National Retail Dry Goods Association, will visit most of the principal cities in the country.

Chambers of Commerce throughout the country are joining with the national association and local merchants' organization in preparing receptions for the visitors and giving them an opportunity to study American methods at close hand. Secretary of Commerce Alexander has promised to welcome the visitors in the name of the country and pledged the aid of the department in making their visit a successful one.

A special car will carry the visitors on their tour. The itinerary includes stops at Pittsburgh, Dayton, Cincinnati, Cleveland, Toledo, Chicago, St. Louis, Kansas City, the Grand Canyon, Los Angeles, the Yosemite Valley, San Francisco, Portland, Seattle, Salt Lake City, Colorado Springs, Denver, Omaha, Milwaukee, Detroit, Buffalo, Niagara Falls and Boston. Side trips also will be made to Washington and Baltimore.

CANNOT PAY HIS BILL

We Received the following from one of our Subscribers. "For the following reasons I am unable to send you the check I asked for: "I have been held up, held down, sandhugged, walked on, sat on, flattened out and squeezed. First by the United States Government for Federal War Tax, Excess Profits Tax, Liberty Loan Bonds, Thrift Stamps, Capital Stock Tax, Merchant's License and Auto Tax, and by every society and organization that the inventive mind can invent to extract what I may or may not possess.

I have been solicited by the Society of John the Baptist, the G. A. R., the Women's Relief, The Navy League, the Red Cross, the Black Cross, the Purple Cross, the Double Cross, the Children's Home, the Dorcas Society, the Y. M. C. A., the Y. W. C. A., the Boy Scouts, the Jewish Relief the Belgian Relief and every hospital in town: Then on top of it all came the Associated Charities and Salvation Army.

"The Government has so governed my business that I don't know who owns it. I am inspected, suspected, examined and re-examined, informed, required and commanded, so I don't know who I am, where I am, or why I am here. All I know is I am supposed to be an inexhaustible supply of money for every known need, desire or hope of the human race. And because I will not sell all I have and go out and beg, borrow or steal money to give away, I have been cussed, discussed, boycotted, talked about, lied to, lied about, held up, hung up, robbed and nearly ruined, and the only reason I am clinging to life is to see what in the hell is coming next."

Lengths the Life of Trawl.

Just as the mackerel in fresh water is always trying new flies, new ground-baits, and new spinners, so the sea fisherman is beginning to employ new methods for taking sea fish. As most people are aware, the most deadly enemy for fish catching is the so-called "otter" trawl, which resembles an enormous fish with a gaping gullet, and is dragged over the floor of the sea. The worst of it is that a trawl wears out very rapidly. Not long ago it occurred to an enterprising skipper to fit the lower warp of the trawl with rollers, so as to make it travel more easily over the sea floor. This has been a great success.
