Express Hair Dependability

Supmobile Six Built to same High Stan

Hupmobile Sik a Bader. Modern Equipment

Whit continue a motor caris vastly more important than what goes on it. You will not buy, of course, on the coon proven performand pendability, long life, and low cost of maintenance, To sur-periority in them fundamen-tals, however, the Fundamentals Six also joins the less and most complete aquipment to price class.

Oil filter. Gesoline filter—low gesoline consumption. In mostatic heat control. Sub-bers. Vision-ventilating windshield. Dash gasoline cauge. Clear vision bodies. Color options—Mohair upholetury in latest ande. Walnut grained penels on instrument board and window ledges. 4-wheel brakes appecial vibestion dampon Headlights with tilting beam lenses and double filement bulbs.

Certainly no car at its price or within five hund dollars of its price compares with the Hupmon Six in brilliant, delightful performance.

Its ability to perform and to out perform, however, not the most remarkable feature of this great of Underlying the public's admiration for this big, bear ful, full-size Hupmobile Sor, is the deep seated respe of the average American for Hupmobile's trade tional dependability.

Hupmobile pays millions of dollars more each rea to make its Six one of the most dependable of six-cylinder cars.

Owners, however, reap the benefit. The Hupmoh Six owner will tell you that his cost of maintenance is so low as to be almost negligible. He will tell you that he can set out on a tour of

hundred, or a thousand or ten thousand miles, with the complete assurance that his journey will be unmarred by mechanical trouble or annoyance.

For you can drive this Hupmobile Six at express train speed, from sunrise to sunset, in the comforting knowl edge that it is engineered and constructed to give such service easily, smoothly, and without straining.

NEW YORK Sept 30 (P)
The dying wish of Mrs. M. D.
Hornsby, that her sen, Rogers,
stick to his post as manager and second baseman of the St. Louis WANTED—Extra salesladies, Ap-Cardinals and lead his team Wall McCronv's 5 & 10 cent Store against the New York Yankees in the world's series is to be carried

The manager had contemplated flying trip to the bedside of his mother in Austin, Texas, that would have kept him out of the first two games starting here Saturday. The mother who had watched from an invalid's bed for the past 11 years, the steady march of her son to baseball leadership, dled yesterday. Her son was informed of her last wish that he stay with his team. Then he announced he would do as she de-

A telegram to Mrs. Rogers Hornsby from Austin had much to do with his decision. It was signed "The Folks," and said: "Stay with Rogers. He needs

you. All is done here." The spirits of the Cardinal play ers, downcast at the news of Mrs Hornsby's death and the possibility that their leader would be out of the lineup, lightened a little after his decision to stay was made

They spent the morning and early afternoon in practice at the Yankee stadium, while Hornsby remained in his hotel room attempting to decide between conflicting calls to duty. The men learned of Mrs. Hornsby's death when they returned from the field and after a silent evening meal, expressed their sympathy to the

Sorrow over the death of Horns by's mother was also expressed by Miller Huggins, manager of the 000 000 000-0 Yankees; John Heydler, president 002 000 04x-6 of the National League and Com-

How Quality Standardization
Builds Long Life in
CHRYSLER 70"

car industry.

The Chrysler plan of Quality Standardisation differs from, and is superior to ordinary manufacturing practice and methods, because it demands fixed and infertible quality afferdands and infertible quality afferdands and infertible quality afferdands. quality standards which enforce the same scrup-ulously close limits—the same rigid rule of engli and precision of all meat and assemblagethe measurement, the manufacturing of every past, practice and process in four lines of Chrysler care—"50", "60", "70" and Impecial "80" [3]

ONG life is the fruit of Chrysler's standard. ization of quality-the planned result of an engineering andmanufacturingprecision which, in its all embracing scope, is new to the motor Where ordinary engineering

is satisfied with the customary margin of safety, Chrysler engineering has provided lighter alloy steels tested under stresses thousands of poundsgreatesthauthey will ever he called upon to meet. Where ordinary manufacture is usually content with limits of a thousandth of an inch, Chrysler "70" craftsmanship painstakingly calibrates in ten-thousandths. Therefore, it has been only logical that not only Chry-

aler "70's" speed and power should eclipse all presi performance; its spiring and amount appearance should outmode all aristing body design, but-

Most important of all its remarkable endet should be obsoleting conceived ideas of dural and long life, even the its hundreds of thousand ewners exact from their the seemingly impossible performance.

We are eager to depor these Chrysler "70" iorities.
