MR. AND MRS. W. V. BITTING (Staff Photo)

Bitting Is Confident Of City's Expansion

By J. MARION HARMAN SR.

More than likely the happiest man in Sanford today is W. V. Bitting. The reason for his happiness stems from the gigantic job of turning Touchton Drug Company, at the corner of First St. and Magnolia Ave. into a self service store — one of the most modern in the entire Central Florida area.

Fifteen years ago W. V. Bitting, known to thousands of his friends and acquaintances as "Doc," came to Sanford and established his drug store in a building just half the size of the present store.

"And year by year Touchton Drug Company has grown. There's a reason for its growth, and Doc Bitting always has a ready answer for the question — "Mrs. Bitting has been helping me for 12 years."

Actually, there are many reasons for the unprecedented growth of Touchton Drug Company here in Sanford. Among them we can readily include "Doc's" genial disposition, the friendliness that immediately transforms an acquaintance into a friend, the thoroughness of his service to his customers, and the fact that he has always been interested in the needs of his customers.

"Doc" Bitting's greatest pleasure is in his family life. He has a lovely wife and a beautiful daughter, in Sanford. He has been, from his infancy, a firelover for the community, one of the city's most loyal citizens — and whatever the problem confronting the community as a whole — baseball, football, civic enterprise, industrial, or new commercial establishments, he has been right in the middle of the planning.

"Doc" is going to be one of the "big" communities of Florida," as he predicted, as we talked about his past fifteen years — and the future ahead.

Getting back to "Doc" Bitting, his present happiness — with his wife and daughter — is revealed in the present remodeling of Touchton Drug Company. A self service store is the third in a series of changes which we have grown through the store and the city. He turned first to the "heart of my business," as he explained, the prescription department. "We've filled nearly one million prescriptions here," he said as he pointed to a brilliantly lighted, enlarged, and modern department. "We're making it open," he said, "enlarging it to make room for all of the largest modern drugs for which we have grown and adding a battery of aids to improve conditions under which prescriptions are compounded."

His belief in Sanford and the future — confident in the security of the community's forthcoming "new era" — "Doc" Bitting and Touchton Drug Company have invested huge funds for the complete renovation of the store's facilities and the methods under which customers will shop.

Merchandise will be on open display and individually marked, assisting shoppers in making a better selection.

Thirty employees — a team of four pharmacists — each one selected for his or her ability to meet and make friends, will serve Touchton Drug Company's customers.

"We will continue to maintain modern soda fountain and equipment for which we have made a more extensive invest-

from which to choose, said Bitting as he described the completion in the near future of the tremendous program of expansion.

W. C. Touchton Jr., president of Touchton Drug Company, said this of W. V. Bitting, "We have certainly gone along with anything that Mr. Bitting wanted for his store — because of his enthusiasm and confidence in the growth of Sanford — and the fine response the people of Sanford have given him in the past — we could not turn down the opportunity to invest in the future of Touchton Drug Company here."

Bitting, vice president of Touchton Drug Company, and manager of the Sanford store, also has an interest in another of the company's fine stores in Largo.

In the near future, Mr. Bitting will announce the completion of his present expansion program and plans to offer his customers throughout Central Florida a completely new innovation for drug store shopping.

"I deeply appreciate the confidence and the confidence in our staff of employees who serve them," Mr. Bitting said, "I have always believed in Sanford and the very first, believed that because of wonderful people here we would have one of the greatest and most thriving communities in Florida."

Bloodmobile Will Be At Elk's Club Tomorrow At 1 p.m.

Members of the Elk's Club and all other interested citizens are invited to donate a pint of blood to the Elk's Blood Bank or any other organization's blood bank tomorrow afternoon when the bloodmobile will be located at the Elk's Club from 1 to 7 p. m. All blood donors will be served a steak supper immediately following their donation.

Persons interested in replacing blood are also invited to take advantage of the bloodmobile's visit to Sanford at the Elk's Club tomorrow.

Social Security Rep To Be Here In July

A representative of the Social Security Administration District Office in Orlando will be at the Chamber of Commerce Building in Sanford on Friday, July 6, Friday, July 13 and Friday, July 20, between the hours of 9:30 a. m. and noon.

Double-Header Slated Tonight

A double-header softball game will be played tonight, under lights at the Fort Mellon Park diamond.

Hunt-McRoberts and W. Albee Burpee teams of the city-wide softball league will meet for the two-game event which will begin at 7:30 p. m.

Last night's game was rained out. Robson Sporting Goods and Wilson-Maler Furniture Company will be featured in a double-header on July 5.

Farmers' Loans Still Available

Curtis J. Green, County Supervisor in charge of Farmers Home Administration office in Sanford announced today that loans to operate farms are still available. He stated that the United States Congress has appropriated \$180,000,000 to help meet credit needs for crop and livestock production cost during the next 12 months.

The Agriculture Department's objective in providing credit to farmers is to help them become successfully established in a sound farming program and to provide temporary credit to farmers.

\$1,000,000.00 has been allotted to Florida. Family-type farmers who are unable to obtain necessary credit to carry on successful farming operations from local banks, production credit associations, or other sources, are eligible for government farm loans provided they are United States citizens, have satisfactory farm experience or training land have, or can obtain, suitable farm land on reasonable terms.

Loans bear 3 per cent interest and are secured by crop and hotel mortgage. Loans on crops are repayable when crops are harvested. Repayment of loans on livestock and equipment may be up to 7 years.

Loans can be made for such expenses as seed, fertilizer, lime, insecticides, labor, machinery repair, and other production expenses on crops and livestock enterprises established in the area. Also purchase of livestock, machinery, fence, and minor building repairs, can be included in loans. Under certain conditions, debts on livestock and machinery may be repaid with loan funds.

Family-type farm operators may also apply for loans to repair or construct dwellings and other farm buildings, purchase or improve land.

Farm owners, in addition to family-type farmers, may apply for Soil and Water Conservation loans for irrigation systems, pasture development, cross-fencing of pasture, basin fertilizer, reforestation, etc.

Farmers needing credit during the period July 1, 1946, through June 30, 1947, may now file applications with the Farmers Home Administration Office located at Room 418, Sanford Atlantic National Bank Building, Sanford, Florida. Additional information may be obtained by writing to P. O. Box 1146, Sanford, Fla.

Milwee To Discuss School Conditions At Jaycee Luncheon

Members of the Seminole County Junior Chamber of Commerce will be told at their noon luncheon meeting tomorrow, of the condition of Seminole County schools and how the Jaycees, as individuals, and as a group can help improve these conditions.

The principal speaker at tomorrow's Jaycee's Luncheon meeting will be Seminole County Superintendent of Public Instruction Rayburn T. Milwee.

Milwee will have with him some of the principals of Seminole County schools.

Funeral Services Are Set Tomorrow For Mrs. J. Wynn

Mrs. John H. Wynn, 73, passed away at her home on the Old Orlando Highway at 5:30 p. m. Monday afternoon.

She was born on Jan. 27, 1882, in Mikesville, Fla., and had lived in Sanford for the past 30 years.

Mrs. Wynn was a member of the Ebenezer Methodist Church, the W.E.C.B. of Ebenezer Methodist Church and a member of the Elder Springs Home Demonstration Club.

She had celebrated her Golden Wedding anniversary on Dec. 27, 1932.

Survivors include her husband, John H. Wynn, Sanford; one son, H. L. Wynn, DeLand; two daughters, Mrs. H. Crabtree Gramville, Winter Park, and Mrs. Glenn H. Townsend, Clermont; 8 grandchildren and 3 great grandchildren; and three sisters, Mrs. Lola Wynn, Ft. White, Fla., Beatrice Milton, Thomasville, Ga., and Mrs. Minnie Means, Gainesville.

Funeral services will be held Thursday afternoon at 3 o'clock at Ebenezer Methodist Church with the Rev. J. E. Murphy Jr., and Rev. J. W. Austin officiating. Burial will be in Lakewood cemetery.

Stenstrom Urges Citizens To Take Part In Community's Growth

Miracle Concrete Company Head Answers Nuisance Complaint

"We've been in business 46 years in the same place," said J. E. Terwilliger Jr., of Miracle Concrete Company, located at 300 Elm Ave., as he commented on the complaint made by neighbors before the Board of Sanford City Commissioners Monday night.

"We're sorry we woke our neighbors up so early," Terwilliger said as he explained the noise mentioned in the complaint made by his trucks starting up at 6 o'clock in the morning. "Our usual opening hour is 7 o'clock," he said, "but we were delivering concrete to the Naval Air Station and they insisted on the early delivery hour."

"We didn't want to deliver concrete at that early hour but we complied with the requests of the Naval Air Station," he said.

Terwilliger explained "All of our employees are in excellent condition as far as their health is concerned and they are constantly exposed to the dust and working conditions of the concrete plant."

"And some of our employees have been with us as long as 20 years, as a matter of fact the man that taught me the business has been with us that long," said Terwilliger.

"It's growth," said Terwilliger, "and we're growing with Sanford," as he commented on the amount of concrete that is handled through his establishment which manufactures concrete products and delivers ready-mixed concrete.

"We're faced with growth and expanding with the community and it's terribly hard to move the location of a business of our type after 46 years," he said.

"Our location on a railroad siding is ideal — as a matter of fact we are compelled to be situated where transportation is available for receiving materials from which we manufacture Miracle Concrete Company's products," Terwilliger concluded.

John S. Oldfield (Staff Photo)

De Baryte Honored

By MARY FOWLER

John S. Oldfield, thirce mayor of Hasbrouck Heights, N.J. received many testimonials when he retired from active life in his home town and from the Borden company, with which he was connected as real estate appraiser and tax advisor for almost 40 years. And now he has been notified of yet another acknowledgement of his civic contributions — an Avenue in Hasbrouck Heights is being named for Oldfield.

A sixth year resident of De Bary he enjoys his citrus grove and busy home on Seminole Drive beautiful, situated among huge trees and flowering bushes. So content is he with the Florida way of life that he seldom takes a trip North, except for Borden Annets and brief visits with his many relatives. Friends who have a "stirred and settled" in various parts of Florida come to see Oldfield often. His wife who loved their home and neighbors in De Bary passed away two years ago.

We asked about his being up North. "Oh, yes," he acknowledged, "I was mayor of Hasbrouck Heights for three terms and never forgot them for it was depression time and it took real effort to budget expenditures which would include living wages for our family, public utilities, and taxes of our home and taxes. I grew along with our city, watching constant improvements. While I was delighted with the outstanding new municipal building I had so many recollections of my labors in the old one that, and he brought out a gravel inscribed "to his Honor" and presented by the mayor of Hasbrouck Heights, N. Gerard Meerdorf, last December. "It brings back vividly our life in the thirties." He reached for yet another testimonial. "Here is a most complete fly rod fishing outfit, given me by the Republican club so it's easy to see my political affiliations as well as my love for trout fishing sport."

"When Sam's young," reminisced Oldfield, "it's great fun to compete in the world of exciting business but now it's even more fun to enjoy the sunsets in Florida."

Weather

Partly cloudy with scattered showers and thunderstorms through Thursday; low tonight 74.

ADDITIONAL LOCAL NEWS ON PAGE EIGHT

Metts To Be In FSU Spotlight

By PIERCE LEIBERKE

Sanford's Buck Metts pace one of the finest flocks of halfbacks in the south this fall as Florida State University launches its second campaign in major college football.

Despite being hampered by injuries throughout the season, the bantam, 165-pound setback led the Seminoles in scoring last season with 24 points. He averaged five yards every time he carried the ball.

According to Seminole head coach, Tom Nugent, Metts "will be one of the finest backs we've ever had at FSU if he doesn't get hurt again. A coach wouldn't ask for a harder working boy."

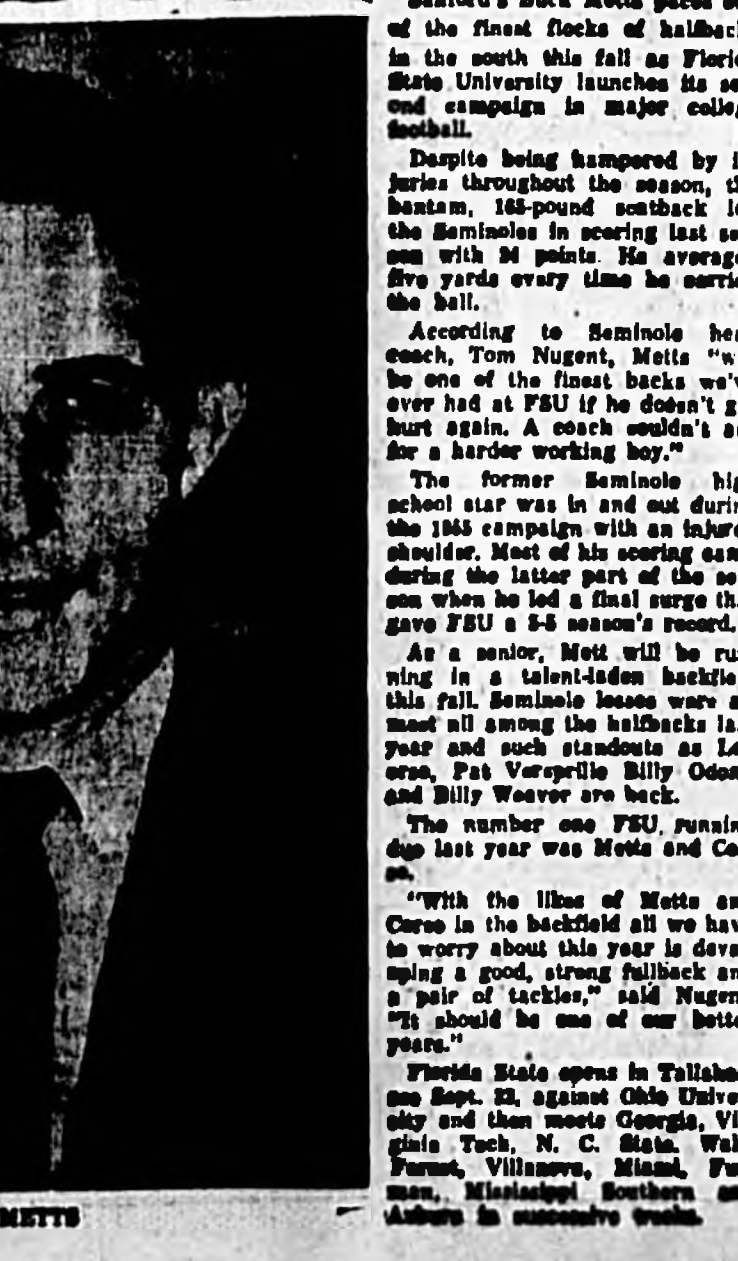

The former Seminole high school star was in and out during the 1945 campaign with an injured shoulder. Most of his scoring came during the latter part of the season when he led a final surge that gave FSU a 5-5 season's record.

As a senior, Metts will be running in a talent-laden backfield this fall. Seminole losses were almost all among the halfbacks last year and such standouts as Lee Orea, Pat Vesperillo Billy Odom, and Billy Weaver are back.

The number one FSU running ace last year was Metts and Coe.

"With the likes of Metts and Coe in the backfield all we have to worry about this year is developing a good, strong fullback and a pair of tackler," said Nugent. "It should be one of our better years."

Florida State opens in Tallahassee Sept. 23 against Ohio University and then visits Georgia, Virginia Tech, N. C. State, Wake Forest, Villanova, Miami, Furman, Mississippi Southern and Auburn in successive weeks.

BUCK METTS

Senator Addresses Lions

"The most important thing we can do on Independence Day is to resolve that we're going to have a part in the future growth of our community," Senator Douglas Stenstrom told the Sanford Lions Club at its noon luncheon meeting yesterday.

"We have, indeed, a mark ahead," he said, "and sometimes we're going to be called idealists but an idealist is one who helps other people to be prosperous."

Senator Stenstrom spoke on "Our Community — where we stand — where we are going — what are our prospects — and how we will face the future."

"Sit down with a pen or pencil and a piece of paper to enumerate what we've done and you will be astounded at what's been accomplished in the last seven or eight years," he said.

In the fields of public health, spiritual life, public education, public roads and home construction, Senator Stenstrom pointed to all that had been accomplished in the various phases of community development.

"Industrial leaders look for communities with strong churches and ours rank with the finest and have kept pace with the progress of Sanford," Stenstrom explained.

The finest hospital of its size in the world, a million dollar sewage system, 80 new school rooms, a new school administration building, for the first time a modern four-lane thoroughfare through the county, houses rising high, as we speak, and will be a landmark in our community — what will happen with a major Naval station here," Senator Stenstrom declared, as he enumerated some of the achievements during the past "few years."

"Our community has many problems ahead but a new spirit is catching on here and a majority of the people of Sanford no longer have the 'it can't be done' attitude," said Senator Stenstrom.

"We have people in our community now who no longer hesitate to go where necessary to accomplish the job where projects are involved to benefit Sanford," he said.

"There's no doubt in my mind that Sanford will develop in a substantial community — the first time ever to reach its real destiny," Stenstrom concluded.

Prior to introducing Senator Stenstrom, a President's Pin was presented Dallas Loop, the incoming president of the Sanford Lion's Club, by retiring president Ben Wade. In turn, a past president's pin was presented Wade by the incoming president.

'Girl Break' Dance Set For Jr. High Students Tomorrow

A "girl break" dance will be held for the teenagers Thursday and Friday night at the Colory Club, according to Janice Eitzlaw of the Teenage Advisory Council who announced the special event this week for the City-wide Recreation Department.

The dance is to begin at 8 o'clock. There will be Barn Dance events and girls and boys are asked to dress appropriately.

The Thursday night dance will be for Junior High School teenagers only while the Friday night event is planned for Senior High School boys and girls.

Deaths: Lawrence Mims (Sanford), Frances Thompson (Ocala), Mortice Strland (Sanford), Steve Rigg (Sanford), Bertha

Baby Girl Young, Baby Girl Malone

Electrical Storm Creates Minor Damage In County

Welcome rains that brought with it a cooling breeze during the night were also accompanied by some damage in the city and county.

The electrical storm caused minor damage as transformers were struck in several locations.

However, automobiles were virtually left unmolested as motorists either drove carefully during the downpour and windstorm or got off the highway entirely. Only one traffic mishap was reported during the period caused by a motorist running off the road to become mired in a ditch.

In the city, the Sanford Fire Department answered one alarm when lightning struck a tree at 8 o'clock, said Chief Mack N. Cleveland. One other alarm was answered at 7:21 p. m., the Fire Chief said, but there was no fire and no damage at the Out-the-city limits location in Pinecrest.

Deputy Sheriff Cotton Brown reported three storms over the highway on South Sanford Ave. because of the high wind, taking with them light and telephone wires. The Sheriff's Department was kept busy during the storm period keeping the highway clear of this section.

Sheriff Denver Correll said that waves across the road between Lake Mary and Longwood were caused by the high winds in that area. Sheriff Correll called in the State Forest Service to help remove the trees from the highway. "We will be making a survey of Seminole County within a wide swath from Lake County," said Sheriff Correll.

According to a report from the Sanford Police Department, there were no accidents or damage in the city during the period of the storm.

Sanford weatherman E. J. "Bud" Houghton reported that there was 70 of an inch of rain recorded during the afternoon and night yesterday. He said that even with the rain measured during yesterday's storm, June's rainfall is still below normal as well as the rainfall for the year.

Houghton reported that the temperature before the rain yesterday was 88 and last night's temperature was down to 68.

Sanford Delegates Named Officials At Girls' State

Carol Nutt, Juanita Wynne and Nancy Cash from Sanford were elected city officials of the 10th annual Girls State now being held on the campus of Florida State University, Tallahassee.

These citizens of the mythical Girls State of Seminole, made up of 200 outstanding high school seniors from all parts of Florida, are experiencing a week's training in government at national, state and local levels.

Members of Girls State hold legislative sessions in the Senate and House Chambers of the Florida Capitol — learn to draft and introduce bills and all legislative proceedings necessary for bills to become state laws. They also hold a trial in the Leon County Courthouse.

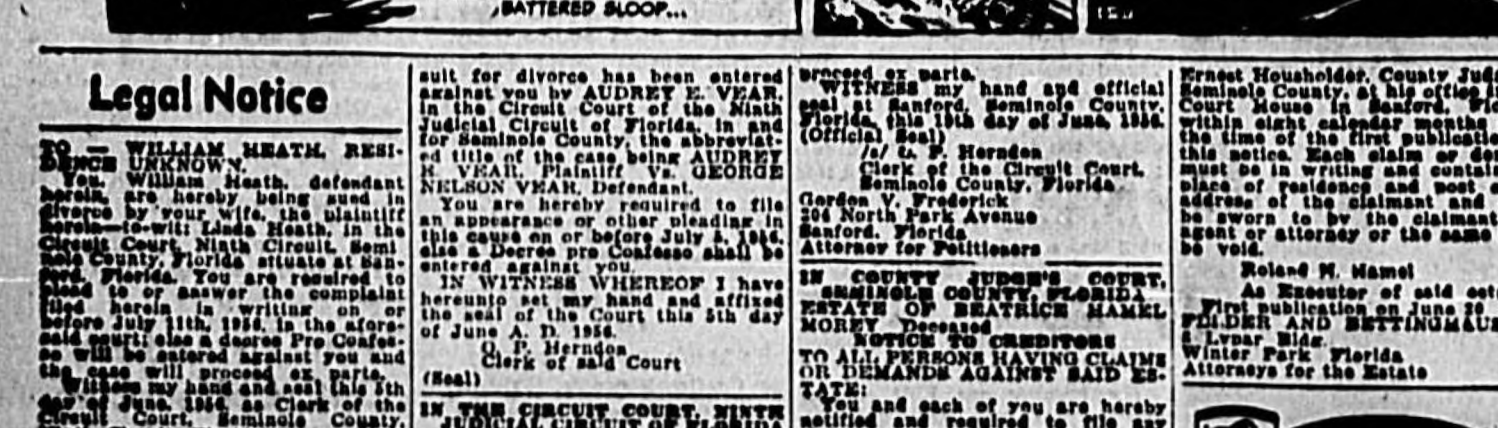

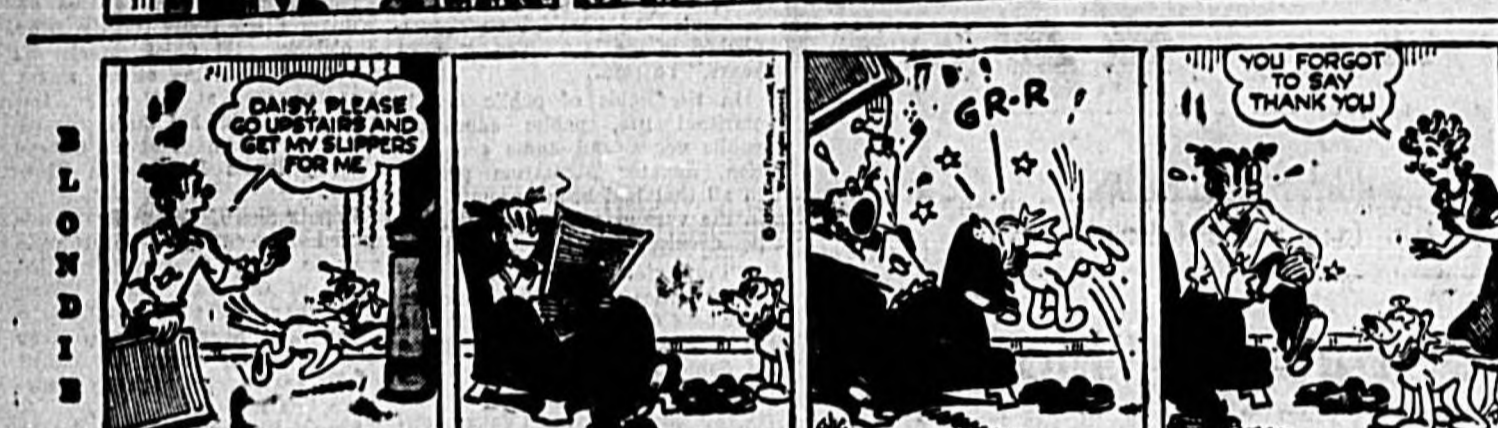

Florida Girls State is sponsored annually by the American Legion Auxiliary, Department of Florida, with faculty members of the FSU School of Public Administration assisting in governmental training.

Weir To Address CofC Coffee Club

The Seminole County Chamber of Commerce Coffee Club will meet tomorrow morning at 10 o'clock at the Chamber of Commerce Building, First St., and Sanford Ave.

Mary Weir, Administrator of the Seminole Memorial Hospital will be the guest speaker.

The monthly "pot-tingered" event staged by the Chamber of Commerce has already passed its first anniversary and has become one of the main gatherings of businessmen to meet businessmen and community leaders.

Sinclair States Prison Facilities Need Enlarging

RAIFORD Warden DeWitt Sinclair told the state Senate Prison Committee that every prison facility in Florida needs enlarging.

That applies to road camps and other institutions where state prisoners are held.

He recommended against additional dormitories inside the present enclosure here.

"Prison authorities say the maximum you should have in one prison is around 1,800," Sinclair said.

He reported 2,253 are now in the prison here.

The total was 2,500 when a group of prisoners rioted last month—resulting in the death of one and the wounding of 11 others. The number has been reduced by moving women prisoners to the women's prison at Ocala.

A new maximum security building is under construction on prison grounds but outside the present enclosure. It will handle up to 160 prisoners and will be completed in a year to a year and a half if no outside contractor is used, Sinclair said.

Even this and remodeling of the former women's building will only relieve overcrowding temporarily, Sinclair said.

If we have the same increase in the coming year as we had in the past year, we will have to find room for 2,700 men by next spring—even if we have to build huts on the ball field," he said.

Sen. J. B. Rodgers Jr. of Winter Garden, chairman of the Senate committee, and other committee members questioned Sinclair extensively on overcrowded conditions and ways to relieve the situation.

Sen. Rodgers said the hearing was called to get recommendations of those in a position to know what conditions are and what needs to be done to improve them in the event Gov. Collins includes prison improvements in his expected call for a special legislative session next month.

The antique cup which each year goes to the owner of the home winning Delaware Park's \$50,000 Oaks was made in England in 1820.

Sanford, Seminole County Should Take Advantage Of Resources

Sanford and Seminole County is already fortunately rich in natural resources. Such wealth, however does not draw interest until it is actually put into use—and then the income from those God-given advantages is so prolific and comes in such huge amounts that we would be astounded should we, momentarily, be faced with the landslide of economic betterment.

We're becoming adept at making use of these natural resources. But the use of them is so recent that we're not yet moving at "full steam ahead" to accomplish all that has been lost out of several decades of, shall we say, stagnation!

First, we get the French Avenue Thoroughway—next, we're blessed with the four-laning, widening, and paving of 17-92 from the Orange County line into Sanford—and now, before us is the causeway as the connecting link to travel happiness. But even now we're in line for another big improvement review, the Sanford-Titusville Canal, which no doubt will solve not one but several of our problems—water transportation and water conservation.

This is just the beginning though—the beginning of a growth and plan for expansion that has no end.

Let's look into the future: with the Sanford-Titusville Canal there should come immediately behind it a dock and wharves project—then comes industrial expansion that no doubt will open the eyes, not only of Florida but of the nation as well—couple with that the growth in population caused by industrial booms—and continuing on the expansion program the Navy is planning within Seminole County—still yet there are potential millions of dollars from the sports industry with the building of the yacht basin which will provide an area for boating.

And the Hat can grow longer as we delve into the immediate future and vision all that ahead with just a continual pull in unison toward one goal.

Now that we're underway—let's keep the ball rolling.

There's only one way to grow—take advantage of the resources we have and think big!

TODAY'S BIBLE VERSE

Thy Word is a lamp unto my feet, and light unto my path. Psalm 119:105—The Bible was certainly more than two thousand years in developing. From Ur of the Chaldees or Sumar to an island in the Mediterranean after the resurrection, and we must judge the Book by what it has done! There are no barbed wire entanglements, no armed guards to prevent the escape of citizens of any land where the Bible is honored.

AS ACCEPTED FOR U OF P **PURE FOOD LAWS VIOLATED** **GOLDEN AWARDED CITATION**
COLLEGE OF MEDICINE **TAMPA, FL.**—Dr. F. Johnson of Gainesville, Fla.—only 44 of 418 applicants have been accepted for the first class in the College of Medicine at the University of Florida.
 Dean George T. Harrell said several applications are still being considered for the remaining four positions in the first class of 462 which will begin studies in September. The class will graduate in June 1958.

We realize that there are some who will frown upon the suggestion that Sanford and Seminole County is destined for greater and bigger things in the days immediately ahead of us.

But our happiness comes in the fact that where there is one frowner there are hundreds of smilers, and those that are smiling are the ones who are working the harder to make Sanford and Seminole County grow fast—and bigger—and better than any other community in the State of Florida.

Farmers Need Help

We were reading an article the other day published in a popular magazine, widely circulated, on the subject of "Why Our Farmers Need Help".

There was a lot of good material embodied in the fifteen-hundred word digest of a book descriptive of farm life.

Factually—it was brought out that population gains amounting to two and a half million souls each year will, in time to come, tax the growing ability of fertile soils of the nation.

It came to our attention in this article—that even though competition is keen and quality of produce and fruit higher than ever before because of the selectiveness of the nation's shoppers—the farmer is receiving less for his product than he was nearly two decades ago.

Rigid standards have brought about the necessity of using many salaries in the path of the produce and fruit toward the market—adding to the ultimate high prices that the consuming public is paying.

There seems to be a gap somewhere when help for the farmer is discussed.

Even though the small farmer—the actual bulkhead of our nation—is disappearing fast, there seems to be no answer—not even a suggestion—as to what might be done to help the small grower, the man who wants to make his livelihood from the soil because of his love for it and not from industrial greediness.

Prices supports, and many of our political arguments stem from the subject, are mentioned only when basic commodities are concerned. Where does the small grower—the farmer—come in?

There are some political maneuverings in the background when agriculture and the needs of the true agriculturalist are discussed.

Is there any attraction offered—over—to point the way toward the benefits of farming, the joys of farming, the security in farming?

We see daily the many requests, enumerating the beautiful pictures of future wealth and security in engineering, science, medicine, and other professions. Billboards are splattered over the nation—public interest aroused—depicting the needs of the nation toward the recruitment of students planning their futures.

But never has there been—so far as we can determine—glowing pictures of agriculture.

We see no answer yet to the question "Why Our Farmers Need Help".

Perhaps there is an answer—and if there is one—no effort has been made to bring it out in the open. It might be possible that the picture could change and the tide of those leaving the farm be changed to a back to the farm movement.

NO PLEADED GUILTY **but told the court, rats got into the popcorn while he was away trying to build up his wholesale business.**

FOR MEMBERS ONLY

Party Confesses To Mistakes

BY JAMES MARLOW
 Associated Press New Analyst
 WASHINGTON—The leadership of the American Communist party has confessed to a series of damaging mistakes and bad guesses, besides conceding the party looked silly in linking Stalin was infallible.

These mistakes include a dumb reliance on Karl Marx without looking at facts, the party's support in forming the Progressive party in 1948, and repeated predictions of war and depression.

Some results: The party has lost heavily in membership and in influence in politics and organized labor; it hasn't been able to win any "mass" support; and it has isolated itself from the main stream of American life.

The admissions came from Eugene Dennis, the party's real boss, and Max Weiss, its educational director, in reports to the Central Committee. Those reports have been printed in pamphlet form.

The reports were made after Russian Communist party boss Khrushchev had listed the mistakes and crimes he said were committed under Stalin.

Dennis said the party had neglected work in the big unions; had backed away from united fronts, which it is now seeking; did not appreciate until a couple of years ago the new world role

of the Asians; had erred in making membership qualifications too tight; was wrong in lumping the "Eisenhower forces" and McCartyism together; and was obviously away off in predicting imminent wars and depressions ever since 1945.

How did all this happen? Dennis blamed some of it on pressure and prosecution by the government. But he said, in effect, the masses it forgot to notice the party was so eager to lead the masses were going the other way.

But Weiss said the Communists will have to "rediscover America" and begin to study its "realities" and struggles. Taking his cue from Khrushchev's revelations about the extent of one-man rule in Russia, Weiss said:

The general membership of the American Communist party has never been able to have a say in the big decisions, that these were handed down from the top. The members ought to be able to discuss problems too, he said.

The question not answered by the Dennis-Weiss statements was why they suddenly thought the members ought to be consulted a little after Khrushchev said collective leadership was better than one-man rule.

As to the Progressive party, set up in 1948 with Henry Wallace as its presidential candidate, Dennis said: "I believe it was erroneous and harmful to support the formation of the Progressive party as a party." He said he had to admit a lot of the blame for this blunder.

But then he said, the party made another mistake in this, after the 1948 elections, that the Progressive party still had a future.

The Communists have had their eye on a third party—a united front or labor-farmer party—steered by them but not under their name—ever since 1924 when they tried and failed.

Stalin suggested it for the country in 1928. Earl Browder wanted it when he was party boss in 1933. And now Dennis in his report hints at that kind of party in the future but not right away.

Weiss blamed blind reliance on Marx's "theory of economic crisis" for the wrong guesses about depressions between 1945 and 1949. "Everything was very simple," he said, if you follow Marx, in the differences between the present world and the 19th century world. Conditions have changed and facts too, he said. And Marx was making predictions based on 19th century facts.

Natives Limbo Excess Weight Away

BY HAL BOYLE
 TRINIDAD, B.W.I.—The natives here have got a sure cure for excess weight. They just limbo it away.

The limbo should soon be sweeping the United States. I'll guarantee that any girl who practices the limbo for six weeks will have a waistline as supple as a fishing worm. Either that or she'll be in the hospital with a mystified doctor murmuring, "Madam, how did you ever get yourself tied up like a pretzel?"

What is the limbo? It is an ancient African dance resembling the high jump. But instead of leaping over the crossbar, you dance under it, each time lowering the crossbar nearer to the floor. You wear nothing but a swim suit and dance barefooted.

Sound simple? Try it. As the bar gets lower and lower, the dancer has to spread his legs farther apart as he shuffles forward, his delicately balanced body and head bent backward like a weaving cobra.

The dance puts a tortuous strain on leg, stomach and back muscles. Before each effort the dancer loosens his body in wild leaps in tune with a steel band as he chants his challenge to the other dancers:

gets lower and lower, the dancer "I want somebody to limbo like me—limbo, limbo, limbo, like me; "But 10,000 people can't limbo like me—limbo, limbo, limbo, like me!"

Once he starts under the crossbar, however, the dancer has no energy for anything except his own strained contortions. Oddly enough, despite its seeming monotony, the dance holds a tense interest for spectators.

"The limbo is an old folk dance that came over with the slaves, probably in the 17th century," said Charles S. Espinet, local newspaper editor who is an authority on island customs. "No one knows the origin of the name."

In 1944 Edric Connor, a Trinidad-born singer and stage and screen star, revived the dance. Soon it became a popular diversion among society figures here. American airmen even adopted it as a physical training exercise, and it is now being boomed as a tourist attraction.

There are perhaps a hundred professional limbo dancers in the West Indies, of whom a dozen are rated as first class.

The record is held by a woman, Ruth Henry of Antigua, who danced under a crossbar only 8 inches from the floor. The most famous limbo artist, however, is "Strich" Wilcox, who is six feet three and has gone under a bar at 10 inches. He has the widest following because he mixes comedy with his gyrations.

Moneywise, the best of limbo dancers at present hardly threatens to break into the Fred Astaire class. They have no difficulty staying marvelously slim. They don't earn enough to eat themselves out of shape.

A folklore scholar here estimated that ranking limbo dancers in the best Trinidad night clubs earn less than \$30 a week take-home pay.

To a visitor, however, limbo dancing holds some wonderful possibilities as an export to the United States. Not just to thin down our overweight dames either.

It could turn out to be a real exciting new craze for the American teenager. It might even take his mind off rock 'n' roll for a change—and who's against that?

Salvage Sale Is Underway At OAFB

ORLANDO AIR FORCE BASE.—A salvage sale of miscellaneous supplies and equipment is underway at Orlando Air Force Base, according to Sidney E. Lloyd, OAFB disposal officer.

Bids for the material, which includes more than 250 lots of items, must be placed in the bid box located in the OAFB property disposal office by 9 a.m., July 2.

Included in the sale are film and photographic supplies, hand tools, hardware, and shop, athletic, and electrical equipment. Also for sale are auto parts, auto hardware, wool blankets, clocks, and kitchen and heating equipment.

The public may inspect all the material between 8 a.m. and 4:30 p.m., Mondays through Fridays until the bids are closed. Further information and bid forms may be obtained from the property disposal office at the base, telephone 3-0561, extension 1475.

Golden has been executive secretary of the Florida High School Activities Assn. for more than 20 years.

A Tribute To Our... Postmen!

When Aunt Estelle, in Boston or Bangkok, writes you a letter, a huge piece of governmental machinery goes into action. Ships, trains, trucks and airplanes may be called upon to bring that intimate message to you. When it arrives here, your faithful Postman picks it up, puts it in his weathered leather bag and delivers it personally to your door. He is one of our most important Civil servants. He is chosen for his dependability, his strong legs, his neighborhood familiarity and his eagerness to serve. He knows you, your family, your dog... and is a welcome sight to all! We salute the faithfulness of the Mail Carriers!

Miss Margaret Ellison (Staff Photo)

Miss Margaret Ellison Chosen To Serve As Grand Officer

The highlight of the 10th annual Grand Assembly of the Rainbow for Girls, State of Florida, held in Orlando June 21-23 came Saturday night when the Grand Officers of 1936-37 were installed.

Miss Margaret Ellison, Worthy Advisor of the local assembly, was installed as Grand Nature, State of Florida. Miss Ellison is the daughter of Mr. and Mrs. C. T. Ellison of Sanford. She is very active in her Seminole High School activities and will be a senior next year. She is a member of the Grand and is in numerous other extra curricular activities. She has been active in Rainbow work since 1932 and has held the stations, Love, Faith, Hope, Charity, Worthy Associate Advisor and now Worthy Advisor. She also served as Grand Page at Grand Assembly held in the State of Alabama in 1933.

At a luncheon honoring the Grand Officers in Orlando Saturday Mrs. Leta MacMillan, Supreme Deputy of the State of Florida stated that Margaret was the third generation in her family to receive the Grand Cross of Color and the second generation to hold a Grand Office.

Miss Irma Jean Corley, Junior past Worthy Advisor, of Sanford Assembly No. 23, served as Grand Page during the entire proceedings of the convention. She was commended for doing an excellent job.

Friday morning the Degree of Master, Grand Cross of Color, was conferred on Mrs. Virginia Anderson, Miss Corley and Miss Ellison. Mrs. Phil Wyatt, was unable to attend the ceremonies but the degree will be conferred on her later.

Friday night, Linda Sue Koke and Marilyn McDaniel were initiated as members of the local assembly by the Grand Officers of the State.

Others from Sanford attending were Georgia Ann Jones, Sherlene Sheppard, Carol Ellison, Mrs. Anderson, Mr. and Mrs. Phil Wyatt, Mrs. L. P. Sheppard, Mrs. Lennie Moye, Mrs. Marjorie Sheppard, and the Rainbow Mother Advisor, Mrs. Kathleen Reynolds.

GOETH'S AFTERNOON DRESS is fashioned of finely ribbed black silk. Bands of the fabric criss-cross over the midriff. The white organza collar has an appliqued border of lacy flowers. Smart and cool for summer wear.

Circus Dance Is Held At 'Crate' For Jr. High Group

A Circus Dance was given for the Junior High students Thursday night at the Celery Crate with cooperation of the Recreation activities of the Sanford summer program.

The theme for the dance "Circus" was carried out in decorations of circus animals, pop corn, peanuts, balloons, and many other circus attractions. Refreshments of color drinks were sold for a dime and it was mentioned that the extra nickel will go to buy new records for the juke box which the students can use.

Many cute couples were spotted on the floor enjoying the dance including Marilyn McDaniel with Terry Christerson, Bobbie Munson with Reggie Whalley, Tommy Brown with Helen Petalar, Billy Johnson with Linda Anderson and Terry Griffin with Jane Osborne.

The students all agreed that the dance was the "best ever." Thanks goes to the recreation department, Mr. Angel and Mrs. Anisley.

"We all had a wonderful time and hope there will be bigger and better times to be held," said one member. The next dance is slated for June 28, Thursday night.

A Barn Yard theme will be used and time is from 7:30 p.m. until 10:30 p.m.

DISCUSSING PLANS. The Officers Wives Club's executive board met in the home of Mrs. J. M. Tully Jr. to discuss and make plans for future events and happenings. Shown left to right are Mrs. R. H. Conn, President; Mrs. R. D. Murray, Mrs. J. F. McDonald, Mrs. J. M. Tully Jr., Mrs. H. B. Lynch, Mrs. O. E. Potts, and Mrs. H. L. Weigle. (Photo by Jameson)

Local UDC Chapter Has Memorial Meeting In Memory Of Mrs. Strong

The Memorial meeting of the Norman de V. Howard chapter, UDC was held Friday afternoon to honor the memory of Mrs. Mary Leffler Strong, recently deceased member.

President of the chapter, Mrs. F. E. Roumillat presided and read a telegram from Mrs. Alan Moseley of Ft. Myers, daughter of the late Mrs. Strong.

Invocation and benediction were given by Mrs. J. St. Clair White, chaplain, after which Mrs. J. M. McCaskill read the tribute which was as follows: "With a deep sense of loss, the Norman de V. Howard chapter of United Daughters of the Confederacy has bid farewell to Mary Leffler Strong, our oldest and one of the most faithful and beloved members who passed away at the home of her daughter, Mrs. Alan Moseley at Fort Myers, Fla., June 11, 1936.

Mrs. Strong was a charter member of our chapter and a Real Daughter. The name of Mrs. Strong as an outstanding member of this chapter was inscribed on the bronze plaque of the Lee and Jackson memorial window in the Washington Cathedral at Washington, D. C. in 1934, and her name was recorded in the memory book of the Memorial building of the Women of the Confederacy in Richmond, Va.

She was a member of the Holy Cross Episcopal Church in Sanford, her home, and was interested in all civic affairs of the city.

We pause now with respect and devotion to pay loving tribute to the memory of this dear lady who held the ideals of the confederacy close to her heart.

Local UDC Chapter Has Memorial Meeting In Memory Of Mrs. Strong

Mary Leffler was born Oct. 17, 1875, near Spigner, Ala. She was the daughter of Charles Henry Leffler, Smithfield, Ky., and Mary Frances Bibb, of Montgomery, Ala.

She and her parents with her came to Melonville when she was one year old. They came down the St. Johns River from Jacksonville in the steamer Lolly-Boy and her first memory was riding in the "mail-bag" as her father was Melonville's first postmaster.

Her mother taught the first Methodist Sunday school class in this vicinity. After attending Rollins Academy (now Rollins College) for one year she married Ormond Kingsley Strong who passed away in 1926.

In addition to her membership in the UDC Mrs. Strong was a charter member of Calosahatchie Chapter, Daughters of the American Revolution at Fort Myers. The memory of her love for the service to our chapter will long be an inspiration to each member who knew her.

The following resolutions of sympathy were then read by Mrs. Zeb Ratliff. RESOLUTIONS OF SYMPATHY WHEREAS: Our Almighty Father in His Infinite Wisdom has seen fit to take from our midst our beloved member, Mrs. Mary Leffler Strong to dwell with Him in His Heavenly Home.

WE RESOLVE that we as mem-

bers of Norman deVere Howard Chapter United Daughters of the Confederacy, shall greatly Miss her. The Loyalty she had for the Confederacy cause and her cheerful disposition have endeared her to each member of our Chapter.

THEREFORE: Be it further resolved that a copy of these resolutions be sent to her family, one to be published in The Sanford Herald and a copy inscribed in the minute book of the Chapter.

Mrs. Minnie Evans Jones, chairman. Mrs. L. A. Brumley, Mrs. J. M. Hayes, Mrs. A. K. Rossetter, Mrs. F. E. Roumillat and Mrs. Zeb Ratliff. The two hymns sung in unison by the group were the one sung during the burial service at Ft. Myers and were "Sun of My Soul" and "Now The Day is Over."

Those attending were chapter members, relatives and friends, and included Mrs. B. L. Perkins, Mrs. M. S. Wiggins, Mrs. W. A. Leffler, Mrs. William Bush, Mrs. B. O. Perkins Jr., Mrs. L. A. Brumley, Mrs. J. M. McCaskill, Mrs. Dean Turner, Mrs. G. D. Bishop, Mrs. W. H. Tyson, Mrs. E. H. Laney, Mrs. Zeb Ratliff, Mrs. F. E. Roumillat, Mrs. J. G. Sharon, Mrs. F. J. Gonzalez, Mrs. Minnie Jones, Mrs. J. St. Clair White, Mrs. J. H. Truluck, Mrs. D. L. Caldwell, Mrs. A. B. Wallace, Mrs. Watson B. Wallace and Mrs. F. B. Adams, Mrs. Edward Higgins Jr.

Calendar

WEDNESDAY
The Girl Scouts will meet at First Presbyterian Church at 3:30 p.m.
The mid-week Bible Hour will be conducted by Rev. A. G. McInnis, Pastor of the First Presbyterian Church at 7:30 p.m.
Vacation Bible School for all children, 3 to 12 years of age, continues at First Baptist Church from 8:30 a.m. to 11:30 a.m.
Dr. W. P. Brooks Jr. leads the midweek prayer service at First Baptist Church at 7:30 p.m.
Melvin Dekle leads the Training Union Workers' Conference at First Baptist Church at 8:15 p.m.

THURSDAY
The Junior Choir of the First Presbyterian Church will rehearse at 3:45 p.m. at the church.

The Adult Choir rehearses at First Baptist Church at 8:00 p.m.
Seminole Rebekah Lodge No. 47 will meet in the I.O.O.F. Hall at 8 p.m. A memorial program will be observed.

Personals

Members of the Sanford Pilot Club who attended the inter-city dinner meeting of the Orlando Pilot Club Monday evening at the Chamber of Commerce Community Center were Mrs. Sue S. Stevenson, Mrs. Joel Field, Mrs. Verno C. Messinger and Miss Elsie Farley. Clubs represented at the session were DeLand, Daytona Beach, Sanford, Cocoa, Winter Park and Lake County Pilot Clubs.

Mrs. Joe Shearouse, the former Daphne Connelly, is in Sanford until Friday visiting her parents. She will then return to her home which is in West Palm Beach.

Mr. and Mrs. R. L. Barneau and son Ricky have been visiting with their parents, Mr. and Mrs. W. L. Vance and Mrs. A. L. Barneau recently.

Friends of Mrs. A. J. Walker will be interested to hear that she has entered the St. Luke Hospital in Jacksonville and is undergoing eye surgery.

TUESDAY
The Woman's Society of Christian Service of The First Methodist Church will have a Board Meeting at 8 a.m. followed by the regular Business and Program meeting at 9:45 a.m.

All Calendar Listings And Society News Are Requested By 5 p.m. The Day Preceding Publication

Dependable Class Will Have Picnic At July Meeting

The Dependable Class of the First Methodist Church met Monday at 8 p.m. at the home of Mrs. L. Burke Steele with Mrs. P. Lansing as co-hostess.

Mrs. J. Schirard Jr., president presided over the business also giving the devotional taken from "Daily Thoughts" by George Elliott.

Standing committee reports were given.

July meeting will be a picnic. Mrs. R. W. Herron is chairman, with Mrs. Nancy Brock assisting. Delicious refreshments of punch, cake and nuts were served to members present as follows: Mrs. James Wright, Mrs. M. E. Baker, Mrs. John Schirard Jr., Mrs. M. L. Wyatt, Mrs. Cyril Butler, Mrs. J. H. Loebell, Mrs. C. L. Wallis, Mrs. Sam Murphy, Mrs. R. W. Herron, Mrs. Nancy Brock and hostesses.

BIRTHS

Mr. and Mrs. David Russel announce the birth of a son, David Thomas, born June 23 in Democrat, Ga. He weighed 8 1/2 lbs. David is attending college at Piedmont. Mrs. Russel is the former Edra Withrow of Dalton, Ga.

Mr. and Mrs. Gerald Covington proudly announce the birth of a daughter, Elizabeth Ann weighing 7 lbs. The young miss was born Sunday, June 24 in the Seminole Hospital. Mrs. Covington is the former Miss Joyce Jones.

Delegates Receive Official Welcome To Lions Session

Conventioneering members of Lions International, including three members representing the Sanford Lions Club headed by W. Hugh Duncan, the club's secretary, got an official welcome to Miami today and headed a convention call signaling four days of eventful sessions.

Before getting down to the 30th annual convention's main business, however, clubs from more than 70 states and foreign countries had a parade to stage tonight.

A round of breakfasts and forum discussions—as well as three separate fashion shows for members' wives—are programmed tomorrow.

Henry Cabot Lodge, U.S. delegate to the U.N.; and North Carolina Gov. Luther H. Hodges are scheduled speakers Friday. On Saturday, the Lions expect to hear Vice President Richard Nixon; act on resolutions and hail new international officers—few of whom have opposites.

LANGUAGE PROGRAM EXPANSION

TAMPA (AP)—Expansion of Spanish language programs in Florida schools and the advertising of Florida vacation and shopping attractions in Latin American newspapers are projects which a development committee says it has endorsed.

The Advisory Committee for Latin American Affairs, which works with the Florida Development Commission, reported yesterday it has laid out a state program to supply information to Latin American countries for trade with Florida.

SCHOLARSHIP TO BE AWARDED

JACKSONVILLE (AP)—The American-Hellenic Educational Progressive Assn. of Florida voted yesterday to award annually a four-year college scholarship worth \$2,000.

George Plomaritis of Tampa was designated this year's winner. He will enter the University of Miami Medical School this fall. The group elected Jerry Felos of Jacksonville governor; George T. Karras of Miami, lieutenant governor; and C. P. Saclardes of Clearwater treasurer.

Florida Will Play Big Part In Civil Defense Program

Because of its climate, Florida is to play a big part in the nation's civil defense program, says the chief of the state's civil defense.

Col. H. W. Tarkington, state director of civil defense, predicted here that in the event of an emergency, Florida will receive many persons from outside the state. This is because refugees from bombed areas can live outdoors in much of Florida.

At a meeting of county civil defense leaders, Col. Tarkington said six Florida cities are on the "critical" list in the event of an enemy bombing. He said they were Miami, Tampa, Jacksonville, Orlando, Tallahassee and Pensacola.

But it's other sections of the state which will have to prepare to handle refugees from these cities should they be bombed. The group discussed a mock attack on Tampa and Tallahassee which is to be part of a nationwide alert. Sometime between 10 a.m., July 20 and 10 p.m., July 21 the attack will be made on these two cities.

Certain echelons of our organization here, said Seminole County Civil Defense Director A. B. Peterson, will take part in the mock attack which is being planned as a part of the nationwide alert.

When the make-believe word is flashed that the cities have been bombed, all phases of civil defense will be set into action from the state level downward.

Tarkington said the test would determine how civil defense officials make decisions and set machinery in motion to meet problems.

Motorists Urged To Back Police In Crackdown

CHICAGO (AP)—Drive safely yourself, and back the police in a crackdown on the reckless driver. That advice was given motorists today by the National Safety Council, which, with the International Association of Chiefs of Police, is urging strict enforcement of traffic laws over the Fourth of July.

With traffic deaths up 10 per cent so far this year and a new all-time high record threatening, there is a real traffic safety emergency, the Council said.

The death toll on Memorial day, also a one-day holiday, was 36 per cent higher than for a normal Wednesday at that time of year. Unless enforcement and driver caution are stepped up, traffic deaths over the Fourth will exceed the Memorial day toll, the Council predicted.

"Most drivers are decent, law-abiding citizens, whose only traffic faults are inattention, thoughtlessness or ineptitude," said Ned H. Dearborn, Council president. "But the speeder, the show-off and the drinking driver are potential murderers—and they should be treated like any other criminal."

"You hear people moan about 'unfair' tactics of police in tripping up speeders, drunks and other traffic offenders. What's unfair about it?"

"Is traffic enforcement a friendly game between police and would-be killers, to be played according to sporting rules?" Dearborn asked. "Let the police hide behind billboards. Let them take the red flashers off their cars. Let them use plain automobiles. Do police notify a burglar that they're waiting in the store to catch him when he breaks in?"

"The time has come when it not only is advisable but necessary for traffic police to use every legal and legitimate tactic to make our highways safer. No enforcement can be too tough if we are to make a real dent in a traffic toll that already is a disgrace to a civilized nation."

DIRECTOR SAYS DAIRY ASSN. SHOULD PROMOTE PRODUCTS CLEARWATER (AP)

Even if milk is good for people, a merchandising specialist says, they need to be reminded of the fact if dairymen expect to prosper. George Henninger, managing director of the Ice Cream Merchandising Institute in Washington, told the Florida Dairy Assn. yesterday it should get busy promoting its products.

"The description of the real property involved in said proceeding described in the Complaint is as follows: South 4 of the NW 1/4 of the SE 1/4 of Section 16, Township 21 South, Range 30 East, Seminole County, Florida.

You and each of you are required to file your answer with the Clerk of the above entitled court, and serve a copy thereof upon plaintiff's attorneys, whose address is 55 East Pine Street, Orlando, Florida, not later than the 28th day of July, A. D. 1954, as required by law.

A Decree Pro Confesso will be entered against you and each of you, in the within described case, if you fail to answer and defend in this court, Florida, this 28th day of June, A. D. 1954.

Marilyn To Wed Playwright July 13

WASHINGTON (P)—Playwright Arthur Miller said Thursday he is going to marry film star Marilyn Monroe before July 13.

Miller let the news out in talking with reporters at a short break in a hearing at which he was being questioned by the House Committee on un-American Activities.

The 40-year-old playwright said he had been too busy recently to fix the date of their marriage, but "I hope to settle it all right soon."

He noted that she is leaving for London July 13 to make a movie, and declared:

"When she goes to London she will go as Mrs. Miller."

Miller said he has filed a passport application and if the passport comes through he will go to London with Miss Monroe.

He has been having passport troubles with the State Department, a matter that came up with the committee hearing Thursday.

Miss Monroe has previously been married to former New York Yankee baseball star Joe DiMaggio, their marriage ended in divorce.

Miller received a divorce June 11 at Reno from Mary Grace Slatery of New York. They were married in the 1930s while both were students at the University of Michigan.

Welfare Board Director Resigns

JACKSONVILLE (P)—Charles G. Lavin has announced his resignation as director of the Florida State Department of Public Welfare.

Lavin is leaving a \$8,000-a-year post to go into the real estate business, he told members of the State Welfare Board at their monthly meeting here.

He will become executive director of Rolling Green Ridge Associates, which is developing a 2,000-acre tract in Boynton Beach.

The board accepted the resignation, to become effective Aug. 31, and Chairman Charles O. Andrews Jr., of Orlando, announced that an acting director will be appointed if the job is not filled in the meantime.

Pretty garnish for individual servings of fish fillets: crisp-cross strips of pimiento and place capers between the strips.

A bit of ham or chicken leftover? dice fine and add it to the filling for stuffed eggs.

Eleven Months ago this month...

The impressive panorama of homes pictured in the above aerial view was a tangle of palmetto, scrub oak and pine. The land was cleared then all modern city conveniences installed—sewers, water, electricity and paved streets. Soon, as if by magic, modern Florida homes appeared until now, just 11 months later, 108 families live in this beautiful community.

SOUTH PINECREST

WE ARE PROUD

THAT WE HAVE BEEN ABLE TO BUILD AND SELL MORE HOMES IN SANFORD IN THE LAST 11 MONTHS THAN ALL OTHER BUILDERS COMBINED. WE FEEL THERE ARE SEVERAL IMPORTANT REASONS FOR THIS:

We are interested in building you a home — not just a house. So we carefully selected our architects who would design individual homes. Each home designed to take full advantage of Florida climate and weather.

Our homes have twice the usual amount of windows for better light and ventilation. Each of our homes have long roof eaves to allow your windows to remain open during light summer showers.

Our floors are all of marble terrazzo, life time floors, no rot warping, no termite damage to be concerned about

**HAVE YOU SEEN SOUTH PINECREST LATELY?
WHY NOT DRIVE OUT?**

from **\$11,000** to **\$15,000**

All roofs are 5 ply built up with asphalt and marble chips. Throughout each home we have used only the best workmanship and best materials.

Our finance plan is the best. We offer V. A.—F. H. A. and Conventional Financing.

We know how to qualify our buyers without delay. In 30 minutes we can tell you yes or no. If your answer is yes you can move in while we process the papers.

For 1 year we fully guarantee you that any defects, major or minor that occur in your home will be corrected at our expense.

Don't take our word for this, ask our home owners. They are our best sellers.

We sincerely believe we are offering the best dollar buy in home values today. We invite you to compare our homes with all others.

Vice-Admiral Rees Tours Local Navy Base Yesterday

Vice Admiral William L. Rees, USN, Commander Air Force, U. S. Atlantic Fleet, arrived aboard Sanford Naval Air Station yesterday by A-3D, the Navy's fastest and longest ranging bomber in operation.

Admiral Rees is currently making his initial tour of bases under his command since assuming the position of Commander Air Force U. S. Atlantic Fleet on May 29, of this year.

Upon his arrival, he was rendered official honors by eight sideboys. The Admiral was greeted by Captain Robert W. Jackson, USN, Commanding Officer of Sanford Naval Air Station, Captain J. T. Blackburn, USN, Commanding Officer of Heavy Attack Wing (Continued on Page Eight)

Coffee Club Hears Talk On Hospital

Harry Weir, Administrator at Seminole Memorial Hospital, spoke to Seminole County Chamber of Commerce Coffee Club members this morning.

In the informal talk before the Chamber of Commerce group, Weir said "There are 87 employees at our hospital or 1.3 employees per hospital bed."

"We have to have so many employees because we are open 24 hours a day, 365 days a year," he said.

"I wish we could get over to the public," said Weir, "the necessity for the number of employees at Seminole Memorial Hospital." He said, "We have 20 to 25 specialized departments ready to serve the community at all times."

Weir pointed out "It is an expensive operation if we do not have enough patients and contrary to rumors, we have averaged about 80 per cent occupancy."

"We should average about 70 per cent," he said.

Speaking on the number of patients occupying hospital beds at Seminole Memorial Hospital, he told the Chamber of Commerce group that there have been up to 88 or 70 patients in the hospital at one time but there have also been as few as 32 a day.

"We have a difficult time securing employees because of the housing problem here and it is hard to get across the idea to the public that hospital employees work for something other than just service."

And he pointed out that it is difficult to maintain a fair standard of living on the salaries (Continued on Page Eight)

Utah Businessman To Head Kiwanis International

Reed C. Culp, Salt Lake City businessman, has been named President of Kiwanis International. He was elected to the number-one Kiwanis post Wednesday, June 20th by delegates attending the 41st annual convention of Kiwanis International at San Francisco, California. News of Culp's election was received by officers of the Kiwanis Club of Sanford today.

As head of Kiwanis International, Culp will be official spokesman for a quarter million Kiwanis in 6000 clubs located throughout the United States and Canada, and in Alaska and the Hawaiian Islands. He succeeds Dr. J. A. Raney, Director of the Indiana State School for the Deaf, in Indianapolis. Raney has held the Kiwanis post since August of 1955.

Culp, who is a life-long resident of Utah, operates a wool-livestock brokerage firm. He is a member of the National Woolgrowers Association, the Salt Lake City Chamber of Commerce, and all Masonic bodies. He is currently a member of the Board of Regents of the University of Utah, where he serves on the executive committee and as chairman of the buildings and grounds committee. He has served also as a member of the Mayor's Committee on Juvenile Delinquency in Salt Lake City, and as former chairman of the Advisory Council (Continued on Page Eight)

Big Year Predicted For Bisbee

HAM BISBEE

By PIERCE LERNBECK

Ham Bisbee of Sanford teams with Ronnie Schoenberger of Pittsburgh, Pa., this fall to give Florida State University one of the strongest end combinations in the southeast.

Bisbee, a 19-year-old 175-pound junior was good enough as an 18-year-old last year to keep 6-foot-7, 237-pound Tom Feamster on the bench for a great part of the season.

The gigantic Feamster was said to be collegiate football's largest player last year. He's now with the professional Los Angeles Rams.

Bisbee says his biggest threat lies in his offensive ability, but FSU head coach Tom Nugent thinks he's a fine defensive player.

"We place great stress on the way a boy plays defense for us," Nugent commented. "Bisbee stacks up to everything we want in an end."

Alternating at right end with Feamster last season, Bisbee scored only one touchdown. But he pulled in five passes to lead the team as a running end with 24 yards per try.

Nugent predicts great things for the slight six-footer.

"He's one of the youngest players on our team and he still has two seasons to go. He'll be playing first string this fall and with the experience he should gain, he'll be great in his senior year."

As a star performer for Seminole High School in Sanford, Bisbee was all-conference, all mid-state and he made the second team all-state eleven.

Moving into their second year of major college football the Seminoles open against Ohio University here Sept. 22.

Gas Tax To Go Up One Cent

Motorists of Sanford and Seminole County were reminded today that on Sunday the federal tax on gasoline will go up one cent a gallon, as part of the \$13 billion increase in federal automotive taxes enacted by Congress this year for financing the 13-year federal highway program.

Glen F. Woodard Jr., Executive Secretary of the Florida Petroleum Industries Committee, noted that this increase, added to the present 2-cent federal tax and the 7-cent state tax, will bring total state and federal taxes on gasoline in Florida to 10 cents a gallon. This, he added, is equivalent to about a 48 percent sales tax on gasoline.

Commenting on the "amazing growth" in motor fuel taxation in this state through the years, Woodard pointed out that the Florida gas tax, first imposed at a 1-cent rate in 1921, brought in only \$638,000 the first full year it was in effect. He added:

Now, with this new increase in the federal tax, highway users of this state will be paying an estimated \$118 million a year—about 180 times as much—in state and federal taxes on gasoline.

He said the recent federal increase, expected to yield more than half a billion dollars a year nationally, will bring to about \$34 million the amount of federal gas tax collected annually in Florida.

Motorists have a great stake in highways, Woodard said, but certainly they are paying for them. He noted that the present tax hike is the eleventh general increase in gas tax rates motorists of this state have been called on to pay in the 35 years that gasoline has been taxed here.

Following is the history of state and federal taxation of gasoline in Florida:

In 1921, State gasoline tax first imposed at 1c a gallon; in 1922, 3c a gallon; in 1923, 4c a gallon; in 1927, 5c a gallon; in 1928, 6c a gallon; in 1931, 7c a gallon; in 1932, Federal tax imposed—total 8c a gallon; in 1933, Federal tax increased to 1.5c, total 9.5c a gallon; in 1934, Federal tax reduced to 1c, total 8.5c a gallon; in 1940, Federal tax again increased to 1.5c, total 10c a gallon; in 1951, Federal tax increased to 2c, total 10.5c a gallon; in 1956, Federal tax increased to 3c, total 13c a gallon.

Benjamin Hornsby Re-Enlists In Navy For Six More Years

Being administered the oath upon re-enlistment for six years June 22, by Commander W. W. Stetson, Commanding Officer of Fleet Aircraft Service Squadron Fifty One, Naval Air Station, Sanford, was Benjamin Franklin Hornsby Jr., Aviation Electrician First Class.

Benjamin Hornsby, son of Mrs. Benjamin F. Hornsby Sr., of Davenport, first enlisted in the Navy in July, 1947, at Orlando.

Prior to reporting to this command for duty in February 1955, he was stationed at the Naval Air Station, Norfolk, Va. By re-enlisting in the Navy, Hornsby received a very liberal bonus and 30 days leave.

He is married to the former Miss Kathryn Juanita Rogers of Winter Haven, and they with their three children reside at 402 Orange Ave.

Thrilling Triple Play Seen In Ball Game Last Night

A triple play by W. Atlee Burpee softball team last night provided the thriller in a game which ended with Hunt-McRoberts in front to take the game 11-3.

The play happened this way: the bases were loaded when the batter for Hunt-McRoberts grounded to shortstop James Davis — Davis to catcher John Jones to force the running from third, then Jones to first baseman Robert Samuel to put out the batter and from Samuel back to Jones to tag the runner sliding into home.

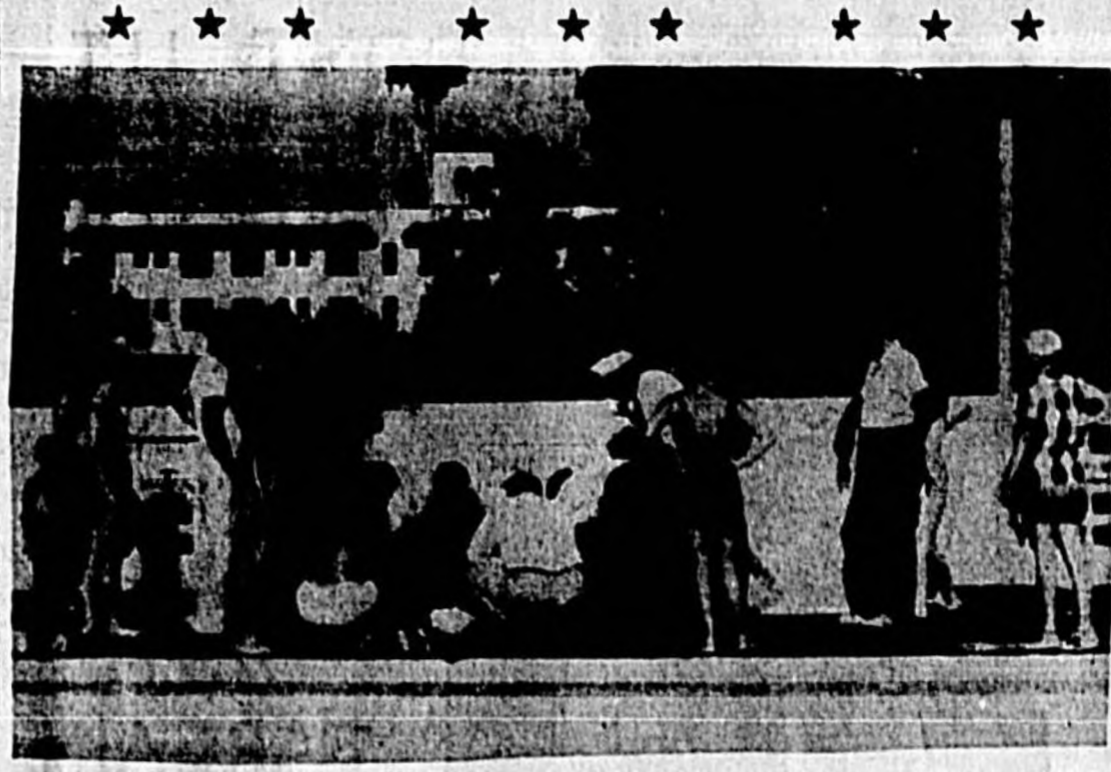

The winning team earned 11 runs on six hits with the batteries Dan Bauman and Ed Lockett. Dan Bauman hit a three-bagger to clinch the lead.

W. Atlee Burpee got two hits and three runs with batteries Herman Tickle and Johnny Jones.

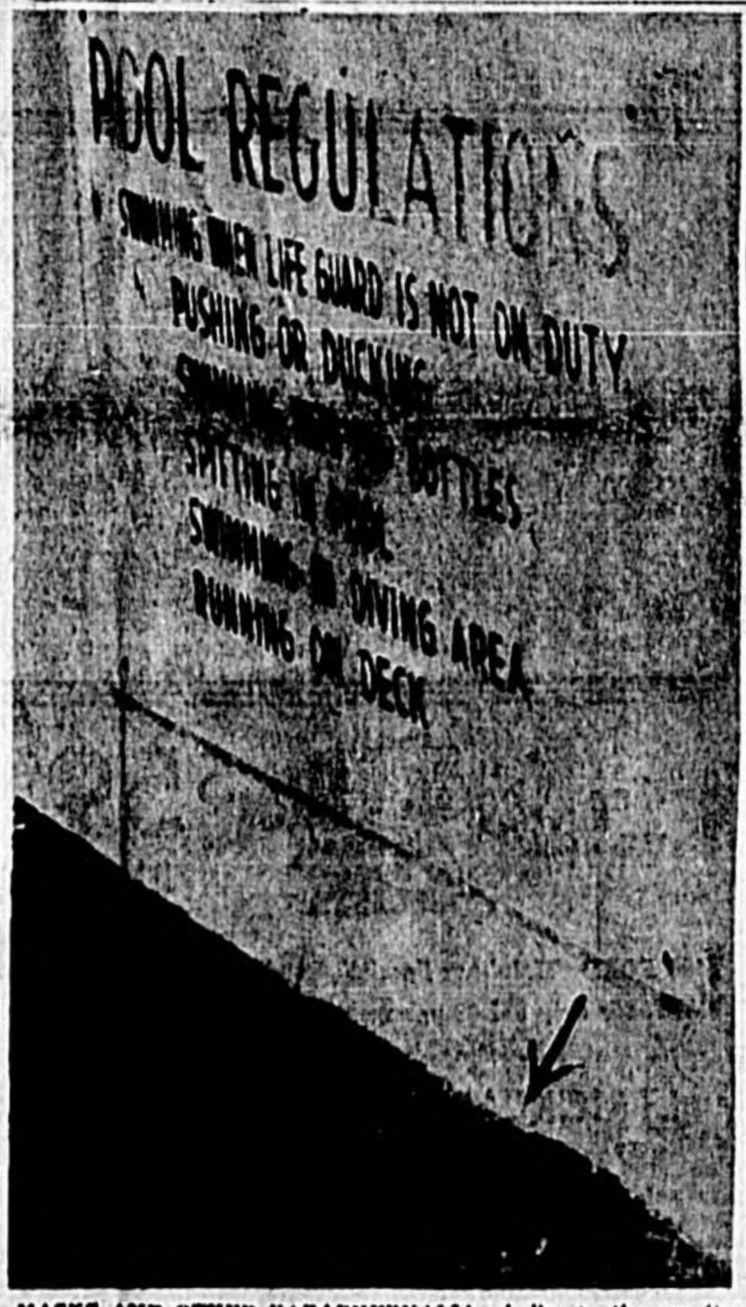

Weather

Partly cloudy with scattered showers through Friday; low tonight 70 to 74.

8-Year-Old Boy Drowns In Local Pool Yesterday

EVERY EFFORT WAS MADE BY City Officials in administering oxygen and artificial respiration to Frederic "Rickey" George Bicknell, 8-year-old youngster who drowned yesterday in the Municipal swimming pool. (Staff Photo)

MASKS AND OTHER PARAPHERNALIA, similar to the one (to which arrow is point) shown in this picture, are banned in the Municipal swimming pool. Mask here was worn by "Rickey" Bicknell when he drowned yesterday. (Staff Photo)

Canal Project Will Be Discussed Tonight

"We are ready for our meeting tonight," City Commissioner John Krider said this morning.

Krider said that he did not know how many people in the community are interested in the revitalizing of the Sanford-Titusville Canal project but there should be a good crowd to attend.

The meeting will be held in the Commissioners Room of the Sanford City Hall beginning at 7:30 p. m.

Many plans have been studied relative to the opening of the Sanford-Titusville Canal from Sanford to the East Coast, however, none have been successful up to the present time.

Congressman A. S. "Byrd" Herlong, revealed several days ago in a telegram to The Sanford Herald that the Corps of Engineers could make additional recommendations and studies since the third year is expiring since their last report was submitted on the project.

Krider said "The opening of the Sanford-Titusville Canal would add exactly what thousands have been looking for, some basis for the conservation of water.

"In addition," he said, "there would be a sure thing for the docks and wharves project as well as the yacht basin should the canal come into being."

"Thousands upon thousands would use the inland waterway including those who operate their boats for pleasure and would come through the Sanford area."

Registration Deadline Set For Day Camp

Registration for the Brownie day camp will definitely be closed on July 2, leaders of the Brownie organizations revealed today.

Any registered Brownie or Fly-up can register for the camp that will be held August 6-10 by mailing \$1.50 along with the signed parents consent form to Mrs. I. J. Butler, Jr., 2427 Elm Ave. or to Mrs. Ralph Wight III, 1817 Paloma Ave. Sanford.

"There will be a week of fun and activity the Brownie Scout way, for those who register and attend the camp," leaders said.

Diver's Masks Banned

An 8-year-old boy was pulled from eight feet of water yesterday at the Sanford Municipal Swimming pool at approximately 4:45 p. m., a victim of either drowning because of a diver's mask he wore or from strangulation.

Fredric George Bicknell, only child and son of Mr. and Mrs. Ernest D. Bicknell, was found about midway of the pool, at the bottom, by 8-year-old Sanford Williams.

The youngster who found the boy immediately notified Lifeguard Wiley Jarrell, 21, who dived into the water and pulled the drowned boy to the surface and handed him to Johnny Williams, 16 who began artificial respiration until the Sanford Fire Department arrived with oxygen.

Lifeguards Wiley Jarrell and Joann Perry were keeping a close watch on a crowded pool.

Pool manager Haskey Wight told City Manager Warren E. Knowles that the drowned boy had, only 10 minutes before he was pulled out of the water, bought two candy bars from the pool concession.

City Manager Knowles, at the pool to investigate, immediately ordered the use of masks, goggles, snorkels or any apparatus on the face banned from the pool.

There was no city recreation program in progress at the time of the youngster's drowning. The City Recreation Department's swimming classes are conducted during the morning hours under the direction of John Anderson.

Orders was supplemented with the Sanford Fire Department's Mediator by Lieutenant George Harriet and Fireman Bob White Jr., under the direction of Fire Chief Mack N. Cleveland Sr., for approximately 40 minutes until Dr. John M. Morgan, called to the scene, pronounced the youngster dead.

"I am certain," said Senator Stenstrom, "once this road is completed that the traffic count will be increased so greatly that a new modern bridge across the St. Johns River at the base of Calvary Ave., will become a necessity.

"Such a bridge," he said, "together with our modern bridge over the St. Johns at the base of Geneva Ave., will give our county two fine bridges on the two state roads, 415 and 46, leading from the East Coast to Seminole County."

State Road 415 road improvement will be from two miles east of the present Osteen Bridge to the new DeLand-New Smyrna Beach highway at Samsulla.

Senator Stenstrom added today "It appears that the actual construction on U. S. 17-92 in Seminole County from the Orange County line to Five Points will also begin at an early date."

415 Right-Of-Way Expected To Be Cleared Soon

Senator Douglas Stenstrom said today that he has received a letter from William H. Dial, Road Board member from this district, in which he has been advised that the Volusia County Attorney expects to have right-of-way cleared for State Road 415 by July 10 and that the State Road Department would issue a work order at that time.

Senator Stenstrom said that it appears that actual construction of 415 will get underway this summer.

"I am certain," said Senator Stenstrom, "once this road is completed that the traffic count will be increased so greatly that a new modern bridge across the St. Johns River at the base of Calvary Ave., will become a necessity.

"Such a bridge," he said, "together with our modern bridge over the St. Johns at the base of Geneva Ave., will give our county two fine bridges on the two state roads, 415 and 46, leading from the East Coast to Seminole County."

State Road 415 road improvement will be from two miles east of the present Osteen Bridge to the new DeLand-New Smyrna Beach highway at Samsulla.

Senator Stenstrom added today "It appears that the actual construction on U. S. 17-92 in Seminole County from the Orange County line to Five Points will also begin at an early date."

M. Wright Retires From Post Office After 46 Years

By SANDRA BERG

M. L. Wright, who came to Florida in 1906, and has lived in Sanford since Nov. 17, 1909, retired from the Sanford Post Office with 46 years of service last night.

Mr. Wright "started out on a salary of \$30 a month and out of that I saved \$20," he said.

"Back then we didn't have civil service," he related. If a man was needed for a job in the post office you "went out on the street to find one."

"Back in the old days," he went on, "the train would come in anywhere from 7 to 10 at night and no matter how late the mail was, it was sorted and taken care of. There was no carrier service at all as it was all open general delivery."

"I worked seven days a week from 5 in the morning until the mail was out." Mr. Wright then said that the post office was located where the Smoke House is now, later moving to where Mather Furniture company is situated. It moved to its present spot in 1915.

Charles F. Haskins was the post-office carrier (Continued on Page Eight)

Funeral To Be Held In Windsor, Vt. For F. Bicknell

Fredric George Bicknell, 8, died at 9:30 p. m. yesterday when he drowned in the Municipal Swimming Pool in Sanford.

His residence was at 1974, Locust Ave.

He was born on Jan. 19, 1948, in Claremont, N. H., and his official residence with his parents was in Windsor, Vt.

Fredric George Bicknell is survived by his father and mother, Mr. and Mrs. Ernest D. Bicknell, Sanford; and one aunt, Mrs. Arthur Cripps, Danielson, Conn.

Remains are being sent to Windsor, Vt., this afternoon at 2:30 p. m. with the funeral and burial in Windsor.

Funeral Home is in charge.
