

Communists Gain Gaullists Triumph In France

By ELIAS ANTAB
Associated Press Writer
PARIS (AP)—French voters have given the Gaullists another five years in control of the National Assembly, but have reduced the government coalition's majority to less than 60 seats.

Sunday's returns from 483 of the 490 electoral districts gave the Gaullist coalition 271 seats, the Communist-Socialist alliance 181, the centrist Reform Movement 28 and extreme rightists 3.

The Communist Party won 73 seats, compared with 34 in the last election in 1968, and the Socialists moved up from 87 to 89. The other leftist seats went to splinter parties on the extreme left.

The outcome was much more favorable to the Gaullists than had been expected. President Georges Pompidou was so worried by the strong leftist showing in public opinion polls and the first round of voting last Sunday that he made a last-minute television appeal to the voters Saturday. Pompidou himself was not up for re-election.

The economic achievements of the Gaullists over the past 12 years plus the basic conservatism of many Frenchmen pulled the government through.

But the result was a warning that the left's calls for a better deal for the poor and for more equalization of economic gains had sympathetic echoes throughout the country. It is correct that these elections reflect a will for renewal by a large number of voters, Premier Pierre Messmer admitted.

The Gaullist majority in the assembly took a monumental dive from the 284-seat margin won in the 1968 landslide. But

that occurred after the May student riots scoured the French voters badly. The Gaullists could take some comfort from their new majority's being considerably better than the one-edge they won in the last "normal" elections in 1967.

Significantly, the heaviest losses were suffered by the Union for the Defense of the Republic, the Gaullist party. It fell from 293 seats to 181, making it more dependent on its partners, Finance Minister Valéry

Giscard d'Estaing's Independent Republicans and voters badly. The Gaullists could take some comfort from their new majority's being considerably better than the one-edge they won in the last "normal" elections in 1967.

Congressional Expenses Described In Reports

By WILLIAM F. ARBOGAST
Associated Press Writer
WASHINGTON (AP)—It costs taxpayers an average of \$188,000 a year to keep a representative in Washington and pay for his office staff. Senators come somewhat higher, about \$30,000 each.

Those basic costs include the \$42,500 annual salary of each of the 100 senators and 438 representatives and delegates, plus staff payrolls.

Each House member is allowed about \$185,000 per year to pay up to 10 employees in his Washington and district offices.

A senator's clerical allowance varies according to the size of his state, ranging from \$27,000 to \$86,000 per year, with no ceiling on the amount of employees but a top of the salary of his No. 1 staffer. Currently the top is \$35,000 for the Senate and about \$32,000 for the House.

Not all members use their Fringe benefits which add to the over-all cost of running Congress include:

—Franked, or free, mail for official correspondence. The estimated cost for fiscal year 1973 was \$21.2 million for both branches.

—Stationary allowances of \$4,250 per year per member for the purchase of office supplies

at reduced rates. Not all members use this allowance. Some draw it in cash.

—Telephone and telegraph allowances amounting to the equivalent of 40,000 minutes of long-distance talking or 160,000 words of telegrams for every two years, plus unlimited long-distance calls in evening hours and all day on weekends, or leased government lines for representatives. The long-distance allowance is the same for all members, whether they live in Virginia or California.

—Travel allowances of 18 round trips home per session and 43 for House members and 43 for senators. This is in addition to foreign travel available to most members for official business, and for trips to home states or districts for staffers.

—Members are allowed free office space in federal buildings in their home states or districts, or limited rental allowances and office expenses if free space is not available. Monthly district-office rental for House members may go as high as \$350 in some cases.

Life insurance, health insurance and retirement annuities are available for any member.

Auto-Train Strikes Truck; Driver Killed, 10 Injured

HORTENSE, Ga. (AP)—An auto-passenger train operating between Washington, D.C., and Sanford, Fla., with 325 passengers aboard, was derailed here in dense fog today after a collision with a truck loaded with logs.

The truck driver was killed and about ten persons were injured, sources at the scene reported.

Spokesmen for Seaboard Coast Line Railroad, over whose tracks the train

is operated, said two locomotives and 21 cars were derailed, including 14 cars which were carrying automobiles shipped by the passengers.

The Herald contacted the Sanford office of Auto-Train to gain additional information on the accident but was referred to the company's Washington headquarters.

Ambulances were sent from several

communities near this southeast Georgia town.

Preliminary reports said one of the diesel units and one of the auto-carrying cars caught fire, the railroad said.

The accident happened shortly after 7 a.m., and the train, operated by Auto Train Corp., of Washington, D.C., was ahead of the regularly scheduled Amtrak train, which uses the same tracks.

A warm "welcome home," from a tour of the Holy land, was extended to Rev. Steele, pastor, Friendship Baptist Church, Altamonte Springs by the church secretary, Jenny Jordan. (Ann Riley Photo)

Common Market Nations Banding To Boost Dollar

By CARL HARTMAN
Associated Press Writer
BRUSSELS (AP)—Six of the Common Market nations agreed early today to a joint, partial float against the dollar, maintaining a schedule of exchange rates among each other but ending obligatory purchases of the dollar to support it. The other three member nations—Britain, Ireland and Italy—are already floating their currencies against all others. They said they would join the joint float as soon as economic conditions permitted them to peg their currencies against the other Common Market monies.

U.S. Dollar Dips Today In Trading

LONDON (AP)—The U.S. dollar dipped sharply at the opening of bank-to-bank trading today but recovered strongly in European financial centers in reaction to the revaluing of the West German mark and the decision by six Common Market nations to float their currencies jointly against the dollar.

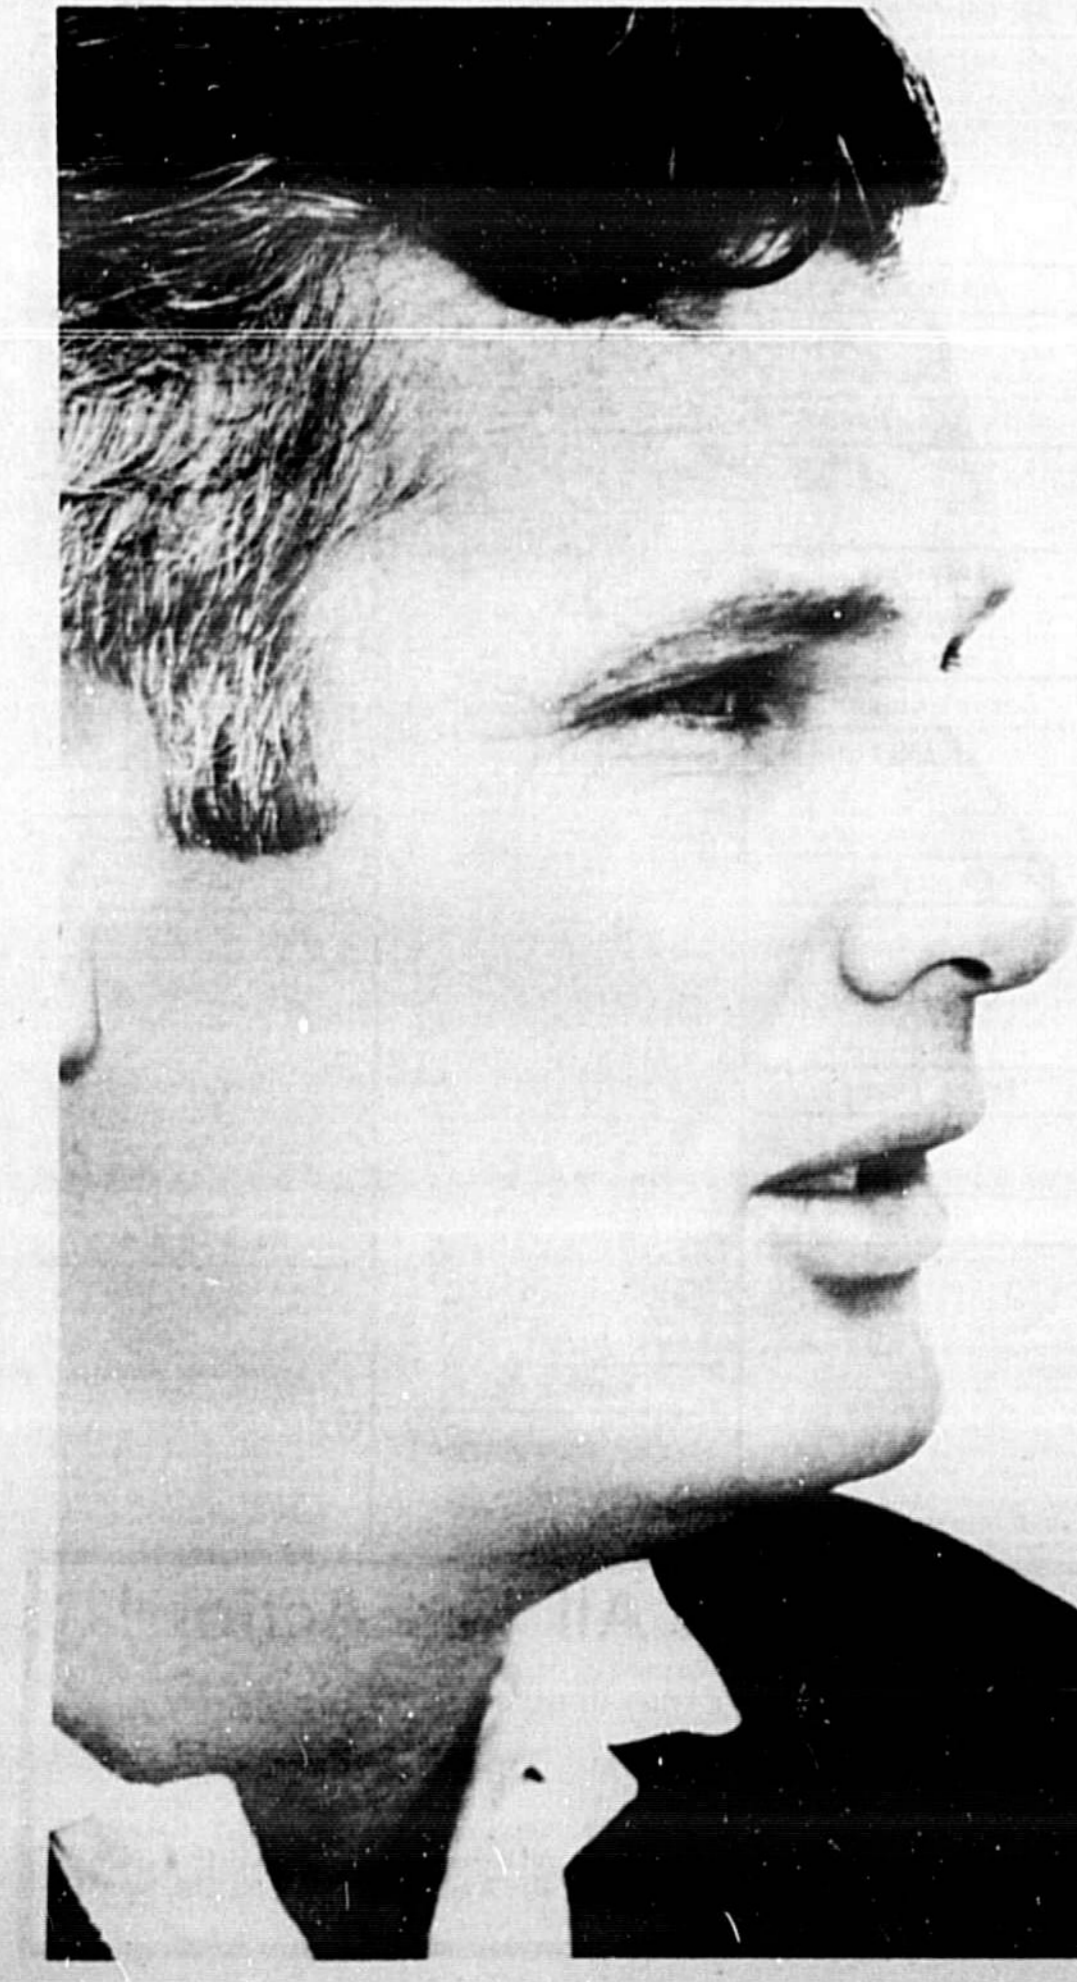

Trading was nervous but fairly brisk. Bankers and money operators appeared to have adopted a wait-and-see attitude.

In Frankfurt, the dollar opened at 2.77 marks, down from Friday's 2.79, then climbed to 2.78.

In London, the pound sterling was up sharply at the opening to 2.48 from Friday's \$2.4725. Then it dwindled to \$2.4625 by midmorning.

Four other nations with strong currency—Switzerland, Sweden, Norway and Austria—reportedly were considering joining the float even though they are not members of the Common Market.

For three of the governments that have divided their foreign exchange markets, the obligation to maintain parities with the other Common Market currencies applies only to the so-called commercial market, which finances officially sanctioned exports, imports and other transactions. These countries are France, Belgium and Luxembourg. All currencies will continue to float on the free tier of their markets.

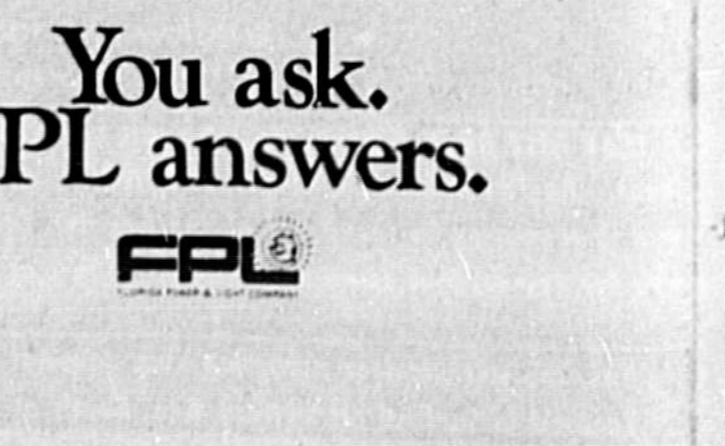

"With all the revenue you get from utility bills, why do you need to borrow money?"

You ask. FPL answers.

Basically because the total income FPL receives from your electric bill payments isn't nearly enough to pay for the necessary investment toward serving you in the future. You probably know that Florida is the fastest-growing major state. So in order to keep up with your ever-increasing need for electric power, FPL must continually expand. New power plants and lines...substations...they all cost money. Lots of it. More than a million dollars a day. So FPL has to borrow. Last year, out of 380 million dollars spent for construction, more than 260 million had to come from sources other than customers' payments for service.

FPL encourages you to ask questions. About electric service. Rates. Environmental protection. Or anything else. We believe you deserve honest, straightforward answers. And we try to answer your most frequently-asked questions publicly. (All others will receive personal replies.) Address your questions to your local FPL Manager.

Knowing what concerns you helps us do our job better.

Sanford Bandshell Gets Facelift Okay

By BOB LLOYD

Sanford's old bandshell pier, North Park Avenue at Seminole Boulevard, will get a \$17,500 facelifting and renovation into an attractive lakeside park. City Commission voted unanimously Monday to do the park as projected two years ago in a five year long range beautification plan.

Commissioners A. McLaughlin and Julian Stenstrom made the motion to do the entire project, complete with palms, shrubs, lighting, irrigation, meandering walkways and remodeled flagpole memorial.

The \$11,000 material cost will be paid from the city's capital improvements fund. The \$6,500 labor will be done by city crews. No starting date has been set for the work.

Commissioners took the action after the Sanford Women's Club and 15 other local groups and clubs asked the beautification plans be activated. The club and groups represent over 5,000 citizens.

Commissioner Gordon Meyer said he wants beautification of six median islands in West First Street at Persimmon Avenue as a future beautification project. City Manager Warren Knowles said total material costs are estimated at \$4,620 plus labor and equipment.

'Dead, Old' POWs Due Home Friday

SAIGON (AP)—The Viet Cong announced tonight that an American war prisoner held longer than any other U.S. soldier in history is among those being released Friday.

Also among the 32 prisoners being turned over at Hanoi's Gia Lam Airport is the highest-ranking U.S. civilian official captured by the Communists.

A young Marine supposedly killed in Vietnam and buried by his family four years ago but

who later turned up alive also is coming out.

The longest held American captive is Maj. Floyd Thompson, now 39. He was captured March 26, 1964, in Quang Tri Province just below the demilitarized zone, where he was serving as a U.S. adviser with South Vietnamese forces.

Thompson was then a captain. When released Friday, he will have spent 3,277 days as a prisoner of war, five months longer than Navy Lt. Cmdr. Everett Alvarez, the first pilot shot down over North Vietnam.

Manhard's wife and three children live at McLean, Va. Also returning home will be Pfc. Ronald L. Ridgeway, who the Communists said was captured Feb. 25, 1968, near a U.S. outpost at Khe Sanh.

What was believed to be the remains of Ridgeway and other members of his patrol caught in a North Vietnamese ambush were recovered, returned to the United States and buried four years ago.

Ridgeway's mother is Mildred A. Ridgeway of Houston, Tex.

The list includes Sgt. Michael Patrick Hoang, a Marine from Ky., whom Radio Hanoi frequently identified as a deserter.

Sanford Mayor Lee Moore says Herald Staffer Bob Lloyd's 32 month and eight day beard with tin snips in shaving ceremony today on restored docks in Sanford Marina west basin.

Lloyd in midst of half hour shaving of beard grown in quiet protest of infamous sunken docks. It took scissors, tin snips, two razors and four blades "to take it all off." Prior to shaving Circuit Judge Dominick Sali signed final judgment in litigation that resulted in docks' restoration.

City Manager Warren Knowles said the building bids opened Monday were "way overpriced."

"I'm startled, disturbed and disgusted," he said.

Gutman, Dragash and Matz Architects Inc. were instructed by commissioners to get an itemized breakdown on the apparent low bid on the police building and jail so the bid tabulation can be better evaluated at a city commission work session next Monday at 4 p.m.

City commissioners have discussed moving the complex site to Sanford Airport near the Airport Boulevard gate—a site recently offered for a state police academy.

Commissioner Gordon Meyer

Weather

Yesterday's high 88 low this morning 65. Fair and continued warm through Wednesday. Highs in mid to upper 80s and lows in mid to upper 60s.

Extended outlook Thursday through Saturday. Warm Thursday with highs in 80s and chance of rain. Fair to partly cloudy Friday and Saturday and a little cooler.

FOUR DEPARTMENTS FIGHT ALTAMONTE FIRE

Firemen from Altamonte Springs, Casselberry, Longwood and Fern Park battled a blaze that destroyed the old Grove Hotel, corner of North and Marker Streets, Monday night. According to authorities, the building was vacant after having been condemned by the State Board of Health over a year ago. Det. Oscar Redden is investigating and said arson is suspected in the blaze.

Police Building Decision Soon

Warren Knowles says bids are overpriced. "I'm startled, disturbed and disgusted," he said.

By BOB LLOYD

Sanford city commissioners are expected to decide within 30 days on constructing a new police headquarters-security complex or a police administration building only and contracting with Seminole County to house city prisoners.

"We don't have a site now and we must act within 30 days or we'll have no contract and no jail," warned Sanford Mayor Lee P. Moore after bids on the new police headquarters-security complex ranged from \$70,000 to \$292,294 Monday.

Architect John Dragash said once a city jail site is selected and prepared it will take a year to construct the proposed new city facility.

Knowles reminded commissioners he has already presented cost figures on detaining city prisoners in county jail.

"Any overload of our present facility can be handled now by the sheriff," he said, noting Poik has agreements with adjoining counties for farming out overflow county prisoners.

Knowles said he'll meet as soon as possible with the city's fiscal agent to see "how much further we can push our borrowing capacity on the electric power franchise."

Earlier, the commission authorized \$700,000 in revenue certificates to finance the new police headquarters-security complex. Knowles said with spiraling costs the project could now cost \$1 million.

NEWS DIGEST

PRESIDENT NIXON envisions America as a nation where people do more for themselves and the government does less. The vision he intends to pursue in his second term is now being translated into domestic legislative proposals and executive actions.

THE VIET CONG delays its release of 32 American prisoners of war until Friday but delivers the names of the 25 military personnel and seven civilians to be freed.

DESPITE PRESIDENT NIXON'S OBJECTIONS, the Senate Judiciary Committee is expected today to invite White House counsel John W. Dean III to testify about his role during the FBI investigation of the Watergate case.

ARGENTINA'S military government declares Peronist Hector J. Campor the winner of the presidential election even though it is still a little short of the required majority.

THREE MEN who were advisers to President John F. Kennedy have disputed the government's contention that Daniel Ellsberg and Anthony Russo endangered their country by stealing the secret Pentagon papers.

FOUR NEIGHBORS in Fort Walton Beach find out their husbands will be on the next POW plane out of Hanoi. "I thought this day would never come," said one Air Force wife who has been waiting since January 1968.

FLORIDA must take the lead and look to its sunshine for the ultimate solution to the nation's energy crisis, House Speaker Terrell Sessums says.

OVERHEARD... after Bob Lloyd came back to the office sans whiskers:

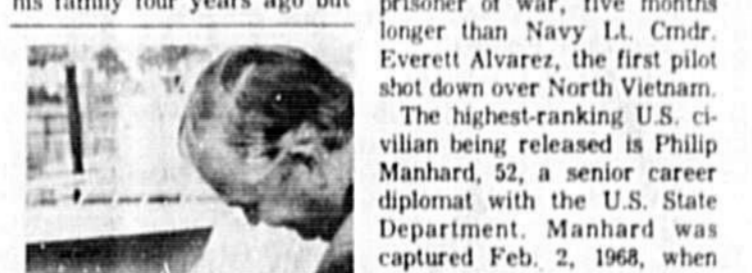

Bill Vincent — "Gee what a shame. All that good hair being cut off and I can't get any to grow on top."

Gary Taylor — "Why don'tcha raise another one... this time to see how long it'll be before they actually move the Sanford Zoo."

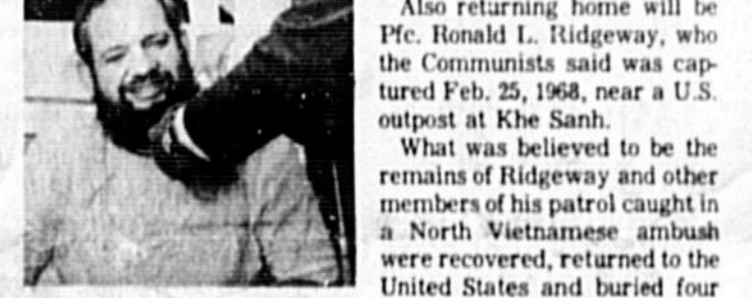

Charles Rockwell (owner of marina) — "Please convey my best to Bob Lloyd who has perhaps suffered more than most because of the infirmitude of a dock. Advise him we will gladly supply syptic pencils and band-aids."

And finally from Bob Lloyd — "There's nothing like shaving with cold water." (I think he's lost his marbles in addition to the whiskers, if you ask me...)

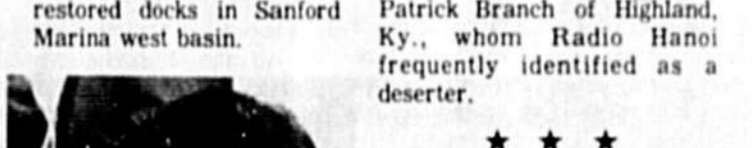

Complete with "battle scars" Lloyd discovers double chin survived the three years very well underneath the beard. Second discovery was people on the street didn't recognize him. (Related photo on page 2A.)

MERLE NORMAN COSMETIC STUDIO

116 Park Ph. 323-2631 Downtown Sanford

WITH THE help of LAKEVIEW NURSING CENTER staffers Mrs. Joan Dresser, and Mrs. Nettie Miller, the new Whirlpool Bath is prepared for guest Rose Mae Mudd.

Lakeview Nursing A Friend To You When Necessary

Do you know someone who needs specialized attention or treatment for their health? Perhaps someone in your family, or a friend. If your answer to the question is yes, then Sanford's Lakeview Nursing Center, 919 East Second Street, is the place you need to call. According to Mrs. Virginia Michalowski, R.N. and administrator of Lakeview, they provide 24-hour nursing care for private patients, V.A. Medicaid and outpatient therapy. To insure everyone receives the attention they need here with us. They gain valuable experience and several have worked for us later after graduation.

New at Lakeview, Mrs. Michalowski said, is a whirlpool bath, which has a hydraulic operated seat. "This, she said, makes it easy for the patient to enter the bath, and only requires one staff member to operate. It is the only one in the Sanford area.

The grounds at Lakeview are beautifully landscaped and the decor inside is so pleasant. Mrs. Michalowski said, "We feel if you have to stay inside or if you are required to stay here for special care, our clean and modern facility is a major plus. "Nothing can help a patient recover faster or enjoy living more," she said, "than the best surroundings and the best professional care." The grounds here are very attractive. The buildings are fronted by a strikingly manicured lawn and rock garden. Many of the guests are available at Lakeview Nursing Center, why not go down and investigate for yourself. You will be impressed.

'Vivian' Has The Answers

BY ANN SIECZKOWSKI

There is a new beauty business in town, gals. It is the Vivian Woodard Studio, operated by Mrs. Kelly Hamrick, only recently from another V-W Studio in Winston Salem, N.C.

According to Mrs. Hamrick true, flawless beauty is very rare, but fortunately, the skillful and artful use of good cosmetics can liberally transform even the plainest woman into a really attractive gal.

There is, of course, no charge for the instructions in the use of their line of cosmetics. And, of course, you know that they only use the very highest quality of materials in their product.

Due to the gratifying success of Viviane Woodard Cosmetics in this area, Mrs. Hamrick is in need of several women who would like to become Viviane Woodard consultants.

She says, "If you are fashion-conscious, if you are interested in beauty, if you want to make money building something of your very own, and if you like the idea of staying young and looking young, then gals, make something happen in your life now."

"A few realize that happiness is right now and they really make something wonderful happen."

Mrs. Hamrick says that you too can begin a wonderful happening in your own life by calling at her studio at 1205 Park Avenue and discussing this lovely new venture in beauty. Call 323-3730 today and let Kelly Hamrick show you how to enrich your life and those of a lot of old and new friends by introducing them to the wonderful world of Viviane Woodard.

Business Expenses Steadily Climbing

Most business expenses are climbing, but employment compensation taxes are going down this year.

The Florida Department of Commerce (FDC), which administers the tax, said 26,712 Florida employers will pay the minimum tax rate of .01 per cent, or 10 cents per \$1,000 of payroll.

As of Jan. 1, 128,573 employers had accounts with the FDC Bureau of Unemployment Compensation. Of these, 53,456 have adjusted rates.

first \$4,300 paid to each employee in a year, the FDC said.

A new employer pays an initial rate of one per cent, or \$10 per \$1,000 of payroll. After three and one-half years, his rate is adjusted, based on the company's record of unemployment and payment of taxes.

As of Jan. 1, 128,573 employers had accounts with the FDC Bureau of Unemployment Compensation. Of these, 53,456 have adjusted rates.

Gas Stations Ordered To Post Quality List

BY TOM RAUM
Associated Press Writer
TALLAHASSEE, Fla. (AP)—Agriculture Commissioner Doyle Conner today ordered all service stations in Florida to post gasoline quality numbers on their pumps starting July 1 to help motorists match fuel to their cars' needs.

Numbers from one to six— from lowest quality to super premium—will be posted in doughnut shaped decals on each Florida's estimated 65,000 gasoline pumps, Conner said.

He said information on lead content would also be posted in the rim of the symbol.

The system has been used in Hawaii since early 1972 but Florida will be the first state in the continental United States to try such an approach, said the official.

"The secret of the whole thing is uniformity," Conner told a news conference.

He said motorists are now confused by designations such as high-test, regular, super-regular, and super-premium on various gas tanks. Some 1,000 different brands of gasoline are now being sold in Florida, he said.

The proposal has been opposed vigorously by a number of major oil companies and the Federal Trade Commission, which has its own proposal for brand standardization which is now tied up in the courts.

But Conner said, "We have no intention to interfere with private brands in any way." He said oil companies can keep their brand names on their pumps, as long as they also post the rating symbols.

He made the statement at the opening day of court-ordered EPA hearings on the proposed regulations.

EPA administrator William E. Ruckelshaus, who earlier denied the automakers' request for an extension, cited the foul air in many urban communities as reason for imposing stringent restrictions on auto exhausts.

Emission Control Not Met

WASHINGTON (AP)—General Motors, the world's largest manufacturer of automobiles, told the Environmental Protection Agency today it will not be able to meet the agency's 1973 standards for reducing auto emission pollution.

EPA administrator William E. Ruckelshaus, GM's vice president for environmental affairs, urged EPA to delay enactment of the standards for one year, a request expected to be reiterated by Ford, Chrysler and other domestic and foreign automakers.

"GM cannot comply with the requirement proposed for 1973," Starkman said.

He made the statement at the opening day of court-ordered EPA hearings on the proposed regulations.

EPA administrator William E. Ruckelshaus, who earlier denied the automakers' request for an extension, cited the foul air in many urban communities as reason for imposing stringent restrictions on auto exhausts.

HYPNOSIS - FACT OR FICTION?

THE MEDICAL PROFESSION DOES NOT BELIEVE IN, OR RECOMMEND THE USE OF HYPNOSIS

FICTION -
The American Medical Assn., "officially" recognized hypnosis in 1950, as a valid tool of medicine, particularly in the field of psychosomatic illness (having no organic origin). Such illness may manifest themselves in the form of Migraine, Phobias, nervous tension, Irritable Bowel, Sleep problems, such as insomnia or frequent waking, Lack of personal motivation, Specific phobias or fears, Overweight, Excessive smoking, Poor concentration, Restlessness or restlessness, or a maladjustment, Hypnosis, in many cases, can control, relieve, or eliminate such problems.

Dear Abby

This warhorse can't leave the battlefield

By Abigail Van Buren
© 1973 by Charlene Tilton, N.Y. News Synd. Inc.

DEAR ABBY: I have a boss who is more than ready for retirement. Nobody knows how old he is, but he's been with this company for nearly 40 years.

DEAR ABBY: I have a boss who is more than ready for retirement. Nobody knows how old he is, but he's been with this company for nearly 40 years. About four months ago he announced that he would retire on a certain date. He kept saying, "Well, 120 days we leave, 110 days, 90 days, etc."

DEAR ABBY: Over a year ago I had some serious emotional problems, and because of my bad behavior my wife left me. Then I did something right for a change. I went to a psychologist. She saw me three times a week, which helped me tremendously. Now I am seeing her only once a week. My psychologist is a single woman, about 40 years old. She is a very understanding person. My problem now is that I am stuck on her!

DEAR ABBY: I play piano in a piano bar club. Many customers request special songs, and to show their appreciation they offer to buy me a drink. I don't drink on the job, so I simply say, "No thanks, I never drink while I'm working." They smile and that's the end of it.

DEAR ABBY: I play piano in a piano bar club. Many customers request special songs, and to show their appreciation they offer to buy me a drink. I don't drink on the job, so I simply say, "No thanks, I never drink while I'm working."

Raider Late Surge Fails, Valencia's Does Not, 3-2

By J. RICHARDS
Herald Sports Writer

Valencia third baseman Jim Crutcher pulled out two saves in the late innings and the Raiders were unable to score in the ninth with the bases loaded and no outs, as the Matadors maddened SJC from the Division underdog ranks, 3-2.

Engaged in a pitching duel under the hot sun, Raider moundman Sam Swanger and Valencia southpaw Charles Wainwright battled for six innings until the two rival schools began adding some heat of their own to the game.

The Raiders managed two runs in the seventh and eighth frames with Crutcher cutting off SJC rally efforts with brilliant glove work before the bases ganged up on Swanger and reliever Mike Kelley in the top of the ninth for three runs on a walk, double, single, error and a squeeze bunt to take the win.

Seminole lost its come-from-behind bid in the final inning after Jim Joiner, Mel Gattis and Jay Lasker loaded the bases on a single and two hits before the top of the Raider batting order was retired by Wise, who went the distance for the win.

The Raiders, who have entered their second week of inability to get the necessary hits and runs to stay out ahead of their opposition, left 12 men stranded, many of them late in the SJC victory bid, while Valencia failed to capitalize on just five runners.

In the seventh frame, Terry Jones pushed across the bases and Kevin Stephenson was hit in the shoulder taking second on a double-play catch of a Stephenson shot over the sack.

Today, the Raiders visit Division II foe Daytona Beach Community College, the most improved team in the tightly hunched conference, according to Coach Jay Bergman.

Seminole, now with a 1-1 conference record falls below Valencia with a 4-2 loop mark.

OUT IS THE CALL forthcoming from Umpire Bob Downs in Monday's early college game between Seminole and Valencia. Seminole's Kevin Stephenson is in the process of sliding while Valencia's Bill Leonardo is about to apply the tag. Play caused a little controversy in eighth inning and the run was missed by the Raiders who lost 3-2 decision. (J. Richards Photo)

Saints Prevail, 13-3 Ficquette Tosses One-Hitter

By J. RICHARDS
Herald Sports Writer

Trinity Prep's Bobby Ficquette recorded his second win of the young baseball season Monday, hurling a one-hitter at Lake Brantley as the Saints clobbered the Patriots 13-3, on the 15 hit attack of Trinity lumberjacks.

Ficquette, who led the Saints to one of their consecutive District Class A Championships last year, was in fine form against the Pats, polishing off 13 Brantley batters who either went down fanning or watching.

The relatively young Saints, filled the outfield with hits, as five prepsters collected two or more hits in the game. Freshman John Kerbs went three for four and Sophomore Steve Hatter, who holds down the leadoff spot, went three for five to lead the Saints victory march.

Lawrence Cleveland, Trinity's "Mr. Everything" dropped in an "inside the park" homer in the second inning with one man on, while Ficquette, Winston Dubose, and "How" Brown added doubles to the winning cause.

Keith Bebout, who recorded the only Brantley hit of the game, came back before the fourth inning, two-run double for the Patriots.

Dubose, Freshman Brown, and Sophomore Billy Maddox each added two hits for the Trinity triumph, with the youngest man on the team, Brown, having a perfect day in two appearances at the plate.

The Saints opened up with one run on one hit in the first while Ficquette retired the side.

In the second frame, however, the Saints became devils at the plate, knocking in five runs on four hits and they continued their attack into the third stanza with two more runs.

The Prepsters came back with their two runs off Bebout's double in the fourth, but Trinity added another in the bottom half of the same inning, for a commanding 8-2 lead. The Saints then went on to add a pair of runs in the fifth and final innings, while allowing the Pats just one more run in the top of the sixth.

The Saints, still undefeated in diamond play, had Tampa Temple Heights Friday at the South Seminole County school's home field at 3:30.

In other local action, the Middle schools staged a comeback bid, falling four runs short of Lake Highland Prep, 6-4 as the Middies fell to 1-3 for the year.

In the Lake Highland-Navy battle, a seven-run third inning Scotsman output earned a hard-earned SNA 3-1 lead, and the Middies never recovered from that burst. The win put the Highlanders at 1-4 for the year.

While the Middies were able to punch out seven hits to Lake Highland's eight, most of the Orlando shots came in the fateful fourth. Kenneth Ravenel rifled a two-run triple to cap the game that was called at the end of five innings.

Big Names Missing From JuCo Tourney

By J. RICHARDS
Herald Sports Writer

Number three ranked Vincennes Junior College, the defending national JuCo champ, did make it to the tourney and will be seeding action at 2 p.m. (central time) today against McLennan CC (28-4) of Waco, Texas.

The fourth ranked Coppeland JC of Wesson, Mississippi failed to make it to the regional finals. Fifth ranked College of Southern Idaho did earn a tourney berth and battled tough Mercer (26-3), the ninth ranked quint in a 2 p.m. tilt today.

Hutchinson CJC, which shared the sixth spot in the NJCAA poll made the hometown folks quite happy with their Region 6 triumph and they are pitted against Burlington (19-4) in the 3 p.m. game tomorrow. Burlington has the fewest wins (19) of any team in the tourney.

The JuCo's entry in the tourney, Brevard Community College, plays the final first round game of the tourney, meeting North Greenville, 8, C tomorrow at 2:45 p.m. (Brevard and JuCo fans can tune in the game which will be aired by WKCF-TV as well as games on the TV screen.)

The Titans along with the

BIG EIGHT championship basketball trophy is accepted by Winter Haven head coach Jack Desdrick, right in presentation from Jack E. Surrette, Mainland High principal and president of the Big Eight. Desdrick took home an even bigger trophy last Saturday when his Blue Devils captured the State Class AAAA title. (Gary Taylor Photo)

Frankie Frisch Will Be Missed

WILMINGTON, Del. (AP)—"These are the nicest people in world," Frankie Frisch was telling visitors last week as he began sitting up in his hospital bed. "But I'm lonely and when you're at home you feel better."

The rascally 74-year-old Baseball Hall of Famer died of cardiac arrest at Wilmington Medical Center after fighting a losing battle with injuries he suffered in an automobile accident Feb. 5.

He was on his way home from Florida to Quonsetpoint, R.I., when the accident occurred.

"I took one heck of a kick in the pants," the former manager of the St. Louis Cardinals' Gas House Gang of the 1930s said of the crash. It left him with a cranial hemorrhage and fractured back, rib and facial bones. He had suffered from a heart condition for years.

Baseball Commissioner Bowie Kuhn, in Mexico when news came of Frisch's death,

IMPORTANT meeting comes up on the Seminole Junior College golf schedule this week as the Raiders take on nationally rated Pook Junior College in a match at Mayfair Country Club Thursday. The 1973 team is shown here.

ARTFUL DODGER

WALL ALSTON, OF THE LOS ANGELES DODGERS, PREPARING FOR HIS 20TH CONSECUTIVE SEASON AS AN RB. ONLY 2 MEN IN BASEBALL HISTORY TOPPED THAT SCORE.

Oliva, 'Killer' Key To Twins' 1973 Success

By ALAN MAVER
Associated Press Sports Writer

LOS ANGELES (AP) — For the fifth time, UCLA has been voted the No. 1 college basketball team in the land in the Associated Press' final poll and for the fifth time John Wooden says, that is, "It's very pleasing, but you know the real national championship will be decided on the court."

Wooden says polls are more meaningful in football, where teams don't usually play each other. But his Bruins begin quest for their first NCAA title this Thursday in the Far Western Regional tourney.

Wooden admitted that this was "perhaps a more difficult season on me, maybe a little more trying because the streak was involved. We put more pressure on ourselves — to avoid complacency."

Wooden said going through a regular season unbeaten is a tough task but he said going through the Pacific-8 campaign unbeaten eight different times is an equally rewarding accomplishment to play hard and on the road.

He said that now, with the regular season over, "teams aren't going to be on a crusade to beat us. In the regular season, if someone had beaten us, they'd have celebrated as if they'd won the national championship. But it's a warden death for everybody now."

Everybody, that is, except North Carolina State, the nation's No. 3 team, which is ineligible for postseason play because of recruiting violations.

The Bruins, 26-0, weren't unanimous choice this year. Of the 23 voters, 20 went for the Bruins as the top team, and UCLA polled 633 votes by getting the other four votes for second place.

Unbeaten North Carolina State, 27-0, got three first place votes and 578 points with Long Beach State third, Providence fourth, Marquette fifth and Indiana sixth.

Southwest Louisiana's Ragin' Cajuns received the only other first-place vote, jumping from 14th place to seventh.

Maryland was eighth followed by Kansas State and Minnesota.

The Top Twenty, with first-place votes in parentheses, season records and total points. Points tabulated on basis of 20-18-14-13-10 etc.: 1. UCLA (23) 26-0 633
2. N. Caro. St. (3) 27-0 578
3. Long Beach St. 25-2 477
4. Providence 25-2 409
5. Marquette 24-1 294
6. Indiana 19-4 288
7. SW La. (1) 23-2 212
8. Maryland 23-0 200
9. Kansas St. 22-4 197
10. Minnesota 20-4 179
11. N. Carolina 20-7 130

Bruins Claim 5th Title Four 'Dissenters' In Final Cage Poll

By DAN BERGER
Associated Press Sports Writer

LOS ANGELES (AP) — For the fifth time, UCLA has been voted the No. 1 college basketball team in the land in the Associated Press' final poll and for the fifth time John Wooden says, that is, "It's very pleasing, but you know the real national championship will be decided on the court."

Wooden says polls are more meaningful in football, where teams don't usually play each other. But his Bruins begin quest for their first NCAA title this Thursday in the Far Western Regional tourney.

Wooden admitted that this was "perhaps a more difficult season on me, maybe a little more trying because the streak was involved. We put more pressure on ourselves — to avoid complacency."

Wooden said going through a regular season unbeaten is a tough task but he said going through the Pacific-8 campaign unbeaten eight different times is an equally rewarding accomplishment to play hard and on the road.

He said that now, with the regular season over, "teams aren't going to be on a crusade to beat us. In the regular season, if someone had beaten us, they'd have celebrated as if they'd won the national championship. But it's a warden death for everybody now."

Everybody, that is, except North Carolina State, the nation's No. 3 team, which is ineligible for postseason play because of recruiting violations.

Normally Wacky That Is Everything Normal In Training Camps

By HERSCHEL MISSION
Associated Press Sports Writer

Everything seems to be normal in baseball's spring training camps — normally wacky, that is.

The Boston Red Sox tried to sneak in a designated hitter for their exhibition game against Philadelphia but back out when the Phillies, under orders from National League headquarters, protested.

Item: Veteran superstar Frank Robinson of the California Angels broke a toe while climbing into the radio-television booth and will be out for at least three weeks.

Item: Manager Leo Durocher called the Houston Astros out of a scheduled briefing with a baseball negotiator Marvin Miller when the meeting interfered with batting practice.

When Boston Manager Eddie Kasko took his lineup card to the plate for Monday's game with the Phillies, the name of Orlando Cepeda appeared in the sixth batting position as the designated hitter.

U.S. U.S. said Philadelphia's Danny Ozark, citing a recent National League pact against the use of a designated hitter in interleague exhibition games.

With 2,000 fans looking on at the Red Sox Winter Haven, Fla., park, Kasko put up a brief battle and then scratched Cepeda from the batting order.

Asked why he couldn't insist on using the designated hitter and letting the Phillies pull out of the game if they wanted, Kasko said: "If I had permitted, I just might go ahead and do that. However, you can't very well do it here with 2,000 fans in the stands. It's the principle of the thing. The fans come to a game and it's up to us to give them one."

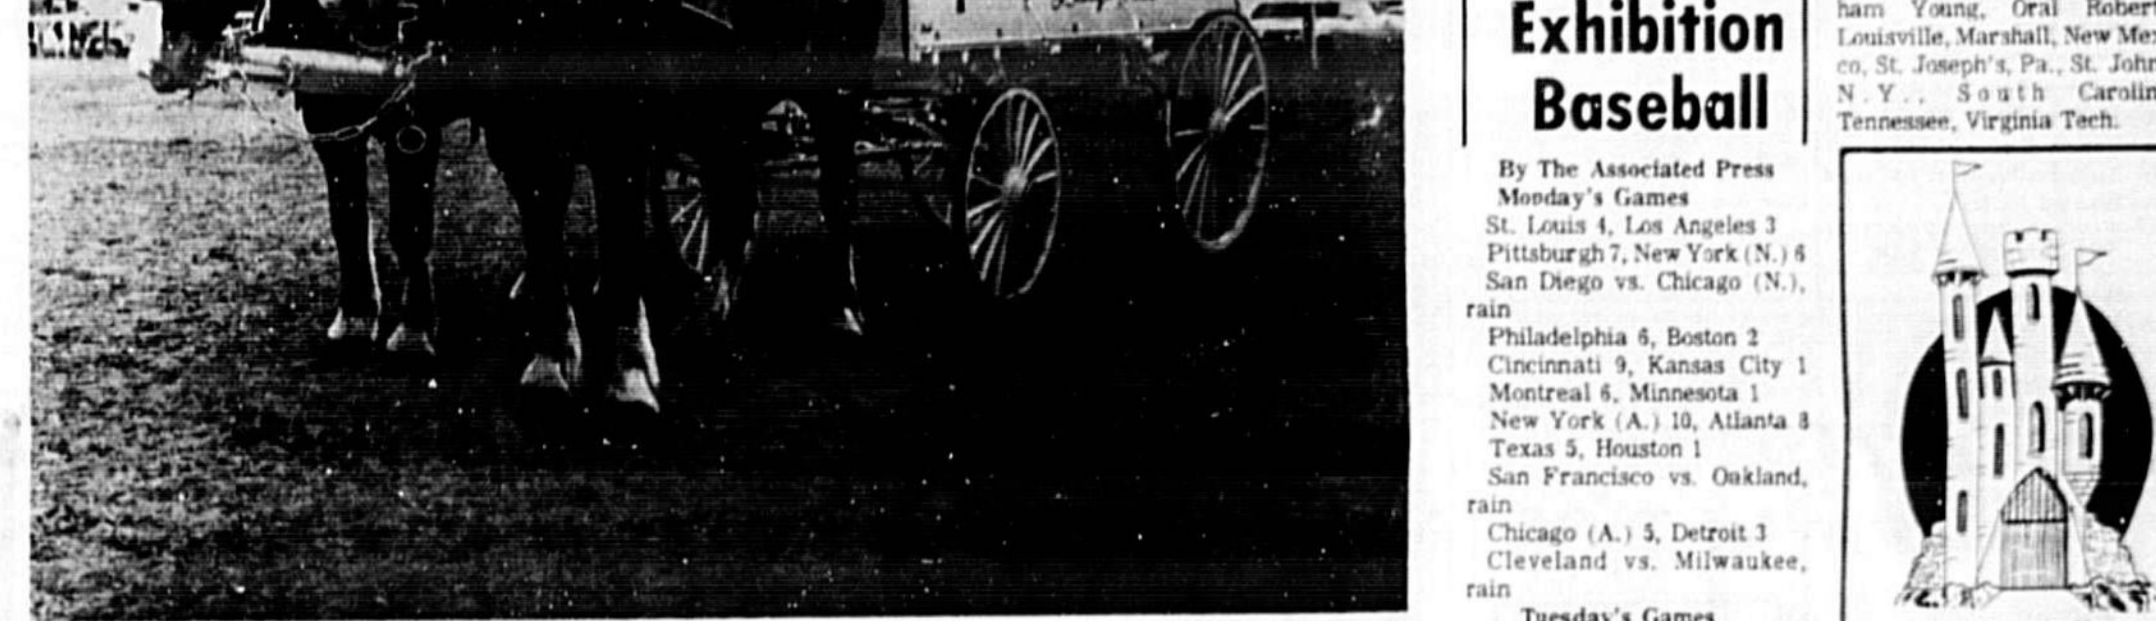

As it turned out, it was the Phillies who gave them a show. Nonstarter rookie Mike Rogozinski wallpopped a two-run homer and Derron Johnson and Mike Anderson also drove in two runs apiece as the Red Sox bowed out.

Meanwhile, Robinson, who was scheduled to make his exhibition debut Tuesday, fractured the fourth toe on his left foot in a freak mishap. A California spokesman said he apparently knocked his foot against a railing while climbing a ladder into the broadcasting booth at the Angels' training field at Palm Springs, Calif.

Back in Florida, an angry Miller countered Durocher's action by saying the players would not ratify their recent agreement with the owners until this matter is cleared up.

Members of the Astros and Texas Rangers gathered in center-plate in parentheses, season records and total points. Points tabulated on basis of 20-18-14-13-10 etc.: 1. UCLA (23) 26-0 633
2. N. Caro. St. (3) 27-0 578

Women's Lib' Set For Gatornationals

GAINESVILLE — Two of drag racing's most prominent female stars have added their names to the premium field of entries for the National Hot Rod Association's 4th annual Gatornationals at Gainesville Dragway March 16-18.

July Lily of Golden, Colo., and Paula Murphy of Granada Hills, Calif., were among the latest entries announced by NHRA officials this week for the \$187,000 classic which will feature Gatornationals titles in six separate categories.

Miss Lily, whose real name is Mrs. Dennis Maurer, is one of only three women racers ever to win a major drag racing title. She captured the coveted Super Stock crown at the 1972 NHRA Winter Nationals and also was the Super Stock champion of her home division in Colorado.

A petite brunette standing barely five feet, the attractive housewife and mother of two will pilot a 1968 Plymouth Barracuda in her first Gatornationals appearance and is classed among the favorites against such male challengers as Dave Beertman, Ron Mancini and Florida's own Rusty Gilly of St. Petersburg.

Miss Murphy is an attractive divorcee and mother of a teenage son. She will be competing in the faster, more spectacular funny car category, driving a 1973 Plymouth Duster powered by a 1600-horsepower supercharged engine. The car is capable of covering the quarter-mile in six seconds, at speeds of over 220 mph. Paula has already proved her capabilities of handling such speed and power, since she holds a string of land speed records for women, including the closed course mark of more than 170 mph set at Talladega, Ala.

Like her female counterpart, Paula will be competing in the Gatornationals for the first time this year and will be pitted against a strong line of male challengers including champion Ed McCulloch, newly-crowned Winter Nationals champion Don Schumacher, California favorite Pat Foster and Blue Max pilot Richard Tharpe, a popular favorite with Gainesville regulars.

This year's Gatornationals field numbers nearly 600, reflecting an increase of some 200 cars over previous years. Among top favorites already entered are defending Top Fuel champion Don Garlits, three-time National Champion Bud Prudhomme, Tom McEwen and world champion Jim Walther.

Action at the super-quick Gainesville Dragway is slated to get underway Friday March 16, at 12 noon with the first of two qualifying days to set the final fields for the March 18 finals.

Deltona Sets 'Shuffle' Date

BY FANNETTE EDWARDS
In Inter-City Tournaments of Volusia County, he found that as of to date, the Club members had won 241 games out of 300 played. The following teams won in play-offs: Edna and Bill Martin; Jack Levinson and Ken Vinson; Clay and Joe Poitier; Tippy Schultz and Nat Goodman; Terrence Morrison and Ed Donald; and Terrence Morrison and Dorothy Drew.

The March meeting of the Deltona Shuffleboard Club, President Herbert Hubchann announced plans are in progress for the Annual Trophy Dinner to be held next month, date to be announced as soon as the Hall is available.

Tournament Director Les Scott, reported that in reviewing the Club's activities

Mrs. Frank Lombardo, President Harry Bower announced the winners of the February Shuffle Derby, as Jessie Guay for a three pounder and Harry Bower for his three pound, 11 ounce catch.

Other announcements made for coming events, included: Club Picnic at Blue Springs Park, Mar. 18; Monthly Trap Shoot at Lake Gleason on Mar. 17 at 10 a.m.; April 14, Annual Easter Shoot, at Lake Gleason on 10 a.m.

On April 23, the Club will hold the Spring Dance at the Community Center, with 87 members and guests present. New members accepted were: Arnold Vann, Denis Berger, Mr. and Mrs. Kress and Mr. and Mrs. Frank Lombardo.

Sun Energy Called Answer

By KEN GEPFERT
Associated Press Writer
TALLAHASSEE, Fla. (AP)—Florida must take the lead and look to its sunshine for the ultimate solution to the nation's energy crisis, House Speaker Terrell Sessums says.

Whiz Girl: Shorten College

ORLANDO, Fla. (AP)—Kathy Frink, who completed a four-year college education with more than a year to spare, has endorsed the idea of a proposed three-year degree program in state universities.

Overbooking Gripes End

TALLAHASSEE, Fla. (AP)—Complaints about overbooking by hotels and motels ended abruptly after a new state law went into effect in January, says the head of the State Hotels and Restaurants Division.

Letters To The Editor Seminole 'Curious'

Editor, Herald: Dear Alice, as you told me about your visit to Wonderland, that things got curiously and curiously. Well, Alice, things are no less curious here in Seminole Co. where we are being told that come next Tuesday we can vote 4 mills taxes and it won't cost us any more taxes.

Herald Thanked

The Career Awareness Program presented at the fifth grade students of Iydlwilde March 7, 1973, by Mr. David Bryant and Mr. Bill Vincent of The Sanford Herald staff was outstanding and greatly appreciated by our students.

Our Pleasure

Editor, Herald: The fifth grade students of Iydlwilde School would like to send their appreciation to you (Dave Bryant) for giving us your time.

The Herald Will

I just wanted to congratulate you on the back page of Section B of Thursday's Herald — THOU SHALT NOT STEAL. The message is a most pertinent one and since I have had an auto stolen, it is certainly timely, in my opinion.

Spolski Right

Editor, Herald: I for one agree with Mr. Spolski on the subject of being opposed to more school taxes, when I see so much wasteful money in the transportation of school children.

At Your Service

Editor, Herald: The fifth grade students at Iydlwilde would like to say thank Mr. Vincent for taking time to speak with us. His job was an interesting one to hear about. Thank you again.

'Lady Luck' Was Riding With Auto-Train During Fiery Collision And Derailement

By F. T. MACFEELEY
Associated Press Writer

HORTENSE, Ga. (AP)—Luck rode an auto-train that piled up like an accordion in a fiery crash with a log truck Tuesday in the center of this Southeast Georgia community.

All 318 passengers and crew members escaped death. Only four were hurt seriously enough to be admitted to area hospitals.

The truck driver, Raymond Charles Wilson, 29, of Hazlehurst, Ga., died in the wreckage.

"The engine crew was very fortunate," said Henry Pigge, assistant superintendent of the Waycross Division of Seaboard Coast Line railroad. "The lead locomotive went off the tracks and sat down right side up. They weren't even scratched."

The second diesel unit, which was unmaneuvered, broke into flames that spread to the first 14 cars carrying 108 autos belonging to passengers.

All of the auto carrying cars twisted into a grotesque pattern crosswise of the SCL track. Some autos spilled into swampy ditches and adjoining swamps.

One of the train's domed coaches, a buffet, turned on its side. Auto-train hostess Ursula Schneider of Arlington, Va., said "it rolled over like in slow motion."

"You couldn't believe those old people climbing over refrigerators, cabinets and windows to get out the end of the car," said Sherry Grillo of Arlington, another hostess on the train that shuttles motorists and their machines 360 miles from Washington, D.C. to Sanford, Fla.

Floridian Train To Conclude

WASHINGTON (AP)—A Federal Railroad Administration report to the Congress is expected to recommend elimination of the Chicago-Miami Floridian train, informed sources said Tuesday.

The dropping of the Floridian is among cutbacks proposed for the National Railroad Passenger Corp. to be made public Thursday or Friday, sources said.

During the first 11 months of last year, the most recent period for which statistics are available, Amtrak's Chicago-Miami Floridian lost \$1 million on revenues of \$2.3 million.

The train lost almost \$1.3 million southbound and \$2 million northbound.

Elimination of the train would deprive cities such as Nashville, Tenn., Louisville, Ky., and Birmingham and Montgomery, Ala., of Amtrak service. It would also require travelers from Chicago to go through Richmond, Va., to reach Florida.

Keeping Busy
IT'S BUSINESS as usual for Auto-Train in Sanford, as scores of north-bound motorists line up for relaxing journey home. Despite recent collision with truck in Georgia, Auto-Train is back on schedule, serving needs of hundreds of vacationers. (Staff Photo)

Shevin Issues Warning

TALLAHASSEE, Fla. (AP)—City Gen. Robert Shevin today threatened to take state and local officials to court if they refuse to throw open public records for examination by citizens.

"During the past few months I have noted with increasing concern the number of complaints which this office receives from representatives of the news media and from private citizens concerning denial of access to public records," Shevin said in a memorandum to all state and local government agencies.

Shevin issued the warning after releasing an opinion saying personnel files of civil service employes may not be maintained under two separate headings—one open for public inspection and the other containing investigative reports closed to the public.

Sen. Henry B. Sawyer, R-St. Petersburg, requested the opinion.

The attorney general stressed in his memo that "all state, county and municipal records shall at all times be open for a personal inspection of any citizen and those in charge of such records shall not refuse this privilege to any citizen."

Shevin noted that the public records law provides for removal of office for employes and officials who violate the statute and criminal penalties of up to 90 days in jail and a \$500 fine.

While some news organizations were filing suit against officials who they contend are violating the law, the attorney general said private citizens often cannot afford the court costs involved.

Headmaster Calls For Full Jury Trial

ORANGE CITY, Fla. (AP)—The headmaster of the Green Valley School has demanded "a full-blown hearing with a jury" to look into charges of depraved violence and sex at the home for problem children.

"We feel we are going to win this case on the merits of the school," said Ronald E. Nowicki, reading from a prepared statement at a news conference Tuesday.

He said he was ready with a lengthy list of witnesses "who will testify in our behalf and as to the quality of the program," including parents, who reportedly pay up to \$45 a day tuition at the school.

Nowicki's statement came five days after State Atty. Stephen Boyles filed suit asking that the private school be closed down as "a place of lewdness" and of its 78 pupils be declared wards of the court.

The suit alleged operators of the school condone sexual relations between students, require girls to take birth control pills, allow boys and girls to swim together in the nude and place pornographic literature in the school's library.

Boyles said students are also subjected to cruel and depraved punishment, including being chained and shackled, locked for days in an enclosure known as "the bomb shelter" and poked with an electric cattle prod called the "bull shocker."

Nowicki, 31, refused to answer questions at the news conference, saying "we've decided not to try our case in the press... as Mr. Boyles has done."

AROUND THE CLOCK

By John A. Spolki

About yesterday's 4-mills special school tax referendum... absolutely disgusting!

No, I'm not bitter that my "no vote" didn't pass. I'm disillusioned that so few would take the time to exercise their voice concerning the operation of this county's biggest business.

I do wish Supt. W. P. Layer success in his efforts to "try to do a good job in the construction program to MAKE THE BEST USE OF EVERY TAX DOLLAR."

He can't do it alone. I disagree with his election on the results of the comment that "we believe the people of Seminole County are interested in their schools."

When there were upwards of 45-thousand who had the opportunity to vote and yet a scant 5,000 go to the polls, that's not "concern."

I'm still opposed, mind you. I think it's the state's responsibility to share some of their vasty accumulated tax dollars with us in helping to overcome the impacted school area of Seminole.

Which leads me to the obvious question... if we do get the word from the Governor's office (as I had been assured via telephone) that money is forthcoming for Seminole... and it does arrive prior to the July expiration of the present four mills... would our school board then take the action of negating yesterday's vote?

There are very few distressing times in life, as far as I'm concerned... One, when you don't have the money to do the job you'd like to see done.

The other, when you're so flush with TOO MANY budgeted dollars, that you actually see people worrying about not having enough ways to disperse the money. A graphic example is the military services... have seen high-ranking officers so concerned that they couldn't spend all of the money they originally requested that they almost "retired" prematurely from nervous exhaustion.

EVIDENCE that Hanoi is infiltrating South Vietnam with men and heavy equipment brings sharp warnings to the Communists from the White House and State Department.

TURKEY'S POLITICIANS reject the military's candidate for president despite tanks and armed riot police around parliament.

Elderly Mass Transit Plan Has Green Light

BY ANN SIECZKOWSKI

Facing a Friday deadline, Seminole County commissioners Tuesday heard a report of the Orange-Seminole-Osceola Transportation Authority study for Elderly Transportation solutions, and agreed to participate in three routes.

According to County Planner Roger Neuwender, the elderly transit demonstration grant project provides for a federal-state grant to cover the cost of buses, facilities, operations, maintenance and monitoring.

The project participation ratio is two-thirds Federal, Urban Mass Transportation Administration; one-sixth State Department of Transportation and one-sixth local.

Since the federal-state share of the grant applies to all phases of the project, any subsidy necessary to maintain the bus system is an eligible cost under the matching grant.

Total service provided would be within the Sanford-south county area, which the board felt was not a justifiable expense at this time since there was no confirmation that residents in Sanford would use the system to go to south Seminole, nor that those residents in South Seminole would use the service to travel to the Sanford area.

Selected however, as part of the total service and approved by the Board was an east-west route connecting Oviedo and Forest City via SR 136, giving access to shopping and medical facilities and the Maitland extension via Oxford Road, giving a connection to the Orlando system as well as service to the elderly of St. Johns Village.

Service is keyed to the elderly population but other persons will not be excluded from using the system.

The basic factor used in proposing routes was to provide accessibility to the elderly population.

A connection will be made to the east-west route at the Seminole Plaza Shopping Center.

Approved also was the Sanford route which would include the area between Bookertown and Midway.

The cost to Seminole County will be \$37,331.

It is anticipated that upon termination of the project the buses and equipment will be sold to the authority. The anticipated duration of this grant will be 24 months for preliminary studies, routing and equipment acquisition, followed by 13 months of actual operation. Neuwender said during the operational period routes may require adjustment.

Robinson of Palmetto.

Police said Father Hardy may have seen the boy the day before his death as he had driven to nearby Palmetto Monday.

Father Hardy's car was seen late Monday night and was identified as the car used in an armed robbery in Fort Charlotte, police said.

Police said Father Hardy was known to carry large sums of money received in church collections and robbery was listed as the apparent motive for the killing.

Priest Shot To Death; Will Name Orphan

MIAMI BEACH, Fla. (AP)—A Roman Catholic priest found shot to death in a ditch has left half his estate to a 10-year-old black boy he had tried unsuccessfully to adopt.

Police said the Rev. Joseph Norman Hardy, 66, of Lehigh Acres, Fla., was shot twice in the head and neck. His body was found early Tuesday near his blood-spattered car.

The Rev. Thomas Anglin, dean of the southern deanery of the Diocese of St. Petersburg said Father Hardy was a very "compassionate and sympathetic man."

"He was always sympathetic and helpful especially to migrants or black people—people who were kind of down in life. It was his project in life," Father Anglin said.

Father Anglin said that in his will Father Hardy left half his estate to Patrick Jerome

Cadets Program Rescued By Polk

BY GARY TAYLOR

The cadet program for a seven-county district which includes Seminole has been saved after Seminole County Sheriff John Polk and Kissimmee Police Chief Don Adams appeared before the Governor's Council on Criminal Justice in Tallahassee and convinced them to restore \$170,000 in funds to make the program possible.

The council staff had appropriated the money for other causes, but now the program will be maintained on the same level as in the past. The sheriff's department and all municipality police departments in the county use cadets, mostly in radio and complaint desk positions.

Polk revealed today that he was also assured that the Sanford Crime Lab will receive its "fair share" this year. The lab, located at the Sanford Airport, is now offering a wider variety of services than ever before, and serves 21 counties.

Polk is now organizing plans to seek about \$100,000 in federal money for Seminole County, after it was learned Monday that \$1,007,000 offered by the Federal government to boost bacteria-killing agents in the water. Saslaw said he would make recommendations to city officials on how to avoid a similar water problem in the future.

With construction of new cell space and a two-story administrative building July 1, Polk will ask for Grants to buy kitchen equipment for the jail, furniture for the county, a closed circuit TV monitoring system and security equipment for the jailers. The money would allow a professional consulting firm to run an in-depth study of the local sheriff's department, and advise changes that would better the department. Similar studies would be run on each municipality's police department.

Last week, Polk received the first \$30,000 of a federal grant which is going to make the new central communications center possible. Polk said \$20,000 has already been distributed to the Sanford Police Department and \$7,000 to the Casselberry Police Department.

Shipment date on 70 new mobile radio units, the first equipment for the new system ordered, is set for March 24.

A federal grant of \$8,000 also arrived at the sheriff's department last week, and must be used to purchase specialized equipment. Polk said the money would be spent on the latest surveillance equipment.

Only specifications for the grants are that
