Marking 'Em Up With JULIAN STENSTROM

While on the way to Jacksonville Friday for the Fed-Holles tilt, we had a nice chat with a former Florida U. student who gave us more lowdown on the football situation at Florida. About 1928, it seems as though Florida was getting to be a powerhouse. They were tackling some of the best teams in the east and south and in plain language just "rainin' 'em." Since Florida was going to town, a stadium in Gainesville was proposed to handle the large crop of Gator fans who were anxious to see the Florida eleven.

Mr. Ed Lane of the Barnett Bank in Jacksonville backed the movement and put up the dough for the construction of Florida Field in Gainesville, which cost some 20,000. In order to insure his investment, Lane sent Ed Jones to Gainesville and within a short time Jones was athletic director. Jones' first move was to cut expenses at Florida and he started with the hiring of a low-paid all-Florida alumni coaching staff with Dutch Stanley at the helm of the Gators.

From that day to this Florida has never been able to put what might be called a winning eleven on the field. The boys have fought hard and worked hard and no doubt the coaches have given their best but a winning combination couldn't be produced. Only once did Florida threaten to produce a winner and that was back in '36 we believe. But those were only pre-season threats produced in the Florida publicity plant for Brady Cowell's Steam squad went up to Gainesville and set the Gators back 18 to 14 in the season's opener. Incidentally, Sanford's George McClelland was one of Stenstrom's great backs that season along with Warren.

The State Board of Control has allowed the University Athletic Board only \$25,000 per season within the past few years for operating expenses and all of us know it practically takes \$25,000 to pay coaching salaries alone. The Florida Legislature is going to have to start looking at the football situation and appropriate the State Board of Control more dough so it can allot more for Gator football activities.

With more money the University Athletic Board will be able to make more attractive offers to outstanding high school football players who are currently going out of the state to star for other schools. The fact that sublimation exists is no secret within Southeastern Conference circles. Last year a local man called Tom Lieb, Florida's head coach, and asked him what he would address the local gridgers at their annual banquet. Tom expressed the fact that he would have to be elsewhere but at the same time accused Florida alumni in Seminole County of letting him down in getting local high school stars to attend Florida. Tom was asked what kind of offers could be made and he openly said the best he could do under the circumstances would be to give the kids board and room. At the same time, Georgia, Alabama and other schools were offering the same inducement plus \$15 per week pocket change. Who could blame the kids for accepting the best offer? But we will not hesitate to ring our bell for better coaching at Florida. We're still paddling Jack McIlwain's boat and would like to see him as Florida's mentor. We realize the chances are 100 to 1 against McIlwain going to Florida but we'd like to see him there. At the present, McIlwain is coaching the University of Havana eleven along with Bob Zupke, former Illinois mentor.

We saw Mr. and Mrs. Bill Hoffmann in Jacksonville last Friday and their many friends here will be glad to learn they're both well and looking grand. Bill says he's planning to return to Sanford as soon as possible and we're sure they'll certainly be welcomed.

Officials Consider Miami For Bowl Tilt

MIAMI, Nov. 26, (AP)—With Holy Cross signed on the dotted line for a New Year's Day Orange Bowl date, Miamians and up-staters, too, have begun beating drums for the University of Miami as the "other contender in the football classic. The Orange Bowl committee has acknowledged it is giving serious consideration to Miami University as a possible Holy Cross opponent—that is, along with three Southeastern Conference teams, Louisiana State, Tennessee and Georgia. A second Orange Bowl appearance for Miami will be discussed at a meeting of the quarterback Club at Miami today. The Miami team met Bucknell in the first presentation of the New Year's classic in 1935.

Army Board May Testify At Hearing

Hull Conferred With Japanese On Chance That Pearl Harbor Rumors Were False

WASHINGTON, Nov. 27. (AP)—Members of the Army Board of Inquiry who drew up an earlier Pearl Harbor report probably will be called by the Congressional Pearl Harbor Investigating Committee to take the witness stand. A committee member, Senator Scott Lucas of Illinois, says he wants an explanation from them of a passage in their report stating that former Secretary of State Cordell Hull touched the button that started the war. The committee now has established that the words were based on an interpretation of testimony given by former Ambassador to Japan Joseph Grew.

Chelan Residents Mourn Losses In Tragic Accident

ATLANTA, Nov. 27. (AP)—The Southern Broadcasting System of Cordele, Ga., today applied before the Federal Communications Commission for a radio station at Sanford, Fla.

Lieut. Russell Is Discharged From Health Service

Lieut. J. C. Russell, after two years of service with the U. S. Public Health Service, Division of Malaria Control, in Mississippi, Georgia, and Manning, S. C. has received his honorable discharge and has returned to his home, 145 Summerlin Avenue, with his wife and son Charles.

Cpl. Harry Wester Gets Army Discharge

Cpl. Harry J. Wester, Veteran Third Army operations in France, Germany and Austria, has received his honorable discharge from the service at Camp Beale, Calif. En route home he stopped at the Hollywood Garden and secured an autograph from Mary Pickford.

Woodmen To Initiate Candidates Tonight

Approximately 15 candidates for membership in the Woodmen of the World will be initiated tonight when the local organization holds its regular weekly meeting in the Woodmen Hall located at 116 Park Avenue, according to an announcement today by H. J. Finch, district representative.

Dr. Milton Hurst Named Noble Grand

Sanford Lodge No. 27 I.O.O.F. met Monday evening and elected Dr. Milton Hurst as Noble Grand. Other officers elected were Charles Stafford as Vice Grand, N. E. Johnson as secretary, and J. T. Hardy, treasurer.

BIBLICAL TODAY

MEN WHO HAVE BUT ONE OBJECTIVE USUALLY SUCCEED. PAUL DID BETTER AT COINTEGRITY THAN HE DID AT ATHENS WHILE HE PREACHED A LEARNED SERMON WITH POOR RESULTS: I am determined not to know anything among you, says Jesus Christ, and him crucified.—1 Cor. 2:2.

Buy Christmas seals. Help fight tuberculosis.

What no ration points for bacon? That's right. No ration points and no bacon.

One thing we've noticed about taxes, they're all right as long as the other fellow has to pay them.

One of our exchangers appears quite a bit better than he ever was. He says he will never merge the Army and Navy as long as the present demand for football tickets continues.

The French nation, convinced that it is utterly bankrupt and totally without funds, has decided the best thing for it to do is to buy up the banks, the power industries and the insurance companies. But if it has the money to go into business on such a gigantic scale as that, where does it get this bankrupt stuff?

The United States spent \$2,418,000,000 on military business in foreign countries during the war; also sent abroad \$42,021,000,000 in lend-lease aid to our Allies. Most of this war aid, of course, necessitated by the war and was an expense which probably could not have been avoided, but now that the war is over it might not seem too unprofitable to wonder what is going to be done with all these military installations and whether any of our lend-lease will ever come back to us.

Congress, possibly taking its cue from the rest of the country, is getting led up with strikers. House leaders have announced prospects for passage of several so-called anti-labor bills which would seriously curtail the privileges which unions now enjoy. Labor has been in the saddle throughout the Roosevelt Administration with growing indications among union leaders of the arrogance which comes from the possession of too much power. As big bankers and money barons asked for the dog house which they got following the excesses of the extravagant twenties, so may labor leaders now be heading for a similar let-down.

Now that the Sanford Naval Air Station, which when first started as a municipal airport and used to be known as "Higgins Field", is about to close, many people are having nervous attacks of fear that Sanford revert to its pre-war status of "innocuous desuetude." Such fears are groundless, we believe, if everyone will pull together and use the brains and money they have now to make Sanford a bigger and better city. There are a hundred different uses which could be made of the Station property, any one of which would prove a tremendous asset to this city. Why not turn it into a winter colony for retired railroad workers, or post office employees?

From St. Petersburg, Fla. John A. Galt, publisher of the "Palm Beach Post", published under "wartime" strike conditions and without the aid of composing room employees. For all practical purposes it seems to us that an effective system of control under normal conditions. The strike is tried on electric typewriters which automatically shut down the margin on the right side of the column. It will be noted that the margin is kept open. When the margin is open, the typewriter will not stop. The margin is opened and from this point on the margin is opened. Why Galt? Call 170-J. C.M. Galt & Co.—227.

Why Not Churchmen?

John Foster Dulles, American Advisor to the Foreign Ministers Conference in London, spoke recently in Philadelphia before the Commission for a Just and Durable Peace, made up of representatives of every Protestant denomination in United States and Canada. The burden of his talk was good will as a peace mechanism.

Mr. Dulles, an international lawyer and leading Republican of this country urged that the United States—and all other nations—face the common threat of the atomic age by going to work against mankind's common enemies, war, fear, disease and intolerance. He urged Protestants to join with Catholics and Jews to launch a concurrent campaign for the well being of men of all nationalities. Such a plan would go far to counteract the present disruptive forces present in the United Nations and be a guarantee of peace.

This idea of giving to the followers of these three religious groups—an impressively large segment of world population—the common goal of human betterment has at least two possibilities to recommend it. First, its effort to raise living standards everywhere is a tangible program of worthy human endeavor. Secondly, since men and women of many nationalities would be moving about the world on this altruistic mission, real international understanding and good will would result.

The world for a long time now has let militarists and politicians run its affairs. Maybe it's time to see what a band of churchmen, Protestants, Catholics and Jews could do at the job. Moslems and Hindus might later be added to advantage, in the interest of permanent peace.

Justice At Home

One dramatic episode of the war has been that of Rudolf Hess, his spectacular landing in Britain and the subsequent mysterious English secrecy maintained about him. He comes into the limelight again, just as theatrically, in war trials at Nuremberg.

A film depicting him with Goering and Hitler was run off in court for Hess's benefit in the hope it would restore what he claims is a loss of memory. Watching his reactions closely were such important Americans as Justice Robert Jackson, chief American prosecutor, Maj. Gen. William J. Donovan, former head of the bureau of Strategic Services, as well as learned psychiatrists.

No one wants to duplicate the Nazi system of court-room injustice. The compulsion is strong in America to give everyone a fair trial. There is, also, just the probability that Hess is actually suffering from some mental disturbance. It is right to be careful about justice in these Nazi trials which are so important in setting world precedents.

But there are also many circumstances at home involving Americans who would profit by having the attention of men like Jackson, Donovan and first class psychiatrists. There are still jails in this country where child-offenders are detained in the same cell with hardened offenders while awaiting disposition. Care for the mentally ill in many communities is negligent in the extreme.

Uncle Sam does right to insist upon justice abroad. He would do well to insist on more of that same scientific gentleness in the treatment of people at home.

Umpiring Is Hard

When a professional ballplayer reaches the end of his string and needs a job, umpiring would seem a natural solution. Lon Warneke, for years the ace of the Chicago Cubs, has just obtained his unconditional release, and plans to be an umpire.

If he gets the job and makes good, he will be one of the few ex-stars who have succeeded in this underestimated job. The first thing most of them discover is that they don't know the rules, at least the obscure ones covering rare situations. And there is a certain decisive quality that the good umpire has, which few can readily acquire. Warneke may be as successful as those other pitching stars of former days, Pigas and Rommel; but it will be harder than he thinks.

TOO LATE TO CLASSIFY

By RUSSELL KAY
Twenty five years ago a young man named Elliott Simpson tramped the streets of New York looking for a job. The soles of his shoes wore through. Like a great many other young Americans have done, Simpson stuffed sheets of newspapers in the soles to keep his feet off the ground. Adversity and hardship are often blessings in disguise and it proved to be the case with Elliott Simpson, for he never forgot that experience and resolved that some day he would do something about it. A scientist and inventor, Simpson is well off today and the problem of shoes doesn't worry him. But as a result of his own

THE CITY OF THE SITUATION

early experience, he has conducted numerous experiments in an effort to produce better soles for shoes and easier, cheaper methods of repairing them. Success has crowned his efforts and three sensational new inventions, all destined to revolutionize the shoe industry, have been perfected by him and are attracting the attention of the entire shoemaking trade. These inventions are Leathylke, in colors, synthetic crepe soles and Simpson's Wizard Shoe Repair. So important are these new products to the shoe industry in their respective fields that it is difficult to estimate which is of the greatest interest to the ultimate customer. Leathylke, a synthetic soles made from soy beans, pulverized scrap leather and chemicals, soled more than fifty million pairs of shoes in the critical period from September, 1943 until the end of the war. This new soles material is not only as pliable as leather but will outwear it four to one. Waterproof and extremely durable, it permits the feet to "breathe" as does leather, yet at the same time is of such consistency as to absorb the hard shocks of concrete pavements, such as rubber heels absorb the shock of constant pounding. Leathylke lends itself to the use of vivid colors and now for the first time manufacturers can offer shoes with soles to match the uppers instead of the conventional black or brown of the past. At the recent Boston Shoe Show, the product was shown in a number of striking colors including Lipstick Red, Electric Blue, Kelly Green, Chartruse, Saige, Sun Yellow and Fuchsia. But the crowning result of Simpson's inventive genius is found in his remarkable shoe repair material, known as Simpson's Wizard Shoe Repair. With it shoes can be repaired and soled in a jiffy and at the cost of only a few cents. The material comes in jars, with a sufficient quantity in a \$1 jar to repair from 50 to 75 pairs of shoes. Anyone can easily apply it and shoes with worn soles can be permanently repaired by simply applying the material to the worn spot with the finger. "The poem about the barefoot boy is very prett," Simpson said, "but now no man need fear walking on the bare soles of his feet. Farmers living miles from cities need worry no longer about having improperly soled shoes. Large families with numerous children whose shoe bills are tremendous may now repair their children's shoes repaired at the cost of a few cents a patch. Thus Wizard Shoe Repair will be a boon to millions of families all over the world." A third Simpson invention is synthetic crepe rubber soles and these will be manufactured in the nation's new synthetic rubber plants and thus will enable some of them to remain in operation

that it was expected would have to close down when full production of automobiles tires is reached. The achievements of Elliott Simpson are of particular interest to Floridians because during the past year he has made several expeditions into the Everglades searching for plants from which rubber might be made and as a result, recently announced the discovery of several that are suitable for this purpose. He will return to Florida shortly to continue his investigation and is confident that in time the Florida Everglades will become a valuable source of the nation's rubber supply, making it unnecessary for us to depend on British and Dutch rubber cartels for our supply or at least a part of it.

Long Arm Law Automobile Owners & Drivers

If you drive or if your car or truck is driven in any State in the Union and is involved in an accident, you can be compelled to return to that State to defend a suit.

Recently a party from another State had an automobile accident in Sanford. He was insured in one of the companies we represent. The insurance company agreed to pay any claim for bodily injury and property damage against him and he was allowed to continue his trip.

Without insurance his car would probably have been tied up in court procedure and he required to return to Sanford to defend the suit.

The cost of this protection is very reasonable for the benefit you get. For \$10.00 you can be protected up to \$5,000 for bodily injury and property damage claims while driving your car in any State.

Why Gamble? Call 170-J. C.M. Galt & Co.—227.

TUESDAY
The Philathea Class of the Presbyterian Church will meet Tuesday at 7:30 P. M. in the home of Mrs. F. W. Fite on Celery Avenue with Mrs. H. C. Hetzel as co-hostess.

FRIDAY
The U.D.C. will hold an evening meeting Friday at the home of Mrs. J.M. Hayes at 119 West Sixteenth Street at 8:00 P. M. All members are urged to attend.

MONDAY
The Board of the Presbyterian Women's Auxiliary will meet at the Presbyterian Church on Dec. 3 at 3:30 P.M.

Bridge Party Given By Mrs. Stinecipher

Mrs. J.M. Stinecipher entertained in her home last evening with a bridge party in honor of Miss Lollee Melvin, New Smyrna bride elect, whose marriage will be at 9 at the First Baptist Church in New Smyrna. The rooms of the home were decorated with red and green carrying out the Christmas motif. After several progressive games of bridge had been played high prize was awarded to Mrs. James Crapps and second high to Miss Frances Haughton. Miss Jane Brooks won screen prize and Mrs. Robert O'Hara was awarded low score prize. The hostess presented the homewreath with a bride's book as a memento of the occasion.

Mrs. Stinecipher assisted by Miss Grace Marie Stinecipher, trade Gilbert served refreshments. Mrs. Jack Stemper and Mrs. Gertrude following: Miss Lollee Melvin, Miss Frances Haughton, Miss Betty Lee Birch, Miss Jane Brooks all of New Smyrna and Miss Cecelia Truluck. Also: Mrs. Haloun E. Connor, Mrs. Guy Pellett, Mrs. Henry Swoope, Mrs. Robert O'Hara, Mrs. Charles Mahan all of New Smyrna, Mrs. James Crapps and Mrs. James Wright.

Mr. and Mrs. McLaulin Have Golden Wedding

Mr. and Mrs. Henry McLaulin, Sr. were honored last evening in celebration of their golden wedding anniversary by their sons and daughters-in-law, Dr. and Mrs. Henry McLaulin, Jr. and Mr. and Mrs. Victor McLaulin at the latter's home at 404 West Nineteenth Street with an informal open house.

Standing in the receiving line were: Mr. and Mrs. Henry McLaulin, Sr. and Mrs. Henry McLaulin, Jr. and Mr. and Mrs. Victor McLaulin, and Mr. and Mrs. R.A. Bollinger of Macon, Ga. Mrs. Henry McLaulin, Sr. chose to wear a black crepe dress with sequin trim, a matching sequin hair ornament and a corsage of Marechal Neil roses. Mr. and Mrs. R.A. Bollinger stood with Mr. and Mrs. Henry McLaulin, Sr. when they were married on Nov. 26, 1895.

The rooms of the home were beautifully decorated with arrangements of gold chrysanthemums. The dining room table was covered with a lace cloth and centered with a crystal bowl containing tiny chrysanthemums and surrounded by crystal, candleabra holding white tapers. A silver service was placed at one end of the table where coffee was served and the wedding cake was placed at the other end of the table.

Those serving were: Mrs. Margaret Barnes, Mrs. E. D. Brownlee, Mrs. A.D. Smith, Mrs. L.E. Frazier, Mrs. C.C. Howard, W.L. Brunley, Mrs. L.E. Boyle, Mrs. I.H. McCaslin, Mrs. J.D. Woodruff, Mrs. D.L. Thrasher, Mrs. Frank MacNeill, Mrs. R. G. Lubbink and Miss Lillian Boyle. Miss Charlotte Smith was in charge of the guest book, which was tied with white and gold ribbons and gold bells.

Approximately 125 friends called during the hours of 7:00 and 9:00 p.m. Among the out-of-town guests were Mrs. Arthur Wannack and children Orion and Emily of Havana, Cuba.

Lieut. and Mrs. W. M. Thigpen Jr. and daughter are spending some time with Lieut. Thigpen's parents Mr. and Mrs. W. M. Thigpen at their home at 808 Magnolia Avenue.

Lieut. and Mrs. Thomas Kirkland and son, Tommy, have returned to Sanford and are residing for the time being with Mr. and Mrs. J. C. Mitchell at their home, 1111 Magnolia Avenue.

Lieut. Franklin Branam, USNR, is spending his leave with his parents Mr. and Mrs. C. F. Branam on Beaver Road, Lieut. Branam has just returned from a tour of duty in the Pacific theater of war.

Mr. and Mrs. W. B. Zachry Jr. of Washington, D. C. are visiting their parents Mr. and Mrs. J. L. Zachry and Mr. and Mrs. W. B. Zachry. W. B. Zachry Jr. has just returned from a tour of duty in the European theater of war.

and Mrs. Clayton Smith, Mrs. W. P. Brooks, Jr., Mr. and Mrs. John Cullum, Mr. and Mrs. Douglas Dederick, Mrs. John Lee, Mrs. T.M. Paule, Miss Ruth Cummings, and Mr. and Mrs. Phillip Trued. Stinecipher, Miss Grace Marie Stinecipher, Mr. and Mrs. Julian Ponder, Mr. and Mrs. J.E. Courrier, Jr.

Anise seed, now baked in rolls and found to be good for colicky babies, is mentioned in the Bible.

TERRACE TALK

The hunters are bringing in the game... the successful deer hunters have been: W. C. MILL, ROBBY NEWMAN, DR. TOLAR, GEORGE MAFFET, BOB WALTHOUR, ROSS HUMPHREY, BOB JOHNSON, HENRY WRIGHT II. The fortunate turkey hunters are: CLAUDE WHIDDON, CLAUDE WHIDDON JR. and ELSIE HUTCHISON. MR. A. TRULUCK bagged 22 ducks in one day which included mallards, blue bills and pin tails.

Word has been received that LIEUT. MAURICE LEE and wife JANET and LIEUT. ROY REED, formerly of Sanford, are now residing together in Atlantic City. If you remember MAURICE and ROY went "regular Navy." DORIS REED is visiting her family in Miami for a short time and ROY will join her for XMAS.

On a breezy Monday morning MRS. L. T. DOSS was wearing a bright blue top coat. MRS. MORRIS SPENCER a chairrose jacket... MARY HOLLER and MRS. SAM BIGGTON selling bonds... ANNE MAE and "D. WOODRUFF" banking... SUZETTE T. WATSON and MRS. HERMAN MORRIS looking like twins in identical brown suits... MRS. LAWTON said his was a 1938 edition... FRANK BRANAM home on leave from the Navy and... RICHARD BEAS fresh back from Atlanta wearing a grey gabardine with green striped tie... GEORGE DANGLEMAN in flight jacket with a "deed" cartooned on the right sleeve... KAT OWEN in grey and blue striped suit... GENE TUCKER immaculate as always in a new grey suit with maroon tie... DORIS HALL in a shocking pink jacket.

Wednesday Sanford will play Leesburg in Leesburg and the event will be their homecoming. Good luck to our team. Guess you know that by losing the Bolles game we lost our chances of winning the conference... and if southbait is true the Bolles team played plenty dirty... several of our boys were injured. To put it briefly... if youth be a defect, it is one that we outgrow only too soon... WELL, A good lunch is sure to be had in houses... BEACON ERAY: The most manifest sign of wisdom is continued cheerfulness... MONTAIGNE: Triangles make perfection, but perfection is no trifling... MICHELANTELO: I had rather be such than able... FENECIA: The test of a civilization is the place which it assigns to women... LAFITTE... C. E. T.

Rubber Stopper
WARSAW, (AP)—The government ordered the "old city" of Warsaw, destroyed by the Nazis, to be walled up to prevent pilfering and thefts among the ruins. There are many walls still standing within the old city, bearing signs "this is a historical spot. Do not remove any documents or objects that may be found here."

Metropolitan Opera Has Lavish Opening

NEW YORK CITY, Nov. 27. (AP)—New York City's society knows today that all is right with the world once more, for the Metropolitan Opera has held its first post-war opening. And it was as lavish an opening as could be hoped for last night, with the most dazzling display of diamonds and ermine in years.

Mrs. Cornelius Vanderbilt wore her traditional head-band, Mrs. George Washington Kavanaugh wore diamond bracelets up to her elbow and John Jacob Astor wore white tie and an opera hat. The cream of the four-hundred flung aside wartime modesty and welcomed peace with a lavishness worthy of Diamond Jim Brady and Lillian Russell.

The crowning touch of the occasion was the presence in the audience of the First Lady of the Land, Mrs. Harry Truman and her daughter, Mary Margaret. They were among the conservatives as far as dress went. Neither wore fur—but simple, tailored blue-velvet suits which conveyed simple, distinguished evening gossamer and jewelry consisting only of strands of pearls.

Motogover, the First Lady and the First Daughter arrived early. The Queen of New York's Tour, Empress Mrs. Vanderbilt, arrived at her customary hour—9:00 o'clock. The opera—"Lohengrin"—began at 8:30.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Joseph C. Minnick 8 2/2 announce the birth of a son on Nov. 20 at the Fernhill Loughton Memorial Hospital.

Clean Hand
LA PLATA, Argentina, 649—Mrs. Patricia Frages reported a man knifed on her door, came through a cage containing two countries, took two cakes of soap and ran off. Police Sgt. Timoteo Rivarola arrested a man and recovered the cameras and the soap. But the man said he couldn't remember why he took them.

Special colors and types of paint are used for Army convalescent hospitals as an aid in curing neuropsychopathic cases.

Decorating Bureau Added To Mather's

A complete decorating consulting bureau with Douglas R. Madison of Atlanta in charge has been established by the Mather Furniture Stores. Jack Mather, president, announced last night, through Fay Brunson, manager of Mather of Sanford.

Mr. Madison comes to Mather's with 17 years experience in the decorating field during which

time he visited the Chicago markets twice a year, thus keeping abreast of latest styles and trends. D. W. Swan of Chicago, Ill., who has recently returned from three and a half years in the Army, has been made assistant manager of the local Mather Store. Mr. Brunson announced. Mr. Swan was formerly connected with Marshall-Field and Company in the interior decorating department and will be glad to take any floral calls and work in conjunction with Mr. Madison.

"CORRECT MEN'S WEAR"

Marking 'Em Up

With JULIAN STENSTRÖM

Today we're going to blow off a little steam regarding Sanford's recreational facilities and especially the tennis court situation. We fully realize this is a sore spot with many Sanford people and particularly amongst some of our "responsible" officials. All we intend to do is to place the picture before you and let you do what you think is right. All this column can do is suggest. It is the citizen's job to act!

In Sanford we have three tennis courts. Of those three courts two are in deplorable condition and practically unfit for use. The only court in the city which is usable is the private Chase court on Ninth Street.

Last year this situation was brought before the City Commissioners and they appropriated \$3000 in the budget for the fiscal year starting in October 1945. Although the fiscal year is far from being over, it has been some time since the commissioners took action on the matter and from our point of view there is nothing to keep the construction of these courts from being accomplished. The local government has certainly had enough time to work out the details.

Let's take a look and see if we can find out why construction activities have not been started. First of all our Commission is composed of five men. According to our information this Commission is supposed to meet and set the policies of city government. The duty of carrying out those policies rests with the city manager. Believe it or not, that's the way the city manager-type of government is supposed to work.

The Commission allotted this money and it appears that Mr. Sayer is falling down on the job of planning to wait until next summer. But that's not true! The chances are a 100 to one that Mr. Sayer's hands are tied by the City Commissioners who are apparently not contented with letting Mr. Sayer carry out the Commission's policies as he himself sees fit. So we'll continue to blame the City Commissioners and not Mr. Sayer for we happen to know that our Commission does not operate according to the principles of the city charter.

We'll go further and say that we heard one person remark recently that the reason the City hasn't built the courts is because he couldn't see spending \$3000 for a minority of Sanford's people to have tennis facilities. Brother, that's a shame!

Why did the Commission operate the Sanford Golf Course for such a long time? Figure out the population of Sanford and compare it with the number of

people that play golf. The City sponsored the course for many years and for a minority of people too! But did anybody cry about that? No sir, they didn't cry. Then why should our commission remain hesitant about building the courts when they've already appropriated the dough for the people that enjoy tennis.

This corner believes this: You can't shoot all the ducks with one shot but you can get more shells and keep shooting until you satisfy everyone you possibly can. We then believe we'll have the best recreational facilities in this section of the state.

Take the swimming pool for instance. Speaking frankly, if that works out like just about everything else in Sanford does along the recreational line, maybe our great grandchildren will be able to take a dip before they pass on. But we doubt if anyone else before them will have the chance.

A lot of people are already interested in the construction about north side stands at the football field. There's a lot of talk but it's going to take a lot of doing.

We have also been informed that the stands at the Municipal Athletic Field are in poor shape. Well, we may have a ball club and we may not. But that's no reason why immediate action shouldn't be taken to correct the situation. Some of our own youngsters might like to organize a city loop this summer and play a little baseball. But maybe there's a sign out there reading, "Reserved for Professionals."

Folks we know we're chewing into a tough steak but it's all a matter of somebody taking action and not waiting for the next fellow.

You think it can't be done? Baloney! We spent five years in the Army and found out the impossible can be done immediately but we admit it took five minutes to perform miracles!

Harding Concentrates On Beating Auburn

MIAMI, Nov. 27. (AP)—Coach Jack Harding of the University of Miami has warned his football squad to "forget about bowls" and concentrate on beating Auburn at Miami Friday night.

If the Hurricanes hurdle Auburn, the prospects are that they might be the Orange Bowl committee's choice to face Holy Cross New Year's Day. However, Louisiana State, Georgia and Tennessee are said to be "very much in the running" for the remaining bowl bid.

The Army has built stills to reclaim cleaning fluid with only a 10 per cent loss.

Saffron has been used in drugs and cookery for several thousand years.

Milk Sharecropping Proves Successful

CHARLESTON, S. C. (AP)—Sharecropping in milk production has proved a success in Fairfield county, S. C., says the state Extension Service. One farmer has arranged for milk production among his tenants on the same basis that it has been used for many years in cotton production.

The farmer owns the cows, the cropper feeds and milks them, and grows feed. Cost of supplemental feed is deducted before profits are divided on a 50-50 basis.

The plan supplements rather than replaces cotton sharecropping. Milk checks reduce advances on regular crops and manure builds up cotton lands.

The plan supplements rather than replaces cotton sharecropping. Milk checks reduce advances on regular crops and manure builds up cotton lands.

UP AGAIN

WASHINGTON, Nov. 27. (AP)—The subject of atomic energy is up for consideration by Congress again. The Senate Atomic Commission is beginning a long series of public hearings on the subject today. One of these is Alexander Sachs, described as the man who persuaded the late President Roosevelt that the undertaking of the other witness is Major General Leslie Groves, who is in actual charge of the project.

CONTRIVERSE BREWING

LONDON, Nov. 27. (AP)—There's a controversy brewing in the United Nations Preparatory Commission over where to establish the headquarters of the peace organization. A British spokesman has declared he will attempt to place the permanent home in North America. The British are said to be campaigning to land the world peace capital in Europe.

ETTA KETT

"I'LL GIVE YOU TWO HUNDRED REWARD FOR THE RING."

"HOW MUCH WILL YOU BID, LUSH DISH?"

"I'LL GIVE YOU TWO FIFTY!"

"TWO SEVENTY-FIVE."

"WHY'LL MAKE IT THREE?"

"THREE HUNDRED DOLLARS!"

"LOOK, IT'S MY RING AND I WANT IT BACK. OUR ENGAGEMENT IS OFF!"

"YOU GAVE IT TO ME! IT'S MINE!"

"I DON'T CARE WHAT IT COSTS."

"THEIR FOLKS HAVE! I CHECKED! THEY'RE LOADED!"

"LISTEN! THEY HAVEN'T GOT THAT KIND OF MONEY!"

By PAUL ROBINSON

"I'LL PAY YOU THREE HUNDRED REWARD!"

"WHAT'S YOUR BID?"

"I'LL GIVE NO WAIT!"

"OKAY? COME OUTSIDE!"

"WHILE YOU'RE AT IT, FIGURE A WAY TO DIG UP THE MOOLA!"

"LOOK, DIZ, WHY HOLD 'EM UP? GIVE THEM THE RING. N' BE FAIR!"

"I TOLD YOU THEIR FOLKS ARE LOADED WITH LETTUCE!"

"HOW DO YOU SUPPOSE HE GOT THAT RING? HIS DAD BOUGHT IT?"

"WHAT'S A FEW HUNDRED REWARD?"

ETTA KETT

"THEY HAD A FIGHT AND NOW THEY BOTH WANT THE RING BACK!"

"SO LET 'EM BID AGAINST EACH OTHER!"

"HERE THEY COME! WE'VE GOT 'EM OVER A BARREL. LET ME HANDLE THE MERCENARY DETAILS."

"HI! SHALL WE START THE BIDDING AT THREE HUNDRED, WHERE YOU LEFT OFF?"

"WE TALKED IT OVER AND HAVE MADE UP!"

"WE'RE ENGAGED AGAIN! SO WE THINK FIFTY DOLLARS REWARD IS ENOUGH!"

LONE RANGER

"HOW'LL WE GET 'EM TO THE RANCH?"

"I'LL THROW THE TINKER INTO HIS WAGON. MAKE THE KID DO THE DRIVIN'."

"YOU CAN'T FORCE ME TO..."

"WANT TO ARGUE ABOUT IT, SHORTY?"

"NOT WITH A LOADED GUN I --- ALL RIGHT, I'LL DRIVE."

"NOW YOU'RE GETTIN' SMART."

"I'LL DRIVE THE WAGON, IF I CAN HITCH MY HORSE ON BEHIND."

"JUST KEEP IN LINE. STUB'LL LEAD THE WAY. FOLLOW HIM. I'LL RIDE BEHIND YUH!"

MEANWHILE...

"IT'S ALMOST SUNDOWN, TONTO. DAN SHOULD'VE BEEN BACK BY NOW."

"UGH!"

"MAYBE TAKE 'IM LONG TIME TO FIND FIX-IT FELLER."

"IF YUH WANTA STAY HEALTHY, KID, YOU'LL KEEP YOUR EYES ON THE ROAD AND KEEP DRIVIN'."

"COME ON - LET'S LINE OUT FER HOME."

LONE RANGER

"WHOA! REIN UP, KID!"

"HEY, WHAT'S THIS?"

"YOU BOSS FOR A HANDY MAN, SOGG. SO WE BROUGHT ONE, WAGON AND ALL."

"YOU MEAN THAT KID? I NEED A MAN, NOT A SPROUT."

"NAW - THE TINKER'S INSIDE THE WAGON. THE KID MUST BE HIS HELPER. THEY'LL WORK ALL RIGHT, WE'LL MAKE 'EM WORK!"

STANDING UP TO A BIG JOB

Long Distance has been busier than ever since V.J Day. There have been more calls—more rush calls—longer calls.

Service generally is good but there are more times when the lines get overcrowded. Then it's more important than ever to "please limit your call to 5 minutes" when the operator requests it.

We still haven't enough long distance telephone lines, but now that we can manufacture equipment for our own use, we are on our way to restoration of pre-war Bell System standards of service.

Lawson, Little Is Trying Road Back To Golf Titles

By FRANK ECK
AP Newsfeatures Sports Writer
NEW YORK—W. Lawson Little, who reached his peak as a golfer 10 years ago but added the National Open to his list of conquests five years later, has his eyes set on golf's gold dust trail, and there are few professionals who doubt that he will make the grade.

Little, now 34 and nearing playing weight at 100 pounds, has been away from competitive golf three years. He went into the Navy as an apprentice seaman Dec. 12, 1942, and was a lieutenant when discharged Oct. 24.

Little came into prominence by winning both the British Amateur and National Amateur tournaments in 1934 and again in 1935, the only time these two events were won in succession by the same man. But it was in 1929 that the Monterey, Calif., golfer gave an inkling of becoming a top flight linksman.

At 18 he played Oulmet that year he played in the National Amateur at Del Monte and lost to Francis Oulmet, 19, in a third round match. Guimet was quick to predict a great future for Little, then a mere youth of 18.

In 1930, the year Bobby Jones scored his famous grand slam—British Open and Amateur and U. S. Open and Amateur—Little reached the second round in the National Amateur. In 1932 he bowed in the opening round, but the following year, at the age of 22, he reached the semi-final. The next two years he scored with ease in the national amateurs, first at Brookline, Mass., then at Cleveland.

But it was in May, 1934, that he set the golfing world on fire by winning his first major tournament, taking the British Amateur. He beat Jim Wallace on the 23rd hole, 14 and 13. At the half-way mark he was 12 up, scoring an eagle and a birdie along the way. He beat Dr. William Tweddell, 1 up, to retain the crown in 1935.

When the year was up Little was awarded the James E. Sullivan Award.

In 1936 he turned pro for a \$10,000 first year contract with a sporting goods firm. Four months later he won his first title as a pro, taking the Canadian Open with a 271 for 72 holes.

The following year he annexed the San Francisco match play title as pro at Bretton Woods, N. H. In 1940 he turned in a blazing five-under-par final round 65 to capture the Los Angeles Open. Five months later he beat Gene Sarason by three strokes in the playoff at the National Open at Warrensville, Ohio.

Shot a 62 in Texas One of Little's incredible rounds came in 1941 when he took the Texas Open. He beat Don Hogan by three shots.

Little, who served as a Navy lieutenant at Honolulu where he played with friendly competition, will spend the next few weeks practicing for Big Crosby's tournament at Del Mar, Calif., the last week in December.

If Lawson shows any semblance of his once great game, golf's winter trail will be worth watching.

Drugs Gem-scare In Ravaged Italy

ROME, (AP)—"Talking of penicillin to Italy's physicians is like talking to them of diamonds," said Dr. Charles Muscato of New York, national chairman of American Medical Relief for Italy (AMRI), summing up the acute need of this country's war-stripped hospitals for medical supplies.

The roentgenologist, attached to the staffs of the Goldwater Memorial and St. Luke's Hospitals in New York, has surveyed hospitals and clinics in Naples, Rome, Milan, Florence and Bologna, and Sicily before returning home next month.

"Almost literally, doctors have nothing," he said. "I am surprised that they are able to do anything at all."

Calcutta Airstrip Again Is Street

CALCUTTA, (AP)—A strong link in the wartime defense network of Calcutta—a fighter plane strip located in the heart of the city's downtown section—has been returned to public use.

Sixty-foot wide road served as an RAF landing field during the dark days of the war.

Calcutta residents became accustomed to speedy fighter planes

Hungarian Lab Paces Industrial Comeback

FUZO, Hungary, (AP)—New industrial experimental laboratories, directed by Dr. Láslo Demeny, one time Rockefeller fellow at the University of California, have been set up in a modern factory here as one step in aiding tottering Hungarian industry to get back on its feet. The laboratories were instituted by the Hungarian oil companies.

"We're interested chiefly in producing sugar from starch, alcohol from cheap grapes, acetone from methane gas of which we have large deposits, and the conversion of sunflower seed hulls in furfural for fine lacquers," Demeny said.

Tests Are Ready For Science Research

WASHINGTON, D. C., (AP)—More than 15,000 American high school seniors with a flair for science soon will be priming their solves for a three-hour test in competition for \$11,000 in scholarships, awarded annually to finalists in the Science Talent Search. Examinations have been mailed

coming in at tree top level over Old Court House street and skimming the tops of the Great Eastern hotel and the governor's mansion.

When the Japanese threat to Calcutta subsided, the road was used as a storage area for military vehicles and supplies.

Strike Vote Is Being Taken In Steel Industry

GM Declines To Meet With Labor Conciliator In Washington Over Wage Dispute

The largest strike vote in history begins today when the National Labor Relations Board polls more than 650,000 steel workers in 766 plants located in 27 states.

The CIO steel workers will decide whether a strike is favored to support demands for a \$2 per-day increase.

The plants affected by the strike include those of "big steel" and "little steel" scores of independent factories, as well as producers of related metal products.

Should the steel workers go out soon, they will boost the total of the nation's strike idle well above the 1,000,000 mark.

At present, more than 5,000 are idle as a result of labor disputes.

The largest single group made idle by a strike consists of the 225,000 CIO employees of the General Motors Corporation.

Where Top Nazis Are Being Tried For War Crimes

A VOICE FROM THE BENCH (not visible, left) seems to be holding the attention of participants and audience in this picture of the Allied court in Nuremberg, Germany, where 20 leading Nazis are on trial as war criminals.

Capt. Royall Speaks Before Kiwanis Group

Says 500,000 Vets Are Now Undergoing Treatment

More than 500,000 war veterans are now undergoing treatment in Army and Navy hospitals, and the cost of caring for such wounded patient averages \$3,000 it was pointed out to Kiwanians today at their Hotel Mayfair meeting by Capt. Rosa Lee Royall, veteran Army nurse in the European Theater of operations, who arrived here today to speak at the Ritz Theater.

She told of her pre-Pearl Harbor experiences when she was sent to Iceland on Sept. 16, 1941, and of how the boat had to remain offshore for 10 days before the Army engineers could get butts set up and establish hospital facilities.

She then told of a leave spent in London and of the cheerfulness and fortitude of 5,000 people living in a subway since 1940 with only blankets to sleep in.

Approved standard examinations will be sent to high school principals on or before Feb. 1, 1946.

Winners will be announced in April.

Gen. Styer Speeds Redeployment Plans

NEW YORK, Nov. 28, (AP)—Radio correspondent Fred Reinhardt of NBC broadcast from Manila today that the Commanding General of the United States Army forces in the Western Pacific—Lieutenant General W. D. Styer—has taken action to speed up redeployment.

The broadcaster said Styer had ordered all Pacific veterans with 70 or more points to report to redeployment centers within the next 48 hours.

The correspondent added that the movement of American troops from the Philippines area is becoming an increasingly larger operation.

He said thousands of soldiers are expected to return to the United States in the next few months.

Prior to entering the service, Capt. Young was a lawyer in Miami. He has been occupied in the Ordnance Department with handling the termination of government contracts.

Dr. Frank L. Quillman, director of the Seminole County Public Health Unit, and other professional members of the organization will attend the annual meeting of the State Public Health Association to be held in Gainesville on Dec. 3, 4 and 5.

Dr. Quillman also stated that the local health office will be open during this period but no clinic will be held.

Foolproof Lie Detector Is Invented By Chicago Police

CHICAGO, Nov. 28, (AP)—You've heard of people who can tell a lie without flinching an eyelash. Well, it's getting so now, the mere fact of an eyelash could be their undoing.

These new improvements are the work of John E. Reid, a specialist in operating the lie detector at the Chicago police department's crime detection laboratory.

Reid has developed the equipment so that it registers not only blood pressure and respiration, but muscular tensions and movements, as well.

If you've never been exposed to a lie detector—and you probably haven't—here's the way they work: The subject in the lie detector test sits in a chair. A flexible tube is strapped around his chest and a blood pressure cuff was fastened on his right arm.

The first few questions were simple ones, such as: "Do you own a car?" and "Do you live in Chicago?"

Lieut. W. M. Thigpen, Jr., says that the most interesting day of his naval career was when he received his discharge on Nov. 16, 1945.

Following this schooling he was made executive officer of the USS Pinnacole, a fleet sweeper, but was later hospitalized because of ill health.

When asked to relate one of the most exciting days of minesweeping duty instead of describing one of the horrors he told the following story: "One unusually rough day the ship's cook became sea sick and spent a good portion of the day hanging over the side of the ship."

Lieut. Thigpen wears the American Defense ribbon and the Victory Ribbon. He graduated from Army University, Emory, Ga., in 1943 having major economics. He was formerly employed by the War Department Procurement and Planning Office in Atlanta before going into the service.

LOG ANGELES, Nov. 28, (AP)—A Los Angeles newspaper said today that it had learned that film actress Bette Davis will be married Friday to William Wariner, an artist.

Dr. Frank L. Quillman, director of the Seminole County Public Health Unit, and other professional members of the organization will attend the annual meeting of the State Public Health Association to be held in Gainesville on Dec. 3, 4 and 5.

Dr. Quillman also stated that the local health office will be open during this period but no clinic will be held.

Sanford Pilot Club Addressed By Mrs. Kircher

Tells Of Important Points In Fighting Tuberculosis

Stressing the need for education in combating tuberculosis, Mrs. Edward Kircher, secretary of the Seminole County Tuberculosis and Health Association, spoke to members of the Pilot Club at their regular meeting held in the Hotel Mayfair last night.

Mrs. Kircher cited three important steps in combating the disease, namely: "Health Education," "Case Finding," and "Isolation."

She said that those who are known and suspected cases in this county that need to be isolated.

Songs were sung throughout the evening to the main accompaniment of Mrs. Kircher who entered the room on her feet.

CITY BRIEFS

Directors of the Seminole County Health and Tuberculosis Association will meet tonight at 7:30 o'clock in the Clinic Building.

Boy Scouts and cub scouts will attend a supper at the South Side Primary School at 6:30 o'clock, Thursday evening.

In order to accommodate holiday shoppers, stores are remaining open on Wednesday afternoon.

The colored lights in the downtown district have been turned on for the first time since Black Friday went into effect.

Bodies Of Children Still Not Recovered

LAKE CHELAN, Wash., Nov. 28, (AP)—The deep and icy waters of Lake Cheelan still hold the bodies of 12 children and the driver of the school bus that swerved off an embankment into the lake Monday.

Divers have recovered two bodies but have found no trace of the bus and its grim cargo after descending 300 feet into the lake.

NARROW ESCAPE

WASHINGTON, Nov. 28, (AP)—The Navy Department has disclosed that the late President Roosevelt had a close call while he was en route to the 1943 Cairo conference.

Dr. Frank L. Quillman, director of the Seminole County Public Health Unit, and other professional members of the organization will attend the annual meeting of the State Public Health Association to be held in Gainesville on Dec. 3, 4 and 5.

Hurley Criticizes Role Of Diplomats

Plans Are Drawn For Construction Of Tennis Courts

Contract Is Let For Renovation Of Baseball Grandstand

The City Commission has authorized construction of the tennis courts, and plans and specifications for them are now being prepared by City Engineer Ralph Lubinski and will be available to contractors later this week.

Mr. Sawyer also pointed out that the contract for repairing and renovating the grandstand at the Municipal Ball Park has been awarded to Harold Gray, local contractor, and that work on the project actually started last Monday.

Mr. Sawyer's letter in full is as follows: "In response to the article on the column 'Marking on up' in the Sanford Herald yesterday, in which they accused the City Commissioners of holding up the authorization for the construction of the Swimming Pool and the Tennis Courts, and also not authorizing the expenditure for the grandstands at the Municipal Ball Park, I have to advise you that the contract for these projects has been awarded to Harold Gray, local contractor, and that work on the project actually started last Monday."

Yamashita Says He Knew Nothing Of Atrocities

Also Denies He Had Control Of Troops In The Philippines

MANILA, Nov. 28, (AP)—General Tomoyuki Yamashita has told the military tribunal today that he knew nothing of the atrocities that he didn't know what was going on in that respect.

The bluff, bullet-headed Japanese official said that he had his hands full attending to other matters.

Yamashita testified in his own defense at Manila today that he was constantly under attack of Field Marshal Count Hisaichi Terauchi, whom he described as the supreme Japanese commander for the southern Pacific.

Yamashita denied that he exercised control of Japanese troops in the Philippines.

The Philippines Supreme Court meanwhile, has denied a plea by Yamashita's counsel that the United States tribunal is trying the accused illegally.

Another witness today charged that Yamashita had refused to let his troops celebrate the fall of Singapore, but held memorial services and erected a memorial to the fallen enemy instead.

His testimony may not be taken into account at all. The prosecution announced that since the original trial in Singapore has been postponed, the charges against Yamashita will be presented in rebuttal testimony against Yamashita.

Chinese Nationals Begin Landings At Port Of Huijien

CHONGKING, Nov. 28, (AP)—An unconfirmed report in a Chungking newspaper (Commercial Daily News) said today that Chinese Nationals had begun landings at the Manchurian port of Huijien.

The port was captured recently by Nationalist forces after it had been evacuated by Chinese Communist troops.

The report provides the Nationalists with a strategic landing site for troops to be used in the overland drive toward the Manchurian capital of Changchun.

Meanwhile, the Nationalists are sending a detachment to the bank of a large river in southern Honan Province. They said the Reds had finally captured the important highway center of Fusheng.

At the same time, another Chungking newspaper (The Daily News) said that a Chinese-Russian agreement had been reached on two points in connection with the Manchurian situation.

The Russians are agreed to have a force of 10,000 Nationalist paratroops to land at Changchun and Mukden, the big Manchurian industrial center. Ground crews may proceed at once to both cities.

The Russians further said to have agreed to complete their withdrawal from Manchuria by mid-January.

Commercial Florida Fishermen Strike

MIAMI, Nov. 28, (AP)—Two thousand commercial fishermen between Fort Pierce and Key West tied up their boats today in a strike for higher prices for their catches.

An official of the Fishermen's Union has predicted that 4,000 will be on strike by Monday when west coast fishermen stop work in sympathy with the east coast group.

The strikers demand 13 cents a pound for mackerel except in the Florida Keys. They demand 12 cents a pound, Wholesale dealers with a single exception are willing to negotiate now that the strike is on, says union man L. P. Jones.

Says Imperialists Hamstringing All Efforts To Help Chinese Government

WASHINGTON, Nov. 28, (AP)—Former Ambassador to China Major General Patrick Hurley has added some detailed charges to his blistering criticism of the role of career diplomats in American foreign policy.

Hurley spoke before a crowded crowd in Washington. He reviewed the statement he released yesterday in announcing his resignation.

Then he charged that British, French and Dutch imperialists are hamstringing the proffered policy of the Allies to help China establish a democratic, united government.

General Hurley declared that in his mind, there is no question that the policy of helping China has the support of both the Russian and the British governments.

But this policy, he went on, does not have the support of the imperialist British civil service in Asia, nor does it have the support of French or Netherlands imperialists.

Hurley denied vigorously that the presence of American troops in China was intended as a means of controlling the country.

What General Weems is doing now, he said, is actually a closing phase of the war against Japan.

As for his own bias in China, Hurley declared that he had succeeded in securing the Chinese army in the fight against Japan.

Has Appointment Of Gen. Marshall

CHONGKING, Nov. 28, (AP)—Chinese Government sources are holding out hope that the five-star general may be given more power to make on-the-spot decisions.

Although official reports are expected by Ambassador Patrick Hurley that General Hurley is not returning, he added, however, that Marshall's visit will be "very well received."

He said that General Hurley's appointment as President Tchang Kai-shek's Minister of Information, K. C. Wu has commented that General Hurley's appointment is "very happy because it meets this great soldier from America."

Two major questions now concern Marshall—whether or not United States Marines will be withdrawn from north China, and the facts behind the transfer of United States planes in India and Burma to the Chiang Kai-shek government.

General Weems Is Among Survivors Of Plane Crash

WALTHAM, S.C.—Brigadier General George H. Weems was disclosed today to have been among seven persons who parachuted to safety when an Army plane crashed near Waltham, S.C., last night.

The plane—a C-54 transport—was enroute from Bolling Field, Washington, to Fort Benning, Ga.

The General and four other were found late last night by search parties combing the wooded area where the plane crashed during a rainstorm.

The search is being pressed for the two men still missing.

General Weems formerly was assistant commander of the Infantry School at Fort Benning.
