

What's Doing in the World of Teens!

"On The Teen Scene"

By JUDY AINSLEY
 If teenagers are anything, they are busy. They are always doing something new, something different. They are always trying to be the first to do something. They are always trying to be the first to wear something new, to have a special page of interest to you, the teenager and young adult of our city and Seminole county. We plan to feature articles and pictures of interest and appeal to everyone of you—be you 13 or 19. This is your page and your news and we want you to like it.

Many plans are in the making for you and this page and we want to hear what you think of it and what you want to see and read about. Whether it be dancing, the latest new dance step or what you think about long hair, short hair, no hair, short skirts or long skirts—anything!

You just write or call your opinions or news and we will be glad to get it on this page which we are dedicating to you, the young people of this area.

Say, have you been out to Penny's and looked over all those new Fall fashions on display? Understand they have really been selling all these needs for your Fall wardrobe. So whether it's a new shirt, pants or shoes for you guys or skirts and matching blouses for you girls, get in the groove and drop out and see the swinging fashions at Penny's.

PAAM MERIWETHER and Janet Grant look over a copy of the new Teen section to be published by the Herald each Tuesday. The new page will feature articles and pictures of interest to the teenager and young adult of Sanford and Seminole County. These two popular Sanford girls are among those leaving for prospective colleges and have subscribed to the Sanford Herald which they will receive via mail daily. (Herald Photo)

Drugs Store in "Time Crest Shopping Center".
 Say, wouldn't it be nice to have a second car for school and dating or just running errands for mom when you busy teens are around the house? I know just the place to get one! Go out and look over the nice shiny cars out at Ellinor Motors on Orlando Drive. Whether you're looking for a Volkswagen or maybe a TR-3, I bet they have something you will like and that will suit the pocketbook too.

And when you get those new wheels and need the gas to fill them, go on by Dekle's Gulf Station on French Avenue and take care of your car needs no matter what they may be.

Say, you guys, I know you all have hearty appetites after football practice and you guys are hungry too after cheerleading practice, go on over at Burger King and get one of those big hamburgers and your favorite beverage. Those things "chopping good and really hit the spot no matter what the occasion, whether it's on the way home from a busy day at school, after those extra activities or that special date, this is just the place to satisfy your taste.

Lots of you probably hate to go back to school and will miss the lazy days of summer fun.

Industrial prospects for the county never looked better — says Chamber Manager John Wright. John said he has received inquiries from major companies and five from some minor ones. "Never in my 30 years as manager have there been so many inquiries," he added.

For The Gals— Colors Indicate Personality

Chris, did you know that a researcher claims that the colors a girl wears can indicate her personality? Psychological tests recently revealed colors and clothes often express your most innate desires. The test showed that the girls who were most self-confident preferred complex colors and favored the more neutral grays and blues. Those who showed feelings of insecurity liked bright colors.

BUTTON BULLETIN
 Buttons are a rather one-sided affair this season. They are more precise sewing and shape in dresses, coats and suits.

SEMINOLE HIGH School Seminoles in team practice and drill as they prepare to meet Titusville on Sept. 16. A good game is anticipated and all the boys hope to be tops in the football league this year.

In Seminole County
 The Progress Of A New Era

By CHAS. (CHUCK) BEST
 As it has in the past, September brings an end to the rapid, fun-filled pace of summer and rings the bell for a new round in education.

LEARN TO SKATE BETTER — JOIN A CLASS!
 it's fun!
 MELODEE SKATING RINK ONORA ROAD PH. 322-9353

Since announcement over a year ago that the Junior College would begin classes in the fall of 1966 over five hundred people have registered, far surpassing the anticipated number. A unique day will be Aug. 29, as the classes commence. For the students, faculty, campus and Seminole County, a new era will have begun.

When you get those new wheels and need the gas to fill them, go on by Dekle's Gulf Station on French Avenue and take care of your car needs no matter what they may be.

'Senior Citizens' Up In Arms Over County Budget

"When you ain't got it, you can't give it."
 This statement by a member of the audience of "senior citizens" summarized their protest to the County Commission Tuesday against increased taxes on their properties.

The "senior citizens" were protesting that taxation had stretched their Social Security checks to the "breaking point."

County Commission approved a \$2.38 million budget for the fiscal year commencing Oct. 1. Millage was approved at .0080, or \$20.80 per \$1,000 assessed.

Chairman John Alexander explained the board had no control over budgets for Seminole Memorial Hospital and Seminole County schools, which brought about the increase in the overall budget.

Commissioner W. Lawrence Swafford voted in favor of the school budget but against the county's operating budget and the hospital. Swafford argued with A. B. Peterson Sr. and Andrew Caraway, hospital trustees, about a \$120,000 "uncollectible" item in the hospital budget.

Post authority, 1.8 per cent or 1.83 mills; health department, 1.9 per cent or 1.91 mills; courts and law enforcement (fines and forfeitures), 4.3 per cent or 4.31 mills; general fund, 9.2 per cent or 9.21 mills; schools, 67.2 per cent or 13.97 mills.

Alexander pointed out that the school will receive \$9.1 million from county, state and federal sources.

The commissioners also approved district millages for the Lake Mary fire district, Central and Southern Florida Flood Control District and Seminole County health unit.

John Rider, former county commissioner, pleaded with the Commission members to go on record requesting the School Board to "roll back" the school millage when and if the 1967 State Legislature provides more money for Seminole County education. He said that "we are at the end of ad valorem taxation — any more, and we will kill the goose that laid the golden egg."

Alexander replied that "we are not looking to the state for the answer to local problems; that is why we have local government. We are looking to the state for relief for the taxpayers but not for the solution of our problems."

Re-nominee Tom McDonald promised the Commission that he will work in Tallahassee toward the end of providing relief from increased real estate taxes, with appropriations in appropriations to roll back the millage for the relief of taxpayers.

Marines Engage In Heavy Fight

SAYGON, South Viet Nam (AP) — U.S. Marines hunting Communists along infiltration routes south of the demilitarized zone fought a heavy, 12-hour battle today with a force of North Vietnamese troops, a U.S. spokesman announced.

Company-sized elements of the 4th Marine Regiment met late Tuesday with Communists who were entrenched in fortifications and caves in the hills of the Cam Lo River valley, 18 miles west of Dong Ha and five miles south of the demilitarized zone. The engagement was described as heavy until about dawn today, and then tapered off to light and moderate.

The Marine reconnaissance force was quickly reinforced with aircraft, artillery and a reaction force of ground troops. The spokesman said Marine casualties were light. He said 17 Communists were reported killed and two others captured.

In another ground action, a U.S. paratrooper brigade engaged in an intensive search for the Viet Cong for two weeks east of Saigon was airlifted in a lighting maneuver into the jungle southeast of the city Tuesday, the U.S. military command reported today.

The 12th Airborne Brigade was flown in helicopters into Phuoc Tuy Province after U.S. Marines and Australian forces found evidence of the Viet Cong 4th Division.

Although no direct contact had been made with the enemy, documents, diaries and hot rice and other food left in disarray in jungle lairs indicated the Viet Cong were somewhere nearby, a spokesman said.

In the air war over North Viet Nam, bad weather forced Air Force and Navy planes to keep to coastal areas Tuesday, where they hammered communications and storage facilities. Eighty-six missions were flown.

Navy A4 Skyhawks pounded on four North Vietnamese targets. Six boats discovered hidden among islands in the Tonkin Gulf and sank one, possibly sank a second and badly damaged a third.

Carrier-based Skyhawks also reported sighting three MIG-17s during their forays. The MIGs did not venture close enough for a fight.

The Saigon River channel between the capital city and the South China Sea, where American freighter laden with war supplies was sunk by a Communist mine Tuesday, was reopened to traffic Tuesday.

The ship, the Baton Rouge Victory, rested on the bottom with water up to its maindeck as salvage experts examined the damage to determine whether to unload the cargo or refloat the vessel and tow it to Saigon for unloading.

U.S. Marines in other action near Da Nang, Chu Lai and Phu Bai reported killing 29 Communists.

Air Force pilots flying F104 Starfighters and F105 Thunderchiefs bombed a petroleum dump 20 miles up the coastline from Hanoi. Pilots reported 75 per cent of the area was engulfed in flames after the attack and heavy black smoke was rising 2,000 feet above the targets.

COL. CHARLES A. BETTS

Sanford Soldier Wins Promotion

Appointment of Col. Charles A. Betts, native of Sanford, as deputy commander in chief of staff, 22nd Field Army Support Command, was announced Tuesday at Fort Lee, Va.

Colonel Betts is the son of Mr. and Mrs. A. L. Betts, of 712 Palmetto Avenue. He was graduated from Seminole High School in 1935 and received his BS degree in business administration from the University of Florida in 1938.

At Fort Lee since 1964, Colonel Betts was adjutant general and later director of personnel of the 2nd Logistical Command. Before Fort Lee, he was adjutant general at Fontainebleau, France, and also served on Okinawa and in the Pentagon at Washington, D. C.

Florida Eyes Surplus Of 80 Million Dollars

TALLAHASSEE (AP)—Florida's major revenue fund will accumulate a surplus of some \$80 million by next June, state statisticians told the Cabinet Tuesday.

Added to last year's higher-than-expected tax yield and unspent appropriations, the fund should show a surplus of \$80 million, experts said.

High To Visit South Seminole

Democratic gubernatorial nominee Robert King High of Miami will be welcomed to South Seminole County next Wednesday by Altamonte Springs Mayor and County Commission Chairman J. Lawrence Burns.

Official itinerary calls for High to formally open the South Seminole Headquarters at Fern Park at 5 p.m. Introductions will be made by Harlan Tuck, South Seminole campaign chairman.

Lawyer-Laborer Facing Wife-Murder Charges

ST. PETERSBURG (AP)—A spare, gray-haired man of 36, who says he turned lawyer-to-laborer to lead a double life, has been charged with murder under two names.

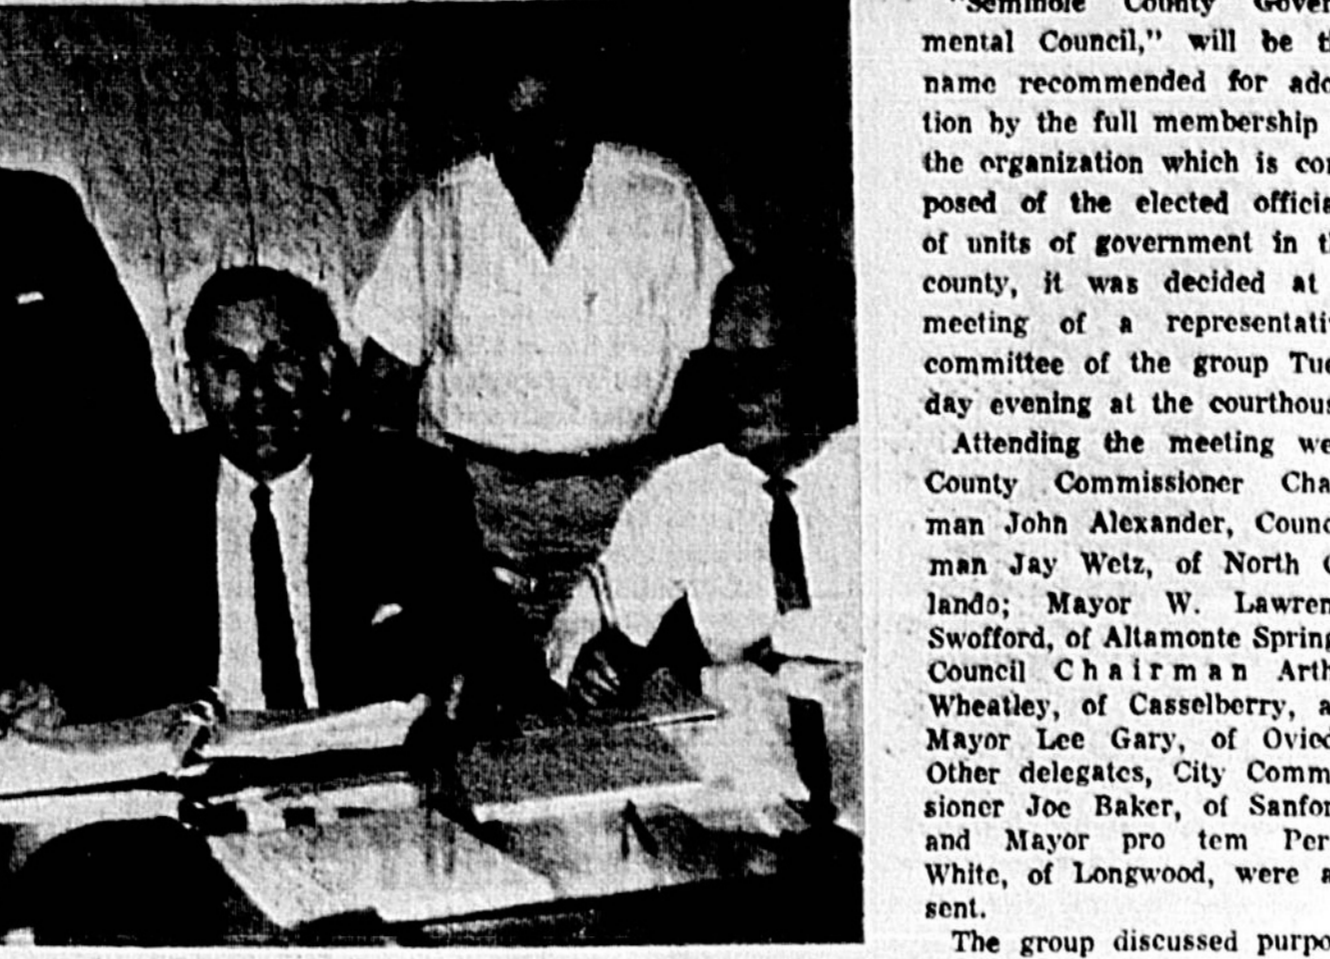

One is William Henry Waldron Jr., a prominent lawyer and family man when he vanished 16 years ago from his Huntington, W. Va., home, leaving behind a wife and two children.

The other is Robert Coleman Johnson, commercial fisherman and laborer for a chemical firm, who lived with his wife, Phyllis, in a modest three-room beach cottage near St. Petersburg.

Sunday, with the arrest of Johnson after his wife was found bludgeoned to death with a hammer, Johnson told police he was the missing Waldron.

Johnson's tale is as yet unverified, but Capt. R. E. Newberry says his first-degree murder suspect is "presumed" to be telling the truth.

Government League Chooses Name

HOW CAN we best serve the people of our county was the question discussed by representatives of four of the municipalities in the county and County Commission Chairman John Alexander Tuesday night.

Present were Alexander, W. Lawrence Swofford, Lee Gary, Jay Wheatley and Arthur Wheatley.

Alexander was quick to point out that cooperation between all the units will not constitute metro-government and no action by the group will be binding.

Improvement Of SR 426 Readied By State Dept.

The State Road Department is preparing right-of-way deeds for the improvement including some realignment of SR 426 from Goldenrod north to Oviedo.

The building also includes a five-car showroom and the use car lot includes 60 used cars for sale. Inventory runs well over 100 new vehicles for sale, also stated Harry Clark, sales manager.

At present time the organization includes 15 employees and it is expected that the total will expand to 60 within the next few months with new employees, said Clark.

There is the possibility of donation of several of the needed parcels of property which is being taken care of by Commissioner M. L. Gary, Alexander reported.

In other business, the board of county commissioners adopted a resolution authorizing the Palm Shadow subdivision plat subject to approval of the Planning and Zoning Board; set public hearings for 11 a.m. September 18 to consider reversion of part of Goldenrod Road west of SR 426 and 438 from C-1 to C-2 and to consider vacating and abandoning a portion of Third Avenue of Ocean City plat at request of P and Z board; and referred to the attorney proper reply to be given to Marx Realty Improvement Company of New York regarding no action to be taken on their requested appeal of tax assessment on their property at 104-110 East First Street be lowered since Seminole County, Florida, to

Strickland-Morrison Ford Grand Opening This Week

NEW FACILITY of Strickland-Morrison Ford On So. Hwy 17-92.

Grand opening at Strickland-Morrison Ford Company will be held Thursday, Friday and Saturday at the new facility located on South Highway 17-92.

The oldest automobile dealership in Seminole County was organized in 1941 and still is owned by W. A. Morrison. Morrison has a career of years in the automobile business before moving to Sanford in 1911 and still maintains an active part in the new facilities.

The building also includes a five-car showroom and the use car lot includes 60 used cars for sale. Inventory runs well over 100 new vehicles for sale, also stated Harry Clark, sales manager.

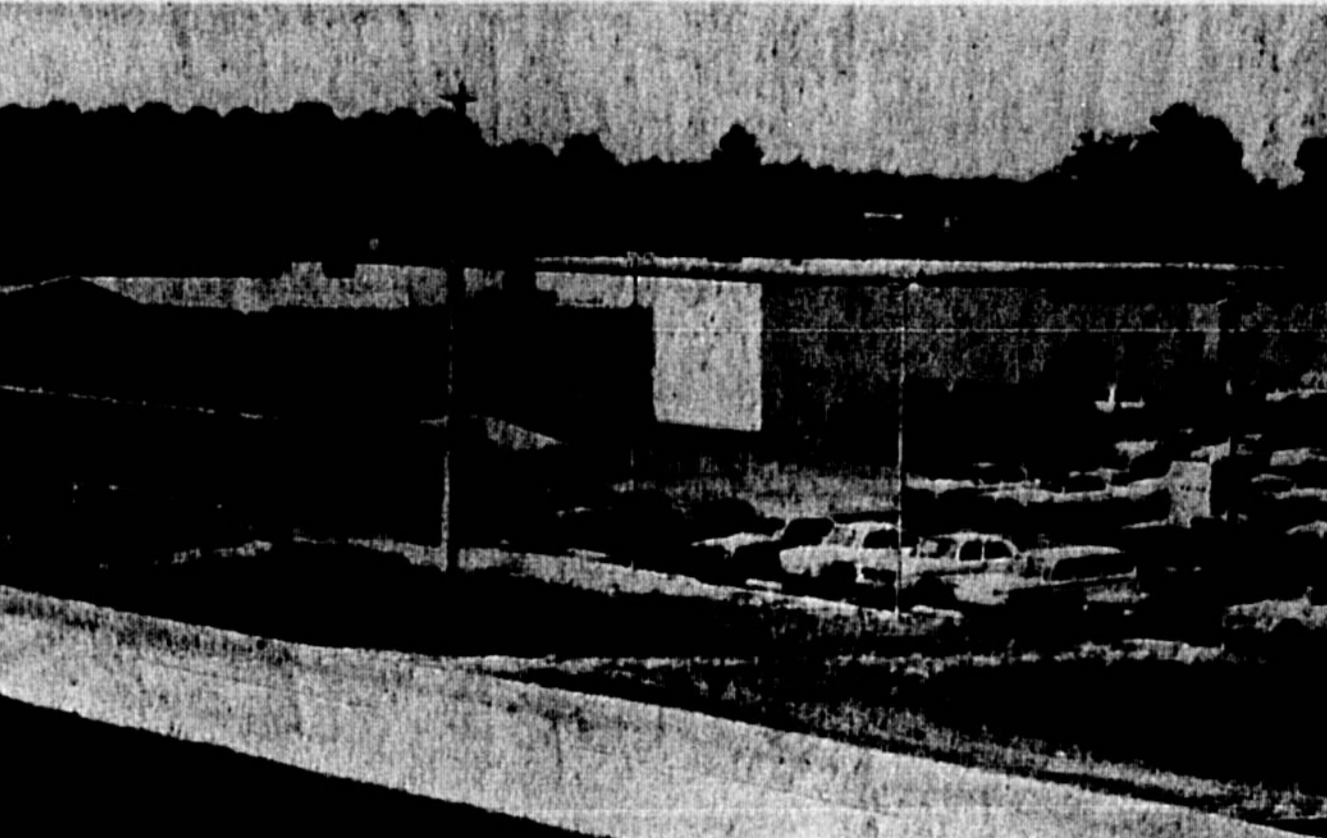

At present time the organization includes 15 employees and it is expected that the total will expand to 60 within the next few months with new employees, said Clark.

There is the possibility of donation of several of the needed parcels of property which is being taken care of by Commissioner M. L. Gary, Alexander reported.

In other business, the board of county commissioners adopted a resolution authorizing the Palm Shadow subdivision plat subject to approval of the Planning and Zoning Board; set public hearings for 11 a.m. September 18 to consider reversion of part of Goldenrod Road west of SR 426 and 438 from C-1 to C-2 and to consider vacating and abandoning a portion of Third Avenue of Ocean City plat at request of P and Z board; and referred to the attorney proper reply to be given to Marx Realty Improvement Company of New York regarding no action to be taken on their requested appeal of tax assessment on their property at 104-110 East First Street be lowered since Seminole County, Florida, to

Johnston's tale is as yet unverified, but Capt. R. E. Newberry says his first-degree murder suspect is "presumed" to be telling the truth.

Teacher Slays Children, Self

RUTH BRIDGES is cashier and Dennis DeBord is bookkeeper at Strickland-Morrison Ford.

ORLANDO (AP) — A divorcee shot her two children to death and then killed herself Tuesday, the Orange County sheriff's office said.

The bodies of Mrs. Ann R. Schneider, 31, a ninth grade math teacher, and her two children, Christopher, 9, and Matthew, 7, were found in their Orlando home.

A neighbor became suspicious when Mrs. Schneider's dog barked and the woman's former husband, William L. Schneider, the pair formerly operated a book store and found the bodies.

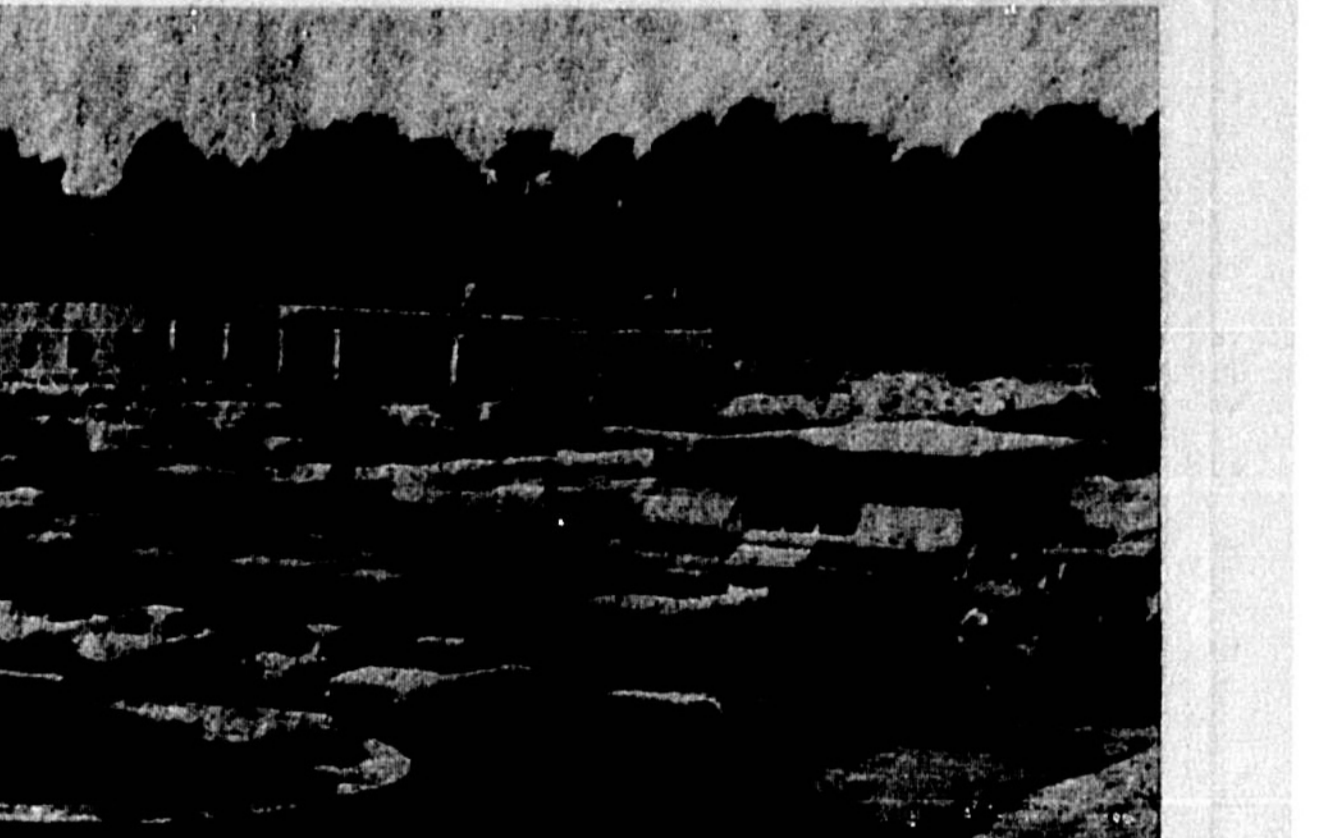

The sheriff's office said the deaths, resulting from five shots from a .22 caliber automatic target pistol, occurred about 2 a.m. Tuesday. Notes of dependency were found around the house, officers said.

Thomas, here to attend a professional benefit game tonight, reportedly refused to be hospitalized but was ordered to stay in his bed at a hotel.

The entertainer is principal owner of the Miami Dolphins. The Dolphins are under contract against the Denver Broncos at Memphis Memorial Stadium.

Washington (UPI) — President Johnson signed into law a bill to curb pet snatching. The big question was: would Blanton, Kim and Frickles get snatched?

State Aide Demoted, Loses \$5.76

PAINT AND BODY shop at the new Strickland-Morrison.

TALLAHASSEE (AP) Deputy Purchasing Director Ralph Siller, 58, is making \$5.76 a week less than he did when he was purchasing director.

The State Cabinet Tuesday voted Siller out of his \$14,000-a-year administrative aide to Treasurer Broward Williams.

Day agreed to report back to the cabinet every 30 days on the progress made in improving one of a 18-page report made sent recommendations for re-

Problem experienced by residents of Oxford Road in English Estates during the past several weeks of stagnant water on rights-of-way in front of their homes may have been solved with approval of a plan recommended by William Bush, county engineer to the county commission.

Bush reported "the unfortunate condition appeared, August 12 and was brought to my attention by the Board of Health following four complaints of the stagnant water color of the water in the area."

Emergency temporary money taken was to dig a trench about one foot wide. Bush recommended the labor crews reshape the emergency ditches and the sodded swale.

The board unanimously approved the recommendation with Commission Chairman John Alexander adding that the ditches be seeded when completed.

Strikes... Spares

By JOHN A. SPOLSKI

We used to have one bowling team on Tuesday's at 1 p.m. and with that in mind, Edie got busy on the phone and before long she was through, had these leggie-ettes talked into joining her. Alice Best, Nat Schmitter, Elaine Kesthai, Edie Post, Peg Patey, Meda Williams, Mary Faust, Lucy McNeil, Margie Farris, Rose Patrick, Pat Summers, Ann Morton, Dot Button and Barbara Martin.

The girls will organize this league next Tuesday, August 30th at 1 p.m. with all officials starting the following week, Sept. 6th.

"Yah! ! ! ! ! Although we've had any number of local leagues, we're going to start a new one, definitely bowl the big tournament coming-up, the first doubles combination to lay their hands on the right on the line was Howie Harrison and Chuck Tournoux. Thank you, that was of course, friends, gents, we should have prize money all the way down past the 60th position.

It's handicapped and open to all male bowlers everywhere except those belonging to the Professional Bowler's Association.

Entry forms and additional information are waiting for you here at the lanes.

Margie Carabatters conducted the organizational meeting of the Monday evening A & B Women's Contractors League, which will bowl scratch. There'll be eight teams, with four women to each team. Looks like it'll be mighty close with none of the composite team averages exceeding 600, nor dropping below 600.

The league will start this coming Monday, August 29th with shadow balls at 6:55 p.m. A quick reminder that the Holler Motors/Navy Wives League of Friday a.m. will be holding their "let-together" meeting for all former league members as well as newcomers at 8:30 a.m. this Friday.

Our Saturday a.m. Junior Bowling League concludes its summer session this Saturday with trophies and prizes to be awarded the following week, Saturday, Sept. 3rd.

On that date, in addition to the happy youngsters receiving their trophies, we shall also be accepting applications for all those boys and girls between the ages of 8 and 18 who would like to be in the Junior Bowling League for the Fall.

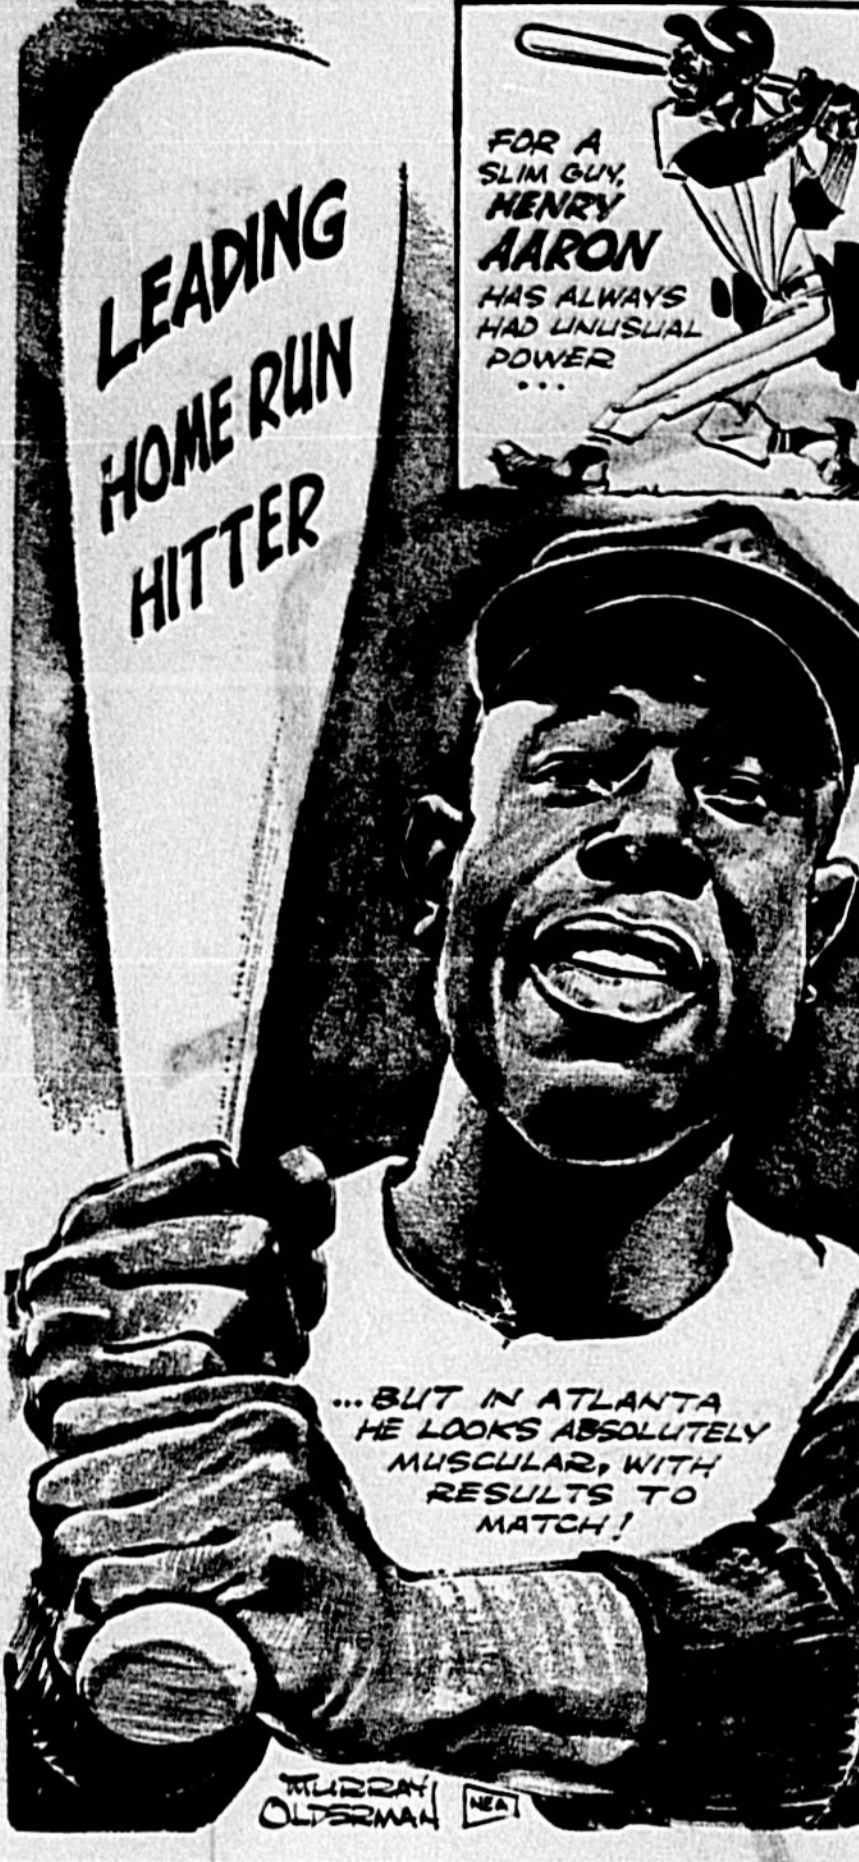

This Fall League starts on Saturday Sept. 10th at 9:30 A.M. and will field 70 to 80 young bowlers.

And while we're on the subject of Saturdays, may I remind you that there are free bowling lessons on this day at 11:30 A.M. for the children and at 11:30 a.m. for the adults.

Edie Oldham just doesn't believe that it's so terribly hard to organize new leagues!

She says that she'd like to bowl on a women's daytime scratch league and wants to get organized and organized one, too.

IT'S THAT SOUTHERN COOKING

...BUT IN ATLANTA THE LOOKS ABSOLUTELY MUSCULAR, WITH RESULTS TO MATCH!

55 Boys Turn Out For 'Canes Drills

South Seminole Junior High's head coach John McNamara reported about 55 boys out with eight to ten boys still expected to try out for his 40 man squad.

They open with Sanford Junior High September 22 at Sanford.

McNamara and Herb Druding will coach the line, Dave Miller and coach, Marie Lillquist will take the backs. Bill Edwards will be with both groups.

The Hurricanes will have seven returning first-team players on either the defensive or offensive teams, but they will have a developing quarterback as they lost all three last year. They also have no one with kicking experience.

Fundamentals, hand-offs, and blocking are taking the major portion of the work-outs and the team won't go into pads until next week.

Hurls No-Hitter In FSL Play

By THE ASSOCIATED PRESS

Don Lohse pitched a no-hitter Tuesday night as Leeburg shut out Winter Haven 2-0. Lohse's teammate, Lou Hemauer, followed with a three-hitter in the second game for a 3-0 victory.

In other action in the Florida State League, St. Petersburg downed Miami 8-2 in a game shortened by rain. Daytona Beach swept a doubleheader from Orlando, 4-1 and 7-3, and West Palm Beach beat Cocoa 6-3 in the first game and lost the nightcap 5-1. The Fort Lauderdale-Tampa game was rained out and will be played tonight in Tampa.

Lohse fanned six and walked four in chalking up his 10th victory against five losses. A two-run homer by first baseman George Marquez accounted for two Athletic runs.

Most points ever scored by a University of Florida football team is 144, against Southern in 1913. The Gators opened with a 144-0 victory and whipped, 55-0 by Auburn the next week.

A Building Year Ahead For Juniors

By UPI

It was an idea that some scoffed at five years ago—but 327,735 fans later, it's become an institution in Cleveland.

When Cleveland Browns owner Art Modell invented the football doubleheader in 1962, it was a radical innovation. Doubleheaders were supposed to be for baseball, not football.

But men with new and imaginative ideas like Modell have helped shake the pro football boom and he went ahead, ignoring the warnings of the skeptics who said that the fans wouldn't sit through two football games.

Modell's had the last laugh, too—all the way to the bank. His four pre-season doubleheaders have drawn a total of 327,735 fans. The first one in 1962 attracted 77,083 fans and the last three have drawn over 85,000.

It'll be the same story Friday night when Modell stages his fifth annual bonanza at Cleveland Municipal Stadium to highlight this weekend's schedule of pro football exhibition games.

Minnesota (2-0) will play Washington (0-2) in the first game and Cleveland (3-0) will take on Baltimore (0-0) in the feature contest that will be nationally televised.

While the doubleheaders have been a financial temp for the Browns, they've only been a financial success for the club. Cleveland beat Pittsburgh 23-10 in 1962 but lost to Baltimore 21-19 in 1963 and split with Green Bay the next two years, 19-10 and 17-14, and losing 24-10 to A.C.F.

The weekend's activity will be kicked off and climaxed by the Denver Broncos. Denver plays Miami at Memphis on Wednesday night and then hosts Oakland in a nationally televised game Sunday afternoon.

There will be eight Saturday games — five in the National Football League and three in the American Football League.

Only one of them—the contest pitting the New York Giants against the Philadelphia Eagles at Princeton, N. J. — will be played in the afternoon. The other four will be played in the evening.

San Francisco at Columbia, S. C., Dallas against Detroit at Tulsa, Pittsburgh at Green Bay and St. Louis at Los Angeles.

Kansas City hosts Houston, Boston goes to San Diego and New York meets Buffalo at Allentown, Pa., in the three AFL games.

Grid Doubleheaders — Modell Has Last Laugh

By UPI

It was an idea that some scoffed at five years ago—but 327,735 fans later, it's become an institution in Cleveland.

Greyhounds In Pads

By JIM BACCHUS

The Lyman Greyhounds worked out in pads for the first time Monday and, according to head coach Dick Copeland, things are progressing as expected.

The "Hounds" still have more than three weeks before the season opener against the Wildwood Wildcats who were Orange Belt Conference champions last season.

Forty-two boys currently are attending varsity and junior varsity practice sessions in Longwood with more expected when classes begin next week.

Despite the small turnout, Copeland isn't too worried about depth as he has experienced players in every position including 10 returning lettermen.

The Greyhounds are once again strong at halfback with five candidates for the two spots. Bob Eldridge and Dave Straughan, a pair of seniors, figure to win the starting position. Backup men will be junior varsity graduate Bill Dempsey, non-lettering senior Bert Helms, and sophomore Tom Pinnock.

The fullback position will be in the capable hands of Paul Lambert, 180-pound veteran. His backup man will be Ron Skeen, another sophomore.

Copeland is high on his passing game this season with two fine junior quarterbacks who both lettered last year, Mike Hargis, a capable passer, appears to be the number one.

Florida has had nine all-America football players in its history, five of them in the last two years.

Youth Pushed In Net Play

BROOKLINE, Mass. (AP) — The United States is banking on youth and a resulting of line-ups in its drive to stop the one, two, three punch of the Australians in the U.S. National Doubles tennis championships.

Arthur Ashe, of Richmond, Va., who used to play with Tom Edeson of Berkeley, Calif., in a team that was ranked fourth nationally last year, is now playing with Marty Riesner of Evanston, Ill., at Longwood Cricket Club.

Riesner used to play with Clark Graebner of Beachwood, Ohio, and that team holds the current No. 1 doubles ranking in the nation.

Graebner is now playing with Denis Ralston of Bakersfield, Calif., who won the National Doubles tennis championships, Arthur Ashe, of Port Washington, N.Y., in 1961, 1962, 1963 and 1964. McKinley has become a weekend player and is not entered in the tournament.

The Pussycat.

It won't eat you out of house and home.

A Karmann Ghia is a Pussycat. Half beautiful, half Volkswagen. Its sporty looking body is hand-shaped, but its chassis and engine are the same ones we use in our economical Beetle.

So a Pussycat averages 30 mpg., and when you get the oil changed it only takes 5 pints.

And its air-cooled engine never uses antifreeze.

And if something should foul up mechanically, it'll cost you what a VW would cost to get it fixed.

Also, the tires should last for about 40,000 miles, even if you enjoy cruising at 60.

Sure, we know there are cars around with ferocious names, that will go faster than ours, but how much will they cost to keep up after you buy a Pussycat, it's all downhill.

Giants Grab National Lead

By ASSOCIATED PRESS

Olle Brown is still 531 home runs behind Willie Mays. It just doesn't seem that much to just Marichal today.

Brown, San Francisco's surprise center Tuesday night, developed a three-run homer, propelling surprise starter Marichal to his 18th victory as the Giants whipped Cincinnati 7-3 and regained the National League lead.

The Sanford Herald August 24, 1966 — Page 7

Sports News In Brief

Clay's Big Move

LOUISVILLE, Ky. (AP) — Cassius Clay's draft board says it's all right to leave the country for a title fight next month, but the heavyweight champion has no inkling of whether he'll eventually escape the military draft.

Clay came out of the hearing Tuesday and said it was "just in an account room" that there was no decision. When there is one, he'll be the first to hear.

'Chill In Spine'

LAWRENCE, Kan. (AP) — Jim Ryan of Kansas, holder of two world track records at 19, says watching films of his races "will put a chill in my spine" and he believes he was "as many years as I want to run ahead of me."

Ryan has just gone back to work after a three-week vacation from track, his first in four years, and he believes the break helped him renew his enthusiasm.

"The idea that high school trackmen burn themselves out by working too hard too early is a fallacy," Ryan said Tuesday night. "I think this has been pretty well disproved by now."

Another Gabrielson

SAN FRANCISCO (AP) — The San Francisco Giants announced the signing Tuesday of 40-year-old pitcher LeRoy E. Gabrielson, brother of Doug.

The younger Gabrielson, a first baseman-outfielder, will go to spring training with the club in Arizona. He will play for Fresno in the California League next year.

Like his older brother, Doug, 22, graduated from the University of Southern California.

Big Weekend For 450 Little Leaguers

By JANE CASSELLBERRY

It promises to be a big weekend for the 450 boys of Seminole Little League, whose teams were 100 per cent in the auxiliary membership drive.

All qualified boys are asked to meet at Cooper Field in Casselberry by 12:30 p.m. Saturday and Sunday morning breakfast.

Markham Road with the League providing Saturday night dinner and Sunday morning breakfast.

The caravan will leave Cooper Field at 1 p.m. to drive to the campsite.

Some of the events scheduled for the weekend include fishing, swimming, volleyball, badminton, two Saturday night movies, buffets and a sunrise service on Sunday morning.

If they wish, the boys may purchase snacks such as cotton candy, candied apples, hot dogs and snow cones at a nominal fee. Fathers are invited to come out with the group.

The campers will return to Cooper Field Sunday at 1 p.m.

Hialeah Slipping

FORT LAUDERDALE (AP) — Gulfstream Park says in a suit that Hialeah Park is slipping and that if it could have the rich middle dates of the Florida horse racing season, it could make as much or more money.

The suit, filed Tuesday in circuit court, alleges that Hialeah produced \$4 million of the total \$13.5 million from the Florida pari-mutuel industry in 1947, versus \$6.6 million of the total \$35 million last year.

Tough Loss

PANAMA CITY, Panama (AP) — Dr. Jack Blandford, Portland, Ore., was elected president of the National Wrestling Association of America Tuesday. The election was held during a recess at the convention of the World Boxing Association.

The Sao Paulo team took the lead at the start and the Wheat-shockers from the United States never caught up. Wichita trailed at the half 25-42.

France Wins

DAMASCUS, Syria (AP) — France came from behind to defeat Greece 64-51 today in the 1966 World Military Basketball Championships.

Their fourth straight victory, coupled with Pittsburgh's 2-1 loss to Philadelphia, lifted the Giants one game ahead of the Pirates in the tight race.

Brown, a light-hitting rookie with five major league homers to his credit, was shifted to center field when Manager Herman Franks decided to rest Mays, who had smashed his 531st career home run Tuesday night. Marichal picked Mays' night off for his own return to action. The Dominican right-hander, troubled recently by a sprained ankle, had not been expected to be ready until Friday. He hurt his left ankle three weeks ago in Chicago and aggravated the injury last Wednesday against St. Louis.

But he told Franks before Tuesday night's game that he appeared to be the manager made the switch from his listed starter, Ray Sadecki.

For 3½ innings, the change appeared to be a success. Marichal pitched well, leading the Phillies past Pittsburgh. His first hit capped a three-run burst in the first inning and knocked out Pirate starter Vern Law, who failed to retire a batter.

Left-hander Chris Short yielded seven hits, including a three-

Memo To All Teams Chance In Form Again

By ASSOCIATED PRESS

Dean Chance and Sam McDowell spent the last two weeks in the hospital, McDowell's illness was a month old. "I'm slowly getting my control back," said McDowell, who suffered with arm trouble after four games before the season was a month old. "I'm slowly getting my control back, but my coordination's still off."

McDowell, who has been in the hospital since Tuesday, said he was "just in an account room" that there was no decision. When there is one, he'll be the first to hear.

McDowell signaled the end of the doctor's ban on a pitcher's return to the mound with a 2-1 shutout against Chicago last Friday. Then the Cleveland left-hander came back with a 2-1 six-hitter against American League-leading Baltimore Tuesday night.

It was to be outdone, Chance fired a three-hitter in California shaded New York 1-0.

Rocky Colavito's 28th home run proved to be the winning run for the Yankees as the Orioles shut out until the eighth inning.

Slow-Pitch Sanfordites Eliminated

The Sanford All-Stars Men's Slow-Pitch Softball Team was eliminated from the State Tournament in Tallahassee recently after absorbing two losses in three games.

The local team suffered its first loss to Milton, Friday night went on to defeat St. Petersburg and was finally ousted by Sunday's Tallahassee Saturday night.

The Cinderella All-Star team from Sanford battled its way to second place in the Sub-District which qualified them for District berth. This was all the opening the team needed to sweep the District championship held at Starke. The Sanford team traveled over 1,500 miles to compete in the sub-district, district and state tournament compiling a 7 and 3 win-loss record, scoring a total of 113 runs in 10 tournament games.

The Sanford team had players chosen as most valuable players in both the sub-district and district tournament. Rick Sires captured the honors in sub-district and Larry Hingle received the award in district play.

Sanford used a combination of power and consistent team batting to advance to the state tournament, hitting a total of 13 homers in 10 games. Homers were contributed by Rick Sires, 6, Larry Helman 4, Randy Reynolds, Jim Warner and Billy Koykendall, all with one each.

The Sanford team received excellent pitching from the mound staff of LeRoy Estridge and Lou Hunter with Estridge winning six games.

The Sanford squad: Larry Helman, Larry Hingle, Jim Warner, Randy Reynolds, Don Hunter, Jim Goolsion, Bobby Jackson, George Griffin, Don Griffin, Billy Koykendall, Rick Sires, LeRoy Estridge and Cecil Dandridge.

School Hours Listed In Forest City Area

By MARYANN MILES
School hours have been announced and new teachers named for Bear Lake Forest City area schools. All open Monday.
They will begin at 8 a.m. at the Forest Lake Seventh-Day Adventist Church School, Principal J. D. Miller reports. All first, fourth and seventh graders must have health certificates.
New teachers will be Miss Elizabeth Hushak, first grade; Mrs. Iona Strawder, fourth grade; and Wilbur Rilea, eighth grade.
Registration for Forest Lake Academy, grades nine through 12, is scheduled for 10 a.m. Sunday. Classes will begin at 7:15 a.m. Monday.
Elder Lester Stannard is principal and new teachers are Miss Wanda Greer, Miss Deborah Roloff, and Bailey Winsted.
Classes, 9 a.m. until 3:30 p.m., will begin Monday at Bear Lake Elementary School with Floyd Richards also beginning his first term as principal there.
This route will be the same as last year and Mrs. Howard Van Pelt, registrar, suggests newcomers to the area contact their neighbors for schedules and bus stops.
A number of students have not yet signed the "choice of school" form and unless these forms have been received by the school before Monday the children will not be enrolled. First graders also must have a birth and health certificate.
Price of lunches at the school this year will be 30 cents.
New teachers are Mrs. Joanne Lehmann, second grade; Miss Hortense Givens, fourth grade; Mrs. Marion Schumacher, third grade; and Mrs. Doris Anderson, librarian.

ELEVEN "DRAGONS" of RVAF-3 have been advanced in rate at Sanford Naval Air Station. Left to right, front row: Curtis H. Wachob, Carl W. Spear, Michael L. Stone, Henry H. Stewart; back row: Larry W. Irvin, William A. Clark, William R. Dappen, John A. Ring and James F. Romig, William E. Gierre Jr. and James A. Bassett also were promoted. (Navy Photo)

'Stag' Is Back Home In His Pen

Stag is home and safely in his pen.
Stag is the pet deer of nine-year-old Charal Lansing, daughter of Mr. and Mrs. Charles Lansing, of Lake Mary, who with Sanford Recreation and Parks Director Jim Jernigan, who offered assistance in capturing the animal if he turned up again at the Harrell home. This he did, within the hour.
Several efforts during the week, with assistance of a local veterinarian and use of the city's tranquilizer dart gun, failed until Saturday when Stag was coaxed near enough to get a shot and become drowsy enough to be loaded aboard a truck and taken back home.
The Lansing are animal lovers and also have a pony, a Siamese cat, two dogs, an aquarium of tropical fish, a bowl full of gold fish, four ducks, a parakeet, and, at times, a zopher or two.
Stag is registered with the Game and Fresh Water Commission and wears a white collar bearing the number "20." It is hoped he won't be able to escape again.

Barracks Meet
World War I Veterans Barracks 2808 of Altamonte Springs will meet at 2 p.m. Thursday at the Community House. All members are urged to attend.
In religious affluence, the circle is the emblem of eternity and the eternal God.

Peace Essay Contest Reviewed For Lions

By MILDRED HANEY
Review of the peace essay contest sponsored by Lions International was brought before the Deltona Lions Club by Ralph W. Alger, president, at the second August meeting at Deltona Inn.
The contest is being sponsored in cooperation with participating Lions Clubs throughout the United States and near 300 foreign countries and geographical locations as a special project in celebration of Lions 50th Anniversary Year which began July 1. Entry is open to any male or female who will be 14 years old, but less than 22 years old, Jan. 15, 1967. Total awards of \$50,000 will be distributed to winners.
Contest rules and details are available locally from Alger, or any club member.
In program of the meeting, Alger also showed brief movies taken during his many years of association with the circuit. Little League activities in Deltona, Delary, Orange City and Osteen, which he, "Letty" Vann and Hans Theurer, and others, have been helpful in establishing for the area.
At the first meeting of the month, John "Tiger" Minor, past district governor from Ocoee, and Mill Ruberford, state secretary from Orlando, spoke briefly about the purpose of Lions International and of Florida Lions Club activities.
The Deltona Club members each first and third Monday of the month. The first September meeting falls on Labor Day and will be cancelled. Next meeting will be Sept. 19.

Vodka Cause For Divorce In Soviet Union

The main cause of divorce in the Soviet Union is excessive drinking of vodka.
A Moscow writer reported in the Quarterly Journal of Studies on Alcohol published by the Rutgers Center of Alcohol Studies, New Brunswick, N.J., Spring, 1965, that "heavy drinking and alcoholism are usually held accountable for many family tragedies." Elena Kornevskaya of the Soviet Press Agency said that "according to figures provided by the Ministry of Protection of Social Order, out of each 10 crimes, nine are committed under the influence of alcohol."
Almost all delinquents and retarded children come from families with an alcoholic history, and the greater part of traffic accidents happen when either the driver or the pedestrian is intoxicated, the writer pointed out. Soviet police automatically suspend a driver's license for at least one year if driving is impaired by liquor. The amount of alcohol consumed does not affect the ruling.
The per capita consumption of alcohol has fallen sharply from the pre-revolutionary level, when it stood at three-quarters of a bucket annually (equal to about 7.4 quarts), but drinking is a problem that cannot be ignored in the USSR.
"After the October Revolution of 1917, the enthusiastic native sociologists, solemnly proclaimed that with the change of society, drinking was automatically doomed," Miss Kornevskaya said. "And since drinking as a national problem did not exist, at least officially, nobody studied the statistics and nobody tried to cope with it."
Among the ways of dealing with alcoholics are early medical diagnosis, factory education programs, sports and fresh air colonies for alcoholics, hypnotic treatment and propaganda spread by the mass media. They have also instituted sobering-up stations and jail terms and have forbidden the sale of vodka by the glass.

ALLERGIES?
GET COOL RELIEF with a Carrier ROOM AIR CONDITIONER
Has fever? Here's help! Some room air conditioners don't cool as much from the air as they should. Carrier units filter both indoor and outdoor air through a dirt trap that removes dust, dirt and pollen from the atmosphere. They not only filter, they scrub clean the air you breathe. Come in today and get full details. Ask for a free survey!

We Do Have A Health Clinic

We may be having a shortage of doctors in Sanford (Just like anywhere else in the nation) but that's still no excuse for our children to go without proper medical care.

We in Seminole County are fortunate in having an up-to-date Seminole County Health Department located on 17-82 and Ninth Street.

These competent doctors and technicians are not in any competition with our local doctors.

Available are clinics in Glaucoma detection, x-rays for tuberculosis, mental health services, and immunizations as well as many others.

We pay for these services through taxes so let's take advantage of them.

Following is a list of services rendered: PLEASE CLIP THIS OUT AND SAVE IT:

Glaucoma detection clinic (1st. Wednesday & 3rd. Tuesday, 2 to 4 P. M.)

X-Rays for tuberculosis

Mental health services

Health cards (1st. & 3rd. Tuesday, 1 to 4 P. M.)

2nd. & 4th. Wednesday 10 to 1 P. M.)

Mobile X-ray units

Home nursing visits

Leaflets for various diseases

Testing drinking water, swimming pools, milk, food, etc.

Environmental sanitation

Nutrition services

To medical indigents (Those unable to pay a Private Doctor):

Immunizations for: Smallpox, Polio, Diphtheria, Whooping Cough, Measles, Tetanus, Typhoid, Also Tuberculin Tests.

Prenatal (maternity) and post-partum clinics

Well baby clinic

Family spacing clinic

Paper smear (cervical cancer test)

Veneral disease clinic

Dental clinic

Blood tests

Dentomobile

Migrant Clinic

Product Improvement

You have to break eggs to make an omelet, as the French say. But the millions of eggs that are accidentally cracked before they reach the market annually cost farmers and retailers about 4.6 million dollars.

That's an expensive mistake that benefits nobody and the industry has long been looking for a way to prevent it.

Now researchers at the University of California have reportedly found that hens' food, the egg shells they produce are about 12 per cent tougher.

What hatch does for the digestion of the birds is not revealed, but it promises to brighten the disposition of poultrymen.

Foreign News Commentary

If Important In Election

By PHIL NEWSON

SAIGON (UPI) — When or if Pham Dinh Tuan casts his ballot in South Viet Nam's national election Sept. 11, he will be a participant in an event of extraordinary free world importance.

The "if" also is important because Pham Dinh Tuan, who lives in Quang Nam Province just below Da Nang, may not live to see election day. Or he may have been marched away from his village by the Communist Viet Cong to present his presence at the polling place.

Or he may have remained at home, either out of anxiety toward the election or fear of Viet Cong reprisal.

The issue is approximately simple.

On Sept. 11, approximately 4.9 million South Vietnamese voters in the 43 provinces will be asked to elect 171 deputies to a constituent assembly which in turn will write a new constitution.

Several Possibilities Exist

The result may follow the European parliamentary pattern with a premier who may be toppled or the United States system with a strong president elected directly by the people.

That also makes the election of sufficient importance to South Viet Nam.

Extraordinary importance derives from the nature of the struggle between the U.S.-supported South Vietnamese government on the one hand and the Viet Cong and their Communist supporters on the other.

A strong voter turn-out would destroy the Communist argument that the Viet Cong is a composite of pressure subject to a composite of figures.

One is the Viet Cong.

Another, influential especially in Saigon, Da Nang and Hue, is the Buddhist Institute which claims 1.5 million followers and has instructed its members to boycott the election.

A light turn-out, however, might provide a devastating measure of continuing Viet Cong population control despite the massive U.S. occupation.

'I Have a Feeling I'm Being Shadowed'

FD VALTMAN, HARTFORD TIMES

Helen Fuller Says: New Health Program

WASHINGTON—A new national health program, more revolutionary than Medicare, is quietly going into action.

Medicare insurance benefits that went into effect last month apply only to persons over 65. But one almost overlooked section of the law establishing Medicare—called Title 19—extends government-paid health care to "medically needy" people of all ages if they cannot afford to pay for it themselves.

In the future in Congress the Federal Government will consider the elderly neither Congress, the American Medical Association nor the public attached much significance to Title 19. It is beginning to put Title 19 into effect, its deeper meaning is beginning to dawn.

The President has announced a new program to improve child health in low-income neighborhoods, as authorized under Title 16. Immediate action will amount to 50 percent in high-income states and up to 85 percent of the cost in the states with the lowest per capita income.

It is this question of sharing the cost according to the State's ability and ability to pay that is causing some of the concern at the White House and in Congress about how Title 19 is going to work out.

Some foresee that the program will develop into a colossal raid on the Federal Treasury. In New York, to take the most recent example, under state plans almost one-third of the population can qualify for free, unlimited hospital, medical and dental care. Families of four with annual net incomes of as much as \$8000 and savings of \$3000 will be eligible.

The House Ways and Means Committee has been privately discussing the implications of Title 19 for the future.

The Federal Government has been discussing amendments to the Medicare law to tighten the Title 19 provision.

The basic question is whether it is wise to finance health assistance programs for the needy through social security payroll taxes or through Federal-state plans paid for out of the general revenue.

The answer is not yet clear to those who will decide.

Dr. Crane's Worry Clinic

Ebel's impending divorce shows why the Bible says the aim of the parents may be passed on to the children through many generations. But prudishness is superior to promiscuity, so study this case with care and be sure you have the sex booklet below.

CASE A-309: Ebel Z., aged 28, presents a rather common problem.

"Dr. Crane," she began hesitantly. "I was reared by a very prudish mother who divorced my father early.

"My mother never told my sister and me a thing about sex.

"But she created the idea that men were evil creatures and we should shun them.

"Sex was a carnal appetite and to be shunned.

"So now that I am married, I feel guilty whenever my husband makes love to me.

"Even though I want his love, I push him away and we get into violent arguments. So what can I do to be a normal wife?"

The Bible tells us about the sins of the fathers which can be passed along for generations to the children and grandchildren.

Here is a classical example of how a prudish mother not only ruined her own marriage but is setting the stage for her daughter's divorce.

And maybe the grandmother in this family is responsible for the mother's biased viewpoint toward men.

Just because there is one rotten apple in a barrel, we should not dump the entire barrel into the garbage truck.

Which means, in brief, that we should use logic and realize that even if one man proves to be a rotter, it is not logical to damn the entire male sex.

Yet that is what Ebel's mother has done.

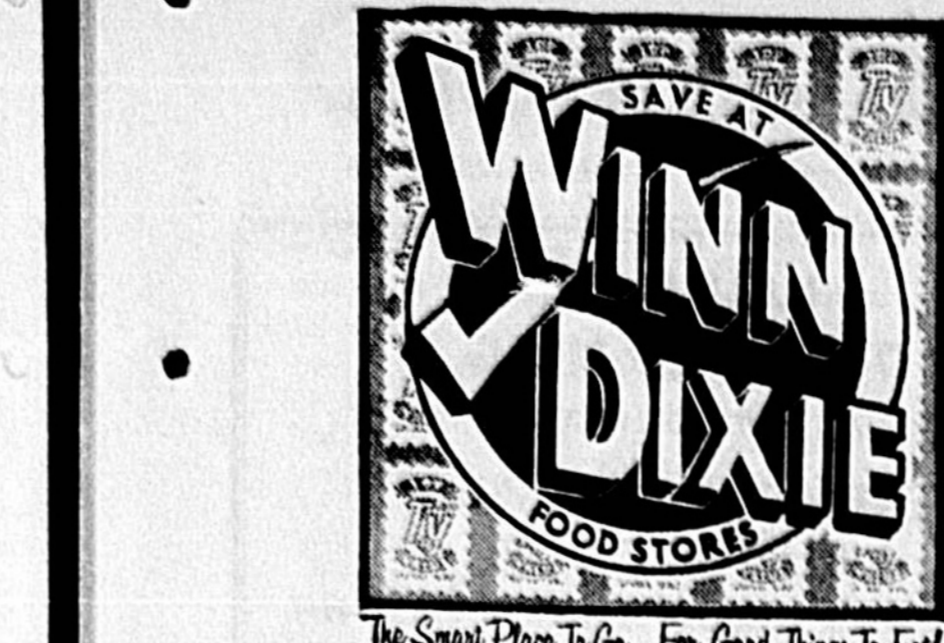

Premarital sexual affairs and dental care. Families of four with annual net incomes of as much as \$8000 and savings of \$3000 will be eligible.

The House Ways and Means Committee has been privately discussing the implications of Title 19 for the future.

The Federal Government has been discussing amendments to the Medicare law to tighten the Title 19 provision.

The basic question is whether it is wise to finance health assistance programs for the needy through social security payroll taxes or through Federal-state plans paid for out of the general revenue.

The answer is not yet clear to those who will decide.

Here's Where I Save Money!

Bruce Blossat — Ray Cromley

Political Notebook

WASHINGTON (NEA) — picked the most popular boy in the class and ordered that he be disgraced. They forced his classmates to falsely accuse him of stealing, and of other fictitious crimes.

His fellow students, who liked and admired this boy, were forced into a screaming frenzy against him. They spit on him and hit him repeatedly.

After the trial he was expelled from the school and sent to manual labor clearing land on the frontier. Tung says "everyone in the class was sick with revulsion."

But the Communists made their point. The fact that the boy personally was innocent of any wrongdoing or of any personal animosity against the Red was immaterial. He was popular. He was a leader. He was strong. By disgracing him, the Reds brought the entire class into line. He runs true to form, he will subject some American flyers to elaborate trials, with false accusations and false fabricated "confessions."

In Ho's experience, such trials should bring doubting and desertion to the Vietnamese, high and low, into line.

By humiliating these brave American flyers the Reds would be aimed at making Ho's efforts to win the hearts and minds of the North Vietnamese people less afraid of U.S. power.

But these trials would likely not have the effect that Ho imagines. They might brace his people for a short period. When the trials continue, as they will, the trials will probably become antic action against the guilty. They

YOU'LL PAY LESS at the check-out counter, too, if you carefully plan each shopping trip with the aid of the food pages and grocery ads in your newspaper. By making a list of specials and timely bargains, and clipping the cost-cutting coupons, you'll easily save dollars each week, as well as time and energy.

SUCH SAVINGS are welcome dividends from your regular investment in this newspaper—the small sum you pay the carrier each collection day! And they are definite proof that your newspaper does more to help you shop and save, than any other medium that comes into your home.

YET THIS is only one of many ways your newspaper serves you best. Even more important, perhaps, are its unmatched news-and-picture coverage, its entertaining features, its helpful articles and special services. Isn't it just about the best-paying small investment in your household budget?

Work Permits Necessary For Employed Minors

By DOTIE AUSTIN

Results of a survey made in Seminole County recently show that about 75 per cent of employed teenagers, under 18 years of age, are working without legal work permits. This was the word from Waldo W. Rowell of the Florida Industrial Commission, who told Sanford Lions about the situation Tuesday.

"We don't want, in any way, to discourage teenagers from working or employers from hiring them. We think work is good for everyone, but the law requires that all minors must file for work permits and receive a certificate," Rowell explained.

He said he has scheduled counsel meetings with distributive and business education directors, school counselors, principals and other school officials to discuss the situation and make sure they understand the law.

"In many cases of violation, it is because of ignorance of the law and not intentional, but the law does exist and failure to heed warnings could result in fines and the youthful employee being taken off the job," Rowell explained.

No minor under 16 may be employed in hazardous occupations such as around power drive machinery (except lawn mowers), sawmills, "h a a's" building trades, operation of motor vehicles, meat grinding machines, around punch presses or stamping machines, in the manufacture or application of paints, lead, poisonous dyes or compounds, acids or insecticides or work with wild animals.

Rowell said for a minor to be in compliance with the law, he should obtain a "promise to employ" form to be filled out by the employer. The minor should then take the form to his school principal or board of education. When the form is approved, a certificate of permission is required for each different job. Parents cannot obtain work permits for their children. However, if the child is under 16 one parent or guardian must accompany the child and sign the certificate.

Only one kind of bear, the Atlas bear, is found in Africa.

Greatest Needs In Government Cited

By RUTH DAVIDSON
Greatest needs in government today are hard work, integrity, and sound financial policy, not just give-away programs that take more than they give, is the opinion of Charles Beals, Republican candidate for the 14th Seminole County seat in the State House of Representatives.

Beals, speaking before Oviedo Jaycees more on terms of national government rather than state, repeatedly pointed out "our government doesn't give us anything, for it has nothing to give but what it takes from us."

On the state level, he stressed government should be operated as a business man runs a business — not by spending more than it takes in. As a Jaycee member, he stated for the Oviedo civic group, promises "nothing more or less than my wholehearted support of good and honest government which includes fair taxation, fewer controls on free enterprise, and all other measures necessary to deliver government back into the hands of the people."

CHARLES BEALS

17 Teacher-Trainees Complete Eight Weeks At U. Of S. Fla.

By ROBERT B. THOMAS, JR.
Mrs. Lillie Belle Merthle was one of 17 teacher-trainees who completed eight weeks at the University of South Florida in St. Petersburg recently.

LILLIE MERTHLE
Mrs. Arametha Armburgh has returned to her home in Miami after spending 14 weeks with her son, Earl E. Minott.

Adult high school classes leading to a Seminole County high school diploma will open at Crooms High at 7 p. m. Sept. 11.

Mr. and Mrs. James A. Elly and daughter-in-law of Mrs. and Mr. Eddie Elly Sr., 1700 West 16th Street, spent the week on vacation.

Mr. Louis Thomas, of Newark, N. J., is visiting his mother-in-law, Mrs. Leslie L. Thomas, 1218 Lake Avenue.

ACTRESS CLAUDIA Cardinale and actor Tony Curtis got together in Miami, Calif. and camped with an unscheduled art effort.

HIGH LEVEL

Standing precariously on a girder more than 200 feet above the Hudson river, a painter does his work.

PAINT JOB

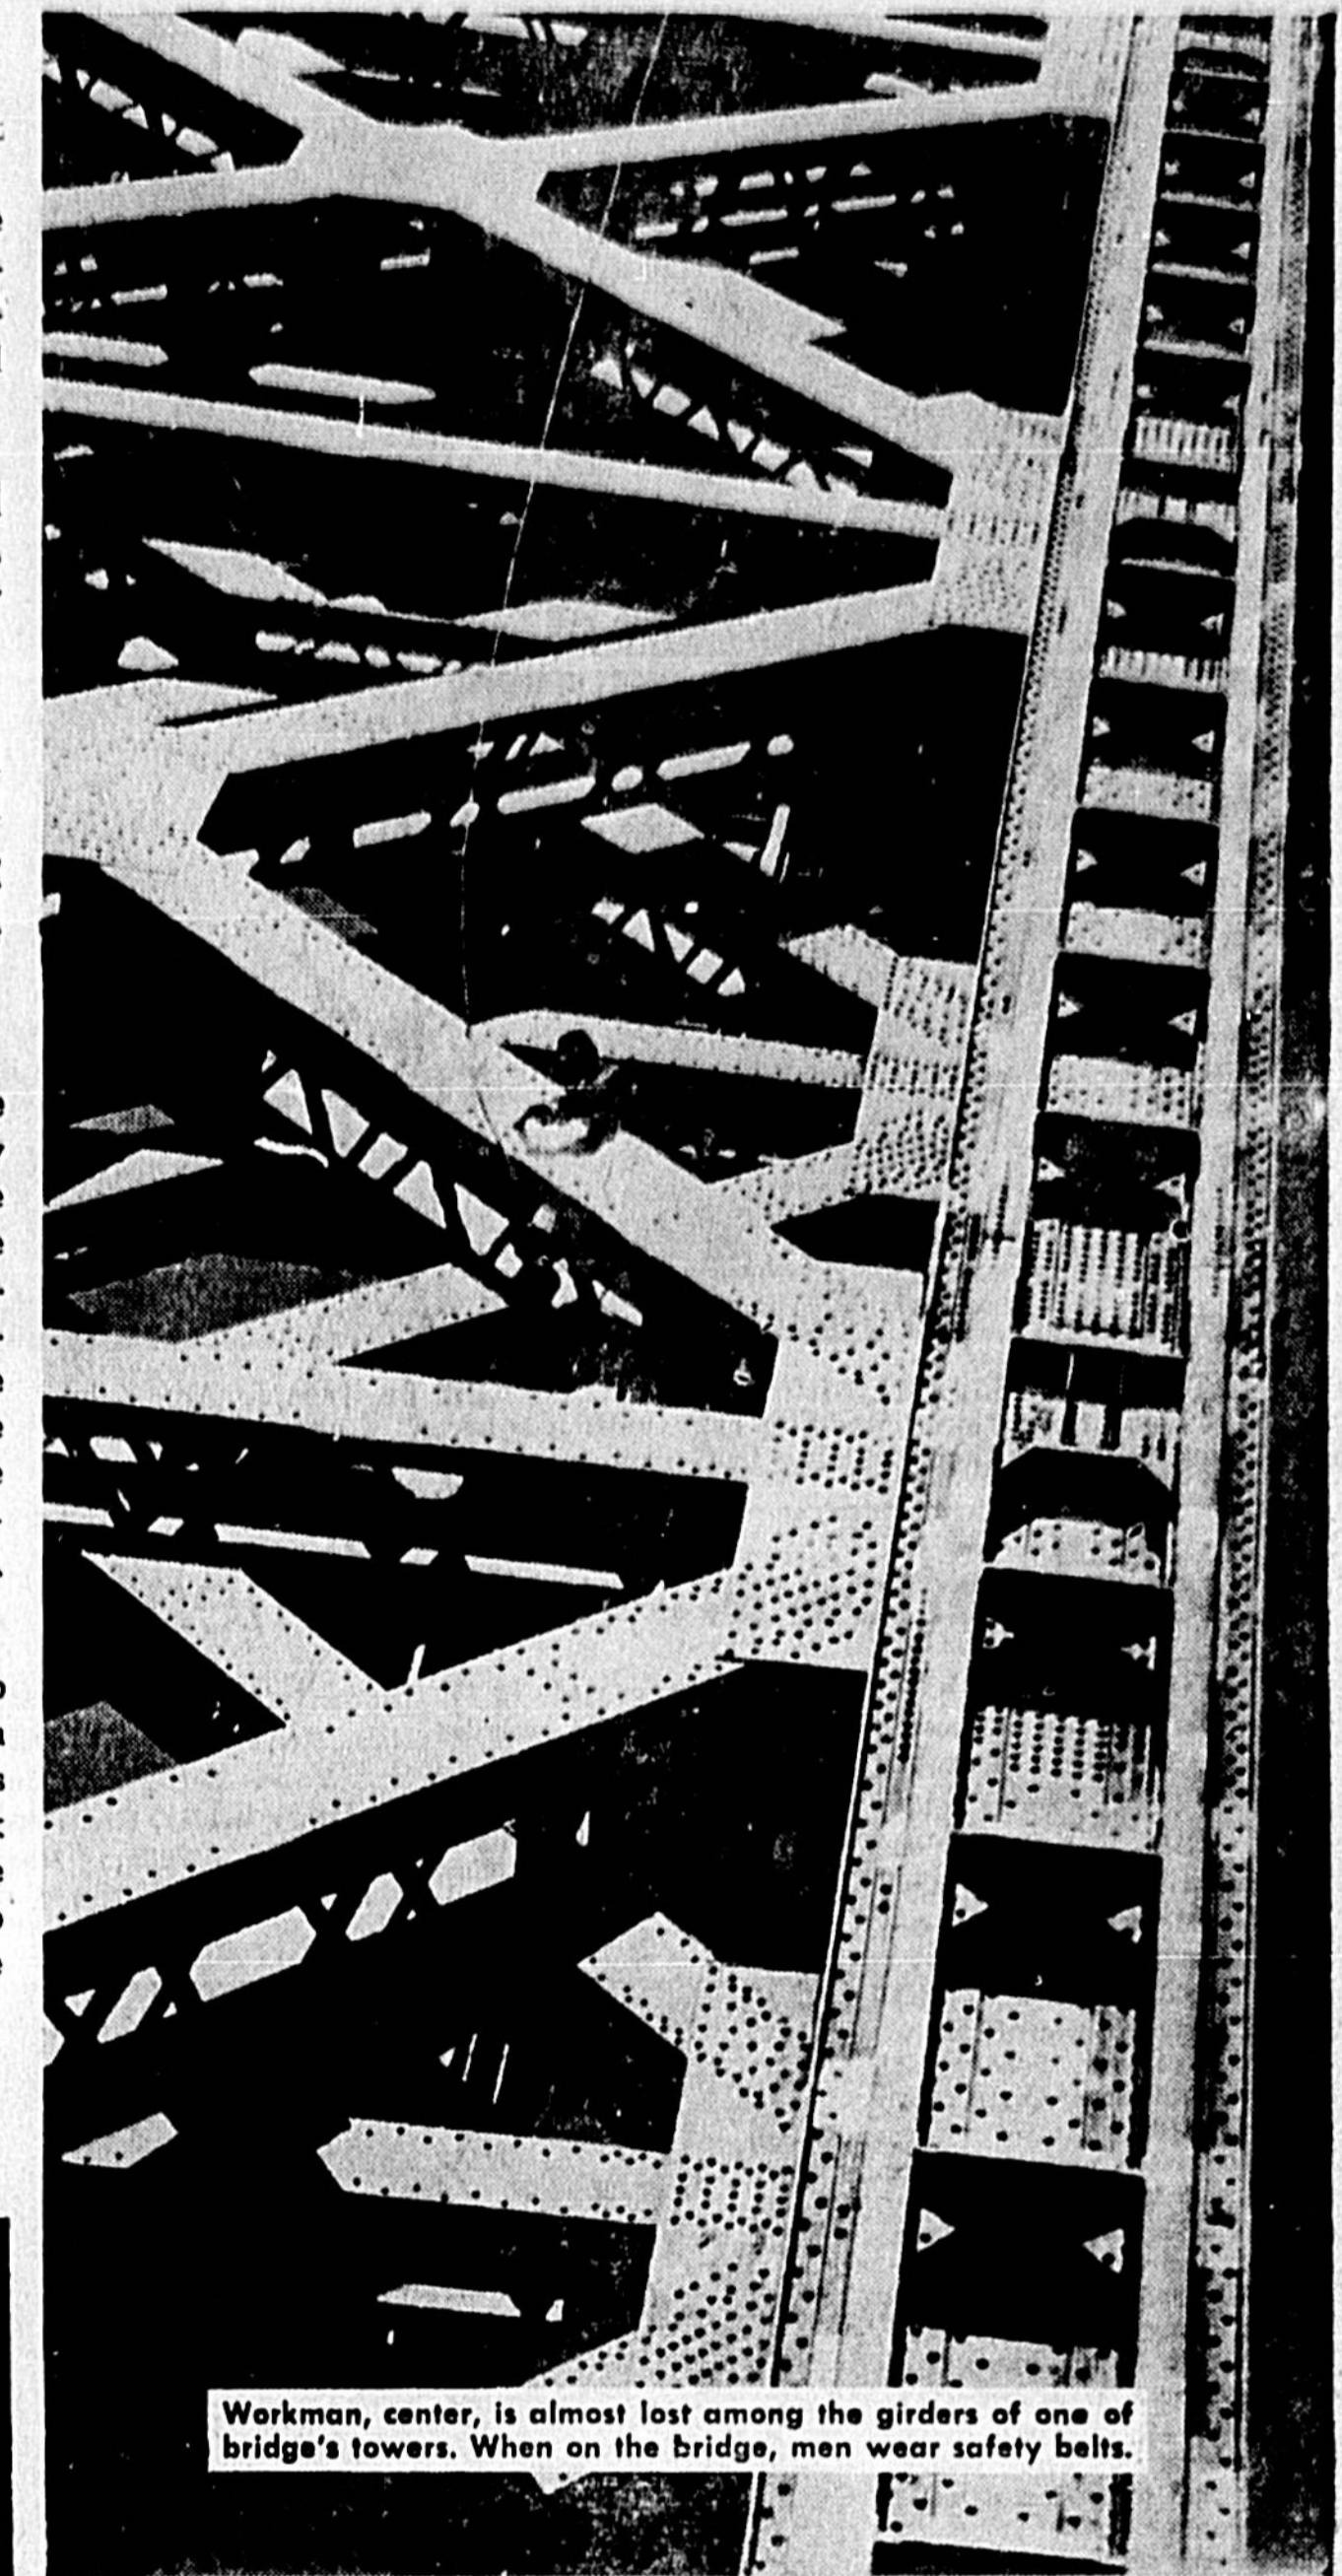

George Washington is about to get a new suit. In this case, George is the 4,760 foot long George Washington bridge which spans the Hudson river between New York and New Jersey.

George's outer garments, red lead and silver paint, are durable. He requires a new suit only every ten years.

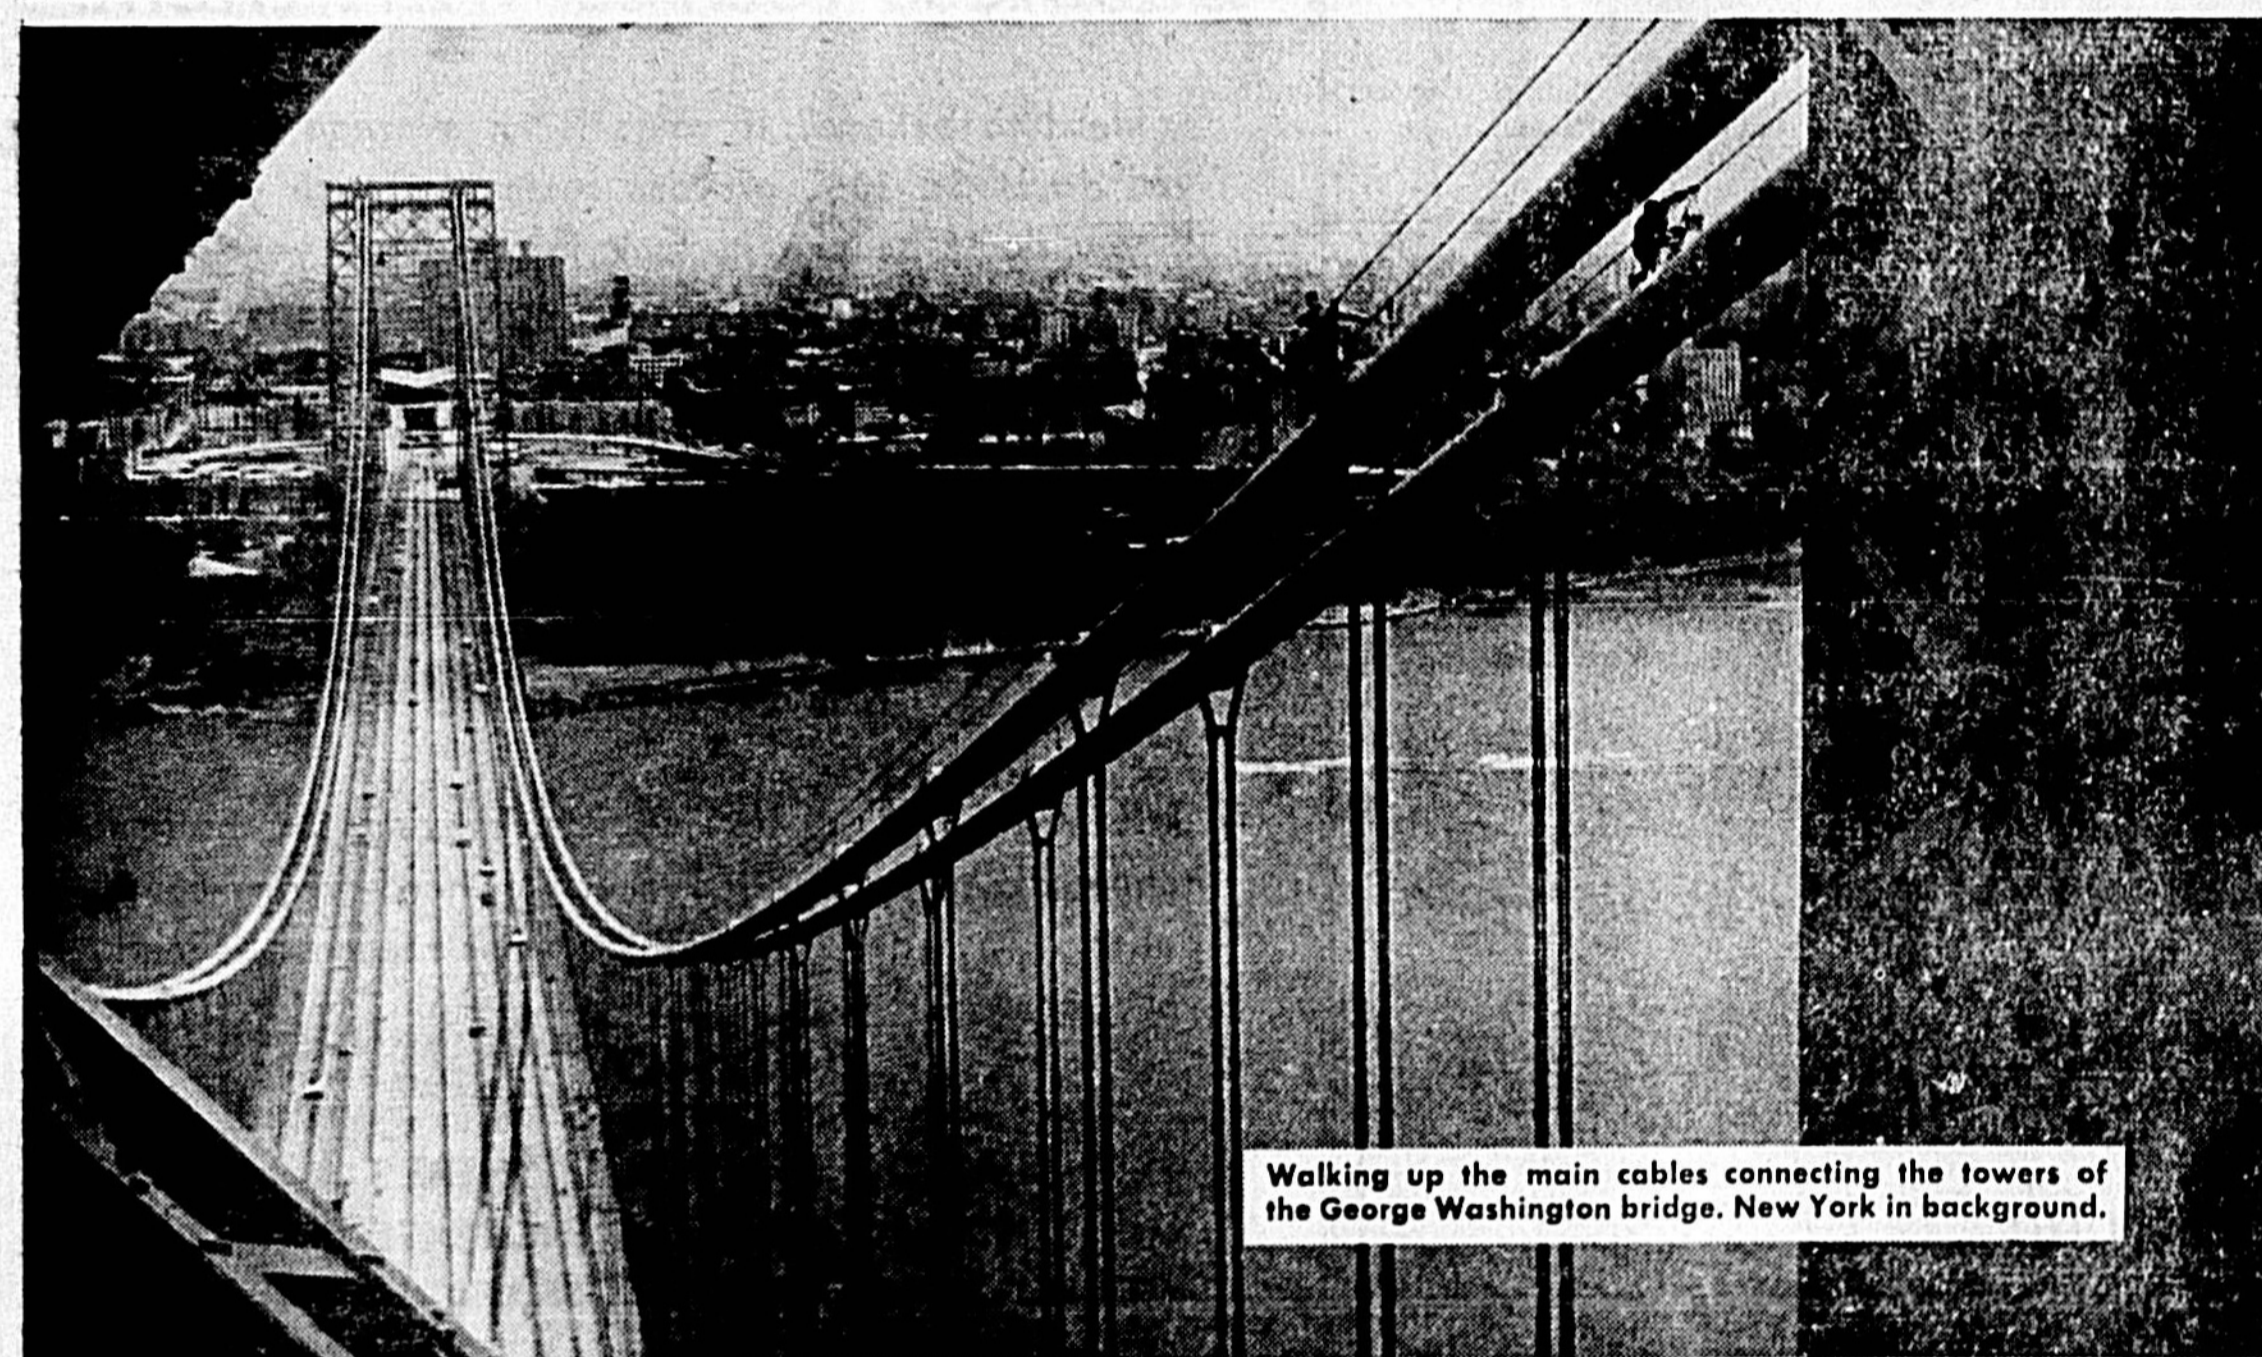

In the two years that it will take to chip and blast off the old paint and brush on a new coat, workers will use 1,000 gallons of red lead and 12,000 gallons of aluminum paint.

Fifty men were hired to do the job, each checked out thoroughly beforehand for his ability to take the heights. Some of the crew are riggers who will string up scaffolds and safety devices to protect the painters from possible falls. The height of the bridge ranges from 212 feet over the Hudson at its lower span to 604 feet at the tops of its two towers.

The foreman describes the job as something like working on a mountain. "There are times when I have to call the men back in because of high winds," he said. "At other times I have to climb through the cables because we can't find everyone."

Workman, center, is almost lost among the girders of one of bridge's towers. When on the bridge, men wear safety belts.

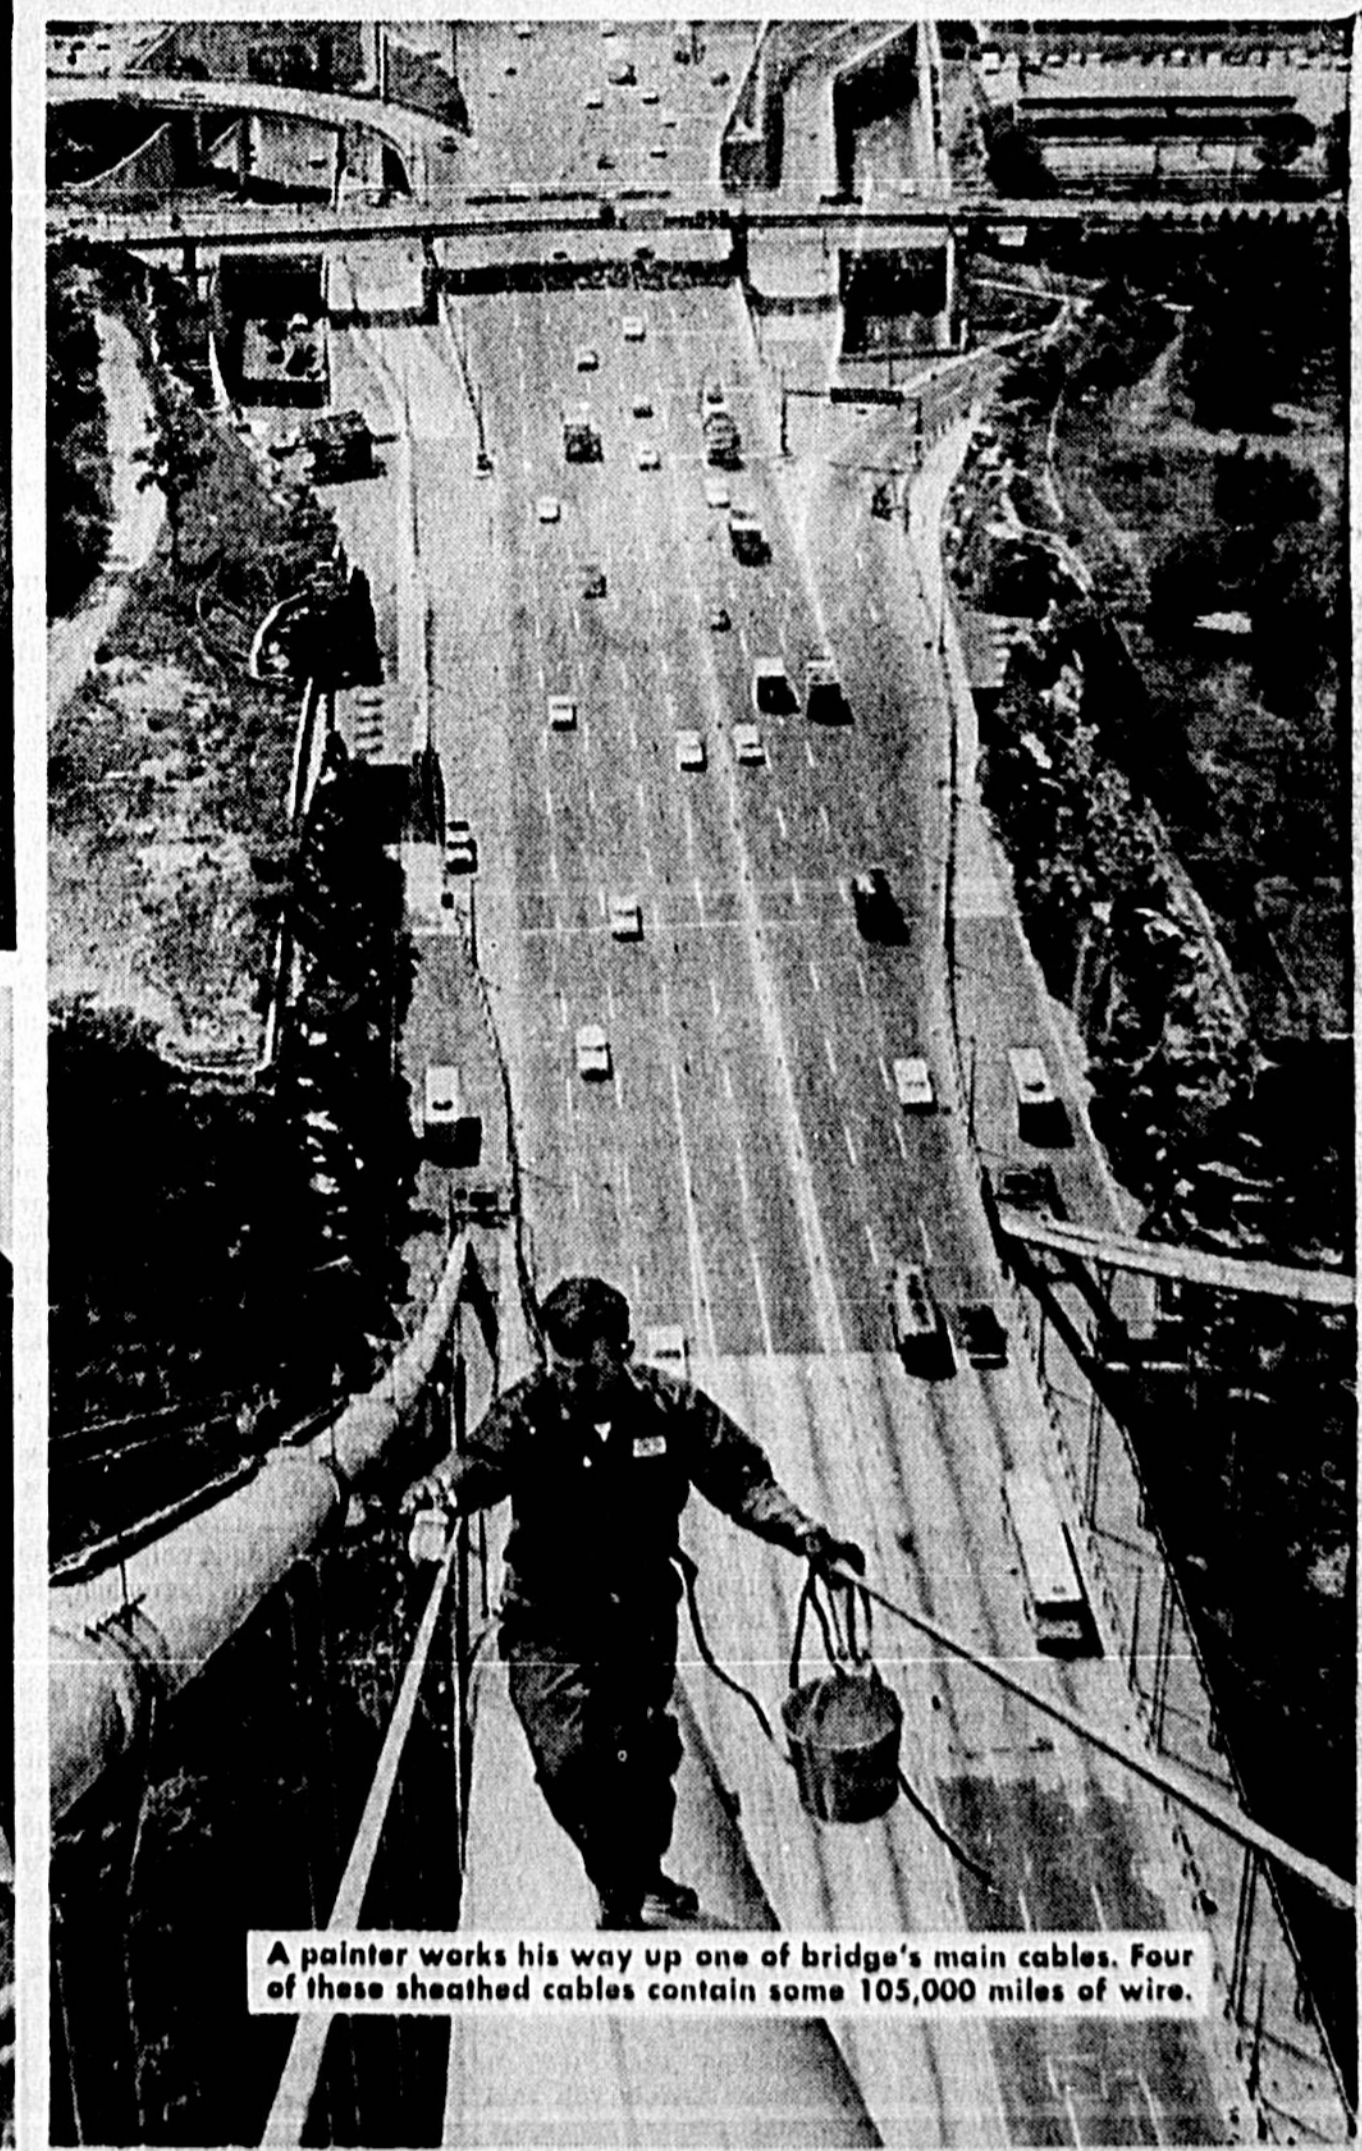

Walking up the main cables connecting the towers of the George Washington bridge, New York in background.

No job for anyone with acrophobia, a workman makes his way down from one of the 604 feet high bridge towers.

Oblivious to traffic directly below him, a painter works on one of the central spans from a platform.

A painter works his way up one of bridge's main cables. Four of these sheathed cables contain some 105,000 miles of wire.

This Week's PICTURE SHOW by AP Photographer Joe Maira

Miss Jo Ann Zeigler Bride Of Lt. J. R. Caldwell, Jr.

Miss Jo Ann Zeigler, daughter of Mr. and Mrs. Sheldon F. Zeigler, of Sanford, and Lt. James Richard Caldwell, Jr., son of Mr. and Mrs. J. B. Caldwell Sr., of DeFuniak Springs, were united in Holy Matrimony, May 20, 1966, in Germany. The American Chapel service was held at 1 p.m. at Pinder Chapel.

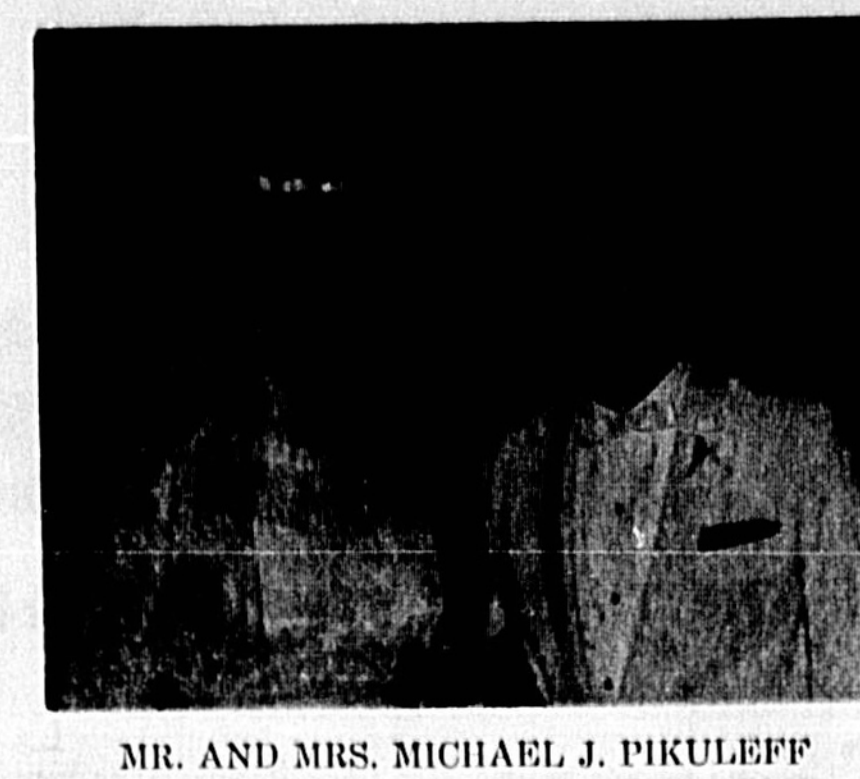

Chaplain August Linkemann was the officiating clergyman at the impressive double ring ceremony before the altar which held liturgical candles, flanked by standard baskets of mixed white blossoms. Given in marriage by Lt. Col. Hal Hallgren, the bride chose for her veils a white tailored suit complemented with matching accessories and a white orchid corsage. She wore a veiled ribbon hat and carried a white Bible, a gift of close friends, Mr. and Mrs. John L. Kuhn, of Hartings, Texas. Mrs. Kay Woodward was the bride's matron of honor and only attendant.

Lt. C. Childs served the groom as best man. The Pinder Officers Club was

Church Rites Unite Miss Mary Bernau, Michael Pikuleff

Mary Frances Bernau, daughter of Mr. and Mrs. Rollin Bernau, Milwaukee, and Michael Joseph Pikuleff, son of Mrs. Louis Rotas, Sanford, were married during a nuptial mass at 11 a.m. Saturday, June 11, in St. Paul's Chapel of the University of Wisconsin.

MR. AND MRS. MICHAEL J. PIKULEFF
Paul Joseph Fernandez, St. Petersburg, cousin of the bride, and Miss Ann Botsley, of Ushers were William Lopez, of

Miss Susan Hudson Engaged

The engagement of Miss Susan Payne Hudson to Jim R. Phillips is announced by her mother.

Miss Hudson is the daughter of Mrs. Paulina Hudson, 18 Howard Drive, Holly Hill, and the late Francis Allen Hudson. She was born at Louisville, Ky., and moved to Holly Hill as a child. She attended Holly Hill Schools and was graduated from Mainland Senior High School in 1964. While at Mainland, she was a Varsity cheerleader, member of the Colquhoun Club and Interettes. Since graduation she has been employed as a dental assistant to Dr. Joe Snyder Jr.

MISS SUSAN HUDSON
graduated from Mainland High School in 1964. She has served with the U. S. Army and is now

Bridal Shower Compliments Miss Shea

By JANE CASSELLBERY
Miss Darlene Shea of Casselberry was the guest of honor at a gala bridal shower Friday evening at the home of Mrs. L. L. Werley on Lake-of-the-Woods, with Mrs. Donald Montgomery as co-hostess.

All the remarks made by the guest of honor were recorded for posterity by Mrs. Leonard Wagner. Other guests attending included Mrs. Darwin Shea, mother of the bride-elect, Mrs. Edith Watross of Orlando, her aunt; Miss Melva Watross, cousin; Miss Valerie Shea, her sister; Mrs. Mary Mobley, Mrs. Edgar Lyons, Mrs. William Moon, Mrs. M. C. Duggins, Mrs. L. G. Reuter, Mrs. Robert Deppen, Mrs. Minnie Anderson, Mrs. Herbert Thompson, Mrs. Leonard Casselberry and Misses Cheryl Werley and Lorraine and Robin Wagner.

The bride-elect will wed Lance Keith Knowles II, at 4 p.m. ceremony, Sunday, at the Casselberry Community Methodist Church.

An inverted umbrella decorated with turquoise crepe paper and satin bows with a white wedding bell dangling from the handle served as a repository for the many lovely gift packages brought by the guests. The honoree was presented with a corsage of bronze daisy chrysanthemums with yellow ribbon, the bride-elect's wedding colors.

The floral centerpiece on the serving table carried out the color scheme with the bronze chrysanthemums, yellow gladioli and stephanotis. Highlighting the refreshment table was a watermelon shell filled with melon balls, cantaloupe, blueberries, pineapple and grapes. This colorful and delightful treat was served in elegant crystal stemware and the refreshing pink punch was served from a cut glass punch-bowl.

Card tables were set up in the dining room for the guests to enjoy their refreshments.

Guests enjoyed a bridal well designing contest in which they were given a paper doll, a piece of tissue paper and a stick of gum to work with.

MISS DARLENE SHEA, Casselberry bride-elect, was honored at a bridal shower last Friday. Photo shows, from left, Mrs. Darwin Shea, mother of the honoree; Miss Shea, guest of honor; and hostesses, Mrs. L. L. Werley and Mrs. Donald Montgomery. (Herald Photo)

N. Orlando Personals

By MARILYN PETERSON
Mr. and Mrs. Harry Coyle and family of 80 South Edgemon Avenue recently spent a week vacationing at Big Pine Key.

Harry and son, Gary, both fervent anglers, spent most of their days in the pool or collecting shells along the beaches. Their mother, Peggy, "rested" in the sun. The family toured the adjacent keys, the game reserve and also did a little sponge fishing in the Gulf before returning home.

Mr. and Mrs. Charles Bigelow and family of 70 South Cortez Avenue, North Orlando, recently spent several days at Key Biscayne in Miami. The Bigelows visited Grand Park Zoo and the Scenicarium, where they just missed seeing "Flipper" of television fame, who had left to attend an afternoon ball game, much to the disappointment of the children. One afternoon they toured the "Ana Nery," a Portuguese ship in port. The rest of their days were filled frolic, shopping and visiting friends.

When purchasing Florida avocados, remember that shape, size and skin do not indicate quality. Select fresh-looking fruit just beginning to soften. Light brown irregular markings does not affect the quality, but avoid fruit with dark sunken spots. Avocados may be bought while mature but hard, then kept at room temperature for several days until fully ripened and slightly soft.

Mr. Retailer!
You Lose **3** **OUT OF** **10** **CUSTOMERS** **EVERY YEAR**

And **30%** of your business leaves with them!

Hard to believe? If yours is an average business, you do **LOSE 30%** of your customers each year — If you don't believe it, look through last year's accounts and see how many are no longer active!

WHY . . . DO YOU LOSE THEM?

Through death, hard feelings, moving to another community or through the efforts of hard-driving competitors . . . and a variety of other reasons beyond your control.

AT THE SAME TIME, THERE'S A NORMAL BUSINESS INCREASE OF **OVER 4% EACH YEAR!**

WHAT CAN YOU DO ABOUT IT?

The answer lies in better merchandising, better planning, more vigorous promotion of fast selling goods and services. The surest, most profitable method of sales promotion is consistent, timely advertising in THE SANFORD HERALD.

THE SANFORD HERALD advertising salesmen are always ready to talk things over with you, and help prepare constructive, profitable advertising layouts — at no extra cost to you.

Supper Fetes Miss Aulin, Attendants

MISS DIANE AULIN, Oviedo bride-elect, center, poses with two of her bridal attendants, Miss Anne Slavik, left, and Miss Ann Botsley, at a supper party given in their honor. Mrs. Andrew Aulin, Jr., another attendant was not present for picture.

Medical News

Should unmarried girls or women be given contraceptive advice and materials? Although physicians, social workers, and ministers are divided on this question, the consequence of withholding such help is highlighted in the following report by Drs. Philip M. Sarro and Clarence D. Davis, of the Yale University School of Medicine and the Yale-New Haven Medical Center.

Of 100 girls aged 17 or less who bore out-of-wedlock babies in 1959, 95 became pregnant again within five years. They bore a total of 340 babies, and there were nine recorded abortions. Two hundred and thirty-eight of the babies (or an average of four children per mother) were born to mothers supported by public welfare agencies. Thirty-six of the 100 girls married, but only nine are still living with their husbands.

Three of the 100 girls were fitted with an experimental intra-uterine device (I.U.D.) which was ineffective since two of them became pregnant despite its presence. This I.U.D. has since been discontinued. According to a recent study of the cost of illegitimacy, the physicians pointed out, it was estimated that over a 20-year period 100 unmarried pregnant adolescents would bear 300 children at a cost of more than 10 million dollars!

The doctors continued, "Our group of patients serves to demonstrate what happens if contraception is ignored." Adequate contraception, combined with a coordinated community program of education and vocational training, will alter the cycle of failure to continue education, dependence on welfare, continuing out-of-wedlock pregnancies, the physicians maintained. They concluded that a total effort must be made for "a more productive and less reproductive record from these patients."

The simplest head lettuce salad takes on glamour if you use Florida Avocado Dressing. Beat together 2 tablespoons lime juice and 4 tablespoons evaporated milk until well mixed. Add ½ teaspoon salt, 1 teaspoon prepared mustard, a few drops of red hot sauce and 1 cup mashed or sliced Florida avocado. Beat until thick and creamy. Serve with any vegetable salad. Makes about 1½ cups.

Miss Simmons, J. B. Burch Married In Garden Ceremony

By RUTH DAVIDSON
Miss Carole L. Simmons, daughter of Mr. and Mrs. Ormond Simmons, of Oviedo, and John B. Burch, son of Mr. and Mrs. William Burch, of Eastman, Ga., were united in marriage in a beautiful garden ceremony at the home of the bride's parents Saturday, Aug. 20, at 3 p.m.

The ceremony was performed by Justice of the Peace, B. A. Johnson, of Oviedo. The bride was radiant in a white afternoon gown. The outfit featured a short white lace jacket with three-quarter length sleeves. Her corsage was a white orchid. An informal reception for the immediate family followed the marriage ceremony. The refreshment table was covered with a white lace cloth. The two-tiered wedding cake was topped by a miniature bride and groom. Fruit punch with lime sherbet also was served to the guests who attended.

Among the guests were Mr. and Mrs. Charles Burch, Mr. and Mrs. William Burch and Cory Burch, all of Eastman, Ga.; Raymond Ruskin and Mr. and Mrs. Wayne Simmons of Emmokalee, Fla.; Mr. and Mrs. R. O. Simmons Jr., Oklawaha; Mrs. Anne Thomas, Orlando; Mr. and Mrs. G. L. Gioia, Cocoa; Mr. and Mrs. Sonny Sikos and Mrs. Elsie Hickson of Sanford; Mr. and Mrs. Bryant Hickson, Mr. and Mrs. Gene Hickson, Mrs. Sarah Hickson, Miss Jane Brown and Mr. and Mrs. Oscar Tanner, all of Oviedo.

Kathryn Himmelberger who won Hess's Teen-Trip of a Lifetime to Paris for an essay she wrote on teen-age grooming essentials sees what styles can be found in both the high-fashion and junior boulevards of the French capital. She models a white wool two-piece, teamed with plain glitter knit at Christian Dior (left). Together with French youngsters of her own age she goes through the junior lines at La Gaminerie a small shop on Boulevard St. Germain (right).

PUNCHY
Molasses and gingerale add zing to a creamy punch. In a pitcher or small punch bowl, combine 1 cup of light cream with ½ cup of molasses. Just before serving, stir in 1 quart of gingerale, chilled. Pour into 8 punch cups or glasses and top each with a scoop of vanilla ice cream, using a total of 1 pint of ice cream.

CANT-MISS SUIT
Tiny flower-splashed cotton quilt shapes the can't-miss suit with mid hip and sometimes shorter jacket and easy A-line skirt. It blooms in a variety of muted shades.

Theater Suit Makes Big Hit This Fall

NEW YORK (INEA) — In these days of antictheatrical happenings and underground movies, dinner and trysts to a show still remain tops when it comes to an evening's entertainment. And the fashion most often seen today at certain times is still the theater suit.

When you consider how fashions come and go, necklines plunge and hemlines creep upwards, it's a wonder the theater suit hasn't changed radically in the last decade. But perhaps the fact that it hasn't is the very key to its popularity.

Housewives on route from suburbia to meet their husbands in town would hardly feel comfortable riding on the train in hoopy ostrich feathers or lamelike palazzo pajamas.

The theater suit with its smart tailoring and comfortable styling is ideal for this type of travel.

Suits come in a choice of fabrics that includes richly textured molasses and lush floral brocades. Others are styled from pastel wools splashed with silver in double knit fabrics that keep wrinkle free.

Brotherhood Sets Annual Picnic Thursday

The Brotherhood of Locomotive Engineers and Firemen and the Ladies Society will hold their annual picnic Thursday, Aug. 25, at Buck Springs. Luncheon will be served at 12:30. Everyone is asked to bring a picnic lunch and drink for their family. Hamburgers will be furnished. Members are invited to bring guests.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I have always been taught to respect my elders, but my patience is wearing thin. My husband's mother is living with us now, and she really is welcome, but some of the little annoying things she does is beginning to get us down.

For instance, she gets the newspaper first and tears it all apart. She even works the crossword puzzles while my husband reads. She sits at his favorite chair and lingers in the TV program she likes. When one of us is on the phone she will ask later what the other party said as she could hear only "one" half of it. She enters into all family discussions and takes the children's side if we correct them.

Is there any way we can let her know she's out of line without creating a major battle? Or should we overlook it?

L. A.
DEAR L. A.: No doubt you are exasperated. When petty grievances accumulate they are bound to erupt explosively later on. Mention one thing at a time, calmly and kind-

ly. But your husband should do it. She's HIS mother.

DEAR ABBY: Maybe I don't have a sense of humor, but while walking down the street I saw a sign in the window of a ladies' fur store which said, "A SMALL DOWN PAYMENT WILL HOLD ANY GARMENT IN THIS WINDOW UNTIL YOUR HUSBAND DOES SOMETHING UNFORGIVABLE." How does that grab you? It made me see red!

SAW RED
DEAR SAW: To paraphrase Goethe, the famed German poet and philosopher, "What a man laughs at is a fairly accurate key to his true character." And to that I could add, "and also what makes him see red."

DEAR ABBY: Do you see anything wrong with keeping your old friends after you are married? I must know!

L. A.
DEAR L. A.: No doubt you are exasperated. When petty grievances accumulate they are bound to erupt explosively later on. Mention one thing at a time, calmly and kind-

Jacoby On Bridge

Jim remarks: "Here is a hand that looks ridiculously simple. South has a sound opening."

NORTH
♠ 8 3
♥ Q 4
♦ K Q 10 4
♣ K 7 6

EAST
♠ Q 10 7 4
♥ A K
♦ K 5 3
♣ Q 10 9 8

SOUTH (D)
♠ A K 6
♥ A 2 8 6
♦ A 5 4 3
♣ A 4 2

Both vulnerable.
West North East South
♠ Pass S.N.T. Pass Pass
♥ Pass S.N.T. Pass Pass
♦ Pass S.N.T. Pass Pass
♣ Pass S.N.T. Pass Pass

up to East and West to defend carefully if they want to fall South's plan.

Jim: "South will probably start by winning the spade and

running off four diamond tricks.

West will lead a couple of hearts and East will probably discard a spade. This if South knocks out the ace of hearts it will be up to East to lead his queen of spades. Otherwise South will be able to drive him back in the lead to force him to lead from his queen of clubs.

Oswald: "A really alert East will discard his ten of spades on that fourth diamond. Otherwise if South chooses to try a squeeze through the king and leads his six of spades West is very likely to play the nine whereupon East will be stuck in with that king and ace of hearts."

Jim: "Of course West could prevent that by riving with his jack but West won't be sure where the ten goes, as long as East has forgotten to get rid of it."

Horoscope Forecast

THURSDAY, AUG. 24, 1966
GENERAL TENDENCIES: You certainly can now organize what is vital to your welfare and happiness and this also applies to the many conditions necessary for President Lyndon Baines Johnson whose birthday is just before him and who is under unusually good aspects to get much of value prepared for future action—and the same with each of us.

ARIES (March 21 to April 19): A higher-up will give you backing if you show that you are really capable and then start trying through some new outlet. Show that you have firm business sense and are wise with finances. Take it easy to-

TAURUS (April 20 to May 20): By putting to work immediately those fine capabilities you possess, that pot of gold at the end of the rainbow is easily visible. Right results from some letter mailed recently are possible. Keep busy.

GEMINI (May 21 to June 21): You get intuitive flashes that will assist you in clearing up prob-lematical affairs with speed. You get true satisfaction. Make some higher-up realize that confidence placed in you was certainly justified.

MOON CHILDREN (June 22 to July 21): Be patient with one whose ideas are radically different to yours and a quiet manner solves all differences idly. Then off to some sport or other amusement. The pleasures. Be of a cheerful attitude.

LEO (July 22 to Aug. 23): Payments and collections, written letters, reports, etc. are all paid today and you please higher-ups. Be ingenious and put all on a more practical footing. Stop thinking negatively.

VIRGO (Aug. 24 to Sept. 22): Pick up the phone and plan to be with that charming associate at amusements that are mutual-ly enjoyable. This is just the right time for any special event. Stop feeling sorry for yourself.

LIBRA (Sept. 23 to Oct. 22): Chating amiably with him will bring forth an interchange of ideas for making home and business affairs more ideal. Get into the emotional without getting emotional. Settle these very nicely.

SCORPIO (Oct. 23 to Nov. 21): There are excellent aspects in force now so that you find new doors of opportunity with regular associates. Be sure to keep professional appointments on time. Any personal matters should be handled with alacrity.

SAGITTARIUS (Nov. 22 to Dec. 21): See that all your affairs are in finest order possible so that you can meet any sudden demands with grace and speed. Any obtuse persons or conditions can be straightened out quickly. Let security be increased.

CAPRICORN (Dec. 22 to Jan. 20): You are a slacker for precision and this should extend to hobbies and recreations, also. Plan trips wisely. Be very thoughtful of others and you find they retaliate by doing something very nice for you.

AQUARIUS (Jan. 21 to Feb. 19): Consulting with authorities in both personal and business matters of importance to you, brings the right plans for bettering both. Confer with mate in P.M. Come to that new report you have not had for some time.

PISCES (Feb. 20 to March 20): Associates, kin, et al. all appreciate your fine qualities. Join in some worthy corporate effort.

IF YOUR CHILD IS BORN TODAY... he, or she, will be one of those fascinating young ones who early will comprehend how to get all sorts of affairs on a very practical basis. A good business or general course is fine here, since it will bring the finest results through-out life. You also give him or her a chance to help others who are not so wisely endowed. The key phrase here is, "I organize" and that is exactly what he, or she, can and will do.

The Stars impel, they do not compel. What you make of your life is largely up to YOU! Carroll Righter's Individual Career for your sign for September is now ready. For your copy send your birthdate and \$1 to Carroll Righter Forecast, The Sanford Herald, Box 1921, Hollywood 28, Calif.

Charles Carroll, last of the survivors of the signers of the Declaration of Independence, died Nov. 14, 1832.

DIRECTOR of arts and crafts at Forest Lake Seventh-Day Adventist Vacation Bible School was Mrs. Verdine Burnham (standing, top). With her are helpers (from left) Theresa Pennington, Steve Flemming, Barbara Doherty, and Jean Batcher. Among items completed were macaroni decorated dishes (center) shown by (seated) Don Grant, Beverly Crawford, Jennie Kay Gallar, Darlene Green, Joan Blair, Gail Flemming; (standing) Elizabeth Whidden, Connie Price, Kenneth Pennington, Carol Stubbs. Artful decorations added personal touch to drinking cups (bottom) displayed by Kevin Krogan, Gordon Miller, Dori Pomeroy, and Karen Cobb. (Herald Photos)

'The Farm Front'

Agribusiness Offers Students Broad Career Opportunities

By DOYLE CONNER
Commissioner of Agriculture
TALLAHASSEE — (Special to The Herald) — The back-to-school movement reminds me that one of agriculture's most pressing needs today is well educated executive manpower.

There are five job openings awaiting each college graduate in agriculture. While this fact poses critical problems for farm management, it means for the other hand bright prospects for youngsters weighing career opportunities.

By 1975, some 20 million new workers will be added to the total United States labor force and, as I see it, our agribusiness complex offers huge possibilities for absorbing the largest number of new workers.

But they must provide themselves with the education and training needed to take advantage of the opportunities available to them.

At the same time that agricultural employment is expected to decline — a projected 22 per cent during this decade — there should be a material increase in the number of career opportunities in the broad field of agribusiness.

PACKAGE MARKED 'HAIR' — GREENSBURG, Ky. (AP) — do you know her husband was a pro speller but the word said had her stumped. So she asked Sam what it was.

"That's some game I shot," he explained. "I wasn't sure how to spell 'rabbit' so I just wrote 'hair'!"

Millions of non-farm jobs are created by farming. It takes about six million workers to supply farmers and another 10 million to store, transport, process and merchandise the products of our farms.

Farm production requires technical knowledge in such sophisticated fields as engineering, automation, chemistry, pathology, entomology, genetics, nutrition and economics.

Not to mention business administration, for farming is a truly big and complex as a business enterprise today.

The United States is recognized throughout the world as the hub of agricultural knowledge, but to continue to enjoy the fruits of this know-how, we must provide for expanded educational facilities in this field and our young should be encouraged to give agribusiness a close look as a career area with great potential.

A recent issue of U.S. News & World Report, discussing "The South on the Rise," points out the dramatic changes in agriculture of the region.

The South's old farming base of 40 acres and a mule is a thing of the past. Farms are growing larger, mechanized and more efficient. Livestock and poultry have grown in importance as the role of cotton and tobacco wanes.

A photograph of a cotton field is a thing of the past. Farming thrives on the West Indian island of St. Vincent. It was established in Kingston in 1760 to introduce exotic and commercial plants from the Far East to the West Indies.

Mechanization is mentioned as a key to the great transformation of agriculture in the "new" South. But, again, mechanization relies on technology for development and maintenance.

More than 1,500 new graduates are required each year to keep agricultural research functioning in high gear.

Considering the complex problems facing farmers today, with increasing economic pressures forced by labor and foreign competition, the need for continued research into production and marketing efficiency is self-evident.

So that brainpower is as essential to the future of American farming as is manpower.

Legal Notice

NOTICE IS HEREBY GIVEN that The Housing Authority of the City of Sanford, Florida, will entertain proposals to furnish utility insurance, containing full terms and conditions, for the term of three years beginning November 1, 1966, covering Castle Brewer Court, William Clark Court, Edward Higgins Terrace and Coak Mountain Terrace, containing 280 dwelling units, three playgrounds, and three ball courts. Proposals will be received in the office of the Assistant City Manager, at the City of Sanford, Florida, on or before September 12, 1966.

Questions or proposals with regard to the plans and specifications of said projects and forms on which said proposals must be submitted, may be obtained by contacting the Executive Director, at the Main Office of the Authority.

Gordon L. Bradley, Executive Director, Housing Authority of the City of Sanford, Florida. Published Aug. 24, 1966.

CLIP THESE COUPONS TO HELP YOU WIN

By LARRY VERSHEL

No doubt that the Hospital board of trustees will be meeting within the next 24 hours to discuss what the "federal" boys have come up with for Medicare approval. Just some minor points on integration... room care, personnel records, etc. Shouldn't be any problem because the hospital has followed all the federal regulations.

PS—We just hope the board will open the meeting up to the press.

Attention golfers — You can now play 18 holes of golf at the Mayfair Country Club Golf Course. Greens have been completely renovated.

Look for an announcement soon on a \$300,000 shopping complex at Sanford Avenue and First Street.

SOME RANDOM THOUGHTS ON THE CITY COMMISSION BUDGET — It will still be 18 mills... Imagine the budget increase will be some \$100,000 over last year... Biggest item will be pay raises for all city employees... Sanford police and fire departments won't get all the help they asked for.

PS—It might not be such a bad idea if commissioners took a look at the rotting pipes at the city jail.

State Comptroller's office is expected to get the county budget sometime this week for final approval and state recognition. Asked Clerk Art Beck with Jr. if it's just a rubber stamp job and he said that sometimes budgets can be rejected.

United Fund goal this year will be \$40,000.

Bill Stant, official of the Hovey Corporation, one of Seminole County's new industries, is in town making arrangements for getting its cable news operation into production. Stant was not available to the press for an interview at this time, but a spokesman promised press releases when he returns to Sanford in September. Hovey is occupying the former York Manufacturing plant south of Sanford.

Coach Buck Metts: "Come on fellas; get with it. Get up a sweat and work off that summer fat!"

Dripping wet Seminole football candidate (as the breeze-free, 88-degree atmosphere gulped him) "He's GOTTA be kidding, ain't he? After two laps around the track, a few wind-up spins, the opening call-thence—all of which the coach said were just a warm-up for the real football work to follow! You have to do it with a finger and you break out in a lather."

Come to think of it, that same comment might have been made on the practice fields at Lyman, Oviedo or Crooks, among others.

(Associated Press reported this afternoon to The Herald that the HEW letter requests a written policy on room assignments, proof of notice to employees of policies, proof of notice to students that the training program is open to all without discrimination. Approval is being delayed pending receipt of this information and evaluation.)

Brodie told The Herald he does not know when the hospital board will meet to act on the letter but Herlong said the trustees are to meet in special session Friday afternoon.

A Big 'If' May Halt Hospital Medicare

Seminole Memorial Hospital stands to be approved for Medicare if...

The "if" are some minor requirements ordered by the U. S. Department of Health, Education and Welfare (HEW), it was learned this morning by The Sanford Herald.

Hospital officials reported earlier this week that HEW had mailed a letter outlining four minor requirements but would not elaborate on the telephone. The Herald learned today the letter was read over the telephone to Reid Broderick.

(Associated Press reported this afternoon to The Herald that the HEW letter requests a written policy on room assignments, proof of notice to employees of policies, proof of notice to students that the training program is open to all without discrimination. Approval is being delayed pending receipt of this information and evaluation.)

Brodie told The Herald he does not know when the hospital board will meet to act on the letter but Herlong said the trustees are to meet in special session Friday afternoon.

Three-Year-Old Killed By Car In Altamonte

Ronald Bernard Richardson, 3, of Altamonte Springs was killed when struck by a vehicle driven by Curtis Jerry, Altamonte Springs, Wednesday afternoon bringing the total of traffic fatalities in Seminole County for the year to 14.

The Richardson child and a group of children were playing along the side of Marker Street in Altamonte and had started across the street. He apparently ran out in front of the vehicle being driven north on Marker Street by Jerry and was struck, according to Florida Highway Patrolman Jerry Hawthorne. The child was dead on arrival at Florida Sanatorium Hospital in Orlando.

Jerry was charged with failure to use due care and driving with no driver's license by the Florida Highway Patrol.

Catholic Schools Hit By 'Overcrowding'

Many parents in Seminole County, who had hoped to send their children to the parochial schools of All Souls Catholic Church and St. Mary-Magdalen Church, were forced today with no choice but to send them to public schools.

Registration has reached its maximum at both schools with 347 at All Souls and 400 at St. Mary-Magdalen.

Rev. William Keane, pastor of All Souls told The Herald this morning that class size had reached its maximum at 347 students per room while St. Mary-Magdalen has a long waiting list for all the grades, but can accept a few more students in grades one, two and three.

New teachers at All Souls include Sister Carleen, principal, Sister Ignatia and Sister Josephine of the Sisters of Christian Charity bringing the faculty to 10 and St. Mary-Magdalen will continue with ten teachers with Sister Mary Charlita of the Sisters of Notre Dame as principal.

Sister Ignatia will open Monday. School days will begin at 8:00 at All Souls and at 8:10 at St. Mary-Magdalen. Closing times will be 3 p.m. and 2:25 respectively.

Nothing Stolen
Sanford Police Department investigated an apartment at 1000 N. W. 17th Avenue and entering at Crooks High School Gym today and reported that nothing was stolen. Entrance was gained through breaking in a glass door and chain.

Critical Space Test

CAPE KENNEDY (AP) — Astronauts and their sleeping coaches, was to ride into space today under the massive thrust of the Saturn 1, the United States' most powerful rocket.

If all goes well on the 35-minute test and there are no other development problems, three astronauts will take a trip of up to 14 days in December to trigger an all-out drive to land men on the moon in 1968.

A Different View

WASHINGTON (AP) — President Johnson's confident prediction that the Democrats will hold their strength in Congress in the November elections drew strong dissent today from Senate Republican Leader Everett M. Dirksen.

Johnson observed Wednesday at a news conference that he thinks the people generally approve of what he is trying to do.

He followed this up by telling party workers at a "dollars for Democrats" rally that if they plug his administration's record "we will have a resounding Democratic victory in the congressional campaign this year."

If the President believes that, Dirksen said in an interview, he is likely to be in for some surprises.

UAW Demonstrates

DETROIT (AP) — More than 1,200 skilled United Auto workers demonstrated Wednesday in front of Chrysler Corp. headquarters to promote their demands for an immediate \$1-an-hour raise.

The parade of workers grew from 100 to more than 1,200 over four hours as the UAW members expressed displeasure with rejection of union requests to reopen labor contracts and negotiate pay hikes for skilled workers.

The Big Three auto firms — Chrysler, General Motors and Ford — Monday turned down the UAW requests to reopen contracts to bargain over demands for at least a 50-cent hourly increase. The pact will expire Sept. 8, 1967.

Defense Fund Battle

WASHINGTON (AP) — The House squares off today for a fight over including in a defense appropriation bill authority for President Johnson to call up some Reserves for active duty. The President has not asked for such authority.

The provision was written in the \$56-billion bill by the Senate. It was not included in the defense money bill originally passed by the House.

Under present law, the President can call up Reserves only after declaring a state of national emergency — and then may call them to the colors only as units.

Murfin Raps High

HOBE SOUND (AP) — Republican State Chairman Bill Murfin called Democrat Robert King High's gubernatorial campaign one based on "character assassination."

Murfin made the statement Wednesday in answering a charge by High that Murfin's opponent, Claude Kirk, carries on his principal business in Hobe Sound, Fla. "It's absolutely necessary, behind an iron curtain, to speak."

Murfin said Kirk's investment in Hobe Sound "has enlarged the free enterprise system" in Brazil.

Aid To Boaters

TALLAHASSEE (AP) — Long-range proposals aimed at improving boating in Florida were revealed Wednesday at a meeting of the Florida Boating Council.

The council, an advisory arm of the Conservation Department, ment, had suggestions to require registration of all boats powered by mechanical means; to seek gasoline tax funds for boating facilities; and to raise the salaries of conservation officers, among others.

Protection For King

CHICAGO (AP) — The Illinois National Guard will protect Dr. Martin Luther King Jr. and a column of civil rights followers Sunday when they parade in Chicago, where guardsmen used bayonets to quell a race riot in 1951.

The decision to use the Guard in the all-white suburb on Chicago's western boundary was made Wednesday by Gov. Otto Kerner.

Survey Work Begins On SR 427

First work on the long-awaited relocation and reconstruction of SR 427 north of SR 454 through the city of Longwood began Wednesday with surveying crews "running centerline" on the road.

Sealed bids on the project were opened in the office of the State Road Department in Tallahassee at 10:30 a.m. today.

Estimates of the cost of the project are expected to total more than \$20,000,000.
