

# Senate Liberalizes Food Stamp Program

By H. L. SCHWARTZ III  
Associated Press Writer

WASHINGTON (AP) — The Senate has passed a sweeping liberalization of the food stamp program that could end up fattening the liberal leadership position of George S. McGovern as much as the stomachs of the nation's poor.

In a major personal triumph for McGovern, the Senate voted 54-40 Wednesday to duck the recommendations of its own Agriculture Committee and adopt proposals by the South Dakota Democrat aimed at making food stamps available to every poor person in the nation.

Then, ignoring conservative objections that it was creating a "monster" and signing the "death sentence" of food stamps, the Senate sent the proposals on to the House by a vote of 78-14.

What happens now is anybody's guess.

The McGovern proposals go first to the House Agriculture Committee where Chairman W. R. Puga, D-Tex., harbors deep-seated hostility to such programs.

Essentially the McGovern amendment to the Food Stamp Act would authorize \$1.25 billion this year, \$2 billion next year and \$2.5 billion by fiscal 1972. It would make free stamps available to families with incomes under \$86 a month, allow family making less than \$1,500 a year to buy them with only their signature attesting the income, and set up machinery to force every county in the country to provide food stamps.

The administration last spring asked for doubling of this year's \$540 million food stamp appropriation and a hike to \$1.5 billion each of the next two fiscal years.

The administration proposals would have allowed free food stamps for families with an income of less than \$30 a month, would have left it up to the states to continue certifying who could participate and would have moved more slowly in direction of making stamps available to all.

The administration sought to allow families up to \$100 a month in food stamps while the McGovern proposals allow up to \$125 a month.

Sen. Allen J. Ellender, D-La., chairman of the Agriculture Committee said the House would never accept such a vast increase in the program.

## State Would Employ High-Powered Firm

TALLAHASSEE, Fla. (AP) — The Florida Public Service Commission—hurt by the loss of two top auditors—wants \$60,000 to hire a high-powered accounting firm to deal with Southern Bell Telephone & Telegraph Co.'s \$22-million rate increase request.

"The public is entitled and should have representation equal to that which will represent the utility involved," PSC Chairman William T. Mayo said Wednesday.

Mayo said he expects state budget officials will approve the \$60,000 request to employ Touche Ross & Co. of New York, one of the world's largest accounting firms.

In recent months the PSC's finance department chief, John McClellan, and his assistant, Robert E. Baker have had to take better paying jobs, said Commissioner Jess Varnerman.

He said the 37-year-old McClellan practically doubled his \$14,500 PSC salary in taking a job with a New York firm. The auditor was an expert in power company matters.

Varnerman said Baker—the PSC's telephone company specialist—will get a raise of at least \$4,000 over his \$12,500 annual salary on his new job with United Telephone Co. in Kansas City.

"We need competent people," said Varnerman, who completed the PSC's auditing staff now stood at three persons.

Southern Bell is asking the largest revenue increase ever to come before the rate-setting agency. The firm is Florida's largest phone company and blankets the east coast as well as serving other isolated sections of the state.

## Development Company Declares Dividend

A 60-cent-a-share dividend for stockholders of the Sanford-Seminole County Development Company was announced today by Clifford W. McKibbin Jr., president of the firm which seeks to induce new industry to settle in the area. It is the seventh consecutive year the development company has declared a dividend.

Shareholders will conduct their annual meeting at 8 p.m. Oct. 7 in the Seminole County Chamber of Commerce conference room. Officers and nine directors will be elected for the coming year. The meeting will be open to the public.

A prepared statement will be presented to the stockholders of the accomplishments of the past and projects for the future.

## School Board To Meet At Lyman South Seminole Pleas Heard

By BILL SCOTT

South Seminole may have lost a bid to relocate the county seat outside of Sanford to a more southern exposure but the Board of Education, at yesterday's meeting, decided to start holding some of the board's sessions in the south end.

Proposed by Howard Boldmoecker, of the English Estates area, the board voted along with his suggestion to hold meetings "down south" and promptly set the board's special Oct. 23 session for Lyman High School at 7 p.m.

Regular monthly board meetings cannot be held except at the administrative office on Commercial Street in accordance with the organizational

setup with the state as filed in January.

The school board has at least two special sessions each month along with the regular meeting, and it is these special meetings that can be convened elsewhere provided proper notice is given either in a newspaper of general coverage or by a radio station with a good signal.

Boldmoecker and a group of other English Estates parents appeared at Thursday's 1½ hour session to complain about the lack of planning by the board to handle the overflowing school population.

Boldmoecker asked the education

to place portable classrooms at English Estates, which is now having 1,000 students in rented church classrooms to avoid double sessions at the school.

Mrs. Robert Ward requested board action to apply in the state for a waiver to obtain money to construct a portable school in the south since board's bonds cannot be sold.

Low Boydland, another parent, spoke about the overcrowded conditions and read a petition bearing 91 signatures calling on the board for action to alleviate the situation.

Boydland said he was tired of hearing conversation about what should be done and wanted action taken.

Walter Tenig, finance officer, informed that state would not approve waiver to the special sessions.

## 12-Month Term OK'd By Schools

Seminole County is looking to implement year round schools.

On a motion by Pat Buie, board member, the county School Board yesterday approved advising the State Education Board of plans to start a 12-month school year as soon as possible.

Buie advised the need to consult with Atlanta or some other system already using the full year school on best methods, and bring an evaluation.

Buie cited overcrowding and loss of school building use for three months every year as reasons for going into the full school year.

Buie made his motion after the board had been advised of leasing of six air conditioned classrooms at the Mattland First Presbyterian Church by the schools for use of second grade students who are unable to attend English Estates school because of the over-crowded conditions.

## EE Pupils Settle In Church

By JANE CASSELLBERRY

The 11 pupils in five second grade classes at English Estates elementary school, who were moved to temporary classrooms in First Presbyterian Church of Mattland Thursday, quickly settled down in their new surroundings and made the transition smoothly, according to Mrs. Margaret Reynolds, school principal.

A teacher's aide, Miss Sandra Howe, and a maid are being provided to ease the situation at the new site. A telephone is to be installed by Monday.

Although limited, the amount of equipment they can put in the rooms, because they are used by the church as Sunday School classrooms as well, Mrs. Reynolds said that they are endeavoring to "beg, borrow or steal" enough instructional equipment to make for a good classroom situation. Items included such things as teachers desks, file cabinets and portable blackboards.

Although the pupils are presently bringing sack lunches from home, Mrs. Reynolds, lunchroom manager at English Estates, is looking into the prospect of satellite feeding. Milk is being provided.

Meanwhile back at the home school, Mrs. Reynolds and her teachers were busy setting up five new classes in the classrooms vacated by the second graders.

## Altamonte Rescinds Anti-Noise Measure

By MARION BETHA

In the words of the commentator, Gabriel Heatter, "there's good news tonight" for residents of Altamonte Springs. City council voted last night to rescind action on ordinance 31-69, the controversial "noise ordinance."

Mayor W. Lawrence Swford stated that he had been opposed to this ordinance from its inception, that citizens should make their own complaints to police officials, and have the moral fortitude to testify in cases of public disturbances or nuisances. Specifically mentioned as points of contention in the ordinance were section 1, dealing with yelling, shouting, loud talk and whistling; and section 1 dealing with noise at particular hours in construction and repair of buildings.

One of the chief complainants of disturbance, Charles Sapp, was still disgruntled at the absence of a satisfactory ordinance prohibiting noise. Sapp, representing 34 men, protested the loud noises emanating from cement mixers, etc., late at night, and mentioned that some sort of protection for home owners should be afforded against nuisances.

Sapp alluded to rubbish left adjacent to his home by neighbors, which the mayor in fact, had not struck in the area of the back which could injure a child's kidney; in sports, the attorney said school could be used if a coach allowed a small boy to engage in hand to hand or physical combat with a larger boy, and the smaller youth was hurt.

On a motion by Buie, the educators moved to increase from \$500.00 to \$5 million the liability coverage for school use.

Stenstrom cautioned that teachers and principals should be made aware that board can be sued if negligence is proven in cases involving school employees administering first aid without parents consent; in corporal punishment instances, Stenstrom cautioned that board should be struck in the area of the back which could injure a child's kidney; in sports, the attorney said school could be used if a coach allowed a small boy to engage in hand to hand or physical combat with a larger boy, and the smaller youth was hurt.

## Renewal Meet Set

Sanford Zoning and Planning Commission will meet at 8 p.m. Wednesday in the Civic Center to discuss urban renewal.

Russell Jacobson, representative from U. S. Department of Housing and Urban Development (HUD) at Atlanta, will be present to discuss urban renewal with commission members and outline steps under the state-wide renewal law adopted this year by the Florida Legislature.

Although bids on the system expire this month, contractors have agreed to extend the date until Oct. 1. If easements are not granted and the deadline is further extended, the cost of unit prices will increase, which will force HUD to negotiate the award.

Therefore, in the event of no action being taken, Verbage ensued between the mayor and Sapp, until the former, obviously annoyed, placed Sapp's complaints on the agenda for next Wednesday's meeting of the council.

Swford also stated that before another such ordinance is enacted, a public hearing would be held to ascertain the feelings of the community.

The ordinance was made by Alex Sabharwal to place ordinance 32-69 on second reading by title only. This ordinance deals with the construction of the sanitary sewer system. A negative vote was from councilman, William Nickols.

William Palm, city engineer, gave a comprehensive report upon the proceedings of the grant from HUD on the sanitary sewer system for Altamonte. Palm advised that South Seminole Park, with whom the city is negotiating for \$50,000 more than had been originally requested in temporary financing of the first phase of the system in the amount of \$300,000, had requested a copy of ordinance 32-69. Palm further stated in his report that all pertinent documents have been transmitted to HUD but that the agency could not await phase 1 until the city received easements.

At the meeting, the planning board is expected to make recommendations on the renewal with commission members and outline steps under the state-wide renewal law adopted this year by the Florida Legislature.

Feeling the session will be educational, the planning board is expected to make recommendations on the renewal with commission members and outline steps under the state-wide renewal law adopted this year by the Florida Legislature.

If time allows, the last half hour will be devoted to answering questions from the public.

Sanford City Commission already has voted to place the urban renewal question on the Dec. 1 city election ballot.

St. Johns-Indian River Canal District Board of Directors today authorized the dispatch of Chairman Mack Krieger and Attorney Mack Cleveland to Washington to work for the \$20 million appropriation for a study to determine the need for and feasibility of realigning the St. Johns River inland waterway channel between Lake Monroe and Lake Harney.

At a meeting held this morning, the directors approved the sending of the two men after Krieger advised "we might be in trouble if we miss getting the money allocated for fiscal 1970."

The study was authorized by U.S. Senate Jan. 7 resolution.

# Religion Is Service

**Pastor's Corner**  
By REV. VIRGIL L. BRYANT JR.  
First Methodist Church

Jesus was forever talking about the relationship of one man to another. In His own daily living He continually set an example of ministering unto others. His life was a life of self-giving and service. Thus, in His teaching and in His living, He daily reiterated the concept of the truly religious or righteous man as one who had lost himself in service to other people.

In fact, in the parable of the last judgment, Jesus tells us explicitly that we will be judged according to the measure of service we have selfishly rendered to the poor, the needy, the forsaken, the stranger, the sinner, the hungry, the heart broken, etc. "It was hungry you gave me food, it was thirsty and you gave me drink, it was naked and you clothed me."

The Women of the First Presbyterian Church, Sanford, met in the sanctuary Monday at 7:30 p.m. for the annual meeting and installation of officers.

Program council chairman installed were Mrs. Charles T. Lawson, "personal" faith and family life; Mrs. Harry Woodruff, Christian community action; Mrs. P. T. Piety, ecumenical missions and relations; Mrs. Clarence Redding, leadership and resources.

Those heading circles are Mrs. Richard Madson, Mrs. A. L. Lyon, Mrs. Fred Van Pelt, Mrs. F. T. Meriwether, Mrs. Victor Brown, Mrs. W. L. Roche, Mrs. Louis H. Temple, Mrs. H. P. Graham Jr., Mrs. D. P. Lanier, Mrs. V. J. Marazita and Mrs. Raymond Schaal.

Two committee chairmen appointed were Mrs. Warren Adams, flowers, and Mrs. W. L. Roche, press. Mrs. Alpaugh conducted the business portion of the meeting and read an annual report covering the work of the past year.

A memorial service, held in its simplicity, was conducted by Mrs. Virgil L. Bryant Jr. Those deceased this past year and remembered in the memorial were Mrs. A. W. Knox, Mrs. Lillie Hanes Jones, Mrs. F. J. Willink, Mrs. T. J. Terwilliger, Mrs. H. C. Ballou, Mrs. Max Burch, Mrs. E. E. Turner, Mrs. Nelson and Mrs. D. C. Howard.

The observation will begin Sunday at the 7:30 p.m. service in a series of five dramatic scenes which portray the 100-year history of the church from the Civil War era into the present day.

Members of the church and friends are invited to attend the Homecoming Day on Sunday, Oct. 5, at 11 a.m. The service will be held at the church social hall.

Editorial Comment

Some Issues Need Continual Clarification

Sometimes it seems to be, and this is one such time, that simple issues can be so confused that the basic cause which produced the issue is obscured.

In many respects this tradition has been allowed to continue with only the bravest and hardest of reformers looking at it with hard and clear eyes to see just what the two-houses cost and what can be torted up on the plus and minus sides.

Let the arguments be made and given due study. But above all let us not see unwise partnership blocking the signing of the petition and the placing of the question on the November 1970 ballot.

Unanimism and pay hikes are important issues in themselves. Place them in the increasingly brisk air of the political atmosphere of 1969-70 and it will take wisdom and understanding to spot their direction and act correctly.

"Straw Votes"

Sanford City Commission's action to put to a "straw vote" of the people the proposed \$7.5 million capital improvement program is a welcome step by the governing body.

#### LADIES ON THE LINKS

If you don't think golf is a women's game just wander out by the Mayfair Club some Wednesday morning; you may see upwards of 60 cars in the lot, and they all belong to a member of the Mayfair Women's Association.

Mayfair is not alone in being a popular place on ladies' day. In fact each course in Seminole County has an active women's association that will be playing weekly events.

Down at Mid-Florida Thursday is the day for the girls to take over and they always follow their morning round with a luncheon and then an afternoon session at the bridge tables.

Quite a few of the girls also belong to the OWGA and manage to play twice each week and still keep up with the kids and housework.

#### MAYFAIR

Two big events should be put on the calendar of all Sanford golfers. The first of course is the WGA golf event at the Mayfair Club on October 21 and 22. This will carry a prize purse of \$25,000, and should attract golfers from all over the U. S.

In this week's doublet Pro Chuck Perry led his team of John Carles, Bill Fox and Ron Harris to a net 64 victory.

#### SEMINOLE

The ladies of Seminole were led this week by Nan Moore as she took low gross honors with a 48.

#### MID-FLORIDA

The best shot by a Mid-Florida member this week was an eagle two by Clay Kasten on the par number eight hole.

#### VALLEY FERGE CC

The feature even this week for the members of the Valley Forge Country Club was a Scotch foursome.

#### LAND O LAKES

In the ladies' mixer Mrs. B. Evans took first place with Nancy Hall in second place and Helen Keifer finishing up in the third spot.

#### ROLLING HILLS

The first round of the medal play club championship has been played this last week. The top three contenders for the championships are last year's champ, Jack Schubert, former city manager.

Last week this column picked 42 winners out of 82 games for a .811 percentage, which, considering the first week of play for most teams and no track record was available, it was not too bad a beginning.

This week's schedule of gridiron brawls include games involving sectional foes in all areas, and include:

**SOUTHEASTERN**  
Alabama to top Tennessee, biggest battle in the southland; Georgia over Clemson, Bulldogs bite Tigers; Florida over Mississippi, Tide rolling again; Florida over Miss. State, Gators win second game; Florida State to edge Miami, by three points; Georgia Tech over Baylor, Engineers win second Texas Hill; Mississippi to blast Kentucky, Rebels by four TDs; LSU over Rice, Owls are Tiger meat; West Virginia over Tulane, Greenies lose again; Army over Vanderbilt, watch out for the artillery.

**SOUTH**  
Duke over Virginia, by ten points; Citadel to trim Arkansas State, just for reference sake; Davidson over Furman, more for reference sake; N. C. State over Maryland, by 20 points; Memphis State over North Texas State, of interest to western fans;

# Gls To Stay In Europe And Korea

**By FRED S. HOFFMAN**  
AP Military Writer

WASHINGTON (AP) — The Nixon administration plans to maintain the present U. S. combat troop commitment in Europe and South Korea at least through mid-1971, Pentagon sources say.

These probably will be some priming of support troops, particularly in Europe, but the administration's present intention is not to cut back American fighting forces in the key NATO and South Korean areas either in this or the next fiscal year.

The United States now has some 230,000 servicemen in Europe, with five Army divisions forming the core of NATO defense in West Germany.

In South Korea, two U. S. Army divisions are posted to help defend that country from any North Korean movement across the demilitarized zone. American military strength in Korea numbers about 55,000.

# Americas Road - Almost

**By THEODORE A. EDGER**  
Associated Press Writer

MIAMI BEACH (AP) — You can drive from Canada to Argentina now except for a 50-mile gap in the Pan American Highway system, and prospects for filling the missing link are bright, automobile club leaders of the Americas were told here.

The gap was described to a convention of the Inter-American Federation of Touring and Automobile Clubs (FITAC) as a largely uninhabited swamp-land area in Panama and Colombia. Motorists must have their cars ferried there.

"I am confident that construction on the Darien Gap could be completed within a period of 10 years."

Cesar C. Carreras of Argentina said. "President Nixon is asking his Congress for \$100 million in aid for completion of the highway. And our federation will cooperate in the great venture."

Columbian delegate Carlos Leryndy reported: "Studies show that the Darien Gap could be constructed within a period of 10 years."

Cost of completing the 200-mile Panamanian portion of the gap would be \$80 million, the report said. Estimate of the Colombian stretch cost was not given.

The Pan American Highway system now completed totals 28,012 miles from Argentina to the U.S.-Mexico border, the report continued. Slightly more than half of the distance is paved. Argentina has 3,847 miles, mostly paved; Brazil, 2,638 miles, a little more than half paved; Mexico, 2,758 miles, all paved.

# Haynsworth OK Is Foreseen

**By JOHN CHADWICK**  
Associated Press Writer

WASHINGTON (AP) — Opponents of the Supreme Court nomination of Judge Clement Haynsworth Jr. still foresee his confirmation, despite unexpectedly long committee hearings and continued controversy.

A leading Democratic liberal in the Senate told a reporter that although he intends to vote against President Nixon's nomination of Haynsworth, he thinks it will be approved by a lopsided margin.

The senator who asked not to be quoted by name, estimated there might be four or five votes in the 17-member Judiciary Committee against the nomination and around 20 to 25 in the Senate, with its 100 members.

Civil rights leader Clarence Mitchell, one of today's witnesses, also said "it doesn't look so good" when asked how he assessed the chances of blocking the nomination.

Mitchell, director of the NAACP's Washington, D.C., office, however, told a reporter that while he expects the Judiciary Committee to recommend Haynsworth's confirmation, he is hopeful opposition will build in the Senate itself.

A similar view came from Stephen L. Schlossberg, general counsel of the United Auto Workers Union, who testified Wednesday against the nomination.

Sen. Philip A. Hart, D-Mich., said he would vote against the nomination. "I think it is a defeatist attitude, defeatist in terms of what it would accomplish," Nixon told a news conference.

"Any incentive for the enemy to negotiate is destroyed if he is told in advance that if he just waits 18 months, we'll be out anyway," the President said.

Nixon, who made no opening statement, was asked at the outset about various proposals on an arbitrary cutoff were proposed, "that inevitably leads to perpetuating and continuing the war until that time," and stresses any chance of ending the war before that time.

Nixon then rejected suggestions advanced in the Senate including those of the new Republican leader there, Sen. Hugh Scott—for a U. S. declaration that all American troops be out of Vietnam by some prescribed date.

Scott had suggested that the United States get all its forces out of Vietnam by the end of 1972. Sen. Charles F. Goodell, R-N.Y., proposed legislation to "No," Nixon replied. He said he has followed the Senate hearings on the nomination, and "I still have confidence in Judge Haynsworth's qualifications."

He said the Senate should confirm him to be confirmed.

Responding to a second question about Judge Haynsworth, the President said that "I was aware generally of Judge Haynsworth's background," if not of all the specifics.

And he again said he expects him to be confirmed.

Asked about his school desegregation policies, Nixon replied: "We've had a lot of criticism from the South. . . . There are two extreme groups, he said. "I believe we need to have a middle course between these two extremes. . . . That is the course on which we are embarked."

"I do not consider that it is a victory for integration when the federal government cuts off funds for a school," and denies the school money it needs, he said. "That's a defeat for education," he declared, and should be used "only when it is absolutely necessary."

# Nixon Hammers Defeatists For Undercutting Peace Try

WASHINGTON (AP) — President Nixon said today that proposals for a firm cutoff date on U. S. military involvement in Vietnam "undercut and destroy" his efforts to hasten a peace settlement.

"I think this is a defeatist attitude, defeatist in terms of what it would accomplish," Nixon told a news conference.

"Any incentive for the enemy to negotiate is destroyed if he is told in advance that if he just waits 18 months, we'll be out anyway," the President said.

# Berets Appeal To Nixon

LONG BINH, Vietnam (AP) — At least three of the Green Beret officers charged with murder in the death of an alleged Vietnamese double agent appealed to President Nixon today to dismiss the charges.

Defense attorneys said they believed the direct appeal to the President was unprecedented in American military law.

The motion was submitted to Maj. Gen. G. L. Mabry Jr. to be sent to Nixon in his capacity as commander in chief of the armed forces. Mabry is commander of U. S. support troops in Vietnam, which includes the Special Forces, and it was he who ordered the arrest of eight of the Green Berets and military trial for six of them on murder and conspiracy charges.

Claiming that the case had been "irreparably tainted by command influence," the motion asked Nixon to dismiss all charges against the three officers and "in the alternative to issue a new series of charges."

Defense attorneys claim Gen. Creighton W. Abrams, the commander of U. S. forces in Vietnam, and other military authorities have done them access to witnesses and documents and have otherwise hampered their efforts.

# White House Intervention Seen

ATLANTIC CITY, N.J. (AP) — Railroad union leaders sought today to head off White House intervention in a threatened strike against six major railroads next week.

"We are hell bent to have some strikes," said William W. Wimpfinger, vice president of the AFL-CIO Machinists Union and chief strategist for four railroad shopcraft unions.

"Wimpfinger said he told Asst. Secretary of Labor William J. Usery that the strike scheduled Oct. 4 would not create an emergency by shutting down all U. S. railroads like the two day walkouts of the same unions two years ago.

"There may be some minor discomfort, but it couldn't be called a national emergency," he said.

Not by the wildest fantasy," Wimpfinger said in an interview.

Nixon could halt the strike for 60 days under the Railway Labor Act by declaring a national emergency. The dispute has dragged on for nine months under delaying provisions of the law.

The four unions, representing 60,000 shopcraft workers on 73 major railroads, argue that the railroads will never bargain with them realistically as long as there is hope for federal intervention to halt a strike.

The union leaders want the White House to let them fight it out with a few railroads at a time so as not to tie up the nation's entire rail system.

# Gls Find Sapper Positions

**By GEORGE REBER**  
Associated Press Writer

SAIGON (AP) — U. S. paratroopers found two Viet Cong sapper bases less than 15 miles from Saigon in the past 24 hours, and the commander of the U. S. 2nd Field Force said the enemy "is doing his damndest" to infiltrate the domestic front and sabotage experts into the South Vietnamese capital.

"Saigon may be in for a 'harvest of terror,'" said Lt. Gen. Julian Ewell. He reported that captured documents indicate the Viet Cong expects to start in November.

Troops of the 82nd Airborne Division and 1st Cavalry found the first sapper camp late Thursday afternoon 12 miles northwest of Saigon. Its store of munitions included 30 pounds of plastic explosives, 550 blasting caps and 30 feet of detonating wire.

The base was hidden in the high elephant grass of a swamp area consisted of about 25 camouflaged huts. It apparently was abandoned just before the Americans, acting on intelligence information, swept into the area. Paddy found in pots was still warm.

Another patrolling paratrooper unit found the second jungle base this afternoon eight miles west of the capital.

The sappers were caught in their bunkers and first reports said seven of them were killed. There was no report of U.S. casualties.

The two camps were the closest enemy bases to Saigon found in more than seven months by the 82nd Airborne's 3rd Brigade. It defends the capital's western and northwestern flanks but is one of the major units to be withdrawn from Vietnam in the next three months.

The U. S. Command belatedly announced today that the second round of U.S. troop withdrawals began five days ago.

The first unit to leave the country under President Nixon's order to withdraw 25,000 more troops by Dec. 15 was the 23rd Combat Support Company, an Army Reserve unit from Texas.

# Sex Education OK'd By Catholic Bishops

**By BENNET BOLTON**  
AP Religion Writer

NEW YORK (AP) — The nation's Roman Catholic bishops have begun a strong push for sex education in both parochial and public schools, despite an angry opposition to such teaching from many Catholic laymen.

Separate developments in various parts of the country show a deepening conviction among the 28 prelates that harmful sexual attitudes in American life must be fought by positive teaching instead of by just ignoring sex altogether.

Continuing one of the hottest moral issues in the United States this year.

The Family Life Division of the U.S. Catholic Conference, USCC—the operational agency of the bishops, endorsed sex education programs at its national meeting in Delaware, and the meeting, stating that schools must assist families in explaining human life to children.

The cardinal archbishop issued a joint statement Tuesday supporting sex education programs in the public schools of Maryland, Delaware, and the District of Columbia.

The Little Red School House will benefit from the country's eastern dance scheduled for this Sunday from 2 to 6 p.m. at the Sanford Civic Center.

According to Gene Miller, local singer and promoter for the show, in addition to those at the dance, announced as performing in the program, there'll be other "surprise guests."

The dance will feature Max Stockey and The Dinn Brothers, Charlie Hall and the Country Gents, Physics Sullivan, Jack Willis, and Bill Parker.

Advance tickets are available at the Post Reserve Association, Loyol Order of the Moose 1831 in Sanford, and Fiesta Lounge on Highway 17-92 and from any Civic member.

Admission tickets will also be sold at the door, with all proceeds going towards purchase of a new roof for the Little Red School House in Sanford.

# Sex Education OK'd By Catholic Bishops

NEW YORK (AP) — The nation's Roman Catholic bishops have begun a strong push for sex education in both parochial and public schools, despite an angry opposition to such teaching from many Catholic laymen.

Separate developments in various parts of the country show a deepening conviction among the 28 prelates that harmful sexual attitudes in American life must be fought by positive teaching instead of by just ignoring sex altogether.

Continuing one of the hottest moral issues in the United States this year.

# Al Wilson Seeking Re-election

A. L. Wilson, city commissioner and mayor of Sanford for 16 years, today qualified for reelection subject to the Dec. 2 municipal elections.

Following is his statement: "In qualifying today for reelection for my seat on the Sanford City Commission, I am subject to the election to be held . . ."

"And in qualifying today for reelection to this seat on the commission to succeed myself, I am very much interested in the continued orderly growth of our City. And by orderly growth, I mean within our limit to pay for this growth, as we grow.

"I am not a 'Johnny come lately' with pat answers I file for all our problems. I believe in letting you the taxpayers know what is needed, and what is planned and relying on your good judgment for the answers, in as much as it is possible to do so. I still believe that we are elected to office to represent the desires of the people, not as dictators. That we are to strive to operate the city on an economical basis, and stretching our tax dollars and other charges as far as we will go in order to accomplish this at the very minimum to each and every taxpayer.

"I also believe that with my part in the merchants association, the Shrine and Kiwanis Clubs, along with nearly 14 years as a member of your city commission, serving three times as your Mayor during the years of 1959, 1964 and 1968, my experience gained in those years of service, qualifies me to again represent you as your City Commissioner for the next three years. I stand on my record as the best recommendation available. If you think as a taxpayer and voter in the City that I am qualified, to again represent you and each of you, I sincerely solicit your vote and support in the upcoming December election."

The "battle royal" which erupted at last week's meeting of Altonville Springs city council concerning the access road to the sewage treatment plant between RR 436 and Wynmore Road overramps, with proposed grants on Keller Road to the Orange County line, was temporarily abated last night.

Mayor W. Lawrence Woodford stated last week that Keller Road is not platted to the Orange County line and that there is no deed assessment. Councilman William Nuckles intimated that a thorough check of the area had not been made. City Attorney St. Joseph Davis Jr. and Engineer William Palm advised that they are still checking the deed right of way on Keller Road and would have the report for council at next week's meeting.

## A 'Must' For Club Women! Leadership Workshop Set

By CHARNE LEONE  
Lessons on how to preside with poise will be given at the Leadership Workshop Monday, Sept. 29, at Sanford Woman's Club.

Mrs. CARL KING, second vice president of the Florida Federation of Women's Clubs (FFWC) and leadership chairman of the FFWC, who are both from Tampa, will address officers and members of Seminole County Clubs on the art of leadership. Active in Women's Club work for many years, Mrs. Matheny has served the Tampa Woman's Club as President and has been co-chairman of two FFWC conventions. She has been a member of the FFWC State Board of Directors continuously since 1956.

Mrs. King has been a member of the Board of Directors of the General Federation of Women's Clubs and in 1961 accepted the position of Dean of Women at the University of Tampa. In Tampa she became active in the FFWC, serving as chairman of several divisions. She is also a past president of the Tampa Woman's Club and her name has appeared in "Who's Who of American Women" and other distinctive publications.

The morning-long workshop will run from 9:30 a. m. to 1 p. m. Reservations are not necessary and refreshments will be served.

## Miss Susan Piercy And J. F. Warren Married In Double Ring Ceremony

Miss Susan Piercy, bride, and J. F. Warren, groom, in their wedding attire.

The bride is the daughter of Mr. and Mrs. Clyde E. Piercy, Riverview Ave., Sanford and the groom is the son of Mr. and Mrs. J. D. Warren, Starke.

The bride, given in marriage by her father and mother, wore a formal gown of sheer silk organza over a white tulle bodice featuring an Empire bodice accented with Alençon lace embroidered with seed pearls and sequins. The full flowing empire back and organza sleeves, which ended in points at the wrists, were trimmed with similar embroidered lace. The detachable chapel train, falling into a gentle sweep, was bordered with Alençon lace. Her four-tiered veil of imported silk Blouse was attached to a crown of seed pearls and she carried a formal bouquet of white roses with natural foliage.

The church was decorated with widespread rosettes of white and pink flowers, and candles at each side of the altar in a symmetrically decorated chancel. Standing bouquets of white gladioli and Fuji mums and an altar bench were also used. Family pews were marked with white satin bows.

Matron of honor, Mrs. Winston Piercy, sister-in-law of the bride, wore a gown of ribbed aqua knit featuring a high neck with reemboiled lace beading and aqua velvet ribbon extending all the way down the back panel. She carried a nosegay of white carnations with aqua baby's breath and long white ribbon streamers.

For further information, call Mrs. Thomas L. Larsen, Sanford, president of board of directors.

Mrs. JEFFREY WAYNE WARREN, matron of honor, and another cousin, Miss Teresa Piercy, were flower girls.

## Wall Coverings Reflect Milady's Personality

By VIVIAN EROWN  
AP News Features Writer  
In fall, the home decorator's fancy may climb the walls. Why not? Walls, which can set the mood for an entire room, give you a perfect opportunity to express your personality.

For example, you'd have to be an avant-garde type to use the new supergraphics—lively large white numbers that spring at you from orange or black backgrounds. But, it is a fun look.

Another interesting Mitchell pattern is an Indian print in strong colors—tiny Navaho designs that give an abstract impression. This is in tune with the primitive designs in wall coverings, drapery and upholstery fabrics that can complement stark modern, Mediterranean, or just about any decor.

A wet-look is used still by the best designers. Covering walls with shiny black, red, blue vinyls is considered a less piquant project than shiny lacquered walls. It is a look that is supplemented by mirrored panels. Plexiglas etagers. Wet look swirling designs have been introduced by United. United also carries a line of fun paper-cartoons with illustrations and something for early American enthusiasts—redolent and blue-prints on a light background. Metallic-ground papers are

Portrait of a MIXED BLESSING

Here is the River — to some an avenue on their trek westward — to others an obstacle to be crossed.  
 Today it brings shiploads of needed supplies to the towns along its banks, carries their products to warehouse and factory.  
 Tomorrow it can escape those banks, leaving death and destruction in its wake. For the River must be ruled by man!  
 Yesterday it brought pure water from mountain streams to thirsty lips. Then somebody made it his gutter.  
 Like all our mixed blessings the River can help or hurt. It is just one of those gifts of God whose value will always depend on our good sense and initiative, our respect for God's intent and our concern for the needs of others.  
 Call it a by-product if you please — but one of the results of faithful religious worship and service is that so many mixed blessings become real blessings!

## Tossed Object Burns Trailer

Losses of \$1,800 in grapefruit and trailer damage was reported by a Georgia tractor-trailer operator Saturday night, who told Seminole County authorities that someone in a car threw "something" into his trailer as he drove along SR 436 near Highway 17-92.

Hubert Utley of Brookley, Ga., owner and operator of a tractor-trailer filled with grapefruit, lost half his cargo to fire and received severe fire damage to his rig after seeing a carload of young people pull alongside and toss something into his trailer window just minutes before Casselberry and Altamonte Springs fire departments were called to extinguish the blaze that destroyed 300 boxes of grapefruit valued at \$1,800 and did estimated \$400 damages to the trailer.

Utley had just made a purchase in Florida and was returning to Georgia when the incident occurred. An investigation into the report is being conducted by county authorities.

Investigators are also probing the burglary of the Richard Comfort home at Forest City, where thieves took a color tv, radio, camera, several guns and a coin collection.

The rear door was removed from the house, which was entered while Comfort was away for a week.

## Schlitz Beer Purchases Conveyors

# Acme Lands \$1 Million Order

By FRED VAN PELT  
A \$1 million purchase order has been obtained by Acme Conveyor Company, Inc., of 540 Pecan Avenue, from the Joseph A. Schlitz Brewing Company, of Milwaukee, Wis., it was announced today by Joe A. Wilkie Jr., president.

Wilkie has just returned from Milwaukee with the order calls for fulfillment by March 31.

A number of production specialists will be added to the Acme staff, Wilkie said, increasing the firm's annual payroll by 50 per cent to \$375,000.

Wilkie also reported purchase orders totaling \$106,000 from Wometco, in the Bahamas, and Safeway Groceries, Garland, Tex.

Acme Conveyor came to Sanford two years ago from Orlando, purchasing the former Nehi property on Pecan Avenue.

## National Honors Accorded

By ANN RILEY  
Last Saturday night was a very special time for First Class Scout Robert (Bobby) Mitchell and his parents, Mr. and Mrs. Edward Mitchell of Wildmore Avenue, Longwood.

Thirteen year old Bobby was presented with the Medal of Merit, the highest honorary award in scouting at the Moravian Church, Rolling Hills, where the Boy Scouts of America held a National Court of Honor Awards Banquet.

The award is presented for outstanding service putting into practice Scout skills and ideas. It is awarded by the BSA upon the recommendation of the National Court of Honor. There have been only 387 such awards given since 1911.

The Mitchell youth received the medal for saving the life of a neighbor, Matthew Kudlac, on Jan. 13 of this year.

Bobby helped Kudlac, 40, get a leg on a smoldering trash fire at his home, the award states. "His good turn completed, Robert was leaving when he looked up and saw Kudlac pouring gasoline on the fire. The gasoline flared and ignited Kudlac's clothing as whereupon Kudlac ran toward his house. Bobby, who had just read an article about fire rescue in Boy's Life, read after Kudlac and threw him to the ground. He snuffed out the flames with his hands. Kudlac suffered severe burns, but his life was saved by Scout Mitchell's quick response and skill in rescue work."

Welcome to the ceremonies was extolled by Rev. David Burket, pastor of the church. Invocation was given by Sister Mary, principal of All Saints Parochial School, Sanford.

Young Mitchell attends as an eighth grade student.

# Thompson Hearing Slated

By BILL SCOTT  
A hearing into a defense motion charging unreasonable search and seizure and a violation of the 14th amendment to the U.S. Constitution has been set for Oct. 16 before Circuit Judge Thomas Rumberger just four days before the trial of Mable Frances Thompson, 25-year-old Sanford woman accused in the death of her 32-year-old husband.

Mack Cleveland, attorney for the woman, filed the motion and asked for the hearing, an effort to prevent evidence taken by Sanford police and Seminole County authorities in investigating the disappearance of Bobby Thompson, the woman's fireman-husband, from being presented by the state during the trial.

Cleveland contends in his motion that all items taken from the Thompson home, where the man's body was found under a mass of clothing in a closet, were removed by police and obtained without a warrant, and charges illegal search and seizure.

The attorney by his actions wants to remove from consideration in the case all evidence found by investigators who had gone to the Thompson home, where the man's body was found in a closet, were removed by police and obtained without a warrant, and charges illegal search and seizure.

## Blame Is Booted

By ANN RILEY  
Blame for failure to notify councilmen of special meetings of the Longwood City Council was laid at the feet of another by Mayor Ken Brown this morning.

Two special called meetings were held last Monday afternoon and Friday morning with out notifying the press (contrary to the "government in the sunshine" law), one of which was held without notifying Councilman Eugene Jaques.

Brown said today, concerning Jaques' charges, the responsibility is not his but Council Chairman E. E. Williamson to send out notices of meetings.

Jaques reported this was not the first time he was not informed of a meeting and he wants a provision in the charter requiring six-hour written notice of special meetings. He added that he is not planning to run for re-election after his term expires in December.

"It is the responsibility of the city government to notify everyone of meetings where they are discussing the expenditure of public funds," he stated.

## Fern Park P. O. Dedicated

By JANE CASSELBERRY  
Congressman William B. Chappell, principal speaker at the dedication ceremonies Saturday afternoon for the brick post office facility in Fern Park, traced the history of the Postal Department from the Colonial days to the space age. He pointed out that from the beginning the emphasis has been on serving the public rather than being self-supporting.

Representing the Post Office Department was Postal Service Officer Percy C. Manley. In his speech, he predicted that a new modern postal facility will be built in Orlando in the near future that will be a prototype of others around the country. It will be built at McCoy Jet Terminal and will be integrated with the air service as the postal service was in former days integrated with the railroad. "We now fly your mail," he said.

Postmaster Margaret H. Ashley greeted the visiting dignitaries and crowd of approximately 200. Jack P. Toole, executive vice president of the South Seminole Bank, was master of ceremonies. The invocation was given by Rev. Eugene King, of Fern Park Church of the Nazarene, and benediction by Rev. Jimmie Johnson, of Prairie Lake Baptist Church.

Postmaster Charles Perry, of Matland, introduced the many area postmasters on hand for the occasion. Music was provided by the Lyman High School Band under the direction of John Blair. The flag, presented by Rep. Chappell, was raised by a color guard from American Legion Post 183.

The Fern Park Post Office was first established in 1928 with Hart Fuller as postmaster. Mrs. Ashley has served in that capacity since 1964.
