## Navy Appreciation Day Termed Very Successful

After carefully counting plates served during Navy Appreciation Day, officials estimated that 3,000 people were served chicken pilau in Fort Mellon Park, Saturday.

## High Court Rules For Green Orange; No Orange Oranges

WASHINGTON (UPI)—The Supreme Court upheld today an order which prohibits Texas and Florida growers from coloring oranges with "Red 32", a coal tar dye the government claimed is poisonous.

Today's decision was unanimous, with Justice William J. Brennan Jr. speaking for the court. The producers have claimed they don't use enough Red 32 to do any harm. Under a special act of Congress, they can continue to use it until next March 1.

Red 32 was originally approved by the federal government in 1930 as harmless for use in food. Later it became suspect as a possible cause of cancer.

The Food & Drug Administration, after hearings, removed Red 32 from the approved list in 1955. The validity of the removal order was at stake in today's case. The 5th U. S. Circuit Court of Appeals in New Orleans ruled in favor of the growers but that decision was reversed today.

The dispute was taken to court by the Florida Citrus Exchange and by Frank H. Schell, a Tampa grower who originated the color-adding process.

The growers contended that the public won't buy oranges with green skins, the natural color of most ripe oranges in Florida and Texas. California oranges are colored during the growing process and do not need touching up.

Brennan said the court was "not persuaded" by the industry argument that the words "harmless" and "poisonous" are relative words and refer only to the effect of the substance "taken in a particular way and in particular quantities, on an organic system."

"This is not a case like the examples put which remind us that pure water would be deleterious if taken at the rate of four gallons an hour or common table salt at several ounces," he said.

TROPHY PRESENTED—Adm. Wendell G. Switzer (left), commander of fleet air, Jacksonville, presents the Carrier Airship Trophy to Cdr. Ray Fernandez, commanding officer of Squadron Eleven, after the "Checkertails" from the USS Franklin D. Roosevelt won the plaque in the sixth bombing derby here.

## Many Visited Sanford; Comments Interesting

Sanford entertained visitors from all over the country last week. The Mayfair Golf Open and the sixth bombing derby of Heavy Attack Wing One attracted large followings.

What were they saying? Vice Adm. W. V. Davis, Deputy Commander-in-Chief, U.S. Atlantic Fleet: "This (the bombing derby) looks very good, indeed. I am much impressed. There are more chain benefits and battle readiness for the dollar here than any place I've seen."

Admiral Davis also commented on the healthy spirit of cooperation and competition found among competing squadrons.

Donald Douglas, president of Douglas Aircraft: "These boys are doing a swell job. The bombing derby is great, and I like this part of the country." Douglas also remarked that he was asked to remove his coat while pictures were taken with Gov. LeRoy Collins. The Douglas plant is in California and it was cold Friday in Sanford.

Capt. James Ramage Heavy Attack Wing One Commander: "I want to congratulate all you men on your hard work. The nation has benefited from your efforts."

Capt. Bush Bringle, commander of midshipmen, U. S. Naval Academy: "It is wonderful to speak in his return from a six-day official visit to Poland."

Another deputy premier, Heinrich Rau, who greeted the delegation at the East Station, returned that "we will exercise our rights on air, land and water routes" another threat of a blockade.

**Over 300 Attend Elks Charity Ball**  
Approximately 318 people attended the annual Elks' Charity Ball at the Mayfair Inn Saturday night.

A reception was held prior to the dance at the Elks Club. Honorary members were presented by the Elks' wives. At the hotel, guests were greeted by Exalted Ruler W. D. Hardin and his wife, Peggy. A background of organ music was provided by York Music Company of Orlando.

Elks Club banners were draped against the gay background of the Circus Bar Room. Tables edged a crowded dance floor where people were inspired by the music of Pete Bukur and his Populaires. The group contributed several novelty numbers to the evening's entertainment. Roy Green, past exalted ruler, gave the eleven o'clock toast. Much hilarity resulted from the grand march.

Following the ball, guests enjoyed the hospitality of the Elks at a breakfast served at the Elks Club. The entire evening was reported to be highly successful. Funds will benefit the Harry-Anna Crippled Children's Home in Umattilla.

Russell Spencer was general chairman of the event. Others assisting were: Dick Mapes, entertainment; Roy Green, publicity; Robert Billmer, reservations and seating; Marcel Fialle, decorations; Homer Little, reception.

## Troops To Invade If West Attempts To Break Blockade

BERLIN (UPI)—East German Communist Party Boss Walter Ulbricht hinted today that Red troops would invade West Germany if any attempt is made by the West to break a Berlin blockade.

He made the statement in an East Berlin speech as the East German Communist newspaper "Young World" was warning that a single shot fired in defense of Western troops in West Berlin could start world war.

Ulbricht said today "every attack on the German Democratic Republic (East Germany) will be turned into a devastating defeat west of the Elbe and Werra Rivers" — the rivers between East and West Germany.

Soviet Premier Nikita S. Khrushchev declared last week that any Western military move against East German blockade measures would be considered an attack on East Germany and that the Soviet and other Warsaw Pact allies would fight back.

In that context, Ulbricht's blast today was the most serious threat since Khrushchev launched his get-out-of-Berlin campaign in Moscow on Nov. 10.

Ulbricht, head of the Communist Party and deputy premier, made his threats to speak on his return from a six-day official visit to Poland.

Another deputy premier, Heinrich Rau, who greeted the delegation at the East Station, returned that "we will exercise our rights on air, land and water routes" another threat of a blockade.

## Duck Not Stuck; Just Taking Rest

RICHMOND, Va. (UPI)—A duck is stuck, the caller told police. Officers relayed the report to several interested agencies Saturday. A short time later they assembled at a small lake: five policemen, a game warden, two members of the Society for the Prevention of Cruelty to Animals, and members of the Fire Department and members of a rescue squad.

The duck, a gray and black one, was about 100 feet from shore, apparently a prisoner of ice that had formed on the lake.

Police thought the duck and leader might do the trick. But firemen said duck-rescuers were out of their line.

The SPCA representatives stopped in. They tied a rope to an auto jack and threw it out several times to break the ice.

A parks Commission truck arrived with a row boat and a canoe. A workman walked gingerly onto the ice, pushing the canoe ahead of him.

He reached down to free the duck and the duck waddled away. Wasn't stuck, just sitting there.

## Gov. Collins Tours Naval Air Station

Gov. LeRoy Collins was greeted Friday prior to the NAS public open house by Capt. James Ramage and Lionel Arthur.

The governor toured the Sanford Naval Air Station, accompanied by the two commanding officers, J. Bralley Otham, Dan Wright, W. E. Patrick, T. E. Tucker and John Krider.

With so many admirals (8) aboard the station, Capt. Arthur could be excused when he addressed the governor as admiral, causing Collins to remark on his quick promotion. Collins inspected the facilities of VAH-3 and rode in an A3D Skywarrior trainer with Vice-Admiral Davis.

Among those meeting the governor were Frank Compton, director of plans and policies of North American Aviation Inc., and Donald Douglas, president of Douglas Aircraft.

## Be Proud Of The Cloud's They Rebuff Cold Front

MIAMI (UPI)—Icy winds from one of the worst cold fronts of the season blew down over extreme North Florida today and were expected to bring freezing weather tonight near the Georgia border.

But the weatherman said heavy cloud blankets over Central Florida probably will spare the rich citrus belt from the first frost and freezing weather of the season.

## Decision Slated On Chuluota Plat

A decision on the replat of Chuluota will be announced tomorrow by Seminole County Commission at 10 a. m. meeting in the courthouse.

The replat was protested by residents two weeks ago. The Chuluota Development Corp. has requested approval.

Reports say that commissioners will approve the new plat, closing certain roads around Lake Kathryn.

MIAMI (UPI)—Icy winds from one of the worst cold fronts of the season blew down over extreme North Florida today and were expected to bring freezing weather tonight near the Georgia border.

But the weatherman said heavy cloud blankets over Central Florida probably will spare the rich citrus belt from the first frost and freezing weather of the season.

However, Forecaster Sanford Newman warned that an unexpected rapid displacement of the cloud cover could send temperatures near the danger point in the citrus belt early Tuesday morning. He advised farmers and growers in the area to keep a close watch on temperature advisories through the day.

He added that there was a good chance that frost and freezing weather would reach Central Florida Wednesday morning.

### Sanford Man Gets Okay To Practice In Supreme Court

Lt. John B. Root, Jr., USNR, of Sanford, became a member Monday of the Bar of the U. S. Supreme Court, Washington, in ceremonies held prior to regular sessions of the Court. He is the son of Dr. J. Bernard Root, minister of the First Congregational Church, Sanford. Lt. Root is currently legal officer on the staff of Commander Florida Group, Atlantic Reserve Fleet, Great Cove Springs. He is a graduate of Seminole High and received the AB degree from Stetson University in 1951 the LL.B. degree in 1953.

He entered the Navy Officer Candidate School, Newport, R. I., in September, 1952 and was commissioned an ensign in the U. S. Naval Reserve in 1954. He was promoted to his present rank in May, 1958.

Prior to reporting to the Florida Group, he was administrative assistant to the commanding officer, Administrative Command, U. S. Naval Training Station, Great Lakes, Ill. He also was senior trial and defense counsel before general courts-martial of the Ninth Naval District. He is a member of the Florida Bar, the Federal District Court for the Southern District of Florida, Circuit Court of Appeals of the Fifth Circuit and the Court of Military Appeals.

Mrs. Root is the former Judd Reynolds of Longview, Texas. They have two children, Rita and John (Spike) B. III.

Lt. Root expects to return to Sanford to practice law upon completion of Naval Service.

### Russia Talks War On Berlin Squabble

By HENRY SHAPIRO  
MOSCOW (UPI) — The Soviet Union's warning to the West against trying to shoot its way into West Berlin was issued to show the deadly seriousness of Premier Nikita Khrushchev's proposals on the future of Berlin, diplomatic observers said today.

Russia, in an authorized declaration by the official Tass news agency, said Thursday night an attempt to force a way into Berlin could lead to war "with all its disastrous consequences." It said an attack on East Germany would be considered an attack on the Warsaw Pact nations led by Russia.

In Washington, the State Department said the United States would not be deterred by Soviet threats from defending its rights in Berlin.

Charges War Preparations Khrushchev, in an interview with the newspaper "Sueddeutsche Zeitung" of Munich, repeated the warning today and said the West could have only one motive in maintaining military forces in West Berlin—"to prepare a hot war."

### Ex-Con Is Sought In Slaying Case

WEST PALM BEACH (UPI) — A nationwide pickup order was out today for Floyd A. Holzapfel, 43-year-old ex-convict wanted for questioning in the canal slaying of a moonshiner.

The sheriff's office said Holzapfel was the last man seen with Lou Gene Harvey, 21, before Harvey's body was found in a canal near here Nov. 7. Harvey and Holzapfel were seen together leaving Jacksonville on Nov. 3, the officers said. Harvey had given his wife an automobile license number to turn over to authorities in case anything happened to him.

In Washington, the State Department said the United States would not be deterred by Soviet threats from defending its rights in Berlin.

Charges War Preparations Khrushchev, in an interview with the newspaper "Sueddeutsche Zeitung" of Munich, repeated the warning today and said the West could have only one motive in maintaining military forces in West Berlin—"to prepare a hot war."

### 8 Persons Nabbed In Crackdown On Stolen Car Ring

MIAMI (UPI) — Eight persons, including two women, were scheduled to go before a U.S. commissioner here today on charges of operating an interstate stolen car ring.

Meanwhile, a ninth suspect who may have fled with all the gang's profits was being sought. He was identified as Steve Jernigan, alias "The Eweens," described as "armed and dangerous."

Scruggs, 33, Huntington, W.Va., were arrested at a Miami bar. James Billy Eidson, 27, Gadsden, Ala., Edna Hubbard, 49, Brockton, Ala., and Edna Jewel Pierson, 24, Maplesville, Ala., were apprehended in a Miami Beach motel.

Daniel Steven Waters, 50, Miami Beach, Samuel Kobrian, 48, Miami Beach and Kenneth Earle Cohen, 29, Miami, were arrested at the same time at a Miami hotel.

All were charged with conspiracy to violate the federal interstate transportation of stolen motor vehicle statute.

Lee O. Teague, special agent in charge of the Miami FBI office, said the ring operated in the three southern states, stealing cars for resale in the Miami area. He said they had rented a garage here where new serials and motor numbers were stamped on the cars' body.

### Teen-Ager Sought In Deaths Of Five

EL CAJON, Calif. (UPI) — A manhunt for a 16-year-old boy, believed to have murdered a mother and her four children, spread today throughout the Southwest.

Carl Eder, of Irondequoit, N.Y., who was befriended by the family, fled Friday shortly before Mrs. Lois Pendergast, 37, was found by her husband fatally shot in the hallway of their home.

The couple's four children, three boys and a girl aged 2 to 9, were found in other parts of the house and an adjoining garage with their throats cut. Two of the children had been disemboweled.

Thomas Pendergast, 39, the husband and father, said Sunday after undergoing a seven and a half hour lie detector test that he planned to devote his life to church and youth welfare work.

The aircraft plant worker's lie detector test results were being evaluated. Findings will be known sometime late today or Tuesday.

Police Chief Joseph O'Connors said: "It is only fair to clear this man to strengthen our case against the other (Eder), O'Connors said.

The police chief said Pendergast's statements while being questioned with the polygraph "were consistent with what he told us before."

"I wanted the lie detector test," Pendergast said after the ordeal. "I believe in lie detectors. It is my witness next to the Lord."

Cars were checked at the nearby Mexican border for Eder. Roadblocks were manned at points along highways.

The Great Barrier Reef of Australia is 1,250 miles long and is the biggest coral structure on earth.

Regular meeting of Seminole Chapter No. 2, O. E. S., will be held at the Masonic Temple at 8 p. m. This will be a Christmas party. Each member and visitor is asked to bring a gift for exchange.

## Career Corner

WASHINGTON (UPI)—The home economics field is calling all women to a variety of jobs. Teaching, extension work, dietetics, health and welfare, and research are a few opportunities open in this field, says Olga P. Brucher, president of the American Home Economics Association.

About 48,000 home economists teach the subject in schools and colleges. An additional 5,000 persons are extension service workers. And about 20,000 are dietitians. Another 3,500 home economists work for commercial companies that manufacture or distribute products or services in the home. Others work with magazines, newspapers, in radio or television.

## Costume Jewelry Will Dazzle Males

By GAY PAULEY  
NEW YORK (UPI)—The newest costume jewelry is bound to dazzle any male.  
Jewelry manufacturers by the dozen are producing pins, necklaces, earrings and other doodads in iridescent shades so brilliant old miss weak eyes here has been looking at them through colored glasses.  
The industry calls the jewelry "aurora borealis," after the luminous meteorological phenomenon also known as Northern Lights. This brilliance is possible through a metallic coating process, perfected four years ago by a gem stone firm in Austria.  
Used On Cut Gems  
Ernest Lowenstein, president of a New York importing firm which distributes the Austrian products, says that now the coating is being applied by makers in Germany and this country. It is used almost exclusively on clear crystal or colored cut beads and stones.  
"After this, rhinestones look dull," said Lowenstein. "Diamonds too? No ma'am, they're still a girl's best friend."  
The Fashion Coordination Institute, which keeps tabs on style trends for the jewelry industry council, said aurora can be found from the cheapest to the most expensive costume jewelry available today.  
Used on clear, colorless stones or beads the coating reflects the color of the costume. Used on colored stones or beads, it intensifies and diffuses the basic shade. An emerald stone given the thin metallic cover, takes on a peacock sheen. A pale blue stone becomes a deeper, more glittering shade.  
Introduced Four Years Ago  
The institute has no overall estimates of the percentage of cut gems being coated. But Lowenstein said his firm alone imported seven to eight million dollars in cut gems this year and "we can't meet the demand."  
He said the aurora treatment first was introduced in jewelry lines four years ago "but fell flat." Then Paris designers showed luminous jewelry with their last collections. And the fashion was on its way.  
This winter, it was used on deep tones such as ruby, emerald and amethyst.  
For spring, the industry says, we girls will dazzle with pale tones — light rose, jonquil and peridot green.

## Ramage Gets Owl At Party

Captain James Ramage received a stuffed owl Saturday night from the "Hoot Owls" of Heavy Attack Squadron Nine, during a party given in Nine's honor by North American Aviation Co. Inc. VAH-9 won the sixth bombing derby Friday, and was awarded North American's Conover Trophy.

Officers, wives and guests of the winning squadron, "Hoot Owls," enjoyed cocktails in the South Room of the Mayfair Inn dining room, before a delicious buffet dinner. Greeting the guests were Frank Compton and Capt. George White-side of North American.  
Red and white decorations were used on the serving tables. Dancing was enjoyed following the dinner and brief speeches. About sixty attended.

## Residents To Decide One Drive, Or Many

Volunteer workers now are attempting to inject a little life in the Seminole County United Fund drive.

All types of appeals have been made to the public in an effort to secure support for the UF. Now, a last-ditch battle is under way.

Seminole County residents face a decision more far-reaching than just whether to give when they are contacted by UF volunteers. The choice they have is this: either put the United Fund over the top, or lose the system of combining charity drives.

Very few, we are sure, would be in favor of reverting to the former system of allowing each charity to conduct a separate drive. This would mean a continuous drive, January through December, for some agency. At times, several would be in progress at the same time.

Most can remember what it was like before the United Fund combined seven drives. There still are many charity appeals which have not come into the UF. These, however, were given the opportunity. For various reasons, the agencies declined.

Seminole County residents who give of their time and effort in the UF can be justified in declining to work in drives for agencies outside the United Fund.

If the UF does not reach its goal, however, the responsibilities of taking care of welfare, youth and charity organizations will be multiplied many times. The people cannot afford to shirk these responsibilities.

Howard McNulty, fund chairman, said that the UF is a matter of civic conscience. He added that UF workers are disappointed, terribly, in the response.

If the United Fund fails to go over the top, Seminole County will have given itself a large, glowing "black eye." It will have admitted to the world that it isn't interested in taking care of its Boy and Girl Scouts, it doesn't have time to assure the Red Cross and USO of funds, that the Florida Children's Home Society is not worthy of support, that mental health isn't important enough to worry about.

If the drive falls short, the country, too, will be saying that it prefers a separate drive for each agency.

The question squarely is up to Seminole people.

## Trust, Honesty Exist

Honesty and trust still exist. Take the case of Judge Vole Williams Jr. and the man with whom he traded cars after a traffic accident closed the Mims Bridge.

Judge Williams was on the Volusia side, attempting to get back to Sanford for a Chamber of Commerce dinner. A Brevard resident was on the Seminole side, attempting to get home. A wreck prevented traffic from crossing the bridge.

Each had the other's car, and the Brevard man traded cars, each competing his journey. Saturday, the man met Judge Williams at the courthouse in Titusville, where the judge was presiding in a case, and the vehicles were returned to their rightful owners.

Each had trusted the other. Judge Williams, in his haste, neglected to get the name of his benefactor. Each of these men helped a person in need. It is a good example of the golden rule.

## Flag Desecrated, Negro Faces Trial

SHREVEPORT, La. (UPI)—A 42-year-old Negro man faces trial this week on the unusual charge of flag desecration.

Willie Daniels was arrested by traffic patrolmen after he draped a United States flag around the radiator of his car to protect it against temperatures that dropped to 21 degrees early Sunday.

Officers B. L. McElhannon and Charles Justice said the flag was draped over the grill of Daniels' vehicle and was dragging on the ground.

Louisiana law provides that any person who publicly mutilates, defiles, or by word or acts casts contempt upon the U.S. flag shall be fined not more than \$100, or imprisoned for not more than 90 days, or both.

## Fred Othman Says

BY FREDERICK C. OTHMAN

WASHINGTON—There isn't much future in being a counterfeiter. Or a white slaver, either.

The juke box racket is more profitable and also more harmonious. You just sit there, if you happen to be boss of a union local catering to the jukes, while they bring in the money. This they never neglect. Let 'em forget a payment and they know for certain that somebody'll pour acid into their music boxes, or maybe blast a double-barrel shotgun through their front windows.

That's introduction enough, I suppose, to the Senate racket committee's inquiry into the big juke-

box racket, a multimillion-dollar, nation-wide thing, beginning next month. Sen. John McClellan (D., Ark.) presented a sampling of it, with a survey of not-so-melodious monkey-shines in Youngstown, Ohio.

Their principal witness turned out to be Joseph Blumetti, who they said was sentenced once to prison for making phony money, got a six-year rap for white slavery, and was arrested numerous other times on a variety of charges.

He was a plump little man and dapper, with smoked glasses like a movie star, wavy hair with a bald spot in the middle, a television blue shirt, and a gray checked suit. There was only one trouble with Joe as a witness. He wouldn't talk. Said he feared he might incriminate himself. The Senators, who were inclined to agree, didn't press him.

They merely swore in their own investigator, Arthur Caplan, to tell what he'd learned in Youngstown.

He said that soon after Joe was paroled from his slavery term, he turned up in Youngstown in charge of Teamsters Local 410, catering to the married gentleman who installed juke boxes, cigarette machines, and mechanical candy-bar vendors around town.

Caplan added that the men with cigarette routes paid the local 50 cents a month for each machine and that this alone amounted to \$50,000 a year. The gents with juke boxes spotted in the assorted areas had to put up \$1 a month

per each noisy monster, but Caplan didn't know the total musical take.

"What did the union do for the operators?" Inquired committee counsel Robert Kennedy.

"Nothing," replied Caplan. "It was a shakedown."

"Then why did they pay in the money?" Insisted Sen. McClellan. Caplan said they were scared. Once they got into Blumetti's union, they couldn't get out. Those that tried discovered that the windows of the bars containing their machines were smashed. Some of their juke boxes were ruined with acid in the gears. A few sticks of dynamite in their front yards completed the persuading.

Soon, said Caplan, there was peace and all Blumetti had to do was accept the money, with thanks. Kennedy said this was a criminal violation of the Taft-Hartley Act; that Blumetti could be fined \$10,000 and sent to jail.

Blumetti smiled. Sen. McClellan asked did this mean he wanted to deny any of these notorious doings? Joe said, as he'd said before that he wouldn't talk. Later we'll be hearing more about canned music at 10 cents per play, but I fear it won't sound melodious.

# Steady George Bayer Wins Mayfair Tourney Title

## Harbert Is Second With Great Finish

Distance-hitting George Bayer, who turned down a \$2,800 per year teaching job to play professional golf, today reigned as the 1959 Mayfair Inn Open champion.

But the burly better was forced to stave off one of the all-time finishes in golf late yesterday to collect the \$2,000 check, top money in the fourth annual \$15,000 tournament.

Graying Melvin Robert Harbert, better known to golf enthusiasts as Chick, staged one of golf's greatest comebacks, only to fall one stroke short of Bayer's 272, 18-hole total. Harbert, who turns 41 next Feb. 20, had four birdies and an eagle in succession to put the pressure on Bayer.

**THE WINNER**—Big George Bayer takes the microphone to tell spectators at the annual Mayfair Inn Open golf tournament that he was "real happy" about the way things turned out. He had just collected a \$2,000 check for first place. (Herald Staff Photo)

## Event Had Color, And Big Moments

The final round of the \$15,000 Mayfair Inn Open golf tournament was drama-packed, filled with great moments and heartbreaks.

Chick Harbert and Tom Nieporie shot sizzling 28s on the back nine yesterday, setting new records for the Mayfair course. This also tied the PGA tour record. Nobody, said Jim Gaquin, PGA field secretary, has ever shot a 28 on the tour.

What is the easiest hole on the course? No. 14 would get many votes. Three golfers had eagles yesterday, two of them coming from one threesome. Ed (Porky) Oliver, former Mayfair pro, chipped his eagle in from near the sand trap to the right of the green. Not to be outdone, defending Mayfair champ Walter Burkemo followed with a long putt.

The third man in this threesome, Dave Marr, Cedarhurst, N. Y., had a par.

Three threesomes later, Harbert sank an eagle to clinch his drive of five-under in four holes. Sanford's Jay Hebert missed an eagle by about two inches on No. 14. Dow Finsterwald sank a long putt from the fringes of the green to keep his hopes alive.

Nieporie was one of the happiest men on the course. His fourth-place tie, worth \$630, put him in the top 40 money-winning golfers. Now, he won't have to qualify for the PGA tournaments.

The \$11,250 that Joe Kirkwood Jr. (Joe Palooka) won was his first paycheck. The Studio City, Calif., collier spent most of his time practicing between rounds.

Two of Mayfair's former champions, Burkemo and Al Baiding, finished in the money. Burkemo collected \$415, Baiding \$145. The 1958 champ, Mike Fetcheck, failed to make the final rounds, as did 1957 PGA champ Lionel Hebert and 1957 U. S. Open winner Dief Maye.

Baiding rimmed the cup with a putt on No. 4, sank it on the second try, then threw the ball into the lake. On the same hole, Fetcheck started to throw his putter, changed his mind. He, too, was in-and-out on a short putt.

Gardiner Dickinson Jr., the man picked by Ben Hogan as heir-apparent to the throne, failed to finish in the money. So did Bob Goaly, PGA freshman of the year; Henry Williams Jr., who led the qualifying round with a five-under 68, and Doug Sanders, leader after 18 holes with a six-under 83.

Finsterwald narrowly missed a hole-in-one on No. 2, Tommy Bolt didn't lose his temper, although he smacked a tree on his drive off No. 4.

Finsterwald narrowly missed a hole-in-one on No. 2, Tommy Bolt didn't lose his temper, although he smacked a tree on his drive off No. 4.

## Top Dogs Will Run At Track Tonight

The featured ninth race at the Sanford-Orlando Kennel Club tonight is a clash between four of last season's favorites and a quartet of newcomers.

The four greyhounds who performed brilliantly here last season are R. F. Bennett's Terble Ted, Blackwell Kennel's Frank Best, W. F. Swafford's Run Happy and Ben Jacques Kiego.

Newcomers are Keith Dillon's Bel Del, Paul Boone's Rural Ray, G. A. Anderson's Black Reuel and James Gallagher's Shade.

In the pre-season schooling the greyhounds familiar with the local oval turned in the best scores. Terble Ted and Run Happy accounted for two schooling wins from three starts. Both Kiego and Frank Best registered two seconds and a first in three tries.

Kiego, who just learned the racing game here last winter, turned in the fastest schooling time of any greyhound in this octet. She was clocked at a blistering 31.33 seconds.

This first full week of racing is going to be a busy one. The first matinee of the season will be held Wednesday afternoon, starting at 2 o'clock. There will be another matinee Saturday and every Wednesday and Saturday afternoon thereafter throughout the season.

## Wildcats Continue Victorious March

By DAVID M. MOFFIT

ATLANTA (UPI)—It looks like Adolph Rupp is doing it again! Rupp, the nation's winningest basketball coach, went into his 25th season at the University of Kentucky with only one holdover starter with which to defend his fourth NCAA and 19th Southeastern Conference championships.

The nationally third-ranked Wildcats chalked up their fifth straight Saturday with a 76-57 over ninth-ranked St. Louis that helped convince a national television audience that even losing four starters doesn't stop Rupp and Kentucky from rolling right along.

Coach Leads Way

Johnny Cox, the lone returning first-teamer, turned in a stellar performance — scoring 27 points and hogging the backboards. But Kentucky also displayed some impressive-looking newcomers, especially junior college transfer Lee Cohen and sophomores Bill Lickert and Dick Parsons.

The Wildcats have a third consecutive rough week lined up. Tonight they play host to Maryland, defending Atlantic Coast Conference champion. Friday and Saturday they'll be host at the Kentucky Invitational Tournament which includes West Virginia, rated No. 1 last season; Ohio State, which tied for fourth in the Big 10; and Oklahoma State, which posted a 19-7 mark last year.

Mississippi State, paced by high-scoring Bailey Howell, is favored in its two games this week and should be 7-0 at week's end. State ran into unexpected trouble from Murray State Saturday night but edged through 63-62 to remain tied with Kentucky in the won-lost column.

Howell was held to 18 points by Murray, dropping his average to a still-impressive 31.2 points per game.

In other Saturday action: Georgia topped South Carolina 76-72 thanks to 23 points by sophomore Gordon Darragh; Georgia Tech got a 27-point performance from sophomore Roger Kaiser and an 83-77 win over Furman; Mississippi lost to Arkansas 83-81 in overtime; Vanderbilt lost to Southern Methodist 80-72; Alabama lost to Louisville 62-43; and Florida lost to Florida State 82-60, the first time FSU has beaten the Gators.

In addition to the Kentucky Invitational at Lexington, there's one other tournament in the southeast this coming weekend. That's the Birmingham Classic which includes Alabama, Auburn, Texas A&M and Wyoming.

## Syracuse Recovers Its Scoring Punch

United Press International

The Syracuse Nationals have found the winning touch again in the National Basketball Association because John Kerr, who had been carrying the scoring load all by himself, finally is getting help from Adolph Schayes and Larry Costello.

The Nats slipped to their seventh straight victory, 101-85 over the Detroit Pistons, Sunday in the NBA's nationally televised game of the week. Schayes and Costello tossed in 23 points apiece to lead the scoring attack.

Syracuse pulled in front to stay in the third period, outscoring Detroit by 10 points for an 81-72 lead, widened it to 22 points in the final session that was more than enough to withstand a late Pistons rally. Dick Metzger led the losers with 22 points.

In Sunday's only other game the New York Knickerbockers nipped the Minneapolis Lakers, 100-99, on Richie Guerin's three points in the final 70 seconds of play. It was the Knicks' fourth straight victory over the Lakers. Guerin led the New Yorkers in scoring with 25 points, while rookie Elgin Baylor, one of the circuit's top point makers, canned 21 for Minneapolis.

San Francisco's famed Telegraph Hill got its name from the semaphore which once signaled the arrival of sailing ships to traders in town.

## Elder Oliver Ends Golfing Tour Here

One of the most genial regulars on the PGA tour is not a golfer, but a golfer's father, Ed (Pops) Oliver Sr.

Mr. Oliver returned to Havana several weeks ago when Porky played in the Havana Invitational. The first time he visited the Cuban city was in 1908, when he was serving aboard the USS Kansas. "Pops" said the other day that it took a year and eight months to get around the world on the Kansas, part of Teddy Roosevelt's "Great White Fleet." He was 17 years old at the time and the ship ran on coal.

The senior Oliver returned to his home in Wilmington, Del. this morning, and says he will tour no more. Porky started a new job with Denver, Chicago D. C. trucking lines Nov. 1, and will play golf with the customers, as well as in regular PGA tournaments. This still will leave time for the sport next to golf in his heart-fishing. Yesterday morning he and friend, Dr. D. H. Mathers, had a whirl at it before tea off time shortly before noon.

"Pops" says Porky doesn't need but two practice swings, and "he doesn't need me on the course either—I'm a Jonah." But Porky does need his fishing instruction. Oliver Sr. is a pro in that field, and claims his catch to be far superior than that of his famous son.

## Seminole Cagers Beaten By 'Cudas In Overtime

The Sanford Seminoles suffered their first basketball defeat of the season here Saturday night, losing in an overtime period to New Smyrna, 47-44.

The Barracudas had great height advantage over the Seminoles and led all the way until the final three minutes of the game. The small but scrappy Seminoles came roaring from behind to tie it up at the end of the regular time but the "Cudas picked up a field goal and a free throw to come out on top in this thriller.

In the preliminary contest the Seminoles JV's poured the points in and pulled their game out in the final minutes, 54-52. Sophomore Mike Roberts paced the winners as he dumped in 20 points from his forward spot. Little George Perides was second to Roberts with 15. The JV's still are undefeated thus far in the season. Their next contest will be against DeLand next Friday.

The "Cudas" took advantage of their three six-foot, four-inch men and completely controlled the Seminoles in the final quarter. The Seminoles suffered greatly from the lack of height in their attack but the small lads were able to outscrap the big New Smyrna squad throughout the evening only to lose in the overtime.

Guard Cecil Dandridge paced the Seminoles attack with his jump shot and set shots and racked up 19 points. He only tucked away the football pads last week and already in mid-season form. His ball-handling and play-making were very sharp.

Forward Jimmy Gracy was second Saturday in the scoring with a total of 12 points, but it was still enough to give him a commanding lead in the Seminoles scoring department for the year. He now has 65 points in four games. The small lads was the top rebounder for the Seminoles in this contest and was responsible for the final bucket that tied the game.

ALOBEC guard Ray Lundquist was next in the scoring department with nine points. The "Little Magician" is one of the finest ball-handlers in the area and the most aggressive player on the Seminoles squad. On several occasions he was able to steal the ball and drive in for a layup.

Like Dandridge, Lundquist is a fine play-maker and did an outstanding job. Although he fell short in the scoring department, he displayed all the form that gave him conference honors as a sophomore last year.

For the Barracudas, big forward Bryan Shipman paced the attack for the winners. Bill Hester was second with 12 points. These two big lads poured in the points from all over the court but their biggest asset was the rebounding. They completely controlled the boards until the final quarter when Gracy and Grates went to work and put the Seminoles back in the game.

The game with Florida Military School was postponed Friday night in DeLand because of the unheated gym at the new prep school. It will be scheduled at a later date. The Seminoles next opponents will be the DeLand Bulldogs here Friday night. It will be a double header with the first contest beginning at 7 o'clock.

## Miami vs. Tulane In Cage Classic

CORAL GABLES (UPI)—The University of Miami clashes with Tulane and New York University meets Miami University of Ohio Dec. 29 in the first round of the Hurricane Basketball Classic.

The two winners will play for the title and the losers will meet in the consolation round.

The tournament, sponsored by the University of Miami, replaces the Orange Bowl Tournament held the past two years.

Station wagons accounted for 15 per cent of U. S. automobile production in 1958.

## Giants Slim Favorite To Top Browns

United Press International

The New York Giants, busy proving you can go a long way with spirit, strong defense and a crippled kicker, are slim, 11-10 choices to defeat the Cleveland Browns next Sunday in a playoff for the National Football League's Eastern Division title at Yankee Stadium.

Pat Summerall, who hadn't kicked all last week because of an injured right leg, booted a 49-yard field goal with only 2:17 to go, Sunday on the same field. That kick, twirling true through falling snow, proved a 13-10 victory over the Browns and found a playoff game for Eastern honors and the right to entertain the Baltimore Colts in the NFL championship game Dec. 28. Cleveland began Sunday's contest leading New York by a game and needed a victory or a tie to win the Eastern crown for the eighth time in nine years.

The Browns appeared determined to make a runaway of the game when Jim Brown, their record-smashing fullback, raced 65 yards to score on their first scrimmage play. But the Browns could only muster a 22-yard field goal by Lou Greza after that and New York's defense pounced on three Cleveland mistakes and a controversial play call by Coach Paul Brown to win and stay "alive."

The two rivals are rated so even that oddsmakers tabbed the Giants 11-10 favorites in the "early line" for next Sunday simply because they will be playing at home. A New York oddsmaker said there would be no betting on points but strictly "money betting." If you want to bet on the Giants, you put up \$6 to the bookie's \$5. If you bet on the Browns, the bookie will give you an even \$5-5 bet.

Colts Lose Again

Baltimore, which hasn't won since clinching the Western Division title Nov. 30, dropped its second straight game when it bowed to the Forty-Niners at San Francisco, 21-12. Y. A. Tittle's scoring pass to Clyde Connor and J. D. Smith's two touchdowns plunged helped the Forty-Niners win their final game under Coach

## Nat Dye To Play On Shrine Squad

MIAMI (UPI)—Georgia tackle Nathaniel Dye was signed to the South squad Sunday for the North-South All-Star Shrine football game here Dec. 27.

Dye became the 23rd player to join the Rebel squad, leaving only one more player to be named to complete the South's roster.

The North team is already complete.

Nugent Will Speak At Naples Banquet

NAPLES (UPI)—Florida State Football Coach Tom Nugent delivers the main address here Tuesday at a banquet honoring Naples' undefeated football team. Nugent's talk will be part of ceremonies connected with the first Swamp Buggy Bowl game Dec. 30. The Naples youngsters will host a visiting team of pint-sized grid stars from Houston, Tex.

(GUL) WE'LL GET THE DIAMONDS NOW!

SOMETHING'S GOING ON—I DON'T KNOW WHAT—MAYBE I'M IMAGINING IT—BUT I'LL WAIT AND SEE—

—CONT'D

I'VE NO REAL REASON TO BE SUSPICIOUS— BUT THERE IS SOMETHING GOING ON ABOUT THIS UNDERWATER FILMING—

WE GOING TO (GUL) GET THOSE DIAMONDS OUT OF THAT WRECK NOW, GUL?

CAN'T WAIT ANY LONGER, PETE.

SALVAGE OPERATIONS START TOMORROW—AND IT'S ALL OVER. WE NEED MORE ANCHOR ROPE. THERE'S SOMETHING BEHIND THE SHED.

We are highly respected toy brokers rated by Dan & Bradstreet, selling toys nationally. Now expanding in your area. Our distributors' toy orders are pouring in because our toys are not "average rank merchandise." We have the largest assortment, widest price range, best packaging.

Since there are some choice territories available in this general area, a few sincere individuals will acquire a profitable self-service "TOY STATION" route in grocery, drug stores, etc., WHICH WE WILL ESTABLISH FOR YOU. Cheap toy racks are rapidly being replaced by the sensational "TAK-A-TOY" merchandising displays. The stores make money so do you, but this is NOT a Get-Rich-Quick Scheme. Our representative will arrange appointments soon in your vicinity to present complete details. Must have a car and \$500 cash for toys, displays and store accounts. ### Six Persons Killed By Gas Explosions

ALLENTOWN, Pa. (UPI)—A series of gas explosions destroyed 116 persons, including a photographer for the Allentown Call-Chronicle. The first explosion in the street in front of the inn routed about 30 guests and employees from their beds. They were joined by 100 residents of the area who gathered to watch firemen light the blaze that erupted in the street.

### Deaths

LOS ANGELES (UPI)—Harry (Tim) Moore, 70, the freewheeling, fast talking "Kingfish" of the Amos 'n' Andy television series, will be buried Saturday.

The loved Negro comedian died at General Hospital 5 a t u r d a y from an undiagnosed ailment. He had been hospitalized on and off throughout the summer and had been on the critical list since Nov. 7.

Survivors included his wife, Vivian, 39. Moore came out of retirement in 1946 to try for the part of "Kingfish" on television. He was considered by Amos 'n' Andy fans as the perfect "Kingfish" and received wide acclaim for his performances.

WINDSOR, Ont. (UPI)—Detroit industrialist and noted hunter William Guse, 63, who survived an airplane crash in Alaska five years ago, was killed Sunday when his car rammed a drainage culvert south of here.

## 'Over-Spending' Laid To Dodd

### County Restricts Work In District Until 'Accounting'

R. C. Dodd, county commissioner for District 4, today was accused by Board Chairman John Kridler of over-spending his budget on roads and bridges.

According to bills received by the Commission, Dodd has spent nearly \$30,000 in the first three months of this fiscal year.

Vernon C. Dunn, commissioner-elect, who will take over District 4 in January, told commissioners that one of the roads built in the area "goes through a swampy area without a house in sight."

Dodd answered that the road had been requested some years before. He said, "In the 12 years I've served on this Commission I have always tried to be fair about building roads in every part of my district."

The retiring commissioner admitted, however, that he was one of the property owners served by the Citrus Ave. road.

An argument ensued when Kridler suggested that no more money be spent in District 4 until the new Commission responds to the funds. Dodd emphasized that roads under construction would have to be completed, or be ruined and "cost the county twice as much."

Commissioners discussed a road on this, and passed a motion, over Dodd's dissenting vote, that no more money be spent in District 4 until an accounting is received by commissioners, with the exception of the completion of Red Bug and Tuscawilla roads and the wooden bridge now under construction on Red Bug Road.

The County budget for roads and bridges is \$250,000 for the fiscal year.

When Dunn asked Dodd what he was going to do when he (Dunn) took office, Dodd replied, "You will have about \$11,000 for maintenance. I have the same thing when I came in. You'll have to squeeze for the first year or two."

Equipment now in Dodd's District will be moved to Commissioner Homer Little's district for work on roads in that area.

## Killer Of 5 Jailed; Says 'Flipped Lid'

EL CAJON, Calif. (UPI)—A lanky, 16-year-old runaway youth fearfully admitted Monday night that he killed the wife and four children of his benefactor because of the construction of more expensive homes on the valuable lake-front property.

Sutton told the board that the only reason the Development Corp. wanted the roads closed was for the construction of more expensive homes on the valuable lake-front property.

Commissioners Fred Dixon and R. C. Dodd voted against accepting the report of Attorney Hutchinson and Mark Cleveland will draw up an agreement between the county and the Chuluota Development Corp., leaving the existing roads open until replacements have been built to county specifications.

Under the resolution passed by Commissioners, the roads will not be "hammered with" or "torn up" until the completion of the new access roads.

## 'Orfee' Club Sets Meeting Thursday

The Chamber of Commerce "Orfee" Club will feature orange juice Thursday morning, courtesy of Minute Maid Corp.

Orange juice coffee and doughnuts will give a good excuse for refusing to cook breakfast for the businessmen. Arrangements for the orange juice were made by John Fox, president of Minute Maid.

"Orfee" Club members will say farewell to Cdr. Joe Tully, former commanding officer of VAW-5, who is leaving for duty in Washington, D. C. According to Capt. James H. Blumage, several of Tully's close associates will be present to send him off in good style.

The meeting will be held at Mrs. Appleby's Valder Hotel restaurant at 10 a. m.

## Weather

Partly cloudy through Wednesday. Cold again tonight. Slowly rising temperatures. Wednesday, High this afternoon in the 60's. Low tonight 45 to 45. Northeast to north winds 15 to 25 miles per hour.

## Should Know Now

BUFFALO, N. Y. (UPI)—After setting a ticket for speeding at 45 miles an hour, Detective H. Rivera, 26, roared off in his car at over 50 miles an hour. He got another ticket as soon as the motorcycle patrolman could catch up with him.

## Through Congress Fight, South Should Rise Again

JACKSONVILLE, (UPI)—Fred H. Kent, prominent attorney and former chairman of the Board of Control, today called for a "revolution" of Southern states against the U. S. Supreme Court on a congressional battlefield.

Kent, a member of the powerful state institution policy-making body from 1953-57, said the time had come for another revolution—"this time a revolution of the states and their people against the usurpation of legislative and states' rights by the federal courts."

But the 33-year-old lawyer stressed the South cannot make an all-out attack on the Supreme Court's decisions "on the basis of segregation alone."

"The political yards are stacked against us," he told members of the Sons of the American Revolution.

But he added that if an attack is made on "all of the attempted usurpations by the court, we can enlist the support of a majority of the people in all the states, not just in the Southern states."

## Commission Okays Replat In Chuluota

The replat of North Chuluota was approved this morning by Seminole County Commissioners.

The replat was requested by the Chuluota Development Corp. to close certain roads in the area around Spring Lake and Lake Kathryn.

More than 30 protesting Chuluota residents appeared at the Commission meeting, represented by attorney John Sutton, who said that he didn't think Commissioners of the Development Corp. had "any right to deprive property owners of their rights to the streets, views, or lakes purchased in good faith with their lots."

Sanford attorney Bill Hutchinson, representing the Development Corp., told Commissioners that Section 21 would be enlarged to take care of increased traffic and said that "With 124,500 homes in the area, what now might be a pleasure would become a hazard if the roads were to remain. Your responsibility is to see that you have well rounded, orderly development which will benefit the entire county."

Hutchinson said property owners have had no substantial rights denied, and still have access to the area. He said that more than 150 homes had been constructed in the area since last April, and more were forthcoming with the completion of the sewage plant.

Hutchinson added that the residents "seemed to think it a crime for anyone to make money," and stated an incident two weeks ago when one of the protesting residents offered his home for sale at the meeting for \$10,000. "When he paid \$7,000 for it three months ago, that seems like a pretty good profit," he said.

Sutton told the board that the only reason the Development Corp. wanted the roads closed was for the construction of more expensive homes on the valuable lake-front property.

Commissioners Fred Dixon and R. C. Dodd voted against accepting the report of Attorney Hutchinson and Mark Cleveland will draw up an agreement between the county and the Chuluota Development Corp., leaving the existing roads open until replacements have been built to county specifications.

Under the resolution passed by Commissioners, the roads will not be "hammered with" or "torn up" until the completion of the new access roads.

## Mao Seeks Niche Beside Karl Marx

TOKYO (UPI)—Experts on Red China said today Mao Tse tung was preparing to step down as head of the Chinese Communist government to make a final supreme bid for equal billing with Karl Marx and V. I. Lenin as communism's top thinker.

This was suggested as an important reason behind Mao's rumored decision to turn his job as chairman of Red China's government over to Marshal Chu Teh next month. Mao would still wield power as chairman of the party, Tokyo experts said. Mao would need most of his energy to meet what may be the greatest challenge of his career—making a success out of the people's commune.

There is a strong possibility that Mao is dissatisfied with the future of the nation he heralded as the primary unit of the future Communist society. "I have been operating," he wants more time to whip them into shape, for his reputation as a Communist thinker—and probably the future of the nation he heralded as the primary unit of the future Communist society—"I have been operating," he wants more time to whip them into shape, for his reputation as a Communist thinker—and probably the future of the nation he heralded as the primary unit of the future Communist society—"I have been operating," he wants more time to whip them into shape, for his reputation as a Communist thinker—and probably the future of the nation he heralded as the primary unit of the future Communist society.

## Red Bosses Meet, Bulgain On Brink

MOSCOW (UPI)—The Communist Party's central committee met today amid Western speculation it was about to oust Premier Nikita Khrushchev from party ranks.

Last spring Bulgain was fired as premier and succeeded by Nikita Khrushchev who is also the party leader. Bulgain has already been removed from the position, or governing body of the central committee.

Since then, he has been linked with the "anti-party group" of former Premier Georgi Malenkov and V. M. Molotov, former Deputy Premier Lazar Kaganovich and Dmitri Shepilov, former foreign minister.

Observers noted that there has been no official announcement that any of the anti-party group had been expelled from the party itself.

The committee meeting started Monday. It was highlighted by a bitter blast by Khrushchev at Bulgain and the other anti-party members whom he called "a despicable group of wretched splitters."

## No New Taxes—IF State Cuts Frills

MIAMI (UPI)—State Sen. Fred O. Dickinson of West Palm Beach says Florida can escape new taxes for the next two years by cutting out the "frills" in the budget.

He told the Daily County Bar Assn. Monday that to keep out of the red it might be necessary also to plug some loopholes in revenue sources and the sales tax.

He said if the state tightens collection of its present tax laws the state should be able to collect 750 million dollars in the next two years.

The state auditors office has estimated revenue will total \$1.6 billion dollar against an estimated 716 million dollars needed to run the state for the next two years.

## Recreation Cards 'Must' By Jan. 1

Civic Center membership cards must be obtained before Jan. 1, according to Ronald Perry, Sanford recreation director.

After that date, any student attending the Civic Center Youth Wing without a card will be sent home, Perry said.

All participants who have not done so are urged to get their cards at the recreation department office Monday through Friday, from 1 to 5 p. m. Perry stated this morning that many of the boys and girls in the program are without cards.

## Jaycees Plan Yule Lighting Contest

The annual Jaycee Christmas Lighting contest will be held in the Sanford area again this year.

Contestants may enter either of both classifications of residential or commercial, although separate entries, blanks are required for each.

According to Christmas Lighting Contest Blank, "page 8"

ing Chairman Carleton Bliss, the Jaycees want to make Sanford the "Christmas Lightening" capital of Central Florida.

Residential entries have been broken down into four divisions, religious settings, traditional, artistic and best overall decorations.

Best overall is an automatic division, including all residential entries.

Four first prizes of a \$25 Savings Bond will be presented to division winners by the Florida State Bank, the Sanford Atlantic Bank, Florida Power and Light Co. and The Sanford Herald.

Four second prizes of ten silver dollars each will be donated by the Jaycees.

Commercial displays include doorways, show windows and building decorations. The prize is possession of the Florida Power and Light Traveling Trophy for one year.

All entries, according to Bliss, must be mailed or brought to the Jaycee Information Booth by noon Dec. 22. Contestants are requested to keep their displays lit every night between 7:30 and 9:30 until winners are announced. This will give judges ample time to check all entries.

Phoned entries will be taken at the Jaycee booth. Jaycees have urged all residents and business firms to enter the contest. Since displays must be seen from the highway or road, the resulting competition will enrich the Christmas happiness of travelers and everyone who passes by a contestant's house or place of business.

Before rushing to submit the entry, however, hopefuls should complete their displays.

## Citrus Industry To Rely On New Law, New Color

LAKELAND (UPI)—The Florida citrus industry today relied on new legislation and a new coloring compound to allow it to legally put artificial coloring on its oranges after March 1.

The U.S. Supreme Court, in overruling the Fifth Circuit Court of Appeals, Monday upheld an order by the federal Food and Drug Administration which struck "red 32" off the accepted list of color compounds. But the industry has come up with a new coloring substance and proposed the legislation to make it legal.

Red 32 has been used to color oranges since 1929 but was ruled out in 1953 when the Food and Drug Administration decided it must be classified a poison. However, under emergency legislation introduced by Congressman James A. Haley of Sarasota, the action was not to take effect until three years later, next March 1, in order to give the industry time to find a substitute.

The high court ruled Monday in a unanimous action that the Food and Drug Administration was legally in the right when it made its 1953 decision.

But former Congressman J. Hardin Peterson of Lakeland, the attorney who handled the case for the plaintiffs, said a bill has already been written for submission to Congress in January which gives the industry relief.

The proposal, said Peterson, provides that a new coloring substance, in times less toxic than red 32, "citrus red No. 2" be used in the coloring process. The measure also sets maximum levels of utilization for the compound.

## Holland To Sponsor 'Color Added' Bill

WASHINGTON (UPI)—A Florida congressman announced today he would introduce legislation to permit his state—and Texas—to continue artificial coloring of oranges.

Seems some ripe oranges from those states are green—or orange—until they are touched up.

Sen. Spessard Holland of Florida said his legislation would overcome the effect of Monday's unanimous Supreme Court ruling outlawing the coloring additives under present statutes. The process may be continued under a special law only until next March 1.

Holland's office said his proposed bill in the new Congress dealt with a substitute coloring material which has approval of the Food and Drug Administration.

Artificial coloring of the oranges is a critical problem to that industry because housewives won't buy green-skinned oranges.

## Authorities Report Three Burglaries

Three burglaries in two nights were reported to city and county authorities today.

Hit last night were New York Beer Garden, West 13th St., and the pro shop at Mayfair County Club. Golf balls and sweaters were stolen at the pro shop. Taken from the beer garden were cigarettes, a jar of pennies, several boxes of cigars, four fifths of wine and several pints.

Jim Spencer's Restaurant was entered Sunday night. Money from a juke box, cigarettes and money from a dispensing machine, an undetermined amount of liquor and about \$150 in nickels and dimes from a box were reported stolen.

At Spencer's and the beer garden, entrance was gained by forcing a window.

Investigating the pro shop burglary is Sheriff's Deputy Vern Brewer. Sgts. Ben Butler and Leo Rock are investigating the others, he said today.

## Officials Enforce Youth Wing Hours

Youth Wing hours at the Civic Center are being enforced by the bus staff and students should be picked up promptly at closing time, Ronald Perry, recreation director, said today.

It is the responsibility of the staff to remain at the center until all students, particularly girls, have left the premises.

Hours at the Youth Wing: Monday and Tuesday, 7 to 10 p. m.; Thursday, Friday and Saturday, 5:30 to 10:30 p. m.
