

Kelly Leads Blood Bank Donors

Donations to the Seminole County Blood Bank for the month of September are led by Bob Kelly, who donated his 14th pint, followed by William B. Richards, who has given 13 pints.

Three people reached their 10th pint. Woodrow Hartley, John Colby and Edith Rogers, according to this month's report by Mrs. James Doucette, supervisor. Receiving their Gallon Club Key Chains this time were these three people who reached their eighth pint: Jane Fletcher, Curtis Redman and Henry T. Slicer Jr.

There are three who gave their seventh pints who will reach the Gallon Club next time. They are

Bill Glenn, James Goldsworthy and Benjamin Hughes Jr.

Harry Eichelberger, William Hardy, and J. L. Horton all gave their sixth pint. Loren Dougherty, Clarence McKinney, Vernon McNeil, John Pilley, Willard Sessions and Ned Stephens all gave their fifth.

Walter Balsar, Gordon Bradley, Carl Britton, Charles McWaters, Hubert Smith and Earl Walker all gave their fourth.

It was the third time around for Hamilton Dean and Charles Jenkins, and the second for Charles Baker, Carem Gager, James Jenkins, Francis Kelly, Henry McGill, Rodney Sharp, Scranton Thompson, Robert Webb and Philip J. Westgate.

Giving their first donation were Richard Barror, Robert Branch, Barbara Chambers, Leonard DeWitt, Donald Farrens, Ardeth Michener, Rhodell Moore, Donell Morris, Eugene O'Neill, Edward Perry, Frank Ryan, Randall Sullivan, Elijah Taylor, Helen Williams and John Woodard.

6 Persons Killed In Head-On Crash

HOUMA, La. (UPI)—Two cars swept into a curve Sunday night and crashed head-on, killing six persons, four of them teenagers.

The lone survivor, Juli Ledet, 15, was in fair condition at a hospital. The impact was so terrific police said it tore the engine out of one automobile and hurled it more than 30 feet in the air.

Police said one of the cars drifted into the wrong lane on the curve. There were no skid marks, police said, indicating that neither driver had a chance to swerve out of the way or slow down.

Landrith A Dad

SAN MATEO, Calif. (UPI)—Mrs. Hobie Landrith, wife of the New York Mets catcher, gave birth to a 10 pound, 3 ounce son at Mills Hospital Thursday.

Top Commies Gather For Meet

MOSCOW (UPI)—The top leaders of the Communist world—with the apparent exception of those from Albania—gathered here today for the ceremonial opening Tuesday of the 22nd Soviet Communist party congress.

Communist Chinese Premier Chou En-lai, Hungary's Janos Kadar and East Germany's Walter Ulbricht were among the list of foreign Red officials who will gather in the brand new Kremlin theater to hear Premier Nikita S. Khrushchev's report on Soviet and world affairs.

Khrushchev went personally to Vnukovo Airport to greet Chou Sunday, giving the appearance that the much-publicized rift between Peking and Moscow is closing.

Man Goes Berserk; Kills 1, Shoots 2

NORFOLK, Va. (UPI)—A 37-year-old carpenter went berserk with a shotgun Monday night and killed an aged woman, wounded two policemen and tried to kill his mother before police brought him down.

Police said David Harris Burkhardt, who lived with his mother and her companion, told them he decided "they were picking on me."

They said he opened the door of the room where his mother's companion, 71-year-old Mrs. Mary Fix, was sleeping, and killed her with a blast from his 12-gauge shotgun.

Then, armed with more than four boxes of shells, he raced downstairs and loosed two shots at his mother, Mrs. Saullia Burkhardt, 61, who fled into the street unhurt.

Police said Burkhardt raced into the street after her, firing charges of shot through windows of neighboring houses.

When police arrived, Burkhardt fled into his own back yard and hid behind a hedge near his barbecue pit.

Then patrolman Martin Fitzinger, 31, approached. Burkhardt, firing in all directions, shot him through the lungs. Fitzinger, in critical condition, was undergoing emergency surgery early today.

Lt. L. L. Jones raced to his patrol car to call for help and a blast ripped through the windshield, wounding him superficially about the face.

Police cordoned off the resort area and surrounded the backyard where Burkhardt was hiding. Patrolman A. Lee Brown crept

around behind the yard and said he saw Burkhardt "crouched behind some shrubs."

"I circled him and said 'Drop the gun and stand there.' He wheeled and when he did I shot him."

The bullet hit Burkhardt in the thigh, knocking him down. "He went down on his knees and whirled around," Brown said, "and I rushed him and hit him over the head with my pistol."

Other officers rushed up and wrenched the gun away from the dazed Burkhardt.

Detective David Blair said Burkhardt made a statement saying he killed Mrs. Fix and tried to kill his mother because they were persecuting him.

As for the rest, Burkhardt said, "I must have gone out of my mind."

Canal System Up To Us - Adams

By DOTTIE HIGGINSBOTHAM
Secretary of State Tom Adams said here Tuesday night that Florida is the key to unlock the greatest inland water highway in the world.

Adams spoke to the board of directors of the Chamber of Commerce and 150 guests at the Civic Center.

"We now have the tools and the resources, but the primary responsibility lies in men," Adams said. "Let us now join hands to work toward this great water highway."

"With this area having been determined the home of the lunar project, linking our two great waterways from the Gulf to the Atlantic will become the greatest boon Florida has ever known."

"Florida is at the dead end on both her coasts," Adams said. "The Atlantic Intercoastal Waterway, which comes all the way down from the Great Lakes on the east and the vast system of waterways on our Gulf side stretching to Texas and up the Mississippi River basin to the Great Lakes ends in Florida."

"We must tie these giant waterway systems together to sustain an economic development and put Florida on a Gulf to Atlantic super-highway of water-borne commerce," he said.

"But these things don't just happen," the secretary of state said. "What will we do? What have we done? What can we do?"

In answer to his own questions, Adams told his audience that the Florida Legislature has now undertaken a conservation program for all aspects of water use, such as never before seen in this nation.

"Your representatives and senators have provided the leadership to create a new board with total responsibility, set up on a divisional basis."

"Every waterway project in Florida is now a part of this program," he said. "The Governor and his cabinet for the first time, went to Washington to promote the Florida Waterways program."

"We have achieved, in one year, advances fought for for a generation."

"We now have leadership in the proper places. The Canal Authority of Florida is headed by Bill McCree of Orlando. Outstanding men have been chosen for the committee, from all over the state. These men can evaluate the needs of the entire state."

Concerning the Sanford-Canal Canal, Adams said that when an alignment is completed, the new Canal Districts Act will provide the authority to create a canal district. The governor can appoint members to obtain rights of way and an application for Federal funds can be made.

SECRETARY OF STATE, Tom Adams is shown here being greeted by "Sonny" Powell, president of the Chamber of Commerce. From left are Rep. Gordon Frederick, Sen. Bernard Parrish, Mayor Joe Baker, Secretary Adams, Powell and Rep. Mack Cleveland, who were among the many distinguished guests at the banquet. (Herald Photo)

County Commissioner James P. Avery Tuesday recommended that the board give serious consideration for an immediate engineering survey on a six lane "direct shot" highway from Seminole County to the Cape.

"If we don't do anything now, we are going to be bypassed as we have been in the past," Avery declared.

"We need a completely new road," he added.

Avery suggested a road, possibly from Ocala Road through Farm Park but added, "That would be up to the engineers."

"We would have to provide money. Our engineers wouldn't have time to do the job."

The board took the matter under advisement.

In other business, the commission set public hearing on raising septic tank fees for Nov. 14; also a public hearing on rezoning property behind the Seminole Trailer Park.

Tabled action on allowing the Seminole Sports Car club to hold a race next month at the Osceola Air Strip.

Authorized Commissioner Ted Williams to get a cost estimate

of a public address system for the commission chambers;

Revised the building permit fees after the \$15,000 valuation when no one appeared at a public hearing in opposition to the request.

Named W. H. Martin of Oviedo to serve on the Board of Adjustment;

Tabled action on moving a house at Lake Branly pending a report from the Zoning Board.

Poll On Fallout Tax Proposed By County Board

County Attorney Mack Cleveland Jr., Tuesday afternoon was authorized by the County Commission to get the attorney general's ruling on whether the board can use Civil Defense funds to conduct a double-postcard "vote of the people" poll on whether they would be willing to pay an additional three mill levy next year to finance a half million dollar Civil Defense program.

Continuity of basic government, \$235,000; education, \$32,000.

Recommendations included a warning system comprising of fixed sirens, a radio warning network, mobile devices and any other new developments that would provide for all citizens of the county.

All essential records to be microfilmed and copies stored in a suitable location.

Construct a "control center" that will house, feed and protect, from all dangers of nuclear attack, a minimum of 100 key personnel;

Establish a fuel and supply pump at the same location;

Employ a full-time civil defense director;

Establish suitable storage facility for 200 bed packaged hospital for food and other essential supplies.

By LARRY VERNHEL
The majority of the County Commissioners want a straw vote of the people on whether they favor a half million dollar Civil Defense Program. Nobody asked me, but how about a straw vote on whether the people favor recent county commission policies?

A three man county commission made up of John Fitzpatrick, Ted Williams and James P. Avery presented the report which calls for a \$75,000 warning system, hospital building, educational program which, according to Civil Defense Director A. B. Peterson Sr., would put this county among the "foremost" in civil defense in the county.

"I neither approve or disapprove of this program. . . I had nothing to do with it and it's not what I asked for," Peterson said.

Peterson had requested \$25,000 for a skeleton warning system and bringing the local CD office up-to-date.

At the same time, the three-man committee beat down a motion by Vernon Dunn that \$21,000 be transferred from the hospital aid to the incident program to carry out Peterson's program. County Commission Chairman J. C. Hutchison went along with Dunn.

In discussing the three-man committee's report, Fitzpatrick said the program speaks for itself. A "skeleton warning system" wouldn't help persons in out-of-the-way places. If we are going down the road, it might as well be the highway and go all the way," he added.

Avery called for the immediate post card survey citing the pressure put on this group from minorities that were not from the majority of the people.

Among the so-called pressure groups cited by members of the committee was the grand jury and local press.

Williams said the whole county should be protected and the only way was a complete warning system and education program.

The committee recommended that Federal Housing and Home Finance Loan or "other available financing agencies be contracted to get a one-year loan to pay for the program which would cost \$312,000.

The committee recommended that the loan be retired through a three mill levy to be included in the 1962 county tax roll.

"Since a considerable amount is involved, we believe that the registered voters of the county should have their wishes known and should therefore be polled as to their decision in the matter," the report said.

A comprehensive analysis of the cost of the report reveals: Warning system, \$75,000; production of documents, \$130,000; protection of personnel and con-

news... BRIEFS

Plane Lands Safely
GAINESVILLE (UPI)—An Air Force plane carrying 19 medical patients and eight crewmen landed here safely Tuesday night after one of its two engines quit.

University Closed
CIUDAD TRUJILLO, D. R. (UPI)—President Joaquin Balaguer reacted Tuesday night to two days of rioting at Santo Domingo University by closing down the just-opened university until Jan. 7.

Plane Crash Kills 7
TRAVIS AIR FORCE BASE, Calif. (UPI)—Seven persons were killed early today when a small civilian transport plane crashed and burned while attempting to take off from Travis Air Force Base.

Adenauer In?
BOSSN (UPI)—Chancellor Konrad Adenauer's announcement that he will retire in less than four years has virtually assured the parliament will elect him head of a new West German coalition government.

Welcome Ceremony
HAVANA, Fla. (UPI)—A talk by Agriculture Commissioner Doyle Center will highlight a welcome from Walter Butler, newly-elected national president of the Future Farmers of America, when he returns home Friday.

9 Die In Crash
BARNETT, Ga. (UPI)—A bus hauling about 30 Negro farm hands to their homes attempted to pass a stopped car on U. S. 278 Tuesday and slammed head-on into a tractor-trailer truck. Nine persons were crushed to death when the truck overturned on the bus.

Bulletin

Chester Oxford, retired Navy man and a resident of Sanford for four years, qualified this afternoon three and one half hours before deadline to run against Mayor Joe Baker and Mrs. Rita Crews for the City Commission in the Nov. 7 election. The deadline is 5 p.m. today.

Tropical Storm Kills 4 In Cuba

MIAMI (UPI)—A tropical disturbance carrying heavy rains that left four persons dead in eastern Cuba moved toward the Bahamas about Tuesday with winds up to 40 miles an hour.

The low pressure area, called a tropical depression, had not yet turned into the season's seventh tropical storm, but showed signs of slowly developing.

In an 11 a. m. bulletin, the Miami Weather Bureau said hurricane hunter planes found the disturbance poorly organized.

The board area of low pressure extended from the northern Caribbean to the Bahamas about 200 miles off the coast of Florida.

Call Off Big Test, U. S. Asks Russia

WASHINGTON (UPI)—The White House has asked Russia to call off its planned test of a 30-megaton nuclear bomb late this month because of the "mass" of radioactive fallout it would unleash.

The White House statement, issued Tuesday night by presidential Press Secretary Pierre Salinger, said that "such an explosion could only serve some unconfessed political purpose."

"We believe the peoples throughout the world will join us in asking the Soviet Union not to proceed with a test which can serve no legitimate purpose and which adds a mass of additional radioactive fallout to that which has been unleashed in recent weeks," it added.

Kennedy, Ike Agree On Tito Plane Sale

WASHINGTON (UPI)—An exchange of statements between former President Eisenhower and the White House has left them in agreement on the sale of 130 jet fighters planes to Yugoslavia.

Eisenhower said Tuesday in Newark, N. J., that the Kennedy administration made the decision to sell the fighters to Marshal Tito's Communist regime, but he thought the transaction was "in the best interest of the United States."

Hospital Auxiliary's Annual Show Thursday

Plans are complete for the big annual variety show sponsored by the Women's Auxiliary of Seminole Memorial Hospital being presented on the stage of Seminole High School, Thursday.

The curtain will rise at 8 p. m. with a rousing opening number by marching Navy men in a special feature number of the Star Spangled Banner.

Next on the program will be a lively brass quartet from Stetson University in costumes of the Broadway play, "The King and I."

The Rollins Music and Drama Dept. will present their singers in selections from the musical "Brigadoon," and the National Champion Accordion Band, "The Comanches," will perform. Dance numbers will be presented by the Royal Dancers.

Headlining the auxiliary's annual presentation will be the famous "Mr. Magic" with his fascinating tricks and entertaining artistry.

Tickets are available at Roumiltat and Anderson's, Touchton's, the USO and the Hospitality Shop at the hospital.

Rumors He Will Resign Denied By Hutchinson

County Commission Chairman J. C. Hutchinson today scotched rumors that he is considering resigning his commission post.

"There's just no truth to that report," Hutchinson said.

Hutchinson made the statement after the Herald questioned him that on recent county commission roll call votes he has been on the minority side 99 percent of the time.

The chairman also stated that he felt that the people would never vote for a half million dollar civil defense program unless it is explained in more detail to the public.

The chairman stressed that the committee was following executive orders from the governor regarding the microfilming of county records. "That can be expensive," Hutchinson also said that action was tabled Tuesday afternoon on employing a county attorney and health director.

"There was a lot of whispering around the table about tabling action on the attorney," he added.

He also said that choosing a health director was in committee made up of Commissioners James P. Avery and John Fitzpatrick.

METRO Wins In Close Dade Vote

MIAMI (UPI)—Dade County's controversial METRO government system won a close vote of confidence in a special election Tuesday, but the narrowness of the record referendum vote may dictate changes.

More than 200,000 persons voted on a package of 40-odd amendments that would have amounted to a new charter for METRO, an experiment in local government designed to meet the new and special problems of mid-century urban population growth.

Complete unofficial returns however showed 104,575 votes against the so-called McLeod amendment which drew 95,380 favorable votes more than double the 44,041 votes which first put METRO into effect on May 21, 1957.

Soil Conservation Board Elects Four

Elbert Cammack, W. W. Linn and C. A. Wates were elected Tuesday to serve four terms as directors to the Soil Conservation District Board.

Cammack is from Geneva; Linn Sanford and Wates, Longwood.

Reds To End Tests After Big Blast, Dean Says In UN

UNITED NATIONS, N. Y. (UPI)—A U. S. charge that Russia seeks a new moratorium to prevent nuclear tests by others after it winds up its own series with a 50-megaton blast on Oct. 31 confronted the United Nations today.

The charge was made Tuesday by Arthur H. Dean, chief U. S. negotiator for a permanent, controlled and inspected nuclear test ban. Dean made the charge as the General Assembly's 101-nation political committee prepared to wind up a week-long argument on which its agenda items should be debated first.

As a result, the committee postponed its vote until today when it will decide on the discussion priority of an Anglo-American demand for an immediate test moratorium and a Russian demand for debate on overall disarmament as the first order of business.

Dean pointed out that Russia resumed nuclear testing in September without warning and with obvious preparation carried out while a moratorium was in effect.

Pilot Says X15 Can Top 4,000 M.P.H.

EDWARDS AFB, Calif. (UPI)—Pilot Joe Walker—who set a speed record of 3,929 miles an hour—is convinced the X15 rocket plane will fly faster than its designed goal of 4,000 m.p.h.

The reason?

He put the black research plane's speed brakes on Tuesday to keep his speed down during a scorching 19-minute ride that signaled the X15 is ready for an all-out flight.

"I'll go out on a limb," Walker laughed after his flight. "If I hadn't opened up the speed brakes, we would have been over 4,000—maybe by 50 miles an hour."

Scientists wanted to study control problems in the speed range he flew. At that, he went 35 miles an hour faster than he was supposed to.

Fallout Film To Be Shown At Oviedo

County Agent Cecil Tucker will show a film and present a program on the subject of "Fallout in Agriculture" at 4 p.m. Thursday at the Oviedo American Legion Home.

The Legion has opened the meeting to the public, although it falls on the regular monthly program date of the organization, and urges that all interested persons in the area attend. The Legion Home is located just west of Oviedo on SR 426 across from the Oviedo Cemetery.

Margery To Leave

LAGOS (UPI)—Margery Michmore, of Foxboro, Mass., a 23-year-old American Peace Corps member under fire for remarks about "primitive" living conditions in Nigeria, is expected to leave for home tonight, informed sources said.

AN ORLANDO woman was hospitalized after a two-car collision Tuesday afternoon in Casselberry at the corner of Lake Triplet Rd. and the Dixie Highway. Injured was Mrs. Gerda F. Goodman of Orlando. The other car involved was driven by Mrs. Emily Murphy. Three children in the Goodman car escaped injury, according to the Highway Patrol. (Herald Photo)

No Change in Berlin Picture, Officials Say

WASHINGTON (UPI)—U. S. officials said today Soviet Premier Nikita Khrushchev's easing of his deadline for an East German peace treaty did not in itself greatly change the Berlin picture.

Secretary of State Dean Rusk was expected to give, at an afternoon news conference, the first formal U. S. reaction to Khrushchev's speech Tuesday before Russia's 22nd Communist party congress.

Tiger Tales

By L. E. HOGGENTRAN
LCDR.

The "Tigers" are under-way again. We left Rhodes, in the Dodecanese Islands this morning. The Dodecanese Islands cover the area of the Aegean sea and are a portion of Greece. The weather was good and the squadron enjoyed an all hands party at one of the local beaches. Football, baseball, swimming and boating were thoroughly enjoyed, with many new muscles and bruises abounding as the "Tigers" got their lead legs back.

One startling thing happened! The ship received word that a fire had started in the brush, was out of control due to heavy winds—of course the word was garbled and came out—a fire had started in the brush, was out of control due to heavy ones. The skipper, Commander C. A. Dunn Jr. immediately responded by calling out the duty section to aid in controlling the fire. Fortunately, the correct word was received before our intrepid firefighters descended in mass upon the island.

Leutenant (junior grade) Robert H. Yates reported aboard on the 16th of October. A new pilot for Heavy Attack Squadron One, but with a wealth of experience, some one hundred and 30 carrier landings and many flight hours. Tomorrow will see the half way point in our present deployment and we are eager to start downhill. The mail seems to have caught up with us so far, but a few more letters or notes from home wouldn't be minded at all.

Weekly Bridge Winners Named

Winners were announced today for the weekly Tuesday afternoon play of the DeLary Duplicate Bridge Club which this week saw 11 tables in action.

Named were, NS, first, John Vanderehaaf and E. E. Walters; second, Mrs. C. T. Hasala and Mrs. Robert Leigh; third, Mrs. D. M. Lackey and Mrs. Edwin Wachter and fourth, Mrs. Frank Austin and Mrs. F. G. Stomphora.

EW winners were first, Mrs. E. Z. Walters and Mrs. John Vanderehaaf; second, Mr. and Mrs. Arthur Willgoose; third, Mrs. R. L. Beady and Mrs. A. G. Basom and fourth, Mrs. M. L. Patterson and Mrs. Frank Holder.

American officials hoped to study the full text of the six-hour speech before making any public comment. However, their "first impressions" following these lines: Khrushchev removed his year-end deadline for a Berlin settlement somewhat conditionally, saying the deadline was off "if the Western powers display readiness to settle the German problem." Therefore, he did not entirely take the heat off.

Soviet Foreign Minister Andrei Gromyko, perhaps more vaguely, said much the same thing in his recent talks here with Rusk and President Kennedy.

Khrushchev did not yield an inch on any of his basic demands on Berlin. All of the Western Allies—most strongly France—do not want to enter actual negotiations until Russia first shows some signs of conciliation on substantive points.

After the Gromyko talks, both Rusk and Kennedy reported they had found "no basis" for East-West negotiations but that they wanted to continue exploratory talks. This appeared to be still the U. S. position today.

The speech may have been somewhat a victory for the West, in that Khrushchev found he could not bluster the Allies into accepting his deadline for an East German treaty.

Some officials said they had expected for some time that he would ultimately shift ground in this way.

Finland Plans To Pay Debt

WASHINGTON (UPI)—Finland, the country that always settles its debts, planned to pay a debt of gratitude today to an old friend.

President Urho Kekkonen of Finland, his two-day Washington visit at an end, had an appointment in New York today with former President Hoover.

Hoover, then heading the U. S. Relief Administration, cut through red tape to get needed food shipments to Finland in 1918.

Through the years, Finland and the Finns have remembered Hoover. The food shipments that Hoover speeded on their way helped the fledgling republic at a time when the country needed all the help it could get.

Charcoal is wood heated to a high temperature in an air-tight container.

Highlights

TV Time Previews

7:30-8:15 p. m. (NBC) Wagon Train — "The Selma Hartnell Story." Mostly interesting due to Jan Sterling's performance as a beautiful, scheming bounty hunter. Picking out Will Correll (Claude Akins), pacifist leader, she wants Wagonmaster Chris Hale to arrest him for murder. Episode stars John McIntire as the wagonmaster, Robert Horton as Flint McCullough, and Frank McGrath.

7:30-8:30 p. m. (ABC) "New Steve Allen Show." Guests are Carl Reiner and Mel Brooks featured in a routine going back 2,000 years; the set, however, is fresh, and one of series they have done in similar vein. High spot is a sketch on art thievery, with Reiner appearing as "Bugs" Malloy, chief of the mob. Brain behind the plotting is "Specs" Berner, played by Buck Henry. In the musical segment, Steve plays "The Song Is You," and Barbara McNair, recording artist, sings "Hallelujah" and "I Just Love That Man."

8:30-9:30 p. m. (CBS) Checkmate—"The Heat Of Passion." Intriguing character, played effectively by guest-star Dorothy Malone, makes this average fare. Dr. Hyatt (Sebastian Cabot) arrives at a mountain vacation lodge as first guest of the season. There's been a foul murder plot afoot, in which passion makes the wife an accomplice. The good doctor takes the scheme and mountain scenery in stride.

9-10 p. m. (NBC) Perry Como—Kraft Music Hall. Color. Nostalgia is the theme for a segment of tonight's show. Among the guests is former boss Ted Weems, with whose band Perry was featured as vocalist in 1936. Joining in the re-

union are four of the original sidemen who played with Weems 25 years ago. Other show headliners include Martha Raye and Rita Moreno, making her first appearance with Como.

9:30-10 p. m. (CBS) "Mrs. G. Goes To College." Some laughs out of Sarah trying to unload an old auto which belonged to her late husband. Sarah has kept it for sentimental reasons, but eventually decides to give the car away. Difficulties develop.

10-11 p. m. (CBS) U. S. Steel Hour—"Bury Me Twice." Suspense is maintained nicely throughout. George Morris, owner of a British nursery, acts evasive when queried about the whereabouts of his wife. Blood-stained hands add to the suspicion. Plus that, there's a heavy blunt instrument—a fireplace poker! We won't spoil it by telling who kills whom, but there's a surprise when wife Ruth shows up. Then, the plot takes an additional twist. Starring Dan O'Herlihy, Phyllis Thaxter and Leo G. Carroll.

10-10:30 p. m. (NBC) "The Bob Newhart Show." Color. Newhart displays a range for satire extending beyond Madison Avenue—to the banks of the Nile. He does an amusing sketch about the difficulties an Egyptian might have had in making a loan back in the days of the Pharaohs. Guests are Louise Glenn and Peter Leeds. Another routine involves people who have the misfortune to look like celebrities; also, there's a skit about tipping. Musical segment features Martin Denny Hawaiian group. From Egypt to Hawaii makes for a sort of comic "Cook" tour.

Written In Sky

With today's stress on vast ventures in space and missile fields, it should be no surprise that increasingly lavish sums are going into private industrial firms' work in research and development.

The 1960 figure was \$10.5 billion, up around 10 per cent from the previous year. Of the 1960 total, nearly 60 per cent was financed by the federal government.

Where contrast is more sharply seen is in comparison of 1960 with 1953. Research and development expenditures in industry were just \$3.5 billion at that earlier stage.

We were still hard at war in Korea for more than half of 1953. But missile work was still in relative infancy, and space exploration was little talked of. The great surge in research tells the story of our entry into a totally new era.

Dr. Crane's

Worry Clinic

Bob's mother isn't giving as good psychology as the average mother. For she has tried to keep Bob in the family "nest" long after he should have been out testing his own wings in independent living.

Dr. Crane, when I graduated from high school, I planned to go to college," he began. "But my mother didn't want me to leave home. So she told me I would be unhappy and never be able to get along away from home."

"Well, I'll admit I had been over-protected most of my life. I was an only child. But I felt it was time to stand on my own feet."

"Despite her tears and threats, I went to college, and I purposely chose a school that was more than 1,000 miles away."

"Mother immediately started writing me very discouraging letters. Then she'd telephone me two or three times per week, and tell me about her ailments and cry over the phone."

"She'd say she thought she wasn't going to live very long and that I ought to come home the next week-end or I might never see her again."

"Because of all that tension, my grades weren't anything to brag about, and I was on probation the second semester."

"So I dropped out last year and got a job. Meanwhile, I wrote my mother that I would never come home again unless she let me live my own life."

"So she must be reconciled to that fact that I am growing up and living like a free man, for she has recently been writing very nice letters."

"Most of my life she had bullied me into doing whatever she wanted. As I look back, I can see she did the same thing with my Dad."

"During my years at home I can recall how she would browbeat Dad into doing whatever she wanted."

"If he ever tried to be independent, then she'd get sick and make a scene, so he finally gave in and lived a meek, henpecked existence."

"But I'm unwilling to let her ruin my life. I want to become a teacher, so I plan to go back next term. Don't you think I used the right psychology on Mother?"

Yes, Bob is to be congratulated on learning how to stand on his own feet, despite the maternal bullying of his spoiled mother.

Too long the emphasis has been placed on spoiled children. There are thousands of spoiled parents, and his mother certainly fits into that category.

Human parents should take a lesson from the mother bird. The latter is very loving and kind to its fledglings. It slaves from sunrise to sunset to collect bugs and worms with which to feed its baby birds.

But it seems to realize that the proper test of motherhood is to send forth a self-reliant youngster.

So the mother bird will actually push its lanky fledgling over the side of the nest to make it take over its proper adult duties.

Many human parents forget that their job is also to send forth a trained son or daughter into independent living, away from the home "nest."

So they may actually hinder their children and browbeat them into staying home, when those sons or daughters should go to college or move to other cities where better jobs beckon them.

It may cause some temporary heartache to see your youngster cut loose from your parental apron strings, but that's the finest tribute to good parental training.

Be sure to send for my "Test" for Good Parents," enclosing a stamped return envelope, plus 20c. These Rating Scales also make ideal subject matter for P-TA discussions.

Taylor Arrives In Viet Nam
SAIGON, Viet Nam (UPI) — Gen. Maxwell D. Taylor arrived here today on a special inspection mission for President Kennedy which may determine whether the United States commits combat troops to stem the Communist tide in southeast Asia.

The former U.S. Army chief of staff was accompanied by the President's adviser on national security affairs, Walt Rostow, and a number of ranking Defense and State Department experts.

From Rome

Henry McLemore

As soon as I got my bedroom slippers revealed I am going to slip away to our neighborhood psychiatrist, stretch out on his "divan de dialogos," and tell him what's bothering me.

Not everything that's bothering me, of course, for if I did that, even at cut-rate prices, my bill would be astronomical. Just the answer to the big problem—that's all I want.

The big problem is this: Why is it that since I have returned from Europe I have THE BOMB always on my mind, while when I was over there I never thought about it at all?

It seems to me—and this is what worries me—that in Europe I should have been much more bomb-conscious than I am in America. Italy, where I was most of the time, hasn't got a bomb to its name, has no great Air Force and not much of a Navy. Italy is wide open to attack and is much closer to the enemy.

Yet in Italy I never gave THE BOMB a thought, and neither did anyone else. In all the time I was there I never heard an Italian mention the infernal thing, nor did I hear of a shelter being built by any person.

The bomb is never mentioned in France, either. The same is true of Spain and Greece and all the other countries. But as soon as I stepped on the soil of my homeland THE BOMB was in the air, everywhere. People talk about it all the time. Men are getting rich filling orders

for shelters. At parties people argue as to the type of shelter, and what to put in them, and who to let in them in case of attack.

Why are we Americans so much more concerned than the peoples of other lands? Not even in Berlin, right smack on the bulls-eye, is there much talk of the bomb. Berliners go right about their business as if this were the year 1068 and not 1961.

Is it because we Americans have more sense than Europeans? More foresightedness? Or is it because Europeans don't care too much about living, or are lazy or stupid? Or do they believe that some miracle will save them in case nuclear warfare breaks out?

I brought up the subject once or twice in Rome and was told that in case of war Romans probably would flock to the Catacombs and go underground like the Christians of centuries ago.

The Catacombs would make a pretty good shelter, but only if none of the guides who take tourists through was down there too. They are without exception the

most tiresome, monotonous talkers in all guideddom. Three or four days with them and you'd die from boredom a lot quicker than from radiation.

I wonder if we Americans don't talk about the bomb too much. It's all right to think about, and plan for it in case it drops, but it shouldn't hang over our heads like a well, like a bomb. Our minds are liable to go underground, or we might begin to think, like an ostrich, that if we keep our heads buried all will be well.

Maybe it would be better to look up, not down, and try to figure out a way to make going underground unnecessary.

IAPA Debates Castro And Press

NEW YORK (UPI)—The question before the Inter American Press Association today was not whether Cuban Premier Fidel Castro should be condemned for suppression of the free press.

The question, rather, was just how strong the castigation should be. The issue is an emotion-charged one, as many newsmen here for the 17th annual IAPA general assembly had newspapers confiscated by Castro and are in exile.

A debate on the IAPA freedom of the press committee report was scheduled as the first business in the closing meetings of the three-day assembly, which began at the Waldorf Astoria Hotel Monday.

The press freedom committee submitted its report Tuesday, charging that Castro not only had stamped out freedom of the press in Cuba, but had embarked on a systematic campaign to take over all the press of Latin America through infiltration and sabotage.

Parents Protest Chicago Schools

CHICAGO (UPI)—A public session of the Chicago Board of Education turned into a stormy debate Monday over alleged segregation in the city's schools.

At one point, Negro parents walked out of the meeting en masse, shouting "Integration Now!" negro pickets marched in the street outside.

After the first two of 53 scheduled speakers took up more than an hour, attorney Paul B. Zuber described the speeches as "filibustering." Zuber recently filed a suit on behalf of 17 Negro parents, demanding that schools be integrated.

Peter Edson's Political Notebook

WASHINGTON (NEA) — The American Communist party has sent its leaders throughout the United States a secret "National Plan of Work" for the "final period" of 1961.

The plan is based on "political estimates" made by Gus Hall, the party's strong man. It was adopted by the American Communist party's national executive committee.

The plan calls for concentrating the Red efforts in five key states: "We designate for concentration Pennsylvania, Michigan, Ohio, Illinois and California," the plan says. "We shall select Harlem in New York and the South Side in Chicago for major concentration. A separate plan should be prepared for the South."

Communist district leaders throughout the United States have been told to pinpoint key target areas in their districts. They are told that these key targets are to be "the mass industries" and the "Negro communities" in their districts.

In these target areas, the Communist henchmen are told, they are to give their first attention to "reaching Negro workers and youth" and to "single out the reaching of women."

"We must," says the plan (make) "our party the party of the workers, the party of the Negro people."

Key objective of the National Plan of Work for late 1961 is the "developing of united fronts with 'left wing' and 'progressive forces' in the labor, youth and Negro people's movements."

"Mastery of the theory and practice of the united front policy is a key task before the whole party—before every organization, every member," says the plan.

Communists are to give "utmost attention" toward building these united fronts and "creating closest ties between Communists and non-Communists on all levels."

Communist district leaders are told that they are to see that "every Communist unit and 'every comrade' in their district must discover or case those issues 'which are of concern' to the labor unions, the mass organizations and other community groups in their neighborhoods. They are to use those issues as a means of developing these 'united fronts.'"

The plan goes into detail on the organization of Communist clubs: They shall meet twice monthly. They shall have three-man-or-more executive committees.

Youth membership is to be increased 50 per cent. Young people are to be made officers in senior clubs.

The plan requires a step-up in ideological education. "The World Marxist Review" and "Public Affairs and Foundations of Marx-

ism-Leninism" will be used as texts. "The Organization Bureau shall be responsible for regular check-up of the plan and report to the National Board."

Reports are, however, that the Supreme Court's decision that Communists must register has put a severe crimp in the Communist party's program for carrying out this "National Plan of Work."

covered by a warranty. Is he right?—J.J.B.

A—Dear J.J.B.: Really, you are both right. If this sounds contrary, here is what I mean: Any defect in your car is covered by the year's warranty. However, if you abuse your car or do not maintain it, your warranty will not help.

For example, your owner's manual will recommend that the oil filter be changed after a certain interval. This is something you must pay for. However, if the filter develops a defect, it must be replaced, then it is covered by your warranty.

Plan X-Rays
DALLAS, Tex. (UPI)—Doctors are trying to "latten up" House Speaker Sam Rayburn today and build his strength enough to possibly bombard the cancer that is killing him with a two million volt X-ray machine.

Q—If my property is damaged by storm, can I deduct those damages from my income tax?—J.S.
A—Dear J.S.: To a degree, you can. Taxpayers who suffer financial losses from floods, storms and other disasters may deduct losses for which they were not reimbursed by insurance. For full details get Document S174 from your local Internal Revenue Service office.

Q—When a stock becomes listed on a stock exchange in price?—P.K.
A—Dear P.K.: You can never be sure exactly what direction a stock's price will take. According to a study just made by Spear & Staff, Inc., investment advisory service, so far this year 28 stocks never before listed were listed on the New York Stock Exchange. Their study of 21 of these issues shows that seven now are selling at higher prices while 14 have dropped in price since listing.

Q—Despite the fact that new cars now carry a one-year warranty, my neighbor tells me not everything in my new car is covered by a warranty. Is he right?—J.J.B.
A—Dear J.J.B.: Really, you are both right. If this sounds contrary, here is what I mean: Any defect in your car is covered by the year's warranty. However, if you abuse your car or do not maintain it, your warranty will not help.

New Hopper Elementary School On Bay Ave. Is Opened

Hopper Elementary School children and teachers moved into their modernistic new school building located on Bay Ave. and 11th St., last week.

"We are very proud of this new building," said L. R. Eubanks, principal, "and everyone is enjoying the many splendid facilities. The new surroundings have created a greater desire to work and learn."

The principal extended appreciation to the state officials, county school board and others who made the new school possible.

The main plant consists of eleven classrooms, cafeteria, library, clinic and administrative suite. Each classroom is equipped with modern facilities such as natural lighting, ventilation and thermostatically-controlled heating. Rooms occupied by primary grades are equipped with toilet facilities and sinks for the children's and teacher's convenience.

The cafeteria has a seating capacity for 300 persons with a kitchen equipped with an electric dishwasher, four sinks, three ovens and a steamer.

The centrally located administrative suite includes offices of the principal and secretary, teachers lounge and a lobby for visitors.

The school's staff consists of eleven teachers: First grade, Mrs. W. R. Beller; First and second grades, Mrs. T. R. Sheppard; Second grade, Mrs. L. W. Bryant; Third grade, Miss R. D. Harrington and Mrs. E. O. Young; Fourth grades, Mrs. R. F. Lawson and Miss L. G. Frazier; Fifth grade, Mrs. L. D. Bacon and Mrs. J. B. Merritt and Sixth grade, Mrs. A. H. Byrd and L. V. Johnson. School secretary is Mrs. J. W.

Simmons and Mrs. L. Bradley is lunchroom manager, with the assistance of Mrs. Beatrice Clark and Mrs. Dorothy Adams. Thomas Wilson Jr. is custodian.

Trial Set For Two
OCALA (UPI) — Two men charged with aiding and abetting in the \$335 robbery of the Umatilla State Bank Sept. 19 will go on trial before Federal Judge Bryan Simpson Oct. 25. Marlon Alexander Prevatt, 41, of Leesburg and John Wesley Barnhill, 39, of Coleman, have pleaded innocent.

LT. GOV. OF THE PILOT CLUB, Mrs. Herbert Rice of Jacksonville, was honored guest of the local Pilot Club on her annual visit. Shown here gathered around their guest Mrs. Rice, who is seated, are members of the club, Mrs. Raymond Ball, Mrs. V. C. Messenger, Mrs. Sue S. Stevenson and Miss Elsie Farley. (Herald Photo)

Pilot Club Host To Its Lieutenant Governor

Mrs. Herbert Rice, First Lt. Gov. of Dist. Four of Pilot International was the honored guest of the Pilot Club of Sanford recently when she arrived here on her official visit to the local club to hear reports and advise.

After being entertained with dinner at Jim Spencer's Restaurant, the club held its business meeting in the lounge of the Florida State Bank.

The annual Founders Day program was announced for Oct. 24th and all members are to attend the First Baptist Church in body on Oct. 29th in observance. This follows the club tradition of attending a different church each year.

District Official Guest At Meeting Of Methodist Men

By JANE CASSELLBERRY
E. A. Amerson, Orlando district president, was guest speaker at the Oct. 10 meeting of the Casselberry Community Methodist Men's Club.

Amerson reported on the Laymen's Retreat held recently at the Methodist Youth Camp near Leesburg and suggested various projects which could be undertaken by the local group.

Reception and Fellowship chairman gave a mask and party favors and the USO committee had small insignias of Navy and Marines on tiny flags. The secret pal group had a gift and By-laws and Attendance committees produced a small replica of by-laws.

UAW Discusses Non-Money Matters

DETROIT (UPI) — Chrysler Corp. and United Auto Workers negotiators concentrated today on non-money matters, reversing the order of new contract bargaining in an attempt to avert strike action.

The company and the union decided to tackle national non-economic matters and local plant-level disputes before turning to the economic area. Recent strikes at General Motors Corp. and Ford Motor Co. were called over non-economic issues.

World Sports Editor

A grade of activity is occurring this week of Seminole High School as Head Coach Jim Piggitt and his undisciplined Varsity Football Squad are spurred on to preparation for Friday's gridiron contest with Winter Park, confident in the knowledge that the mighty Seminole have finally made the Top Ten in the state of Florida—in the sixth place berth.

In the Tampa Tribune Sports-writer Paul last week before Sunday's overwhelming 20-0 defeat of Seabrook High School in Daytona Beach, the Seminoles were tied for tenth place in the ratings. At that time the Seminoles had not yet put in their appearance and were not rated in the Top Ten. This week the best-looking Seminole are second place. Next week, who knows? Still in first place in the Orange Bowl Conference and the only class "A" school in Florida to make the Top-Ten ratings, Piggitt's Seminoles have a lot to look back

on and even more to look forward to. The Varsity squad has now compiled a total of 86 points in four winning games that the Seminoles have played this season compared to their opponents' unscoring losses.

If the Seminoles can keep up this fast-stopping pace and defeat the Winter Park Wildcats, a team which the Seminoles chopped last year 13-0, the undefeated Seminoles will take another big leap in the ratings with half of the gridiron season behind them. The one factor against the Seminoles: With each victory, Seminoles becomes a bigger prize. When the prize becomes larger, the effort made to win the prize becomes greater.

The Seminoles are still weak in passing attack. In last Friday's Seabrook 20-0 triumph for the Seminoles, only two passing attempts were made with neither of them successful. Coach Piggitt realizes that this area could stand improvement and has been trying this week to strengthen his offensive to the point where greater

accuracy and distance in passing will be obtained.

Seminole starting halfback Buthe (Jackrabbit) Davis still leads the Seminole High football scoring chart with five touchdowns in four games for nearly one-third of the total points scored by the Seminoles this season. One of these touchdowns was made by Davis in the third quarter of last week's Seabrook game on a 14 yard scamper.

Harvard Seminole punting star Gary Davidson is in the number two slot of the point-scoring specialists of Seminole High School. Davidson has made two touchdowns in the four games and has compiled a total of nineteen points, holding the distinction of being the only player to score in each of the Seminoles' four games of the season.

The Seminoles' 180 lb. All-back Bill Phagan, usually in the starting Friday night lineup position, is in third place in scoring with two touchdowns and a total of 13 points in four games. With seconds left in the third quarter,

Phagan made the extra point for Sanford last week on Butch Riser's center line touchdown run for the Seminoles.

Right tackle Eugene Williams, the Seminole who has chalked up quite a record for himself with his talent of covering the pigskin for the Seminoles in the end zone as a result of last week's contest is in a fourth scoring place position with right halfback Butch Riser, one of the Seminoles' exceedingly well trained back-field players and an all-around quick-thinking gridiron star.

Starting Seminole right end Don Harvey, 175 lbs. of muscular coordination, surprisingly has not scored for the Seminoles this season, although he has frequently been in situations where the Seminoles could not have scored without his affirmative action. Harvey was one of the Varsity scoring players of last season and is a strong defensive man this season. Harvey was top in end position last year and should be watched on right end Friday night.

FINE START By Alan Mayer

84 Sunday Herald Page 6—Wed. Oct. 20, 1954

'Too Early'

GREEN BAY, Wis. (UPI) — Green Bay Packers coach Vince Lombardi, stunned by Tuesday's announcement that halfback Paul Hornung and linebacker Ray Nitschke were ordered to active military duty, said, "It's too early to tell" who will replace them.

Hornung, 25, former All-American from Notre Dame and the leading scorer in the National Football League the past two seasons, will report Oct. 20 to Ft. Riley, Kan., with the 60th Infantry Division. Nitschke, 24, was ordered to active duty with the 22nd National Guard Division of Wisconsin at Ft. Lewis, Wash., Nov. 3.

Both players will be able to get in two more Sundays of action with the Packers before reporting. Both Green Bay games will be against the Minnesota Vikings, with one meeting in Minneapolis Sunday and the other at Milwaukee Oct. 24.

Enthusiasm High At Grid Competition

A good turnout of fans and spectators were on hand Tuesday night at 7 p. m. to watch the competition and awarding of prizes and certificates in St. Louis-Morrison's First Annual Fall, Fall, and Kick Contest sponsored by Ford Motor Company for young men to ten years old football enthusiasts.

Winners in the age ten group were: in first place, Allen Walker with a score of 170; second place, Allen Getman with a score of 170 and third place Glen Jones with a score of 171.5.

The first place winner in the age nine group was Skipper Senkwith with a score of 172.5. Paul Sakbe was second place winner with a score of 161. Robert Schmidt came in third with a score of 151.5.

In the age eight group, winner in first place was Douglas Malinowski with a high score of 144.5. Second place winner was Tommy Parks with his score of 102. Mike Godin was third with a score of 90.

Winner in first place for the age seven group was Andrew Brubaker Jr., with a high score of 91. Robert Muehlecker was second with a score of 85. In third place was Fred Ogden with 78.5.

In the age six group were only two winners and contestants, Mike Scott who took the first place position and Ricky Groover who came in for second place.

Members of the Seminole High School Varsity Football Squad who demonstrated for the young contestants were: Gary Davidson, punting; Butch Riser, passing; and Jim Terwilliger, place kicking.

Competition began with the six

year old group of boys, with the Seminole Varsity players taking time with each contestant to show him the techniques of punting, passing, and kicking. Scores were computed only within each age group, with six year olds competing only against six year olds.

After each group had gone through the competition, Judges Walker Cook, Jim Buckler, and

Howie Gordy arrived at their decisions and Contest Chairman Gary Hedges announced the winners and awarded the prizes.

Each of the first place winners received a complete National League Football Uniform; second place winners received a warm-up jacket; third place winners received a MacGregor regulation sized football.

Michigan State 7 Point Favorite Over Notre Dame

NEW YORK (UPI) — Second-ranked Michigan State is a 7-point favorite to down fifth-ranked Notre Dame in their "meatball" of the unbeaten Saturday.

Both teams scored impressive victories last Saturday, the Spartans downing previously unbeaten Michigan, 20-0, for their fourth straight triumph of the season and Notre Dame clobbering Southern California, 30-0, to run its record to 4-0.

Mississippi, the nation's No. 1 college football team, is a whopping 20-point choice over Tulane, but third-ranked Texas is only a 4-point favorite over Arkansas.

In the three regionally televised games Saturday, Penn State is a narrow 1-point choice over Syracuse, Alabama is a 6-point favorite over Tennessee, and California is a similar one-touchdown favorite over Southern California.

Navy is picked to defeat Detroit by at least 7 points in a Friday night game.

Other odds on Saturday's major games by sections:

East: Holy Cross 6 over Dartmouth; Princeton 7 over Colgate; Villanova 7 over Boston College; Cornell 1 over Yale.

South: Florida 6 over Vanderbilt; North Carolina 6 over South Carolina; Georgia Tech 7 over Auburn; Duke 6 over Clemson; Mississippi State 7 over Georgia; North Carolina State 7 over Wake Forest; Louisiana State 12 over Kentucky.

Midwest: Indiana 3 over Washington State; Michigan 7 over Purdue; Ohio State 7 over Northwestern; Minnesota 12 over Illinois; Iowa 13 over Wisconsin; Missouri 7 over Iowa State; Colorado 19 over Kansas State.

Southwest: Oklahoma State 2 over Nebraska; Kansas 6 over Oklahoma; Texas A&M 6 over Texas Christian; Baylor 12 over Texas Tech; Rice 14 over Southern Methodist.

Far West and Rockies: UCLA 6 over Pitt; Washington 7 over Stanford; Maryland 10 over Air Force.

Kilmer Setting Pro Grid Circuit Statistics On Fire

NEW YORK (UPI) — Rookie quarterback Bill Kilmer of the San Francisco Forty-Niners is breaking into the National Football League with the most impressive performance since Cleveland's Jimmy Brown in 1957.

While the leadership in the five major departments remained the same as last week, Kilmer jumped up to No. 4 in rushing and a tie for runner-up in scoring, official league statistics showed Tuesday.

Fullback Jim Taylor of the Green Bay Packers widened his lead in rushing, while Bill Plum of the Browns stayed on top in passing. Del Shofner of the New York Giants in pass receiving, Yala Lary of the Detroit Lions in punting and Paul Hornung of the Packers in scoring.

The six-foot, 180-pound Kilmer gained an even 100 yards by rushing against the Minnesota Vikings

last Sunday to increase his total to 356 and a 6-yard average per try. He also scored 4 touchdowns and now has a total of 48 points to tie for second place with Lenny Moore of the Baltimore Colts. Hornung leads with 77 points.

Taylor gained 159 yards in 21 carries during Green Bay's win over Cleveland Sunday and swelled his yardage to 64 yards per carry also is tops in the NFL. Jimmy Brown remained second with 367 yards and a 4-yard average, with Nick Pietrosante of the Lions third and Kilmer fourth.

In passing, Plum was first with 75 completions in 131 tries for 834 yards, 9 touchdowns and a 57.3 percentage. Sonny Jurgensen of the Philadelphia Eagles, the runner-up, had the highest yardage total (1,124) and the most TD passes (11), while John Brodie of San Francisco had the best percentage (82.3).

Shofner led the pass receivers with 25 catches good for 347 yards, although Tommy McDonald of the Eagles closed in with 24 catches for 342 yards.

Lary continued to lead the punts with a 47.4-yard average for 23 kicks.

In the lesser departments, Johnny Sample of the Pittsburgh Steelers led in pass interceptions with 7; Willie Wood of the Packers remained first in punt returns with a 25.1-yard average for 7 runbacks, and Tim Brown of the Eagles was tops in kickoff returns with an average of 33.8 for 11.

Schwalm Named Top AL Rookie

NEW YORK (UPI) — Don Schwalm, who left the University of Oklahoma in 1957 to sign a \$20,000 bonus contract with the Boston Red Sox, was named the American League's Rookie of the Year today by the United Press International's board of baseball experts.

The 6-foot, 6½-inch, 210-pound right-hander, who had a 15-7 record although he didn't join the Red Sox until May 21, received .6 votes from the 36-man board. Lee Thomas of the Los Angeles Angels was second with seven votes followed by Dick Howser of the Kansas City A's with six, Chuck Schilling of the Red Sox with four and Floyd Robinson of the Chicago White Sox with three.

Top Teams Take Beating

Although the top teams took a beating in the Thursday Night Mixed League, Fryor's State Farm Insurance managed to hold on to first place with a game and a half to spare. Second spot is shared by Appleby's Restaurant and Team Seven, while Powell's Office Supply climbed up to third.

Stine's Machine Shop and Stone's Allatators tied for fourth, with Wilson-Maler Furniture just a half point back. Piro's Mfg., Team Two and Stelmeyer Book-ling are also closing in on the top three.

Top man this week was Pat Fitzpatrick with a big 566 scratch series. Jimmy Anderson rolled a 234 for high game in the league.

The 3-10 proved easy pickin's for Harry Patecock, Ruth Phillips, Ken Stone, Don Brumfield, John Downs and Kathy Bukur. Joan McCollough, Fat Desroiph and Hal Gilstrap made the 8-7, Dot Powell picked up the 8-10 and Dutch Shurgerts got the 8-9-10.

Junior Varsity Has Open Date

Seminole High School's undefeated Junior Varsity "B" Squad has an open date this week with no gridiron contest scheduled for Thursday night.

Practice sessions for the Junior Varsity are being intensified for next week's pigskin clash with Lakeview which will be the last game of the season for the "B" Squad.

Head Coach Ralph Stumpf feels that his boys have done a "good job" in the games played to date this season and are looking forward to next week's final football competition with enthusiasm.

The Junior Varsity Squad this season has scored an impressive 113 points in four games to remain undefeated against their opponents' markup of points scored of 19 points.

Star quarterback Billy Lovelace who was the standout scoring superlative and all-around gridiron player of last week's smashing 33-0 defeat by the "B" Squad Seminoles of the DeLand Bulldogs is expected to put on a good quarterback position on a week from Thursday night.

Gauthier Optioned

MONTREAL (UPI)—The Montreal Canadiens of the National Hockey League have optioned rookie defenseman Jean Gauthier to Hull-Ottawa of the Eastern Professional Hockey League.

Holler Takes Over First

The Heller Motor's Navy Wives League VAH-3 officers went into first place with a 16½ win-7½ loss record.

Park Ridge and VAH-7 Enlisted are tied for second place with a 15 win-nine loss record. Navy Wives 211 is in third place with a 14-10 record.

The 5-4-10 split was picked up by Louise Cadzaneac, Kay Rozas and Peggy Washburn picked up the 3-10 while Gaele Spradlin picked up the 5-10 and Eve Astar the 5-7.

High game and high series for the day was rolled by substitute Betty Allen, with a 128 game, 530 series.

Trabert Whipped

VIENNA (UPI) — Alex Cimedo of Los Angeles defeated Tony Trabert of Cincinnati, 1-6, 7-3, 6-4, Tuesday to advance to the quarter-finals of the world indoor professional tennis championships.

Corals Take Over 1st Place

The Corals take over first place in the Food-Mart Country Club Manor League this week with 19 wins and five losses.

Holding second place is the Food Markettes team with 16 wins and eight losses and in third place are the Butchers with a record of 14-0.

Splits were picked up by Lou Crane, who got the 2-7, Fran Hilliard and Isabel Makix who picked up the 3-10; Marilyn Bailey and Louise Cadzaneac who got the 3-10 and Clara Barber had a turkey.

High game was the 178 rolled by Martha Kinnard and Marilyn Bailey's 438 was high series.

VOL. 53 United Press Leased Wire Established 1908 THURSDAY, OCTOBER 19, 1961 SANFORD, FLORIDA NO. 804

Viet Nam Reds Beef Up

SAIGON, Viet Nam (UPI)—The South Viet Nam government today reported a continuing buildup of regular Communist military forces in the north central plains area. Gen. Maxwell D. Taylor studied ways the United States could better help contain the spreading Red menace.

He estimated the number of Viet Cong regulars in north and central portions of the country now totaled at least 30,000 plus hundreds of thousands of supporters.

Maginot line" concept that could lead to disaster. Taylor spent all morning in a detailed study of the military situation with Lt. Gen. Lionel McGarr, the head of the United States military advisory group, and other officers at headquarters here. Friday Taylor will begin a two-day survey tour of the military situation throughout the country.

Hoffa Mail Fraud Plea: Innocent

ORLANDO, Fla. (UPI)—Teamsters Union President James R. Hoffa pleaded innocent for the second time in 10 months today on mail fraud charges stemming from misuse of \$500,000 in teamster funds.

Circuit Court of Appeals in New Orleans seeking to overturn a ruling by Federal Judge Joseph Lieb, who ruled Oct. 13 against Hoffa's motion to suppress "wiretap evidence" Hoffa charged was presented to the grand jury which indicted him.

Hoffa and Detroit banker Robert E. McCarthy Jr., a co-defendant, entered plea at their arraignment before U. S. District Judge Douglas Devane, who accepted their innocent plea to the same charges here last Dec. 16.

Devane gave the defendants until Dec. 1 to file motions. No trial date was set.

Davis said he based the appeal on the fact that Lieb made his ruling without holding a hearing.

By LARRY VESSEH
Nobody asked me but, wouldn't the County Commission have avoided a great deal of criticism if they would have worked closely with the Civil Defense Council mapping out a program?

CAPT. ROBERT SLYE will receive a change of orders about mid-November. Capt. Slye will have completed a two-year hitch at the Sanford Naval Air Station as base commander. His replacement will be Capt. Robert Ware.

CHESTER OXFORD

School Board Awards Low Bid For Bleachers

The County School Board today awarded the low bid of \$7,587 to the Imperial Athletic Co. of Winter Haven for new bleachers for the Seminole High School Gym. The bleachers will be installed in 60 days. They include 1,680 seats.

Three To Run In Nov. 7 City Commission Race

Mayor Joe Baker will race two opponents in the city commission race Nov. 7.

S-541 Project To Start Soon

Work on a \$247,236 improvement project on State Road S-541 in Seminole County is expected to be started by Oct. 23, the State Road Department announced today.

Margery Still In Peace Corps

LONDON (UPI)—Margery Michelmore, 23, the Peace Corps teacher who touched off a storm of protest because she criticized Nigerian living conditions, was scheduled to arrive here by plane today on her way to San Juan, Puerto Rico.

U. S., Soviets In UN Deadlock

UNITED NATIONS, N.Y. (UPI)—The United States and Russia remained deadlocked today on procedure for naming an acting secretary general despite increasing small power clamor for an interim chief by United Nations Day, next Tuesday.

news... BRIEFS

In For Repairs
NORFOLK, Va. (UPI)—The aircraft carrier Randolph unloaded ammunition Wednesday night and was expected to put in here today for repairs to a 30-foot gash received in a collision with a merchant ship Monday.

Pessimistic!
DALLAS, Tex. (UPI)—Doctors stressed today that the possibility of X-ray treatments for House Speaker Sam Rayburn does not imply "any degree of hope" that his cancer will be permanently cured.

Bargaining On
DETROIT (UPI)—The United Auto Workers Union concentrated on new contract bargaining with Chrysler Corp. today but a continuing strike at an Ohio plant threatened to shut down Ford just four days after a nationwide strike ended at the firm.

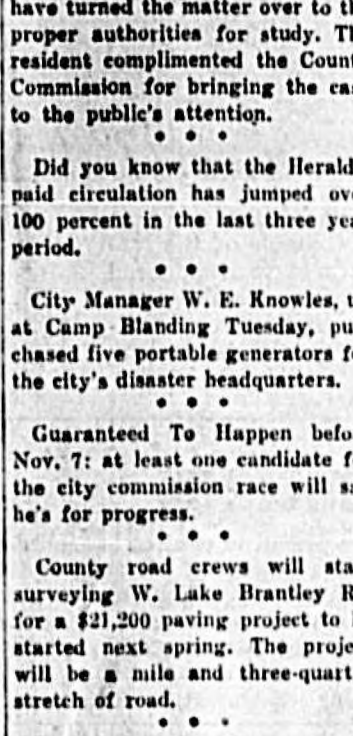

Still On Strike
MILWAUKEE, Wis. (UPI)—Eighty unions on strike under a ground-pedal 24-hour mark in their sit-down Wednesday night. The miners, who are protesting plans to close the iron mine they work in, showed no signs of coming to the surface, officials said.

Out To Sea
MIAMI (UPI)—A turbulent weather system that pounded eastern Cuba and the Bahamas with heavy rains and 40-mile-an-hour wind gusts headed into the open sea today showing less likelihood of becoming a tropical storm.

Rotting Dollar
READING, Pa. (UPI)—Lyle C. Wilson, vice president of United Press International, said Wednesday that "the rotting of the U. S. dollar" through inflation posed a greater danger to Americans than lung cancer or nuclear war.

Police Clash
PARIS (UPI)—Angry Algerians who clashed with police in the French capital Tuesday night, rioted again Wednesday night in the Paris suburb of Nanterres. Two more Algerians were killed, bringing to five the number of victims in two days of rioting.

HELP THE LION'S BLIND FUND

HELP THE LION'S BLIND FUND, reads this sign, one of four set up in a road blockade at French and 1st St., Wednesday as Lions Club members went all out to sell their packages of light bulbs to finance their eye clinics and sight-saving projects through the Lions Club. The Lions will be active again on Friday when they work the downtown area from 5:30 to 8:30 p. m. and at Memorial Stadium from 6 to 10 p. m. (Herald Photo)

United Fund Campaign Key Chairmen Named

M. L. "Sonny" Raborn Jr., general chairman of the United Fund Campaign announced today the appointment of the following individuals to key positions in the organization.

For the Navy; Capt. Joseph Tully, Capt. Robert Slye, Cdr. C. W. Meshier and Cdr. R. L. Deal.

The commercial employees division will be served by John Alexander, Al Wallace, C. W. McKibbin, John Saults, Ken Stone, John Boniface, N. V. Farmer, Raymond Lundquist, Garnett White, Howard Monteith and Leonard Stewart.

School employees division is under Stewart Gatchel, Mrs. Velma Mitchell and John Angel.

The various towns in the county have been designated to the following individuals: Longwood, Mrs. D. D. Smith; Lake Brantley, Mrs. Martin E. Dunn; North Orlando, Mrs. A. D. Rhodes; Forrest City, Mr. and Mrs. Allen Forward; Lake Monroe, Mrs. Gerald Behrens, and Loch Arbor, Mrs. E. P. Fitzgerald.

The goal of the drive for nine health and welfare agencies is set at \$36,000.

"I am exceedingly pleased with the fine response being received from all who have been asked to help. With this fine spirit of neighborliness, success of the drive is assured," said Raborn.

Hospital Show Slated Tonight
The curtain goes up at 8 p. m. today on the stage of the Seminole High School auditorium, when the Pink Ladies, the Women's Auxiliary of Seminole Memorial Hospital present their annual variety show.

Headline acts include the famous Mr. Magic, Harry Wise of Sanford, who will entertain with his magical effects, the championship accordion band, known as the Comanches and the Royal Dancers.

Kennedy Reaffirms Red China Seating

WASHINGTON (UPI)—President Kennedy today reaffirmed strong U.S. opposition to admitting Red China to the United Nations or any UN components.

Kennedy, in an unusual statement, also emphasized the American position that the Chinese Nationalist government of Chiang Kaishek rightfully represents China in the United Nations.

Kennedy's statement was unusual in that he had it prepared for his news conference last week in the expectation he would be asked about this country's current position on Red China. The subject was not raised by reporters and Kennedy decided to say nothing for the moment.

Since the news conference, however, there have been reports and interpretations indicating a possible shift, however slight, in the American position.

CORPORATIONS GIFT Chairman Ed Kirchhoff and his committee met Tuesday at United Fund Headquarters in the former Florida State Bank Bldg. to map out their plans for their part of the campaign. Shown here from left are Kirchhoff, William Bentley, UF president, Lt. Richard Clark of the Salvation Army, Tom Albert of the Boy Scouts, Jim Grant and M. L. Raborn, campaign chairman. Happy Birthday

Sheila, the famous lion cub of the Sanford zoo who was raised in the home of Zookeeper, Mrs. Willsa Mae Hood, celebrated her first birthday Wednesday.

A huge stack of horseneat, topped with a tall red candle, was served to Sheila, in lieu of a birthday cake, and she received a gift, too. It was a little yellow stuffed tiger, which the playful cub pounced on with glee, tossed it over her head and trotted around the zoo enclosure with it in her mouth.

Trotting with her was the little black dog, Teena, who is her constant companion and who helped "raise" Sheila. The tiny, eight-pound dog "bosses" Sheila around, and manages to keep the upper hand, in spite of the difference in size," Mrs. Hood said.

Sheila is the offspring of the two zoo lions, Bo and Peep, and she has two younger sisters, born four months later. The other two cubs in Sheila's litter, both males, died, and Sheila's survival is credited to vet Dr. Cameron Lawrence, who worked to save her.

She only weighed one pound when she was born, and now weighs 125 lbs. At her birthday party, the zoo gates were closed and she was allowed to roam freely over the zoo grounds, and play in a truckload of sand that had been dumped there for her.

Happy Birthday To Sheila (Herald Photo)

Army 'Admits' Electric Blunder

WASHINGTON (UPI)—The Army has admitted that one of its electric brains, in a flash of human fallibility ordered \$7.4 million worth of unused equipment for U. S. forces in Europe.

Before the Army discovered the mistake and canceled the orders, a few thousand dollars worth of equipment had already left the United States for Europe.

The General Accounting Office (GAO), Congress' watchdog over government spending, disclosed the error.

Rock Throwing
BERLIN (UPI)—Communist bullets, tear-gas grenades and roving patrols have failed to halt the escape of refugees through the East-West Berlin border which is barricaded by a wall and barbed wire fences. Now, the Communists have resorted to throwing rocks at West Berliners who often aid escaping East Germans.
