NEW PASCAGOULA refinery of Standard Oil Company of Kentucky.

Standard Oil's New Refinery In Operation

PASCAGOULA, Miss.—The fast-moving industrial upsurge of the Southeast was given added impetus as the new Pascagoula refinery of the Standard Oil Company of Kentucky was placed on full stream.

With a capacity in excess of one hundred thousand barrels of oil a day, this new refinery is America's most modern, and one of the largest in the world.

Covering twenty-six hundred acres, it is fed with crude oil from the Gulf Coast fields through the world's longest underwater pipeline.

Gasoline consumption is growing faster in the South than in any other section of America, and the construction of this giant new refinery at Pascagoula helps assure adequate supplies in the years of growth ahead.

'Navy Appreciation Day' To Be Held Saturday

The Seventh annual "Navy Appreciation Day" will be held Saturday, climaxing a full week of events at the Sanford Naval Air Station "Bombing Derby."

This event is staged annually by the Sanford-Seminole Jaycees in co-operation with the Chamber of Commerce to show appreciation to all base personnel and families of the Sanford Naval Air Station for the good re-

lationship that exists between the Navy and the citizens of Sanford and area.

Chairman Fred Wilson, co-chairman Phillip Skates and their committees are hard at work preparing for this event to be held at the Lake Golden recreation area of the station.

Many other local organizations and civic clubs are co-operating with the local Jaycees organization to make this day a successful one.

This program will commence immediately following the presentation of the Bombing Derby awards. Wilson said there will be an abundance of food and the menu will consist of hot dogs, baked beans and cole slaw. Skates said there will be drinks and refreshments for everyone along with live entertainment.

In Florida... after bowling, beer is a natural

After you've bowled a game or two, or when you're winding up the evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the sport and the sociableness than with a refreshing glass of beer? However you take your fun—beer always makes a welcome addition to the party.

Your favorite glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

Just to show how "on the ball" that ACL RR bunch is, the teeth-jarring crossing at Fourth and Elm was repaired before our shuddering paragraph about it had hit the streets! And, you'd better believe it, the teeth don't get that shock now. Oh yes, and something else — LeRoy Anderson's crew fixed some other street crossings even though they hadn't gotten as bad as that one we mentioned. Thanks, LeRoy and gang!

That oft quoted statement of Horace Greeley's "Go west, young man, go west!" seems to be getting popular in our fair city. And it seems just the thing to do. Or have you noticed?

That heavy fragrance of citrus bloom that fills the air about us now (and isn't it just exquisite!) will no doubt convert into a heavy balance of the check books that fill the banks for the growers, come fall. At least that is what they hope—and so do we.

Jaycees want it known to all planning to attend the air show on "Navy Appreciation Day" Saturday at the Sanford Naval Air Station that the "eats are on the house." Chairman Fred Wilson said there will be hot dogs, baked beans, cole slaw and soft drinks for 5,000 persons... at no charge at the Lake Golden picnic area.

Wonder if John Mikler at Skate City and Shealy Best at Melodee ever got together with the powers that be at Seminole and Lyman high schools to see what about the physical fitness program that includes roller skating as well as bowling. No doubt there are many high schools hereabouts that would like to set up some interscholastic competition in figure, speed, pair dancing, etc.

A dance is planned for Friday night at the Seminole High School's students lounge. Proceeds will be used to defray the expenses of a Key Club member to attend the international convention at Dallas, Texas. Music will be provided by the Original Playboys.

Memo to the City Fathers: Some senior citizens of Sanford wonder why you do not take a lead from St. Petersburg and provide benches at intervals, especially in the city parks.

Kudos to Frank Finch on being named Jaycee of the Month. He has shown outstanding interest in Jaycee activities since joining the group a short time ago. He's headed up two projects, worked in one phase of almost every other project, was appointed to the board of directors and in a short while got enough points through his activities to become a winner of the Spoke Award.

Just to correct the record, the Glanderville Volunteer Fire Department meets on the first and third Thursday of the month.

A Social Security representative will be in Sanford at the City Commission Chambers each Wednesday to assist persons having questions about their Social Security. Hours are from 9:30 a.m. to 12:30 p.m.

Might look around your home to see if you can help this woman. She wrote to The Herald, telling of the need for part-time students here for such things as "some odd, dry, sea creatures, sea shells, corals, sponges, etc." The writer tells of the poverty in "this small, country town" of Knox, Ind.

"I hope you can help us," says Mrs. Helen Ludwig of 408 South Prettyman Street in Knox. "We'd be forever grateful and obligated to you and appreciative," she adds. The items will be used in future studies of the students.

Cubans Learning To Man SA2s

WASHINGTON (UPI) — Russian forces in Cuba are reported to be training Cubans to operate the advanced anti-aircraft missiles that the Soviet Union installed in Cuba in 1962.

Sources here said it was not yet clear whether the Russians planned to turn complete control of the missiles over to the Cubans or whether Soviet officers would remain in charge of them.

Soviet personnel have been manning the missiles, which are the type known as the SA2. Within a few months, however, there will be sufficient Cuban crews trained to man the entire system, it was reported.

The SA2 is a ground-to-air missile capable of hitting a target at 80,000 feet, high enough to reach American U2 reconnaissance planes.

Defense Secretary Robert S. McNamara reported in October 1962 that U. S. aerial reconnaissance showed 21 SA2 locations in Cuba, each including six firing sites.

The United States classed the SA2 as a "defensive" weapon.

Sheriff, Three Others Indicted

NASHVILLE, Tenn. (UPI) — A federal grand jury indicted the Davidson county sheriff, three former policemen, and a nightclub operator Tuesday in connection with alleged "protection payoffs" by law violators.

Sheriff Leslie E. Jett, W. J. Donoho, a retired former assistant Nashville police chief, and Morgan Smith, a retired police sergeant, were charged with income tax evasion.

Another former policeman John B. Kittrell, and R. L. (Buster) Wall, part owner of two Nashville night clubs, were indicted on charges of perjury.

U. S. Warns Reds To Free Fliers

White House Denies Citrus Lease Plan

LAKELAND (UPI) — The proposed leasing of Virgin Islands sugar cane land for citrus grove use has been officially denied by the White House, Florida Citrus Mutual said it was informed today.

Mutual Executive Vice President Robert W. Rutledge made the announcement at a meeting of Mutual's board of directors here. He said the word had just been received from Sen. Spessard Holland and George Smathers.

"Naturally this is the decision that we wanted," Rutledge said.

The Mutual executive praised the members of the Florida Congressional delegates and President Johnson for the action.

He added that the concerted efforts by the citrus industry in Florida, Texas and California paid off.

The lease proposal would have converted 1,700 acres of sugar cane land in the Virgin Islands into citrus groves and would have opened the way for Panamanian oranges to enter the United States duty free.

The Panamanian oranges would have been shipped into the Virgin Islands where they would have been used with Virgin Island fruit for processing into orange concentrate.

This concentrate would have been allowed to be shipped into the U. S. duty-free, Rutledge said.

Southeastern Business Was Good In 1963

ATLANTA (UPI) — Southeastern businessmen had a good year in 1963 according to a report by the Atlanta field office of the U. S. Department of Commerce.

The office said banking, farming, transportation, construction and other major segments of the economy all advanced over 1962.

The report was based on figures for Alabama, Florida, Georgia, Mississippi, Tennessee and the Carolinas.

It said bank deposits in federal reserve member banks increased in five of the seven states from 7 to 17 per cent, and debts or withdrawals from checking accounts rose 10 per cent to over \$200 billion.

Farm income in the southeast was over \$5.2 billion for a 5 per cent rise.

VAH-3 Winner Of Weapons Loading

Early Bombing Derby results were released today as the big six-day Navy air exercise moved to the halfway point at Sanford Naval Air Station.

The grueling bombing competitions swung into their third round today with electronic-ly-scored nuclear "strikes" scheduled by Sanford's A-5 Vigilantes and A-3B Skywarriors on two Southeastern targets.

Meanwhile, officials disclosed that Heavy Attack Squadron 3, the training group serving Sanford's six fleet attack units, narrowly won Monday's weapons loading competition over VAH-11's Detachment 8.

For nearly five hours the Navy target range was pelted with miniature practice bombs as the planes made their low-altitude, high-speed attacks.

The exercise also presented an opportunity for the Navy's new RA-5C Vigilante reconnaissance-attack plane to exhibit its dual capabilities. RA-5C entrants made two low-altitude bomb runs, then flew a photo-reconnaissance mission over selected sections of North Florida.

A group from the Joint Strategic Target Planning Staff at Offutt AFB, Neb., headed by Vice Adm. Robert J. Stroh, deputy director, arrived today.

Admiral Stroh visited Sanford in February 1963 while commanding an Atlantic Fleet carrier division. At that time he received an orientation in the Vigilante program, including a flight at twice the speed of sound.

Admiral Stroh will be joined by seven other high-ranking flag officers Thursday and Friday as observers from all over the nation stream into the Central Florida jet base.

Saturday, the Air Station public will swing open to the public at 8:15 a.m. for a full day of activity, ranging from a two-hour air show to a colorful military awards ceremony to a giant outdoor picnic sponsored by the Seminole County Chamber of Commerce and Jaycees.

Failure Would 'Jeopardize' Relations

BERLIN (UPI) — The Soviet Union today ignored an American warning to return three captive U. S. fliers and then refused to allow an American doctor to treat one of the airmen.

MOSCOW (UPI) — The United States warned the Soviet Union today that unless it immediately releases three U. S. Air Force officers whose plane was shot down in East Germany last week it will "jeopardize" the future of Soviet-American relations.

The warning was contained in a protest note, the latest in a series of protests the United States has made since the unarmed reconnaissance plane (RB68) was shot down last Tuesday 44 miles inside Communist East Germany.

The Soviets have charged that the plane was on a "military reconnaissance mission." The United States says it strayed across the border while on a training flight in West Germany.

The three crewmen aboard the plane parachuted to safety. One of them broke an arm and a leg and is in a Soviet military hospital in the East German city of Magdeburg. The whereabouts of the other two is not known.

The Soviets permitted a U. S. Air Force doctor to visit the injured crewman, 3rd Lt. Harold W. Welch, 24, of Detroit, on Monday night, but refused the doctor's request to take Welch back to West Berlin with him.

The doctor, Capt. John Monroe, was unable to learn details of the incident from Welch.

The other crewmen are Capt. David I. Holland, 35, of Holland, Minn., and Capt. Melvin J. Kessler, 35, of Philadelphia.

Today's note reiterated the earlier statements of the United States that the plane was not on an espionage mission.

The U. S. Embassy here said the note contained these main points:

"Further delay in release and return of the crewmen clearly jeopardizes possibilities for expanding areas of U. S.-Soviet co-operation and can affect present efforts in cooperation in various fields.

"As U. S. officials have previously stated both here and in Washington, the aircraft was not on an intelligence mission. The mission was a training mission. The aircraft carried no armament."

Crooms High School's Senior Chorus accomplished superior rating at the district chorus festival at Carver Heights High School in Leesburg March 14. This is the eighth consecutive time that CHS Senior Chorus have executed this feat.

E. E. Minott, director of the chorus, has done a tremendous job since coming to Crooms. Many of his products are performing very well at the various colleges and universities. Melvin Abney, one of his proteges, has won a major role in an opera at Florida A and M University.

This man, Minott, I'm told, can take a monotone and develop same into a fine singer. Congratulations to the Senior Chorus and its director for a job well done.

Mrs. Emma Lee Kittles, one of Mrs. Ruby Wilson's assistants, has done quite a job with her cub pack. The pack is almost a year old, and it has shown much improvement.

There is a need for more den mothers. All interested ladies are asked to contact Mrs. Kittles at Rest Haven Kindergarten. Following are the names of the Cub Scouts: Michael Dixon, Reginald Perry, Leon Mobley, Clarence Ford, Marvin Johnson, Gary Daniels, Johnnie Williams, Bobby Yates Wilson, J. W. Calloway, John Williams Jr., Lloyd Morgan, Floyd Morgan, Oscar Gibson, Larry Wesley, Hooker T. Brown, Byron K. Knight, Jacob Juke, Dale Johnson, and Willard Thomas.

Mrs. Bonciel Byrd, of Blountstown, and Mrs. Edna Evans, of Crestview, are culminating their internship at Mrs. Marie Francis Maternity Home. Mrs. Evans is also a beautician.

Trinity Methodist Church will observe its Men's Day program, Sunday at 11 a. m. The theme: "Building For Tomorrow." The speaker for the program will be Prof. L. R. Eubanks. This promises to be an unusual intriguing type of program worth its weight in gold. You are cordially invited to attend.

The Crooms High School band, under the direction of C. B. Johnson, will attend the District 1 Band Festival Saturday in Titusville. The band is entering class "C" division competition.

Sixth annual United Organizational Candlelight drill will be held Sunday night at St. Paul Missionary Baptist Church. The drill will commence at 8:45 p. m. at the corner of Ninth Street and Sanford Avenue and proceed to the church. A most elaborate and inspiring program has been planned for the public enjoyment. Participating clubs are Young Women's Improvement Club, Merry Twenties, Jolly Boys, Big Brothers of Midway, Ladies Association, Elks Family, Celery City Lodge 542, Evergreen Temple No. 321, Service Men's Wives, A.C.L., Sanford Elites, and many others. This program is sponsored by the Young Ladies Community Club.

Crooms Junior High School physical education class presented a chapel program Tuesday. C. L. Boyer, teacher of mathematics, imparted some valuable information to the students. His discourse centered around the evolution of education from its earliest period. Mrs. Inez Smith, instructor of health and physical education, sponsored the program. A group of her girls performed beautifully as they went through their paces doing stunts, tumbling and various dances. It was a fine program indeed.

Crooms High School presents its fourth six weeks honor roll: Steve Wright, Geraldine Davidson, Theresa Jackson, Joyce Montgomery, Ernestine Moore, Barbara Bacon, Minnie Moore, Terry McKinney, Joyce Williams, Roseanner Johnson, Barbara Givens, Barbara Sandifer, Marsha Henderson, Alice Hudson, David Black, Robert Thomas, Avery Smith, Pamela Cherry, Larry Haynes, Clyde Ashley, Catherine Jones, Lutricia Graham, Jesse Jones, Louis Montgomery, Nadine McGill, Belinda Golden, Clarence Bell, Annie Hardy, Thad Brooks, Diana Calhoun, Beverly McClendon, Towanna Sales, Dian Calhoun, Carolyn Ford, Walter Grady, Curtis Williams, Johnnie Mae Mims, Gwendolyn Ashley, Donald Nathan, Sonja Cherry, Samuel Haynes, Shirley Rhodes, Carlton McDonald, Lee Roy Montgomery, Cynthia Kendrick, Mamie Bowman, Brenda Shaw, Lillie Sapp, Mary Diggs, Linda Hatch, Jacqueline Bell, Yvonne Taylor and Donna Harrison.

Thirteenth Street still needs revamping. Taxpayers money fix other roads—why not this one? Perhaps there is quite a bit of complacency among certain persons. If you are satisfied with the situation, well, it is just too bad. Complacency does not meet the challenge of change.

I hope and trust that those persons who are eligible to vote will exercise that precious privilege. Your vote could mean the difference between good roads and bad roads, etc.

Railroad Strike Fades

WASHINGTON (UPI) — The threat of a nationwide railroad strike appeared to have evaporated today without delaying a single train.

Government sources said the crisis they expected to develop apparently had vanished following a tense 48 hours of jockeying among rail unions and management leaders.

Assistant Labor Secretary James J. Reynolds and Chairman Francis A. O'Neill Jr. of the National Media-

tion Board conferred Tuesday with management spokesmen who head the National Railway Labor Conference.

They discussed the railroads' four settlements of the work rules dispute. Afterward O'Neill said there was no strike threat at the present time.

The excitement began Saturday when government officials got word that rail union leaders were consider-

DUCK KEY (UPI) — Former President Harry Truman warned French President Charles de Gaulle to "keep his nose out of our affairs." "He's trying to undercut the United States in Latin America," the 79-year-old Truman said during his usual 30-minute walk around the grounds of his vacation hotel here.

"But he better keep his nose out of U. S. affairs or he'll get it cut off," he added.

A DANCING GIRAFFE, red with white polka dots, no less, was presented in the Lyman PTA Show "Lucky 13" by the mother-daughter team, Rae and Judy Lambert. (Herald Photo)

Lyman Show Draws Capacity Audience

By Jane Casselberry
Friday the thirteenth turned out to be a lucky day for the Lyman PTA as a capacity audience turned out for the "Lucky 13" fun show staged by a collection of enthusiastic amateurs.

Two members of the animal kingdom stole the show . . . Tia, tiny chihuahua, who was making her stage debut, went through her paces like an old pro for her owner, Mrs. Evelyn Birkenmeyer. One of the cutest parts of her act was a greyhound race. On the signal "here comes Swifty," Tia ran out of her starting box and across the stage to catch a stuffed rabbit.

A dancing giraffe, red with white polka dots, was presented by the mother-daughter team, Rae and Judy Lambert.

Lyman's answer to The Beatles were The Bookworms, Lyman teachers Alda Milwee, Alicia Schmidt, Jean Howers and Phyllis Besie who wore beehive wigs as they pantomimed one of the group's hit records.

Wayne Joiner gave a hilarious imitation of Victor Borge and like the "Great Dane" he managed to disguise his real talent at the piano.

Lyman coach Dick Copeland was in good voice as he sang "I'll Walk Alone" and "Shortenin' Bread." The Rhythmettes, consisting of Elda Nichols, Mary Macintosh, Mary Howell, Joan Voskan, Rae Lambert and Margaret Stevens, proved in their Charleston and Balling the Jack numbers that the tired housewife still can "kick up her heels" when the occasion demands. Elda, who acted as choreographer, also did a hula number and a skit with Jane Kent.

Don Reynolds of Seminole High proved that the hand is quicker than the eye with his magic act and a trio of Sanford Junior High teachers, sang two numbers.

The "Old Smoothies," Mr. and Mrs. George Baumbach, gave an exhibition of ballroom dancing which could put the younger generation to shame.

The Dixieland Duo consisted of Ed Nagle on the drums and Merle Kent who also accompanied several other acts at the piano.

Mrs. Johnny Gray sang several Irish melodies accompanied by Martha Walker at the piano.

Al Lormann, PTA vice president and mayor of Longwood, played a piano medley of old favorites. Carlyle Swafford was positively errie as the mechanical man who neither blinked or smiled and Christy Harp, principal of South Seminole Elementary School, told a humorous (?) story wearing a rather disheveled wig.

Adding comic relief with gag acts were Sal Manfre, Stanley Piniewski, James Birkenmeyer and PTA President Dot Pavelchak who was chased through the audience wearing a hula skirt by Assistant Principal Ray Pharr who was equipped with a pair of oversized clippers.

Judith Websters, professional toastmaster, served as master of ceremonies. Mrs. Pauline Stevens, director, was presented with a gift of a handbag by Mrs. Pavelchak on behalf of the PTA in appreciation for her work in getting the show together.

Parents Invited To CTP Coffee

By Jane Casselberry
All interested parents of children at the South Seminole Elementary School are invited to attend a coffee scheduled for 9:30 a. m. Thursday at the home of Mrs. Marion Eagers on Lake Howell Lane.

Further plans will be made at that time for the Spring Festival to be sponsored by the CPT on Saturday, April 18, at the school.

PTL Program Stresses Family Worship Theme

By Bernice Kelsey
A program and film on the theme of family worship, presented by Steve Sidlik, fifth and sixth grade teacher, highlighted Monday night's meet-

ing of the St. Luke's Christian Day School Parent-Teacher League.

Main point of the 40-minute film was to demonstrate how, with proper scheduling, time can be found each day for a period of family devotions. Principal E. L. Hellhorn advised that Bible and devotion periods are conducted in all classrooms of the school.

Auxiliary Plans Fashion Show In DeBary

A Strawberry Festival and Fashion Show to be sponsored at 7 p. m., April 22, by the Auxiliary to the DeBary Volunteer Fire Department was planned at last week's meeting of the group held in the Firemen's Recreation Hall with the president, Mrs. Ann Howard, presiding.

The event will take place in the Hall and models for the show will include Mae Phillips, Vola Lamberton, Bobbie Ogden, Viola Leone, Hazel Eaton, M. Aton and Mabel West.

A musical program was presented by Mrs. Beatrice Muller, chairman of music, with Frank Pietropinto as special guest singer and Mrs. Marie Dugon at the piano.

Refreshments were served by the committee, Mrs. Pierson Little, chairman; Sophia Stutterheim, Margaret Schneider, Mrs. E. Heinert and Mrs. M. York.

Games were played under direction of Mrs. Ed Healy and Ann Howard.

Hellhorn announced that there will be no school on March 26-27 and that the children's annual Easter Service will be presented on Monday, March 30, at 7:30 p. m. in the church. All parents, relatives and friends are invited to attend.

He also advised that parents who wish to enroll their children at St. Luke's for the next year should make arrangements now.

The membership voted to buy a new record player and a film strip and slides projector for the school with the purchases to be made by Hellhorn.

Project committees reported that 29 cans of candy remain on hand from this sale and Chris Bulman reported that 10,345 pounds of old newspapers have been brought to the school by PTL members for resale.

It was announced that Jack Dodd had endorsed the check, presented him in appreciation for his appearance before the PTL, to the school's 4-II Club with the desire expressed that it be used to send some boy or girl to 4-II Summer Camp who might not otherwise be able to attend.

Lyman Wins Second Game; Tribe Loses Second

Hounds Score 7-3 Victory Over Wildwood

Lyman High's Greyhounds posted their second victory of the season this afternoon when they raked a pair of Wildwood hurlers for nine safeties and chalked up a 7 to 3 win over the Wildcats in an Orange Belt Conference contest at Longwood Park.

In Lyman's initial appearance of the season they shut out the Ovidio Lions 2 to 0. Wildwood broke into the scoring column with a single marker in the third inning but Lyman bounced right back to knot the score. However, they jumped into a lead they never relinquished when they pushed over a trio of runs in the fourth.

Lyman added a lone run in the fifth and another pair in the sixth to ice the affair. Wildwood closed out its scoring with two tallies in the sixth.

The Greyhounds got to the Wildcat's Alonzo and Hurst for their nine hits while Donnie Smith scattered three hits among the Wildwood nine over the seven-inning distance.

Marvin Cook took plate honors for Lyman when he eluded a home run with a man aboard in Lyman's three-run uprising in the fourth. Randy Jones homered for the Wildcats.

Friday afternoon the Greyhounds will meet the Leesburg Yellow Jackets in another OBC contest at Longwood Park. Game time will be 4 p. m.

Green Shirts Win For Irish

Jacin and Muguerza in the green shirts of post four were the St. Patrick's Day betting favorites for the feature eighth event at the Orlando Seminole Jai Alai Fronton—but it was Martin and Pradera who won the game.

The winners came on strong in the third post position to run up four straight points and then take game point in a hot volley with the post six duo of Gast and Elorri.

Ernu and Agustin took second place in a playoff with Jacin and Muguerza.

Arroza and Elorri divided the Daily Double victories, paying \$80.00 on a 3-3 finish. Elorri's win in the fourth game set up a 3-7 perfecta, with Aldas second, paying \$624.00.

About Sports Thinking Out Loud

BY JULIAN STENSTROM

Florida's being the only school to place three men on the 10-man All-BEC Academic basketball team was no accident, in the opinion of head coach Norm Sloan.

First trimester grades indicate the Gator cagers are making the highest marks ever turned in by any Florida basketball team.

With Brooks Henderson, Mont Highley and Lanny Sommes leading the way with honor point averages over 3.0 (out of a possible 4.0), Florida cagers averaged 2.83 as a group.

Henderson, Highley and Tom Bazley all made the Academic All-Star team chosen in the Southeastern Conference. For Bazley, whose overall average is 3.0, it is the second successive year he's been chosen to this honor squad.

Highley, who will enter the University of Florida Medical School next trimester, came to Florida from St. Gregory's Junior College in Oklahoma, where he produced a straight-A average and was valedictorian of his class.

"We have an outstanding group of boys who concentrate on their studies," says Sloan. "And our tutoring program, with Dr. Edmund Holden and Dr. William Moore, has proven to be a major factor in helping boys apply themselves to college work."

It's interesting to note that no players on the entire Florida squad made less than a 2.0 average during the fall trimester and that the overall average of the Gator players for their entire college career is 2.27.

With the entry by Julius Boros, U. S. Open Champ, today, the \$50,000 Doral Invitational took on an all star cast with an almost 100 per cent attendance of America's greatest golfers.

Palmer, Player, Nicklaus, Lema, Snead, Sanders, Mason Rudolph, and last year's champ, Dan Sikes Jr. . . . all will be on hand to chase the \$50,000 pot of gold at the end of the 72 hole rainbow March 22nd.

Of the twenty-five top money winners through the Pensacola tournament on March 8th, over twenty will make an appearance at Doral.

Exulted Frank Strafaci, Tourney Director, "It only proves what a great golf course plus top prize money can do."

In addition to the entry of Boros, Strafaci also announced that former Miami football Pro George Mira will play in the Doral Pro-Celeb on March 18th along with TV Bonanza Sheriff, Ray Teal.

Seminoles In 4-Way Meet

Seminole High School's track team was slated to host Winter Park Edgewater and Oak Ridge in a four-way meet today at the local school's oval.

All the participating schools are members of the Metro Conference. The event was slated to get under way at 3:30 p. m.

Coaches To Help KANSAS CITY, Mo. (UPI) — Coaches Joe Brehmer of champion Rockhurst College and E. D. (Gus) Fish of Emporia (Kan.) State will assist head Coach John McLendon of Kentucky State in directing the NAIA team at the Olympic baseball trials in New York April 24.

SHS 'Improves' But Bows To Boone 3-0

Seminole High School's baseball team, in its second performance of the season, improved greatly but not enough to grab a victory as the Boone High Braves of Orlando posted a 3 to 0 shut-out in a Metro Conference tilt Wednesday.

After dropping their opener last week by a score of 6 to 0 to Winter Park High, Eddie Fitzgerald took the hill for Seminole and spun a neat five-hitter but his mates were unable to back him up at the plate.

The Tribe was able to nick the Braves' moundmen Kile and MacLaughlin, for only a trio of hits—two of them by second sacker Marvin Sheffield and a triple by Fitzgerald himself.

Boone opened the scoring in the fifth frame when they pushed over a single run. They added another pair in the sixth stanza when Seminole's infield booted an opportunity for a perfect double play.

"It was a rough game to lose," said Coach Jim McCoy. "We've improved quite a bit over our showing in the first game with Winter Park." McCoy added, with tongue in cheek, "We did get a man as far as third base."

McCoy was quite satisfied with Fitzgerald's mound work and has high hopes for the youngster's future performance. "There's nothing wrong with our ball club," said McCoy, "that a few base hits wouldn't cure. Defensively we played pretty good baseball, except for that sixth-inning miscue that hurt us."

McCoy singled out Sheffield for his fine defensive play at the keystone.

It was announced that the contest originally slated for Saturday with Orlando's Evans High has been postponed until April 24.

The Tribe's Metro Conference record now stands at two losses in two appearances.

Cavanaugh Tire In First Place

Last week in the Businessmen's League at Jet Lanes marked the first time since early in the season that a team other than Rex Liquors has held the top spot. Those up and coming youngsters who comprise the Cavanaugh Tire Service team put the kids to team No. 4 with a 4 to 0 victory while Rex was being bombed by Smith's Amoco Service. This resulted in a switch of positions between Cavanaugh and Rex.

Next week should produce an interesting match because these two teams oppose each other. Cavanaugh was paced by Joe Tart with 196/525 while Charley Willis shot 189 and Vergil Anderson hit 192 for team No. 4.

Smith's Amoco Service had high game and series champion in David Oldham who blasted 211/553 in their three game rout of the Rex Liquor team.

Team No. 5 hung a three game loss on Faron Builders as Jimmy Viles hit a 188 and 182 game while Billy Murphy rolled a steady 180/502 series in backing him up.

Consistent Dick's Appliance swept all four points from Kondracki and Cline's Sinclair to complete the night's matches. Steve Barnes' 105 middle game was high in the match.

Practice Runs On At Sebring

SEBRING (UPI) — Drivers got their first crack today at the 3.2-mile airport track where Sebring's annual 12-hour sports car race will run Saturday.

Officials planned to keep the track open for practice runs most of the day. Thursday, official time trials are scheduled.

Former world champion driver Graham Hill of England was due here today to begin practice with one of the factory-entered Ferrari racers. He arrived in New York Tuesday with 1963 champion Jimmy Clark of Scotland.

Clay Flunks Second Test

WASHINGTON (UPI) — World heavyweight champion Cassius Clay has failed a mental aptitude test for entry into the Army for a second time, the Washington Post said today.

The newspaper said that Clay, who failed an earlier test, took the second examination in his home city of Louisville, Ky., last Friday and scored low.

A psychiatrist was said to have tested Clay to see if he was attempting to flunk the tests on purpose to avoid Army service, but found he was not malingering, the Post said.

A Pentagon spokesman refused to comment on the report.

Arm Feels Good, Koufax Beams

By Curt Block
UPI Sports Writer

Sandy Koufax spent most of the past off-season being praised, honored at testimonials and receiving almost every award baseball has to offer. This is great but raises the question, where do you go from here? Apparently the Dodger lefty thinks he can go up and be even better in 1964. "I've never thrown this well this early," Koufax said. "I feel real good."

The National League's most valuable player, pitched the first five innings in the Dodgers' 5-3 victory over the New York Mets Tuesday and gave only two hits, no runs and struck out seven. His control was right out of the middle of August as he failed to walk a man to go along with the three perfect frames he hurled in Mexico over the weekend.

In other games: The Chicago Cubs blanked the Los Angeles Angels, 2-0, on three hits. Bob Buhl and rookie Sterling Slaughter pitched no-hit ball while Cal Koonce gave up all three safeties. Detroit's Norm Cash batted in five runs with a home run and a double to lead the Tigers to an 8-2 triumph over Philadelphia.

Minnesota bombed the Yankees best, raking Whitey Ford, Al Downing and Ralph Terry for 14 hits and a 7-3 win. Newcomer Felipe Alou and Rico Carty, a rookie to watch, powered home runs as Milwaukee stopped Kansas City, 8-1. Larry Bohannon was the winning pitcher and knocked in the deciding run as Houston edged Baltimore, 3-2. Bohannon singled with one away in the 11th inning to end the game.

Pittsburgh beat Washington, 5-4, in 10 innings. Vernon Law, in his first spring appearance for the Pirates, went three innings and yielded one run.

Hearings Set On Recreation

TALLAHASSEE (UPI) — The Florida Outdoor Recreation Planning Committee has set up a series of 10 hearings starting April 15 to get public guidance on the new recreational land purchase program.

The planning committee, in a meeting Tuesday, also established a special subcommittee to set up criteria for spending recreational funds for special projects.

The public hearings will be in Tampa April 15 and were to wind up May 14 in Fort Pierce.

Pete Hamilton of Casselberry is the instructor.

Phillies' Boss Is Optimistic

CLEARWATER, Fla (UPI) — Things are looking up for the Philadelphia Phillies. Manager Gene Mauch feels that, given a break here and there, the Phillies could win the National League pennant, ending a 16-year drought.

The breaks he needs involve solving two problems — coming up with a third baseman and some left handed relief pitching.

"If we do, and I think we will, watch out," Mauch warns. He directed his club to a fourth place finish last year — the first season since 1955 it has finished in the first division — with a total of 87 victories, only 12 less than the winning Los Angeles Dodgers.

Except for third base, a platooning problem in left field, and a bullpen problem his club is all set. It figures to miss the big bat of Don Demeter, but the two players they acquired for him, pitcher Jim Bunning and catcher Gus Triandos, may take up the slack.

By Jane Casselberry
The South Seminole Garden Club voted to postpone for one year the flower show originally scheduled for April at a meeting Monday afternoon at the Casselberry Women's Club.

For the 15th consecutive year the First Presbyterian Church will observe an all-music service to celebrate the Easter season when the Chancel and Senior High School choirs present a vesper service at 5 p. m., March 22. As in the past, the ministry of music of the church will conduct this hour of worship.

There are 30 vocalists in the high school group and 26 on the roster of the Chancel choir who will take part in singing nine anthems, all of which will be taken from texts from the Psalms. Also tenors Bobby Rumbley and Steve Sewell with the bass section made up of Jeffrey Barlow, Buddy Burton, Jerry Cullum, Jimmy Dodson, Perry Echeberger, Gary Ganas, Ronnie Hall, Tom Hemphill, Bobby Henderson, David Lanier, Andy Lyon, Jim Touhy.

Making up the Chancel choir are Andrew Bracken, Walter Glosow, George Touhy, Warren Adams, William Brumley Jr., Robert Crumley, Eugene Estridge 3rd, Clifford McKibbin.

Estidge 3rd, John Hoganon, Roy Mann, Edgar Miller, Rayburn Millwee, Rudy Sloan, Edgar Smith Jr., Leon Walker, Robert Willis, James Coleman, Harry Echeberger, Richard Packard, Nick Pfeiffer.

It is hoped by the ministers, the Rev. Grover Sewell Jr., and the Rev. "There is no more joyous season in the Christian calendar than that of Easter with its promise of life eternal. Music is a fitting medium of expressing this feeling," said one of the preachers. "We hope that the sanctuary will be filled to capacity."

Rev. John T. Adams Jr. officiated at the double ring, candlelight ceremony.

The church was decorated with baskets of white mums and gladioli with white candelabra interspersed with fern forming an arch.

Miss Joan Wilke, organist, presented a program of traditional wedding music and accompanied soloist, Miss Patty Glenn Johnson, who sang "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a floor length gown of white bridal satin with fitted bodice and full skirt. The bodice featured a sabrina neckline and long tapered sleeves fastened at the wrists with pearl buttons.

A cascade of tulle ruffles flowing from a full blown satin rose at the waist ended in a Chapel train. Her fingertip veil of silk illusion was attached to a crown of seed pearls and hand-cut crystals, and she carried a cascade bouquet of yellow sweetheart roses. Her only jewelry was a single strand of white pearls.

Miss Charlene Herm, cousin of the bride, was maid of honor and other attendants were Miss Barbara Drawdy, Miss Margaret Jones and Miss Sheila Best, a cousin of the groom.

All attendants wore identical street length dresses of yellow faille, with fitted bodices and semi-full skirts fastened in back with yellow faille roses. Their nose veils were attached to head piece circlets of yellow faille and they each carried a crescent bouquet of yellow carnations.

Robert Best, brother of the groom, was best man and serving as ushers were David Lanier, Dale Duncan and Allen Albers. Little Miss Leslie

Whitten, namesake of the bride, was flower girl. The bride's mother wore a two piece sheath of pink serano linen, embroidered with Irish lace, pink flower hat, white shoes and elbow length gloves and a corsage of pink rosebuds. The groom's mother wore a powder blue cotton print with matching jacket, white hat, gloves and shoes and a corsage of white rosebuds.

Following the wedding, a reception was held in McKinley Hall. Arrangements and baskets of white mums and gladioli and yellow and white daisies adorned the reception hall.

The refreshment table was centered with a silver candelabra topped with an arrangement of yellow and white daisies and held a five tiered wedding cake topped with a miniature bride and groom and crystal punch bowl.

The bride's table was covered with white satin and featured a miniature bride doll dressed identically to the bride and a single yellow rose. Mrs. Joe Alexander kept the bride's book.

Assisting at the reception were Mrs. C. O. Jones, Mrs. W. W. Tyre, Mrs. C. B. Herm, Mrs. Blake Sawyers, Mrs. Gerald Myers, Mrs. J. T. Adams Jr., Mrs. Pat Johnson, Mrs. J. W. Drawdy, Mrs. Jim Pigott and Mrs. Harold Whittier.

Floating hostesses were the Misses Norma Whittier, Gay Stanley, Joy Stanley, Gayle Senkarik, Cathy Best and Katherine Evans.

The couple left for a wedding trip to the East Coast and upon return will reside at 718 1/2 West First St. in Sanford. For traveling Mrs. Best wore a two piece suit of powder blue enclilada with matching blouse, blue accessories and the corsage from her wedding bouquet.

Out of town guests included Mr. and Mrs. L. E. Furguson, Wayne, Rickey and Randy, from Panama City; Mr. and Mrs. W. C. Furguson, Orlando; Mr. and Mrs. H. V. Aiken, Jacksonville; Miss Patty Glenn Johnson and Miss Nancy Babb, both students at Tilt College, Forsyth, Ga.; Mrs. J. W. Drawdy and Miss Barbara Drawdy, of Waycross, Ga., and Mr. and Mrs. Charles G. Herm and Charlene, from Daytona Beach.

NAVY FAMILIES are having lots of company these days as former Sanford Navy folks and friends and relatives arrive to see the Bombing Derby, and in some cases for the Easter holidays.

Mr. and Mrs. P. H. Werner will have Capt and Mrs. Emil S. Sayegh from the U. S. Naval Hospital in Portsmouth, Va., their daughter Eva from Hood College and son Paul, for the Easter holidays and for the Bombing Derby will host Cdr. Lyle H. Settee, former skipper of VAH-5.

ANY of you Navy folks like to shoot? There has been some interest displayed in getting up a Skeet Club for the base—both men and women. Anyone who is interested in joining and helping start such a club is asked to contact Mrs. P. H. Werner, Major William Dursteler, USAF (Attached to VAH-5) or Lt. Giles Baler also of VAH-5.

THE CALL IS OUT for some new Pink Ladies to help at Seminole Memorial Hospital.

ALSO NEEDED are more women to help with Navy Relief for the Sanford NAS division, which is very short-handed.

Mrs. J. O. Mayo has requested that those who can help with this contact Chaplain Robert Deal, who will arrange a short course on the work that needs to be done.

IT'S TOO BAD, but Mrs. Nell Pruden is going to have to miss the Derby this time. She's still in the Orlando Air Force Base Hospital and is expected to be there for a while yet. Mrs. Jack Dunn is also a "guest" of the hospital.

Both may have visitors and hours are from 12 noon to 8 p. m. Drop them a card or stop by when you're down that way and keep them up on what's going on. They're getting along fine, but are always happy to have company.

THE BUSY BUSY Savagettes, (VAH-5 enlisted wives club) met last week and elected a Hospital Committee to visit the Squadron wives who are on the sick-list. Pat Manning, Barbara Frenkel, Linda Pittmann, Peggy Gregg and Barbara Rohrer are the first committee members.

The club also set up an Emergency Committee for the purpose of helping the groups wives at a time of emergency. If such a time should come to you, Savagettes, call Ruth O'Neill at 322-7616 or Linda Pittmann at 322-0409.

Cdr. and Mrs. P. H. Werner were guests of the club and in honor of the groups active service is planning to present

Freeze Your Own French Fries

By Myrtle Wilson
Home Demonstration Agent
Potatoes are currently a bargain. So now's a good time to try your hand at freezing your own French fries.

Food specialists in the U. S. Department of Agriculture say French fried potatoes are best when prepared in two stages. Here's how you can do it—with the freezing operation between the two stages.

Cover the bottom of a fry basket with raw potato strips and fry them until they are tender but not browned. This should take about four minutes in fat that is 360 degrees Fahrenheit. Set aside to cool at room temperature.

When the strips cool, package for freezing in meal-size portions and store at zero degrees Fahrenheit. They'll maintain their quality for three or four months.

When ready to use the French fries, simply thaw and finish them in 375 degrees Fahrenheit oven. French fried potatoes finished in the oven are less oily, but they are also slightly less tender than those browned in fat.

Garden Circles

The Hibiscus Circle of the Sanford Garden Club met last Friday at the home of Mrs. Margaret Paul, 1509 Palmetto Ave. Mrs. E. G. Brisson opened the meeting with a prayer, and later outlined the care and planting of seeds, new plants and cuttings. She stressed this is the time of year to fertilize and water thoroughly all types of vegetation, and the necessity of removing all dead branch and mulch to keep plants moist.

Mrs. Alburn Rector, incoming president of the Sanford Garden Club was an honored guest at the meeting. Plans for the coming flower show were discussed and the need for volunteer workers was emphasized. The board meeting was reported by Mrs. Herbert Moreland, and Mrs. J. M. Fahy gave a report on the building committee meeting.

Mrs. Paul was assisted by Mrs. T. A. Burrell and Mrs. Brodie Williams in serving delicious refreshments to the 18 members present.

The next meeting will be held at the home of Mrs. A. B. Stephens.

How a meal looks is important, too. Meals of one color are less appealing in appearance than those planned for variety.

You Can Always Spot a Wise Shopper

Did you ever observe people's buying habits? Notice them sometime when you're in a store or supermarket. Some will pick up whatever brand is placed before them. Others are more discerning; they've learned that some brand names mean greater quality.

T. G. Lee is such a name. Wise shoppers have learned that the T. G. Lee trademark means highest quality, freshness, and flavor. Not just today, but every day... year after year. It has been that way since 1925. It's a brand that's worth going out of your way to get.

Bomb Derby

It's been a busy week at Sanford Naval Air Station as bomber crews and maintenance crews compete to win the 10th annual Bombing Derby of Heavy Attack Wing One. These photographs follow procedures in getting the heavy bombers off the ground.

No. 1—An ordnance crew prepares an RA-5C bomber for take-off. No. 2—One of the powerful jet engines is transported through a hangar for installation in a plane. Note the tail section in the foreground. No. 3—Joe Master (left) and E. A. Lux load miniature practice bombs aboard a plane. No. 4—Master informs Lt. Cdr. Donald Sutton, the pilot, and Lt. (jg) O. P. Burch, bombardier-navigator, their plane is ready for launching.

No. 5—Plane refueled, armed and ready to go, the ground crew watches the plane crew climb aboard. No. 6—Lt. Jerry Atkinson (left), pilot, and Lt. (jg) Andy Reno, bombardier-navigator, study flight charts and briefing data just prior to take-off. No. 7—Lt. (jg) George Schneider gives a final briefing on the target to the plane crews. No. 8—Cdr. George W. Kimmons, commanding officer of VAH-3, and his bombardier-navigator, Lt. James Morgan, receive last minute weather information from Lt. Cdr. Vincent Law, base aerology officer.

On Philosophy

Pay no attention to those charges that Americans are interested only in making a buck, that "culture" is a neglected stepchild in this land, that we are more devoted to "crass materialism" than to the cultivation of the soul.

The truth is that philosophy teachers and philosophy buffs are blooming all over the country. And, as everyone knows, philosophers think deep thoughts about the important things of life, even if they have no "practical" use.

To be statistical, the number of teachers of philosophy in the nation's colleges increased by 22 per cent in the last two years.

No less than 4,755 persons, including 850 women, teach philosophy in U.S. colleges. There are also 88 philosophical societies and 45 philosophical journals.

Source of this information is the newly published Directory of American Philosophers II, 1964-65, edited by Dr. Archie J. Bahm, himself a teacher of philosophy for 30 years and presently professor of philosophy at the University of New Mexico.

Dr. Bahm has published the handbook of facts about philosophy primarily to "encourage teachers of

philosophy to regard themselves with greater respect and less self-pity." There is strength in numbers, even among philosophers.

Dr. Bahm's philosophy is of the old-fashioned kind — devoted to finding a world-view which will tell men how best to live. He condemns the "utilitarian" doctrines of today which have reduced philosophy to little more than linguistic analysis or semantics.

Bahm proposes a synthesis of the ideals of the Hindu, Chinese and European civilizations to serve as a philosophical expression of the emerging world culture. He thinks Americans must be in the forefront of the process:

"Now, not 50 years ago, is the time for greatness in American philosophy. We have the intellectual resources of the world's three major civilizations to utilize in redesigning a world-philosophy to rescue us from the morass of moral confusion resulting from our overrapid transition from a rural pioneering colony to the megalopolitan leader of the United Nations.

"We need men in philosophy to match our mountains, and our industrial and military might." He could be right.

No GOP Steamroller

About all that can safely be inferred from the New Hampshire primary at this point is that neither of the GOP glamor boys, Barry Goldwater and Nelson Rockefeller, is piloting a steamroller toward the Republican national convention.

Henry Cabot Lodge, from 10,000 miles away in Viet Nam, holds the prize. But is he a national winner or merely a respected, native New England son who was chosen by New Hampshire voters to demonstrate their dissatisfaction with the Republican leadership? After all, he did not enter his name in the primary, made no campaign statements, committed himself on no issues.

He could hardly do any of these things, of course, while serving as an emissary of the Johnson administration on one of the most critical fronts of the cold war.

His enforced silence may have been an asset in the Granite State. It cannot continue to be so for long.

Little New Hampshire has shaken up the Republican presidential picture. But it is a long, long time be-

tween March and July, and a long, long way from New Hampshire to San Francisco, which is when and where the Grand Old Party will convene.

Thought For Today

And Jesus being full of the Holy Ghost returned from Jordan, and was led by the spirit into the wilderness, being forty days tempted of the devil. And in those days he did eat nothing: and when they were ended, he afterward hungered. And the devil said unto him, If thou be the Son of God, command this stone that it be made bread. And Jesus answered him, saying, It is written, That man shall not live by bread alone, but by every word of God. Luke 4:1-4

The word of God tends to make large-minded, noble-minded men. — Henry Ward Beecher

On this earth all is temptation. . . Our life is a continual combat, but one in which Jesus Christ fights for us. — Francois Fenelon

The Lighter Side

WASHINGTON (UPI) — February group during 1965 but was unable to reach any sort of merger agreement.

Chairman: What was the difficulty? Vice Chairman: They kept insisting that February is a more disagreeable and depressing month than March. They agreed it might be a good idea for us to work together, but only if we concentrated on getting rid of February first.

Chairman: Did you show them our public opinion poll which indicated that 64 per

cent of the people regard March as the most unpleasant month?

Vice Chairman: Yes, Mr. Chairman.

Chairman: What was their reaction?

Vice Chairman: They showed us a public opinion poll which indicated that 69 per cent of the people regard February as the most horrendous month.

Chairman: Did you point out to them that March is the only thing standing in the way of April?

1964 ROLL OF HONOR ... (WILL YOUR NAME BE ON IT?)

Dr. Crane's Worry Clinic

David's comments about the screwballs in medicine might be expanded to include the field of psychology, too. For America is desperately in need of professors and doctors who have "horse sense." We have far too many brilliant college minds that lack simple common sense and social poise. The bureaucrats at Washington are striking examples.

CASE 5-415: Daniel and David came home recently for the weekend.

Daniel is a dental surgeon while David is a physician. Since I had asked them their impression of the younger doctors versus the older practitioners, David replied:

"Well, Dad, I think that young dentists as a group are better adjusted and socially more poised than are medics."

"And I believe it is partly the fault of our medical colleges. For they still overly magnify scholastic grades."

"For instance, they give undue weight to 'A' grades and the fact that an applicant may have had his own chem lab in the basement during high school."

"And if the boy was a nut over space ships or rockets and similar scientific projects they gleefully admit him to med school."

"Meanwhile, they often overlook the fact he is a screwball who may be socially a misfit who never dated in his life and who had little participation in college athletics."

Chairman: Did you tell them that if they helped to do away with March it would make it easier to eliminate February later?

Vice Chairman: We used every argument in the book, but they are dedicated, calendar-carrying February haters. They fear that if they recognize the defects of March it will weaken their case against February.

Chairman: How about trying to form an alliance with the Federation of Down-with-January Societies?

Vice Chairman: That's a crackpot outfit. It's rumored they are a front for the Annihilate November Association.

Chairman: Very well. We will attempt a compromise to repeal the last half of February and the first half of March. If that doesn't work we shall have to go it alone.

That's also why we have such inarticulate physicians who make fools of themselves if they talk before Rotary or Kiwanis or even a high school "Career Day" audience.

By contrast, the dental schools stress well rounded personalities, so I find fewer screwballs among dental surgeons than among medics."

Well, David has a good point. In fact, it has often been said that all too many professors of psychology were also screwballs as students, with phobias, obsessions and persecution problems.

So they entered psychology partly to learn how to solve their own complexes, and then simply went on for a Ph. D. degree.

Obviously, not ALL physicians or psychologists are screwballs but I certainly think we have an overabundance of that variety in both medicine and psychology.

And I can speak advisedly for I belong to both of those professions.

Indeed, the very thing that often makes a "C" student a superior doctor of either medicine or dentistry, is his greater knowledge of practical psychology.

He obtained this probably because he had to earn his way through school by waiting on tables for his meals or by selling books or magazines during the summer, etc.

Many of our professional students also drive taxicabs at night to help pay their ex-

periences at college. And taxicab drivers certainly operate superb psychology laboratories, for they meet all sorts of people.

Because these working students haven't the time to memorize all the minor points about a course, they may get a "C" grade instead of an "A."

But that "C" usually covers all the fundamentals! Besides, they often obtain wider perspective and superior judgment about basic medicine or dentistry, partly due to their broader social perspective.

Therefore, within 5 to 10 years, many of the "C" doctors have such flourishing practices that they must hire their former "A" classmates to work for them."

This is a common situation in both medicine and dentistry, as well as law, engineering and other professions, too.

For the "A" student is often a horn-rimmed glasses invert, out of contact with reality, socially immature and financially gullible!

Political Notebook

WASHINGTON — (NEA) — The quiet struggle now raging over succession among the Kremlin's top 12 men may end up with the Soviet Union gingerly adopting some of capitalism's economic ideas.

The Kremlin fight is over who will replace the six aging or aged men in the 12-man ruling Presidium. Back of that fight is a struggle between the Soviet "modernists" and "conservatives."

The "modernists" are believed making a bid for control. They're certain of only five out of the 12 men on the Presidium today. Top U. S. Kremlinologists interviewed think they're out after a net gain of two for a small majority.

The "modernists" want economic change. They favor trying some capitalist methods—profits and other material incentives as rewards for centralization of decision making; more freedom of action for industrial managers.

They're more inclined to increase the amount of goods produced for consumers on the theory "you can't attract people to communism by asking them to sit down to an empty table."

"Modernist" theoretician, Professor E. G. Liberman of Economic Institute, in the Ukraine, proposes that Soviet enterprises be guided by an incentive system based on profits, and that these profits be based on fixed and working capital. Government con-

trols over wages, labor, productivity would be ended and enterprises given wide freedom to develop their own plans and make their own arrangements with other enterprises.

Twice each year the State of Maine Club meets in this area to meet Mainers who are either now permanent residents or winter guests in Central Florida. Our last meeting was in Winter Park, Feb. 15, and we attracted quite a sizeable group. Some came from as far as West Palm Beach and Jacksonville.

Our second meeting will be held on March 28 at Rock Springs, Apopka, Florida. A picnic is planned with each family bringing its own lunch.

Our president for 1964 is Jeff Hodges of Allamonte Springs and the vice-president is Earl Chesley of Lake Helen. This organization requires no dues. I have on file over 300 names of present members and we would like to include others who may not have heard of the club.

All Mainers are welcome and urged to pass the word along.

"Referring to the last letter I received from you regarding improvements to State Road 46, west from I-4 to the Lake County line, I hope you are giving it due consideration in the budget for the coming year."

"I disagree with the recommendation of the Seminole County Commission Board's recommendation that this road be placed fifth on their list of improvements submitted to your office and I hope your judgment will give us a safe, decent road in the near future."

Dear Abby: By Abigail Van Buren

DEAR ABBY: Do gentlemen really prefer blondes? Do blondes have more fun? Why do men act so silly over girls with hair that is bleached until it looks like straw? Wouldn't they rather see a natural redhead, or a girl with shining black hair, or chestnut-colored hair, with golden highlights? Why do men rave over a girl just because she has blonde hair? I would like to know the answer to this, and so would a lot of other women.

NO DYE HARD

DEAR NO: Men like hair that is (a) clean, (b) well-groomed, (c) fragrant, (d) all of these things, men don't care whether it's black, brown or gray, I know a girl who has been both blonde and brunette, and she didn't have any more fun as a blonde.

DEAR ABBY: My husband and I and another couple went to a dinner show at a night club. Our income requires that we budget carefully. My husband and I ordered the least expensive dinners, and one drink

apiece. The other couple ordered the most expensive dinners and they each had four drinks. When the waiter brought the check, the other man just divided it in half and said, "Your share is \$19.00." The floor show was on at the time, so my husband said nothing and paid up. On the way home he told the other man that he had some money coming, and explained why. The other man became indignant and said, "If you can't afford an evening out, you should stay home." Of course he was wrong, but how could this have been avoided.

FRIENDSHIP RUINED

DEAR RUINED: When you ordered, your husband should have asked the waiter to make up separate checks.

DEAR ABBY: Last week I was a witness in court. As I approached the witness stand this 65- or 70-year-old judge shouted at me, "Say, if you're gonna testify in this court, speak loud and with respect." Then he fell

back in his chair, put his feet up on his desk about six inches from my face, and lay back like he was dead. While I was talking, he suddenly jerked his feet off his desk, sat erect in his chair and shouted at the top of his voice, "SPEAK LOUDER!" Do you think I should send this judge a bed and a hearing aid?

WITNESS

DEAR WITNESS: "Judge not, that ye be not judged." Matthew 7:1.

Fishing Club Changes Year

By Mrs. Adam Muller

The fiscal year of the DeBary Fishing Club was changed to coincide with the January-December calendar year at last week's meeting of the group held in the Firemen's Recreation Hall with Clyde Wright presiding.

Elected to serve as a nominating committee were Bert Good, chairman; George Werman, James Greenlee, Vernon Catoe and George Coon.

Members discussed what effect dredging of the canal through the St. Johns River to Titusville would have on shad fishing. Robert N. McGee donated a complete set of deep sea fishing equipment to the club. Two new members were accepted.

The twice cancelled deep sea fishing trip was enjoyed last Thursday with members bringing back snapper, trout and many other salt water species.

Jacoby On Bridge

By Oswald Jacoby

There is one series of bids that always invites a trump lead. That is the old fashioned one, two, three, four in either spades or hearts.

Thus, in spite of his generally unattractive hand, West would have opened a trump. If he had done so, South would have almost surely wound up going down two tricks. West liked his club holding and decided to open the jack of that suit.

This lead would have given South the hand had East not been right on his toes, but fortunately for the defense East was.

East's first problem was at trick one. Should he rise with the ace or play the seven

We The Women:

By Ruth Millett

When asked if she minded telling her age, an up-and-coming 84-year-old said with a twinkle: "No, I love to tell my age. I collect the nicest compliments that way."

Now there's a smart woman. Much, much smarter than the woman who sets her age back 5 or 10 years, or the one who plays a cagey game of trying to make others figure

out for themselves that she is younger than she actually is.

When a woman who looks 40 admits she is 50, everyone is impressed. When a woman says she is 70, even though she seems years younger, she gets a lot of credit for being so young for her age.

But what does the woman who tries, and sometimes succeeds, in convincing you that she is 45 when she is actually 50, get for her troubles? Nothing much at all. She is just another (supposedly) 45-year-old woman who looks and acts every bit of her age, and probably a bit more, since she has actually lived five years more.

What special compliments does she rate, or ever get? None.

That being the case, it's kind of foolish for women to be ashamed of whatever age they happen to be. If a woman of 60—LOOKS 60, what's wrong with that? And if she doesn't look her age then she will "collect the nicest compliments" by admitting it.

Young People Hold Service

The young people of the First Baptist Church were in charge of all worship services last Sunday including the Sunday school and Training Union, as they climaxed a week of youth activities.

Leading in worship were Jerry Dull, youth week pastor; Miss Susan Phagan, choir director and Jerry Smith, education youth director. Russell Mathews was at the organ.

Sunday School was under the direction of Dickie Schrum and young people from 15-24 years taught all classes. At the evening worship service reports were given by those who served as organizational leaders during the week. Russia Refuses To Free Flier

BERLIN (UPI) — Soviet officials have refused to release a U. S. Air Force officer hospitalized in East Germany since Soviet jets shot down his plane last week.

1st Lt. Harold W. Welch, 34, of Detroit, is one of three officers who parachuted from the RB-57 reconnaissance plane last Tuesday when it was downed by the Soviet pilots after straying across the border into Communist East Germany.

Welch was the only man injured in the incident and the Soviets Monday permitted Air Force flight surgeon Capt. John L. Monroe of West End, N. C., to visit him in the Soviet army hospital in Magdeburg.

Lynda 20 Today

WASHINGTON (UPI) — It's Lynda Bird Johnson's 20th birthday today, but it appears the President's eldest daughter will be too busy for any but the simplest of family celebrations.

15 Identified

NEW ORLEANS (UPI) — Disaster teams Wednesday identified 15 bodies recovered from the murky waters of Lake Pontchartrain, all victims of the crash of an Eastern Air Lines DC8 Feb. 25.

Harry Tells 'Em

DUCK KEY (UPI) — Former President Harry S. Truman praised the administration's war on poverty today and said its critics "don't know anything about what they're talking about."

Jerrie Takes Off

COLUMBUS, Ohio (UPI) — Jerrie Mock took off into a clear, cold sky today in a flight to break two speed records and beat another American beauty on a solo flight around the world.

Wiener Dies

STOCKHOLM, Sweden (UPI) — Dr. Norbert Wiener, 65, American scientist and mathematician known as the "father of automation," died here Wednesday of an apparent heart attack during a Scandinavian lecture tour.

Filibuster Charged

WASHINGTON (UPI) — Democrats charged today and Republicans vigorously denied — that GOP congressmen were trying to filibuster against House consideration of the wheat-cotton bill and the food stamp program.

\$3.4 Billion

WASHINGTON (UPI) — President Johnson asked Congress today for a "no waste, no retreat" foreign aid program of \$3.4 billion. He promised to cut bureaucracy and to speed up efforts to put recipient nations on a self-supporting basis.

All For Nothing

Burglars obtained nothing for their efforts in breaking into the Clyde Grill at 206 Sanford Avenue Wednesday night, police reported today.

Henry N. Tamm Jr., director of financing for Sanford, will be a panelist for the 22nd annual short course for municipal clerks and finance officers in Gainesville March 22 to 25. His subject will be "Tax Assessing, Collecting, Licensing." Also attending from here will be Mrs. Hosa M. Rotundo, assistant finance director.

A longtime Sanford resident, Hugh Tillis, visited the Herald office the other day to reminisce on the past. He was in the meat market business for years and also operated the Market Restaurant, famed for its calves liver and onions. Tillis whispered, however, his calves liver and he bought it for five cents a pound.

Many local telephone subscribers are getting careless in reading the directory, and either reaching the wrong party or being told by the operator the number desired had been disconnected. Many Sanford numbers are now prefaced 323- along with the old 322-.

Junta Chief Rallies Vietnamese For War

SAIGON, South Viet Nam (UPI) — Military junta chairman Maj. Gen. Nguyen Khanh made parades today to mobilize the population for the war against the Communists and to improve relations with his neutralist neighbors. He pushed ahead with a mobilization plan he announced Wednesday with the bitter remark that some Vietnamese are fighting and dying in the guerrilla war while in Saigon, "it's just twisting every night."

He threatened to shoot or imprison those who try to evade the mobilization. He also sent a high-level mission to Phnom Penh, capital of neutral Cambodia, which has indicated it will take up diplomatic relations with Communist North Viet Nam. He had announced earlier that all diplomatic relations would be severed with neutral Laos.

Khanh's mobilization moves followed recommendations by Defense Secretary Robert S. McNamara, who visited here this month.

The White House pledged more economic and military aid to Khanh's government Tuesday, admitting there had been some setbacks in the guerrilla war.

There was a new setback reported Wednesday. A U. S. military spokesman said six Vietnamese soldiers were killed and 20 wounded in a daylight ambush by Communist forces 50 miles south of Saigon.

Airport Plan Is Advanced

Recommendations and comments from interested persons about the establishment of a Seminole County airport 33 miles north of Longwood are requested by the Federal Aviation Agency, Atlanta.

The announcement was received this morning by John Krider, manager of the Chamber of Commerce. Proponent for the airport-to be known as the Seminole County General Aviation Facility—is the airport development committee of the Chamber.

The airport layout would include one 5,000-foot runway, 5,000 by 200 feet. It is estimated 20 single engine and five multi-engine aircraft would be based initially at the airport, later to be increased to 65-85 single engine and 15-20 multi-engine aircraft within five years.

It also is estimated monthly landings would total 900 initially, increasing to 4,000 within five years.

Purpose of the port would be public use of general aviation facilities for business and private aircraft and servicing operations.

Explorers Lost After One Hour
CAPE KENNEDY (UPI) — The United States today lost an Explorer satellite about an hour after it was rocketed into space to examine the ionosphere to test a new space tracking system using intense beams of light called lasers. (Earlier story on page 2).

Fighting Fierce As Cyprus Truce Falls Apart

GHAZIVERAN, Cyprus (UPI) — The fragile informal truce throughout Cyprus since the arrival of the first Canadian United Nations troops last week collapsed today with the snap and crunch of bullets and bazookas into this Turkish Cypriot village.

The indications that this island may be entering a new period of violence were supported this afternoon with the British announcement that firing also had erupted at Kaloborio on the northern coast. It was feared this fighting might be directed from the nearby Turkish Cypriot stronghold of Lefka and represent a major Turkish retaliation.

At least four Turkish Cypriots were wounded—one critically—by the rifle and bazooka fire which green Cypriot police and irregulars looted into this northern Cypriot village. There were no reports of Greek Cypriot casualties.

Each side accused the other of starting the fighting.

Sanford Youth Awarded \$500 Scholarship

Stephen Grover Sewell, of Sanford, has been named a merit scholar after attending Florida Presbyterian College's scholarship evaluation over the weekend. He was one of 70 outstanding students attending the session.

The scholarship carries with it a maximum stipend of \$500, according to William H. Taylor, director of admissions. Sewell took part in two days of testing, personal interviews and evaluation sessions, competing with top students from 10 states.

Between sessions the students took part in pool parties, record hop and picnics. He is the son of the Rev. and Mrs. Sewell, of First Presbyterian Church.

35-Hour Week

CLEARWATER (UPI) — The International Brotherhood of Electrical Workers (IBEW) put Western Electric Co. on notice Wednesday the AFL-CIO union will demand a 35-hour work week for its 70,000 employees in nine plants.

Friendship Is Disturbing

Orange County friends of Army reservists bound for training camp created a bit of a disturbance here Wednesday afternoon, police reported today.

Police were called to the ACL depot here when the "friends" created a ruckus there.

The friends had accompanied the reservists this far. They were taken to police station and caused \$28 damage to the plumbing and mattresses in their cell before they were released to their parents.

Legal Action Taken Against ACL And SAL

JACKSONVILLE (UPI) — The Florida East Coast Railway filed suit in Federal Court Wednesday to block the merger of the Atlantic Coast Line and Seaboard Air Line railroads.

The FEC said the merger, scheduled to take place April 10, would reduce competition and monopolize transportation services available to the public in Florida, Alabama, North Carolina, South Carolina, Georgia and Virginia.

The FEC said it was dependent on an interchange of traffic with the ACL to compete with the Seaboard on the east coast of Florida.

The Interstate Commerce Commission authorized the merger Dec. 13, 1963, and refused March 6 to reconsider its ruling.

The FEC asked that a three-judge Federal Court be called as soon as possible to hear its complaint.

NEW YORK (UPI) — Union and management leaders added new verbal fireworks Wednesday night to the violence-marked, 14-month strike against the Florida East Coast Railroad (FEC).

George Leighty, president of the non-operating railroad union said "reasonable" management could have settled for labor dispute before the walkout.

FEC board chairman Edward Ball said "... we don't believe in jumping through a hoop simply because the union organization or any other organization holds it up."

The two men commented during a taped television show with the National Education Television Network (NET) for the program, "At Issue."

Leighty said he was at a loss to understand the recurring dynamite blasts which have caused extensive damage to FEC freight trains on 572-mile line between Miami and Jacksonville.

The strike was called Jan. 23, 1963, when the railroad refused to follow a nationwide railroad agreement. A presidential emergency board asked the nation's major railroads and unions to accept a 10-cent hourly increase for union workers. All agreed except the FEC, which claimed it was operating at a loss.

In defending the FEC's action, Ball said last night "if you're going to stay in business you've got to make a profit."

Those arriving today will be honored at a barbeque sponsored by the Seminole County Chamber of Commerce at 6:30 tonight at the Florida Power and Light Company recreation area.

They'll make another social appearance Friday as the community and military meet at the NAS ballroom for the annual Bombing Derby reception.

Finally they'll attend the big open house and air show Saturday where many of the visiting dignitaries will present trophies to winners of the week's bombing competitions.

18 Planes Ready To Make Bomb Strikes

Tight finishes in simulated nuclear strike exercise delayed release of results at noon today while 18 planes were set to launch for the fourth day of Bombing Derby "strikes" at 4:30 this afternoon.

Today's event, the fifth in the Navy's Tenth Annual Bombing Derby, at the Sanford Naval Air Station will involve high-altitude radar-scored bomb runs on four

cities in the Southeastern United States.

Meanwhile two squadrons clinched a place in the awards line Saturday as Heavy Attack Squadron Three clung to a narrow lead in the Heavy Attack Wing One Tenth Annual Bombing Derby, continuing through Saturday at the Sanford Naval Air Station.

Heavy Attack Squadron Three was leading the competitions after three events with 1116 points, 12 more than Detachment Eight of Heavy Attack Squadron Eleven.

VAH-3, VAH-9, VAH-11 and VAH-1 followed in that order. VAH-3's all RA-5C Vigilante entry was paced by a flight crew composed of Lt. Cmdr. Don Sullivan and Lt. (jg) O. P. Burch, whose 275.5 points are tops in the derby.

VAH-3, winner of Monday's weapons loading event, did not figure in either of the trophies clinched in Tuesday's competition. These went to Detachment Eight and VAH-5.

Detachment Eight won Tuesday's close air support competitions involving four low altitude bombing runs on a training target at the Pinecastle Impact Range near Astor, Fla.

At the same time Heavy Attack Squadron Five, scheduled for Pacific Fleet deployment with the twin-jet RA-5C Vigilante this summer, won the first Reconnaissance Championships to be held in conjunction with the annual bombing exercises.

VAH-5 won the title in special reconnaissance missions flown over North Florida Monday and Tuesday in connection with the "nuclear" loft bombing and close air support competitions.

Detachment Eight's victory was paced by an A-3B Skywarrior piloted by Lt. Cmdr. Bill Quirk with Lt. Al Blunden, the Wing's 1962 bombing champion, manning the bombardier's seat. Their third crewman was Second Class Aviation Electronics Technician Richard Markland.

By pacing the 18-plane field, the "Det Eight" crew earned a slot in Friday's "Night vs. Mite" loft bombing run-off, representing all Skywarrior entrants.

The A-5A Vigilante counterpart in the three-plane contest will be manned by Lt. Cmdr. Pat O'Gara, pilot, and bombardier-navigator Lt. (jg) Paul Hanev, top VAH-1 flight crew.

The Skywarrior and Vigilante crews will match their bombing eyes against an A-4C Skyhawk piloted by Lt. Dick Porter of Attack Squadron Twelve based at Cecil Field Naval Air Station, near Jacksonville.

The A-4C is the world's smallest carrier-based aircraft; the Skywarrior and Vigilante are the largest.

MIAMI (UPI) — State Attorney Richard Gerstein charged a pilot yesterday with setting fire to one of the world's largest airplanes here last July 13 to collect up to \$182,000 worth of insurance.

Gerstein said the pilot, Henry A. Warton, 34, was in Germany but that he would seek extradition.

The plane was a 02-ton, four-engine propeller aircraft named the Constitution which was one of two built for the Navy during World War II.

The huge plane, capable of carrying 200 passengers and two complete crews, was badly damaged by the fire but was not destroyed.

'Target' Officials On Hand For Derby

Top officials of the Joint Strategic Target Planning Staff arrived at the Sanford Naval Air Station Wednesday night, including the first two of nine flag and general officers scheduled to witness the home stretch of the Navy's Tenth Annual Bombing Derby.

Heading a group of eight officers from JSTPS headquarters at Offutt AFB, Neb., were Vice Adm. Robert J. Stroh, deputy director, and Air Force Brig. Gen. W. J. Crumm, chief, Operations-Plans Division.

They will observe Bombing Derby exercises for the remainder of the week, attend briefings and tour NAS Sanford's new support facilities for the RA-5C Vigilante reconnaissance-attack plane.

Admiral Stroh previously visited Sanford in February, 1963.

Friday afternoon the two officials will adjourn to the Mayfair Country Club here to play in the Navy-Civilian "Screen Door Open" golf tournament along with other high level officers scheduled to arrive at NAS Sanford today and Friday.

Expected this afternoon is Vice Adm. John S. Thach, who as deputy Chief of Naval Operations for air is the Pentagon's top advisor in matters of Naval Aviation.

Morning arrivals include Vice Adm. Paul H. Ramsey and Paul D. Strop, commanders of Naval Air Forces in the Atlantic and Pacific, respectively.

Shortly before noon, aircraft arrived bringing Rear Adm. Louis J. Kirn, commander Key West Force, and Rear Adm. Edward C. Outlaw, commander of the Naval Aviation Safety Center in Norfolk, Va.

Rear Adm. Earl R. Eastwood, ranking representative from the Navy's Bureau of Weapons in Washington, D. C., will arrive late tonight and with him will be a former commander of Sanford's Heavy Attack Wing One, Capt. Joseph M. Tully Jr., recently assigned to command the fleet officer USS Neosho.

Another former Wing Commander, Capt. James D. Ramage, now commanding officer of the carrier USS Independence, will arrive with Admiral Ramsey's group.

Vice Adm. Charles B. Martell, commander of the U. S. Second Fleet, is scheduled to arrive Friday morning and with him will be a third former Wing commander, Capt. Frank G. Edwards. Captain Edwards now serves on the Second Fleet staff.

Those arriving today will be honored at a barbeque sponsored by the Seminole County Chamber of Commerce at 6:30 tonight at the Florida Power and Light Company recreation area.

They'll make another social appearance Friday as the community and military meet at the NAS ballroom for the annual Bombing Derby reception.

Finally they'll attend the big open house and air show Saturday where many of the visiting dignitaries will present trophies to winners of the week's bombing competitions.

De Gaulle Hears Proposal For 'Latin Axis'

MEXICO CITY (UPI) — Talk of a "Latin axis" linking France and Latin America today highlighted the conclusions of President Charles de Gaulle's four-day visit to Mexico.

Final events of De Gaulle's tour included visits to the shrine of Our Lady of Guadalupe, Roman Catholic patron saint of the New World, and to the ruins of the ancient city of San Juan Teotihuacan, north of here.

The last foreign chief of state to visit the Guadalupe shrine was the late President Kennedy, who stopped there on the closing day of his final visit to Mexico.

During his stay here, De Gaulle and Mexican President Adolfo Lopez Mateos repeatedly stressed Mexico's "cultural and humanitarian heritage" from France.

Talk of a "Latin axis" was initiated by acting speaker of congress Romulo Sanchez Mieres in speech Tuesday. Newspapers here amplified the idea in editorials saying France and Mexico are linked by cultural ties based on mutual "Latin" origins.
