

# Sanford To Meet Daytona Beach In Twin Bill Tonight

## Fed-Islet Tilt Postponed; Stanton And Lake Slated To Get Krider's Mound Call

A rain soaked field and squally weather in Daytona Beach forced the Fed-Islet game to be postponed last night.

The two teams return to the Municipal Park tonight for a twin attraction.

It is likely that Manager John Krider will name Buddy Lake and Bill Stanton to handle the hillcock shores for the Feds.

Tonight the fourth place Orlando Senators motor up to St. Augustine for a tilt, after being rained out in Orlando last night.

The Leesburg Pirates were drubbed in both ends of a twin bill in their home park by the Palatka Azaleas last evening. The Palatka team thrashed the Bucs in the twilight affair by a 4 to 3 margin and returned in the nightcap to cop the finale by a 6 to 2 score. Bill Loveys turned the trick in both tilts for the A's.

Big Chuck Aleno cracked a home run in the seventh inning of the contest between the Gainesville G-Men and the DeLand Red Hats to ice the tilt, 12 to 6. Aleno completed the evening by pitching six innings for the DeLand team, and received credit for the victory.

## Investigation Of Uprising In Sanford Called By Pres. Herlong

### COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.

Judge Herlong. We had a lengthy conversation yesterday with President Sid Herlong of the Florida State League and it looks as though the uprising that ended in a riot at the Municipal Park last Saturday night is far from being settled.

Herlong stated that he did not realize that the ruckus was as large as it was until after he tagged Manager Bevil with the \$25 fine and additional reports began to pour into his office.

It is quite evident that Umpire Laveley squelched the incident in his report.

All we can say is that Al Combs quit the presidency of the Florida State League at the right time. This incident is really going to brew and the stew is going to be thick.

Herlong stated that he wanted to have a complete hearing on the case and would likely hold the meeting in Sanford next week, probably next Wednesday afternoon.

Members of the Orlando Senator club, who were involved in the spectacle, several league officials and Manager John Krider of the Sanford Celery Feds will likely be called in to appear in the hearing.

In simple words Herlong will find himself in a muddle. The young jurist has announced that he will be a candidate for Congress in the coming election. No matter how he handles this problem he will make some people unhappy.

But Herlong is not a man to shun responsibility or to run from trouble.

It had been stated that Herlong was advised not to accept the arduous task of straightening out the Florida State League. He knew when he took the post that he would have to make decisions concerning cities that carry heavy votes in the Fifth Congressional District.

Herlong is to be commended for not running from the task. He jumped into the middle of the whirlpool and immediately slapped a \$50 ticket on the Daytona Beach Islets for not protecting players from abuse in the City Island Park. That took plenty of intestinal fortitude.

Upon accepting the presidency of the FSL Herlong stated that he would not tolerate any foolishness and would require all clubs to walk the straight and narrow line. Herlong, being an honest man, will not sidestep this issue and will face it. It is true that if he were less honest, and thinking only of vote getting come the primary elections next May, he might have bypassed the whole affair and would have let it drop with the \$25 fine stamped on Bevil.

The way it looks to us is that there will be more and larger repercussions from the Senator uprising.

## Sports Roundup

By SKIPPER PATRICK

KANSAS CITY, Aug. 14. (AP)—Co-owners Tom Baird and C. Y. Wilkinson of the Kansas City Monarchs declare the Major Leagues have only scratched the surface of outstanding talent in the Negro American and National Baseball circuits.

The Kansas City promoters broke in three of the four negroes now in the Majors—Brooklyn's Jackie Robinson and Wilder Brown and Henry Thompson of the St. Louis Browns.

The Baird-Wilkinson team, now in its twenty-seventh season, predicts that with better training and coaching the Negro Leagues would fairly blossom with Major League stars.

Leroy (Satchel) Paige, still the most cherished asset of the Monarchs, Kansas City's entry in the Negro American League, has been invited by the National Baseball Congress to throw out the first ball, make the pitch, or do just about anything he would like on the night of Aug. 20 when the first all-Dixie negro team makes its start in the congress' thirteenth semi-pro tournament to appear on opening night Friday, but Ole Satch has a conflicting league date.

Paige's 60 strikeouts in five games for the Esplanade, M. B. team in 1935 in the first national tournament, is still a record for the Dumont extravaganza.

Reeves Peters is serving his ninth year as secretary-treasurer of the National Association of Football Commissioners but actually he's not a commissioner, of the same status as other members of the association. The capable Kansas City prep school coach for 26 years and a former football-basketball referee, is commissioner of officials for the big six conference. . . . But his duties are limited to assigning officials for Big Six athletic contests. . . . He undertakes no administrative duties, does no rule interpreting or any of the other jobs most

## Legal Notice

IN RE: ESTATE OF MARY ROBERTS, DECEASED. IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, FLORIDA, IN PROBATE.

TO ALL CREDITORS AND PERSONS HAVING CLAIMS OR DEMANDS AGAINST SAID ESTATE: You and each of you are hereby notified and required to present any claims and demands which you, or either of you, may have against the estate of Mary Roberts, deceased, late of said County, to the County Judge of Seminole County, Florida, at his office in the court house of said County at Sanford, Florida, within eight calendar months from the time of the first publication of this notice. Each claim or demand shall be in writing, and shall state the place of residence and post office address of the claimant, and shall be sworn to by the claimant, agent, or attorney, and any such claim demanded not so filed shall be void.

Edna Grace Barton, Clerk. As executor of the Last Will and Testament of Mary Roberts, deceased. First publication August 14, 1947.

## YESTERDAY'S STARS

Dixie Howell, Pirates, smashed two home runs, his first of the season, one with the bases loaded and drove in six runs to help defeat the Chicago Cubs 10-2.

Fred Hutchinson, Tigers, twirled a nine-hitter for his 12th victory as the Tigers defeated the Browns 7-1 in the opener of a twilight-night double header.

The bitterest civil war in Colombia's history started in 1909, with 100,000 deaths in battle in three years.

## Wrightman Cup Play Between American, British Girls Begins

NEW YORK, Aug. 14. (AP)—Wrightman Cup play between women's tennis teams of the United States and Great Britain returns to this country for the first time since 1939 with the opening of the two-day series at Forest Hills Saturday.

Wimbledon Champion Margaret Osborne of San Francisco will meet Mrs. Jean Bostock and Louis Brough of Beverly Hills, Calif., No. 2 U. S. player, will face Mrs. Kay Stammers Mendies, veteran British star, in the opening singles. Saturday's program, according to pairings released yesterday by the U. S. Lawn Tennis Association will conclude with a doubles match between Doris Hart of Miami, and Mrs. Pat Todd of Hidden Valley, Calif., Wimbledon Champions, and the young British combination of Joy Gannon and Jean Quertier.

Three singles matches and a doubles test will comprise Sunday's program. In singles it will be Miss Hart against Mrs. Betty Hilton, Miss Brough against Mrs. Bostock and Miss Osborne against Mrs. Mendies. Miss Osborne and Miss Brough will oppose Mrs. Bostock and Mrs. Hilton in the doubles.

## Army Golfers Begin Play On Rain Soaked Ft. Benning Course

COLUMBUS, Ga., Aug. 14. (AP)—Capt. Fred Moseley of Norfolk, Va., medalist with a 54-hole total of 149 for the qualifying round, led the field today as 22 of the best U. S. Army golfers began match play over the rain-soaked Fort Benning Course.

In yesterday's tour of the course, Moseley, of the Second Air Transport Group of Fairfield, Calif., came in with a six-under par 66, including seven birdies. The score, coupled with a 74 registered in the opening half of the qualifying test Tuesday, gave him a two-stroke lead over the field.

Capt. Edward Kingsley of Murray, Utah, and Sgt. Harold Ridgley of Havertown, Penn., tied for the runner-up spot with 142 each.

Lt. C. M. Maloney of Jacksonville, Ill., posted a 143 and Lt. Kenneth Hughes of Mt. Holly, N. J., and Col. Jamie Gough of Mercedes, Tex., 144 each.

With 27 golfers having 149's or better, a sudden-death elimination was needed for nine men who came in with scores of 150. Lt. Vic Verzel of Irwin, Penn., and Capt. William Henderson of Garden City, N. Y., took pars on the first hole to assure themselves of spots. Chief Warrant Officer Dewey Moore of Ashland, Ky., Lt. Joe Worthington of San Antonio, and Corporal Takeo Kawakami of Honolulu, won out on the second hole.

The team crown was won by the Air Transport Command team of Capt. Moseley, Lt. Bruce Stinchcomb, Sgt. Gene Frase, and Lt. Joe Russell with 590 strokes. The Air Defense Command was second with 598 and the Headquarters Training Air Command third with 599.

The senior event for golfers 50 years old and up was scheduled to begin today along with the opening of match play.

## Inter-American Meet Is Urged To Set World Example

### Paraguay Mediation Is Agreed Upon; Brazilian Is Elected To Presidency

PETROPOLIS, Brazil, Aug. 14 (AP)—President Eurico Gaspar Dutra, welcoming representatives of 20 nations to a historic Inter-American Conference, urged today that they give the world an example for universal unity.

Pan American solidarity in the face of any prospective aggressor of the future, he told the delegates, would present the world with a "typical model" for such a structure.

Before the plenary session opened, the delegates agreed at a preparatory meeting to support mediation efforts in the Paraguayan civil war.

The delegates unanimously elected Raul Fernandes, Brazil's foreign minister, as president of this conference called to form a treaty of mutual defense.

President Dutra told the delegates that through their work here, they would translate into terms of practical policy the principle that "in an organized international society there can be no place for neutrality between law and crime."

Invited the American Republics, as members of the United Nations, to be ready to "waive their freedom of action on behalf of the community of which they are a part" in matters outside their own domestic interests.

He said it would be ideal if what was accomplished in the American Republics also could

## Major Hurricane Ravages Tampico On Inland Sweep

### Precautions Taken In Texas In Event Of Change In Direction

TAMPICO, Mex., Aug. 15 (AP)—A major tropical hurricane with winds well over 100 miles an hour struck the coast near this city at dawn today, ravaging Tampico itself with 90 to 95 mile winds.

For two days the storm had moved along the Mexican Coast, slaying with Tampico like a cat toy with a mouse.

Streets were deserted at 7:30 A. M. (EST) today as wind uprooted trees, shattered windows and destroyed signs and foliage.

Damage to oil wells was expected. The Weather Bureau here said many of its instruments were broken and accurate measurements had become impossible for the present.

The full force of the hurricane is expected to become apparent later in the morning. A U. S. Weather report at Brownsville earlier had said the storm "definitely" was moving inland.

Earlier indications that it might veer northeast and strike the Texas Coast proved groundless. Warnings had been issued for ships to remain in port. The Red Cross was standing by.

Residents had taken precautions, remembering the 1933 hurricane which killed about 30, injured hundreds, cost millions in property damage in the Gulf valley.

The hurricane's center of major proportions with 100 to 120 mile an hour winds at its center, had zig-zagged a crooked course near Tampico since Wednesday.

Late yesterday cloudbursts, stiff winds and extremely heavy rains had been issued. Beaches were flooded, and many cabins washed away.

Owners of houses near the sea

## Arab Leaders Are Executed In Palestine

### Action Against Brigandism Announced By Note From Jewish Underground

TEL AVIV, Palestine, Aug. 15 (AP)—Haganah, the Jewish underground organization, announced today it had executed seven Arabs "for the brigandism which has been responsible for recent attacks on Jewish settlements."

A gunfight took place, unofficial sources said, near an orange grove shanty which housed the Arabs. "There are possibly a dozen dead," police said. "There are some bodies still under the debris."

Four Arabs were found shot to death in the yard. The house itself was demolished by a blast early this morning. The house was about six miles from Jewish Tel Aviv and Arab Jaffa.

Several of the hundreds of bloody racial clashes which have taken a heavy toll in death and wounded since Sunday.

Haganah's communiqué said it had found the house "which was the headquarters for the brigandism which has been responsible for the recent attacks on Jewish settlements in the Plains of Sharon and for the attack on the Pan-Hawai Café (on the Yarkon River) Sunday night."

At the cafe 20 men, described by Jewish sources as Arabs, killed four and injured 10 others.

"Our soldiers executed the leader of the brigands and then executed six of his men found in the house," the communiqué said.

In the continuing racial strife near the boundary of Tel Aviv and Jaffa, two Arabs were found stabbed to death near the Hetriva quarter in the same area where a Jew was killed in the "house," the communiqué said.

The new killings brought the toll of dead since Sunday to at least 28, 17 Arabs and 11 Jews. Forty Arabs and 17 Jews have been wounded seriously and about 50 Arabs and Jews have been hurt.

## Canada Atom Control Plan Is Approved

### Atomic Energy Group Decides Red Plan Is Not Adequate In Present Form

LAKE SUCCESS, Aug. 15 (AP)—The political committee of the United Nations Atomic Energy Commission decided by 10 votes today that the Soviet plan for an international control commission is not adequate as it now stands. It left the way open for further talks, however.

The United States, which insisted repeatedly for a vote, and nine other members of the committee voted for a Canadian resolution which was stubbornly fought by Russia.

No negative vote or abstentions were taken, but Russia and Poland were on record officially against the proposal.

Several of the members said that the action did not mean the Soviet proposals were rejected. They insisted that the plan could be taken up again whenever the Russians brought in additional material such as answers to questions asked by Britain.

Andrei A. Gromyko of Russia told the committee its adoption would make "more difficult" the task of reaching agreement on an international atomic control plan.

George Ignatieff of Canada said the resolution was intended only to focus the discussion at this stage. Answering Gromyko's demand for a "point-by-point" talk on the Russian proposals, Ignatieff said the delegates were asked to speak, but none had returned to do so.

The Canadian resolution stated that the committee resolves that the Russian control commission proposals, submitted June 11, "as they now stand" do not "provide an adequate basis for the development by the committee of specific proposals for an international atomic control plan."

Whatver differences we have must be resolved by peaceful and democratic methods," Prime Minister Jawaharlal Nehru's cabinet declared. "We are free people today. Let us act then as free men and women."

Great throngs of the dominion's 400,000,000 celebrated joyously their new independence of the British raj. Communal warfare, which has left a trail of death and destruction in the Punjab, lessened in some centers.

Lord Mountbatten transferred British authority at midnight to the larger Dominion of India, whose 227,000,000 residents are overwhelmingly Hindu. He changed title from viceroy to governor general.

M. J. Jinnah, the famed Muslim League leader whose demand stood largely unopposed division of the country, became governor general of Pakistan and its 70,000,000, mostly Muslims, at Karachi.

Mohandas K. Gandhi, the trail little lawyer who became known as the "architect of India's freedom" by his lengthy, mild campaigning, began fasting, praying and spinning at his Belvedere "peace mission" in east Calcutta. Hundreds of thousands of the

PHILADELPHIA, Aug. 15 (AP)—Two trolley cars collided, injuring 13 persons, and through the turmoil inside one of the cars a seeing eye dog led his blind mistress to the street uninjured.

Almost all windows in both cars were broken in the crash last night and glass showered on passing motorists and pedestrians.

By the Associated Press—The Midwest drought appeared today to be breaking up somewhat as moderate or normal temperatures returned to most of the nation.

Except for the sweltering Atlantic states, scattered cooling showers or thunderstorms within the past 48 hours had sent temperatures back into the 80s or lower 90s over most of the Midwest.

P. F. Sutton, federal weather forecaster at Chicago, said soaking rains were widespread through the past 48 hours, but that the Mississippi River to the Appalachian Region and east they were expected to continue today.

More scattered light showers were expected in Minnesota and eastern portions of the Dakotas but general rain still were needed in the Plains States where some crops continued to deteriorate because of lack of moisture.

The northeast which has had two days of temperatures in the high 90s would have to wait at least another 24 hours for relief, the forecaster said, adding that the whole region would continue warm today.

## U.S. Rejects Soviet Proposal For Big 4 To Form Jap Treaty

### Bugsy's Girl Well Protected

PICTURED AT HER SUNSET ISLAND HOME, Miami, Fla., Virginia Hill, reputed friend of the late Benjamin "Bugsy" Siegel, confers with Edward Bishop, head of a private detective agency which is furnishing her with 24-hour guard. Reportedly threatened with death several times following the shooting of Siegel in her palatial California home, Miss Hill has lived in constant fear for her life. (International Soundphoto)

### State Department Insists On Parley Of 11 Nations Despite Red Boycott

WASHINGTON, Aug. 15 (AP)—The United States has rejected firmly a Soviet demand that the job of drawing up a peace treaty for Japan be left to the Big Four Pacific powers, the United States, Britain, China and Russia.

The American position was disclosed in a note made public today by the State Department. It was delivered to Semen K. Izrael, Russian charge d'affaires, by Charles E. Bohlen, departmental counselor, two days ago.

In the note, the United States maintained its longstanding position that the treaty should be drafted by a 11-nation conference. And it made plain that this treaty will proceed with that work even if Russia refuses to attend.

It also expressed its hope that the Soviet Union would join a Japanese peace treaty conference to be held "in the near future."

There has been no definite date set as yet for the conference but the eleven nations which have been invited to attend are this time: Australia, Britain, China, Russia, Australia, New Zealand, the Netherlands, France, the Philippines, India and Canada.

All but Russia have accepted the invitation.

The United States note was in answer to one from Russia in which the Soviet Union called for examination of the Japanese peace treaty problems by the council of foreign ministers.

This would be in line with the procedure following in drawing up peace treaties for Italy and Hungary. Both had called which

PEPPER PREFERS AS VICE-PRESIDENT

WASHINGTON, Aug. 15 (AP)—Senator Pepper (R-Fla.), predicting that President Truman will appoint the democratic vice-presidential nominee, suggested today that he choose "a champion of the working man."

The Florida Senator, told a reporter, however, he doesn't plan to be as follows:

1. A three-man arbitration board would be set up along lines similar to terms of article 17 in the Indo-Dutch Agreement signed at Batavia last March 25 between the Netherlands and the Indonesian Republic.

2. The International Court of Justice would be asked at the same time to decide whether the UN Security Council had jurisdiction over the Indonesian question.

Van Kleeffis was expected to announce his plan at the opening of the session.

KURUSU'S U. S. TRIP DEFENDED AT TRIAL

TOKYO, Aug. 15 (AP)—A witness told the international tribunal today that Saburo Kurusu's trip to Washington shortly before war broke out was carried out solely as one more effort offering an additional chance to succeed in the earnestly desired conclusion of negotiations.

Kuomachi Yamamoto, chief of the East Asiatic and American bureaus of the Foreign Office under Shigenori Togo, testified for the defense in the trial of 25 Japanese accused of war crimes. He said Kurusu left for Washington two days after the Japanese high command and cabinet at a liaison conference had decided to make final offer to the U. S. while continuing preparations to attack if the offer were not accepted.

"The suggestion has since been made that it was intended as a measure to gain time by deceiving the United States," Yamamoto testified. "But as I have already indicated, the difficulty in the liaison conference from long before had been to persuade the high command to agree to enough delay to give negotiation full opportunity—their position being that there was neither necessity nor desirability of delaying the opening of hostilities, but that it would be advantageous to commence them at once."

Shitkov is the chief Russian delegate to the joint U. S.-Soviet commission which has attempted to set up a Korean government for all of Korea. Brown is the chief American delegate.

Commission sessions have been stalled on the question of what Korean groups are to be consulted on the form of the government, with the Russians insisting on right-wing parties which opposed the trusteeship set up by the foreign ministers at Moscow be barred from consultation.

## Budget For Coming Year Is Approved By School Board

The completed Seminole County school budget for the coming year was yesterday approved by the County Board of Public Instruction and was forwarded to the State school department at Tallahassee for approval, it was announced this morning by Supt. T. W. Lawton.

Present at the meeting were L. E. Jordan, J. A. Bistlin, Walter Haynes and Supt. Lawton.

The budget as finally approved calls for \$569,519 for operating expenses and \$98,934 for capital outlay which provides for repairs and building. Of the total, the State will furnish \$329,373, it was stated.

General school fund millage was set at 10 mills and special tax district millage at four mills. For school bond interest and sinking funds the following millages were set:

District	Mills
1	3
2	3
3	2
4	2
5	3
6	3

Supt. Lawton today pointed out that this will make an increase of four mills for current purposes, but will result in a reduction of approximately two mills for bonds. This will result, he said, in a net overall increase of two mills.

Message To Scouts Sent By CIO Chief

MOISSON, France, Aug. 15 (AP)—Philip Murray, president of the CIO, told the World Boy Scout Jamboree in a message today that he hoped that all future meetings of young men in uniform would be solely in the furtherance of international amity.

The message, sent to Eagle Scout Salvatore Todaro, Jr., of St. Joseph's Farm School, Dunell, N. Y., said: "I am honored at the opportunity to send through you a message to the 147 World Jamboree of Scouts."

"What a contrast between this meeting of young men in uniform and that of a few years ago. They are together on the fields of France, yet their uniform is not that of an army man but dedicates his wears to helping others."

RATTLESNAKES KILLED  
Two rattlesnake killings were reported here yesterday. One was a six-foot snake which was shot near the little lake behind the Lake Mary school house by Deputy Sheriff Charles Beck, and which he reported had 12 rattles and a button; the other was a seven-foot rattler with nine rattles which was killed during the afternoon by John Stevenson near the Sizemore home on the DeLand Road.

## General Bradley To Visit Italy On Tour

WASHINGTON, Aug. 15 (AP)—General Omar N. Bradley, veterans administrator, will visit Italy on his current tour to inspect the condition of troops in Europe, the War Department said today.

The statement was made in response to questions from reporters who called attention to charges by newspaper columnist Robert R. Lynd that Bradley, by Army officers in the Mediterranean Theater and dissatisfaction among troops.

Weeks before these charges became public, President Truman directed that General Bradley visit troops in Europe as his personal representative. The increased speculation that the President will appoint Bradley as army chief of staff when General Dwight D. Eisenhower, the present chief, becomes president of Columbia University early next year.

Bradley sails from New York today.

## Paraguay's Capital Troops Reinforced

BUENOS AIRES, Aug. 15 (AP)—Government forces defending Paraguay's capital of Asuncion against insurgent attack were reinforced by an official Argentine source today to have been reinforced by 2,500 troops from outside.

Capt. Carlos Olman, Argentine naval attaché in the Paraguayan capital, informed the navy ministry here last night that the new troops had come from the Campo Grande military base near Asuncion. He reported President Higinio Morinigo's administration in a "solid" position.

However, refugees from Paraguay at the Argentine frontier earlier had estimated the insurgent garrison at from 3,000 to 4,000 men, including police and medical and quartermaster troops thrown into the lines, against some 10,000 rebels.

The Argentine naval wored commander of the border zone the navy ministry today, by request of the crew, he would take possession today of the insurgent gunboat Paraguay and the intern 110-man personnel. The gunboat recently sustained damage in an effort to pass Loyalist batteries at Carrizo on the Parana River and take her way into the tributary Paraguay River and northward to Asuncion.

## Boston Is Cooler Here Than At Home

Arthur W. Cook, retired Boston photographer, today reported that he is having an awfully hard time convincing the folks back home that Sanford is getting weather 10 degrees cooler than Boston during the current heat wave in the Northeast.

"It was 99 degrees yesterday in Boston," he chuckled, "and here in Sanford it got up only to 89. Another thing, here it is cooler in the shade than up there it seems just as hot, in the shade they won't believe that up there though—they think we are just ranting down here."

Mr. Cook wanted to get up in the tower of the City Hall this morning to photograph the Zoo with his small camera, but City Manager H. N. Sayer informed him that there was no way to get up in the tower, so Mr. Cook took a few shots from the back stair landing of the City Hall, and in so doing remarked how picturesque the police station looked. It revealed that he had been a photographer in Boston from 1899 to 1939.

B. P. Willner, weatherman, today confirmed the fact that the maximum temperature yesterday was 89 and the minimum 71 degrees. Rainfall totaled .92 inch.

## 11 Burmese Leaders Stricken With Poison

RANGOON, Burma, Aug. 15 (AP)—An attempt to poison high ranking officers of the People's Volunteer Organization, militant private army of the Anti-Fascist People's Freedom League, was made last night during a dinner party, officials said today.

Shortly after the dinner party 11 officers collapsed and were rushed to the hospital, where seven were detained for further treatment.

Anti-fascist People's Freedom League is the dominant political movement in Burma, currently drafting its constitution to become a sovereign republic.

U Aung San and six cabinet members, leaders of the interim government and of the AFPFL, were assassinated last month.

Among those poisoned were Bo Tun Lin, political and private secretary to Aung San, who succeeded Aung San as premier.

Hospital attendants said all those treated were recovering and were expected to leave their wards today.

## Indian Leaders Make Peace Plea In New Dominions

### Millions Of Hindus, Moslems Joyously Observe Freedom

NEW DELHI, Aug. 15 (AP)—The Dominion of India, as its first official act, appealed to night for cessation of Hindu-Muslim violence in both this country and the Dominion of Pakistan.

"Whatever differences we have must be resolved by peaceful and democratic methods," Prime Minister Jawaharlal Nehru's cabinet declared. "We are free people today. Let us act then as free men and women."

Great throngs of the dominion's 400,000,000 celebrated joyously their new independence of the British raj. Communal warfare, which has left a trail of death and destruction in the Punjab, lessened in some centers.

Lord Mountbatten transferred British authority at midnight to the larger Dominion of India, whose 227,000,000 residents are overwhelmingly Hindu. He changed title from viceroy to governor general.

M. J. Jinnah, the famed Muslim League leader whose demand stood largely unopposed division of the country, became governor general of Pakistan and its 70,000,000, mostly Muslims, at Karachi.

Mohandas K. Gandhi, the trail little lawyer who became known as the "architect of India's freedom" by his lengthy, mild campaigning, began fasting, praying and spinning at his Belvedere "peace mission" in east Calcutta. Hundreds of thousands of the

PHILADELPHIA, Aug. 15 (AP)—Two trolley cars collided, injuring 13 persons, and through the turmoil inside one of the cars a seeing eye dog led his blind mistress to the street uninjured.

Almost all windows in both cars were broken in the crash last night and glass showered on passing motorists and pedestrians.

By the Associated Press—The Midwest drought appeared today to be breaking up somewhat as moderate or normal temperatures returned to most of the nation.

Except for the sweltering Atlantic states, scattered cooling showers or thunderstorms within the past 48 hours had sent temperatures back into the 80s or lower 90s over most of the Midwest.

P. F. Sutton, federal weather forecaster at Chicago, said soaking rains were widespread through the past 48 hours, but that the Mississippi River to the Appalachian Region and east they were expected to continue today.

More scattered light showers were expected in Minnesota and eastern portions of the Dakotas but general rain still were needed in the Plains States where some crops continued to deteriorate because of lack of moisture.

The northeast which has had two days of temperatures in the high 90s would have to wait at least another 24 hours for relief, the forecaster said, adding that the whole region would continue warm today.

PHILADELPHIA, Aug. 15 (AP)—The Pennsylvania Railroad's second wreck in Philadelphia within 12 hours killed a passenger train engineer early today.

J. P. Duffield, 67, Woodbury, N. J., died at the controls of his locomotive as it derailed and partially overturned at 35th and Mt. Vernon Streets. The train had just reached the city from Cape May, N. J., all passenger cars remained on the tracks and occupants escaped injury.

Another engineer was killed and 26 passengers injured by the first wreck in which a crowded commuter train and a backing locomotive collided.

The engineer, J. D. Klingeman, of Norristown, Pa., was crushed to death in his telescopic cab as his Norristown-bound local smashed into the rear of the locomotive tender yesterday during the late afternoon rush period and a few seconds after leaving the downtown Broad Street suburban station.

## Canada Atom Control Plan Is Approved

### Atomic Energy Group Decides Red Plan Is Not Adequate In Present Form

LAKE SUCCESS, Aug. 15 (AP)—The political committee of the United Nations Atomic Energy Commission decided by 10 votes today that the Soviet plan for an international control commission is not adequate as it now stands. It left the way open for further talks, however.

The United States, which insisted repeatedly for a vote, and nine other members of the committee voted for a Canadian resolution which was stubbornly fought by Russia.

No negative vote or abstentions were taken, but Russia and Poland were on record officially against the proposal.

Several of the members said that the action did not mean the Soviet proposals were rejected. They insisted that the plan could be taken up again whenever the Russians brought in additional material such as answers to questions asked by Britain.

Andrei A. Gromyko of Russia told the committee its adoption would make "more difficult" the task of reaching agreement on an international atomic control plan.

George Ignatieff of Canada said the resolution was intended only to focus the discussion at this stage. Answering Gromyko's demand for a "point-by-point" talk on the Russian proposals, Ignatieff said the delegates were asked to speak, but none had returned to do so.

The Canadian resolution stated that the committee resolves that the Russian control commission proposals, submitted June 11, "as they now stand" do not "provide an adequate basis for the development by the committee of specific proposals for an international atomic control plan."

Whatver differences we have must be resolved by peaceful and democratic methods," Prime Minister Jawaharlal Nehru's cabinet declared. "We are free people today. Let us act then as free men and women."

Great throngs of the dominion's 400,000,000 celebrated joyously their new independence of the British raj. Communal warfare, which has left a trail of death and destruction in the Punjab, lessened in some centers.

Lord Mountbatten transferred British authority at midnight to the larger Dominion of India, whose 227,000,000 residents are overwhelmingly Hindu. He changed title from viceroy to governor general.

BIBLE VERSE FOR TODAY

GOD TEMPTS NO ONE. ON
THE OTHER HAND HE IS
STRONG ARMOR AGAINST
TEMPTATION. IF YOU CRAVE
ADVENTURE JUST TRY TO BE
PERFECT FOR A DAY. For no
man say, I am tempted of God.
James 1:13.

NORTH COAST

(From Harper's Magazine)
"Did I pass that way huge times
ago?"—Whitman.
Granite holds tide, the pine and
cedar
Spring by the million, all the hills
are fast.
There is no shuddering, rumor does
not stir.
This shaggy salt-burned wilderness,
nor east
A poisoned light on hunchberry and
bay—
Ten thousand years! The sun, of
course the sun
Is very hot and had a deadly ray,
And man may finish what he has
begun.
But he'll not loosen mooring
made secure
By seven-day carpenter, the rock
strewn land;
A buried outline heaves; the star
above pure
And circle-clear in moss and gritty
sand,
Safe anchorage for a hope or
prophet's words,
Where swells the waves and cry the
lonely birds.
HORTENSE FLEXNER

May be one reason that the
Senators called off the Hughes
investigation was they were afraid
it would boom.

One labor leader who seems to
have seen the light is Daniel
Tobin, head of the AFL Teamsters
Union, who says that Communism
is worse than the National
Manufacturers Association, Russian
Communists promise the
workers of the world a plentiful
abundance without work, but over
there they have, neither. The
NMA, also promises abundance,
but only for those who work for
it.

It looks as if there will be a
big time for everyone in Sanford
on Labor Day. There will be boat
races on Lake Monroe with drivers
coming here from all parts
of the state, horse races and other
equestrian stunts in Fort Meador
Park, and a big banquet and dance
at the Mayfair Inn at which Sen-
ator Holland and other distin-
guished guests will be present. Ev-
eryone should come and bring the
children.

It is interesting to hear the
Russians complaining about the
lack of human rights in this
country, and the abuses of the
freedom of the press. One of the
oldest tricks known to civilized
man is to pick out your own
worst and most conspicuous faults
and pin them on the other
fellow. Then he gets so interested
in defending himself that he for-
gets how guilty you are. We hope
American editors and newspaper-
men will not fall into this trap.
The best evidence that we have
a free press in this country is
the fact that the Russians keep
howling about it.

This may not be the time to
build, but it is the time to buy
the lot to build on. There may
or may not be any truth to the
current and rather widespread
popular notion that construction
costs are bound to come down
but don't let anyone tell you that
real estate values are going to
decline. With everybody and his
brother, not to mention the
big ones, wanting a house of
his own, the demand for a lot to
build it on is going to push these
prices up, in spite of everything
that wide open spaces and the
OPA can do about it. If you
are smart you will buy your lot
now.

Easy Money

It's astonishing how much work and trouble some people
will go to in order to make a little of what they call easy
money. Here's a man who used aliases to collect fraudulent
government unemployment payments in more than 30 cities
in California. He submitted forged Army discharge certifi-
cates, and made weekly rounds to all those cities to collect
\$20 in each city.

It sounds like quite a lot of money. But was it worth the
trouble? Any one of the forgeries could be detected. There
was a constant uneasiness about that. He had to go from
city to city. There was uneasiness about that. Every time
a man came up behind him it might be a man from the
Government. And think of the difficulty of keeping track
of these names and addresses. He might come with
the right city! Suppose he got one wrong?

On the other hand, he might have had a good job in some
store, factory, gas station. He would have had a good, res-
pectable weekly pay. He could have had a home and friends
with the respect of all who knew him. He could have held
his head up and been free from fear.

That easy money was pretty hardly earned. And justice
has a way of catching up with a man, one way or other.
It's really easier to earn it the hard and honest way.

Home On The Alcan

Want to try another part of the country? Selected places
along the Alaskan Highway have been thrown open for
settlement, with a 90-day preference for veterans.

Don't apply if you hope to farm. The climate is too se-
vere and the soil too poor. The best possibilities will come
from the tourist trade. Cabins, gasoline stations, restaurants
and the like offer the best money-making chances. A growing
knowledge of forestry might make some of this acreage
profitable for continuing timber crops in the future.

One result of this development may be the hastening
of the day when Alaska is admitted to statehood.

COMMUNISM AND DEMOCRACY are incompatible,
and Democracies alone may be trusted not to make aggres-
sive war. It is the syllogism of our world, but it has a hate-
ful corollary in that Democracies are handicapped for war-
making or meeting other crises by the superior mobility
of dictatorships. How compactly Dorothy Thompson put it
the other day when she wrote: "Sheer logic compels re-
cognition that Democratic collectivism never can compete
with tyrannical collectivism, bureaucratic collectivism
must, if it remains in power, end in dictatorship." Putting
the thing in cases, it means England is coming to a place
where she will have to choose between dictatorship and
Democracy. It may mean too, that perhaps the only safety
against atomic war for the time being is exclusive posses-
sion of the atomic power by the world's great Democracy—
the United States. Some are beginning to face this possi-
bility. And now that time is flying so, the issue may have
to be met quickly if at all. Editor C. J. King of The Florida
Times-Union, for example, wondered out loud the other
morning if a famous observer was so far wrong last year in
saying the United States is the only nation on earth with
enough good will or a great enough sense of responsibility
to be entrusted with ownership or control of the atomic
bomb. — John Temple Graves

Price-Gouging Goes On

St. Augustine Record

The enormous demand and in-
adequate supply of new automob-
iles have led to price gouging on
a scale unprecedented in the mar-
keting of any new commodity,
charges Don Wharton in an exclu-
sive article in the Reader's Digest
for August. Through apathy, if
not connivance, car manufacturers
and dealers are permitting the
"rank growth of a type of business
regulation... Some who howl
loudly for free enterprise should
clean their own houses before a
new OPA does so."

A survey in which the author
secured detailed data from over
100 cities and towns shows that
thousands of new cars are being
turned over to used-car lots for
sale at fancy prices. While legiti-
mately customers wait for the car
they ordered a year ago countless
individuals make a business of get-
ting a new car from one dealer
here, another there, and selling at
a "quick and stiff" profit to used-
car lots. Authorized dealers sell
new cars to confederates who drive
them around the block, thus turn-
ing them into "second-hand cars,"
and sell them at premiums to the
used-car men.

In Detroit, a list of individuals
who had received three or more
cars each filled twenty typed
pages. One man bought thirteen
Detroit's used-car lots stretch two
and a half miles, the author says,
and most of them hold five to forty
1947 models. One out-of-town cus-
tomer bought \$80,000 worth from
Detroit lots in one day.

Detroit is merely the extreme
example of what is happening else-
where the article contends. New
York newspapers run ads offer-

Senator Cites Need For Patriotism In Speech To AMVETS

WILKES-BARRE, Pa., Aug.
15 (AP)—Senator Francis J. Myers
(D-Pa.) said today that this coun-
try's present "dog-fight" between
prices and purchasing power can
be halted by the recapture of a
"patriotism based on doing what's
best for America, rather than
what's most likely to turn the fast-
est dollar."

Senator Myers, in a speech pre-
pared for delivery at the third an-
nual Pennsylvania convention of
American Veterans of World War
II (AMVETS), said American
leaders of two years ago "were
sincere in promising you veterans
a better deal in a better Ameri-
ca."

"Now," the senator continued,
"we're in the middle of an ideologi-
cal war abroad, a cold war be-
tween the principles of freedom
and totalitarianism, and we can
win that war hands down for we
have a much more desirable polit-
ical product to sell."

Two years ago, there was no
doubt in our minds as to our de-
termination to see the war through
to a real and enduring peace. To-
day, that resolve seems to be tot-
tering among some who would
prefer lower taxes."

TRIP DELAYED

LONDON, Aug. 15, (AP)—Mech-

anical trouble in two transatlantic

today of the British financial dele-

gation bound for loan revision

talks in Washington. Their de-

parture was rescheduled for to-

morrow evening.

Iron ore found in Liberia is

rated as equal to Swedish ores in

quality.

Belgium has been overrun by
invaders six times in the last five
centuries, and twice since gaining
independence in 1830.
Many people in ancient times
and in the Middle Ages believed
that cotton grew on lambs which
were attached to plants.

NOTICE
Mrs. Jack Barney announced today that Seminole Chapter No. 2, O. E. S., will meet at 8:00 P. M. Thursday at 8:00 P. M.

Clay Molding Easier Than Word Molding

By ADELAIDE KEHR
Sculptor Concetta Scarsavaglione—first woman to win a Rome Prize fellowship in fine arts (July, 1947)—draped a same-old-same-old clay figure she was molding in her New York studio and gazed out of the window as she marshaled her thoughts.

"We are facing some kind of a change in art," she said slowly. "The changing times and the great development of science and the microscope that we have never seen before—have spurred artists to a new search. We are trying to portray what we never tried before and some, in this effort, have done magnificent work that will live and have its effect on the art to come."

"On the other hand many feel that much modern art—though good in its seeking for new expression and its use of new mediums—is nevertheless lacking in the warm human element which is so necessary for the welfare of the world. It seems to be the child of the intellect, untouched by the love of the heart."

"What will emerge from this seeking for a new art? Something new we have never done before? A saving back to romanticism? Or a melding of both? Only time will tell, but out of it may emerge something fine and strong."

Miss Scarsavaglione won her fame with modern—but not abstract—stone, clay and wood figures distinguished for their beauty of line and composition. Then she turned to more abstract experimentation, seeking metals in the purely objective form. But she was not happy in that medium and returned to her stone and clay figures, though she does not necessarily expect to continue indefinitely in that vein.

She will sail for Rome in late September to study and work in the fellowship awarded by the American Academy of Fine Arts, which was chartered by Congress in 1904 to promote the study of sculpture, architecture and painting and later consolidated with the American School of Classical Studies in Rome. She will be the only woman among 10 winners of Rome Prize Fellowships in the School of Fine Arts. Until this year such fellowships were open only to men, though fellowships were given to women in the Academy's School of Classical Studies. Blasingame will not be the first woman to win a Rome Prize. Concetta Scarsavaglione, however, she had to face a lot of opposition when she turned first to sculpture. She was born in New York, one of nine children of Italian parents, stamped in the tradition that woman's place is in the home. She played on the teaming sidewalk of the East Side, studied her school lessons and never dreamed of fame. Then one day a neighbor child put a piece of clay from a settlement house playroom into Concetta's hand and the shape of her life was cast.

Mrs. Proctor Honored With Shower Aug. 14

Mrs. K. J. Proctor was honored on Wednesday afternoon with a "stark" shower given by Mrs. E. W. Lippincott at her home on Palmto Avenue. Several games were played during the afternoon and prizes were awarded to Mrs. Carl Chorpensing, Jr., and Miss Betty Sasser received a prize for having a spiced plate.

The many gifts were presented to Mrs. Proctor in a baby carriage after which the hostess, assisted by her mother, Mrs. C. F. Proctor, Sr., served a sweet course consisting of lime sherbet, Devils food cake and punch.

Those invited to be with Mrs. Proctor were Mrs. Roy Redding, Mrs. P. J. Allen, Mrs. Chorpensing, Mrs. Carl Chorpensing, Sr., Mrs. Thomas Cobb, Mrs. Jacob Richter, Mrs. Jewel Sasser, Mrs. Herbert Sullivan of Longwood, Mrs. C. F. Proctor, Jr., Mrs. R. M. Burns and Miss Sasser.

Hollywood

By BOB THOMAS

HOLLYWOOD, Aug. 15 (AP)—Bette Davis, who says she is "contaminating" when she starts "Winter Meeting" next month. An apartment has been built for her at Warner's. Al Jolson got a soured rating from topmost members of his profession at a "toastmaster" dinner in his honor at the Friars Club. Frank Sinatra claimed Al was "a tribute to every clean-cut young millionaire."

Jack Benny referring to his services as a radio guest star, said—Al Jolson like I need F. E. Boone. Irving Berlin sang a special song and Bob Hope, George Jessel, Edgar Bergen and George Burns delivered other speeches. The actress says it's "but friends claim much higher."

Jolson retorted by singing four songs. Said he: "This is one thing Larry Parks had nothing to do with." Parks was not present. "Life With Father" is a highly competent film version of the Clarence Day near-classic. It would be more effective if the story were less familiar, but even so, it packs a large amount of charm and humor. Father's professions are missing, of course, but William Powell plays him to the hilt. His fine performance is aided by the perfect foiling of Irene Dunne.

The claim most often voiced by press agents is that his client "even if a four-year-old, is 'good copy.'" Not even the most zealous publicist would dare say that about Fred MacMurray.

Among Hollywood correspondents, MacMurray is notoriously "bad copy," which means he comes forth with an infinitesimal amount of news. A wealthy and well-established star who enjoys his leisure, he seems not to worry about publicity. We kidded about his newness on the "Miracle of the Bells" set and asked why he refrained while others broke their necks to get their names in print.

His answer was like MacMurray—wordless. He merely placed his hand over his mouth in a "zip-it" gesture. Bob Hope, for example, is the fast-traveling interview. You usually get a good story after you wade through wretches, etc., and follow the comic around for an hour. Bing Crosby is much the same, though not as glib as Hope. Vera Johnson is more of a letter. He will stay in one place and talk to you about anything.

Humphrey Bogart is always available and if he doesn't have a story for you, he'll make one up. He might even give you a "tough" bit with it. Errol Flynn is also productive, always wanting the role of Errol Flynn, Dana Andrews will talk an arm off you, but you have to be careful that you get some news in return.

The women have less leisure time on sets. They are usually interviewed in their dressing-room mirrors while they are being made up. Such stars as Irene Dunne, Claudette Colbert and Ingrid Bergman, who are married to doctors and make but a few pictures, are generally non-productive for news, though charming. Betty Hutton, on the other hand, will knock herself out to provide news, and Joan Crawford will do it in a more dignified manner.

Yes, it's pleasant work, but there is one class of performers I can't go for—the child stars. I love the little types, but for news they're awful.

Lawrence College, where she now teaches. Her work is exhibited at the Whitney Museum and the Museum of Modern Art (both of New York). The Glasgow Museum (Scotland) and the Pennsylvania Academy of Fine Arts Museum. Her awards include the Widener Gold Medal and the \$1,000 prize of the American Academy of Arts and Letters.

HARRIETT MILLER BEAUTY NOOK

To get a really beautiful permanent, your hair must be properly shaped and becomingly styled. Specials on all waves during August. Soft water for shampooing. For appointment call 871. 284 N. Park Ave. (formerly at 309 Park)

Personals

Miss Charlene Caldwell left today for several days at Jacksonville Beach with Miss Peggy Clark of Cairo, Ga.

Mr. and Mrs. Herman G. Echols and daughter, Lynda, are spending a 10-day vacation at Jones Farm in North Carolina.

Miss Shirley Smith was returned from Guatemala and Mexico where she has been attending Summer School.

Mr. and Mrs. W. V. Hitting and daughter, Gail, have returned from Atlanta, Ga. where they attended a showing of cosmetics.

Kenneth Echols has returned from Lancaster, Calif., where he spent several months with his brother and sister-in-law, Mr. and Mrs. Claude Echols.

Mr. and Mrs. I. E. Southward and daughter, Myra, and Jean, left today for points in North Carolina and Canada where they plan to spend about three weeks.

Mr. and Mrs. Ed Smith and daughter, Hattie Ann and Felice, of Louisville, Kentucky are the guests of Mrs. Smith's sister, Mrs. William Willis, at her home on Geneva Avenue.

Mr. and Mrs. Wilson Newman have returned to their home on Lake Onora after a month in South Carolina.

Walter Haynes, Jr., has returned to Sanford after visiting for some time at Daytona Beach with friends.

Mr. and Mrs. C. C. Welsh have left for Jamestown, N. Y. where they plan to visit for a few weeks.

Mr. and Mrs. Frank Evans left today for Boston, Mass., where they plan to spend several weeks.

Mr. and Mrs. M. L. Wright and son, Cullen Wright left today for a vacation in Shelby and Gastonia, N. C.

Friends will be glad to learn that Mrs. J. W. Altman and young son, Jeffrey Hewlett, have returned from the strange Mt. Zion Hospital to their home on Mellenville Avenue.

Miss Sophia McDougall has returned from Jacksonville Beach where she was the guest of Dr. and Mrs. Douglas Scott who are former residents of Sanford.

Robert Adams of Manchester, Ill. was a recent guest of Wallace Phillips. Mr. Adams is a former resident of Sanford.

Mr. and Mrs. W. D. Thornton of 1201 Park Avenue have returned to Sanford. Mr. Thornton has been undergoing treatment at Hot Springs, Ark. for the past five weeks.

Mr. and Mrs. T. B. Kinard of Lake Monroe are leaving on Sunday for Cleveland, Tenn., to attend the General Assembly of the Church of God. While they are there they plan to visit in Cherokee County, N. C.

Mrs. Ava Wright Davis left today for McDonough, Ga., where she will visit Mr. and Mrs. B. Hutton. Mrs. George Jones of Jackson, Miss., will also be their guest. From McDonough Mrs. Davis plans to visit with Mrs. R. H. Davis in Griffin, Ga.

Mrs. W. F. Runge and son, Howard, of Augusta, Ga. are spending a few days with Mrs. Runge's daughter, Miss Dorothy Runge, who plans to return with them for a short visit. Mr. Runge is Deputy Commandant at Camp Gordon, near Augusta.

About 60 per cent of Mexico's population is of mixed Indian and European descent.

Nearly 30 per cent of Mexico's 22,000,000 people are wholly Indian by blood.

WHY WORRY? I CARRY ANTI-WORRY INSURANCE—A Regular Ad In This Newspaper

Miss Margaret Jeannine Manning, daughter of Mr. and Mrs. Alfred Manning, whose engagement and approaching marriage to John Robert Simmons, son of Mrs. Rosa Simmons, was recently announced. The wedding will be an event of Aug. 21 at the First Baptist Church at 4:00 o'clock with the Rev. W. P. Brooks, Jr. officiating. No invitations are being issued but all friends of the couple are invited.

Jeannine Manning Is Honored At Shower

Complimenting Miss Jeannine Manning, whose marriage to John Robert Simmons will be an event of Aug. 21, Mrs. T. A. Cobb entertained with a party and miscellaneous shower at her home on Oak Avenue last evening.

The party rooms were decorated with a profusion of colorful tinnies and ferns. Gifts for the honoree were placed upon the lace-covered table in the dining room.

For excelling in the contest played during the evening Mrs. R. N. Windham, Mrs. A. E. Lovelock and Miss Ouida Carlton were presented with prizes. After the great gift of honor had opened her sunny gifts refreshments, consisting of a sweet course, were served.

Those enjoying the party with Miss Manning were Mrs. E. A. Manning, Mrs. C. F. Benham, Mrs. P. F. Benham, Mrs. Rosa Simmons, Mrs. W. M. Mixon, Mrs. Roy Mixon, Mrs. Cecil Mixon, Mrs. F. I. Dampier, Mrs. R. A. Cobb, Mrs. L. Raby, Mrs. Windham, Mrs. Lovejoy, Mrs. Edward Smith, and the Misses Charlene Caldwell, Jean Williams, Ouida Carlton, Louise Mixon, Mary Edna Landreth and the hostess.

Miss Van Burger Tells Wedding Plans

Miss Helen Van Burger, daughter of Mr. and Mrs. H. J. Van Burger of Longwood, whose engagement and approaching marriage to Joseph E. Cleland, Jr. of Mr. and Mrs. M. G. Cleland, was recently announced, told today the plans for her wedding.

The ceremony will be performed on Aug. 17 at the First Baptist Church with the Rev. W. P. Brooks, Jr. officiating at 12:30 o'clock. No invitations are being issued but all friends of the couple are invited.

There's more to a good permanent than the "curl"... A really beautiful and flattering permanent depends on several things... your hair must be properly analyzed as to texture... it must be skillfully shaped... it must be becomingly styled.

And only a professional beautician can give you all these things. Your beautician is experienced, skillful and thorough. She is trained to give you longer-lasting and more beautiful permanents.

Miss Brochie Given Party By Miss Bach

Miss Audrey Bach entertained last evening at her home on the West Side with a desert party in honor of Miss Jackie Brochie, whose engagement and approaching marriage to James Ingley was recently announced. The rooms of the Bach home were opened en suite and decorated with attractive arrangements of pink, blue, white and greenery.

A pastel scheme was carried out in the candlelit dining room. The lace-covered table was centered with a miniature bride, complete with bridal gown of satin, lace and net. She was holding a ribboned bouquet of lilacs-of-the-valley. On each side of the small bride were graduated crystal candleholders holding white tapers and the entire group was surrounded with banks of greenery interspersed with flowers. Crystal and silver appointments were used in serving the ice cream, frosted cake, salted nuts and punch. Miss Bach was assisted by her mother, the hostess, Mrs. Philip H. Bach and Miss Phyllis Bach.

The hostess' gift to the honoree was a set of hand-cut crystal glasses in the Thistle pattern. Those invited to be with Miss Brochie were her mother, Mrs. Carl Broome, Mrs. J. L. Ingley, Sr., Mrs. Edward Higgins, Jr., Mrs. Dale Scott, Jr., Mrs. Richard Brown, Mrs. Lee Moore, Mrs. Donald Jones, Mrs. William Blair and Mrs. B. L. Perkins, Jr., the Misses Martha Perkins, Nancy Latham, Jane Trimmer, Marie Provost, Leah Harper, Camille Bates, Sylvia Mosch, Mildred Robinson, May Ann Wheeler, Kathryn Wigwag, Daphne Connelly, Betty Jo Beck and Betty Ledbetter of Milledgeville, Ga.

author said. "In the years in which Florida launched her first book in the building of St. Joseph, the spot where her constitution was destined to be written."

Author Explores Historical Region

Every historical reference to the 1880s in Florida was sketched and brief. Nowhere was there an accurate account of my length of the life and death of St. Joseph. The field was open to me and I carefully stored away all the information I could get to the day when I would have enough background to start."

Married to a former captain in the field artillery, Orson M. Hall, Mrs. Hall has two children, a daughter, Bette Palmer, a student at the University of Florida, and Richard Lynn Hall.

The Hall has lived in various sections of Florida including Hialeah, Pompano, Port St. Joe and Brookton and has been a resident of Gainesville about three years. Mr. Hall is currently enrolled as a student in the University School of Pharmacy.

TEEN TALK

AP News features Don Davis. "Somewhat you always imagine that teen acts are the same the world over—except in Hawaii. Hollywood. But it isn't necessarily so. The kids out there have the same problems about family, clothes, puppy-love, etc., that other kids have."

"Listen to Mary Hatcher, for instance. That's it. It can get the fixings. It's weird. Mary to sit still long enough to have a conversation. Movie started. Mary, who is now starring in the Broadway production "Oklahoma!" has nothing on and on. Currently, she is "mad for Mel Torme."

"It's an extraordinarily romantic way I met him," says Mary. "He was going upstairs and I was going downstairs and I was with a friend."

"When Mary stopped for breath I asked her 'Stairs, where?' "Oh, at the Copia" (a restaurant). Then she continued excitedly: "And I said to my friend, 'Isn't that Mel Torme?' and he heard me, so he came back down the stairs and said, 'Yes, I'm Mel Torme. How did you know?' and I said to him, 'I don't know, I just know, and pretty soon we were sharing the odd couple.'"

"The next day he called me up and my family met him, and we had a date and I have been seeing him ever since. But I have other dates, so I wouldn't say I was going steady, would you? Oh, I don't know, maybe I am, at least I'm almost going steady."

"Right now Mary is sitting around waiting for Mel's jeep to arrive. "He is wild for jeans," she says, "and a jeep will be perfect for us on account of we're both small. I'm just a little over 5 foot and Mel is only about 5 foot 6—only I never tell him he's small, he doesn't like to be reminded. I just tell him all the time how wonderful he is—maybe I should call him 'Tarm', or something like that. But I don't care that he can't talk. I like him just the way he is."

Mary has lots of fun in Hollywood but many beaux because she works too hard. Her studio pals are Bing Crosby and Paul Henreid because "they're such cutups they make work fun."

# Celery Feds To Meet St. Augustine Here This Evening

## Locals Trip Islanders 3 To 1 On Wet Field; Buddy Lake Slated To Hurl Tonight's Tilt

By Herald Beckwith, Jr., Herald Sports Editor

The Sanford Celery Feds trimmed the Daytona Beach Islanders 3 to 1 in their last night on a rain-soaked field to nudge one game closer to the first division as the Orlando Senators dropped a 7 to 4 tilt to the visiting St. Augustine Saints.

The first contest of the scheduled twin bill was postponed because of wet grounds.

Tonight the Feds entertain the Saints in one game at the Municipal park, game time will be 8:15 o'clock. It is likely that Manager John Krider will send right-hander Buddy Lake to the mound.

Big Bill Stanton went to route for the locals in last night's tilt and scattered effectively and tossed all nine frames for the visitors, giving up six runs.

The visitors tallied their first run in the fifth frame when outfielder Ed Schoendienst and Bob Ivey, Stebeffeld scored on Ivey's blow.

The feds tallied their first run in the third frame on a boot by Stebeffeld and hits by Don Murray and Johnny McManus.

The final two runs made by the Arizermen came in the bottom of the seventh inning. Walter Harrington singled to open the frame and scored on a sacrifice hit by Ralph Satterfield when rambler Steve Sauer was sent sphere into right field in an attempt to stir scattered at first base on the sacrifice. The Fed first sacker moved to third base on the play. Satterfield scored on infield out by Bill Lewis.

Tomorrow night the Feds move to St. Augustine and will return to the Municipal Park Sunday afternoon for a tilt with the Gainesville G-Men.

## Jacksonville Legion Nine To Meet Atlanta In Regional Series

FLORENCE, S. C., Aug. 15, (AP)—It will be sudden death here this afternoon for either Atlanta, or Jacksonville, when the clubs meet in the American Legion Junior Baseball regional series for the right to play undefeated Greenwood for the title.

Each team already has dropped extra-inning games to the South Carolina Emeralds, and each has victories over Birmingham, Ala., eliminated from the four-state tournament yesterday.

The Atlanta-Jacksonville winner will play Greenwood tonight. Undeclared South Carolinians need only one victory to don the crown and enter sectional play at Sumter next week.

On the other hand, the Atlanta-Jacksonville victor must defeat the Emeralds two straight to gain the title.

Games yesterday saw Atlanta defeat Birmingham 5-3 and Greenwood trim Jacksonville 4-3 in 12 innings.

**YESTERDAY'S STARS**  
Vic Lombardi, Dodger, shut out Boston with four singles 1-0 for seventh win, giving Brooklyn 2-1 edge in vital series.  
Ralph Kiner, Pirates, hit his 30th homer of the year with two on in the first inning and also banged out two singles in Pittsburgh's 5-3 decision over Cardinals.

NEW YORK CITY will be represented at the annual "Miss America" beauty pageant in Atlantic City, N. J., next month, by Raven Malone, 19, of the Bronx. The dark-haired beauty is shown after she was crowned "Miss New York City" at a night club. (International)

**GOOD SAMARITAN DEMISEY.**  
LOS ANGELES, Aug. 15, (AP)—George Godfrey, negro heavy-weight pugilist of the 1920's who died in poverty here Wednesday, has not been forgotten. His funeral expenses have been guaranteed by former Champion Jack Dempsey, who said he would attend the services tomorrow. Godfrey sparred with Dempsey, but they never met in a bout.

## Rear Wolf Announces Coaching Assignment For Coming Seasons

GAINESVILLE, Aug. 15, (Special)—A four-man varsity football coaching staff and three-man staff for a combined Freshman-Varsity B football team were announced at the University of Florida today by Head Coach Raymond (Ray) Wolf as overall coaching assignments for the forthcoming college year were revealed.

Freshmen who entered college after the first of July will not be eligible for varsity competition this year, but will be permitted to play with the Varsity B squad.

The complete coaching lineup for the 1947-48 year was announced as follows: Varsity Football: Head Coach Ray Wolf, Line Coach Ted Twomey, Backfield Coach Byron (Buster) Brannan, and End Coach Paul Severin. The combined Freshman-Varsity B team: Head Coach Sam McAllister, assistants Dave Fuller and Jerline (Mush) Batista.

Varsity basketball: Sam McAllister; Freshman B basketball: Paul Severin; Varsity Baseball: Dave Fuller; Freshman B baseball: James McCachren; Track and Cross Country: Percy Beard, assisted by Frank Philpot.

## St. Augustine Defeats Orlando Sens, 7 To 4

Joe Jones, lanky Orlando Senator right-hander, received a sound drubbing by the St. Augustine Saints in a 7 to 4 contest in the Ancient City last night. Nick Buewoner and Rocco Lotunno turned the trick for the Saints.

Diminutive Juan Perez limited the hard-hitting Gainesville G-Men to six scattered safeties to turn in a 10 to 4 victory for the Steeplechamers.

Charley Smart singled Bill Bell home in the top of the 12th frame to give the Leesburg Palatka Azaleas.

Line Scores:  
Orlando 000 000 040 4 12 2  
St. Augustine 020 010 40x 7 8 2

Jones and Abreu; Huomato, Runtuno and Stillwell.  
Gainesville 200 000 002 4 6 3  
DeLand 004 600 00x 10 10 8  
Cleary and Dulaney; J. Perez and Madjeski.

Leesburg 200 000 000 001 3 8 0  
Palatka 000 001 010 000 2 9 1  
Good and Hall; McGahagan and Toncoff.

## Heavy Rains Hamper All-Army Tourney

COLUMBUS, Ga., Aug. 15, (AP)—Hampered by heavy rains which forced scores well over the sub-par shooting in qualifying rounds, 16 Army golfers advanced to the second round of the All-Army tournament at Fort Benning yesterday.

Capt. Frederick Moseley of Norfolk, Va., tourney medalist, was hard pressed to turn back Sgt. Joe Torres of San Diego, Calif., 2 and 1.

Envoiced along with Moseley is Capt. Ed Kingsley, former Utah State Amateur and Omoa Champion, who swept by Maj. Marnie Raley of Fresno, Calif., 3 and 1, as Lt. Col. Jamie Gough smothered Capt. Donald Ferris, of Dayton, Ohio, 7 and 6.

Two 18-hole rounds were to be played today.

The senior flight medal was won by Col. Edward V. Macatee of Fort McPherson, Ga., with a 79. Colonel Macatee edged out Maj. Gen. F. L. Parks of the War Department in Washington and Col. Thomas M. Belshe, AAF headquarters in Washington, who shot 80's.

VISITING THE KING OF SWAT at his home in New York City where he is recuperating, Babe Didrikson Zaharias, noted woman athlete, poses with Babe Ruth (center) and other guests. Ruth, it will be recalled, was an outstanding pitcher before it was decided to make him a felder because of his mighty batting. (International)

## Sports Roundup

NEW YORK, Aug. 14, (AP)—Able's First enjoyed a horse laugh at the Atlantic City Race Track on Tuesday.

The two-year-old strawberry roan filly, after running second to Her Highness in the first race, was unsaddled and started toward the stables. She'd take a few steps, then rear back pulling the reins from the hands of her groom.

Finally she just flopped over on her side in full view of the crowd. There she lay without a move until the horse ambulance arrived. Thereupon she jumped up and walked docilely along. The last the boys in the pressbox saw, the groom was spraying water on her with a hose, maybe that's what she wanted all along, but men just don't understand the ladies, it seems.

Most folks think Jersey Joe Walcott will be duck soup for heavyweight champion Joe Louis when they meet in their non-title 10-rounder at Madison Square Garden in November. We don't see how Jersey Joe can win, but we have a suspicion that he will give a better account of himself than most persons think.

What's happened to MacPhail?

## Lucrative Lures And Motion Picture Offer Changes Babe's Mind

NEW YORK, Aug. 15, (AP)—Mrs. Mildred (Babe) Didrikson Zaharias, unquestionably the world's greatest woman athlete, has forsaken the amateur ranks, for the third and perhaps last time, to accept a \$300,000 motion picture offer, among other lucrative lures.

The only American over to capture the British Women's Amateur Golf Championship, the 32-year-old Babe told a news conference here yesterday that she reached the decision to turn professional after much deliberation.

"I feel that by doing a series of motion pictures on golf I will further the advancement of women's golf and golf in general," she said, and then by way of justification added that she had found amateur golf "an expensive luxury."

She said that she had competed in 18 tournaments this year. "That competition has cost me and George (her husband, George Zaharias, former wrestler and currently a boxing promoter in Denver) about \$14,000.

Haven't read anything about him in the papers lately," a friend asked the other day. And what's this rumor that Red Rolfe may eventually be named manager of the Detroit Tigers???

The Philadelphia baseball story is different this year. Last summer it was the Phillies who grabbed the headlines by finishing fifth and drawing over a million paid. Now it's the Athletics, under grand old Connie Mack, who are the surprise of baseball. Generally picked to finish last the A's stand a good chance to finishing second behind the Yanks.

Robert Moore relays from Richmond that Coach Wallace Wade, of Duke, expects Al Derogatis, 215-pounder from Newark, N. J., to be one of the best tackles in the country this fall. "Wade seldom goes overboard so Derogatis must be some baby.

Several teams in the class A Eastern Baseball League are up in arms over the recall of good players at a crucial point. Albany, a farm of the Pittsburgh Pirates; Binghamton, of the Yankees; and Hartford, of the Boston Braves are kicking over losing players in recent weeks.

The cotton plant is believed to have originated in Arabia or India.

## Veterans FLY FREE

Think of it... thousands of dollars worth of flying time... available to you, as a veteran, at no cost! All ex-service men and women are eligible. No age limit... no educational requirements... no previous flight training... And you can fly in your spare time. This is the chance of a lifetime! Let us tell you all about it.

## U. S. Files Suit Against Movie Firm

### Technicolor Sued In Justice Department's Program To End Monopolies

WASHINGTON, Aug. 18 (AP)—Attorney General Clark, asserting a monopoly exists in the production of color motion pictures, announced today a filing of an anti-trust suit to end "illegal arrangements and agreements."

Clark filed a civil action in federal court at Los Angeles naming as defendants Technicolor Inc., Technicolor Motion Picture Corp., and Eastman Kodak Co.

Assistant Attorney General John F. Sonnett, in charge of the Justice Department's anti-trust division, said in a statement that Technicolor Inc. had "entered into a series of agreements with Eastman, whereby patents, new developments and technological information relating to color photography would be reserved for Technicolor's exclusive use in the professional field."

"In our view," Sonnett added, "Technicolor was thereby enabled to control and monopolize this business and was protected against potential competition from others."

"Our suit asks that all the illegal arrangements be cancelled and that the court order such relief to patents and 'know how' as will dissipate the effects of the unlawful practices charged and permit the establishment of free competition in the industry."

Sonnett said that "Technicolor does over 90 percent of all the business in professional color cinematography" and since 1934 "has produced the positive film prints for all of the 'Class A' feature length motion pictures and most of the short subjects and animated cartoons produced in color by the motion picture industry of the United States."

Attorney General Clark said in a supplemental statement: "This case is a part of the Department of Justice's program aimed at breaking up monopoly power in the industry."

"The motion pictures in color today represent from 15 to 20 percent of the total picture production."

## State Market At Fort Myers Has New Manager

JACKSONVILLE, Aug. 18 (Special)—Appointments of W. F. Nehring as manager of the Fort Myers State Farmer's Market, the outlook for continued expansion of that new unit were noted here today in a statement dealing with current conditions throughout Florida's system of State-owned markets.

William L. Wilson, Director of State Markets, commenting on Mr. Nehring's recent acceptance of the post as manager of the Fort Myers Market, expressed the belief that a substantial gain in volume of business could be expected, as growers throughout the adjacent area become increasingly familiar with the facilities and services provided by the State.

The Fort Myers Market, youngest major unit in the State's system which currently comprises some 27 active sales centers, was completed and opened for business late in 1944. Director Wilson pointed out. The market site, valued at \$6,001, and expenditures for equipment, construction of buildings and facilities, represented a total investment of \$72,212.00, at the close of the year.

## Hope Abandoned For 14 English Miners

WHITEHAVEN, Eng., Aug. 18 (AP)—The National Coal Board located in the blasted underground William coal mine and no hope was held for 14 miners still unaccounted for.

One hundred seventeen men were in the shaft when an unexplained explosion occurred late Friday. Thirteen were saved. Sixty-nine of the bodies have been brought to the surface.

Board officials ordered a 10-hour rest last night for the crews that had worked unrelentingly to reach entangled miners, as the crews re-entered the mine today to search for the rest of the victims.

Meanwhile, this Cumberland county town on Solway Firth prepared for a week of funerals beginning tomorrow or Wednesday. Some 40 miners were assigned to help eight gravediggers prepare burial plots. Hearings kept to a minimum proceeded out of a temporary mortuary in the mine.

## War Orphans Greet New Parents

LANDING AT LA GUARDIA FIELD, N. Y., from Copenhagen, Denmark, three tiny Danish war orphans are greeted by their new parents, Mr. and Mrs. Elmo Wehnert of Blodgett, Ore. (left), who were anxiously awaiting their arrival. Mrs. Wehnert reaches for Erhard Gehrmann, 18 months, being held by Stewardess Ruth Vickery while Miss Olga Helm of the U. S. Embassy, Copenhagen (top, background), holds Rostia Annie, 14 months, Purrer Gustav Beck (right) carries Ursula Geromlin, 10 months old. The children were born in Danish refugee camps. (International)

## AFL Plans Drive To Defeat Labor Measure Backers

### Election Day Holiday For 10,000,000 Workers Stated

GREEN BAY, Wis., Aug. 18 (AP)—A work holiday of up to 10,000,000 working men on election day next will highlight the American Federation of Labor's campaign to insure the largest possible vote against members of Congress who voted for the Taft-Hartley Law, AFL President William Green said today.

At a news conference before he addressed the annual convention of the Wisconsin State Federation of Labor, Green forecast the most intensive program of political action in the history of the union.

He predicted that most Congressmen who approved the bill would be defeated, adding that he never had seen the workers "so aroused."

Green's statement came at a time when one of the principal items of business at the state convention was a proposal for a one-third assessment increase per capita to finance a similar political action campaign in Wisconsin.

State President George Haberman predicted the convention would approve, without much controversy, a six-cent monthly assessment instead of four. The additional revenue would amount to \$35,000, which would be used to assist local trades and labor council in forming political action groups.

## Paraguay Loyalists Are Gaining Ground

ASUNCION, Paraguay, Aug. 18 (AP)—The government said in a communique today that Loyalist troops were "advancing in all sections in tenacious pursuit of the rebels who are fleeing in complete disorder."

The bulletin said villages around the capital had been mopped up of insurgents who threatened Asuncion last week.

The rebels were said to be "abandoning in their precipitate flight their munitions and food stores."

"In one sector, we recovered 11 heavy and 23 light machine-guns" and other materiel, the communique said. The statement listed numerous rebel officers killed or captured.

**VISITING FATHER**  
John Leonard, Jr. accompanied by his aunt, Miss Nell Lefesta with whom he lives at Coral Gables, is visiting his father, John Leonard, local attorney Young Leonardly intends to return home soon to take a 10-day course in public speaking in Miami University. He is a junior in Pennsylvania State University.

## British Cabinet Is Summoned To Emergency Meet

### Australian Predicts Britain Can Sustain 35,000,000

LONDON, Aug. 18 (AP)—The London Press speculated widely today on the reason for an emergency cabinet meeting which was summoned by Prime Minister Attlee, but government sources declined to disclose the reason for the hurried session.

The consensus was that the meeting was concerned with urgent developments in Britain's economic crisis and probably with new proposals for revision of the terms of the United States loan.

A terse, uninformative announcement that the meeting had been held heightened rather than dispelled speculation as to why the government ministers had hurried back to London by plane, train and automobile only four days after Parliament had adjourned for its summer recess.

Whatever the purpose, apparently decisions were reached, for some of the chief ministers who the cabinet resumed interrupted vacations today.

Sir Stafford Cripps, president of the Board of Trade, and John Starcher, minister of food, departed in chartered planes, while another aircraft was standing by to return Health Minister Aneurin Bevan to Inverness in Scotland.

Meanwhile, in Washington, Arthur A. Calwell, Australian minister of immigration, expressed belief that Great Britain can only "sustain a future population of 20,000,000 to 35,000,000."

## Violinist Jailed For Taking Iturbi Girls

BEVERLY HILLS, Calif., Aug. 18 (AP)—Violinist Stephan Hero, 33, spent the weekend in jail after he was arrested on a warrant charging him with stealing his own two daughters, the grand children of pianist Jose Iturbi.

He was to be arraigned in municipal court this afternoon on a complaint signed recently by Iturbi, who was in Paris when Hero took the children, Maria Teresa, 10, and Maria Antonia, 9, from Iturbi's home here and flew with them to New York.

Hero, who returned to California for a concert in nearby Redlands, was arrested Friday night when he stepped from the airplane. His bail was fixed at \$15,000. The violinist said his daughters were in New York.

The children's mother, Maria Iturbi Hero, shot herself to death in the Iturbi home here last year. At the time she had a divorce suit pending against Hero. Hero's arrest was another episode in a series of legal entanglements over custody of the children among Iturbi, Hero and the late Mrs. Hero.

**HARRISON RELEASED**  
Jack Harrison, third baseman, was released today by the Sanford Colery Field. It was announced by owner James Elvira this morning.

## Group Leaves To Investigate Lee's Troops

### Gen. Wyche To Probe High Living Rumor: Lee Declares At- tacks Unwarranted

WASHINGTON, Aug. 18 (AP)—Maj. General Ira T. Wyche, War Department inspector general, left today by plane to look into published reports of low troop morale and high living by officers in the Mediterranean theater command of Lt. Gen. John C. H. Lee.

Wyche is making the inspection trip at the direction of General Dwight D. Eisenhower, chief of staff. On his arrival here Saturday from a trip to Alaska, Eisenhower told reporters that stories published in this country that Lee was living in lavish fashion would be looked into. The stories were written by Robert Ruark, an American correspondent.

Also on a trip to inspect military installations in Europe is General Omar Bradley, often spoken of as the next chief of staff. Bradley left last week, with his first stop in Germany. His itinerary includes Italy.

The War Department said Bradley, who was given as Veterans Administrator to make the trip, "naturally will look into all conditions affecting troops in the Mediterranean Theater as well as in other areas such as Germany and Austria where U. S. Army troops are stationed."

Wyche at his departure said he (Continued on Page 21)

## Rotarians Enjoy Musical Program At Lunch Meeting

Rotarians today enjoyed a rare treat in the singing of Miss Agnes Miyakawa of Charleston, W. Va., who was introduced at the meeting at the Tourist Center by Andrew Stine who also introduced her brother Dr. George Miyakawa, and Mrs. Miyakawa, Mr. Stine's daughter.

Miss Miyakawa, whose original home is Sacramento, Calif., has sung with the Opera Comique in Paris, France, with numerous symphony orchestras in this country and is now preparing for a concert in the Cavalieria Rusticana, the Virginia with the Charleston orchestra.

She was accompanied by Harry Kudell in the singing of "Song of Songs" and "Coming Through the Rye" and provided her own accompaniment for the difficult aria from the opera Cavalleria Rusticana, which was today by Pietro Mascagni, Italian composer and produced in 1890, brought him musical fame.

"Miss Miyakawa has a voice of wonderful timbre, resonance and quality," commented John Hughes, Sanford baritone, who was today a guest of the club. Other guests present were Capt. Harold Erikson of the Orlando Salvation Army and Walter Hays, Jr.

President Gordon Brinson proposed that a picnic be held by the club at Blue Springs, and it was decided that this will take place on Wednesday, Sept. 3. Members are advised to gather on that date at 3:00 P. M. at the Tourist Center.

## Air Safety Board Makes Fifth Report

WASHINGTON, Aug. 18 (AP)—President Truman's Air Safety Board wants "intensive study" to be given the idea of having all airline passengers backward-facing seats in the rear of the plane.

In its fifth report, the board reported that "on the surface it seems much can be said for facing seats toward the rear of planes."

Among other points of the weekend report, the board recommended that the Civil Aeronautics Board authorize the bar commercial planes from airports lacking adequate fire-fighting equipment of plans to provide it.

Urged a swift hearing and decision by the CAH on whether an extra member should be added to the crew of a four engine plane in hand flight details.

Proposed that by next July 1 airlines and airports be required to wear shoulder harnesses as an extra precaution in event of crashes.

## GAME SUMMARIES

Intermittent summaries of the baseball game between the Sanford Colery Field and the Gainesville G-Men will be brought to the people of Sanford tonight over radio station WTRR, since approval to broadcast the contest has not been received. It was announced by owner James Elvira this morning.

## Bradley Off On Inspection Tour

BEFORE DEPARTING from New York for a six-week tour of European bases, Gen. Omar N. Bradley, head of the Veterans Administration, talks reporters. While overseas, he will inspect the conditions of troops in the Mediterranean Theater commanded by Lt. Gen. John C. Lee. A colonel has charged in dispatches from abroad that Gen. Lee has commanded widespread abuses in his command. (International)

## Tentative Agreement Reached For Giants To Hold Ball School Here

A tentative agreement between Carl Hubbell, baseball team director of the New York Giants, and officials of the Sanford Baseball Club and City officials regarding the location of a large baseball field school in Sanford for the coming spring, was made here Thursday, it was announced today by Edward Higgins, manager of the Seminole County Chamber of Commerce.

The advantages of property at the Sanford Municipal Airport for housing and training purposes for such school were pointed out to Mr. Hubbell.

The matter will be presented to the board of directors of the New York Giants and to the City Commission for final decision, said Mr. Higgins.

Present at the conference with Mr. Hubbell were John Krulik, manager of the Sanford Baseball Club, George Stine, president of the Sanford Baseball Association, Mr. Higgins, Mayor H. J. Gut, City Manager H. N. Sayer and City Commissioner Andrew Carraway.

At the end of the meeting, a state vice-president of the CIO industrial union council, Richard P. Greenleaf of Jacksonville said that the CIO welcomed the AVC to Florida because the programs of the two organizations were identical.

Some 200 negroes deliberated with the white members and a large part of the morning session (Continued on Page 21)

## Deported Refugees Begin Hunger Strike

PARIS, Aug. 18 (AP)—A hunger strike began today among the 4,500 Jews aboard three British deportation ships at Port-De-Bouc, the French news agency reported.

A dispatch said food was sent back ashore after it had been taken aboard the ships by the social help organization, Entraid Francaise.

The Jews were returned to French waters after their ship, the Exodus 1947, was intercepted and rammed by the British off Palestine. They have refused to go ashore at Port-De-Bouc.

## Post Office Warns Against Chain Letters

Postmaster Joel S. Field today warned against the mailing of chain letters and cards, a considerable number of which are being mailed at the post office and in collection boxes in Sanford.

These cards and letters are unmailed but the public is warned that they were removed from the mail and forwarded to the Inspector in Charge at Atlanta, Ga.

**BILBO IMPROVED**  
NEW ORLEANS, Aug. 18 (AP)—Hospital authorities said this morning that Senator Theo G. Bilbo's condition was "decidedly improved" and that after a restful night he is able to sit up in bed today. Doctors said Bilbo is now strong enough to take a plaintive view of the fact his cigar smoking is restricted to certain hours.

## U. S. Asks Rio Meet To Discuss Creation Of Military Agency

### Hope Wanes As Search Continues For Crash Victims

### Acheson, Four Others Still Missing In S. Pacific Tragedy

WASHINGTON, Aug. 18 (AP)—William J. Sebald, Baltimore, Md., is first in line as possible successor to George C. Acheson as the Allied Control Council for Japan.

Sebald, a 1922 graduate of the Naval Academy, is currently on the staff of Acheson, political advisor to General Douglas MacArthur.

HONOLULU, Aug. 18 (AP)—Probing by searchlights, surface ships continued their search today for Ambassador George Acheson, Jr. and four other victims of an Army plane crash, but chances of their surviving more than 24 hours in a rough sea were so slender that almost no hope remained of finding them alive.

An air search on a reduced scale was set to resume at daylight however.

Three ranking officers from General MacArthur's strategic and operations staff also were among ten passengers and crewmen last when the B-17, inbound from Tokyo, crashed into shark-infested waters after running out of fuel line only 65 miles west of Pearl Harbor.

Diplomatic sources in Washington said that despite Acheson's vast knowledge of Japanese problems his apparent death probably would not delay arrangements for drawing up the new treaty with Japan. Preparations for writing a preliminary draft already are well advanced, they said.

Three men of the B-17 aboard were rescued yesterday from the choppy sea, dotted with bright souvenir kimonos from Japan, and five bodies were recovered.

Those rescued were Capt. T. L. Ruler of Ponca City, Okla., who suffered a broken arm; Col. Harvey Hugin of Fairfield, Iowa, and a Sergeant Holland of Columbus, (Continued on Page 21)

## Temporary Ramps Readied For Regatta

City workers are putting in temporary ramps at the lake front bulkhead west of the Coast Guard building in order to facilitate the launching of racing boats on Labor Day. They are also removing old piling, said City Manager H. N. Sayer.

One of the 150 hp Diesel motors used to provide electric power for pumping water at the city water plant will be put back into operation during the latter part of the week he predicted. Parts for the other Diesel which is also being repaired are due to arrive soon, he said. During the period of repair the Florida Power and Light Company has provided current to operate the pumps.

## Dominicans Seek Red Invasion Inquiry

CUADRU TRUJILLO, Aug. 18 (AP)—The Dominican government said today it would welcome appointment of an international commission to investigate reports that an "international brigade" of "Communist revolutionaries" was assembling in Cuba to invade the Dominican Republic.

The announcement said the government felt it should solicit the "good offices" of some other American nation to prevail upon Cuba to permit such an investigation.

Field reports concerning the mobilization of a "revolutionary army" in Cuba came last month from the Dominican ambassador in Washington, who said a 3,000-man army of Communists from Cuba, Guatemala, Venezuela and Puerto Rico was being assembled in an attempt to overthrow his government. Cuban officials subsequently denied the reports.

**STRIKE OVER**  
MOBILE, Ala., Aug. 18 (AP)—Employees of Alabama Dry Dock & Shipbuilding Co. returned to their jobs today after settlement of a six-weeks-long strike. The stoppage idled 4,000 men.

Members of the CIO Industrial union of marine and shipbuilding workers voted approval yesterday of a new contract calling for a pay increase of 12 cents an hour.

**CAR STOLEN**  
A 1941 Packard, the property of H. B. Odham, 2019 Hibiscus Court, was reported to have been stolen sometime during the night from where it was parked in front of the Odham home, according to Sheriff P. A. Mero.

## Communist Party In Latin America Is Described As Rus- sian 5th Column

QUITANDINHA, Brazil, Aug. 18 (AP)—The United States formally proposed today that the Inter-American Conference discuss immediately the creation of a military agency to back up hemisphere's mutual defense treaty.

Senator Tom Connally (D-Texas), a member of the U. S. delegation, submitted a United States outline for conference procedure.

It would empower the committee on voting procedure to discuss now the creation of a hemisphere military agency and the supply of forces. It was previously believed that all discussion on military mechanism for the treaty would be held over for the Inter-American Conference at Bogota next January.

The United States Congress is expected to act early next week on the Arms Standardization Act, which would supply uniform weapons of war to the Latin American Republics for common defense.

The conference's first working committee began today the study of principles of the hemisphere treaty.

The committee, which elected the Uruguayan Foreign Minister, Mateo Mariani, chairman, met soon after the Pan-American Foreign Minister, Ricardo Juncos, and Alfaro, charged the "sovereign Communist Party in Latin America is a Russian fifth column."

Alfaro declared growing conference sentiment "favors joint measures to protect the hemisphere against subversive influences."

Mariani, Alfaro, presented credentials as a representative of the deposed Arguello government of Nicaragua, which was overthrown recently after 25 days in power. (Continued on Page 21)

## Big Enrollment Anticipated At Aviation School

Twenty-two students are now enrolled at the Sanford School of Aviation at the Municipal Airport. New students are arriving daily at a maximum enrollment as expected for the fall flight training courses. Roy Howling, director, announced today.

More than 100 inquiries a month are being received by telephone and new prospective students are writing from Germany, Italy, Alaska, Canal Zone, Guam, Korea, Japan, Hawaii and South America. Many G. I.'s who will soon be released from the service are making inquiries.

Mr. Howling stated that he expected his monthly payroll and expenditures to maintain the school to amount to approximately \$100 by the end of the winter month. The city has leased the airport to him on a yearly rental basis. His employees cut the grass and maintain the field. He gives his services to the city as support to the free flight training.

Recently enrolled students are: John Hunsabee of California, Phil Galandier of Bridgeville, Pa., Mr. and Mrs. Paul Hoffmeister of Bangor, Maine. Other students enrolled are:

William Aronberg, Frank Politt, James Patti, Clarence Colton, Robert Huff, Ann Alexander, Merrill Tindale, Alex Barker, Ted Jackson, Ernest Southard, Donald Cordell, Wendell Harris, Oliver Sjoblom, John Lingerfelt, Adrian Stacy, Ty Franklin, Eugene Byrly, Ralph Wright, Howard Slavick, Karl Yast, Victor Blackwelder, William Trudall.

## Condition Of Admiral King Is Unchanged

WASHINGTON, Aug. 18 (AP)—The condition of Fleet Admiral Ernest J. King remained "unchanged" during the night after slight improvement yesterday, the Navy reported today.

The former chief of naval operations, who has had a mild stroke without paralysis, entered the Naval Hospital Friday. A Navy official said King's condition is not critical.

**PLEAD INNOCENT**  
DACHAU, Germany, Aug. 18 (AP)—Otto Skorzeny, the hulking SS colonel who sprung Benito Mussolini from his Italian captors during the war, and nine of his aides pleaded innocent today to accusations of killing American troops and prisoners of war.
