

LEFFLER PLAN SEEKS WAY TO OPERATE CITY

Method Would Be To Double Water Rate, Rebating To Those Who Pay City Taxes

Because, in his opinion, "The time has now come when it is necessary for everybody to help take care of the city," Commissioner W. A. Leffler at a City Commission meeting last night proposed that the City at once double its water rate and then rebate one-half of the monthly rate to all persons who pay taxes on their properties.

Discussion of this "ingenious method of installment-payment of taxes" as it was termed, furnished the highlight of the meeting which adjourned to go into executive session.

Commissioner Leffler contends that with the City facing the future without any source of revenue, the burden must fall upon more residents than the small group now paying taxes. In presenting his plan, he did so with the opinion that "it does not violate the City Charter" provision that all net earnings of the water works shall be applied to the retirement of waterworks bonds.

Mayor Spear, first to comment upon the plan, expressed himself in sympathy with it but doubted whether or not it could be put into effect without violating the charter. The remaining Commissioners decided that the plan might be worked out in such a manner that no violation of Charter would occur.

Commissioner Leffler pointed out that "The Commissioners must be concerned over who shall pay the increased water rate so long as it is paid." He added "I believe that this is the best way in which we can secure funds with which to operate the City in the future."

He was asked what would happen if a person raising a home or building complained about the increase in water rate. The answer was "Well, I believe that the water will go to the owner and that the increase in the water rate has been boosted, I'm going to deduct the increase from the rent." There might be some argument between the owner and the water, but it probably will be worked out satisfactorily to the advantage of the City, I hope, in that the owner will again realize his responsibility, and consider his water as an installment payment on his home.

Commissioner Leffler estimated that if all water consumers paid the amount of the increase, the City would receive between \$3300 and \$5000 monthly, he said that.

Commissioner Leffler estimated that if all water consumers paid the amount of the increase, the City would receive between \$3300 and \$5000 monthly, he said that.

Commissioner Leffler estimated that if all water consumers paid the amount of the increase, the City would receive between \$3300 and \$5000 monthly, he said that.

City Attorney Explains New Tax Certificate Law

EDITOR'S NOTE: The following letter from Fred R. Wilson, city attorney, has been received by The Herald in reply to a request for an explanation of the recently enacted local tax certificate law and of the present powers of the City in forcing tax collections: June 13, 1933.

Editor Sanford Herald,
Sanford, Fla.

Dear Sir:
Complying with your request that I write you in regard to the effect of the bill passed by the recent Legislature forbidding the sale or foreclosure by the City of Sanford of tax certificates for a period of five years, I beg to say:

1. The bill requires the City, for a period of five years from the time the Act becomes a law, to withhold the sale of and foreclosure proceedings on all tax certificates and other liens for delinquent taxes which are now held by the City or which may hereafter be held by it during the next five years. There are no other provisions in the bill relating to the sale of tax certificates or foreclosure of tax liens.

2. The bill does not prevent the City from selling lands for non-payment of taxes.

3. Any person would be permitted to purchase lands at the sale thereof by the City for non-payment of taxes and acquire a tax certificate based upon such sale, and at the end of two years the holder of the tax certificate could obtain a tax deed.

4. This Act does not affect any tax certificates that were purchased by an individual or corporation prior to the time the Act became a law, and such certificates would have to be redeemed within two years after their issuance.

I have assumed in this communication that the Act is valid, but I do not mean to say at this time that it is, as I think there may be some question about it.

Yours very truly,
FRED R. WILSON,
City Attorney

President Signs Bill Giving Aid To Home Owners

WASHINGTON, June 13.—(AP)—President Roosevelt today signed into law a bill providing for a \$2,000,000,000 refinancing of small home mortgages to put them on lower interest rates.

The administration hopes to have the new law into active operation within a month. It permits the holders of mortgages on homes valued at \$20,000 or less to exchange these for government bonds bearing interest rate at five percent. A loan of 80 percent value of the home with a \$14,000 maximum is provided.

The President asked creditors to obtain from foreclosing mortgages until the legislation gets into operation.

Baseball Club Begins Canvassing For Funds

Faced with a deficit totaling nearly \$150, officials of the Sanford Baseball Club today were engaged in a canvass of local merchants and baseball fans seeking donations which might wipe out the amount so that the second half of the season can be started off with a clean slate.

Attention was called to the fact that the local club, which has been at the top of the league almost since the season began, has been financed so far by club sponsors. Unlike the Daytona team and the Orlando team, the local club has received no funds either from the Chamber of Commerce or the City Commission.

The drive for funds will continue until it has been raised. Officials stated that they will accept in lieu of cash, offers to house or feed from one to three players. Such a donation will be equally as valuable as cash, they said.

The drive for funds will continue until it has been raised. Officials stated that they will accept in lieu of cash, offers to house or feed from one to three players. Such a donation will be equally as valuable as cash, they said.

HOUSE OKAYS BRITAIN TO PAY BILL INSURING TEN PERCENT BANK DEPOSITS ON WAR DEBT

Measure Now Goes To Senate Where Quick Approval Is Seen; Roosevelt To Agree

WASHINGTON, June 13.—(AP)—The House this afternoon adopted the compromise Glass-Steagall reform-insurance deposit bill sending it to the Senate where quick acceptance of the conference agreement also was expected by leaders. That President Roosevelt will accept the revised measure is being taken for granted.

Almost a third of the House members signed a pledge to vote against adjournment until the bank reform measure was passed when word flashed through the capital that at last the conference had reached an agreement.

The agreement virtually assured approval of the legislation. For four hours countless representatives of the two houses worked in a hot committee room to compromise differences. Near the end they consulted with President Roosevelt by telephone and a few minutes later emerged smiling to announce the long sought understanding.

Under the compromise bill, deposits up to \$2,500 would be insured beginning Jan. 1, 1934, and the permanent insurance system would go into effect the following day.

Branch banking, as in the Senate (Continued On Page Four)

Campaign Will Be Started To Force License Purchases

County Tax Collector Jno. D. Jenkins, who yesterday received telegraphic orders from Governor Shultz to make a drive against all persons who have failed to purchase state and county licenses for 1932-33, today stated that "Very few persons have failed to pay their state or other occupational licenses in Seminole County."

Since Oct. 1, Mr. Jenkins, assisted by county authorities, has conducted a drive which has resulted in 199 state owners having purchased state licenses, while 300 persons have secured other occupational licenses.

In contrast to the number sold through June 12 last year, Mr. Jenkins pointed out that at that time 241 state licenses and 369 occupational licenses had been sold.

He added that the names of all persons who have failed to purchase a license, will at once be certified and sent to prosecuting attorney J. G. Leonard, and Governor Shultz under authority issued by the latter yesterday, unless licenses are secured immediately.

Call Is Issued For Choir Assistance

Francis C. MacMahon, director of the choir of Holy Cross Episcopal Church this morning issued a call to the members of all church choirs in Sanford and other vocalists that they gather at the band shell at 12:45 o'clock Thursday afternoon to make ready to sing the National Anthem as a massed chorus when H. M. Papworth, track body president, presents a large flag to Mayor V. A. Spear on behalf of the trade body.

The plan was suggested by Mr. Papworth who believes that the choir could appropriately be sung during the ceremony which will see the flag hoisted to the top of the 90-foot flag mast at Memorial Fountain on the Municipal Pier.

A chorus of more than 100 voices can be recruited if all choirs join in the ceremony, it was estimated today.

MASONS TO MEET
There will be a regular convocation of Monroe Chapter No. 16, Royal Arch Masons in the Masonic Temple tonight at 8:00 o'clock, it was announced today by J. C. Trawick, head of the Chapter. All members are expected and visiting Masons are invited to attend the convocation.

War Debts Issue And Monetary Policies Hold Spotlight In Negotiations Today

LONDON, June 13.—(A.P.)—The world economic conference today ended the second day of the session during which Secretary of State Hull and most of the American delegates absent themselves, with two major crises boiling up, both of them involving the United States as the point of attack by other nations.

The first storm revolved about war debts which was precipitated into the conference by addresses by delegates despite the fact that the subject was barred from the agenda.

The other embroilment concerned monetary matters. Delegates and observers as the day proceeded voiced the view that it was obvious that European blocs are being formed to force the hand of the United States on those questions so as to get an immediate settlement of the war debt problem and in bringing the American monetary viewpoint around to that of Europe.

Hull, scheduled as first speaker today, did not appear and it was stated that preparation of his speech had been delayed so that he could not speak before tomorrow. Many delegates, however, expressed the view that the British war debt crisis might have had something to do with the delay, especially in view of the eagerly awaited announcement of Chancellor of the Exchequer Neville Chamberlain on debts before the House of Commons late today.

As the conference proceeded today no less than three speakers followed Prime Minister Macdonald's lead of yesterday and dealt with the forbidden subject of war debts.

Auspicious Start Is Made At First School Session

With an enrollment of 140 boys and girls, the Daily Vacation Church School got off to what was considered as an auspicious start yesterday morning when teachers taught preliminary lessons to pupils registered in the Beginners, Primary and Junior departments.

The Intermediate Department had to be closed because of a lack of teachers and assistants. Intermediate students already enrolled were therefore transferred to the Junior Department.

The Beginners' Class is under the direction of Mrs. Fred Myers as superintendent. Teachers are: Mrs. R. M. Warren, handwork; Miss Helen Lundquist, secretary; Mrs. Chapman, story; Miss Alice DeCoursey, piano; Mrs. Frank Stetler, religion story; Miss Blanche Cunningham and Miss Evelyn Patten, assistants.

Miss Anna Lenora Brown is superintendent of the Junior Department. Her assistants are, Miss Ruth Johnson, Miss Eathan Lanning, Mrs. Eustis Peaks, Mrs. R. E. Cooper, and Mrs. F. M. Marler.

The Junior Department is supervised by Mrs. C. R. Mason, with Miss Ruth Hand, Miss Wynne Strang, Miss Daphne Takach, Miss Georgina Hart, Mrs. J. A. Knight, Mrs. Davis, Steve Johnson, and Frank DuBose as assistants.

TO GIVE BARBECUE

County Commissioner S. F. Long today announced that he and Noah C. Jacobs will stage the annual Fourth of July barbecue picnic at the Jacaranda grounds in Chuluota as in past years. He said that, for racing, tournament riding, and dancing will be among the amusements provided for the public that day. Large crowds usually attend this affair, and he promptly talks by planners of additional interest.

Negro Soothsayer Is Given Sentence In Municipal Court

Because he was found guilty of practicing clairvoyance without a city license, Poole Lightfoot, negro resident of Sanford, is in the County Jail wondering how he will be able to pay a \$250 fine levied upon him in Police Court yesterday by Municipal Judge S. A. R. Wilkinson.

Lightfoot, who also was charged with disorderly conduct in that he was believed guilty of conducting what is known as a "flim-flam" game, was caught in the act of selling a negro man a piece of paper upon which was printed a number which Lightfoot said would be the lucky number in the "Cuba" lottery this week. Lightfoot claimed clairvoyant "power" enabled him to sense the winning number. He was given the minimum sentence provided in the City ordinance against practicing clairvoyance without license. He was found not guilty of the disorderly conduct charge.

Judge Wilkinson dismissed a charge of disorderly conduct lodged against Gordon Wade, white youth.

Han Combs, white, and James Curtis, colored, charged with reckless driving, were fined \$10 each.

E. H. Duncan, white, charged with disorderly conduct, was fined \$10.

Wesley Tucker and Lena Mae Cannon, charged with disorderly conduct, were dismissed, but Howe Brandon, George Foster, and Mack Hills, in court on disorderly conduct charges, were fined \$5 each.

Andy Johnson, charged with discharging firearms within the city limits, was fined \$10. He was given a \$5 fine for being drunk and disorderly.

Andy Johnson, charged with discharging firearms within the city limits, was fined \$10. He was given a \$5 fine for being drunk and disorderly.

Big Delegation Is Coming To Attend Local Elk's Affair

Caplan Hale, of New Smyrna, district deputy grand, called today of Florida B. P. O. E. East, and Murray Sams, prominent Elk and attorney, will head a large delegation of Central Florida Elks who will be in Sanford tomorrow night attending an annual flag day ceremony at the Elk Club, starting at 8:00 o'clock.

Both Mr. Hale and Mr. Sams will be heard in addresses. The former will speak on "Patriotism," while the latter's subject is "The History of the Flag."

These speakers will be heard after a ritualistic program that will be carried out by the following local lodge officers assisted by nine Boy Scouts: G. W. Spencer, exalted ruler; F. C. MacMahon, leading knight; F. E. Horner, loyal knight; H. L. Perkins, lecturing knight; H. B. Coleman, exalted; Rev. A. S. Peck, chaplain.

The Sanford Concert Orchestra will offer a special group of selections, while at the conclusion of the meeting Peckham's Merry Makers, a dance orchestra, will furnish music for a dance that will continue until early morning hours. The public is invited.

House Bill 1301 Becomes Statute Minus Signature

The dedication of the freighter follows immediately while at 2:00 o'clock a series of outboard, sail, local, canoe and rowboat races will get under way to continue until 4:00 o'clock.

A baseball game between Sanford and New Smyrna will start at 8:00 o'clock the Sanford Concert Orchestra will render a special program from a platform at the rear of the Court House.

Local merchants are offering prizes for the winners of various boat races, while local gasoline dealers are furthering the cause by contributions of gasoline and oil.

Compromise On Vet Bill Looks Unlikely

WASHINGTON, June 13.—(AP)—High ranking Senate Democrats conceded privately today they lacked the votes to approve the compromise on veterans allowances sanctioned by President Roosevelt, thus forestalling a further delay in reaching an agreement. Two of the administration's spokesmen told newspapermen that "settlement of the Senate is overwhelmingly against the House compromise" and they are doubtful that the Cutting-Ridgeway substitute for it could be passed today.

A policy of cautious waiting to see what develops in the Senate is being urged by leaders in the hope that they could muster enough votes to prevent a too wide liberalization of veterans benefits, considered certain to bring a veto.

HOSTON, June 12.—(AP)—Massachusetts voted today on repeal of the Eighteenth Amendment. Predictions were that it would be the eleventh state to vote repeal.

Tige Minor Blanks Indians In Brilliant Two-Hit Tilt; Islanders, Crackers Win

CENTRAL FLORIDA LEAGUE

Player	W	L	Pct.
Harrell	1	1	.500
Probst	1	1	.500
Chapman	1	1	.500
Headley	1	1	.500
McCall	1	1	.500
Baker	1	1	.500

Holder of most of the Central Florida Baseball League's pitching honors for the 1933 season, Tige Minor yesterday afternoon, leading before the largest crowd of the season in a game that summed everything to the Sanford Cracker cause, pitched superb two-hit baseball to shatter the Indians' seven-game winning streak and hand that club a least into third place. The Fed ran, 6 to 0, while some 200 Coconuts looked on in amazement.

Minor's performance definitely established him as the league's outstanding righthander. Earlier this season he had pitched the league's first no-hit, no-run game, and he has two three-hit games to his credit as well. Yesterday he went up against a team credited with being one of the three best in the league, and he revealed his ability in a most convincing manner.

While Minor was holding the Indians to two hits, one of which came in the fifth and the other in the eighth when with two out Minor walked two players and saw the bases filled on Howard's single before Harrell filed out to end the Indian's only scoring threat, the Feds combined a handful of hits, most of them scratch affairs, with Lefty Baker's sudden reversal of form, to score six runs throughout the game.

After Baker, who had won six straight games to earn a place among the league's finer hurlers, had disposed of the first Fed to face him, Roy Harrell was credited with a single at the start of the third when he knocked one at Prince at third base. Chapman sacrificed Harrison to second, and he scored on Bonner's single to left after Minor filed out.

The Fed heavy hitters were helpless in the fourth and fifth, a fast double play spoiling a chance in the fourth, while Baker's alertness in catching his team mate napping Johnny Culbreth off first put a crimp in a possible scoring chance in the fifth.

The sixth opened as Chapman singled sharply past third base. That hit, plus Bonner's double in the eighth and Probst's single in the fourth, were the only real clean hits of the tilt, incidentally.

Minor bunted to Baker for what might have been a double play but instead the blonde rambled the ball and both runners were safe. Bonner sacrificed to second and third on a bunt. The bases were filled when Baker walked Newcomb.

On the third pitch Barnes opened a ball to Headley just off center base. Because Chapman was almost at home, it was too late for Headley to throw there and when Headley turned toward first, Barnes was practically there although a play was made at that base. It was scored as a scratch hit. Minor and Newcomb both scored when Abbott hit through Harrell's legs at second. It was scored as another scratch hit although it was hard hit. Abbott stole second just before Maxwell walked. Culbreth was safe at first when he hit to Prince who tossed Barnes out at home. Abbott scored on the play when McCully threw low to first trying to double Culbreth, while Maxwell went to third. On an attempted double steal, Maxwell was out at the plate.

A final Fed run came over in the eighth when Bonner doubled in left, went to third on a wild pitch, and was squeezed over by Barnes.

DAYTONA 7, ORLANDO 6
DAYTONA BEACH, June 12.—Jimmy Knight, of Quitman, Ga., a cousin of Joe Knight, Cairo pugilist and like Joe a southpaw, made his debut for the Islanders here yesterday against Orlando and won 7 to 6. The victory sent the Islanders to within a game and a half of the league lead.

Knight started wild and walked three men in the first, walking in a run, and allowing a total of three runs before it was over. He gradually settled down to turn back the visitors, sandwiching six strikeouts and eight hits over nine innings.

Early Joiner, slapped a homer between center and right fields in the fifth with the tying runs on the bases to give the Islanders a lead which they held the rest of the game despite six errors and a final Orlando rally in the eighth.

Two of these errors came in the eighth, resulting in a run before Knight bore down with the bases loaded to stop the rally.

Wally Shannon led the 12-hit attack on Lefty Flora, ace of the Tiger staff, while Bill O'Brien was the only other Islander to get more than one hit. Dan Capps, Tiger left-fielder, advanced to within eight points of first place in the league batting standings by securing a hit in four tries while Aaa Wall went hitless at Sanford.

The box score:

Nervous Condition Improved After Woman Took Cardui

"I found myself in a weak, run-down condition, and very nervous, so much so that at times I felt like I wanted to scream," writes Mrs. J. T. E. Thomas, of Spartanburg, S. C. "The least noise would make me tremble and feel weak and nervous. I read where Cardui had helped other weak women, and decided to try it myself. I felt better after I began taking Cardui, and decided to keep it up. I took six bottles in all. I was in a better condition after taking Cardui. My nerves were more settled."

Cardui, the purely vegetable medicine which so many women take and recommend, is sold by local druggists.
