

LB Sparks Campaign Windup With A Blast

WASHINGTON (AP) — The campaign winds up today, sparked by a blast from President Johnson at "white backlash" voting.

Former Vice President Richard M. Nixon also added some homelike steam, counter-punching at the President on the Viet Nam issue.

"Vote here" signs will be out across the land Tuesday, and an estimated 50 million Americans — a record for a nonpresidential election — are expected to answer the call. An Associated Press survey completed five days before the voting indicates the voters are likely to give the Republicans five or six additional gubernatorial, perhaps an additional Senate seat and fewer than 30 additional House seats. The "out" party usually makes congressional gains in off-year elections.

At a Texas news conference Sunday, Johnson zeroed in on the "backlash" in an adverse reaction of some whites to violence in some Negro demonstrations and the feeling of some whites that Negroes are pushing too hard for equal rights.

The President declared "treason" when it comes packaged in the Nazi's brown shirt or a three-button suit, destroys the moral fiber of a nation. It poisons public life."

He said "I can think of nothing more dangerous, more divisive, or more self-destructive than the effort to prey on what is called white backlash. It is dangerous because it threatens to vest power in the hands of second-rate men whose only qualification is their ability to slander on other men's fears."

Johnson was on the receiving end of a letter from the 1960 GOP presidential standard-bearer, replying to Johnson's criticism of him last Friday for questioning the Manila conference's approach to any future troop withdrawal from South Viet Nam, said the President was "a tired man engaging in verbal abuse."

Here's a look at some of the key races and the AP survey indications on them as the politicians sounded the last hurrah of the long and often listless campaign.

GOVERNORSHIPS

California Gov. Edmund G. Brown agreed Sunday he is treading in public opinion polls in the race against his Republican challenger, Ronald Reagan. But Brown said "they told Harry Truman that back in '48, I will win." He said the backlash is a strong issue and charged Reagan is guilty of "a subtle appeal to the white backlash."

New York: A close one between Democratic Gov. Nelson A. Rockefeller and Democrat Frank D. Connor. The New York Daily News, winding up its win with a 2.6 per cent edge.

Minnesota: In Vice President Hubert H. Humphrey's home state, it's nip and tuck between Democratic Gov. Karl F. Roemer and Republican Harold Lowander.

Georgia: Lester G. Maddox, self-styled "segregationist for all times" appears to have a narrow lead over Republican ministerial charged Peking with abstract Communist aid efforts to North Viet Nam.

Near Death

PITTSBURGH, Pa. (AP) — David L. Lawrence, 77, former governor of Pennsylvania and a power in national Democratic politics, moved to the verge of death early today suffering from a heart attack, doctors said.

SENATE

Illinois: Republican Charles H. Percy is considered ahead of veteran Democratic Sen. Paul Douglas. Many observers predict a victory for Percy over Douglas in the 1968 GOP presidential nomination.

Massachusetts: The race between former Democratic Gov. Endicott Peabody and Republican Atty. Gen. Edward W. Brooke is very close. If elected, Brooke would be the first Negro in the Senate since Reconstruction days.

Oregon: The Senate race between Republican Gov. Mark O. Hatfield and Democratic Rep. Robert B. Duncan is another close one. Hatfield says the war in Viet Nam is no longer an issue, Duncan says it is.

VC Force Eludes U. S. Troops

SAIGON, South Viet Nam (AP) — A large Viet Cong force eluded pursuing U.S. infantry today, slipping away through the dense jungle of Tay Ninh Province near the Cambodian border after inflicting heavy casualties on some U.S. units over the weekend in one of the fiercest fights of the war.

About 200 South Vietnamese militia, aided by accurate artillery support, bent off an ambush on daylight attack by 400 to 500 Communists on a government post 12 miles southeast of Quang Ngai, on the central coast. A South Vietnamese spokesman said the enemy left 30 bodies on the battlefield, while only two million were wounded.

Three new operations were announced, two by American forces and one by several South Vietnamese battalions.

A U.S. military spokesman reported "absolutely no contact" in Tay Ninh Province through the dense jungle of Tay Ninh where about 10,000 American infantrymen were seeking to box in a Viet Cong regiment of 2,000 men. Reports from the scene said there had been only isolated sniper fire during the weekend, but some units were hit hard in the four-day engagement.

Foreman Charles L. Clements threatened to subpoena Burns after he claimed that he had information indicating the jury indicted a high ranking city of Miami official but planned to sit on the indictment until after voting starts Tuesday.

Burns said his information was "right from the jury room."

Military analysts in Saigon said the stiff enemy resistance apparently developed because the Communists felt the U.S. probes were getting too close to the guerrillas' "central office for South Viet Nam," thought to be somewhere near the Cambodian border.

The American sweep of the enemy stronghold began Oct. 15, but pitched fighting did not develop until Thursday. Total U.S. casualties have been described as light but some units were hit hard in the four-day engagement.

One U.S. Air Force pilot was reported Sunday after Communist gunners knocked down his F100 Super Sabre jet flying support for ground troops near Tay Ninh City.

Urge Public To Join In Education Week

National Education Association has adopted the theme, "Education Adds Up," for American Education Week, being observed nationally this week.

"In Seminole County there are more than 18,000 students in attendance at public schools," American Education Week is a special time when we urge the public to gain an understanding and appreciation of the needs and the achievements of our schools," Ernest Cowley, president of the Seminole Education Association, said today.

Members of the local association have been preparing a week's schedule of activities at all schools with open house in all schools all week.

Friday has been set aside as Parent-Teacher Conference Day and students will have a holiday, Cowley said.

Various schools are planning plays, meetings and other special programs in observation of the week-long visitation.

"I cannot over-emphasize the importance of everyone interested in quality education visiting their schools this week."

"It's time to take an active interest in our children's future. There is nothing like face-to-face contact between parent and teacher to better the relationship between student and teacher," Cowley pointed out.

Worth Knowing

With all the talk and writings about use of four-letter words in modern literature, some four-letter words that are good to know are:

Take, for example, Webster's definition of a world of definition, some of which are: Sufficient or satisfactory for its purpose, a good deal, a good share, etc. Possessing attractive qualities, kind, friendly, of a reliable character; hence valid; honest; sincere, etc. Quite a language we have when we get so much meaning from one little word, eh? And everyone always seems to know exactly which combination of meanings are intended. When our customers say we are good for them we're sure they mean just about all of the above definitions because that's what we strive for. And right now we have some terrific buys! Burns Flouts Grand Jury

MIAMI (AP) — Gov. Haydon Burns says it is not convenient for him to attend an emergency session of the Dade County grand jury today—and he doubts that a grand jury has the power to subpoena a governor.

The grand jury Sunday threatened to subpoena Burns and cite him for criminal contempt if he fails to appear.

Burns said he was willing to testify—but later.

Foreman Charles L. Clements threatened to subpoena Burns after he claimed that he had information indicating the jury indicted a high ranking city of Miami official but planned to sit on the indictment until after voting starts Tuesday.

Burns said his information was "right from the jury room."

Military analysts in Saigon said the stiff enemy resistance apparently developed because the Communists felt the U.S. probes were getting too close to the guerrillas' "central office for South Viet Nam," thought to be somewhere near the Cambodian border.

The American sweep of the enemy stronghold began Oct. 15, but pitched fighting did not develop until Thursday. Total U.S. casualties have been described as light but some units were hit hard in the four-day engagement.

Troop 242 Attends Fall Camporee

Boy Scout Troop 242 of Lake Mary attended the weekend Fall Camporee at Ross Allen's Scout Camp at Silver Springs. Activities enjoyed by the troop were a visit to Ross Allen's Seminole Village, a visit to the Antique Car Museum, and a ride on the glass bottom boat.

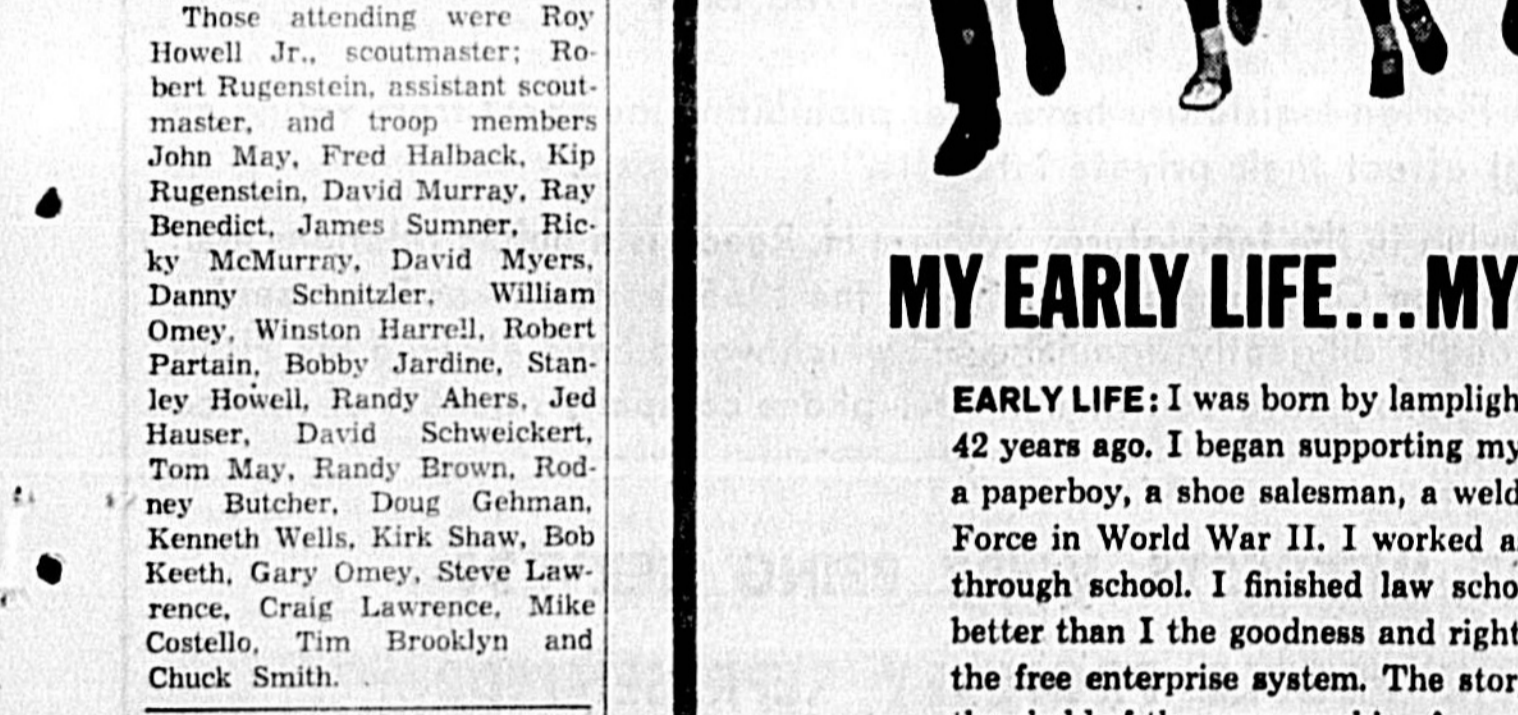

Lectures on snakes and alligators also were presented to the boys.

At the Saturday night campfire, Ross Allen told of some of his travels through the jungles catching snakes and alligators.

An 8 a. m. church service was held Sunday prior to breaking camp before the return home.

Those attending were Roy Howell, Jr., scoutmaster; Robert Bugenhagen, assistant scoutmaster, and troop members John May, Fred Hallback, Kip Rugenstein, David Murray, Ray Benedict, James Sumner, Billy McCurray, David Myers, Danny Schutler, William Omy, Winston Harrell, Robert Partain, Bobby Jardine, Stanley Howell, Randy Ahers, Ted Hauser, David Schweickert, Tom May, Randy Brown, Rodney Butcher, Doug Gelman, Kenneth Wells, Kirk Shaw, Bob Keeth, Gary Omy, Steve Lawrence, Craig Lawrence, Mike Costello, Tim Brooklyn and Chuck Smith.

Meet Robert King High and his family...

EARLY LIFE: I was born by lamplight on a farm near Flat Creek, Tennessee, 42 years ago. I began supporting myself when I was seven years old. I was a paperboy, a shoe salesman, a welder, a car salesman. I served in the Air Force in World War II. I worked as a hospital orderly and laborer to get through school. I finished law school at Stetson in 1949. No one knows better than I the goodness and rightness of free enterprise. I am a child of the free enterprise system. The story of my climb from a dirt farm to the threshold of the governorship of a great state is an example of what America is all about. In most countries, a farm boy born in poverty would die a farm boy in poverty.

PUBLIC SERVICE: I was elected Mayor of Miami at age 33 and was re-elected for four additional terms. I reduced Miami city taxes 12 per cent while increasing public services. I did it because I am conservative on taxes and public expenditures.

AWARDS: I was chosen by Life Magazine for the Award as one of the "Outstanding Young Americans" in 1962. I received the Sertoma "Service to Mankind" award in 1963 and the Miami Jewish's "Good Government Award" in 1964. I am a Mason and American Legionnaire.

FAMILY: I am married. My wife's name is Faith. We have six children, Bobby 10, Holly 9, Cindy 7, Valerie 6, Bonnie Lou 3 and Jill 1...I am a Deacon in the Flagler Street Baptist Church.

New Nazi Party Poses Problem In Germany

BOON, Germany (AP) — The upsurge of an ultraright nationalist party in the Hesse state election presented new problems today to West German politicians seeking to oust Chancellor Ludwig Erhard.

The National Democratic party often attacked as neo-Nazi, took 13 per cent of the vote Sunday and won its first seats in a state Parliament, eight out of 96.

Hesse is an important state in the heart of West Germany, and the area around Frankfurt and Wiesbaden.

The Socialists increased their share of the vote by a small fraction to 51 per cent and continue to have a clear majority. The Christian Democrats lost slightly but not as much as expected.

The advance made by the NPD was likely to strengthen the hand of former Defense Minister Franz-Josef Strauss and others urging that the dominant Christian Democratic party take a more nationalistic line like President Charles de Gaulle's.

RECOGNIZE Tom and Dick Smothers? Susan Jepson (top), Oviedo High School senior, examines Dick (John Arle) in comedy routine presented as part of program given by the seniors for the school's Parent-Teacher Organization. Brother Tom was played by Hank Tulp. Dr. James Wagner (bottom), of Wagner's Morgue, examines Don Boyd, drowning victim, in another part of the show. Stretcher-bearer shown is Ralph Fuller.

Oviedo High PTO Feted By Seniors

A comedy, "Your Favorite TV Shows," was presented by members of the Oviedo High School senior class as first half of their program for the November meeting of the school's Parent-Teacher Organization.

Opening with the customary family fight over the television, the first act featured senior sponsors, Mrs. Betty Palmer and Paul Mikler, as the parents while Barbara Kozic, Kay Wiggins and Juan Adriaico portrayed their children.

Final decision made, next scene saw the family viewing a program emceed by Mike Hurt which included a singing act by Susan Jepson, Ron Boyd and Eula Mae Caulder, accompanied by Kathy Corton on the guitar.

Hit of the show was a comedy routine by Hank Tulp and John Aire in which they portrayed Tom and Dick Smothers' commercials were by James Wagner's Morgue whose motto was "you stab 'em we slab 'em." Those appearing with "doctor" Jim included Dan Boyd, Ralph Fuller, John Jones, Beverly Marshall and Larry Neely.

Second part of the program was a fashion show with Beverly Faulk as commentator.

Who Got Under Whose Skin?

WASHINGTON (AP) — There are some nice ironies in the has-ble President Johnson and former Vice President Richard M. Nixon. And now it's a question of who got under whose skin.

Johnson looked irritated. But he isn't saying so, two actions he look can be interpreted as an undercutting a Nixon suggestion and refusing a Nixon prediction.

Last Aug. 7 Nixon said he saw no possibility of a negotiated settlement of the Vietnamese war and called for a "substantial increase" in American ground forces in Viet Nam and stepped up bombing of the North.

On Sept. 11 he was saying there was a grave danger the

administration would go overboard in increasing American forces in Viet Nam. And, although he had said he saw no possibility of a negotiated settlement, he switched.

On Aug. 23 Nixon joined other Republicans in writing an all-Asia peace conference, although the importance of the trip, saying it offered little hope of peace initiatives. Nevertheless, on Johnson's return Nixon complained last Friday the conference had brought peace no nearer.

But it was when he complained about the statement issued by Johnson and the six other leaders at Manila that Nixon attacked Johnson down on him. Nixon put special emphasis on

Lyman Shocks Sanford in 20-7 Grid Victory

A hard running Lyman backfield and an even stronger defensive line provided the surprise for the visiting Fighting Seminoles and a large homecoming crowd Friday night as the Greynolds chewed the visitors, 20-7.

Captain Dick Copeland's underdog Hounds moved entirely on the ground against the abashed Seminoles, with fullback Paul Lambert and halfbacks Bob Eldridge and Dave Straughan scoring the touchdowns. The Lyman defense was nothing less than magnificent all night, stopping three fumbles and recovering Sanford drives six times inside the 50-yard line.

COMING THROUGH... Lyman's Fullback Paul Lambert explodes through the Seminoles' line.

Coach Dick Copeland's underdog Hounds moved entirely on the ground against the abashed Seminoles, with fullback Paul Lambert and halfbacks Bob Eldridge and Dave Straughan scoring the touchdowns. The Lyman defense was nothing less than magnificent all night, stopping three fumbles and recovering Sanford drives six times inside the 50-yard line.

The visitors were shut-out until the final play of the game, when Whigham hit halfback Fred Weber with a 35-yard scoring strike.

Lyman halted two Sanford drives in the first period. The Hounds took the opening kick-off, but were forced to punt. A 26-yard run by sophomore Bill Bracken gave the Seminoles a first down on the Lyman 21, but two plays later, Al Peoples fumbled and Dennis Garrett recovered for the Hounds.

What Coaches Said

Copeland — "I certainly was a happy homing in on the Lyman 21, but two plays later, Al Peoples fumbled and Dennis Garrett recovered for the Hounds. Sanford held once again and took over at short time at the Lyman 42. Buddy Stumpf plucked five yards and then sophomore signal caller Bobby Lundquist passed to Greg Gans for 17 and a first down on the 18. The Hounds stiffened and, however, and stopped the visitors at the one-foot line, with Tom Flittner making a great tackle on a fourth down run by Lundquist.

Metts

"We just made too many mistakes... had too many mistakes... they were mentally up for this one and they deserved to win."

"This was the way Buck Metts, head coach of the Fighting Seminoles, reviewed their loss to cross-country rival, Lyman. And that about sums it up.

"No, we didn't purposely start Lundquist in place of Whigham at quarterback because we understand the Seminoles' offense. Frank was injured in the Bishop Moore game and actually didn't scrimmage with the team all week. It was doubtful right up to game time whether Frank would play at all.

Some Coach

NHEHAM, Mass. (AP) — John Burke Jr., former Boston University basketball coach, apparently believes in practicing what he preaches as golfer. Burke, the pro at the Needham Golf Club, scored a hole-in-one on his home course Sunday. He sank his tee shot on the 21st yard 11th hole. Burke used a No. 8 wood for the ace.

Crooms Loses 20-13

The Campbell Street High Centigades of Daytona slipped by a tough Croons eleven by a score of 20-13 Friday night at Sanford Memorial Stadium.

A good ruckback of the opening kickoff by the 'Peds was fumbled, and Clyde Stevens of the Panthers recovered on Campbell's 30-yard strip.

Crooms quarterback Ron Bertis engineered his team to a 13-0 third down and goal on the 14-yard line. He's chaps had to relinquish the ball following an incomplete pass on fourth and goal.

An Easy 44-0 Victory

Oviedo Romps In Homecoming

It started with a grand display of fireworks and ended in a homecoming victory for the Oviedo Lions as they romped over the Bunnell Bulldogs 44-0.

It was sophomore tight end who as flankerback Randy Jensen scored five touchdowns and racked up over 100 yards rushing. Sophomore middle guard Steve Britton led the Lions' defense, picking off the Bunnell's punting.

Gator Dream Smashed

GAINESVILLE (AP)—Putting together the pieces of a hazy huddle is a major challenge to Florida's football coaching staff this week.

Another performance like the one they gave in the second half as Georgia pulverized the Gators 27-10 Saturday could bring an upset at the hands of Tulane in Florida's field this coming Saturday.

Gators And UCLA -- The Glitter Is All Gone

The glitter of an unbeaten season and a national major college football championship remains unimpaired for Notre Dame and Michigan State as they return to the field Saturday.

UCLA was the only undefeated team to be ranked in the top 10 of the Associated Press poll. The third-ranked Notre Dame and Michigan State were ranked 11th and 12th, respectively.

Timmy Brown's Big Day

Upsets Pace NFL

Nothing else was working for the Philadelphia Eagles, so they started cashing in on Dallas touchdowns.

Philadelphia's Timmy Brown returned kickoffs 93 and 80 yards for touchdowns following Dallas scores Sunday, setting a National Football League record and sparking the Eagles to a 24-23 triumph over the heavily favored Cowboys.

Chargers Looked At The Wrong Films

With the Chargers' defense double-teaming Taylor, the league's fifth leading pass receiver, Burford was able to break loose for a couple of important catches that propelled the Chiefs to a 27-10 American Football League victory Sunday.

'Great Society' Future At Stake Tuesday

WASHINGTON (AP) — The future of President Johnson's "Great Society" could be largely determined Tuesday when voters select a new House of Representatives.

Although Democrats appear certain to retain control of the House, it seems equally certain the big majority that enabled Johnson to launch his far-reaching domestic program will be reduced.

The question, which can't be answered until the polls close, is how much?

On election eve, Democratic and Republican strategists, in separate assessments of House races, are in near agreement that Republicans stand to gain between 25 and 30 seats. They had 146 seats in the Democrats' 285 in the 89th Congress.

The big worry for Democrats is that in an off-year election, a lot of voters will stay home because no big issue is agitating them.

Opinion polls last week reported as many as 20 per cent of the voters undecided, which that late in the campaign probably means uninterested.

Republican hopes for a really significant increase in their House strength rest on the possibility that the vague, voiceless dissatisfaction of many voters with the war in Viet Nam, high prices, Negro riots and Johnson's performance in general, will produce a last-minute surge of support for GOP candidates.

Although a GOP pickup of 25 or 30 seats would still leave the Democrats a theoretical edge of 100 or 110 seats, it could sharply reduce their chances for Johnson's domestic program.

Space Photos Of Solar Eclipse Due

A variety of other experiments are planned. The Nimbus weather satellite will take pictures of the shadow created on earth while several small rockets and balloons gather data aloft.

The four-day Gemini 12 flight by chance, offers the scientific community its first opportunity to obtain space photographs of the spectacular moments when the moon blocks the sun from view on earth.

Success, however, rests with split-second timing by Navy Capt. James A. Lovell Jr. and Air Force Maj. Edwin E. Aldrin Jr. They must be at the right spot three days deep into their busy mission, then do the job in a matter of seconds.

On earth, the total eclipse can be seen for about 3 1/2 minutes. In space, with Gemini 12 whizzing around the globe 17,500 miles an hour, the astronauts will flick through the giant 52-mile wide shadow in seven seconds.

The eclipse, created by the moon passing between the earth and the sun, occurs every Saturday as Gemini 12 makes its 18th trip around the globe. The total blackout will be seen only over Peru, southern Bolivia, northern Argentina, southern Brazil and part of the Atlantic Ocean.

While the astronauts take pictures in space, scientists and

Powder Puff Scramble Ends In 6-6 Contested Tie

By Jane Casseberry

A large crowd of undaunted fans braved 40 degree temperatures Thursday night for the annual Powder Puff football game between the Senior and Junior Class girls at Lyman High School followed by the pep rally and bonfire.

The bitterly fought battle resulted in a tie score of 6-6, which was contested by the senior team. The seniors could not contain their disappointment when a long run and touchdown by their star player, Vicki Perry, was not counted as a time out had been called.

Sore muscles, twisted knees and ankles, and Charlie horses, (not to mention frost bites) had begun to take their toll by the end of the fourth quarter.

Senior and Junior boys served as some rather unusual looking cheerleaders for their respective teams.

During the half time an impressive parade of floats made by the various clubs and classes drove around the field and were judged.

Chosen for first place was the Junior Class entry featuring an elephant stomping a Seminole.

The Paramedical Club took second with first aid on the gridiron being depicted and the Senior Class took third with its entry featuring a large mortarboard and diploma.

Outstanding for their beauty and workmanship were the floats of the Spanish and French Clubs. The Spanish Club float featured a life sized model of a bull with real life matador and lovely semolina in her white lace mantilla. A large victory arch in the school colors of blue and gold graced the French Club float.

Finally the moment fans looked forward to all evening, Mrs. Margaret Schrader, arrived and the huge bonfire

Jodi Miller Is Lyman 'Queen'

By Jane Casseberry

Marjorie Jodi Miller was crowned Lyman High School Homecoming Queen by last year's queen, Miss Donna Mingo, during half-time in the Greyhounds-Seminole game.

The lovely daughter of Mr. and Mrs. James Miller of 2036 Linden Ave., Tanglewood, Jodi is a senior at Lyman. She is 16 (going on 17).

Student Council Vice President Jo Ann Rider presented the newly crowned queen with a large bouquet of American Beauty Roses.

Jodi was attractively attired in a pale yellow wool suit with a full collar and wore her long

Party To Aid Troop 341

By JANE CASSEBERRY

A plastics party being held tonight at 7:30 p.m. at the Casseberry Community Methodist Church to benefit Boy Scout Troop 341.

Scouts mothers and anyone else in need of these household items are invited to come and place their orders at the same time helping out the troop with badly needed funds.

Fires are needed for the Scout bus, which made its first camping trip recently when the troop attended Ross Allen's Camporee at Silver Springs.

They were accompanied by Scoutmaster W.T. Daniel and Eddie Cumdill. The old troop bus, which has been converted into an equipment carrier, also made the trip.

Pushes Luck TOKYO (UPI)—A bank clerk who embezzled \$10,000 was arrested this weekend when he showed up at a police post and found department to claim \$2,000 of the loot he had left on a city bus.

BOB HIGH declares war on Property Taxes

"Firstly, when I am Governor, I will ask the new Democratic Legislature to finance the increase of teachers' salaries from State revenue sources and NOT FROM LOCAL PROPERTY TAXES."

"Secondly, I propose passage of legislation allowing the INSTALLMENT PAYMENT OF PROPERTY TAXES so property owners will not face tax delinquency and the possible loss of their property."

"I pledge that when I am elected Governor I will ask the legislature to return to County School Boards those taxes on cigarettes which are collected outside municipal limits in every county. THIS WILL BRING IMMEDIATE AND SUBSTANTIAL RELIEF FROM PROPERTY TAXES."

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I have written to my congressman and to both my senators to protest a certain television program which I feel is a menace to our society. It shows a gang of young punks deluging the law and attacking innocent people. And all of this on motorcycles to make it more daring and appealing to our teenagers. Please tell me, and other mothers who are trying to raise decent children how to combat this disgraceful type of television program.

Please don't use my name. I don't want my head blown off by these motorcycle bums.

DEAR SEATTLE: The only way to effectively combat such programs is to write the network which carries it and to state your objections vigorously. Write also to the Federal Communications Commission, Washington, D. C.

DEAR ABBY: I know this will sound crazy, but I'm serious. I flipped over a guy named Alan, but he doesn't care a thing about me. He has never dated me, but he comes over sometimes and we

"make out." I guess the older generation called it "necking." Alan tells me not to get serious with him because he likes me only as a friend but he kisses me because he needs practice for when the right girl comes along. I have tried to refuse to let him kiss me, but I always weaken when I see him. Can you help me?

DEAR WEAK: No one can help a person who can't help himself. Next time he comes over, refuse to let him in. Practice makes perfect, but this kind of practice is making a perfect fool of you.

DEAR ABBY: A reader asks me "How does a mother protect her child when an institution for the incurably handicapped is the only one available?" Your reply, "Use prayer for the wisdom and strength to put aside all thoughts of herself and act only for the good of the child," you will never know the amount of good your one-sentence reply may accomplish.

GENERAL TENDENCIES:

This is one of those days and evenings which should be packed full of action, particularly concerning the interests you wish to have in your life for a considerable period of time. Take some time out to think deeply upon how far you have progressed to date also.

ARIES (March 21 to April 19) Invest in new chronograph or other mechanism that can make your specialized work more precise, less fatiguing. At least study them well. Regular co-workers will struggle through your ideas gladly.

TAURUS (April 20 to May 20) Your finest benefits can come from any social or entertainment avenues upon which you may tread. Be generous in entertaining others. Let close friends be conscious of your true affection for them.

GEMINI (May 21 to June 21) Concentrate on how best to bring greater harmony within your own four walls, which is so very important a part of successful living. Eradicate any mistakes you have made. Make changes that are vital.

MOON CHILDREN (June 22 to July 21) A day for much activity, whether in business or visiting friends and relations. In sports, etc. Take the time to gather information that is important for you to have. Do not waste time with wrong persons.

LEO (July 22 to Aug. 21) Be alert to the opportunities afforded by others to make more money by cooperating with them. It only requires that you show you are practical. Be generous with the amount of energy and interest you put into enterprises.

VERGO (Aug. 22 to Sept. 22) You have an opportunity to assist others with their problems in some social affair and to receive their gratitude. Be sure you dress in high fashion. Bring out your finest points, forget about the lesser, and so will others.

LIBRA (Sept. 23 to Oct. 22) Practice to become perfect in some talent that can interest and benefit others. Be sure you dress in high fashion. Bring out your finest points, forget about the lesser, and so will others.

SCORPIO (Oct. 23 to Nov. 21) Sociability and being with those who admire you is the best method for progressing today and tonight. Entertaining some good friend at a charming place is fine. This helps to increase your circle of worthwhile acquaintances.

SAGITTARIUS (Nov. 22 to Dec. 21) Start operating on whatever will make your personal or business career more successful and satisfying. Show your ingenuity in making arrangements with others. There is no need to have new credit cards.

CAPRICORN (Dec. 22 to Jan. 20) Try a new approach in present outlets, find new system to replace one that is already well quoted and bringing in very poor returns. Talk to persons of different experience from yours. Get their formula for success.

AQUARIUS (Jan. 21 to Feb. 19) Getting into insurance and security matters seriously you bettering your financial position very easily. Pay bills and collect monies owed. Use your intuition and know what mate expects of you. Be generous, kind.

PISCES (Feb. 20 to March 20) Much talk with regular allies, partners, customers, etc., helps you cement better relations with everyone. Get new contracts, make intelligent arrangements for the days ahead. Show insight, ambition.

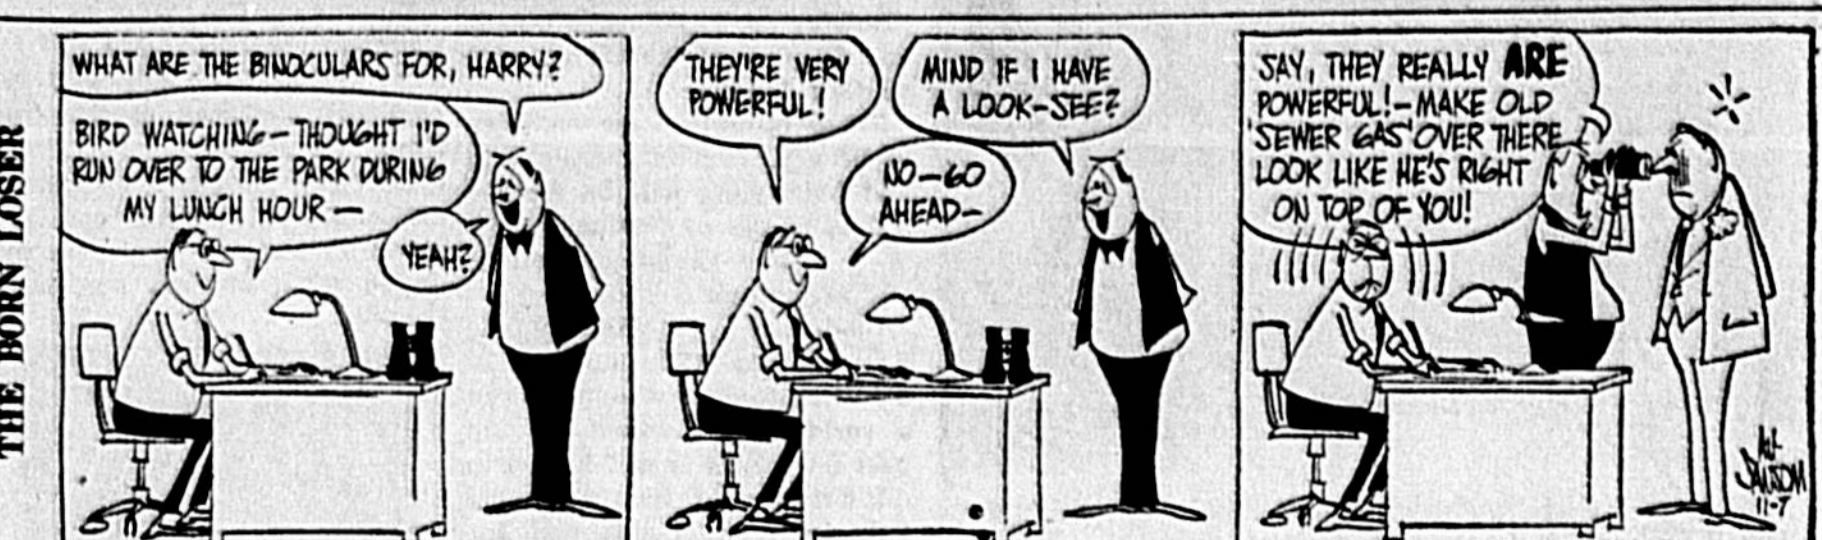

IF YOUR CHILD IS BORN TODAY... he, or she, will be one of those very particular young children who will always want everything around him or her, in very precise order, immaculate condition, and very much concerned with minutiae.

OUR BOARDING HOUSE

We The Women:

Sixty-five per cent of husbands who commute to work with their families, according to a recent survey. It's a pretty safe bet that the 65 per cent who prefer home breakfasts to eating alone in a restaurant have wives who:

- Get up and cook breakfast, instead of letting their hands cook their own.
- Allow themselves plenty of time in the morning to get their families off, so that the breakfast half-hour isn't the most hectic time of the day.
- Don't wear hair curlers to the breakfast table. (The waitress at the restaurant won't be wearing them.)
- Let them read the morning paper in peace.
- Have never developed the bad habit of sitting at the breakfast table and chatting a mile a minute about last night's party.
- Have their households well-organized so that getting the children off to school isn't a daily scramble to find lost articles.
- Know how to send their men off for the day in a cheerful frame of mind, instead of the kind of spring last-minute surprises like, "Oh, by the way, we have an early dinner date, so please try to get home on time."

Jacoby On Bridge

The toughest man to play rubber bridge against is the "lucky" player. The lucky player seems to hold more than his fair share of the cards and certainly bids more than his fair share of optimistic games and slams. South was one of those lucky players. He counted 13 tricks when his partner showed him two aces and two kings. Of course he assumed that one of his partner's kings would be in clubs. Jacoby and Son

There was no point in giving up. He took the first heart and ran off four trumps. Maybe someone would make a wrong discard. No one did. West was under some pressure but he managed to hold on to all his spades and clubs by letting his jack and ten of hearts go. South discarded the nine of hearts on the fourth trump. He played the ace of spades, led a spade to dummy's king and ruffed a spade. Then he led out his last trump and West had run out of discards. He couldn't let his last spade go since that would establish dummy's seven. He checked a club in the vain hope that his partner would hold the queen. Four club tricks gave South his grand slam.

Military Eligible For Insurance

More than 2,070,000 members of the Armed Forces of the United States, about 99 per cent of those eligible, are covered under the newest of the GI insurance plans, the Servicemen's Group Life Insurance. This was revealed in a report by the Veterans Administration, which administers the insurance program for the Armed Forces. The report showed \$70,899,000 in death claims have been paid out under the program which went into effect September 26, 1965.

At the time of the report, about 410,000 worth of insurance, servicemen have paid \$22,497,334 in premiums. This annual report covering the first nine months of the plan also notes death claims totaled 7,114. Defense Department figures as of June 30 show 4,014 deaths were in connection with the conflict in Viet Nam.

Berenson are automatically covered by the GI insurance unless they indicate in writing that they do not want the policy. Beneficiaries may be named by the serviceman and payment may be made in a lump sum or in 12 equal monthly installments.

Beauty after Forty

"Dear Edyth Thornton McLeod: My feet hurt very badly. I like high heels, however. Are there foot exercises I could do which would help my feet?"—Ma.

"If the shoe fits..." your feet would be more comfortable. I suggest you see a foot doctor at once. Also, lower your heels. The very high heels are not really very smart; the lowered heel is "in" for exercises, you might flex your feet. Try to pick up a bath towel with your toes, and hand-massage your feet or slather massage cream. This is very relaxing for tense, tired feet.

"If it is good taste to have a shoe bag for my good shoes, an umbrella and raincoat all matching in the same flowered material?"—H.

In my opinion, it's a bit too much of a good thing. I prefer the coat and bag to match, with a plain umbrella in a harmonizing color.

11-Year-Old Skydiver Plunges To Death

MANASSAS, Va. (AP) — Dana Rutledge, 11, spent half his young life around skydivers and what he was to do when he was allowed to pack the chute. The father, Carl A. Rutledge, is a classifier at the U.S. Patent Office in nearby Washington and lives in Vienna, Va. He has been jumping for five years and is president of "The Tarps" skydiving club. None of the 160 or so members of the club loves skydiving more than Dana did. He was said Rutledge, "very athletic and smart as a whip and quick in his response to things."

Yet, when Dana begged to be allowed to jump, Rutledge thought a long time. Finally, because of Dana's "overall general knowledge" of skydiving, Rutledge gave in. Dana made his first jump last summer. Sunday, he made his ninth. His chute failed to open properly and he fell to his death in a field on the family's farm near here.

The emergency chute opened but it did not blossom. It might have opened to late. Dana packed the chute, his father said, but it was the chute that was at fault.

ANDOVER, England (AP) — Kenneth Smith, 22, joined a local sky-diving club Sunday, made his first jump from a plane and plunged 3,000 feet to his death beside a busy highway. The parachute failed to open.

SAN JOSE, Calif. (AP) — Daniel Janzen fell to his death just before his plane crashed and federal investigators say probing in the wreckage indicates mechanical failure.

Investigators said today they didn't know why he fell from the single-engine aircraft Saturday.

Janzen, 21, a Stanford University graduate, landed on an apartment rooftop so hard that it left an outline of his body imbedded in the roof. He wore no parachute.

Commission Threatened With Injunction Suit County Rules Out Courthouse Hearing

The County Commission was threatened today with an injunction suit to halt any "further expenditure of county funds for the new courthouse."

A delegation urged a public hearing be held to give the people, particularly those in the south end of the county, an opportunity to state their objections.

Tom Pratt, president of the South Seminole Jaycees, stated the people in the south end are "aroused" at the plan to locate the new courthouse in Sanford and want a public hearing on the matter.

"If a public hearing is not held, I can promise an injunction will be filed by a third party," Pratt declared.

Commission Chairman John Alexander and Commissioners Lawrence Swafford and John Fitzpatrick stood firm on the decision that no public hearing is necessary. They said current plans for the new courthouse are extensions of plans begun in 1959 with appropriate public hearings at that time, but that they were willing to meet with anyone at anyplace at anytime to discuss and explain the courthouse plan.

In an official statement from the entire board, Alexander stated, "It is the duty of the Board to provide adequate and efficient space for a growing county to conduct business that has to be carried on at the courthouse. The present courthouse is totally inadequate. Sanford is the county seat and the courthouse and jail must be located in the county seat. The Board cannot decide to move a courthouse elsewhere. Nor does the constitution provide for a special act to move a courthouse to a location other than at the county seat."

He pointed out that "moving the county seat could cost upwards of \$5 million."

"The increased expenditure would certainly cause a tax increase," Alexander said.

"The present branch office which is located in the Casselberry-Fern Park area handles county services the public frequently needs and these services will continue to be improved with a permanent facility at the county seat."

Sanford also pointed out that moving the courthouse facilities could require an additional 3.4 million dollars over a 30-year period. "The present program for the new courthouse requires no additional tax," he stated.

The commissioners pleaded for a "united county on all projects of improvement and we hope we do not have a county seat relocation fight in Seminole County that will be costly to the taxpayers."

Commissioner Alexander said that the county seat should be moved to Sanford. He said that the county seat should be moved to Sanford. He said that the county seat should be moved to Sanford.

Early Voting In Seminole County Is 'Brisk'

Seminole County voters turned out in brisk numbers today to cast their ballots in the gubernatorial race, assorted state posts and a local school board election.

When the polls opened at 7 a.m., the voting was above "better than usual" in Broward County. In one precinct, normally a Republican stronghold, an election official said "this is exceptionally good for an off-precinct election."

Showers fell during the pre-dawn hours in sections of vote-heavy Dade and Broward counties and overcast skies threatened more rain, but later in the day weather conditions brightened.

Tampa mustered a modest turnout in the early voting hours. Election officials said 80 per cent of Hillsborough County's 12,000 registered voters were expected to come out in the warm sunny weather to pick a governor.

Sanford, where the new courthouse is being built, was also a busy scene. The county seat should be moved to Sanford. He said that the county seat should be moved to Sanford.

Army Bows To Fishermen Halt Hyacinth Spray

Hyacinth spraying in the St. Johns River between Lakes Harney and Jessup will be suspended by the U.S. Army Corps of Engineers during the shad fishing season, it was reported today by The Sanford Herald by Col. R. P. Tabb, district engineer, at Jacksonville.

Plans now call for all spraying to be out of the area of the St. Johns River not later than the first week of December, Colonel Tabb said. No spraying will take place in that reach of the river until after the end of the shad fishing season at the end of March.

Colonel Tabb said fishermen in the area were consulted several weeks ago in an effort to dole out spraying with the fishing season.

He explained the spray kills the hyacinths which then sink to the bottom and snag fishing hooks and lines.

World News In Brief

Loses 'Fix'
PASADENA, Calif. (UPI) — A scheduled mid-course steering maneuver, designed to place lunar orbiter on a bullseye target to the moon, was temporarily aborted today when the spacecraft lost its "fix" to the star Canopus.

A check of seven Sanford precincts at 11 a.m. revealed that upwards of 1,000 have voted. At Sanford Junior High School, Precinct 1, 320; Precinct 15, Civic Center, 202 out of 1,001 registered cast their ballots. Other polling places revealed Precinct 21, 107; Precinct 23, 199; Precinct 27, 222; Precinct 28, 176 and Precinct 29, 143.

In the county, voting was moderate to heavy with Polk, 83; Altonato Springs, 200; Lake Mary, 81; North Orlando, 83; Lyman High School, 161; Courtney Boat Works near Casselberry, 37 and Longwood City Hall, 162.

The polls close at 7 p.m. Earlier Mrs. Bruce predicted that only some 13,000 would vote out of some 22,000 registered voters.

The major contest is the governor's race between Robert King High, Democrat, against Republican Claude Kirk. On the local level the only election is for two school board posts. Democrats John Darby and Bryan Bales against John Darby and Bryan Bales.

Dade County, High's political home grounds, turned out early in heavy numbers. In the county's 28 precincts, officials said 56,000 persons had voted by 6 p.m. This compared with 48,000 at the same hour in the May 24 runoff election.

Early voting was reported in Jacksonville.

Burns Orders Full-Scale Miami Probe

MIAMI (AP) — Gov. Haydon Burns said today he was calling on State Atty. Richard Gerstein of Dade County to "complete an investigation" and file charges against certain ranking Miami Police Department officials.

Burns made the statement following criticism from the Dade County Grand Jury which said it was imperative that Burns remedy "the harm he has done as quickly as possible" in charging that the panel had withheld indicting a Miami city official until after today's general election.

"I am today calling on State Atty. Richard Gerstein to complete an investigation and file direct charges against the ranking Miami police Department officials who were the subject of inquiry by the Dade county grand jury, which grand jury failed to return indictments," Burns said in his statement telephoned to Miami from Jacksonville.

Oviedo Studies U.S. Loan

Loan agreement papers from the office of Housing and Urban Development for the \$886,000 loan for the new water system for the town of Oviedo were presented and studied at the meeting of the town council Monday evening.

The agreement, however, was not executed and it is expected to be signed at a special meeting in the near future.

The board voted to authorize fiscal agents for the project, Gundy and Company, to negotiate an agreement with the firm of Bryant, Freeman, Richardson and Watson of Jacksonville to serve as bonding counsel for the project.

Minutes of previous meetings revealed special meeting had been held Oct. 13 to authorize execution of the \$884,000 federal grant agreement for the water system and another held Oct. 26 to pass a resolution agreeing to move water lines when SR 426 is relocated.

In other business, council agreed to adopt a resolution designating Nov. 28-Dec. 3 as clean up week in the business section of the town at the request of the Woman's Club.

Police Chief George Kelsey reported that new equipment had been installed at the jail including foam rubber mattresses and blankets.

Jury Rules 'Not Guilty' In Sanford 'Shoot-Out'

Verdict of "not guilty" of dueling was returned by a Circuit Court jury Monday, in the case of two local men who were charged with "shooting it out" over a woman, Aug. 27.

J. D. Paul, 50 and Richard Thorn, 68, were freed after a day-long trial here. Both were charged by the state under an ancient Florida statute which forbids dueling and provides a penalty of up to 20 years in prison. It also provides that both combatants must be found either guilty or not guilty.

Cause of the alleged duel was heard by Judge Volle Williams Jr., judge of the Ninth Judicial Circuit.

The reported shooting took place at Harvin's Grocery on Beardall Avenue with some witnesses testifying that Paul shot Thorn from a pick-up truck while Thorn shot back from the shelter of a brick pillar.

Prosecuter for the state was Anthony Hosemann Jr., assistant state's attorney. Paul was defended by Mack Cleveland Jr. and Thorn by David Flexer, public defender. Case was heard by Judge Volle Williams Jr., judge of the Ninth Judicial Circuit.

Hosemann said this was the first case of dueling in the state which had come before the courts since 1888, that he could recall.

Original arrest warrants filed by the Seminole County Sheriff's Department testified he did not see the shooting. Both combatants bore wounds. Thorn in the arm and Paul in the hand, but the state failed to prove that the wounds were caused by the 22 and .38 caliber pistols introduced as state exhibits A and B.

Probe Voting In 4 States

WASHINGTON (UPI) — The Justice Department announced today that traditional federal examiners had been dispatched to 27 counties in four southern states to protect against possible violations of federal voting laws.

States included Mississippi, Alabama, Louisiana and South Carolina. Clark asked director John Macy of the U. S. Civil Service Commission to provide additional examiners under provisions of the 1965 voting rights act.

Giant Haul

JACKSONVILLE (AP) — Three well-dressed young men broke into the home of a national grocery chain executive last night and took jewelry and cash totaling about \$100,000. They also took a dish of spaghetti and a pair of pants.

The robbery occurred at a posh waterfront home of Henry Kramer, president of the southern division of the National Food Fair grocery chain.

She headed away from land and caused weather-watchers little concern.

Original arrest warrants filed by the Seminole County Sheriff's Department testified he did not see the shooting. Both combatants bore wounds. Thorn in the arm and Paul in the hand, but the state failed to prove that the wounds were caused by the 22 and .38 caliber pistols introduced as state exhibits A and B.

Rejects Appeal

JACKSONVILLE (AP) — The Supreme Court has rejected an appeal by unions to clear the way for general elections in the Jacksonville Rail Terminal.

The Supreme Court refused yesterday to hear the appeal of the Brotherhood of Railroad Trainmen and other rail unions striking the Florida East Coast
