## CRAMER NEARS BERGEN ON HOP ACROSS OCEAN

### Forced To Land At Sea But Rises, Stops At Faroe Islands, And Heads For Sweden

LONDON, Aug. 8. (A.P.)—An exchange telegraph dispatch from Copenhagen today said that Parker Cramer, American aviator, who reached the Faroe Islands last night on his flight from the United States, took off at noon for Bergen where he will arrive tomorrow.

### LONDON, Aug. 8. (A.P.)

—Parker Cramer, American aviator who has spent the last week studying air lines over the northern route from Canada, was reported last night to have made a forced landing somewhere between Iceland and the Faroe Islands.

A message to Lloyd's from Wick, Scotland, said a plane giving the radio call letters KHVC, had been forced down by engine trouble and had asked for exact bearings and assistance. Cramer's ship carried a radio with the call letters KHVC.

The Lloyd's message came from Thorshavn, Faroe Islands. With his assistant, Oliver Paquette, Cramer had taken off from Reyk. (Continued on Page Three)

## Promises Of Rain Harken Fighters Of Mountain Fires

SPOKANE, Aug. 8. (A.P.)—Forest fire fighters yesterday harked the Deer Creek fire with hopes and prayers for 23 miles, while predictions of rain harkened crews battling over thousands of acres of blazed north-west woods.

Near Quinn, Montana, railroad fires were fought by 60 men with pumps.

At Priest River, Idaho, where flames devastated farms and forests, E. Y. Stuart, Washington, R. C. chief forester, John M. Egan W. Kelly in sending men to fight the flames.

Rains were predicted in eastern Washington, north Idaho and Montana as an ally to the 2000 fire fighters. The United States weather bureau said there was little likelihood of lightning which has started hundreds of fires in the district.

The Priest River valley fire which raged 22 hours and drove hundreds of refugees before it was being combated by 1700 to 1700 firemen and volunteers.

In central Idaho fires still raged in national forests but no lives appeared to be menaced.

Approximately 200 fire rangers in size from a quarter of an acre to 60,000 acres were believed burning today. More than \$1,000,000 damage had been wrought.

## Pleasure Boat Is Put Into River Service

An announcement which recalls earlier days in Sanford when excursion boats plied Lake Monroe in large numbers, was made this morning by Captain T. J. Moles, who, succeeded by John S. Bradley, of the Sanford Boat Works, plans to conduct pleasure trips and fishing parties in nearby waters on the motor boat "Sonsbeek" during the remainder of the summer and through the winter months.

Captain Moles said this morning that the "Sonsbeek", which has been used by several local persons during the past few months, has been refitted to be able to provide every convenience for pleasure, fishing parties, or business. Newly installed and well motor equipped, the boat, which has accommodations and sleeping quarters for 16 persons, was placed in service last week.

Several prominent northern sportsmen have already chartered the boat for excursions during the early winter months. Captain Moles said, and from all indications the St. Johns River and Lake Monroe will see much of the "Sonsbeek" and its passengers.

Persons desiring further information on early winter excursions should contact Capt. Moles, who will return to Sanford Sunday.

## Official Suggests Loaning China Grain

SHANGHAI, Aug. 8. (A.P.)—Declaring that 10,000,000 dollars in the flooded valleys of central China face starvation before spring unless aid is given them, John Earl Baker suggested today that a part of the United States farm surplus, which he pointed out as being in excess of 500,000,000 bushels, be loaned to China under a long term of credit. Baker, adviser to the Ministry of Railways estimated the damage at present by floods at 200,000,000 and refused to even guess at the death toll. But other sources estimated it at 8,000 or more.

## GERMAN OFFER TO BUY SURPLUS COTTON REFUSED

### Farm Board Suggests Plan Where Direct Trade Can Be Made

WASHINGTON, Aug. 8. (A.P.)—The farm board yesterday rejected Germany's offer to buy a part of its surplus cotton and suggested an arrangement under which the purchase could be made directly from the cotton trade.

Calling attention to the efforts of the treasury to provide Germany with dollar credit here, by expediting the payment of German claims, the board said this would provide credit in excess of the proposed cotton purchase and make direct trade possible.

With the approval of President Hoover, Ambassador Sproule at Berlin recently suggested that Germany buy wheat and cotton from the holdings of the board's subsidiaries on a liberal credit basis.

An offer from Germany to buy a quantity of cotton, valued at \$100,000,000, was turned down by the board yesterday. The terms suggested by Germany were not satisfactory to the board resulting in yesterday's rejection of the offer.

Meanwhile representatives of the cotton trade, and members of the House and Senate led by Senator Harris, democrat of Georgia, entered vigorous protests against selling cotton from the surplus held by the board.

They insisted the sales to Germany. (Continued on Page Three)

## More Testimony Is Brought Out Which Is Against Lea

ASHEVILLE, N. C., Aug. 8. (A.P.)—Testimony that cashier's checks made payable to Col. Leas were changed to his account at the Central Bank and Trust Company here, when it was already overdrawn, was introduced by the State yesterday in the trial of the Tennessee publisher and three co-defendants on a charge of defrauding the bank of \$1,200,000.

The other defendants are Lake Lee, Jr., and E. F. Charles, both of Nashville, and Walter B. Davis, former president of the bank which closed in November.

N. H. Payne, bookkeeper for the bank, testified the institution—on several occasions telegraphed receipts to Lee's account with Tennessee banks, and that in turn Col. Leas telegraphed credit to the Central Bank and Trust Company to New York and Charlotte banks, on the basis of which the Asheville bank issued his cashier's checks.

Another witness, S. G. Owens, a teller in the local bank gave testimony that cashier's checks were issued after Col. Leas or to Tennessee concerns in which the defendant was interested, without the bank receiving payment or collateral for periods ranging from three to eight days. In many cases, he said, the checks themselves were returned and used to cancel memoranda of their issuance.

## MAY OPPOSE MAYOR

LAKELAND, Aug. 8.—Reports in current that J. F. Conroy, who will retire as city manager on Aug. 1, will enter the race for city commissioner in the November general election. He would, in this event, oppose Hugo Cummings, who is expected to run for mayor. Mr. Conroy, who is a well known sportsman, is a member of the commission that is studying the question of a new city hall.

## WORLD PEACE AIDED IN ITALO GERMAN MEET

### Co-operative Spirit Is Feature Of Sessions Between Mussolini, And Noted Visitors

ROME, Aug. 8. (A.P.)—A spirit of cooperation in thrashing out problems which affect Italo-German relations and indirectly the prosperity of the world dominated today's conferences between the heads of the Italian and German nations. Premier Mussolini called on Chancellor Bruening and Foreign Minister Ciano at the German embassy which is considered German soil. The visitors are to see Pope Pius in separate private audiences later in view of the fact that they are of opposite faiths.

Mussolini told his guests that Germany would ally itself with all other nations most workable aim is to heal the moral and material wounds, which the war left and from which all people still suffer. He said he thought Germany was "pulling through all right."

Premier Mussolini and Chancellor Bruening laid the groundwork. (Continued on Page Four)

## Agricultural Club Will Bring Gifted Speaker Here Soon

Important among the early announcements by the Sanford Agricultural Club which is scheduled for Thursday night, August 13th, is the appointment of Alex. J. Johnson, prominent dairyman at the Seminole High School, as the featured speaker at the club's annual agricultural conference, which will be held at the club's headquarters at 1100 S. Main St., Saturday, August 14th.

Johnson, an expert on celery problems, will be in Sanford for the purpose of addressing farmers and growers next Thursday night. He is Dr. H. C. Thompson, professor of vegetable crops at Cornell University, New York. For the past few days he has been in attendance at the annual Farmers Week program at the University of Florida, Gainesville, where he was one of the principal speakers.

Officials of the local club who were present at the meeting, learning that Dr. Thompson had recently completed an exhaustive study of conditions leading to the premature seeding of celery, one of the most widely discussed problems in this section last season, persuaded him to bring his message to this city. He will elaborate his talk with a series of stereopticon slides showing various stages of experiments he has made.

Mr. Johnson said this morning that Dr. Thompson was credited as being one of the few men in the nation who has made a serious study of the celery industry, and that his knowledge of the subject is amazing in its scope. Every resident of the county is invited to attend the meeting, which will begin at 8:00 o'clock at the high school. A round-table discussion will also be entered into, and every farmer given ample opportunity to question Dr. Thompson on any individual problem.

## Cotton Gins This Year May Set New Record For Nation

WASHINGTON, Aug. 8. (A.P.)—Cotton production this year as indicated by condition of the crop Aug. 1 was announced today by the Department of Agriculture at 13,384,000 bales.

Last year's ginned production was 13,022,000 bales. Cotton ginned of this year's crop prior to Aug. 1 was announced at 7,701 bales, compared with 78,138 last year. Florida production this year is estimated at 27,000 bales.

## DOG WAS HERO DEAD

MACON, Ga., Aug. 8. (A.P.)—The watchdog hero, a female German pointer dog, is dead, 13 years after he was wounded on the firing line in France for which he received three decorations for bravery from the French government. He was killed by a bullet which was discharged by the war machine of a German tank and an American soldier.

## TWO "QUEENS OF UNIVERSE" MEET

Two "Queens of the Universe" are shown above as they met in Pittsburgh. Nette Duchateau, right, of Belgium, was selected as "Miss Universe 1931," while Dorothy Dell was awarded the title last year. The 1931 queen speaks no English.

## KILLERS OF BABY THOUSANDS AT AKRON TO SEE TO POLICE HEADS NEW DIRIGIBLE

### Informer, Tells Cops They Are Members Of Rival Beer Gangs Mrs. Hoover Among Celebrities At Dedication Of Blimp

NEW YORK, Aug. 8. (A.P.)—The Harlem baby killers were identified to police yesterday as members of Vincent Coli, gangster rival of Arthur (Dutch Schultz) Fleigenheimer, intent on hunting renegade members of the mob.

A man arrested Thursday night on another charge told detectives he was an eye-witness to the recent shooting of five children, one of whom died, on the crowded streets of "Little Italy." The informer's name was withheld.

He gave the license number of the car from which the gangsters sprayed half a hundred bullets among children playing for Joe Rao, who had left the Coli ranks with "One Eye" Rock and others to form a new mob and so right the underworld faction arrayed against Dutch Schultz.

Police were told that one of the four was "Trigger Frank" Coppola, another was named Grecco, and a third known only to the informer as "Louie." The eye-witness said he didn't know the fourth man's name, but was acquainted with him and knew him to be, like the others, one of Coli's men.

Coli has not been seen around his usual haunts of late and detectives furnished with the latest information started out last night to round up him and all his gang. The story told to police by the unnamed informant was said to detail with that related by Anthony Trubino, who admitted Thursday he was the intended target for the gangster bullets.

The informant, it was learned, told an eye-witness story of the shooting to a detective who had befriended him when he sought parole some time ago on a robbery charge. Describing how he had been walking down the street when the gangster's car passed he said he saw "Trigger Frank" Coppola in the rear seat with a shotgun poking through the window, "Louie" seated beside him with another shotgun, and Grecco on a folding seat behind the driver with a pistol in hand.

## Alabama Negroes Killed By Band Of Angry White Men

BERMINGHAM, Ala., Aug. 8. (A.P.)—Sheriff James H. Hawkins of Jefferson County says late yesterday he believed the shooting of two negro babies, one of whom died on a freight train here shortly after noon, was an outgrowth of public feeling created by the fatal shooting of a Birmingham city girl and the wounding of two others Tuesday night by a negro highwayman.

Three white men were responsible for the shooting of the negroes, the sheriff said and he expressed the belief they would be arrested within a short while.

There is a word of people on the rampage, some of them ransacking houses with utter disregard of the rights of others," the sheriff said.

Ed Edwards, 19, was killed by a shot through the head and his cousin, Will Edwards, 16, soon next of Gadsden, Ala., was shot in the leg by men standing near the tracks with rifles. Will said there were 15 or 20 hit boys on the train.

Two other negroes were shot Thursday night by men who the negroes said acted as officers. Authorities investigating the shootings found communist literature in the home of one of the negroes. Official denial was made that officers were responsible for the shootings.

Search for the slayer of Augusta Williams, pretty 22-year-old society girl, who also wounded her sister, Nell Williams, and Jennie Wood, continued unabated under the direction of Deputy Sheriff Robert Smith. Several suspects had been arrested but none as yet identified as the slayer.

## LABOR HEADS CHARGED WITH CRUEL MEANS

### Wickersham Group In Report Says Alien Treatment Is Echo Of Middle Age Days

WASHINGTON, Aug. 8. (A.P.)—The use of practices in vogue during the inquisition of the middle ages was charged directly against department of labor immigration officials yesterday by the Wickersham Commission.

In its report to President Hoover, the commission, asserting that "unconstitutional, un-American and oppressive methods were employed in the examination annually of about 100,000 supposed aliens." In addition, the report stated that enforcement of rules in the actual detention of about 15,000 persons annually has often caused hardships that violate the plainest dictates of humanity.

Forecast by commission members as probably the most universal of their studies since that on prohibition, the report drew heated dissenting opinions from two commissioners. Col. Henry W. Anderson of Richmond, Va., and former Justice Kenneth Mackintosh of the Washington state supreme court.

The two charged separately that the commission's report, Rabin (Continued on Page Four)

## Veteran Of Civil War Dies At Advanced Age

Royal Clinton Bradshaw, 88, who was one of the section's few veterans of the War between the States, died early last night at the home of his daughter, Mrs. E. A. Moffitt, 1111 Colery Avenue, with whom he has lived for the past 23 years.

Funeral services will be held from the home tomorrow afternoon at 2:30 o'clock, with the Rev. W. P. Brooks, Jr., of the First Baptist Church as the officiating clergyman. Members of Veterans with which he was affiliated, will form a guard of honor at the home and graveside in Evergreen Cemetery. The Erickson Funeral Home has charge of the arrangements.

Mr. Bradshaw was born at Jamestown, N. Y., Aug. 1, 1842, and had just passed his 89th birthday. His early life was spent in that state, and as the opponent of the Civil War he was one of the first residents of his town to volunteer for service. He participated in several major battles of that war, and after a period of business activity, resided in the Spanish American War.

He has lived in Sanford for more than 23 years, and is survived by his daughter, Mrs. E. A. Moffitt, and a granddaughter, Miss Evelyn Fay Cost.

## Aged Resident Of City Died Late Last Night

A lingering illness claimed the life late last night of Mrs. Mary Elizabeth Sapp, 84, a resident of the Monroe section for the past seven years. Funeral services will be held tomorrow morning at 10:00 o'clock at the grave in Silver Lake Cemetery. The Rev. Webb of Lake Monroe will officiate, and the Erickson Funeral Home has charge of the arrangements.

Mrs. Sapp was born in Appleton, Ga., on June 17, 1847. She is survived by two daughters, Mrs. J. F. Spouton, of Titusville, and Mrs. W. S. Weeks, of Crystal River. Three sons also survive her, G. S. Sapp, of Sanford, George Sapp, of Kissimmee Park, and Allan A. Sapp, of Titusville.

## State Hospital Head Falls Dead At Home

TALLAHASSEE, Aug. 8. (A.P.)—State officials were advised today that Dr. J. O. Tolson, superintendent of the state hospital at Chantaboches, fell dead at his home there this morning. Further information was not immediately available but hospital officials said by telephone that the superintendent died unexpectedly, and that further information could not be given until later.

Tolson was 46 years of age and had served as superintendent for four years. Prior to that time he was chief physician for many years.

## Lindys Reach Most Northern Point In America In Safety

### Handful Of White Men Greet Flying Vacationists At Point Barrow Early Today

POINT BARROW, Aug. 8. (A.P.)—Colonel and Mrs. Lindbergh, the flying vacationists, arrived here today at America's most northern outpost, 320 miles north of the Arctic circle.

Colonel Lindbergh piloted his speedy monoplane through low fogbanks from Akvik to Point Barrow. A handful of whites and several hundred Eskimos greeted the fliers here.

Mrs. Lindbergh was in almost constant radio communication with various stations during the flight which brought them down here at 2:00 o'clock this morning.

No gasoline supplies are here and no food such as coffee, potatoes, eggs, and tobacco, for no ship has arrived through the ice this season to replenish stores, but native food and delicacies and reading matter in large quantities were here for the Lindberghs.

With half of their 2000 mile flight to the Orient behind them, the Lindberghs were uncertain as to when they could continue the flight as a cutter with a gasoline supply is inbound a hundred miles away.

Reports of clearing weather ahead cheered the fliers. (Continued on Page Three)

## Miss Bender, Adams Unhurt In Auto Crash

Missing a fire hydrant by inches in an effort to avoid a serious automobile collision, a Chrysler sedan driven by Gene Adams, son of Mr. and Mrs. T. F. Adams, French Avenue, this morning received considerable damage to one side, and a Ford coupe driven by Miss Beverly Bender, daughter of Mr. and Mrs. P. W. Bender, Country Club Road, received similar damages, at the corner of Oak Avenue and Eighteenth Street.

Miss Bender, the occupant of the Ford, and Miss Rose Hart, Chandler Sharon and Mr. Adams, the occupants of the Chrysler, were not injured in the accident although flying glass was showered about them before the cars were brought to a halt.

The Chrysler was being driven east on Eighteenth Street and the Ford was being driven south on Oak Avenue when the accident occurred. Mr. Sharon said that both cars were moving at a moderate rate of speed, and that apparently both drivers failed to see each other, probably because of a large palm tree bush which grows near the corner.

When Mr. Adams saw the Ford, both cars were practically in the center of the intersecting. He applied his brakes at once, and he heard across the curbing but not before the Ford, which was being covered sharply to the left, struck the Chrysler, a glancing blow, causing the rear fender and fenders to be crushed.

VETERANS CALLED  
Ernest Lagerquist, Commander of Col. Theodore Roosevelt Camp No. 14, United Spanish American Veterans, this morning issued a call for the attendance of all local veterans at funeral services for E. C. Bradshaw, a member of the camp, scheduled to be held at the home of Mrs. E. A. Moffitt, 1111 Colery Avenue tomorrow morning at 9:30 o'clock.

## HURT ON WAY TO FUNERAL

HOLYOKE, Mass.—Enroute by automobile to funeral services for Florence F. Sullivan, victim of a highway accident, Mrs. Rachel Bay and Mrs. Elizabeth Rockwell themselves were involved in an accident near the same place.

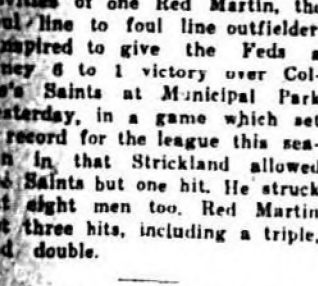

COURT TERM TO OPEN  
Bradenton county court, with Judge W. H. Tucker presiding, and Prosecutor L. W. Hardy representing the state will convene Monday morning at 10 o'clock for the term.

There has been no pay for most of them the past six or eight weeks. All are on strike, refusing to take down the tent and contain the animals. Yesterday police protection was given the show manager as the empty-patched performers and laborers can short on tonight.

# OH YEAH?

By PETER SCHAAL

This sturdy right arm of Bill Strickland, the blushing newlywed, aided by the lambasting proficiency of one Red Martin, the foul line to foul line outfielder, supplied to give the Reds a 6 to 1 victory over Colley's Saints at Municipal Park yesterday in a game which set a record for the league this season in that Strickland allowed the Saints but one hit. He struck out eight men too. Red Martin got three hits, including a triple, and double.

At Deland, the Cocos Indians went out in front by a game lead when they whipped the Delanders 7 to 2 mainly because of some poor defensive play by Deland. Murdoch, an usual, had the Deland outfit completely baffled, allowing only six hits, and never being in trouble except for one inning, the seventh, when Deland produced two runs. The Indians, who thereby scored their sixth straight win over Deland this year, drove Ferrazzi and Sliha to cover, securing nine hits.

At Daytona, the Islanders got a new gracing the Winter Park staff, and before Mock could stop the onslaught, the game was practically won. The final score was 6 to 4 in favor of the Islanders, and the win put them in a tie with Deland for second place. Glazner was in his best form since he has been an Islander, allowing only seven hits, three of which were made by Moseley.

In the Big Show, Ben Cantwell, off to a bad start, pitched with full courage, but good batting support of his mates, but was unable to score a win, losing the game 7 to 3. The Rabbits were the victors. It was a battle of former southern league pitchers when Cantwell was opposed by Phelps, both former Jacksonville moundsmen.

After losing eight straight games, the Reds snapped out of their slump and scored three runs in the eighth inning, and beat the Pirates 3 to 2. In winning, they also pounded 13 hits off Spencer and Brann. The Pirates got seven hits off the combined offerings of Rixey and Benton.

Sheriff Fred Blake won his third straight game for the Phillies since coming from the Cubs when he scored a 6 to 4 win over the Giants. The Giants almost produced a win, for, in the ninth, with one out and the tying run on base, the Sheriff had to be taken out and Jumbo Elliott came in. Elliott staved off the rally, and Blake got credit for the win. He slop got three hits on his own account.

In the American League, the Senators lambasted two Boston chumpers for 20 hits and won a 15 to 3 game without a hit of trouble. Five of the nine Senator batters got three hits each, Kuhl being the only Senator to go hitless. The Sox in the meantime got only four hits off Marberry.

With the bases full in the ninth, the score 5 to 3 in favor of the Yanks, young Henry Johnson, sent to the hill to relieve Gomez had to go some real thinking to get a home run average instead of those terrific Athletics, but he did it, striking out Mahaffey and causing Mahaffey to pop up for the final out. The Yanks were away to a four run lead in the first inning, making Walberg have to pitch harder, and finally resulting in his being removed when the Yanks got another run, on Babe Ruth's sixth homer in the fifth. It was the first game of a season, and a record crowd was present.

The queerest sort of scoring saw the Indians a 4 to 3 victory over the Tigers yesterday. The Indians had scored two runs in the early innings, on walks by Higgins. In the sixth, with the score tied, Sorrell came in to pitch. Hearing who had been taken out for a pinch batter in the previous inning, Sorrell didn't do a thing but walk four men in a row, including the winning run! What a game! McManus and Averill hit homers during the game which gave the Indians six runs and the Yanks six hits.

# BILL STRICKLAND HURLS ONE-HIT BALL FOR LOCALS

## Former Georgia Tech Star Is Master Of Saints In 6-1 Win

By K. H. CULLUM

By bunching hits in the first two innings, securing seven hits for a total of 8 runs in those two frames, the Celery-Feds defeated the St. Augustine team here yesterday afternoon 6 to 1. Strickland, pitching for Sanford, was in rare form, allowing the Saints one hit, a single to center field by Small in the fourth inning, for one run, and striking out eight. Strickland was master of the situation at all times, only in one inning, the seventh, was he in any trouble at all. In this inning, C. Cole, first up, drew a base on balls, V. Masters hit to short, Pittman throwing the ball low to first base, Masters safe, Cole going to second; Crows struck out; I. Masters walked, filling the bags. This did not seem to even ruffle Strickland, who calmly struck out S. Cole, and caused Hernandez to hit a pop fly which was gathered in by Peters.

Hernandez, hurling for the Saints, did not fare so well. Heit, first up in the first inning, threw a monkey wrench into the Saints defense by bunting, beating the ball out; the ball was thrown wild to first, Britt going to second; Schirard struck out; second base; Martin hit to center field for a triple, scoring Britt; Rogers hit to short, who threw the ball wide, Rogers safe; Higgins doubled to right field, scoring Martin and Pittman; Peters fouled out to first base, Sanford put two more over in the second on a double and three singles; this ended Sanford's run getting until the seventh; in this inning Martin doubled to right field, Rogers struck out; Pittman sacrificed, Martin scoring.

Martin and Britt were the heavy hitters for Sanford, Martin scoring three out of four and Britt 2 out of five. Strickland, aside from pitching phenomenal ball, also came through with two hits out of four times up.

The entire Sanford team played big league ball, and proved themselves to be veritable mud horses. A heavy rain began to fall right at starting time and kept up for an hour and it seemed that it would be impossible to even get the game started. However, at 5 o'clock the rain had practically ceased and the game got under way, and a full nine inning game was played, although about six innings of it were played in a slow drizzle.

### BOX SCORE

Summary: Runs batted in: V. Masters, Schirard, Martin 2; Pittman, Higgins 2; two-base hits: Schirard, Martin, Higgins; three-base hits: Martin left on base; Saints 4, Sanford 7; base on balls: off Strickland 3, Hernandez 0; wild pitch, Hernandez; hit by pitcher, Rogers; struck out: by Strickland 8, Hernandez 5; sacrifices: Schirard, Pittman. Umpires: Lopez, Spencer. Time of game 1:40.

### DIES IN HUNTING ACCIDENT

SANTA BARBARA, Calif., Aug. 7.—(A.P.)—Ulrich Haupt, 43, for years prominent as an actor, playwright, theater owner and producer in this country and Germany, was accidentally killed Wednesday while on a deer hunting trip. Carl Anderson, Haupt's chauffeur, was unloading a gun and accidentally discharged it.

### LONDON WEDS SECRETARY

LONDON, Aug. 7.—(A.P.)—Lord Reading, diplomat and former viceroy of India, and Miss Stella Charnaud, his secretary for 10 years, were married yesterday in the little registry office in Price's row. They motored immediately to Old Deal castle. Today they go to Paris.

—A run rally. It was a slug fest for most of the distance, the Browns getting 16 hits in the 9th 11.

# Hodge Pitches One Hit Game To Give Team 5 to 0 Victory

By K. H. CULLUM

One hit games seemed to have been the rage here yesterday. After Strickland pitched a one-hit game yesterday afternoon, Johnny Hodge, pitching for the Sanford-Oviedo Truck Growers Association diamond ball team last night set the Y. M. C. A. boys back with only one hit, and no runs. The final score was 5 to 0, in favor of the Sanford-Oviedo team.

Hewter, first up for the Y. M. C. A. in the first inning hit to third base which he beat out. After that the Y boys could do nothing at all with Hodge's delivery, Johnny striking out 7, and walking only one.

Kinlaw was on the mound for the Y. M. C. A. and while he allowed only 7 hits and striking out eleven, he was wild at times, walking 8; this, together with raged support by his team mates, allowed the Truck Growers to garner a total of nine runs.

Hodge was also the heavy hitter for his team, getting three out of four times up.

Tonight Chase and the Seminole Dry Cleaners hook up, and from all indications this will be a battle from start to finish.

# HE KILLED

Strangled by jealousy and his head in a white from liquor, Detective Lieutenant Edward P. Nolan, above, veteran of the Los Angeles police vice squad, killed his sweetheart, Mrs. Grace Murphy Duncan, a divorced and mother of two children, according to police.

# Foreign Trade of America Declines With 2 Exceptions

WASHINGTON, Aug. 7.—(A.P.)—Soviet Russia more than doubled her purchases from the United States in June, China bought a little more than usual and Asia increased her shipments to this country.

Otherwise American foreign trade, in the grip of world-wide depression, continued to decline. Statistics published yesterday by the Department of Commerce showed total June exports of \$187,189,909 compared with \$203,900,868 in May and \$294,709,753 in June last year. Imports were \$173,534,234 in June; \$180,163,559 in May and \$270,342,760 in June 1930.

The Russian increase was the first in many months. Heavy shipments of binder twine, tungsten, machine tools, machinery of many kinds, gasoline engines and automobiles, trucks and accessories contributed largely to the \$12,616,036 worth of June exports to that country. In May, Russia bought \$5,941,000 of more than double that amount.

Dr. Smith returned to Tampa yesterday morning after attending a conference in Tallahassee attended by the entire board of health, Governor Carlton and his cabinet. The possibility of a third extra session this Fall to finance the health program, he said, was freely discussed at the joint meeting.

# State Health Board Activities May Be Curtailed In 1931

TAMPA, Aug. 7.—(A.P.)—Failure of the Legislature to levy a special millage for the State Health Department has seriously imperiled the operation of the bureau for the next two years, Dr. H. Mason Smith, president of the board said yesterday.

The emergency confronting the department Dr. Smith stated, is so serious as to cause Governor Carlton and his cabinet to consider calling a third extra session of the Legislature this Fall to provide funds to carry on the health program throughout the State as well as to finance other bureaus affected by reduced incomes appropriated during the regular and two succeeding extra sessions.

"Our appropriation," Dr. Smith explained, "was included in the State general fund. The department last year received approximately \$285,000. But the general fund, according to estimates by State Comptroller Amos, will be reduced to practically nothing until new revenues begin to come in this Fall. It is true the State gets the one-cent extra on gasoline. Demands made on it by other departments, however, are heavy and we cannot expect much income other than the old levy of a quarter mill, which is a hold-over from the 1921 Legislature. Based on last year's tax collection, the revenue to the department from the quarter mill will not aggregate more than \$160,000 although our program has been based on the previous appropr-

# MEXICAN VOLCANO ERUPTS

MEXICO CITY, Aug. 7.—(A.P.)—Ten persons were buried under tons of dirt when Mount Tlaxcala, heretofore considered a non-volcanic mountain, violently erupted Wednesday, hurling streams of water and mud into houses at its base. It is located near Coahuatpec, Vera Cruz.

# HISTORIAN APPOINTED

WASHINGTON, Aug. 7.—(A.P.)—The national park service yesterday announced appointment of Verne E. Chisholm as park historian to supervise research work in all parks and monuments of the country.

# DIVIDEND DECREASED

NEW YORK, Aug. 7.—(A.P.)—A. G. Spalding & Brothers directors placed the stock on a 51 cent par value against \$2 previously, by declaring a quarterly dividend, payable Oct. 15 to stockholders of record Sept. 28.

# Palm Beach County School Board Sets Millage For Year

WEST PALM BEACH, Fla., Aug. 7.—The general school tax levy in Palm Beach county was cut from 10 to 8 mills, the levy in the special school districts was maintained at 10 mills and millage set for interest and sinking fund in eight special school districts Tuesday, when the Palm Beach county school board adopted the budget for the coming year.

While first estimates of total general school expense was \$624,000 as certified to the county commission several weeks ago, final revision by G. Orton Boyd, certified public accountant engaged by the board, reduced this figure to \$548,222 showing a saving of \$75,778 over last year's actual expenditure of \$566,690.70.

Protest against the reduction of only two mills was made to the board by Miller Williams, representing the Palm Beach Taxpayers Association. He held that since the board will receive \$90,000 from the state through redistribution of school funds, this fund will be taken from the county commission, and he asked that an extra mill be cut from the levy making a total reduction of three mills.

879 worth of goods and in June 1930 \$2,806,642.

China bought \$7,534,583 worth in June; \$7,400,929 in May and \$6,834,965 in June last year. The increase over May was distributed among many items.

European countries as a whole bought \$38,149,858 in American goods and sold us \$47,480,494 during June. Great Britain led with purchases of \$30,914,639 and sales to the United States of \$11,000,427.

Canada led the world in purchases of \$35,029,796 of American goods and sending \$22,853,664 worth of commodities here.

# Testimony Reveals Lea Failed To Pay For Bonds He Held

ASHEVILLE, N. C., Aug. 7.—(A.P.)—The charge that Lake Lea, Tennessee publisher, failed to return or pay for \$214,000 worth of Central Bank and Trust Company bonds entrusted to him, was made by the State yesterday in the \$1,200,000 bank fraud trial against Lea and three others.

The amount represented the balance alleged to have been due on some \$300,000 worth of stocks and bonds said to have been delivered to Lea for purposes of sale.

The evidence was presented through N. H. Payne, who testified from the bank's ledgers. Payne still was on the stand when court adjourned and the defense had been given an opportunity to object to statements through cross-examination.

A large part of yesterday afternoon was devoted by State attorneys to presentation of evidence in an effort to show that hundreds of thousands of dollars worth of cashier's checks were drawn payable to Lea in the period between August 6 and November 7, 1930.

Prosecution counsel announced the various issues were entered in evidence merely to show the number of transactions similar to those upon which its conspiracy and fraud indictments were based. On trial with Lea are Wallace B. Davis, president of the bank prior to its failure November 19, 1930; Lake Lea Jr., and E. P. Charlet, vice president and treasurer, respectively of the Tennessee Publishing Company of which Lea was president and through which practically all of the alleged unlawful business transactions were handled.

# CAR-BO-ASH

Car-bo-ash is superior in every way to Hardwood Ashes

Car-bo-ash has 10 times less moisture than ordinary Hardwood Ashes

### THE SYNTHETIC HARDWOOD ASH SUBSTITUTE

CAR-BO-ASH contains about twice as much Calcium Carbonate as the usual run of Hardwood Ashes.

CAR-BO-ASH is uniform in quality and always mechanically perfect.

CAR-BO-ASH is a definite advance in agricultural crop production and is easily replacing wood ashes.

CAR-BO-ASH possesses the correct proportion of Active Lime.

CAR-BO-ASH has the right amount of Soluble Potash.

CAR-BO-ASH contains Secondary Plant Foods in excess of the quantities found in ordinary Hardwood Ashes.

CAR-BO-ASH is free from sand, dirt, charcoal and other commonly found in Hardwood Ashes.

CAR-BO-ASH can be obtained locally from:
