NEW TURKISH INSTRUCTIONS FROM ANGORA HOLD UP MEETING OF COMMISSION

ON CAPITULATIONS AND AND LOOKS LIKE CONFERENCE WILL FAIL

REACH DEAD LOCK

Great Britain Will Not Cede Mosul and Discussion is Fruitless

(By The Associated Press) LAUSANNE, Dec. 28.—The meeting of the commission on capitulations of the Near East conference failed to make any progress at today's session. Some of the Allied delegates on leaving the hall said the conference had reached a dead lock, pending the arrival of new Turkish instructions from Angora.

(By The Associated Press) LAUSANNE, Dec. 28.—Great uneasiness is spreading throughout Near East conference circles as the time approaches when there must be a final reckoning on all important questions which have been passed by with only partial agreements and no agreements at all, between the Turks and the allied powers.

Lord Curzon's positive announcement today that Great Britain will not cede Mosul to Turkey and does not propose to discuss that question further was the forerunner of less positive statements from the other delegations on various questions which indicate that the conference is now reaching a climax and that preparations are under way for a final showing of strength.

Meantime Constantinople is becoming more unsettled every day and Greece and Bulgaria are floundering along under the burden of the miserable refugees who dread a resumption of hostilities between Greece and Turkey.

The Allied delegates returned last evening, plainly discouraged after several hours' discussion with the Turks on economic capitulations. The Turks made it clear that they wanted the right to give preferential treatment to their own manufacturers in the matter of taxation, and justified their attitude by saying that it was necessary to protect Turkish industries. In other words, foreigners would not only lose their preferential economic position which they are ready to lose in the interest of equity, but must meet Turkish competition which would be strengthened by exemption from certain taxes imposed on foreigners.

A complete deadlock exists on the customs tariff question.

The British position is outlined in a letter sent by Lord Curzon to Ismet Pasha, head of the Turkish delegation.

It was in reply to a letter from Ismet Pasha.

Lord Curzon said in this letter that the British government had expelled the Turks from the Mosul area and occupied and administered it. The British had taken a pledge to free the Arabs from Turkish rule, and established the government of Iraq, and England since then had repeatedly given her word that the Arabs would not be interfered with.

Lord Curzon added that Great Britain had given her solemn pledge to let no foreign power take any part in this territory and that she would steadfastly adhere to her promise.

The foreign secretary said, however, that Great Britain was prepared to have her experts meet the Turkish experts to define the northern boundary of the Iraq.

The British delegation's formal reply to the Ottoman note questions the reliability of the statistics put forth by the Turks to justify their claim to Mosul. Although the Turks ruled this district for centuries, they never collected exact information, it was pointed out, and no confidence could be placed in their statistics.

LIFE IMPRISONMENT

BOSTON, Dec. 28.—Richard Wicentfeld, of this city who killed Quincy U. Rowden, of Panama City, Fla., a fellow member of the marine corps at the navy yard here in October, was sentenced to life imprisonment at Atlanta, by Federal Judge Morton here today. He pleaded guilty to murder in the second degree. The shooting was said to have been due to a quarrel over a girl.

COMMISSIONER OF EDUCATION WILL SPEAK

AT MEETING OF FLORIDA EDUCATION ASSOCIATION

(By The Associated Press) ST. PETERSBURG, Dec. 28.—Commissioner of Education J. J. Tigert, who is to speak today and tonight at the convention of the Florida Education Association, arrived this morning. One thousand teachers from all parts of Florida are here for the convention which this morning was given over to sectional work with many important subjects discussed.

San Juan Garage Will Open to Public Their New Building

The San Juan Garage, recently constructed on the west side and one of the best in this part of the state, will be formally opened to the public Saturday and will celebrate the opening by having four car loads of Chevrolet and a big shipment of Studebaker cars. The San Juan not only has one of the most complete garage buildings in the state but the new building is well equipped to take care of the oil and gas business and supplies of all kinds. A 12,000 gallon tank has been installed that will take care of the big business in this line and throughout the new building everything has been provided to give the public the best of service at all times. In fact "service" will be the slogan of the new garage and with their magnificent sales rooms and excellent service in all departments the San Juan Garage will prove popular from the very start.

Also investigate their opening proposition to give gasoline away free and fill up your tank on opening day.

Read their half page advertisement in this issue and visit the San Juan Garage on opening day, Saturday.

WIFE CONFESSES SHE KILLED HER HUSBAND

GAINESVILLE, Fla., Dec. 28.—Mrs. J. L. Lofton confessed yesterday that she shot and killed her husband at their home near Hawthorne Tuesday, because of ill treatment, according to an announcement last night by Sheriff Ramsey.

Lofton's body with a bullet thru the head and with a knife clutched in one hand, was found in his home. Mrs. Lofton told the authorities that she had seen two men leave the house and then had discovered the body.

On being told by the sheriff that footprints to a nearby pond where the pistol was found seemingly were hers, Mrs. Lofton told the sheriff and several witnesses: "Gentlemen, I'll tell the truth if it kills me. He was coming at me with a knife and I shot him. I have suffered death by his ill-treatment thousands of times, by his cursings and beatings. My life has been made miserable and if I have to suffer death for this it will be much better than the life I have led."

Mrs. Lofton is in the county jail here.

NIGHT VIGIL OF IRISHMEN IN NEW YORK

FOR POSSESSION OF OFFICES OF IRISH CONSUL IN THAT CITY

(By The Associated Press) NEW YORK, Dec. 28.—After an all night vigil representatives of the Irish free states and Eamon De Valera's Irish republic were still in joint possession of the offices of the Irish consul. Long hours of night were spent in peaceful debate and spokesmen for both sides indicated the fight for legal possession of the consulate abandoned yesterday by Daniel McGrath, the retiring consul general for the Irish free state, would be taken to the courts.

INTERNATIONAL CONFERENCE FIRST OFFICIAL SOUNDING ARE GIVEN BY PRESIDENT HARDING

Senator Lodge Springs First News on the Senate Yesterday

WASHINGTON, Dec. 28.—The first official disclosure that President Harding is negotiating toward an international conference for the consideration of European economic problems was made by Senator Lodge of Massachusetts, the Republican floor leader, during the opening debate on the senate floor today on the proposal of Senator Borah, Republican, Idaho, for the President to call an international conference to discuss economic problems.

In opposing the Borah proposal, which is in the form of an amendment to the naval appropriation bill, Senator Lodge urged that the president not "be embarrassed in the efforts which he is now making as a matter of fact."

Senator Lodge did not oppose the calling of an economic conference, but said it should be carefully and strictly defined with such questions as reparations, Allied debts, and immigration specifically excluded from consideration.

The state department, which has consistently maintained silence as to any efforts the administration might be making in reference to improving economic conditions in Europe, declined to add anything to the statement of Senator Lodge, but it was learned

that President Harding was considering seriously transmitting a letter to the senate giving information of his negotiation and at the same time, deploring any intervention from congress which might operate to hinder his efforts.

It is understood through the state department, the president has been "sounding out" several powers regarding the desirability of holding an economic conference. Whether the proposed conference would be called by or held in the United States, or whether this notion would be a participant, were, however, important details not disclosed.

The Borah amendment was discussed for four hours in the senate, Senators Lodge and Leavitt, Republican, Wisconsin, speaking in opposition, and Senators Borah and Williams, Democrat, Mississippi, in behalf of the proposal. No action was taken on the question and further debate went over until today.

The opening debate on the amendment developed the full force of administrative disapproval for it, as drafted, and also bi-partisan support and opposition. Administration leader mapped out a program to defeat the amendment on a parliamentary point of order if possible, and on a direct vote if the parliamentary point should fail.

WOODROW WILSON'S BIRTHDAY; EX-PRESIDENT 66 YEARS OLD; QUIET OBSERVANCE OF DAY

Delegation From Wilson Foundation Fund Called to Report Progress

(By The Associated Press) WASHINGTON, Dec. 28.—Former President Wilson is planning a quiet observance of the occasion at his S street home and was receiving congratulations today on his sixty-sixth birthday. The only scheduled event of the day for the former president was a visit of a delegation from the Woodrow Wilson Foundation to extend greetings and inform him of the success having been made by the foundation in raising million dollar fund to be used in perpetuating ideals enunciated by him while president.

ANNUAL CONVENTION STATE EDUCATIONAL ASSOCIATION OPENS

ST. PETERSBURG, Fla., Dec. 28.—One thousand teachers had arrived here last night for the annual convention of the Florida Educational Association, R. E. Turner, secretary of the association, estimated. It is believed that many have been delayed as a result of the heavy storm which swept Pinellas and surrounding counties this afternoon.

Governor Hardee and State Superintendent Cawthon, and the president of the association, C. R. M. Sheppard, arrived in the midst of the storm on a train which brought in 100 other convention visitors.

Dr. Bruce K. Payne, president of the Peabody College for Teachers, Nashville, Tenn., one of the three speakers who will lead the educational program, arrived with Dr. Joseph Roemer, chairman of the executive board of the association, later in the day.

Other speakers Thursday and Friday will be Dr. J. J. Tigert, U. S. commissioner of education, and Dr. A. S. Otis, New York physiologist, who will broach the subject of intelligence tests in the schools.

Thursday will be devoted to departmental conferences which will close with a general session at night, at which Dr. Payne and Dr. Tigert will be the chief speakers. Friday morning the general session will be resumed with addresses by Dr. Payne and Dr. Otis. The annual business meeting for the election of officers will follow. Friday evening the closing session will again bring Dr. Payne and Dr. Otis to the platform.

Friday afternoon, the teachers will be guests of the city on a tour of the local schools where the work of the people will be on exhibit. After the tour two receptions have been arranged for the supper hour with the alternative of a motor trip to Pass-a-Grille beach on the Gulf.

EUSTIS WILL HAVE MOVING PICTURE STUDIO ERECTED

The Seminole Films Co. will begin the erection of a studio at once on Lakeview avenue. Dr. Edgar J. Banks, the president of the company, has announced that the studio will be erected on his beautiful residence property which lies between Lake Gracie and Lakeview avenue. Dr. Banks will erect a magnificent residence on the new boulevard which is being built around Lake Gracie, and as soon as it is completed the present residence will be converted into offices for the use of the company.

In the meantime work will begin immediately upon the laboratory, which will be followed by the erection of the dark stage and other buildings in the order of their importance. Among other buildings, a projection room will be built and fitted with the latest models of projection equipment, while the room itself will compare favorably with the most modern theatres of the state.

All of the buildings will be built after the pure Spanish style of architecture, stucco finish and practically fire-proof. They will also be built in such style and so arranged that they will present the appearance of a high class residential community. In line with this idea, the grounds will be laid out by a landscape artist along the lines which have made Los Angeles famed as a city of beautiful homes. The only exception to this will be an immense building and will be located some distance from the road. The complete studio will comprise the most beautiful group of buildings in the state, and will establish the eastern Lakeview avenue district as the most desirable and beautiful part of the city. It is predicted that when the citizens of Eustis see the wonderful difference made by surrounding any residence by beautifully cared for grounds that many will hasten to follow the example set by this company, and will help make Eustis, beyond doubt, the most beautiful city of Florida.—Eustis Lake Region.

PRESIDENT ASKS SENATE NOT TO ADOPT

SENATOR BORAH'S PROPOSAL FOR ECONOMIC CONFERENCE

(By The Associated Press) WASHINGTON, Dec. 28.—President Harding asked the senate today not to adopt Senator Borah's proposal for an international economic conference saying in a letter to Republican Leader Lodge that formal congressional action on the subject now would embarrass him in negotiations he already made in conducting Harding's letter was sent to Senator Lodge for presentation during the second day's debate on the Borah proposal, which is embodied in amendment to naval appropriation bill.

BIG ANNUAL SALE

In this issue is a page advertisement of D. L. Thrasher calling attention to the Big Annual Sale that will start tomorrow and last until January 13th. Thrasher always sells goods as advertised and when he puts on a sale it means that you can get your pick of a big fine stock of clothing, furnishings, shoes, hats, etc. Special bargain counters will contain special prices on special lines of goods and during this big sale you will find rare bargains in seasonable goods. Now is the time to supply yourself with winter goods in the middle of the winter season. The entire stock will go at cost and in many instances below cost, as the sale is put on to dispose of part of the big winter stock and make room for the new spring lines coming in. Read the advertisement and note the prices at Thrasher's big sale commencing tomorrow.

BONUS BILL IS AGAIN UP TO THE STATE LEGISLATURE

TALLAHASSEE, Dec. 28.—Among the many important matters which the 1923 session of the legislature will have for consideration is compensation for veterans of the war. J. F. Busto, of Key West, representative from Monroe county, tried to secure the passage of a "bonus" bill last session, but was voted down on all his bills, except one providing that a commission be appointed by the governor to "inquire into the most feasible plan for such compensation." This act was passed during the last days of the session and was approved by the governor June 14, 1921.

The bill covers the following:

Whereas there has been introduced in the house of representatives of the state of Florida during the session of the legislature of 1921, a bill providing a bonus to the soldiers, sailors and marines of Florida in the late war with Germany, and

Whereas, by reason of the congestion of the calendar or both the senate and the house it is deemed unwise and impossible to enact such legislation during the present session of the legislature; and

Whereas it is the desire of the people of Florida to recognize in some fitting manner the services of its soldiers, sailors and marines in the late war, therefore, the governor of the state of Florida is hereby authorized to appoint a commission of three citizens of the state, whose duty it shall be in conjunction with the special committee appointed by the state convention of the American Legion at its convention held May 16 and 17, 1921, namely Morris M. Givens, Tampa; Davis Forrester, New Smyrna, and S. L. Lowery, Jr., Tampa, to compile and gather all data relating to the adjusted compensation of bonus to the soldiers, sailors and marines of the late war with Germany and to prepare and present to the legislature at its session in 1923 a bill which in the opinion of its commission should be enacted by the said legislature for and in recognition of the services of the soldiers, sailors and marines of Florida in the late war with Germany.

The governor has not up to this time appointed the three commissioners authorized by the act. When inquiry was made at the governor's office concerning the matter, Mr. Edwards, his secretary, said that the matter was a very important one and was receiving the governor's best attention.

The government of India has decided to electrify a large portion of the suburban railways in the vicinity of Bombay.

FORMER MAYOR ARRESTED FOR MER ROUGE MYSTERY CHARGED WITH MURDER

TUG ORDERED SENT TO VIEW WRECKED SHIP

LOOKS LIKE TUG CORNELL HAS BEEN SIGHTED AT LAST

(By The Associated Press) CLEVELAND, Dec. 28.—There was an air of expectancy here pending receipt of a report from a tug ordered sent from Erie by the Great Lakes Towing Company to view the wreckage reported having been seen on the lake near that city yesterday. The derelict is believed to be that of the Tug Cornell which, with seven members of the crew, has been missing for a week.

Plant City Berries Make Town Famous as Well as Rich

Citrus Fruit Shipments Are Heavy as Well

(By The Associated Press) PLANT CITY, Dec. 28.—When the late Henry B. Plant was exploiting Central Florida and the Southwest Gulf coast by building palatial hotels and railroads, the town of Plant City, at the crossing of the Jacksonville, Tampa and Key West, and the Florida Central and Peninsula railroads, sprang into being. It was a next door neighbor to Tampa, only 22 miles away, and the little town, named in honor of the railroad builder, was for a long time the butt of jokes of vaudeville artists in Tampa.

Plant City during the week ending December 16 shipped 16,000 quarts of strawberries. The following Monday the shipments for one day amounted to 10,072 quarts and they have been going forward in increasing quantities since. Plant City's shipments of citrus fruits during the season to date have been more than 500 solid cars, in addition to hundreds of smaller movements. With the opening of the truck shipping season vegetables will begin to leave here by the trainload.

JACKSONVILLE WOMAN GETS LICENSE NO. 1

TALLAHASSEE, Dec. 28.—The registration tag number 1, in the passenger car class goes this year to Mrs. Frances P. Fleming of Jacksonville. This number for the past year or two has been displayed on the car of Mr. Virgil I. Hancock of this city. In this connection, the comptroller states that he has recently learned that it is customary in most of the states to award No. 1 to the Governor of the state. It is possible, accordingly, that in 1924 the number will be displayed by Governor Hardee if he makes request for it.

SPEER'S INVENTORY SALE

Speer and Son have a page advertisement in this issue calling attention to their inventory sale which begins tomorrow, lasting until January 10th. Dependable merchandise of standard quality sold at remarkably low prices. Everything goes. See the prices in this issue.

TWENTY-FIVE ALIENS CAUGHT AT KEY WEST

WERE SMUGGLED INTO THIS COUNTRY FROM CUBA

(By The Associated Press) KEY WEST, Dec. 28.—Twenty-five aliens were alleged to have been smuggled into the country from Cuba were brought here today by immigration officers and lodged in the county jail pending disposition of their cases by federal authorities. The party was captured last night on the Marathon. The party consisted of four Chinese, one Greek, twenty Italians, that one of their number drowned while being landed.

For quick results, try a want ad.

WRIT OF HABEAS CORPUS DID NOT OBTAIN HIS FREEDOM

To Jail Without Prejudice to Give Louisiana Authorities Chance to Present Case

(By The Associated Press) BALTIMORE, Dec. 28.—Dr. B. M. McKoin, former mayor of Mer Rouge, lost his fight for immediate release on habeas corpus proceedings today. He was remanded "without prejudice" to give the Louisiana authorities an opportunity to present their case. He was arrested Tuesday on the request of the Louisiana governor who accused him of murder in connection with the Moorehouse kidnapping case last August.

NEW ORLEANS—Governor Parker reached here this morning to take part in a conference with legal associates and federal investigators to outline plans to open a hearing at Bastrop and to discuss other phases of the Moorehouse kidnapping investigation.

BASTROP, La.—Civil and military authorities yesterday followed through the hills and swamps of Moorehouse parish the trail they believe was taken by the masked and robed men on the afternoon and night of Aug. 24, when five men were kidnapped and two murdered.

The trail covered a distance of about twenty-five miles from a point on the Bastrop-Mer Rouge highway where the men were kidnapped, to a ferry landing at Lake LaFourche near where the bodies of two of them were found last week.

The reconnoiters were seeking additional evidence implicating those responsible for the mysterious dynamiting that released the bodies from the bottom of the lake where they had been weighted down for four months.

The day was devoid of local developments. All eyes were turned toward Baltimore, where Dr. B. M. McKoin, former Mer Rouge mayor, was battling against extradition to Louisiana where he is to face a charge of murder in connection with the case.

It developed during the day there will be unlimited funds available and countless friends to assist the physician, who does not want to return here.

That bond in six figures would be available in the event bail would be permitted is generally conceded here. A sum of \$350,000 was said to have been available for the release of T. J. Burnett, former deputy sheriff, the first arrest in the case. A fee of \$25,000 was reported to have been offered a certain firm of lawyers to lead in his defense. Since the incarceration of Burnett, various strangers have reached the town, held brief conversations with the prisoner, and then departed on the next train. It is known.

McKoin's friends are authority for the statement that he will attract the support of many throughout the United States.

The physician has stood high in the medical profession of northeast Louisiana, serving as president of the Fifth Congressional District Medical society last year. He was also a church worker. During his term as mayor, he waged war on those who held the law lightly and he said to have incurred the enmity of many of these.

Some years ago he engaged in a difficulty at Gallion, La., and killed a man. He was discharged by the coroner's jury and no indictment was made against him. His plea was self defense, claiming that he would have been killed if he had not fired first.

ARMY CRITIC FIRED

BOSTON, Dec. 28.—Major Malcolm Wheeler Nicholson, recently repatriated for his criticism of the regular army, has been informed by the war department of his separation from the service.

In a letter to President Harding he charged that "Prussianism existed in the army." He later wrote a pamphlet entitled: "Abolish the Army or Reform It."

THE EVIDENCE SHOWS

that in the Court of Public Opinions of our establishment is considered headquarters for Men's and Boys' furnishings, at the right prices. You can be one of the jury and judge for yourself.

We invite your inspection for the verdict.

If you have any friends visiting you...
If you are going anywhere or coming home, or if you are entertaining, with a postal card in this department, giving details, or telephone the item, it will be greatly appreciated.

Thursday—Mrs. J. G. Sharon will entertain the members of the Every Week Bridge Club at her home on Tenth Street, at 3 o'clock.

Friday—Mrs. D. P. Drummond will entertain the members of the Merrie Matrons Bridge Club at 3 p. m.

Friday—Annual ball of the Social Department of the Woman's Club.

Deane Treadwell was among the Sanford folks visiting friends at Daytona Beach Christmas.

Harold Long left yesterday afternoon for Tampa, after spending the week end here with his parents.

Mrs. J. A. Harrold has returned home from Jacksonville where she was called by the illness of her father.

LeClerq Irwin spent Christmas here with his parents on Magnolia avenue. LeClerq is the proprietor of a Willard Service Station at Ocala.

Misses Helen Calt and Grace McCurdy, of Atlanta, Ga., are the charming house guests of Mrs. W. L. Henley at her home on Celery avenue.

Mr. and Mrs. H. B. Abi, of Macon, Ga., are spending some time here and are pleasantly located at the Montezuma.

Messrs. Wilmshoret, Knighter and Storrer of DeLand, were the guests yesterday of Mrs. Jonathan Peck and Rev. A. S. Peck.

Mr. and Mrs. Oliver and Mr. and Mrs. W. J. McBride motored to DeLand and Daytona Beach, Christmas Day where they spent the day most pleasantly.

Misses Petrie Lee Bell and Mina Howard, who are attending Queen's College at Charlotte, N. C., are spending the holidays here with their parents.

Mallory Horn, of Jasper, formerly of this city, left yesterday for his home after spending the week end here as the guest of Rev. A. S. Peck and his mother, Mrs. Jonathan Peck.

Mrs. D. A. McQueen and two children, of Jacksonville, arrived here this afternoon and will be the guests of her aunt, Mrs. W. J. McBride at her home on Palmetto avenue.

Rev. R. E. Beverley and two children have returned to their home in Jacksonville after spending the week end here with her sisters, Mrs. J. C. Deen and Miss Nonie Williams.

LOCALS

Looks like rain today, but we have no kicks on the weather.

Now is the time to take stock and get ready for one of the best years in the history of Sanford.

Our new buildings are the pride of Sanford and every visitor to the city is struck with the great improvement on every corner.

Miss Eleanor Lytle and little sister Virginia, of Jacksonville, are spending the holidays with their aunt, Mrs. R. E. Tolar.

Mr. and Mrs. Basile Brossiere and son Dickson and Mrs. Harry Dickson and daughter Anne of Orlando were in the city yesterday the guests of friends and relatives.

Harry Reed is back from Havana to spend a few days with his sister Mrs. Harry Ward. He expected to remain in Havana for some time but was called back to Indiana on business.

Mr. and Mrs. W. S. Jordan and Mr. and Mrs. Pelote of Jacksonville are the guests of Judge and Mrs. James Sharon. Mr. Jordan was mayor of Jacksonville for many years and is well known all over the state. Mr. Pelote is a prominent attorney of Jacksonville and their many friends here are glad to have them for a visit.

The New Year's dance at the Country Club Monday night promises to be one of the enjoyable events to begin the year 1923. The delightful informality of the country club makes the dances there seem like home and makes them popular with the members and their families.

LeClerc Irwin is spending a few days with his parents Mr. and Mrs. S. A. Irwin. He is now the proprietor of a service station in Ocala and likes the Brick city very much. As a former employe of the Herald we are glad to welcome Claire home and to know that he is prospering.

LITTLE WHITE ROOSTER PLAYED HOBO PART—RODE ON ENGINES

(By The Associated Press)
CANTON, Miss., Dec. 27.—Whether the chicken was coming home to roost or if it is on a sight-seeing trip around the world is a question to be decided upon when a small white Leghorn rooster emerges from drain tile near the Illinois Central passenger station here. Yesterday afternoon when Engineer Tate arrived at Canton he noticed a crowd pointing under his engine and when it stopped he was shown a smutty, greasy, dirty, but game little Leghorn rooster bobbing the tank of a real hobo perched on the tank trucks of his engine. When the train left Memphis yesterday morning a consignment of chickens was being unloaded and it is believed the rooster made the entire trip on the train. The rooster evaded capture and took refuge in drain tile.

CARD OR THANKS

We take this method of thanking the good people of Sanford collectively for their kindness during the recent fire at our home.
MR. and MRS. F. R. WHITTLE, and FAMILY.

PLANS UNDER WAY TO STIMULATE SALES

In order to stimulate business, which invariably falls off after the Christmas holidays, the retail merchants' committee of the Chamber of Commerce is planning special sales days to be held during the weeks of January. One particular event, the details of which cannot now be made public, will be an innovation, so far as any previous attempts of this kind are concerned. It will perhaps be the biggest event of this kind ever inaugurated by the business interests of any community in the state of Florida.

NEW SEWERAGE CONTRACTS ARE LET

The commissioners have awarded contracts for the construction of the new sewerage systems and extensions to the old ones. These improvements were provided for in the recent bond issue. Permit has not yet been secured from the war department for the yacht basin, but this is momentarily expected. Specifications for the yacht basin have been furnished by William T. Doherty, prominent marine engineer of New York, and it is expected to have the basin finished by next fall.

DANCING CLASSES every Tuesday at Parish House at 4 p. m. for children and 7 p. m. for adults. Interpretative and ball room dancing.—Professor C. L. Ebsen. 114-116

THE WEATHER

For Florida: Local rain tonight; cooler in extreme north portion; Thursday partly cloudy and cooler.

WATER TRAFFIC LEAGUE'S PROGRAM IS ESSENTIAL TO WELFARE OF FLORIDA

Though organized only a year ago, the Florida Water Traffic League has grown from childhood almost to maturity by leaps and bounds, and is there any reason to be given by anyone which could refute us when we ask, "Why shouldn't it?"

True it is that many public-spirited movements and "would be" developments are never consummated because of political interference, petty jealousies, mismanagement or graft, but there are few which command the logic, the apparent need and the public's good opinion that the aims of the Water Traffic League of Florida command, that are placed on the shelf to be "taken up later" or to be forgotten entirely. The people of the state of Florida are due as much consideration as any other state in the union, and with such a vital necessity fostered by an organization such as the aforementioned league, the United States government is bound to recognize the situation and consequently government aid is sure to come.

Most everyone can recognize a fact. All right, then. It is a fact that foreign competition is becoming serious to the farmers of Florida because they cannot get their products to northern markets at a figure which will permit them to sell at the prices asked for foreign products of the same variety. A farmer in South Africa can grow and ship certain products to America cheaper than an inland farmer of Florida can get the same products to New York.

There is only one reason for this state of affairs, and that is that the freight rates by rail are now so high and water rates so comparatively low that our far-away competitors are well able to flood our markets with cheaper vegetables than we ourselves can grow and ship. Our cabbages are left to rot on the ground, while cabbages from southern Europe, South America and Africa enjoy a delightful profit, which in reality is spelling the economic destruction of Florida.

How can the situation be met? How can the people of Florida prosper, and by prospering so help the rest of the United States to prosper? Our crops must reach the markets at a rate as low as foreign crops and still afford a profit to the growers. With lower rail rates away off in the distance, the only way of accomplishing this is by the consummation of the aims of the Florida Water Traffic League—by deepening the St. John's river and by completing a system of inland waterways and canals which will take our crops to the coast and thence to our northern markets at a figure which would be fair and just to all concerned, instead of ludicrous and ridiculous, as is now the case.

Our hats are off to the league and our assistance is at their command. May their aims, which are most worthy, soon be within their grasp, may the farmers of Florida come into their own, and may our land be blessed.—Winter Park Herald.

WOULD LIKE to get in touch with some one to share crop, have myself and three boys to work, have Ford 1-ton truck, 2 work horses and wagon. Would do truck hauling or any kind of work. Address J. H. Thompson, Bensenville, Fla. 232-34p

THE GREAT MESSAGE IN SONGS

On Friday evening of this week the well trained chorus of the Lutheran church at Pierson will sing Holton's great Christmas Cantata "The Light of the World" in eleven parts. This concert will be given at the old Lutheran church at West Sanford and will begin at 7:30 sharp.

Everybody who loves good singing is invited. The concert is entirely free. You will miss something fine if you cannot come. An outline of the cantata is herewith given:

- 1.—"Thy Light is Come" opening chorus by the choir.
- 2.—"Shine Splendor Divine" soprano and alto duet.
- 3.—"The Light Everlasting" chorus by choir.
- 4.—"The Name of Jesus," tenor solo and chorus.
- 5.—"Sing O Heavens," choir, tenor and bass duet.
- 6.—"And There Were Shepherds," Soprano solo and choir.
- 7.—"Glory to God in the Highest," Chorus by choir.
- 8.—"Now When Jesus Was Born," bass solo and choir.
- 9.—"Wonderful Baby Jesus," Contralto solo and choir.
- 10.—"Seek Ye the Lord," chorus by choir.
- 11.—"The Light of the World" final chorus by choir.

Woodrow Wilson is sixty-six years old today and newspapers are printing articles about him and the fact that he is still the leader of the party and will shape the policies of the Democratic party in 1924.

They are shipping booze from Mexico to Chicago in paper tubes that look like advertising matter or magazines or something equally innocent. But it seems that one of them broke and the stuff was off right there.

Several queries have been sent the Star-Telegram as to why fire-crackers and shotguns should form a part of the Christmas day observance in this part of the country. It is an embarrassing question because there is no excuse under the shining sun why such a thing should be countenanced.

Handed won to us from the old plantation days when the darkies were permitted by their masters to celebrate Christmas in a hilarious way and when there was much liquor flowing all over the land, it has been continued in some sections to such an extent that one is not always certain whether the holiday is the Fourth of July or Christmas Day. One cannot very well connect the birth of the Saviour with fireworks, firecrackers and the shooting off of firearms. Such practices might be all very well for the ushering in of the new year but in the solemn joy of the Christmas festival they have to place. In fact many cities throughout the south have passed ordinances absolutely prohibiting the use of fireworks and firecrackers during the Christmas celebration. That has had the effect of doing away with what is generally recognized not only as a nuisance but as a discordant note entirely out of place and without any excuse for being tolerated. —Lakeland Star-Telegram.

A Columbus, Georgia, merchant held up by highwaymen was nervous and waved his arms while they were in the air and he was shot by the bandits who became nervous because the victim was nervous. Just how one can keep calm and cool under such circumstances should be put in book form by the highwaymen and sent out broadcast.

A CUSTOM THAT OUGHT TO BE FORGOTTEN

Now that the first excitement over the finding of oil at Oldsmar is over some of the state papers say there was nothing to it as yet. We never did believe in gushing over an oil gusher in Florida until said gusher really gushed. Oil in Florida is like hair tonic. Nothing to it.

Everything in Sanford and Seminole county revolves around the Chamber of Commerce. This splendid organization is equipped to take up all kinds of work for the benefit of the county and put it over. Join the Chamber of Commerce and get in the game of placing Seminole County on the map.

START A BANK ACCOUNT AND PAY CASH

Sanford should get in the habit of thrift and saving and paying cash in the year of 1923. The Herald will go on a cash basis insofar as it is possible and expects the same treatment. And many business firms in this city will change their mode of doing business and get in the cash idea of small profits and quick sales and the cash in the drawer is worth twice as much as on paper.

The finest adjunct to a cash town is the habit of saving your money and making it possible to pay cash for everything you buy. It is a terrible wrench to pay cash after years of credit but it will pay merchants and patrons in the long run and next year it will be a pleasure to take an invoice of yourself and of your business and find out you have nothing on your books. The Palatka News says:

"One habit of thrift—one looking continually urge the forming of habits of thrift—for there is a splendid argument for it every day of the week and every week in the year. Of the list of 'many best books' there is 'sold' one to be found that will rank as the bank book—and the 'checking account' is far, very far, ahead of the 'charge account'."

"One habit of thrift—one looking toward preparedness—is the plan popularized in many cities and by many banks; that of opening a 'Christmas Savings Account.' The plan is an easy one to follow, when carefully inaugurated, and the result is always so satisfactory that once it is carried thru for a little less than a year—it is enthusiastically taken up at the first chance.

"Last week one of the banks at Sanford turned over to the members more than twenty thousand dollars. This came as cash to those who had been saving to provide for the gift-buying season; it seemed almost a gift to those who had been saving a little at a time; and it enabled each and all of them to procure the contemplated gifts in a way very simple and very satisfactory.

"Buying presents on credit is not satisfactory—to the seller or the purchaser. Sometimes the merchant feels that the gift might as well have come from him as to carry the account a long time and receive payments on it by piecemeal; and there is always the feeling on the part of the buyer who really intends to settle for the goods that he is paying for a dead horse.

Cash speaks loudly; and a cash transaction makes many friends and keeps them. Sometimes, for necessities, there must be a 'charge account' but for luxuries there is never such a need.

Merchants should resolve during the coming year to do a cash business; determine that each night when the establishment is locked the goods shall be on the shelves or the cash shall be in the till."

AN AGRICULTURAL GAIN

Such wonderful progress has been made in the growth and development of Florida industries that an unprecedented amount of building has been done during the past year. We have given a great deal of publicity to the building program.

But that development that will count for most in the long run and will mean most to Florida, is the development that is going on in land development; the clearing of land and putting it under cultivation. A large acreage of farm lands has been brought under cultivation during the year of grove have been set. A vast acreage of berries and garden has been added to Florida production.

According to a report just made public by the Agricultural School at Gainesville, the Florida crop for 1922 is valued at \$60,650,000 as against \$40,019,000 in 1921. A gain of \$14,631,000.

These figures are impressive. Florida has only come into prominence as an agricultural state during the last decade. Before that it was hard to interest the outside world in Florida agriculture. The state was looked upon as a land of sunshine and flowers only—a place to spend a pleasant winter. Now more men are turning their attention to Florida agriculture, by way of new development than any other state in the Union. General farming is proving profitable. Intensive and extensive farming is engaged in in Florida with profit.

Farming is THE basic industry of America. The state is rapidly adjusting to the new situation. Without losing any of its glory as a tourist country, it is adding to its popularity and prosperity by developing a basic industry heretofore lying dormant. Herein lies the future of the state.—Reporter-Star.

The pickers are working in the large grove owned by Horace Carlton. This is at Nocatee and the fruit is handled by the Exchange.

CHRISTMAS CELEBRATION
 One of the interesting events of the Christmas holiday occurred Friday evening at the First Baptist church when the Sunday school put on a real Christmas program for the kiddies as well as the grown-ups of the city. A large number of Christmas carols were sung and readings rendered by the children before the audience felt the true Christmas spirit by the appearance of old Santa with a large bag of gifts for everyone present. However, the object of the entertainment was not for receiving but for the giving toward helping making the Children at the Baptist Orphanage at Arcadia feel the real spirit of Christmas. A large barrel and a box of toys, clothing, eats and quite a little sum of money was the result of many generous hearts and they were sent to Arcadia in ample time to be enjoyed by the less fortunate ones on Christmas day.

STREET IMPROVEMENTS THAT WILL BE MADE IN THE NEAR FUTURE

At a recent meeting of the City Commissioners of the City of Sanford that body passed a resolution requiring the expending of \$60,000 for the grading and paving of a number of streets that will be improved by the half million dollar bond issue passed a few months ago. Bids will be received on January 4, for \$100,000 worth of public improvements that will start immediately after that date and this second appropriation from the available fund will be expended as soon as the necessary legal procedure is gone through. The City Commissioners announce that these improvements are emergency measures and in keeping with the rapid growth of the city, and the intention of the people of the "City Substantial" to have no sand streets.

The streets to be improved are as follows: Palmetto Avenue, from Central street south to Hughey street; Central street from Oak street west to French avenue; Fifth street from Magnolia avenue west to Myrtle avenue; Ninth street from Cypress avenue west to Park avenue; and French avenue North from First street to Lake Monroe.

ESCAPED CONVICT FROM MISSISSIPPI CAUGHT AT ORLANDO

ORLANDO, Dec. 27.—Capture of Silas Lester, who escaped from the Mississippi state penitentiary on October 6, was announced by local police tonight after he had been surrounded at the home of a woman with whom he corresponded while in the penitentiary. Lester, police said, was convicted of forgery and had served three years of a five year term when he escaped.

25 PER CENT DIVIDEND

ST. LOUIS, Dec. 27.—Stockholders of the Hamilton Brown Shoe Company yesterday declared a stock dividend of \$1,000,000 or 25 per cent. This is in addition to a 12 per cent cash dividend, which the company has paid monthly since last July, it was said.

BAD STOMACH A HEALTH RUINER

Relief Afforded at Last Through The Untiring Efforts of Medical Genius

According to authorities on health fully forty per cent. of the people today are afflicted with what is commonly called a "run down" condition. The main symptoms, or "warnings," of this complaint, they say, are lack of vitality and energy, nervousness, irritability, weak back, headaches, rheumatism, malaria, etc. These ailments are caused by improper nourishment which is the direct result of an abused stomach, clogged up intestines, and consequent imperfections of the liver and kidneys. Instead of getting all the health giving qualities out of the food you eat, your system is starving. That's why you are weak, thin and sickly. When you feel yourself unable to do the things which require strength and endurance; if you are tired all the time, no energy, nervous and despondent, suffering from the terrors of pain, you should begin using RE-CU-MA, the phenomenal new treatment which has recently been perfected, and which is now so successfully overcoming these complaints. RE-CU-MA is creating so much interest wherever it is being introduced, because it enables your stomach to digest the food you eat, and vitalize your blood and nerves with the stamina which makes people strong, healthy and rosy checked, free from physical drawbacks to every pleasure and success attainable. RE-CU-MA is sold in Sanford by the Union Pharmacy and the leading druggists in every city.—Adv.

FOR THE MOVIE FAN

Charles Ray made a big hit last night in "Two Minutes to Go."

It is just this class of pictures that go to make up a good weeks' program.

And tonight, Constance Talmadge will be seen in "Polly of the Follies."

"Polly of the Follies" will be followed by a Century comedy. These Century comedies are always a real treat in themselves and when they come linked with a real feature it means one real evening's entertainment.

Friday and Saturday—Gloria Swanson in the "Impossible Mrs. Bellow." Here is glorious Gloria at her resplendent best. As the mother of whom slanderous tongues have robbed her of child and happiness, she was never so poignantly appealing.

Gloria was never so lavishly gowned as she appeared as the leader of Monte Carlo society and Supporting this famous star in "The Impossible Mrs. Bellow" are Conrad Nagel, June Elvidge and Robert Cain.

"The Impossible Mrs. Bellow" will be shown at the Princess Friday and Saturday and will be followed by other attractions. Remember, this picture is the feature picture for the week.

Have you read the want ads today?

CELERY SEED

Double header basket ball games tomorrow night.

Seabreeze boys and girls teams will be here to get breezed off.

Herbst, one of the Farmers bowlers who has been fast coming to the front, makes the announcement that he will be in poor form for the next several weeks.

In looking around for Herbst's reasons for being in poor form we made the discovery that he joined the Elks lodge last night. And we would say that that was enough to put any one in poor form for some time to come.

Amanns, tied with Pennington for second place in the individual averages, slipped a little this week, but his neck was saved when Penn slipped in his third game last night. These two still run neck and neck.

The new ball park is fast becoming an assured fact for Sanford. It will be but a very short time now until the announcement as to its location, etc., will be made. And Sanford is going to have a real athletic field.

And steps are already under way for the making of an even better football squad next year. If the state don't recognize Sanford after next season's record it won't be because Sanford didn't deliver the goods.

Just as soon as the base ball park has been made a settled fact, efforts will be made to bring a major league team to Sanford to train next season. This means a lot for Sanford and the

REALM OF SPORTS

CHAS. L. BRITT, Editor

CHASE AND COMPANY HANDS THE CONGREGATIONAL CLUB ONE MORE

Both the Champs and Orange Packers Bowl Under Their Usual Stride With the Exception of Stevenson

One more victory added to the Congregational Club's long string of victories and one more defeat added to the long string of defeats for Chase & Co. was the outcome of the match last night.

With the exception to the league bowler, Stevenson, all the players led just an ordinary game, while Stevenson helped his average by being high man with 517 pins to his credit.

The winning of last night's game practically clinches the first half pennant for the Congregational Club as it is now necessary for the Farmers to win their remaining games and the Champs lose three out of their four in order to be ousted from first place.

The outcome of tonight's game between the Rotas and Merchants will also have a bearing on the standing of these two clubs at the wind up. The Men's Club still have a chance,

although a slim one, of ending up in second place while Chase & Co. seemed doomed to spend their time in the cellar.

The following box score shows the outcome of last night's games:

Table with columns: Name, Pins, Struck, Average. Rows: Chase & Co., Jones, Laffer, Chase, Hernigh, McKee, Adams, Totals.

Table with columns: Name, Pins, Struck, Average. Rows: Congregationals, Stevenson, L. Renaud, Jewett, A. Renaud, Pennington, Totals.

Table with columns: Club, Won, Lost, Pct. Rows: Congregationals, Farmers, Men's Club, Rotary Club, Merchants, Chase & Co.

Ty Cobb Thinks Francis Will Be Big Aid to Tigers

Ty Cobb is strong for southpaws. Ty, a pretty good hitter himself, frankly admits that most left handers trouble him far more than right handers.

Such being the case, the natural conclusion that Cobb must draw, is that most left-handed batters are troubled even more than him by southpaw pitching.

No doubt that is the reason why Cobb put through the deal for Southpaw Ray Francis, of the Washington club.

Cobb figures that every club that wants to have a chance as a pennant contender needs a southpaw. Now that it is definitely settled that Oldham will not be a Tiger, Cobb's best bet as a southpaw passed on. Bert Cole seems to be just a bit shy of major league calibre.

All of which made it necessary that Cobb go out and land a southpaw. Francis proved to be the best possibility on the market. Here is how he looked to Cobb:

"Francis showed me more stuff than 90 per cent of the American League southpaws last year. I didn't find him soft piking by any means. I am of the opinion that he will develop into the best left-hander Detroit has had in years."

Boston May Obtain McMillan in Trade

(By The Associated Press)

NEW YORK, Dec. 28.—A trade whereby Norman McMillan, youthful third baseman for the New York Yankees would be sent to the Boston Red Sox in exchange for Shano Collins, Joe Harris or Herb Pennock, was said to have been the subject of a conference yesterday between Ed Barrow, business manager for the Yankees and Harry Frazee, owner of the Red Sox.

The two were unable to reach an agreement, it was said.

Kid Williams Must Meet Harry Leonard

(By The Associated Press)

NEW YORK, Dec. 28.—The bout between Kid Williams, former bantamweight champion, and Harry Leonard, which summarily ended some nights ago when Leonard committed a foul in the first round must be fought over again if the boxers wish to receive their share of the purse.

This decree has been handed down by William Mouldoon, chairman of the New York state athletic commission.

May Change Navy-Army Site Big Game

(By The Associated Press)

ANNAPOLIS, Dec. 28.—Commander Douglas L. Howard, athletic officer of the United States Naval Academy, will represent this institution at a conference in Philadelphia with West Point officials, which will decide renewal of the agreement for the playing of the annual Army-Navy football game. Captain Ridgeway, it is said, will represent the army council. The three year agreement under which football games have been played, expired this season.

It was stated that the Navy representative will insist that there be no renewal of the clause which prohibits the annual clash from being played south of Philadelphia. Under this provision, Washington and Baltimore are eliminated as possible sites for the struggle. New York and Philadelphia have had the call in recent years.

It was also stated that the Navy representative will ask that some of the games be played later in the season, specifying December 1 for next year, in place of November 24 as tentatively chosen.

Second Annual Boys' High School Basketball Tournament

(By The Associated Press)

GAINESVILLE, Dec. 28.—The executive board of the Florida High School Athletic Association has selected March 1, 2 and 3 as dates for the second annual boys' High School basketball tournament. The games will be played at the University of Florida.

The board also plans to bring here at the same time the cross country teams of the schools and stage a cross country run the afternoon of March 3. It is planned to have each cross country team consist of three runners and the course will not be more than three miles.

Giant Hurlers Report For Dolan on Feb. 22

(By The Associated Press)

NEW YORK, Dec. 28.—Manager McGraw, of the New York Giants, has announced that the club's entire pitching squad will report February 22, at Marlin, Texas, for training, preliminary to establishment of the regular campaign the first week in March at San Antonio.

The squad, consisting of about 16 hurlers, will be in charge of A. J. (Cosy) Dolan; to whom the players will report in St. Louis before entering training for Marlin.

Two catchers also will accompany the squad, one of whom McGraw said, probably will be J. P. Casey, former member of the Detroit and Washington American league clubs, who now is living at Wakefield, Mass.

COURTESY CO-OPERATION ACCOMMODATION These things, combined with the experience of our officers and directors has enabled this bank, year after year, to become increasingly valuable to the people of this community, upon whose patronage and confidence our success depends.

SANFORD — FIRST STREET — FLORIDA

EAST SANFORD

L. W. Wallace of Celery avenue is away on a hunting trip with a party to be gone several days.

Miss Virginia Bell of Charlotte, N. C. is the guest of Mr. and Mrs. Clifford Bell and family of Celery avenue. Miss Perle Lee Bell is at home from school. Miss Bell entertained for her daughter and niece on Wednesday evening at a hearts party. About 20 young people enjoyed the evening. A delicious salad course was served at the conclusion of the games.

Mrs. H. L. Henley of Celery avenue has as her guests for a short time Miss Helen Camp and Miss Grace McCurdy of Atlanta, Ga. Mrs. Henley is entertaining in honor of the young ladies Thursday evening.

The intermediate Christian Endeavor Young People were entertained at the J. W. Corley home on Cameron avenue Wednesday evening. Mrs. Henley is superintendent and arranged the affair in honor of Joe Corley who is at home from school for the holidays.

Miss Parlee Lee Bell will have as her guest Miss Helen Smith of Gainesville for the week end. Miss Smith has been a schoolmate of Miss Bell.

DEATH RATE FOR 1922 LOWEST IN U. S. SINCE 1900

(By The Associated Press)

WASHINGTON, Dec. 28.—Decline in the rate of deaths from heart disease, pneumonia and tuberculosis in all its forms, the three principal causes of death in the United States, were the outstanding features in 1921, which shows the lowest death rate recorded in any years since the beginning of the annual compilations in 1900, the census bureau announced yesterday. Increases were shown in the rate for cancer, automobile accidents and injuries, diphtheria, typhoid, suicide and homicide, and several other causes.

"While the 1921 death rate was 11.6 per 1,000 compared with 13.1 in 1920, a higher rate for 1922 is indicated in the reports for that period. Those rates are for the registration area of continental United States, comprising 34 states, District of Columbia, and 16 cities in non-registration states, with a total estimated population on July 1 of 88,670,692, or 82.2 per cent of the estimated population of the United States on that date, which was 109,248,393.

"The total number of deaths in the registration area was 1,032,000, compared with 1,142,558 in 1920. The rate per 100,000 was 1163.9, compared to 1306.0 in 1920. Based on the death rate for registration area, the number of deaths in the whole United States for 1921 approximately 1,271,444.

"Heart diseases, which were responsible for one-eighth of all deaths or 1,056,100 deaths in 1921, but the rate per 100,000 declined from 149.7 to 147.0. Influenza and pneumonia in all its forms caused 88,458 deaths, compared with 182,205 in 1920, the rate declining from 208.3 to 99.8. Tuberculosis in all its forms resulted in 88,135 deaths compared with 92,916 in 1920, the rate declining from 114.2 to 99.4. Cancer and other tumors were responsible for 76,274 deaths, compared with 72,931 in 1920, the rate increasing from 83.4 to 86.0.

"Automobile accidents and injuries resulted in 11,068 deaths, compared with 9,103, the rate increasing from 10.4 to 11.5 per 100,000 population. Suicides numbered 11,130, compared with 8,919 in 1920, the rate increasing from 10.2 to 12.6. Of the suicides, 4,122 were by firearms, 712 by cutting or piercing instruments, 1,942 by hanging or strangulation, 1,739 by poison; 1,401 by asphyxiation, 107 by drowning, 271 by jumping from high places, 130 by crushing, and 109 by other means. Homicides also increased, numbering 7,545, as compared with 6,205 in 1920, the rate increasing from 7.1 to 8.5. Firearms accounted for 5,509 of the homicides, cutting and piercing instruments 768, and other means 1,268."

Declines were shown in the number of deaths from railroad accidents and injuries, mine accidents and injuries, machinery accidents and injuries, and street car accidents and injuries.

TO FLOAT STEAMER

CHARLESTON, S. C., Dec. 28.—The steamer Santa Rosa, Grace Line steamer, which ran aground yesterday evening during a fog about four miles out of Charleston on Foley Island beach is expected to be floated this afternoon, when the tide is high. Four tugs are standing by ready to pull her into deep water.

She is three miles off shore and said to be in no danger.

Efforts of the tugs to float the steamer late yesterday and early today proved unavailing. The sea is calm. The Santa Rosa is bound for this port from Chile with nitrate.
