REV. COFFMAN

### She Challenges 'Backbone' Of Many Ministers

By JANE CASSELBERRY  
Herald Staff Writer

"The preachers of our country need to get back to the old Billy Sunday-style of preaching—naming sins in the community," said Tom Smith, Southern Baptist minister today.

The former minister of education at First Baptist Church of Sanford said he agrees with anger Anita Bryant's criticism of ministers the Pastors' Conference in Atlanta Sunday on the eve of the Southern Baptist Convention.

Miss Bryant criticized ministers and church laymen who have not openly opposed homosexuality, while 1,800 gay protesters marched outside the building accusing her of a denial of human rights.

"These people should not be picketing Anita Bryant. They should be picketing the ministers of this nation," Miss Bryant told the conference.

"I don't care who you are, if you don't stand opposed to immoral issues, then you will suffer. I believe the time is short and you must make this stand now, for soon we will have to answer to God."

Given a standing ovation when she entered the hall Miss Bryant thanked God there are a few men left in this nation who have the backbone to tell it like it is. I appreciate your prayers and strong support by Southern Baptists.

Miss Bryant is being proposed as vice president of the Southern Baptist Convention.

Smith agreed: "There is a need for ministers to stand in the pulpit and not soft-pedal issues, not just homosexuality, but all sins. I don't believe everybody has a right to 'do their thing.' My rights end where yours begin."

Outspoken Independent Baptist preacher, Rev. Bob Clark of the First Baptist Church of Winter Springs, who has crusaded

locally against issues such as pornography, massage parlors and nude dancing, supports Miss Bryant's stand.

"I am opposed to homosexuality in any way, shape or form, but like the Bible says they are human beings and if they want to be converted, I would be glad to help them," Clark said.

"When we were battling against Mike Pinter (owner of the Club Juana—Casselberry night club featuring male dancing) I couldn't get Southern Baptist preachers to come out and say anything," Clark said.

"I don't know why ministers are not more vocal on these issues. I preach this way all the time," he added.

There are good men in the church, but most preachers are not going to do anything but stay with the status quo. They don't want to injure their ministry, so don't rock the boat."

Rev. Bill Coffman, pastor of the Central Baptist Church of Sanford, thinks Anita Bryant is taking a stand that needs to be

taken and is being picked on.

"We have to be careful not to take her statement out of context. I think it is being used to try to separate her from the ministers. She has supported Southern Baptist ministers and they have supported her," Coffman said.

He pointed out the local ministerial association has started to speak out on moral issues in the community on which it needs to take a stand.

"Jesus said nothing against homosexuals. He said, 'Love one another,'" Bob Wheatley of Boston, an organizer of the gay rights protest, told the group.

"I came here tonight as a defiant dyke because I refuse to accept the hate mongers, because I am not blinded by the paper figure of Anita Bryant," said Maria Dolan, a feminist lesbian.

"I am here because I am smart enough to see that this moment in the U.S. is a critical one."

### The Secret Meetings: Seminole Plans More

By MAX EKHELETIAN  
Herald Staff Writer

County Administrator Roger Neiswender said today he will continue to hold meetings of county department heads every six months similar to the one Friday at the Errol Estates Country Club in Orange County.

The meeting was held outside the courthouse and without advance notice given to the news media to "allow a free flow of ideas" by department heads in attendance, according to Neiswender.

Neiswender called the meeting "standard to the spokesman."

Neiswender said the meeting was "an exact copy of the one held last year and an exact copy of meetings we will probably have every six months." Last year a similar meeting was held at the same location.

No county funds were expended, according to Neiswender. The room in which the meeting was held was free, according to Neiswender. The only provision was that persons attending the meeting buy lunch. All did, at not cost to the county, said Neiswender.

"We talked in general about communications and department heads and their roles and the roles of liaison commissioners," said Neiswender. Procedures were also discussed along with ways of streamlining those procedures, he said.

Neiswender said the meeting needed to be held away from the courthouse to provide "a relaxed and receptive atmosphere and create a team atmosphere," which were his striving for.

The premises of reporters would have inhibited some of the free flow of ideas, according to Neiswender.

"In that form (without media coverage), anyone can say what they want without fear of it being misquoted or misinterpreted," said Neiswender.

ROGER NEISWENDER

*'Anyone can say what they want without fear of it being misinterpreted'*

seen as a good management tool," said Williams. He also endorsed the idea of keeping such meetings private.

"I don't see any public business being involved in those meetings," commented Williams.

Neiswender said he would continue to call such meetings about every six months unless directed by the commission to do otherwise.

Commissioners William Kirchhoff and Bob French said they wanted to find out more about the meeting before commenting.

#### 'A good management tool'

management practice" used by private business and other public entities.

"Orange County has had these kinds of meetings in the same place," said Neiswender. "In fact that is where I got the idea."

A spokesman for Orange County confirmed that they hold similar meetings periodically without advance notice to the news media.

The Orange County meetings center on staff needs and concerns and are not attended by elected officials, according

The meeting did not violate the state's sunshine law, according to the Neiswender, because no elected officials attended. County Attorney Harry Stewart investigated that aspect of the meeting before it was held, said Neiswender.

The credibility of government is not damaged by such meetings, claimed Neiswender.

"I think it would be damaged by improper and biased reporting of the meeting," said Neiswender.

Commission Chairman Dick Williams said he knew of the

Six-year-old Randy Anderson, king of Head Start, just can't make up his mind about Felisa Williams, runnerup in the queen contest. It doesn't really matter, since he already has his queen — Sharmaine Knight (right). Adding crowning touch at the Head Start ceremony was Rev. Amos Jones (rear).

### 'Son Of Sam' Gets 25 Years For 1 Killing; Added Sentences On Tap

NEW YORK (UPI) — Convicted .44-caliber killer David Berkowitz was sentenced today to 25 years in life for the murder of 28-year-old Stacy Moskowitz, the last of six "Son of Sam" victims shot to death in a year-long series of ambush attacks.

At the end of the half-hour session in Brooklyn Supreme Court, an unidentified spectator screamed, "Berkowitz, you're going to burn!" and had to be carried from the seventh-floor courtroom by guards.

State Supreme Court Justice Joseph R. Corn also sentenced Berkowitz to 25 years in the attempted murder of Robert

Violante, who was partially blinded in the July 31, 1977, attack on Miss Moskowitz as the couple sat in a parked car.

The sentences are to run consecutively.

Berkowitz, appearing with his hands manacled, was quiet, answering questions with a simple, "Yes, sir."

At his first scheduled sentencing May 22, the 28-year-old convicted "Son of Sam" murderer threw the packed courtroom into pandemonium, biting and scratching his guards and taunting Violante and Miss Moskowitz's mother, Maya, by singing, "Stacy was a whore, Stacy was a whore."

Today, Berkowitz appeared in the same blue suit and open-neck shirt he has worn in previous court hearings. His hair was closely shorn and his face was pale.

Court officers had warned Berkowitz that he would be gagged and put in a straitjacket if he disrupted the proceedings today.

Berkowitz was scheduled to be sentenced later in the day in two other court appearances for the other five .44-caliber killer slayings.

In all, six young people were killed and seven wounded by the Son of Sam, who gunned them down with a .44 caliber

# WORLD IN BRIEF

## Quake, Tidal Wave Hit Japan; Death Toll Mounts

TOKYO (UPI) — An earthquake jolted central and northern Japan today in a series of tremors that killed at least 15 people, injured scores of others, set fires and caused a tidal wave.

The hardest hit was Miyagi province on the Pacific coast of northern Japan, where 15 persons were reported killed and 69 injured. Other injuries were reported in neighboring Fukushima Province, Tokyo and Kanagawa Province, police said.

The Meteorological Agency said the quake, which registered 7.5 on an open-ended Richter Scale, was recorded at 5:15 p.m. (4:15 a.m. EDT) and originated in the Pacific 60 miles off Miyagi province. It was followed by about 20 aftershocks.

## Israeli Farmers Grab Rebels

TEL AVIV, Israel (UPI) — Israeli farmers trapped a gang of guerrillas in their religious settlement on the occupied West Bank and killed one infiltrator in a midnight gunbattle, witnesses said today. Three other terrorists escaped.

Settlers at the religious settlement of Meholah, two miles from the Jordanian frontier, said the guerrillas slipped through the fence after midnight and threw hand grenades and fired Soviet-made submachine guns in an apparent attempt to take hostages in a collapse.

## Egypt Building Forces

CARIO, Egypt (UPI) — President Anwar Sadat insists he will "go to the end of the world" in his Middle East peace quest, but Egypt's fledgling military industry will turn out warplanes and missiles, just in case.

War Minister Gen. Mohammed Gassamy will submit "complete plan for advancing the armed forces in all branches," Sadat said. Gassamy currently is visiting the United States.

## Soviets Set Off A-Blast

UPPSALA, Sweden (UPI) — The Soviet Union has exploded a powerful underground nuclear device measuring 6.0 on the Richter Scale, the Uppsala Seismological Institute says.

## Vietnam Troop Buildup

BANGKOK, Thailand (UPI) — Vietnamese officials have sent a new combat unit to the Cambodian border as part of an apparently general troop buildup, the official Ho Chi Minh City radio said in weekend reports.

## All Visiting Moscow

MOSCOW (UPI) — A subdued Muhammad Ali, describing himself as a roving ambassador for the common man, arrived in Moscow today for a 12-day visit and said he hoped to pick up some training tips from the Russians.

## Marital Law Remains Novel

MANILA, Philippines (UPI) — President Ferdinand Marcos convened the Philippines' first elected legislative body in nearly six years today but said the nation was not ready for an end to martial law.

The money came from proceeds of the Kiwanis pancake sale.

# School Board, Three Unions Open Talks

By LEONARD KRANSORF  
Herald Staff Writer

As negotiations begin today at Lyman High School between the Seminole County School Board and three unions, both sides are hoping the haggling can be kept to a minimum.

"I don't think it will be that tough as opposed to last time, but it all depends on course, on what attitude they take," said Ernest Cowley, chief negotiator for the school board. The day the negotiation session in 1977 began in February and did not end until November.

Cowley's optimism was somewhat echoed by Seminole Education Association Executive Director Gene Grooms, who will represent the clerical, bus drivers and non-instructional personnel unions.

"I'm hoping both parties will be able to sit down and deal with the issues and not perform for the people at the table," said Grooms. He added though "if the teacher negotiations are

anything indication of their (school board) strategy then I would think it is going to take some time."

The school board has been negotiating with the teachers union since May and thus far two articles have been tabled. Although the current contracts between the board and the three other unions do not expire until July 31, 1980, there is a stipulation that allows negotiations to resume on a possible five articles.

Two of the articles—compensation and expenses—Cowley's optimism was somewhat echoed by Seminole Education Association Executive Director Gene Grooms, who will represent the clerical, bus drivers and non-instructional personnel unions.

"I'm hoping both parties will be able to sit down and deal with the issues and not perform for the people at the table," said Grooms. He added though "if the teacher negotiations are

# Summer Reading Opening At Two County Libraries

The summer reading program for Sanford and Seminole County South Libraries begins this week.

The program opens at 2 p.m. Tuesday at the south county facility in the Seminole Plaza, State Road 506 and U.S. 17-92. The first feature will be the film "P.J. & The President's Son."

The Sanford Library program will get underway at 10 a.m. Friday at the Sanford Civic Center with a story hour. Next week the films "Cricket In Times Square," "Green Eggs and Ham" and "Snoetches" will be presented. Films and story hours will be held on alternate Fridays in Sanford each week.

The south county library will show films at 2 and 3 p.m. every other Tuesday and Thursday beginning this week. At 2 p.m. on alternate Tuesdays, the Seminole County South Library will hold a "Treasure Time" featuring stories, songs and other events.

The summer reading program is aimed at elementary school aged children and younger, according to Joan Erwin, community relations representative for the Orlando Public Library (OPL) system. Both Seminole County facilities are part of the OPL system.

"The objective of the program is to encourage children to read all summer long," said Ms. Erwin. "Summer time is when children can read what they want to read."

Often children on some of the momentum they have developed over the previous school year, because they do not read during the summer months, she said.

Pre-school children are welcome in the program, even though they do not know how to read. Parents are encouraged to check out books for the pre-schooler and read to them or have an older brother or sister read to them.

"We try to encourage the parents to read with their children from the time they are young," said Ms. Erwin, "because, books can be good discussion starters and they can help with problems the children are facing, such as how to deal with a divorce in the family and death."

The OPL also has a program for adults who are interested in encouraging youngsters to read.

Any group of five or more adults interested in a workshop in children's literature can call the OPL's main office toll free from Seminole County at 647-0112 for information on the workshop.

# Beating, Slaying Trial Beginning

By DENNIS FEOLA  
Herald Staff Writer

Ernest Payne, 30, of Sanford, is tentatively set to go on trial Tuesday at 9 a.m. for the fatal beating of his 65-year-old father and the attempted murder of two Seminole County deputies.

The trial time and date were to be confirmed later today by Circuit Court Judge Robert McGregor at the Seminole County Courthouse. The details were worked out this morning by Assistant State Attorney Ralph Erickson and Public Defender Bill Carpenter.

Payne is expected to plead not guilty by reason of insanity to charges of second-degree murder, two counts of attempted second-degree murder and two counts of aggravated battery.

Members of Payne's family contacted after the shooting said he has had psychiatric problems since his release from the Army in 1970 after spending four years in Vietnam.

Mrs. Lily Whitehead of Newark, N.J., Payne's sister, said her brother was committed once briefly soon after getting out of the army and was diagnosed as a schizophrenic and suffering from battle fatigue, but attempts to have him committed to a hospital for extensive treatment proved fruitless because "he hadn't done anything."

On Oct. 26, 1977, Payne is alleged to have beaten to death his father, long-time area resident Thomas Payne, of 1111 Second Drive, Roseland Park subdivision east of Sanford.

Responding to a reported domestic disturbance were Deputies John Hawkins, 27, and Rudolph Kramer, 35.

Sheriff's records give this account of what happened: Payne was first at the Payne residence, according to records. He had taken Payne outside the house and was searching him when Payne

# Murderers Escape

OMAHA, Neb. (UPI) — Three inmates, including two convicted of a gangland-style slaying, escaped from jail early today, overpowered an airport attendant and fled in a twin-engine airplane with about five hours of fuel.

The inmates were C. Michael Anderson and Peter Hochstetler, facing possible death sentences on their conviction by a district court jury last month of first-degree murder in the 1975 slaying of Omaha rector Ronald Aboud, and a third man, Dan Sheppard.

Authorities said the three men used a rope made of sheets to make their escape from the jail atop the Douglas County Courthouse in downtown Omaha. Jail attendants discovered the escape about an hour later.

# Experts Save Skylab Fall

HOUSTON (UPI) — The space agency has succeeded in an unprecedented attempt to save the Skylab space station from an unscheduled and destructive return to Earth, says the team of weary flight controllers who directed the week-long operation.

"Everything went the way we planned it," flight director Bill Peters said Sunday. "All is well aboard space station Skylab."

# Mormons Ordain First Black

GRANGER, Utah (UPI) — Declaring it an unusual and historic occasion, a Mormon bishop Sunday ordained the first black man admitted to the church's priesthood in more than a century.

Joseph Freeman Jr., 26, a telephone company worker, was ordained in a simple ceremony in the Granger Stake doctrine Center of the 15th Ward. Afterward, Freeman said his new status reaffirmed his faith in the church and in God.

# Bacteria To Make Insulin?

BOSTON (UPI) — A team of biologists at Harvard University claims it has found a way to use bacteria to manufacture insulin — a step that could lead to a new form of insulin for diabetics.

The development is the first step toward mass production of hormones by microscopic "factories" of bacteria, according to the research team led by Professor Walter Gilbert.

# CB Radios And Pacemakers

DETROIT (UPI) — The federal government is planning a national study of the effects of citizens band radios on heart pacemakers because of complaints that CB broadcasts are making pacemaker users ill.

Three cases of illness brought on by CB broadcasts have been reported to the Detroit office of the Federal Communications Commission, prompting members of the FCC staff to ask this month for a major study of the problem.

# NATION IN BRIEF

## Newspapers Win Reprive In Broadcast Ownership

WASHINGTON (UPI) — The Supreme Court today overturned 8-0 a lower-court decision requiring the breakup of jointly owned newspapers and broadcast stations in up to 130 cities.

The justices granted a reprieve to newspapers across the country which had been told they no longer could own broadcast stations in the same city where they publish.

But the court upheld a ban, issued in 1975 by the Federal Communications Commission, against formation of same-city cross-ownership in the future.

## Military Satellite Mystery

CAP CANAVERAL (UPI) — The weekend launch of a military satellite under the tightest security measures ever seen at the Cape still remains a mystery.

The Air Force won't budge on providing any information about Saturday's launch of a classified military payload. A spokesman would say only that a powerful Titan 3-C had been used as the booster rocket.

## Experts Save Skylab Fall

# Primaries On Tap, Prop 13 In Wings

## United Press International

Both U.S. political parties are claiming as their own the taxpayer revolt which raised its controversial head in California last week.

In a television debate Sunday, Democratic Chairman John White and Republican Chairman William Brock discussed Proposition 13, promising it would be a central issue in the November elections. Each contended his party already had the voice for taxpayer dissatisfaction.

Meanwhile Maine, South Carolina and Arkansas nominees-candidates for the Senate and governor in primaries Tuesday, and New York meet in party conventions later in the week to pick candidates for governor.

Democratic Gov. Hugh Carey, whose first term has been dominated by the fiscal year of New York City, was expected to overcome easily the challenge of State Sen. Jeremiah Bloom at a convention opening Thursday in Albany.

State Assembly minority leader Perry B. Duryea, a second millennialist, is a clear favorite for the Republican nomination.

There is also no clear front-runner in the Republican gubernatorial race between Raymond Fish and Ed Young.

The two major party leaders, appearing on ABC-TV's "Issues and Answers" Sunday, were divided on the best way to respond to the taxpayers' outcry as demonstrated in California.

Brock endorsed GOP legislation providing an across-the-board 30 percent cut in federal income taxes and criticized Democrats for thwarting 11 GOP efforts in Congress to cut taxes.

White decried the GOP "meat and potatoes" approach to tax reform, saying responsible cuts already were a "major initiative of President Carter's administration." He said the California results will add emphasis to tax revision efforts already underway.

## Sanford Girl, 20, Killed In Crash Was Missionary

Sherry Annette Donley, 20, 2410 Marshall Ave., a 1976 graduate of Seminole High School and an active member of the local Church of the Latter Day Saints was killed Sunday in a two-car accident on U.S. 17-92.

Frank Leroy Raulerson, 46, of Winter Park driving south on 17-92, apparently passed through the red light at 4:30 p.m. at 200 B.S. and 17-92 and Donley's car which was traveling east on 20th Street, according to police reports. Charges are pending in the accident.

The brown-haired, brown-eyed Donley died at Seminole Memorial Hospital a half hour later. Raulerson and two passengers in his car were treated for injuries at the hospital.

"She was really good at it, and sometimes we just used to sit around with the other youth group members and listen to her play," she said.

Miss Donley attended Crows High School for ninth grade and for her final three years attended S.S.S. At S.S.S. she was an active member of the H-Y club in addition to being a soccerette.

She is survived by her father Ronald, Mother, Nancy, and two brothers, Steve, 18, and Neal, 15 — LEONARD KRANSORF

Our Rights In Jeopardy

What needs to be said at the outset about the U.S. Supreme Court's astonishing decision in favor of law enforcement officials conducting surprise searches of news organizations for evidence in criminal proceedings is that it strikes at the rights of the people and not just at a perceived special privilege heretofore enjoyed by the press.

The press and the people are integral and do not stand apart one from the other as Justice John Paul Stevens pointed out in his trenchant dissent.

He said: "Countless law-abiding citizens — doctors, lawyers, merchants, customers, bystanders — may have documents in their possession that relate to an ongoing criminal investigation."

The consequences of subjecting this large category of persons to unannounced police searches are extremely serious.

Insofar as the court has breached the confidentiality of newspaper files to surprise searches by snooping police officials, it has also breached the confidentiality of records kept by doctors, lawyers and the average citizen.

This is true because the court has swept aside the requirement for a subpoena for a particular document or evidence bearing on a particular case and legalized, through a warrant, the unannounced ransacking of any and all files by law enforcement officials.

It can be argued that, had this surprise-search doctrine existed earlier, some of the illicit breaks in information that were disclosed in the Watergate fallout would not have taken place; there would have been no need for a plumbers crew in the Nixon administration.

Only a warrant from a willing magistrate is all that would have been required to search and seize the confidential records pertaining to the Pentagon-papers purloiner, Daniel Ellsberg, for example.

One can even imagine the Justice Department ransacking the Washington Post on a fishing expedition to seize its confidential files on the Watergate break-in.

The rationale of the court in this divided decision (5-3) was based on two shocking premises: That a newspaper or an average citizen served with a subpoena would conceal or destroy the object of the search — a view which the minority of justices vigorously challenged.

And, that magistrates, the lowest form of judicial life, should now become the arbiters of whether a newspaper, physician, attorney or other professional should be subjected to a surprise search.

This case arose when the Palo Alto, Calif., police, armed with a warrant, plundered the files of the Stanford University newspaper, the Stanford Daily, in a vain search for photographs of a violent demonstration three days earlier at the Stanford University Hospital.

U.S. District Judge Robert F. Peckham of San Francisco and, subsequently, the 9th Circuit Court of Appeals, held, in effect, that the Stanford police search was a violation of the First and Fourth amendments.

He emphasized that "third parties not suspected of a crime are entitled to stronger protection than suspects against search and seizure."

Fortunately, while recourse from judicial relief is difficult, there is legislative remedy and, already, there is talk on Capitol Hill about the possibility of corrective legislation.

Meanwhile, it is chilling indeed to contemplate that the U.S. Supreme Court, which has traditionally been the bulwark of our constitutional freedom, should, in the Stanford Case, impose surprise search and seizure of confidential files upon the people and their press.

ANGLE-WALTERS Africa: Is It The Issue?

WASHINGTON — In the stampede to challenge Soviet and Cuban adventurism in Africa, only one dissenting voice has been heard above the din.

The only trouble is that the South Dakota senator, almost alone, is raising some fundamental questions that deserve serious consideration—regardless of whether you agree with his answers.

And his most important question, although he doesn't phrase it quite so simplistically, is this: Why should the United States feel compelled to counter Soviet and Cuban activity in Africa?

"Since when has Africa become vital to our own strategic interests?" asked the old-time Western European, the Middle East, the Western Hemisphere, the Pacific and especially the Sea of Japan.

Suppose, for argument's sake, that the Soviet Union's best interests, the Cubans, make a clean sweep in Africa. Does it matter?

"I don't think they're trying to colonize the continent," McConnen said, "but if they are, they're in for a rough time. The Europeans were there for a century and they left with a bloody nose."

Interestingly enough, British Prime Minister James Callaghan—whose country has had a rather longer and more intimate experience with Africa than the U.S.—made the same point while he was in Washington for the NATO summit.

"There seem to be a number of new Christopher Columbus setting out from the U.S.A. to rediscover Africa," the prime minister observed. "I only want to say it is there a long time and that it has got many problems that don't arise yesterday, and don't arise out of the position of the Soviet Union."

Perhaps the Carter administration believes that countering Soviet influence is now so imperative that the intrinsic significance of Africa—to the U.S. no longer matters.

If so, the president had better explain his case more clearly to Congress and the American people.

WASHINGTON — Genocide did not disappear with the downfall of Adolf Hitler; it is still an everyday occurrence in the world.

For three years, we have been reporting on the human extermination in Cambodia, whose fateless rulers have tried to reshape society simply by slaughtering everyone belonging to the old order.

# OURSELVES

## Briefly

**Association Formed For Spanish-Speaking**  
An association of Spanish-speaking residents of Seminole County is being organized by Peter Rodriguez and Alberto Pietri to help those persons deal with problems encountered in Florida. For information, call: 339-5187 or 889-4176.

**Honorary Degree**  
Robert E. McNeill, a member of the Rollins College Board of Trustees since 1972, was awarded an Honorary Doctor of Laws Degree recently during commencement exercises for the Rollins Class of 1978. Former President of Central Farmers Trust Company and Atlantic National Bank of West Palm Beach, Fla. McNeill joined New York City's Hanover Bank (currently Manufacturers Hanover Trust Company) in 1941 before retiring as that company's Board Chairman and Chief Executive Officer in 1971.

**Band Plays For Home**  
Winston & Co., the band from Blue Ridge Summit, Pa., currently appearing nightly at Mr. P's Supper Club in Sanford, will give a benefit performance Tuesday at 2 p.m. to entertain the children at the Florida United Methodist Children's Home in Enterprise.

**Musical Stock Company**  
For the second year in a row a Florida musical stock company, staffed by young professionals and dedicated to the proposition that every summer visitor deserves a good time, will open in Daytona Beach June 24. The second season will be seven weeks, closing Aug. 7, and will include five musicals in repertory, "Two Gentlemen of Verona," "The Telephone" and "The Medium." "A Funny Thing Happened On The Way To The Forum," "The Gondoliers" and "Damen Van Ness." Performances are scheduled at the Daytona Playhouse, 100 Jessamine Blvd. Matinees Saturday and Sunday at 2:30 p.m. Nightly performances at 8 p.m. except Sunday and Tuesdays. Tickets are \$4 for adults and \$2 for students under 18 and are available at the door. Group discounts are available and more information may be obtained by calling (904) (904) 253-3394.

**Outstanding Young Men**  
Roger D. Neiswender, of 105 Oaks Court, Sanford, and Walter H. Meriwether Jr., Rt. 2, Sanford, have been named for inclusion in the 1978 edition of Outstanding Young Men of America. They were honored for outstanding civic and professional contributions to their communities. Neiswender is county administrator and Meriwether is risk manager and auditor for the Seminole County School Board and formerly taught in the county schools.

**Auditions For Lil Abner**  
Auditions for the musical "Lil Abner" will be held June 17 on the sixth floor of the Hotel Putnam in DeLand from 10 a.m. to 5 p.m. by the Athens Dinner Theatre. Those who wish to audition should bring a prepared song to a musical. Women auditioning should wear shorts or a skirt. Current production, "The Solid Gold Cadillac," will run until July 1.

**Miss Cornell Graduates**  
Joanne Cornell, daughter of Mrs. R.L. Cornell of Sanford, received the Bachelor of Arts degree with distinction in psychology and art from Centre College on June 4. While at Centre staff, she was a member of the Social Board, Chain Club, and Olds Centre Staff. She was the 1977 Homecoming Queen, the 1978 Carnival Queen and a Dean's List Student. Miss Cornell is a graduate of Trinity Prep School.

**Sweet Adelines Audition**  
On Monday, June 19 at 7:30 p.m., the Greater Orlando Chapter of Sweet Adelines, Inc. will hold an audition at the north end of Colonial Plaza, E. Colonial Drive and Bunsby Avenue, Orlando. Area women who enjoy four-part harmony Barbershop style who would like to join the group are invited to tryout. Prospective members will be whittled to the rehearsal hall where an informative evening of songs and fun is planned. Plans for the coming year, which include national tours and civic involvement, will be outlined. For further information call Marlene Sprague at 685-3677 after 5:30 p.m.

## Project Concern

# They Check Daily On Elderly

Shortly after Sheriff John Polk took office in 1980 an elderly man fell in his home injuring himself. Unable to reach a telephone, the man lay helpless in his home for several days until he was found. Shortly after the incident the sheriff initiated the "We Care" program for seasoned citizens living alone.

Under Lt. Beau Taylor and Special Deputy Ed Schuchman the department's Safety and Crime Prevention division the program, now called "Project Concern," utilizes volunteers who each morning telephone the program's participants to make sure everything is well.

An unanswered telephone will bring a sheriff's deputy to the door for a personal inspection. Sanford's Bertha Valentine is one of the program's volunteers. She admits to being a seasoned citizen herself, but that's as specific as she cares to get about her age.

"I got a call one day and when I found out what the 'We Care' program was all about I started out with one name," she said. That was five years ago. "Now, I call five between 7 and 8 in the morning."

"There's nothing like knowing someone is concerned. It's good for the person who calls as well as the person being called," Mrs. Valentine said. "When you keep in touch with people it keeps you interested in what's going on. When you stop being interested in people, that's when you stop caring at all," she said.

"There are so many ways you can show interest, show you care, it doesn't take long to call five people."

"So many services get dropped off," Mrs. Valentine noted. "I hope they always be someone interested enough to call."

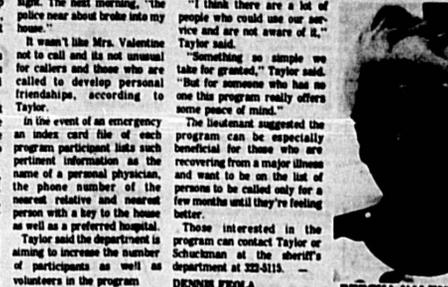

For Mrs. Valentine at least, the program works both ways. Only once in five years she said, has she missed making her morning call.

She was supposed to return home in the evening, she recalls, but her car broke down and there wasn't a telephone in sight. The next morning, "the police near about broke into my house."

"It wasn't like Mrs. Valentine not to call and it's not unusual for callers and those who are called to develop personal friendships," according to Taylor.

In the event of an emergency an index card file of each program participant lists such pertinent information as the name of a personal physician, the phone number of the nearest relative and nearest person with a key to the house as well as a preferred hospital.

Taylor said the department is aiming to increase the number of participants as well as volunteers in the program.

BERTHA VALENTINE

## Son's Overnight Guest Brings Mom's Disapproval

**DEAR ABBY:** My husband and I went out to town for one night, leaving our 17-year-old son without supervision for the first time. With our approval he had a friend stay with him. He asked us to trust him and we felt we could.

All went well—as far as we knew. The problem? Our 21-year-old son, who attends college near home, showed up unexpectedly with a young lady (a freshman in college), and they spent the night in our guest room!

After learning of this, my husband confronted our 21-year-old son, who apologized with tears in his eyes, saying he realized he shouldn't have done it, but nothing happened. He swears that they both slept on top of the covers with all their clothes on. (This is hard for me to believe.)

My husband believes the boy and I am overreacting. I cannot accept this. I am disgusted with our son, and ashamed of the example he has set for his younger brother. Also, I can't imagine a decent girl putting herself in this position.

To top it off, a few days later our son brought this girl over, and I was expected to smile as though nothing had happened. Must I go along with my husband's "times have changed" attitude? I feel bitter and betrayed.

**UPSET MOTHER:** It's possible that your son was telling the truth when he said "nothing happened." Granted, he showed your poor judgment in bringing his date home for the night, but what will you gain by being bitter, suspicious and over giving?

Even "decent" girls have been known to do foolish things. My son's date may be a good girl, but whether "times have changed" is not as important as maintaining a good relationship with your son. He obviously regrets the incident. Don't mention it again.

**DEAR ABBY:** My aunt brings her two kids (ages 3 and 7) over to our house whenever she feels like it, then she and my mom take off, leaving me to babysit with the kids for maybe half a day.

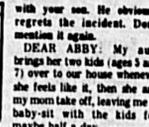

I never get paid a penny for this, and believe me, those orats are a handful.

I am sick of it, and I told my mom that I was going to ask my aunt for a dollar an hour for each kid, like I charge everybody else. Mom said if I opened my mouth she'd punch me out.

I am 14. Is this fair? What is your advice?

**DEAR MAM:** It isn't fair, BUT I wouldn't advise you to open your mouth—unless you want to get punched out.

Are your problems too heavy to handle alone? Let Abby help you. For a personal, unpublished reply write: Abby, Box 6970, Los Angeles, Calif. 90069. Enclose a stamped, self-addressed envelope.

SEA President Hill Dalley presents retirement pin to Elizabeth Young, retiring after 46 years of teaching. She was one of several honored.

School's Out For Them, Too

What is retirement? According to some Seminole County elementary pupils, it means any or all of the following, says the Seminole Education Association.

AND A PIN FOR PAUL MIKLER

Sewer Service Stirs Debate On Sanford Housing Plans

A discussion of the city of Sanford's commitment to low and middle income housing arose Monday night when the city commission tackled the problem of whether to provide sewer service to a new housing development outside the city limits.

DIRECTOR JOE CARLEVARO AND PROGRESS CHART

Who Are Boys In The Center?

Carlevaro is proud of the program and of the young men who have lived in the center. He noted that none of the boys has ever been suspended from school nor involved in fighting since the center opened five years ago.

Jury Will Hear Confession

In opening argument at the murder trial of Ernest Payne, 30, Assistant State Attorney Ralph Erickson told the jury today he will introduce as evidence a taped confession recorded at a hospital the day after Payne fatally beat his 65-year-old father, Thomas.

Today
