

# ASSOCIATED PRESS PICTURE NEWS

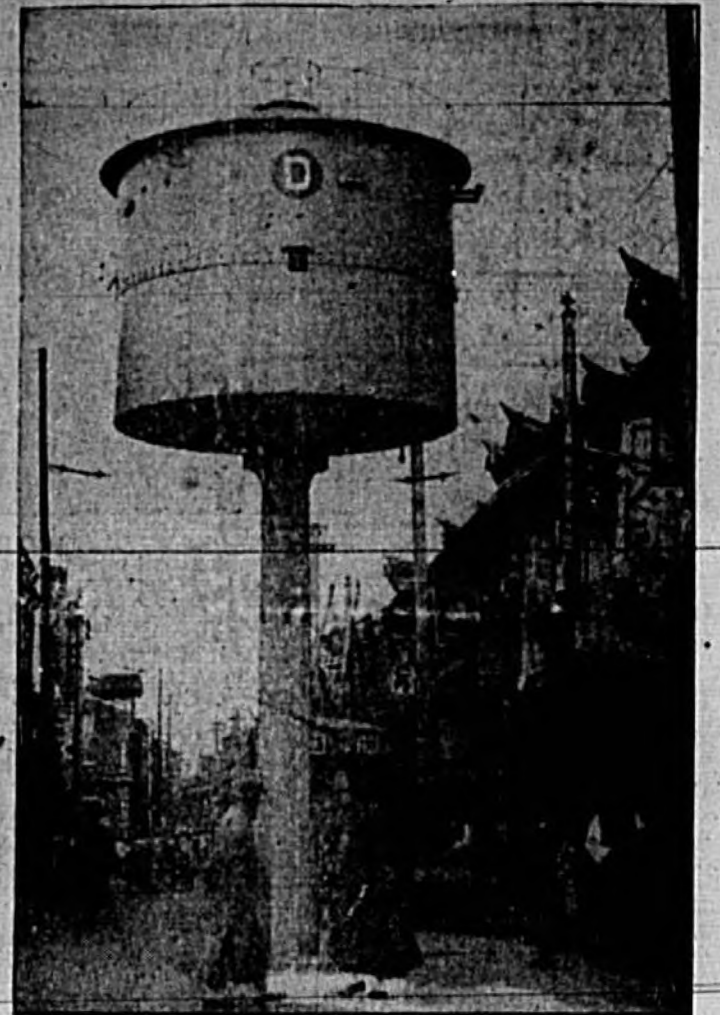

**THUNDER OVER SHANGHAI.** Troops, guns and marching men of many nations rattled in increasing tempo down Shanghai's streets as that international city of the Far East with 2,000,000 residents . . . 2,000 Americans among them . . . seemed caught in the deadly Sino-Japanese conflict. Japan's mighty warships filled the harbor and Japanese bluecoats unloaded tons of munitions. These American troops at Shanghai were prepared for "any eventually."

## SPOTLIGHT

"Eas in a pod" they say of Daphnee (left) and Marita Sylva, twins of Mme. Marguerita Sylva, opera star. Like their mother, they chose stage careers. Their most recent vehicle was Owen Davis' "Two Time Mary" presented by a theater group at Lakewood, Ma.

**NO T RACQUETEERS.** Alice Marble of San Francisco, national women's tennis champion, and Donald Budge, men's singles champion, met at the eastern grass court tournament and discussed plans to defend their championships at Forest Hills, N. Y., late in August.

**WAR'S TRAFFIC SIGNAL.** Over the peaceful scene, with its tinkling chimneys, waving banners and kimonoed men, stands this machine gun tower at an intersection in a Shanghai native quarter. Normally the turret is manned by police of the Chinese city, but in times of recent Sino-Japanese outbreaks, they have been manned by Japanese. These forts protect the international settlement.

**FULL SPEED AHEAD.** Although a few pounds heavier, Martha Norelius still has just as much pep as she had in the period from 1924 to 1929 when she won 1,000 consecutive races. So the aquatic star limbered up for an appearance in Lake Erie, using a mechanical swimming machine.

Praise and blame fell on the ears of Secretary of State Cordell Hull as he proposed leasing six over age destroyers from the navy to Brazil for training ships. Argentinian and German newspapers and some congressmen took issue with the plan.

Mary T. Norton, New Jersey's congress-lady, keeps secrets. When her male colleagues couldn't restrain themselves from revealing details of the wage and hour bill, she kept shushed until radio time and then proceeded to broadcast full details.

**RIGHT OVER THE PLATE.** Next to playing baseball with the New York Yankees, Joe DiMaggio likes to eat about as well as any three other things. The San Francisco youth wasn't thinking much about base hits at this moment, but the lobster was making one.

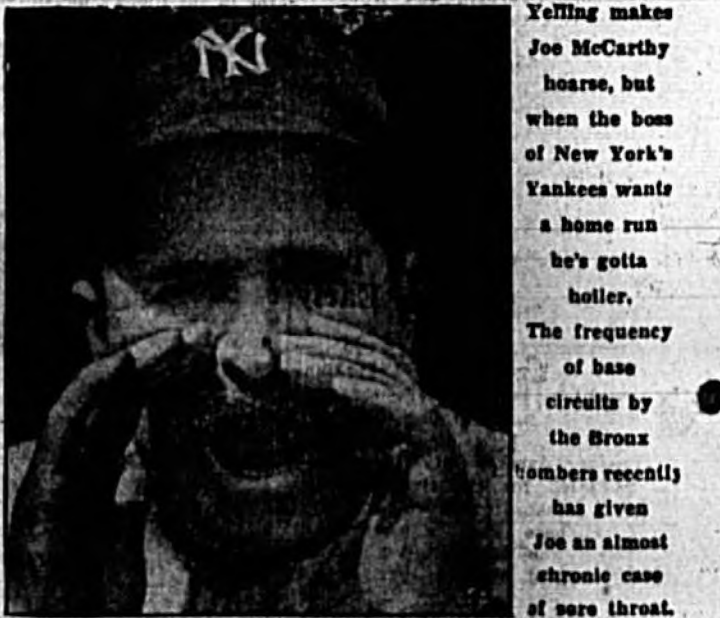

**SPEAK THEIR PEACE.** Harmony was the keynote when Senate Democrats met to honor the new Boer leader, Sen. Alben W. Barkley. Peace dinner attendees shown above (left to right) are Tom Connally of Texas, Key Pittman of Nevada, and Robert Reynolds of North Carolina.

**BACK IN SPOTLIGHT.** Into political limelight stepped Herbert Hoover with the suggestion that the G.O.P. "take stock of party position" prior to the 1938 elections through a convention. Chairman John Hamilton, shown with the former President, would make no comment on the plan.

**GREAT OPERA.** Meeting in Honolulu, Shirley Temple and Tito Schipa, did a duet for the natives.

Yelling makes Joe McCarthy hoarse, but when the boss of New York's Yankees wants a home run he's gotta holler. The frequency of base circuits by the Bronx bombers recently has given Joe an almost chronic case of sore throat.

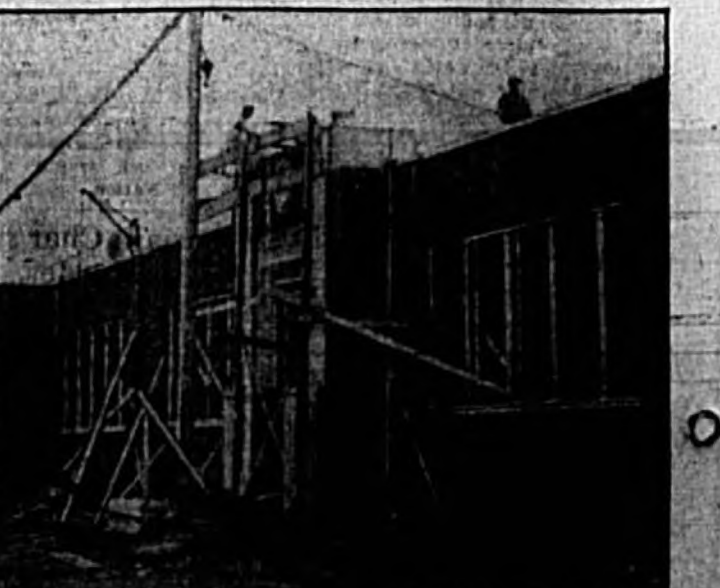

**SET THE RECORD.** While Princess Juliana of Holland was posing for the court photographer, her husband, Prince Bernhard, finished the world's fastest study of the airplane before he was in the lead of technical and speed.

**GRINNING GABBY.** One of the legs in National League batting, Chicago Cubs' catcher Gabby Hartnett is a grinning favorite of the fans. He's being talked as a Cubs manager of 1938. Charles, as he was dubbed by his parents, has been on the receiving end for a long time.

**WAR GOES HIGHER.** Soaring above the clouds, the army's new sub-sonic plane is well through its tests at Dayton, Ohio. The fighter's cabin is noted to permit excellent comfort at altitudes ranging to 25,000 feet. The latest model advantages reported from the tests also are increased speed and greater maneuverability in attack.

**AMISH ANATHEMA.** This stony structure of the East Lampeter, Pa., consolidated school, is unwelcome by the simple-living Amish residing there. They feared their children would be taught to love "modernism."

## Quake Rocks Manila With Two Shocks

### Refugees From China Arrive Just in Time For Full Effects Of Philippine Quake

### Shocks Worst In Forty Years

### Numerous Fires Are Started Throughout City By Tremors

MANILA, Aug. 20.—(AP)—Two sharp earthquakes threw Manila into darkness tonight in a terrifying welcome to the American refugees arriving from war-torn Shanghai.

Manila residents fled from their homes and hotels into darkened streets where light wires lay in a tangled mass.

Many fires started by the shocks (the first in 40 years) added to the panic. Several large buildings and a number of churches were damaged.

Many injuries, but no deaths were reported during the confusion following the first shock about 8:00 P. M. The second tremor added new terror 20 minutes later.

Most terrified by the rumbling and shaking of the earth were 375 refugees arriving aboard the President Jefferson to the supposed haven after their experience in Shanghai.

## Sanford Teachers Attend Ocala School

Many Sanforadians have been included in the list of registered teachers at the Working Conference for Adult Education and Nursery School Teachers in session at Camp Roosevelt, according to information received here today from Mrs. Iva T. Serrin, state director of the Division of Education of the Works Progress Administration.

Rosemond Chapman, Ruth Hutchins Mauds M. Jenkins, Josephine Tarrill, and Alice V. Ward are the Sanford delegates among the 346 teachers, supervisors and administrators representing 83 cities in Florida.

The conference will be formally concluded Saturday morning, after the teachers have adopted the report of the assembly, Mrs. Serrin stated.

## Possibility Seen To End Congress Early

WASHINGTON, Aug. 20.—(AP)—Congressional chickens opened a sudden drive today to adjourn by late tonight, if possible. Democrat leader Barkley of the Senate conceded for the first time, as the Senate adjourned at noon, that there was a chance to finish the long session tonight instead of waiting until tomorrow.

He said it all depended upon the agreement by conference on the Wagner Housing Bill and the possibility of getting a quick conference agreement on the third Deficiency Appropriation bill, the last major measure of the session.

## E. R. Heinrich To Visit Vero Beach

E. R. Heinrich, district supervisor of compliance for soil conservation work, left yesterday for Vero Beach to conduct a school class for the two-day session which will be held Wednesday and Thursday for the benefit of those connected with soil conservation in this and neighboring counties.

During the session discussion will be given on the filing of various compliance sheets, and also on methods in mapping and field work.

Twenty to 25 representatives from Vero, Ocala, Orange, Volusia and Lake counties will be present for the practical demonstration in the field work.

## 'AMERICAN LORD MACAULAYS'

President Roosevelt is shown as he addressed several thousand persons celebrating the 350th anniversary of the birth of Virginia Dare, first child of English parentage born on this continent. The address, delivered at Manteo, N. C., was the President's first since the collapse of his court bill. He coined a new name for his foes—"American Lord Macaulays"—whom he accused of secretly distrusting democracy, although "mouthing" praise for the Constitution.

## Gov. Bibb Graves Names Wife For Senate Position

Hugo L. Black resigned his Senate seat last night to become associate justice of the Supreme Court and Gov. Bibb Graves of Alabama immediately appointed his striking dark-haired wife, Mrs. Dixie Bibb Graves, to the Senate.

The two officials announced their actions simultaneously in mimeographed statements after hours of conferences participated in by Sen. John H. Bankhead (D Ala.) and Col. Edward Haney, secretary of the Senate.

Graves ordered a special election for April 26, 1938, to select a senator to fill Black's unexpired term—which has until 1939 to run—and explained that he was appointing his wife meanwhile because he did not want "to give any one candidate for the position any advantage in going before the people."

The Alabama Governor said that the Democratic State Executive Committee could arrange for a primary election prior to the general election and promised, since the Democratic nomination in Alabama is equivalent to election, that the party nominee "will be made the senator from Alabama to fill the unexpired term of Senator Black."

The action came at the close of a day of White House calls that led to speculation as to whether the delay in Black's resignation from the Senate was caused by his unwillingness to have Graves appoint his wife.

Black's letter was simply an explanation of the fact of his appointment and confirmation to the Nation's highest tribunal. He added that he had sought to give Alabama his best service.

"As an associate justice of the United States," he said, "I shall do my very best to merit a continuation of the confidence of the people and to perform the duties of associate justice in such way as will best serve our Nation."

## A FAMILY AFFAIR

Gov. Bibb Graves is shown with Mrs. Graves arriving at the Washington airport August 18 when Alabama congressmen were saying on Capitol Hill that the Governor had decided to appoint Mrs. Graves to succeed Senator Hugo L. Black, new Supreme Court Justice.

## New Contributions To Municipal Zoo Heighten Interest

Interest in the Sanford Municipal Zoo again soared today with the announcement of new contributions by Sanforadians and out-of-town visitors, according to James Moughton, superintendent of parks.

Thirteen new small alligators presented by Fletcher Jones have been placed in a cage formerly occupied by two grey foxes. Lilly pads added to the pond in the enjoyment of their new home.

Probably one of the finest gifts to the zoo will be the presentation of an albino skunk by C. P. Graham of Cullman, Ala. The rare white animal is scheduled to arrive in Sanford soon.

Walter C. Quade of Rule, Texas, a visitor to the zoo about a month ago, became so absorbed in the many interesting sights that he made plans to send some animals common to his state in trade for two smalligators which were given to him.

He stated in communication to the Seminole County Chamber of Commerce that he might be able to send badgers, moles, prairie dogs, red foxes, jack rabbits, and lizards.

Fire protection and reforestation promise a great future for Florida's naval stores industries declares the State Chamber of Commerce. Therefore, don't burn the woods!

## Reports On Aid To Unemployed Are Available

Reports relative to unemployment compensation liability and information about the Florida unemployment laws may be secured at the office of the Clerk of the Circuit Court, O. P. Herndon announced today.

"Although my office receives no compensation for this service and in no way connected with the Florida Industrial Commission, we are glad to cooperate by bringing this information to the employers of Seminole County," Mr. Herndon said.

"We have agreed to give out these blank reports," Mr. Herndon continued, "to employers who have not received them through mail; however, we are not authorized to fill them out."

The Florida Unemployment (Continued On Page Three)

## Names Are Released Of Teachers In Seminole Schools For Coming Year

Superintendent of Public Instruction T. W. Lawton, today released a list of the names of the teachers in the various schools of the county for the coming year.

At the opening of the schools the first two weeks in September 115 teachers most of whom have been reappointed, will take posts.

Seminole High School will have the largest staff of teachers; 21 will answer the call to duty on Sept. 14.

They are: G. E. McKay, principal, A. H. Johnson, L. L. Lucas, W. R. McCracken, Sydney J. Wienberg, W. W. Riser, Ruth Hand, Elizabeth Shoemaker, Phyllis Smith, Ethel Riser, Mae Fort, Gladys Smith, Nellie Williams, May Belle Maxwell, Sara Mikell, Edna Chittenden, Elizabeth Akin, Mary Stone, Margaret Long, Louise McCracken, Ollie Mae Harrison, Helen Wellman and Lillian Dunlap.

At the Junior High School: H. E. Morris, principal, C. B. Schirard, O. D. King, Effie Darden, Laura Chittenden, Virginia Marie, Eula McCullar, Elizabeth Burgham, Lucy Smith and Catherine Takach.

Teachers at the Sanford Grammar School are: R. E. Kipp, principal, Emily Priest, Erma Flynn, Lillian Thornley, Sybil Reuth, Blanche McKinnon, Margaret Griffin, Kathryn Varr, Frances Stone, and Ruby Peters.

Sanford Primary Schools: Stella Arrington, supervisor, Jessie Russell, Quinton Brown, Nancy Brock, Irene Watt, Mary Robinson, Frances Morrow, Emma Owen, Louise Swain, Ernestine Westphal, Elizabeth Whit-

## Geneva Post Office To Be Filled Soon

Civil Service examinations for persons who wish to apply for the position of postmaster of the Geneva Post Office will be given on August 26 at the post office in Sanford. It was announced today.

It was again brought out that only citizens who live in the territory of the vacancy are eligible to take the examination.

## Funeral Services Are Held For Mrs. Denton

Funeral services for Mrs. J. T. Denton were held in the Erickson Funeral Home this morning with Rev. W. P. Brooks pastor of the First Baptist Church, officiating. Interment was made in the Evergreen Cemetery here.

The pallbearers were: James G. Sharon, J. M. Wilson, Sidney J. Nix, D. K. McNab, J. A. Brown, and G. S. Selman.

## Heat Waves And Rain Drift Slowly In U. S.

By The Associated Press

Three distinct heat waves drifted slowly across the United States from west to east today separated by virtual walls of rainfall which farmers valued at millions of dollars.

Combined with the heat in most of affected areas were high degrees of humidity which are said to be the worst of the year. In the far West, rain in northern Rockies separated the rest of the West from high temperatures in the northern seaboard of the Pacific.

## Officers Elected By Men's Bible Class

The following were elected as officers of the Men's Bible Class of the First Baptist Church last Sunday morning:

John D. Jenkins, president, W. E. Kader, first vice-president, C. P. Henderson, second vice-president, Boston Stead, third vice-president, Erad Mayes, secretary-treasurer, A. C. Madden, assistant secretary-treasurer, J. G. Sharon, teacher and Dr. J. T. Denton, assistant teacher.

## CITY NEWS BRIEFS

Circuit Judge Millard B. Smith was in Sanford today on official business.

The plot for an addition to the Evergreen Municipal Cemetery has been completed by City Engineer Fred T. Williams.

Special teachers to carry on work this year are: T. M. DeLeon, band, Mrs. Escar Price, music, Mrs. Bertha Houghton, music, Mrs. Margaret Maffett, expression.

## Flagship Of Asiatic Fleet, Aiding Shanghai Refugees, Is Victim Of River Fight

### U. S. Admiral Is Firm With Japs

### Refuses To Give Notice Of Movements On Whangpoo River

SHANGHAI, Aug. 20.—(AP)—An American sailor was killed tonight and 18 ship of the United States were wounded when the Asiatic fleet was struck by an anti-aircraft shell in the midst of the terrific Chinese-Japanese artillery and aerial warfare along the Whangpoo River.

A one inch projectile—of undetermined origin—plunged from a high angle on to the cruiser's after deck. The sailor killed was Freddie John Falgout of Racland, La. None of the wounded was badly hurt.

The American flagship was lying in the Whangpoo, a little below the heart of Shanghai to cover the evacuation of some 2,000 American refugees.

One-fourth of Shanghai was burning as a result of the average Chinese air bombings of Japanese properties in the Pootung and Hopow districts and Chinese land batteries "blasting" Japanese defense lines in the Pootung district. American owned buildings were believed engulfed in flames which spread over wide areas unchecked.

The artillery duel between Japanese warships on the river and Chinese shore batteries was the fiercest of the eight-day-old battle for Shanghai. The International Settlement rocked to the detonations.

Three shells believed from Chinese batteries had fallen near the Augusta shortly before she was hit. The Augusta, the 810,000,000 flagship of Admiral Harry E. Yarnell, commander-in-chief of the Asiatic fleet, had stood by earlier as United States destroyers and Dollar Line tankers carried 1,100 United States refugees down the Whangpoo to the liner President Hoover bound for Manila.

Admiral Yarnell had told the Japanese navy conclusively that American vessels would navigate the Whangpoo whenever and wherever he wishes without reference to the Japanese who had asked him to give advance notice if any United States craft were to move on the river after dark.

At Washington President Roosevelt said whatever action was deemed advisable in cooperation with shelling of the Augusta would be determined by officials on the ground here.

BIBLE VERSE FOR TODAY

NOT FORSAKEN: When the poor and needy seek water, and there is none, and their tongue faileth for thirst, I the Lord will hear them, I the God of Israel will not forsake them.

THE LONE BIRCH TREE

Out on a cliff of ancient stone a silver birch tree stands alone a ghost and solitary thing.

In happy groups a mile away safe sheltered, its companions stay.

They have each other through the year for comfort when the storms appear.

But all alone this tree must brave the buffeting of wind and wave.

And clinging with a tenacious grip to life without companionship I never pass it by but what I think of its unhappy lot.

And wonder were it mine to know could I so much of courage show?

Could I with no companions near as bravely serve my purpose here?

We see where Japan is planning to buy more cotton from the United States... and just as it may become necessary to apply the Neutrality Act...

Roosevelt is a name-caller par excellence. Now he says that all those who don't agree with him are "Loyal Macaulays".

The federal treasury announces it will have to borrow some more money and that the new issues will push the total government debt beyond \$37,000,000,000...

The City of West Palm Beach has filed a petition in bankruptcy under the amended Wilcox Municipal Bankruptcy Act.

Bacco and Vannetti are in the headlines again as a storm rages over the publication of a guide book for the state of Massachusetts.

The CIO in Florida

There will be CIO organization work in Florida this winter among agricultural, packing, and canning workers, it became apparent today with the publication of news releases from Winter Haven where delegates from various local unions met and elected a state executive committee for the particular purpose of organizing the citrus workers.

"The Committee consists of the following," the news release says, "George B. Jackson, Orlando, president; J. T. Hardee, first vice-president; LeRoy Nichols, second vice-president; Henry Anderson, third vice-president; Edward Norman, secretary-treasurer; David Roebuck, assistant secretary-treasurer. Albert Simmons has been appointed to handle the legal affairs of the committee."

Three organizers have been placed in the field, to work under the direct supervision of George B. Jackson, international organizer of the UCAPOWA. Their immediate goal will be the establishment of locals in as many cities, towns and other citrus centers as possible, and the procurement of regular charters for these local unions.

The news release further states that the organization of the United Cannery, Agricultural, Packing and Allied Workers brings to the citrus workers of Florida "the first genuine, nationally-supported union they have ever had." The purpose of the organization, it is said, is to help Florida's agricultural workers in exercising the rights guaranteed to them under the Wagner Labor Relations Act, to assist them in establishing an effective system for collective bargaining with their employers, and to guarantee the workers decent wages, hours, and working conditions.

There is no longer any doubt that the CIO will make a strenuous drive in Florida during the coming year to organize not only the citrus workers, but other agricultural workers as well. There is also reason to believe that there will be much opposition to any such organization work, not only among the farmers and citrus growers who are having as hard a job as anyone to exist and who can ill afford the higher wages and shorter hours which the CIO demands, but also among many of the workers themselves, who believe that half a loaf is better than no loaf at all, and who look upon such organizations as the CIO as alien and radical.

The record of the CIO in northern industrial fields is not a particularly impressive one. Its activities have resulted in numerous strikes, a tremendous loss of work and pay for employees, and not an inconsiderable amount of bloodshed. The gains for the workers have been negligible to the naked eye. Nowhere is it clearly apparent that the CIO tactics have produced higher wages or shorter hours.

Nevertheless the CIO plans to launch its drive in Florida, a state which fortunately has been comparatively free from labor strife in the past. There will be trouble, of course, but it is doubtful if the CIO will make any more gains for the workers here than they have been able to produce elsewhere.

More Highways

Although Florida has one of the finest highway systems in the world, the time will come, and not in the so distant future, when the present 12,383 miles of paving will prove inadequate and the present rate of new construction will have to be increased.

The value of Florida's highways at present is estimated at \$165,000,000 with annual expenditures for new construction and maintenance approximating \$7,500,000, not counting federal contributions. In addition to 12,383 miles of highways, there are 75 miles of concrete bridges in the state highway system, all of which are fully paid for.

But with all of these highways, they are not sufficient, and experts agree that additional highway construction of the right sort is necessary if the terrific increase in automobile accidents is to be curbed.

Statistics show that the average motorist now travels twice as far in a year as he did ten years ago, and there are nearly twice as many average motorists. There are now nearly 26,000,000 cars which travel nearly 200 billion miles each year.

And so we say that road construction will have to go on. Two lane highways will have to be built so that the danger of head-on collisions may be avoided. Or better still, one-way highways will be constructed, so that the Sanfords going to Orlando will travel on one road while those returning to Sanford will take another.

SANFORD TWENTY YEARS AGO

Neither the War or Navy Department has received any information on the reported wounding of American troops on the Western front. Prompt and official announcement has been promised when and if any news comes through.

The Sanford contingent of Company G of the Orlando Home Guard troops were here yesterday on a visit and their many friends were happy to see them looking so well. They have not yet received their uniforms, but they look like soldiers.

M. J. Hoolahan came down to this city for three days while his wife was here. Everybody was glad to see old Mike's face in Sanford. He says, "This is where I spent my boyhood days. I love dear old Sanford and want to come back some day." He lives up north in Jacksonville.

A MEXICAN FRUIT SALAD VINE IN BLOOM AT FLORIDA CYPRESS GARDENS

WINTER MANHATTAN, FLA. BETTY MACCALLA LOOKS AT THE MONSTERA DELICIOSA AND WISHES IT WERE TEN MONTHS HENCE. BY THEN THESE ODD FLOWERS SHOWN HERE AS THE VINE WITH ITS CUT WORK LEAVES, WILL HAVE BECOME DELICIOUS FRUITS WHICH FLAVOR RESEMBLES A MIXTURE OF PINEAPPLE, PEACH AND BANANA.

DIDEROT, 18th century French philosopher, urged people to dare India, were massacred en masse to think for themselves. The Scots Guards, once a famous regiment in the British army, were abolished in 1880.

MAN ABOUT MANHATTAN

NEW YORK—Arnold Reuben is a famous restaurateur because he makes sandwiches after celebrities, and he is wealthy because he charges more money than they are worth. Nevertheless, it isn't his fault if the citizens continue to clamor for the opportunity to deposit their bank notes in his till.

There are, in all, some 50 sandwiches dedicated to theatrical and radio stars, and all of them range from 95 cents to \$1.50. All that is, with the lone exception of Eddie Duchin sandwich, which is corned beef and Swiss cheese on toast, and which is 75 cents, the cheapest item on the menu.

As everybody knows, Arnold Reuben is a famous restaurateur. Could he, one wonders, be something of a critic, too?

Then there is the Rudy Vallee. Considerable investigating reveals this as turkey meat, tongue, mayonnaise and caviar, with a \$1.50 tag. The Vincent Lopez is turkey and India raiti with Russian dressing and lettuce.

Holland ham, tongue, cole slaw and tomato are required for the Jack Pearl sandwich. Kitty Carlisle calls for turkey, Holland ham, with Russian dressing. Being different, the Ed Wynn is a select combination of Nova Scotia salmon and French fried onions. Oxie Nelson's is corned beef, tongue and Swiss cheese on rye.

Other sandwiches dedicated to front page personalities are: Grace Moore's, reducing sandwich—turkey, cole slaw, whole wheat toast, no butter; Phil Baker—turkey, hard boiled egg, onions. Russian dressing; Ted Lewis—white turkey meat, mayonnaise, caviar; Len Reisman—chopped chicken liver, hard boiled egg on rye bread; Ethel Merman's is turkey (such a lot of turkey eaters!), tomato, egg, Russian dressing.

Glass CHINA SILVER McLaulin, Jeweler 112 S. Park Ave.

Advertisement for electric service featuring a man in a suit and the slogan 'we're all working Together!'. Text includes: 'YOU'VE seen our "Stay thru May" and "Send a Summer-gram" advertising in recent months. These campaigns were launched as civic enterprises, for the benefit of business generally. Naturally, while promoting all business, we are particularly interested in our own—the business of providing good electric service at low cost. With the growth of Florida and the increased use of electric refrigerators, ranges, water heaters, vacuum cleaners, radios, home lighting, and dozens of other appliances, the COST of electric service has been reduced. As our production became larger, our prices came down—even though food, commodity and material prices went up. We offer you comfort, convenience, safety, protection, economy and a higher standard of living—at a cost of only a few cents a day. Electric service costs less than any other item in the family budget. WORTH 99 CENTS... COSTS SO LITTLE

## Miss Frances Wilson Is Guest Of Honor

Miss Frances Wilson whose engagement to Robert Charles McClung was recently announced was the inspiration for a charming tea and miscellaneous shower given yesterday afternoon by Miss Camilla Deas and Miss Lillian Deas.

The rooms were decorated with pleasing arrangements of zinnias and fern. The table was overlaid with a lace cloth around the edge of which was a border of lace fern. A centerpiece of zinnias intermingled with fern extended from one end of the table to the other. A pink and green color scheme was further carried out in the large lunch bowls, minis, sandwiches and cakes which were placed on the table.

The honoree was the recipient of many gifts presented to her by the guests.

Those invited to enjoy this occasion were: the Misses Frances Wilson, honor guest, Mary Hurt, Helen Wilson, Julia Higgins, Mary Dighton, Frances Pearson, Mary Maxwell, Elizabeth Adams, Dorothy Pope, Libby Cornell, Billie Wight, Dorothea Lawson, Helen Douglas, Betty Hinternister, Lucille Boiz, Marjann Duncan, Gene Martin Lancy, and Frances Reit.

Also Mrs. Fred R. Wilson, Mrs. F. D. Scott, Mrs. John Miller, Mrs. E. N. Scott, Mrs. L. P. Hagan, Jr., Mrs. W. R. Williams, and Mrs. G. D. Workman.

## Personals

Mr. and Mrs. Fred R. Wilson and Miss Frances Wilson spent Tuesday in Jacksonville.

Miss Camilla Deas, Richard Deas, Charles Betts and Harry Bower of Orlando spent today in Gainesville.

Miss Louise Ross has returned after having spent several months at points in Florida and Georgia.

Mrs. Ava Wright Davis of Griffin, Ga. is spending several weeks with her parents, Mr. and Mrs. R. R. Wright.

Mr. and Mrs. R. H. Ellebee and Buddy Akerman of Tampa were the guests of Mr. and Mrs. J. H. Truluck yesterday.

Miss Cecelia Truluck and Miss Elizabeth Leffler are visiting Miss Dorothy Wiggins at Daytona Beach for a few days.

Mr. and Mrs. M. L. Tillis returned yesterday from Miami and St. Petersburg where they have been spending the past week.

Friends of Braxton Huntley will be glad to learn that he is improving rapidly at his home on French Avenue after having been ill for several weeks.

Mrs. H. M. Hamby has returned from Birmingham, Ala. where she has been visiting friends and relatives for several weeks.

Roy Wright, Jr. returned last night from Griffin, Ga., where he has been spending the past three weeks as the guest of his sister, Mrs. Ava W. Davis.

B. G. Smith of Oviedo has returned from a vacation spent in Georgia, the Carolinas and Tennessee. Mrs. Smith is expected to return early next week.

Mrs. Maude Finnican of Atlanta, Ga., and Herbert Little of New York City are the guests of Mr. and Mrs. W. G. Banks and family at their home on Palmetto Avenue.

Miss Nancy Brock has returned from an extensive trip to the Carolinas, Virginia and Washington, D. C. She was accompanied home by Mr. and Mrs. J. F. Grady and daughter, Constance, of Washington.

## CITY NEWS BRIEFS

(Continued from page one) sent from the judge's office on Monday.

Clarence Young negro, pleaded guilty to vagrancy charges and was sentenced to 90 days in the county jail by County Judge R. W. Ware.

The Whitaker Furniture Company yesterday was granted permission to make minor repairs and alterations to its two story frame building on Sanford Avenue.

WPA officials hope to have half of the brick re-laid on Magnolia Avenue between First and Second Streets and have the street open for Saturday traders tomorrow.

Two couples, W. A. Harvey and Mary Yocman of Orlando and N. B. Clark of Sanford and Edith Darling of Oviedo were married yesterday in the office of County Judge R. W. Ware.

A meeting of a recently formed committee of the Seminole County Chamber of Commerce has been called for tonight at 8:00 o'clock in the Chamber building by T. E. Simpson, president.

The public is invited to attend the Girl Scout Court of Awards tonight at 7:00 o'clock at Camp Wikitiki near Lake Mary, according to Miss Irene Hinton, captain of the local troop.

Mayor Edward Higgins and City Attorney Fred R. Wilson left this morning for Jacksonville where they will meet with Duval County Commissioners in an effort to negotiate the exchange of \$10,000 Sanford bonds for the new refunding bonds.

Jacksonville has one of the largest turpentine distilleries in the United States, points out the State Chamber of Commerce. Several more are planned for Florida.

## Factories Close In Santander As Workers Battle

Portugal's one-sided severance of diplomatic relations with Czechoslovakia became a red flag last night for the suspicions of all Europe.

Czechs, in Praha, their capital, asked of Germany is working behind the scenes to make their strategic, hemmed-in country a "future Rhineland" in a coming struggle between the two great political camps, fascism and communism.

Authoritarian Portugal blamed a "third party"—presumably Soviet Russia—for influencing the Czechs to fall to the temptation for machine guns, official reason for the breach. Nazi Germany and fascist Italy sympathized.

Within 24 hours, however, other capitals of Europe had supplanted Portugal's expressed motive for the break with strong ideas on deeper causes—militant interests in the Spanish war and the often-expressed theory that Germany is preparing to attack Czechoslovakia.

Czechoslovakian authorities explained their armament industry had been unable to supply for Czechs with new Bren machine guns because it had been swamped with Czechoslovakian and other previously-placed orders. Then Praha's suspicions turned to Germany's and Portugal's friendship for Rebel General Franco in Spain.

Bluntly, Praha questioned Lisbon motives for this "unprecedented action" and sought to discover whether Germany inspired the move as a prelude to pouncing on the Czechs.

Sources in Praha intimated the move might be a German effort to weaken Czechoslovakian resistance to aggression; then by consolidating a central Europe fascist bloc, bring about a showdown on the Spanish situation.

Czechoslovakians also said it was only natural that they refused to supply arms which might be intended for Franco. They cited the Portuguese ban on their bids for public works contracts as further evidence of Lisbon's intransigent attitude.

The Czechoslovakian minister to Lisbon held his post. He had no instructions to leave.

The whole Portuguese press applauded the government's "noble" attitude. It mentioned Czechoslovakia's Soviet neighbors as inspirers of the arms failure—neighbors "with whom Portugal absolutely refuses to have any contracts."

Today Florida has almost 3,500,000 acres in naval stores production, according to the Florida State Chamber.

## HONEYMOON BOUND!

A career as a home maker with her 21-year-old husband Herbie (correct) Cook began for Evelyn Steel, 17-year-old beauty girl of the State Training School for Girls at Tecumseh, Okla. The bride and bridegroom, friends of two years ago, met recently at a "date night" for the school's honor girls. The bride was paroled to her young husband. They're shown leaving the training school grounds.

## Two Persons Are Seriously Hurt In Auto Wreck

(Continued from page one) the hospital.

J. R. Shuburn, Volusia county deputy sheriff who investigated the accident, reported that it appeared the V-8 sedan which was driven by Mrs. Baker had swerved into the side of the giant north-bound truck as they were passing.

The truck had apparently been drinking and all narrowly missed being killed, including the truck driver, the deputy said.

The car was demolished and considerable damage was done to the giant van. According to the reports of the accident, the car, driven by Mrs. Baker, crashed into the left side of the truck and tore its way through the van and body to the back wheels.

Blowing out three tires and ripping off the rear axle, narrowly missing the truck driver who escaped with a skinned shin.

An 80-gallon gasoline tank on the truck was split open, and the contents dumped profusely over both cars and the ground. Its failure to ignite prevented a serious holocaust.

The truck, it was learned was transporting a \$15,000 cargo of tobacco and cigars to a southern terminus.

Lester Driggers and his wife who had previously been riding in the wrecked car, told of how they

## Honey Johnson Denies She Will Wed Mdivani

NEW YORK, Aug. 26.—(AP)—Honey Johnson, blonde beauty of Bronxville, N. Y., spoke her mind yesterday on those called reports she was going to marry David Mdivani, last of the marrying Mdivanis.

"All of this is ridiculous," she said upon her arrival home from Venice where she met the Georgian prince, who once was married to Mae Murray of the movies.

"I always do me up with every man I meet. I had several dances with Mdivani and that's all there is to it."

Driggers and his wife were left at Short's camp and it is believed that Mrs. Baker was returning for them at the time of the crash.

## New Record Is Set At Tobacco Market

LIVE OAK, Aug. 26.—(AP)—Florida's tobacco market here passed the 5,000,000 pound mark early yesterday to set a new record.

More than 11,000,000 went to leaf growers in this section for their crop sold here.

## Reports On Aid To Unemployed Are Available

(Continued from page one) Compensation Law was passed by the 1937 legislature and will allow all unemployed workers to collect benefits in 1939 when they are unemployed through no fault of their own.

The first phase of the law now in effect, that of collecting data from the employers of the State

to determine those who are liable for the taxes for the first nine months of the year. After these liability reports are checked by the Industrial Commission and an employer is found liable for taxes he will be notified.

No new taxes were placed in effect because of this law, the report says, but the law allows the employer to pay up to 90 percent of the Unemployment Title IX of the Federal Social Security Act into the Florida Unemployment Compensation fund. The remaining 10 percent of the

tax will continue to be paid to the Federal Government.

The taxes levied under Title IX of the Federal Social Security Act have no relation to the taxes levied under Title VIII of the same act. Those under Title IX relate to Unemployment Compensation and those under Title VIII relate to old age benefits.

FERNANDINA, Aug. 26.—(AP)—Sale of Fernandina's general improvement bond issue of \$175,000 will take place Monday night. The bond issue was voted by taxpayers in March and approved by the Legislature.

# Sanford Splits Games With Saints And Reds

## Mote And Weigel Tie Up In 13 Inning 1-0 Mound Battle; Brainerd Smacks Home Run

### Martin's Single In 13th, Drives Home Wen Kingdom With Winning Marker

### Mote Gathers Two Hits In Four Trips

### Lookouts Begin Very Important Series With G-Men Today

St. Augustine, Aug. 20.—The Sanford Lookouts under Bill Rodgers came through with a brilliant 6 to 0 victory over the St. Augustine Saints yesterday afternoon in the ancient city but dropped a hard weaker in DeLand last evening by a score of 7 to 6 in a contest which was won in the 13th inning.

In the St. Augustine tilt, Dazy Mote was on the mound for the Lookouts and as he was in perfect condition and his form was remarkable he sent the Saints down in dejection while Freds Martin came through with a single in the first half of the 13th stanza to score Wen Kingdom from second with the winning tally.

Mote limited the Saints to seven runs while he walked three men and fanned three of the ancient city crew.

Facing Mote on the hill as the second part of a real mound duel, young Carl Weigel hurled the greatest game of his career as he had more natural "stuff" yesterday than any hurler could ever have. Weigel fanned four of the Lookouts while passing three to the Saints. Weigel limited the Lookouts to eight hits, only four of them coming in the regular nine innings of play.

For the first twelve innings, both hurlers were invincible. All well, Sanford gathered their eight hits while the Saints gathered seven.

Leading the hitting for the tilt were three athletes, Mote, Tex Holcomb and Buck Rodgers, son of the Sanford pilot. Mote secured Sanford's first two hits which were line singles over the pitchers head into center field. Holcomb was credited with two singles and Rodgers singled once and beat out a bunt.

The run came in the 13th stanza when Ellen King singled to center field. Wes Kingdom singled to right field but Dave Swindell threw perfect to Bill Gates at third to nab King who was attempting to make third on the play. Kingdom went to second on the throw into third. Mayo Langston fled out to

first baseman Vic Zupanic but then Swede Martin patted one into center field that scored Kingdom. Martin was attempting to go to second on the same play.

DELAND—Aug. 20.—Big Dan Brainerd, Dazy Mote and Owen Wright, three large lanky hurlers for the Lookouts, could not stop DeLand's usual late hitting rallies last evening in DeLand where Sanford lost a bitter 13 inning 7 to 6 defeat at the hands of the lucky DeLand Reds.

Starting on the mound for the locals facing Lefty Harpic was Big Dan Brainerd who kept things in his control for seven innings before he was relieved by Mote who hurled until the ninth when he was relieved by Wright who was credited with losing the ball game.

In the third inning Big Brainerd lifted the right over the left field wall for a circuit drive with no mates on deck.

The tilt went 13 innings and Sanford had played 13 innings in St. Augustine for a total of 25 innings in a single day, lacking two innings of being three ball games. The Lookouts traveled from St. Augustine and ate their supper without changing their uniforms.

Table with columns: SANFORD, ST. AUGUSTINE, Totals. Rows: Kingdon, Zupanic, Martin, Fisher, Rodgers, Mote, etc.

Table with columns: SANFORD, ST. AUGUSTINE, Totals. Rows: Kingdon, Zupanic, Martin, Fisher, Rodgers, Mote, etc.

YOUNG CHOKES ACTORS  
HOLLYWOOD, Aug. 20.—(AP)—Three hundred extras fled choking and gasping from sulphuric acid fumes when a fog-making machine on a movie set broke down today. Forty extras were treated for inflamed eyes and throats and Miss Franciska Gaal, Vienna actress playing the leading role, suffered slightly, studio officials said.

# Henry Gray Fines Sanford \$100 And Ball Game

THE MORE ABUNDANT LIFE. Senator Robert Gray believes, calls for plenty of strenuous exercise. The North Carolina Democrat is shown here posing in a gymnasium. His regular workout also includes exercises with the weights, and sparring to keep in fighting trim for verbal battles in the senate.

IT'S A SON OF A GUN. This baby cannon, mounted on the barrel of a big destroyer. The large war pieces were wheeled into place for action during a mimic battle staged at Chicago's Soldiers' Field. The gunners shown here in the night maneuvers are members of the 33rd division. Conditions of actual warfare were simulated in the artillery practice.

## Modern Robin Hood Bags El Tigre With Small Bow And Arrow

DALLAS, Texas, Aug. 18.—"Tex Stone," a modern Robin Hood, has added to his hunting trophies the post of El Tigre, a 200-pound jaguar killed by a small bow and arrow.

As proof that he really did it with his not-so-little bow and arrow, Stone brought back from Los Robles plantation in Mexico a movie film of the kill. His reward, a \$250 bounty from the Horder Stockmen's association, and a three-month vacation.

Charles Stone, who now lives in St. Louis, got started hunting with a bow and arrow several years ago when he was a cowboy in the Big Bend country of Texas. Since then he has perfected his archery in Africa, Asia, Australia and South America.

Hunting with a high-powered rifle, he says, doesn't give the game a sporting chance. He chooses, instead, a 44-foot bow of 72-pound pull and, for arrows, cedar shafts tipped with hand-saw steel. Just for variety's sake, though, he also carries a pistol.

Sanford Lookouts used their new uniforms yesterday afternoon and last night when they met the St. Augustine Saints and the DeLand Reds.

The uniforms are gray with purple stripes about an inch apart. The caps are a navy blue and there is navy blue lettering spelling Lookouts across the front of the shirt.

The six are of black and white. There are no numbers on the back of the shirts but a set of numerals are expected within a few days.

## Gives Ball Game To Leesburg As Resak Of Fight

### Gray Says Sanford Failed To Maintain Police Protection

GAINESVILLE, Aug. 20.—(AP)—President Henry L. Gray of the Florida State League yesterday fined the Sanford baseball club \$100 and forfeited the Lookouts' 25-inning 3 to 2 victory over Leesburg Monday night in the Goodwill, 5 to 0.

The move was the result of a fight during the contest in which both players and fans participated.

President Gray said he took the action on the basis of an umpire's report declaring "Sanford failed to keep the grounds patrolled and to maintain order on the field," he declined to discuss details of the disorder.

In a telegram sent to Manager Bill Rodgers of the Sanford club and to Lee Meadows, manager of the Leesburg team, Gray said:

"Game of August 18 between Sanford and Leesburg played in Sanford is hereby declared forfeited to Leesburg 5 to 0, and Sanford club further is fined \$100, both penalties being for Sanford's unbecoming refusal to falling to maintain order on its grounds."

The disorder referred to was a free-for-all fight which followed an altercation between the catchers of the two clubs. Duce Davis of Leesburg said Sam Holtbrook, Sanford receiver, deliberately blocked him off the plate.

Shortstop Chay of the Lookouts was fined and suspended several weeks ago for his part in a fight with another Leesburg player.

The forfeiture above Sanford three and one-half games out of five places after last night's game. It came just as the Lookouts prepared to open a series with the first-place G-Men tonight.

get their liability early next summer for compliance with next year's proposed crop control program.

Farmers would be given the difference between their selling price per bushel and 12 cents. Byrnes said he had a detailed agreement with President Roosevelt that he favors the proposal.

## NORDMEER COMPLETES SURVEY FLIGHT

The German flying boat, Nordmeer is shown as it settled on Manhasset Bay (N. Y.) Monday, August 16, after completing its first survey flight from Europe over the southern route. Meanwhile a Pan-American ship is being warmed up to make the west-east crossing over the same route. The crew of the Nordmeer is shown in the stern of the motorboat.

Soaring like a meteor in tennis skies, 19-year-old Bobby Riggs of California appears headed for No. 2 ranking in American tennis. With five major victories already won, he will enter the national tournament second only to Don Budge.

## Adjournment Of Congress Thought Near

### Leader Rayburn Predicts Session's Adjournment By Sun-Down Despite Work

## Special Session Soon Is Foreseen

### Senators Are Eager To Learn Attitude Of Constituents

WASHINGTON, Aug. 21.—(AP)—A weary Congress neared adjournment, but with so much of its original program postponed that members half expected President Roosevelt to call them back in two months. Majority Leader Rayburn (D-Tex.) predicted this session's end will come "by sun-down."

Little remained except to bring the Senate and House into agreement on the final form of the Wagner Housing measure and the Deficiency Appropriation bill. Both branches had approved the two bills but in such varied forms that conference committees had to go to work to compose their differences.

Senators and representatives about to head homeward were eager to learn how the voters felt about what they had accomplished—and what they had sidetracked. Senators who helped defeat Roosevelt's court bill were particularly eager to appraise the possibility of reprints. They heard Senator Guffey (D-Pa.) say they ought not be sent back to Washington.

Two major pieces of legislation went to the White House yesterday—the Wagner Housing bill and the last long-delayed plugging measure. The year bill's fate was obscure despite efforts to amend it to Mr. Roosevelt's satisfaction.

The tax bill was certain of approval. The President himself asked for it when he found revenues far below expectations last Spring. The Senate also sent a \$34,000,000 flood control bill to the White House. The President indicated he would sign it although not approving all its provisions.

## Monstera Deliciosa Is Grown In Sanford

The monstera deliciosa, an exotic tasting fruit native of Trinidad, pictured in the Herald last night, is being grown at the present time by Mrs. J. A. Harrod at her home on Park Avenue. She received the plant from a friend several years ago and has trained it to grow on the trunk of a tree in her yard.

## General Franco Sees Victory Next Week

With insurgents in Spain, Aug. 21.—(AP)—Weather permitting, Generalissimo Francisco Franco expects the insurgent army to reach Santander next week.

Two strong southern colonists hampered with almost monotonous success at the dividing government defenses and were only 25 miles from the last part of importance on the Bay of Biscay.

## AMERICAN SHIP HIT IN FURIOUS SHANGHAI FIGHTING

With a fourth of the city in flames, Shanghai witnessed its most furious day of Sino-Japanese fighting with a series of events climaxed by the shelling of a United States ship. This diagrammed airview shows (1) the spot in the anti-aircraft shell, killing one American sailor and wounding 18. Enveloped in flames was the whole Pootung waterfront and much of Hongkew, with the fire threatening the famous Astor House hotel, indicated by circle on bank of Soochow creek (2). The North Station (3) of the Shanghai-Nanking railroad is shown. The Chinese battle line in the Yangtzeop area still swung around the famous Ward Road jail (4), and at one point the Chinese attack was reported to have split the Japanese line (5). In the area designated as (6), where Japanese-owned warehouses, wharves and cottonmills are located, the Chinese staged a heavy bombing attack.

## Chicago Nurse Is Killed, Raped By Unidentified Man

### Eighteen Year Old Student Nurse Dies Following Attack

CHICAGO, Aug. 21.—(AP)—Miss Anna Kuchta, 18, a student nurse at Chicago hospital of South Side was raped and slain. Police Captain John B. Prendergast said, by a man who crushed her skull with a brick.

Detectives said the slaying was similar to those of other women in Chicago in the past two years. The killer, police said, fled through the fire escape window when Miss Florence Palmowski, 10, another nurse, opened the door of the room to call Miss Kuchta after a rest period.

Miss Palmowski found the body on the floor near a cut. It was clad only in stockings and white shoes.

Detectives said the killer had stuffed a part of a pillow down the girl's throat. The bureau has been ransacked and a small radio was reported missing. The coroner's investigator said the girl had been raped. Miss Palmowski told officers she saw only the man's back as he went through a window and could not tell if he was white or negro.

## Heat Wave Continues Throughout Country

By The Associated Press  
The heat wave continued over most of the nation although low temperatures were recorded in the area west of Great Lakes. Cooler weather came out of Canada for sections around the Great Lakes but for the rest of the United States, the weather man forecast "no relief in sight."

Temperatures as high as 102 degrees were reported in one heading toward northern Texas from Mexico and Arizona. Many parts of the country had readings well up in the 90s.

## German Minister Founds School Of Art

KRONENBURG, (Eifel), Germany, Aug. 21.—(AP)—Hitler's prime minister, General Herrmann Goerring, has founded a school of painting here to express the German character in art. Professor Werner Pomeroy of the Prussian Academy of Arts has been named director.

According to the statistics drawn up by Goering himself, ability decides who may learn and who may learn. The goal may be considered reached when masters and students have "laid the foundations for a present-day German school of painting closely knit with a great past and passing on a valuable tradition to the coming generation."

## CITY NEWS BRIEFS

The Seminole County Commissioners met in the Court House today for a special session.

Lottie Nix's name was unintentionally omitted from the list of the primary school teachers printed in yesterday's paper.

Mina Williams was granted permission today to make repairs to her residence at 705 Pine Street.

City Commissioners will hold their regular semi-monthly meeting in the City Hall Monday night at 7:30 o'clock.

Dr. G. B. Selman will leave tomorrow for Georgia and North Carolina where he will spend a two-week vacation.

The weekly luncheon of the Sanford Rotary Club will be held Monday at the Valdez Hotel.

W. A. Lefler narrowly escaped injury recently when a truck smashed into the back of his 1937 Ford V-8 coupe damaging it considerably.

Violators of City ordinances will be arraigned before City Judge Frank L. Miller in a session of the Municipal Court Monday.

Arlene Martin, young granddaughter of Mr. and Mrs. Hurbert of this city, was adjudged winner of first place in a baby contest recently staged in Oswego, N. Y., according to information received today.

Several members of the American Association of Agriculture Editors visited Sanford yesterday on their tour of the state, they visited celery fields and groves in this locality and proceeded on their tour.

## Squeaking Machines Irk P. O. Department

WASHINGTON, Aug. 21.—(AP)—Postmaster Jim Farley utilized the lull after the fourth of July to instruct all postal employees to keep typewriters and adding machines well oiled and covered.

## Employers Told To Make Reports Under New Law

### 1.8 Percent Of 1937 Payroll Must Be Paid To Florida

It seems that numerous people throughout the State still do not understand the Florida Unemployment Compensation Law. For the benefit of these parties the Florida Industrial Commission has issued some informative data regarding this recent innovation in the State's Social Security act.

According to the information received from the Industrial Commission the chief aim of the unemployment compensation act is to build up a fund for the payment of weekly cash benefits to unemployed workers who through no fault of their own have become unemployed, thereby tending to stabilize employment and business by maintaining the workers' purchasing power.

All employers who have had eight or more workers for some portion of a day in each of 20 different weeks of a year, and their workers are covered by the Unemployment Compensation Law, except those specifically exempted by the law.

The fund for this purpose is to be built up through contributions from the employer of 1.8 percent of the total wages payable with respect to employment in the calendar year of 1937 and 2.7 percent of the total wages payable after 1938.

Unemployment benefits begin after January 1, 1937 and will amount to 50 percent of the unemployed workers' former full-time weekly wage, but no more than \$15 per week and not less than \$5 per week.

These weekly benefits, however, cannot be drawn for more than 16 weeks of any one year and the unemployed must wait 14 days before receiving benefits.

## Activities Of John R. Jones Will Be Offered For American Planter Degree

A summary of the activities of John R. Jones, prominent Future Farmer of America member, while enrolled in the Vocational Agriculture Department of the Seminole High School, will be submitted to the national headquarters in competition for the American Planter degree, the highest degree offered to any Future Farmer chapter member.

John's record is one of the best records I have ever seen," Alex H. Johnson, advisor of the local chapter reported, "and I am confident that he will be awarded the degree."

In his first year in the Agriculture Department, Mr. Jones made a total of \$119.41 from two projects and 65 hours of supervised labor, the following year \$128.46 from four projects and 121 hours of supervised labor, his 1936 year in the department his total labor income \$190.

## Higgins Finds Duval Ready To Talk Bonds

### No Final Action Has Yet Been Taken By Duval Commission On Sanford Bonds

Mayor Edward Higgins and City Attorney Fred R. Wilson returned here late yesterday afternoon with the assurance that the Duval County Commissioners would take action quickly on the refunding program outlined by the City Officials in the meeting with the Commissioners yesterday.

Duval County holds \$10,000 in Sanford and on which the interest has been delinquent for several years, and City officials are making overtures in an effort to get Duval County to participate in the refunding program already adopted by a large majority of Sanford bondholders. The City is offering to its bondholders a refunding bonds which amortize in 40 years of equal value with an interest rate of 1 to 2 1/2 percent on a sliding scale over a period of 40 years.

Once before the Sanford officials made an overture to the Duval board, but no definite action was taken. However, contrary to recent news stories, the commissioners said, the board has not declined to accept the Sanford proposal.

Mayor Higgins told the board that the Sanford city government assumed that action of the commissioners was due to misunderstanding rather than any intention of the commission to place the municipality in an embarrassing position, by refusing to enter into the town's refunding agreement.

Chairman R. T. Gray explained to Mayor Higgins and City Attorney Wilson that the board's action had been misunderstood and that the board had not declined the offer.

There are 87 taxing units in the State all attempting to solve their debt service problems, through some form of refunding. Mayor Higgins told the board "and it would seem that if the taxing units will not co-operate with one another, in the solution of their problems, we are, as a whole in an individual bond holder to come in under a general agreement."

"In our case," he further explained, "96 per cent of the holders of Sanford bonds have already been refunded. And this agreement bound the city not to make special agreements more favorable to one bond holder as against another and in case of court action, to resist to the extent of its ability any attempt to gain advantage by such court action."

Mayor Higgins said the city since defaulting July 1, 1929, has been levying taxes under judgment and mandamus, gained by bond holders Protective Committee. The committee, during the years of its service levies as high as 54 mills, but ascertained that they could secure more money from a 15 mill debt service levy than from any other, therefore, they determined that any future pattern of debt service payment would have to be based on what the people could pay and not on what the obligation called for.

The bond holders protective committee, according to Mayor Higgins, set up the schedule of into (Continued On Page Three)

## AMERICAN SAILOR KILLED IN CHINA

Freddie John Falgout (above), an American sailor from Raceland, La., was killed and 18 others were wounded when the United States cruiser Augusta was struck by an anti-aircraft shell in the midst of terrific Chinese-Japanese artillery and aerial warfare along the Whangpoo River.

## Sanford To Have Biggest Court Of Air Mail Service Awards Staged On August 23rd At Camp Wikiwiki

### Mayor Higgins Issues Sanford Girl Scouts Proclamation For "Air Mail Week" Receive A Total Of 67 Advancements

Sanford will have air mail service on Aug. 23 as a chunky Air Mail Week which begins Monday, according to information received today from E. J. Holly, postmaster.

Prescott A. Tolman, district traffic manager of Eastern Air Lines at Jacksonville, will arrange for similar stops in the larger cities of Florida which permit a safe landing, and mail picked up by his plane will be flown to Jacksonville to connect with the regular north and south bound air mail schedules.

Philatelists may obtain first day covers of the flight which will be stamped by the Sanford Post Office for a special cachet to be placed on the left-hand side of the envelope. All interested stamp collectors are reminded that the survey flight will be made on Monday and air mail received after that date will be stamped with the commemoration of the first all-Florida air mail flight.

Further information as to the exact time of the air mail flight will be available at a later date. It has been arranged through the courtesy of Captain Eddie B. Beck, mail carrier, general manager of Eastern Air Lines.

Mayor Edward Higgins has issued the following proclamation for Florida Air Mail Week.

WHEREAS: From the time of the first airplane flight, on December 17, 1908, by Orville and Wilbur Wright, to the present day the development of air transportation has been both rapid and continuous, and,

WHEREAS: The speed and reliability with which the new vehicles of flight traverse both land and sea has so improved as to reduce to inconceivably distances that once were considered, almost insupportable, and,

WHEREAS: In addition to the great saving in time possible to be effected in actual travel, the United States Post Office Department has consented to use the vast network of airlines for the delivery of mail, and does so use them, and,

WHEREAS: Practically all foreign countries have extensive air mail distribution with direct connections with United States air lines (Continued On Page Three)

## Japs Defeated In Air Battle Near Chinkiang

### Raid On Nanking Is Foiled As Chinese Fliers Meet Jap Bombers In Air

## Three Japanese Planes Wrecked

### War And Flames Continue Destruction Of World's 6th City

NANKING, Aug. 21.—(AP)—Chinese airforce officers declared tonight that their planes had fought off a Japanese attempt to raid Nanking in the largest and most bitterly contested air battle of the undeclared Chinese-Japanese war.

The fight occurred near Chinkiang on the Yangtze River about 50 miles east of here. Chinese accounts said three Japanese and one Chinese planes were shot down.

Late in the afternoon a warning reached the Chinese capital that 20 big Japanese bombing planes had taken off from aircraft carriers lying off the mouth of the Yangtze River and were heading for Nanking. While screaming sirens told the capital's populace to seek shelter in dugouts, Chinese pursuit planes rose to meet the invaders.

The clash occurred over the Yangtze and the Japanese were turned back before they could reach Nanking. Nanking has been raided by Japanese aircraft almost daily for the past week without serious damage.

War and fire continued to lay waste to Shanghai. Foreign Police estimated about 11 square miles of the world's sixth largest port had been destroyed. Fire leveled most of Chinese Chapel, Japanese Hongkew, Yangtzeop, Industrial Postings and Kiangwan. Flames continued to spread in all directions.

Chinese and Japanese war planes fought above the fire and smoke. Big guns on both sides roared, shaking the city like an earthquake.

The United States cruiser Augusta, flagship of the American fleet, had not been hit since yesterday when a shell fell on deck killing an sailor and wounding 19. Chinese reports from North China declared 11 divisions of the Chinese regular army were taking part in a sweeping offensive designed to drive the Japanese from their recent conquests in the North-eastern Hopei Province, including the great cities of Tientsin and Peiping.

The war in that area, 600 and more miles from the Shanghai battle-zone, with a total of some 300,000 to 250,000 men engaged, continued bitterly on several fronts, although disruption of normal channels of communication and restrictions placed by the new Japanese masters of North China made accounts of it fragmentary and (Continued on page three)
