House Votes To Investigate Welfare Board

Resolution Calling For Complete In- quiry Is Made By Monahan Of Sumter

TALLAHASSEE, Apr. 18 (AP)—The House today voted without dissent to join the Senate in an investigation of the Florida State Welfare Board. It adopted, on a voice vote, a resolution by Rep. Monahan of Sumter calling for the inquiry.

The Senate already has a committee assigned to such an investigation. Monahan said he hoped to have both branches merge their study. He said an inquiry was called for "out of fairness to the Welfare Board."

His resolution said "there is wide spread criticism and dissatisfaction with the administration" of the board "because of its policies and practices and its heavy salary expenditures for its employees."

"There are many citizens in our state requiring welfare assistance who are unable to have their claims considered by the State Welfare Board and its case workers except after long delays."

"Many persons desiring old age assistance are not receiving benefits because of the delay in the processing of their claims. A considerable portion of the funds provided by the State Welfare Board is unnecessarily paid to case workers and other employees which could properly be used for welfare benefits."

Welfare Commissioner Sherwood Smith, who has asked for extra funds to hire more case workers to speed up studies of claims for (Continued On Page 11)

T-Sgt. Bucurel Is Joined In Germany By Wife, Children

ERLING, Germany, Apr. 18 (Special)—T. Sgt. George Bucurel of Sanford, Fla., brother of Ann F. Bucurel, also of Sanford, welcomed the arrival of his wife, Wilma Jean, daughter, Patricia Ann, aged three, and son Peter Paul, 11 months old, upon their joining him in Germany during February.

Wilma Jean Bucurel is the daughter of Mr. and Mrs. Dwight Hobbs, of Memphis, Tenn. The family reside in Munich which is about 20 miles distant from the Erling Air Force Depot where George is stationed and serves as aircraft and automotive inspector with the Air Inspector Section of this supply and maintenance center for the United States Air Force in Europe.

This depot is a major link in the chain which directly supports the Berlin air lift. Before this depot was captured at the war's end it served as supply center and jet experimental station for the German Luftwaffe and for another German unit for the Italian campaign.

T. Sgt. Bucurel is responsible to check on the maintenance procedures and work policies of the aircraft and vehicles serviced and operating from the Erling Depot.

T. Sgt. Bucurel entered the Air Force in 1942 at Ft. Worth, Texas. Following over four months aircraft mechanics school training at Chapparral Field, Ill., he attended gunnery school (Continued On Page 11)

Reds Lack A Bomb, Doolittle Asserts

GALVESTON, Tex., Apr. 18 (AP)—Jimmy Doolittle says Russia lacks a stockpile of atom bombs or the United States and Russia would be at war by May.

Doolittle, who led the first American bombing mission against Tokyo, said yesterday:

"My guess is that they have the know-how, but don't have the tools and want to make it (the atom bomb)."

Doolittle added "the only thing that deters Russia now is the fact that we have the atom bomb and the means of delivering it any place on earth with efficiency."

He made the comment at a press conference during a reunion of his Tokyo raiders here.

Doolittle left the Air Force three years ago as a lieutenant general.

Doolittle said 60 of the 80 fliers who participated in the Tokyo raid are still alive. They and their reunion today.

COURT OF HONOR

Members of four Boy Scout troops of Seminole County will participate in a Court of Honor, this evening at 8:00 o'clock at the Episcopal Parish House, and a number of awards and merit badges will be received by Scouts. Ralph A. Smith, Scout executive, announced today. Parents and friends are invited to attend.

New Fire Truck Arrives

Fire Chief M. N. Cleveland and his entire force are shown as they inspected the new \$23,500 Semprum combination ladder fire truck after it arrived Wednesday. Chief Cleveland noted that he and his men are very well pleased with the truck, which will mean much in the protection of private and public buildings and stocks. It is equipped with a 185 horse power motor, has four speeds forward, carries 1,900 feet of hose and can pump water at the rate of 250 gallons a minute. A 100 gallon reserve water tank is carried. The truck extends an 85 foot reach of 4 1/2 inch hose, works by hydraulic pressure and can be operated by one man to raise work or as a water tower. Left to right are Chief Cleveland, Assistant Chief R. E. White, Chief J. R. Cook, J. F. Bennett, C. M. Waldron, R. E. White, C. M. Waldron, J. W. Howard, J. B. Lee, C. L. Taylor and J. M. Galt.

Wallace Beery To Be Buried In Glendale, Calif.

Actor Had Been Ill Several Weeks Be- fore Death Friday

BEVERLY HILLS, Calif., Apr. 18 (AP)—Wallace Beery, Hollywood's "lovable old crook," will be buried in Forest Lawn Memorial Park in nearby Glendale tomorrow.

Many of the film industry's great are expected to attend the funeral in the Church of the Resurrection at 10:30 A. M. in the Memorial Park.

Only one actor has been in motion pictures longer than Beery. Lancelotti has 40 years time.

Active pallbearers at the graves will be Louis B. Mayer, E. J. Meehan and William L. Brown, executive; Superior Judge; Blake Fred and Matt Gilman, brothers of Beery's second wife; Lou (all), a leading companion, and Phil Berg, the actor's business agent.

Honorary pallbearers include many film associates such as Frank Capra, Leo Carrillo, Bing Crosby, Clark Gable, Jesse Lasky, Joseph M. Schenck, Mack Sennett, Lewis Stone, Spencer Tracy, Barry Zaunck and Robert Taylor, to mention a few.

Boyz, Graff, Wally Beery, who was an Academy Award for "The Champ" in 1931 and who appeared in some 200 films, will be laid to rest at Forest Lawn, the final rest (Continued On Page Two)

American Cancer Society To Open Drive On Apr. 28

Sanford Churches Have Record Attendance For Easter Services

Nearly 400 worshippers attended the Easter Sunrise service from 5:45 to 6:45 o'clock yesterday morning, and during the bright sunny day, and as well as in the early evening hours. Sanford churches had record breaking congregations.

Many were converts at the sunrise service, due to the sudden cool spell which sent the thermometer down into the middle forties during the early morning hours.

The program was opened by the Seminole High School Band and was followed by the High School Glee Club which sang Easter hymns.

The happiness brought by the resurrection of Christ was the theme of the sermon given by the Rev. J. H. Hudson, pastor of the First Baptist Church, who defied his advanced tuberculosis to preside.

Resurrection Is Observed Amid Peace Prayers

President Wife And Daughter Attended 2 Church Services

BY ASSOCIATED PRESS

The Resurrection was celebrated yesterday throughout the Christian world and prayers for peace in many places blended with the glad tidings of Christ's birth.

In Crossroads Church and great cathedral, Americans of many denominations worshipped at Easter services. Sunday weather was good in most of the nation. Hope for an end of religious persecution in Red dominated countries was a theme repeated in many sermons.

Conviction Of Eisler Upheld In U.S. Court

10 Points In Appeal Of Passport Fraud Charges Are Turned Down In Capital

WASHINGTON, Apr. 18 (AP)—The U. S. Court of Appeals today upheld the conviction of Gerhard Eisler, German born Communist, on passport fraud charges.

Eisler, described as "America's No. 1 Communist" by the House Committee on an American act, which was convicted in Federal district court Aug. 12, 1942. He was sentenced to five years to life.

By a 4-1 vote, the Appeals Court turned down Eisler's contention that the district court had erred in the application for an exit visa in New York and merely mailed it to the State Department.

The passport fraud case was the second conviction for the subject, suspended in 1942. He was convicted on a charge of conspiracy to defraud the State Department.

The Appeals Court also affirmed the conviction and sentence of Eisler on a charge of conspiracy to defraud the State Department.

Wherry Calls For Complete Account Of Proposed Bills

Proposed Civil Service Changes Rapped By Gut

Rules Would Exclude Department Heads From Protection

WASHINGTON, Apr. 18 (AP)—Senator Wherry of Nebraska, the GOP floor leader, said today the total cost of President Truman's domestic and foreign legislative proposals should be "laid before Congress" before any package.

Only by such action, Wherry told the Senate, will Congress be able to determine whether the spending program will exceed estimated receipts from tax.

Wherry held up a copy of the budget which he said he was willing to stay here until a statement is made what he called the "sanitized program" Mr. Truman has offered.

"The people should know what the program is going to cost," Wherry said. "They should know that the program is going to be so staggered that it will increase taxation or bring about pooling."

Wherry said he was going to know what the program is going to cost, and he said he was willing to stay here until a statement is made what he called the "sanitized program" Mr. Truman has offered.

City Cracks Down On 'Meter' Thieves

All police have been alerted by Police Chief Roy L. Williams to crack down on parking meter thieves following theft of three of the meters, one and all, during the past week. The most recent theft was reported this morning to City Manager Clifford McKibbin by James Hafford, collector of revenue from meters.

Police Chief Robinson's statement "looking for women, whiskey and song, I guess." The soldiers were from Camp Stewart, 42 miles southwest of Savannah. Ward said the victims would not be identified until next of kin had been notified.

Military police from Savannah's Chatham Air Base rounded up other Camp Stewart personnel and sent them back to their post. Ward said downtown MP patrols were doubled following the shooting. No further trouble developed, however, he added.

SEBLS VERSUS TODAY

There is nothing foggy about a righteous life. The light of such a life illuminates the world around it.

If the Sanford Giants keep on playing the way they were Thursday night, they'll have to get two ball parks to hold the crowds.

The Seminole High School Band is working hard to pay off the debt on their uniforms. Good luck to them.

The British government is planning to socialize at least five other major industries, including life insurance. And no doubt, Uncle Sam will put up the money.

Buell G. Duncan, general manager of the South Atlantic Gas Co. and a frequent business visitor in Sanford, has been elected president of the Greater Orlando Chamber of Commerce.

New Yorkers couldn't even celebrate without being picketed by Communists. Beware of the cities! When the revolution comes, it will be up to the small towns and the rural areas to save the country for freedom and democracy.

Governor Warren in a telegram to the Tampa Tribune denies that he ever said that if he were elected Governor of Florida there would be no new taxes. All he said was, "Present revenues, if properly spent, are adequate for all state functions I advocate."

Mrs. Jimmy Ybarbo, who killed her soldier husband in a drunken brawl over another woman in Germany and was sentenced to 20 years in prison, has been pardoned and returned to this country. We hope that she will have the good sense to reject her night club offers.

What is happening to the nation's school system is shown by the announcement of the Census Bureau which reported Sunday night a 600,000 gain in school attendance this year as a result of the first crop of war babies reaching the school age.

President Truman says the federal government will run a billion dollar deficit this year (later corrected by White House aides to read \$600,000,000) and no one knows for sure just how much the deficit will be. But whatever it is, it will have to be made up by additional taxes.

Women will be allowed to serve on juries in Florida if a bill which passed the Senate last week becomes law. That theoretically places them in a category of equal intelligence with men, or at least, so proponents of the bill insist.

Living On Fat

Noting that the United States government owns about \$27,000,000,000 worth of personal property, former President Herbert Hoover remarked: "We might be able to live on our fat for a while if we had it catalogued and knew where it was."

The former President was not making a joke. He was saying that the burden of the American taxpayer would be substantially less if the government took proper care of its belongings and made full use of them.

The fact that it was a major piece of work for the Hoover Commission to find out how much property the government owns is an indication of the shortcomings of the bookkeeping system. Other indications are such things as the errors and lack of critical judgment discovered in examination of an Army request for funds.

This great area of waste in national government is only one of the compelling reasons why the Hoover Commission reports should be kept alive until something is done about them.

Mitchell's Fate

General Billy Mitchell, who in 1925 was court-martined and suspended from the Army for five years because he denounced military and naval heads for ignoring the possibilities of bombing, was fought in other directions.

Mitchell deserved a better fate. He might have derived some consolation from the fact that at his court-martial the one officer who voted in his favor was General Douglas MacArthur. Had he lived, he would have been gratified by the gold medal and the promotion to the rank of major general which Congress voted him in 1946.

The Best Medicine

"It's but little good you'll do, watering last year's crops."—George Elliot. Yet that is exactly what I have seen hundreds of my patients doing in the past 25 years—watering with freely flowing tears things of the irrevocable past.

I am a doctor, not a preacher; but a doctor, too, must try to understand the joys and sorrows of those who come to him. He should without preaching be able to expound the philosophy that one cannot live adequately in the present, nor effectively face the future, when one's thoughts are buried in the past.

Moaning over what cannot be helped is a confession of futility and of fear, of emotional stagnation—in fact, of selfishness and cowardice. The best way to break this vicious, morbid circle—"to snap out of it"—is to stop thinking about yourself, and start thinking about other people.

As a doctor I have seen it tried many, many times and nearly always it has been a far more successful prescription than anything I could have ordered from the drugstore.

Easter Services

Fifth Avenue and adjacent streets. A solemn high pontifical mass celebrated at St. Patrick's Cathedral by Francis Cardinal Spellman was among services in New York drawing thousands.

Home was jammed with tourists, and record postwar crowds were seen in other Italian cities. Franciscan monks and Russian nuns celebrated Easter rites on hillsides in Jerusalem. Protestants there had services at the Y.M.C.A.

At Holy City, Okla., the Wichita Mountains midnight-to-sunrise celebration drew an estimated 100,000 persons. A pageant, "Prison of Peace," enacted by more than 2,000 persons, featured a six-hour program. This year's program was dedicated to the memory of its founder, the late Rev. Anthony Mark Wallock.

Near Colorado Springs, Colo., an estimated 50,000 attended a pageant and musical program at the annual sunrise service beneath the famous cathedral spire in the Garden of the Gods. Fifteen thousand persons gathered at the peak of the Red Rocks in Denver.

Services with a 250-voice choir drew 25,000 to the Rose Bowl at Pasadena, Calif. About 20,000 attended inter-denominational Protestant services at Hollywood Bowl.

There was a record attendance of 3,925 at the 18th annual Grand Canyon Easter sunrise service at the Grand Canyon, Ariz. The service was broadcast on an NBC national hookup, and Army radio carried it around the world.

Spring Produce

Palmetto State Farmers' Market had a gross business of \$21,694.42 during the last week, handling 6,990 packages. Manager M. V. Mookison reported to Director William L. Wilson's Jacksonville office.

Nationalists Try To Win Delay On Surrender Demand

REDS SEND MILLION TROOPS TO YANGTZE RIVER BATTLE LINE

NANKING, Apr. 18.—(AP)—One million Chinese Communist troops tonight stepped up preparations to storm across the Yangtze River if the government fails to sign a surrender by Wednesday.

NANKING, Apr. 18.—(AP)—The government, reliable sources said today, is trying desperately to win a delay in the Communist demand that it surrender by Wednesday.

There were reports that an emissary would leave shortly for Chikow, below Shanghai, to lay before retired President Chiang Kai-Shek the 24 points stressed by the Communists for surrender of the Nationalists.

Meanwhile along a 650 miles Yangtze river front 1,000,000 troops awaited the word that would set them to fighting again. Some official source here favored rejection of the Communist demand.

The government has about 500,000 troops scattered along the front. They face superior Communist forces on the north bank of the river.

Fighting may burst out regardless of what answer the Nanking government gives the Communists, who want their arms to cross the Yangtze in about a dozen places and take over National troops.

The Communists are dealing with acting President Li Tsung-Jen. Li, at best, controls only 200,000 troops, mostly in the Hankow area. Shanghai and Nanking divide forces under the control of General Tang En-po, whose loyalty to Chiang-Shek has never been questioned.

Many observers here feel that Tang will retreat to Shanghai and below rather than fight across the Yangtze to Formosa, where the bulk of the Chinese navy and air force is still under the domination of Chiang Kai-Shek. Others might try to reach south China points.

High Nanking officials today bitterly criticized the holding of planes of Formosa when they originally needed here for defense of the capital.

The consensus here was that whatever Li tells the Reds, there will be a fight of some sort put up by at least part of the Nationalist army.

The proposed Communist peace agreement was brought here yesterday by Nationalist delegate Huang Shao-ling who went to Peiping for the peace talks. Counter-proposals to the Communist right to hold the Communists' right conditions for peace were said to be under consideration.

These provisions are believed to follow the Peiping pattern. Red troops would be allowed to cross the river to guarantee that Nationalist forces were costless.

The presumption here is that after this process was completed a political conference would be held to set up a Communist controlled coalition government.

Big Carrier

Mrs. Gingles stressed the vital need of a recreational program for Sanford youth. She said that the opinion the program last summer was not a success was based entirely on the amount of money spent to the proportion of children in attendance.

"The goal is always to reach all the children in the community," she said, "but this goal is seldom reached anywhere. If those who do attend the recreational programs arranged for them, show proper progress and development, then you know the program has been a success.

Wallace Beery

BEVERLY HILLS, Calif., Apr. 18.—(AP)—Death has taken Wallace Beery, who combined a homely, good-humored face and a booming voice into a multi-million dollar screen career.

Beery, a veteran of 36 years in films, died unexpectedly Friday night at his home. He had been under treatment since last November for a heart condition.

At his bedside were his divorced wife, Mrs. Rita Beery, a brother, Will Beery; his adopted daughter, Carol Ann, and a nephew, Noah Beery, Jr.

Beery was known to millions of movie-goers for his roles as a hard-boiled, clumsy but kindly character, sometimes addicted to larceny and liquor. He was famous for his grunting dialogue, sloopy dress and the way he'd run his hand over his face and mutter, "aw, shucks!"

In 1930 one of the greatest screen teams was launched when he and the late Marie Dressler made "Min and Bill." Since then he had appeared in more than 60 pictures, including "The Champ," which won him a special academy award.

Beery, six-foot, one-inch tall and tipping the scales at 225 pounds, attributed his long popularity to his appeal to men and boys. The Motion Picture Herald placed him among the 10 top money-ranking stars from 1932 through 1935 and again in 1940.

Among his best-known pictures are "Tugboat Annie," "Barnacle Bill," "Hell Divers," "The Champ," "The Bowery," "Stablemates" with Mickey Rooney and "This Man's Navy."

He was married twice. His marriage to actress Gloria Swanson ended in divorce in 1918. His second wife was Rita Gilman, whom he divorced in 1930.

Recently the actor became involved in a paternity suit, Mrs.

Eisler Case

Continued From Page One) tations in making the application for an exit visa.

Immediately after his conviction, Eisler proclaimed that he got "a most fair trial on a most unfair indictment."

Eisler's conviction was upheld in a majority opinion by Appeals Court Judges Wilbur K. Miller and Bennett C. Champ Clark. Judge Henry W. Edgerton dissented.

The majority opinion turned down 10 or more specific points made by Eisler in his appeal. These included claims that the district court proceedings contained numerous instances of prejudicial error and that the court lacked jurisdiction in the first place.

Gloria Schumm, film bit player, filed suit, claiming he was the father of her 13-month-old son. She first agreed and then rejected a \$20,000 settlement offer and the case was to go to trial May 25.

In recent years Beery has limited himself to one or two pictures a year. He spent much time between his homes here and at near-by San Fernando and his hunting lodge at Brigham, Utah, and his ranch at Jackson Hole, Wyo.

He suffered a heart attack in the Wyoming ranch six months ago and has been under treatment since. His doctors told him to slow down.

Beery was born in Kansas City, Mo., Apr. 1, 1889. His father, Noah, was a policeman. The actor's first job in the entertainment field was as an assistant elephant trainer with a circus. While still in his teens, he became an expert elephant handler.

After a try at stock companies and in a Broadway chorus line, he entered the infant movie industry. His first film role was as a Swedish girl for the Essanay Studios in Chicago.

He came to California in 1915 to play in the Keystone Comedies. Later he was cast in "Heavy" character roles, starring in such films as "The Unpardonable Sin" and "Behind That Door."

It was Douglas Fairbanks who started him in the humorous tough parts he loved so well.

Beery estimated that in 20 years with Metro-Goldwyn-Mayer he made more than \$50,000,000 for the company, at the same time building up a sizable fortune of his own.

The actor was an expert pilot and owned his own plane. He held a reserve commission as a lieutenant in the Navy.

The funeral will be at Forest Lawn Memorial Park, Glendale.

Dr. Golub Tells Of Health Conditions In North Africa

NEW YORK CITY, Apr. 18 (Special)—"Appalling health conditions" among 900,000 Jews in North Africa and the Moslem area have necessitated the immediate introduction of expanded medical programs in their behalf, according to Dr. Jacob J. Golub, chairman of the health committee of the Joint Distribution Committee, major American agency aiding distressed Jews abroad.

In a report to the JDC executive committee, Dr. Golub, who also is the executive vice-president of the Hospital for Joint Diseases, 1919 Madison Avenue, declared that "tens of thousands of Jewish men, women and children in the Moslem lands eke out their harsh and bitter lives under conditions as wretched and backward as any on the face of the earth."

Here a single doctor sees 150 children a day, during a three-hour clinic period in the morning and each afternoon 200 boys and girls are treated for favus. In Marrakech one dispensary serves children and expectant mothers, but trachoma, the most virulent disease in the area, is left untreated, although medical science has a positive cure for this infectious disease.

Dr. Golub said that JDC already supports several health centers in North Africa but urged that expanded medical care be undertaken at once to save a whole generation. A minimum of \$20,000,000 must be spent by JDC in North Africa and Moslem lands this year in order to provide the medical care and other assistance now so desperately needed, he asserted.

JDC receives funds for its overseas relief, resettlement and reconstruction operations through the \$250,000,000 campaign of the United Jewish Appeal.

Legion Hears Wells Tell Of Security Needs

Galloway Installed As Head Of Post; Altamonte Springs Officers Are Seated

Need of a national security military training program to deter would-be aggressors was stressed by Maxwell Wells, Orlando, recently elected commander of the American Legion, department of Florida, in a talk last night to more than 120 Legionnaires, members of the Legion Auxiliary, and Junior Legion girls at the Legion Hut. The hall was beautifully decorated by the Auxiliary members with ferns and flowers.

James Quincy Galloway was installed as commander of Campbell Loring Post 53, and B. D. McIntosh, Jr. as commander of Altamonte Springs Post 183 in joint installation ceremonies performed by Sixth District Commander Robert Atkinson of Clermont. Retiring Commander James Wright of the local post was named as Sixth District membership chairman by Mr. Atkinson.

Mrs. E. A. Covington was installed as president of Campbell Loring Post Auxiliary, and Mrs. R. McIntosh as president of the Altamonte Springs Auxiliary by Mrs. Mildred Meade Smith, Orlando, sixth district president. Mrs. W. Lippincott was installed as advisor to the Junior Girls. Mrs. Smith was introduced by Mrs. C. E. Hunter, retiring Auxiliary president here.

Department Commander Wells declared that he was deeply conscious of the responsibility of assuming the office of state commander of the Legion, and stated that to him it presented an opportunity for service.

Urging a security training program, he said, "We who have experienced the horrors of war realize the need of peace, and the surest way to preserve peace is to be strong and so not invite attacks by aggressors. If a national security training program is not adopted, we will run the day. We may not, as during the last occasion, have time to prepare. National security training is a sure way to deter attack." He also warned of infiltration of our country from within which endangers the country's ideals of freedom and democracy.
