

U.S. Finds Documents Of Peary At Pole

WASHINGTON, Sept. 22—(AP)—The State Department said today a United States expedition to the Arctic last summer found documents left in 1905 by Rear Admiral Robert E. Peary, discoverer of the North Pole.

Manatee County

(Continued from Page One) In record plantings late rain fell. One planter, Paul Dickman, said about two and a half inches fell on the crops there.

SHOWN ABOVE is Ornella Zamparelli, of Bologna, who was declared the winner in a contest to select "Miss Italy of 1948" as candidate for the title of "Miss Italy of 1948."

Georgia House Airs Election Problems

ATLANTA, Sept. 22—(AP)—Opening the general election ballot to all parties may throw the presidential contest in Georgia into the State House of Representatives.

Schuman Asks

(Continued from Page One) was believed to be too optimistic. The General Assembly agreed without discussion to place on its agenda Russia's proposal for a one-third reduction in armaments of the Big Five within a year.

Canadian Prime Minister W. L. Mackenzie King told the United Nations general assembly individual nations must seek security on a basis "less than universal" when U.N. is unable to provide such security.

WASHINGTON, Sept. 22 (AP)—Sir Stafford Cripps today termed the European Recovery Program the key to victory in "a great moral struggle."

MOSCOW, Sept. 22—(AP)—The Soviet press said today British Foreign Secretary Ernest Bevin's speech to the United Nations assembly yesterday indicated he was trying to break up the United Nations.

CIO-UE

(Continued from Page One) book by Soviet Generalissimo Stalin on the objectives of Communism. He asked Matles at many points if he agreed with Stalin.

WASHINGTON, Sept. 22—(AP)—The Federal Security Agency has prepared or will prepare charges of disloyalty against 51 employees, Administrator Oscar R. Ewing said today.

Ewing told the Senate investigating committee that if an employee is "sympathetic" to the Communist Party, that forms sufficient grounds to remove him from his job.

A report for the month of August showed the FBI had given the FSA reports on 226 persons.

30 Adjusters Handle Hurricane Claims

MIAMI, Sept. 22—(AP)—Thirty out-of-state adjusters have been brought to Miami to help handle an estimated 8,000 hurricane damage claims that are expected to reach \$1,000,000.

City Commission

(Continued from Page One) Commissioners. J. Hralley Odham protested against the \$200 license fee for dealers, and requested that the fee be reduced to the \$50 rate charged new car dealers.

The City Commission directed Attorney Wilson to provide an amendment to this effect. The previously announced City budget for the fiscal year, 1948-49 was officially adopted.

A report was read from the State Prison Division, revealing that the Sanford Jail is in good condition. The South Atlantic Gas Co. was directed to install gas at the new home of Theodore Judd, 1400 Park Avenue, following protest from Mr. Judd that the company had refused to do so.

skinned yellow summer squash, 1/4 cup butter or margarine, 2 large tomatoes (peeled and cut in eighths), 3 tablespoons dried green pepper, 1 1/2 teaspoons salt, freshly ground pepper (to taste), 1/4 teaspoon finely crumbled dried basil, 1/2 teaspoon sugar.

The truck has been fast for 30 runnings of Elsie's two big states—the Widener and Flamingo.

Pepper Urges

(Continued from Page One) Senator Pepper, Mrs. Louise McGregor de Land, chairman of the Women's Division of the State Democratic Committee, declared that the Democratic Party will never die, but will live as long as the nation lives.

It will not represent any one interest, but will live for the interests of the people," she asserted. Referring to the present party split, she said that she was not disturbed, that the party had been challenged before and had weathered the storms.

Re-asserting his fidelity to Democratic principles, Senator Pepper told the group, "When the Democratic Party needs me I am not going to be found wanting."

Referring to the party split that led to the nomination of Governor Thurmond on the Dixiecrat ticket, he pointed out that there was similar disunity in the Democratic Party in 1860 when the issue of taking slaves into neutral territory in the country, split the party with Breckinridge of Kentucky representing the slave owners and Stephen Douglas the national Democratic Party.

This disunity, in the Democratic Party in 1860 led to the election of Abraham Lincoln, cessation of the southern states and war and "store America apart," he declared.

He revealed that Governor Thurmond had requested his support, but that he had declined, and said that he would support the governor if he ran for governor, or as a member of the Democratic Party, but not otherwise. He referred briefly to his efforts to induce General Eisenhower to run on the Democratic ticket for president.

Lashing out at the growing power of monopolies, he quoted the Federal Trade Commission as stating that unless thousands stood up, the country would "go toward collectivism."

He also charged that since Republican tax bills were put into effect, individuals pay twice as much and corporations only four percent more than the 23 percent of the total Federal income they had been paying.

Warning against continued high prices, Pepper stated that during the past two years people had used up four billion dollars of their savings, and private indebtedness had soared up three billion dollars.

"Under the 80th Congress benefits were extended to the fortunate few and burdens to the poor and needy," he said and declared that President Truman is fighting the battle of the little man.

In the Civil Rights question, he said this had been misinterpreted and denied that President Truman had any design to change regulations in southern states in regard to mixing of whites and blacks in schools or public places, and declared that Congress is without power to enact anti-segregation laws.

After the talk, Senator and Mrs. Pepper were greeted by many local friends.

MENU

FRIDAY FARE

Raw Carrot and Celery Sticks Grilled Fish and Sweet Potatoes Cauliflower with Cheese Sauce and Crumb Topping Bread and Butter

Fruit Pie Beverage (Recipe for Starred Dish Follows) CAULIFLOWER WITH CHEESE AND CRUMB TOPPING

Ingredients: 1 large head cauliflower, 1 cup boiling water, 1 teaspoon salt, 3 tablespoons butter or margarine, 3 tablespoons flour, 2 cups milk and cauliflower liquid, dash of freshly-ground pepper, 1/2 cup coarsely grated soft yellow cheese (firmly packed), Topping: 2 tablespoons butter or margarine, 1/2 cup coarse cracker crumbs.

Method: Cut leaves and heavy base of stalk away from cauliflower. Slice off any brown spots on flower head. Separate the flowerets, slicing through bottom stalk when necessary—you should get about 24 good-sized flowerets from a large head. Wash well in cold water. Add 1/2 teaspoon of the salt to the boiling water in a saucepan, put in the flowerets and bring to a boil again; cover, keep gently boiling, and cook until tender—this may take from 15 to 25 minutes. Remove flowerets, pour liquid into a measure and add enough milk to make 2 cups. Melt the butter or margarine in the saucepan in which the cauliflower was cooked, over moderate heat, add the flour and blend; remove from heat and add the milk and cauliflower liquid a little at a time, blending until smooth after each addition. Return to moderate heat and, stirring constantly, cook until thickened and bubbly. Remove from heat, season with remaining salt and a dash of freshly-ground pepper and stir in the cheese; stir quickly and thoroughly so hot sauce will melt cheese. Arrange the flowerets in a baking dish and pour sauce over them evenly. Melt the butter or margarine for the topping over moderate heat, add the cracker crumbs and stir until a light golden color. Sprinkle buttered crumbs overtop and re-heat in a moderate oven or under the broiler. If broiler is used watch carefully so as not to burn topping. Makes 6 servings.

SATURDAY DINNER

Cream of Spring Soup Grilled Frankfurters Potato Puff Squash, Wax Beans and Tomatoes Bread and Butter Chocolate Pudding Beverage (Recipe for Starred Dish Follows)

When the family gets tired of eating vegetables in the usual fashion and you want to vary washing pots and pans put two or three of the vegetables together with good seasoning, as suggested in the following recipe, and everyone will tan them up. Serve the vegetables in sauce dishes, if you like, with the well-flavored vinaigrette and wax beans.

Ingredients: 1/2 pound wax beans, 1/2 cup water, 1 pound thin

The Proof of the Pudding

The following are samples of letters The Sanford Herald receives almost daily from persons in various parts of the country requesting copies and subscriptions to this newspaper in order to become better acquainted with the town where they express their intention to make their future home.

Willard Hotel Franklin, Indiana

Gentlemen: My wife and I are very seriously considering a move to Sanford in the not too distant future. Your Chamber of Commerce has been very cooperative in supplying very appreciated information but I think that the best way to familiarize oneself with a city is through the local newspaper.

Clermont, Florida

Dear Sirs: Will you kindly send me a copy of the Herald of Aug. 27. I am enclosing nine cents in postage and hope that will be accepted. I want to get acquainted with your city and often find the local newspaper interesting.

Very truly, Frank J. Calahan

W. E. Wicks 8903 Pendleton Pike Indianapolis, 18, Ind.

Dear Sirs: I am enclosing a postal note for \$1.00 for which you will please mail me a copy each day of the Sanford Herald, for the period covered by this amount.

Route 1 Rudolph, Wisc.

I do not know the price of the subscription to your paper. I am interested in securing some information regarding your city and county, and consider a local newspaper a good medium. I secured your address in the 1947-48 Blue Book and Buyers' Guide, kindly sent me by your Chamber of Commerce a short time ago. Please mail the paper to the above address.

Respectfully W. E. Wicks

Route 1 Rudolph, Wisc.

Dear Sirs: Inclosed find 50 cents for which send me the Sanford Daily Paper for about two weeks. Intend to locate near Sanford in the near future and would like to know more about it.

Sincerely yours, Leonard Cramer

14 Columbus Street Oneonta, N. Y.

Gentlemen: Please inform me of your subscription rate for two months to the Sanford Herald mailed to me. We are seriously interested in Sanford and would like to read your paper before leaving for your city this Fall.

Sincerely yours, (Miss) Lillian V. Rott

Star Route Grayling, Mich.

Gentlemen: Thank you so much for mailing me one of your newspapers at the request of your Chamber of Commerce. Am greatly interested in your city.

Twenty-five cents enclosed. Thank you very much Vern L. Cunningham

Please find enclosed 25 cents to pay for the paper you did send to me and to request you to mail me another paper please. If you have Sunday paper send that please or the day that your paper carries the most ads for I am looking for a place to buy or to rent.

The conclusion to be drawn from such letters should be obvious to our business firms and all progressive persons who wish to see Sanford grow.

## Nine Yaks Simulate Diving Attacks On U. S. Planes In Lift

### 25 Germans Escape From Forced Labor Train Enroute To Uranium Mines

BERLIN, Sept. 29, (AP)—Nine Soviet fighter planes dangerously buzzed two American supply planes in a Soviet zone air corridor today, U. S. authorities announced.

The planes were flying supplies in to Soviet-occupied Berlin from the Western zones.

American air officials said they were transmitting a written protest to the Russians, charging violation of air safety regulations and demanding remedial action.

These were the latest of several recent Soviet-perpetrated incidents in the air corridors which the Americans asserted violated Four-Power flying regulations and were designed to harass the blockade-busting air lift to Berlin.

Last week a Soviet fighter flew dangerously close to an American passenger transport, during the last week also the Americans protested a Soviet announcement of close formation flying by Russian aircraft, which violates air corridor rules, and a Soviet announcement of anti-aircraft firing practice in the corridors to a height of 10,000 feet.

Another potential point of tension developed around Berlin police said about 25 Germans allegedly conspired to force labor in Russian-operated uranium mines in Saxony made a daring escape last night.

The prisoners made their dash for freedom while the train in which they were riding was passing through the British sector of Berlin, the police said. Full details of the escape were not disclosed.

Capt. Vincent H. Gookin of Quincy, Mass., U.S. representative at the Four-Power Berlin air safety center, filed the protest against the air corridor incidents. He said the protest was based upon an (Continued on Page Six)

## V. F. W. And Legion Hold Services For N. Brantley Adams

Funeral services for Second Lieut. Neal Brantley Adams, who was killed five years ago in an airplane crash while on routine duty as a fighter pilot in the Aleutians, were held jointly Sunday afternoon by Post 322 of the V. F. W. and Campbell-Lossing Post 33 of the American Legion at the graveside in Evergreen Cemetery, Dr. E. D. Brownlee officiated. The body arrived here Friday afternoon.

Funeral services were: Volke Williams, Jr., Douglas Eastman, John Sauls, Roy Wright, Raymond Kader and Mack Cleveland, Jr.

Serving as color bearers were Karl Roderblom and Frank Takach, F. D. Scott and Tom Sullivan served as a color guard. Eugene Kendall blew taps.

A military salute was given by (Continued on Page Six)

## Georgia Senate Okays All-Party Vote Bill

ATLANTA, Sept. 29, (AP)—The Georgia senate today passed the all-party vote bill, amended to exclude Communists and leave presidential electors unimpaired.

The upper house also beat down by vote of 27-19, an amendment offered by Sen. Everett Millican of Atlanta to make the election of electors by a plurality of the voters instead of a majority as at present.

Adoption of the amended bill was by a unanimous vote. It was then sent to the house where it was given its first reading. Final action is expected Friday.

## FARES REDUCED

ORLANDO, Sept. 29, (AP)—Reduced round-trip commuter fares have been filed with the Civil Aeronautics Board by Florida Airways, its President Joe Dyer said today.

The rates, scheduled to go into effect Nov. 1, provide 6 percent reduction in the return half of a round trip commuter ticket if used within 15 days.

## DELANO RESIDENTS KILLED DAYTONA BEACH, Sept. 28

—Harold C. Cross, 57, of Deland and former of Wellington, Fla., and his wife, Mrs. Cross, 52, of Daytona Beach, were killed by a truck on a road near Deland on the morning of Sept. 28. The truck, owned by a Deland resident, crashed into a pole on a curve.

## Ivey Is Elected President Of County C Of C

### Kilpatrick Retires; Other Officers Are Named At Meeting

John Ivey was elected president of the Seminole County Chamber of Commerce for the coming year at a meeting of the board of directors at the Tourist Center last night.

W. A. Patrick was elected vice president and Edward Higgins and J. L. Insley were re-elected manager and treasurer respectively.

In congratulating Mr. Ivey upon his election, E. G. Kilpatrick, who has presided over the Chamber of Commerce for the past year, commended Mr. Higgins and John Knider for their work in connection with the purchase of the Mayfair Inn by the New York Giants and mentioned as other projects which had highlighted the year's activities as the near completion of the 12 foot St. Johns River channel, the negotiations conducted over the financing of the lake front docks and warehouses, and a far-reaching publicity campaign which saw the distribution of over 50,000 pieces of literature.

The membership campaign had also been an outstanding success, he said, resulting in an active membership of some 500 members, a new record, and the collection of over \$9,000 in membership dues.

Mr. Ivey assumed his new duties as president of the organization, Mr. Ivey said that he believes it is the duty of any man, when called upon by an organization working for the best interests of the community, to serve and do the best he can, and he praised the accomplishments of the Chamber of Commerce during (Continued on Page Six)

## Taft, Hartley Split Over Proposal To Apply Labor Laws

By NORMAN WALKER  
WASHINGTON, Sept. 29 (AP)—The Republican co-authors of the Taft-Hartley Act split sharply today over a proposal to apply anti-trust laws to labor unions.

Rep. Hartley (R-N.J.), House Labor Committee chairman, suggested that as a step to bar industry-wide strikes and restraints, activities which may tend to restrain free-trade practices.

Hartley, who is not seeking reelection, rapped GOP Congressional leaders for not going further last year in enacting the Taft-Hartley Law.

But Senator Taft (R-Ohio), Senate Labor Committee chairman, who will be back in Congress next term, advocated a "go slow" policy on the idea of putting unions under anti-trust laws and also on other changes in the labor law.

The views of the two leading labor lawmakers appeared in a book by Hartley published today by Funk & Wagnalls and Modern Industry Magazine, entitled "Our New National Labor Policy." In a (Continued on Page Six)

## Warren Names Tooke On Citrus Committee

ORLANDO, Sept. 29, (AP)—Fuller Warren, Florida's Democratic governor-nominee yesterday named H. E. Tooke, independent citrus grower and shipper on a committee with Dodge Taylor of the Howey Co., independent Howey in the Hills firm; Loren Bice, a Haines City co-operative grower-shipper; Vernon Saunman, Clearwater grower and Warren Beach of Vero Beach to assist in a series of five public meetings throughout the citrus committee.

"After the meetings are over, I will ask the advisory committee to prepare in practical industry terms their recommendations as to what can be done by the state to better the conditions in our great industry," Warren declared.

## FILES CHARGES

FORT LAUDERDALE, Sept. 29, (AP)—Charges of second degree murder were filed today against Dr. Harry V. Moore, 58, a veterinarian, in the fatal shooting late yesterday of a state livestock sanitary board inspector.

Deputy Sheriff Roy May identified the inspector as Joseph Landers, 54, of Avon Park.

## DuPont Head Files Suit For Divorce

TALLAHASSEE, Sept. 29, (AP)—Edward Ball, head of the Florida DuPont interests, will try to add an allegation of extreme cruelty to his suit for divorce from Ruth Latham Ball.

His attorney, E. K. Roberts and Weldon G. Barry of Tallahassee, filed notice of intention to seek amendment of the bill of complaint to include the new charge.

## "Red" Unions Barred From Atom Plants

### Justice Department Declines To Prosecute 4 Accused In Secret Tampering

WASHINGTON, Sept. 28 (AP)—The government today barred the "Red" unions from atom plants.

This action on the heels of Congressional charges that a network of Soviet spies tried during the war to feed atomic secrets to Moscow, stemmed from a double-barreled Atomic Energy Commission order.

It (A) posted "keep out" signs for two specific CIO unions and (B) opened the way for official recognition of others only if they can qualify for certification by the National Labor Relations Board.

Meanwhile the Justice Department told the House Un-American Activities Committee that it will not "institute prosecutions to justify publicity seekers."

The committee in a preliminary report of its atomic espionage investigations had demanded Monday that the Justice Department undertake immediately the prosecution of four persons accused of tampering with atomic secrets.

In a statement, the department accused the committee of indulging in "political gymnastics."

It said the committee's report, together with excerpts of testimony by some witnesses, does not offer evidence necessary to prosecute.

The committee, headed by Rep. J. Parnell Thomas (R-N.J.), had said the four persons should be prosecuted on charges of conspiring to hand over atomic secrets to Soviet agents.

The committee said two of them were atomic bomb project scientists during the war.

WASHINGTON, Sept. 29 (AP)—Julius Emspak, secretary-treasurer of the CIO United Electrical Workers, flatly refused today to tell a Congressional committee whether he is or ever has been a member of the Communist Party.

Asked that question by a House labor subcommittee, Emspak said he would stand on his Constitutional Rights. The Constitution says a man cannot be forced to give testimony tending to incriminate or degrade himself.

## Oklahoma Court Hits College Segregation

OKLAHOMA CITY, Sept. 29, (AP)—College segregation restrictions in Oklahoma were held unconstitutional today by a three-judge federal court.

The state was given temporary relief, however, on a request to the court by Governor Turner.

The governor informed the judges he would ask amendment of Oklahoma segregation laws as early as possible in the next legislative session.

Winner in the injunction suit against University of Oklahoma officials was G. W. McLaurin of Oklahoma City, a retired negro professor.

McLaurin seeks entrance to the school to complete work on a doctor's degree in education.

His enrollment was denied and university officials admitted it was because of his race alone.

## Dudley Is Granted Jail Sentence Delay

TALLAHASSEE, Sept. 29, (AP)—Governor Caldwell today delayed for 30 days beginning of a 10-day jail sentence and \$100 fine imposed on H. D. Dudley, Ocala taxi company operator, for unlawfully carrying a firearm in the Ocala National Forest.

The governor's executive secretary, Ed Straughn, said the respite was granted to allow time for Dudley to attend to "business and family affairs," and give the Parole Commission a chance to investigate the case.

The fine and jail sentence were imposed in Marion County judge's court.

## DuPont Head Files Suit For Divorce

TALLAHASSEE, Sept. 29, (AP)—Edward Ball, head of the Florida DuPont interests, will try to add an allegation of extreme cruelty to his suit for divorce from Ruth Latham Ball.

His attorney, E. K. Roberts and Weldon G. Barry of Tallahassee, filed notice of intention to seek amendment of the bill of complaint to include the new charge.

## West Powers Say Russia Is Bent On Driving Them Out Of Berlin

### Goat Butts In As The President Visits Garner

ANYTHING CAN HAPPEN IN AN AMERICAN POLITICAL CAMPAIGN, and here a goat-butting in just as President Truman dropped off at Uvalde, Tex., for a visit with A. A. A. Garner. Handing the small Angora over to the President Mr. Richardson said, as the sign indicates, that it was "Gov. Dewey's goat" that Truman was getting. (International Soundphoto)

## Heavy Rainfall Raises Level Of St. Johns River

### Lake Monroe Records Two Foot Rise In One Week Period

Heavy rainfall in the St. Johns River valley has raised the river level steadily to near flood levels, and this morning Lake Monroe, rising at the rate of six and a half inches in 24 hours, was within 18 inches of the top of the bulkhead at the foot of Sanford Avenue.

This marks a rise of two feet two inches since last Saturday in the lake level. Ralph Lubinski, city engineer, reported this morning.

The point on the bulkhead from which he made his measurement this morning is 7.15 feet above sea level, he declared.

County Commissioner H. B. Pope, who lives in a house boat on the St. Johns River, near the Otwell Bridge, reported an eight inch rise within a period of 24 hours. The new Otwell Bridge is well above flood level, but there is a possibility that the water may go over the road at the Geneva Bridge.

If the water continues rising at the present rate, it will be over the bulkhead in three days. Ralph Lubinski predicted.

R. F. Whitner, weatherman, reported this morning that rainfall during the past 24 hours had been 1.05 inches, and during a 48 hour period, 2.65 inches. The September rainfall to date has been 8.90 inches or about three inches above the normal of 5.99 inches.

Yesterday morning the Sanford boat basin was one mass of water hyacinths. This morning but few remained.

## ORCHESTRAL DISPUTE PHILADELPHIA, Sept. 29

—Members of Local 77, AFL-American Federation of Musicians, held a nine-hour meeting yesterday in an attempt to find a solution to the wage dispute which Philadelphia orchestra officials said resulted in cancellation of the 1948-49 season.

## Pressure For Higher Steel Prices Will Come From Freight Rate Hike

NEW YORK, Sept. 29, (AP)—Pressure for higher steel prices would result from increased freight rates asked by the railroads. The Iron Age, metalworking trade weekly, said today.

The publication said that "steel companies faced with higher raw material costs may pass on the increase which will amount to as much as \$1 a ton on finished steel."

"If rail rates continue their upward trend," it added, "there is no chance of a return to general freight absorption for competitive purposes even if it is allowed by law. No steel firm could afford it."

The Iron Age said that "it looks as if the railroads are trying to price themselves out of a large chunk of the iron and steel business," and reported that steel company traffic managers "are using every means possible to find ways other than railroads to transport a larger and larger part of steel shipments."

If the Interstate Commerce Commission allows the 8 per cent increase now sought in freight rates, the trade weekly level, the rate for moving the bulk of iron and steel products will be about 70 per cent above the prewar level.

Output of finished steel this year has an excellent chance of attaining a new record level. The Iron Age said. It estimated the total would be more than 64,000,000 tons.

## Pilot Club Blood Bank Will Be Held In Clinic Building Oct. 14

Mrs. Mary Rawlins chairman of the Blood Bank to be sponsored by the Pilot Club, announced at the meeting of the club held at the Tourist Center last night that the bank will be held in her office in the Clinic Building on Thursday, Oct. 14 from 11:00 A. M. until 2:00 P. M., or later if necessary.

It is hoped by the club to have enough donors who will give blood periodically in order to make the bank a permanent project, also in order to keep a sufficient supply on hand at all times for any emergency that may arise, Mrs. Rawlins said.

Donors are asked to make appointments as early as possible by telephoning Mrs. Rawlins at 600. She stressed the fact that all blood given by Seminole County donors is used for Seminole County patients exclusively.

Persons between the ages of 19 and 60 in good physical condition can donate blood, she said.

Mrs. J. C. Mitchell, president, explained the meaning of the "True Course Ever Fund," a fund set up to aid any Pilot in good standing, who through misfortune or ill health may need financial assistance. She appointed Mrs. M. L. Halburn as chairman of the fund for the club.

A letter of appreciation for the donation made to the Vesley Memorial Fund was read as was a letter from the Jewish Appeal, thanking the club for its donation.

The club voted to have a sign placed at the north and south approaches to the city taken down and repainted. Mrs. Rawlins offered to do the painting if the club would have them taken down.

Mrs. A. F. Hunt, chairman of the budget and finance committee, asked for an increase of \$124 in the budget, which was granted. She announced that the club will sponsor a football game between Sanford and Leesburg on Nov. 16 at 7:30 P. M. at the High School Stadium. The club will also sell Christmas cards again this year in order to help meet the budget.

The club voted to join the Federation of Women's Clubs, down an invitation received from Mrs. Clyde Remey, president of the Seminole County Federation of Women's Clubs.

Mrs. R. C. Maxwell and Mrs. Rawlins were congratulated on having been saluted in the "Ladies of Roses" program over Station WTRR.

Announcement was made that (Continued on Page Six)

## Wallace Demands Investigation Of U. S. War Scares

Candidate Denies He Wants To Appease Reds In Texas Talk

By MAX HALL  
DALLAS, Tex., Sept. 29, (AP)—Candidate Henry Wallace, demanding a fact-finding commission on "war scares," moves farther south to Houston today in his peaceful Texas campaign for the presidency.

Last night in Dallas he said an investigation by a commission of "Representative Americans" would show that "these recurring war scares" are caused by the determination of American corporations to keep prices high.

He denied that he wants to "appease" Russia in any way. His speech was in a dinner hall before a mixed white-and-negro audience estimated between 800 and 1,000.

During one day and two evenings in Dallas, he crisscrossed on sidewalks to watch him come and go. His car moved slowly and noisily. There was a big difference between this and his recent tour in the Southeast, where eggs were thrown and some crowds shouted him down.

Here is what Wallace did yesterday prior to the dinner hall speech.

Talked to 40 persons at breakfast (Continued on Page Six)

## Negro Teachers In Atlanta Win Suit

ATLANTA, Sept. 29, (AP)—Atlanta's negro school teachers have been paid less than white teachers because of racial discrimination, a federal judge held yesterday.

Ruling on a five-year-old suit against the Atlanta School Board, Federal Judge E. Marvin Underwood said negro teachers were "entitled to the relief sought."

Judge Underwood said a declaratory judgment and an injunction in accordance with his ruling will be issued.

The court disclaims any power to fix the salaries of the teachers, Judge Underwood said. "That is the right within the province of defendants. The court only declares that the salaries may not, when as fixed, be discriminatory of color or race."

## MITCHUM PLEADS INNOCENT LOS ANGELES, Sept. 29

—Handsome Robert Mitchum and two of his co-defendants pleaded innocent today to narcotics charges after his attorney failed in an attempt to have the indictment dismissed on a legal technicality.

## President Says GOP Is Afraid To Open Issues

### Dewey Promises To Give Ideas On U. S. Foreign Policies

ABOARD IRUMAN CAMPAIGN TRAIN, Sept. 29, (AP)—President Truman announced plans today to stump New York and Pennsylvania next week in a four-day campaign tour featuring major night addresses in Philadelphia, Jersey City, N. J., and Buffalo.

By ERNEST J. VACCARO  
ABOARD IRUMAN CAMPAIGN TRAIN, Sept. 29, (AP)—President Truman said today Republicans are afraid "to come into the open on campaign issues."

"Before I get through with them," he declared, "I'm going to smoke 'em out and we're going to show where they stand."

The President said the GOP is making "innocuous" campaign statements.

Here in the farming area at McAlester, Okla., the President asserted:

"American farmers no longer have to sell cheap and buy high and that is not the way it ought to be. It is no accident.

"It is a policy of the Democratic administration."

And, Mr. Truman continued, in spite of Republican contentions, "The farm support program hasn't cost the government one red cent."

Instead, he said, it has made over \$80,000,000 for the taxpayers in the last few years.

Meanwhile Governor Thomas E. Dewey promised to lay down at Salt Lake City tomorrow night his own program for the farm.

And, Mr. Truman continued, in view of Republican contentions, "The farm support program hasn't cost the government one red cent."

Instead, he said, it has made over \$80,000,000 for the taxpayers in the last few years.

Meanwhile Governor Thomas E. Dewey promised to lay down at Salt Lake City tomorrow night his own program for the farm.

And, Mr. Truman continued, in view of Republican contentions, "The farm support program hasn't cost the government one red cent."

## City Defers Action On Swimming Pool

The commissioners last evening discussed the possibility of erecting an above-the-ground swimming pool of steel reinforced concrete block, but after conferring with Architect Donovan Dean, and Engineer Robert Michel of Orlando, proponents of the idea, decided to defer action on the matter pending further study. It was reported this morning by Gordon Bradley, city deputy clerk.

The city now had a fund of about \$30,000 earmarked for a swimming pool construction of which has been postponed for several years due to high building costs. Use of concrete blocks had been proposed as a means of eliminating the expensive forms necessary for usual concrete construction.

Both houses and a chlorinating plant will be necessary for the pool, Mr. Bradley pointed out. Proposed size of the pool is 36 by 105 feet.

## Socarras' Opposition Planned By Batista

MIAMI, Sept. 29, (AP)—President Batista, one-time Cuban president and strong man, and newly-elected member of the Cuban senate, plans to head the opposition to President-elect Carlos Prío Socarras.

Here with his wife to confer against the Atlanta School Board, Batista said, "I will be his opponent. I want to keep it that way."

"I don't agree with the way he got in power. He was elected under the constitution, but he will be president for the minority. I'll pay him respects as president, but as a political leader I say he became president in the worst manner."

## GAS CONSUMPTION TALLAHASSEE, Sept. 29

—Floridians used 48,610,225 gallons of gasoline last month, bringing the state \$3,402,716 in tax revenue. Gasoline consumption for the same month last year totaled 45,089,098 gallons.

## Showdown With Soviet Union Looms As Three Nations Send Notes To Council

By ASSOCIATED PRESS  
The die was cast in the Western showdown with Russia today. The United States, Britain and France formally placed the Berlin issue before the United Nations.

On the tenth anniversary of the Munich Pact which ignited the fuse of World War II, the three Western Powers told the U. N. in identical notes that the Soviet Union is bent upon driving them out of Berlin and bringing the city solely under Russian rule.

"It is clear from the protracted exchange of notes and the conversations which have taken place on the initiative of the three governments between them and the Soviet government that the three governments have made every effort to resolve their differences directly with the Soviet government," the notes said.

The notes were delivered to U. N. Secretary General Trygve Lie in the Palais Chaillot, scene of the U. N. Assembly session, shortly after 4 P. M.

From Moscow came an indication of what the Russian position may be. The authoritative New Times said the Western Powers, through violations of four-power agreements, have "expedited the legal basis which assured them the right of participation in the Berlin administration." It declared the appeal to the Security Council would fail.

The paper blamed the West for the breakdown of the Moscow negotiations over Berlin.

"It is not a matter of chance that this was the chosen moment when the assembly of the United Nations began work," New Times said. "Indeed, all this narrow-minded plan of Marshall Best was timed ahead for this."

British sources said they did not believe the United Nations Security Council will take action on the Western charges before Monday. It was noted that the Western notes did not request "urgent" action. The three governments were said to wish to avoid an appearance of trying to stampede the U. N. into hurried disposition of the case.

The text of the American note, identical with the others except for the substitutions noted, reads: "I have the honor to inform of the submission of the United States of America in agreement with the governments of the United Kingdom and the French Republic, to draw your attention to the serious impasse by the government of the Union of Soviet Socialist Republics of restrictions on transport and communications between the Western Zones of occupation in Germany and Berlin, quite apart from the fact that it is in conflict with rights of the government of the United States of America and the government of France, with regard to the occupation and administration of (Continued on Page Six)

## Florida Fashions Circulates Magazine

New magazine is being circulated among 200,000 customers a month by Florida Fashions Inc., and is entitled, "Florida Romances and Fashions."

Measuring 6 1/2 by 8 1/2 inches, the little magazine for the September issue has 48 pages, and among its illustrations are many Florida views including a full page illustration of the Coquina Rock Clock Tower at Daytona Beach, and small pictures of Silver Springs and Miami Beach.

Designed as an advertising medium for the rapidly growing company, the magazine is sent primarily to young women and includes "True Life Stories," "Fun Features," news of the latest trends, home features, special articles, and many illustrated advertisements of Florida trucks including the "New Look" for the younger girls.

**WEDNESDAY SEPT. 25, 1918**

**BIBLE VERSE TODAY**

Great souls graduate from the  
letter of the law to the spirit of the  
law. They are constrained by  
love only and not by fear.—James  
1:25. He that looketh into the  
perfect law, the law of liberty...  
this man shall be blessed in his  
love never failth.

**The Party In Power**

Far be it from us to tangle in a political argument with so skilled an adversary as Senator Pepper, but if it is true, as he said here Monday, that the growing power of monopolies is leading this country toward "collectivism", that high prices are ruining the country, and the big corporations are making all the profits, why in the name of heaven hasn't the government done anything about it?

The Democrats have now had 15 years to run the money-changers out of the temple. They have been elected and re-elected on four separate and distinct occasions on the campaign propaganda of clipping the wings of the economic royalists and transferring the control of the country from Wall Street to Washington. If they haven't been able to do anything yet, is there any reason to believe they will in the next four years?

During these past 15 years the Democrats have been in complete control of the federal government. Through the presidency they controlled the Executive Department. Through presidential appointments they dominated the Supreme Court. And except for the past two years, they have had an overwhelming majority in both houses of Congress. We do not blame the Democrats for all the trying difficulties which our country is experiencing today. The spiraling prices which are grinding the "forgotten man" deeper and deeper into the mud, the labor discord, strikes and rioting which mar our industrial relations and impede production, the dubious handling of our foreign affairs which for the second time in 15 years is leading us to the brink of war, are products of world-wide dislocations for which the Democrats may be no more responsible than they were for the hurricane which devastated South Florida last week.

But Senator Pepper, in blaming the Republicans for the accumulated evils of the past 15 years, is elevating them to a position of responsibility which their rank as a minority party and their brief control of Congress do not deserve. Let's face it, Senator, the country is in an awful fix, and the party in power hasn't helped it any.

**Capricorn Africa**

A new state is being planned, Capricorn Africa, deriving its name from the tropic zone in which much of the Dark Continent lies. It would include all the African members of the British Empire except the Union of South Africa. That has just fallen into the hands of the irreconcilable Boers, many of whom were Nazi sympathizers.

The isolationist victory in the recent South African election has just received its answer at the elections in Southern Rhodesia. These have been won by Prime Minister Sir Godfrey Huggins and the United Party, which opposes joining the Union of South Africa, and would instead call Capricorn Africa into being.

The new federation is not likely to come into existence right away. One necessary preliminary is probably the completion of the famous all-British Cape to Cairo railroad, envisioned by the late British empire-builder, Cecil Rhodes. Several important links remain to be constructed. Its completion would strengthen the feeling of unity among such British possessions as Tanganyika, Kenya and Southern Rhodesia. At the northern end of the line, Egypt, which became independent in 1922, is lost to Britain and to Capricorn Africa.

**Dwindling Metals**

More minerals have been taken out of the ground in the United States since 1900 than had previously been extracted in the whole world since the beginning of time. This startling statement is made by Prof. R. P. Linstead, director of the Government Chemical Laboratory. He implied the next question to occur to most people: How long can this go on?

There is such a thing as mineral exhaustion. Britain, says Prof. Linstead, once supplied the lead for the plumbing of ancient Rome. Now it has to import its lead. He might have added that ancient Ireland was noted as a source of gold. That was many a century ago.

Some day the world will be brought up with a start before the realization that its metals are reaching the vanishing point. We might then wish we had been less prodigal with tin cans, milk and metal foil.

**Too Late To Classify**

While the storm season is not over and maybe we should still keep our fingers crossed for a little while longer, we can get down on our little pink knees and say a prayer of genuine thankfulness for what might have happened to us, but didn't, when the hurricane struck us last week.

Looking at the map it would be hard to pick any route through the state that a storm could take where less damage would be done, for most of the area was unpopulated wastelands.

I am not trying to minimize the damage and I fully realize the severe blow it has been to such communities as Key West, Everglades City, Clewiston, Belle Glade, Pahokee, Canal Point, Homestead, Miami, Stuart and others but I still contend that we are mighty lucky.

Apparently Key West, the Keys, portions of Miami and the Lake Okechobee, are suffered most. Fortunately, Everglades growers can make a come-back as truck crop operations around the lake were not far enough advanced to prevent a quick come-back. The damage to cane fields, however, is another matter and from first reports out of Clewiston, it would seem that the United States Sugar Company and the individual cane growers have been hit pretty hard.

Citrus growers in the famed Indian River country took a beating, and individual losses to growers and shippers there will probably be heavy. It usually develops, however, that first reports are exaggerated and Indian River growers will probably wind up the season in as good if not better shape than growers in other citrus sections where no damage was done due to the fact that these Indian River folks, through co-operation, intelligent brand advertising and generally smart operation, have been able to make moneys out of other citrus sections and keep their section and their famed brand on top of the heap.

The poor folks I am sorry for are the owners of fishing boats and pleasure craft. I took an awful rap at Key West and other points when their boats were tossed on shore and battered to pieces by the storm. I have a little boat on Tampa Bay that I use for pleasure fishing and I know how

**THE WORLD TODAY**

By DeWITT MacKENZIE  
AP Foreign Affairs Analyst

The United Nations faces its greatest crisis today as America, Britain and France throw the bitter Berlin conflict into the lap of the Security Council, charging that the Red blockade is a threat to international peace.

Indeed, the situation is so grave that the three-year-old League of Nations is in danger of splitting, with the democracies and the Soviet bloc going separate ways. British Foreign Secretary Ernest Bevin was voicing the thoughts of many statesmen when he warned the General Assembly in Paris that the U. N. might fall apart.

The Soviet press in Moscow also told the Russian public yesterday that the two camps in the U. N. might go their separate ways—despite the fact that Deputy Soviet Foreign Minister Vishinsky was quoted by a London paper as saying in an interview: "We shall not abandon the United Nations."

Well, supposing the U. N. does split; what follows? Bevin answered that in a horse-sense way by saying that the League of Nations "is a world body. We must proceed on a regional basis." That is, the Russian bloc would have its own organization and the democracies would have theirs.

As a matter of cold fact there never has been any League of Nations. The organization has been split wide open since the start, with the Communists using it for purposes of obstruction and as a grand sounding-board for Red propaganda. Thus actually the U. N. has been used by the Bolsheviks as a weapon of aggression against the democracies.

So if the Muscovites want to desert the U. N. they need not be too tears shed, although there will be regrets that there couldn't be collaboration. It will be rather like the League of Nations' action in 1932 when they walked out of the League of Nations in anger over the Lytton report charging her with aggression against Manchuria. Also, in passing, one might note that Russia was expelled from the League in 1939 for aggression against Finland.

But, says somebody, a split in the U. N. gets us farther away from the ideal of "one world." I'm not so sure about that. We certainly are kidding ourselves if we think we are going to get one world through a League of Democracy and Communism mix. They can't be made to mix under any circumstances. The Reds keep on telling us that our economy and form of government must be destroyed. Do they have to knock us down and drag us up before we recognize the situation?

Wouldn't mixers of oil and water might consider a statement by Mrs. Franklin D. Roosevelt in an address at the Sorbonne in Paris last night. She charged Russia with ruthless suppression of human rights at home and with interference in other countries' affairs. She urged the U. N. not to compromise with the Soviet bloc on the issue of human freedom which she termed the "real problem confronting the world today."

The oil and water mixers also might lend ear to Belgian Premier Paul Henri Spaak, former president of the U. N. assembly, who told the Russians in a speech before that body:

"By your conduct you have prevented this organization from working. We fear you because in every country represented here you maintain a fifth column, the like of which even Hitler did not know."

A few hours earlier William Green, president of the American Federation of Labor, declared in a broadcast: "There is no longer any doubt that a powerful Communist fifth column is operating in this country today."

Of course there are fifth columns everywhere, part a and part b of the world revolution for the spread of Communism. It's a fight to a finish between Bolshevism and Democracy. So, as Bevin says, if we can't work on a world basis we must proceed on a regional basis.

A United Nations comprising the democracies alone would serve very useful purpose. Half a loaf, at cetera.

ONE OF FIVE MEN aboard a U. S. Navy plane which crashed in Canadian wilds two weeks ago, M/Sgt. Jerome Scallie, 50, of Cambridge, Mass., is shown on his arrival at the Washington National Airport. The men were part of an Army and Navy party which flew north on a military mission. Following their rescue, they were flown to The Pas, Manitoba, Canada. (International)

**Industrial Commission Advocates Hiring Of Handicapped Men**

TALLAHASSEE, Sept. 29.—Special—Indicative of the regard in which Florida employers hold for handicapped workers is the fact that Florida ranked third in the nation in placements of handicapped workers during National Employment Week last year, October 1-7, 1917. The Florida Industrial Commission, announced today.

Placements of handicapped workers through the Florida State Employment Service during NEPW last year, October 1-7, totaled 611,364 of whom were veterans, making 3 out of every 5 placements of disabled workers veterans. During the entire month of October, 1,178 handicapped placements were made, 695 of whom were veterans.

During the first eight months of the year, another 4,367 handicapped workers have been placed in gainful occupations through the Florida State Employment Service. Of this total, 2,390 were veterans and 408 women.

As National Employ the Physically Handicapped Week approaches this year, October 1 through 9, there are approximately 6,000 disabled workers registered for work with the Florida State Employment Service offices.

It is to the advantage of the employer and community to see that workers who are disabled physically but not occupationally are placed in jobs where they can be of use to the business rather than having to rely upon city or state support, Smith said.

To aid in the placements of Employment Service uses the modern methods and techniques, such as various aptitude, an performance tests, physical job demands analysis, physical ability appraisal, and interest check lists.

Employers hiring handicapped workers selected by these methods can be assured that the workers thus employed will be hired for abilities, not their disabilities, Smith stated.

**Silo Explosion Rips Farm As Man Sleeps**

ST. CHARLES, Ill., Sept. 29, (AP)—Farmer Maurice Regnole is a sound sleeper.

While he took a hard-earned night's sleep, his silo exploded. The blast blew off the silo roof—sent it soaring 60 feet—and bulged its concrete walls.

The silo collapsed onto the barn. The barn folded onto the feed shed. The feed shed knocked over the windmill. The windmill dropped onto the implement shed.

Blaming silage gas, Regnole told neighbors he had heard a slight noise during the night. But he didn't get out of bed to investigate.

The death rate of U. S. troops in the United States in 1917 was 30 per cent lower than in 1919.

**Wallace Talk**

Continued From Page One  
fast in a Mexican restaurant. Talked to 20 women in a little room at the Central Y.W.C.A. Talked to 75 persons at a luncheon in the negro Y.M.C.A. Played a strenuous set of tennis with a local man and mowed him down by a 6-2 score while a group of children gaped and wiseracked.

Wallace will be 60 years old next week. He is an enthusiast for physical exercise.

Last night his audience gave him considerable applause. Most of them appeared to be sympathetic to his battle. Some were there out of curiosity.

In the opening prayer, the Rev. Stacey Adams, a negro preacher, said earnestly: "O Lord, when didst give us George Washington. Thou didst give to America, Abraham Lincoln. Now today, our Father, Mass., is shown on his arrival at the Washington National Airport. The men were part of an Army and Navy party which flew north on a military mission. Following their rescue, they were flown to The Pas, Manitoba, Canada. (International)

That was the belief and hope reflected on earnest faces in the crowd—that Wallace could bring peace.

The Rev. Mr. Adams is also the Progressive Party candidate for lieutenant governor of Texas.

Another party candidate, introduced as Justice of the Peace P. L. Huggins of Farmersville, running for state commissioner of agriculture, said this:

"Henry Wallace may not win. If he rolls up a vote of, say, ten million votes we need not fear a war in the next five years."

Wallace himself, when he appeared, renewed his denunciations of the Democrat-Republican foreign policy and members of the

WESTERN ENVOYS to Soviet Russia, French Ambassador Yves Chataignou (left), and American Ambassador Walter Bedell Smith are pictured at the airport in Paris following a flight from Russia. The two men, who have been engaged in diplomatic sessions with Soviet Foreign Minister Molotov on the subject of Berlin, came to Paris to give an account of their work to their countries. (International)

**Iron Price Hike**

1000 tons, which would exceed the peak year 1914.

Total ingot production was estimated at around 88,000,000 tons, slightly below the 1914 figure.

The publication noted that "a greater part of the steel ingot is being melted away into finished steel products."

The Iron Age said that "furnaces now on order, being modernized or in the planning stage will add at least 750,000 tons to electric furnace annual steel capacity before the end of 1919. Most, if not all, of this new equipment will be using melting high carbon steels."

Steel ingot output this week was placed at 95.5 per cent of capacity, highest since before the coal strike.

**JET ENGINES**

CLEVELAND, Sept. 29, (AP)—Jet engines which may produce five times the power of types now in use are being developed by the National Advisory Committee for Aeronautics at its Lewis Flight Propulsion Laboratory here.

This was disclosed today in a discussion of research projects during the annual inspection by military visitors.

THURSDAY
Seminole Hebekah Lodge No. 43 will meet at 8:00 P.M. in the Odd Fellows Hall.

MONDAY
The Ruth Sperring Jr. G. A. of the First Baptist Church will meet with Ann Vance, 2476 Oakmette Avenue, at 3:30 P.M.

W. S. C. S. of the First Methodist Church will meet at 3:00 P.M. at the following homes: Circle No. 1 with Mrs. L. L. Hill at Celery Avenue; Circle No. 2 with Mrs. J. M. McCaskill, 2068 Grandview Drive; Circle No. 3 with Mrs. Fletcher, 1421 Valencia Drive; Circle No. 4 with Mrs. E. H. Laney, 205 East Eighteenth Street; Circle No. 5 with Mrs. J. O. Laney 1912 Sanford Avenue; Circle No. 6 with Mrs. S. O. Shiholzer, 1408 Oak Avenue; Circle No. 7 at the church annex.

Chapters of the Women's Auxiliary of Holy Cross Episcopal Church will meet at 3:00 P. M. as follows: St. Agnes with Mrs. W. J. Thigpen, 801 Park Avenue; St. Ann's with Mrs. H. H. Coleman, 401 Mellonville Avenue; St. Catherine's with Mrs. Fred Bell, 1920 Park Avenue; St. Mark's Chapter will meet at the home of Mrs. Roy Holler, 705 Magnolia Avenue, at 8:00 P. M.

TUESDAY
The Daughters of Wesley Class of the First Methodist Church will meet at the home of Mrs. J. O. Laney at 1912 Sanford Avenue at 8:00 o'clock with hostess being Mrs. Laney, Mrs. Claude Herndon, Mrs. Fred Wilson, Mrs. M. L. Wright and Mrs. Edgar Mitchell.

Grey Dress Taking Place Of Black Gown

BY DOROTHY ROE
ASSOCIATED PRESS FASHION EDITOR

The little black dress, classic of well-dressed women the world over, is taking second place this fall to the good gray dress.

Gray is the high fashion color of the season, ranging in tone from deep charcoal through elegant, smoky, smoky gray to light, delicate, pearl gray tints.

Manufacturers and merchants report that in many cases charcoal gray is outselling black in dressy afternoon frocks and in the beloved basic dresses which women dress up down with jewelry and accessories.

Every top designer in New York has featured a version of smoky or elephant gray in the fall collections. It has a new suave look to it, keeping with the restrained, sophisticated flavor of the mode. Combined with a contrasting color such as yellow or chartreuse, it is highly effective.

You'll be seeing the new grays in tailored wool suits and dresses, in soft afternoon crepes and in simple basic frocks. You'll find it a wonderful background tone for highlighting with spots of vivid color. With it you may wear the new gunmetal kid shoes, belt or bag, if you like. And you'll find millinery and stockings to match, also.

For fall, the grays have it.

The crop loss from weeds in the United States each year is estimated at \$5 billion.

Most insects breathe through a system of tubes known as tracheae.

Truth Seekers Hold Officer Election

Election of officers was held at a meeting of the Truth Seekers Class of the First Methodist Church on Monday at the church annex. Officers elected to serve for the coming year are president, Mrs. Zada Lord; vice president, Mrs. J. H. Crawford; secretary, Mrs. L. H. Harkney; treasurer, Mrs. T. E. Wilson who will also act as class teacher.

Following the election Mrs. Lord appointed the following committee chairmen: Mrs. R. F. Cronshaw, financial chairman; Mrs. C. C. Priest, devotional chairman; and Mrs. W. S. Thorton, hostess committee chairman. Routine business was conducted following with a program which stressed the love of home and family. The program was under the direction of Mrs. Thorton.

Also on the program were several selections sung by a trio composed of Rev. J. E. McKinley, W. S. Thorton and C. C. Priest. Hostesses for the social hour were Mrs. Thorton, Mrs. Nellie Vaughn and Mrs. Marie Draper. Birthdays were extended to Mrs. Fanny Lloyd, Mrs. Lord and Mrs. Jeanie Putman.

Delicious refreshments were served to Mrs. Mabel Blount, Mrs. Wilson, Mrs. Lord, Mrs. Tills, Mrs. Lloyd, Mrs. Carrie Draper, Mrs. Priest, Mrs. A. D. Sheemaker, Mrs. R. W. Turner, Mrs. Putman, Mrs. C. A. Ponder, Mrs. E. M. Mose, Mrs. R. M. Mason, Mrs. W. P. Chapman, Mrs. O. E. Guerry, Mrs. R. F. Cronshaw, Mrs. Harkney, Mrs. Crawford, Mrs. Thorton, Mrs. Vaughn, Rev. McKinley, Mr. Thorton and Mr. Priest.

Young Wesleyan Class Has Supper Meeting

The monthly meeting of the Young Wesleyan Class of the First Methodist Church was held in the church annex on Friday evening. A covered dish supper was enjoyed by the members present. Business was conducted by the class president, Dick Payne, with plans being made for a class project in connection with the church's building fund.

About 20 members of the class were present and Mr. Payne announced that there would be a special meeting of the class on Oct. 6 at 8:00 P.M. in the Sanford Armory.

BIRTH ANNOUNCEMENT
Mr. and Mrs. Walter J. Morcum of Windermere announced today the birth of a son, John Magann, on Sept. 18 at the Orange Memorial Hospital in Orlando. Mrs. Morcum will be remembered by her friends as the former Carolyn Boyd.

F. E. Roumillat Honor Bridal Couple

Mr. and Mrs. F. E. Roumillat entertained on Monday evening honoring Miss Ruth Stenstrom and her fiance Edward Czajka with a boat party aboard their yacht the Skylark. The group met at the Sanford Boat Works at 8:00 o'clock where they boarded the yacht.

Late in the evening Mrs. Roumillat served a picnic supper to the guests. Those enjoying the affair were Miss Stenstrom and Mr. Czajka, Mr. and Mrs. J. W. Salsbury, Mr. and Mrs. Douglas Stenstrom, Mr. and Mrs. Mark Jacoby, Mr. and Mrs. Blake Sawyer, Mr. and Mrs. Bill Tyler, Mrs. Paul Nowakowski of Middletown, Conn., Miss Peggy Duncan, Otis Mooney and Mr. and Mrs. Roumillat.

Miss Lovell, Crumley Honor Mrs. F. Akers

Miss Ann Lovell and Miss Dorothy Crumley, entertained last evening with a supper-honored at 6:30 o'clock honoring Mrs. Frank Akers at the Crumley home on Silver Lake. The dinner was served at small table in the living and dining rooms with places being marked with appropriate place cards.

Decorating the rooms were lovely arrangements of lavender hued and greenery. Late in the evening the hostesses presented the honoree with many lovely gifts in a basket. Miss Lovell and Miss Crumley were assisted in serving and entertaining by their mothers, Mrs. B. H. Crumley and Mrs. W. B. Lovell.

Those enjoying the evening with Mrs. Akers were the Misses Harriett Mathews, Dilon Baker, Daughne Connelly, Ruth Sackett, Jean Williams, Tot Livingston, Mrs. Ralph Wight, Mrs. Alden Taylor, Mr. Ernest Brotherton, and Mrs. Carrie Draper.

Forest Xmas Is Saving Xmas Pennies

CHEYENNE, WYO., Sept. 29.—(AP)—Tim Forat "Nubbin" Hoffman, the early Christmas boy of 1944, is growing up.

Four years ago, when Nubbin was three, his parents repaired of his living tree for an early Christmas tree for him figuring he'd never live until Dec. 25. The word got around and soon from all over the nation mailed him presents. Nubbin survived although physicians thought he would be bedridden for life.

Now he has gained 20 pounds and about four inches in height in the past eight months. He weighs 40 pounds and is 43 inches tall, Nubbin's parents, Mr. and Mrs. Marshall H. Hoffman, credit their son's rapid growth to injections of two and a half milligrams of male hormones in oil daily.

Physicians last February decided on the hormone treatment in an attempt to rebuild the child's kidney functions which had been damaged by a bladder obstruction.

It is hoped now that the boy can begin to lead a normal life. Forest is busy saving his pennies for Christmas, which this year will be just a family affair with no frills. And it's to come on Dec. 25.

Except for water and milk, Americans use more paper than anything else.

JOHN CARROLL has the drop on WILLIAM ELLIOTT in a scene from Republic's "OLD LOS ANGELES", co-starring CATHERINE McLEOD. Itz Theatre Thursday and Friday.

Hedy Lamarr Drops Look Magazine Suit

LOS ANGELES, Sept. 29.—(AP)—Hedy Lamarr has dropped a lawsuit against Look magazine. Her attorney, Jerry Glendon, filed a dismissal of the action in superior court yesterday. He declined to give a reason.

The actress had charged Look with imitating her and copying plastic surgery on her nose.

Eisenhower Favours Fun For Students

NEW YORK, Sept. 29.—(AP)—College students should have fun, says Gen. Dwight D. Eisenhower, Columbia University president.

The student cheered when Eisenhower told them in a speech at an assembly yesterday that the nation's expansion of recreational facilities to be one of his first duties.

"The day that goes by that you don't have some fun is not only unnecessary, but un-Christian. If you don't have it, you are not being true to yourself."

The student cheered when Eisenhower told them in a speech at an assembly yesterday that the nation's expansion of recreational facilities to be one of his first duties.

"The day that goes by that you don't have some fun is not only unnecessary, but un-Christian. If you don't have it, you are not being true to yourself."

Hollywood

HOLLYWOOD, Sept. 29.—(AP)—"In two or three years," said Wallace Beery, "that little gal is going to be the biggest star in the movies."

"If MGM is smart, it'll pay her what she's worth," continued the usually unenthusiastic Beery. "She is really exotic. They call a lot of those old ladies exotic, but the gal really fits the word. By the way, what's her name?"

I supplied it. Elizabeth Taylor. Beery is not sharp at remembering names, even with those such as Liza with whom he has appeared in films. But an old show business eye like his couldn't mistake the talent of the dark-haired young beauty.

There's more with Elizabeth than just looks. I observed Beery and heaped to a stage where the actress was testing for her role in "Resurrection," in which she'll play Robert Taylor's wife.

In case you haven't seen the gal since she played the kid in "National Velvet," you'll be interested to know that she was testing in a dress originally worn by Marie McDoough. "The Body" you might say. In fact, Marie's dress proved too large in the waist, but not big enough elsewhere.

Careful styling aided by her grace in a large sash-wrap. Add a touch of color over low hair and a tender but not brown. Add a touch of color over low hair and a tender but not brown.

Add something and milk. Heat thoroughly before serving. Sprinkle with chopped parsley. Make 5 servings.

## Russian Soldiers Wound 2 Germans In Raid In Berlin

### U. S. Military Police Intervene, But Incident Is Still Under Investigation

BERLIN, Sept. 30. (AP)—Russian soldiers who made a foray into the U. S. sector of the city this evening shot and wounded two German civilians, American Military police reported.

Particulars of the incident were not immediately available.

U. S. authorities said American Military Police had intervened and that the incident is still under investigation. Preliminary accounts said there were no American casualties.

Military police headquarters said its reports were that some armed Russians had entered the U. S.-occupied borough of Lichtenrade, which lies at the American-Soviet sector borders. Their mission was not immediately known but MPs said the Russians were about four or five blocks inside the American sector.

When an American patrol rushed up to investigate, these reports said, one of the Russians began to run and discharged his rifle, wounding the two Germans.

Meanwhile the German press said today the Soviet occupation Army is preparing for big autumn maneuvers starting in early October. Large air fleets will take part in the maneuvers.

United States Air Force officials said they had received no notice from the Russians about the reported air drills. They added they did not know whether they would be staged in the three corridors used by the Western Allies to supply blockaded Berlin by air.

American officials are awaiting a reply from the Soviets on a strong protest delivered yesterday over the buzzing of two U. S. aircraft planes by nine Russian Yak fighters on Sept. 29.

### Marketing Group Will Make Aerial Survey Of County

An up-to-date photographic aerial survey will be made in Seminole County during October, Orie Mathias, executive director of the Seminole County Agricultural Conservation Association announced this morning.

The survey, to be made by the ACA in co-operation with the Production Marketing Administration and the county, will provide the first photographic maps made since 1910, and will show new roads, farms and clearings.

Each of the large photographs will reveal approximately three square miles on a scale of 6000 feet to the inch. Maps will be furnished for the use of the County Clerk, County Tax Assessor and County Agent, and will be available to individuals on order.

"Anyone interested in having any particular land corner located on a photograph, can place a marker which will identify the land corner on the photograph," said Mr. Mathias.

The markers should be two pieces of white cloth or metal, two or three feet wide and six feet long, which are placed in the form of a cross, he advised. For further information, Mr. Mathias can be contacted at the office of County Agent C. R. Dawson.

## British Cabinet OKs Montgomery As Alliance Head

### Field Marshall Will Lead 5 Power Armed Force Command

LONDON, Sept. 30. (AP)—The British cabinet today approved the selection of Field Marshal Viscount Montgomery as head of a joint armed force of the five-power Brussels Alliance.

A government source said the selection of Montgomery, chief of the British Imperial General Staff, will be announced soon in Paris by the five powers—Britain, France, The Netherlands, Luxembourg and Belgium. The informant said the choice was made by the defense ministers of the five countries at Paris early this week.

Montgomery presumably will resign as commander of Britain's army. London newspapers earlier had predicted Montgomery would resign to take over the Western military command.

They said also that General Alphonse Juin, French commander-in-chief in North Africa, will hold the five-power land command; British fleet Admiral Lord Cunningham would lead the joint naval units and Royal Air Force Marshal Lord Trenchard would be chief of the air forces.

It was thought he had been his last public appearance in his present role, Montgomery appeared at a news conference with War Minister Emanuel Bliawitz and British fleet Admiral Lord Cunningham would lead the joint naval units and Royal Air Force Marshal Lord Trenchard would be chief of the air forces.

## Mrs. Steenwerth Is Praised For Work At Naval Station

Mrs. Allie G. Steenwerth, Jacksonville Naval Air Station telephone operator and former N.A.S. operator here, was recently commended by Capt. A. I. Malstrom, N.A.S. commanding officer, for her quick thinking and action in sending help to the home of Lieut. and Mrs. R. L. Carr, who were in peril from gas fumes from a hot water heater.

The commendation resulted from a call from Mrs. Carr last April which Mrs. Steenwerth answered. In a weak voice, Mrs. Carr said, "Please, operator, get a doctor at once, something terrible has happened to my husband." After some delay and questioning, Mrs. Carr revealed who she was and where she lived.

Mrs. Steenwerth immediately informed the Officer-of-the-day at the Naval Hospital and those at the Main Dispensary of the case, and urged them to send someone to the woman's residence as she was sure something was wrong. Calling back to Mrs. Carr to tell her that help was on the way, she found that the telephone there was off the hook, and could hear nothing.

Verifying the phone number and the location with the telephone company, she again called the hospital to tell them that she no longer had the phone.

## Georgia Ballot Bill Goes Through Reading

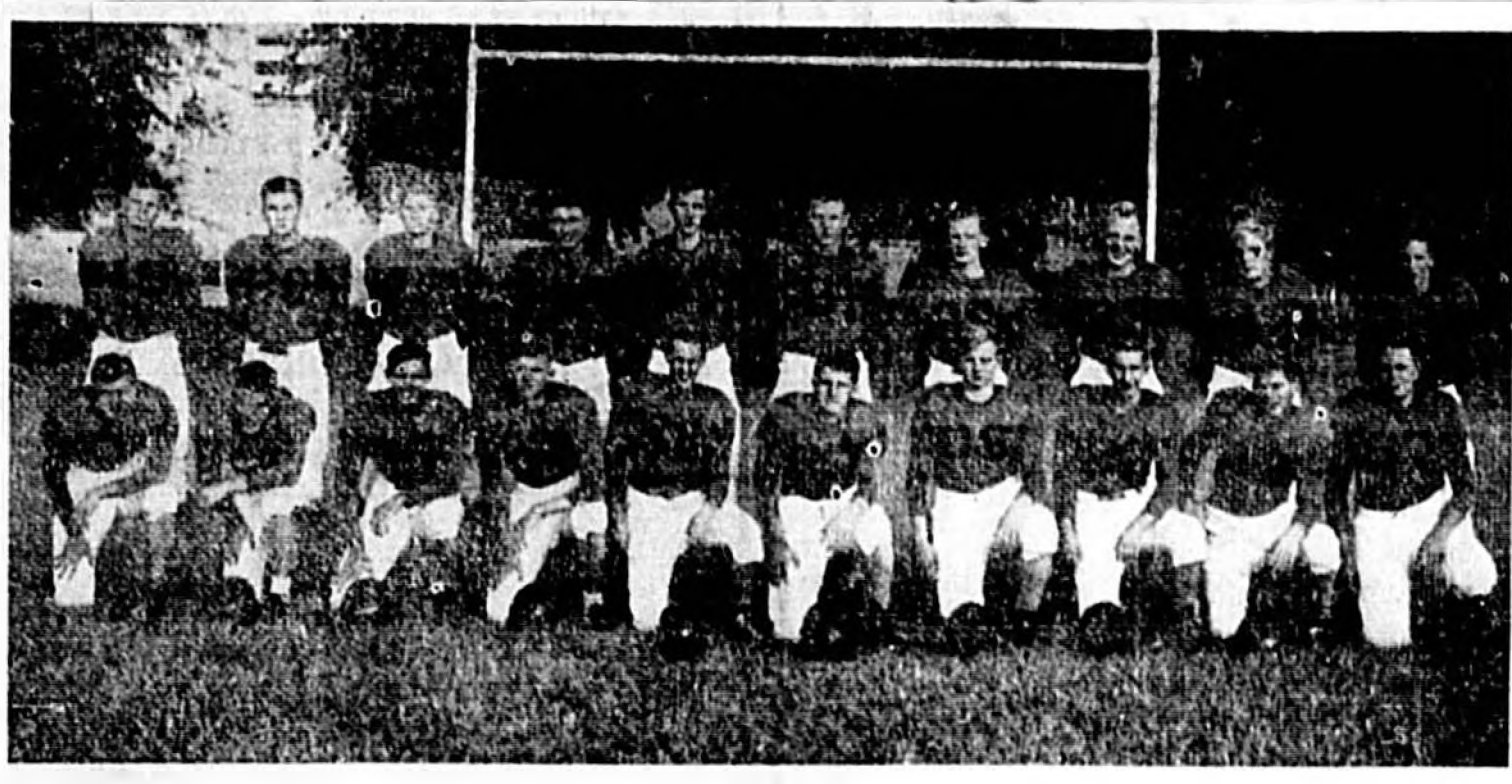

ATLANTA, Sept. 30. (AP)—A bill opening Georgia's general election ballot to all parties—except Communists—passed through a second reading in the House today with final passage indicated tomorrow.

Rep. Robert Elliott of Columbus, floor leader for dominant forces of Governor-elect Herman Talmaidge, said he expected no important changes when the measure comes up for debate in the House tomorrow.

The bill already has cleared the Senate, which struck out sections requiring presidential electors to vote for their national party nominees.

RIVER RISES  
More rain fell yesterday in the St. Johns River Valley, and Lake Monroe continues to rise, although at less than the six and a half inch rise reported yesterday.

## 1948 Seminole High School Football Team

Shown above are the members of the 1948 Seminole High School varsity football team. The Celery Feds will meet the Firsts High School Panthers at the high school field tomorrow night in the first home game of the season. The squad includes, left to right, front row, Ed Brooklyn, Donald Dell, Richard Bass, Bob Humphrey, Ray Dunbar, Eugene Harper, Charles Lansing, Don Howard, Cedric Danbar and "Peanut" Galloway. Second row, left to right, Wallace Tyre, Edison Myers, Fred Cooper, John Keeler, J. Floyd Cooper, George Dague, John Keeling, Charles Anderson, Bill Howard and Charles Thomas.

## C.R. Dawson Tells Kiwanians About Sea-Island Cotton

Product Is Hailed As Supplement To Sanford's Celery Crop

County Agent C. R. Dawson today told Kiwanians at the Tourist Center of initial success of planting of sea-island cotton on the farm of Phil Bach, quoted cotton experts from Georgia, Florida and South Carolina as having it as "the best they had ever seen," and declared that "it looks like a mighty good crop to supplement celery, or plant instead of celery." E. G. Kilpatrick introduced Mr. Dawson.

Mr. Dawson showed a sample of the cotton recently picked, and Kiwanians were so intensely interested that they asked many questions about the cotton and celery crop.

Describing this action of Seminole County as more or less a "one crop area," devoted to celery, Mr. Dawson pointed out that in the history of agriculture, one crop areas have often gotten in trouble, cited the low prices brought last year by celery and said that his office had been looking for something to plant as an additional crop.

Having heard of the new strain of long-stapled cotton, which cotton breeders in Tifton, Ga. were just introducing, he said that his office had been looking for something to plant as an additional crop.

## Caldwell Asks State To Honor Newsboys

TALLAHASSEE, Sept. 30. (AP)—The boys who deliver and sell newspapers will be honored Oct. 2.

In a statement issued here, Governor Caldwell called on Floridians to "Join in the appropriate observance of newspaper boy day this year."

"It is altogether fitting that this day should be set aside officially as a time for recognition of newspaper boys," the Governor said.

"The early training in thrift, enterprise and self-discipline gained by these boys will benefit them, their state and their country throughout their lives. Undoubtedly many of our nation's leaders in both public and private life will continue to come from the ranks of the newspaper boys."

TRAWLER RINKS  
NEW ORLEANS, Sept. 30. (AP)—The Coast Guard said it was feared the 65-foot shrimp trawler Northsea sank in the Gulf today after transferring its crew members to a companion vessel.

## Water Continues To Rise In Canal Area West Of Fort Lauderdale

MIAMI, Sept. 30. (AP)—Water is still rising in the north New River Canal west of Fort Lauderdale and stands two feet above its level before the Sept. 21-22 hurricane.

The New River, which also carries a burden of the overflow from the Everglades, is over its banks in some sections. Nearer Lake Okechobee, the water level is dropping.

Officials generally agreed that a critical situation exists where little or no rain would permit the flood to be cleared up, while even moderate downpours would send floodwaters spreading over wide areas.

Grady Norton, chief storm forecaster at Miami, said an easterly wave of rain and winds completed its transit of the Caribbean Sea today and moved inland over the Yucatan Peninsula.

"We can cross that one off the books," said Norton. "We watched it very closely because had it developed or turned northward, it might have brought six or ten inches of rain to Florida at a critical time."

"With that one gone, there is no indication of heavy, lower or thunderstorm activity over South Florida for the next two weeks," he said.

## Eggs, Tomatoes Follow Wallace In Houston Talk

Truman, Big Business And Race Problems Ripped By Candidate

HOUSTON, Tex., Sept. 30. (AP)—Henry Wallace didn't bother to duck as four eggs and two tomatoes crashed around him last night, Gaining through the uproar, he went on to deliver a speech before a mixed white-and-negro audience estimated at 3,500.

The man who threw all—or nearly all—of the missiles said he is a merchant seaman from Kulpfont, Pa., named John J. Staskiel. He didn't hit Wallace once. Police took him outside and let him go.

Meanwhile, inside Houston's city auditorium, Wallace, Progressive Party candidate for President, was slashing away at racial segregation, Texas political leaders, big business, and the Truman Administration.

## Rev. J.E. McKinley Tells Jaycees Of World Problems

World Federation Government Is Advocated By Minister

"The problem facing the world today is not how much money we can make from our business ventures, but the problem of survival," Rev. J. E. McKinley of the First Methodist Church told the members of the Seminole County Junior Chamber of Commerce at their luncheon today at the Tourist Center.

"There are four suggestions currently being proposed as to how we can avoid complete destruction. The first is for America to set the world an example and disarm, but there are few people who believe this would be the solution. If we would scrap our armaments, overnight we would be the victims of an invasion. We would be over-run," he said.

"The second suggestion is for the United States to start an aggressive war on Russia, but the proponents do not realize that America would be out of character. The average American hates hater."

"The third and best suggestion is that of a world government such as the United World Federation," he said.

"It is high time we got down to business," he said.

## F.A. Palmer Named Executives Club President For '48

Members of the Sanford Executives Club met yesterday afternoon at the Tourist Center and elected Floyd Palmer, local insurance man, as president to succeed Andrew Stine. Ralph A. Smith retains his post as secretary. About 25 members were present.

The Sanford Executives Club is a branch of the Associated Clubs of America, and is a social club of business and professional men designed to bring worthwhile speakers here. Dinners are held which are open to members, their wives and friends. Members may attend functions of executive clubs in neighboring cities.

The local club was organized last year largely through the efforts of the late W. P. Vesley, pastor of the First Christian Church. Archduke Otto of Austria was the initial speaker here at the Mayfair Inn.

A drive is planned to increase the membership among the business and professional men of Sanford.

## Charles W. Dooley Died This Morning

Charles W. Dooley died this morning at his home at 2084 Sanford Avenue, following an illness of four months.

Born in Bloomington, Ill., Mar. 2, 1910, Mr. Dooley lived in Geneva for 30 years. He had resided in Sanford for a year. He was a member of the Geneva Methodist Church.

Survivors include the widow, and three sons, Robert, Charles, Jr. and Kenneth, all of Sanford; one brother, Paul B. Dooley, Winter Garden; and a niece, Miss Eleanor Dooley, Gainesville.

Funeral services will be held at the Erickson Funeral Home at 10:00 A. M. Saturday with Rev. J. E. McKinley officiating. Interment will be made in Geneva Cemetery.

## Judge Smith Back

Circuit Judge M. B. Smith has returned from a vacation in New Hampshire and will resume regular Friday visits tomorrow, said O. P. Herndon, clerk of the court, this morning.

The Board of County Commissioners will meet in regular session, Tuesday morning at 10:00 o'clock.

## Real Income Of Farmers Fell In '47 For First Time Since War II

WASHINGTON, Sept. 30. (AP)—Farmers' "real income" fell in 1947 for the first time since before World War II, an Agriculture Department specialist says. The drop occurred despite record farm earnings last year.

The report is made by Norman J. Wall of the department's Bureau of Agricultural Economics. In an article on farmers' finances, he says: "The year 1947 may mark an important turning point in the farmers' financial well-being. For the first time since before the war, farmers' real income decreased."

"After payment of federal income taxes, the net income of farm operators in 1947 would buy six per cent less family maintenance than would the smaller returns of 1946.

## U.N. Council Takes Up Western Charges In Monday's Session

## Citrus Market Is Reported Getting Back On Its Feet

LAKELAND, Sept. 30. (AP)—Current strict restrictions on grapefruit from Florida are helping put the "market back on its feet," a prominent citrus man said today.

W. C. Pedersen, president of the Waverly Growers Cooperative, said growers were "getting red ink" until the regulations imposed by the Federal Marketing Agreement committee went into effect.

The committee have set rules that only seeded grapefruit packing 70 or less to a box shall leave the state. They also imposed Size 96 on seedless, 96 on seedless pinks and 80 on seeded pinks.

The rules were designed to keep small sized fruit off the market. Meanwhile, the secretary approved the same regulations for another two weeks beginning Oct. 1.

Pedersen, writing in his weekly newsletter, said growers are getting \$1.00 a box on the tree for Marsh seedless and FOB (packed ready for shipment) prices on the same fruit range from \$2.00 to \$2.25. FOB prices on Duncan grapefruit run from \$1.75 to \$2.00 per box, he added.

Canneries, the newsletter said, are paying 25 cents for delivered fruit.

## Caldwell To Grant No Clemency For Game Violators

TALLAHASSEE, Sept. 30. (AP)—Governor Caldwell today said clemency will not be granted to persons sentenced to imprisonment for game law violations unless recommended by the Parole Commission and approved by the Pardons Board.

Caldwell has granted today reprieves to B. B. Odham, brother of Rep. Beasley Odham of Seminole County, and H. D. Dudley, Winter Park tax operator.

Prison was ordered to pay a fine of \$100 and serve 10 days in jail for possession of firearms in the Ocala National Forest. Odham was fined \$100 and sentenced to serve 30 days imprisonment for possession of a deer during closed season in the forest.

The Ocala National Forest and the Marion County Board of Commissioners recently adopted resolutions commending Marion County Judge D. R. Smith for his jail sentences.

"I know nothing about the facts," Caldwell said.

## Enrollment Rise Foreseen In Schools

GAINESVILLE, Sept. 30. (AP)—An enrollment of nearly a half million students in Florida schools in 1949-50 was predicted today by James L. Graham, director of the division of administration and finance, State Department of Education.

Speaking at a meeting of county superintendents of public instruction here today Graham said—and the school superintendents agreed—that a 5 percent increase in school enrollment could be expected for each of the next two years. This is an increase of 11,000 pupils over the number of pupils in school last year.

More teachers and classrooms will be needed to meet this pupil increase.

## Austin Says Russia Is Reason That Control Of Atom Power Is Not Realized

PARIS, Sept. 30. (AP)—The United Nations Security Council on Monday takes up the most explosive issue of its three-year history—the Western charge that Russia threatens the peace of the world by her blockade of Berlin.

The council announced today that Chief U.S. Delegate Walter R. Austin will be in the chair as the October president when the Session opens at 3 P.M. (9 A.M. EST). However, the U.S. delegation said it expects Austin will step down when the chairs come up and surrender the chairmanship to Argentina, next in line for it.

If the Russians try to bar the Berlin case from the agenda, Austin is reported planning to remain in the chair until the procedural battle is over. Seven vetoes are required to approve admission of an item, and the Big Power veto does not apply.

The council's announcement came shortly after the East-West dispute on atomic controls went before the 58-nation political committee of the assembly. Austin, in a speech to the committee, reaffirmed United States' readiness to submit its atomic energy production to international control.

Austin said it was Russia's fault that international control of atomic weapons never came into being. He urged Big Power cooperation on the atom and reassured America.

## Rev. Zimmerman Assumes Duties As Episcopal Rector

Rev. and Mrs. H. L. Zimmerman of Huntingdon, Pa., arrived in Sanford yesterday where he will assume his new duties as rector of Holy Cross Episcopal Church and conduct his first sermon in this city next Sunday morning.

Rev. Zimmerman has been rector of the St. Johns Parish in Huntingdon, in the diocese of Harrisburg, since October, 1946. Prior to that time he had served as vicar at Emmanuel Church in Baltimore, Md.

He is a member of the Holy Trinity Club of Huntingdon where he has been active in civic affairs and also a director of the College of the Holy Trinity in University, a member of the Committee to Raise Funds for the St. John Memorial Hospital, a member of the Commission on College Work of the Diocese of Harrisburg, and chaplain of the Episcopal Club of Baltimore. He is also a member of the Johns Hopkins Club of Baltimore, and Sigma Delta Kappa law fraternity.

## Mrs. Ted Roosevelt Dies In New York

OYSTER BAY, N.Y., Sept. 30. (AP)—Mrs. Theodore Roosevelt, 81, widow of the 26th President, died in her sleep today in the family home, Sagamore Hill.

At her side were her surviving sons, Archibald, and daughter, Mrs. Richard Derby. She had been ill for some time. Death came shortly before 7 A.M.

Only three widows of Presidents now survive—Mrs. Woodrow Wilson, Mrs. Calvin Coolidge and Mrs. Franklin D. Roosevelt.

MEDWICK RELEASED  
ST. LOUIS, Sept. 30. (AP)—Joe Medwick, recalled from Houston several weeks ago, was given his unconditional baseball release from the St. Louis Cardinals today.

FIRE DAMAGE  
Fire, due to a defective fuse, caused a small amount of damage Tuesday evening at 7:30 o'clock in the home of Clara Atkins, 1194 Maple Avenue. It was reported by Fire Chief M. N. Cleveland.
