Tom Tom Talk

Everyone agrees that Mr. Elliott is the most happy fellow around these days. And Mrs. Elliott is not one bit jealous of Mr. Elliott's new love, Cynthia Ann; in fact, she stores their common baby fast to much. Congratulations to Mr. and Mrs. Elliott. Shirley Morgan and Gregory Miller are a great dancing team, as well as a great steady team, and we all hope that they stay a team, both ways!

We haven't been hearing much from Don Beatty and Wendell Woods this year—did you fellows give up with the rest of the teachers and take DCE from Mr. Girney?

Attention all boys! Edna Lightfoot is on the loose at last! Now's your chance, J. T.!

We would like to take time out to thank everyone who went to the dance to see the band issue. We want you to know we appreciated your interest in us!

Melinda McMurray and Freddie Wade really go for each other—we're wondering if it's gone as far as going steady...

Lin Rimer, Tommy Ruter, Ray Lundquist, and Johnny Alfred formed a club, but it only meets once a week—any particular reason why?

Is there anything several girls sleepily go crazy over, it's riding in white Dodges—Got the hint, Jerry?

Gerry Lake, who is the man in your life nowadays? All of us are just dying to know!

Move over, big brother; it seems that Mike Tammy is getting quite a lot of competition from his younger brother Doug. Our guess is that Mike's been watching Captain Kangaroo too long!

Say, we'll be sticking our necks out to ask whatever became of that perfect pair, Susan Waters and Wally Phillips, but what did become of that?

Tommy Waters, when are you going to wake up and see the light? We know a little doll who sure thinks a lot of you—we hope you know whom we mean.

One of the most popular steadyys around SHS is Betty Davis and Pete Nash—now, that's a good combination!

Why is it that these freshmen girls think that they have the privilege to walk down the halls holding hands and blocking the upperclassmen's way. Oh, well, cheer up, freshmen, the worst is yet to come!

Sara Thigpen, who is that darling boy with whom you go? Man, those shoulders! We sure hope the freshmen don't have to face him as tackle!

Minnie Pearl Bryant doesn't say much lately—nothing but Don, Don, Don, Don! Who is this Don, Minnie?

There is a cute blonde sophomore with the initials S. H. who seems to think L. R. is quite a guy—Open up your eyes, Lin!

We heard that a certain senior boy is really blind for a certain sophomore girl called Ruby. Ruby, did we understand his name to be Martin?

Linda Cannon, are you by any chance trying to start a fire from ashes? A little bird has told us that an old flame hasn't died out yet—any truth to the matter?

Has anybody ever tried to pick the ten best-dressed females attending SHS? He'd really have some trouble! Oh, well, we know that Peggy Jane Lundquist and Janice Luxen would head the list; don't you agree?

Junior Play, 'Birds And Boys' Huge Success

By Delores Bailey
"The Birds and the Boys" truly enjoyed huge success. Each character fitted his part perfectly and realistically. All the members of the cast seemed to have enjoyed presenting the play as much as the audience watching it.

I know I don't speak for myself alone when I congratulate the cast and Mrs. Coleman for two wonderful performances. All of us look forward to more of this kind of entertainment.

The U. S. Department of Agriculture says a tomato powder soon may be on the market. The powder mixes readily with water to make a juice for use in sauces, soups, and dry mixes. Dry, it can be stored indefinitely without refrigeration.

What Am I Thankful For?

By Angie Compain
The world is not coming to an end, but I am caught speechless, and this doesn't happen just every day. But I do have a reason for being wordless, and this reason is Thanksgiving. Where do I start giving thanks?

First of all I'm thankful for the fact that the Seminoles are playing at the Brahman Bowl, and that too doesn't happen just every day. I'm thankful that the six weeks' tests are over with, and I'm thankful if my teachers are co-descending.

I'm thankful that Vemusia haven't landed and I'm thankful that Sputnik hasn't fallen in my back yard.

I'm thankful that the Yankees won the American League pennant and I'm thankful that they had a greater number of runs than the Braves.

I'm thankful that I'm editor of Smoke Signals because now I can satisfy my inborn curiosity without asking people embarrassing questions.

I'm thankful that we're not having turkey this year and I'm thankful we're having pumpkin pie.

I'm thankful the cost of living hasn't gone up lately and I'm thankful that the Asian flu is losing advocates rapidly.

I'm thankful for a lot of things for which we all are thankful this time of year, faith, friends, and family, but most of all I'm thankful that we don't need only one day out of the year to be thankful, but it's just grand with me this time of Thanksgiving.

From Aug. 25 to Oct. 2, 1993, tornadoes in the United States killed 8,000 persons.

Kiddie Korner

By John Miller
I am sitting here desperately trying to think of something intelligent to say, and, as the saying goes, getting nowhere fast. Add to this the fact that our dear editor will literally shoot me if my copy is not in by Friday morning, and also that I am typing this on my lap sitting on my bed, as the desk is hopelessly cluttered up with junk, and you will see that I am in a bit of a predicament. Does that make sense?

No matter what people say, and, as yet no one has said anything, I don't think the recent Week of Horror after the six weeks' period was as bad as it was last time. However, the teachers seem to have gotten into the habit of giving at least two pages on a test. I think they suffer from delusions of grandeur that we're all geniuses.

I am beginning to wonder very seriously about Rat Day being on the Tuesday after the Thursday on which I am writing this column. To you who read this, that would be last Tuesday, if anyone sees the sophs stocking up on you know what, please let me know.

You know, at the U. S. Naval Academy, they have a little tradition that they call "Hundredth Night". The freshmen there are called "plebes", only their status is about 100 times as bad as ours. Anyway, on the night that is exactly 100 nights before the highest class graduates, the plebes get to give the upperclassmen a taste of what they have been getting during the past months. Anyone that has ever read anything about the Academy knows that it's pretty rough on the plebes. So, on "Hundredth Night", they get to turn the tables on the upperclassmen. What I'm trying to get at is this: "We should have a "Hundredth Day" at SHS. AFTER Rat Day, of course. Now wait a minute sophs, before you all start closing in on me. After all, it would n't be any worse for you than Rat

Day would be for us. Of course, you aren't planning anything real bad for us, now are you?

Well, it seems that it was only yesterday when we were all sitting around our tables eating turkey with all the trimmings; and being thankful for all with which we have been blessed. But here it is again Thanksgiving; and as we sit around our tables this year let us not forget to be thankful for these things:

- T eachers
- H ealth
- A merica
- N eighbors
- K nowledge
- S trength
- G oodness
- I ntelligence
- I ntion
- I ndustry
- N ature
- G od

Colleges Reveal Study For Degrees

NOTICE TO SENIORS
A combined plan of study, leading to college degrees in liberal arts and engineering in five years, was announced this week by the University of Florida and Stetson University.

It will provide study in the humanities and the other liberal arts in addition to the basic sciences in the first three years at Stetson. Technological training follows in the final two years at Florida and upon graduation the candidate receives the bachelor of arts degree from Stetson and the bachelor of engineering degree from Florida.

The plan was announced by Dean William H. McEntiry of the College of Liberal Arts at Stetson and Dean Joseph Wall of the College of Engineering at Florida.

Students in the first three years at Stetson would get eight hours of military training, 97 to 98 hours of liberal arts and basic sciences and six hours of engineering. At Florida, he would get six to 14 hours of liberal arts, 18 to 18 hours of basic and applied science and 43 to 54 hours of engineering.

Dear Ma,

Dear Ma,
Here I am again a' writing home to you. A plum lot of things happened around this 'ol school since I wrote you last.

First of all we lost our game with Melbourne two weeks ago 6-0. Shocking ain't it? Wal' our boys fought hard and a while back when we had another winning season the only game we lost was 63-0. At least we ain't that bad!

The Junior Class put on one of them makebelieve, pretend things, called plays, last week. It was real cute and a lot of people came. That was a hound-dog in it by the name of "Sooner". They called him that because... well, he's got the same trouble as our dog has. Evie Kratzert and Gerold Jones were plum good in their leading parts and so was everybody else. That Junior Class sure is plum, down-right talented.

The band, Pep Club and football players were invited to Winter Garden for dinner last week. The talk around is that they had a ball and from my own snooping I see a few pounds have been added on their waistlines!

I know it's a plum awful thing to end a letter with, but last Thursday and Friday the teachers suddenly got stupid and the kids supposedly got smarter cause six weeks tests were upon us. It sure

Wouldn't It Be Funny

By Shirley Jones
If Eddie were Shaver instead of Barber?
If Eva Jo were Loo instead of Wym?
If Joe were Low instead of High?
If Mary Frances were Duck instead of Swan?
If Johnny were Spanish instead of English?
If Billy were Gelling instead of Wall?
If Wendell were Rivers instead of Brooks?

P. S. You can give Abigail's baby skunks away. They won't let us have pets here!

SHS Calendar Of Events

By Angie Compain
Imagine what these hobbies are.
Dec. 1, Sunday. Beginning the week, beginning the month, and beginning the basketball season, we play Pierson right here on stage in the SHS auditorium. You'll don't forget the opener!
Dec. 6, Thursday. Student Club on the air at 7:15, station WTRR (1400). Make it a point to listen this week for a hobby program. Some of the most unique hobbies that we students have will be featured and I'm sure you'd never

Dec. 6, Thursday. Basketball game with FMS. Again it's a home game, and just isn't any reason for not coming to witness our second victory.
Dec. 7, Friday. Seminole High invades Orlando in the general vicinity of the Brahman (Tangerine) Bowl. And we all know that the BM Hornets are going to be left swatted out! Be there to watch all the fun.

Dec. 7, Friday. Seminole High invades Orlando in the general vicinity of the Brahman (Tangerine) Bowl. And we all know that the BM Hornets are going to be left swatted out! Be there to watch all the fun.

President Returns To Washington Today After Weekend On Farm

GETTYSBURG, Pa. (UP)—President Eisenhower, refreshed by a week and on his farm, planned to return to Washington today to begin getting his hand back on the wheel of the ship of state.

He was expected to drive to the capital in time to preside—at least briefly—at an afternoon cabinet meeting at which tentative decisions may be reached on next year's budget and legislative program.

He also hopes to attend Tuesday's White House meeting with congressional leaders of both parties which may bring him face to face for the first time since his re-election with his defeated Democratic opponent, Adlai E. Stevenson.

The State Department announced Sunday night that Stevenson, acting as special consultant to the President on plans for the Dec. 16 Atlantic Alliance "sum-

mit" meeting, will participate in the portion of the legislative meeting dealing with the Dec. 16 Paris conference.

While the White House had no official word on whether the President will attend the legislative talks, he is known to be anxious to do so and presumably will attend if his doctors don't veto action.

May Follow Schedule
The fact that they were willing

to give him a go-ahead on attending today's cabinet session indicated he probably will be able to carry out his original plan to attend the legislative get-together barring any setback in his current "excellent" recovery from a mild stroke.

Among other things expected to be discussed is a Defense Department budget of around \$9 billion, including more money for missiles, that may be given close

to final approval.

Modifications in some of the spending and legislative plans may be made later as a result of the congressional talks. The meeting with leaders of both parties Tuesday is expected to deal largely with international and overall defense aspects of the President's program. Purely domestic issues, if previous procedure is followed, will be saved for discussions with GOP congressional leaders which

will follow at the White House Wednesday.

If Eisenhower does not attend the legislative meetings, Vice President Richard M. Nixon will sit in for him.

First Participation
The Chief Executive's attendance at the cabinet meeting would be his first personal participation in formal councils of state since he was stricken a week ago today with a mild cerebral attack.

The cabinet decision appeared also to strengthen somewhat the possibility Eisenhower will go to the North Atlantic Treaty Organization NATO meeting in Paris Dec. 16 as originally planned. This however, would be a more strenuous business and awaits a further ruling from his doctors.

White House Press Secretary James C. Hagerly, who announced the President's decision to preside

"for a short while" over the cabinet meetings, said the Chief Executive still faces several weeks of rest and greatly reduced activity.

Asked for his evaluation of how the President has snapped back from his attack, Hagerly said he looked "increasingly better" each day and "I hope to get a kick out of seeing him with morning look-

JAYCEES GET READY for Wednesday's parade! Bob McKee, (left chairman of the Jaycee Ballroom Committee, starts preparing balloons for the event. Shown with McKee are: Bob Cushman, Herbie Strom, M. L. Raborn Jr., and Garfield Willett. (Staff Photo)

Gun Club Being Re-Organized; Meets Tomorrow

A meeting was held in the Commissioners' Room of the City Hall recently, attended by about 20 people interested in re-organizing the Seminole Gun Club, which was originally incorporated here in 1940, but which lapsed into inactivity during and after World War II.

Discussion revealed that additional persons probably would wish to join this organization, which encourages rifle and pistol shooting, the education, safety, and proper care of firearms among citizens of Seminole County.

The following were appointed Acting Officers to carry on with the re-organization of the club: W. Henry Wight, president; William Bush, secretary-treasurer; William A. Laffler Jr., Range Officer and director; Ben Butler, range officer and director; W. A. Adams, executive officer; J. Videll Jones, director; George Bergstrom, director; and Police Chief Roy G. Williams, director.

Those present decided to hold another meeting tomorrow night at 7:30 p. m. in the Commissioners' room of City Hall, to which the public is cordially invited. At a meeting they hope to proceed with formal re-organization of the Seminole Gun Club, and discuss such matters as by-laws, dues, range location, meeting dates, etc. All people interested in safe shooting as a hobby are urged to attend. The club intends to renew its affiliation with the National Rifle Association.

Over 50 Floats To Be In Christmas Parade

The Jaycees are completing final details and plans for the gigantic Christmas Parade which will be seen in Sanford Wednesday afternoon beginning at 4 o'clock.

More than 50 floats have been entered into the huge parade that will probably turn out to be the largest and most colorful ever presented here.

The parade is the highlight of the pre-Christmas season with the Jaycees doing the work and the Sanford Merchants Association in making the parade for the children possible.

Santa Claus will, of course, be a feature of the parade. However, the jolly old gentleman is probably waiting until the last moment to announce the time and method of his arrival here.

Thirteen bands will appear in the lengthy extravaganza, all dressed up in shiny attractive uniforms and headed by drum majors and majorette corps dressed in Christmas regalia vying for top spot in the spectators' eye.

Jaycees will sell balloons up and down the street during the parade to provide funds from which children of Lutheran Haven are provided money for a Christmas gift shopping tour. Bob McKee and his committee have completed the details of their project and will inflate the balloons Tuesday night in order to have them ready for parade time.

The local Sanford-Seminole County Junior Chamber of Commerce is expecting one of the biggest crowds in Sanford history to witness the event. Children from all of Seminole County's schools will get out in time to witness or take part in the parade.

This year civic clubs, churches, schools, businesses and other organizations have entered floats in the parade with greater interest than ever before. "We don't know yet," said John Alexander, chairman of the Jaycee Parade, but we expect the parade to be about twice as long as last year's.

Alexander said the parade will step off promptly at 4 o'clock Wednesday afternoon. "There will be no delay and this year we expect the parade to move faster than before."

Cold Weather Fires' Keep Fire Department Busy

"Cold weather fires" kept the Sanford Fire Department busy over the weekend.

Alarms were answered at 204 West 17th St. Sunday at 12:45 p. m. when a floor furnace became overheated. Very little damage was reported.

At 5:05 p. m. Sunday afternoon a defective space heater at 1400 Park Ave. was responsible for another run by the firemen. Fine trouble caused a small amount of damage.

At 11:15 last night firemen were called to 2414 Stevens Ave. where a defective flue did little damage.

And at 5:24 this morning the Sanford Fire Department found a defective flue which resulted in only slight damage.

Frost Covers Area As Thermometer Drops To Forty

A snow-like frost this morning covered the Sanford and Seminole County area with temperatures dropping to the 40 degree mark for the first time this season.

Automobiles left in the open were covered with ice and roofs and lawns appeared white under the shimmering frost.

Apparently the frost did most damage in the area to tender crops. However, it was too early this morning to ascertain the extent of damage in the area. Farmers and growers had not yet reported damages as the sun came out to possibly wither the tender leaves.

Citrus growers are probably delighted over the frost which fell during the early morning hours. With a frost before Christmas fruit moving into the Yule tide markets will be juicier and better conditioned for eating.

Tender leaf crops such as beans, lettuce, escarole, cabbage and others planted at this time of the year will suffer from the effects of the icy covering which was predominant this morning.

Low ground areas where the heavier frost settles, will probably suffer greater than the Sanford area just off Lake Monroe and on higher ground.

At press time today, reports had not been received from the west-side or eastside truck farming areas.

Crazed Navy Chief Killed By Lawmen

A gun-crazed Navy chief petty officer shot and killed one Navy man, seriously wounded another, shot a wildlife officer and then attempted to shoot it out with more than 50 law enforcement officers.

William H. Kelly, 35-year-old, a chief petty officer in VAH-5 at the Sanford Naval Air Station entered the back door of the Chief's Club at NAS, pulled a .357 magnum pistol, and without argument fatally shot Floyd E. Dobbins Jr., a 36-year-old chief petty officer. Dobbins was working as a bartender in the Chief's Club and was rolling out a barrel of beer when he was shot twice by Kelly, once in the chest and again in the solar plexus.

Kelly walked out of the NAS Chief's Club and fled in his car and when guards at the main gate attempted to stop him he shot Chief Petty Officer J. R. Van Landingham, 28. Guards fired a riot gun into the side of Kelly's car but were unable to stop him.

Van Landingham it is reported, is in serious condition in Orange Memorial Hospital where he was taken following emergency treatment at Seminole Memorial Hospital. He was shot once in the left chest just above the heart.

Sheriff J. L. Hobby's office was notified of the fatal shooting and injury at 10:27 Saturday night. Roadblocks were immediately set up throughout the Central Florida Area with sheriffs, highway patrolmen, and other law enforcement officers searching for the apparently crazed man.

Kelly returned to his home at 2205 Coronado Ave. and told his wife "The police are after me. I shot a man at the base." After securing another pistol, a 44 magnum, he took in his 1955 Buick Riviera Kelly was dressed only in a T-shirt and walking shorts.

Law enforcement men throughout the area searched frantically for Kelly knowing that he was dangerously armed.

Shortly before midnight, Herbert W. Jones, an elderly wildlife officer at the checking station in the Farmington Hunting Area 8 1/2 miles east of Osteen was brought to Seminole Memorial Hospital with a pistol shot wound just below his ribs. He said "A man in a blue and white car shot me when I ordered him to stop." Jones identified his assailant as Kelly from a picture.

A car was wrecked in the Farmington Hunting Area answering the description of Kelly's car but officials were reticent to identify the totally destroyed Buick as Kelly's until Jones identified the driver.

Bloodhounds were taken to the scene from DeLand and at 1:30 a. m. (Continued on Page 3)

THE AUTOMOBILE IN which William H. Kelly, chief petty officer attached to the Sanford Naval Air Station, crashed on the Maytown Road 8 1/2 miles east of Osteen. It is believed that Kelly was seriously injured when his car turned over as it sped through Farmington Hunting Area.

Final Plans For PGA Open Near Completion

Final plans for the third annual Mayfair Inn Open, to be held here starting Dec. 9, are nearing completion. Frank Mebane, manager of the Inn, stated Saturday that nearly a complete list of contestants has been received and this should be the greatest field of players to be seen in the Sanford tournament.

Along with all the top golfers in the country, many outstanding baseball personalities will be on hand to add to the color and excitement of this big event. Horace Stoneham, Carl Hubbell, and Bill Rigney, of the Giants are among the many that will be here. Many of the countries leading newspaper men will also be here to cover the play.

This \$15,000 event is, by far, the largest tournament of its kind to be held in the entire Central Florida area. Mebane and his staff at the Inn have put many hours into the journey to make this one the "most successful" in the entire state. The Jaycees are taking over the task of furnishing a Marshall force for the third time in as many years. This is one of the most important jobs, in that they police the area and keep complete order for this fine group of "divot diggers".

Among the many things being done in preparing for the PGA event is the remodeling of the clubhouse and bar. Mebane and his crew have gone in and completely remodeled from top to bottom in an effort to make things more pleasing.

In the last list of commitments received by Mebane, the name Doug Ford appeared. Ford is the second leading money winner of 1957, taking in over \$45,000. He is a very colorful champion and is a fine gallery attraction. Another gallery favorite, Dow Finsterwald, has also committed. Finsterwald (Continued On Page 3)

Negro Man Killed In Wreck Saturday

A 47-year-old Sanford Negro was killed instantly Saturday afternoon shortly after 2 o'clock when cars ramed one another at the intersection of Brison Ave. and State Road 415 about one mile east of the city limits.

Eddie Lee Niblack Jr., whose address is given as 418 E. 24th St. was thrown from his car under the automobile which collided with his.

One of the automobiles ran a stop sign at Brison Ave. causing the crash, which Florida Highway Patrolman James L. Sikes said occurred about 2:20 Saturday.

Driver of the car under which Niblack was thrown was Dan Wells, 35-year-old Sanford Negro who was uninjured.

However, Joe Richardson Jr., 32-year-old Negro, and a passenger in Wells' car was injured when he received lacerations about the face and head. He was taken to Seminole Memorial Hospital.

Both cars were a "total loss" said Patrolman Sikes who investigated the accident.

Niblack's body was taken to Burton Funeral Home.

No charges were reported by the investigating officer.

Eye-Witness Account Of Hunt For Crazed Gunman

By J. MARION HUNTING SR.
There is more to hunting and ferreting out a crazed gunman than meets the eye.

Lawmen from the entire Central Florida area searched frantically for William H. Kelly, a chief petty officer at the Sanford Naval Air Station, who, for some unknown reason, shot down Floyd E. Dobbins Jr. Dobbins was working in the Chief's Club at the Naval Air Station and shortly before 10:30 Saturday night was rolling a keg

of draught beer from the club's storeroom when Kelly entered the back door and deliberately poured two shots from a .357 magnum pistol into him.

It was a bare few minutes after this tragic event that this Sanford Herald writer was notified and followed the events which led up to Kelly's death early Sunday morning.

From the radio room of Seminole County Sheriff J. L. Hobby's office Deputy Sheriff Oscar Decker, well-trained for emergencies such as this, authorities were notified.

Decker dispatched deputies, ambulances and other officers to the scene at the Sanford Naval Air Station where Chief Petty Officer J. R. Van Landingham Jr. had been shot down at the main gate by Kelly as he sped out of the area. The Deputy Sheriff notified the Florida Highway Patrol, the FBI, the Volusia County Sheriff, constables in the area, and all law enforcement groups which could set up road blocks to prevent the escape of Kelly who was identified as driving a 1955 Buick Riviera with license tag 17W-2293.

Authorities knew by this time that Kelly had driven to his home at 2205 Coronado Dr. only to yell at his wife "The police are after me. I shot a man at the base!" and fled.

No one knew in what direction the apparently crazed man was headed.

At the Seminole Memorial Hospital, doctors were working feverishly to save the life of Van Landingham when Herbert W. Jones

Wildlife Officer assigned to the checking station at the Farmington Hunting Area eight and a half miles east of Osteen was brought in. Jones had been shot just below the ribs by a then unidentified assailant. The elderly wildlife officer told authorities at the hospital that a blue and white Chevrolet with license tag 17W-2293 had come through the gate and he had attempted to stop him.

Jones identified a picture of Kelly and said "That's the man that shot me."

Officers then knew that a wreck reported in the Farmington Hunting area was the automobile belonging to Kelly.

At the scene of the wreck officers from all over Central Florida gathered to press their search for Kelly. Deputy Sheriff Oscar Decker ordered bloodhounds from DeLand.

The automobile was a total loss, wrecked as it attempted to speed through a slick, muddy area of road. It had left the road, smashed into a tree and was demolished about 20 feet south of the unpaved highway.

It was apparent that Kelly was seriously injured in the smashup and officers were amazed at the driver's ability to climb out of the wreckage.

A bloodhound was set on the trail. James Dees' "Poor Boy", known for his ability in following scents started from the scene of the automobile crash at 1:30 a. m. Sunday morning and shortly before 2:30 had Kelly cornered in a ditch on Maytown Road, east of Osteen in the Farmington Hunting area.

Money Collection At Smithsonian Has 65,000 Items

By PATRICIA GRAY
United Press Staff Correspondent
WASHINGTON (UP)— Numismatists, take note! The Smithsonian Institution's collection of coins and paper currency now contains nearly 65,000 specimens. The coin collection, started in 1793 at the U. S. Mint in Philadelphia, includes pieces from all over the world and of almost every type of metal from iron to platinum. The oldest coins date back to through the portraits of the men who made history. In many cases the portraits are the only ones available anywhere. The oldest coins date back to about 700 B. C. Minted in Asia Minor, they are called staters and are the first coins known to man. They are a natural alloy of 75 per cent gold and 25 per cent silver.

Unpopular Issues
Ptolemy I of Egypt, who lived from 323-285 B. C., was the first person to be pictured on a coin. Julius Caesar was the first on a Roman series that continued for 500 years to the end of the Roman Empire. The collection also includes the widow's mite and the tribute penny mentioned in the Bible. Samples of three monies which ruled world markets for years—the Venetian ducat, the Italian florin and the Spanish doubloon—are also included. Various coins with short-lived circulation because they never proved popular also are on display. Among these are the American half-cent, U. S. two, three and 20-cent pieces and the old trade dollar. The collection of paper currency includes Confederate bills and those issued immediately before and after the Revolution.

Value Unknowns
An interesting display is a presentation of each of the current bills from \$1 to \$10,000 in denomination. They were prepared especially for the display by the Bureau of Engraving and have no spending value. As to the collection's worth—a question immediately occurring to everyone—even the curator, Dr. V. J. Bain-Stefanelli, probably can't tell. The actual face or metal value of the collection would not be too difficult to determine, but many of the pieces have never been circulated, and their esthetic, cultural and historical value cannot be estimated. The United States has its own claim to fame in the coin world in several interesting groups within the collection. One is a series of Lincoln medals and tokens. It was a private collection and is the largest of its kind, containing 1,200 pieces. Another group is comprised of the pattern coins made at the United States Mint, beginning in 1792. Many of the designs were never used but served only as models for the currency actually issued.

NO SLEEP
NORTH SYRACUSE, N. Y. (UP)— Policeman Francis E. Letterman arrested two suspected jewel thieves and took a satchel full of gems into custody. But he had to keep the jewels overnight until FBI agents could be notified in the morning. After some consideration, he finally took them home, stuck them under his bedroom bureau and went to bed. "But," said the weary-eyed officer the next day, "you just can't sleep with \$250,000 worth of diamonds stashed away in your bedroom."

Financial Responsibility Division

(Editor's note: This is the third of a series of articles by State Treasurer and Insurance Commissioner J. Edwin Larson, explaining Florida's newly amended Financial Responsibility Law for motorists. The first two articles covered the basic law and the 1957 amendment extended it to cover the drunk and reckless driver.)
TALLAHASSEE—After ten years of growing up, Florida's Financial Responsibility Division has arrived. When the Division was created to administer the first Financial Responsibility Law in 1947, only three or four employees were assigned to handle the relatively light workload created by the flimsy statute. But after ten years of administering the law which has been steadily strengthened, the caseload has likewise grown to the point of becoming a bulky mass of case histories, averaging about 250,000 per year. And now the Division keeps approximately 70 persons busy full-time, with an evening shift of six

more, will be affected by the law. Also, since October one, all persons whose driver's licenses have been revoked for conviction or forfeiture of bail for drunk or reckless driving—and other similar violations—must comply with the law. Department of Public Safety officials have estimated that about 30,000 additional cases will be processed during the next year because of the extension of the law to apply to the drunk and reckless driver. All persons who have insurance or have otherwise established proof of financial responsibility prior to becoming involved in the law, are automatically exempt from its provisions provided they meet other minor qualifications depending on possible damages resulting from individual cases. But for those who must establish proof of financial responsibility after an accident, this proof must be maintained for a period of at least three years. The most common method of establishing proof through purchase of an automobile liability insurance policy to cover at least the minimum amounts of liability of \$10,000 for death or injury of one person, \$20,000 for two or more, and \$5,000 for property damage. Every driver involved should remember that a competent staff of officials here located in eight offices of the State Treasurer and Insurance Commissioner at 16 different locations throughout the state for the purpose of assisting the public with insurance problems. The addresses of these offices are listed on the Letter of Information which is sent to notify the involved person that he must comply with the law.

IN CLOVER
LAFAYETTE, Ind. (UP)— If four-leaf clovers are considered good luck, Mrs. Robert Foreman of Lafayette should have a lot of it for a long time. So far this year she has found not only four-leaf clovers, but some specimens with five, six, seven, eight and nine leaves.
TOO LATE
NEW HAVEN, Conn. (UP)— An absent-minded former guest of the Tontine mailed his key back, but the postmaster said it was "just a little late." The hotel was rated in 1912 to make room for the present post office.

Gerson Yessin Pianist To Be Heard Tomorrow In First Concert

The first of the 1957-58 season Seminole Mutual Concerts will be presented to members Tuesday night, Dec. 3, at 8 p. m. at Pinecrest School Auditorium.

Gerson Yessin, young concert pianist, is the first of this season's attractions. The selection of Yessin and three other concerts to be presented in January and March of 1958, was by ballot of the members as they joined.

Yessin plays a wide range of music and all "with the skill and warmth of a superb artist that can and does captivate his audience," a spokesman for the association revealed today. He has appeared over 30 times with the Boston Pops Orchestra under the direction of Arthur Fiedler.

The artist also appeared with the New York Philharmonic Symphony, San Francisco Symphony and the Boston Symphony. He was chosen by Leopold Stokowski to be one of the soloists in his recording of the Sonata for two pianos and percussion by Bela Bartok.

He was one of the few classical pianists to visit the Arthur Godfrey Teyn Scout show.

Winn-Dixie Plans Gigantic Christmas Party For Employees

Employees of Winn-Dixie Stores from all over Central Florida will converge on SanLando Springs tomorrow night at 7 o'clock for a gigantic Christmas Party to be given there.

The artist will be served to the group of employees that will number in the hundreds as all stores in the Central Florida area will send their entire staff to the annual event.

Local Winn-Dixie stores will be closed tomorrow night for the event.

Employees will enjoy music of an orchestra as well as the huge meal that has been planned for them.

Supper To Be Held Before SHS P-TA Meet Tuesday

Because of the enthusiasm with which chicken supper was received last month preceding the Seminole High School P-TA meeting, the event is being repeated tomorrow night. A dinner featuring chicken pie will be served in the school cafeteria at 6:30. The menu will also include salad, vegetable, hot rolls, pie and coffee.

"Burst session" will be held after the supper, at 7:30 p. m. Under discussion will be the formulation of a "Teen Code" in Sanford. The code is a constructive action toward facing problems that face teenagers and their parents.

The November 17 issue of the Reader's Digest carries the Key Code for Teenagers. Members of the panel Tuesday night will be Seminole High School students.

Student leaders of important high school clubs will be presented to the P-TA. They will discuss and explain the purposes of their organizations.

PHONE CURB SOUGHT
LEWISTON, Me. — The Maine State Grange has struck a lousy blow at long-winded people who monopolize telephone party lines in rural areas. The Grange adopted a resolution urging the installation of automatic cut-offs to halt long-drawn conversations.

Track Champion To Again See Action At SOKC

J. M. Edwards' Ed's Deacon Jones, track champion at the Sanford-Orlando Kennel Club last season, will again see action when the club officially opens, Saturday night, December 14.

Last year the Deacon not only won both the Inaugural and the Derby, but the 71-pound blue speedster chalked up an astounding 16 firsts. In addition he finished second four times and third four times, thereby missing the money only five times in 29 starts.

Edwards, whose kennel was on top at Orange Park's autumn season, will be trying hard to set the pace at the local oval. Aside from the Deacon he is entering such fan favorites as Ed's Goldrush, Ed's Sheer Velvet, Ed's Caribe, Beach Fire and Shubuta.

One kennel that is certain to offer Edwards plenty of competition is that of W. F. Swafford for he has entered many of the ace greyhounds that kept Frank Lane in either first or second place at the Volusia County Kennel Club for the past three seasons. Swafford stars include Rockin Jo, who finished second in the Volusia Derby last September, Free Copy, a former Volusia champion, Trusty Gun, Sand Wedge and Black Elaine.

Many of these dogs will compete when the schooling races start at the Sanford-Orlando track Wednesday night. The qualifying races will be continued nightly, except Sunday, through Thursday, Dec. 12. Then the track will be dark one night as final preparations are made for the December 14th opening.

Choir To Present All-Music Service Sunday, Dec. 15

The annual all music service of the First Presbyterian Church will be given at 5:30 p. m. on Dec. 15, the Rev. A. G. McInnis has announced.

This year the 31 chorists of the Chancel choir will sing 10 anthems. Mrs. George Touhy, Minister of Music under whose direction the service is given, will play three organ preludes.

Mrs. Julie (Robert) Anderson, talented violinist whose background includes advanced study at Chicago's American Academy of Music, will be featured in one of the preludes and in the offertory. Navy duty assignments permitting, she and her husband, accomplished cellist, will accompany the choir in some of the anthems.

As in the past years this candle-light vesper service, a feature of the Christmas season, will probably be shared by an overflow congregation for a special invitation is extended by the church through the Rev. McInnis to everyone who can attend.

Special Yuletide decorations in the sanctuary will be in charge of Mrs. Sidney Ives III, Mrs. C. C. Henderson and Mrs. David Bach and will enhance the worship atmosphere of the church, it was said.

The words of the anthems will tell the story of the Nativity and the world's adoration of Christ with members of the choir being heard in solo portions of the choral numbers.

Church officials, remembering the inadequate seating for the congregations in past years ask that those planning to attend arrive well before 5:25 p. m. at which time the chimes will be played for five minutes.

Crazed

(Continued from page 1)
Sunday morning the desperate search for the gunman got underway. There were at least 50 or more law enforcement officers in the cordon of armed men attempting to stop Kelly from doing any more harm.

At 2:32 Sunday morning Kelly was spotted along the road in the ditch. He was still armed, for as the solid front of officers with shotguns, riot guns, pistols, tommy guns and rifles moved in on him and as Constable J. Q. "Slim" Galloway yelled "Come on out, we've got you" his answer was a shot from the 44 magnum he still carried.

As Kelly continued to fire, six of the officers dropped to the ground and closed in on him. Sheriff Rodney Thurby, Constable Galloway, Trooper Jerry Wells, Game Warden Charlie Clark and Lt. C. V. S. Brewster closed the gap between Kelly and them to about 15 feet. Kelly fired a shot that narrowly missed Trooper Wells' shoulder and ear and one of the officers felled the gunman with a shotgun blast.

Apparently Kelly was seriously wounded from his automobile accident earlier in the evening. His car was a total loss and landed on its top in the woods about 20 feet off the clay road. It was possible that he was driving at a high rate of speed and lost control of the car in slick mud.

When medical officers examined the body of Kelly they found that his left arm was badly mangled and his right side severely bruised, apparently from his automobile accident. "I don't see how he even got out from the car alive," one officer said.

Dobbins, the chief petty officer that was killed, has five children. They were in Sebring with Dobbins' sister recently and came to Sanford for the Thanksgiving holidays. He was attached to Heavy Attack Training Unit.

Kelly, the crazed gunman who would not give up, has a wife and one 3-year-old son.

NAS officials are puzzled as to the reason behind the shooting. Both dead men were well liked in their respective units and held responsible positions as chief petty officers.

Grim-faced officers, who apparently sprang from out of the ground so quick was their response to the emergency call for assistance, went about their tasks of hunting out the apparently crazed Kelly with determination.

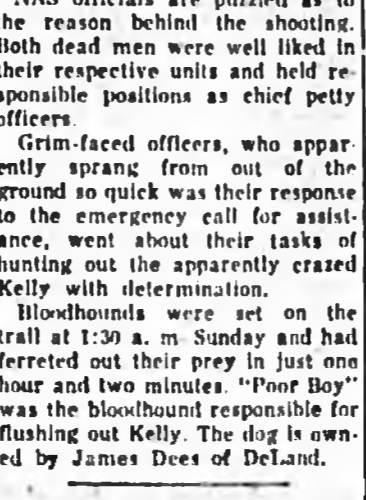

Bloodhounds were set on the trail at 1:30 a. m. Sunday and had ferreted out their prey in just one hour and two minutes. "Poor Boy" was the bloodhound responsible for flushing out Kelly. The dog is owned by James Dees of DeLand.

Members of the Sanford Women's Golf Association will once more help at the San Francisco Giants \$15,000 Mayfair Open Dec. 12-15. All women interested in helping are urged to sign up in the locker room or call Mrs. Jeanne Foulk, chairman, at FA 2-4591.

Immediate action is imperative as advance tickets will go on sale now.

Women's Golf Assn. To Help At PGA Open

The bottle-nosed dolphin or porpoise can swim faster than fish but can remain submerged no longer than three minutes.

TEST MISSILE AND SATELLITE—The U. S. Air Force's missile, the inter-continental shark M-52, is shown as it was launched at Cape Canaveral, Fla. Note the underlying auxiliary fuel tanks which enable the missile to travel over greater distances to deliver a nuclear warhead to a pre-determined target. At bottom, Navy engineers prepare a flight model of the first U. S. earth satellite for a test up to 35 G's (measure of gravitational pull) on the whirling arm test facility. Final

(Continued from page 1)
was one of the leaders in last year's event here and will be back in an attempt to capture the \$2,400 top prize money.

Last year's winner, Mike Fitchick, along with Al Balding the Canadian who won the first tourney here, will be on tap to make another try at top money. Balding won the Palm Beach Open last week and seems to be playing the best golf of his career.

These are just a few of the many greats to be here for the event. Ed Furgol, Marty Furgol, Al Besselink, Jay Herbert, Lionel Hebert, Purkey Oliver, and many others have committed and it is a certainty that others will come in later this week. All of these names are known throughout the country, and all sports fans should be around for this entire week of golf starting December 9.

The schedule for the week is as follows:
Dec. 9—practice round
Dec. 10—qualifying round
Dec. 11—Clinic and trick shot exhibition
Dec. 12-13-14-15—Tournament

'Atoms For Peace' Exhibit To Show Plant Operation

The day when atomic power plants are commonplace, in this country at least, may be far off. But residents of Sanford and Seminole County can see how much plants will be operated when they visit the "Atoms for Peace" exhibit that will be shown here next week.

The exhibit is one of the latest developed by the U. S. Atomic Energy Commission as part of its many programs aimed at informing the general public of the ever-increasing role nuclear energy is playing in our daily lives.

One of the timely displays in the "Atoms for Peace" exhibit is an animated panel, operated by the spectator himself, showing simply and graphically how a nuclear reactor, using atomic fuel, can produce heat that is used to convert water into steam, just as in a standard furnace. The steam, in turn, activates an ordinary turbine and generator, resulting in the production of electrical power.

Power reactors are already in use in the submarine "Nautilus" and a prototype of the forthcoming "Seawolf". Construction is under way in Pennsylvania, on an atomic power plant that will serve as contributory sources of electric power in its local areas, and many more are in the planning stage. And although each of them may differ from the other in design, construction, and function, the basic principle of operation will probably be close to that demonstrated in the "Atoms for Peace" model.

The new exhibit is being sponsored nationally by the National University Extension Association and the National Junior Chamber of Commerce. Showings in Florida have been arranged by the State Extension Division of Florida and the Florida Junior Chamber of Commerce. Locally the exhibit is being presented under the sponsorship of the Sanford Seminole County Junior Chamber of Commerce. The new "Atoms for Peace" model units were prepared and are traveling exhibits for the Commission by the Museum Division of the Oak Ridge Institute of Nuclear Studies. The Museum Division also operates several other traveling exhibits for the Commission.

ONE WILL BECOME A QUEEN—These students at City College, Pasadena, Calif., pose after being named princesses of the 1958 Tournament of Roses. One of them will be chosen queen. They are (l. to r.): Sally Shaw, Trudy Wood, Ginger Dubberly, Linda Ledden, Jackie Williams, Beverly Adams, and Linda Valentine.

Members of the Sanford Women's Golf Association will once more help at the San Francisco Giants \$15,000 Mayfair Open Dec. 12-15. All women interested in helping are urged to sign up in the locker room or call Mrs. Jeanne Foulk, chairman, at FA 2-4591.

By What Measure Is Friendship Counted In Community, Society

When friendship is measured in dollars and the warmth of handclasp is judged by wealth, then comes the time when a complete overhaul of our social system is needed.

Recently, a youngster arrested for robbing officers of the court house in a Central Florida City, gave himself up to the pastor of his church as officers began to close in on him, and had this to say:

"When I have money I have friends."
He was then asked "But are they your real friends or just fair weather friends?"
"They are better than no friends at all," he replied.

We are confronted with this problem more often than we think. And, not only amongst the teenagers, which the recent

incident involved, but among adults, too. Maybe we have grown beyond the point where friends count. Possibly the height of a young man as he plunges into society and the popularity of citizens as they attempt to make their place in a community are counted by the height of dollars and the generosity of a bank account.

The question we must ask ourselves is this "Do our warmest and closest friends count dollars first—or are we judged by sincerity and devotion to duty and devotion to one another?"

Such heartbreaking news about the teenager's arrest drops down on us like a sledge hammer.

Where should we start to find out where individuals stand?

Mayfair Inn 10th Anniversary

Sanford's social season will begin to whirl when Saturday night the 10th Anniversary Opening of the Mayfair Inn is observed.

Mayfair Inn Manager Frank Mebane Jr. has arranged a gala affair for those who will attend the hotel's annual opening ceremony and start the social calendar in Sanford and Seminole County turning for the winter season.

Each year, since the Giants took over the swank Mayfair Inn, reservations have increased. Week after week every room is filled and the hotel operating at capacity. Now, the Mayfair Inn Motel has added another addition to the huge number of visitors who will visit Sanford during the winter months.

There's much to be said about the Mayfair Inn and the Giant's organization and what they mean to Sanford's economy.

We could heap statements, one upon the other, about the wonderful crowds, the number of dollars spent in local stores, the number of words written in newspapers around the country about the visitors here, and the excellent reports visitors take to their hometowns about us. They would all add up to just about one simple statement:

"We're mighty glad to have the Mayfair Inn in Sanford and happy that it's opening for another gala season."

Truthfully, it would be hard to actually estimate the impact on Sanford's economy from the Giant's Mayfair Inn, the Golf Course and Country Club, and the Minor

Quotes From News

SAN FRANCISCO—Dr. Gregory Bard, University of California heart specialist, who says President Eisenhower will live longer if he goes back to work:

"The old-fashioned treatment of severely restricting a man's life, of making a permanent invalid out of him is gone."

HUNTSVILLE, Ala. Maj. Gen. N. John B. Madaris, commandant of the Army Ballistic Missile Agency, on defense Secretary Neil H. McElroy's decision to order both the Army's Jupiter and the Air Force's Thor missiles into production:

"I am grateful for this expression of confidence in the efforts of my agency to provide the nation with an ICBM capability at the earliest possible date."

LONDON—Foreign Secretary Selwyn Lloyd when asked by Laborite Anaura Bevan if British-based U.S. planes carry H-bombs on duty flights:

"I am quite prepared to assume for the purposes of answering this question that they are."

LONDON—Actress Betsy Drake on reports of a rift between her and husband Cary Grant:

"There have been rumors since we were married eight years ago.

Men and women Try Niagara Deep penetrating massage for health and beauty.
10 treatments \$30.00
Call Maridan Studios
1907 N. Orange Ave.
Orlando, Fla. GA 8-6176

But they are now and have always been untrue."

KANDY, Ceylon-Nelson Poynter, editor of the St. Petersburg (Fla.) Times in asking the Asian conference of the International Press Institute to call upon all governments to permit newspapers and radio stations to get their foreign news from whatever source they desire:

"The temptation of any government is to control all incoming and outgoing news, news pictures and features."

The first margarine was made in France when Napoleon III needed a nutritious, concentrated food for his troops.

COLORED NEWS
FORT MYER, Va. (AHTNC)—Army Sgt. Johnny Joseph, son of Mr. and Mrs. Lincoln Joseph, 1208 W. Eighth St., recently participated in a parade as part of a ceremony dedicating Alexander Field at Fort Myer, Va.

Sergeant Joseph, regularly assigned as a squad leader in the Third Inf.'s Company A at Fort Lesley J. McNair, Washington, D. C., helped celebrate the memory of Capt. Edmund B. Alexander, who commanded the Third Infantry when the regiment participated in the Mexican War.

The sergeant entered the Army in August 1947.

Joseph was graduated from Croome Academy in 1946.

There is a national effort underway to enlist young people to study for careers in science. To handle the recruiting it might be a good idea to employ the scouts who have such an uncanny knack of locating halfbacks for our major colleges.

They say the Russian Sputniks are harmless—but they sure shot a hole in our hopes for tax cuts.

Millionaires, as a group, give the largest amounts to charity, percentage-wise. In 1945, they gave about 3 per cent of their income to charity. Now they give about 12 per cent. The rest of us

give between 3 and 5 per cent. Franklin Raised Funds

Our fund-raising counselors have come a long way since the days of Benjamin Franklin, who raised money for a hospital in Pennsylvania back in Colonial times.

World War I, with its Liberty and Victory Loan drives, gave the fund-raising profession a big boost, and they've been doing well ever since. Some of our older, most experienced firms have become specialists. The Ward, Dreshman and Reinhardt Company, for example, handles only church appeals and church-raised campaigns. The W.H. Folsom and Smith firm specializes in hospitals.

In order to squeeze out the crooks, 22 states have enacted laws that govern charity campaigns and an additional 12 states are in the process of adopting regulatory legislation. In addition, many cities have their own ordinances aimed at keeping out the phony charity.

One estimate said that in 1950, 3 per cent of our contributions went to racketeers. Because of state and local laws, and the work of such groups as the Better Business Bureau, the National Information Bureau, the chambers of commerce and the A. A. F. R. C., the percentage is way down.

CAR SUGGESTIONS
TALLAHASSEE—Wibur Jones, Florida Road Department board chairman, says he has written the nation's three largest automobile manufacturers and asked them to install built-in trash baskets in their cars. "I'm confident that the motoring citizens of the United States would appreciate such cooperation of the automobile industry in helping to make America more beautiful," Jones said.

President Eisenhower caught the chill which was the first development in his illness while waiting at Washington Airport to welcome King Mohammed V of Morocco, another of France's former North African protectates, who arrived on a state visit.

TODAY'S THOUGHT

"For the earth shall be filled with the knowledge of the glory of the Lord."

THERE WAS WEeping AND Wailing, AND GRINNING OF TEETH

This Is Season For Philanthropy

By FRED DANEG
United Press Staff Correspondent
NEW YORK—Has a friend or neighbor just "put the bite" on you for a worthy charity?

If not, you're being neglected. This is the season for philanthropy, with the Christmas spirit and tax regulations being what they are.

Last year, 57 million Americans contributed six billion dollars to support 500,000 gift-supported institutions such as libraries, hospitals and universities.

Collecting this money were 35 million volunteers, nearly one out of every five people in our country. This army was directed largely by about 400 professional fund-raising firms and 12,300 trained fund-raisers who received about 5 1/2 million dollars in fee last year.

Operate On Fee Basis
It's a business that is behind our largest charity drives, for the fund-raising counselors set up and direct the machinery for collecting the cash. They operate on a fixed fee basis and do not collect money, which is the solicitor's job.

The fund-raising counselors, many of whom belong to the American Assn. of Fund-Raising Counselors, Inc., a trade organization, generally scorn the sidewalk coin box method. "It's not very profitable or dignified," said one executive.

Another not-too-popular device is the direct mail solicitation. Many fund-raisers resort to the mails only as a last gasp, or "mopping up" operation.

In setting up a charity drive for funds, the fund-raisers start by working up "the case," or argument to be used for creating support. They also seek strong leadership for the philanthropy, a solid corps of volunteer workers and, of course, an audience that has money to spare.

Millionaires, as a group, give the largest amounts to charity, percentage-wise. In 1945, they gave about 3 per cent of their income to charity. Now they give about 12 per cent. The rest of us

Foreign News Commentary

By CHARLES M. McCANN
United Press Staff Correspondent
Last week's good and bad news on the international balance sheet: President Eisenhower's illness was regarded in countries all over the world as the biggest and gravest news development this week.

Official and newspaper reaction emphasized the fact that in these times of international tension the Chief Executive of the United States is the outstanding political figure in the free world.

A spokesman for the neutral government of Austria reflected the feeling of many world leaders when he said:

"It is the worst news in months, much worse than the news of the launching of the Soviet earth satellite."

The heads of government of the 14 countries allied with the United States in the North Atlantic Treaty Organization had looked to Eisenhower to play the leading part in a "summit" conference to be held in Paris Dec. 16.

This conference was decided upon, in view of the threat of Soviet-Russian progress in missile development to lighten the unity of NATO countries and to strengthen Western European defenses.

The news that Eisenhower would not be able to attend brought immediate speculation that the meeting might be cancelled. When it was made known that the United States was ready to send Vice President Richard M. Nixon in his place there was a change of feeling.

But it was plain that no man can take the place of an American president in point of prestige and authority.

In congressional hearings, in Defense Department conferences and at missile-testing grounds political leaders, scientists and military men concentrated on the urgent job of meeting the Russian threat.

In Paris, British Prime Minister Harold Macmillan and French Premier Felix Gaillard met in an attempt to end the coolness in their relations which resulted from the dispatch by the United States and Britain of weapons to France's former protectorate of Tunisia.

Official statements showed clearly that France was still dissatisfied.

This issue, incidentally, was one of many which Eisenhower would have been expected to clear up at the NATO meeting.

Premier Gaillard put the life of his new cabinet to the test in a debate in the National Assembly, the controlling house of the French Parliament, on means to end the rebellion in Algeria.

Gaillard announced that at the end of the debate his weakened he would seek a vote of confidence. His defeat would mean his resignation.

Conning The News

By VIRGINIA CONN, Society Editor

About this time the last of the turkey is appearing on Sanford dinner tables in various disguises. Must admit that ours did not last nearly long enough, and we have missed out on several of the later dishes. Those Sanfordites who left town for the holiday will be on their way back to school. The feverish Christmas season is about to begin. Yesterday I heard the first of the carols on the radio, and received the first Christmas card of the season. It was from friends in Japan, who have to get their mail out before the first of something awful like that.

Before I launch into my usual lurid description of Sanford's week-end activities, have to put in a few words about the P.G.A. tournament and the Sanford Women's Golf Association. The San Francisco Golf Club is now open for the season. The \$15,000 Mayfair Open at the Mayfair Country Club, playing from December 9 (Practice Day)—although the tournament itself runs from the twelfth through the fifteenth—will be such famous golfers as Doug Ford, Dow Finsterwald, Ed Furgol, many of you saw him on T. V. Saturday with Cary Middlecott, Marty Furgol, Pecky Oliver, Frank Stranahan, past champions Al Balding and Mike Fetchick—and many others. Especially, the Mayfair playing pro, handsome Jay Hebert. The tournament is the sporting highlight of Sanford.

To keep things running smoothly is not such a simple job, although it appears so, year after year. The girls in the association will once more lend a hand. They are asked to sign up for hours on information, gate etc. by tomorrow in the ladies locker room. If not going to the club, call Jeanne Fouk, chairman, and let her schedule you. This year, only those working six hours or more will be able to keep their hostess badges the entire time. Those who can work only an hour or two may keep theirs for the time they work and turn it in at night. This is, of course, to assure that all stations will be manned when necessary. Working on the tournament is a lot of fun. Those who have done it before get to see old friends in the golfing world (mostly heroes). And if a beginner has never seen the exhibition will be held the eleventh—and this is always a tremendously interesting part of the tournament. In the S. W. G. A. we are proud that this job is allotted to us—so get busy and sign up, or call Jeanne.

Twenty-seven heads bent towards the screen as the Army-Navy game came on T. V. at the home of Ralph and Jean Chandler Saturday afternoon. To keep the old spirit going, Jean served popcorn and peanuts, risking the familiar shouts of "Down in Front," as she did so. Most of the guests didn't know when to go home, and spent the dinner hour with the Chandlers too.

The cold and rainy weather made a fire and coziness of home mighty appealing Saturday. Could not help but think of those mighty hunters in duck blinds and boats who were living it up this weekend—among them Tommy Peterson, Roy Symes, John Williams, Billy Vihlen and Red Savage. Turned mighty cold all of a sudden.

Paul and Punkin O'Dea gave a huge farewell party Saturday night for departing Cherry and Jerry Byrman, who have orders to Corpus Christi. About eighty people called between five and nine to say their good-byes and share some of the O'Dea hospitality. The house was gaily decorated with bright poinsettias and smiling faces. Cherry was even lovelier than usual in black lace and a white orchid.

Among those seen in the crowd were Aast McCaathy (from Mass. you know), Betty and John McCracken, Cy and Jean Fitton, Jean Dooley, Millie and Charlie Donald, Ruth and Joe Tully, Dave and Pat Dorchop, John Fox, Ethel and Bob Fitzsimmons—Ethel's parents here from New Orleans, with their daughter-in-law, Anna Corley, Cliff and Jane McKibbin, Wally and Jane Phillips, Marge and Bill Hill, Evie Williams, Betty and Doc Linker (and incidentally, Betts is not

planning to leave Sanford until next June—although Doc goes in January), Ruth and Bob Bihlmer and daughter Betty, Sandy and Dean Ortman, and many, many more. It was truly a grand and beautiful party. And even as Paul's press agent, I am not obliged to say that.

Gerry and Ray Kennedy have rented Dottie and John King's cottage at Sanlando Springs and are already settled.

Barb and Jack Morrison entertained the monthly supper club last night—This gay bunch includes Harry and Ruth Jean Robson, Dottie and Francis Roumillat, Charlie and Catherine Park, Lee and Ann Moore, and Ed and Mary Higgins.

The eighth of December is the deadline for packages for mental patients in Florida institutions. The Xi Beta Eta Chapter of Beta Sigma Phi had placed cartons in convenient spots all over town. In these cartons are to be placed a new article for Christmas giving. Money may also be given. Checks should be sent to Mrs. Vernon Hardin, made out to Florida's Mental Health Christmas Fund.

The chapter has asked that Christmas shoppers put an extra gift on their list and drop it in one of the boxes. The chapter will wrap the gifts and send them to the institutions. Many of the patients have no families to send them gifts—some are merely forgotten. It must be even deadlier than usual to be shut up for some poor soul who is struggling toward the light of comprehension. The gift need not be much—but must be new.

BABY ROY SHEAFFER, son of Mr. and Mrs. Raymond Sheaffer, Fern Park. Born November 26. (Photo by Bergstrom)

Baby bottles will stay upright in the refrigerator and can be reached easily if kept in a soft drink carton.

Use left-over pickle juice to spice sliced cucumbers and onion rings or beets or as a substitute for vinegar in salad dressing.

The flag of Ohio is different from all other state flags because it is a swallow-tailed pennant.

Four Sections Of Garden Show Promise Great Variety, Interest

Final arrangements are falling into place for the Sanford Garden Club's annual show which will be presented Wednesday and Thursday of this week.

Schedule chairman, Mrs. J. E. Terwilliger Jr. has announced the classes included in each section. Section A will include the artistic arrangements, which will carry the theme of the show "Beauty on Parade."

Section B will be made up of the small Christmas trees on the lobby coffee tables. These will be decorated by Garden Clubs.

Sections C and D are limited to horticulture. Mrs. J. D. Woodruff is chairman. The specimens must have been grown by the amateur exhibitor for at least three months. New classes will be formed as necessary. Unrelated plants will not be judged against one another.

Section C has as its Christmas theme, "Potted plants suitable for a gift". In class 1, this means foliage plants. Class 2, potted plants in bloom. Class 3, made up plants, Totem poles, more than one plant in a pot; Class 4, collections.

Section D includes "Specimen blooms and branches suitable for holiday decorating". Class 1, annuals, 3 items, 1 color; Class 2, perennials, 3 items, 1 color; Class 3, bulb, corn, and tuberous rooted flowers, 1 stem; Class 4, roses, 1 stem or spray, any variety. Sub classes by color; Class 5, shrubs and trees, flowering or fruited, 1 spray not over 30"; Class 6, shrubs or trees, used in decorating foliage alone, 1 spray not over 30"; Class 8, camellias, 1 bloom, sub classes by variety and color.

All entries must be in place by 10:00 A. M. December 4. Exhibitors should make reservations with Mrs. George Harden for their arrangements. In addition to the flower show, a fashion show by Mary Esther's, featuring holiday and sportswear will be presented; also a bird show by John Powell of Ormond Beach.

A new ribbon will be presented this year, the Award of Distinction. The award will be given to the best blue ribbon winner in the composition classes, 1, 3, 5, 7, and 9.

cal injections. If possible, they should be skin tested with each product before use."

Dr. Friedman and his associates in their report to the academy, suggested that manufacturers should indicate in printed matter accompanying biologicals whether there is any chance of the silk antigen being in them. This printed matter should also contain a warning of its potential danger to silk-sensitive individuals.

He granted that it was not possible to estimate how many people who have one or more allergies are specifically allergic to silk. However, he tested 250 such persons with silk extract and found that 69 were, which is an incidence of 27 per cent.

"The risk of dangerous allergic reactions to silk could be reduced by banning the use of silk filters in the pharmaceutical industry," he said. "As substitutes, glass filters, various forms of Seltz-type filters and nylon and stainless steel screens are available."

"At the present time, silk-sensitive patients should be warned of the possible danger of biological injections. If possible, they should be skin tested with each product before use."

JOHN POWELL, of Parrot's Paradise in Ormond Beach, is shown with two of his rare specimens at the bird farm. Mr. Powell will put on an unusual bird show Wednesday night at the Mayfair Inn, as part of the Sanford Garden Club's annual flower show. (Deter Photo Service.)

John Powell Will Display Rare Birds At Garden Show

One of the main attractions of the Annual Garden Show put on this week by the Sanford Federated Garden Clubs is the bird show, featuring rare specimens from Parrot's Paradise in Ormond Beach.

A huge gilded cage hung from the center of the Mayfair Inn Ballroom will provide the focal interest during the two day show. The cage will be filled with tropical beauties from the Ormond Beach bird farm. John Powell is the owner and exhibitor. Mr. Powell is a former Sanfordite, a fact which creates additional interest.

At 7:30 P. M. December four, the night of the first day of the garden show "Beauty on Parade", Mr. Powell will present his birds in a unique and fascinating display, never before seen in Sanford.

Parrot's Paradise is located two blocks off U. S. 1 in Ormond Beach. Twenty acres of lush tropical growth provide a natural home for birds and other wildlife from all over the world.

Egyptian geese, African monkeys, Sika deer, Australian black swan, the reputedly non-existent Toucan, peacocks, and cockatoos are but a few of the birds and animals in Mr. Powell's collection. Several of Mr. Powell's birds are valued up to 2000 dollars.

Church Calendar

MONDAY
The Week of Prayer for Foreign Missions will be observed at the First Baptist Church at 2:00 P. M., Mon., Tues., and Thurs. with interesting programs each day presented by circles 1, 4 & 5. Friday is "World Day of Prayer" Come to the Chapel any time during the day for prayer.

The bus of the First Baptist church will leave for the Association "M" Night in DeLand at 7:15 o'clock.

The Intermediate G. A.'s of the First Baptist Church will meet at the home of Mrs. Charles Park, Sr. at 7:15 P. M.

The W. S. C. S. of Ebenezer Methodist Church will meet at 7:45 P. M. at the church. Mrs. Carl Bradbury will be hostess.

The Chorus choir of the First Baptist Church will meet at 4:15 P. M. Chapel choir at 8:00 P. M. The Philathea Class of the First Presbyterian Church will hold its Christmas party at the Educational Building of the Church at 8:30 P. M. Hostess, Mrs. Victor Greene; co-hostesses, Mrs. W. R. Jennings, Mrs. R. E. Mauld, Mrs. Andrew McPherson, Mrs. Lily Eubanks.

The Boy Scouts of the First Presbyterian Church will meet at 7:00 p. m.

The Men of the First Presbyterian Church will hold a combined Thanksgiving and Christmas supper meeting at 7:00 p. m. This will also be Ladies' Night. Rev. A. C. Summers will speak on the timely subject, "Does Russia's science advance mean Christian education is obsolete?"

The Daughters of Wesley of the

Mrs. Fowler Honor Guest At Shower

A baby shower for Mrs. Richard Fowler was the excuse for a party Friday afternoon at the home of Mr. and Mrs. Ernie Horrell in Grove Manor.

Arrangements of croton leaves and pastel flowers decorated the rooms. Coffee and pink and white cake were served to the guests.

Mrs. Fowler received her gifts in a white bassinet, decorated with pink and blue bows.

Attending the party were wives of officers in VAHQ. Present for the occasion were Mrs. W. R. Hazlett, Mrs. Norman McInnis, Mrs. Charles McBrainie, Mrs. Fowler, Mrs. James Nelson, Mrs. Jack Cousins, Mrs. Rupert Legare, Mrs. Art Blesser, Mrs. Joanne Shover, Mrs. Jim Chaffee, Mrs. William Wigton, Mrs. Charles McCarthy, Mrs. Robert Anderson, Mrs. George Waters, Mrs. Jim Peterson, and Mrs. Robert Conn.

Cities Of Great Character

By DOC QUINN
United Press Staff Correspondent
NEW YORK (AP)—What gives a city character, Chicago's wind? San Francisco's hills? Istanbul's minarets? — Milwaukee's beer? Rome's ruins? Houston's millionaires?
No one feature can do it. The cities that have the real, recognizable personalities are those that, in your mind, come alive in your memories—their names—summarizations of many experiences that tickle all the senses: — smells, noises, street voices, clothes, vehicles, animals, buildings, terrain, sculpture, air to breathe, way of life.

And the cities of great character display great differences in sound, smell, dress, voice. An eloquent comment on these personal differences is found in the November "Annals" of the American Society of Political and Social Science in an article on "The Urban Aesthetic" by John Ely Burchard, dean of the School of Humanities and Social Studies of the Massachusetts Institute of Technology.

Notes Noise Difference
For noise differences, he notes the street-peddler chants of Naples, the bells of the bejaks in Ankara, the San Francisco Bay fog horns, the shrill engine whistles at the Gare St. Lazare, the subway rumble of Manhattan, un-muffled motorcycles on the Corso. As for talk, he cites: "The harness of Albany, the softness of New Orleans, the flatness of Omaha, the twang of Portsmouth, N. H., the dissonance of Hamburg, the false upturnings of London, the liquids of Rome or Helsinki, the walls or bleats of Bombay or

Calro.
Nor do cities smell alike. Burchard says wood smoke and manure provide the warm fall atmosphere of Bourges, coal gas caress for Birmingham or Washington, Pa., oil for Galveston, coffee roasting for Boston, and when the wind is in the southwest, Chicago knows the sick sweet odor of drying blood and recently ardent flesh."
Bizarre to Careful Clothes
In the matter of clothing: "The bizarre open shirt of Hollywood Vine is not the careful gray flannel of Grand Central, or the bowler hat of Fort Worth, or the bowler of the 'city' of London."

How true. I got one of those big hats—a real 10-gallon special—as a gift from late Amon Carter in Fort Worth a few years ago and wore it proudly back to New York. But for how long? One day. That's all, brother. Couldn't stand the stars.

Well, I submit that one thing the big burbs are getting together on is a brain-wearing high noise level. No less a journalistic giant than the Times of London wished plaintively the other day for the return of the tootle-in auto horn. A Times editorial said:
"Life has never really been the same since the electric horn, closely allied in villainy to the steam whistle, took over from the rubber ball contrivance that emitted a mild and not unpleasant toot. It took some little effort to squeeze the thing to make the sound come out, and so there was nothing comparable to that impatient banging on the button, with resulting assaults on peace, decency, and good manners."
Amen. Is Detroit listening?

Woman Scrubs Floors To Free Son From Prison

CHICAGO (UP)—Mrs. Tillie Majczek, 65, a scrubwoman, today announced her retirement. She had earned it.
Tillie spent 11 years scrubbing floors in order to save enough money to prove her son innocent of murder. And when her confinement was vindicated, Tillie went back to scrubbing floors.
Tillie's tragedy began on Dec. 9, 1932 when Policeman William D. Lundy was shot to death in the line of duty. Her son, Joseph, was convicted of murder 11 months later and sentenced to 99 years.
Abandoning her neat two-story apartment, Tillie took an evening job as a scrubwoman in a Loop office building. For 11 years she was part of the army of women who work on their knees, carry a pail, wield a mop.

When she had saved \$5,000, Tillie put a personal notice in a Chicago newspaper. It said simply: "\$5,000 reward for killers of Officer Lundy on Dec. 9, 1932. Call GRO. 1738. 12-7 p.m."
That started it. The newspaper investigated her notice and the process of digging into the past began. Less than a year later, Aug. 15, 1945, Illinois Gov. Dwight Green granted Joe a pardon.
After more than 30 years as a scrubwoman, Tillie could yet see the good side of life.
"I'm really thankful I was able to work all those years," she said. "Joe was in to visit me today."

BEDROOM SUITES AND cedar chests make fine gifts for the home or for that someone very special. These are a few on display at Mather of Sanford. (Staff Photo)

THE WHOLE FAMILY will enjoy a gift such as this one from Hill Hardware Co. Beautiful colors to choose from, too. (Staff Photo)

ACMI To Merge With NFL May 1

CHARLOTTE (AP)—The American Cotton Manufacturers Institute will merge May 1 with the National Federation of Textiles. The NFL will be dissolved in the move.
Officials said the consolidation will join under one head the trade association of the cotton, man-made fibers and silk segments of the U. S. textile industry.
The ACMI, formed in 1949, represents about 75 per cent of the nation's cotton spindles while the NFL represents about 75 per cent of the man-made fibers and silk industries.
Under the merger plans, ACMI will gain a man-made fibers and silk division. Three present NFL members will be named to the ACMI board of directors, and two NFL members will represent the division on the ACMI executive committee.

Taxpayers Can Ignore One Line In 1957 Forms

WASHINGTON (AP)—Taxpayers can ignore one line in the 1957 federal income tax forms—the one requiring itemization of expense accounts.
The government dropped the requirement Monday for listing expense receipts, although the query will remain on the tax forms on line 6-A.
Internal Revenue Commissioner Russell C. Harrington said the itemization "would place too great a burden on many taxpayers" because it was announced so late in the year.
Harrington warned, however, that taxpayers should keep accurate records on their expense accounts for the 12 months starting Jan. 1 "so that for 1958 and later years they will be in a position to supply expense account information" to the government.
The tax chief also said taxpayers would be required to follow the customary practice of attaching to their returns a separate listing of deductible expenses for which they received reimbursement from their employers. This applies principally to self-employed persons.
Harrington's statement ended a month of confusion and consternation among taxpayers whose business expenses are reimbursed by their employers.

The Sanford Herald SPORTS

Today's Sports Parade

By OSCAR FRALBY
Special Sports Writer
The Sanford Herald

Among the observations of Samuel Carl Coakley, a former Sanford High basketball player, are the superior ability of the man and the superior ability of the man who has been named to the 1937 window at Pinalco race track for 1937.

Coakley's observations on the superior ability of a man who has been named to the 1937 window at Pinalco race track for 1937 are among the observations of Samuel Carl Coakley, a former Sanford High basketball player, are the superior ability of the man and the superior ability of the man who has been named to the 1937 window at Pinalco race track for 1937.

There is, he'll admit, a closer communication of spirit between the custodian of the gilt-edged \$100 window and the more plucky customers than those who inhabit the two-buck arena.

"Once a man bet \$25,000 on a horse with me," Coakley recalls. "The horse ran out of the money. The better dropped back to Coakley's window and told him consolingly: 'Don't feel badly, I'll be all right.'"

Personally, I find it rather mystifying as to why Coakley should have felt bad, or why the guy should have thought he would. I'd have been out buying a straight razor. But Coakley gives them the feeling of being interested.

He also recalls a little old lady, wearing a shawl and looking something like Whistler's mother without a rocking chair, who plunked down \$7,500 to show on a native dancer in 1933. She got back \$3,261.

"I was very happy and relieved for her," he says.
Which shows, in a way, anyhow, that race tracks do have hearts after all.

In 1758, the Viceroy of Bengal attacked the British East India Co. and threw 140 Englishmen into the Black Hole of Calcutta. Only 23 lived out the night in the area 20 feet square.

Gordon, Phillips Most Valuable Back, Lineman

By ANDY BEESE JR.
Atlanta Press Sports Writer
ATLANTA, Dec. 2.—Tennessee's Bobby Gordon and Auburn's Jimmy Phillips were named most valuable back and lineman in the Southeastern Conference, but had to take a back seat in overall votes for the United Press All SEC team.

Ryan, Higgins Will Coach East Team In Swimming Meet

GAINESVILLE—Jack Ryan, coach of the University of Florida's Southeastern Conference Championship swimming team, and John Higgins, Coach of the Naval Academy swimming team, have been selected to coach the East team in the annual East-West swimming meet in Ft. Lauderdale during the Christmas holidays.

Both these coaches handled the East squad last year, one of the few times the East has beaten the West in this annual meet that precedes the official opening of the swimming season.

Florida's Coach Ryan said that the Gators will be represented in the meet by stars Phil Drake and Bill Ruggie, both of Ft. Lauderdale.

Backstroker Ruggie won the 100, and set a new 200-yard record in his specialty in the Southeastern Conference championships; while Drake won both the 300-yard breaststroke and 200-yard butterfly events, setting a new conference mark of 2:14.8 in the Butterfly in the SEC meet.

IN POST-SEASON GAMES
UNIVERSITY PARK, Pa. — Five Penn State seniors, all natives of Pennsylvania, will play in post-season football games. End Les Walters of Hershey and full-back Emil Caprara of Turtle Creek will play in the East-West Shrine game at San Francisco, Dec. 28; end Jack Faris of Freedom and guard Joe Sabol of Shamokin will play in the North-South Shrine game at Miami, Fla., Dec. 25; and Paul North of Baden will play in the Blue-Gray game at Montgomery, Ala., Dec. 28.

STEINER'S SCORE LONGEST
CHICAGO — The longest scoring play produced by a Big Ten team during the 1937 football season was Ron Steiner's 84-yard run with an intercepted pass for Wisconsin against West Virginia.

SHS Basketball Swings Into Action Tomorrow

By JERRY COVINGTON
The Sanford High basketball team today underwent its pre-season training on the local court. The team varsity and junior varsity in a twin bill. These boys have been hard at work for over two months and are rounding into shape nicely. The first two tilts will be played without the services of several fine ball players who are still engaged in football. Normally the entire squad would be intact by this time of the year but the rescheduling of the Cocon grid contest and the post season bowl game against Bishop Moore have upset the schedule somewhat.

This year's squad is under the direction of Bud Laver and is assisted by Dick Silvers. Both of these fine coaches are beginning and they are both of the opinion that this year's squad should be the best to be seen around Seminole High in many a year. They have done a very outstanding job in the past and feel that their efforts will pay off this year. If they are able to win a little better than half their games, it will be the first time this feat has been accomplished since 1937.

The most amazing improvement in any player since last year has shown up in Bruce McCoy. Bruce saw action on the varsity last year and failed to leave much of an impression but it seems that he will be the one to watch this year. He has developed great form and has become a sharpshooter as well as being a deceptive ball handler. He will probably start at one of the forward positions but will switch back to guard when the entire squad is intact.

Joe High, who was one of the stalwarts of last years squad, seems to have improved his shooting and will be a great asset to the squad. He will be relied upon to work under the basket and should get his share of the rebounds and tip-ins.

Another standout in practice sessions this fall has been Ken McMurray, another letterman from last year's squad. Ken will be the smallest man in the forward wall but is quick and will be a big help throughout the long season.

Sophomore, Ray Lundquist, will also see his first varsity action, and he has proven himself capable in these pre-season workouts. Ray showed great possibilities this season in football and the same holds true in basketball. He has speed and, too, is a good ball handler.

Ray, Jim Gracey, and Mike Davis are all sophomores who have shown enough ability to stick with the A-squad for this coming year. Cliff McKibbin and Wally Phillips are the Junior representatives thus far, to be scheduled for varsity action. They have shown willingness and ability so they, without a doubt, will see action.

Without the services of Cecil Dandridge, Mike Tammy, Bill Tyre, Gerald Jones, and Allan Swalm, the Seminoles will be starting in reserve strength but this starting bunch should do all right. Cecil, Mike, and Billy were all standouts last year and should be very stable this year with varsity experience behind them. The Seminoles have six very fine returning lettermen that should be able to make up for the many miserable seasons the school has witnessed in the past.

A 21 game schedule has been released for this 1937-38 season and all the Boosters and sports fans of Sanford urged to support this fine club throughout the season. The basketball team has always been supported very poorly in the past and it is hoped that for the first time, these boys may realize what it is to play before an audience. The squad is well coached and seems to be ready to please all the folks around Seminole County. "The Herald" as well as all the fans takes this privilege to wish the team and the coaches the best of luck in the new season! May it be a winning one!

A-SQUAD PLAYERS to start tomorrow night in SHS's first basketball game are (left to right) standing, Ken McMurray, Joe High, Bruce McCoy and John Barley, kneeling, Clifford McKibbin, Ray Lundquist, Jim Gracey, Wally Phillips.

Bulgaria Seeks Dollars With Big Resort Project

By PETER UNKASAK
United Press Staff Correspondent
VARNA, Bulgaria — (UP) — Communist Bulgaria has thrown the full weight of economy behind an ambitious plan to create a "Red Riviera" on the Black Sea coast.

A 150-hotel playground now under construction near this Black Sea port will boast such capitalistic pleasures as gambling casinos, night clubs featuring western entertainers and, despite the Victorian look of official communist morals, nudist beaches.

The project is being whipped through in an all-out effort to earn tourists' dollars. They are desperately needed to keep the industrialization of this impoverished country going.

"All we're interested in is dollars," said Steven Kourtyev, general manager of an 11-hotel section that is already operating.

"All of our business is being handled on a dollar basis. We only accept payments in greenbacks or goods that can be easily converted into dollars. That goes for Russian tourists as well as for anybody else."

But while Russians, Czechs and East Germans have been providing the bulk of business in the Red Riviera's first season, the Bulgarians have made it clear that they are mainly aiming at tourist trade from the West. They assert that they will tilt the iron curtain for vacation on the sandy shores of the deep-blue Black Sea.

"We want this place to become a playground of the world," Kourtyev said with a sweeping gesture at the beach and the new buildings lining it.

20 Hotels Open
Nine months ago, the coast between here and the resort of Golden Sands was nothing but a wilderness of sea, sand and bushes. Today 20 hotels and 500 two-bed tourist cabins are in operation. By 1960, 110 additional hotels — 10 north of here and at least 100 lining the beaches which stretch south towards the Turkish border — are scheduled to be completed.

Western observers term the project "Marxistic," and some predict that it will be abandoned before completion. But all are impressed with what has been done so far. There is a loosely knit complex of hotels, looking sober, rectangular and much alike. Most of them have no names yet, only numbers.

But Kourtyev explained that they soon will be given "international names such as Metropole, Royal, Majestic and Bellevue."

They are long, low three-story buildings surrounded by rich subtropical vegetation. Facing east towards the sea, they are grouped in threes or fours around a central building that houses the restaurant, kitchen, a dancing room and other facilities which, in the opinion of the architects, must be housed separately to bring "success of noise and smells."

A near-record high grain crop has been harvested by farmers in Turkey this year. Wheat production is estimated at 275 million bushels.

It that way, Communists are flummoxed at costs as high as \$50,000 for 20 seconds of air time.

Egan isn't on a sour grapes kick. He's turned down hundreds of video offers, accepting only four. Currently he's being louted for an Academy Award Oscar for his role in "Slaughter on 10th Avenue."

"How the devil can you do a dramatic story in 22 minutes?" he asks. "It takes longer than that to read the Sunday funnies."

"TV builds up a story to an emotional climax, and then when the actor is ready to give his best effort they cut in the sales pitch."

"These gray flannel suit characters aren't artists, they're businessmen. And if anything ruins television you can bet that they will be responsible."

The Sanford Herald Mon. Dec. 2, 1957—Page 5

THE CARD OF THANKS
Very often a Card of Thanks in The Sanford Herald meets a need which is difficult to fill in any other way. Not only is it a gracious expression of gratitude to those who have sent floral tributes but also courteously acknowledges the services and kindnesses of the many to whom a personal note of thanks cannot well be mailed.

Newspaper Cards of Thanks are accepted as socially correct. Early Post, the noted authority on etiquette, feels they serve many good uses.

There is no prescribed form for a Card of Thanks. It can be as brief or as detailed as you desire. When the occasion comes you will find a sympathetically understanding member of our staff to assist you.

THE "IN MEMORIAM" NOTICE
It is the custom of many families in this country to commemorate a bereavement by an "In Memoriam" notice in newspaper classified columns. They find a real solace therein. Preparation and selection of a suitable verse brings back to them tender, pleasurable recollections. As Eliza Cook, the English poet has so beautifully expressed it:

"How cruelly sweet are the echoes that start
What memory plays an old tune on the heart."

Most frequently an In Memoriam is inserted on the anniversary of death. However, other dates, which it is felt are appropriate or meaningful are also selected. The birthday of the departed, the wedding anniversary, Memorial Day, even Christmas, are among other significant occasions chosen.

If you are hesitant to express your tender thoughts in poetic form, you may avail yourself of the Herald's collection of original verses. These express in poetic beauty the emotions of the heartstrings. Among them are verses appropriate to any circumstance.

THE RATE
Cards of Thanks and In Memoriam notices, due to the fact they may run to considerable length, are billed at \$1.00 per column inch.

Here is an opportunity for everyone regardless of age, race or creed to participate in a dignified, cultured and refined program of religious education and spiritual uplifting, without any obligation whatsoever. There is nothing to buy . . . nothing to sell.

WINNERS: YOU MAY RECEIVE YOUR BIBLE

By appearing in person in the place of business in whose advertisement your name appears.

ANY ONE CAN ENTER

1. Identify correctly the exact location of THREE (3) verses on this page.
2. Submit your three identified verses either on this page or on a plain piece of paper. Entries made on plain paper must specify name of firm sponsoring each of the three verses submitted.
3. Your entry must be accompanied by a statement in 25 words or less completing the phrase: **THE BIBLE HELPS ME BECAUSE:**
4. Address your entry: **BIBLE CONTEST EDITOR, The Sanford Herald, 201 W. 1st, Sanford, Florida.**
5. Deadline for this contest is midnight Monday, one week from the date of this publication.
6. Contestants may win only 1 Bible with each published contest. Each advertisement is considered a separate contest.

SANTA WOULD APPROVE of this fine outfit for the living room this Christmas. And Behold Roofing Co. has a huge display to choose from. (Half Photo)

CONGRATULATIONS! Mrs. Victor M. Greene, 74, is shown as a man in Los Angeles celebrating her golden jubilee as a nun with the Order of the Sacred Heart. Reflecting on her years of service, she said: "Working with children is my life. I love them." (International)

"The days of our years are three score years and ten."

Ike, 'Team' Seek Support Of Alliance Plans, Missile Budget

WASHINGTON (UP)—President Eisenhower meets with Adlai E. Stevenson and Congressional leaders of both parties today in a bid for support for his Atlantic alliance plans and a Sputnik-inflated budget.

Administration sources said the President and his "team" are expected to outline a \$30-40 billion dollar defense budget, including more money for missiles. They also forecast a foreign aid request for next year of around four billion dollars, half a billion more than this year's allowance.

House Republican leader Joseph W. Martin Jr. predicted in advance of the meeting an overall spending budget for the fiscal year starting next July 1 in excess of this year's peacetime record of an estimated 72 billions.

Administration leaders also were expected to explain tentative U. S. plans for strengthening scientific and military cooperation among America's allies in the face of Russia's space challenge.

Tax Cut Hopes Die
Martin and Speaker Sam Rayburn agreed a defense budget boost is expected and as a consequence hopes for a tax cut next year are about dead. Other Congressional sources said the President faces a stiff fight if not hopeless for anything like a four-billion-dollar tax program.

The President, bouncing back from his mild stroke of eight days ago, was slated to preside at the meeting with some 35 Democratic and Republican leaders and key commitments from the House and Senate.

It would mark his first face-to-face meeting since October, 1953, with Stevenson, his twice-defeated Democratic presidential opponent, who was due to be present early in the session for discussion of the administration's proposal for the Dec. 16 North Atlantic Treaty Organization NATO "summit" meeting in Paris.

Stevenson serving as Eisenhower's bipartisan "consultant" on the NATO meeting, expected to be asked for and to give his views on the NATO session.

Expect to go to Paris? Stevenson was expected to leave the meeting after discussion of the NATO plans. Informed sources said he is expected to attend the Paris NATO meeting if final administration proposals still meet with his general approval.

Weather
Clear to partly cloudy through Wednesday; low tonight 35 to 60.

NO. 189

PLANS ARE MADE to bring Santa Claus to Sanford! Jaycee Parade Chairman John Alexander (center from left) confers with V-111-S plane crew for the trip to the North Pole to get Santa Claus. (Left to right) D. D. Maxwell, ATC, Alexander, Ena. David J. Rochford, and Cdr. John C. Hook. (Staff Photo)

Big Christmas Parade Tomorrow At 4 p.m.

Memorial Library Contains Many Valuable Books.

Officers and the Board of Managers of the Sanford Memorial Library have leaned heavily on the experience and wisdom of the Rev. Dr. J. Bernard Root in the building and organization of the new library and Dr. Root is much relieved that his duties are drawing to a close.

Public Relations To Be Kiwanis' Speaker Subject

A telephone company executive will speak on "Public Relations" at tomorrow's noon luncheon meeting of the Sanford Kiwanis Club.

Garner Home Badly Damaged By Fire Today

The N. O. Garner home at 306 Palmist Ave. was badly damaged by fire this morning shortly before 9 o'clock.

Okay On \$1 Million Bond Issue Delayed

The Board of Seminole County Commissioners this morning delayed approval of a resolution on a \$1 million bond issue for funds with which to purchase right-of-ways and road improvements.

The delay, commissioners said in their discussion, was to give the Seminole County Attorney, Mack N. Cleveland Jr. an opportunity to study the resolution.

The bond issue would be secured through the State Road Department and the Florida Development Commission at a five per cent interest. The schedule of repayment would be over a period of 15 years and deducted from the Seminole County share of the gas tax funds.

Copy of the resolution to be adopted by the Board of Commissioners was sent to the board by R. M. Harfield, Director of Revenue Projects.

William H. Dial, Fifth District Road Board member in a letter to the commission said "It looks as if Seminole County is in better shape than I thought." Approval of the bond issue would not unduly hamper Seminole County in the future he told the board.

'Only God Can Answer' Question Of Good Or Bad

By J. Marlon Harman Sr.
Inherently there is something good in everybody—some more than others. And it was this, for which I searched in order to find an answer to the tragedy of last week-end.

Mrs. Kelly explained that she and "Bill" have been married nine years. They were to celebrate their anniversary on Dec. 9. Their one son is six years old and attends a local school.

Bill Kelly was a native of Ohio. He enlisted in the Navy in 1936 and was at Pearl Harbor on Dec. 7, 1941 when the Japanese attacked. He has served on cruisers, battleships, aircraft carriers and fighter and attack squadrons of the Fleet Air Arm.

Three children by a former marriage were supported by Kelly and he met this obligation regularly and without fail. As Mrs. Kelly described his thoughts "It was one of his topmost obligations which he would not and did not shirk."

He served in the plane crew with Cdr. Roy Caton and was in the two crashes, six months apart, while on an aircraft carrier. In the last crash in which Cdr. Caton was seriously injured, Kelly also was injured. In September one year ago, he was caught in the crashed plane with both legs paralyzed. He lifted himself by his arms through the hatch of the plane and threw himself to the deck to avoid the fire and saved his life.

CHIEF WILLIAM H. KELLY

William H. Kelly called his wife "All"—and behind all of the inward working of a mind attempting to solve unknown problems—he always had a familiar greeting for her. "Honey, you're a jewel!" was his greeting each day, maybe several times each day.

Kelly also served as a Navy Recruiter and in 1933 won a huge award given annually to the naval recruiting officer having the best rating in the Philadelphia Recruiting area consisting of Delaware, New Jersey and Pennsylvania.

Kelly, possibly because of his injuries, developed serious headaches which he would not report to the medical department of the Navy. If it had not been for financial obligations, no doubt Kelly would have given up flying. He realized that he was not normal—something was wrong—but he would not visit doctors for fear

that he would be "washed out" of flying. He needed this extra money to support his family and to meet his obligations.

ONE MAN WAS FATALITY injured in this car in a collision at the intersection of the Old Lake Mary Road and Country Club Drive last night about 8:30 p.m. The driver was John H. Lundquist. The car dug through an open field for about 100 feet before coming to a stop on its wheels. Wreckage was scattered over the entire area. (Staff Photo)

Mayfair Manager Gives 'Pep' Talk At Rotary Meet

Sanford Rotarians, at their regular weekly meeting yesterday afternoon at the Yacht Club, heard a "pep" talk by a member of the local Kiwanis Club, Frank N. Mebane, who is in charge of all the resort facilities of the San Francisco Giants, here, via: The Mayfair Inn, Mayfair Motel and Mayfair Country Club.

DRIVER OF THIS CAR was badly injured in the crash of two cars at the intersection of the Old Lake Mary Road and Country Club Drive, Roosevelt Simmons, 28-year-old Altamonte Springs Negro, was the driver of the auto. (Staff Photo)

One Dead, 3 Injured In 4 Wrecks Yesterday

"It's getting dangerous to even be on the highway driving," Florida Highway Patrol Trooper T. Mark Mack said yesterday as he reported the details of four accidents in Seminole County in 12 hours.

One dead and three injured and over \$2 thousand damage resulted from the four collisions.

Lake Mary CofC Convenes Dec. 4

LAKE MARY—The Lake Mary Chamber of Commerce will meet Wednesday at 8 p. m. at the C. of B. Building. Mrs. Walter Gardner will fill the office of secretary for the unexpired term of Leon Taylor, who resigned several months ago.

STUDENTS SENTENCED

WARSAW, Poland (UP)—Six students and a young worker have been given jail sentences of from one to three years for their part in street demonstrations last October, it was announced today.
