

Alcoholic Beverage Tax Receipts Drop

TALLAHASSEE, Fla., July 3 (AP)—Florida's alcoholic beverage tax receipts dropped \$1,369,301 in the fiscal year that ended Monday, but an increase in cigarette tax collections almost made up for the loss.

Beverage Director James T. Vocelle, who collects both cigarette and liquor taxes, reported today receipts of his department for the 12-month period totalled \$33,838,644, which was \$178,544, about one-half of one percent, below record receipts for the previous year.

Last year's beer, wine and whiskey taxes produced \$21,422,349 compared with \$22,791,650 the year before, a total loss of six percent.

Cigarette taxes, however, increased from \$10,245,537 in the 1945-46 fiscal year to \$11,436,294 last year. That was a boost of \$1,190,756 or 11.62 percent.

In June, the last month of the fiscal year, liquor tax receipts were 18.23 percent below the figures for the corresponding month of the previous year while cigarette taxes produced 20.66 percent more than they did in June, 1946.

TO BLAST SHIP. YOKAHAMA, July 3 (AP)—Army port officers are planning to try to blast the grounded Army transport W. S. Sims loose. Efforts to tug the 16,000-ton vessel off Harbor Island have failed thus far. The ship went aground Tuesday. All passengers have been removed and none were injured.

Community canteen centers in many localities help to preserve healthful foods for use in lunches served under the National School Lunch Program.

Heavy Gales Off North Atlantic Coast Expected

MIAMI, Fla., July 3 (AP)—The Federal Storm Warning Service, in its first advisory of the 1947 hurricane season, advised small craft to remain in port along the North Carolina capes and told ships at sea to expect heavy gales off the Middle and North Atlantic coast during the next two days.

Grady Norton, chief storm forecaster, said a frontal disturbance centered over the Atlantic 150 miles south-southeast of Cape Hatteras had developed a circular motion and is increasing in intensity as it moves northeastward.

The center at 10:30 A. M. EST., was near latitude 33 degrees 5 minutes north, longitude 75 west, and strongest winds at that hour were 40 to 45 miles an hour.

"Vessels are cautioned against heavy gales off the Middle and North Atlantic Coast during the next two days and small craft along the North Carolina capes should remain in port today and tonight," said the advisory.

New Theory Aired On Miami Plane Crash

MIAMI, Fla., July 3 (AP)—Deputy Sheriff Claude High said today he was investigating a theory that Torris V. Siegle, 27-year-old flight instructor, who crashed to his death here last night, had done so deliberately in an effort to strike the home of his estranged wife.

High said the plane fell two blocks from the home, in the rear of an apartment house after it was dangerously low over the section twice.

"It is definitely my opinion that Siegle was trying to crash into the house where his wife lives," High said.

The deputy sheriff, one of several who investigated the crash, said Siegle and his wife were estranged and that divorce proceedings were pending.

Ford Withdraws Recognition Of Foreman's Union

DETROIT, July 3 (AP)—The Ford Motor Co., which signed the nation's first contract with the Foreman's Association of America three years ago, today withdrew recognition of the independent union whose 3,800 Ford supervisory employees have been on strike for more than six weeks.

The company said its three-year "experiment" with the independent union had "failed hopelessly." Strikers were urged to return to work immediately without fear of "discrimination of any kind."

The FAA immediately replied that Ford was "retreating in public, what they told us when the strike began."

President Robert H. Keys of the FAA, said Ford's attitude toward the "experiment" with the foremen "is the same as the company has taken toward all unions, however, as ours is a small one and they can get away with it."

He said the union would meet Sunday to discuss the company's action.

The FAA immediately replied that Ford was "retreating in public, what they told us when the strike began."

Farley Reveals

(Continued from Page One)

hall after the nomination. (In a message to the convention July 1940, Roosevelt expressed a willingness to serve another term only because of the world situation. He said he was torn between a deep personal desire to retire and "that quiet, invisible thing called conscience.")

Farley said that at the 1940 Hyde Park meeting the President recalled their July, 1939, conference at which he "indicated definitely" that he would not run for a third term and promised a statement to that effect about Feb. 1, 1940.

The President, Farley said, explained that the outbreak of war in Europe in the interim had prevented him from issuing the statement because it would have destroyed his effectiveness as leader of the nation in the war crisis.

Farley said Roosevelt asked him, "Jim, what would you do if you were in my place?"

Farley said he bluntly replied, "In your position I would do exactly what General Sherman did many years ago, issue a statement saying I would refuse to run if nominated and would not serve if elected."

"Jim, if nominated and elected, I could not in these times refuse to take the inaugural oath," Roosevelt was quoted as replying, "even if I knew I would be dead in 30 days."

The talk drifted to vice-presidential candidates and Roosevelt was quoted as saying: "The man running with me must be in good health because there is no telling how long I can hold out. You know, Jim, a man with paralysis can have a breakup any time. While my heart and lungs are good and the other organs functioning along okay nothing in this life is certain."

Farley said he told the President he would resign as a protest against a third term. He finally set Sept. 1 to leave the Cabinet and party chairmanship.

The ATLANTIC NATIONAL BANK STATEMENT OF CONDITIONS AS OF JUNE 30, 1947

The SANFORD ATLANTIC NATIONAL BANK Organized 1928

The ATLANTIC NATIONAL BANK STATEMENT OF CONDITIONS AS OF JUNE 30, 1947

Feds Have Trouble Over Holiday Weekend, Drop 3 Cop 1.

Buddy Lake And Yigi Alonzo Tied Up In Hurler's Duel Yesterday Afternoon

The Sanford Celery Feds hit rough operations over the holiday weekend by dropping three contests and copping one tilt.

The Feds trimmed the League leading St. Augustine Saints in the Ancient City Saturday night in a ten inning affair by a 3 to 2 margin for their only victory.

The locals dropped games to the Saints, Senators and Red Hats.

Thursday evening the Celery City aggregation invaded Tinker Field in Orlando and Tommy Hede outlasted Carl "Goose" Kettles in a 1 to 0 mound duel to turn a victory for the Solons.

Friday night the Ancient City crew made an appearance at the Municipal Park and tripped the locals 5 to 0 as Big Jim Ketcher limited the Sanford batters to seven well scattered hits. Walt Harrington newly acquired Fed right fielder blasted four hits in four trips in the tilt.

The locals turned in the 3 to 2 victory over the Saints Saturday night.

Yesterday the DeLand Red Hats and the Murramen played a hotly contested battle with the local city nine edging the locals 3 to 11 at the Municipal Park.

Yigi Alonzo of the Hats and Buddy Lake hooked up in one of the tightest hillcock exhibitions seen at the local park in many a moon in yesterday's tilt. Lake allowed the visitors four bingles, while his mates were limited to five safeties.

Lt. Col. Andrew Evans Wins AAF Tennis Title

MONTGOMERY, Ala., July 7 (AP)—Lt. Col. Andrew Evans, the slight, wiry racquet star of San Antonio, Tex., held the Army Air Forces singles title today after defeating Maj. Lawrence Myers of Los Angeles, Calif., in the finals yesterday of the second annual AAF Tennis Championship.

In four best-of-five matches, the Texan defeated the Californian, 6-3, 6-4, 6-8, and 6-4.

Before the two officers met in the singles finals, they teamed up and edged out Lt. Col. James Parsons of Shreveport, La., and Capt. Lloyd Babcock of Laguna Beach, Calif., to win the doubles crown, 7-6, 6-4, 1-6, 2-6 and 6-4.

Air University netmen, including Evans and Myers, ran up the highest team score to win the command trophy for the second consecutive year.

Capt. Paul Gleason of Valparaiso, Fla., won the singles consolation trophy by downing Lt. David Dozier of Orange, Calif., 9-7 and 6-3.

Queen Elizabeth, just before he sailed from New York for his home in Scotland for his first vacation in seven years. He made a last-minute purchase of ten pounds of butter and eight pounds of bacon at a neighborhood store. (International)

COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.

SPRING TRAINING

The announcement that the Cleveland Indians have purchased Doby, negro National League sensation, has more or less raised an issue for Florida, Texas, Louisiana and other Southern states in which baseball teams have trained in the past.

Stated simply the problem is the Southern States ban sports competition with mixed races.

At the moment only the Brooklyn Dodgers, who trained in Havana last spring, and the Cleveland Indians, with a spring base at Tucson, Ariz., have negro players on their squads.

There is, however, the possibility that other teams will obtain negro stars between now and the time for Spring training in 1948.

The long standing custom in the South banning mixed sports contests is a sensible way to eliminate friction between the races. There has been little trouble in over 80 years of professional activity in the South due to the ban on mixed participation.

But the owners of Major League clubs having negro players will not look with favor upon a training site that prohibits these men from appearing in pre-season contests.

It is possible that the Major League clubs will go to California, Arizona, Cuba Central America or even South America for their Spring camps, since there are no segregation regulations in sports activity in those areas.

This loss could develop into enormous proportions for us. Consider for a minute the possibility that five or six clubs should turn up with negro players on their rosters next Spring.

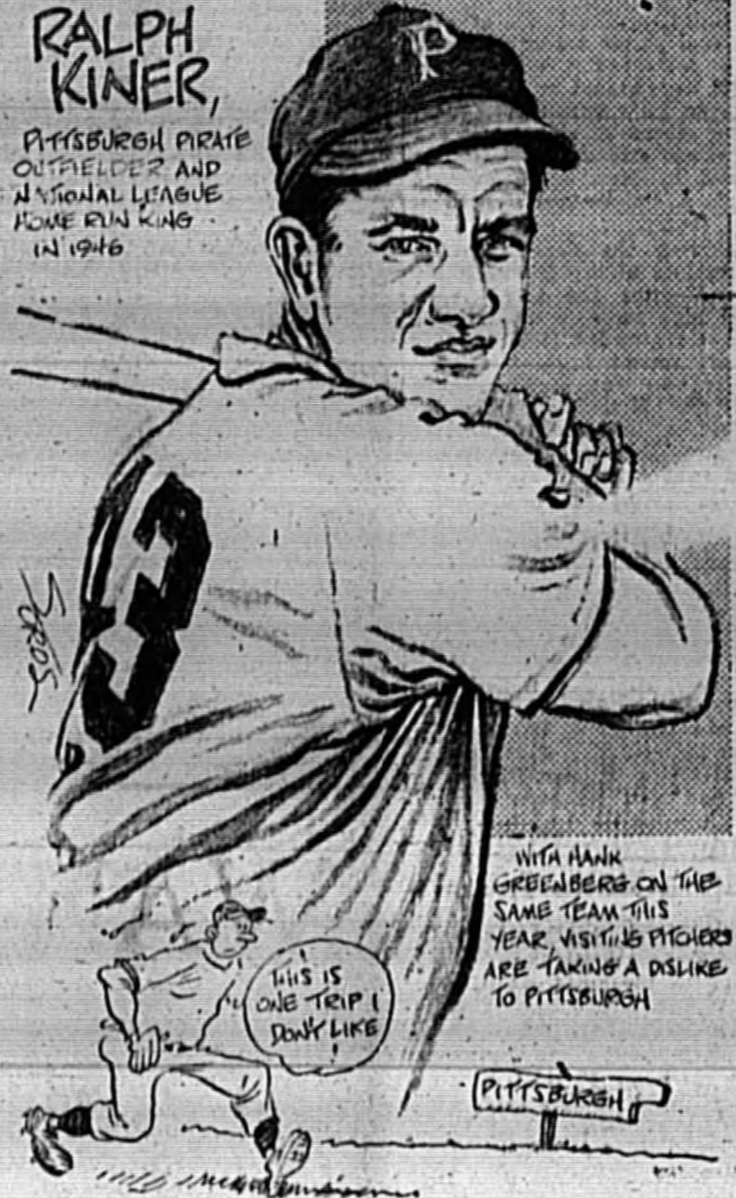

There should be some sort of understanding between the club owners and the city officials in the camp sites in the event this problem arises.

It would be far better for the Southern states to anticipate this situation and make preparations for it than to wait until the last minute to begin consideration of such an outstanding issue.

Let's consider this problem

PIRATE POWER

By Jack Sords

NOW. HERE 'N THERE

The jovial Sanford skipper, Don Murray, set a new league record for chances handled by a second baseman in the contest in Leesburg last week. Murray had ten put outs and seven assists without an error. The old mark of 15 chances was held jointly by Teen Gallegos of Palatka and Ted Ross of DeLand.

Jack Baumgartner, Leesburg thumper, has been confined to the hospital in Sanford following the Fed-Pirate tilt here last

UTES SHUT OUT

Tuesday evening, Jack was discharged over the weekend and returned to Leesburg. Tim Tyler, former Rollins College athlete now playing for the Sanford Celery Feds, is leading the local club in stickwork with a fat .329.

Albany Explodes To 8 To 2 Win Over All-Stars

ALBANY, Ga., July 7, (AP)—The Albany Cardinals exploded 16 basehits at all corners of the Albany Municipal Stadium yesterday to blast the Georgia-Florida League All-Star team into submission, 8-2, before a crowd of 4,200.

Spurling for five runs against two hurlers in the eighth inning, the Cardinals turned the game in to a rout after the all-stars had held the league-leaders on pretty even terms through seven frames.

The Cards took a one-run lead in the first when, with two out, Ewaniak doubled to right and scored on McCulley's single.

In the fifth, a single by Bob Volter of Waycross and a triple by Lamar Weeks of Thomasville tied the score, and in the sixth the all-stars took a brief lead with John Grice of Thomasville slugging to score Bill Barnes of Moultrie.

The Cardinals, in their half of the sixth, resumed the lead as Schoendienst singled behind Russ McGovern's walk and both tallied when Marion Golembiewski, pinching for Scheetz, doubled to left center. Ray Burnette of Americus, the ventual losing pitcher, was on the mound.

Jack Friagner, the league's strikeout king, hurled hitless ball for the Cardinals the last three innings. In all, pitchers Friagner, Don Stephens, and Ed Scheetz held the all-stars to six safeties.

Only Emil Rey, Valdosta shortstop, could get more than one hit. He gathered both of his singles, off Stephens.

Nationals Confident That They Will Win All-Star Contest

CHIEF physician at a displaced persons camp near Munich, Germany, Dr. Heinrich Sprung, 33, has developed a remedy for jaundice, gall disease, and digestive ailments. After many years of experimentation, he is reported to have perfected a medicine that has given great relief to chronic sufferers. Dr. Sprung was abducted from Poland by the Nazis when they were in power. (International)

CHICAGO, July 7 (AP)—For a baseball club that has been flattened nine times in 13 starts, the National League squad today was a surprisingly cocky outfit on the eve of the 14th All-Star baseball game at Wrigley Field.

So confident was the 'older circuit' of winning from the Americans tomorrow that Brooklyn's Ralph Branca and Boston's Warren Spahn, two important members of All-Star pitching staff, hurried yesterday in a game between the Dodgers and the Braves, just two days before the inter-league battle. Thus Spahn, the number one lefthander of the National League, and Branca, one of the top righthanders who trail only Cincinnati's Ewell Blackwell in total victories with 12 and 19, respectively, have practically eliminated themselves from All-Star competition.

On Saturday night, Philadelphia's schoolboy Rowe, another member of the staff of seven, hurried a game against the New York Giants. Schoolie, only player to make both league All-Star teams, has not worked all season without a full week's rest between assignments.

That leaves Blackwell, the hottest pitcher in the Majors, Harry (The Cat) Brecheen and Red Munger of the St. Louis Cardinals and Boston's Johnny Sain as the only National League hurlers who will be fully rested for tomorrow's fray.

On the other hand, every member of the American League's eight-man mound corps will have had four days of rest with the exception of Frank Shea and Joe Page. Shea, the sensational rookie righthander of the New York Yankees won his 11th victory game last Saturday but will have three full days of rest. Page was called Detroit's mighty lefthander, also worked two innings, conceivably to loosen up for Tuesday's starting assignment.

Two former Villanova athletes directed college nines against their alma mater this season. Ray Stovick coaches Kings Point and Emil Reitz is at Loyola.

John Jorgensen, now Brooklyn's third baseman, set a record in 1942 that stood until this year when he hit in 21 straight games for Santa Barbara of the California League.

Doris Hart And Pat Todd Win Wimbledon Women's Tennis Bout

LONDON, July 7 (AP)—Doris Hart of Miami, Fla., and Mrs. Pat Todd of Hidden Valley, Calif., captured the Wimbledon women's doubles title Saturday, upsetting Margaret Osborne of San Francisco and Louise Brought of Beverly Hills in an all-American final of the all-England tennis tournament.

Americans Jack Kramer, the new men's singles champion, and Bob Falkenberg defeated Tony Mottram of Britain and Billy Sidwell of Australia to win the men's doubles crown.

Miss Osborne won the women's singles championship defeating Miss Hart. Miss Brought shared the mixed doubles title with John Bromwich of Australia.

YESTERDAY'S STARS

Roy Cullenbine and Pat Mullin, Tigers, Cullenbine collected five hits including homer in each game, batted in five runs, and scored five. Mullin garnered four hits including two homers in first game, batted in six runs and scored two as Detroit took double header from St. Louis.

Ralph Branca, Dodgers and Jim Hearn, Cardinals, Branca blanked Boston, 4-0 on three hits to pitch Dodgers back into National League lead. Hearn whitewashed Cincinnati, 5-0 also on three hits to aid Cards, who also won second game, to move into fourth place.

The sweet potato surpasses the white potato as a source of carbohydrates.
