

# Compromise Ends Vote Record Battle

MONTGOMERY, Ala. (UPI)—Agents worked hard today in preparation for a new Federal Civil Rights Commission hearing into alleged discrimination against Negroes.

The investigators moved swiftly after they must complete their examination of voting records before Friday under terms of a "compromise" agreement reached Monday between the commission and the state.

The state withdrew its defiant

charges that the commission has no right to examine the records. The federal agency agreed not to force Circuit Judge George Wallace and five rebellious registrars to testify at a Friday meeting of the commission's sub-committee.

Specifically, the agreement said: Commission agents have the right to inspect official voter registration records in Barbour, Bullock and Macon counties to the extent they are relevant to the commission's inquiry and in a

manner consistent with proper preservation and use of the records by state authorities. The inspection should be carried out in various counties and places where the records are kept.

The examination "shall not interfere with the proper judicial processes of the state of Alabama."

Inspection of the records should be completed before Friday. Jurisdiction of the case remains in the hands of the U. S. district court here.

The surprise agreement was signed by Federal Judge Frank M. Johnson Jr.

The Montgomery chapter of the White Citizens Council Monday said President Eisenhower should apologize to Alabama, now that the state has agreed to let civil rights investigators see voting records.

"An apology is due Alabama from President Eisenhower and everyone who has been crying that Alabama registration officials acted in a manner, treating all citizens equally and impartially."

Gov. elect John Patterson, who had denounced the commission's earlier action as a "rank invasion of state rights," along with his legal counsel issued a statement which said a coalition where-into the state of Alabama and its public officials.

"We have nothing to hide and our public officials have performed their duty in a legal and proper manner, treating all citizens equally and impartially."

Justice Department lawyers said: "The order represents a sincere and cooperative effort on the part of counsel and the parties concerned to reach a solution where-into the rights and obligations of the United States and the state of Alabama are accommodated."

# Backyard Squabble Climaxes In Death

McDAVID, Fla. (UPI)—A backyard squabble between neighbors ended in the savage slaying of a 41-year-old widow's throat late Monday, authorities reported today.

Sheriff Emmett Shelby said Mrs. Nune Smith died almost instantly after her next-door neighbor allegedly cut her throat with his pocket knife. Her body was found slumped against the wire fence separating their houses.

Held on first degree murder charges was Luther Ray Smith, 32, in relation to the victim.

Investigators said the two apparently had been quarreling for several days. They exchanged heated words last Friday, a load of wood which Mrs. Smith piled against her neighbor's fence in the same backyard where she was killed.

Smith himself notified the sheriff's office of the widow's death. Patrolman J. D. Rigby said Smith told officers he became enraged Monday afternoon because the widow cursed Smith's wife, who was bedridden.

"When she said that, I just went blank and really don't know what happened," Smith was quoted as saying. He also told them the woman struck him with a board before he drew his knife.

# 35 Dead, 130 Hurt In Congo Rioting

LEOPOLDVILLE, Belgian Congo (UPI)—New street fighting erupted today despite concerted efforts by white and Negro troops to end rioting which has killed 35 persons and injured more than 130 this week.

Several leaders of the anti-white rioters have been arrested, and warrants have been issued for the arrest of others.

A white paratroop battalion, flown in from Kamina, joined Negro troops in breaking down barricades thrown across the streets by the rioters. The soldiers used gas to disperse mobs at several points, but there was no immediate report of new casualties.

It appeared that in most cases the troops fired into the air over the heads of the rioters.

Mobs surged through the streets of the native quarter, shouting such slogans as "Belgians, go home!"

Gov. Gen. Henri Bousman said all of those killed and more than 100 of those injured in the rioting were Negroes. Twenty-eight white men were reported injured.

Most of the rioters were Abako tribesmen from the lower Congo. About 60,000 Abako men work in the east near Leopoldville, and their votes made Arthur (Pini) mayor of the city's Kalamu district in the Congo's first municipal elections last year.

# Officials Probing Big Fire In Tampa

TAMPA (UPI)—Firemen probed the charred interior of a two-story office building here today, seeking the cause of a 600,000 fire that left a total loss and slightly injured four fire-fighters.

The Morgan Building, which housed some offices of the General Telephone Co., smoldered for almost four hours Monday when flames were hindered by its box-like, windowless concrete walls that barred them from the source of the fire.

Fire Marshal Joe Gomez said the blaze began on the second floor, but that its cause could not be immediately determined. However, he said there was a possibility it was started by a piece of air conditioning equipment.

Not until a tree hook and ladder rig were used, in the scene could firemen get water into the center of the building. Firemen chopped holes in the roof and poured tons of water through them.

Four firemen were overcome by smoke when they tried to reach the flames in the smoke-filled interior during the early stages of the battle.

# Jewels In Garbage Rescued At Dump

SARASOTA, Fla. (UPI)—Combining haystacks for needles is pleasant and easy compared to what several men went through Monday.

Their was the final act in the saga of the \$3,000 pall of garbage. Mrs. John M. Tiller, who resides on nearby Siesta Key, has a habit of changing the hiding place for her jewelry.

Saturday, she stuffed the valuables into a paper bag and dropped the bag into her kitchen garbage pail, figuring this was the last place a thief might look.

Along came another member of the household and, not being privy to Mrs. Tiller's procedure, set the pail out for the collector.

The collector doesn't normally cover that neighborhood on Saturday. But he did that day.

The job of ferreting the jewels out of the city dump fell to a crew of county prisoners. The search was a success.

# Barge Hits Ferry, 18 Persons Hurt

NEW YORK (UPI)—Eighteen persons were injured Monday night when a ferry boat carrying 1,800 commuters from Manhattan to Staten Island was rammed broadside in New York Harbor by a gasoline barge cast adrift by pale-force winds.

Thirteen of the injured were treated at a Staten Island Hospital for cuts and bruises, while the other five declined medical treatment.

# U. S. Agents Plan To Seize Big Arms Cache In Georgia

ATLANTA (UPI)—Federal agents planned to seize today a huge cache of anti-aircraft cannon and small arms linked to a Georgia Tech student aviation enthusiast visiting in Cuba.

Sheriff's deputies Monday found the store of 20 millimeter cannons, English automatic rifles and ammunition and explosives hidden in a deserted cabin in Henry County about 20 miles from here.

Supervisor Roy E. Kelly of the U. S. Alcohol and Tax Division of the Internal Revenue Service said the weapons would be confiscated under the Federal Firearms Act.

Kelly asked the contractor, an ex-convict from California addressed to Paul Hughes, Francis Hughes of Atlanta acknowledged owning the cabin and said his son Paul stored things there.

The son was identified as a 20-year-old deserter in Henry County at a technical engineering student at Tech who flew to Havana last Saturday.

Mrs. Paul Hughes said her husband flew from Miami in a B26 which "was one of those people bought in the revolution," and quoted her husband as saying his group "is trying to help in the negotiations to organize the new government."

Kelly said the cannon was of a type used to fire at low-flying aircraft and commented, "These weapons must have been intended for a much warmer climate."

Kelly refused to say if he meant Cuba.

The older Hughes said he owned the property on which the cache was found and said, "I've let my son do what he wants to do, but I really don't know what it is. Some airplane stuff, I believe."

Paul Hughes' wife said "some of the Cuban students at Tech" had interested her husband in the Cuban revolution. She said he had told her by telephone that he intended to return to the United States shortly.

# Richard Boone To Shave Mustache, Portray Abe Lincoln

By VERNON SCOTT  
HOLLYWOOD (UPI)—Richard Boone will shave his mustache this week and head for Broadway where he will star on the stage as — now get this — Abraham Lincoln.

The lanky, pleasantly homely TV star opens Feb. 12 (Lincoln's birthday) in "The Rivalry" at New York's Bijou Theater, co-starring with Martin Gabel in the story of the famed Lincoln-Douglass debates.

It's a long jump from horse opera cowboy to Broadway Lincoln, but Boone figures he can make it.

"I played Lincoln three years ago in a TV show," he said. "So the role isn't too frightening from that aspect."

"The least of my worries is that audiences will think they're seeing Palatin playing Lincoln. I'll be able to lose my TV identity all right. What troubles me is determining what kind of man Lincoln really was. I must play the man, not the legend."

**Preconceived Notions**  
"Everyone has a preconceived idea about him. After all, he was a man — a human being, not a saint."

Boone has buried himself in Lincoln lore, books and research, but not how other actors portrayed the role.

"The source material I've read tells me what he said and did, but not what caused him to behave and react to situations. I won't see past performances of Lincoln stories because I'd only be confused attempting to imitate them."

"I'm not a great scholar, but as an actor I think I've discovered the key to Lincoln's character and personality. It was his aloneness in the world. A lonelier man never lived."

Accepting the brief role — the play will run only through May 30 — has cost Boone a fortune. He turned down two lucrative movie roles and four live television appearances for the job. And he'll be paid only a small salary.

# Infantry Cuts Off Rebel Retreat Route

RABAT, Morocco (UPI)—Motorized infantry sealed off the Rif Mountains today, ready for action against mutinous Berber tribesmen who have been ordered to lay down their arms by 1 p. m. Wednesday.

Several battalions of troops moved into position on the flanks of the snow-capped range straddling the Mediterranean coast 150 miles northeast of here.

The Rif Berbers, traditional rebels, look to the woods last month as a protest against the trial of Berber chieftain Adidi on Bihl as an anti-government plotter and King Mohammed V's order for the arrest of Lahen Lyoussi, another Berber, on charges of treason.

Lyoussi fled to the Atlas Mountains, where he has been traveling under the protection of a heavily-armed escort.

Experts say the underlying cause of the trouble is Berber resentment of the growing influence of Morocco's Arabs, who have succeeded in disbanding several Berber political groups as "separatists."

# Deaths

RICHMOND, Va. (UPI)—Davis Filkins, 82, a Republican senator from West Virginia's 19th in 1923, died Monday after a long illness.

MIAMI (UPI)—James H. Brigg, 82, founder of Hialeah Race Track and a developer of the city of Hialeah, died Monday.

NEW YORK (UPI)—George W. Martin, 71, lawyer, freelance writer and a longtime friend of the late President Franklin D. Roosevelt, died Monday, two days after suffering a heart attack.

SAN FRANCISCO (UPI)—Dr. Margaret J. Chung, 66, famed physician and surgeon died Monday of cancer.

OKLAHOMA CITY (UPI)—Maj. Gen. William S. Key (Ret.), 69, former commander of the Oklahoma National Guard and a personal friend of President Eisenhower, died here Monday after a lengthy illness.

# Dulles Goes Home, Virus Is Blamed

WASHINGTON (UPI)—Secretary of State John Foster Dulles nursed a virus infection at his home today but aides said the illness was not a serious one.

The virus sent the secretary home from his office Monday. It was the latest—and apparently the mildest—of a series of ailments which began in November, 1958, with a successful operation on Dulles for intestinal cancer.

Dulles was hospitalized again with an inflamed intestine last month, just before the NATO meetings in Paris. His physicians let him attend the sessions, but ordered him to take a rest thereafter. He spent the holidays in Jamaica.

The cabinet member returned from Jamaica Saturday, reported that he was "feeling fine," and looked it. Then, he contracted the new ailment on his first day back at work.

# Beverage Tax Up By Five Per Cent

TALLAHASSEE (UPI)—State Beverage Director H. G. Cochran today reported tax receipts for the first six months of the fiscal year increased more than five per cent over the same period last year.

Total collections so far for the period were \$36,834,330, compared with the \$34,836,000 last year.

December collections were up also. Collections for December, 1958, totaled \$6,430,414, an increase of 9.13 per cent over the \$5,917,578 in December, 1957.

Cochran said the figures were very pleasing to the department and represented increases in excess of anticipated receipts.

# Kentucky Leading College Cage Race

NEW YORK (UPI)—The Kentucky Wildcats, who emerged from college basketball's holiday action with an 11-0 record, today replaced the Cincinnati Bearcats as the nation's No. 1 team in the United Press International ratings.

Coach Adolph Rupp's Wildcats took over first place in the UPI ratings for the first time since Feb. 1, 1955 Cincinnati, which suffered its first two losses of the campaign last week when it bowed to North Carolina State and North Carolina in the Dixie Classic, dropped to sixth.

Cincinnati had topped the ratings during the first four weeks of the campaign. North Carolina State slipped from sixth to seventh in the biggest upheaval of the season among the top 10 teams. St. Louis University of New York was the eighth performer in the 25-team group, taking over 10th place while Texas Christian slipped from ninth to 13th.

North Carolina State was second in the Kansas State remained third. North Carolina was fourth, Michigan State, Cincinnati, Northwestern, Bradley, Auburn and St. John's rounded out the top ten.

West Virginia headed the second 10 group. Texas A&M, Texas Christian, California, Mississippi State, Purdue, St. Bonaventure and Marquette followed in that order. Utah State and Oklahoma City tied for 19th place.

# Wildcats To Visit Vanderbilt Tonight

United Press International  
The nation's No. 1 college basketball team visits Vanderbilt tonight for the only Southeastern Conference game scheduled.

The Kentucky Wildcats, who moved into first place in the ratings this week for the first time in nearly two years, bring an unbeaten string of 16 games into the contest.

Although Vanderbilt has lost five while winning five so far this season, Wildcat Coach Adolph Rupp figured tonight's game as no pushover. "Any time we come to Nashville, we can expect a real tough ball game," he said Monday.

There are four intraconference games Monday night, highlighted by Auburn's 20th straight victory. The Plainsmen trampled Mississippi 60-47 to keep alive the edge of a decision over Tulane, and the Florida Gators toppled favored Louisiana State 63-63.

# Hodges Under Knife

BROOKLYN, N. Y. (UPI)—Gil Hodges, Los Angeles Dodgers first baseman who lives here during the off season, undergoes minor surgery today at Lutheran Hospital.

Hodges, who said the operation "certainly isn't a serious one," is expected to be discharged from the hospital before Friday.

# Blak Wins Award

NEW YORK (UPI)—Coac Earl (Red) Blak of Army has been named recipient of the 1959 annual Touchdown Club of New York award "for rendering unusual service to football." Blak's cadets have won 166 games, lost 48 and tied 14 others during his 25-year tenure at West Point.

A home freezer should be completely defrosted and cleaned at least once a year. A good time is in the fall. When defrosting, also wash and dry exterior thoroughly. Then check for rust, scratches, or breaks, and apply quick-drying enamel.

# Field To Bear Pilot's Name

The airfield at the Sanford Naval Air Station soon will be named in honor of a pilot who died in a crash of his jet plane last year near Seville, Fla.

The field will bear the name of the late Lt. Cdr. Robert W. Ramey, who was killed with his crippled jet in a crash, crashing into a residential area in Seville last June 2.

AL WILSON

## Wilson Is Chosen As Sanford Mayor

Without the anticipated vote, Al Wilson was elected Mayor of Sanford last night in a decision by City Commissioners.

The nomination was made by P. J. Higginbotham, who expected a debate. Said Higginbotham: "I don't think we should appoint Al Wilson temporary chairman of this commission and nominate him for mayor of 1958."

City Attorney W. C. Hutchison Jr. ruled that nominations must be kept open. Mayor Merle Warner immediately after Joe Baker took the oath of office as commissioner from Acting City Clerk, Henry Tamm.

David Gatchel, who had served on the board for three years, was given a silver tray as a memento. In his remarks, Gatchel said he had just left a day-long session in his first day on the Board of County Commissioners, jokingly said, "You boys don't know anything about government until you walk across the street to the courthouse."

"We have had a close commission during the past three years, and have shown marked progress. I will take many fond memories with me."

Wilson moved to the chair vacated by former Mayor Merle Warner. He immediately after Joe Baker took the oath of office as commissioner from Acting City Clerk, Henry Tamm.

## News Briefs

### Honest Johns Arrive

ROSSY (UPI) — The first group of American Honest John rockets for the West German armed forces has been installed for training purposes.

### Reds Hike Output

TOKYO (UPI) — Eighteen major factories and mines will go into operation in Wuhan this year, making it one of Communist China's largest steel centers.

### Republicans Elect

WASHINGTON (UPI) — Senate Republicans today elected Sen. Everett M. Dirksen of Illinois as their floor leader and Sen. Thomas H. Kuchel of California as party whip.

### Airline Law Sought

WASHINGTON (UPI) — Sen. Spessard L. Holland (D-Fla.) said today he will ask Congress to outlaw airline strikes by requiring compulsory arbitration in aviation labor disputes.

### Predicted Death

NEW ORLEANS (UPI) — Funeral services were held Tuesday for the Rev. Juan Alberto Caray, who said in a sermon Sunday that many of those present would not live until the end of 1958.

### Likes Auto Fires

HAMPTON, Va. (UPI) — James R. Rankin, 21, was arrested Tuesday on charges of setting fire to 18 automobiles, including his own. Police said Rankin admitted setting the fires because he liked to see automobiles burn.

### Nugent Likes Terry

CINCINNATI (UPI) — Tom Nugent, Florida State University coach hired as head football coach at Maryland, said today he thinks fired Notre Dame Coach Terry Brennan "would do a fine job" as his replacement at Florida State.

### Dimes Returned

NEW YORK (UPI) — Gov. Nelson Rockefeller Tuesday returned a dime sent to him by two Long Island school girls with a note saying: "We know from our history that your grandfather gave dimes to the populace as a token of friendship, and to show our esteem for you we are sending you the same token of friendship."

### Ice Clogs Pipe, Water Supply Cut

NORTH TONAWANDA, N. Y. (UPI) — A state of emergency was declared in this Buffalo, N. Y., suburb of 30,000 population today when an intake pipe jutting into the Niagara River became clogged by ice and cut off the flow of water into the city's filtration plant.

### Committee Seeks Boat Registration

TALLAHASSEE (UPI) — The Governor's Advisory Committee on Water Access and Safety today made final changes on its tentative Florida boating code which will be presented to the 1958 Legislature.

### Weather

Partly cloudy with gradually warming trend through Thursday. High this afternoon 60 to 70, low tonight 50 to 55. Easterly winds 8 to 11 miles per hour.

### Brush Fire Burns Seminole Timber

A fast moving forest fire Monday burned 15 acres of pine timber near Ovid.

### Jaycees To Give Awards Tomorrow

Awards in winners of the Christmas Lighting Contest and the Christmas Parade will be presented at the Jaycee luncheon tomorrow at 12:30 p. m. in the Sanford Civic Center.

### Exclusive Job

MONTPELIER, Vt. (UPI) — John J. Teal, a University of Vermont professor, claims to be the world's only muskox herdsman.

### Two Men Injured In Auto Accident

William F. Ford, 21, and Jeff Williams, Anderson, 43, were taken to Seminole Memorial Hospital this morning following an automobile accident at 24th St. and French Ave. at 8:23.

### Clothing Stolen, Strewn By Thief

Clothing stolen from a downtown cleaning establishment last night was found scattered in alleys and yards this morning. An unestimated amount is still missing.

### Brumley Relected School Board Head

John L. Brumley was reelected chairman of the Seminole County School Board yesterday when the school leaders met to reorganize for the coming year.

### Pinup Request Changed His Mind

VINCENNES, Ind. (UPI) — Marvin Miller, a city councilman, said today he has called off his crusade against magazines with revealing pictures of feminine attire because of a request he overheard at a magazine stand.

### Evangelist To Speak

The Church of God of Prophecy will bear an evangelist at 7:30 p. m. tonight. Mrs. E. P. Kelly of Cuba, will speak to the congregation. Mrs. Kelly speaks five languages.

# Mayfair Tournament Nearer, Another Busy Day Scheduled

This is another busy day at the Mayfair Country Club. After a careful inspection before the glass at home, the local women golfers have given one last glance of approval to the trim new Bermuda shorts with matching shirt and contrasting belt. Off we go into the car to beat it down the road and smugly slide through the gate as fellow club members stop other cars who have to pay to enter.

Not so the members. Free parking and spectator privileges are theirs—for a mere four, five or six hour stretch daily standing at the gate in the bitter cold, or broiling in the sun on the 18th green.

The excitement from the Men's P. G. A. Open has barely subsided. We have almost gotten over the influence of watching them slam a driver into the ball, sending it flying in the air, straight down the fairway. (The ladies tried it; the same methods ended in a dribble off the first tee before a large crowd of filtering Sunday golfers.)

Already the parking lot has begun to fill, and a crowd has gathered at the pro shop. Chilly weather makes a steaming cup of coffee taste like manna from heaven. The professional golfers chat with spectators, dressed sensibly in wool skirts and handsome jackets. The home grown bunch begins to wish that slacks had been the order of the day. But as the sun warms the fairways, comfort stimulates the brain enough to remind members that there is a job to be done. It's time to relieve a partner at the gate, after a quick glance at Patty Berg who has just sent her drive far down the fairway of the first hole. With a box full of change and an arm full of programs and a brain full of new tips on how to be successful at golf, the future club champion swings down to the gate, where she is greeted by a chorus of "Where have you been?"

Then, the hours of ticket sales, money changing, parking hints and pleasant exchanges with golf fans. The old legs begin to ache from standing in golf shoes, and more and more attention is drawn to the ninth fairway; right there before insatiable eyes. By straining the neck, one can see a tiny figure hit the ball at the tee; the fairway shot is smack in front and the putt hidden by sweated spectators who crowd around the green.

Relief has come at last, and with a jubilant smile, the local lady takes off for the score board to find out who has done what. As she passes through the mob by the concession stand, she hears comments on things like Mickey Wright's stupendous putt on No. 14, and "did you see that iron shot Betty Jameson made on 11?"

Stocky Jackie Pung is now teeing off on 10—can't miss seeing this gal who once borrowed \$200 from a credit union to enter the U. S. Amateur Tournament, which she promptly won. This New York, or the main drag of any city anywhere, on a work day. Secretaries, receptionists, clerks, salesgirls—most look as if they just stepped from a hand-box.

They've learned that one basic dress plus a few accessory changes becomes a whole wardrobe; that it costs nothing to keep hosiery seams straight, skirt hems even.

It takes only soap, water and energy to keep blouses, gloves, collars and cuffs immaculate. And Susie may dream of a new suit from Balenciaga, but the three-year-old one she bought on sale still looks smart because her "find" had classic lines. The hat came from a hat bar, but the way she wears it, who could tell it doesn't carry a "name" label inside?

So here is a salute to the chic of the working girl. She's on her best-dressed list, even if she didn't make the official one this year.

BETTY JAMESON

# Working Girl Looks Chic, Too

By GAY PAULEY  
UPI Women's Editor  
NEW YORK (UPI) — Nobody asked me but it's high time that annual lists of best-dressed females included one girl perennially ignored.

She's the American working girl who manages a maximum of chic on a minimum of cash.

Each year, yours truly is among those 2,500 persons asked by the New York Dress Institute to vote on women we think rate special attention as clothes horses. And

each year, some of us faithfully cite the white collar girl. But the results of the campaign have been nil—so far.

Looking over the 1958 list which came out this week, I find it's made up of the usual bluebloods, actresses and others of such substantial means that if they aren't beautifully gowned, they should change courtyards.

Well Turned Out  
Now don't misunderstand, I'm not suggesting that Mrs. Winston Guest doesn't belong. She always looks well turned out, but she also can afford a wardrobe from Mainbocher.

Or the Duchess of Windsor, who is dressed by Balenciaga, Dior, Mainbocher and Dessas.

Or Audrey Hepburn, who goes to Hubert de Givenchy of Paris for most of her costumes.

Okay, let these gals reign as queens of the fashion world. But please, dear Dress Institute, can't we just one year give a little recognition to Susie Smith, although her clothes come from the budget section of the Bon Ton instead of a Paris salon?

One of those "best dressed" will spend on on ball gown the equivalent of Susie's whole year's clothes allowance. But Susie also looks smart, and she's worked harder at it.

Snap, Water And Energy  
You'll see what I mean just by walking along Fifth Avenue in

Turners Return  
Maj. and Mrs. Walter M. Turner and son Chip have returned to their home in Oxford, Miss., after three weeks in Sanford. During the visit here, their company was enjoyed by parents, Mr. and Mrs. R. W. Turner and Mr. and Mrs. A. F. Collum.

Maj. Turner is enrolled in the graduate school of the University of Mississippi. He will receive his Master of Arts degree in International Relations Jan. 27.

After graduation from Ole Miss, the Sanford officer will report to the Deputy Chief of Staff for Operations, Department of the Army, Washington, D. C., where he will receive a specialized assignment.

# Catholic Women Set Card Party

Plans for the annual St. Patrick's Day card party were discussed at a recent meeting of the All Souls Catholic Women's Club. The card party will be held in the Mayfair ballroom. Mrs. Helen Constantine was selected as chairman of the event.

More than 60 members attended the session at the Sanford Civic Center. Introduced as new members were Mrs. Madelyn Kuhn, Mrs. Mary Rogell, Mrs. Carolina Pierre. Membership now stands at 155 members, with a goal of 200.

Reports were made on several club projects, including the shipment of 28 boxes of used clothing. The clothing was sorted, packed and shipped overseas by club members.

After a discussion of a school Valentine's Day party, refreshments were served by the hostesses, Mrs. Marie Perold, Mrs. Beatrice Kremer, Mrs. Margaret Johnson, Mrs. Margaret Luescher, Mrs. Lena Pezold and Mrs. Nell Livingston.

# Garden Circles

Dir. Gardeners will meet at the home of Mrs. Irwin Felscher, 506 Plumosa Drive on Friday at 10 a.m. Members are requested to bring materials for flower arrangements.

Ithicus Circle will meet at the home of Mrs. R. Humphrey, E. 3rd St. Friday at 2:30 p.m.

Magnolia Circle will meet with Mrs. P. H. Colbert, 214 W. 17th St. Thursday at 7:30 p.m. Mrs. J. D. Woodruff will be the speaker. A novelty sale will be held.

Azalea Circle will meet Thursday at 8 p.m. in the home of Mrs. Henry McLaulin, 117 W. 19th St. Co-hostesses will be Mrs. Porter Lansing and Mrs. John Callahan.

Camellia Circle will meet at the home of Mrs. Sal Manfree in Loch Arbor Thursday at 8 p.m. Co-hostesses will be Mrs. Harold Chapman and Mrs. Bruce Saxton. Film slides will be shown on "Gardens of the World". Mrs. Neulah Thornton will be the guest speaker.

Jacaranda Circle will meet Friday at 7:30 p.m. in the Canine Kitchen on 25th St. Hostesses will be Mrs. Irving Freyon, Mrs. Fay Jones and Mrs. H. E. McSwain. Miss Myrtle Wilson, home demonstration agent, will be the speaker. Members are asked to make and wear a hat of fresh plants, vegetables, flowers or fruit.

Mimosa Circle will meet Friday

## Survey Of Business Shows County Growth

Manufacturers, wholesalers and retailers in Seminole County have increased by 34 per cent during the past 10 years, according to a survey by Dun & Bradstreet, Inc.

The D&B Reference Book lists only manufacturers, wholesalers and retailers. It does not include some of the service and professional businesses, such as beauty and barber shops, stock and real estate brokers and other types of business endeavor.

Since it does not, the business growth of Seminole County has been greater than the 34 per cent reflected in the actual count by Dun & Bradstreet.

The Jacksonville office of D&B said that Seminole County had 476 manufacturers, wholesalers and retailers in November, compared to 356 in November, 1948.

A one-third increase in the number of business firms in Seminole County in 10 years is encouraging. A 34 per cent increase between 1958 and 1968, however, should look like just a "drop in the bucket."

Sanford and Seminole County are beginning to flex their muscles. Growth in the next 10 years should be somewhat akin to fantastic.

Non-business growth has been ever greater, according to the Bureau of Economic Research at the University of Florida. Since the 1950 census, Seminole County has registered a 71.7 per cent population gain. It is one of the 16 counties in Florida which has grown faster than the state average.

The Bureau of Economic Research said that Seminole's population on July 1 of last year was 46,200, compared to 26,900 in the 1950 census.

Growth in population and business go hand-in-hand. Benefits from this growth will go to those people who have the foresight to plan for the future. In Sanford, we have such leaders. They are planning now for those days ahead, building for the Seminole County of tomorrow.

## That Musical Ghost

Superstition and belief in the supernatural exist in the Space Age.

At least, we gather that the musical ghost in Torquay, England, is the product of a prank or someone's vivid imagination.

Vicar Anthony Rouse of St. John's Church said the ghost is that of a former organist at the church, who died 75 years ago. The former organist, Henry Ditton-Newman, left several musical compositions behind and apparently has come back to hear what they sound like, Rouse opined.

Some congregation members said they have seen Ditton-Newman; others said they have heard the organ blasting away when the church was empty; last week, Ditton-Newman chipped in during choir practice.

If Ditton-Newman's compositions have been "modernized" to the extent of some popular songs of yore, it's no wonder that his ghost is attending choir practice.

## Ike Plans To Ask \$4 Billion In Aid

WASHINGTON (UPI) — President Eisenhower has indicated to congressional leaders he will ask for a budget of nearly four billion dollars for aid to the U.S. mutual security (foreign aid) program in the next fiscal year.

This is about the same as he requested for the current fiscal year ending June 30, but about 600 million dollars more than Congress gave him.

No major change in the overall military aid program was indicated in his talks Monday with the congressional leaders. Most of the increase would be sought for the U.S. development loan fund and the "defense support" program of economic aid to nations allied with the United States in Defense agreements.

## Dead And Injured Leave Antarctic

MCMURDO SOUND (UPI) — Three injured survivors and the bodies of two dead pilots of the U.S. Navy plane that crashed near this Antarctic base Sunday are to be flown to New Zealand today.

The fliers killed when the Canadian-built Otter's wing grazed a hillside just after takeoff were Lt. Harvey E. Gardner, of Redwood City, Calif., and Lt. (jg) Lawrence J. Farrell, of Pensacola.

## FIFTH CENTURY B.C. STORY, 1958 A.D. CAST

## Inez Robb Says

By INEZ ROBB

Unless a miracle of legal intervention occurs between now and the time this column is printed, one of the most responsible, competent and widely respected newspaper women — or men — of our time will be in jail for her refusal to betray a basic premise of the free press.

Marie Torre, television and radio columnist of the New York Herald Tribune, has chosen 10 days in jail rather than reveal the source of a news story. I earnestly submit that her choice would be that

of any honorable reporter who has ever, is now or ever will work in and love the newspaper profession. Either the inviolability of news sources is guaranteed a responsible press, or freedom of the press is a myth.

However, Judge Sylvester J. Ryan of the United States District Court, who last October called Miss Torre "the Joan of Arc of her profession," has ordered her jailed for 10 days, after castigating her from the bench as if she were a common criminal.

In addition, because in the best traditions of her profession she has refused to reveal the source of a news story, Judge Ryan holds over her the threat of returning her to jail a second time if she still refuses to break this vital condition of newspaper ethics.

"It is difficult for non-newspaper people to understand how passionately we in the profession feel on this issue," Miss Torre, a young

woman of impeccable personal and professional reputation, told friends after Judge Ryan ordered her to jail. She was obviously shaken in spirit but not in resolve by Judge Ryan's castigation and threat of continued jail sentences.

Because of the personal issues involved, Miss Torre, 34, who looks like a young Rosalind Russell, has had neither time nor inclination to realize that her name may soon be inscribed with that of a small, proud band of newspapermen, including John Peter Zenger, that has made history for a free world by its willingness to fight and suffer for a free press.

Like thousands of other newspapermen, Miss Torre, at the beginning of her legal struggles, believed that the secrecy of her sources was inviolate. This is one of the major assumptions of the newspaper profession, which has come to the painful realization, through the Torre case, that such secrecy is guaranteed by only 12 of the 49 states.

Legislation to guarantee the inviolability of news sources is to be introduced during the current session of the New York State Legislature. Similar legislation is planned in other states by an aroused profession.

"There is nothing now that the newspapers can do to help Marie," said one of her former editors, who described her as "a sweet, kind and enormously competent young woman." But I hope the profession will never forget what she has done to alert it to a clear and present danger.

## 'Royal Highness' Reigns From Jail

FORT MYERS, Fla. (UPI) — His royal highness, Prince 'Kabouri Kawa in a Mboya of Uvanga - Sheri, Portuguese East Africa — really a Florida farm boy with illusions of grandeur — reigned from a jail cell today.

The FBI identified the "prince" as Edward Lee Woods, 26, a Negro from the farming community of MacClenny, Fla., and said it had at least two "hold" orders on him.

Authorities said Woods has received royal treatment at hospital here Monday, attendants called police. He was held in jail to face a hearing at Tampa later on a federal charge of interest in transportation of a fraudulent check.

Woods is particularly remembered at Gastonia, N.C., where he enthralled bystanders with stories about his imaginary life as ruler of 19 million African Uvanga. He left there, also without paying his hospital bill.

Another of his non-paying stops was at Barrow, Fla.

## Raft Will Reopen Gambling Casino

HAVANA (UPI) — Movie tough guy George Raft, who savors his swank Capri Casino from a mob of vandals by seizing a rebel flag and waving it frantically, was to reopen the gambling house today despite an almost complete lack of customers.

Raft's Capri was one of four Havana casinos which were not damaged at all in the New Year's Day riots and looting that followed the fall of the government of Fulgencio Batista.

The longtime Hollywood star told United Press International he was being forced to reopen the casino despite the fact that virtually all Havana's tourists had fled the country since the revolution.

"Our reopening is more a matter of living up to the Cuban laws than expecting to make money," he said.

# Vanderbilt Topples Kentucky

By MILTON RICHMAN  
United Press International

Unranked Vanderbilt and an unshooting but hot-shooting Little Hoover proved to be the undoing of previously unbeaten Kentucky.

It all happened at Nashville, Tenn., Tuesday night when Vanderbilt handed top-ranked Kentucky its first licking in 12 starts this season, 75-66, for possibly the biggest upset of the basketball campaign so far.

Jim Henry, a New Albany, Ind., native who barely stretches six feet, was the man chiefly responsible for Kentucky's first loss since last Feb. 24.

Henry, whose chief hobby is "tropical fish, also collects points and the 29 he came up with Tuesday night were enough to snap a 16-game winning streak which had extended to 16 games over two seasons.

Kentucky, last year's NCAA champions, led behind early, stayed ice cold through the first half and never was able to catch up. The inspired Commodores, who had won five games and lost five until Tuesday night, walked off the floor with a 41-27 lead at half-time and then came back to run up a 17-point lead in the second half.

Kentucky's Louka Slagzish held in check by a man-to-man defense, the Wildcats rallied late in the second half to cut Vandy's margin to six points, 70-64, with

three minutes to go, but the Commodores never let them get any closer.

Kentucky looked sluggish all night, connecting on only 23 of 81 shots for a sub-par 28.3 per cent average. Billy Lickert was the Wildcats' high scorer with 14 points.

The victory was only the 13th for Vanderbilt over Kentucky in their series which goes back to 1912. During that time, the Wild-

cats defeated the Commodores 53 times.

Second-ranked North Carolina State also suffered quite a scare before coming on to down Virginia, 73-69, for its 10th victory in 11 games.

The Wolfpack blew a 10-point lead in the first half and the underdog Cavaliers rallied again to tie in front in the second half. But Bob MacGillivray put North Carolina State ahead to stay, 55-53.

## Rupp's Reputation As Prophet Better

United Press International

The Vanderbilt Commodores improved Adolph Rupp's standing as a prophet, but there is extreme unlikelihood that he appreciated it. The University of Kentucky basketball mastermind had said: "Any time we come to Nashville, we can expect a real tough ball game."

A tough ball game is just what Rupp's team got at Nashville Tuesday night. The Commodores won it 75-66, and severely smudged the shine on Kentucky's rating as No. 1 team in the country.

The upset drew all the more attention in that it was the only Southeastern Conference contest of the evening.

Tonight, Georgia Tech and Georgia have their second meeting of the year, this time on the Bulldog court. Tech defeated Georgia in Atlanta earlier this year, but neither that game nor this one will count in the conference standings.

Jim Henry, a six-foot senior guard, was the man with the most for Vandy, racking up 29 points. Ben Rowan followed with 16 and hauled in 11 rebounds.

## Indurall, Bel Del Favorites Tonight

A brother and sister of the oval, the great Indurall and Bel Del head tonight's featured 10th race of an 11-race card at Sanford-Orlando Kennel Club.

Undeclared Indurall will be after his sixth straight season triumph, and a few fans expect the red hind to lose. But laurels will stay tight in the family if 56-pound Bel Del secures a victory. She leads three wins in five trips to the starting post.

A sister-sister team could upset the greyhound cart, however, because Kiego and Simla, both daughters of the famous Master All, have shown themselves capable of running with the best right down to the wire.

Mertie Clair isn't bringing her relatives to help, but she will be striving for her third straight victory. Mertie Clair raced to the wire ahead of the pack Monday night in an impressive 21.80-second time over the 5-fifths-mile distance.

Others in the fast feature are Go Harry, Edge Of Nile and Fly-III.

## Yanks To Curtail Pre-Pre Season

NEW YORK (UPI)—The New York Yankees' "acceleration school"—a pre-pre-season camp for promising rookies—will be curtailed this spring.

The world champions announced Tuesday that most of their young farmhands developed so fast during the new Florida Instructional League last autumn that they will not be asked to attend the "acceleration school" this year.

"The results we achieved in the Florida League were far superior to anything we have seen in the acceleration school," said Jerry Coleman, assistant farm director. "The kids had constant instruction and competition under the best playing conditions . . . and we had a chance to get a sustained look at

## Boyd, Mims Clash In Bout Tonight

CHICAGO (UPI)—A "new" Bob Boyd, seeking a ranking among the middleweights, and Holly Mims of Washington, D.C., clash tonight in a televised 10-rounder at the Chicago Stadium.

Mims, a 30-year-old campaigner of 10 years' ring, is ranked as a slight favorite, although Boyd holds an edge in the last two previous fights. The lanky Chicagoan earned a 10-round stop over Mims in 1956 and the pair fought to a 10-round draw almost a year ago.

Boyd's manager, Bernie Glickman, said fans will be seeing a "new" Bobby, who in the past has won when he figured to lose and lost when he figured to win.

The unpredictable Boyd has won his last two outings, beating Jimmy Beecham in Chicago Oct. 10 and earning a 10-round decision over Neal Rivers at Fort Wayne, Ind., Nov. 29.

Boyd, who has compiled a record of 51 wins, 10 defeats and 8 draws while consistently failing to win the big prize, is a changed man. Glickman said.

"He will soon be a father and that will give him the desire to win," the manager promised.

"Bobby has had everything it takes to be a great fighter except desire," Glickman said. "Now I think he's got that. If he has, then nothing will stop him, including Mr. Sugar Ray Robinson."

## Dick Hoban Leads Gators In Scoring

GAINESVILLE (UPI)—Captain Dick Hoban of Florida's basketball Gators has scored 147 points in 11 games to lead the team with a 13.4 shooting average.

The 6-3 Miami forward has hit on 47.7 per cent of his field goal attempts and ranks second in rebounds with 101, according to figures released Tuesday.

Center Bob Sherwood, a 6-5 product of Lynbrook, N. Y., is runner-up in scoring with 131 points and an 11.9 average and is the top rebounder with 109. He also leads the team with a 45.3 percentage of shots from the floor.

Sophomore forward Frank Ehrhardt, 6-2, of Auburndale leads in free throws, with an 84.6 percentage of 23 for 29 attempts.

## Junior Basketball To Be Introduced

A junior basketball program will be introduced in Sanford Saturday when all boys between 8 and 12 years of age are invited to attend a clinic at Seminole High School gym.

Basketball coaches and assistants will give fundamental lessons to interested boys.

The Recreation Department plans the formation of five teams for boys under 5'6" in height. With the number of boys who have shown a desire to play, three more teams can be formed if coaches can be found. Adults interested in the program are asked to contact the recreation office.

The clinic will begin at 9:30 a.m. Street shoes will not be permitted on the newly finished gym floor.

There are more than 300 flammable liquids in use today.

## Jim Brown Chosen

PHILADELPHIA (UPI)—Jimmy Brown, the Cleveland Browns sensation fullback who set a National Football League ground-gaining record this season, has been chosen American Athlete of the Year by the Philadelphia Sportswriters Association.

## Seminole Beat Miss. Southern

TALLAHASSEE (UPI)—Florida State without a last-minute Mississippi Southern rally Tuesday night to eke out a 65-62 victory.

Southern narrowed the margin to only one point with three minutes left. But FSU's Hugh Durham hit for seven consecutive points to lift the Seminoles to victory.

Durham led the winners with 27 points, boosting his average to the 23 point per game mark.

John Migliaro and Don Curry each got 14 points to pace southern.

## To End Racing

MALLANDALE, Fla. (UPI)—Jackson Dudley and Bonnie Heath announced Tuesday that their D. and H. Stable will soon discontinue its racing interest and devote full time to thoroughbred breeding. The D. and H. Stable gained national recognition when Needles won the 1956 Kentucky Derby.

## Jacksonville Tops Tampa, 71 To 59

JACKSONVILLE (UPI)—Jacksonville University won its first basketball victory over Tampa Tuesday night, 71-59.

The fast-breaking Dolphins jumped into an early lead and expanded it into a comfortable margin in the second half.

Jacksonville's Jim Kirkland and Tampa's Marlin Clark shared scoring honors with 16 points apiece.

The latest census of greater snow geese shows there are about 46,300 of them in the world.

## Status Uncertain

VIENNA (UPI)—Toni Sailer, former Olympic and world skiing champion, will appear at a meeting of the International Skiing Federation at Zurich Sunday when his amateur status is discussed. Sailer currently is acting in a movie which is being filmed here.

## Hunt, McRoberts Score Cage Wins

Monday night, Hunt Lincoln-Mercurey and McRoberts' Tire continued their winning ways, downing Pinerest Baptist and Free Methodist in City League Basketball.

The first game was declared no contest due to lack of regular players for either the Navy or the Rebels. Hunt beat Pinerest 43-18, to remain undefeated in league action. McRoberts' Tire christened its new uniforms with a 42-31 win over a stubborn Free Methodist five, which tied it up four times before going down in the fourth quarter.

An All-Star team will play a Leeburg All-Star team tonight at the Tavares High School gym. All players are asked to meet in front of Seminole High Gym at 6:30 p. m.

Next week Hunt meets the Rebels, McRoberts takes on Navy and the two church teams play the third game.

Standings to date are:

Team	W	L	OT
Hunt	5	0	
McRoberts Tire	4	1	
Pinerest Baptist	2	3	
Navy	1	3	
Rebels	1	3	
Free Methodist	1	4	

## Cronin Can Have League Presidency

CHICAGO (UPI)—It apparently was up to Joe Cronin today to decide whether he wants to be president of the American League.

Retiring President Will Harridge said Tuesday the 52-year-old general manager of the Boston Red Sox is the only candidate invited to appear in Chicago Jan. 14 before a six-man screening committee charged with picking Harridge's successor.

"The committee wants to discuss details with Cronin. If the conditions are right as far as Cronin is concerned, he probably will be the man," Harridge added.

A screening committee meets next Wednesday at Chicago's Palmer House. The six-man group will make its recommendations Jan. 31 at a gathering of American League club owners in New York.

It was believed that Cronin would move the league headquarters to Boston if he accepts the post and presumably select his own assistants.

A member of the Harridge office said no one has been assured of remaining after Cronin takes the job.

## Florida State Eyes Brennan, Graham

TALLAHASSEE, Fla. (UPI)—Terry Brennan and Otto Graham today were being considered as possible successors to Florida State University football coach Tom Nugent.

But Tallahassee attorney W. G. Sturry, president of the local boosters club, said: "I personally doubt we could pay enough to get either one."

Nugent, who guided Florida State to one of its best seasons in school history this fall, signed a four-year contract Tuesday as head coach at the University of Maryland.

Dean Mode Stone, chairman of the FSU athletic committee, said Nugent's resignation happened too fast for his group to even have thought in terms of a replacement yet.

Stone's committee recommends a coach to President Robert M. Strozier, who in turn submits the nomination to the State Board of Control for a final okay.

The boosters club suggested Brennan and Graham to the college president late Tuesday. Brennan was quoted recently as head coach at Notre Dame, and Graham formerly was a star player for the professional Cleveland Browns.

Brennan told newsmen in Cincinnati he would be "glad to talk with FSU officials, as well as anyone else."

Strozier said he hated to lose Nugent, but said FSU could not meet Maryland's reported offer of \$15,000 yearly, plus a residence and automobile. Nugent was paid \$12,000 a year here and was up for a \$1,000 raise when he quit.

The Boosters Club president said Nugent was underpaid if Florida State hopes to continue building for major football status. An all-girls' school until a few years ago, Florida State played most of its games against small colleges until Nugent took over in 1953.

Nugent revamped the school's schedules, sending his teams

## Berg Is Favored In Local Tourney

When the prize checks are distributed at the Mayfair Country Club Sunday afternoon, it's a good bet that freckled, red-haired Patty Berg will be holding out her hand to receive one of them.

Patty Berg's career as a golfer could fill enough pages for a normal length novel. In 1938, she had two tournament victories, \$8,014 in winnings (good for seventh place) and a stroke average of 15.15, good for fifth place. Yet, by comparison, it was a poor year for her.

In the \$5,000 LPGA Mayfair Open, starting Friday, she will be one of the gallery favorites.

## Eligibility Rules Top NCAA Topic

CINCINNATI, Ohio (UPI)—Delegates to the NCAA convention began business sessions today with tightening of eligibility rules for athletes the hottest topic on the agenda.

The proposed legislation would give the National Collegiate Athletic Association the power to rule over the eligibility of any athlete attempting member schools.

Recommendations by the American College Football Coaches Assn., one of several allied groups meeting concurrently, drew top attention as preliminaries wound up.

The football coaches went on record as favoring a return of goal posts to the goal line and a liberalization of the limited substitution rules.

Those were the two major recommendations the coaches will pass to the NCAA Football Rules Committee which will meet next week in Los Angeles.

In other business Tuesday, the NCAA elected two conferences to allied membership and one to a provisional membership, raising its total membership to 553 for an increase of 24 schools over last year.

New allied members are the North-Central Intercollegiate Athletic Conference, with schools in North and South Dakota and upper Iowa, and the Tri-State Collegiate Basketball League, with schools in the New York area.

The Far Western Intercollegiate Conference was voted a provisional membership, pending acceptance into the NCAA of Humboldt State College, Arcata, Calif.

The three leagues will automatically qualify for the 1959 NCAA basketball championships.

## Golf Editor Dies

ATLANTA (UPI)—Hert Fink Prather, 52, Atlanta constituent editor, died Tuesday following a heart attack. Prather covered all major southern golf tournaments during his 18 years with the newspaper.

## Fla. Southern Wins

LAKELAND (UPI)—Sharp-shooting John McNamara scored 25 points Tuesday night to lead Florida Southern in a 69-66 win over the University of Toronto.

Tubby Richmond was high for the losers with 11 points.

## Pettit Hits 38 Points, Leads Hawks To Victory

United Press International

Bob Pettit's golden touch promises to make him the first man to reach the 1,000 point mark in the National Basketball Association this season.

Pettit raised his league-leading total to 979 Tuesday night as he poured in 38 points to lead the St. Louis Hawks to a 112-95 victory over the Minneapolis Lakers in the opener of a Madison Square Garden doubleheader. New York trounced Syracuse, 118-108, in the nightcap.

In a Philadelphia twill, the red-hot Boston Celtics knocked off Cincinnati, 109 - 95, and Detroit nipped Philadelphia in the last second, 107-105.

Pettit, who set a Garden record of 35, scored 17 of his points in the first half as the Hawks took a 49-37 lead. St. Louis opened an 83-67 bulge after three quarters and coasted the rest of the way. Veteran Vern Mikkelsen paced the Lakers with 17 points.

The Knickerbockers, led by Kenny Sears and Frank Selvy, notched their third straight win by opening a gap midway in the opening quarter and holding off a determined Syracuse drive that pulled the Nets to within eight points at the half, 51-49. Sears, who leads the circuit in field goal percentage, scored 21 points, while Sears dropped in 20. Dolph Schayes scored Syracuse with 21.

Boston's Eastern Division pacemakers overcame a 27-28 first period deficit to throttle Cincinnati despite a 41-point fourth quarter by the Royals that set a Philadelphia record. The Celtics broke the game open when they outscored the Royals 26-7 in the second period. Bill Sharman was high for Boston with 23. Jack Twyman hit 33 for the Royals.

Phil Jordan's pivot shot with 26 seconds left clinched a Pistons fourth quarter rally for Detroit's victory. Trailing 93-82 at the start of the period, Detroit held Philadelphia to 12 points while scoring 25.

George Yardley led Detroit with 27 points and Paul Arizin took high honors for Philadelphia with 31.

## Head Coach Named

ROCK ISLAND, Ill. (UPI)—Ray Loewcher, assistant track and football coach at Lake Forest college and Northwestern University, Monday was named head football coach at Augustana College. The 1953 graduate of Albion Mich. College replaces Vince Lundeen, who recently announced plans to retire.

Fire prevention week always includes Oct. 9 to commemorate the Chicago fire of 1871.

## Real 'Bush' Game In Havana Tuesday

HAVANA, Cuba (UPI)—It was real "bush league" here Tuesday night.

Cuban League baseball officials admitted all fans wearing beads free into Gran Stadium as the about "play ball" was heard in Havana for the first time since the revolution.

The stands were filled with bewildered rebel guerrilla fans, most of whom hadn't seen a baseball game in two years.

They saw Mariano defeat the Cienfuegos, 8-1, as Al Cicotte, property of the Cleveland Indians, scattered nine hits for his 10th victory. Pedro Ramos, a Cuban native, was the loser.

## Winks To Curtail Pre-Pre Season

NEW YORK (UPI)—The New York Yankees' "acceleration school"—a pre-pre-season camp for promising rookies—will be curtailed this spring.

The world champions announced Tuesday that most of their young farmhands developed so fast during the new Florida Instructional League last autumn that they will not be asked to attend the "acceleration school" this year.

"The results we achieved in the Florida League were far superior to anything we have seen in the acceleration school," said Jerry Coleman, assistant farm director. "The kids had constant instruction and competition under the best playing conditions . . . and we had a chance to get a sustained look at

Undeclared Indurall will be after his sixth straight season triumph, and a few fans expect the red hind to lose. But laurels will stay tight in the family if 56-pound Bel Del secures a victory. She leads three wins in five trips to the starting post.

A sister-sister team could upset the greyhound cart, however, because Kiego and Simla, both daughters of the famous Master All, have shown themselves capable of running with the best right down to the wire.

Mertie Clair isn't bringing her relatives to help, but she will be striving for her third straight victory. Mertie Clair raced to the wire ahead of the pack Monday night in an impressive 21.80-second time over the 5-fifths-mile distance.

Others in the fast feature are Go Harry, Edge Of Nile and Fly-III.

Track officials are planning for the first race meeting at 2 p. m., when another pack of speedsters is slated.

## Sign For Fight

### Local Briefs

The Longwood Chamber of Commerce meeting has been postponed from Jan. 8 until Jan. 15.

Applications for professional and practical nursing examinations must be filed with the Florida State Board of Nursing by Mar. 31. Applicants will be tested at the Hotel Seminole, Jacksonville.

The beginners' class of square dancers will meet from 7:30 p.m. tonight at the Sanford Civic Center. Advanced square dancers will enjoy the recreation program dance from 8:11 p.m. Interested persons may register tonight for the beginners' class.

Seminole County Commissioners have sent a resolution to the State Road Department requesting a traffic survey of the intersection of Highway 17 and State Road 484-476. Commissioners feel that the hazardous conditions at the corner call for a traffic light. Commissioner Vernon Dunn submitted a petition with 1,200 names attesting to the concern of area residents.

### Coast Line Adds Train Personnel

Special uniformed passenger representatives have been assigned to two of the Atlantic Coast Line Railroad's crack year-round streamliners between New York and Florida, T. K. Lynch, the line's passenger traffic manager, announced today.

"Passenger travel on Atlantic Coast Line between New York and Florida has increased to the extent that these well-trained young men are needed on the East Coast Champion and West Coast Champion to maintain the high level of service for which Coast Line is so well noted," said Lynch.

In an interview today, he said that reservations for January and February indicate a 12 to 15 per cent increase over last year in passenger travel on Coast Line. In announcing this progressive note in contrast to the less optimistic picture painted by other railroad officials, Lynch expressed faith in the future of rail travel.

He noted an increase of more than 15 per cent on Coast Line through Florida trains for December, 1937, compared with same period in 1937. Lynch further stated that a certain amount of this increase was due to the services of the line, but a large portion is due to Coast Line's emphasis on promoting rail travel. Lynch specifically attributed some of the increase to Coast Line's recently completed Traffic Round-Up, a selling campaign participated in by all of the railroad's 14,000 employees.

### Investors Mutual Declares Dividend

The Board of Directors of Investors Mutual, Inc., largest mutual fund affiliate of Investors Diversified Services, Inc., has declared a quarterly dividend of nine cents per share, payable Jan. 15, to shareholders of record at the close of business Dec. 31. The dividend will be distributed out of the fund's undistributed net investment income, derived from dividend and interest income. This is the third consecutive dividend paid by the fund. Investors Mutual, Inc. currently has approximately 120,000 shares outstanding. Investors Mutual is represented in this area by Harry Eichelberger, 105 E. Woodland Dr., Sanford.

AN INDEPENDENT DAILY NEWSPAPER

VOL. XLIX United Press Leased Wire Established 1908 THURSDAY, JANUARY 8, 1959 SANFORD, FLORIDA NO 844

**TOURNEY IS SUBJECT** — Frank Mohane Jr., manager of the Mayfair Inn, chats with Marlene Bauer Hage (left) and Patty Berg about the \$5,000 Ladies Professional Golf Association tournament at the Mayfair club, tomorrow through Sunday. Mohane toured the course with the ladies yesterday. He had a 73 (two over par); they didn't keep score. (Herald Staff Photo)

## Lady Golfers Ready

This was the final day for practice rounds over the Mayfair Country Club course for the nation's top-ranked women professional golfers.

Tomorrow, it's down to business as the Mayfair Inn \$5,000 Open gets under way. The 54-hole tournament closes Sunday. This, the final day of leisure, was highlighted by a clinic at the Country Club this afternoon.

No golfer would pick a favorite in the star-studded field. Entries ranged from Patty Berg, one of golf's all-time money winners, to Barbara Romack, nationally known amateur who plays in her first professional tournament here.

Miss Romack, who played the Mayfair course about five years ago, said she was "very happy" to be entering the Ladies Professional Golf Association in the first Mayfair LPGA tourney.

Asked about her chances, she said she would be very pleased to break 40 in the three rounds.

Asked for an opinion on the leading contender, she said, "All of them."

## Roads, Evaluation Under Discussion

County Commissioners this afternoon were scheduled to discuss the property re-evaluation program now under way and 1959 plans for county roads.

The discussion on property appraisals was to be a continuation of a lengthy debate on Tuesday, during which officials of Dowling Appraisal Co. told the commission that "some idea" is needed on the evaluation level.

This morning, Dowling officials told the Herald that property is being assessed on the basis of 75 per cent of the estimated replacement value.

Prior to the afternoon meeting, the five commissioners made a tour of county roads. At present, all new construction in the county is at a standstill. The survey was planned so that officials could get first-hand reports on condition of roads before appropriating more funds for authorizing additional spending.

Property evaluation, a touchy issue in Seminole, will be "introduced" to the public in a series of new stories planned by officials.

Commissioners were expected to settle the question of whether Dowling Appraisal or the county tax assessor, Mrs. Mary Earle Walker, will set the property rates for this survey.

Mrs. Walker said Tuesday that the full value of property should be shown on cards. From those cards, she added, "I will decide what the assessment percentage should be."

A publicity campaign in behalf of reassessment was to be set up this afternoon by commissioners and Dowling.

## Mikoyan Greeted By Pickets, Coffin

DETROIT (UPI) — More than 500 pickets and a coffin awaited Russia's first deputy premier, Anastas Mikoyan, here today.

Mikoyan was scheduled to make a whirlwind tour of Detroit industrial plants.

The visit, the second in a series of stops at cities across the United States, aroused a reaction by one-time freedom fighters from Hungary and refugees from other Communist dominated nations who are now living here.

Members of the nationality groups met for the past two nights to discuss plans to greet Mikoyan and display their hatred of him.

The Mikoyan, a former member of the Hungarian parliament during the Hungarian revolt, was a Communist in 1956 and leader of the anti-Mikoyan demonstration, said no violence was planned but no doubt would be left about their opposition to all the Soviet leader stands for.

The deputy premier Wednesday spent one day in Cleveland as the guest of industrialist Cyrus Eaton in his whirlwind tour of the city he pumped strongly for increased Soviet-American trade and peaceful coexistence of Russia and the United States.

Hungarian and other nationality groups also demonstrated against his Cleveland visit and one Hungarian refugee was arrested when he hurled a rock at the Soviet leader.

## Skull, Crossbones May Greet Smoker

PIERRE, S. D. (UPI) — South Dakota smokers may be confronted with a skull and crossbones when they pull out a cigarette.

A bill is being readied for introduction in the state Legislature that would place the symbol on all cigarette packages together with these words:

"The use of this product is not recommended by the state of South Dakota. The use thereof may result in cancer or heart disease."

The bill's sponsor, Sen. Don Strinsky, smokes cigarettes.

## No Future Plans, Governor Declares

TALLAHASSEE (UPI) — Gov. LeRoy Collins said today he has made no personal political plans beyond his term as Florida's chief executive.

Asked about his post-administration plans by newsmen, he said he had none beyond his present job.

## Meeting Slated

TALLAHASSEE (UPI) — The Florida Milk Commission will meet Jan. 14 in Tampa at the Tampa Terrace Hotel.

## Nothing For Papa?

MOSCOW (UPI) — The Soviet parliament awarded the order of "mother heroine" to 230 women last month. To be eligible, a mother must have at least 10 children.

## More Missilemen

HUNTSVILLE, Ala. (UPI) — The Army Ordnance Guided Missile School at Redstone Arsenal will graduate about 7,500 students this year, the school announced Wednesday.

## Families Flee Fire

NEW YORK (UPI) — At least 20 families were driven into the street Wednesday night by a two-alarm fire which burned through the top two floors of a five-story tenement. No one was injured.

## Book For Smugglers

LONDON (UPI) — The Longmans Publishing Co. printed this notation next to the book "Contraband Cargo" on its spring listing: "Of special appeal to smugglers."

## Now 'Most Wanted'

WASHINGTON (UPI) — David Lynn Thurston, youthful escape artist described as extremely dangerous, has been added to the FBI's list of "10 most wanted fugitives."

## 'Charming' Trial

LONDON (UPI) — Robert Barker, 63, prosecuted by Jennifer A. Lavender, 25, for illegal street trading, was fined \$10 Wednesday after observing "it's the first time I've ever been prosecuted by such a charming young lady."

## Crumbled Cookies

KENIL, England (UPI) — A 12-ton load of cookies crumbled Wednesday when the big bakery truck John Thompson was driving turned over on the main England-Scotland road. Cars were backed up for five miles.

## Fire Hits Bayonne

BAYONNE, N. J. (UPI) — A general alarm fire raged out of control for almost four hours Wednesday night in the heart of the business district. More than 100 firemen battled the fire before it was brought under control.

## Nazi Helper Jailed

BERLIN (UPI) — A West Berlin court has sentenced journalist Robert Kreyer, 39, to five months in prison for helping former Nazi diplomat Hans Rademacher escape to Syria in 1953. A Nuremberg court had convicted Rademacher as an accessory to the murder of 1,300 Yugoslav Jews.

## Freedom Was Brief

BATON ROUGE, La. (UPI) — Robert C. Booker, 42, and James Walker, 39, enjoyed only 18 hours of freedom after their release from the state penitentiary.

Booker was arrested for forcing his way into a home in the neighborhood of Lake Mary and was back in jail for picking Booker's pockets.

Booker was arrested for forcing his way into a home in the neighborhood of Lake Mary and was back in jail for picking Booker's pockets.

## Lake Mary Scouts Will Get Building

Lake Mary Boy Scouts will have a building in their park as a result of action taken last night by the Lake Mary Chamber of Commerce.

Construction was authorized by the group, which felt that the building would be an asset to the community. The land was given to the Scouts for their use by County Commissioners.

The case for the boys was presented by Scoutmasters Hank Beemers and Don Coleman. His satisfactory conclusion came on the 30th anniversary of the Lake Mary Chamber of Commerce, which officially was formed Jan. 7, 1929.

Frank Evans, pioneer leader of the community, gave a brief history of the chamber and its development. He urged all Lake Mary residents to join the group and to back the improvements of schools, roads and parks.

Meetings are held the first Wednesday of every month at 8 p. m.

## Red Cross To Meet

The quarterly meeting of the Board of the Seminole County Chapter, American Red Cross, will be held at chapter headquarters, 1125 S. Palmert Ave., Sanford, at 3 p. m. Jan. 14. Important business is scheduled, all members are urged to attend.

## Final Rites Set For Mrs. Smith

Final rites for Mrs. Betty Smith will be held tomorrow at 3 p. m. in Grambow Funeral Home. Mrs. Smith died late Tuesday night of a heart attack at her home on Magnolia Ave. She was 51.

Funeral services will be James B. Gul, Ed Simpson, C. P. Bennett, T. N. Dillard, Robert Brown and J. P. Donahue. The service will be conducted by the Rev. Herbert George.

Gravestone services at Oaklawn Memorial Park will be held by the V. F. W. Auxiliary.

## Four Will Attend Fertilizer Meeting

Four men from Seminole County will represent Wheeler Fertilizer Co., Ovidio, at a two-day training meeting Jan. 12-13 in Tampa.

Aubrey Myers, W. H. Martin and George C. Means, Ovidio, and C. C. Henderson, Sanford, will join salesmen from 20 other companies in the training session on new services and techniques in the fertilizer industry.

The meeting will be conducted by experts from International Minerals and Chemical Corporation, a leading supplier of materials used in fertilizer.

## Weather

Mostly cloudy through Friday with intermittent rain beginning tonight. Turning cooler Friday. High this afternoon 72 to 74, low tonight 46 to 48. Variable winds mostly southeast 8 to 10 miles per hour becoming northeasterly 10 to 14 miles per hour during Friday.

# U. S. Officials Pondering Russ Space Predictions

## Rebels Execute 40 Batista Followers; War Trials Slated

HAVANA, Cuba (UPI) — Provisional President Manuel Urrutia's regime carried out plans today for swift war crimes trials against followers of ousted dictator Fulgencio Batista.

At least 20 police and military officers already have been executed by the rebel forces following courts martial. Another 20 Batista followers have been reported executed by rebel militiamen without trials.

There are more than 1,300 suspected adherents of Batista presently held in the greater Havana area alone for investigation and possible presentation to "war crimes tribunals."

Those held include 300 police, 400 members of the army, and 100 persons held by militia of the University Students Federation (FEU). The army and police prisoners range in rank from private to major general. The students' prisoners are mostly civilians denounced by their compatriots.

Urrutia told newsmen at a news conference Wednesday night that the names of all those held will be published. He pledged swift trials for those accused of murder and torture. He compared the promised trials to those of the post-War II Nuremberg war crimes trials for Germany's Nazis.

## U. S. Charges Russians With History 'Rewrite'

WASHINGTON (UPI) — The United States today charged Russia with trying to "rewrite history" to hide the fact that the Soviet encouraged Hitler's military ambitions and cleared the way for the Japanese attack on Pearl Harbor.

It also renewed charges that Russia is responsible for the continued division of Germany, the crisis in Berlin and the trouble and insecurity which has plagued Europe ever since the end of World War II.

The charges were contained in a 53-page booklet released by the State Department to refute allegations in Soviet Premier Nikita Khrushchev's Nov. 27 note to Western Big Three demanding they evacuate West Berlin.

The lengthy Russian note contained a series of assertions that the United States and its allies had at one time encouraged Hitler and then refused after the war to cooperate with Russia to achieve European security and prosperity.

Today's publication, described as "an analysis" of the Soviet note, took up those charges one by one and knocked them down by citing history and the statements of Russian leaders.

The document said Russia's actions in every respect "tended to encourage Hitler's military ambitions." It noted that Russian aid to Hitler's Germany "included not only the furnishing of arms but the concluding of numerous economic agreements."

The document also blamed Russia for playing a major role in starting the Pacific war. It said that in April, 1941, the U. S. R. signed a neutrality pact with the Japanese ally of Hitler, thereby clearing the way for the Pearl Harbor attack on the United States on Dec. 7, 1941.

## Titan Gets Ready For Maiden Flight

CAPE CANAVERAL, Fla. (UPI) — Engineers studied today reports on the captive test of an intercontinental Titan to determine if the fledgling missile is ready for its maiden flight in the next few days.

Flames belched from the base of the 90-foot weapons bottom, or booster section, in the "hold-down" test Wednesday night while the rocket was clamped to its launching stand.

It appeared the engine was shut off before it had developed full thrust in the preflight test. Clouds of liquid oxygen swirled about the missile, indicating a tank may have ruptured inside the big bird.

The Air Force confirmed that the test had been staged, but declined to say whether it had produced the desired results. A static test usually precedes a launching attempt by a week to 10 days.

The first attempt at launching the Titan with a dummy upper stage was made Dec. 20. The firing was halted because of undiagnosed technical difficulties which cropped up moments after the first stage engine ignited.

The Titan was developed to do about the same job as the Atlas ICBM— hurl a hydrogen warhead about 4,300 miles away, usually to Europe. The Air Force has said about 400 powerful rockets could perform scientific missions, including taking man to the moon and back.

## Senate Clears Way For Filibuster Test

WASHINGTON (UPI) — The Senate cleared the way today for the first significant test vote on the issue of amending the rules dealing with filibusters. The vote probably will come late today.

It will center on a motion by Democratic Leader Lyndon B. Johnson of Texas. Johnson said he would allow both sides in the dispute time for debate and then call for the test vote "late today or early this evening."

At issue in the controversy, which broke out as soon as the Senate convened Wednesday for its new session, is a demand by a liberal bloc that the rules be revised to make it easier to halt filibusters.

Johnson will force the test vote by moving to table a resolution sponsored by Sen. Clinton P. Anderson (D-M.) that would in effect allow the Senate to adopt new rules rather than carry over the old ones from session to session.

No Debate Allowed

A motion to table means an immediate vote must be taken. It is not debatable.

The vote was expected to give a clear indication of what the Senate will eventually do on the filibuster question.

Those advocating easier curbs on filibusters argue that in the past southerners have been able to block civil rights and other so-called liberal legislation by talking tactics.

Johnson is advocating a compromise, while southerners want no change at all in the rules.

## Rifle Wound Fatal To Seminole Man

A young Lake Monroe man died at 5:30 p. m. Saturday of a head wound resulting from a self-inflicted rifle wound, authorities said.

Hurtis James Jackson, 31, was found by his family near a utility house in the back yard of his home. He left a note saying, "I just couldn't go on." No inquest was held, county officials said.

Jackson was born May 27, 1927 in Gulfport, Ala., and had been a resident of Lake Monroe since the past 14 years. He was an electrical engineer with ICA and a veteran of World War II. He was Catholic by faith.

Survivors include his parents, Mr. and Mrs. James Jackson, Lake Monroe, and several aunts and uncles.

Funeral services will be held at 11 a. m. Saturday at Hinson Funeral Home. Burial will follow in Sylvan Lake Cemetery.

## Fire Guts Frame House, 16 Negroes Lose Lives

BOSWELL, Okla. (UPI) — Fire swept a four-room frame house here early today, killing 16—a Negro mother, her 10 children, and five nieces and nephews.

City Marshal Stanley Shoemaker said most of the children died as they huddled about the mother, Mrs. Airt Gardner. The fire was believed to have spread from a wood stove.

The father, Booker Gardner, 65, was away on a moon hunting trip, and was not located until after all the bodies had been recovered.

Constable J. B. Richey, who arrived on the scene with the town's only fire truck, said the roof had already caved in when he got there, and that the "bodies were just lying slowly."

Helped by 20-mile per hour

## Reds Reveal Plans For Man In Space, Trips To Planets 1

LONDON (UPI) — Russia's newest rocket whirled silently through the second day of its solar orbit today, and Western scientists pondered whether a bold new Soviet space prediction might be just a newspaper hoax.

The rocket was fired yesterday from a 53-page booklet released by the State Department to refute allegations in Soviet Premier Nikita Khrushchev's Nov. 27 note to Western Big Three demanding they evacuate West Berlin.

The lengthy Russian note contained a series of assertions that the United States and its allies had at one time encouraged Hitler and then refused after the war to cooperate with Russia to achieve European security and prosperity.

Today's publication, described as "an analysis" of the Soviet note, took up those charges one by one and knocked them down by citing history and the statements of Russian leaders.

The document said Russia's actions in every respect "tended to encourage Hitler's military ambitions." It noted that Russian aid to Hitler's Germany "included not only the furnishing of arms but the concluding of numerous economic agreements."

The document also blamed Russia for playing a major role in starting the Pacific war. It said that in April, 1941, the U. S. R. signed a neutrality pact with the Japanese ally of Hitler, thereby clearing the way for the Pearl Harbor attack on the United States on Dec. 7, 1941.

## Record Trip Ends For Big Generator

The railroads have underlined their indispensability by transporting 42,500 pounds of generator stator to Sanford. This is the largest concentrated rail shipment ever received in Central Florida.

The generator stator, built by Westinghouse, was delivered to the Sanford Power Plant of Florida Power and Light Co. The unit was transported on a special flat car, 51 feet long, with four sets of six-wheel trucks. The journey required 13 days and five carriers for the 1,150 miles from Westinghouse plant in East Pittsburgh, Pa., to Sanford.

Picture page 3

## Was 13th Lucky?

BURLINGTON, Vt. (UPI) — The Internal Revenue Bureau said 13 Vermonters purchased \$500 Federal warering tax stamps during the 1957-58 fiscal year to set a state record. Twelve of the 13 men had been convicted of a baseball World Series lottery.

## De Gaulle Pledges 'Return To Glory'

PARIS (UPI) — Gen. Charles de Gaulle, 67, took office today as first president of the Fifth Republic and pledged himself to restore France to its past glories.

De Gaulle the general became "Monteur le President" in a solemn ceremony at the presidential Elysee Palace, where he assumed such great powers that the future of France itself now rests on his shoulders.

His inaugural speech hit the note of glory and conviction in the destiny of the French nation which is the mystical credo of the tall, angular, uncompromising man.

He gazed at the array of officials representing all the institutions of France and its far-flung overseas territories and said, "This gathering has the majestic character which is befitting to its purpose."

"We are now restoring to vigor the refurbished institutions of the French community," he said. "The man to whom the French republic and the French community have once again given the task of leading them to their destiny, is taking over his functions."

## Officer Involved In Traffic Mishap

There are few things more embarrassing to a police officer than being involved in a traffic accident.

Sgt. Ben Butler was innocent, but red-faced last night when his 1955 sedan struck a motorcycle that turned sharply into his path at the intersection of Melville and Celery.

Driver of the motorcycle was James Michael Crittenden, 14. He was taken to Seminole Memorial Hospital for treatment of bruises on his right leg.

The accident occurred at 8:14 p. m., as Butler traveled north on Melville, and the Crittenden boy, south. Capt. Arnold Williams said the motorcycle turned the corner "too soon."

Damages were estimated at \$300 to each vehicle. Butler was not on duty at the time of the accident.
