Lake County For Seminole Site; Officials Tour Added Locations

Group Hopes For Decision On Friday

By Fred Van Pelt
ORLANDO—Five of six members of the State Board of Control were taken on a tour this morning by Orange County Commissioners of new sites proposed for the East Central Florida University.

Bulletin

The State Board of Control, upon the advice of its technical staff, dropped the Land site this afternoon. The site was never official ly proposed by the Seminole Board of Commissioners. It was offered only in the event the Board of Control was interested. Meanwhile, the Seminole commissioners reaffirmed the Lake Ada site. However, it expanded the Econ site to 6,000 acres north to SR 46 and offered the Board its choice of any 1,000 to 1,500 acres.

Inspected were Turkey Lake Ranch and the Martin Company Site south of Orlando, the Carrigan - Rybolt and Adamucci sites east of Orlando and the Sweetwater site northwest of Orlando. It was noted that all of the sites included large lakes.

Making the tour were Chairman Bays Harrison, Chester Whittle, Charles Forman, Gert Schmidt and John Pace. Absent was Dr. Wayne McCall who made the same tour Sunday.

None of the board members would commit themselves this morning relative to any change in their 3-3 deadlock between Lake Ada in Seminole County and Bluestone in Orange County.

However they indicated they will make every effort to reach a decision at their meeting Friday morning here at the Cherry Plaza Hotel.

Seminole County Commissioners entertained the board of control members at luncheon at Oviedo City Hall.

Following the luncheon the group was to visit the Tuska-wills and Econ sites, and if they so desire, will return for another look at Lake Ada.

Chairman James P. Avery Jr. said he also hoped board members would take the time to visit Seminole Memorial Hospital and other points of interest in Sanford.

SEN. MACK CLEVELAND, right, greets Commissioner of Agriculture Doyle Conner (center) at dedication of the new Pesticide Residue Laboratory in Sanford while County Agent Cecil Tucker, J. T. Rumbley, lab technician, Burke Chester, inspector, and Wade Shealy, chemist look on.

New State Lab Here Dedicated By Conner

Commissioner of Agriculture Doyle Conner dedicated the new pesticide residue laboratory located at the State Farmers market in Sanford this morning before a large group of state and county officials and representatives of the agriculture industry.

Commissioner Conner was introduced by Sen. Mack Cleveland and the invocation was given by the Rev. Grover Sewell of the First Presbyterian Church.

The Department of Agriculture has been carrying on the pest residue program for the past five years through the use of mobile units, but this is the first permanent laboratory established outside Tallahassee. It was made possible by an appropriation of the Legislature last year.

Conner said that this is a two-fold program, not just of benefit to the grower, but providing consumer protection as well.

It is estimated that some 2,000 samples drawn from a large central Florida area will be tested for residue during the Sanford lab's first year of operation. Foodstuffs to be tested will include vegetables, meats, and milk.

A grower education program in the use of pesticides has already resulted in a lowering of residue.

Some of the reasons for contamination, according to Doyle, are wrong use of pesticides, over application, plain carelessness, application under unfavorable weather conditions causing wind drift and harvesting too early.

Kelly To Speak At JC Awards Banquet

State Sen. Scott Kelly of Lakeland will address the annual awards banquet of the Sanford - Seminole Junior Chamber of Commerce Saturday night.

The affair will also feature the presentation of distinguished service awards, good government award, outstanding young farmer award and outstanding young sailor award.

County Board Backs Metro Phone Plan

Seminole's Board of County Commissioners today officially and unanimously endorsed the proposed metropolitan telephone system.

The commissioners adopted a resolution in which they declared that the county would best be served by the proposed system since it would have the effect of increasing the number of telephones in Seminole which could be dialed toll free by 25 per cent.

The proposal to establish the system was initiated by the Seminole County Chamber of Commerce and arrangements were made by the Southern Bell Telephone Company which serves the greater Sanford area and by the Winter Park Telephone Company which provides service to the southern area of the county.

The commission's noted in their resolution that the number of telephones which could be dialed toll free would be increased from some 15,000 to approximately 35,000, and they called for the Southern Bell subscribers in Sanford area to lend their interest and support to the system.

Next week Southern Bell's Atlanta office will begin mailing information to the company's subscribers in the Sanford area. The material will explain the proposal and inform each subscriber exactly what his rates will be under the new system. Each subscriber will be provided a card upon which he may indicate his approval or disapproval of the plan.

Local telephone company officials have stated that a simple majority may not be sufficient to affect the change in the present system. H. L. Sheddin, of the Sanford office of Southern Bell, has stated that a decisive majority will be required.

Best Location, Officials Tell Control Board

A Seminole County site for the proposed East Central Florida University has been endorsed by the Board of Commissioners of Lake County, according to Lake County's clerk, Frank Owens.

Contacted at his office in Tavares this morning, Owens confirmed an earlier report that the Lake County Commission had decided a Seminole County site would best serve not only the citizens of Lake but also the rest of the people of Central Florida.

"We believe a Seminole site is best," said Owens, "because either of your sites would be accessible to our region by SR 46. We anticipate that in the not too distant future that SR 46 will become a major cross state highway."

Owens went on to say that Lake's commissioners believed that a Seminole location would be the most logical site among those now being considered by the Board of Control.

News of Lake County's endorsement, which was wired to the State Board of Control, comes on the heels of an endorsement by Volusia County's commissioners which was announced Wednesday.

WESH-TV of Daytona Beach and Orlando has editorially endorsed the Seminole site at Lake Ada. It is understood that the Deland Sun News and the Leesburg Commercial have (or are now) endorsing Seminole County as a site for the proposed school.

S. G. Harriman Dies At Home

A. Col. Sherman G. Harriman (Ret.) died this morning at his residence, 111 Orange Drive, Loch Arbor, following a lengthy illness.

Born Feb. 12, 1905 in North Conway, N. H., he came here in 1947 from Gloucester, Mass.

He served overseas in both World Wars and was the recipient of the Purple Heart, the Croix de Guerre and the Distinguished Service Cross. He was a past commander of the Bethlehem Commandry Knights Templar; a past commander of the American Legion, Shrine Club and Bahia Temple in Sanford. He also was a member of the First Methodist Church of Sanford.

Survivors are his wife, Mrs. Doris H. Harriman, of Loch Arbor; two sons, Sherman G. Jr., of Amarillo, Tex., and Bruce of Concord, N. H.; five grandchildren and a sister, Mrs. Rose Randall of Dorchester, Mass.

Funeral services will be held at 11 a.m. Saturday at Gramkow Funeral Home with Rev. John T. Adams Jr. officiating. Cremation will follow.

India May Get New Leader

NEW DELHI (UPI) — India today faced the prospect of a new man at the head of its government for the first time since independence more than 16 years ago.

The cause is the illness of 74-year-old Prime Minister Jawaharlal Nehru and the prospective successor is Lal Bahadur Shastri, 59, who was named minister without portfolio in Nehru's cabinet Wednesday.

AN OLD-FASHIONED stern-wheel (or paddle wheel) sightseeing boat now is plying Lake Monroe and the St. Johns River, much as in the days of the real riverboat, the Osceola, which traveled from Jacksonville to Sanford from a half-century ago to about 1928. The Deltona Queen, a 30-passenger boat, will be christened at 10 a.m. Friday at the Deltona dock on Lake Monroe. Deltona visitors will be given tickets for the free boat rides, seven days a week. Commodore Harold Willett is the Deltona Queen's captain. Now turn this picture upside down and see a ghost ship.

Fidel Home With Sugar Pact Worth Billions

MOSCOW (UPI) — Cuban Premier Fidel Castro returned to Havana today in secrecy at the end of a 10-day visit to the Soviet Union in which he backed Moscow publicly in its dispute with Red China.

Moscow Radio said the Cuban leader flew from Kiev in the Ukraine by way of Murmansk to Leningrad aboard a giant TU114 jetliner. The broadcast said the plane

reached Havana at 8:40 a.m. EST.

Khrushchev had good reason to be pleased with Castro's trip here, the second he has made in eight months.

Castro gave Khrushchev significant public backing in his ideological fight with Peking by condemning splinter movements among foreign Communist parties.

Castro's support for the Soviet position was made known in a joint Soviet-Cuban communique, the full text of which was published by the Communist party organ Pravda today.

The communique, summing up the official part of Castro's visit to the Soviet Union, gave details of a new trade pact under which Russia has pledged to buy \$2.5 billion worth of Cuban sugar with Soviet goods over a six-year period.

Democratic Poll Puts LBJ Ahead

WASHINGTON (UPI) — President Johnson's political aides privately are circulating results of a Democratic-sponsored Pennsylvania poll showing him far ahead of major Republican contenders for the White House.

The President's advisers are most impressed with the poll's indication that Gov. William Scranton is running behind two other potential GOP presidential nominees in Pennsylvania.

Johnson's best showing as the poll's Democratic presidential nominee was against Arizona's Republican Sen. Barry Goldwater.

Johnson, 52.1 per cent; Goldwater—17.9 per cent. The Democrats' Pennsylvania poll next showed: Johnson, 79.8 per cent; Scranton, 20.2 per cent. Hospital officials said the infant, which weighed six pounds at its Caesarean birth, is in good health.

Murder Plot

TUCSON, Ariz. (UPI) — Charles Hughes, 29, must stand trial on charges of attempting to kill his 3-year-old stepdaughter in a scheme to collect \$30,000 insurance.

Blast Kills 3

MIAMI (UPI) — Two tons of dynamite exploded accidentally at a nearby rockpit Wednesday, killing three workmen and scattering fragments of their bodies over a quarter-mile area.

Lovers Come Back

HOLLYWOOD (UPI) — Lovers Elizabeth Taylor and Richard Burton, returning to Hollywood apparently to seek a solution to their marital tangle, ran head-on into a furious Eddie Fisher today.

Soviet Veto

GENEVA (UPI) — The Soviet Union today vetoed any agreement on banning the spread of nuclear weapons as long as the West retains its plan for a multilateral nuclear force.

Cease-Fire Set

JAKARTA, Indonesia (UPI) — President Sukarno today ordered a cease-fire in Indonesia's border war with Malaysia at the conclusion of peace talks with Atty. Gen. Robert F. Kennedy.

Citrus Safe

LAKELAND (UPI) — Florida's citrus crops escaped serious damage last week from a two-day freeze that dealt a million dollar blow to tender vegetable crops on the southern part of the state.

Collins Says No

Gov. Leroy Collins reiterated today that he doesn't expect to campaign for a public office in Florida this year.

Unions Struck FEC Year Ago

ST. AUGUSTINE (UPI) — A year ago, some 1,200 members of 11 non-supporting unions struck the Florida East Coast Railway.

The strikers haven't returned to work, and probably won't in the near future.

The FEC, after a brief shutdown, resumed freight service. Passenger service, the carrier says, will not be resumed until there is no danger of sabotage against FEC trains or equipment.

The FEC was struck when it refused to grant non-operating employees a 10.25 cents an hour wage increase. FEC officials claimed the railroad was not in a financial position to grant the pay hike.

Efforts to settle the dispute—the second longest in the nation—have failed and both sides seem determined not to give in to the other.

The FEC reacted to the strike by abolishing the jobs of all striking employees and replacing the strikers with supervisory personnel and non-union help.

Stragling Of 'Mother' Probed

OAKLAND, Calif. (UPI) — Police today investigated the stragling of Oakland's "Mother of the Year" for 1963 and her beautiful 18-year-old daughter.

The bodies of Mrs. Frank Martin, 43, and her daughter, Carolyn, were found bound and strangled on the living room floor of their fashionable home Wednesday.

Four Batista Soldiers Shot

MIAMI (UPI) — Four men accused of killing one of Fidel Castro's soldiers when the bearded revolutionary landed in Cuba in 1957 were executed Wednesday by a firing squad.

The men had been sentenced to 30 years in prison but the sentence was overruled by the Cuban Supreme Court earlier this week and their executions were ordered.

The four were all members of Fulgencio Batista's army which Castro defeated in 1959.

Best Qualified? That's Me, Says Dickinson

Fred Dickinson Jr., recently announced candidate for governor, says that "It is my honest and genuine belief that I offer the people of Florida the best qualifications among all the men planning to run for the office in 1964."

Dickinson, who was unsuccessful in seeing the governor's office four years ago, claimed that "The governorship of Florida is the highest office and the greatest honor the people of this state can bestow, and it is the greatest of privileges for me just to be a candidate."

The West Palm Beach attorney, a graduate of Stetson University and its law school, declared that "The credentials and qualifications of such a candidate must be impeccable, and that he must be acquainted with and enjoy the respect of the state, national and international leaders in government and in the business world."

He went on to say that "Many years have been dedicated to earning the credentials I am submitting to the people of Florida. My experience covers every facet of statewide endeavor. I have studied every county in the state and I know the problems and opportunities in each of them."

Dickinson has served in both houses of the legislature and he claims that "Without this experience, I do not believe a man can be a successful governor."

Republicans To Elect Officers

By Jane Casselberry
The Seminole County Young Republican Club will hold its annual election of officers at a meeting to be held at 8 p.m. next Tuesday at the Howell Park Civic Center on SR 436.

Organ Concert Tuesday Night

The combination of a fine pipe organ that has been praised by many well qualified musicians and a concert organist who has been acclaimed by renowned exponents of the music arts is the attraction that will draw many to the First Presbyterian church on Tuesday, Jan. 28, at 8 p. m. when Luis Harold Sanford will be heard in a concert.

Diligent student of music, both theoretical and practical, this graduate of Juillard School of Music in New York, has achieved a splendid technical skill at an organ console. This permits him to impart to the score an interpretation that arouses the enthusiasm of even the most critical audience. It is reported.

In arranging the selections for his program Tuesday night, Sanford has kept in mind not only his desire to give a broad sweep of composers and their works, but the goal of showing the wide versatility of the organ.

The host church is eager to have a large audience to give this capable organist a fine hearing. There will be no admittance charge, no offering.

Following the recital, the church choir members are giving an informal reception for the guest artist to afford music-lovers an opportunity to meet the able musician.

Post 10050 To Meet

By Jane Casselberry
VFW Post 10050 of Casselberry will meet at 8 p.m. today at the Land O'Lakes Country Club.

Reports will be heard from the building committee and plans for beginning construction on a Post Home will be discussed.

The Auxiliary Unit will meet at the same time and will serve refreshments for both groups following the business sessions.

Attend School

Paul Bates and Leonard Casselberry of Casselberry are attending the 10th Annual Central Florida Regional Short School on the operation and management of sewage treatment plants being held Wednesday through Friday at the Downowner Motor Inn in Orlando.

Geneva Society To Improve Fort Lane Park Facilities

A long range improvement program for Fort Lane Park on Lake Harney was adopted this week by the Geneva Historical and Genealogical Society at a special meeting of some 25 executive officers and committee heads held Sunday afternoon at the home of Mrs. Lorraine Yarborough Whiting.

Immediate plans call for additional parking areas, the addition of rest room facilities and, later, the building of a pavilion.

Included in the long range program are swimming pool and bath house, lookout areas and a recreational park to include tennis, shuffleboard and horseshoe courts.

In other business the Society agreed to serve as sponsor for a Geneva Community Library, if and when plans are developed for this facility, and to continue improvements at the Geneva Cemetery.

The next meeting of the organization will be held on April 19, place to be announced, at which time arrangements will be completed for the annual two-day meeting and picnic usually held around the first of May.

Officers of the Society, in addition to Mrs. Whiting, are Mrs. Elizabeth Davis Oldham, vice president; Oliver Mathews, president elect; Lee Comb, secretary, and Mrs. Sue Harrison Torres, treasurer.

Police Bullets Get Burglars

MIAMI (UPI) — Four men were cut down in a hall of police gunfire today as they tried to open a safe in a warehouse, police said.

One of the Negro men was killed. Two were critically injured and the other slightly injured.

Dead was 22-year-old Macie Pearson Jr. Charles Lester and David Stanley, both in their early 20s, were in critical condition at a hospital and Robert Bradley was treated for less serious wounds.

Ocalan Beats Children, Kills Wife And Self

OCALA (UPI) — A 28-year-old ranch hand bludgeoned his wife to death Wednesday night and tried to kill his three small children before taking his own life, authorities said.

Dead from massive blows on the head with a blunt instrument was Betty Snow, 28-year-old mother of three. Her husband, George, was found in a plowed field, dead of a shotgun wound in the chin.

The couple's three young children, all beaten severely, were in fair condition at the Monroe Memorial Hospital here.

Sheriff Doug Willis said the three children were spared when 10-year-old Anthony Snow came to in the family car and ran screaming to a neighbor's home for help.

Willis recreated the night this way: After supper, Snow said he was going to check on the cows. Anthony went with him.

"We were walking along when all of a sudden someone put a hand over my mouth and started beating me up," said the little boy. "I couldn't breathe and then I don't remember anything."

Willis said Snow put Anthony on the floor of the car, parked next to the tenant house where they lived, and went inside.

He beat his wife and children and took his wife's body to the car, Willis said. When he got to the car, he found Anthony gone.

"He apparently thought they were all dead and panicked when he saw Anthony gone from the car," said Willis. "Anthony was at the neighbor's by this time."

Snow put Ricky in a pickup truck parked outside the house and began a search for Anthony.

"If I saw he couldn't stop Anthony, so he jumped from the truck with a 20-gauge shotgun, ran into the field and stopped," said Willis.

"Then he shot himself under the chin. We found the gun under the body."

When Marion county sheriff's deputies arrived, they found Mrs. Snow's body in the car, Anthony at a neighbor's, five-year-old Ricky wandering through a field, and four-year-old Susan locked in the small farm house.

"We called to her to open the door," said a deputy. "She peeked through a window and said: 'You won't hurt me anymore, will you?'"

Snow was an employe of the Anthony Ranch 10 miles north of here.

It was the second tragedy to strike the family in less than a month.

Three weeks ago the Snow home burned to the ground and the family moved into the tenant house on the ranch.

Authorities said they could establish no motive for the occurrence.

DeLander Held In Auto Theft

SAVANNAH, Ga. (UPI) — A 30-year-old Florida man police had to track down with bloodhounds was remanded to the U. S. commissioner Wednesday in lieu of \$2,500 bond on charges of interstate transportation of a stolen car.

Walter Nealey of DeLand was turned over to FBI agents Tuesday after his arrest by Camden County Deputy Sheriff Henry P. Berrie near Woodbine.

Berrie said he noticed Nealey driving a "suspicious" car and tried to stop him. Nealey abandoned the car and fled into some woods where he was tracked down by bloodhounds, the deputy said.

Lake Monroe Jottings

Mrs. H. L. Johnson although very much improved from her bout with pneumonia. Carlos Muse is still in Bay Pines. Daughter Lois was down last weekend to see him.

Unions Blacklist 26 'Cuba' Ships

NEW YORK (UPI) — Maritime union leaders today kept 26 foreign flag ships on a blacklist, preventing them from loading grain in the United States.

The ships were put on the blacklist because they traded with Cuba.

Union leaders Paul Hall, Joseph Curran and Thomas W. Gleason rejected a U. S. State Department request that a ban against longshoremen loading them be lifted.

Gleason said Tuesday after a conference with G. Philip Delaney, special assistant to Secretary of State Dean Rusk, that more ships probably would be added to the blacklist.

The ships hoped to load some of the grain sold to Iron Curtain countries with the approval of the government, a move designed to ease the balance of payments problem.

408 Receive Vaccine

By Mrs. Clarence Snyder
A total of 408 received oral polio vaccine at the Osteen School, Sunday.

Assisting with the program were Dr. Galloway, Mrs. Betty Snyder, Mrs. John Tatum Jr., Mrs. Irving Vaino Jr., Mrs. Nolan Osteen, Mrs. Richard Pickles, Mrs. Ernest Skinner, Mrs. Albert Pail and a radio operator and a Jaycee representative.

Anyone who was unable to attend this clinic but wishing to receive the vaccine may go to the DeBarry Community Center, Sunday, Jan. 27, where they are having a make-up clinic.

Bridge Club Plays Two Sections

Play this week by the DeBarry Duplicate Bridge Club was in two sections with Howard Middleton directing Section A and Mrs. Jessie Pearl directing Section B.

Winners, Section A, N.E., first, Mrs. Frank Austin and Miss Ethel Johnson; second, Mrs. Ruth Blatt and Grant Chase; third, Mrs. Ethel Adams and George Dickey.

EW, first, Mrs. Maude Johnson and Mrs. Dorothy Perry; second, Mrs. H. E. Batson and Mrs. L. A. Tarbell; third, Mrs. Loris Weeks and Mrs. M. Woodcock.

Winners, Section B, N.E., first, Mrs. J. D. Cordell and J. A. Sheffield; second, Col. and Mrs. William Hague; third, Mrs. Ida B. Wilson and Mrs. Edwin Wachter.

EW, first, Charles Dagla and George Pearsall; second, Mrs. David Singer and Norman Meyer; third, Arthur Willgoose and Mrs. R. W. Ackerman.

Next Tuesday will be Master Point Game.

U. S., Canada Adopt Economic Golden Rule

WASHINGTON (UPI) — President Johnson and Prime Minister Lester B. Pearson have agreed to try to head off U.S.-Canadian frictions by developing a new economic golden rule to govern the complex relations between the two countries.

They announced in a communique Wednesday after two days of talks that they were setting up a working group "at the senior level" to consider the possibility of devising a new set of economic principles by which to guide economic relations.

The idea would be to avoid economic blacklashes in which steps taken by one nation have an adverse impact on the other.

The United States and Canada, with the biggest bilateral trade in the world and with intricately interwoven economies, are especially vulnerable to such developments.

The talks ranged from relations with French President Charles de Gaulle to U. S. professional football.

Students Or Industry

G. Tom Willey, speaking for the Martin Company of Orlando, has involved his giant firm in the location of the proposed East Central Florida university.

Willey says that his firm has been authorized by Martin - Marietta to offer free of charge some 355 acres and sell another 1,000 acres to Orange County as a possible site for the school.

He declared that his firm had "bent over backwards" to avoid influencing the choice of a site for the school until this time but his firm now is shedding its timidity. He said that industry no longer follows the railroads but it goes where the brains are, and that putting the university near industry will attract other industry. He said, further, that the aircraft industry went to California because of California's educational system. And, he added, the proposed university would help Martin and Martin would help the university.

It is quite understandable that the Martin firm would be highly interested in locating the school as close to its plant as possible. But there the understanding ceases.

The Herald seriously questions not one but almost all of Willey's reasons.

Initially, if the location of the school is of such vital importance to the Martin firm, why has the company remained out of the picture until now? Why has it decided, just hours before the Board of Control meeting, that it should shed its so-called timidity? Why should it have been timid at all?

Further, is the school to be placed where it will be of the most value to Willey's firm or where it will best serve the thousands upon thousands of high school graduates in this area?

The Herald also questions Willey's opinion that the aircraft industry went to California because of the state's educational system. Did General Dynamics locate in San

Diego because of San Diego State College?

Regarding Willey's statement about putting the school where the brains are, how many English and history instructors does the Martin firm plan to provide the university? What about professors of psychology and fine arts?

Apparently Willey has not been informed that the school is to be a four-year, degree granting liberal arts college.

Finally, it is quite obvious that the head of the Orlando branch of the Martin Company is not aware of the fact that the Board of Control has expressed its desire that the school be placed east of Orlando and north of SR 50.

If a Seminole site should be chosen for the university, The Herald, if Willey really believes in his reasons, invites the Martin firm to consider relocating its plant in this county.

Seriously, The Herald does not believe a university and an industrial plant must be next door neighbors. Neither does the Martin firm. If it did perhaps the Martin plant would be adjacent to the University of Florida at Gainesville.

Thought For Today

The Lord has an indictment against Judah, and will punish Jacob according to his ways, and requite him according to his deeds. — Hosea 12:2.

When the last sea is sailed and the last shallow charted,
When the last field is reaped and the last harvest stored,
When the last fire is out and the last guest departed,
Grant the last prayer that I shall pray, Be good to me, O Lord.
—John Massfield.

Letters

To The Editor

Editor, Herald: While no one can question the dedication of my friend, Mr. S. B. (Jim) Crowe toward recreation, parks, water conservation and its attendant sports, I feel it necessary to correct some impressions that may have resulted from his letter published Jan. 20.

The Editor's remarks, obviously written in haste, were not only patently unfair to a fine Citizens Committee, but were also inaccurate in part. I refer to the statement, "The County Commission has taken no action on its (the committee) recommendation."

The preliminary report consisted of 13 numbered recommendations which, when broken down, contained 26 separate projects. Naturally, a package recommendation of this size, requiring the ex-

penditure of relatively large sums of money, must be read and studied, not only for its content, but also for its many legal aspects.

Action on many of these projects must await legal examination to determine that authority exists for the Board to act. As this determination is made, the Board has indicated it will act, should legal authority be consistent with the recommendations made.

Meantime, surveys have been drawn of claimed rights-of-way and negotiations are now in progress to obtain donated lands for completion of one of the projects submitted. A like project, at the foot of Tusawilla Road is now awaiting a final report from the Commissioner in whose District it lies, before initial action is instituted.

The Wehwa Basin Project, deemed most important by the Committee, is included in the study recently undertaken by State and Federal Authorities, and will, when completed, result in a comprehensive water management plan complete with specifications for structures and recreational sites. Whether these plans will be utilized depends entirely on the freshholder's indicating approval at the polls in May, of our new water management bill, passed during the last session of the Legislature.

Please allow me to further correct the impression that instant and concerted action should be taken on recommendations submitted by the Committee. This action is normally reserved for the coming fiscal year(s), when sufficient funds may be budgeted.

In conclusion, please allow me to commend Mr. Crowe and the other members of the "Seminole County Long Range Planning Committee for Recreation," for a superb preliminary report and to assure them that action is being taken, albeit ever so slowly.

James P. Avery, Jr., Chairman
(Editor's note: Our comment on Jim Crowe's letter was that we checked and learned that no action had been taken. No effort on our part was made to indicate or infer that any action should or should not be taken at this time.)

Quotes

We have one woman judge in Louisiana and I'm it. . . . The old saw still holds true—a woman has to be twice as good to get half as far.
—Judge Anna Levy of New Orleans.

People are going to smok. They get too much pleasure out of it to stop. The thing we have to do is make it safe for them.
—Dr. Wendell G. Scott, head of the American Cancer Society.

Great principles and important interests are involved in the Canal Zone situation. Panamanian leftists want to deprive the United States of a portion of its territory, of its sovereign right to fly its flag alone, and to take away from the U. S. control of the canal that is a part of our system of trade and national defense.

THE BIG ONE!

Paragraphs

Unclassified

(Editor's note: The following article was written by Thurman Sewing, executive vice president of the Southern States Industrial Council.)

The U. S. Marines who raised the stars and stripes above the mountain of Sura-bachi on the Japanese island of Iwo Jima in World War II wrote a glorious, never-to-be-forgotten page in American history. The nameless American youths who earlier this month raised the flag with the broad stripes and bright stars in front of their school on American territory in the Panama Canal Zone also deserve the thanks of the nation.

But there's tragedy in this event, which was followed by Panamanian rioters assaulting U. S. territory. For these patriotic youths were raising the American flag in defiance of a regulation of the American governor of the Canal Zone. The U. S. State Department, in a despicable deed of appeasement of Panama's leftwing nationalists, had agreed that the American flag would not fly in front of an American school attended by American children.

What could those children have thought when they read of Iwo Jima and other battles in which our flag was the symbol of our nationhood and then learned that that flag could not fly over their school? Americans at home can be thankful that they refused to countenance the shameful betrayal of American sovereignty by State Department officials. The parents of these youngsters can be everlastingly proud of the patriotic reactions of their children. If this is the measure of American youth, the Republic will be safe in the hands of the next generation.

But the Republic is not safe in the hands of those who are willing to see the stars and stripes pulled down or hidden out of sight. This is what happened, for the U. S. flag had been removed from the federal court building and other American offices in the Canal Zone in the period before the Panamanian invasion.

Great principles and important interests are involved in the Canal Zone situation. Panamanian leftists want to deprive the United States of a portion of its territory, of its sovereign right to fly its flag alone, and to take away from the U. S. control of the canal that is a part of our system of trade and national defense.

By a treaty signed more than 80 years ago, the United States obtained the right in perpetuity to the sole use, occupation and control of the Panama Canal and Canal Zone. This treaty is as valid as the document by which the United States obtained Alaska from the Russians or the Virgin Islands from Denmark. No one in the American government, whether minor official or President, has the right to dispose of this American territory or to accept any reduction in this country's sovereign rights in the Canal Zone. It is to be hoped that the Johnson administration realizes that it cannot play international politics with the Panama Canal or trade it away or share it with any other nation or combination of countries or international body. The Panama Canal, by historic right, is solely an American canal. If the Panama Canal were to fall into the hands of some Latin American equivalent of Dictator Nasser of Egypt, who controls the Suez Canal, America's security would be gravely threatened.

Indeed in considering the riots in Panama it must be borne in mind that the long-time principal aim of the communists in Latin America has been to take the canal

away from the United States. If they were successful in this enterprise, it would be of greater help to the Soviet Union than anything they have done thus far, including the capture of Cuba. The Panama Canal is the lifeline of U. S. security in this hemisphere. It is not one bit outdated by the air age, for all inter-ocean shipping depends on it, as do our naval forces for swift movement from one ocean to the other.

All good Americans have cause to pray that President Johnson will fully appreciate the importance of fully defending and maintaining U. S. rights in the Panama Canal Zone and that he will resist to the utmost all efforts to steal or undermine those rights.

If Mr. Johnson should heed the counsel of appeasers in the State Department, one can be sure that the American people would never forget such appeasement in the upcoming presidential election. It is highly unlikely that anyone could be elected President who bore the stigma of giving away the Panama Canal.

Barbs

By Hal Cochran
When women start to compare ages during a bridge game there are a lot of cuts.

Gaining weight will get you more for your money if you step on a penny scale.

Some parents who buy a reckless teen-age lad a car should lay some money aside to bail him out.

The trouble with some love affairs is that they are taken to court after being taken to heart.

We'll bet the woman on your block who has the most children also gets the most out of life.

Even the mosquito sets a good example—it doesn't get a slap on the back until it goes to work.

Prince Edward Island in the Gulf of Saint Lawrence is the smallest province of Canada. It has less than one per cent of the total population and area of Canada. Weather there is variable as the island lies on one of the most heavily traveled storm tracks in the North Atlantic.

Political Notebook

WASHINGTON (NEA) — Though a hard final decision has not been made, President Johnson's advisers expect now that he will not enter any of the nation's presidential primaries.

His entry in such places as New Hampshire, New Jersey, Pennsylvania, Ohio and Wisconsin has been under active review at the White House for some weeks.

The prevailing notion is that the President's best political course is to stick to the grindstone and add what further cuts he can to his currently effective all-business-and-no-nonsense image.

Yet the primary route has strong appeal. It would afford the President a chance to run up "test scores" of votes in the industrial Northeast and Midwest he must crack for victory in November.

With one minor exception, Johnson has never been measured wholly on his own outside Texas.

Under Oregon law, state officials place on the state's primary ballot only "generally advocated" candidates.

Johnson fit that bill in 1960. He made no campaign, however, and tallied a mere 11,101 votes against the winning

146,332 of the late John F. Kennedy.

This year Johnson naturally would have no party opposition. Healthy vote totals, set against Republican figures, would be the goal. One veteran Democratic professional suggests the President also could use the political exercise. "He needs to get acquainted with the eastern political mind."

But these persuasions evidently are losing out. Even assuming the President would hold any spring campaigning to a minimum, this is seen as a risky tampering with the portrait of himself he has fashioned so carefully since Nov. 22, 1963.

There has to be some concern also—though it is not openly expressed in White House circles—that here and there Johnson might not manage the desired high vote score and would therefore suffer a needless early blow.

In 1952 former President Truman allowed his name to go on the New Hampshire primary ballot, only to have the late Sen. Estes Kefauver edge him out by a few thousand votes.

On the other hand, former President Eisenhower, who needed neither the delegates nor the vote showing, piled up

some huge votes in 10 primaries in 1956. He did not campaign.

A good many of the Democratic leaders who assembled recently in Washington question, however, whether Johnson would profit in any way from such outings.

Samplings of state leaders from coast to coast find them privately overjoyed at the President's current position in their territory. Most do not expect him to hold to the present giddy pinnacle. But they think he can slide off a lot and still do well.

A New York man offered to bet that Johnson would carry his state next fall against any Republican by upwards of 700,000 votes, nearly twice Kennedy's 1960 margin.

A California leader thinks the President will take his state, even if his stock drops substantially in the intervening months.

From usually Republican Iowa and Kansas, there is similar cheer for Johnson. Frank Theis, Kansas national committeeman, says for the record the President gives Democrats their second best chance in this century to take the state. Franklin D. Roosevelt managed the only victory in 1936.

Dr. Crane's

Worry Clinic

CASE R-464: Peter, aged 3, is one of our daughter Judy's four youngsters.

During the past summer, Judy came out to visit us, bringing her children.

And on a hot summer afternoon at our farm home, I stopped at the well to get a drink of water.

Matthew (4), Peter (3) and Debbie (2) were with me, so I gave them a drink, too.

But then, to add diversion, I tossed a cup of cold water up in the air.

It came down like cold raindrops. Matthew and Debbie giggled. But Peter was quite irate, although all of them were in bathing suits.

So Peter rushed into the house to inform his mother about what I had done.

Whereupon, Judy reminded him to tell me what she has taught her youngsters to use on their playmates back East.

So Peter put me in my place with a very positive recitation of the Golden Rule. And I say "positive" advisedly, for he was still indignant over those few drops of cold water that fell on his bare skin.

It was in early July, so a couple of days later Matthew (aged 4) reminded his mother that it was July 4th.

So Judy gave him a little American flag and asked him to recite the pledge of allegiance.

Bravely, Matthew stood as

straight as a little soldier. He held the flag aloft in his upraised left hand.

Then he placed his right hand over his heart and recited the Pledge of Allegiance with the same reverence that he uses when he says his prayers.

At the conclusion, the adults in the room applauded his correct recitation.

But I mentioned these two cases today to show you the type of early training in idealism and patriotic respect that all children SHOULD receive.

Yet how many youngsters, aged 3, can recite the Golden Rule? How many, aged 4, can deliver the Pledge of Allegiance?

How many are taught basic religious idealism?

Also, 70,000,000 Americans don't belong to any church whatsoever, whether Jewish, Catholic or Protestant.

So the children in these families are growing up, much like Topsy, without attendance at Sunday School or membership in the Scouts or Camp Fire Girls.

Except for the wholesome influence of the daily public school teachers, these youngsters are almost as pagan as Nero's generation!

Yet they will soon be old enough to vote! For over 12,000,000 new voters will have come of age by November, 1964, who were too young to cast their ballots in 1960.

So the better place to insure the future of American idealism and morality is right here in the U.S.A.

For these 70 million semi-pagans can sabotage this Republic faster than any foreign foe.

If isn't Russia's 200 million that we need to worry about? No, it is the 70 million American pagans who are ripe for any atheistic doctrine.

Florida grower applies Phosdrin to control a late-season buildup of aphids and mites attacking an 82-acre field of tomatoes.

Pickers harvest the same field the following day. No Phosdrin residue remains to endanger either the pickers or the crop.

Why Seminole County vegetable growers should switch to Phosdrin® Insecticide now:

Apply Phosdrin up to 24 hours from harvest of most vegetables. Get fast control of insects without residue problems.

POWERFUL Phosdrin Insecticide gives you fast knockdown and kill of aphids, mites, loopers, worms—almost all destructive pests attacking Florida vegetable crops.

Unlike most other insecticides, Phosdrin disappears after it does its job, leaves no residue. That's why it can be applied up to 24 hours from harvest on many crops—up

to 72 hours on most others. (See table below for interval data for your crops.)

Solves late-season problems

If not controlled, a late-season insect buildup can quickly downgrade—or make completely unsalable—crops such as tomatoes, beans, potatoes, peppers, celery, watermelons, eggplants and most leafy vegetables.

If the insect infestation is controlled with an insecticide that leaves excess residue on your vegetables at harvest, processors will turn down the crop. Also, it will be subject to confiscation. Many vegetable growers are now solving *both* insect problems and insecticide-residue problems with Phosdrin Insecticide.

Phosdrin solves other problems, too. It controls insects such as cabbage loopers and aphids that are becoming harder to kill with older insecticides. Result: more and more growers are making Phosdrin a basic part of their full-season programs.

Good mixer

Phosdrin is compatible with most other insecticides and fungicides. And Phosdrin offers a wide margin of safety to the leaves and fruit of insecticide-sensitive crops such as cucumbers and lettuce.

Low cost

Don't be misled by the cost per pound or gallon of Phosdrin. *A little Phosdrin goes a long way.* For ex-

ample, as little as ¼ to ½ of a pound per acre is all it takes to control the toughest insects attacking most vegetables. Dosage rates seldom exceed ¼ of a pound per acre. In short, if you compare costs on a per acre basis, you'll find Phosdrin is very economical.

Where to get Phosdrin

Phosdrin is available from your local insecticide dealer under many well-known brand names. It comes in liquid and dust formulations that are easy to apply with standard application equipment.

Remember, look for the name Phosdrin on the label or in the ingredient statement.

Shell Chemical Company, Agricultural Chemicals Division, 55 Marietta Street, N.W., Atlanta 3, Georgia.

No Park, But Finley Signs Some Players

By United Press International

Maybe he has no ballpark yet, but at least Charles O. Finley is going to make sure he has some ballplayers.

Finley has one more week to work out a Municipal Stadium lease with Kansas City officials, according to a resolution adopted by American League owners, or else . . .

Nevertheless, the energetic owner of the Athletics still has to sign his players. Pitcheser Diego Segui and infielder George Williams became the first members of the Athletics to sign their contracts, which were mailed to them by General Manager Pat Friday.

Since the Athletics abandoned their offices in Municipal Stadium, Friday mailed the contracts from his home. While the Athletics are busy starting to sign their players, the Chicago Cubs are nearly finished. Southpaw Freddie Norman became the 34th member of the Club to okay his terms after outfielder Don Landrum and pitcher Jack Warner also signed their contracts.

Right-hander Alvin McBean, who won 13 games and lost three last season, and center fielder Bill Virdon signed with Pittsburgh while Wade Blasingame, 20-year-old \$100,000 bonus southpaw, became the 18th member of the Milwaukee Braves to accept terms.

The Yankees signed second baseman Pedro Gonzalez, first baseman Mike Hegan and pitcher Jack Cullen and George Shoremaker. And the neighboring Mets announced the signing of pitchers Tracy Stallard and Bill Wakedfield.

Right-handed pitchers Don Lee, Fred Newman and Aubrey Gostwood agreed to terms with the Los Angeles Angels, who now have satisfied 12 of their players.

Right-handed pitcher Don Lee, Fred Newman and Aubrey Gostwood agreed to terms with the Los Angeles Angels, who now have satisfied 12 of their players.

Leaves For Talks

HONOLULU (UPI) — New York State's Athletic Commission chairman, Melvin L. Kruzewitch, will leave today to confer with boxing officials in the Philippines and Japan. Kruzewitch said he will discuss the adoption of uniform rules and regulations by the various boxing federations.

Thinking Out Loud

BY JULIAN STENSTROM

Grid Game At Lyman
Athletic Director Fred Ganas called to say that the Seminole-Lyman football game this Fall will be played in Longwood. The Herald had reported the tilt as a home game for the Tribe when the schedule was announced Tuesday. We were in error. Blame Jim Pigott for the way he makes his "A" and "H's."

We have a feeling, however, that Lyman officials may desire to hold the contest in Sanford's Memorial Stadium since the Seminole County Board of Public Instruction leases the facility from the City of Sanford.

Of course, this decision will rest firmly with Lyman officials and there will be no effort whatsoever on the part of Seminole High authorities to influence Lyman's leaders to affect a change.

The contest could be played at the Stadium with Lyman being the home team and have charge of the concessions and what have you. However, that's Lyman's decision again. One thing is sure, Longwood's field would never begin to handle the crowd.

Oviedo Fans Concur With Us
We didn't realize it at the time but since we wrote our piece earlier this week about the condition of the Oviedo High school gym we've received a number of telephone calls telling us how much they appreciated our remarks. We remembered that several Oviedo games originally scheduled as home tilts had to be switched at the last minute to the courts of opponents. We were talking a week or so ago with a couple of Lyman High's players. They told us about the fact that some of the tiles were missing from the Oviedo gym's floor because of the moisture. We had asked why the games had to be changed to different sites. They explained it.

One caller who phoned to say "thanks" was Postmaster John Courier who has a son, Jim, performing for the tough Lions.

And we got a kick out of one of John's statements. He remarked, "This is the only team in Florida that's had one game rained out and another frozen out."

Let us hasten to add that this isn't intended to be some sort of a campaign directed at the school board. However, we do hope that if it comes to the attention of the school board they may decide to do something about it when funds become available.

Triple Header Should Be Fun
Friday night — oops, afternoon — will be triple header day — oops, night — in Sanford. Well, what would you call a basketball triple header that begins at 4 in the afternoon and winds up about 10:30 in the evening? You would? That suits me! Somebody just said it's a two-night triple bill!

Now there's a first for Sanford — outside of tournaments.

Now, We Know
If something bugs you, ask and you'll find out. That's what we did about this glass backboard business at Seminole High's Fleming Gymnasium. Seems the Booster Club is shelling out beaucoup greenbacks to install glass backboards. We asked one official why, since glass backboards are generally used where patrons occupy seats behind the baskets.

Answer: All of the other Metro high school gyms have glass backboards.
Question: Do the other gyms have seats behind the backboards?
Answer: No they don't.

Question: Why do they have glass backboards?
Answer: We don't know.
Question: Why does Seminole need them, then?
Answer: Because there is quite a difference in the two. For example, perception is quite different. Also the ball rebounds differently. If you play in a gym with one type of backboard and switch to another off and on during the season it can throw the players off in their shooting.

Question: Could this be the reason Seminole has been off on their shooting this season?
Answer: Yes, it's possible.
Question: Are the hoops any larger?
Answer: We hope so!

Elanor Clemens In 202 Game

Elanor Clemens, a bowler in the Hollar Motor Navy Wives' League, rolled her first 200 game this week. It was a 203 affair in a 642 series.

Meanwhile Pat Sipley had this week's high series with 442. Joe Watson was next with 433.

Varsity, JVs, Rollins Offer Full Program

Four Seminole County basketball squads go back into action Friday night.

Seminole High's varsity and jayvee squads will re-enter Metro play with a pair of tilts with the Wildcats of Winter Park.

The first engagement, the jayvee contest, will get under way at 4 p. m., and the affair will be followed at 6:30 by the Sanford-Winter Park varsity tilt.

Topping off the evening will be an 8:30 clash between the Rollins College Tars and the Mercer University Bears.

The triple header should give fans plenty of action for the price of their tickets.

Meanwhile, Friday night the high-riding Oviedo Lions move into the next round of a tilt with the Titusville High Tardiers. It will be the initial meeting between the two schools this season. Oviedo goes back to work on the heels of its narrow margin victory over Mount Dora Bible.

Lyman will make an effort to get back on the winning side of the ledger after dropping their game earlier this week with the OBC league-leading DeLand High Bulldogs. The Grayhounds will take on Osceola High of Kissimmee.

The Crooms Panthers move into Apopka Friday night for a contest with Apopka High.

1-7 Perfecta Pays \$502.80
Jail Alai fans who liked Jacin and Astiga in Wednesday night's fourth event at the Orlando Seminole Fronton, pocketed \$502.80 as the 1-7 perfecta came roaring in for the win.

Jacin's victory also completed a 2-1 Daily Double combination paying \$68.80. Urizar grabbed the third game opener in a close finish with Olarte.

Arelito and Iriarte walked away with the feature eighth game win, scoring five straight points from the sixth post position. Jacin and Astiga were second in post two and the 6-3 perfecta was worth \$185.40.

Garay came from behind to take the ninth game singles honors, but it was a heartbreaker for Iriarte who finished second. First to go for game point, Iriarte was put down in three attempts for the win.

Twins Ask Help On Housing
MINNEAPOLIS, Minn. (UPI)—The Minnesota Twins baseball club, criticized for allowing segregation of its players at its spring training site at Orlando, has asked a national group to help solve the problem.

Calvin Griffith, president of the team, said Wednesday night the Twins have been unable to come up with a solution to the segregated accommodations at Orlando.

Field Goal
NEW YORK (UPI) — Ken Sears of the New York Knickerbockers led the National Basketball Association in field goal percentage (.477) in 1960.

CONTRASTS — The difference between the way Sonny Liston and Cassius Clay train for their title bout in Miami, in February is as great as the contrast between the fighters themselves. Heavyweight champion Liston, far left, wears a determined look as he pummels a spartan at his camp in Las Vegas, Nev. On the right, Cassius looks around with a clown wearing a gorilla costume which "makes him almost as ugly as Sonny" at his headquarters in Miami.

Day 'N Night Biddy Team Undeclared

In Sanford Biddy Basketball League play the Day 'N Night Grillers remained undefeated in the third round of second half activities by taking a 61 to 21 decision from First Federal.

Ken Hinson with 13 field goals good for 26 points paved the way for the Grillers' win. Bill Bracken got 18 and Skipper Benkerit dropped in 14. High man for the Savinamen was Randy Brown with 19 points.

Standard Oil also remained undefeated in second half activities by taking a 35 to 25 contest from Robson's Sporting Goods. It was the Oilers' third consecutive win and Robson's initial defeat in the second half.

Tom Sandage with 25 points was high man for the Oilers while Dan Wright of the Sports sank 18.

In other play, Sanford Atlantic posted a 32 to 30 win over WTRR and for the first time this season the Radiomen took themselves in the loop's second division. Mett Morgan, with nine floor shots and five charity shots, racked up 23 points for the Bankers and high man boozers, David Lee was right behind him with 22. For the losers, Powell was high man with 11.

Meanwhile, Sanford Electric connected for its initial victory of the second half by taking a 31 to 22 decision from Strickland-Morrison. For the electricians Al Groomes had 24 points while Bill Schmidt sank 15 for the Motormen.

Howe's, Jet Inn In Deadlock

This week's action in the Sandspurs Bowling League proved to be an even match for Howe's Tire Shop and Jet Inn, as they split a decision, each posting two wins.

Howe's Tire Shop had the high team series for the week, a 1,818, and also high team game of 647.

Helen Padgett was the star bowler for Howe's with a 481, 188, and teammate Marilyn Ferguson turned in the high game of the evening, a big 217.

Lil Donat was high for the Jet Inn with a nice 519-213. Mary Pinter, also of Jet Inn, had a 483-213.

Pryor's Insurance Co. won three points from Mar-Lou Factory Paint Outlet which was three to the good after their fray with the first place team, OK-Tires. This team has been rolling strong and still maintains a good lead over the loop. The Denman Dandies of McRobert's Tire Co. came away with a three point win from St. Johns Realty, as did Stempers' Real Estate over their opponents, Piero Manufacturing Co.

Midge Woods of McRobert's Tire had the high series for the week, a big 520 and a 192 game. Rolling high for St. Johns was Jean Monroe with a 456-164 and Ruth Phillips of Stempers, who has been turning in some fine series every week, had a nice 486-182.

The split-pickings were few with only three in the circle. Eleanor Anderson converted the 2-7, Julia Weber the 5-7 and the 5-8-10, and Pat Foster the 2-7.

ABC Signs Keiter

NEW YORK (UPI) — Les Keiter, veteran baseball and boxing sportscaster, has been signed to do the blow-by-blow radio account of the Sonny Liston-Cassius Clay world heavyweight championship fight at Miami on Feb. 25, ABC announced today.

O. B.'s Walla Top Dog At Ladies Night

Inaugural handicap O.B.'s Walla heads a field of speedsters in the featured 10th race of a ladies night program at the Sanford-Orlando Kennel Club tonight.

O. B.'s Walla has been a quiet factor in his last three starts — winning once, running second twice. The Oswald brothers pup will be prohibitive favorite to win the ladies night feature with the most opposition expected from Chickaboo Mazie and Wide Gap.

In the marathon seventh race, circus city ranch's Mystery Tamer will be going for his second straight 3/8ths mile victory since coming to SOKC from Tampa.

The great distance runner won his first SOKC start by 8/8 lengths last week. Mystery Tamer was one of the finest

Lucky Tourney Not So Lucky

SAN FRANCISCO (UPI) — An international field of golf stars faces up to the weather again today when play opens in the \$50,000 Lucky International tournament—with those young-old standbys, Arnold Palmer and Jack Nicklaus, in the role of favorites.

After a storm-ravaged finish at Pebble Beach on Sunday, and a day at Sacramento spent in freezing temperatures, the crack field opens in the mud here — with the possibility of rain.

This tournament should join the fall tour, when the weather is good in northern California," said Tommy Jacobs after wallowing through the rain, hall and mud Wednesday in the pro-amateur event.

But mostly there were few complaints from the touring throng of shotmakers. The Harding Park course, which is 6,722 yards long and plays to a par of 36-37-71, has been swept by rainstorms during the past week. The greens are waterlogged and the fairways soggy.

Oklahoma To Honor Spahn

TULSA, Okla. (UPI)—Warren Spahn, the Milwaukee Braves' veteran pitching ace, will be honored Sunday as the Oldhaman who contributed most to major league baseball last season.

St. Louis Cardinal Manager Johnny Keane is among those scheduled to participate when Spahn receives the Art Griggs Memorial Award at the annual Diamond Dinner.

Dear Abby: By Abigail Van Buren

DEAR ABBY: We need your help in settling an argument. What is the proper way to get a waiter's attention? Is it all right to strike your glass with a knife? How about snapping your fingers? Also, is it bad manners to whistle a short and not too loud whistle?

DON and DORA

DEAR D and D.: Striking one's glass would startle and annoy everyone in the restaurant, including the waiter. Snapping the fingers is for the dogs, and whistling is for the birds. Simply say, "Waiter, please."

DEAR ABBY: How does a 21-year-old girl tell her own father she doesn't want him at her wedding? I want my mother there (she is a saint), but my father makes a fool of himself every time he gets near liquor and I know what would happen if he were at my wedding. I want a church wedding with all my friends and relatives, and my oldest brother could walk me down the aisle. I know I sound selfish, Abby,

but I also know that I will not be deprived of the kind of wedding I want because of my father. And I can't take the chance of having him get roaring drunk and ruin everything. What would you do?

IMPASSE

DEAR IMPASSE: I would tell my father candidly of my doubts and fears, and then, if he promised to stay sober on that day, I would let him walk me down the aisle. If we let people know we expect the best—they rarely disappoint us. Big brother can be waiting in the wings if Dad lets you down. But I'd bet on Dad this time.

DEAR ABBY: I am 15, an honor student, sing in the church choir and am considered pretty. My parents are the best in the world, with one exception. They never had a heart-to-heart talk with me. Abby, I know this is hard to believe, but everything I learned about sex I had to learn on my own. Because there was no mention of this subject at home, I was too ashamed to bring it up although there

were so many things I wanted to know. The invisible wall grew thicker between my parents and me and I became a very curious, foolish and susceptible girl. From what I have said you can guess that I would make very easy prey—and I did. I don't know if I am pregnant or not. I just pray to God I'm not. I know of no human being other than you to confide in. Abby, I love my parents and I am not blaming them for what I did. I brought it all on myself and deserve whatever happens. I am only writing this as a plea to parents, especially mothers, to get to know their teen-agers before it is too late. God bless you, Abby, for printing this, if you do.

Highlights

8-9 p.m. CBS. Rawhide. "Incident of the Downy Dundee." Some exciting and even humorous moments here, but the climax is disappointingly flat. Very colorful as a damsel in distress is Hazel Court, a Scottish lass lost in the wilds with last appears to be a very strange dowry: a suit of armor, a bathtub and four giant bulls. Fearful of what her bulls might do to his herd, Gil Favor (Eric Fleming) refuses to let the seemingly destitute girl ride with him to her destination and her presumed bridegroom, but then reluctantly agrees. He has several good reasons to wish he'd abided by his first impulse.

8:30-9:30 p.m. NBC. Dr. Kildare, "Tyger-Tyger." Part two of this ill-fated romance, which poses the question: Can a handsome young doctor with his recordings find peace and contentment in the love of a madcap surging enthusiast subject to epileptic seizures? If this were a movie, Dr. Kildare would probably renounce his profession and become a beachcomber, but as TV is more attuned to reality, he tries to cure his girl. Yvette Mimieux continues to give a powerful performance as the epileptic and her efforts make the hour worth watching, as they did in Part I. Now that this talented miss has entered the TV games, it is to be hoped that her parts remain as good, but the plays get better.

9-10 p.m. CBS. Perry Mason. "The Case of the Ice Cold Hands." Lawyers do some odd things for clients and what Perry Mason (Raymond Burr) does here is

strange indeed. A young woman who looks more like a teen (Joyce Bullfant) begs him to cash racetrack tickets for her, providing the horse wins. It does, but while Perry is cashing the tickets, a man claims the money used to buy the tickets was stolen from him. Later, the man is murdered and the girl is the prime suspect, though her brother (Dick Davalos) worked for the dead man and had a record of gambling on the horses far above his means.

9-10 p.m. ABC. The Jimmy Dean Show. Aside from Ford and Hines, who are just plain funny in their sketch about a Brooklyn couple celebrating their 15th anniversary, the whole show has a country flavor. The opening number is "Buffalo Gal," with other country numbers being "Ring of Fire" and "I Walk the Line" by Johnny Cash, Jimmy Dean and Molly Bee's duet to "Nobody's Darlin'," a spot by Grandpa Jones and group participation in "Roving Gambler" and "If You Were the Only Girl in the World." Rowlf joins Jimmy in "Accentuate the Positive." Where you categorize Boots Randolph's comedy sax routine, we leave to you.

TV Time Previews

10-11 p.m. NBC. Perry Como's Kraft Music Hall. Perry takes us to the State Fair Music Hall in Dallas for his third special of the season, and, as you can imagine, the accent is on western music. The Texas Boys Choir opens the show with "Don't Fence Me In" and "Chisholm Trail," and is later directed by that great conductor, James Durante. Other "Western" personalities joining Perry are Dorothy Provino and Russ Tamblin of "West Side Story." Russ dances to "By Heck," and Como's solos include "Tumblin Tumbleweed" and "So In Love." With Miss Provino he duets to "South of the Border," and with Durante he does "The Glory of Love" and "Making Whoopee."

Jacoby On Bridge By Oswald Jacoby

One of the nicest features of the St. Paul, Minn., Winter Carnival Bridge tourney is that Leo and Reine Seewald will be helping out the tournament committee and in general making everything as pleasant as possible for the players.

Leo was elected president of the American Contract Bridge League in December, but the only change in the family outlook will be that he and Reine will work a trifle harder, if possible.

South's two club bid is one of those silly overcalls. He is not going anywhere with his minor suit and should not take a chance of getting into real trouble. Leo, sitting West, had one of those perfect dou-

bles and South was thoroughly punished when Reine found the killing defense.

We The Women: By Ruth Millett

You can make good resolutions at any time of this new year.

Check the following suggestions for some resolutions

Dan Gurney Wins Riverside Classic

RIVERSIDE, Calif. (UPI)—The Riverside 500-mile stock car race is two years old, but only one man can claim to have ever won it.

Dan Gurney, who holds 13 of the 36 stock car records at the Riverside Speedway, won his second consecutive 500-mile here Sunday after nabbing the lead in the 35th lap.

The 29-year-old Costa Mesa (Calif.) driver is richer by \$18,385 for his effort and should be a completely happy man.

But, after the race Gurney learned that Joe Weatherly, a long-time friend, had been fatally injured in a spectacular crash in the 76th lap of the 187-lap race.

Pancoat To Join UF Staff

TAMPA (UPI)—University of Tampa head football coach Fred Pancoat will become offensive end coach at the University of Florida next season, Florida Coach Ray Graves said Monday.

Pancoat played quarterback for Tampa from 1949 through 1952. In 1956 he was assistant to Coach Marcelino Huerta and when Huerta left two years ago Pancoat took over as head coach.

Tampa has not announced a replacement.

SEC May Raise Player Limit

ATLANTA (UPI)—Southern Conference Commissioner Bernie Moore thinks his Group probably will increase its controversial limit on athletic scholarships but warned that unless costs are controlled, college administrators may demand a new curb on football substitutions.

Moore arrives here today for the annual SEC meeting which begins on a social note this evening and could run through Saturday morning.

"I don't know how the conference will vote on the problem of increased grants-in-aid," he said. "I haven't taken a poll. I don't really feel that there is any strong feeling and that most members haven't made up their minds."

Georgia Tech, one of the 12 members, wants the over-all limit on football and basketball scholarships changed from the present 140 ceiling to a limit of 40 or 45 a year. With red-shirting, this could mean from 200 to 225 athletes in school with grants-in-aid at one time.

Tech athletic director Bobby Dodd has even gone as far as to indicate that unless the scholarship limit is raised, his school may withdraw from the conference and go independent.

Remove Food Stains From Carpets

Food and beverage spills threaten to mar carpets and rugs. However, the damage need not be permanent if you act promptly and use the right first-aid treatment.

There are two simple, inexpensive, homemade formulas for removing many food spots except those caused by butter and other fats. Oily stains should be treated with nonflammable dry cleaning fluid only.

To make formula 1, combine a neutral detergent and lukewarm water. The recommended proportion is one teaspoon of detergent to one cup of water. For formula 2, use one-half cup of white vinegar mixed with one and one-half cups of lukewarm water.

To prevent permanent stains from beverages like coffee, tea, fruit juice or punch, wipe up the excess liquid promptly. Apply formula 1 to the area, making sure the sponge or cloth applicator is just damp, not spongy wet. Follow this by sponging with clean water and blotting it up the excess. Then apply a little formula 2. Again, sponge the area with clean water and blot of excess moisture. Dry as quickly as possible. An overdose may result in brown stains caused by soaking the carpet backing.

Virginia Warfel, Bride-Elect Feted At Miscellaneous Shower

Mrs. J. W. Dingman entertained Virginia Warfel, bride-elect, with a shower at her home on Myrtle Avenue Monday evening.

As guests arrived they placed gifts on a table under a large pink umbrella, lined in white and trimmed with a cluster of net puffs in the center and a matching puff on each point. Mrs. Dingman used her collection of unusual house plants in an interesting arrangement in the living room.

Games were played during the evening and African Violet plants were given as prizes to Mrs. Whitmore, Mrs. Holloway, Mrs. Gardner and Betty Glenn.

The refreshment table was covered with a white cut-work linen cloth and held a crystal epergne filled with pink and white flowers and pink tapers. Party sandwiches, petit fours, coffee, nuts and mints were served to the guests.

Invited to attend the party were Meses. E. E. Walker, Garvin Harden, Ruth Long, Edson Goyt, George Eick, Gertrude Gilbert, Bill Glenn, D. H. Whitmore, Muriel Gardner, A. D. Holloway, W. A. Fessler, Max Bass, J. St. Clair White, Vernon A. Davis, T. B. Middleton, Roy Howell Jr., G. Rogers, Helen DuPuis,

R. D. Dekle, Georgia Redd, Marvin Warfel, mother of the bride and Ruby Calder, Marjorie Grimm and Cheryl McQuatters.

VIRGINIA WARFEL, bride-elect, (center) is shown opening her gifts received at a shower given for her by Mrs. J. M. Dingman. Her mother, Mrs. Marvin Warfel (right) and Mrs. H. D. McQuatters, mother of the bridegroom-elect, assist her.

Gamma Lambda Chapter Hosts Sorority Luncheon

Gamma Lambda chapter members were hostesses for the all-chapter, Beta Sigma Phi sorority, annual luncheon Saturday at the Imperial House.

Mrs. Joe Corley, chapter sponsor, and Mrs. J. W. Carter, ways and means chairman, were chairmen for the luncheon. The main table was decorated with a centerpiece of yellow roses in a black container, sorority colors.

A fashion show of furs, narrated by Morris LaBellman, was presented. Stoles, jackets and full length coats, ranging from black diamond to

breath-of-spring, were seen and LaBellman explained the proper care of furs. The highlight of the show was a coat purchased in 1865, in perfect condition, and just acquired by LaBellman. The coat has been handed down four generations.

Mrs. Don Hamner presided and welcomed the special guests, sponsors of all chapters, and past sponsors of Gamma Lambda. Mrs. William Fleming, first sponsor of Gamma Lambda, Mrs. Phillip Bach, Zeta XI sponsor, Mrs. W. R. Jennings, Phi Gamma Eta sponsor, Mrs. Madeline Scott, first president of Gamma Lambda and a charter member of the chapter, Mrs. Evelyn Kiecklighter. All past presidents of the hostess chapter and chapter presidents were recognized.

Dorcas Class Meets With Mrs. David

Mrs. Ray Williams conducted the business meeting for the Dorcas Class, First Baptist Church, at the home of Mrs. J. G. David on 10th Street Monday evening.

The group captains, Mrs. T. W. Mero, Mrs. J. R. Hudson, Mrs. Carl McWhorter and Mrs. R. S. Daniels discussed plans for exchanging groups several times a year to stimulate interest.

"Love, a Language Everyone Understands" was the subject of an interesting devotion by Mrs. Charles Robinson.

Mrs. David served refreshments to those attending: Meses. Garfield Walker, W. J. Brooks, William Tanner, Leo Watson, William Malczowski, Tom Fulton, John O'Donnell, W. A. Thomas, E. Smith and Mrs. John Walker. Mrs. Eugene Pennington was a guest.

Charity Ball Planned By Elks For Saturday

The Elks Club will be a gay and festive place Saturday night. The 24th annual charity ball of the Sanford Elks Lodge 1241 is scheduled for 8:30 p.m.

In the receiving line with Pete Bowersox, exalted ruler, and Mrs. Bowersox, will be Stephen Androsko, chairman of the ball, and Mrs. Androsko, Gene Walters, co-chairman, and Mrs. Walters.

Vine Vincent and his orchestra will provide music for dancing. The public is invited to attend this social event and reservations may be made by calling Bud Moughton, reservation chairman.

Steve Mason, brother of the bridegroom was best man.

Mrs. Woodard chose for her daughter's wedding a three-piece raspberry-pink wool suit and a corsage of blue carnations.

Altamonte.

Methodist Women Plan Mission Study

The Woman's Society of Christian Service, First Methodist Church, will have a mission study in February. The subject will be "The Christian Mission in Southern Asia."

The first session is scheduled for Feb. 4 at the general meeting when Mrs. R. U. Hutchison will be in charge of the program. At that time Mrs. M. B. Smith will introduce the study book, "Christian Issues in Southern Asia."

At the conclusion of the business and program there will be a tea. All women of the church are invited to attend.

The second session will be Feb. 12. At that time Rev. Herbert W. Goerss, pastor of the Lutheran Church of the Redeemer, will be guest speaker. Rev. Goerss, son of missionary parents, was born in India and will speak on life in that country.

A stamp can be removed from an envelope by applying lighter fluid to the inside of the envelope behind the stamp.

A piece of chalk in your jewelry box will keep your jewelry tarnish-free.

Mason, Woodard Vows Repeated

In a 10 a.m. ceremony, at the Congregational Christian Church, Jan. 18, Gayle Anne Woodard became the bride of Donald Glenn Mason. She is the daughter of Mrs. Verna Woodard. The bridegroom is the son of Mr. and Mrs. Forest L. Mason. The ceremony was performed by Rev. Walter McPherson.

For her vows the bride chose a pale blue and white wool suit with matching hat and shoes. She carried an orchid on her mother's Bible.

Mrs. Richard Schultz, sister of the bride, was matron of honor. She wore a pink dress over white with a blue hat and a corsage of blue carnations.

Mrs. Mason wore a black brocade sheath with a white jacket and a corsage of lavender carnations.

A reception was given, immediately following the ceremony, at the home of the bride for the immediate family and close friends of the

Mrs. Donald Glenn Mason

couple. The bride's book was kept by JoAnn Shields and Mrs. Kenneth McMurray served punch.

The newlyweds left for a short wedding trip and will reside in Key West where he is stationed with the U. S. Navy and will attend electronics school.

Mrs. Bethea New President Of Circle

Mrs. Walter Bethea was installed as president of the Ethel Root Circle, Congregational Christian Church, in a candlelight ceremony conducted by Rev. Walter A. R. McPherson in the church sanctuary.

Officers unable to attend, due to illness, are Mrs. Oscar Zittrower, vice-president; Mrs. Maurice Corbett, secretary-treasurer, and Mrs. Walter McPherson, chaplain.

A short business meeting was conducted, prior to the installation, by Mrs. A. M. Remusat, retiring vice-president. Plans were formulated for the Swedish Smorgasbord the circle will sponsor Feb. 22. General chairman of the event is Mrs. Harold Herbst and co-chairmen are Mrs. G. O. Nordgren and Mrs. Maurice Corbett.

The members were reminded of the Women's Fellowship meeting at Fellowship Hall Jan. 27 at 2 p.m., and Mrs. W. F. Burtiche, president of the Friendship League, spoke briefly about the meeting.

Refreshments were served by the hostess, Mrs. Bea Abford, assisted by Mrs. Robert Getman to: Meses. Bonnie Carter, Harold Herbst, Ralph Lossing, G. O. Nordgren, Clyde Stinson, A. M. Remusat, Edward Simpson, Walter Bethea, and guests, Mrs. Burtische and Rev. McPherson.

Don't Overlook Simple Way To Clean Furniture

One of the best ways of caring for furniture is so simple that it often is overlooked. Wash it!

According to Myrtle Wilson, home demonstration agent, washing is one of the best methods of completely removing dust, stains and old wax or polish that accumulates in time. Frequent washing is needed where furniture surfaces are exposed to sticky fingers or heavy deposits of dirt.

No matter whether the furniture is of wood, metal, cane or rattan, it can be washed. However, some special techniques and precautions are necessary in doing the job.

Work on a small area at a time. Go over soiled spots with a sponge or cloth dipped into warm soap or detergent suds and wrung as dry as possible. Wipe quickly with a clean, damp sponge or cloth and follow with a clean, dry cloth. When the furniture dries it

is ready for a fresh coat of wax.

On furniture with a natural finish (except shellac), a cleaner-conditioner made of one quart hot water, one tablespoon of pure spirits of gum turpentine to three table-spoons boiled linseed oil cleans the surface and helps lengthen the life of the finish too.

When using this conditioner, pour hot water into a cup. Shake the cleaner-conditioner mixture and pour enough into the cup of water to cover the surface. Dip a cloth into the mixture and apply to a small area.

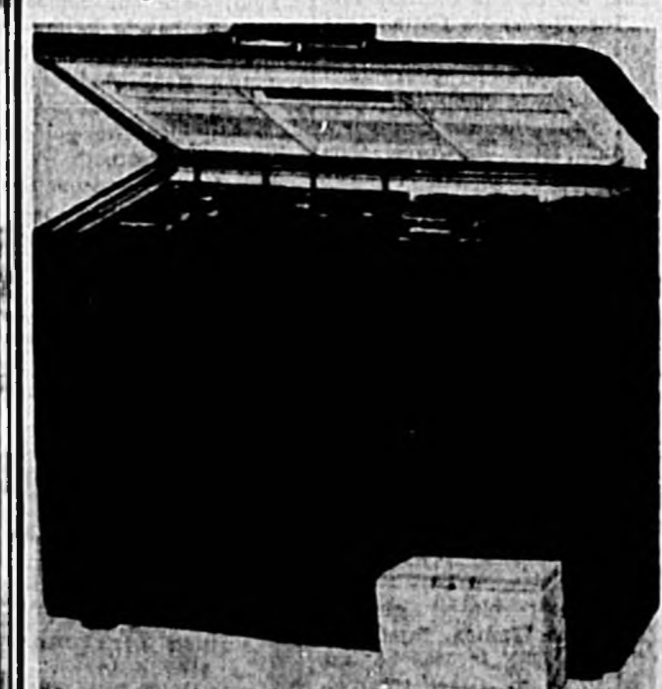

Keep the moisture away from joints. Rub the surface. A toothbrush is best on grooves and carvings.

Take that broom you were about to throw away, cut the bristles off and then use an old felt hat, scrap of flannel or carpet around the "bushiness" and you have a perfect wonderful floor polisher.

Homemakers

Mrs. H. L. Johnson This cold weather makes you want to have soup for a "warmer up" doesn't it? Lets try a few different varieties.

CREAM OF CARROT SOUP
1 bunch carrots
2 tbs. butter
1 tbs. chopped onion
1/4 cup flour
1 1/2 cups evaporated milk
1 teas. salt
Scrape carrots, slice and cook in 2 1/2 cups boiling water until perfectly tender drain, saving water. There should be about 2 1/2 cups, if less, add fresh water. Put carrots through ricer or food mill. There should be 1 1/2 cups sliced carrots. Melt butter, add onion and cook until soft. Blend in flour, then evaporated milk and water from carrots; stir over direct heat until mixture boils and thickens. Now stir in carrots and salt and reheat. Serve piping hot with crisp crackers. Serves 5.

TOMATO AND CABBAGE SOUP
1/4 cup butter
1/2 cup flour
12 oz. can tomato juice
1 slice onion
1 teas. salt
1 tbs. sugar
1 1/2 cups evaporated milk
2 1/2 cups finely chopped cabbage cooked in 1 1/2 cups water

Melt butter and blend in flour, add tomato juice and stir over low heat until mixture boils and thickens. Add onion, salt and sugar to evaporated milk, and heat separately in top of double boiler over hot water. Just before serving strain out the onion and add cabbage and water in which cabbage was cooked. Slowly stir in the tomato mixture into the milk and cabbage. Serve immediately. 5 servings.

QUICK RUTABAGA CHEESE SOUP

2 cups grated raw rutabaga firmly packed. (1 lb.)
2 cups boiling water
2 tbs. bacon drippings
3 tbs. flour
1 1/2 cups milk
1 chicken bouillon cube
1/2 lb. sharp cheese, grated (1 1/2 cups)
1/4 teas. salt
1/4 teas. seasoning salt
1/4 teas. sugar
1 tbs. chopped parsley
Cut rutabaga in 1-inch slices. Pare slices and grate on a medium coarse grater. Place in saucepan with the boiling water and cook, uncovered until just tender about 8 minutes. Heat bacon drippings in another saucepan, blend in flour, add milk and cook with constant stirring until the sauce boils and thickens. Then add rutabagas and cooking water, and stir in bouillon cube, cheese and seasonings. Stir while rebasting to serving temperature. Sprinkle each serving with parsley. Serves 4.

A buying tip: Carrots usually come in small plastic bags. Be sure to examine bags and feel carrots. They should be firm—never soft enough to bend—and have a bright color with no dark spots. Medium sized carrots are better than great big carrots or very small ones.

Give feed tea or lemonade a festive look with fruit kabobs—fresh fruits strung on a sipper.

Save dill pickle juice for making dilled carrots and celery sticks for an appetizer tray. Drop sticks of carrots and celery in pickle juice and let stand several days. Low calorie, too.

The greatest of chefs always have been artists in flavoring with herbs. The secret is in using just enough so that you don't taste the herb itself. Use only enough to heighten flavor. A safe quantity to start with is 1/4 teaspoon. Then your taste and your family, after a little practice, will tell you how much. Once you use the common ones such as thyme, parsley, sage and marjoram, you'll be anxious to try others.

Everyone loves French fried onion rings, but did you ever try French fried green pepper rings? Delicious! Dip pepper rings in milk, then in seasoned flour. Fry in deep, hot fat until brown. Drain, sprinkle with salt.

For a delicious nut-like flavor, crumble fine a few yellow cheese crackers and

Safety Pays As You Do Chores At Home

Use common sense while you are doing your housecleaning so you can get through the job without mishaps, says Myrtle Wilson, Home Demonstration Agent. Don't try to hurry and for goodness' sake, take a break when you feel tired. Trying to beat the clock is like violating a speed limit when you drive. You take stupid chances, and one moment of bad judgment can bring disaster.

Dress sensibly for your cleaning chores. Wear good-fitting shoes with low heels. If you work in a dress, it should be simple, without gaping pockets. The skirt should be moderately full—not so full that it will catch on things, to pull them over, and not so tight that it will restrict your movements. Flimsy, fluttering aprons and flowing sleeves may prove to be a fire hazard. Remember, too, that plastic aprons are very heat-sensitive and melt rapidly when they come into contact with a flame.

Don't use carbon tetrachloride, gasoline, benzene or kerosene for cleaning. If you use turpentine or naphtha, don't use it near an open flame. Don't dry clean clothes or household effects indoors. Paint only in well-ventilated rooms. Never use any combustible cleaning product, either clear or mixed with water, in an automatic dryer or combination washer-dryer. The fumes will explode when the temperature gets high enough in the dryer drum.

Don't put articles containing foam rubber in an automatic dryer because heat will be retained in them for a long time. Even a small amount of heat can cause this material to ignite. Some safety tips are so obvious that it seems a waste of time to mention them. Yet many homemakers break them and have been lucky—how about you?

Mark Jakubcin Celebrates Birthday At Family Party

MARK JAKUBCIN

Mark Jakubcin celebrated his fourth birthday with a spaghetti supper at the home of his parents, Mr. and Mrs. F. A. Jakubcin in Slavia. The white birthday cake was trimmed in yellow and green with a brown coral and horses and cowboys. IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA. IN CHANCERY NO. 12334 NINTH FEDERAL SAVINGS AND LOAN ASSOCIATION OF NEW YORK CITY, Plaintiff, vs. ROBERT B. KURVIN and JESSIE S. KURVIN, his wife, Defendants. NOTICE TO DEFEND: YOU ARE HEREBY NOTIFIED that a suit to foreclose a Mortgage has been filed against you in the above Court by the above named Plaintiff. The property sought to be foreclosed is as follows: Lot 65, LONGDALE SUBDIVISION, according to the plat thereof recorded in Plat Book 13, Page 68, of the Public Records of Seminole County, Florida. YOU ARE REQUIRED to file your Answer with the Clerk of the Court and to serve a copy upon the Plaintiff's Attorneys, FRIED & NATHANSON, 219 South Washington Avenue, Titusville, Florida, not later than February 10, 1964. If you fail to do so, a decree pro confesso will be entered against you for the relief demanded in the Complaint. WITNESS my hand and seal of said Court at Seminole County, this 17th day of January, 1964. (SEAL) Arthur H. Beckwith, Jr., Clerk of Circuit Court, By: Martha T. Viblen, D.C. LAWYERS: FRIED & NATHANSON, 219 South Washington Avenue Titusville, Florida. Publish Jan. 16, 23, 30, 1964. CDQ-23

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA. IN CHANCERY NO. 12345 HOLLOWAY MATERIALS CORPORATION, a Florida corporation, et al., Plaintiff, vs. WILLIAM E. MULLINS and LULA MULLINS, his wife, NOTICE OF MASTER'S SALE NOTICE IS HEREBY GIVEN that the undersigned, as Special Master under and by virtue of the Final Decree heretofore entered in that certain cause pending in the Circuit Court of the Ninth Judicial Circuit of Florida, in and for Seminole County, Florida, in Chancery No. 12345, in which Holloway Materials Corporation, Central Florida Lumber & Supply Co., and Box Virginia are Plaintiffs, and William E. Mullins and Lula Mullins, his wife, are Defendants, under and by virtue of the terms thereof, will offer for sale and sell at public outcry to the highest and best bidder for cash at the front door of the Courthouse of Seminole County, in the City of Sanford, Florida, on the 27th day of February, 1964, at 11:00 o'clock A.M., the same being a legal sales day and the hour a legal hour of sale, the following described property situate in Seminole County, Florida: Lot 6, Block 4, HENSON'S ACRES, according to the plat thereof as recorded in Plat Book 9, Page 39, of the Public Records of Seminole County, Florida. The said property as aforesaid, together with all the tenements, hereditaments and appurtenances thereto belonging or in anywise appertaining, being sold to satisfy said decree. Dated this 17th day of December, 1963. Albert N. Fitts Special Master in Chancery Publish Jan. 2, 9, 16, 23, 1964. CDQ-27

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT OF FLORIDA IN AND FOR SEMINOLE COUNTY, CHANCERY NO. 12346 THE NORTH ORLANDO COMPANY, a Florida Corporation, Plaintiff, vs. BERNARD G. KING and DOROTHY D. KING, his wife, Defendants. NOTICE OF SUIT IN MORTGAGE FORECLOSURE TO: BERNARD G. KING and DOROTHY D. KING, his wife, WHOSE RESIDENCE IS BUFFALO, ERIE COUNTY, N. Y. 14208, and WHOSE ADDRESS IS 2510 HARLEIGH ROAD, BUFFALO 15, N. Y. YOU ARE HEREBY NOTIFIED that a Complaint to foreclose a certain mortgage encumbering the following described real property, to-wit: Beginning at a point which is the southerly line of the Longwood-Oviedo Road and the easterly line of Moss Road, running thence easterly along the southerly boundary of said Longwood-Oviedo Road to the center line of Celery Avenue as shown in plat of Entangling Farms Addition Number 2 as recorded in Plat Book 1, at page 8 of the public records of Seminole County, Florida; thence southerly along the center line of Celery Avenue to the south right of way line of said Longwood-Oviedo Road as shown by said plat of Entangling Farms Addition Number 2; thence southerly along the said south right of way line a distance of 34.04 ft.; thence northerly perpendicular to the last described course for a distance of 26.00 ft.; thence northeasterly perpendicular to the last described course for a distance of 14.00 ft.; thence easterly along said westerly right of way line of Hayes Road to a point at the intersection of the southerly line of Longwood-Oviedo Road; thence westerly and 14.00 ft. from said point to the southerly line of said Longwood-Oviedo Road; thence westerly and 14.00 ft. from said point to the southerly line of Moss Road; thence east 90 degrees for a distance of 31.00 ft.; thence north 90 degrees for a distance of 10.00 ft.; thence north 90 degrees for a distance of 27.33 ft. more or less to the point of beginning, the above contains approximately 180 acres more or less. has been filed against you in the above-styled suit, the short title of which is THE NORTH ORLANDO COMPANY, Plaintiff, versus BERNARD G. KING and DOROTHY D. KING, his wife, Defendants, and you are required to serve a copy of your Answer or other pleading to the Clerk of the Court, in and for Seminole County, Florida, at the office of the Clerk of the Court on or before the 17th day of February, A. D. 1964. If you fail to do so, a decree pro confesso will be taken against you for the relief demanded in the Complaint. This Notice shall be published at once in each issue of consecutive weeks in The Sanford Herald, a newspaper circulated in Seminole County, Florida. Dated the 17th day of January, A. D. 1964. (SEAL) Arthur H. Beckwith, Jr., Clerk of Circuit Court, By: Martha T. Viblen, D.C. LAWYERS: MACK N. CLEVELAND, JR. and HAROLD W. JOHNSON, Attorneys for Plaintiff, Suite 515 Sanford Atlantic Nat'l Bldg., Sanford, Florida. Publish Jan. 2, 9, 16, 23, 30, 1964. CDQ-31

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA. IN CHANCERY NO. 12347 NOTICE TO DEFEND: YOU ARE HEREBY NOTIFIED that a Petition has been filed in the above-styled cause by JOSEPH P. DAVIS and LOVEDY O. BROWN, his wife, for the adoption of ERNEST HUDSPETH, minor, and you are required to serve a copy of your answer or objections to show cause why said Petition should not be granted, if any, on the attorneys for Petitioners, STEVEN THOMAS DAVIS & MCINTOSH, Post Office Drawer 1230, Sanford, Florida, and file the original in the Office of the Clerk of the Circuit Court, in and for Seminole County, Florida, on or before the 17th day of February, A. D. 1964, and herein fail not, or a Decree Pro Confesso will be entered against you for the relief demanded in the Complaint. WITNESS my hand and seal of said Court in Sanford, Seminole County, Florida, this 10th day of December, A. D. 1963. (SEAL) Arthur H. Beckwith, Jr., Clerk of the Circuit Court, By: Martha T. Wide Range Of Songs Offered By Boychoir

By Dorothy Austin
Intensive training and meticulous attention to detail was much apparent in the performance of the Columbia Boychoir, Tuesday on the stage of Seminole High School.

Brought to Sanford under the auspices of the Mutual Concert Association of Seminole County, the talented youngsters are gathered from all over the country, and trained in Princeton, N.J. for their national tours.

Songs ranging through the works of Handel, Negro spirituals and the contemporary works of George Gershwin delighted the large audience, which included midshipmen from the Sanford Naval Academy as guests of the association.

One of the highlights of the concert was the presentation of a one-act comic opera by Franz Joseph Haydn, entitled "The Apothecary", which the young boys executed with deceptive ease, adding acting and dancing to their vocal talents.

In part three of the concert the choir took a break while concertmaster and director Donald Bryant played three piano pieces, Dances of the Gnomes, Consolation and La Campanella, all by Franz Liszt.

The final presentation in the Concert series for this year will be the famous and unusual puppet show, "Lord of the Internationals" which will appear here on February 10th. The show features some amazing effects in the world of puppetry, including rain, snow and fireworks, and an extraordinarily large cast of puppets, all activated by one man.

Seminole County concert members are reminded today by Association President Judge Vernon Mize that their memberships also entitle them to attend the concerts in Cocoa at the Cocoa High School auditorium.

Concerts scheduled the rest of the season in Cocoa include:

February 17th; "The Taming of the Shrew" by Players, Inc.
February 20th; "The Merry Widow," by the National Opera Company;
March 14th; Jose Molina and his Spanish Ballet;
April 18th; George Luckenburgh, renowned harpsichordist.

Geneva Neutrals Back LBJ Plan

GENEVA (UPI) — Neutral nations at the Geneva disarmament conference today expressed strong support for President Johnson's five-point plan to freeze strategic armaments.

Delegates from the eight neutralist nations represented at Geneva said the United States and Russia should begin concrete negotiations without delay.

The delegates welcomed the President's peace plan as a major constructive move and indicated they'll give it open support during the forthcoming talks.

The conference, which resumed Tuesday, scheduled a plenary meeting for Thursday morning.

The neutrals, who pushed hard for a nuclear test ban treaty at Geneva last year, indicated they planned to take a back seat for the time being to give the big powers time to consider detailed proposals.

Plastic Capsule

NEW YORK (UPI) — Probably the only plastic time capsule rests inside the cornerstone of an amphitheater in Bradstown, Ky. The 15-inch cylinder, made by Tube Plastics Inc., Chemtron Corp., affiliate, from industrial piping system parts, contains tributes from many persons in public life to Stephen Foster. Nearby stands "My Old Kentucky Home," which inspired the Foster ballad. Centennial observance of his death will take place this year.

LBJ Invited

WASHINGTON (UPI) — Florida's Democratic congressional delegation invited President Johnson Thursday to dine with them Feb. 27 at a \$100-a-plate fund raising dinner at Miami Beach.

ELLI YODER OF DEBARY AND LORING BURGESS of Sanford (second from left) are pictured purchasing Girl Scout cookies from Judy Tanner and Elaine Chapman (far right). Girl Scouts are now selling cookies at numerous locations throughout the county. (Herald Photo)

Landowners Urged To Order Seedling Pines Immediately

County Ranger Albert Harris today warned that time is running out for landowners to order seedling pines available through the Florida Forest Service if they wish to plant this year. Season ends in February.

Full information and details of the planting program may be had by calling Harris at the Longwood Fire Tower, 838-1229.

The following bulletin, issued by the Forest Service, explains, to some extent, the value of the pine forest in Florida's economic structure.

The pine — tall green backbone of a half-billion dollar industry in Florida — is an amazing tree.

And planted by the millions, as Florida farmers and landowners have planted this season, the result also is remarkable. At maturity, those planted pines open up new jobs in town, new homes go up, and retail sales increase.

A stand of mature pines is a kind of working capital. As those planted pines grow, so do opportunities in business and industry.

Of course there are few individual landowners who could plant enough pines to change the economic face of a community. Yet something of that effect is reached in any area when a number of landowners put a portion of their unused land to growing timber.

The single pine tree itself is noteworthy. For the chemical processes and engineering feats of the tree are wonders to behold.

Each tree's basic unit of life is the cell. Inside each cell is a nucleus which carries the chromosomes which guide the development of the tree. These cells serve as factories for manufacturing and utilizing needed substances.

The root of the tree, too, is a marvelous organ. The main root structure serves to hold the tree upright. But each tree also has tiny roots similar to hairs in size stretching out from the older and larger roots which serve as vital avenues.

The tiny hair-like roots finger around and through the soil absorbing moisture and nutrients — all part of the "factory."

Indeed, the whole process which turns an unused acre into woodland profit — with a minimum of investment and care — is remarkable.

Coral flourishes within 90 feet of the water surface, but usually does not grow below 150 feet, where light is poor.

ALICE DUNNETT demonstrated how to make decorative pins from copper wire at Tuesday night's South Seminole Junior High PTA program presented by the Practical and Fine Arts Department. (Herald Photo)

100 Families Trapped By Tumbleweeds

PALMDALE, Calif. (UPI) — Tumbling tumbleweeds may sound poetic when put to music, but the troublesome desert plants were cause for war Tuesday.

Fifty men armed themselves with pitchforks and battled a wall of tumbleweeds that had surrounded a home development, "trapping" about 100 families.

Strong desert winds were blamed for uprooting the tumbleweeds that swirled across the countryside and lodged against homes and garages at the Desert View Highlands tract on the west side of town.

Ohio ranks first among state of the Union in production of dolomite and limestone.

College Financing Explained To PTA

By Jane Caselberry
Guidance Director James Bowers presented the overall picture on college admissions, scholarships and financing at the Lyman High PTA Meeting held Tuesday night in the school auditorium.

Bowers told the parents that there is no reason, nowadays, with the many college scholarships, grants, aids and loans available from colleges, industry, banks and the Federal Government, that the conscientious student from even a family of moderate means should not be able to enter college.

The average cost of college tuition is \$1,840 a year and statistics show that the average student works to pay 25 per cent of the costs himself, 40 to 50 per cent comes from the parents' current income, 10 to 15 per cent from loans, savings or investments and 10 per cent from scholarships and awards.

He mentioned the co-op program sponsored by Martin Company, which allows a student to work alternate trimesters while attending the college with no obligation on the part of the student or the company for employment at the completion of his college education.

Long-term loans are available from most colleges at low interest rates as well as on-campus jobs for students who need them. When extending aid, colleges usually expect the student to earn \$300 during the summer toward his tuition.

Bowers also called attention to loans available through the National Defense Act which are made on the basis of need with preference given to the student of modern foreign languages, math, science or teaching.

These loans are not due until one year after the student leaves college and are paid back in 10 years at three per cent interest. Half of the loan is canceled if the recipient goes into the teaching profession.

He advised that students start making decisions as to college and the means of financing at least by the beginning of their senior year.

Rev. Edward Miller of the Altamonte Springs Community Chapel gave the opening devotion, speaking on the importance of assuming responsibility.

Principal Carlton Henley reported on the new activities at Lyman such as the Bowling Team now being organized under direction of assistant principal Ray Pharr and the Brain Bowl Team sponsored by Fletcher Cockrell.

A Leadership Council, consisting of club and class officers has been set up to promote better student-faculty relations and a better school program through the exchange of ideas.

The early history of the PTA was reviewed by James Birkenmeyer in honor of Founders Day ordinarily celebrated in February but commemorated at this meeting since the Lyman PTA has no meeting scheduled for next month.

An offering was taken to be contributed for support of State PTA work.

R. T. Millwee of the ways and means committee announced that the next PTA fund raising event will be a Variety Night scheduled for Friday, March 13, in the Lyman auditorium. Talented parents and teachers are being recruited to take part in what promises to be a rollicking evening of entertainment.

Mrs. James Birkenmeyer has been named to represent Lyman on the nominating committee of the PTA County Council.

Howard Babbitt, treasurer, reported a net profit of \$114 from the sale of Christmas cards.

Refreshments of doughnuts, coffee and punch were served in the cafeteria by the 11th grade mothers following the meeting.

The next meeting will be held March 17 and will include a panel discussion on the problems of parents and teenagers.

Retired Folks Hold Election

By Joan Magin
Members of the Chuluota Retired Folks Club named Verne Black as president at a recent election meeting of the group.

Other officers for the year are Wallace Adkins, vice president; Mrs. George Haig, secretary; Mrs. E. J. Buckley, treasurer and Mrs. H. Boswell, information secretary.

Meetings of the club are held at the Community Center on the third Thursday of each month beginning with a pot-luck supper served at 6 p. m. New members are always welcome.

President Warren G. Harding was the first U. S. chief executive to pay income tax, in 1923.

By Julian Stenstrom
Toss away your raincoats, friends. The Board of Control has spoken.

Nobody can say Seminole was not united. Nobody can say the county didn't put forth its best effort.

Of course, the board of control's action today is a recommendation to the Florida Board of Education. It does not mean that the proposed university will be put in Orange County. The Board of Education, which is composed of the governor and his cabinet members, must put its final stamp of approval on the site.

This is not to say they won't. But when it's so obvious that a Seminole site would serve all of east Central Florida it's our opinion that the Board of Education should give serious consideration to the surrounding counties and their desires to have the school placed on a site more accessible than any other.

Lee Gary wants it known that when the Board of Control visited Oviedo yesterday it was the City of Oviedo who entertained the Orange County Commissioners. Seminole Commissioners entertained the Board of Control.

Fred Van Pelt, our managing editor, reported from Orlando that no vote at all was taken on the Lake Ada site. This is certainly strange since this was the site endorsed by so many of the newspapers and other news media in this area, plus two county commissions.

Back to the goings-on in Seminole . . . final tryouts for the Lake Mary Chamber's talent show will be held Monday night at 7:30. Ticket sales, 'tis reported, are going well. The show will be held at Sanford Junior High Feb. 28.

We got a bottle of "Goldwater" from a nephew of our at Wake Forest. An attached note read: "Dear Unk: This is to get even with you for putting 'Lodge' on my Goldwater campaign buttons."

Remember that letter to the editor from "Teenagers of America" in The Herald earlier this week. We've got a reply. Look for it Monday.

We have to agree with Howard Long, a long time Sanford resident who used to be in the plumbing business, that the site where the County Home is located is one of the prettiest in U.S. 92 between Sanford and Orlando.

When all the past presidents of the Seminole JayCees talked yesterday, it was still Floyd "Pep Talk" Palmer who called on the young civic leaders of the area to stay on the ball and do even more for the community.

Before you make plans for Feb. 2, remember the Heart Fund's footcandy which is to be held at the Orlando-Seminole Fronton. And while we're reminding you about things, have you bought your Girl Scout cookies yet? If you haven't been asked, you must be in the hospital or in jail. The cookies are on sale everywhere.

Bob Shelden of Southern Bell called to say that it should be made clear if the metro phone system is approved Sanford area residents will also be able to call Winter Park toll free in addition to all Seminole county phones.

The Sanford Downtown Merchants Association will meet Tuesday at 3 p. m., in First Federal's caucus room. They're going to discuss the downtown parking situation. Glen McCall, association president, says "Every downtown business man and his business" should be represented.

Also Karlise Housholder has called the first quarterly meeting of the Board of Directors of the Seminole County Chamber of Commerce. It's to be convened next Thursday at 7:30 p. m., at the Sanford Civic Center. Put that one on your calendar now!

Board Selects Orange County Site

news... BRIEFS

Reds Up Ante

GENEVA (UPI)—The Soviet Union today raised the price for an agreement on banning the spread of nuclear weapons by insisting that France also take part.

'No Hand Out'

WASHINGTON (UPI)—President Johnson says his former aide Bobby Baker was "asking for nothing and as far as I knew expected nothing" from the \$81 stereo Baker gave him.

Florida Visitors

STUART (UPI)—Canadian Prime Minister Lester B. Pearson and Mrs. Pearson began a one-week to 10-day vacation in seclusion today at the exclusive Hobe Sound community on the Atlantic Ocean near here.

Bandit Slain

TAMPA (UPI)—One young gunman was shot down and his companion captured Thursday when they fled the suburban Exchange Bank of Temple Terrace carrying \$43,000 in cash—and ran into an arriving force of policemen.

No Smoke Screen

MIAMI BEACH (UPI)—Cigarette manufacturers have the major responsibility in not giving youngsters the impression that smoking is fashionable, a National Association of Broadcasters board said Thursday.

Nixon 'Runs'

NEW YORK (UPI)—Former Vice President Richard M. Nixon practically stepped into the conch shell Thursday night by announcing he would accept a draft for the Republican presidential nomination.

Sukarno Refuses

LONDON (UPI)—Atty. Gen. Robert F. Kennedy said on arrival from his Far East peace mission today that Indonesian President Sukarno refused to promise him to give up his opposition to British-backed Malaysia.

U. S. Willing

WASHINGTON (UPI)—President Johnson says the United States is willing to discuss with Panama any issues dividing the two nations, presumably including the canal treaty, 30 days after diplomatic relations are restored.

Skeleton Found

ST. PETERSBURG (UPI)—A human skeleton was found Thursday night by a 15-year-old youth walking through a heavily wooded area in south St. Petersburg.

HAROLD H. KASTNER, (seated) illustrious Potentate of the Bahia Temple, installed officers at Thursday night's meeting of the Sanford Shrine Club. Approximately 250 Shriners and their ladies attended the affair at the Mayfair Inn. Standing (left to right) are Directors W. E. Kirchhoff and James I. Smith, Treasurer Al Skinner, President Roy G. Williams, First Vice President Leroy C. Robb, Secretary R. C. Whitmore, Director Joe Corley, Second Vice President Ralph B. Wright II, and Director Speedy Willis. (Herald Photo)

Snow In Plains; Rain In South

By United Press International
A blizzard swept the North-central Plains today and freezing sleet spread southward across the Midwest. Thunderstorms skirted down the Mississippi Valley and along the Gulf Coast.

Heavy snow warnings were posted from the Dakotas to Michigan. Traffic conditions grew more treacherous by the hour. The storm slammed the Dakotas with up to four inches of fresh snow. Blowing and drifting was widespread from the Dakotas through Northern Minnesota.

Thunderstorms dumped 1.07 inches of rain in six hours at Columbia, Miss., and amounts of more than an inch were reported across the Gulf Coast states.

Reuther Hits Excessive Overtime

CHICAGO (UPI)—United Auto Workers President Walter P. Reuther, backing President Johnson's plea to industry to hire more workers instead of paying overtime: "It is scandalous that millions of workers put in excessive overtime hours while others can't find jobs."

Benefit Dinner

The Men's Club of the Casseberry Community Methodist Church will sponsor another of their "all you can eat" roast beef dinners at the church this Saturday from 5 until 7 p. m. Proceeds will be used to buy equipment for the Sunday school rooms.

Two Children Die In Fire

TAMPA (UPI)—Two children burned to death near here late Thursday night in a fire caused by an explosion in a wood stove.

\$6 Million NAS Bill Offered

Congressman Syd Herlong reported this morning that the Defense Department has sent to Congress a bill for military construction amounting to slightly more than \$6 million for various improvements at the Sanford Naval Air Station.

Benefit Dinner

The Men's Club of the Casseberry Community Methodist Church will sponsor another of their "all you can eat" roast beef dinners at the church this Saturday from 5 until 7 p. m. Proceeds will be used to buy equipment for the Sunday school rooms.

Pigott Announces For Superintendent

Jim Pigott, Seminole High School's football coach for the past seven years, today announced his candidacy for the office of superintendent of public instruction. He is the first to announce for this position.

Pigott, 43, holder of bachelor of arts and masters degrees in education from the University of Florida, declared that there are two primary reasons for his decision. He explained: "I have a deep-seated desire to use my special education and talents to serve the people of Seminole County, particularly young people. Also, I wish actively to oppose any referendum vote in this county which would make the office of superintendent of public instruction an appointive office."

"I am convinced that the person who holds this office should be elected by the voters since they are the people who must finance our county school system."

Pigott, born in Ellenton, Manatee County, said he was fully certified in both elementary and secondary administration and supervision, social studies, driver education and physical education. He holds a Rank I teaching certificate, highest granted by the State Department of Education.

Highway Tolls Top \$9 Million

TALLAHASSEE (UPI)—Florida collected a record \$9.3 million last year from its toll roads and bridge toll projects.

The Road Department said Thursday the take was \$1.2 million above the total for 1962, which set the previous record. The traffic total was 51.7 million vehicles, also a record and up 6.7 million over 1962.

The Sunshine Skyway over lower Tampa Bay was the biggest producer of revenue with its total of \$2.1 million.

Adamucci Plot Chosen As Compromise

By Fred Van Pelt
ORLANDO — Hopelessly deadlocked between the Lake Ada site in Seminole County and the Bluestone site in Orange County, the State Board of Control here this morning compromised and selected the Adamucci site for the proposed East Central Florida University.

The Adamucci site is owned by Tony Adamucci of New Jersey, as principal owner, with eight or 10 owners of adjoining tracts to comprise the 1,000 acres offered by Orange County.

The site lays on the east side of SR 320 with the Orange-Seminole County line as the northern boundary. It is less than five miles south of Oviedo.

The Board took four votes before a compromise vote on Adamucci.

Charles Forman of Ft. Lauderdale moved for the Martin site south of Orlando and this was defeated on a 3-3 vote. Chester Whittle of Orlando moved for the Adamucci site and this was voted down, 3-3. John Pace of Pensacola moved for the Tusawilla site and this was voted down, 3-3. Forman again moved for the Martin site and again it was defeated 3-3.

Gert Schmidt of Jacksonville moved for a second vote on the Adamucci site and it carried, 5-1. Dr. Wayne McCall of Ocala then changed his vote to the Adamucci site to make it a unanimous 6-0.

Chairman Baya Harrison pointed out that this recommendation by the Board of Control must be approved by the State Board of Education.

He also said that there are much details to be worked out, such as Orange County obtaining title and also there must be soil boring tests.

In view of these statements by Harrison, and because of the proximity of the Tusawilla site in Seminole County, the Board indicated that if the Adamucci site is not delivered it will give next consideration to the Tusawilla site.

At the opening of the meeting, Forman, an ardent advocate for the Bluestone site, said he did not propose this morning to deadlock the board again. He continued to speak for the Bluestone site but there was no vote on that tract this morning.

Schmidt continued that he still favored Lake Ada this morning but there was no vote on the Sanford site. Also, Pace expressed himself, that he believed Lake Ada to be the best site. He continued that he could not see placing the university south or west of Orlando.

Harrison said he wanted the university to be near the population center, that he was in favor of Lake Ada but now he is glad of the Tallahassee deadline on Jan. 10, which provided this new, flexible choice.

Harrison said that early this morning he routed out of bed Forrest Kelley, board architect, and they made a tour of the Adamucci site. He said they drove out east Highway 50 to the site and found it to be 20.9 miles from his downtown hotel here and in 25 minutes driving time. He said he would vote against the Martin site and he did.

Five minutes after the meeting adjourned, Harrison received a telegram from the General Electric Company at Daytona Beach asking that the board give every consideration to its employees and staff and place the university in Seminole County.

Senator Mack Cleveland and James P. Avery Jr., chairman of Seminole County Commissioners, after the decision expressed for all of Seminole County appreciation for the Board of Control's consideration of Seminole sites and pledged full cooperation for the future.

New Orange

GAINESVILLE (UPI)—The University of Florida's agricultural extension service announced today it has developed a new orange by crossing a tangelo and a tangarine.

EDITORIAL COMMENT Let's Dial Unity

Next week Sanford area telephone subscribers will get an opportunity to make a decision of major importance to the future of Seminole County.

The growth of the northern and southern sections of the county is leading Seminole into two geographical areas. To forestall the possibility of further sectionalism creeping into the business, professional and political life of the county, several steps must be taken.

The initial step to be taken is to solve the problem of communications.

Telephone subscribers in the northern area are served by the Southern Bell Telephone Company and southern subscribers are served by the Winter Park Telephone Company. This situation means toll charges on calls between the areas.

The Seminole County Chamber of Commerce has obtained an agreement by the two companies to establish a metropolitan telephone system which will enable any Seminole telephone subscriber to dial toll free any other telephone in the county, plus Winter Park.

The system will be put into effect approximately 15 months from now if Southern Bell subscribers will agree decisively to a slight increase in rates. Basic rates for business phones would be raised \$1.50 while residential rates for private lines would be increased 50 cents, two party phones 40 cents and four-party phones 30 cents.

The slight increase, however, will enable Sanford subscribers to dial toll free some 35,000 phones instead of the present 15,000 phones.

The Herald joins county-wide business, professional, governmental and civic organizations and leaders in soliciting a most decisive approval of the proposed metropolitan system.

The slight increase in rates will be more than offset by the tremendous increase in the number of phones which can be dialed toll free. The system will unify the county and go far to eliminate sectionalism.

Divided the county can grow only in spite of itself. United the county can grow into a community which will be able to take its rightful place among the leading counties of Florida.

Further steps toward unification, progress and development of our economy depends upon the unification of communications. The Herald urges you to make your decision in favor of the Metropolitan Telephone System.

Seminole must have it.

Tech Quits SEC

ATLANTA (UPI)—Georgia Tech today resigned its membership in the Southeastern Conference.

Conference President J. Wayne Reits, president of the University of Florida, announced through Commissioner Bernie Moore that the Engineers, charter members of the 33-year-old league, withdrew even before a controversial scholarship limit was discussed.

Tech's departure from the SEC is effective June 30. "Georgia Tech's interest is apparently being served by withdrawal from the conference," Moore read from a handwritten statement by Reits.

"The issue was over an overall limit on scholarships," the statement continued. "Georgia Tech wanted to remove the limit and the conference membership does not want to remove the limit."

Moore said that Tech President Edwin D. Harrison spoke to an executive session of the presidents of the 12-school conference for barely a minute and a half. Moore said Harrison offered to leave the meeting but that Reits ruled that since Georgia Tech would still be in the conference until June 30, Harrison should stay.

"Nobody said a word," Moore said. "The scholarship limit hadn't even come up yet." Asked whether there would be any change in the situation if the conference presidents should surprisingly vote in favor of changing the grant-in-aid rule, Moore said "that's pure speculation. I can't comment on that."

Tech has long wanted to get rid of the limit of 140 scholarship athletes at any one time.

Foot Sore

HOUSTON, Tex. (UPI)—Ted Clayton Jr., 23, shot himself in the right foot Thursday when cleaning his scatter-gun. It was the same foot he shot up last Friday on a squirrel hunt.

Business Now Mostly A Numbers Game

DES MOINES, Iowa (UPI)—"The 484-07439 80339 283-1313 515 Co." was formed Thursday to write letters to the federal government and the telephone company. The name is made up of the Social Security number, zip code number, telephone and telephone area code number of its president and founder, Robert Hullivan.
