

LIBERTY LOAN WAS OPENED SATURDAY

SEMINOLE COUNTY WILL SURELY GO OVER THE TOP.

The fourth Liberty Loan campaign formally opened here last Saturday morning at nine o'clock with the blowing of all the whistles on locomotives in the yards and on the tracks and all the shops and factories and all the church bells. It sounded like an alarm that hostile aeroplanes would bring if Sanford was in the enemy country and there were no people in Sanford but what were apprised of the fact that the Fourth Liberty Loan was ready to be sold.

Promptly on the dot the ladies and the gentlemen delegated to sell bonds started the ball rolling and many bonds were sold on the streets.

Forest Lake is chairman of the drive and Mrs. E. M. Galloway is chairman of the Ladies Loan Committee and the campaign will be waged in every part of the county in the effort to go over the top before the campaign closes.

Mr. Lake will arrange for a big celebration on Saturday Oct. 12th, the last day and while this is a bad day to ask the stores to close it may happen that keeping the stores open and having a big parade to bring the people to the city will be better than closing up the stores as heretofore. One of the features of the campaign will be the War Relief train that will be here next Saturday and public speaking and house to house canvass will sell the bonds.

Meantime let every individual help by taking stock and making up their minds about how many bonds they can and will purchase and when approached by the sales agents have your money ready. The Fourth Liberty Loan is the same gilt edge security that the other bonds have been and the only difference is that you can really see the end of the war in sight and by going over the top you will assist in hastening the end and saving the lives of more of

B. W. Herndon Now City Chairman War Savings Committee

B. W. Herndon has been made City Chairman of the War Savings Committee for Sanford. The appointment of Mr. Herndon completes the organization of the Committee for Seminole County.

Mr. Herndon states that it is his belief that the organization of teams of team captains as have been in Sanford should continue, and he expects to appoint new territory and additional workers, and further states that he expects to see to it that Sanford shall go over the top with the rest of the Seminole Cities. Mr. Herndon is an enthusiastic worker and a believer in War Savings Stamps—the highest interest paying securities of our government, and we predict that our new City Chairman is going to make things boom in the War Savings line.

Sabelle Maines, the County Chairman will continue in that office.

Oviedo Over the Top

The report of the War Savings Committee last week showed that Oviedo was the only town in Seminole County that had gone over the top in War Savings Subscriptions.

This speaks well for the people of Oviedo and shows that Oviedo is right behind the Government in this War program. It also demonstrates the fact that Sanford and Seminole County can go over the top in the W. S. Campaign—

if a little co-operative pushing is done in the right place. Hon. O. P. Swope is the district Chairman for Oviedo and has demonstrated his ability to do things.

Mrs. Ida M. Telford was chairman for a while working in conjunction with Mr. Swope as a member of the school Board in the June drive.

Honorable Mention.

Chuluota District of the War Savings Campaign needs only \$75.00 to place her self over the top in the subscriptions of War Savings Stamps. Mrs. C. D. Brumley, the Chuluota Chairman says the \$75.00 is coming. Hats off to Mrs. Brumley and Chuluota.

THE WHITE HOUSE WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first and are now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

BULGARIA SURRENDERS TO ENTENTE

UNCONDITIONAL SURRENDER MARKS BEGINNING OF END.

Paris, Oct. 1.—An armistice has been concluded between the Allies and Bulgaria on the Allies' own terms.

The announcement was made officially today.

Bulgarian representatives agreed to an armistice—probably the first step in Bulgaria's withdrawal from the alliance with the central powers a few days less than three years after she entered the war on the side of Germany. It was on October 8, 1915 that Bulgaria issued a manifesto announcing her decision to cast her lot against the entente alliance. She had been fifteen months in deciding her course.

In the manifesto issued at the time of her entrance into the ranks of the belligerents, the Bulgarian government declared that her trade interests and economic rights "were inseparably bound up with Turkey, Germany and Austria" it was added that Germany had offered Bulgaria in return for her neutrality the whole of Macedonia including Uskub, Monastir and Ohrida. A still greater territorial expansion at the expense of Serbia was said to have been offered as a condition of active military assistance.

During the period of Bulgarian neutrality both the entente alliance and the central powers had made offers to Bulgaria; and Russia, who for years had protected Bulgarian interests, sent an ultimatum to Bulgaria early in October 1915. Bulgaria refused the Russian demand.

The Bulgarian manifesto said that Bulgaria did not believe in the promises of the entente and that "Bulgaria must fight at the victor's side." It was reported at that time and never denied authoritatively that a secret treaty had been signed between Bulgaria and Germany concerning Bulgarian participation in the war on July 17, 1915. Bulgarian troops invaded Serbia October 13, 1915. Her entrance into the war led to the overrunning of Serbia, Montenegro and Albania by the armies of the central powers was one reason that led Roumania to enter the war on the side of the entente late in August, 1916.

London, Oct. 1.—Austria is withdrawing her troops from Albania, according to reports received in London from well-informed sources, the Central News correspondent at Amsterdam advises.

As a result of terrific attacks by the Allies over five sectors, the aggregate length of which is more than one hundred miles, the German positions in France appear to be in imminent peril. From the North Sea as far south as the St. Quentin region a tremendous battle is flaming up, with the Belgian front on the extreme north cutting deep into the positions the enemy has held since 1914, with the Americans, British and French smashing the Hindenburg line between Cambrai and St. Quentin. North of Soissons, north of the Aisne, the French have gained the crest of the ridge along which runs the famous Chemin-des-Dames.—The Germans apparently are hastily retreating.

Paris, Sept. 30.—Marshal Foch is fighting five battles simultaneously and successfully—a feat unparalleled in the history of war. Each battle is so timed and placed that each army supports another; all forming an indispensable part of the whole effort.

General Grant's idea of a continuous concurrent attack by a multiplicity of forces on many fronts is being realized by the allied generalissimo. There are five battles today; there may be more tomorrow, all interrelated and working as smoothly as cylinders of a well adjusted automobile engine.

All are directed to the same end—to wear down the enemy's strength. Marshal Foch alone knows when the allies will strike the decisive blow. He is still offering splendid resistance west of the Aronne but how long can he keep it up?

Women Drive the Avery Tractors at Gainesville.

Gainesville, Fla., Sept. 26.—A striking illustration of the degree to which women are doing men's work under war conditions was given in the tractor demonstrations here today in connection with the Citrus Seminar and Live-Stock Round-Up.

Mrs. A. F. Smith and Mrs. M. G. Campbell drove Avery tractors for the L. B. Skinner Mfg. Co., the Syate Distributors, handling the machines in such a way as to compare favorably with the work of

professional male demonstrators on other tractors.

Mrs. Smith has been operating a tractor for some months, cultivating a twenty-acre grove not far from Tarpon Springs without assistance. Mrs. Campbell is one of Mrs. Smith's friends who thought running a tractor was so easy she would like to try her hand at it. Mrs. Campbell mastered one of the machines, and divided honors with Mrs. Smith on the afternoon's demonstrations. Many machines of various types

participated and were watched with great interest by a large crowd, but it was the tractors operated by ladies which obtained and held the greatest attention.

Drove From Toledo

Mr. and Mrs. H. L. Haight have returned from Toledo and other points in Ohio and Michigan. Mr. Haight is the agent for the celebrated Overland cars and made the trip to the factory to look them over.

After seeing the factory he made a trip into Michigan and then drove

the new Overland to Sanford. He says that his membership card in the Sanford Auto Club was an open sesame into all the clubs and garages all along the route and that if any one wants to make an auto trip they should be members of the Sanford Auto Club.

Mrs. Savage and daughter Mrs. Deane Turner left Saturday for Jacksonville, where Mrs. Turner will have her eyes examined by a specialist.

CLOTHES FOR THE BELGIANS.

Boy Scouts Will Call at Homes For Them.

The Boy Scouts of Sanford will call on the various homes of Sanford Saturday morning the 28th between 9 and 11 A. M., collecting clothes for the Belgians. You are asked to have your gifts ready. Give the best you can, mens, womens and childrens clothing of all sorts wanted, top and underclothes. You are asked to give clean clothes, but a little tear here and there don't matter, all can be used and no doubt your gift of cast off clothing will help save the life of some poor citizen of that war-ridden country.

They are asked by the Red Cross to secure an allotment and to secure this the Boy Scouts are helping. If the Scouts happen not to see you or get your donation, take them or send them to the Red Cross work room in the Welborn building. We want a large donation to represent Sanford's gift. Do all you can. Shoes are also appreciated, bed clothes or wraps of any sort, they all mean warmth for our poor unfortunates.

BOY SCOUTS OF AMERICA, Troop 1 Sanford.

The meeting of September 24th was called to order by Scout Master Marlowe at regular time at Scout Musson's house. In order of business roll was called and dues collected. Archbishop Ireland recently celebrated his eightieth birthday. He had been in frail health for a year. Last winter he went to Florida. When he returned early in the spring he suffered a breakdown and for several days was at the point of death. After his physicians had practically abandoned hope for his recovery, he improved rapidly and almost immediately after he was able to leave his bed, he celebrated solemn high mass at the cathedral.

Meeting adjourned at 8:30 o'clock
J. W. Musson,
Scribe.

Weather and Crop Conditions in Florida.

Temperature. The temperature was moderate to below the seasonal average during much of the last half of the week. Night temperatures were in the 60's at some stations in the northern and western divisions. Precipitation. Rains were gener-

ally moderate to excessive, the latter over a small area on the south-east coast. More rain is generally needed over much of the section—particularly on high lands. The total at Ft. Pierce was about 7 inches. The area covered by that excess was small, however, and confined to St. Lucie county, some stations report no rain during the week. The week was driest west of the Suwanee river.

Condition of Crops. Much activity prevailed in the harvesting of hay, corn, castor beans, some sweet potatoes and cotton. The bulk of the corn crop has been gathered; the yield is fair to good, except west of the Apalachicola river, where the crop was poor. Corn is fair to good; dry weather reduced the outlook for this crop. Peanuts are mostly good—the crop is being harvested. Tobacco is good, and the fruit is ripening earlier than usual. Irish potatoes are being planted, also, celery, lettuce, beans and tomatoes—mostly in the central and southern divisions. Some Irish potatoes, beans, onions, and other truck look well. The recent rains were very beneficial.

Archbishop Ireland Dead.

St. Paul, Minn., Sept. 25.—Archbishop John Ireland of the St. Paul diocese of the Catholic church, died at 3:55 o'clock today after a long illness of heart disease and stomach trouble. He was 80 years old.

Archbishop Ireland recently celebrated his eightieth birthday. He had been in frail health for a year. Last winter he went to Florida. When he returned early in the spring he suffered a breakdown and for several days was at the point of death. After his physicians had practically abandoned hope for his recovery, he improved rapidly and almost immediately after he was able to leave his bed, he celebrated solemn high mass at the cathedral.

Until last fall Archbishop Ireland took a large part in patriotic activities and his physicians at that time attributed his breakdown to over work.

Fourth Liberty Loan Publicity To Our Merchants:

During the week posters advertising the Fourth Liberty Loan have been distributed and I am informed that some of these posters were left in every business house in Sanford

with the request that you have them placed before Saturday. A great number of these have been placed in windows and other public places however, I notice that some have failed to get the posters up, I desire to urge upon every merchant to see that he has some posters in his windows by Saturday, the people expect to see some in your place

of business, and they will ask why you have none, if you fail to get them up. This is small favor to ask of you and I am sure that you could not have a better advertisement. Remember that in doing this you are helping our Government and our fighting boys. If you have failed to get posters end to me and I will see that you get a sufficient number.

By our united effort we will make the Fourth Liberty Loan a success. Yours for the Fourth Liberty Loan
E. F. Householder,
Publicity Chairman.

For Patriotic Reasons The Wesley Bible Class Federation Has been Postponed The Annual Meeting Till Next Year.

Rev. A. H. Cole, Field Secretary of the Sunday School Work of the Florida Conference, writes, "The Wesley Bible Class Federation which was to have held a meeting in next week, has been postponed until next year. Many of our leading men and women are enlisted in the Liberty Loan Drive, which begins next Saturday; the Government is urging the conservation of gasoline the money is needed for the use of the country in the present situation." While many of our Sunday School workers will be disappointed, they will accept the reasons for postponement as sufficient, and will cheerfully deny themselves the anticipated pleasure and profit of the meeting.
J. P. Hillburn.

Fellowcraft Degree

At the next regular communication of Sanford Lodge No. 62, F. & A. M. which will be held on Tuesday evening October 1st at 7:30, the Fellowcraft Degree will be conferred and all Masons are cordially invited to attend.

At the last communication, the Fellowcraft Degree was conferred by the Senior Warden W. C. DeCoursey. Past Master C. J. Rumph presented the working tools and delivered the charge and the splendid lecture associated with this degree was given in a clear, lucid manner, which reflected great credit upon our Senior Deacon and Sanford Lodge.

Will Receive N. B. C. Contribution.

Jacksonville, Fla.—The Jacksonville Branch of the National Biscuit Company has just received a check for \$100.00 from the N. B. C. for the purpose of contributing to the Fourth Liberty Loan among all the cities of the State.

Total Stamps sold and pledged			\$83,275
Seminole's Quota			\$201,000
Sold and Pledged			82,275
Seminole Must Sell			\$118,725

The County Chairman, Schelle Maines, desires the Herald to state in connection with the above statement that he extends to each worker, whether District Chairman, Captain or solicitor, and to all those who in any way assisted in the September Drive, or in any other way assisted in stimulating the sale of War Savings Stamps, the thanks of the Government, and in addition thereto wishes to express his own heartfelt appreciation of the untiring assistance that was so graciously rendered in the work.

The Herald thinks that the above statement is a rather good showing on the part of Seminole, in view of the conditions that now exist, and also in view of the fact that just now money may not be as plentiful as in a few months. While \$118,000 may be a big amount of money to some people, it is earnestly thought that Seminole will keep her promise to the boys in the trenches and take her allotted quota in War Savings just as she has done in all of the other war activities.

We congratulate Oviedo on being over the top.

THE SANFORD HERALD

R. J. HOLLY, Editor
W. M. HAYNES, Business Manager
Published Every Tuesday and Friday
THE HERALD-PRINTING COMPANY

The Germans have the stomach ache right. They now complain that the American soldiers are using shot guns on them and sprinkling them proper with the buckshot that the Americans know so well how to shoot.

The hour for Germany has struck but the war has not ended yet and will not end for some time to come and it behoves everyone to keep going. Bulgaria surrenders, Turkey is falling, Austria-Hungary will be next and then coming in from the eastern front will be the new Russian army.

Lakeland never had any tourists to speak of until it secured them the activities of the chamber of commerce. And practically all the good things that have come to the city have been put over by the earnest, patriotic, unselfish men who compose it, and who stand squarely back of its secretary, who, big men of the state have repeatedly told us, is one of the biggest assets Lakeland has.

HOW NEWSPAPERS SERVE
The prompt compliance by the publisher with the request of the fuel administration for the conservation of gasoline by the general observance of antilapse Sundays furnishes another example as to why newspapers are placed to the forefront of the essential industries, points out the Anniston (Ala.) Star.

Every section of the country affected by this injunction, which was not promulgated in the form of a law, the American people have willingly foregone their pleasures of Sunday riding, and it has not cost the government a red cent to bring about this great saving in the interest of war efficiency.

There has been no paid advertising in this paper, no billboard advertising, no letter writing, no appeals, nor any means to bring about any noteworthy result. Mr. Garfield merely made his address known, and the newspapers of the country carried the information to every nook and corner of the United States, east of the Mississippi River, at the cost of the white paper and the request was printed. The widespread influence of the press and the compact between the press and the people for the good of the country when they join hands in a common purpose.

Herald Printing Co. OFFICE SUPPLY DEPT. Phone 148 Sanford, Florida

to W. D. Ballard of Geneva is good news:
Sept. 20, 1918.
My Dear Mr. Ballard:
I am pleased to inform you that I have received a copy of a communication from the Commanding Officer, Sixth Regiment of Marines, to the Division Commander, Second Division, American Expeditionary Forces, dated June 9, 1918, which states, among other things, the fact that your son, Quartermaster Clerk Edwin L. Ballard, Marine Corps, has been recommended for suitable reward for conspicuous gallantry and service in the face of the enemy particularly set forth as follows:

"On the morning of June 7, 1918, it was found necessary to get to portions of this regiment occupying Boresche, ammunition band grenades, pyrotechnics, food etc., and Private Morris F. Fletz, 120010 Headquarters Company, driving Ford Car. (Elizabeth L. Pierce) traversing Lucy to Boresches roadway exposed to and under enemy machine gun and artillery fire, making repeated trips and in plain view of enemy observation balloons. Each trip the Ford was fired upon by both artillery and machine guns.

These trips were made under direction and accompanied by Quartermaster Sergeant Frank E. Davis, 119972, Supply Company and Quartermaster Clerk Edwin L. Ballard, at frequent times over a period from the morning of June 7, 1918 to 6:30 P. M. June 8, 1918."

News of such a nature is always pleasant to impart, and I know that you will be proud to learn that your son so maintained himself as to have called forth such high commendation of the part of his commanding officers.

Very sincerely,
George Barnett
Major Gen. Com.

Mr. William D. Ballard, Geneva, Florida.

Fred Ballard another son, is also in the service but on account of his excellent marksmanship and other qualifications has been retained on this side for the special purpose of training recruits. Fred is greatly disappointed at not getting right over for a crack at the Hun, but he is a chip of the old block and when he does go across he will give a good account of himself. All Seminole County is proud of not only the Ballard boys, but all the other boys who have gone forth to battle for freedom and we can depend upon them each and every one to do their duty on this side and on the other side.

Entertained Truth Seekers

Mrs. C. H. Smith entertained the Wesleyan Truth Seekers, the ladies' Bible class of the Methodist Church, of which she is a member, very delightfully on last Tuesday afternoon, Sept. 24th at her home on Park Avenue.

On account of our President, Mrs. L. P. Hagan, not having returned from her vacation, the vice-president, Mrs. T. O. Charles called the class to order after a large number had gathered and the usual monthly program was carried out.

The Class song, Scripture reading from Psalms by Mrs. Crenshaw, reading of minutes by Mrs. R. M. Mason, collection of dues by Mrs. J. T. Adams, and report of various committees.

Mrs. Hilburn then read an article on "Some ways to kill an organized class." Miss Robson, our devoted and efficient teacher suggested that we make our next meeting a rally day in real earnest.

Then followed the election of officers for the ensuing year. It was decided by the class to keep our same officers. They are as follows:

- Mrs. L. P. Hagan, President.
Mrs. T. O. Charles, Vice-pres.
Miss Robson, Teacher.
Mrs. R. M. Mason, Secretary.
Mrs. J. T. Adams, Treasurer.
Mrs. J. M. Hayes, Class reporter.
Mrs. H. H. Chappell, Ch. Devotional Committee.
Mrs. Rolan Marsh, Ch. Social Com.
Mrs. E. W. Peabody, Ch. Flower Committee.

Following the business session a social hour was spent in which Miss Brady came in and rendered one of her beautiful piano selections, after which the hostess served grape juice and Social Tea.

Letter From Clarence Temple. Somewhere in France Sept. 9, 1918.

Mr. R. J. Holly, Sanford, Florida.

Dear Mr. Holly:
Just a few lines to you and the folks in God's country. France is all right, but Oh! you Stars and Stripes. We are at last hearing from the boys from Dixie. They are all taking a whack at the Hun. We are having very pleasant

weather here and I am feeling fine except for a slight injury to my right hand and that will be all right soon.

We certainly appreciate the Red Cross and Y. M. C. A. over here. They are doing as much or more for the uplift of humanity as the boys at the front although in a different way and you don't know how much we think them for it.

Now, Mr. R. J., if you have a copy of the Herald occasionally, mail it to the above address and it will be appreciated greatly.

Well, as I cannot say much this time I will close but will write again next week. So long, everyone. We will all be back before long.

An Revisor,
Clarence.

The Doom of the Cattle Tick is Sealed.

It is evident that the drift of public sentiment throughout Florida is strongly in favor of the speedy and complete eradication of the pestiferous cattle tick. Every county but one has made an appropriation for dipping vats. The county which bears this unprogressive distinction is Jefferson, but it will inevitable fall in line when it sees the benefits its sister counties are reaping by destroying the tick. In recent elections for compulsory dipping, Sumter county is the only one that voted adversely, and that by a small majority. The advocates of compulsory dipping will ask for a new election shortly, and expect that a campaign of education will change the result.

Six counties have already voted for compulsory dipping, the six being Lake, Orange, and Palm Beach, in which counties over half the cattle are tick free, and Brevard, Escambia and Seminole. These three are erecting dipping vats and preparing for systematic work.

Elections for compulsory dipping will be held this fall in 11 counties, Alachua, DeSota, Duval, Gadsden, Hernando, Hillsborough, Holmes, Leon, Marion, Manatee, Ocala, Nassau, Pasco, Polk, Pinellas, and Volusia. There can be little doubt of the result of Hillsborough, for we have it on the authority of the State Livestock sanitary board that 40,000 cattle were voluntarily dipped in the county during August. Progressive cattle men all over the state favor it and declare it to be the first necessary step toward making one of the greatest cattle states in the Union. The tick can be a completely eradicated by systematic and co-operative effort, and the sooner this done the sooner will Florida come into its own. Let the good work go on, Tampa Times.

Name Tanks and Ships.

Determine terms upon which cities and counties in the Sixth federal reserve district may christen merchant vessels and armored gunboats in honor for success in the Fourth Liberty Loan Campaign have been assigned to this district, which embraces six states.

The first six ships may be named by the city of 5,000 or more population, one in each state, which secure the highest percentage of bond subscribers in relation to the population based on the 1910 census. The remaining four ships may be named by the four cities of 5,000 or more throughout the district, no city to name two ships.

The tanks are to be named by counties, and on the same basis, except that there are no restrictions as to population.

WAR RELIC TRAIN HERE

Great Display of Artifacts Taken by Americans in Battle.

The U. S. Government War Relic Train will be in Sanford Saturday Oct. 5th, and the trail will be open to the people at eight o'clock in the morning.

Chairman Forest Lake made arrangements for the Relic Train to stop here and Sanford people should turn out in great numbers to see this most interesting collection. It will include guns, torpedoes, cannon, shells, trench mortars, French 75's, captured German Meisewurfer, navy mines, carbombs, German rifles, gas masks, machine guns, etc.

There will be speaking by soldiers, sailors, marines, foreign officers, Y. M. C. A. workers many of whom been over there and can give first hand information.

The display will be one of the most interesting especially from an educational standpoint and the exhibition is worth going miles to see. Remember the date, Saturday Oct. 5th at eight in the morning.

Glory for the Conqueror. The more famous the vanquished the more famous the victor.—Don Quixote.

SHIPYARDS NEED MEN.

Jacksonville Yards Want Carpenters of All Kinds

Within the next few months the capacity of the shipyards in and around Jacksonville is to be greatly increased. Preparations are now made for doubling the output of some yards.

Ships and more ships are necessary and will be needed after the war is over as well as now.

Shipworkers are in great demand now with the demand increasing. At present carpenters and men with carpentering experience are greatly needed with the need increasing as the yards expand.

Men who have had experience in handling carpentering tools, those who have used broad ax and adze, or assisted in building houses, bridges, cutting timber, are all capable of filling some niche in a shipyard and the great necessity for ships calls them for service in the yards.

The man who is working in a shipyard is as truly winning victories in France as is the soldier at the front. Without the bridge to Berlin food, no guns, no aeroplanes, no ammunition could be sent the soldier to keep him fit and supplied so that he might fight for democracy.

The man who can work in a shipyard should do so; do so proudly, willingly and cheerfully as a patriot and a citizen of the greatest democracy on earth.

It is the duty of every one to serve their country where it can best be served, and no man should be termed "shaker" or considered anything but patriotic, because he works in a shipyard.

RED CROSS MEETING

And Election of Officers Wednesday Night.

Every person, particularly the members, should be in attendance at the annual election of Red Cross officers at the Presbyterian church, Wednesday, Oct. 2nd, at 7:30 P. M. This is the date of the election and review of the vast amount of work being turned out by this great organization, every person in Seminole county should be present.

At the meeting a full accounting of the year's work will be given, work turned out, money collected and expended. In fact a detailed statement will be rendered that will actually surprise many. The work of the Red Cross has covered the globe, next akin to the Army and Navy, this great agency of mercy has gone into fields of depression, has stimulated those who were almost to fail and put them back in trim for the fighting. This was done in France and Italy. Not only does the Red Cross minister to those upon the battle-field, but the mothers, wives, and families of the soldier is cared for at home.

The Seminole County Chapter Civilian Relief Committee is constantly engaged in looking after these home folks of the soldiers, providing medical treatment, nursing and in every way helping to sustain them in lieu of their gift to the world.

Every American should attend this election and come prepared to designate who shall be the County Chapter officers for another year. This patriotic program will be carried out with Mrs. Julius A. Tackach, in charge of the music. Patriotic songs by the audience with services appropriate for the occasion will be had intermingled by the business of the occasion. It is sincerely hoped that tomorrow night every person who can possibly attend will be at will be at this annual election.

MEMORIAL SERVICES SUNDAY

In honor of Sanford's Boys Who have Died For Freedom

Next Sunday afternoon at four o'clock at the Lyric Theatre Sanford will hold memorial services in honor of the first two boys to lose their lives fighting for America in the great war.

Arthur Lossing and Frank Campbell who died of their wounds last week in the hospitals of France will be honored by their friends and fellow citizens in a manner that will demonstrate how the people at home feel about their devotion and sacrifice. The Seminole County Guards will act as guard of honor and will serve as ushers at the exercises.

There will be a musical program and several short addresses and every one is cordially invited to attend the services and to pay homage and do honor to the memory of these brave boys of ours who have laid down their lives that we might be safe from the ravages of a ruthless foe for who would conquer the world for autocracy and military power.

The program is being arranged for the memorial exercises and will be published in Friday's Herald.

Varied Program for Convention Sunday School Workers of Florida gather in Miami on October 29th.

A splendid program has been prepared for the approaching State Sunday School Convention which meets in Miami October 29, 30, 31st At the General Sessions, Morning and Night the following are some of the subjects to be discussed:

- The Kingdom Key Word Kingdom
The Teacher and the Kingdom
The Call to the Colors
Our Children
The Country Sunday School

Childhood's Rights

The Challenge of the Sunday School

The Sunday School as a Investment
The Times and the Task
War Work Program
The Call to Service

Each afternoon there will be four worker's training Schools for: Teachers of Children, Teachers of Young People, Teachers of Adults and for Superintendents and other Administrative Officers. Among the out of state speakers will be: W. C. Pearce Field Superintendent of the International Sunday School Association, Mrs. Maud J. Baldwin, Superintendent of the Children's Division of the International Sunday School Association, Miss Minnie Allgood, Rural Specialist of the Alabama Sunday School Association and W. S. Witham, a prominent banker of Atlanta, Georgia and one of the strongest Sunday School Leaders of that state.

Card of Thanks.

We wish to express to the many friends who so kindly assisted during the sickness and death of our beloved wife and mother, our deep sense of appreciation. The kindness shown have helped us to bear our great loss.

James Couch,
Mr. & Mrs. C. D.
Mr. and Mrs. C. D.

There is hardly a section in Florida this year but what peanuts are being grown, and that very successfully. Over in DeSota county on one farm there can be seen a field of 250 acres of as fine peanuts as were ever grown anywhere. Peanuts are selling for a fancy price, hence those who are growing them are reaping a rich harvest from the standpoint of profit.

Officer's Training Camps Applicants should write for blanks rather than apply in person. After the applications and other papers reach the proper Army Officer, the papers are examined and a notice is then sent to the applicant to appear for personal examination. This necessitates the expense of a second trip. The first one might have been omitted. Each application must be accompanied by at least three testimonials from reputable persons as to the character of the applicant. Many testimonials that have been received indicate that the applicants do not appreciate their grave responsibility. They give nice polite letters that are valueless. The Army needs men who can qualify as leaders and officers. The real test that the sponsor should apply to himself if this would be willing to have my brother or son, or, would I myself, be willing to serve as a soldier under this man. Even if he has no brother nor son he should remember that others have brother and sons who may have to struggle for their lives under the leadership of the applicant. Either give a recommendation of value or else give none. E. S. Walker Col. U. S. A. Retd.

Florida in Eastern Zone The peninsula of Florida from the Atlantic to the Gulf is to be placed in the eastern time zone by the interstate commerce commission. This means that the clocks in this part of Florida will not be turned back an hour on November 28th, (Thanksgiving Day), and then turned ahead another hour on March 31, 1919, giving Florida people an additional hour of sunshine. Changes in the standard time zones of the United States, moving the lines slightly westward, are recommended by the interstate commerce commission. The primary object of the change which will probably become effective next Thanksgiving is to unify the time changing practices of cross-continent railroads. The new boundary between the eastern and central time zones will follow longitude 83 through Detroit, Thomasville, Ga., Live Oak, Fla., and south through the gulf just west of Tampa.

BEACH MYSTERY

W. H. Aspinwall Disappears While Taking Swim.

With the sudden disappearance of W. H. Aspinwall, aged 50 years, who was last seen Friday afternoon by several of his acquaintances breathing the breakers a mile or more out to sea, there has developed a mystery which minute investigation on the part of Daytona Beach as well as county authorities has failed thus far to unravel.

Friday in company with a casual acquaintance from Orlando, Aspinwall left the Daytona Beach hotel where he had been a guest since February, 1915, for a dip in the ocean. Good swimmers, both of them, they had been enjoying for some time the rough water south of the pier when Kemp Barbe, the fourteen year old son of Mr. and Mrs. John Barbe came out for a swim. With the dashing of youth, young Barbe struck out to join them, Aspinwall's companion fearing for the safety of the boy turned back to meet him and the two made their way through the rough breakers to shore opposite the Neptune. Neither concerned himself about the safety of Aspinwall as he was known to be an expert swimmer and teacher. Guests at the hotel and others on the beach saw Aspinwall floating far out at sea as they had seen Aspinwall do many times.

We Borrowed This

The Advance Club News, a snappy paper published in Chicago, recently printed the following list, which fits our case so well that we have taken the liberty of borrowing it and trust that it will produce a bountiful harvest of news. If any Reader has:

- Gone fishing.
- Taken a vacation.
- Married.
- Returned an umbrella.
- Paid back a borrowed two-dollar bill.
- Bought a Ford or a horse.
- Planted a war-garden.
- Built a chicken house.
- Made a sale.
- Joined the Army.
- Reduced.
- Advised.
- Been promoted.
- Given a raise.
- Been in a fight.
- Got a baby visitor at home.
- And swindled the Hun.

Write and send it to the Editor.

Death of Mrs. Couch

Anna Couch, beloved wife of James Couch died last Friday after a lingering illness. Mr. and Mrs. Couch came to this city from their home in Michigan about eight years ago for the benefit of Mrs. Couch's health and the change of climate seemed for a time beneficial, but the loving care of a devoted husband and son and the aid of physicians could not stay the hand of death and mother and wife was taken to her home above where all is peace and happiness.

The funeral services occurred from the home on West First street Saturday afternoon at 1:45. Rev. of the Congregational Church officiating, and the remains were taken to the old home at Ovid, Michigan accompanied by the husband and son.

Death of Ted Bleggers.

Ted Biggers, son of Mr. and Mrs. S. W. Biggers of this city died at Shreveport La., Saturday with pneumonia after a short illness. He was in the service of the government at the time of his death recruiting labor for government plants in the south. Ted had been resident of Sanford for many years coming here while a young man with his family from Charlotte, North Carolina and for several years past being employed at the plant of the Crown Paper Co. He leaves a wife and one child and a father and mother, four brothers and two sisters to mourn his loss. The remains will be brought here today and the funeral will probably be held from his residence tomorrow.

W. H. Aspinwall Disappears While Taking Swim.

With the sudden disappearance of W. H. Aspinwall, aged 50 years, who was last seen Friday afternoon by several of his acquaintances breathing the breakers a mile or more out to sea, there has developed a mystery which minute investigation on the part of Daytona Beach as well as county authorities has failed thus far to unravel.

Friday in company with a casual acquaintance from Orlando, Aspinwall left the Daytona Beach hotel where he had been a guest since February, 1915, for a dip in the ocean. Good swimmers, both of them, they had been enjoying for some time the rough water south of the pier when Kemp Barbe, the fourteen year old son of Mr. and Mrs. John Barbe came out for a swim. With the dashing of youth, young Barbe struck out to join them, Aspinwall's companion fearing for the safety of the boy turned back to meet him and the two made their way through the rough breakers to shore opposite the Neptune. Neither concerned himself about the safety of Aspinwall as he was known to be an expert swimmer and teacher. Guests at the hotel and others on the beach saw Aspinwall floating far out at sea as they had seen Aspinwall do many times.

Saturday afternoon in looking over the maid's chamber work, Mrs. Ayers glanced into Mr. Aspinwall's room. It looked as though he had just stepped out. His watch on the dresser, his shoes handy and his suit spread in a chair. He came and went in the hotel at liberty, and his absence at the meals had not been noticed. On Sunday morning, however, when she looked to his room again everything came exactly as it had the day before and she called up the maid, who said that the bed had not been occupied that night. Mrs. Ayers then summoned the marshal and the mayor. They examined the room and a patrol was sent out to search the beach, but with no results.

After some inquiry among the guests Mrs. Ayers ascertained that Mr. Aspinwall had a uncle, L. C. Aspinwall, at Sanford. One of the Sanford guests who was returning home Monday undertook to acquaint the uncle with the facts and Mrs. Ayers received a telegram asking for any further developments, which she answered by wire. However, the uncle had not arrived at the hotel as late as Tuesday night and up to Tuesday night nothing had been learned by the beach patrol parties.

A message by long distance from Mrs. Ayers to Judge McCrory at DeLand acquainted him with the facts. He sent papers Tuesday morning for her to fill out a complaint and advised her as to further legal proceedings in the case. Tuesday upon investigation Mrs. Ayers found the name of his mother, who resides at Concordington, D. C. The mother was at once notified of her son's disappearance by wire.

W. H. Aspinwall was held in high esteem by Mr. and Mrs. Ayers, as a well educated, intelligent man, and his conduct during the time he was at the hotel was such as to commend him to the good will of both the proprietors and the guests, and in fact to all of the town folks who knew him. Although when he came to the hotel he declined point blank to give his home address, or any address by which his relatives might be reached in case anything happened to him.

While his fate will probably never be a demonstrable fact unless the sea gives up some evidence, the more probable fact in the case is that another victim has been added to the long list of good swimmers who have challenged fate once too often. —Daytona Journal.

Attractive Millinery Opening.

Dear to the hearts of feminine Sanford, are Millinery openings as each season rolls around bringing with it the dainty creations of the milliner's art.

On Wednesday last, the Quality Shop presented to its patrons an attractive display of Fall and Winter Millinery that made a strong appeal to the delighted throng of interested women who called early and late. The new styles show a distinct originality, and there are plenty of them, all singularly with their unsymmetrical contours.

Irregular brims and whimsical trimmings feature the season's favorites. Portrait hats inspired by classic styles, are distinctively exclusive, showing models of artistic beauty. Nasturtium tones and browns are strong, while turquois and cerise with freakish light colors combined with the darker velvets are adorable.

The salient feature in the majority of imported hats is the promised use of leather trimming of all kinds. Milady will now have the privilege of wearing those lovely ostrich

HEMSTITCHING

Ladies of Sanford and vicinity who have Hemstitching or Picotting work can have it done on a new Singer Hemstitcher at a nominal cost much better than you can possibly do it by hand.

Bring your Hemstitching work to 506 Magnolia Ave., for Prompt and Efficient Service.

MRS. G. C. HILL

506 Magnolia Avenue Sanford, Florida

that have been laid away for several seasons. A novelty of the season is the zephyr or wool-hat that makes an appeal to the extreme. Odd shapes, and careless simplicity in decoration are prominent in the charming characteristics of Fall millinery with a large variety of clever effects to cater to all.
