

## HUNTING SEASON OPENS SATURDAY OF THIS WEEK REPORT GAME PLENTIFUL

### Hunters and Huntresses Are Making Up Many Parties

### DEER TURKEY QUAIL

#### PETER CARNER GIVES SOME GOOD ADVICE ON HOW TO CONDUCT YOUR TRIP.

The following from the St. Augustine Record is so good for all counties that we reproduce it:

The hunting season in Florida opens on Saturday, November 20th, and a goodly number of licenses to hunt have been procured by sportsmen at the office of the county judge. However, in view of the nearness to the opening of the season, the number of licenses is not as large as it should be, indicating that scores of persons, as usual, will attempt to hunt without licenses, the proceeds of which go to the school fund.

The county game warden has the co-operation of the sheriff's office in the enforcement of the hunting statutes, as well as the backing of every law-abiding sportsman who has paid his license fee and does not approve of shooting more game in a season or day than the law allows. Shooting out of season will not be tolerated, and unmerciful slaughter of birds and other game will be punished, officers declare.

An individual hunter may take only one deer, two turkeys, twenty quail or twenty-five other birds in a day, and killings for the season shall not exceed three deer, ten turkeys, and three hundred other birds. Pheasants and grouse are so scarce in Florida that the open season is only one month—from November 20 to December 20.

With the approach of the hunting season it is only appropriate that that branch of sport be given mention. Locally the season promises to be the greatest ever witnessed. Hunters throughout the vicinity are busily preparing for it and indications point to a plentiful year of game. Much stress has been laid, and rightly so, upon violations of the game laws.

While on the subject, which brings forth a lot of kick each season from people who do not understand or love the sport, it is appropriate also to mention a few cautions, which if observed, will do away with the howl of the opponents of the sport. Peter Carner, editor National Sports Syndicate, has admirably covered the question. His "don'ts" follow:

Every year the hunting season brings with it its spoils in the form of human sacrifices. For the benefit of gunners who are going after game this fall the following list of "don'ts" is given:

Don't take any chances. The function of a shotgun is to scatter shot, but be very careful where you scatter it.

Don't blaze away in haste and don't get excited. Many a shooter has filled his dog's nose full of lead, just because he was over anxious.

Don't point a gun at any person in a forest. It is always the gun "he didn't know was loaded" that goes off and does the damage. The only time to point a gun is when you intend to kill.

Don't take every rustle of a bush or a lough to be a sure indication of game. Remember sometimes an inquisitive person has a penchant for being in strange places.

Don't carry a loaded gun through the street or in cars, trains, automobiles or any other kind of vehicle, or leave it around farmhouses, to have some child playfully blow a head off.

Don't get excited and shoot without making sure your object is game. Don't shoot until you see the rabbit, or whatever it may be, and then be sure that he is clear of both man and dog.

Don't drag a gun under a fence with the muzzle pointed toward you. Don't climb over fences with your gun or lean it against trees until you get over. Put it through the fence and on the ground, business end before.

Don't hunt with any one that you know to be careless. Carelessness with three and a quarter drams of

## Sanford Theaters Are All Right

### NEW YORK CATASTROPHE CALLS UP FACT THAT OUR THEATRES ARE WELL CONSTRUCTED

There should never be a catastrophe in the moving picture theatres in this city such as occurred in New York one night last week. In one of the crowded theatres on the East Side the cry of fire was raised and many children were trampled to death in the rush to get out of the door and the proprietors of the theatre have been arrested and will be held responsible for the deaths of the little ones as they did not have the proper means of egress from the theatre. The theatres of Sanford all being on the ground floor with many doors on the sides are especially adapted for clearing the houses in case of fire and this is especially true of the Star Theatre that has two doors on each side of the building and many windows and the front doors are made to open either way in case there was a rush to the front.

and crowd the aisles which is the worst thing to do as it is this crowding of the people in the back that tramples the youngsters under foot. Should the audience in any of the theatres in Sanford ever become panic-stricken for any cause let all those on the left side of the house go out the left side entrance, the same on the right and let the ladies and children go first and every real man in the house will see to it that the children get out first of all, ladies next and then it will be time for the men to go as they can always move faster than women and children. We hope this time will never happen but if it should, bear this advice in mind. Manager Herndon has made every provision in the world for the safety of the people here and while these exits have never been used for fire escapes they are used now for people who wish to get out of the buildings when the shows are over and they should always be used in case anything happens that calls for a quick exit of the theatres in Sanford. It is not a matter of fire but anything that should happen to startle an audience into starting for the front doors in a mad scramble to get out and usually it is a small matter but always enough to stampede a crowd. If it ever occurs in Sanford remember the side exits and use them but remember that if you are a man your safety is only a secondary consideration.

Office supplies at the Herald.

## FOURTH ANNUAL MEETING SEMINOLE COUNTY CHAPTER AMERICAN RED CROSS

### THREE NEGROES ARE KILLED BY GEORGIA MOB

(By The Associated Press) DOUGLAS, Ga., Nov. 18.—Two negro men and one negro woman implicated in the killing of Pearly Harper, a young planter here today, were lined up and shot by a mob of a hundred and fifty men who overpowered the sheriff and his two deputies while attempting to take the negroes to a place of safety.

### POLICEMEN SURRENDER THEIR CHARTER

(By The Associated Press) BOSTON, Nov. 18.—The policemen's Union here voted today to surrender their charter.

### BUILDING IN LONGWOOD

E. A. Jenkins, of Longwood, was in the city today and reports that city as being filled with new people and everything progressing. They are having a difficult time getting the new comers settled in houses and many new homes are being built as a consequence. Among them are the following:

Will Woodcock is building a nice bungalow; E. E. Hardy is building a most comfortable home and Conner Williamson is building a nice six room house. Several other Longwood men are contemplating building and it is also said that a store room or two would be built soon.

## AN OFFICIAL CANVASS OF LATE ELECTION

### RETURNS AS CANVASSED TO BE RETURNED TO THE STATE BOARD AT TALLAHASSEE

TALLAHASSEE, Nov. 17.—The following are the figures which will be presented to the state canvassing board when it meets to officially canvass the election returns this morning. These figures have been compiled by the secretary of state's office from the official returns of the several counties and their correctness verified by a careful check. The official canvass therefore, will show the following vote:

- Democratic—Carrabelle, 89,846; Corr, 87,307; Jones, 88,984; Knott, 90,515; Sharon, 87,122; Wells, 87,812.
- Lily White Republican—Allen, 10,118; Clough, 7,122; Drummond, 6,557; Locke, 6,199; Moffett, 6,192.
- Republican—Archibald 44,853; Brelsford 37,408; Chubb, 37,409; Smith, 35,357; Pope, 36,542; Wentworth, 28,811.
- Prohibition—Coffin, 2,941; McAuley, 4,720; Nanney, 1,757; Smith, 4,286; Bryant, 5,124; Rechart, 3,773.
- Socialist—Cole, 5,189; Hayes, 3,940; Henri, 3,447; Jackson, 6,316; O'Kelley, 3,223; Pillsbury, 3,647.
- For Governor—Hardee, 103,407; Gay, 23,788; Van Duzer, 2,654; Whitaker, 2,823.
- For Secretary of State—Crawford, 96,700; Dyson, 24,179.
- Comptroller—Amos, 86,584; Northrup, 19,405; McCarthy, 4,545.
- Treasurer—Luning, 88,200; Hunt, 21,271; Ewing, 7,656.
- Attorney General—Buford, 81,786; Gober, 22,872.
- Superintendent of Public Instruction—Sheats, 92,756; Jenkins, 26,696.
- Commissioner of Agriculture—McRae, 85,589; Hull, 18,411; Porter, 2,835.
- United States Senate—Fletcher, 98,957; Klock, 2,847; Martin, 3,525; Cheney, 37,065.
- Congress, First District—Drane, 26,385; Jefferies, 4,729; Haines, 1,608; Smith, 1,074.
- Congress, Second District—Clark, 15,143; Cubberley, 3,281; Case, 392.
- Congress, Third District—Switwick, 16,301; Owens, 2,673.
- Congress, Fourth District—Sears, 38,355; Bower, 11,189; Hunt, 2,019.
- Justice Supreme Court—Ellis, 77,148; West, 81,192; Marsh, 19,119; Axtell, 6,741; Pettigill, 18,510.
- Railroad Commissioner—Wells, 82, (Continued on page 12)

### SOVIET GOVERNMENT WILL BE RECOGNIZED IS GENERAL VERDICT

(By The Associated Press) LONDON, Nov. 18.—A wireless dispatch from Moscow says "General Wrangel's destruction will make great impression on western countries." Information that England is carrying on an agitation in the United States favoring renewal of trade relations with Soviet Russia. There is no doubt the western countries will be forced to recognize the Soviet government, it was announced today.

### GERMANY REFUSES TO ENTER LEAGUE EXCEPT AS EQUAL

(By The Associated Press) AIX LA CHAPPELLE, Nov. 18.—Dr. Simons, the German foreign minister, said Germany did not desire to enter the League of Nations unless they were allowed to enter as equal.

### ARGUMENTS TODAY SHORT LINE ROADS FOR WAGE INCREASE

(By The Associated Press) CHICAGO, Nov. 18.—Arguments over the wage increases demanded by employees of a hundred "short line" railroads opens today before the United States Railroad labor board meeting here.

### FOOD PRICES FALL

(By The Associated Press) WASHINGTON, Nov. 18.—Retail food prices decreased three per cent throughout the United States in October, the Labor Department announced today.

## HARDING SPEAKS AT NEW ORLEANS

### AND SAYS, SANITY, CLEAR THINKING, COMMON SENSE, HONESTY AND CO-OPERATION SHOULD RULE THE WORLD.

(By The Associated Press) NEW ORLEANS, Nov. 18.—President-elect Harding in a speech here today declared plain living and square dealing are the nation's strongest reliance during the coming period of after war readjustment. "Sanity, clear thinking, common sense, honesty and co-operation" are prime necessities in meeting the demands of new world order.

"If we seek understanding which reveals mutuality of interests no difficulty can long abide. Such solution cannot come from greedy thoughts of profiteer or revolutionary agitation of those who would destroy. There has been wild contemplation of earnings whether in wages or dividends, terms of dollars rather than purchasing power. We must be more concerned in the substance of the reward for activity than in the coin measurement. We want fortune and common progression with the cotton farmers of the south having their reward with the wool grower and wheat grower of the north. We want Southern factories turned to music of the mills of the north. There is no sectionalism in righteous American ambitions."

of powder behind one and one-eighth ounces of shot is inviting "sure death". Don't load your gun until you are actually ready for business. At all other times it should be empty. Keep your finger off the trigger until you are looking along the barrel at your game.

Don't use a cheap gun, as it is apt to explode when a heavy charge is used.

Don't borrow a dog or gun or loan either.

Don't rest on the muzzle of your gun.

Don't violate the game laws. It is not only criminal, but sometimes very costly.

## County Commissioners In Regular Session

The Honorable Board of County Commissioners for Seminole County, Florida, met in regular session Nov. 18, 1920, at 10 o'clock a. m. Present: Chairman L. A. Brumley, and Commissioners: L. P. Hagan, C. W. Entzminger, and E. H. Kilbee, with V. E. Douglass, Deputy Clerk, and E. E. Brady, Sheriff, in attendance. Absent: Com. O. P. Swope.

Minutes of the last regular meeting and also special meetings of October 12th, 27th and Nov. 1st and 2nd were read, approved and ordered filed.

Mr. F. P. Forster addressed the Board in reference to the use of the Court room for the dance to be held by the American Legion, on the night of November 11th, 1920.

Hon. Forest Lake, Mr. Donald Whitcomb and Mr. S. M. Lloyd addressed the Board in reference to the use of the Court room for the dance to be given by the American Legion on the night of November 11th, 1920.

The following resolution was offered by Comr. C. W. Entzminger, who moved its adoption, the same being duly seconded by Comr. L. P. Hagan, and adopted.

Whereas the Campbell-Lossing Post of the American Legion, have requested the use of the Court room on Armistice night for the purpose of holding a dance under the auspices of the American Legion, and,

Whereas, this Board has adopted the policy heretofore of not granting the use of the Court room for social purposes, and,

Whereas, this Board does not in the future desire to be bound by a precedent established permitting the use of the Court room for social purposes, and,

Whereas, we feel disposed to grant the request of the American Legion, and permit the use of the Court room as desired by them for the purpose of holding a dance on Armistice night.

Therefore, Be It Resolved that Campbell-Lossing Post of the American Legion is hereby granted permission to use said court room on Armistice night for the purposes desired, provided, however that this action on the part of this board shall not be construed in the future as a precedent established with reference to granting use of the Court room for social purposes.

Adopted this 3rd day of Nov. A. D. 1920.

F. H. Trimble addressed the Board in reference to the new vault, and stated that same was completed and in good shape.

Miss Virginia Smith, reported to the Board her finding in reference to Mrs. Shirley and on motion of Comr. L. P. Hagan, seconded by Comr. C. W. Entzminger, and carried, clerk is instructed to draw warrant each month to Miss Virginia Smith for the sum of \$10.00 for the use and benefit of Mrs. Shirley.

Hon. Forest Lake, chairman of the

State Road Department appeared before the Board in reference to work to be done by the State Road Department and stated that he intended to co-operate with the Board of County Commissioners when doing work in this county.

Comr. L. P. Hagan offered the following resolution and moved its adoption, same being seconded by Comr. C. W. Entzminger.

Whereas, as the public highway in Seminole County, Florida, beginning at the intersection of the brick road leading west from Sanford, with the brick road leading to DeLand, and running thence in a westerly direction to the Wekiwa river and connecting with Lake county, is a main thoroughfare leading to Lake county, and should be designated as a State Aid road.

Therefore, Be It Resolved, that the State Road Department be and they are hereby requested to designate said highway as a State Aid Road.

And Be It Further Resolved, that the Clerk of this Board be instructed to forward a certified copy of this resolution to Hon. Forest Lake, chairman of the State Road Department, at Tallahassee, Fla.

Adopted this 3rd day of Nov. A. D. 1920.

Comr. L. P. Hagan offered the following resolution and moved its adoption, same being duly seconded by Comr. E. H. Kilbee.

That the Tax Collector be and he hereby is authorized and directed to pay all funds collected by him on account of Florida Groves Drainage District on Assessment Roll of 1920, to the Bond Trustees of the said Florida Groves Drainage District, and is advised that the levy assessment is for the sole purpose of paying interest on bonds and for a sinking fund, and that the Bond Trustees of the said District are O. P. Swope, B. F. Wheeler and L. A. Sheldon.

Dr. J. T. Denton appeared before the board in reference to his work as county physician.

Other communications were received, read and ordered filed.

Fire arms bond of B. F. Whitner, Jr., was approved and license ordered issued.

Notary Public Bond of Lila Mae Johnson and D. M. Martin were approved.

F. F. Dutton appeared before the Board in reference to new road thru his farm on west city limits line.

Motion of C. W. Entzminger, seconded by E. H. Kilbee, and carried, Comr. L. P. Hagan and Engineer Fred T. Williams are hereby appointed a committee to confer with the city commissioners in reference to road on west city limits line.

Pension claim of Louisa T. Phillips, was approved.

Motion of L. P. Hagan, seconded by E. H. Kilbee, and carried, Chairman L. A. Brumley, is hereby authorized (Continued on page 12)

### Reports of the Year's Work Show Good Progress

### ELECT NEW OFFICERS

### HEALTH CENTERS WILL BE ESTABLISHED AND HOME WORK CARRIED OUT.

The fourth annual meeting of Seminole county chapter A. R. C. was held at the Presbyterian church on Tuesday, Nov. 16th, with a good attendance.

Reports of the year's work were given and the annual election of officers was held.

The meeting opened with prayer by Dr. Brownlee followed by an interesting address by Mrs. Endor Curlett, who is the efficient chairman of Seminole county chapter. Mrs. Curlett is bending every effort to establish Health Centers in Seminole County, and also hopes that after the roll call the chapter will have sufficient funds to put on a public health nurse.

The report of the treasurer, Mr. R. W. Deane, was as follows:

Bal. in Bank, Dec. 1, 1919..	\$ 801.81
Membership dues .....	1,189.00
Donations and sales .....	43.95
Home Service Fund .....	6.60
<b>Total, includ. Bal. ....</b>	<b>\$2,041.36</b>

<b>Disbursements.</b>	
Remittance to Div. Headquarters, mem. dues ....	\$ 594.50
Revolving fund .....	50.00
Town and County Nursing Service .....	70.25
Supplies to poor .....	10.00
Miscel. expenses .....	8.50
Telegrams and telc. ....	16.95
Sec. salary .....	595.00
Stove and oil .....	11.45
Postage, stat. & ptg. ....	14.39
<b>Total Disbursements .....</b>	<b>\$1,371.07</b>
<b>Balance in bank Nov. 1, 1920 \$</b>	<b>670.29</b>

The Secretary's report shows that the chapter is still very much alive, having held meetings each month except through the summer months. Funds in memberships and donations raised by the branches in 1920 are as follows:

- Altamonte .....
- Chuluota .....
- East Sanford .....
- Geneva .....
- Longwood .....
- Oviedo .....
- Colored auxiliary .....
- Funds raised in Sanford .....

The Home Service Secretary's report shows that part of the work is indeed active. Cases on file, 162; visitors to office, 257; county and city cases, 17.

At the request of the government Red Cross goes forward for the man in uniform and in all camps and training stations.

Home service is still in demand by thousands who wore the khaki. In our own Home Service office there are many cases on file which show that settlements for allotments are yet to be made.

The ex-service man depends upon the Home Service secretary to help him make out allotment affidavits, which must be sent to Washington before their unpaid allotments are settled for.

The Home service secretary expressed her appreciation of the loyal support given her by the executive board and the home service committee.

The report of the nominating committee of five, composed of Dr. Brownlee, Mrs. Puleston, Mrs. Whitner, Mr. Woodruff and Mr. Whitcomb as follows: For chairman Seminole county chapter, Mrs. Endor Curlett of Geneva; vice-chairman, Miss Allie Gafford; secretary, Miss Virginia Smith; treasurer, Col. G. W. Knight; members of the executive committee from Seminole county chapter as follows: Mrs. E. M. Galloway, Mrs. S. O. Chase, Dr. S. W. Walker, J. C. Hutchinson, and H. C. DuBose.

The meeting was closed with an earnest plea by Dr. Walker for every one to enroll in the Red Cross.

Get your office supplies and school supplies at the Herald Printing Co. where you can get what you want at very reasonable rates.

# PRICES ARE FALLING FOODSTUFF AND CLOTHING RECORD CROPS RESULT

**Flour Now Under Ten Dollars  
First Time in Four Years**

**CLOTHING WAY DOWN**

**BUT BIG DECLINE NOT LIABLE  
TO START BEFORE  
SPRING**

Price reductions in a dozen lines are reported in the day's news from commodity centers all over the country—probably vindicated to some extent by indications of record grain and food crops and aided by tightened credit conditions. For the first time in four years flour is below \$10 per barrel, while wheat yesterday sold for \$1.77 and corn for 78c on the Chicago Board of Trade.

The clothing show at Chicago brought first news of further slashing of wholesale prices for clothing and furnishings, while carpets and rugs went off up to 35 per cent in the New York auction market.

One national string of restaurants announces a cut of from 11 to 28 per cent and raw sugar is back at six and a quarter again on the New York market. St. Louis reports milk selling for sixteen cents a quart, an immediate drop of a cent, while in Winnipeg they are going to get a 20-ounce loaf of bread for a dime and a sixteen-ounce loaf for eight cents.

## CHAIRMAN FOREST LAKE

Many of the state papers are pointing out the fact that now the state road department can get down to real constructive work. The issue of bond the state is dead and will not be resurrected in the next two years at least. There is no reason for the road department to build experimental roads here and there over the state and no reason for their building a part of a road here and a part of a road there many miles apart. Under the leadership of Forest Lake, who knows what the state needs, the work of building state roads should go right ahead and settle down to a real basis. During the first year of the department's life it naturally did not know exactly what to do in the matter of supplying the many needs of the state. They did some fine work in many parts of the state and probably made some mistakes and the new board will probably make some mistakes but the people who know Forest Lake the best know that he is a level-headed business man who knows what good results should be like and having lived in a county where they have tried out about all the different kinds of roads that exist in Florida and knowing the good and bad combinations and being one of the pioneers in road building there should be no fear from any quarter of the state that the new board will not get the proper results.

In fact since a change had to be made according to the appointments of the governor it is just as well that the important program of road building in the state be in the hands of a competent man such as Mr. Lake has proven to be and that the people who know him give him that credit and alleviate any fears that might linger in the minds of the people that do not know him that any of the roads might be neglected. Mr. Lake will make the state money go as far as possible and will build constructively wherever he builds, looking toward the future of the state that he knows so well.

The election is over and whatever ill feelings might have been engendered by the event should be dispelled by the thought that we should all get together now and work for a bigger and better city. There is no need for any trouble here and the best class of both white and colored citizens are laboring to keep it down. Sanford has a good class of negroes here that work and own property and are good citizens and if let alone will bend to their own business. Few of them would ever think of mixing up in politics unless they were urged to do so and since the election is past this should not be held against the negroes.

The early lettuce crop of Sanford is looking good and means much money for Thanksgiving. It also means that this money will be spent here among the home merchants and will make things hum.

## NOW FOR GOOD ROADS

Now that the bond amendment is defeated it is up to the legislature to devise some means of increasing the mileage of hard surfaced roads in Florida more rapidly than it has been increased heretofore. Considering the state as a whole we have made as good progress as could have been expected under the circumstances, and some of the counties have done much more than could reasonably have been expected. They have spent money but they have not lost by it. A system of good roads is the best kind of an investment.

But the legislature should not follow the lead of men who have bats in their belfry. We have heard a good deal of talk of building no road in Florida less than sixteen feet wide. The state ought not to put a dollar in any road as much as sixteen feet wide. The roads should be built with room enough to pass, and no wider, for the simplest soul must know that to the extent the roads are widened to the extent is their mileage decreased. We want as great a mileage as possible for the money—not for all the money there is in the world but for the money that Florida can afford to spend for that purpose.

The roads should be constructed as economically as possible and it may be that the costliest roads would be the most economical in the long run. That is a matter for the investigation of men who are capable of investigating the subject—not by prattling cranks.

But the idea that we should have the greatest mileage of any state in the Union and the best roads of any state in the Union, while in keeping with the babble of some who dream they are prominent, is not in keeping with common sense.

This state is one of the richest in possibilities but one of the poorest in the Union in actual development. It has a large area and is very thinly settled. We have more than seven times as great an area as Massachusetts with little more than one-sixth of the wealth of that state. Massachusetts has more than a million dollars of wealth for every square mile of territory, while Florida has only about \$25,000 of wealth per square mile. The man who does not realize the difference is not fit to lead in any movement. We must do the best we can. That is all we can do, but we should try to devise plans for making that best come as near as possible to supplying our needs.

The Times Union seems to be credited with playing a greater part in this fight than it claims to have played. It was only one of a number of papers that tried to save the state from an intolerable burden of debt. The fight succeeded but the credit for it should be distributed justly. Some would say "the blame for it" instead of the credit for it, but that is a question the people of Florida have passed on very satisfactorily to us.

We have been represented as attacking the motives and the characters of the members of the state road commission, but they all know this charge is not true. We have not attacked the characters of members who have gone or of those who have taken their place, though we blame two of the members who have gone and one who remained for going into politics on this road question. We thought it was their business to build roads with the money given them for that purpose and not to tell the people of Florida how the money should be raised or how much of it should be raised. We are confident the board will never make this mistake again. We are ready to co-operate with the state road commissioners in all their intelligent efforts to secure for Florida as great a mileage as possible of hard surfaced roads, and equally ready to do what we can to thwart them if they make plans that we think would be injurious to the people of the state. As for the fight we have passed through we have passed through it and no man who has got right good sense wants to keep on snarling about it.—Times Union.

The east side of the St. Johns river, as well as Palatka Heights, is becoming one of the finest residential sections of Florida, and the west side of the river is rapidly developing into one of the greatest business and industrial centers of the state.

Office supplies at the Herald.

## WEDDING RINGS FOR EACH MONTH OF YEAR

Sentiment Attached Appeals to the  
Bride Who Would be  
Exclusive

New style wedding rings ornamented with flowers that betoken the nuptial month have made their appearance in the jewelry shops.

This represents a new drive to crowd the plain gold band from its time-hallowed position. Up to a few years ago the circlet of plain fold monopolized the third finger of the left hand of the world's brides. Then gold rings variously embossed and ornamented began to make a tentative bid for approval. Later came sculptured platinum.

Growing competition in a world busily engaged in toppling over idols and shattering traditions may eventually consign the plain gold band to oblivion but as yet jewelers say, it still stands easily first with brides and the cash register. Its latest rival is of gold or platinum ornamented with blossoms for each month of the twelve in this way: January, wild rose; February, carnation; March, violet; April, Easter Lily; May, lily of the valley; June, rose; July, daisy; August, pond lily; September, poppy; October, cosmos; November, chrysanthemum; December, holly.

## NOTICE OF EXECUTOR (For Final Discharge)

In Court of County Judge, Seminole County, State of Florida.  
In re Estate of  
WM. S. BALDWIN.  
Notice is hereby given, to all whom it may concern, that on the 18th day of January, A. D. 1920, I shall apply to the Honorable E. F. Henshler, Judge of said Court, as Judge of Probate, for my final discharge as Executor of the estate of Wm. S. Baldwin, deceased; and that at the same time I will present my final account as Executor of said estate for their approval.  
Dated November 11th, A. D. 1920.  
J. E. PACE,  
Executor.

11-12-20c

## NOTICE TO CREDITORS

In Court of the County Judge, Seminole County, State of Florida.  
In re Estate of  
HENRY LONDON.  
To all Creditors, Legatees, Distributees and all Persons having Claims or Demands against said Estate:  
You, and each of you, are hereby notified and required to present any claims and demands which you, or either of you, may have against the estate of Henry London, deceased, late of Seminole County, Florida, to the undersigned Executor of said estate, within two years from the date hereof.  
Dated, Nov. 11th, A. D. 1920.  
P. H. HARRIS,  
Executor.

# CHANDLER SIX

Famous For Its Marvelous Motor

The Chandler Sedan

## Maximum of Comfort with Rare Beauty and Real Mechanical Excellence

Chandler closed cars, the big handsome sedan and the equally splendid coupe, appealing to discriminating men and women seeking the most comfortable means of transportation for their daily requirements in any season and any weather, coupled with assured mechanical excellence. They are first preferred cars among such buyers.

Substantial and durable in their splendid construction, most pleasing in design, lustrous in finish, deep cushioned and attractively upholstered in silk plush, they bring to you all that you could

desire. They are free from objectionable outside door hinges and mouldings that mar.

The Chandler Sedan seats seven in real comfort when the spring-cushioned auxiliary chairs are in use. The Coupe seats four in equal comfort.

Chandler closed car bodies are mounted on the one standard Chandler chassis, now in its eighth year of constant development and refinement and featured and favored for its marvelous motor.

These closed car bodies compare favorably with the similar bodies of the most costly cars.

## The New Chandler Price Eliminates Competition

For years the Chandler has held the lead for real quality at the fairest price. The new Chandler price puts it in a position of being without competition. Any other car which may be compared with the Chandler is priced at hundreds of dollars more. And some smaller cars which give you much less are priced but little lower. Chandler is the real first choice in the motor car field today. These are facts, easily proven.

Sanford has started shipping lettuce and romaine in solid car lots. The poor Republican riddle, North can now cheer up.—Tampa Tribune.

Gen. Wrangel has been wrangling with the Bolsheviks and has been defeated like all of the others. Good time to get out of Russia, all of the civilized nations and let them fight it out among themselves.

There is much talk about prices dropping on everything but the drop in the price of paper has not been as bad as the public expects. It took some time to get them up to where they are now and it will take some time to get them down again.

Every time we meet with the newspaper men of Florida, the feeling that we have the best paper in the United States. They have the goods and they are getting out fine papers despite the high cost of everything that enters into the publishing business.

The Rotary Club of Jacksonville is to be congratulated on its efforts in its quest for Jacksonville to be a city of the future. We do not know just how far that institution goes but we will be glad to see the newspaper men of the time of their young lives. We would like to be there but a man with a daily paper never knows where he will be in the following twelve hours and we cannot make any plans that far ahead.

Sanford should have one of the most successful seasons of her career this year. There is everything to make it successful and despite the high cost of growing crops the farmers should realize good prices for all of their stuff. And again the Herald would urge the growers to put up nothing but good stuff, ship nothing but a guaranteed pack and see that your stuff goes out right at least. Then it is up to the railroad and the refrigerator people to do the rest.

It is well that Sanford is to have milk inspection and to follow that will be well to have meat inspection. Too long have we waited for both and only the fact that the city of Sanford is the healthiest city in the United States has kept off an epidemic of disease that could have come from either the milk or the meat supplies. More care should be exercised by the people who raise these products and by the people who handle them. The law gives these cases.

The State Road Department under the leadership of Forest Lake, of Sanford, is doing things, and as a result it is restoring the compliments and respect of the people of the state. Even those who would rather the state road department would do things other than those it is doing are pleased to see the pep and spine that Mr. Lake has injected into the body which unquestionably is one of the most important departments of the entire state government, and should never be hampered in its work by efforts of the legislature to abolish it.—St. Augustine Record.

The League of Nations is meeting at Geneva today and America is not present. Mr. Harding is down in Texas fishing and golfing and while he is storn bound he will have plenty of time to prepare a substitute for the League of Nations for the people of the United States are determined to have no more war and the Republican party will be forced to arrange for a perpetual peace treaty with the stronger nations of the world. They can call it anything they please but the League of Nations will be the final outcome of their deliberations for the world wants a League of Nations regardless of the name under which this work will be accomplished. Meanwhile the world meets at Geneva and the greatest country in the world is absent.

It cost \$3,410,000 to elect Harding and the Republicans who elected him can now guess where this money is coming from. Not from the people at large as the Democratic funds were raised but from the big corporations and trusts of the country and when they put up money for anything they expect to get it back. You can draw your own conclusions and we wish you sweet dreams and did not vote for Mr. Harding.

The American Legion will keep us all more patriotic for being in our midst and this reminds us that so many people kept their hats on at the park yesterday while the band played the Star Spangled Banner. Have we lost our patriotism since the war or did the soldiers and sailors keeping on their hats confuse the people? The military do not attend their hats and merely stand at attention but the people present at any public gathering should uncover whenever the national anthem is being rendered and this should always be your motto as long as you live.

The Lakeland Daily Telegram has just passed the twelve year mark and is entitled to a big birthday party. Editor Hetherington has certainly labored early and late in giving the people of Lakeland a good paper and he deserves all the prosperity that may come his way. He went ahead and in Lakeland to house his plant and only those who have gone into the building line know how much the struggle has given the best there was in him for many years.—Lakeland Telegram.

New Smyrna is still agitating the matter of a free bridge over the St. Johns river at Osteen. This question will never be settled until it is settled right. The State Road Department is building about a dozen free bridges over West Florida rivers, and is even talking of a bridge three miles long over Escambia Bay. The state, so far as the New Smyrna News has built no bridges in South and East Florida, where most of the taxes are paid. The counties and communities and private parties have built all the bridges in this section of the state.—DeLand News.

What Sanford and New Smyrna needs more than anything else is a bridge across the St. Johns river at Osteen. There is an article in this issue from the New Smyrna News that brings up this matter again and states Seminole county has been ready to pay her share of the bridge for many years but a certain clique in Volusia county has stood in the way of a free bridge across the St. Johns river probably because the bridge across the St. Johns river at Monroe is a pay proposition and the free bridge would cut off some revenue from the pay bridge owned by private parties. The state road department might aid some in this much needed enterprise and it is hoped the two counties will get together, lay all personal objections aside and get a bridge built here at once and make it a free bridge.

**SOBER JUDGMENT SHOULD PREVAIL**  
In our endeavor to restore normal conditions in this land of chaos sane and sober judgment should prevail. Now we have agitators in our midst whose sole apparent aim is to destroy our established system of government.

We have others who are consumed with unrest, are out of harmony with prevailing methods, and yet are true and loyal at heart.  
We must learn to differentiate between the two.  
The one must be curbed or destroyed, while the other should be conserved and nurtured back to a healthy state of mind.  
There is much to perplex and exasperate us all, but nothing to cause a panic of alarm.  
It has taken years of work and wisdom to create the greatest nation on earth. It will not be wrecked in a day.  
Energy, perseverance and sober judgment will in time restore conditions to some more satisfactory basis, but only time and patience can bring about this result.

### President's Thanksgiving Proclamation

**WASHINGTON, Nov. 15.**—President Wilson issued his Thanksgiving Day Proclamation Friday night, one that "in plenty, security and peace, our virtuous and self-reliant people face the future," and setting aside Thursday, November 25, for the usual observance. The text follows:

"The season approaches when it behooves us to turn from the dissensions and preoccupations of our daily life, that we may contemplate the mercies which have been vouchsafed to us, and render heartfelt and unfeigned thanks to God for His manifold goodness. This is an old observance of the American people, deeply imbedded in our thought and habit. The burdens and stresses of life have their own insistence. We have abundant cause for thanksgiving. The lesions of the war are rapidly healing. The great army of freedom which America sent to the defense of liberty, restoring the grateful embrace of the nation, has resumed the useful pursuits of peace, as simply and as promptly as it rushed to arms in obedience to the country's call. The equal justice of our laws has received steady vindication in the support of a law-abiding people against various and sinister attacks, which have reflected only the baser agitations of war, now happily passing."

"In plenty, security and peace, our virtuous and self-reliant people face the future; its duties as the opposite of war. We should give thanks in our hearts, and dedicate ourselves to the service of God's merciful and loving purposes to His children."  
"Wherefore, I, Woodrow Wilson, president of the United States of America, do hereby designate Thursday, November 25, as a day of thanksgiving and prayer, and I call upon my countrymen to cease from their ordinary tasks and avocations on that day, giving it up to the remembrance of God and His blessings, and their dutiful and grateful acknowledgment."

**IN FAIRNESS TO MERCHANTS.**—The present drop in prices of merchandise in confinement in a way as most people are reading them expect the merchants to drop their goods the same hour the articles appear in the papers. This, of course, is not to be expected and any fair-minded person will easily understand that it would mean the ruin of the merchants who have bought goods at the high market in order to keep a good stock on hand. The decline in prices will have to be met gradually in order that the merchants can get the present stock of goods moving at a price that while it may mean no profit will not mean a heavy loss. The Tampa Tribune sums it up as follows:

"Associated Press dispatches from Northern markets for some time past have been carrying notices of declines in the prices of various commodities in all lines, with the result that merchants report an attitude on the part of the public of expecting a corresponding decrease in price on commodities which the merchants now have in stock.  
"In fairness to the merchants it is well for the public to remember that stock which merchants now have on hand was purchased from eight months to a year ago when the market was almost at its height.  
"Tampa merchants in all lines are making losses right now on their goods in order to meet, insofar as they are able, the price declines that have come in the market since their goods were purchased. Some were over sanguine, and will be the sufferers now that the frenzy for buying has come to an end.  
"With the farmers, the wheat raisers and cotton growers the case is somewhat different. During the war the government urged them to produce to the utmost, assuring them that everything would be needed for the support of the millions of soldiers, and our allies had put in the field, and which had been largely drawn from the farms and factories, thus reducing the numbers of the producers and augmenting those of the consumers and wastes. The farmers responded to those urgings, in spite of all the difficulties they had to meet owing to the scarcity and inefficiency of labor, and the high prices of everything raw materials from American farms would be continuous and insistent at long prices. Millions of \$3 and \$4 and 40 cent cents changed their eyes, and they rejoiced that nature assisted by their own strenuous efforts had given them big crops. But things have not worked out quite as anticipated. The four years war resulted in the storage of vast quantities of wheat which the end of the war released and has been coming on the market to reduce the prices, and now, but two years after the signing of the armistice we are told that France has raised enough wheat for her own needs, and both wheat and cotton are dropping in price, and the high prices on which the farmers built their hopes, seem farther off than ever. Germany wants cotton, in large quantities—estimated at 2,000,000 bales—but she has not the wherewithal to pay for it. The same is the case with the starving peoples

of the near and far east. They want bread, but they have no means of paying for it, and it must be given them if their lives are saved.  
In their desperation the farmers have appealed to the government for relief in the shape of loans to enable them to hold their products off the market, and force higher prices, but the government says very properly, in the minds of many, that it cannot use its funds to promote speculation, and the farmers must pull through as best they can. There will be much in the minds of many that it cannot use its funds to promote speculation, and the farmers must pull through as best they can. There will be much in the minds of many that it cannot use its funds to promote speculation, and the farmers must pull through as best they can.

The Seaboard railroad has announced in the daily press of the state that Lake county will be particularly favored this season with a superior train service, the fast trains disintegrating and grumbling, and at Willwood to all points in Lake possibly some suffering, but there county.

does not seem to be any other way. The prices of all the people are cheap food and clothing, and the needs of all must take precedence of the interests of any one class.—Tampa Times.

### BRIDGE ACROSS ST. JOHNS AT OSTEEN FERRY WILL BE BUILT IF VOLUSIA HELPS

**New Smyrna Board of Trade Will Take Up Matter SHOULD BE ERECTED**  
The counties of Volusia and Seminole have long discussed the propriety of a free bridge at Osteen Ferry and while Seminole county has been ready to do her part for several years, she has been hanging back for various reasons and these reasons have been personal reasons and not following for the best interests of the county and the citizens in the south end of Volusia have long understood the reasons and wanted something done by the Volusia commissioners in the way of a free bridge. The other road across the St. Johns river at Monroe has a paid ferry and it is fifty cents all day and all night and this would be a hardship on the traveler to Seminole and Volusia and keeps many people from coming to this city and many from going to Orlando and Daytona. This toll bridge has been built long enough to pay the owners big money and the two counties should exercise their prerogative and buy it, making it a pay proposition until paid for or let it be a free bridge. The city has passed for toll bridges and Volusia county is best with them on all sides. It is refreshing then to see by the New Smyrna News that New Smyrna at least will make an effort to have the bridge at Osteen built as soon as possible and the New Smyrna Board of Trade has taken it up as the following would indicate:

"That a bridge across the St. Johns river at the Osteen ferry can be secured and built, with the assistance of Seminole county and the state road department, if the people of Volusia will get behind the movement and help it along to the extent that it has come to the new New Smyrna-Coronado Board of Trade, his wholehearted support is to be matted up with the idea of carrying it through if possible.  
"The agitation for a free bridge across the St. Johns river at the Oosten ferry has been on for a number of years and has been discussed many times in Volusia and Seminole counties, but without definite results. It is believed that if the matter is put before the state road department in the proper light state aid for the bridge can be obtained. Seminole county has stood ready for a number of years to pay her half of the expense of building the bridge, but Volusia county has never got to the point where she will meet Seminole county.  
"The matter will be taken up thru the new board of trade at once, and some interesting developments may be expected."

**YOUR FLAG AND MY FLAG**  
(By Wilbur D. Nesbitt)  
Your flag and my flag,  
And how they fly today,  
In your land and my land,  
And half a world away!  
Rose-red and blood-red!  
The stripes forever gleam;  
Snow-white and soul-white—  
The good forfathers' dream,  
Sky-blue and true blue, with stars to gleam bright—  
The gloried guardian of the day,  
A shelter through the night.  
Your flag and my flag!  
And, oh how much it holds—  
Your land and my land—  
Secure within its folds!  
Your heart and my heart,  
Beat quicker at the sight!  
Sun-bleached and wind-tossed—  
Red and blue and white,  
The one flag—the great flag—the flag for me and you—  
Defied all else beside—the red and white and blue!

**REBELS QUIET AFTER ELECTION RIOTS**  
(By The Associated Press)  
**ATHENS, Nov. 15.**—Greece is at ease for a few minor clashes the result of the election in which Venizelos claimed victory. Disorders were quelled by fire teams. All meetings are forbidden.  
A Herald Want Ad.—It pays.

**Fall Fertilizing**  
Fertilizer applied to citrus trees in November is one of the greatest factors in securing a heavy crop the following season, for it is during the seemingly dormant period that nutrient fruit buds are formed.  
In addition to this, fall fertilizer induces a larger, stronger root system which is of great benefit to the tree in developing growth, holding fruit, and withstanding droughts. Fall fertilization in great measure prevents the usual "off year" following heavy yields.  
For best results, use one of the following brands:

### Farms, Homes, Groves, Lots I SELL THEM TOO

Am daily listing properties from all sections and of sundry kinds and am prepared to meet any circumstances. Can furnish a modest home or satisfy the person looking for the very best. Have small groves or large just as you wish. Nice little colony farms or big fine ones that attract on account of their broad level acres with commanding homes.

Wild land to the small investor or the company looking for colonization propositions. Lots? Indeed I have in any part of our city. If there is anything in the way of property remember my motto:

Watch the South East Corner of Page Two

Morgan, president of the Woman's Club of Sanford; Mrs. A. M. Phillips and Mrs. Harry B. Lewis, delegates from the local club.

**PERMANENT DISPLAY IN JACKSONVILLE**  
STATE FAIR ASSOCIATION WILL MAKE ARRANGEMENTS FOR PERMANENCY  
JACKSONVILLE, Nov. 13.—Provided sufficient counties and communities respond—and the indications are that they will—the Florida State Fair & Exposition will establish a permanent agricultural museum this year.

The fair association has invited all counties, boards of trade, and chambers of commerce, as well as all communities to send along with their exhibits to the state fair, November 18 to 27, sufficient surplus products of the soil to begin the museum, which will be maintained in one of the big fair buildings for the benefit of the many visitors and tourists who pour through Jacksonville during the winter months.

This plan is in connection with the association's project to establish a great community center at the Brentwood grounds.

General Manager B. K. Hanaford of the fair association states that he has already received many favorable replies from prospective exhibitors in Florida, and he is confident that the season will see launched what is destined to become an invaluable adjunct to the state fair, as well as to Florida communities in showing all year the great range and variety of products raised from Florida soil.

Staple agricultural products, of course, will keep almost an indefinite period without replacement, but perishables will be displayed in glass jars and preserved in alcohol.

Mr. Hanaford states the plan is to enlist the aid of the railroads in advertising the agricultural museum, and in this connection an attractive sign will be erected in the Jacksonville Terminal station calling attention to the exhibit.

### RED CROSS WAS THERE

In the articles about the parade in yesterday's Herald the Red Cross car and the Red Cross girls in the parade was left out. The Red Cross car was one of the finest in the procession being all in white and trimmed in red crosses. The car was driven by May Thrasher and she was accompanied by Miss Helen Beck and Mrs. Ernest Betts, who as the nurse relieving suffering humanity had Dik Maxwell dressed as a grandfather, Billy Morse and Miss Theolina Eaton as crippled children and the float was very realistic.

The senior and junior classes of the Sanford High school went as Red Cross nurses and marched bravely over the entire line of march on foot with "Bill Marlowe" as the Red Cross dog marching in the lead and the girls and the dog attracted much attention.

On the Bryan dog truck among the little girls the names of Ruth Henry and Louise Wells were left off the article.

There were a number of cars in the parade not decorated for the occasion but did not come under the head of decorated cars and it would take a newspaper with 100 pages to get the list of names of all those who took part in the parade as it was a mile long at least and was pronounced one of the best parades of the kind that has ever been promoted in Sanford.

**WHEN RHEUMATISM HITS YOU HARD!**  
Sloan's Liniment should be kept handy for aches and pains

WHY wait for a severe pain, an ache, a rheumatic twinge following exposure, a sore muscle, sciatica, or lumbago to make you quit work? Sloan's Liniment is a powerful medicine handy to help curb it and keep you active, and fit, and on the job.

Without rubbing, for rheumatism, apply a bit today to the afflicted part. Bitter, gratifying, clean, prompt relief follows. Sloan's Liniment couldn't keep it many thousands of friends the world over since the largest in the most economical. 35c, 70c, \$1.40.

FLORIDA'S CROP REPORT SHOWS SLIGHT GAINS OVER LAST YEAR'S CROP

Corn, Sweet Potatoes, Peanuts and Peas Good Crops

SILAGE CROP HEAVY

ESTIMATE FOR ORANGES IN SEPTEMBER SEEMS JUSTIFIED

GAINESVILLE, Fla., Nov. 12.—Harvesting of the state's field crops has been practically completed with the exception of sweet potatoes and sugar cane.

Continued dry weather over most of the state has enabled farmers to make great headway in harvesting but the same conditions have prevented the normal growth of such late crops as sweet potatoes and cane and are holding back fall farming operations, turning land, sowing oats and rye, planting truck crops, etc.

Corn

The state's production of corn for 1920 is the lowest for several years. The planted acreage was seven per cent under last year and a higher percentage than usual of the land in corn was also growing other crops at the same time, peanuts, velvet beans, etc.

Heavy rains early in the season interfered with cultivation and prevented perfect pollenization, and the crop as a whole was further set back by dry weather in the late summer.

Yield per acre is estimated at 13.5 bushels, compared with 15 bushels last year and a four-year average of approximately 15 bushels.

Quality of the crop is 83 per cent of normal compared with 87 per cent last year and a four-year average of 87.5%.

It is estimated that about 227,000 bushels from the 1919 crop were still on the farms on Nov. 1, something less than two per cent. of that year's production.

Approximately 8,000 acres of corn was cut for silage this year, with an average yield of four tons to the acre.

Production estimate of corn for grain for Florida and the United States are as follows:

Table with columns: Florida (Acreage, Yield, Production), United States (Acreage, Yield, Production) for 1919 and 1920.

Table with columns: United States (Acreage, Yield, Production) for 1919 and 1920.

Sweet Potatoes

Sweet potato harvesting is progressing rapidly. Yields from early plantings were good, but the late acreage, which is large, is showing the effects of too much dry weather.

The crop as a whole will show light yields with an unusually high percentage of medium sized marketable stock.

Quality is slightly above last year 80 per cent of normal.

It is estimated that 45 per cent of this year's crop was grown for market, about 1,700,000 bushels.

Last year 44 per cent, 1,800,000 bushels, was grown for market.

Production for Florida and the United States is estimated as follows:

Table with columns: Florida (Acreage, Yield, Production), United States (Acreage, Yield, Production) for 1919 and 1920.

Table with columns: United States (Acreage, Yield, Production) for 1919 and 1920.

Tobacco

With approximately the same acreage as for last year, Florida tobacco growers have produced about 16 per cent more tobacco.

Some excellent yields have been made with an average for the state of 7,100 pounds, compared with 950 pounds last year and a four-year average of about 1,000 pounds.

The quality of the crop is 96 per cent of normal compared with 91 per cent last year, and a four-year average of 94 per cent.

Table with columns: Florida (Acreage, Yield, Production), United States (Acreage, Yield, Production) for 1919 and 1920.

Table with columns: United States (Acreage, Yield, Production) for 1919 and 1920.

Peanuts

The Florida situation on peanuts harvested for grain cannot be stated with certainty before the December report date.

The late runner peanut will furnish a bigger percentage of the total than usual and the disposition of this crop is uncertain yet.

Early acreage estimates are apparently good, but interplanted acreage was larger than usual and the percentage for grain and yields will need some revision.

The quality of nuts harvested is 92 per cent of normal with 90 per cent last year and a four-year average of 91 per cent.

Production estimates, based on all data obtainable at this time, are as follows for Florida and the United States:

Table with columns: Florida (Acreage, Yield, Production), United States (Acreage, Yield, Production) for 1919 and 1920.

Sorghum for Syrup

The acreage in Florida is small and has changed very little from last year.

The crop was grown under generally favorable conditions and shows an average yield of 142 gallons of syrup per acre.

Florida, for the past two years has made the highest yield per acre of sorghum of any state in the Union.

Production is estimated as follows for Florida and the United States:

Table with columns: Florida (Acreage, Yield, Production), United States (Acreage, Yield, Production) for 1919 and 1920.

Table with columns: United States (Acreage, Yield, Production) for 1919 and 1920.

Table with columns: United States (Acreage, Yield, Production) for 1919 and 1920.

Field Peas

It is estimated that 80 per cent of the usual acreage for grain has been harvested. Yields are generally low averaging 72 per cent of normal.

Citrus

Present conditions do not justify any change from September preliminary estimates of production. Condition of oranges and grapefruit is off one point, being 90 per cent and 78 per cent compared with 91 per cent and 79 per cent a month ago.

PHILLIPS-RAND

St. Luke's Cathedral was filled this morning at 11:30 o'clock by many friends whose deep interest centered in the wedding of Miss Edith Ralston Rand and Welborn C. Phillips, the marriage service held by Dean Glass and the benediction pronounced by the Rt. Rev. Edwin G. Weed, D. D.

Miss Helen Way played a beautiful organ post-lude, and immediately before the service Miss Louise Holt sang "At Dawning," by Cadman, her clear, sweet tones rendering this selection most effectively.

The ushers, Messrs. Julian Harris, Gerald Hurlburt, Jack Branham, Leigh Newell and Douglas Phillips, led the bridal party, entering the Cathedral from the west door. Mrs. Miller Phillips, matron of honor, was followed by the bride's maid, Miss Helen Hurlburt, the latter immediately preceding the bride who entered on the arm of her father, Mr. Frederic H. Rand.

The groom, attended by his brother, Miller Phillips, entered from the vestryroom, meeting the bridal party at the choir steps where Dean

Glass had the first part of the brief, beautiful service, the final part held at the chancel rail where at its conclusion the young couple knelt to receive the benediction from Bishop Weed.

With the beautiful strains of the wedding march, the bridal party left the church, going direct to the Rand home on Osceola street, where friends crowded to offer heartfelt good wishes and congratulations.

The church was decorated with quantities of beautiful wild flowers, white jessamine and asparagus fern. High above the altar were masses of white and golden blossoms amid soft green, with the same simple yet effective decorations in the choir and on the pews down the center aisle.

Miss Anna Rand greeted the guests at the door of the Rand home, and Mrs. Whitman within introduced them to the receiving line, comprising Mr. Rand, Miss Elizabeth Rand, Bishop Weed, Mr. and Mrs. I. W. Phillips and the bride and groom. A delicious two-course buffet luncheon was served. Mrs. Jas. G. Glass and Miss Marjory Cary-Elwes pouring coffee and a number of her near friends assisting in the serving. Exquisite roses and asparagus fern were used with beautiful effect in the large rooms at the home, and all attending enjoyed this happy, informal gathering.

No formal invitations were issued, only the personal message given to friends who could be reached in this way.

Much merriment attended the cutting of the wedding cake by the bride, Miss Grace Warlow receiving the coveted ring, Miss Lucy Gage the dime, while the thimble, unfortunately exposed to view in slicing, was disavowed by all the girls. An eager group waited the throwing of the bride's bouquet from high on the stair-case, Miss Ella Slemmons, capturing this prize.

Early in the afternoon Mr. and Mrs. Phillips slipped away by auto, their destination and length of absence unknown.

Especially becoming was the bride's dainty gown of white lace and net, head trimmed, over white satin, with white lace hat and exquisite shower bouquet of white roses. Her traveling suit was an imported costume of dark blue with leather trimming and a becoming blue hat to match.

The matron of honor and bride's maid both wore white lace gowns and carried pink roses.

Both the bride and groom are well known and most popular here, and their friends rejoice that Orlando will continue to be their home.

Mrs. Phillips is the youngest daughter of Mr. Frederic H. Rand. Her sisters, Misses Elizabeth, Anna and Mary Rand, Mrs. Percy Morton and Mrs. Evelyn Maurey, were all here for this event, as was her brother, Frederic H. Rand, Jr., of Miami.

The groom is a son of Mr. and Mrs. I. W. Phillips and is one of Orlando's energetic and efficient young business men.

A host of friends unite in tendering earnest best wishes to this young couple.

Bishop Weed has been a close friend of the Rand family for many years and his presence at this time, to attend the Veterans' reunion, was especially welcomed—Orlando Reporter-Star.

FIRST CARS BIG BOSTON LETTUCE SHIPPED TODAY

BRANNON SHIP'S TWO CARS OF LETTUCE THROUGH DUTTON COMPANY

(From Saturday's Daily)

Sanford lettuce is going forward to the northern markets every day now and the season will soon be at its height. The weather is ideal and is just cool enough to head up the lettuce and keep it prime. C. F. Brannon sent in several heads of Big Boston to the Herald office today that is excellent stuff and is shipping two cars of this today through the F. F. Dutton Co. Ten cars of lettuce have gone forward this week which is a good showing for early lettuce and while no cash sales have been made here the lettuce is being shipped to find out what the market will take and the price at which it can be sold.

The first lettuce shipped by the Dutton Co. was of a new variety propagated by Sheridan Jewett and it has been named by the editor of the Herald, the "Jewett Special," being a very early lettuce that comes ahead of the Big Boston. The two cars today are the first of the Big Boston to be shipped from here this season of which any mention has been made.

Last week Albert Dorner brought in several heads of good lettuce to the Herald office but it was not ascertained whether this was Big Boston or not and this will not be shipped before next week.

The outlook for the lettuce crop in the Sanford section this year is very bright and as it is a much easier crop to raise than celery and costs less money we are all pulling for the lettuce growers and shippers hoping that the weather man will keep it cool until after Thanksgiving at which time the big shipments will be going forward and there should be good money made for the growers despite the high cost of production this season.

Get some of those late postcards at the Herald office. The Valdez Hotel, the Welaka Block, the Seminole Hotel and other points of interest. Only one cent each. Send a Sanford card to your friends.

# STATE ROAD DEPARTMENT WILL TAKE UP MATTER OF ROADS AND BRIDGES

In Seminole, Volusia Counties  
Soon as Possible

## THE OSTEEEN PROJECT

ST. JOHNS SCENIC HIGHWAY IS  
ANOTHER ONE THAT INTER-  
ESTS THIS SECTION

The state press seems to have come to the conclusion that the new State Road Department will get results and already many of the papers are talking about the department finishing up many state roads that have been left unfinished for some time. There is also much talk about using the auto license tax, if possible, as the taking away from the counties of this tax has worked a hardship on them. Formerly they could use this tax in their own counties but now it seems to be tied up in the state funds and is useless to counties and state unless something is done with it. The New Smyrna Board of Trade wants the bridge built at Osteen by the two counties and Chairman Lake, of the State Road Department, thinks there may be a chance to get national aid for this project and Editor Codrington, of the DeLand News thinks the auto tax could be used. At any rate the new board seems to have inspired confidence in the state and there is much activity in road matters everywhere. Many of the roads in the state that have been impassable for many months are being fixed up and made passable at least until more money can be obtained to make them real roads again.

The St. Johns Scenic Highway that winds its way down the St. Johns river from Jacksonville to Sanford and then on to Tampa is one of the best roads in the state as far as location is concerned but has never been finished and the DeLand News has the following editorial mention of it:

"Chairman Forest Lake of the State Road Department is going right after the completion of the road from Tampa to Jacksonville, via Plant City, Kissimmee, Orlando, Sanford, DeLand, Seville, Palatka and Green Cove. Nearly seven-eighths of this 250 mile road is already completed and in splendid condition. There is only a short stretch in Putnam county and the twenty miles in Volusia county, part of the money for which is lying idle in the banks here and waiting for the State Road Department and the national government to meet Volusia's \$200,000 on the 50-50 basis. The News believes that it would be wise for the next legislature to provide for turning over this \$200,000 to the State Road Department and to direct the department to complete the road in Volusia county. This would relieve the Board of County Commissioners and the local board of trustees for the fund of all responsibility and would place the responsibility in the hands of one board—the State Road Department. Under present conditions there are five members of the State Road Department, five members of the Volusia Board of County Commissioners and three members of the local board of bond trustees in charge of the expenditure of this \$200,000—an unlucky thirteen, which may account for the delay in beginning operations."

## MRS. ROYAL C. DUNN DIES SUDDENLY AT THE CAPITAL CITY

TALLAHASSEE, Nov. 14.—After a short illness, Mrs. Royal Canfield Dunn died at her home in this city this morning at 10 o'clock. Mrs. Dunn was the wife of R. C. Dunn, railroad commissioner, and was beloved by all Tallahasseans. She was a prominent club woman, and her death will cast a shadow over the deliberations of the annual state federation which convenes in this city this week. Funeral services were conducted at the Presbyterian church this afternoon at 5 o'clock by the Rev. R. G. Newsome, pastor. Interment will be made in Madison tomorrow afternoon, and the body will be accompanied there by the husband and four sisters of the deceased. Mrs. Dunn is also survived by two brothers. The Presbyterian church was crowded to the doors this afternoon during the funeral services, attesting the love in which Mrs. Dunn was held and the general sorrow of the community in her untimely death.

## SHREVE ATTENDS HOTEL MEETING IN JACKSONVILLE

E. C. Schreve, Jr., of the Valdez Hotel just returned from Jacksonville where he attended the first convention of the Florida Greeters Charter No. 47, Greeters of America, the largest hotelmen's organization in the world and the only one operating nationally. Mr. Schreve has conducted the organization of the Florida charter with the assistance of E. T. Cruise, of the Aragon Hotel, of Jacksonville.

Schreve feels high yelated over the fact that this being his first year in Florida and then to have them elect him as their president.

The following personnel of officers will control the affairs for one year: E. C. Schreve, Jr., president, Hotel Valdez, Sanford; C. E. Young, first vice-president, prop. Hotel Monson, St. Augustine; H. S. Eveleth, second vice-president, manager Hotel McKinnon, Miami; E. T. Cruise, secretary and treasurer, clerk Hotel Aragon, Jacksonville. Board of Governors: E. C. Schreve, Jr., chairman; W. A. Nelson, asst. manager Hotel Windle, Jacksonville; Theo. C. Brooks, manager College Arms, DeLand; Chas. A. Pelot, clerk Hotel Jackson, Jacksonville; R. L. Cobb, clerk Hotel Windsor, Jacksonville; J. B. Rector, Jacksonville, sergeant-at-arms.

The convention was held in the University rooms of the Aragon Hotel and was attended by members from all over the state as well as several visiting members from nearby states. The Greeters national convention will be held in New Orleans in June next and Florida will be represented by eight delegates and as the membership grows will be entitled to more representatives at the big doings.

## REDUCED RATES TO JACKSONVILLE FOR STATE FAIR

JACKSONVILLE, Nov. 15.—As customary, all transportation lines entering Jacksonville—through G. Z. Phillips, director of Transportation—have announced reduced round trip rates for the annual Florida State Fair and Exposition, which will be held here November 18 to 27.

These rates—a fare and one-third for the round trip, are sufficiently low and attractive to please the most exacting prospective fair visitor, and are expected to be the incentive which will bring thousands of people to the big fall exposition, which, this year, assumes an importance far surpassing anything of previous years. The general admission to the Fair Grounds will be 50 cents.

In connection with the low rates, it is announced tickets will be on sale from all Florida points to Jacksonville on November 17, 19, 21, 23 and 25.

In addition, the same reduced rates will be in effect—within a radius of 100 miles of Jacksonville—on November 18, 20, 22, 24, and 26. These tickets will be good on trains arriving in Jacksonville before noon on November 27.

## PROMINENT FT. MEYERS CITIZEN DIES SUDDENLY

FORT MYERS, Nov. 16.—Walter G. Langford, president of the First National bank here, a prominent stockman and one of the best known men in South Florida, dropped dead at his home here last midnight.

The death was due to apoplexy. Mr. Langford had not been ill until he was stricken. He was 47 years old and is survived by his wife and two children.

Mr. Langford will be buried on Thursday morning. His daughter, who is attending school in New York city, has been wired to come home but does not know of his death.

Mr. Langford was one of the wealthiest men in this section of the state. He came of an old family that had been prominent in Florida affairs for more than three generations. His home was the most beautiful one in this city and he had large interests outside of the First National Bank, of which he was president.

Oren Stenstrom is having the room recently occupied by the City Market cleaned up and put in first class shape for the opening of a new cash and carry store. Oren has many friends here who will be glad to hear the announcement that he is going in for himself. Watch the Herald for the opening announcement.

## RESOLUTION ADOPTED BY BOARD OF GOVERNORS OF THE CHAMBER COMMERCE

In Re-application of the Southern Bell Telephone Company for Increased Rates.

November 12th, 1920.  
WHEREAS, It having been brought to the attention of the Sanford Chamber of Commerce that the Southern Bell Telephone Company have petitioned the Railroad Commissioners of the State of Florida for increased toll and exchange rates, which petition will be heard before that body on November 15th, 1920, and,

WHEREAS, the Board of Governors of the Sanford Chamber of Commerce having acquainted themselves with the facts as presented by the Southern Bell Telephone Company through paid advertisements in the press and verbal presentation of the same by its representatives, and,

WHEREAS, It appears from data presented by the Southern Bell Telephone Company, that the said company is making but a small margin of profit on its investment in Florida, therefore,

BE IT RESOLVED, That the Board of Governors of the Sanford Chamber of Commerce go on record before the State Railroad Commissioners as favoring the granting of a rate increase to the Southern Bell Telephone Company, only after the matter has been taken under careful advisement by the Commission, furthermore,

BE IT RESOLVED, that the percentage of increase be left to the wise discretion of the State Railroad Commissioners, with the recommendation that it be understood that any increased rate granted be for the purpose of enabling the Southern Bell Company to arrange the financing of their contemplated plant extensions, and the attaining of a higher standard of telephone service in Sanford and Seminole county, furthermore,

BE IT RESOLVED, That this recommendation is based upon certain provisions for plant extensions in the city of Sanford and Seminole county, and that the Railroad Commission require a definite period for the beginning and completion of these improvements, therefore,

BE IT RESOLVED, That a copy of these resolutions be presented to the Railroad Commissioners at the hearing to be held in Tallahassee, Monday, November 15th, 1920.

SANFORD CHAMBER OF COMMERCE,

## ON THE MILK SUPPLY

I wish to state to the public that I have personally investigated our present milk supply in Sanford; I have been present during the milking and bottling of the morning's milk which the firm of Walthall & Estridge are delivering to the public and that it meets with the requirements of the rules and regulations of the State Board of Health. They have agreed to stamp each and every bottle of milk delivered by them with the name of the dairy and the time of milking and bottling, so that the public may know the age and the dairy of the milk they are getting. They have also agreed that at five o'clock each morning, the night-before milk will be delivered to customers who do not prefer morning's milk and wish milk earlier than it is possible to deliver the morning milk, the delivery of the morning milk to be made not later than 7:30 a. m.

At the present price of milk, I do not believe, for the value received, that we can equal it in food value with any other class of food that we can buy and I would urge the public in general, to rally to the support of our dairies who are complying with the state rules and regulations, that it may be put on a paying basis, because it is an essential food supply of our city, as there are many babies, children and invalids who cannot live upon any other class of food.

DR. J. T. DENTON.

## C. H. BROWN ELECTED MAYOR OF TAMPA

TAMPA, Nov. 16.—Charles H. Brown was nominated for mayor commissioner and Henry E. Snow, W. J. Barritt, W. A. Adams and Victor V. Sharpe, were nominated for commissioners in the white primaries held here yesterday. Nomination is equivalent to election.

They will take office January 4 to institute the commission form of government which Tampa adopted at an election October 19th.

Hunting season opens next Saturday. Sanford stores are all ready for the hunters with large stocks of ammunition and guns and hunting tops of all kinds. Get ready for the big day.

Several cars of lettuce were shipped yesterday despite the rain and should the weather clear today there will be quite a big movement on this week.

# RESPONSIBILITY

RESPONSIBLE banking is the policy under which this institution has been managed since the first day the doors were opened.

That this policy is appreciated is indicated by the constant and gratifying growth in business.

It is the desire of the officers of this Bank to continue adding new accounts of those individuals desiring most efficient and responsible banking

On our record of RESPONSIBILITY your patronage is invited.

## ARMISTICE DANCE BIG SOCIAL EVENT

Though the rain dampened things generally the climax of a more than successful day was reached in the dance last evening at the Court House. The halls and stairway were beautifully decorated in palms, and the ball room was indeed a gay and festive scene tastefully decorated in a profusion of palms, moss and streamers of blue and gold. The pergola was also attractive in hanging moss, golden rod and shaded lights.

Hartzell's orchestra of Lakeland, furnished the best music Sanford has had the opportunity of dancing by for quite a long time.

The D. A. R.'s assisted the Legion in receiving and caring for the guests. Delicious punch was served by them throughout the evening and sandwiches and coffee were served at a late hour.

There were one hundred and seventy-five couples present at the dance and the riot of color of the gay costumes and large number of men in uniform made a wonderfully attractive picture.

There were two prizes given, one of \$15 for the couple with the most attractive costumes, which was won by Mr. and Mrs. Reginald Holly, in gypsy costume, and a prize of \$10 for the couple dancing best which was won by Miss Wight dancing with Mr. Muro.

The dance was a delightful one and a success in every way. Those present were:

Mrs. Hines, Gypsy; Mrs. Morgan, Chanticlear; Mrs. Bishop, a Yama-Yama; Mrs. Coleman, Turkish; Miss Ball, Turkish; Mrs. Ralph Wight, Colonial; Miss Wight, Spanish; Miss Bowler, Bohemian; Mrs. Reginald Holly, Gypsy; Miss Florence Henry, Turkish; Mrs. Hal Wight, Yama-Yama; Mrs. Spencer, Queen of Hearts; Mrs. DeCotte, Yama-Yama; Mrs. Lloyd, French peasant; Mrs. John Smith, Yama-Yama; Mrs. Morse, Gypsy; Mrs. Donald Smith, Turkish; Miss Tigue, America; Miss Helen Hand, little girl; Miss Costello, old-fashioned girl; Miss Davies, Chinese; Miss Watts, Yama-Yama; Mrs. Schulte, day; Miss Gollen, night; Miss Dumas, Colonial; Miss Bryan, Colonial; Miss Lee, Gypsy; Mrs. Sturman, Indian; Mrs. Langley, night; Mrs. Roper, Japanese; Mrs. Babcock, Colonial; Miss Wilson, Colonial; Miss Roberts, Colonial; Miss Nell Lane, Golly; Raymond Phillips, Colonial; Col. Knight, Cavalry dress uniform; H. Ball, Jiggs; Douglas Griffin, Yama-Yama; Mr. Coleman, Spanish; Mr. Fields, Cadet; Mr. Reginald Holly, Gypsy; Max Stewart, Golly; Mr. Tyler, Chanticlear; Mr. J. Smith, Yama-Yama; Mr. Hawkins Connelly, Indian; Mr. Hines, Gypsy.

Among the number who were not in costume were:

Misses Helen Peck, Norma Herndon, Bryan, Fox, Eddie, Ethel Henry, Smyth, Flasher, Morrison, Bond and Wyma.

Roy Chittenden, Ned Chittenden, Mr. Muro, Mr. Schutz, Mr. McGlauchin, Walter Connelly, Mr. Fox, Mr. Yowell, Dr. Stevens, Dick Brown, Mr. Mahoney, Mr. Ogilvie, Mr. Whitmer, Mr. Chase, Tracey McCuller, Mr. Whitcome, Mr. Eddie, Mr. Pearson, Mr. Jim Higgins, Mr. French, Mr. Brandon, Mr. Throsher, Dr. Howard, Mrs. Mobley, Mrs. Keelbr, Judge and Mrs. Knight, Dr. and Mrs. Puleston, Mr. and Mrs. Henry, Mr. Ball, Mr. and Mrs. Lake, Mr. and Mrs. Watson, Mr. Schulte, Mr. and Mrs. Key, Mr. and Mrs. Holly, Mr. and Mrs. Loucks, Mr. and Mrs. Chamberlain, Mr. and Mrs. McCuller, Mrs. Peck, Mr. and Mrs. Leonard, Mr. and Mrs. Ed Betts, Mr. and Mrs. Archie Betts, Mr. and Mrs. Turner, Mr. and Mrs. Dues, Mr. Tilt, Mr. and Mrs. Rounilatt, Mr. and Mrs. Walsma, Mr. and Mrs. Fedder, Mrs. Bennett, Mr. and Mrs. Lane, Mrs. Larimore, Mr. and Mrs. V. Speer, Mrs. Biggers, Mr. and Mrs. Overland, Mr. and Mrs. Watham, Mr. and Mrs. Osburn Herndon.

### TAXPAYERS, TAKE NOTICE!

Tax books are now open for the payment of State and County taxes for 1920. A discount of two per cent is allowed for payment in November and one per cent in December.

JNO. D. JINKINS,  
Tax Collector,  
Seminole County.

Imports from Spain indicate a decrease in the orange crop of 30 per cent. The Spanish crop is usually marketed in England. Oranges are shipped in cases which weigh 60 kil each. A kilo is 2.20 pounds. Cases contain 420, 714 or 1,064 oranges, according to size, each wrapped in paper. Prices in England range from 15 to 60 shillings (\$3.00 to \$14.60) per case, the average being about \$10.

## Personal Mention

(From Saturday's Daily)

Mrs. B. J. Starling has returned after a pleasant trip to Savannah, Ga.

Mrs. A. R. King motored her guests and Mr. and Mrs. Chamberlain to Orlando Friday.

Hon. Eph Brown and son, of Ft. Christmas, were in the city today on business.

J. H. McClelland, of Geneva, was calling on friends and transacting business here today.

Mrs. Lillian Deyores, of Kissimmee, was the guest of Mrs. C. E. Seerest for Armistice Day.

Mr. and Mrs. H. H. Witherington of Apopka, were in the city today for a short time enroute to Daytona.

Mr. and Mrs. D. C. Marlow have purchased the house on the corner of Seventh and Park avenue from Dr. Phillips.

Dr. Brownlee and H. C. Dubose have returned from DeFuniak Springs where they attended the meeting of the Presbytery.

Mr. and Mrs. C. L. Smith, formerly of Bradenton, have engaged rooms at the Seminole and will spend the winter in Sanford.

John Graham, member of the Kissimmee band, was the guest of C. E. Seerest and wife on Armistice day at their home on French avenue.

Lieut. Bivins and Staff Sgt. Smith will remain in Sanford until Sunday. They are well pleased with Sanford, and have made many friends on their visits here. They will return to Arcadia Sunday in their airplanes.

Secretary Pearson, of the Sanford Board of Trade, and Geo. G. Herring will represent the Sanford Board of Trade at the hearing of the Southern Bell Telephone before the Railroad Commissioners at Tallahassee next Monday.

Mr. and Mrs. Raymond W. Butler, of Brunswick, Ga., announce the birth of a son, October 17th, who is to be called Raymond W. Butler, Jr. Mrs. Butler is very pleasantly remembered in Sanford by many friends as Miss Edna Williams.

(From Monday's Daily)

Miss Norma Herndon returned to Stetson University today.

Lieut. Bivins and friend left for Arcadia Sunday afternoon.

Mrs. George Fox is opening her home on Park avenue, after a summer in the north.

Miss Ethel Henry Miss Helen Peck and Miss Mae Thrasher return to Tallahassee today.

Mayor W. J. Steed of Kissimmee, visited his family in Sanford during the week end.

Miss Dorothy Rumph is spending her Armistice holiday with a school friend in Norfolk, Fla.

Miss Sarah Wight and Miss Esther Miller returned to Rollins College at Winter Park this morning.

B. H. Coney visited his family here for the week end coming up from near Tampa where he is putting in construction work but still has headquarters at Fort Meade.

Mr. and Mrs. R. J. Holly and Mr. and Mrs. R. S. Holly attended the meeting of the Associated Dailies at Daytona yesterday afternoon having a fine time at the home of Mr. and Mrs. Edward Fitzgerald, who were the host and hostess of the occasion.

Mr. and Mrs. Brossier and Mr. and Mrs. Watis, of the Reporter-Star, Orlando, and Mr. and Mrs. W. C. Esington, of the Sentinel, of Orlando, and L. M. Bloom, of the Lakeland Star, were among the newspaper people here yesterday on their way to Daytona to attend the meeting of the Associated Dailies.

Hon. Forest Lake, of the State Road Department, spent Sunday here with his family and expects to leave today for Tallahassee where his duties keep him most of the time. Mr. Lake is doing a lot of constructive work in the state road department and is a busy man in trying to cover the state of Florida.

Prof. Bache, W. A. Adams, Wallace Bell, Arthur Moore, Otis Cobb, Robert Holly and Hamden Dubose have returned from the Hy-Y meeting at Ocala Friday and Saturday. They were entertained by the people of Ocala in great style and had an excursion to Silver Springs and many other side trips besides hearing some

fine lectures from the "Y" secretaries present. They made the trip in Wallace Bell's car and had a good trip going and coming.

(From Tuesday's Daily)

H. C. Waters has installed a fine pop corn and peanut machine to his Candy Kitchen.

T. O. Brown, of Orlando, was in the city today. He is one of the traveling salesmen of the C. W. Zaring Co.

H. C. Gerror was in the city yesterday a guest of the Seminole and his many friends here were glad to see him again. He is now traveling engineer on the A. C. L. and has headquarters in Jacksonville.

Miss Bertha M. Foster, of the Jacksonville School of Musical Arts has arrived in the city and will give an organ recital at the Presbyterian church tonight to which everyone is invited. No admission will be charged for this recital and the music lovers of Sanford are promised a treat.

A. W. Hutson, general manager of the Southern Utilities Co., with headquarters in Palatka, has been in the city several days of this week and is well satisfied with the progress of the reconstruction work going on at the plant. When finished the ice, water and electric plants here will be among the best in the state.

Mr. and Mrs. Glenn B. Smith, late of Atlanta, Ga., are the guests of Mrs. Smith's father, Mr. W. R. Bates, and family, 308 Park avenue. Mr. Smith is the Florida representative of the Stewart-Warner Products, Service Station of Atlanta, and will make Sanford his future headquarters.

Mr. and Mrs. F. S. Daiguer were in Escambia Sunday.

Mr. and Mrs. A. R. Key, Mrs. A. D. Key and Mrs. Rice were guests of friends in Orlando Sunday.

(From Wednesday's Daily)

Mrs. E. M. Galloway, Mrs. W. L. Morgan and Mrs. H. B. Lewis are in Tallahassee this week representing the Sanford Woman's Club at the state federation of Woman's Clubs.

Mr. and Mrs. Victor Canares are in the city for a few days. Mr. Canares is the advance man for the Melvin Comedians, who will play a week's engagement here next week under a mammoth tent to be located on Commercial avenue. Mr. Canares has many friends in Sanford as he has been coming to Florida for many years.

Mr. and Mrs. Sweet have arrived in the city after spending the summer north and are again with the mail order department of Chase & Co. They brought with them Miss Georgia Pousson, of Montpellier, and Miss Gladys Doster, of Muncie, who will be with Chase & Co., also. The many Sanford friends of Mr. and Mrs. Sweet are glad to have them back again for another season.

Albert Borner faced Judge Maines this morning on the charge of reckless driving as Albert was trying to make an aeroplane out of his Ford coming in from the aviation field the other day. He was standing in the Ford and driving it backward by using his feet and doing other stunts and the motorcycle cop and Chief of Police Speer having been told about him on the road arrested him and he was told to appear Saturday but as his attorney, Geo. A. DeCottes was cut of town the case was called this morning. Albert admitted the stunt driving and was fined ten and costs with the promise that he would drive the Ford in the way Henry intended it to be driven hereafter.

## 1921 AutoTags Now Ready

For the convenience of the public applications for registrations of motor vehicles for the year 1921 MAY BE FILED NOW, if accompanied by remittance. THE 1921 TAGS WILL BE SENT OUT ABOUT THE MIDDLE OF DECEMBER for all applications filed up to that time; and thereafter as fast as applications in correct form reach this office.

Before mailing your application please see that all questions are answered and your name and address is printed or written plainly to avoid error. The law requires you to execute the application before a Notary Public or some officer using a seal. Tags cannot be issued until a duly executed application is filed in this office.

Blanks may be secured from banks, Justices of the Peace, Notaries Public, and County Officers, or the Comptroller.

### The South's Most Useful State Fair

No effort will be spared to make the fourth Florida State Fair and Exposition the most notable show of the kind ever held in the state and it will rank with the greatest expositions of the South.

Each of the more progressive Florida counties will participate and the state and Federal governments will lend their assistance in interesting and instructing with most extensive exhibits. The usual Fair attractions will be offered in enlarged and refined form, giving a show of intense appeal to the people of Florida and visitors within the hospitable borders of the state.

# FLORIDA STATE FAIR

## JACKSONVILLE NOV. 18-27, 1920

Agricultural Exhibits

All bureaus of the United States Department of Agriculture will feature exhibits of great educational value. Counties, communities and individuals will have displays of more than usual merit.

New models and late improvements in passenger cars, business cars and automobile trucks and delivery cars will give prospective purchasers many valuable pointers in the selection of their motor equipment.

Livestock Industry

Florida's development in this important field will be shown in pens of cattle, horses, swine, sheep and dairy cows that will open the eyes of the visitors and impress even our home folks.

Noted almen will guide the thrills of last year, and show the advances science has made. World famous bands, a larger and better midway, few acts and every type of clean attraction will be provided to amuse and entertain.

Poultry and Pigeon Stock

Exhibits from poultrymen of this and other states will rival in extent those at the most important expositions in the country. Rabbits and pet stock will not be neglected.

The Florida State Fair and Exposition in these varied departments will have competition that will insure excellent showings in all the various activities summed up under these classifications.

Barn and Club Work

Exhibits of increased educational value to the boys and girls of Florida. Pig Clubs, Corn Clubs, Calf Clubs, Canning Clubs, Sewing Clubs and Dairy Clubs will command interest.

Low fares are offered to Jacksonville on all railroads and boat lines reaching the city and liberal time limit will enable visitors to remain over for transaction of business or for visiting friends.

Farm Machinery and Tractors

Power farming and improved methods of meeting the labor shortage in agriculture will be exemplified. New models and late improvements will be of value to all who are interested in automotive or other machinery.

Easy access to the grounds will be provided for the exhibitor having carloads of freight, insuring quick and inexpensive service to and from the Fair.

For further information address B. K. Hanaford, Secretary and General Manager, 211 Dyal-Upchurch Bldg., Jacksonville, Fla.

# ORANGES NOW MOVING FROM SANFORD

CHASE & COMPANY, OPEN PACKING HOUSES WITH BIG CROP OF FRUIT.

Chase & Company, of this city, are not only the largest growers, packers and shippers of fruits and vegetables in the other sections of Florida but they have, three large packing houses here all built of brick and having the latest and most improved machinery in them. This enterprising firm recently built one of the finest and most complete office buildings and warehouse adjunct in the state at the corner of Second street and Oak avenue and have recently moved into their new quarters.

Mr. and Mrs. Sweet, who were with the mail order department last season, have arrived in the city to take charge again and brought Miss Georgia Poulson, of Montpelier, and Miss Gladys Doster, of Muncie, Indiana, with them and all of them will be in the mail order department of the Chase Co. This part of the business has grown to large proportions with the irreplaceable Tom Jones (late of London) taking care of the outside mail order packing and shipping and together with the picking, packing and shipping of oranges and vegetables in car lots all over Florida keeps the office forces of Chase & Co. here and at other points busy. Sanford is fortunate in being made the headquarters of this large firm. Already the business of packing oranges has commenced here and Will Leffler, the ubiquitous head of the office force, reports that more oranges are being packed and shipped at this time of the year than ever before and they are bringing good prices. In fact the Chase packing houses here have already started up with a large force of packers and the season has commenced with the brightest of prospects. This is only one of the many big firms here that are doing a big business in Florida fruits and

vegetables and that have the faith of their convictions in Sanford and Florida so strong that they are building for the future.

## EAST SANFORD

Mr. and Mrs. A. Corpany and Mr. and Mrs. C. E. Charpening drove to Apopka and other points in the Company car on Sunday.

The state convict road gang has been doing some work on the Cameron Villa road, South Cameron avenue and the road running parallel with the A. C. L. railroad west of Cameron City.

Mr. and Mrs. W. W. Miller arrived home Monday in the rain from the beach and will leave on another trip this week.

Mrs. J. C. Fall, Mrs. Mahlon Wight and Miss Mamie Steel are soliciting for the Red Cross drive in East Sanford.

Mr. and Mrs. A. B. Cameron, Miss Clair and Mrs. D. A. Long drove over to Tavares Armistice day to visit friends. Mrs. Cameron's friends will be much pleased to know her health will permit her taking so long a drive and trust she may enjoy many more drives.

Mr. and Mrs. McBride, of West First street, were visitors at the Joe Cameron home Sunday, the McBrides have just returned from several months visit with relatives in North Carolina and report a fine visit.

Mr. King, of Zelma, Mo., was here to see Mr. Haydin, on a business trip last week. Mr. and Mrs. King live a short time here a few years ago and expect to return the first of the year to buy a place.

Mr. and Mrs. A. Corpany and Mr. and Mrs. J. C. Ellsworth, after viewing the finest parade ever seen in Sanford, on Armistice Day, drove over west of Orlando sight-seeing, through Ocoee, Winter Garden and Ocala. They saw many fine groves and gardens.

Rev. W. T. Raucher will be here from Apopka Sunday, the 21st, to preach at the usual hours at Moore's Station church, his last visit before the conference.

Mr. and Mrs. A. D. Shoemaker and little Elizabeth, reached here last Friday in their car from Fonaker, Va., and are guests at the Steel home. They are looking for a location and expect to remain permanently this

time. They made many friends during their previous residence here who will be most happy to welcome them back again.

A jolly party is camping at the Clark Beck residence in Cameron City. Mr. and Mrs. Charles Beck, Mr. and Mrs. Coffon, of Marion, Ind., and Mr. and Mrs. Filbert, of Peoria, Ill. They all have cars and came in a party from the north, coming all the way. Mr. and Mrs. R. L. Grier and young people joined them Sunday and went into town to hear Dr. Walker preach.

## OVIDO.

On Sunday afternoon at two o'clock the marriage of Miss Gladys Lazette of Ovido to Ralph Hill of Bassford, of Jacksonville, Fla., was solemnized at the Methodist church. The church was beautifully decorated with palms and ferns with an arch in the center of the altar. The decorating was done by the S. S. class of which Miss Lazette was a member under the able direction of Mrs. I. W. Lawton, teacher of the class. The bridal party marched into the strains of Mendelssohn's wedding march beautifully rendered by Mrs. T. L. Lingo. Leading the party were Messrs. Joe Lehnart and R. R. Wright, following Mr. Linhart were the bride and maid of honor, Miss Olive Lezette, sister of the bride. The groom and his best man, C. Langston, of Jacksonville, entered by a side door and met the bride at the altar. The ring ceremony was performed by Rev. I. E. Wright, pastor of the Methodist church. The bride wore a dark blue traveling suit and carried a beautiful bouquet of orchids. Miss Olive Lezette's dress was of green Georgette with hat to match.

The out-of-town guests were: Mr. and Mrs. C. Langston, of Jacksonville; Misses Annie Lee and Marion Groves and Mrs. George Huff of Sanford.

The bride and groom accompanied by Mr. and Mrs. Langston, left at once for their future home in Jacksonville. The bride is the daughter of Mr. and Mrs. N. F. Lezette and has many friends in Ovido who extend to her their heartiest congratulations. The groom is from Valdosta, Ga., but through his connection with the Studebaker Corporation is now located in Jacksonville.

Mrs. W. P. Carter spent several days last week in Fort Myers, the guest of her sister, Mrs. Matheson.

Mr. and Mrs. W. J. Lawton spent Wednesday in Orlando.

M. D. Polston and family and Mrs. C. J. McCully spent Saturday in Sanford.

An executive meeting of the C. E. Mrs. S. W. Swope, Francis Swope, Miss Mable Swope and Elizabeth Lawton spent Saturday in Orlando.

Alton Farnell spent Sunday at home.

Mrs. L. R. Mitchell left Saturday for Mobile, Ala.

## Money-Back Shot-Shells

You can get your money back for The Black Shells if, for any reason at all, you don't like them. Just bring back the unused part of the box, and we will refund to you, without question, the price of the whole box.

The Black Shells have reached so high a state of perfection in waterproofing, in speed, in power, and in uniformity—that we can make this unlimited guarantee.

Try The Black Shells, if you don't know them. You can get your pet load for every kind of shooting, in smokeless or black powders. UNITED STATES CARTRIDGE COMPANY, New York, Manufacturers. Come in and get a copy of The U. S. Game Law Book—FREE.

We make exactly the same guarantee with **US CARTRIDGES**. There is no 22 Long Rifle cartridge as accurate at distances from 50 to 250 yards as U. S. 22 N. R. A. Long Rifle Lesmok Cartridge. This is 50 more yards of accuracy than has hitherto been possible with 22 rim-fire ammunition. Solid bullet for target work. Hollow-point bullet for small game. Cost no more. Ask for circular C-93.

## RIVERS AND HARBORS CONGRESS WILL MEET AT NATION'S CAPITAL

Matters of Importance To  
State of Florida

### OTHER STATES ALSO

THAT WANT RIVERS AND HAR-  
BORS AND BETTER WATER  
TRANSPORTATION

Following the preliminary announcement sent out a month ago, the official call for the Sixteenth Convention of the National Rivers & Harbors Congress has now been issued. Like all the recent conventions of the Congress this will be held in the New Willard Hotel, Washington, D. C., the dates being Wednesday, Thursday and Friday, the 8th, 9th and 10th of December.

While the entire program has not been announced, it is evident that there will be no lack of interesting addresses and that an unusual number of important questions will be presented for discussion. Decided differences of opinion exist on certain subjects and some live, snappy debates may be expected.

Everybody knows that waterways are very much less used in the United States than they are in Europe. Maj. Gen. Lansing H. Beach, Chief of Engineers, U. S. Army, has some very positive views as to the reasons why waterways are so little used in this country and the things that must be done before the situation can be changed.

The National Rivers and Harbors Congress took the lead in securing the important provisions for the benefit of waterways and water transportation which are included in the Transportation Act. Under one of these provisions there has been created the Division of Inland and Coastwise Waterways Service, of which Brig. Gen. W. D. Connor is Chief. Among other things this Division has charge of the Government Barge Lines on the Mississippi and Warrior rivers and the New York State canals.

It is no secret that most old-time steamboat men think that the tow-boats which have been built for use on these barge lines, all of which are of the "tunnel" type, will prove to be disastrous failures. Some of the new tow-boats are now in use and a report on their performance is awaited with much interest. Gen. Connor's address will be illustrated with moving pictures.

All active workers for the improvement of waterways are familiar with the methods followed for thirty years or more in the formulation of Rivers and Harbors Bills, but mighty few of them have any idea how it is to be done in the future. Just before the close of the last session the House passed a resolution which puts all power to frame appropriation bills into the hands of a single committee, which is to be composed of thirty-five members.

It seems there is still to be a Rivers and Harbors Committee, altho it will not frame Rivers and Harbors bills. Hon. S. Wallace Dempsey, M. C., whose home is at Lockport, N. Y., has been a member of the Committee for several years and it is understood that he will be its chairman in the next Congress. His address on "Future River and Harbors Bills" will no doubt clear up a number of points which are now obscure.

From various quarters demands are being made for still more radical changes in the methods of handling the improvement of waterways. Some urge the creation of a new Department of Public Works and others the appointment of a Waterways Commission. Some of the advocates of these two plans want to take away from Congress the power to decide what should be done and from the Army Engineers the execution of the works that are ordered. Others believe that Congress should outline a general plan and then turn over a lump sum each year to the Army Engineers to be expended according to their judgment.

There is a general impression that, among other changes that will be made by the administration that will come into power on the Fourth of March, will be a change in the method of dealing with the improvement of rivers and harbors. If press reports of addresses made by President-elect Harding are correct, he believes a change is desirable and is inclined to favor the appointment of

a commission. Further study may change his opinion, however, and a discussion of the various plans proposed should be an interesting and valuable feature of the convention.

### SOLID CARLOAD OF OF VEGETABLES LEAVES WAUCHULA SECTION

WAUCHULA, Nov. 15.—Although vegetables have been going out by express the past few weeks, the first solid car load of the fall season left here last week. It consisted mostly of peppers and was loaded by J. T. Bush.

About 200 crates of mixed vegetables are going out by express daily consisting of peppers, egg plants, beans and cukes. Peppers and egg plants are selling at the station at \$2.50 per crate; beans are bringing \$3 per hamper at the station and cukes \$3.50 per crate.

Owing to the unfavorable season last fall and the high cost of fertilizer and labor, the fall crop in this section is not as large as usual, but with a few weeks of favorable weather those who ventured a fall crop will receive good returns, judging by present indications.

While the Alexander & Baird Co. packing house has been running the past two weeks packing early fruit, the other three packing houses, the Wauchula Sub-Exchange Packing house, A. G. Smith's packing house and Chase & Company's packing house opened this week and are now putting up fruit. Up to yesterday thirty-eight car loads of citrus fruit, mostly early oranges, had been shipped from Wauchula. The prices f. o. b. have averaged between \$3 and \$3.50 per box.

### MRS. MARIS DIES IN PHILADELPHIA

There are many hearts in Sanford and in Seminole county that will be saddened by the news of the passing of Mrs. George L. Maris at the home of her daughter in Philadelphia on Friday, November 12th, after a protracted illness.

Prof. and Mrs. Maris came to Florida some thirteen years ago, made and beautified a comfortable home on Lake Onora, and from the first they took an honored place in the higher intellectual life of this community. Mrs. Maris was the beloved president of the Wednesday club for some time before it became a part of the Woman's Club of Sanford and could always be depended upon for thorough and painstaking work, and for progressive thought. As a neighbor, she surely deserved the beautiful title of Friend which she and Professor Maris bore so happily from their Quaker ancestry. Her quiet sympathy, her loyal love and her cheerful spirit, will linger long with those who came close enough to realize how devoted and unselfish was her life, and all hearts go out to her husband and their two children in their sorrow.

Professor Maris is making his home with his daughter, Helen, at 2029 North 29th street, Philadelphia, Pa.

### HOGS PAY BIG MONEY

Mr. Pete Wing of Hawk Point, Mo., made a lot of money out of his hogs. He says: "I fed them Dr. LeGear's Hog Prescription. It has given wonderful results in putting gains on them with less feed. They were on heavy feed for only a month, averaged a gain of 2 1/2 pounds daily, and were only 7 months, 10 days old, when sold."

Mr. Wing profited by the advice of Dr. LeGear, Graduate Veterinarian and Expert Poultry Breeder of 28 years' standing.

Dr. LeGear's Hog Prescription will put weight on your hogs also, because it expels worms, purifies the blood and conditions them so that they gain flesh on less feed.

It makes no difference what ailment is prevalent among your stock or poultry, it is money in your pocket to get the proper Dr. LeGear Remedy from your dealer, on a satisfaction or money back offer.

Emmett Hunt has established a brokerage business in this city and will buy and sell and ship Florida fruits and vegetables. Emmett is an experienced vegetable broker and in coming back to Sanford is coming back to his first love as he was located here in the vegetable business when the war called him to the colors.

## ASSOCIATED DAILIES OF FLORIDA HOLD IMPORTANT MEET

MET AT DAYTONA YESTERDAY  
AT THE HOME OF EDITOR  
FITZGERALD

(From Monday's Daily)  
The Associated Dailies of Florida met at Daytona yesterday with about twenty papers present represented by some thirty-five men and women of the Florida press gang. The meeting was called at 2 o'clock at the hospitable home of Mr. and Mrs. Edward Fitzgerald (we always include Mrs. Ed. for she is ubiquitous also) and after a delicious buffet luncheon of the kind that could not be served anywhere else except the Fitz's home, the meeting was called to order by President Fitzgerald and for two hours or more matters of the greatest importance to the press of Florida were taken up. W. A. Probert, the head of the Associated Press for the Southeast, was present and gave some very important information for the establishment of a headquarters at Jacksonville. Other representatives were present for advertising agencies and supply houses and gave information about stock and supplies and advertising and the meeting was conducive of results that will make Florida dailies bigger and better papers in the future.

While everything that enters into the daily and weekly newspaper is at the peak of high prices just at present it seems that there may be a drop in the price of newspaper some time next spring which is the first ray of hope the newspaper men have had in many months.

The daily papers of Jacksonville, Pensacola, Lakeland, Orlando, St. Augustine, Palatka, DeLand, Daytona, Miami, Sanford and several other cities were represented at the meeting and the next session will be held on December 12th at Jacksonville.

The Daily Herald subscription list is growing so rapidly that new carrier boys are necessary each week. If you do not get your paper promptly phone 481.

Office supplies at the Herald.

## Six Kinds of Safety

Have you every paused to consider the safety of the bank where you deposit your money?

The first consideration is the capital, which should be ample to meet the requirements of the community the bank is to serve.

The next question to consider is the officers in charge. They should be men of experience, high character and successful. Without men of ability no institution can succeed.

Then there is the question of confidence. The public should have confidence in the officers and in the bank.

These three principles determine the success of a bank. We adopted these principles in the outset of our career and we expect to live up to this high standard and increase our usefulness to the community as the years go by.

### We Offer You:

- 1ST: LARGE CAPITAL AND WORKING RESERVE.
- 2ND: TRAINED MEN IN CHARGE—MEN OF SEVERAL YEARS EXPERIENCE.
- 3RD: THE CONFIDENCE OF THE PUBLIC, WHICH IS PROVEN BY THE DAILY ADDITION TO OUR LINE OF DEPOSITORS.
- 4TH: PROTECTION BY TWO EXAMINATIONS EACH YEAR BY THE STATE BANKING DEPARTMENT, TWO AUDITS EACH YEAR BY AN INDEPENDENT RECOGNIZED PUBLIC AUDIT COMPANY AND TWO SWORN STATEMENTS SUBMITTED TO THE STATE COMPTROLLER BY THE CASHIER, GIVING THE BANK'S CONDITION IN DETAIL, ALL OF WHICH INSURES REGULAR, SYSTEMATIC AND THOROUGH OPERATION OF THE BANK.
- 5TH: THE ADVICE OF A COMPETENT BOARD OF DIRECTORS, WHO MEET WITH THE OFFICERS REGULARLY EACH MONTH AND ADVISE THEM AS TO THE OPERATION OF THE BANK.
- 6TH: INSURANCE OF ALL DEPOSITS EVERY DAY OF THE YEAR, THIS IS A PROTECTION NOT COMMONLY FOUND IN BANKS AND IS AN ABSOLUTE PROTECTION FOR YOUR FUNDS, IN ADDITION TO ALL THE OTHER USUAL SAFEGUARDS.

THESE ARE REASONS WHY YOU SHOULD DO BUSINESS WITH US, AND WE BELIEVE THAT NO BANK CAN OFFER BETTER INDUCEMENTS.

### BULGE PACK FOR ORANGES TO CONTINUE

FLORIDA GROWERS WILL CONTINUE USING THE SAME ORANGE PACK

ORLANDO, Nov. 12.—Florida growers and shippers won a signal victory over the railroads in the hearing here Wednesday on the issue of the bulge pack for citrus fruits.

Citrus men were out in large numbers, filling the court house where the hearing was held. They won the first point by taking charge of the meeting and placing one of their number, L. B. Skinner, of Dunedin, in the chair.

From that time on it was easy sailing. Jas. Menzius, freight traffic manager of the A. C. L. railway, testified first. He stated that the bulge pack was responsible for much damage to shipping in transit, but he could give no statistics or exact data. The agent of the Pennsylvania railroad testified as to the damaged condition of fruit on the pier at New York, but could not testify that the injury did not result from labor troubles, or the use of cotton hooks in unloading fruit.

Inspector Enright of the Illinois Central said much fruit came in Chicago in a damaged condition, but admitted some of it was due to overloading the cars. He also admitted that bulge packed fruit kept better owing to better ventilation.

Many other witnesses testified along similar lines, but without indicating anything against the contention of the shippers. It was therefore not a matter of surprise to the spectators when Mr. Menzius, speaking on behalf of the American railway association, gracefully withdrew from the position previously taken by the roads and announced he would recommend to the general committee in New York that the bulge pack be retained. As that was a complete withdrawal from the positions taken by the representatives of the road, and appeared to be acquiesced in by representatives present, the meeting ended with good feeling all around.

Try a Herald Want Ad.—It pays.  
Post Cards at the Herald office, 1c.

### TOURIST CAMPS.

Tourist campers would do well to study the rules of the state board of health, which they will probably find posted somewhere about the camp site, and try to obey them to the letter.

These rules are designed solely to protect the health of the campers and of the people living in the vicinity of the camps. We do not want our visitors to come down here and get sick through failure to observe the simple rules of sanitation which our peculiar climate requires, and then go back and declare Florida an unhealthy state; neither do we want them to spread any contagious diseases among our people.

Cleanliness is next to godliness everywhere, but in a Florida camp it is co-equal, because the one can not exist long without the other. Fortunately, local sanitation is not a difficult problem here. There is no mud. The sandy soil will not hold surface water. There is little rain in winter. But there is no freezing weather. Garbage and waste food of all kinds decay rapidly, and with unpleasant results. The surface water—that is the water in small ponds shallow wells is easily contaminated and should never be used for drinking until it is certified by the proper health authorities.

Fire is the best purifier and into it should go all rubbish, waste paper, and most important of all, every tin can, unless the yare removed promptly and in some systematic way. An empty tin can is a nuisance on half a dozen counts. It will afford an ideal breeding place for mosquitoes even in winter. It is a social center for all kinds of insects. And, no matter what came in it, it soon develops an aroma all its own.

All the rules can be summed up in the general injunction: Keep the premises clean.—Lakeland Telegram.

### DORNER HAS NEW LETTUCE

Albert Dorner brought in a new kind of lettuce today that looks like a cross between lettuce and romaine or Chinese cabbage or something of the sort. Albert says he crossed it with Iceberg lettuce and Big Boston and Romaine and it looks like this was the hybrid from all three. He says he has two acres and has been offered big money for it but expects to wait until he can get the price that he thinks he should have.

### THE PRIZE-WINNERS

HALL GAME HAD TO BE POSTPONED ON ACCOUNT OF THE RAIN

(From Friday's Daily)

After the parade yesterday the rain came down with a steady down-pour and put the kibosh on those who wanted to eat on the lake front at a later hour although many hundreds were served before the rain chased them off. The boys would have made a nice sum on the cats despite the fact that they were only charging twenty-five cents for a real good dinner. After the feed the tournament was the first on the program and not even the rain kept the boys from riding and they pulled off a first class riding tournament in the rain and many watched to see them ride without the downpour interfering in any way with either the participants or the spectators.

The following prizes were awarded to the tournament riders:

First prize to Eddie Pell, of Osteen.  
Second prize to David Self of Chuluota.  
Third prize to Sam Brooks of Osteen.  
Fourth prize to Barney Beck, of Sanford.

In the hurdle races Henry Cameron, of Sanford, won the first prize and William Kilbee, of Geneva, won the second prize and George Lewis, of Sanford, won the third prize.

The rain had fallen to such a degree that the ball parks were thought too wet to play and there was nothing doing between the army and navy and it is still a mooted question as to who won the game. However, it is hoped at some future date to stage this great spectacular game between the army and navy at Holden Park.

Last night at the court house the Legion put on one of the finest dances that has ever been staged in Sanford and this is given in full in the society columns of this issue.

And when "taps" came last night by the clock and the orchestra had put up their instruments a tired and sleepy and well satisfied crowd of Legion boys and their friends said, "beaucoup" and "finis."

### PRIZES AWARDED FOR DECORATED CARS

The prizes for the best decorated floats in the Armistice day parade were awarded today as follows:

First prize, Edward Lane.  
Second prize, R. S. Holly.  
Third prize, John Smith, Gulf Refining Co.

A Rat That Didn't Smell After Being Dead for 3 Months

"I swear it was dead at least 3 months," said James Sykes, Butcher, Westfield, N. J. "We saw this rat every day. Put a cake of RAT-SNAP behind a barrel. Months later my wife asked about the rat. Remembered the barrel, looked behind it. There was the rat—dead, not the slightest odor." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.

The five different districts of Duval county are now equipped with machinery suitable for the maintenance of roads, \$10,500 having just been spent by the county commissioners.

### Torpid Liver

Black-Draught "has no equal for headache, sour stomach, torpid liver and feverish colds..." declares Mrs. Annie Whitmore, of Gate City, Va. "It is easy to take and does not gripe, as a lot of medicines do," she adds. "It is good to take in a hot tea for colds, or can be taken in a dry powder. I can't say enough for Black-Draught and the sickness it has saved us."

### Theford's BLACK-DRAUGHT

has been found a valuable liver medicine, in thousands of homes. "I do not use any other liver medicine," says Mrs. Mary O. Brown, of Europe, Miss. "It is splendid for sour stomach, a bad taste in the mouth or torpid liver. I keep it all the time, use it with the children and feel it has saved us many dollars in doctor bills and many days in bed."

Insist on the genuine—Theford's.

### TAKING UP TOURISTS, TELEPHONE RATES AND CLYDE LINE CHANGE OF SCHEDULE.

The tourist season, which this year officially opens November 15th, finds an unprecedented number of tourists already in the state.

The problem of housing them, particularly in communities which were congested under normal circumstances, will become more difficult to solve as the new arrivals increase.

The Chamber of Commerce is receiving requests in every mail for light housekeeping rooms from people who are desirous of spending the winter in Sanford. In order to determine the number of rooms of this nature available, Secretary Pearman urgently requests that this information be listed with him at the earliest possible moment, as well as any other furnished room that may be offered to relieve this condition. Phone 229 or write the Secretary at the Valdez Hotel.

A special meeting of the Board of Governors of the Sanford Chamber of Commerce was held last evening in the Valdez Hotel to determine what attitude the organization would take in the proposed telephone rate increase, the hearing of which will be held before the State Railroad Commission in Tallahassee on the 15th of this month.

The company's district and local managers were present at this meeting to explain their company's position in the matter and give any additional information that might be required by the Board.

Further action was deferred until Friday evening, at which time it will be definitely determined what recommendations will be made to the Railroad Commission on the part of the Chamber of Commerce.

The new schedule of the Clyde Line's Sanford Route, which went into effect November 1st, cannot be changed at this time, according to a letter received from Captain Tupper by the Chamber of Commerce.

Captain Tupper's attention had been called to the inconveniences this new schedule entailed upon the merchants of Sanford, particularly the arrival of a boat here on Saturday.

In explaining his position in the matter he stated that it was to the best benefits of all concerned in making as close connection as possible with their ocean steamers, for the accommodation of those passengers who were routed through the river line to Sanford, and also to prevent running boats on Sunday, both from crew and shippers standpoint.

Hereafter, it is the intention of the Clyde Line to put the steamer Osceola on this run and Captain Tupper anticipates that better time will be made on this schedule.

Here's where we call a spade just that

THE POET says a rose BY ANY other name. WOULD SMELL as sweet. AND THAT'S all right. BUT CALLING SOMETHING ELSE a rose. WON'T CHANGE its smell. OF COURSE not. AND I'M not knocking. BUT JUST telling you. RIGHT OUT. THAT THERE are only THREE GRADES. OF TURKISH tobacco. FIRST, GOOD Turkish. WHICH IS mighty good. AND ALSO expensive. AND SECOND.

POOR TURKISH tobacco. WHICH IS less-expensive. AND NOT so good. AND THIRD, tobacco. CALLED TURKISH, which NEVER SAW Turkey, BUT GREW thousands. OF MILES away. AND DOESN'T even. TASTE LIKE Turkish. AND IT'S the good Turkish. THAT'S REALLY from Turkey, THAT YOU get. IN THE cigarettes. THAT SATISFY.

OUR resident buyers in Turkey are experts. They know we want the best—and we get it. And the same with Domestic leaf. Blend them together—by that can't-be-copied method—and you get a smoke that actually does "satisfy."

### Why Pay for Your Home and Not Own It?

The table below shows how a thousand dollar loan is paid off in eleven years, and eleven months at the rate of \$10.00 per month.

If you pay rent for eleven years and eleven months what will you have to show for it?

Why pay for your home and not own it?

Payments \$10.00 per month on loan of \$1,000

End of	Interest	Applied on Loan	Balance Unpaid
1 year	\$60.00	\$ 60.00	\$940.00
2 years	56.40	63.60	876.40
3 years	52.58	67.42	808.98
4 years	48.54	71.46	737.52
5 years	44.25	75.75	661.77
6 years	39.71	80.29	581.48
7 years	34.89	85.11	496.37
8 years	29.78	90.22	406.15
9 years	24.37	95.63	310.52
10 years	18.63	101.37	209.15
11 years	12.55	107.45	101.70
11 years, 11 months	6.10	101.70	000.00

A home of your own will always be worth the money. We carry a complete line of Lumber and Building Material and will appreciate your orders, whether large or small. Either will have our usual efficient service.

# DAIRY INSPECTION IN AND AROUND CITY WILL BE MADE MONTHLY

State Board of Health Is On the Job

WILL BE PUBLISHED

IN THE HERALD WITH THE PERCENTAGE ATTAINED BY EACH DAIRY

(From Monday's Daily)  
 The dairies in and around Sanford will be inspected every month from this time forward and the percentage of each one will be given in the Sanford Herald if the plans of the State Board of Health are carried out. This much was made plain by D. H. Osborne, of the State Board of Health after his visit here last Saturday.

He visited every one of the places where cows are kept by people who sell milk in Sanford or as many of them as he could learn about. He found some of them all right and he found some of them that were not all right and he warned those not all right to get right by the time he made his next round or they would be stopped from selling milk.

Other words he gives all of them fair warning before he comes down on them and gives them 20 days in which to clean up their places and keep them clean and they will then be graded according to their sanitary measures adopted in order to have clean and pure milk for sale. The city commissioners will issue permits to sell milk only to those who have a mark over 60 per cent which is the very lowest they can score and get by with. When they are scored they will be published in the paper and the consumers can see the score of the various dairies and how they stand. Each dairy was given the rules and regulations governing the dairies of the state and the laws on the same and these will be rigidly enforced.

The Herald will not say anything about the dairies or how they would be scored today but will state that Mr. Osborne was not satisfied with some of them and as he has made an honest endeavor all over his territory to get better regulations in keeping clean dairies it is not his intention to work a hardship on anyone but simply to have all the dairies adopt the rules and regulations laid down by the state board of health in order to safeguard the health of the community and in this work he should have the co-operation of all the dairies and the commissioners and the public generally.

## DEATH OF THOS. J. CHECK.

Thomas J. Check died at Phoenix, Ariz., last Saturday night at eight o'clock after a short illness of tuberculosis. Mr. Check had been in Sanford a few months ago and his friends here had not noticed any change in his condition but he told some of them that he was suffering from this disease and that he would be forced to go to Arizona by his doctor's orders.

T. J. Check was a resident of East Orange, N. J., and had been coming to Sanford for many years having at one time considerable city property but in the last year disposing of much of it and before his death he willed all of the remainder of the Sanford property to his son Victor Check and wife.

He leaves a son, Victor, and a daughter to mourn his loss, Mrs. Check having died several years ago. The remains will be taken to the old home in New Jersey for interment.

## WHY SOME SALES MANAGERS GO MAD

Answer to the query why some sales managers go mad might find some solution in the following questionnaire filled out by an applicant applying to the United States Employment Service for employment.

Q. Born? A. Yes; once. Q. Nativity? A. Baptist. Q. Married or single? A. Have been both. Q. Parents alive yet? A. Not yet. Q. Hair? A. Thin. Q. Voice? A. Weak. Q. Healthy? A. Sometimes. Q. Previous experience? A. No. Q. Where? A. Different places. Q. Business? A. Rotten. Q. Salary expected? A. More. Q. Drink? A. Not in dry states. Q. Why do you want job? A. Wife won't work any more.

### PEOPLE OR BOSSES.

Why continue the old method of party conventions for the selection of candidates for the presidency?

Why not let the voters of a party record their own choice of a candidate at the party primary and have the result certified by the county clerk to the national committee of that party, instead of sending delegates at great personal expense to a convention to say what their constituents have already said?

If some such law could be enacted we would be rid of the iniquitous convention rule entirely, and unscrupulous delegates would no longer be able to dicker and trade and effect secret combinations for their own personal gain, as we strongly suspect is frequently the case.

The framers of the constitution intended that every voter should enjoy a free and inalienable right to an expression of his choice in the selection of public officials. It was not intended that his choice should be warped and twisted by party chiefs behind closed doors, as if too often the case under the convention system.

Here is an example:

A dozen or so men may be running for the nomination within a certain party. One of these men may receive a greater number of all of the votes cast at the various primaries than any other candidate. It would seem that in all fairness he should be entitled to the nomination. If not, why ask the people to express a choice at all?

Yet in the convention, because of the large number of candidates and the numerous scattering votes, he may lose to one or two votes short of the necessary MAJORITY of all votes cast by the delegates. If he is unable to entice the delegates of some other candidate away from their allegiance, he loses the nomination.

And right there is the weak plank in the whole convention structure. It ticks the bars down for all kinds of dicker and bartering and selling of delegate votes, possibly resulting in the nomination of some unknown quantity whom the people do not want at all, but whom the bosses think they can control if he is fortunate enough to win the election.

Of course, to abolish the convention system would deprive the party chiefs and bosses of their control of the nomination, and possibly of their control of patronage after election.

But the chiefs and bosses are few, while the common voters are legion. Why should the few override the wishes of the many in this presumable free country?

Why be boss ridden when we can just as well be self governed?

Why not let the people be the people, instead of being pawns of men who think of themselves first, of votes next, and of their country last of all?

### CLASSIFIED WANT ADS
