"Watch The Cubs" Is Word The "Boys" Pass Along As Hornsby Accepts Contract

Star Second Baseman Is Expected To Put Pep Into Outfit Which Will Go Far In Ranks Of American League

By Davis J. Walsh International News Service Sports Editor

NEW YORK, Nov. 15.—"Watch the Chicago Cubs," comes the word from the boys who see all hear all and know nothing. "Watch the Cubs with Hornsby in there."

There's one thing you can always say for the boys. They are never any wiler than usual. With Hornsby playing second base and Joe McCarthy running the ball club, no one will have to tell baseball to watch the Cubs. It will be watching because it will be prompted by one of the most impelling of all emotions—human curiosity.

No chemical laboratory ever attempted a more interesting experiment than will be sponsored in Chicago next Spring.

There is little of the "clubhouse lawyer" about Hornsby. His emotions are too honest to tolerate even a hint of surreptitious conning. He simply is impetuous, easy to win. In fact, he is a ball player with only one possible liability. He prefers to do his thinking out loud.

Branch Rickey, Jack Hendricks and Jim Tierney have listened from left to right and some of his most candid thoughts without marked enthusiasm. The first two were managers of ball clubs on which Hornsby worked; the third is something of a one-man "hippie" cabinet. All three are agreed that there is one outstanding trouble with Hornsby, he isn't a deaf mute.

Will McCarthy overlook a few frank utterances from time to time? Undoubtedly. Joseph generally is credited with being a man of human understanding and an occasional expression of honest opinion about his and that is only part of the ball game, after all. But Joseph's family name is McCarthy and he comes by it very honestly.

"There's one thing you can bet on no matter what happens," an American association man told the writer recently. "Joe McCarthy will boss any ball club he is managing."

This man knew McCarthy through all of the latter's year in the association. But he doesn't know Hornsby or he wouldn't be thinking along the lines his remark called to mind. Hornsby is no man to consciously and deliberately try to undermine another's authority. To all outward intent, he reported to Jack Slattery in St. Petersburg last Spring with nothing on his mind except the matter of getting himself ready to give the best he had for the ball club. It is natural to suppose that Hornsby had something to do with it as was behind the headlining of Slattery and his own elevation to the job of player-manager. There is nothing in the evidence to sustain this notion.

Hornsby, however, did say a number of things to the boys in his role of field captain and his tone never was the kind that lacks authority. He wasn't with the club three days before he had called some of the players off the gallowes for smoking in the dressing room. That's Hornsby. Intolerant of careless spirit, out of patience with mediocrity. He lives baseball; he breathes it. To those who don't share his enthusiasm, it becomes something of a fanatic, a pest.

Watch the Cubs? The next thing you know somebody will be telling you not to forget to breathe.

JACK DEMPSEY IS SLATED TO FIGHT CHIEF CONTENDER

Rickard Declares Contract To Be Signed In Month Of January

By Lee Conkin International News Service Staff Correspondent

NEW YORK, Nov. 15.—Jack Dempsey will sign a contract in January to fight a leading heavyweight next summer at New York's Madison Square Garden.

It will give me great pleasure to see at the Madison Square Garden on June 15, 1925. I will fight and I will win. That's a long time off, but I'm a strong little guy. Jack Dempsey.

Interest in the Dempsey fight has been revived since the fight with Gene Tunney. Dempsey's fight with Gene Tunney was a great point in the career of the "Kid," and Dempsey is expected to have a similar success in his fight with Rickard.

Dempsey, who attended the press conference, declared that he was ready to fight Rickard in the summer of 1925. He said that he had decided to accept a contract with Rickard, but that he would not sign it until January.

It was learned that Dempsey had stipulated that his opponent must be of the following description: Height, 5' 10"; weight, 165 lbs.; age, 30; must be a professional boxer; must have fought in a world title fight.

While Rickard professed to be pleased at Dempsey's choice, he said that the negotiations were still in the preliminary stage. Dempsey's fight with Rickard is expected to be one of the greatest and heaviest weight fights in the history of the sport.

The next speaker, the grimacing, gold-toothed Basque, seated next to Dempsey, declared that he had decided to accept a contract with Dempsey, but that he would not sign it until January. He said that he had decided to accept a contract with Dempsey, but that he would not sign it until January.

Dempsey's fight with Rickard is expected to be one of the greatest and heaviest weight fights in the history of the sport. It is expected that the fight will be held at Madison Square Garden in New York City.

NEW YORK, Nov. 15.—(INS)—Crown's efforts to put the Columbia variety through a long campaign will today improve its rushing attack. He is satisfied with the Blue and White's work on the defense.

NEW HAVEN, Conn., Nov. 15.—(INS)—Johnny Garvey, Yale's starting left halfback, was the only regular remaining on the injured list today. Chasney Hubbard returned to his post at right half yesterday by joining the Eli team up to almost its full strength for Saturday's game with Princeton. Dutch Lund will fill Garvey's shoes Saturday.

ITHACA, N. Y., Nov. 15.—(INS)—Cornell's chances against Dartmouth are believed to hinge to a great extent on the condition of Maurice Johnson, the best passer on the squad. His ankle is weak.

WEST POINT, N. Y., Nov. 15.—(INS)—"Whit" Point's aerial attack is functioning unusually well on the eve of Army's intercollegiate game with Carleton. The regulars used passes in scoring both of their touchdowns against the scrubs yesterday.

HANOVER, N. H., Nov. 15.—(INS)—Defensive work is featuring the last stages of Dartmouth's preparation for Cornell. Yesterday the Green warriors concentrated on stopping forward passes.

Monte Blue Plays Beachcomber Role In Film At Milane

As the beachcomber Dr. Lloyd of the South Seas Monte Blue does the best work of his successful screen career in Metro-Goldwyn Mayer's "White Shadows in the South Seas" which opened yesterday at the Milano Theater.

The story is admirable for a man of Blue's qualifications. It is a legend that in his early youth he found an island and is torn between working his way in one capacity or another.

If the story is true—and it is well vouched for—it explains why Blue has developed an instinctive understanding and love for the under dog which he puts into his character in the picture and makes his beachcomber a human, natural person, who in spite of the handicap of a love of drink which has brought him to destruction, looks upward to the light of high ideals and brotherly love for the simple native.

In the scenes where Blue has found an island and is torn between working his way in one capacity or another.

Lions To Pay Cost Of Sign Directing Passing Aviators

Manifesting their interest in the promotion of aviation, Sanford Lions yesterday decided to bear the expense of painting on the roof of the Kent building a large sign for the accommodation of passing flyers. The sign will be in 12-foot white letters on a dark background. The name "San-

ford" will be placed in the center with arrows at either side, one pointing to the local air field and the other to the north.

The club also decided to join other civic organizations in providing lunches for a group of school children who are unable to pay the price. Ten children will be provided for in this manner.

The club voted to join the Kiwanis and Rotarians in chartering a large bus, which will take a crowd of high school pupils to the game in Palatka Saturday. The

bus will leave at 10 o'clock. Max Stewart closed the program with a talk on auto insurance. It was one of a series of discussions given by the members on their several lines of business.

Auto busses and freight truck services will be established over the new Rio de Janeiro-Petropolis highway in Brazil.

of the shipwreck.
Some of the passengers who survived the disaster, which cost the lives of more than 100 lives, already told their stories. They testified that the ship listed badly hours before it sank on Monday, that women and children were crammed into two lifeboats which were left dangling over the side of the ship for two hours, and that officers failed to take charge of the situation in the crisis.
Capt. William J. Carey is going to answer the charge that he could have sent out a SOS signal when the Vestris showed a warning light. He is dead, with the broken, rusty coffin. But the officers who survived will tell their side of the story today, if they can be served with subpoenas in time.

ATLANTA, Nov. 14.—(INS)—Acting under power of a congressional resolution, a committee of congressmen headed by John C. Cooper, Ohio, today began a general investigation of conditions at the Atlanta Federal Penitentiary.
While sessions of the hearing will be private, Cooper said a statement would be issued at the conclusion. In the investigation, charges of espionage alleged to have been established by Mr. Michael Walker Willebrandt, assistant attorney general, will be aired.
Mr. Willebrandt, it was charged, committed a Department of Justice agent to the prison, under an assumed name for the purpose of "spying" under Warden Juan Smeck.
The witness and C. C. Spear, Department of Justice agents who have been conducting a secret inquiry at the prison for nearly three months, are to be called before the congressional committee for testimony.
Cooper viewed with concern the overcrowded conditions in the prison here.

How To Keep Your Party Sandwiches Moist And Fresh
Party sandwiches can be prepared hours ahead of time and kept as fresh as if newly made. The method is simple. Pack the sandwiches close together in a double pie and wrap them in the special paper that is taken from the bread. Wrap a damp cloth tightly around the pie and put them in a cool, covered container and in about an hour they will stay moist for hours. If Merita Bread is used the sandwiches will hold more of their freshness, because Merita stays fresh longer than ordinary bread.

Ready to pop into the oven— and aren't they good when you pop them out!

Little fluffs of goodness—warm and fragrant—so feather-light you couldn't be sure you had anything in your hand if the melting butter didn't trickle off on your fingers.

That's what hot biscuit are when they're made the Snowdrift way. They make any dinner a smash hit ... And you can make them so quickly with Snowdrift.

Because it's creamy—blends with flour before you can count ten. In every way Snowdrift is a real pleasure to use—white, fresh, spoonable.

Use it for cake—for pie—for frying. Its delicate richness improves every recipe.

For instance, this time-honored rule for Southern Biscuits. Try them.

SOUTHERN TEA BISCUITS
3 Tablespoons Snowdrift 1/2 Cupful Flour
1 Tablespoon Sugar 1/4 Teaspoon Salt 1/2 Cupful Milk or Water
4 Teaspoons Baking Powder

Mix the ingredients and sift together in mixing bowl. Measure flour and cut into flour with two knives and work in with fork until distributed. Add liquid mixture with a ball or spoon and work dough in circle that can be flattened on a board. Flute the dough. Handle and work as little as possible. Roll thin and cut without cutter. Place on greased pan or baking sheet and bake in hot oven (425 degrees F.) for 15 minutes.

BAKED FOODS ARE BEST

More nourishing. Easier to digest. More delicious and wholesome, too, because they have a finer, fuller flavor. Serve more of them. And remember Calumet not only guarantees success but also MAKES BAKING EASIER

The St. Agnes Church will have a cooked food sale all Sunday afternoon in front of the Piggy-Wiggly Store on First Street.
