Texas Quints Born But All Die After 18 Hours

SAN ANTONIO, Tex. (UPI) — The last of the Hanann quintuplets—a mite about as big as an adult's hand—died today in Lackland Air Force Base hospital after living 18 hours and nine minutes.

The baby that survived the longest was Baby D, the fourth of five daughters born Tuesday within 15 minutes to Mrs. Charles G. Hanann, 27. Her husband is Lt. Charles G. Hanann, 29, an Air Force navigator.

The babies slipped away one by one. Capt. W. D. Munroe, an Air Force pediatrician, worked through the night to save Baby D. Munroe was not surprised by the death of the baby; he had expected earlier "at the best look for his living was 'not good'."

The parents issued a statement through an Air Force officer saying they were "terribly sorry" but confident that "God has a better place for them." The officers said the parents are "terribly broken up" and will not see outsiders.

The babies were born Tuesday—the 47th recorded birth of quintuplets—at 12:23 p.m., 12:24 p.m., 12:25 p.m., 12:31 p.m. and 12:34 p.m.

There was not much doctors could do to save them except keep them warm in incubators. Munroe said they couldn't be handled.

They were three months premature and "too delicate."

Baby D nevertheless had the strength to whimper and move her arms and legs about.

Doctors estimated Baby D's weight at one pound and 13 ounces. She was the size of an adult's hand and doctors didn't feed her. They said babies of that stage of development were not fed for 72 hours after birth.

The first two babies died within minutes after their father had held about a tender scene with his wife.

"I kissed her at least one time for each of these daughters," he said.

The Hananns already have

two sons, Robert, 5, and Patrick, 4.

But after the tiny girls started dying, Hanann went into seclusion to avoid the many inquiries, some of which included commercial offers, that followed the news of the birth of quintuplets, and to shoulder the grief that followed with the deaths of four of his girls.

Mrs. Hanann, 27, the former Cecilia Thonig of Taylor, Tex., was under heavy sedation but medical authorities described her condition as good.

But the best in medical science was to be available for the tiny girls who weighed one pound, 13 ounces each or less.

The cause of their deaths was given simply as "immaturity" in the announcement made by Lt. Col. Thomas M. Holcomb, chief of pediatrics at Lackland.

The officer said he and Mrs. Hanann met while they attended St. Mary's school in Taylor, Tex. Neither had any record of multiple births on either side of their families. He is an only child and she has four sisters and a brother.

The births brought quick greetings from one of the Dionne survivors and called for quick looks into medical history.

OVER THEIR QUOTA, is the report of Altamonte Springs United Fund co-chairman Mrs. Frank Henderson, center, and Mrs. Kristian Juthe, who have turned in \$1,309.29 to county UF headquarters. United Fund treasurer Howard McNulty today thanked the co-chairmen for the contribution which was \$309.27 over the Altamonte quota. Twenty-four solicitors collected the money.

Strike Halted

PITTSBURGH (UPI) — Federal Judge Herbert Sorel today granted an injunction in the steel strike ordering union men to return to work for 30 days.

News Briefs

Rock 'N Roll Riot
NEW YORK (UPI) — Dick Clark denied Tuesday night that his rock 'n roll "Caravan of Stars" was responsible for a riot last Saturday night in Kansas City where 49 persons were arrested. "The show was over when the incident took place," Clark said.

Gunman Runs Wild
MIAMI (UPI) — A jealous suitor fired five bullets into a home during a 50th anniversary celebration Tuesday night, killing an elderly guest and injuring another critically, police said. The suspected gunman, John P. Peacon, 42, was arrested early today after fleeing to Fort Myers, officers said.

Charge Denied
LYNCHBURG, Va. (UPI) — Dr. Emmett B. McGukin, chairman of the Southern Presbyterian Church, has denied charges of an anti-Semitic bias in a sermon which criticized an Alabama lay group which had accused Moderator Ernest T. Thompson of Richmond, Va., and the current church leadership of liberalism.

Negroes Seek Entry
MIAMI (UPI) — Six Negro children seeking admission to white schools here today before the Dade County School Board. Negro attorney G. E. Graves Jr., counsel for the NAACP, said the children will go "clear to the top if necessary" to get approval of transfers to Miami Jackson High, North Miami Beach Junior High and Fulford Elementary.

Helps Friend Out
FAIRFAX, Va. (UPI) — A former school janitor who told police he pulled the trigger to help a despondent friend commit suicide was in jail today. He said he turned himself in because his conscience bothered him. John Thomas Hale, 60, told police he fired the gun to help Walter Pugh commit suicide eight years ago at Spanish Fort, Miss. Hale said Pugh was dependent over the death of his wife and the drowning of his son.

Hand Shaking
WASHINGTON (UPI) — President Eisenhower and former President Truman shook hands and exchanged one-sentence greetings Tuesday when they met for the first time in six years at the funeral of Gen. George C. Marshall. Truman and Eisenhower, who have been decidedly cool toward each other since the bitter 1952 presidential campaign, sat two seats apart in the same pew in the chapel at Ft. Myer, Va., during funeral services for their old colleague.

Rains Flood County Area, Affect Citrus, Building

New Squall Mounting In Gulf

The prolonged rainy spell in Seminole County has seriously hampered construction, curtailed telephone service, flooded residential areas and blocked highways in some places.

County Zoning Director Robert Brown said permits issued during the month have been down and a survey of building contractors in the area today showed that work on new homes have been hampered because of the rains.

The Central Florida Experimental Station reported that more than five inches of rain has fallen in Sanford alone since Oct. 1.

There has been some rain each day for the past 15 days.

City Manager Warren E. Knowles said today that the rains in the area have not hurt city streets to "any extent" and Police Chief Roy Williams said there has not been any unusual rash of accidents in the city due to the rains.

The heaviest damage has been to low lying areas outside the city where county officials are having their problems answering complaints from citizens because of drainage problems.

State Highway 436 in the Forest City area has been blocked by the rains at several times, causing traffic to be detoured.

The county engineer's office reported that officials are working out a series of plans to be dug out to alleviate drainage problems.

Industries in the area have not been seriously affected by the rains except for shipping purposes.

Truck and moving companies have been hard hit, according to one official who said he has been having trouble because of the heavy rains that have "racked" the southern portion of the state.

Seriously hurt but growers are optimistic that a break in the weather will occur soon, according to County Agent Cecil Tucker.

Utility companies also have been troubled by the recent rains and a telephone company spokesman said this morning that various lines were "waterlogged" but repairmen had the situation under control by late morning.

SERVICE TO THE COMMUNITY by Chase & Co. during its 75 years here was recognized by the Chamber of Commerce last night as its new president, B. L. Perkins Jr., awarded a plaque to Randall Chase. Shown at the presentation at the chamber's meeting, from left, are outgoing president Mack Cleveland Jr., Chase, Perkins, and George Touhy, who spoke on the Chase & Co. contribution to the county as a pioneer institution here. (Staff Photo)

\$33,100 Budget Approved By C Of C Directors

The Seminole County Chamber of Commerce board of directors last night approved a \$33,100 budget for 1959-60 operations at a dinner meeting at the Sanford Civic Center.

Biggest expense items in the budget which runs from Oct. 1, 1959 to Sept. 30, 1960 are \$13,700 in salaries for four workers, \$8,500 for advertising and promotion, \$1,800 for automobile expense, \$1,700 for an addition to the chamber building, \$1,625 for miscellaneous and the contingency fund and \$1,000 for additional storage space.

Receipts expected are \$10,000 from Sanford, \$10,000 from Seminole County, \$12,000 from membership fees and \$500 from miscellaneous funds.

The Chamber membership drive has brought 134 paid members and \$4,900.50 during its first three weeks drive chairman Bob Crumley told board members.

If a membership isn't received through the mail, a personal call will be made, Crumley explained.

Ike Meets With Brass Over New Space Wrangle

WASHINGTON (UPI) — President Eisenhower conferred for 70 minutes today with his top military and civilian advisers in the wake of a new open wrangle over the nation's space programs.

Defense Secretary Neil H. McElroy told reporters after the White House meeting that it dealt with "the handling of our space programs."

"Anything that's going to come out," he said, "is going to come from the President."

Associate press secretary Anne Wheaton said any statement on the meeting would be issued at Augusta, Ga., where the President flew today for a five-day vacation.

The presence of Aotung Budget

Senator Greeted

Senator George Smathers was greeted at the Seminole-Volusia County line this afternoon by a host of Sanford civic and business leaders who escorted him into town in a caravan.

Sen. Smathers will speak at the Civic Center at 7:30 p. m. today at a joint meeting of county civic clubs.

FBI Investigates Sub Sabotage

PORTSMOUTH, N. H. (UPI) — The FBI and naval intelligence officers today investigated the possibility of sabotage aimed at this country's nuclear submarine fleet.

Capt. Carl A. Johnson, acting commander of the Portsmouth Naval Shipyard, disclosed Tuesday that the nation's first nuclear powered sub, the Nautilus, had sustained "apparently intentional" damage.

Johnson said he did not know of any other ships or submarines being damaged at the yard, but added that it was a "qualified" answer.

Shipyard officials refused to comment on reports of fires, broken pipes and other incidents at the yard.

In Groton, Conn., extreme security precautions were in force at the Atlantic submarine base and the nearby Electric Boat Yard where the world's biggest atomic-powered submarine, the twin-reactor Triton, is scheduled to be commissioned Nov. 10.

Castro Rushes To Eastern Cuba To Nip Revolt

HAVANA (UPI) — Premier Fidel Castro was reported to have rushed to Camaguey province today to nip a suspected army revolt against his regime.

The report was broadcast by Radio Rebel in Havana as dispatches from Camaguey reported that "a mystery airplane dropped two crudely-made bombs" on buildings of a sugar mill complex at Punta Alegre.

The threatened army revolt was reported centered at the Ignacio Agramonte military barracks in Camaguey, a province in eastern Cuba west of Oriente province where Castro staged his own revolt less than a year ago.

The leader of the revolt was believed to be Maj. Hubert Matos, commander of the Ignacio Agramonte post.

Hoffa Battles Orlando Court

ORLANDO (UPI) — Teamsters boss Jimmy Hoffa and a battery of union lawyers went to court today to try to force an Orlando bank to release \$400,000 in union funds.

The Florida National Bank of Orlando has refused to yield the money until a \$350,000 loan on a Teamsters-backed housing project is repaid. The project has gone into bankruptcy.

Game Cancelled

The Sanford Junior High School grid game scheduled tonight has been cancelled because of wet grounds, school officials said today.

Stenstrom Urges Reapportionment Passage To Aid Senators Do Job

State Senator David Stenstrom of Sanford urged today that the Florida Farm Bureau and other agricultural groups support the reapportionment issue in order to "aid senators to do their job."

Stenstrom, who last week announced he would not seek another term as senator, expressed the hope before the group that the reapportionment amendment will be passed in November.

"Further gains are far more probable under this amendment than under the present constitutional provision," he said.

"The proposed amendment is, in my judgment, an improvement over the present provision which has not been adhered to in any sense since the reapportionment fight began in 1954."

"The amendment is fair not only to our own area and particularly the 37th District, but it is fair to all of Florida."

"Those who believe that Dade

should have the same number of senators as the 44 smallest counties will not be satisfied with this amendment. On the other hand, neither will those who believe the 44 smallest counties in the state should each have a separate senator, without regard to population, just because Dade County has a senator. Certainly, it will be impossible to

secure the passage of an amendment which will be satisfactory to all of the counties in the state. The issue, however, comes up in this election is whether to keep the present provision, or to accept the proposed amendment. Having studied this matter for four years, I believe we will be much better off and in a much better position for the future with the new amendment than we will under the old," the Senator said.

Collins Tries To Patch Up Amendment Quarrels

TALLAHASSEE (UPI) — Gov. LeRoy Collins Tuesday tried to patch up his reapportionment quarrel with two strong gubernatorial hopefuls.

But there was no indication that the prospective candidates, former House Speaker Ted David and Circuit Judge John McCarty, were about to end their feud with the governor.

Collins had some kind words for David during a news conference here. But he dismissed McCarty, brother of the late Gov. Dan McCarty, with a "no comment."

Newsmen brought up the feud by asking the governor to comment on David's charge that Collins has used the reapportionment for his own purpose, and McCarty's inference that Collins sacrificed principle when he agreed to go along with the redistricting compromise.

"I have nothing to say about Mr. McCarty," Collins remarked. As for David, he said, "I will return for David, for evil."

"Mr. David has a fine record as a speaker and was most cooperative with me in many important ways which I shall everlastingly appreciate," he said.

Collins disclosed that he talked to McCarty on the telephone Monday, but refused to say whether they discussed the possibility of McCarty resigning as a circuit judge to make the governor's race.

McCarty told newsmen he would discuss this with the governor before he formally announces or undertakes a campaign.

The governor also reported that his "pitch" for the reapportionment plan has been taped for

distribution to television stations throughout Florida.

"I hope it will be used widely over the state," he said before leaving for speaking engagements today in Orlando and West Palm Beach in which reapportionment will be the central theme.

Collins pledged to give the people "the true facts and leave it up to them to decide how they will vote" in the Nov. 3 election on adoption or rejection of the proposal.

Court Grants Chessman Stay

WASHINGTON (UPI) — The Supreme Court today granted an eighth stay of execution to Caryl Chessman, one time "red light bandit" of Los Angeles, so he can bring his 10th appeal to the high tribunal.

Chessman's lawyer, George T. Davis of San Francisco, had applied to Justice William O. Douglas for the stay.

Chessman, 38, was to have been executed Friday. He had already arranged to have "a body cremated, and made his will. The estate presumably is royalties from the books he has written in prison."

Douglas referred the petition to the entire court, which announced its action today. Chief Justice Earl Warren, a former governor of California, did not participate in the decision.

The reprieve will allow Chessman to file appeal papers and await the high court's disposition of them.

Davis had filed a clemency petition with California Gov. Edmund G. Brown. But, after hearing and considering the plea over the weekend, Brown turned it down.

Judith Moves Far Out In Atlantic

MIAMI (UPI) — Hurricane Judith raced eastward in the Atlantic today more than 800 miles east of Bermuda.

Forecasters said there was a possibility that Judith, barely holding hurricane intensity with 75-mile-an-hour winds, would soon disintegrate into a line of squalls.

A TV SET FOR THE HOSPITAL was presented to Administrator Harry Weir, left, yesterday by Dr. Edwin L. Lindsey, president of the Sanford Civitan Club. Director of Nurses Mary Detyens sampled a fruit cake like that which the Civitans sold last year to buy the TV set and finance other civic projects. Yesterday marked this year's start of Civitan fruit cake sales.

Insurance Code To Be Explained

The new Florida insurance code passed by the 1959 state legislature will be explained by the managing director of the Florida State Life Underwriters' Association, Stanley Stone, at the St. John's Life Underwriters' Association meeting tomorrow.

Stone will discuss the code's application to the agent and the buying public at the luncheon meeting at Jim Spencer's Restaurant.

Saturday Shot Day

Pelle shots will be given Saturday at the Jaycee Information Center on French Ave. Cost is only \$1 and everybody who needs the shots is urged to get them.

County Included In Cancer Study

Seminole County has been one of the counties in Florida chosen to participate in a Cancer Prevention study that will start to-morrow.

Seminole County, along with Orange County officials will meet to-morrow in Orlando for a luncheon meeting to get the study underway.

Sanford Art Show Stated Nov. 29

The Sanford Art Association executive board last night set Nov. 29 as the date for their art show at the Civic Center.

The exhibition will be open from 2 until 9 p. m. with refreshments served from four until seven. There will be no charge for admission to the show which will be open to the public, the board decided, meeting at the home of Association President Mrs. Helen P. DeWitt.

To show works at the exhibit, persons must join the association and pay dues of \$5 per year. Entry rules and details about the exhibition will be announced at Monday's association meeting at the Recreation Department Craft Unit in Fort Marion Park. People interested in joining the association should show their works ahead of time.

Present at last night's meeting were vice president Mrs. J. O. Gregory, publicity chairman Mrs. Sam Schirard Jr., hospital chairman Mrs. Ralph Loring, membership chairman G. E. Campbell and Mrs. DeWitt. Mrs. Schirard was appointed association secretary, after the board accepted with regret Mrs. H. T. Collins' resignation from that post.

Russians Agree On Antarctic Pact

WASHINGTON (UPI) — The United States and Russia have agreed with 10 other nations that the antarctic should be used only for peaceful purposes.

The 12-nation antarctic conference announced Tuesday that its committee considering political and legal matters had agreed that all measures of a military nature should be prohibited.

A communique said the agreement was expected to become Article I of an antarctic treaty barring military activity in the south polar regions.

The conference began work last week on a U. S.-proposed treaty to keep the area out of the cold war and any hot ones.

It Really Pays To Be Polite

BUFFALO, N. Y. (UPI) — It was a real money saving move when bartender Frank Berger took a youth to "help yourself" to the money in the cash register.

Berger was alone when the youth entered, brandishing a pair of pistols and ordering him to hand over the contents of the cash register. "The casual response so unnerved the bandit that he fled empty-handed."

Hard To Convince

LONDON (UPI) — Radio Moscow today quoted Premier Nikita S. Khrushchev as admitting that it is not easy to convince peasants to surrender their land and other personal possessions for collective farming. "A great effort must be made to convince the peasant to abandon his old custom his outlook," Khrushchev said.

Nearly 32 million American families were receiving natural gas service as of Jan. 1, 1950, and the Gas Appliance Manufacturers Association expects this number to swell to almost 44 million by 1970.

NOT RESPONSIBLE
 I will not be responsible for any debts incurred by anyone other than myself.
 W. T. CAVANAUGH

Nursery School Plans Additional Help For Retarded

The Seminole County Association for Retarded Children's Nursery School will accept any retarded child, regardless of age, the association executive board decided Monday night.

Participation will be required of a parent who enters a child in the nursery program, the board said. A schedule of a daily routine will be given each parent whose child is admitted to the program. The Nursery School is conducted by mothers of retarded children and is now housed in the Christian and Missionary Alliance Church at 14th St. and Park Ave.

A committee to investigate using the Little Red School House on Palmetto St. as a permanent nursery building has been formed. The association feels the fence and large grounds would make this an ideal location. Securing a permanent place to house the school is a goal of the association which plans to draw up a charter for the school.

Advisory board members who will serve with the association are Mrs. Charles L. Park Sr., Rev. David S. Carnes, Dr. Gordon D. Stanley, Joe Davis Jr., Rev. Richard J. Lyons and Mrs. E. E. Chapman.

Man Passes Buck To Get Off Horns Of Dilemma

WAYLAND, Mich. (UPI) — Floyd Hall of nearby Green Lake had to pass the buck to state police when they answered his emergency call.

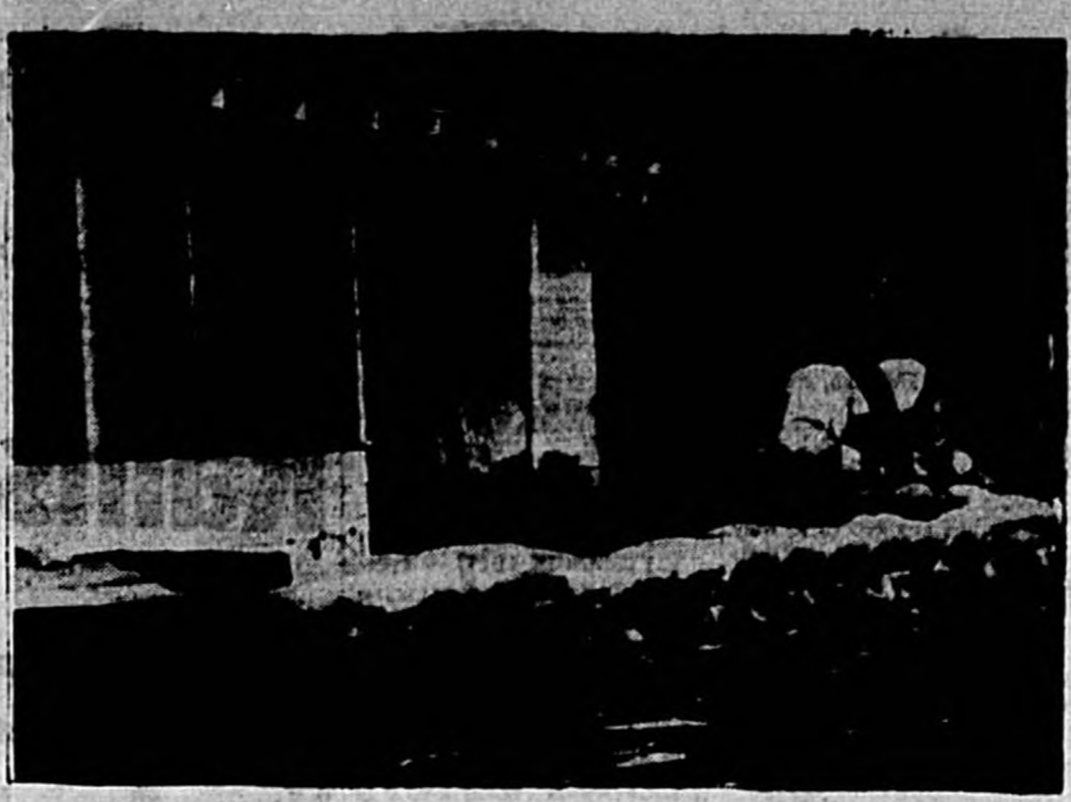

It all started when Hall heard his dog chasing a large buck deer in the front yard of his cottage. When he went out to investigate, the deer turned on him and he headed back for the house.

The buck followed him into the cottage but calmed down when he offered the animal some sugar. But the buck grew frisky again after Hall slipped a rope around his neck and tied the other end to a tree outside.

Hall said he made the mistake of leaving the rope too long and the buck chased him back into the cottage. That's when he put in his call for help.

But the time police arrived, they found Hall hanging on to the antlers of the buck. The animal shook himself loose, snapped the rope and headed for safety in the woods before the officers could do anything about it.

The nation's farm families received about eight billion dollars from off-the-farm activities in 1948, according to the National Industrial Conference Board.

WATER PROBLEMS keep mounting in Central Florida and home owners in the Lake Sherwood area near Orlando have sandbagged front yards to keep the lake waters out of their houses. This particular lake is now 15 feet above its normal level. (UPI Telephoto)

Manned Satellites Predicted Soon

WASHINGTON (UPI) — A Russian scientist has predicted that "pilots and scientific workers" will be sent into space aboard recoverable satellites "in the near future."

Space authorities here would not be surprised if the Russians sent up a manned satellite next year. The United States does not expect to put a man in space before late 1951.

The Soviet prediction was made by Prof. V. Dobranravov, doctor of physicomathematical sciences, Moscow, in an article distributed by the Commerce Department's office of technical services.

Discussing Lunik II, which he said was fully guided and tracked all the way to the moon Sept. 12-13, Dobranravov foresaw "other far-reaching actions."

"In particular," he said, "the creation of controlled and recoverable artificial earth satellites in the near future is already fully possible. It is also already possible to dispatch pilots and scientific workers in such satellites for training them for distant interplanetary flights."

New and important facts you should know about...

MRS. M. V. FILBERT

MRS. FILBERT'S MARGARINE AND YOUR FAMILY'S HEALTH

If you use Mrs. Filbert's, you know its flavor secret... a sweet, fresh taste no other margarine can duplicate.

But Mrs. Filbert's offers more than delicious flavor. Today there are facts you should know about Mrs. Filbert's and your family's health.

Much is being written about fats in food. Some claim that saturated animal fats build up cholesterol in the blood, while unsaturated vegetable oils may help reduce cholesterol. Since evidence is still inconclusive, your doctor is the one to advise you about fats, cholesterol, and your diet.

However, you should know that Mrs. Filbert's Margarine is made from the finest domestic vegetable oils, which contain no cholesterol and are over 70% unsaturated. Mrs. Filbert's is enriched with vitamins A and D, is highly digestible, and is low in salt.

As a result, Mrs. Filbert's is a nutritious, healthful food... provides quick energy, helps your body utilize important proteins and carbohydrates. Your whole family can enjoy Mrs. Filbert's with confidence.

Use Mrs. Filbert's as a delicious tablespread... as a flavorful seasoning... as a digestible shortening in cooking, baking, frying. Taste why so many people prefer Mrs. Filbert's to any spread, regardless of price.

MRS. FILBERT'S MARGARINE
 For good eating... and good health!

HAPPINESS THROUGH HEALTH
 BY DR. F. LEO KERWIN

The Key:

The spinal column, as you know, is the principle part of the body that the chiropractor works on, reaching through this important organ and the nerves all the various tissues of the body. The spine is the central line shaft of the body — it is the main support of the head, holds the body and trunk — it forms a strong walled canal through which the spinal chord runs, and one of its main functions is to protect the spinal chord. If you want your children to be healthy and have a healthy start in life, you should have their spines examined periodically by a competent Chiropractor. Not only have them examined every year or so, but after severe falls. If you would be surprised how much healthier and happier your children would be.

One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. F. Leo Kerwin whose office is located at 201 S. French Ave., and his telephone number is FA 4242.

Injunction Isn't Answer To Strike

WASHINGTON (UPI) — Government officials expressed concern yesterday over possible harmful side effects of a court-ordered halt in the steel strike.

President Eisenhower said that he had no choice but to seek an injunction to send the striking steelworkers back to the mills for 80 days.

But Labor Secretary James P. Mitchell and chief fact-finder George W. Taylor made no secret of their belief that such a truce would not settle the marathon dispute.

Here's what informed sources in Washington believe may occur during the so-called 80-day "cooling-off" period: Negotiations will stop for 10 days or two weeks while management and union leaders are occupied with back-to-work problems.

Workers, angered at being commanded back to their jobs at old pay scales, may express this resentment by slow-downs, refusing to work overtime and other harassing tactics.

There may be "chaos" in steel markets when mills re-open.

It will take weeks — perhaps a month or more — to get production up to 90 per cent of capacity. Some experts say only 50—not 80—days of production will be possible because of the need to warm furnaces and then repair facilities.

Further bargaining will proceed without any heat on the parties for an agreement. During the strike, both sides felt economic pressure — the workers got no paychecks and the industry sold no steel.

Union and company officials will point their major efforts to the Taft-Hartley vote on management's final offer. The union will campaign for an overwhelming "no" vote and management will do the opposite to improve bargaining positions.

The strike is likely to resume after the injunction expires unless negotiators reach an agreement well before the deadline.

The back-to-work order would prohibit resumption of the walkout until around Jan. 10. This would probably inspire a flood of proposals for dealing with emergency disputes that could bring war to union and management when Congress reconvenes in January.

Taylor and Mitchell have warned that unless this dispute is settled at the bargaining table, it may lead to contract terms imposed by government decree in the future.

Dog Owners Told To Watch Animals

"Licensed or unlicensed, it is unlawful for female dogs in heat, destructive, or vicious dogs to be allowed to run at large," Sanford City Manager Warren E. Knowles said yesterday.

"Such dogs will be impounded or destroyed," Knowles emphasized.

The dog catcher will be patrolling from now on "in order to pick up all stray or unlicensed dogs."

Licenses and vaccination are required for all dogs over two months old, the city manager pointed out in requesting dog owners to control and license their pets.

Complaints about dogs should be telephoned to FA 3-3131 during weekdays and FA 2-7771 after work hours. Complaints may also be made to the Police Station.

"Dogs should be vaccinated for rabies annually by your veterinarian," the city manager advised. He asked cooperation in ridding Sanford of stray or sick dogs.

U. S. Income Falls Slightly

WASHINGTON (UPI) — Personal income received by Americans fell slightly in September, due partly to the steel strike and work stoppages in copper refineries and meat packing plants.

Income still was running far ahead of the 1958 recession year however. If the pattern of the first nine months of this year continues, total income in 1959 will be \$19,100,000,000 above 1958.

September's drop was the only one since the start of the year, according to the Commerce Department. It was the first decline since August 1958.

The September drop was the only one since the start of the year, according to the Commerce Department. It was the first decline since August 1958.

TICK, TACK DOUGH!

Washington See-Saw

By WIN FENDLETON

A few weeks ago folks would stop us and ask what we thought of Mr. Kharashev's visit. Today, they are talking about the steel strike—or the TV quiz shows, or next week's football game. Which brings us back to Mr. K's visit. Even though we still don't know what to think about it, one impression does begin to work its way out of the great mass of fog that surrounds it.

Our impression is: we don't know enough about what is going on in the rest of the world. Either the reporting is too scant, or we are not interested. Maybe we are too wrapped up in our own daily grind to care much about what the other fellow is doing—or thinking.

Maybe Americans are a bit smug. Maybe we think we are the only folks on earth with ideas—good or bad. Maybe we had better take more time watching the other fellow. We might learn something.

This was brought home to us last week when we met a man from Ceylon. Ceylon is one of the "underdeveloped" countries of the far east. It is of little interest to us except when we want rubber, coconut oil, cloves,

and tea. What good can come from Ceylon?

The man we met is a banker—president of the largest bank in Colombo. He came to the United States as a delegate to the World Bank meeting. His name is C. Loganathan. He brought a new idea.

His eyes burn with conviction when he tells how Ceylon and other low income countries can better themselves by stimulating internal development through his scheme.

He begins by explaining that "Ceylon's property entirely depends on world conditions over which it has no control." All Ceylon can do is sell raw materials. He says, "As much as 40% of Ceylon's food requirements and over 90% of its requirements of clothing are imported. And the per capita income per annum in Ceylon is only about \$120."

He says that everyone knows that internal development must come from the savings of the local people. But, folks in Ceylon don't save their money. They never have. They don't know how. It might take generations to teach them.

Mr. Loganathan's idea is to set up a system like our social security — whereby the employe

and the employe each contribute to a retirement fund. This will make them save—just as it has made millions of Americans put something away each payday.

But, here is the difference in his plan. That money will not be handled by the government. It will go into private banks—and will be used only for the purchase of common stocks. Not foreign stocks, but stocks in Ceylonese companies. This money would be the basis for starting new industry in Ceylon.

Loganathan says it would work like our stock market with millions of workers owning shares in the business of Ceylon.

We don't pretend to know too much about economics. We don't read the market reports each day. But, we do think that maybe we had better look to some of our overseas neighbors once in awhile. They might come up with some good ideas—like this Mr. Loganathan.

His idea might be all wet—we don't know. But, somehow we think maybe we would be better off if the money we have paid into the Social Security System had been riding on IBM or Standard Oil or AT&T instead of sitting in a government vault—waiting for us to get to be 65 years old.

Assignment Washington

By ED KOTERBA

WASHINGTON — There's a hero and a villain in most successful plots. And for nearly a week the House committee investigating hoaxy quiz shows flirited with silliness in reviewing the TV smeller-dreamers.

However, the climax was proving elusive.

Perhaps the high point of tension was struck in mid-afternoon of the fourth day of probing. The committee was an hour overdue for its return to the House caucus room after a secret session.

Then, one of the members popped in from an entrance behind the dais. Cameramen and reporters sprung as a single giant watchspring toward the dais, as other lawmakers appeared. Men and women in the large audience pushed forward in their chairs.

"Is Charles Van Doren going to appear?" ... "Do you know where he is?" ... "Has a subpoena been issued for Van Doren?" Thus went the questions.

Rep. Oren Harris (D., Ark.), chairman, peered over the out-

der of one newsmen reading a paper and squinted at the two-word heading across the front page of the Illinois Streak Edition of the Washington Daily News. It read: "Where's Charlie?" In two words, the whole story.

The Congressmen weren't talking. But one of them admitted an extraordinary Saturday session would be called.

Charles Van Doren, the good-looking, clean-cut professor of modern history's most unusual role of herodotus—the glowing symbol of quiz.

Overnight, as it were, he parlayed his answers into an instantaneous fortune well over \$100,000, and a coveted \$50,000-a-year news job with the National Broadcasting Company.

Suddenly, the big bubble broke and he was suspended from his NBC job. He went into hiding.

There's a hero and a villain in most successful plots. The question now was: Which of these is Charlie Van Doren? A witness swore, under oath, that Van Doren must have known the out-

come in the point system of "21" when he stepped into the isolation booth. Van Doren swore, under oath earlier in New York, that he received no assistance.

So now the caucus room audience was chafing for word on Van Doren's appearance before the committee. Why? Curiosity to see the now-mysterious star performer was only a minor reason.

The elderly ladies in the front row wanted to see him, to hear him, to have him reassure them that it wasn't so — that he was still the hero. But there were cynics there, too.

Human beings are funny about hero worship. They first build themselves an idol, and they hang onto this symbol as if it were a part of them. But at the slightest hint of discredit, they join the pack to slash it down.

Whatever the outcome, this much is certain: Charles Van Doren was producing more drama and suspense now than in those days that made him a hero.

'Unemployables' Get Job Therapy By Psychologists

PHILADELPHIA (UPI) — There is a unique "factory" in downtown Philadelphia where there is a foreman for every five workers and each supervisor is a psychologist with a master's or doctor's degree.

The raw materials of this "factory" are the women who are too nervous to do a simple task, the man who explodes at a routine order, the youth not bright enough to follow simple instructions.

The operation is a pilot project based on the assumption that vocational therapy, which has worked so well for the physically handicapped, should prove equally effective for those ailing emotionally.

The non-sectarian Philadelphia Jewish Employment and Vocational Service, using \$26,158 of its own money and a Federal grant of \$39,115, began the experiment six months ago under the direction of Dr. Saul S. Leshner.

Dr. Leshner said the goal is to develop a work "personality" rather than work skills. "We consider ourselves successful if the worker does what the boss tells him without rebelling, gets along with fellow workers, comes to work on time and sits at the worktable for long periods."

He said all of his "clients" have been diagnosed as unemployable. Well over half have severe emotional disturbances, others are mentally retarded or victims of epilepsy. One-third have never been employed.

Dr. Leshner said each client is given a series of tests so that a program can be set up which is geared to the individual — how the foreman should handle him or her and the type of tasks to be assigned.

These tasks, all relatively simple, are performed in a simulated factory which is like one of many "luft-type" shops.

Mary Jane Flynt Marries S.E. Barbour Jr.

Miss Mary Jane Flynt, daughter of Mrs. Hazel C. Flynt and the late Mr. O. H. Flynt, became the bride of Sherwood Edward Barbour Jr., son of Mr. and Mrs. S. E. Barbour Sr., Saturday at the First Methodist Church.

The double-ring ceremony was performed at five p. m. by the Rev. T. C. O'Steen, pastor of the church, and Dr. W. P. Brooks Jr. Floor baskets of flowers flanked the altar and a program of nuptial music was given by Roger Harris, organist, and Gene Kronjeager who sang "Because" and "The Lord's Prayer."

The bride, given in marriage by her uncle, J. W. Flynt, was lovely in a street length dress of white brocade satin. She wore a face veil of illusion tulle and she carried a white Bible topped with a white orchid and satin streamers. The Bible was a gift from the groom.

Miss Barbara Flynt, sister of the bride, was maid of honor and wore a street length dress of misty green satin with matching shoes and headpiece. She carried a bouquet of bronze mums backed by croton leaves.

S. E. Barbour Sr. served his son as best man and usher was Robert Barbour, brother of the groom, and Johnny Yeackle. Mrs. Flynt chose for her daughter's wedding a royal blue crepe dress with white accessories and a shoulder corsage of pink carnations.

FRIENDSHIP NIGHT of the Order of Eastern Star was well attended last week. Pictured here left to right, are Harvey Dunn, worthy patron and host for the evening; Mrs. Anna Perez, Mrs. Linnie Moye, worthy matron, and Sheridan E. Simpson. Mrs. Perez and Mr. Simpson were out of town visiting officers. (Hergstrom Photo)

Joyce Benton To Marry K. R. Edwards

Mr. and Mrs. J. L. Benton today announced the engagement and approaching marriage of their daughter, Joyce Lynn, to Kenneth Ray Edwards, son of C. E. Edwards of Milton, West Va.

Miss Benton graduated from Seminole High School with the class of '59 and was a member of the Triple Trio.

The groom-elect attended schools in West Virginia and is employed at the Sanford Truck Center.

Eastern Star Has 116 Party Guests

Seminole Chapter 2, Order of Eastern Star, observed Friendship Night last week with 116 members and guests present at the Masonic Hall.

Guest officers served from Volusia Chapter 186, DeLand 16, Daytona 1, New Smyrna 3, Dunell 93 and Barberville 51. Three first time visitors were Mr. and Mrs. C. A. Thompson, past patron and past matron of Satter chapter 1, Birmingham, Ala., and Mrs. Lila Murrell, Townsend chapter 305, Baker, N. Y.

October birthdays were celebrated for 25 members and guests. Of special interest was the birthday of Mrs. Murray Jarvis, past matron of Seminole Chapter 2 and past grand electa of the grand chapter of Florida. A "This Is Your Life" program was presented in her honor and many pictures, taken from birth to her present years in Eastern Star, were shown by Mrs. L. T. Shepard. She was presented with a gift from the chapter.

The chapter room was decorated with tall white baskets of red glads. The serving table in the dining room was covered with a colorful Halloween cloth and centered with a pumpkin filled with branches of Pyracantha berries, shrimp plant, and mandarin hat blooms, surrounded by lighted pumpkin candles. Individual tables were centered with strips of orange crepe paper on which stood "corn shocks" made from pine needles, and small oranges decorated to resemble pumpkins. Candy corn was scattered in broken pine needle "straw." Favors were black with cutouts riding lollipop brooms.

Worthy Patron and Mrs. Harvey Dunn were host and hostess and invited everyone to enjoy refreshments after the meeting.

COOKING MAGIC FOR PENNIES A DAY! with modern, clean, dependable

Make every pot and pan an automatic appliance—with Gullitane and a modern LP-Gas range. On a low modern range the flame adjusts itself—foods can't burn or boil over. Automatic cooking is yours—when you use Gullitane. It's fast, clean, dependable heat—even in "fines down" weather. Yet this modern fuel costs only pennies a day.

A SILVER TEA in honor of the Orlando and Winter Park Does was given here Saturday by the Sanford Drive. Serving on the tea committee were, left to right, the Meses. John McDonald, Edward Miller, Stephen Androsko, Wade Snyder, Bernard Wolford and Jackie Carruther.

D.A.R. Hears Two Speakers

The last meeting of the Sallie Harrison chapter, No. 5, D.A.R. was held at the home of Mrs. Edmund Meisch with the Meses. A. W. Lee, H. W. Rucker and J. B. Ray as co-hostesses.

A board meeting preceded the business meeting with Mrs. F. E. Houmillat, Regent, in charge. At this time it was announced that the district meeting will be held Oct. 28 in DeLand and the State Conference meeting will take place in Miami in March.

It was voted to continue donations to American Indians, State Library in Orlando, four approved schools and the D.A.R. Museum in Washington. The D.A.R. also supports two schools at Grant, Ala., and Tamassee, S. C. Mrs. C. E. Butler spoke on National Defense and Mrs. J. H. Ray presented a program on the insignia of the society.

During the social hour the hostesses served refreshments from a tea table lovely with silver appointments. Other members and guests present were the Meses. A. R. Key, Deane Turner, F. E. Bolz, R. E. True, W. E. Baker, L. P. Hagan, P. P. Campbell, A. C. Benson, Lawrence Tinsley, Raymond Smith, Howard Brewer, C. L. Park, E. M. Hoke, Ralph Leonard, A. S. McCallum, R. E. Pearce and Frank Galloway III.

MISS JOYCE LYNN BENTON

Marty Roberts Is Six Years Old

Mr. and Mrs. L. E. Roberts entertained with a party for their son, Marty, on his sixth birthday Sunday.

Cake, punch and games were enjoyed by John Carlson, Lisa Jo Davis, Georgina Lankford, Jimmy Roberson, Billy Mason, Tim Brooklyn, Mary Best, David Alexander, Martin Hockersmith, Earl Roberts and Gayle Roberts.

Miss Nowlin Speaks To Homemakers

At the last meeting of the Sanford H. D. C. Miss Lucy Nowlin of Florida Power and Light presented a demonstration on electric lighting.

During her talk she stressed fitness to purpose and decorative needs in lighting so that a happy combination of practicality as well as beauty can be accomplished in today's planning.

A short talk on "Health" was presented by Mrs. Myrtle Wilson. She also urged members to accept an invitation from the Lavores H. D. Club to attend a demonstration on corsage making to be held Nov. 5.

Mrs. John Clark, chairman, was in charge of the meeting and hostesses were Miss Eva Hunt and Mrs. John Clark.

Crisp bacon, hard-cooked eggs, and mayonnaise make a tasty filling for sandwiches.

Does Entertain At Silver Tea

Sixty guests enjoyed a tea given in honor of the Orlando and Winter Park Does by the Sanford Drive 160 at the Elks' Club Saturday.

Silver tea service decorated each end of a beautifully arranged banquet table set with crystal candelabrum. Delicate sandwiches and cakes were attractive with white frosting and pink rose buds.

During the tea, guests heard Louis Muiier's Accordion Symphony which featured George Siankay, well known TV and radio musician.

Mrs. Wade Snyder, chairman of the tea, was assisted by the following who poured: Mrs. Edward Miller, Mrs. Stephen Androsko, Mrs. Bernard Wolford, Mrs. Richard Mays, Mrs. John McDonald and Miss Nancy Foster.

In the receiving line were Mrs. Edward Pratt, Mrs. Robert Carruthers, Mrs. Garfield Walker, Mrs. Peter Bukur, Mrs. Evelyn Disbrow and Mrs. William Harden.

Ramsays Winners At Bridge Club

Mr. and Mrs. Clyde Ramsay were first place winners in the weekly Sanford Duplicate Bridge Club play.

Second was won by Mrs. J. E. Baker and partner; third by Mr. and Mrs. Charles Bone; fourth by Mrs. George McCall and Miss Margaret Davis.

The club will play again at 8 p. m. Thursday.

Personals

Mr. and Mrs. Robert C. Martin journeyed last week-end to St. Petersburg to visit Mrs. Martin's mother and sister, Mrs. L. Sykes and Miss Lillian Sykes.

Major Ellen J. McBratnie, Army Nursing Corps, is visiting her parents, Mr. and Mrs. Charles B. McBratnie, at their home on Cornell Drive. She is with the 29th evacuation hospital at Ft. Devens, Mass.

J. H. Galloway, son of Constable and Mrs. J. Q. Galloway, entered Orange Memorial Hospital, Saturday for observation.

Football Fans See Navy Play

A large group of Sanford people spent the weekend in Miami where they attended the Navy-Miami football game.

Among those attending the Orange Bowl game were Capt. and Mrs. J. D. Ramage, Capt. and Mrs. F. G. Edwards; Cmdrs. and their wives, S. N. Boney, H. F. Lang, Leo Zok, J. E. Cousins, D. A. King, H. B. Osborne, C. B. Smith and E. J. Winter; Ledes, and their wives, J. D. Langford, J. W. Taft, V. H. Jennings Jr., John Barlow, T. J. Dedman, O. J. Loper, D. E. Brubaker, P. S. Harward, Ken Sandon and John Swope.

Class Honors Mrs. Wallis

The Dependable Sunday School Class of the First Methodist Church enjoyed a covered dish supper, at its regular monthly meeting in McKinley Hall Monday night.

Business was conducted by the retiring president, Mrs. C. L. Wallis.

The Rev. T. C. O'Steen installed the following officers for the new year:

President, Mrs. V. L. Smith; vice pres., Mrs. T. C. O'Steen; secretary, Mrs. A. L. Esterson; treasurer, Mrs. C. R. Jones, and teacher, Mrs. A. K. Shoemaker Sr.

The new president presented Mrs. Wallis with a gift from the class in appreciation of her work of the past year. She also appointed Mrs. E. B. Harris, as sunshine treasurer and Mrs. H. B. McCall Sr. as devotional chairman. Hostesses for the meeting were Mrs. McCall, Mrs. Shoemaker and Mrs. James Wright. Members present included Mrs. Nancy Brock, Mrs. Mildred Butler, Mrs. Esterson, Mrs. Harris, Mrs. Jones, Mrs. Porter Lansing, Mrs. Ray Herron, Mrs. Winnie Murphy, Mrs. John Schirard, Mrs. A. L. Skinner, Mrs. Smith, Mrs. L. B. Steele, Mrs. Wallis, Mrs. Shoemaker and Mrs. McCall, Mrs. O'Steen, and special guest, Rev. O'Steen.

SANFORD — ORLANDO

Abe, Jefferson Would Have Rough Job Running Now

LONDON (UPI)—American Television personality Edward R. Murrow said he doubted whether Thomas Jefferson or Abraham Lincoln could have been elected president if television had covered their campaigns.

"If I were in a lecture, said he, I would doubt whether the two presidents would even have been nominated.

Jefferson's abrasive voice and no-nonsense attitude would have doomed him to obscurity in a video world, the commentator said. Murrow said Lincoln would have fared even worse.

"Abe's ungraceful lameness, his sunken-browed face and his marriage to a woman who was no political asset would have sized him as a television campaigner, Murrow said.

"It is true the voter may elect to purchase the second rate, shop-worn or shoddy idea. He may mistake a mobile countenance for an agile mind. He may vote for a profile rather than for a principle; an unruly lock of hair may be more objective than a disciplined mind," Murrow said.

"Television offers no guarantee that demagogues can be kept from political power. It merely provides them with wider and more intimate, more immediate circulation."

News Of Men In Service

Sanford's Army PFC Robert O. Cohen has qualified as an expert in firing the carbine while assigned to the 39th Artillery in Germany.

The 18-year-old soldier is the son of Mr. and Mrs. Robert A. Cohen, 726 Magnolia Ave. and is a 1936 graduate of Seminole High School. Cohen entered the Army in June 1938 and received basic combat training at Fort Benning, Ga. He was stationed at Fort Chaffee, Ark., before arriving overseas last November.

Marine Richard Schmidt of Longwood has completed recruit training at the Marine Corps Recruit Depot, Parris Island, S. C.

The son of Mr. and Mrs. Richard K. Schmidt of Longwood, went through a 12-week training schedule which included drill, bayonet training, physical conditioning, parades and ceremonies, and three weeks practice on the rifle range with the M-1 rifle. This recruit training prepares young Marines for further specialized infantry training at Camp Lejeune, N. C.

Robert C. White, son of Mr. and Mrs. Harry White of Fern Park, is serving with Fighter Squadron 101 at the Naval Air Station, Key West. The Navy aviation fire control technician is the husband of the former Miss Ardiik Grace of Wilmore, Kans.

U. S. Doctor Backs Up Red's Plan

WASHINGTON (UPI) — An American doctor suggests it may become common practice to replace damaged organs and tissues with healthy spare parts from living or recently dead donors.

This possibility is reported by Dr. John P. Merrill, director of the cardio-renal section at the Peter Ben Brigham Hospital in Boston.

Writing in "Scientific American," Merrill said kidneys have been successfully exchanged between identical twins in 10 cases out of 13.

"These experiments," the magazine said, "encourage the investigators to hope that other living tissues may eventually be routinely transplanted."

A Soviet surgeon was quoted by the London Daily Herald Monday as saying he was preparing to graft a new right leg on a 20-year-old girl who had lost hers in a train accident.

The Russian, Dr. Vladimir Demikhov, plans to replace the girl's lost leg with one taken from "a newly dead person of about the same age," the newspaper said.

'Adequate' Food \$100 Per Year

NEW YORK (UPI) — An American can still feed himself "adequately" for something in the neighborhood of \$100 a year, according to a recent book by Columbia University economist George Stigler.

The Stigler diet: 370 pounds of wheat flour, 57 cans of evaporated milk, 111 pounds of cabbage, 23 pounds of spinach and 255 pounds of dried navy beans.

Distraction

PORT CHESTER, N. Y. (UPI) — The United Hospital has hired two Pinkerton guards to make sure no more than two visitors gather at a given patient's bedside at any one time. A spokesman for the hospital today explained nurses had been driven to distraction trying to keep well-wishes under control.

Weekend Grid Picks And Reflections On Sports In General

By OSCAR FRANKY
NEW YORK (UPI)—Friday's picks and the weekend football season — plus some equally readable reflections on sports in general.

Illinois over Penn State — The blue plate special.
Ohio State over Wisconsin — What ever happened to Floyd Patterson?
Northwestern over Notre Dame — What do ya mean, "who's he?"
Also: Michigan State over Indiana, Oklahoma over Kansas, Minnesota over Michigan, Missouri over Nebraska, Iowa State over Kansas State, Marquette over Boston College, Miami over

Ohio U. Bowling Green over Kent State, Bradley over Drake, CDP over Cincinnati, Dayton over Xavier and Toledo over Western Michigan.
Navy over Penn — Water poloists are mostly aquatic rascals.
Syracuse over West Virginia — A surprising number of Yankee players don't like leivable old Casey Stengel.
Pitt over TCU — If I had a fireplace I'd stage a wood-chop-

ping championship every fall.
Also: Army over Colorado State, Holy Cross over Columbia, Princeton over Cornell, Yale over Colgate, Harvard over Dartmouth, Rutgers over Lehigh, Bucknell over Lafayette, Brown over Rhode Island, Buffalo over Western Reserve, Boston College over Marquette, Connecticut over BU, Gettysburg over Muhlenberg, Scranton over Albright and VPI over Villanova.

UNC over Stanford — Lake Agassiz has a Spanish bullfighter name.
UCLA over Air Force — I like canoeing if somebody else paddles.
California over Oregon State — Night flat racing would send the trotters back to the plow.
Also: Washington State over Idaho, Oregon over Washington, Colorado over Arizona, San Jose State over Arizona State, Brig-

ham Young over Denver, California Poly over Fresno State, Montana over New Mexico, Montana State over Utah State and Wyoming over Utah.
Auburn over Miami — Shing would be fun except for the snow.
Mississippi over Arkansas — If football players get much bigger they'll have to enlarge the field.
LSU over Florida — The basketball star under six feet has to

Also: Georgia over Kentucky, Georgia Tech over Tulane, Duke over North Carolina State, Clemson over South Carolina, North Carolina over Wake Forest, Cornell over Virginia, Florida State over Richmond and Mississippi State over Memphis State.
Texas over Rice — My favorite sport after sunbathing is deceus wild.

Utah Aggie over Baylor — Perry Olsen is weighing in to develop more Olympic muscles.
BU over Texas Tech — As I always say, it's your money.
Also: Oklahoma State over Wichita, Tulsa over Detroit, Hardin Simmons over West Texas State, North Texas State over Houston and New Mexico State over Texas Western.

Discouraged Hunters Can Start Smiling Again

By SEEN HOSNER
Good news for Florida's duck hunters arrives from the Canadian "duck factory" this week, news again indicating that earlier, USA reports had been far too pessimistic.

overall reduction in the total waterfowl population as compared with last year.
"But the waterfowl population is still at a high level and, as I said above, it is difficult to visualize this reduction in the light of what we are now seeing."
The duck expert comments that Canadian geese are up, white-fronted and lesser snow geese are not yet down to sufficient numbers from the Arctic to tell.
So much for this wonderful report from the "duck factory" up north.

I am going to quote in more detail than usual from the Canadian wild duck survey, by E. W. Clark, which is the material for Ducks Unlimited, simply to cheer up a lot of discouraged Floridians.
No wonder: "The area north of Minnesota to the Peace River district is carrying the heaviest duck population ever seen by our experienced observer, Fred Sharp.
For example, 16 lakes with an aggregate shoreline of 230 miles, were estimated to be carrying nearly one and a half million ducks. Similar heavy concentrations are reported from Lac la Pêche, Mistik Lake and Vermilion Lakes," Cartwright comments.
"The best of the excellent area was Utkikma Lake with a shoreline of 43 miles and an estimated population of 670,000 ducks (13,000 per mile). Here is an abstract from the record log of the flight around Utkikma:—"Utkikma Lake at full supply level. Sculpin and Convictfish predominating on east shore. Sage pondweed beds well developed, running well into 1 1/2 lake over quarter of mile. Eelgrass down east shore — 40 per cent scum, 20 per cent canvasbacks, 20 per cent Redheads, baldpate, Teal, Mallards and Baldpate. The shores interspersed with hardstem bulrush. The estimated 20,000 ducks per running mile will have to be revised upward to 15,000 — a more spectacular concentration of waterfowl I have never seen. All the lakes, the north side of Lesser Slave and West of Utkikma are populated with all species, but divers predominating, Canvasbacks, lesser Scaup, Redheads."
Cartwright perhaps the world's greatest authority on waterfowl, assesses up the entire Canadian situation this way: "Concentrations of waterfowl in the northern areas of all three prairie provinces and the bulk-up of birds on available waters in the southern areas make it difficult to visualize an

Page 6—Wed. Oct. 21, 1959

GOOD START By Alan Mauer

RED WAS A TOP END WITH THE RAMS, BOTH IN CLEVELAND AND LOS ANGELES. HELPED THEM WIN THEIR FIRST TITLE IN 1955. NOW TO DO AS WELL WITH THE GIANTS WHO HAVE NEVER BEEN HIGHER THAN 2ND SINCE ENTERING THE N.F.L. IN 1950.

Georgia Plans To Stress Passing In SEC Contest

United Press International
Georgia's Bulldogs, the fifth Southeastern Conference team to meet the Kentucky Wildcats this season, stressed the passing game Tuesday in hopes of keeping the Wildcats in the habit of losing.
Kentucky, which has had the misfortune of meeting the likes of LSU, Mississippi, Auburn and Georgia Tech, hopes for an easier game Saturday night in Lexington.
Coach Wally Butts, knowing what a good showing the Wildcats have made in all of their losses in the SEC to date, worked his Georgia on pass defense and offense in hopes of keeping at the top of the conference.
Auburn's Tigers worked for more depth for their game with the University of Miami Friday night. Coach Ralph Jordan said he needs more help than the 25 men who played against Georgia Tech last weekend. Jordan cited how tired Navy got in its game with Miami last weekend.

Wynn, Sam Jones Grab Top Hurler Honors For 1959

NEW YORK (UPI) — Early Wynn and Sam Jones, two "pleasingly wild" right-handers who seemed to improve with age, were named the major league pitchers of the year today by the United Press International.
Wynn, a 22-game winner for the Chicago White Sox, won the American League award with 23 of a possible 24 votes from the committee of experts representing every city in the league. The other vote went to Camillo Pascual who won 17 games for the Washington Senators.
Jones, who appeared in 50 games and had a 21-15 record for the San Francisco Giants, received 16 votes from the National League Committee. Erroy Face, the amazingly successful reliever of the Pittsburgh Pirates, got six votes and Johnny Antonelli of the Milwaukee Braves got one each.
It was something of a year of vindication for both award winners — Wynn because he had experienced two straight losing seasons and Jones because he proved he could win under the pressure of a pennant race.
Wynn, 39, of Hartford, Ala., was the steady hand of the White Sox staff all season. He had a 22-10 record and a 3.13 earned run average. With 271 victories he now is the biggest winner among active major league pitchers and seems to have a good chance to make the 300-club. Yet he started the season as a definite question mark after successive 14-7 and 14-16 seasons that seemed to indicate he was on the way down.
Jones, 34, a native of Stewartsville, Ohio, doubled as a starter and reliever for the pitcher-thin Giants and wound up with a 2.89 earned run average. Down the stretch, the 6-foot, 4-inch, 215-pound right-hander turned out to be the clutch pitcher of the San Francisco staff and on the final Saturday of the season pitched a seven-inning no-hitter that kept the Giants' hopes alive for a few more hours.

Seminoles Prep For Winter Park Tit

By JERRY COVINGTON
The Sanford Seminoles are hard at work this week in an effort to be at full strength for the all-important Orange Belt Conference contest this Friday night against Winter Park.

The Seminoles return home to Memorial Stadium after being on the road for the past two weeks. The Seminoles record at the halfway mark now stands at 1-4 and although things have been going a little rough they are still in good shape to take honors in the Conference. In their only conference outing this season they lost a thriller to Apopka 13-12 and if they rebound they could still polish off Winter Park, Leesburg, and Lakeview.

At present Lakeview looks like the strongest team in the pop. After a very disappointing 16-13 defeat at the hands of FI Myers last week, the Seminoles spirit is still high and they should be ready to hit the trail of victory this week. The Seminoles offense has been working with John Mann at fullback in drills this week and the small youngster has been very impressive. Mike Roberts will be back at the quarterback spot this week after running at fullback and will be handling the passing and signal calling.
Speedsters John Lovelace and Ray Lundquist will be at their usual halfback spots. Lovelace was especially outstanding last week against the Green Wave and should be ready to give the Parkers plenty of trouble.
With the exception of Mann at fullback, the Seminoles will go along with the same lineup as last week.

Casanova Gets Coaching Award

EUGENE, Ore. (UPI) — He never has depth of material, so he makes a flaming team spirit do the job instead.
He stresses the human touch so much that he even finds time to console rival players — like Bobby Newman of Washington State, whose missed extra-point try two years ago gave Oregon a 14-12 win that paved the way to the Rose Bowl.
He's Len Casanova of Oregon, honored today by United Press International as the college football "Coach of the Week" for Oregon's 20-3 upset of the Air Force Academy. It was the fifth straight win for unbeaten, almost unnoted Oregon and the first loss in 15 games for the Air Force.

Logart Battles In TV Match

MIAMI BEACH (UPI) — "Serious" Isaac Logart of Coaguay, Cuba, tackles with unbeaten hometown Luis Rodriguez tonight in a nationally televised 10-round welterweight fight at Miami Beach Auditorium.
For Logart, 26, the battle could mean a return to the ranks of the top 10 contenders.

Colts, Frisco, Giants Favored In NFL Play

United Press International
The Baltimore Colts, San Francisco Forty-Niners and New York Giants are favored to retain their grips on first place in three of Sunday's National Football League features.
The Colts are heavy, 13-point favorites to whip the Green Bay Packers at Baltimore although they share the Western Division lead with the Packers and Forty-Niners. The Forty-Niners entertain the Chicago Bears (1-3) and are slim, one-point favorites. The Western leaders have 3-1 records.
The oddsmakers also made New York (3-1) a one-point choice to retain its one-game Eastern Division lead by defeating the Steelers at Pittsburgh. The Steelers, Cleveland Browns, Washington Redskins and Philadelphia Eagles (each 2-2) are tied for second behind the Giants.
Cleveland plays host to the crippled Redskins and is a 9½

Finsterwald Honored Top Florida Athlete

MIAMI (UPI) — Modest Dow Finsterwald, Tequesta's 30-year-old golf professional who won the Florida PGA Championship at Naples Sunday, has been chosen United Press International's "Florida Athlete of the Week."

The Athens, Ohio, native hasn't been known as a consistent tournament winner since turning pro in 1955 and he admits to shortcomings in his game.
But money — wise, he ranks among the best in history.

The state's sports writers voted the honor to Finsterwald, the PGA's "Gopher of the Year" in 1958, for his comeback in the last round to win the state tournament.

Finsterwald trailed the leader by five strokes at the start of the final round. Heavy winds and torrential rains brought by Tropical Storm Judith made the course almost unplayable.
But Finsterwald cut seven strokes off par and finished with a 65 and a 72-hole total of 277, one stroke better than Burt Beletts of Tampa.
Finsterwald won the tournament where most tournaments are won — on the green. He dropped several long putts in compiling eight birdies against only one bogey, including a 15-footer on the fifth hole and a 12-footer on the seventh.

Filmed Baseball Games Scheduled

Just because the baseball season is over doesn't mean the game is off the air — if you happen to live in the right places. Peter de Mat Productions is syndicating to individual stations a package of one-hour versions of 26 major league games of the 1959 season selected on the basis of their worth as exciting baseball and entertainment. Each major league city is represented at least once in the series.

Buy Contract
CINCINNATI (UPI) — The Cincinnati Reds have purchased the contract of third baseman Tom Dettler from Nashville of the Southern Association. Dettler, a brother of Reds catcher Dutch Dettler, batted .350 with Nashville last season and hit eight home runs.

No Bull Story

SOLIHULL, England (UPI) — Brook Mandore, the pretty bull whose skinned locks may yet be the death of him, lived on borrowed time today.

Even though the Ministry of Agriculture has ruled the spotted bull must die because his lovely, cow-like face might be passed on to his male offspring, thousands of Britons were rallying to his aid.

Brook Mandore appeared on nationwide television Tuesday night and his sweetness and gentility sparked a "save-the-bull" movement.

Farmer William Titcomb, owner of the 14-month-old purebred Ayrshire bull, said he could probably stall the execution a few days. An Irish farmer offered to buy Brook several days ago and Titcomb today awaited a final offer.

Titcomb's wife said individuals and organizations have offered to circulate petitions demanding that the beautiful bull's death sentence be commuted.

And the Ayrshire Society of Scotland, which lost an earlier battle with the agricultural bureaucracy to save the bull, vowed to return to the fray.

The Ministry of Agriculture refused to license Brook for breeding purposes on the ground he might sire even more pretty male bulls and ruin the Ayrshire breed.

The ministry gave Titcomb one of three most unsatisfactory choices as to what to do about Brook—they could slaughter him, castrate him, or ship him out of the country.

The Titcombs wined at the first two choices and settled for the third.

Bank Robber Wanted By FBI

WASHINGTON (UPI) — An accused armed bank robber, whose wife and three children are believed to have gone into hiding with him, was listed by the FBI today as one of its 10 most wanted criminals.

The fugitive is Joseph Lloyd Thomas who has been indicted for the \$34,000 hold-up of a Shreveport, La., bank on Feb. 13, 1938. Two of his colleagues were caught immediately after the robbery but Thomas escaped.

According to the FBI, shortly after the bank robbery, Thomas' wife and their three children — aged 11, 8 and 4 — disappeared from their home in Terre Haute, Ind., and are believed to be accompanying him in his flight. Thomas is known to prefer motels to hotels and has lived in house trailers in the past.

The FBI warns Thomas must be considered armed and dangerous. Shooting marked the Shreveport bank robbery and a teller was wounded. The FBI reports that the fugitive usually carries a revolver, 50 extra rounds of ammunition and a flask of whiskey.

Thomas, who became 48 years old Tuesday, has a criminal record dating back to 1928. He has served sentences for auto theft and possession of a still.

However, for nearly 19 years before the bank robbery, he apparently went straight. He was self-employed as a car salesman, owner of a drive-in restaurant, bricklayer, laborer and carpenter.

For a while he operated a surplus, property business and drove large trucks in the South, Midwest and Southwest.

Thomas stands 5 ft. 8 in. tall and weighs 170 pounds. He has a dark complexion and is of medium build. He has a small scar at the right side of his mouth, another at the base of his left index finger and a third on the first joint of the right middle finger.

RUSSELL A. LANGELLE, a security officer of the U. S. Embassy in Moscow, boards plane to U. S. after the Russians charged him with carrying on espionage and ordered him to leave the country.

Judge Hits Out At Caste System In Northern Cities

NEW YORK (UPI) — A New York judge warned Tuesday night that a "caste system" has developed in the North, creating a "widening gulf between whites and non-whites, between skilled and unskilled workers and between long-time residents and new immigrants to New York and other major urban centers."

Justice Justice Wise Poller of the domestic relations court told the American Jewish Congress in a speech that the newcomers' traditional dream of rising from ignorance and poverty in America has been "shattered."

She blamed segregation "imposed" on Negroes and Puerto Ricans in housing, job opportunities and education, and called for a "broad and sweeping attack on the challenge that every large city in the nation faces — slums, discrimination and human neglect."

Justice Poller said that the recent heavy influx of Puerto Ricans to New York and other large cities, along with the continuing northward migration of many Negro families, has created a pool of "cheap labor" that contrasts sharply with the high pay received by organized and skilled labor.

"This situation has served to widen even further the chasm between middle and upper economic groups and those forced to live in slum and ghetto areas by reason of color and inadequate income," she said.

Purple Potatoes Taste The Same

KEARNEY, Neb. (UPI) — About Mark E. McConnell's farm live purple-potato eaters. McConnell's been growing the purple spuds since '56. They're fine for mashing, baking, french-frying. They even make good potato chips. They're purple clear through, but they taste just like regular potatoes, McConnell said.

Business Boom In Final 3 Months Of Year Appears Out Of Window

WASHINGTON (UPI) — The economic boom anticipated for the last three months of this year is out the window. Government officials blame the steel strike.

The boom had been expected to whittle unemployment to the lowest level in two years. Officials also had hoped it would produce enough tax revenue to keep the federal budget in the black.

But the narrow budget surplus of \$6 million dollars predicted for the current year now is in grave danger of turning into a deficit

and unemployment is expected to remain above 8 million because of the 99-day steel walkout.

Earlier in the year government officials had expected that a sustained improvement in the economy in October, November and December combined with usual seasonal trends would drop unemployment in October to below three million.

Labor Secretary James P. Mitchell was so confident of this last spring he offered to eat his hat publicly if it didn't occur. With

3,230,000 persons out of work in September and layoffs in steel-using industries mounting, Mitchell is being advised to prepare to devour his fedora.

The economists, meanwhile, expect that the October-November-December boom will be stretched out. An earlier estimate of a 495 billion dollars annual output rate of goods and services in the three months has been abandoned as out of reach.

The government will report in a day or two that total output in

July, August and September fell below the 484-billion-dollar annual rate posted in the spring.

Officials are not alarmed over the slide which was very small.

Gospel Sing Set

The Kingdom Hall Gospel Singers of Hollywood will present a religious musical recital at the Triumph Church, W. 13th at Orlando Ave. next Sunday beginning at 7 p. m. A free-will offering will be taken.

Abnormally high steel output and stockpiling in the spring gave the national output rate an artificial boost.

Opinions differ on whether the strike and its aftermath will be inflationary. George W. Taylor, head of the presidential fact-finding panel which investigated the

steel dispute has said shortages caused by the strike would tend to push prices up. But other experts believe the slowdown in economic expansion may work in just the opposite way.

HONEYMOONING at the age of 83 is Actor Charles Coburn, shown with his bride, 41-year old widow, Mrs. Winifred Natzka. The spry actor, a widower since 1937, took off his monocle long enough to kiss the bride, then replaced it for this happy honeymoon pose.

Worry Clinic

Diane works for a large Cincinnati firm, "what do you think of the psychological 'climate' in her office? It is moral 'dry rot' that will ultimately ruin this great Republic and not Russian Reds. Unless you are a real missionary, you better try to mingle with good people, as the Chinese proverb says.

By DR. GEORGE W. CRANE, CASE C-473: Diane D., aged 24, works in a Cincinnati office. Recently she came to see me because of a radical change in the psychological "climate" of her office.

"Dr. Crane," she began, "my employer is about 35 and married, with his family in a neighboring state. 'But for a year he has tried to date me. He has also coaxed me many times to share his apartment with him. 'But I don't like the idea of going out with a married man. Meanwhile, the other girls in the office keep telling coarse tales and saying they spend their vacations with men at various motels. 'So when I spent two weeks in Florida recently, they pestered me on my return to find out what man I went with and where we spent our nights. 'Because this seemed to be a mark of prestige with them, I just went along with the general trend and let them think I had spent my two weeks with a man at a Florida hotel, even though that was not true. 'Now my boss no longer pays any attention to me but has shifted his interest to a divorcee who recently got a job with our firm. 'And the other girls are no longer friendly, either, so I am left alone. It is very hard to be left out of things and to be ignored, so what should I do, Dr. Crane?'"

Paganism in America

While we attack Communism as atheistic and devote billions to national defense, maybe we should focus on the moral rot that is infecting America here at home. When an office staff grows so depraved that the women employees tell risqué stories and consider it a mark of distinction

Halloween Party For Lake Mary Area Set Oct. 24

A Lake Mary Halloween Party sponsored by the town Chamber of Commerce will be held from 4 to 8 p. m. Saturday at the Lake Mary Scout Park.

Boy Scouts will act as hosts at the carnival which will feature game booths and pony rides for the children, refreshments from a chuck wagon, and a costume parade with prizes for the winners.

A teen-age dance in the Scout Hut will follow the carnival with a prize for the best costumed dancer. Prize donations may be left at the Lake Mary Food Market or with Mrs. Damon Scott.

Casselberry Adds New Fire Truck

Casselberry has improved its fire protection by purchasing an additional fire engine to augment the truck in use.

The new truck is a 300-gallon pumper and has all of the most modern fire fighting equipment.

Some special features of the truck are a float strainer, a gated suction line and a resuscitator unit. Fire Chief Paul Bates explained.

German Refugee To Leave Sanford

Karoly Koppanyi found a way to America in the Sanford's First Methodist Church Youth Fellowship and the Methodist Committee on Overseas Relief.

The youth who fled to West Germany after the Hungarian uprising and whose English was limited to "okay" at his Aug. 20 arrival in Sanford, left recently for Melrose, Mass., to join a childhood friend who had also come to America under the Methodist Overseas Relief program.

"Charley" arrived here from West Germany where he had been working in a Volkswagen plant. His Hungarian father had spent three years in a Siberian work camp. Karoly's way to America was paved by the Sanford Methodist youth group through a church supper which brought the money to get the young, displaced person here. Final arrangements for Karoly's transportation

were made through the New York office of the M.C.O.R.

Youth Fellowship members met "Charley" when his bus arrived in Sanford. German exchange student Norbert Peters provided the language interpretation. Karoly's smile "won the hearts of Sanford Methodist Youth, maybe 'wowed' their hearts too," said First Methodist Church pastor Rev. T. C. O'Steen.

During his stay at the home of E. D. Kirchhoff, Karoly's knowledge of English increased and he was soon saying much more than "The good!" and "okay." Soon he had a job and was paying his own way. He repaid the Methodist youth for his transportation and had enough savings left to go to Melrose. Karoly will be helped with a job and a home by Sandor Barcsa who also came to the United

States under the Methodist Committee on Overseas Relief program.

The Sanford Methodist Youth group now looks forward to helping another "Charley" Koppanyi, said Rev. O'Steen. "One who will probably say with our first 'Charley', 'The good to be in America where you speak without fear of being arrested by Communist cop.'"

Lake Mary Firemen To Attend Course

The Lake Mary Volunteer fire department is decided to participate in the firefighting course offered by the State Fire College. Auxiliary members have completed plans for the Halloween masquerade party. Door prizes will be awarded and refreshments served during the party hours Oct. 31. Tickets are available from any auxiliary member and from several business establishments in Lake Mary.

Proceeds from the event will be applied toward purchase and installation of two 12-inch loudspeakers and a microphone which can be connected to a untable.

SHE'S PLUME ANXIOUS TO GO!

Grief-Stricken Family Pays Homage To Lanza

HOLLYWOOD (UPI)—The grief-stricken family and thousands of fans pay final homage today to Mario Lanza — the fabulously talented singer whose career was cut short by death at the age of 38.

A Solemn Requiem Mass was scheduled at the Blessed Sacrament Catholic Church with eulogies to follow at Calvary Mausoleum.

Antonio Cocozza, the pale, 72-

year-old father of Lanza threw himself on his son's casket Tuesday night before 1,500 mourners following recitation of Rosary at the church.

"Say something to me Freddy!" the grief-stricken man screamed. He pounded the casket and wept. Alfredo was Lanza's real first name.

Lanza's mother stood by her husband at the casket crying: "My baby, my baby, my baby."

VOL. XLIX United Press Leased Wire Established 1908 THURSDAY, OCTOBER 22, 1959 SANFORD, FLORIDA NO. 547

New Rebellion Breaks Out In Cuba As Anti-Castro Bombers Hit Havana

HAVANA (UPI) — The Cuban Federation of Labor ordered 1,500,000 of its members to stage a one-hour work stoppage today to show their support for Premier Fidel Castro in the latest crisis affecting his regime.

The general strike order came after a series of bombings and an anti-Castro leaflet raid on Havana threw the city into temporary panic Wednesday night.

The morning newspaper (Information) reported that one large plane and three small planes were involved.

Other newspapers mentioned only a single plane. The confusion apparently was caused by the darkness and the many military planes sent up.

The air force planes fired on the leaflet-dropping aircraft, but the latter was not believed to have fired back. The flash of machine-gun fire from the military planes could be seen on the ground.

In calling the general strike for the hour between 3 and 4 p. m., David Salvador, secretary general of the federation, said the stoppage would be a manifestation that every worker was "supporting the revolution." He said it would not apply to electricity and telephones.

Other persons were believed to have been injured by motorized raiders who sped through the city later Wednesday night, tossing home-made bombs or hand grenades out of the windows of their cars.

Delegates to the convention of

the American Society of Travel Agents that opened here Monday watched excitedly as warplanes roared low over Havana, their machine guns spitting fire. None of them was injured.

The air battle and the bombings caused momentary panic in the heart of Havana but the city's life went on much as usual. Night spots and gambling places remained open although there were few tourists on hand.

The leaflets that showered down on Havana were signed by Maj. Pedro L. Diaz Lanx, a former commander of the Cuban air force who resigned and fled to the United States last spring in protest against what he described as growing Red infiltration of Castro's revolutionary regime.

Thousands of leaflets fell in the vicinity of the hotels where the ASTA delegates are staying, but few of the American visitors could read them because they were written in Spanish.

Mr., Mrs., Bill Kirk Greet Friend

Canal, Post Office Coming, Sen. Smathers Tells County

Senator George Smathers gave Seminole County some encouragement on a couple of local projects last night, reviewed the actions of the Congress this year and put "every citizen" on notice that "there may have to be some belt tightening to win the struggle with Mr. Khrushchev."

He wouldn't say whether he will accept the nomination as Florida's favorite son candidate for the presidency, but his administrative assistant said a yes or no announcement probably will be made next month.

He also estimated that great population gains will give Florida at least three more seats in the U. S. House of Representatives after the next census.

"And I would like to see all our young politicians concentrate on those House seats instead of the Senate," he joked.

Mayor A. L. Wilson presented Smathers with a key to the city and State Sen. Douglas Stenstrom introduced him.

Smathers told members of the

civic clubs present at the dinner in his honor here that the Sanford-Titusville Canal "will be recognized as feasible by the U. S. engineers" and said that "expanded post office facilities can be expected, probably next year."

The engineers finally have agreed that the cross-state canal is justified as a transportation link and "they surely will find the same answer on the Sanford-Titusville canal," the senator said.

Smathers gave an eloquent explanation of why he thinks the visit to this country by Nikita Khrushchev resulted in gains for the free world in the cold war.

"Mr. Khrushchev saw this nation as it really is and not as his propagandists had painted it. He saw why our productivity makes us strong and why it makes our free enterprise system superior to his system," Smathers said.

"And we saw him as he really is—a hard man, zealously dedicated to communism. Now we know that we have a long, hard battle against Mr. Khrushchev to keep

our friendly nations on our side.

"During his visit he agreed to negotiate more with us, but every citizen must face the possibility of at some time tightening belts in the struggle to keep the democracies strong."

Smathers called the lag in U. S. missile production "a terrible indictment of somebody," but said he "wouldn't go into that now."

Florida's junior senator called the new labor reform bill "a good bill, long overdue to check union leaders who have become arrogantly contemptuous of the public."

The housing, airport and highway bills passed by the first session of this Congress are "minimum bills and we tried to get better," he said.

The civic dinner for Smathers, who is making a tour of the state, was arranged by the city manager's office with the cooperation of the various civic clubs. A turnout of 300 people gave the senator a rising ovation and he shook hands for 45 minutes after the dinner.

Steel Union Blocks Back-To-Work Ruling

DEBARY Chamber of Commerce officials applauded last night's turnout for the monthly meeting of the organization as 92 members attended. Officers are, left to right, Executive Secretary D. A. L. Lincoln, Vice President Howard Scharp, President Harry Newton, Recording Secretary Orville Dunkle, Treasurer Rudolph Tettelman and Harry Kirkus, secretary emeritus.

Legality Of T-H Law Attacked

PHILADELPHIA (UPI) — A back-to-work court order in the 100-day steel strike was blocked for an indefinite period today when United Steelworkers Union attacked the Taft-Hartley Act as unconstitutional.

The union also challenged the government's claim that the strike imperiled the nation and said the walkout "could continue until 1960 without any adverse impact on the economy."

A panel of three judges ordered an indefinite stay of a back-to-work order handed down Wednesday in Pittsburgh. The stay merely supported another ruling which stayed off enforcing the injunction.

Judge John L. Biggs of the third U. S. Circuit Court of Appeals said the "stay will be continued until the arguments on the merits have been heard" — supporting Judge Austin L. Staley's ruling of Wednesday.

The United Steelworkers Union asked the judges to throw out a Taft-Hartley injunction in the steel strike on grounds the government has not shown that the safety of the nation is imperiled.

"It is plainly not sufficient simply to submit an affidavit from the secretary of defense or some other government official stating that the strike creates a peril to national health or safety," union counsel Arthur J. Goldberg said.

Goldberg told the court that the burden of the government to supply testimony to support its conclusion "is not met simply by submitting an affidavit or simply stating that conclusion."

The union attorney said the government—in its appeal for the Taft-Hartley back-to-work injunction—did not explain its contention that production in "unstruck mills cannot meet the defense needs."

"It is not the burden of the defendant union to show that there is no peril to national health and safety," Goldberg said. "It was the burden of the plaintiff to show that there is."

Goldberg said Congress "did not mean to entrust to a single district judge the right to 'require' free men to work or require free industry to operate."

"Once the injunction becomes effective, the damage is done," he said.

News Briefs

16 Injured
HICKORY, N. C. (UPI) — Sixteen students suffered minor injuries today when a loaded school bus ran off a dirt road and overturned in a ditch near here. The students, from the Sherill's Ford elementary school near Catawba and from Handys High School at Catawba, were treated at a doctor's office and released.

Plenty Of Water
MIAMI (UPI) The Everglades was brimful of water today after five days of deluging rains which drove animals and snakes out of their lairs to high ground. Though the rain caused discomfort to people, beasts and reptiles in the Everglades, it indirectly helped reduce the future mosquito population.

Plane Crashes
NORFOLK, Va. (UPI) — An A422 Navy tanker plane crashed in the Mediterranean late Wednesday night as it was attempting a landing onto the aircraft carrier USS Saratoga.

The pilot was identified as Lt. Andrew J. Goodwin Jr. of Jacksonville.

Studying Application
WEST PALM BEACH (UPI) — The Palm Beach County School Board is studying an amended application of a Negro student to attend a white school here, William M. Holland, Negro attorney, originally applied for his son, William Jr., 8, to attend the white Northboro School.

'Fantastic Lie'
WASHINGTON (UPI) — The man the Russians accuse of being an American spy came home today tired, nervous and protesting it was all "a fantastic lie." Russell A. Langelle stepped off an airliner at National Airport holding a brown briefcase tightly in one arm and his sleeping 2-year-old daughter, Mary, in the other.

Latin Outbreak
MANAGUA, Nicaragua (UPI) — Border raiders from Honduras killed one Nicaraguan soldier Tuesday, wounded another and kidnapped an American and two Nicaraguans, it was announced today. An Army communique said a number of the raiders are believed to have been wounded in a skirmish with a small Nicaraguan force in the town of Quilali.

Ike Shifts Space Program To NASA And Plans To Ask For More Money

AUGUSTA, Ga. (UPI) — President Eisenhower told a news conference today that he plans to ask Congress for higher appropriations next year for the American space program.

The chief executive also said that if Maj. Gen. John B. Medaris, who has announced his retirement as head of the Army Ordnance Missile Command, has any complaints he would like to hear them personally.

The President touched on a broad range of space and missile topics today as reporters questioned him with numerous questions stemming from his announcement Wednesday that the Army Ballistic Missile Agency will be shifted to the civilian National Aeronautics and Space Agency "to strengthen the national space effort."

Mildly but still plainly, Eisenhower rejected the theory of Medaris as stated by a reporter, "that we are straddling the issue of competing with Russia in space."

Administration sources said today they hoped Congress would

give quick approval to Eisenhower's reshuffling.

The administration wants to avoid a long drawn-out congressional inquiry into the transfer of the famed Wernher von Braun rocket team from the Army to the civilian space agency when the Senate and House reconvene in January.

But initial reaction from congressional military experts indicated the lawmakers want to take a careful look at the shift. The reorganization would become effective 90 days after Congress was officially notified of the plans unless rejected by the Senate or House.

Von Braun said he looked forward to working with the civilian agency. He said the "major concern" of his team was to continue to take part in the U. S. space program.

One of the chief advantages of the shift, administration sources said, could be a speed-up in development of the Saturn rocket booster which will have 1,600,000 pounds of thrust — more than twice the power of the rockets Russia is believed using in its Lunik programs.

The Saturn is the major project at the Army Ballistic Missile Agency in Huntsville, Ala., where the team of scientists and technicians headed by Von Braun is based.

1 p. m. Stocks

NEW YORK (UPI) — Stock prices at 1 p. m. est:	
American T & T	78 1/2
American Tobacco	101 1/2

Ike Favors West Summit Meet Soon As Possible

AUGUSTA, Ga. (UPI) — President Eisenhower said today that he still strongly favors a Western summit conference as soon as possible, but told reporters he does not feel the same sense of urgency about a full-scale summit meeting with Soviet Russia.

Other major news from the President's conference with reporters:

He called "fixed" television quiz shows, as revealed in recent congressional disclosures, a terrible thing to do to the American people. He said he had asked Atty. Gen. William P. Rogers to determine the proper role of the Federal Communications Commission.

Despite his use of the Taft-Hartley labor management law, he is still hopeful that both sides in the steel strike will, as he put it, awaken to their obligations to the American people and resolve their differences in free collective bargaining.

He looked apace for the time being at additional labor legislation, saying he opposed the idea of adding to punitive laws. But on the other hand, he said, if the American people do not exercise the required self-discipline in their economic disputes the role of government in such disputes will have to be re-examined.

He disclosed that the "cold" he contracted three years ago actually was bronchitis which has become chronic. He said that in late September he found himself suffering from an acute cold and, as he put it, a flu attack on top of it. This was why he went to Palm Springs, Calif., and why he has been searching for warm weather since then. The President seemed to be feeling fine and in excellent spirits today.

Youth Faces Traffic Charge
An 18-year-old Sanford youth was charged with failure to grant the right of way after his car collided with another vehicle at 25th St. and French Ave. late yesterday afternoon. Police reported.

Jack Bookle Mann Jr. of 2510 Laurel Ave. was given the traffic violation after his car collided with a car operated by Harold Kasper of Orlando.

Damage to Mann's car was estimated at \$125 and \$45 to the Kasper vehicle, police said.

Quints Mother Wants Children

SAN ANTONIO, Tex. (UPI) — Pretty Mrs. Charles G. Hannan said today in her first interview since she gave birth to quintuplets that she wants more children and hopes they are girls.

She gave birth Tuesday in Leland Air Force Base hospital to five girls, all of whom died because they were three months premature.

Her husband, an Air Force first lieutenant and aerial tanker navigator, sat on her bed today while she talked to two women reporters.

"I can't believe it all happened to me," she said. "I am happy to have brought five daughters into the world. I understand God's will; not his why."

She wore a flowered bed jacket and lipstick and seemed in good spirits. Her spirits actually seemed better than those of her husband. Mrs. Hannan, a blonde, is 27.

Hannan said she had told his sons about what happened.

"The older boy (5) understood but I don't think the smaller boy (4) did," she said. "Robert seemed quiet and sort of withdrawn because he had been anxious to have a sister."

The babies—Deborah Lynn, Janet Lee, Karen Denise, Melissa Jane and Suzanna Kay—will be buried Friday in separate coffins in Taylor, Tex., the hometown of the Hannans.

Fund Gets \$362
Contributions to the Seminole County United Fund yesterday amounted to \$362.50 from 28 donors. The fund drive has now brought \$8,525.38 from 72 contributors.

Youth Charged
A 16-year-old Enterprise boy was placed into his parents' custody by juvenile authorities yesterday after he was arrested trying to break a telephone coin box on 2nd St. and Oak Ave., police reported.

JUST PRACTICING, said Dr. Tom Lergen yesterday as he used a veterinarian's hypodermic on Peggy Jane Lundquist to prepare for the Jaycees' polio inoculation day Saturday. Inoculation drive chairman Garnett White, right, and Jaycee Secretary Jack Wilber were the sympathetic onlookers for the kidding. In the very serious business Saturday, registered nurses will give the shots at the Jaycee Building, 403 French Ave., from 9 a. m. to 5 p. m. Dr. Lergen will be on duty at the building during the inoculations.

Fire Breaks Out In Church Belfry

Fire, caused by faulty wiring, broke out in the belfry of Longwood's Christ Episcopal Church about 4:30 p. m. yesterday.

Damages were estimated at \$2,500-\$3,000 by the vicar, Rev. George L. Giranger, who said that the Longwood Fire Department and volunteers of the neighborhood managed to contain the flames in the belfry. The church proper, built in 1879, was unharmed except for smoke damage.

The Lake Mary Department answered the call to stand by.

Jupiter Rumbles Successfully

CAPE CANAVERAL (UPI) — The Army, fresh from setting the ax in the super-space field, Wednesday night successfully fired a Jupiter IRBM — the missile which first put the U. S. in the space race.

The 60-foot-tall rocket rumbled from its pad at 10:20 p. m.
