

# WEEK END TOUR of HOMES ... in the Sanford - Seminole Area

## Home Is The Best 'Word' For Children

"I want to go home."  
The child's cry when he is hurt or lost is known to everyone. Home is where he will find comfort and love and familiar surroundings. Home is the best word he knows.

At home, the child's family wants their living place to be able to offer the security and comfort the growing child needs. His grandparents want their home to suit the needs of a retired couple, and his aunt wants her home to be suitable for a young married couple.

Whatever the needs of any family, the firms and organizations whose advertisements are listed on this page each week can find one that will be just right.

Realtors and builders in Seminole

County have a large variety of homes of every description and in every location to suit the wishes of newcomers to the area, or to those who are in need of a change.

They also have listings of acreage and groves, or construction firms will build a home on your lot to suit you.

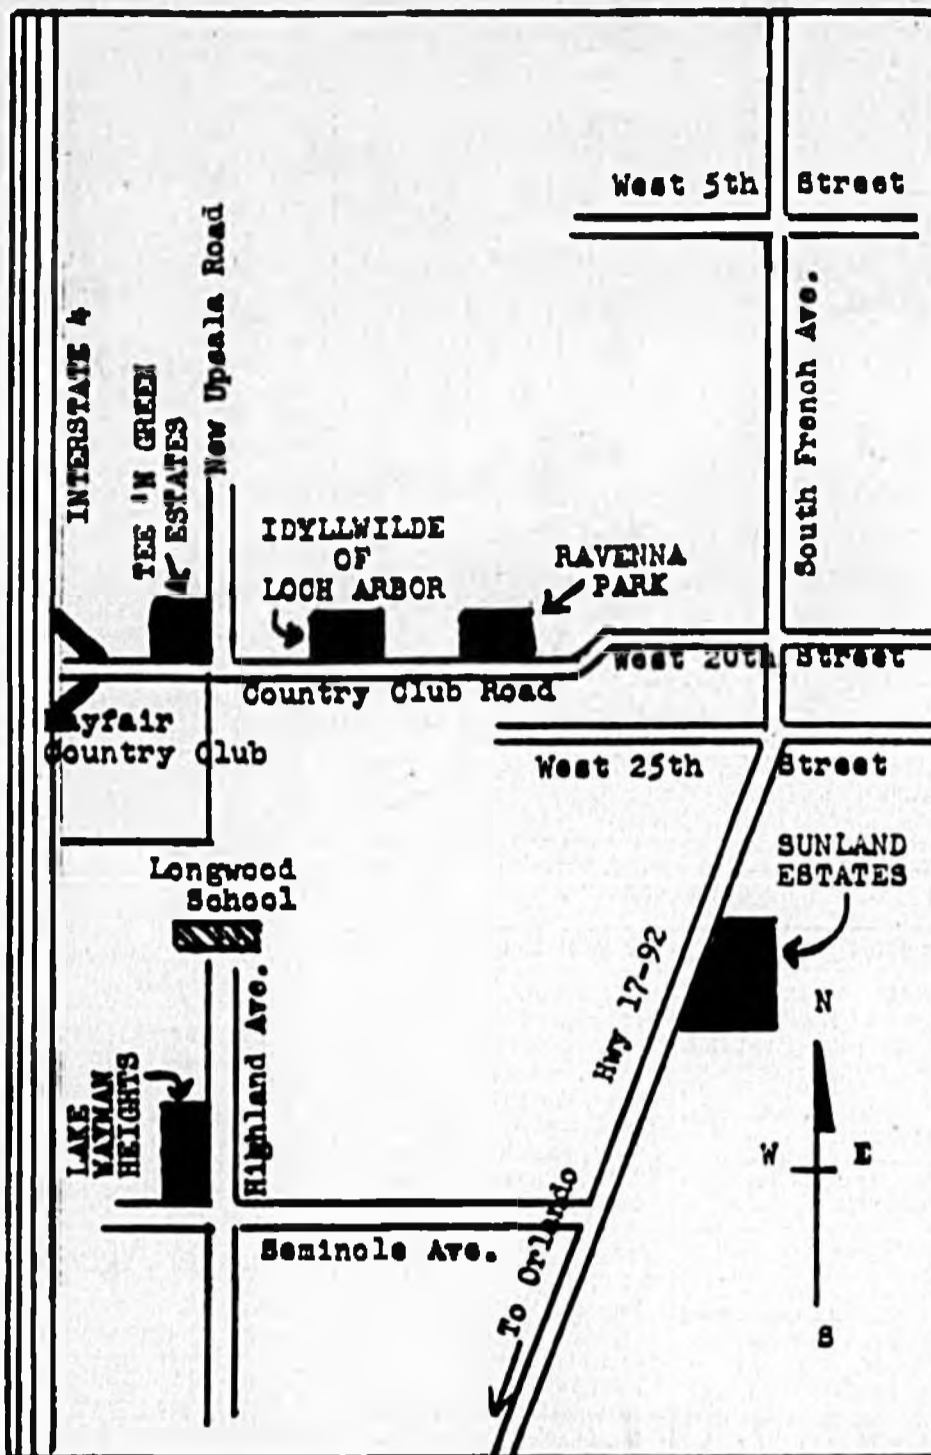

There are ready-made homes in locations all over the county in subdivisions with lovely names such as Idyllwilde, Ravenna Park, Sunland, Lake Wayman Heights, Tee 'n Green.

Builders and dealers include Kingswood Builders, Shoemaker Construction Co., LMN Enterprises and Stenstrom Realty.

## REALTORS CONSTRUCTION COMPANIES DEVELOPERS

WEATHER: Fair and mild through Tuesday. High today, 80-85. Low tonight, 55-60.

VOL. 53 United Press Lensed Wire Established 1908 MON., APRIL 22, 1963 SANFORD, FLORIDA NO. 695

## BULLETIN

**HOMESTEAD AFB** (UPI) — The last 27 Americans imprisoned in Cuba flew to freedom today. They landed at this air base south of Miami in a Pan American World Airways DC8B at 11:33 a. m.

## news... BRIEFS

**Space Fight** MOSCOW (UPI) — The Soviet Union today launched another unmanned space satellite in its program of outer space research.

**Monroe Doctrine** NEW YORK (UPI) — French President Charles de Gaulle aims at a "Monroe Doctrine for Europe," Joseph W. Grigg reported today.

**In Loop** GADSDEN (UPI) — Jacksonville and Orlando were admitted to the Southern Professional Football League here Sunday at a final pre-season meeting.

**Granted Asylum** WASHINGTON (UPI) — Members of a Russian Orthodox Church sect called the Old Believers have been granted asylum in the United States, Atty. Gen. Robert F. Kennedy announced Sunday.

**Bribery Charges** NEW YORK (UPI) — A jury today begins deliberating bribery charges against Joseph P. Kamp, who was charged with bribing a New York judge to help him win a contract for a bridge.

**Trial Bound** BIRMINGHAM, Ala. (UPI) — Integration leader Martin Luther King Jr. was scheduled for trial today on a contempt of court charge stemming from a racial protest march he led Good Friday.

**Heavy Snows** Snow piled a foot and a half deep in the Rockies today while a record-breaking heat wave surged across the southern plains. Thunderstorms, hail and a tornado crashed through the Midwest.

**130 Die** CALCUTTA, India (UPI) — Officials estimated today that 130 persons died, 700 others were injured and 22,000 were left homeless in a cyclone which tore a narrow path of destruction in the Indian states of West Bengal and Assam last Friday.

**Impatient** WASHINGTON (UPI) — Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People (NAACP), today said Negroes are growing more impatient with the resistance to school integration.

**Growing Weaker** JERUSALEM, Israel (UPI) — Israeli President Izhak Ben-Zvi, reported suffering from lung cancer, is "growing weaker" following a night during which his condition took an "alarming turn for the worse," it was announced today.

**In Operation** LAKELAND (UPI) — Only eight interior fresh fruit packing houses remained in operation during the weekend, and growers began concentrating efforts on conditioning groves to speed recovery from the mid-December freeze.

# County To Be Invited To Join School Drive

Another step in Seminole County's drive for the proposed new university for the Daytona-Orlando-Cape Canaveral area will be taken Tuesday afternoon.

County Commission will be requested to retain engineers to make a study of possible sites in Seminole County. The request will be made by the Chamber of Commerce university site committee, headed by Douglas Stenstrom, at 2 p. m. at the courthouse.

Representatives of all communities in the county are invited.

Initial step taken in this effort was the retention of a Miami research firm to make a feasibility study whether Seminole shall be selected as the best site for the state degree-granting school. Report on this study is expected to be completed on May 6 and handed to the Chamber

of Commerce long range committee on education, also headed by Stenstrom.

Interested communities have been requested to furnish the State Board of Control with a "criteria for the location of the site of a new state degree-granting institution." This is not to be confused with a so-called "space institute" designed for space engineers and scientists in the Orlando-Cape Canaveral area.

The criteria for the proposed undergraduate university seeks information whether the offered site contains 1,000 or more acres, elevation sufficient to prevent flooding, free from drainage from surrounding areas, soil substructure and bearing loads suitable for construction of university buildings, along with five pages of other requirements and asking information about the area, such as transportation facilities, health resources, rentals, etc.

**BOYS' SCHOOL OFFICIALS** met in Sanford Saturday with local officials to discuss possibility of locating here. Mayfair Manager Everett Kerr was host for luncheon and Mayor Tom McDonald led group of local businessmen and city officials. From left are Kerr, I. Small, J. Matthews and J. Weigers (of the McFadden Foundation) and Mayor McDonald. (Herald Photo)

## Prep School Officials Check Giant's Land

A group of officials from the Bernarr McFadden Foundation, eyeing the possibility of locating a private prep school for over 200 boys here, met with city officials and Mayfair representatives of the Giants' dormitories Saturday to look over the property.

President of the foundation, J. Weigers, vice president J. Matthews and I. Small, treasurer joined Mayor Tom McDonald, John Krider and others as guests of Mayfair Manager Everett Kerr and Art Flynn, agent for the San Francisco Giants for luncheon and a discussion of the schools needs.

Weigers told officials here he was very impressed with the weather and the traffic—have really gouged some big holes in the street. Since that avenue was opened up from W. First in the lake front, it is surprising how much traffic it is taking off the like thoroughfares . . . and Park Avenue.

What will the kids do for baseball playing fields? . . . If the Rec. Dept. no longer has the ones at Mellenville and Celery Avenue . . . And Eighth Street . . . Under its jurisdiction? Oh yes, I forgot; there are some, on a few, anyway—vacant lots in the city. . . . But right now the city doesn't own them.

Too bad the Semi-Centennial banners across our busy streets got torn to shreds by the wind. . . . Stuff of which they were made was too flimsy. . . . And the committee hasn't been able to get replacements. . . . Oh well, we'll try to keep you and the rest of the prospective celebrants informed about what goes on to make Saturday a REAL one to remember.

O-o-o-o! You should see some of the floats for the Saturday morning parade. . . . Real S-P-E-E-F-Y. . . . And with a few of those 34 beauty contestants on them to add more attraction. . . . Deeeeee-lightful!

There were only about 30 couples at the Sarepta Hall Saturday. Must have been something really exciting on "Ginamoke."

The busy buzzing-bird buzzed me that Garnett White was adding some "rest period" entertainment for the Charlie Spivak dance at the Mayfair on Saturday night. . . . By the way, have YOU gotten your ticket, set up your party, and made your reservation at the Jaycee Info. booth? . . . Better get with it. . . . It's gonna be a twister!

Clyde Long says that in order to avoid traffic jams, the parade route will probably be changed from the usual setup. . . . Looks now like it will be Sanford Avenue starting point. . . . West on First to Park. . . . (Yep, that's right—Park!) . . . North on Park to Seminole Blvd. . . . East on Seminole Blvd. to the Mayfair for "break-up" . . . More on this later—but that's the way the cookie crumbles right now, says the parade committee headed by Glenn McCall and Clyde Long.

## Boiler Blast Victim Dies

Boiler explosion at the ILLI Products plant last Feb. 22 claimed its second victim Saturday at Gainesville, it was learned here this morning.

Howard E. Davis, 43, Lake Mary, ILLI machine operator, died Saturday at the J. Hillis Miller Health Center, of the University of Florida.

Richard L. Hudson, 43, Ovidio, ILLI boilerman, died Feb. 25 at Seminole Memorial Hospital, as the result of burns suffered in the blast. Davis, suffering burns also, had been confined at Seminole Memorial Hospital. However, he was removed by ambulance at 11:45 p. m. Friday to Gainesville to be placed in an iron lung. He was received at the Health Center at 3:45 a. m. Saturday and died at 6:10 a. m.

Center attaches reported they were unable to obtain a physician's services to learn the cause of death but it was believed to be respiratory.

Surviving Davis, a World War II veteran, are his wife, Katherine; four children, Roger, Theresa and Mary, of Lake Mary, and Mrs. Delbert Hines, of Beaver, Ohio, and his parents, Mr. and Mrs. Herman Davis, of Beaver.

The body was to be sent by Williams-Thomas Funeral Home, Gainesville, to Beaver, Ohio, for funeral and burial services.

## Eckerd Inks Plaza Pact

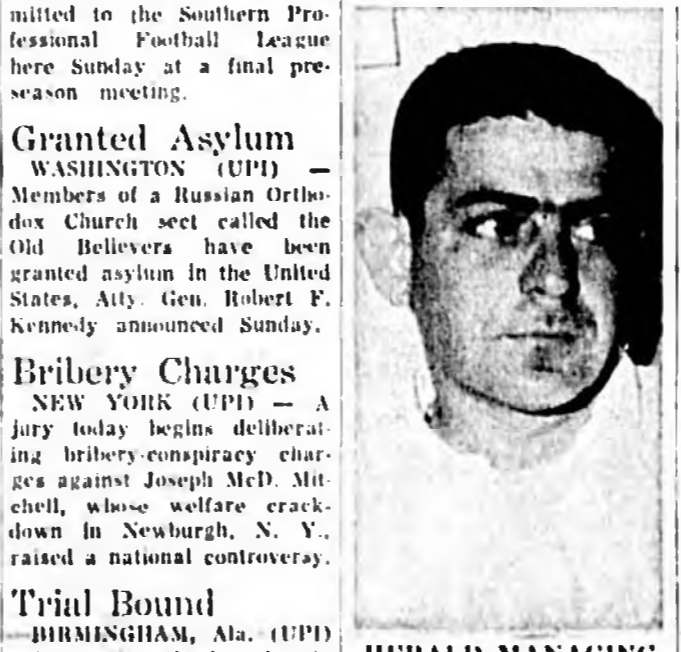

Eastern Diversified, Inc., of Orlando, owner of Seminole Plaza, the 30-acre Shopping Center now under construction at the intersection of Routes 17-92 and 136, in Casselberry, have announced the signing of a lease with the Eckerd Drug Company.

The Eckerd Store will have approximately 10,000 square feet and will feature a complete range of quality merchandise.

## Airport Sites Narrowed Down

Selection of a site for Seminole County's proposed airport has been narrowed to "two or three" locations but no decision was reached by the Chamber of Commerce's airport committee Friday afternoon.

It was reported the committee had "reached a stalemate" in locating the airport on West Highway 46 near Interstate 4 but Chairman Merle Warner explained "that it was a highly spirited meeting, with all aiming their thoughts at a solution for the welfare of the people of Seminole County."

**HERALD MANAGING** Editor Larry Vershel's first novel has been accepted by a New York publishing firm and will be published in late May. Vershel will leave for New York this week to complete contract negotiations for the book.

## Board To Talk Road Program

Overall county road program for the balance of the fiscal year ending Sept. 30 will be discussed at Tuesday's County Commission meeting, Chairman J. C. Hutchison said today.

County Engineer William Bush had stated the county had deferred a positive program because of freeze damage last December. He requested an authorized plan "so we will not have to run to the commission every time we are ready to start a new job."

Commissioners also will discuss the four-laning of 25th Street, between French and Mellenville Avenues. The State Road Department has been demanding a 100-foot right-of-way. The county has 60 feet. It was learned the SRD now has said it will settle for 80 feet.

## VAH-11 Home

Sanford's Heavy Attack Squadron 11 is home again after seven months of operations with the U. S. Navy's Second and Sixth Fleet.

The final three of the squadron's six aircraft arrived Sunday from the USS Roosevelt, which was to dock in Mayport this morning. Two other VAH-11 A3B

## Legislators Table Fern Park Bill

"More information" is needed by May 1 relative to the proposed Fern Park incorporation and the Altamonte Springs charter revision, it was decided this morning by the Seminole County legislative delegation at Tallahassee.

The delegation — Sen. Mack N. Cleveland Jr. and Reps. S. J. Davis Jr. and Jan Fortune — decided they need additional information before proceeding with these two communities.

The legislators met last Saturday with a large group at Fern Park and heard "pros and cons" on the proposed charter. Some residents informed the delegation they had not seen the proposal.

Copies of the charter will be run off at Tallahassee and mailed to interested residents requesting it. The delegation also asked the residents "to let us know your views, whether for or against."

A referendum for the voters would be required to decide on incorporation of the community.

The delegation this morning reached no decision on the Altamonte Springs charter revision, Fortune expressing the desire for more information. Only the Town Council members and two citizens attended the session with the delegation at Altamonte Springs.

Sen. Cleveland also advised today the delegation is in accord to submit legislation granting the Seminole County Commissioners authority to retain engineers for a water control study for the entire county.

Accord also was reached on legislation permitting Longwood to re-register its voters and to accept absentee ballots. New Village Council of

North Orlando requested the delegation to drop a proposal to change the name of Molnar Avenue to North Orlando Avenue.

Davis and Fortune were to introduce in the House this afternoon memorial resolutions commending O. P. Herndon and M. B. (T. Bone) Smith

both former members of the House from Seminole County. Cleveland also said he had called a meeting for this afternoon of delegations of all affected counties of East Central Florida relative to the proposed university for the Daytona-Orlando-Cape Canaveral area.

Copies of the final revised charter draft will be distributed to all voters and an effort also will be made to publicize various sections through a series of published newspaper articles.

In reference to powers of annexation, it was pointed out that the policy remains the same as it has been for the past 23 years and that it is only through request of the property owner that any annexation has been made even though there are many "islands" in the municipal limits which the town legally has the right to annex.

Final action on the charter still will rest in the hands of the citizens even after approval of the Legislature for it must also be passed locally in a special referendum.

## Casselberry Told No Tax In New Charter

Casselberry residents were assured at Saturday's hearing with the Seminole County legislative delegation on the proposed charter that ad valorem taxes are specifically prohibited unless the charter is amended by a majority of voters in a special referendum.

Attorney Kenneth McIntosh pointed out however that the power to levy, impose and collect all other forms of tax, licenses and permits is given to the council. The only tax imposed at the present time is a five per cent utility tax.

Sen. Mack Cleveland and Reps. Joe Davis and Jan Fortune met with the Casselberry citizens for the purpose of hearing views and objections regarding the charter in a "packed to overflowing" Town Hall.

GETTING IN STYLE to celebrate the Golden Anniversary Semi-Centennial of the County are these members of the Welcome Wagon Club who will join others on a covered wagon, pulled by a mule in the big Semi-Centennial Parade, at 9:15 a.m. April 27th in Sanford. From left, chat-

ting just like ladies of long ago are Mrs. R. K. Horton, outgoing vice president of the club; Mrs. A. L. Probst, incoming president; Mrs. Don Cahill, outgoing president and Mrs. Russ Gould, new secretary-treasurer. (Herald Photo)

## Gray Ladies Pinned

Sanford's first Gray Ladies, a unit of the Red Cross, who will work in the county schools received their caps in a formal capping and pinning ceremony held at Sanford Junior High School, Thursday.

The ladies were welcomed by Hugh Carlton, school principal, and also by Dr. Frank Leone, health department director.

An explanation of the Gray Lady program in the schools

was given by Mrs. Esther Court, Volunteer Field Consultant of the ARC.

Mrs. Virginia Frederick, county unit chairman, was the first to be capped and she in turn capped the other

members of the Gray Ladies unit.

Pins were presented by Mrs. Esther Court, and certificates by Mrs. Mathilde Frissel, executive secretary of the local chapter of the Red Cross.

The Gray Ladies were introduced to the school officials by John McCloskey, chairman of the local Red Cross board and were accepted by R. T. Milwee, superintendent of schools.

The value of the Gray Ladies program and the service that they can render through their training was presented by John Gibson, field representative for the ARC.

The present group of Gray Ladies have served 297 children and spent 433 volunteer hours at the school since the inception of the program. A second group is now in training.

Ladies who received their caps as full-fledged Gray Ladies included Mary Ellen Brown, Ann Conville, Kathryn Gray, Louise Harris, Joyce Houghton, Evelyn Lavender, Dorothy Miller, Mary Miner, Wanda Mohr, Winifred Scott, Genevieve Thompson and Elizabeth Whitmore. Mildred Arnold and Frances Leach were already certified.

SANFORD'S FIRST GRAY LADIES receive their caps at ceremonies held at Sanford Junior High School Thursday. From left are Mrs. Mathilde Frissel, executive secretary of the local chapter of the Red Cross; Mrs. Gertrude Napper, school unit chairman; Mrs. Hukku Kibbee, Public Health Nurse; Mrs. Virginia Frederick, county unit chairman and Dr. Frank Leone, county health director. (Herald Photo)

## 27 Yanks Held By Castro Expected To Be Freed Today

HAVANA (UPI) — The last 27 Americans imprisoned in Cuba prepared for a "freedom flight" to the United States today.

### George Fouser Dies Suddenly

George C. Fouser, 61, died suddenly Saturday on his yacht, which was moored at the Lake Beresford Yacht Club near DeLand.

He was born April 6, 1902 in Rochelle, Ill. and came to Sanford from Orlando in 1937, and made his home here at 218 N. Virginia Ave.

Fouser was a member of the First Methodist Church, Holy Icon Masonic Lodge, of Rochelle, Ill.; Bahia Temple of the Shrine, Sanford Shrine Club, U. S. Coast Guard Auxiliary, Sanford Elks Lodge, 1241.

He is survived by his wife, Lu I. Fouser of Sanford. Services are scheduled at 2:30 p. m. Tuesday at Henson Funeral Home with Rev. John Adams Jr., officiating. Burial will be in Oaklawn Memorial Park.

Pallbearers will be John L. Brumley, A. W. Lee, Paul Dryander, Sheldon Ziegler, Richard Coley and John Hyder.

The family requests that in lieu of flowers, contributions be made to the American Cancer Society.

dom flight" to the United States today.

New York attorney James B. Donovan, who negotiated the release of the Americans, said his year-long mission in behalf of prisoners and Cuban refugees had been accomplished.

The lawyer said 1,000 more refugees will go to the United States later this week, possibly Wednesday, bringing to more than 5,000 the total Cubans and Americans permitted to leave Cuba as a result of Donovan's negotiations with Premier Fidel Castro.

Donovan and the Castro government disclosed no details of the Americans' departure, but the Swiss Embassy, which handles U. S. affairs in Cuba, said the group would leave this morning aboard the chartered plane which brought Donovan here Saturday along with 15,400 pounds of ransom goods.

In announcing Castro's decision to release the Americans Sunday, Donovan described it as "an action of clemency on the part of the Cuban government."

"It does not involve any further pledges of drugs, medicine or baby food to the Cuban people," Donovan said in a telegram sent to his New York office.

Donovan began talks for the release of the Americans after he successfully negotiated the freedom of the 1,113 captured Bay of Pigs invaders for a ransom of \$53 million in

food and medicine, collected by the American Red Cross.

The attorney, who also negotiated with the Russians for the exchange of Soviet agent Rudolph Abel and American U2 pilot Francis Gary Powers, disclosed that the Castro government is reviewing the cases of thousands of Cuban political prisoners, some of whom have been jailed since 1959. He said some already have been given clemency releases.

"The end of my mission is imminent, and accordingly it is not my present intention to make additional trips to Cuba in furtherance of the mission," Donovan said in his telegram.

A Swiss Embassy official said the Cuban government transferred the Americans from the Isle of Pines maximum security prison to Havana Saturday.

## Troop Removal Seen For Laos

VIENTIANE, Laos (UPI)—The government announced today that Prince Souphanouvong, leader of the pro-Communist Pathet Lao, has proposed a cease-fire arrangement that would erase important Pathet Lao victories on the strategic Plain of Jars. A government communique said Souphanouvong called for adherence to a cease-fire agreement of April 14 and withdrawal of troops to positions held before the agreement.

Premier Souvanna Phouma, the neutralist half-brother of Souphanouvong, obtained the cease-fire agreement eight days ago from Gen. Kong Le, commander of the neutralist forces on the Plain of Jars, and Gen. Singapo, Pathet Lao military commander.

The cease-fire was broken almost immediately, however, and in fighting all last week the pro-Communists routed the neutralists from several towns, giving the Pathet Lao virtual control of the Plain of Jars.

Souphanouvong further proposed that convenient movement be permitted between opposing garrisons once the withdrawals have been effected. That military leaders consult as previously and mixed police be appointed to investigate incidents, the government communique said.

The Pathet Lao proposals raised hopes in the administrative capital here that an early solution to the crisis might be found.

### Miller Makes Shrine Cruise

By Jane Casselberry  
George Miller, L and M Lane in Casselberry, returned last Thursday from the Shrine's Bahia Temple Potentate Cruise in the Caribbean aboard the 672 foot German cruise ship "Hanseatic."

He enjoyed sightseeing stops at San Juan, Puerto Rico, St. Thomas, Virgin Islands and Nassau in the Bahamas. An inspirational Easter Sunrise Service was held aboard ship while at San Juan.

Miller is a member of the Bahia Temple's Oriental Band.

### Downtown Lot Set For Sale

A U. S. Government-owned vacant lot in the downtown business district of Sanford is being offered for sale to the public.

The land is in an area zoned commercial and is surrounded by business establishments. It fronts 55 feet on the north side of First Street, is about 140 feet deep, and is located some 80 feet west of Palmto Avenue between the Old Post Office and the stores and shops further west along First Street.

The sale is being conducted by the Atlanta Regional Office of General Services Administration and will be by sealed bid. Bids will be opened by that office in Room 353 at 1776 Peachtree Street, N. W., in Atlanta on June 5, 1963, at 10:30 a.m.

Complete details, including credit terms and forms on which bids must be made, are available from the General Services Administration office in Atlanta.

### Changes Meet

NEW YORK (UPI) — The National Basketball Association has rescheduled its annual spring meeting from May 1 to April 29. The league's annual college draft will be held April 30.

### NOTICE

Tuskawilla Road between Redbug Road and State Road 426 will be closed to through traffic the morning of April 23rd, 1963, for a period of approximately 90 days, to permit construction of a new bridge. Traffic is advised to detour by way of Dodd Road, 1/2 mile west.

RESPIRATORY DISEASES campaign gets underway in Seminole County with a proclamation from Mayor Tom McDonald (left) who watches as a member of the city public works department, Robert Kelley, gets a chest x-ray at the Health Center by technician Steve Selley. Dr. Frank Leone, right, who is heading up the educational campaign watches. (Herald Photo)

### Mayor Calls For All-Out Health Drive

"The health and lives of our citizens constitute our community's most valuable resource and chronic cough and shortness of breath often hides serious respiratory diseases," Mayor Tom McDonald said today.

He proclaimed the next six weeks a time of public education through the county health department and the Seminole County TB Association to urge people to see their doctors early if they have a chronic cough or shortness of breath. Dr. Leone cited respiratory diseases as the nation's fourth leading cause of death, and the cause of much ill health and disability and loss of time from work.

### Holy Cross Delegates To Attend Convention

Some 2,000 Episcopalians from Central and South Florida are expected to be in attendance at the 41st Annual Convention of the Episcopal Diocese of South Florida scheduled for May 7-9 at Miami Beach.

Attending from Holy Cross Episcopal Church of Sanford will be Alfred Stanley, B. L. Perkins Jr. and Richard Deas. Attending as delegates to the Women's Meeting at the same time will be Mrs. Stanley, Mrs. Perkins and Mrs. Deas.

The Episcopal Church is part of the Anglican Communion of which there are more than 12 million baptized members. It is organized as a democratic church in which

the clergy and laity, meeting in convention, determine the work and program of the church.

The Rt. Rev. Henry I. Louth, Bishop of the Diocese of South Florida, will preside at the convention where the main business will be that of planning to extend the work of the church to meet needs of the exploding population of Florida.

Fr. John W. Thomas, rector of Holy Cross Church, has been elected as delegate to the Provincial Synod for the past two years. The Synod of Seawance includes 14 dioceses in the Southeastern United States. Delegates from the Diocese of South Florida represent the Church at the larger meeting.

## Sanitarian Okays Bear Lake Area

By Shirley Wentworth  
Seminole County Health Sanitarian Val Robbins Thursday night assured members of the Bear Lake Community Club that at the present time there are no serious water or sewer problems in their area. "We consider this a suburban area with urban type development in a rural community. One big problem on the water question that does face us is determining where personal and individual rights end and community responsibilities begin. The County Health Dept. cannot interfere with personal rights but neither can we let the health of a community be jeopardized," he said.

"A start in establishing proper safety measures in this area has been made by builders and developers who have installed their own community water plants. In time, all these systems will be combined and a full time operator put in charge of the overall facility at which time a water check can be maintained. "Until such time, each water system is spot checked every three months and individual companies are held liable by the Public Utilities Commission if something is wrong," he advised.

Robbins said that as far as sewage disposal is concerned, the immediate problem is that of too many septic tanks in small areas where homes average 100 per 33 acres with each home averaging 350 gallons of sewage a day. Of this amount the polluted effluent is approximately one-third of the acreage taken up with streets, driveways, sidewalks, etc.

"The big question is whether or not the land can take it," he stressed, going on to assure that there is no serious health hazard at the present time in the area but, "if you don't plan for the future, you won't be prepared for it." He advised that lakes are checked for bacteria count on the average of three or four times per year unless there is exceptional rainfall. A check made this month of lakes in the Bear Lake area shows that the bacteria count presently is lower than it has been in years.

Robbins explained that accumulation of bacteria is caused by lawn fertilizer, dogs, septic tanks and street wastes and that at the present time, there is not too much the individual can do to prevent such accumulation. On the question of garbage disposal, he said that his department received complaints "once in a while" but that by and large "the garbage problem is solved for this time."

Robbins' talk was made before Community Club members at their regular monthly meeting held in the Florida Power Corp. Employees Lounge on Big Bear Lake.

Membership in the organization, which strives to present discussions of interest at each meeting, is open to all residents of the area.

After 21,000 men, women and children are affected by urinary tract infections, it is not surprising that many women are affected. After 21,000 men, women and children are affected by urinary tract infections, it is not surprising that many women are affected.

### UPW Circle Meeting Held At Cress Home

By Frances Wester  
The April meeting of Circle Two of the UPW of the Community Presbyterian Church of Lake Mary was held in the new home of Mrs. Wallace Cress Tuesday night, with Mrs. Ray Cress and Mrs. John Reaves hostesses for the evening.

Mrs. Don Smith, circle chairman, was in charge of the program. Devotionals were given by Mrs. Ray Cress from a chapter in the Book of St. Luke and Mrs. Reaves led the group in the Twenty-Third Psalm.

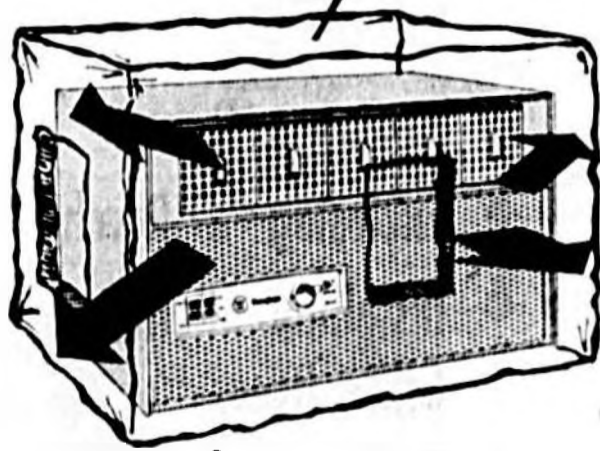

The committees gave their various reports and progress on their projects. A letter of appreciation from Sun Set Gap, Tenn., was read by Mrs. Joe Smathers. Refreshments were served by the hostesses during the social hour.

Other members attending were Mrs. P. D. Anderson, Mrs. Harry E. Sandusky, Mrs. Robert Marrs, Mrs. Erwin Senkbeil, Mrs. Duff, Mrs. Charles Sjoblom, Mrs. Horace Cochran, Mrs. James M. Thompson, Mrs. Joseph Eth, Mrs. W. C. Hopkins and Mrs. Wallace E. Lowe. Two visitors from Mansfield, Ohio, Mrs. Swicker and her daughter, Bobbie, were also present.

## Issue Before Court

Veteran constitutional lawyers generally believe that the U. S. Supreme Court hates to be pushed into really fundamental, historic decisions like the one a year ago on state legislative reapportionment.

These lawyers feel the record shows that the high court will duck the big issue as long as it can, skirting the fringes by deciding cases on technical or other limited grounds.

Even when, as in the spring of 1962, the court finally does come to grips with the central controversy, it frequently takes no more than a beginning step—and then sits back to study the reaction throughout the nation.

That was the course followed in the reapportionment matter. The court merely said bad legislative apportionment was a thing the federal courts could properly concern themselves with, since it might deprive citizens of equal protection of the laws guaranteed by the Constitution.

There were no guidelines laid down. So no lower court today really knows how far, if at all, it can depart from a standard of near-perfect equality of representation and still assure "equal protection."

True equality, of course, must be rooted in the "one man, one vote" idea which reflects itself in legislative districts with almost identical numbers of voters.

Most advocates of this idea accept "practical equality" as the best attainable, thus allowing certain minor concessions to peculiarities of geography, traditional city or other political borders and the like.

Over these differences there is no real dispute.

Where the controversy arises is with those who argue that the strict population formula for apportionment should be deliberately modified to produce an overweighing on behalf of the rural populace.

This does not mean, as so often still prevails today, a weighting that leads to dominance by a rural minority.

What is contended is that a pure population formula will leave the rural elements so small a factor that their economic and other interests will be almost totally submerged in state affairs.

Many lawyers consider "interests" the key word. They are not satisfied by arguments that our democratic system protects minorities in their "rights," for these are not at stake. What the rural community or district needs is adequate attention to things not a matter of right—for instance, new earthen dam for farmers, a measure controlling fertilizer quality or governing mining safety.

The question: Would a legislature tipped 80-20 for cities and suburbs, apportioned on a strict numerical basis, do the rural job?

It is no answer to say that in the years of rural dominance the rural elements blocked urban interests. Our goal can hardly be to correct one wrong by perpetrating another.

What weight to give rural interests, where they are a minority, while still providing Americans with "equal protection" in representation is the issue the Supreme Court must soon decide.

When it comes, probably next season, it will be as historic as the ruling which broke the long stalemate over this vital issue.

## Letters

### To The Editor

Mr. Larry Vershel

Dear Sir:

"Merchants on First St. hold Mr. Podocarpus prisoner without water." As I went along First St. I found myself putting a finger down in the pot to see if they were thirsty and sure enough just as I had imagined, the soil was dry as a bone.

Why, ah why, Mr. Merchant, can't you take a little time twice a week to give your prisoners life-giving water? You do not need to worry too much about fertilizer, but water they can not live without.

It made me feel that I wanted to volunteer to go down First St. with a long-legged hose, giving them all that were prisoner and thirsty water.

Please Mr. Merchant give your prisoners water. Sincerely,

thought, "Oh! Someone in this store really loves their prisoners."

As I went along First St. I found myself putting a finger down in the pot to see if they were thirsty and sure enough just as I had imagined, the soil was dry as a bone.

Why, ah why, Mr. Merchant, can't you take a little time twice a week to give your prisoners life-giving water? You do not need to worry too much about fertilizer, but water they can not live without.

## The Snowman Who Won't Go Away

## Dr. Crane's

### Worry Clinic

CASE P-410: Jimmy J., aged 3, is a precocious little boy.

"Dr. Crane," his mother protested, "we have trouble at the dinner table at night. For my husband comes home from the office, tired and often irritable.

"When we sit down to the table, Jimmy wants to talk. And so does his brother Tommy, aged 6.

"But my husband may be talking, so he resents their talking in upon his discussion.

"So he has laid down the law that they MUST be quiet at the table.

"If they forget and try to tell about something that has interested them or if they start to argue, my husband orders them away from the table.

"Dr. Crane, our children now grow tense and fearful at mealtime, so is their daddy correct?"

America's pioneer psychologist was Dr. William James. He came of a brilliant family that included the novelist

Henry James.

One day he was asked why his family was so outstanding.

Modestly he disclaimed the honor but added that if it were so, it simply was due to the fact his father encouraged free discussion at the dinner table.

Thus, if one boy made a statement with which the others disagreed, a debate started right then and there.

"So we children whetted our wits on each others," added William James.

Also, many successful business and professional men are very poor fathers!

So they try to coerce their children into being little "Yes men" at the table.

America needs to encourage more arguers who are independent thinkers and who will defend their opinions by words.

And an ideal way to start this process is by letting children participate freely in family discussions.

Table talk should not be of an awed or fearsome sort.

The old Kaiser Wilhelm idea of having father serve as a supreme dictator in the home, is now passé.

In America, children are supposed to THINK, not merely accept orders uncritically. We don't want our youngsters to degenerate into the Kaiser Wilhelm class of goose-steppers.

Many smart mothers even urge their children to bring home interesting stories from kindergarten or grade school to tell at meal time.

For the dinner table is often the only place and the only time where all members of the family ever get together!

So it should be associated with fun and relaxation; not tension!

It should be a happy, gala event, not a "hush-hush" situation where the youngsters must clam up to avoid censure from a Kaiser Wilhelm dictator.

The dining room should thus be a place for feeding the mental and emotional hungers of children, not just their stomach appetites.

## Nikita Planning Rome Visit?

By K. C. THALER

LONDON (UPI)—The Communist welcome for the papal "peace on earth" encyclical has revived diplomatic speculation that Soviet Premier Nikita Khrushchev may be planning a visit to Rome.

Moscow has said nothing officially on the project so far, but a series of gestures in recent months has pointed to a deliberate Kremlin policy to ease relations with the pontiff.

Satellite countries, presumably with a go-ahead from the Russians, went out of their way to praise the Holy Week encyclical.

Diplomatic reports have suggested the Kremlin aims at establishment of formal relations with the Vatican that would allow the Church of Rome to set up a number of consulate-type representations in Communist countries, included the U. S. S. R.

There has been speculation that Khrushchev, who plans a visit to Belgrade this spring or summer, may take that opportunity to go to Italy and render an official visit Italian leaders paid him last year. He might call on the Pope.

Whether Khrushchev makes such a trip depends on a series of major developments. One is the status of the conflict with Peking with which he is preoccupied presently and the outcome of the projected Sino-Soviet talks in Moscow next month.

Another is whether the ground is sufficiently prepared for a Khrushchev pilgrimage to the Vatican.

The Communist press, in welcoming the papal encyclical, read into it a virtual endorsement of the concept of Moscow's so-called peaceful coexistence policy.

The Vatican quickly put the record straight by reminding

the Communists that the cornerstone of the "peace on earth" pronouncement was the freedom and dignity of the individual which the Red reports ignored.

Vatican radio said the calls for settlement of international controversy through negotiations, for racial tolerance and for world disarmament all constituted an important part of the encyclical. But, it told the Communists, the central nucleus of the encyclical was "constituted by the dignity of the human being, his rights, his duties."

## Peter Edson

### Political Notebook

WASHINGTON—(NEA)—A drive against disarmament and a nuclear test ban treaty with Soviet Russia has sprung up in various parts of the country as the newest conservative cause.

This move is regarded in part as a counteraction to "Dan the bomb!" crusaders such as the "Women's Strike for Peace"—a group which has been pestering Congress and picketing the White House.

But the principal right wing objective seems to be repeal of the 1961 act of Congress creating the U. S. Arms Control and Disarmament Agency in the State Department.

Now under Director William

C. Foster, this agency was given a \$6.5 million first-year appropriation to promote peace. It is asking \$15 million for the coming year. About \$10 million of this would be for research on nuclear explosion detection and verification of arms destruction, if disarmament ever comes.

This request for more money has given opponents of disarmament a new line of attack, as an economy issue. But a group of Republicans headed by Rep. Craig Hoemer, R-Calif., of the Joint Atomic Energy Committee is concentrating on opposition to the proposed test ban treaty as a United States national defense measure. And Rep. James B. Utt, R-Calif., has introduced a resolution to abolish the Disarmament Agency, which right wing groups are increasingly in favor of doing.

Misunderstanding and misrepresentation are major factors in the rising campaign against disarmament efforts.

The most vicious attack has come from a Citizens Congressional Committee of Los Angeles. It is a Gerald L. K. Smith Christian Nationalist Crusade of a fashoon run by Charles E. Winegarner, who married Mrs. Smith's niece.

Its principal mailing piece, which has been shown red down on Congress, is a poster headed "Treason Treaty." It begins: "The President of the United States has approved a proposed treaty which would completely disarm the United States of America. Arms would be transferred to the United Nations and we would come under the authority of a United Nations dictatorship."

The broadside goes on to charge that disarmament would mean that the Declaration of Independence would become obsolete, the American flag would become a second-rate banner, Congress would be reduced to the authority of a state legislature in a world government, and the World Court would supersede the United States Supreme Court.

Other movements are scattered, but noisy and growing. A "Republican Committee

of 100, Inc." of New York, calls on President Kennedy and Congress to "dissolve this constitutional Arms Control and Disarmament Agency."

A Memphis, "Committee for the Prevention of Disarmament" is circulating a statement from ex-Congressman John Rousslet, R-Calif., charging that disarmament is all part of a Communist conspiracy which he traces back to 1955. He declares that the RS-70 slowdown and Skybolt abandonment by the Department of Defense are the latest acts in this conspiracy.

"Free Enterprise," a Chicago monthly tabloid for which former Secretary of Agriculture Ezra Taft Benson writes a front-page column, devotes a full page in its latest issue to blasting State Department publications on disarmament.

Other right wing newsletters are taking the same line of attack.

Kent and Phoebe Courtney of New Orleans, publishers of "Independent American," have put out two tax-fact leaflets titled, "Exposing the Appeasement Plan to Destroy the Army, Navy and Air Force of the U. S. A." and "Save Our Skybolt—Have Plans Been Made to Surrender the U. S. to the Soviet Union?"

Texas seems to be the real hotbed of opposition to disarmament, however. Rep. Walter Rogers, I-Tex., got so much mail against disarmament that he prepared an answering statement which he headed: "This Country is Not Going to Be Disarmed."

To quiet alarms and fears, he points out that any United States disarmament must first be approved by congressional majorities or, if submitted in the form of a treaty, by two-thirds of the Senate.

## Quotes

The space center could be as important to western Pennsylvania as coal was in the past.

—Dr. Edward H. Litchfield, chancellor of U. of Pittsburgh on plans to build a \$30 million space research center.

Where is Australia and New Zealand and Great Britain and France and Italy and our other allies? Why should the American taxpayers be paying most of the cost of protecting freedom in South Viet-Nam? Are we the only ones that have a stake in freedom?

—Sen. Wayne Morse, D-Ore.

It often happens that Washington pushes into areas where we find its presence uncomfortable simply because private initiative has failed to do the job... Doing our job right at home is the best way of keeping Washington at its proper distance.

—John T. Conner, president of Marck & Co.

There is a need in our society for people with the imagination and uncluttered mind of a child.

—Maj. Gen. Leighton I. Davis, Air Force Missile Test Center chief, on "fresh and positive" approach to the scientific future.

## Matter Of Fact

A sonic boom is produced by aircraft traveling at supersonic speeds, thus creating a sharp pressure rise or shock wave. It is a sound, like a clap of thunder, which can be heard on the ground though not in the plane which is producing it.

NELL RANKIN

# Met Star To Sing Here

Nell Rankin, star of the Metropolitan Opera and La Scala will be heard in concert Tuesday at the Seminole High School auditorium at 8 p. m.

Miss Rankin brought cultural prestige to America and fame to herself in 1930 when she was awarded first prize in the International Music Competition at Geneva Switzerland.

On her return to the United States she became the first

Mezzo Soprano of the Metropolitan Opera, a position she still holds today.

At the age of 23, she was the youngest singer in history to star in the four greatest opera houses in the world, Vienna State Opera, La Scala, Milan and the Metropolitan.

Miss Rankin is one of the South's proudest contributions to the world of art, being a native of Alabama, where she had her own radio program at the age of four.

Memberships for next year's concert season will be on sale.

Miss Rankin is appearing in Sanford under the auspices of the Sanford-DeBary Entertainment Assn. and all persons holding membership tickets are reminded that their tickets are transferrable.

A reception for Miss Rankin and all the members of the Entertainment Assn. will be held in the cafeteria of the high school immediately following the concert. The concert star will be in the receiving line and refresh-

ments will be served.

## Camporee At La-No-Che Set For May 3-5

A St. John's District Camporee at Camp La-No-Che has been set for May 3, 4 and 5th, conducted by the Tom-A-Hawk Society for all Scout Troops currently registered.

Activities for the Camporee will be concentrated in three fields; Scouts will camp with their natural patrols as they exist in the unit and be judged on this basis; a trail will be organized for the purpose of instructing patrols in scouting techniques, a rally will be held in which patrols will compete in other fields in which they have been instructed in Saturday morning activities.

Pioneer camping will be judged by standards of good camping and such items as Scout-like conduct and participation will be observed from start to finish of the camporee, officials said.

The camporee schedule lists check-in time as 4 to 7 p. m. on May 3rd, with activities from 7:30 to 9 and taps at 9:30 p. m.

May 4th, will be a full day of scout activity with reveille at 6 a. m. and taps at 10 p. m.

May 5th, Sunday, reveille will be at 6:30 a. m. and check out time from 10:30 a. m. to noon.

Camporee director will be Art Thomas of DeLand with assistant camp director Bill Winn of Sanford; Inspection and judging will be under B. F. Ganas of Sanford, with Scout Trails by Charles Mitchell of Lake Helen; Scout Rally will be under the direction of Bill Tyre of Sanford and Campfire and religious services under Bill Norwood, Camp La-No-Che Ranger.

Troops representing Sanford, Lake Mary, DeBary, Lake Helen, Orange City, DeLand and DeLeon Spgs. are expected to participate in the Camporee with about 210 boys and 40 adult leaders present.

Awards to be given to patrols meeting national standards and also Camporee awards for high point winners.

Junior Tomahawks, a group of Explorers and Senior Scouts under the leadership of Randy Chase, with Jim Hay as advisor will do all cooking for the Camporee staff.

Scout trail instruction will include first aid, knot tying, lashing, compass, signaling, contact acemanship, fire-building and cooking.

## Rawls Wins Sunshine Play

MIAMI (UPI) — Betsy Rawls held off Mickey Wright and Kathy Whitworth with a not so hot 78 Sunday to win the \$7,500 Sunshine Open golf tournament by three strokes and a 54-hole total of 220.

"I never shot so poorly on a final day and still won. I'm fortunate it was good enough," said the Spartanburg, S. C., veteran lady pro of 11 years.

# Miss Dorothy Marie Benton Marries William H. Hogan

Miss Dorothy Marie Benton, daughter of Mr. and Mrs. Gilbert W. Benton, 414 Willow Ave., Sanford and William H. Hogan, son of Mr. and Mrs. Leroy Hogan, of White Sulphur Springs, were married April 6 at 7:30 p.m. at the Central Baptist Church, in Sanford.

Rev. Gall Smith, pastor, officiated at the double ring, candle-light ceremony.

The church was decorated with two large baskets of orange blossoms, fern and white candles.

Mrs. Darrel Grieme, organist, presented a program of wedding music.

The bride, given in marriage by her father, wore a ballerina length gown of white satin and lace, trimmed with sequins and seed pearls, featuring three quarter length sleeves. Her butterfly veil was attached to a headpiece trimmed with sequins and pearls and she carried a bouquet centered with a white orchid.

Maid of honor, Miss Carla

Wellborn, wore a street length dress of blue chiffon over a white sheath, white accessories, white hat with blue flowers and a white carnation corsage.

John F. Deceder was best man and serving as usher were Charles Benton and Paul Kelth.

The bride's mother wore a light blue dress, white accessories and an orchid corsage. Following the ceremony, a reception was held at the home of Mr. and Mrs. G. H. Alford, 407 Orange Ave.

# Neal - Vacula Wedding Announced

By Helen Snodgrass  
Miss Sulette Rosemary Neal, daughter of Mr. and Mrs. Jack Neal, Enterprise, and Joseph Vacula Jr., son of Mr. and Mrs. Joseph Vacula Sr., of Cobleskill, N. Y., were married April 10 at 7 p.m. at the Sanford Naval Air Station Chapel.

Fr. D. E. Finn officiated at the double ring ceremony.

The bride chose a street length taffeta dress with lace overlay and carried a bouquet of white carnations. Her veil was made by Mrs. G. Nickerson of DeBarry.

Little Tina Marie Neal, sister of the bride, was flower girl and wore a white dress with a pink bouquet.

Miss Kathleen Burnett of Enterprise, maid of honor wore a light blue dress and carried a bouquet of pink carnations. Richard Craven was best man.

The bride's mother chose a beige dress with a pink corsage. A reception was held at the Enlited Men's Club on the Base.

The couple left for a wedding trip to the southern part of the state and when they return will make their home on the DeLand Highway.

# Acey Deucy Wives Name Officers

New officers of the Acey Deucy Wives Club presided for the first time when the group held the April meeting.

They are Mrs. Richard Bergen, president; Mrs. Walter Richardson, vice president;

Mrs. Richard Markland, secretary and Mrs. John Armstrong, treasurer.

During the business session Mrs. J. Riddley was elected parliamentarian. A committee consisting of Mrs. B. Hall

and Mrs. P. Clevon, were appointed to assist Mrs. Riddley in the drafting of club by-laws to be presented for the member's approval.

Mrs. C. Stone was named chaplain and Mrs. Robert Gorline was appointed pub-

licity chairman assisted by Mrs. W. Ringo. A representative from each squadron was elected to complete the Board of Representatives that will preside at the directors meetings.

They were Mrs. Vernon El-

liott, of VAH-1; Mrs. Walter Ringo, of VAH-5; Mrs. Larry Sparks, of VAH-11; Mrs. Riddley of VAH-3; and Mrs. Daniel Daugherty of NAS. Squadron representatives from 7 and 9 will be elected later.

Plans were discussed for a dance to be held each month, featuring a different theme. For the month of May the theme is the "Roaring Twenties."

At the close of the meeting the door prize was won by Mrs. Riddley.

ACEY DEUCY WIVES CLUB officers are from left, Mrs. Richard Bergen, president; Mrs. Walter Richardson, Mrs. Richard Markland and Mrs. John Armstrong. (Herald Photo)

# Donald Dunns Celebrate Anniversary

Mr. and Mrs. Donald Dunn Sr. celebrated their 21st wedding anniversary, on Easter Sunday with a dinner and get-together of family and friends, at their home on Lake Harney, in Geneva.

Cecil Tucker, County Agent, gave an interesting and instructive talk on the care of the lawn at the April meeting of the Sanford Home Demonstration Club at the HD Center.

He discussed routine maintenance for ornamental turf, various kinds of grasses (centipede, carpet, bahia, zoysia and St. Augustine), fertilization, watering and cutting.

Miss Myrtle Wilson, HD agent, spoke on the theme for May, which is "Color Harmony." The club will meet at the Center on May 2 at 1 p.m. for a tour. Please let Miss Wilson know how many plan to make this trip.

Members voted to give a scholarship to a 4-H girl. An open Council meeting is planned for May 10 at the Center with a covered dish luncheon at noon. Douglas Stenstrom will speak on "County Government." The Geneva Club will be hostess and the initiation of new officers will be held at this time.

# New Arrivals

Mr. and Mrs. Claude Hodge of Anchorage, Alaska, announce the birth of a seven pound, seven ounce son, April 10.

**"LET'S TALK DRY CLEANING"**

By - WOODROW CASH

The success or failure of any business depends largely on its employees, and the spirit of willingness shown in their work. Downtown Cleaners is particularly proud of the long record of employment, experience, and training their employees have, thereby enabling them to offer invaluable assistance to our customers. We are very proud of being the only Sanitone cleaner in Sanford, and equally proud that our record justifies our being selected.

A great part of our reputation for quality work is due to employees who have been with us for several years. One reason Arthur Godfrey recommends Sanitone Dry Cleaning - the Professional service offered by Downtown Cleaners is because of SOFT-SET, the amazing fabric conditioner, exclusive with Sanitone. SOFT-SET gives fabrics that smooth, luxury feel they had when they were brand new. This SOFT-SET fabric treatment is a VALUABLE EXTRA, but at DOWNTOWN CLEANERS, it's included at no extra charge.

DOWNTOWN CLEANERS, true craftsmen in Professional Dry Cleaning, offer you expert fabric care, and assure you of complete satisfaction. Insist on their Sanitone service recommended by Arthur Godfrey. Call DOWNTOWN CLEANERS.

# Kolb Captures Osceola Race Grand Prix

By Johnny Higginbotham  
Charles Kolb, a lanky gray-haired Miami, came from way behind Sunday to cop the one-hour Osceola Handicap trophy in a modified Porsche. The Handicap, feature event in the second annual Osceola Grand Prix of the Sanford-Seminole Jaycees, climaxed a two-day meet at

Osceola Airport, at Geneva. Six preliminary races were held Saturday to determine which cars would run in Sunday's Handicap. Seventeen classes comprised some 80-odd sport car entries. The cars consisted mostly of modified foreign makes some capable of speeds up to 140 m.p.h. The 2.1 mile asphalt track with its

nine tricky curves provided a real challenge to the determined drivers. On numerous occasions "spin-outs" occurred as cars swerved to avoid one another or tried to negotiate a curve too fast. Several engines blew-up in the two days of grueling races and every one had his share of mechanical difficulty. However, no

serious accidents or injuries occurred. Big, medium, or small-sized engines determined in which race a particular car ran. Saturday's stand-out in the small-engine class was Stew McMillen from Pompano Beach posting an average speed of 70.48 m.p.h. in an Italian Osca. Stand-out in the medium-sized

class was Hugh Klempeter from Key Biscayne driving a Bagra MK 11 and posting a 73.49 m.p.h. average. Finally, in the big-engine class came Spencer Little from Ft. Lauderdale driving Old Yaller posting 77.24 m.p.h. average speed. Three 20 lap (42 miles) races were held Sunday before the final one-hour handi-

cap. Posting first places in these three beginning with the class and Saturday's race results. The cars were started three at-a-time with a designated time interval between each start. The difference between the last-off cars and the last car was 12 minutes and 30 seconds. In other words, the very last car, who happened to be the winner,

The starting line-up for the Handicap was determined by class and Saturday's race results. The cars were started three at-a-time with a designated time interval between each start. The difference between the last-off cars and the last car was 12 minutes and 30 seconds. In other words, the very last car, who happened to be the winner,

Kolb, had to overtake and pass six times the lead car, which had a 12 minute and 30 second head-start, to win. The trophies were presented by H. C. Zitta, Co Race Chairman of the Central Florida Sports Car Club of America. Trophies were given for first and second place in each race and first and second place in each class.

## Casey Trembling With Happiness As Mets Take Fourth In Row

By United Press International  
Casey Stengel actually was trembling out of sheer happiness. The 73-year-old manager who guided the Yankees to 10 pennants with hardly more than a wink was now wide-eyed with unabated excitement because his Mets had won four straight games.

"Tee-rific!" he said, his voice breaking a bit. "I think I'll get me a beer." Casey was king again. His amazing Mets had just climbed out of the National League cellar by taking a doubleheader from the Milwaukee Braves, 8-5 and 9-2, for a four-game sweep of the series and their longest winning streak in their short history. "I kept saying we were better in spring training," Stengel reminded. "Now do you believe it?"

The improvement Casey referred to certainly wasn't evident while the Mets were losing their first eight games of season but it showed clearly Sunday to the delight of 26,773 frenzied fans.

Jim Hickman drove in seven runs during the doubleheader, whacking a grand slam off Claude Raymond to climax a five-run rally in the eighth inning of the opener and homering again with one on off Lew Burdette during another five-run outburst in the eighth inning of the nightcap.

Ken MacKenzie, "My Yale fella," as Casey calls him because he's an alumnus of Old Eli, was credited with the Mets' first game victory and also saved the finale for Galen Cisco by holding the Braves hitless over the last three innings.

The San Francisco Giants clung to first place by beating the Chicago Cubs, 3-2, in the second game of a doubleheader after the Cubs won the first game, 4-1. The Philadelphia Phillies won their opener with the St. Louis Cardinals, 4-3, in 10 innings, but dropped the nightcap, 10-5; the Cincinnati Reds routed the Pittsburgh Pirates, 8-3, and the Los Angeles Dodgers swept a pair from the Houston Astros, 11-3 and 6-5.

Tom Haller singled home the winning run for the Giants in the fourth inning of the nightcap against the Cubs after Willie Mays led off the inning with his fourth homer of the season. Willie McCovey also hit his fourth homer in the second. Billy O'Dell hurled a six-hitter for his second victory.

the nightcap and Gene Oliver, Curt Flood and Don Demeter each homered in the opener. Dallas Green and Harry Fanok were the winning pitchers. The Reds slugged four Pi-rate pitchers for 16 hits, including four by Eddie Kasko and three apiece by Frank Robinson and John Edwards.

Losers Al McBean yielded eight of Cincinnati's hits during the 2½ innings he pitched. Jim Maloney was the winner. Ron Fairly drove in three runs for the Dodgers in their first game victory over the Colts and then singled home the winning run in the ninth inning of the nightcap.

Aguirre enjoyed his greatest year in baseball last season when he turned in a 16-8 record for the Tigers and a 2.21 earned run average that stamped him the most effective pitcher in the circuit. So far he has been even better this year. His 5-2 victory over the Boston Red Sox Sunday was his third route-going triumph without a loss and his earned run average stands at a remarkable 1.40.

Aguirre, who struck out seven and gave up eight hits, held the Red Sox scoreless until the seventh when Bob Tillman nicked him for a two-run homer. The Tigers had clinched the victory before then, however, on Norm Cash's three-run homer off Bill Monbouquette in the fourth. The win snapped Detroit's three-game losing streak.

The Cleveland Indians ended Baltimore's four-game winning streak with a 2-0 nightcap victory after the Orioles won the opener, 7-0. The New York Yankees shaded the Washington Senators, 7-6; the Los Angeles Angels downed the Kansas City A's, 6-2, and the Chicago White Sox beat the Minnesota Twins, 8-0, after losing the opener, 7-0.

Steve Barber struck out 11 batters and held the Indians to four hits as he posted his third victory for the Orioles, who were stopped on four hits themselves by Dick Donovan in the nightcap. Jackie Brandt homered for Baltimore in the opener and Woodie Held for Cleveland in the nightcap.

Tom Tresh drove in three runs with a homer and two singles and Bobby Richardson also contributed three hits in the Yankees' triumph over the Senators as Jim Bouton picked up the victory in relief of Ralph Terry.

Earth's largest living things, the giant sequoias, sprout from tiny seeds resembling rolled oats, of which it takes 3,000 to make an ounce.

Under the G.A.C. plan you can finance everything on a simplified basis. Payments may be spread over a long or short period, whichever you prefer. We make home improvement loans for both indoor and outdoor projects.

## Weekend Sports Summary

By United Press International  
NEW YORK — No Robbery, the odds-on favorite, won the \$90,800 Wood Memorial at Aqueduct.

SAN MATEO, Calif. — On My Honor earned a trip to the Kentucky Derby by winning the \$42,000 California Derby at Bay Meadows.

SAO PAULO, Brazil — Chile swamped the United States soccer team, 10-2, in the opening competition of the fourth Pan-American Games.

WEMBLEY, England — John Uelses of the United States set a United Kingdom record of 15 feet, 5 inches in the pole vault as the three-man American squad won all four events in which it competed in an international track meet.

COLUMBUS, Ohio — The Central State College track team from Wilberforce, Ohio, surprised Big 10 and other large schools to capture the 30th annual Ohio Relays.

LAWRENCE, Kan. — Five meet records were set during the Kansas Relays, including a pole vault of 16 feet, 3/4 inches by Fred Hansen of Rice University.

HOUSTON — Left-hander Bob Charles of New Zealand shot a tournament record four-round score of 288 to win the \$50,000 Houston Golf Classic.

DALLAS — Fred Stolle of Australia won the men's title of the Dallas Country Club invitational tennis tournament by beating Ham Richardson of Dallas, 6-4, 7-5, and Nancy Richey of Dallas defeated Vicki Palmer of Phoenix, Ariz., 6-3, 7-5, for the women's crown.

HOUSTON — The Los Angeles Lakers topped the Boston Celtics, 126-119, to remain in contention in the National Basketball Association final playoffs, Boston leads the best-of-seven set, 3-2.

A well-adjusted person sees everybody's mistakes, including his own.

CHARLES KOLB, WINNER OF THE Grand Prix, left, is congratulated by Co-Race Chairman H. C. Zitta. (Herald Photo)

## Seminole End Regular Season On Sorry Note

The Seminole High baseballers ended regular season play on a sorry note as they were blanked by Leesburg 4-0 here Friday.

In other prep baseball games, Lyman topped Titusville, 3-2 and Ocoee topped

## Charles Wins Houston Play

HOUSTON (UPI) — Bob Charles, a lanky New Zealander, today had 10,000 reasons and they're all dollars why golf is not strictly a right-handers game.

Charles, the first southpaw ever to win a Professional Golf Association tournament, took the \$10,000 first prize Sunday in the Houston Classic.

The splintery 27-year-old took the lead in the second round and held off a strong finish by Fred Hawkins of El Paso, Tex., to win by one stroke.

## LL Meeting Set In Village

Parents of North Orlando Little League players are asked to attend a meeting to organize a Little League Auxiliary at 6:30 p. m. Monday at the Recreation Area.

The meeting will be under direction of Art Rhodes, recreation commissioner.

## Shrine Club Holds Junior Loop First

The Shrine Club, with an unblemished 3-0 record is currently in first place in Sanford's junior baseball league play through last Friday.

## Dearborn Loop Honors Players

Dearborn Electronics Winter Bowling League held their awards banquet and presentation of trophies at the Marlou Restaurant recently with high series scratch trophy being won by Hugh Miller, for the men and Marjell Westerfield for the women.

Don Coleman won high game scratch with Shirley Goodrich taking the honors for the ladies. Men's high average was won by Broni Kosky and Johnny Marz won for the women. High series handicap for the men was taken by John Krull and Velma DeCook was tops for the ladies.

High game handicap for the men went to Maurice O'Conner with Sara Lee taking the trophy in the ladies division. Most improved players awards were won by Jim Byer and Emma Kiser.

The first place team was composed of Ernest Bove, Pete Kelly, Sara Lee and Margaret Weiss. Second place honors went to Elsie Butler, Richard Hoas, Emma Riner and Velma DeCook.

# Dear Abby: By Abigail Van Buren

**DEAR ABBY:** We have a neighbor who goes through our garbage to seek out whiskey and wine bottles. Then she spreads it all over the neighborhood while spouting religion. One day I got angry enough to tell her that Christ drank wine, too. She replied, "Christ drank only grape juice!"

Knowing that you have access to the thinking of learned people, could you please tell me where in the Bible it says Christ drank grape juice instead of wine? Thank you.  
 MRS. E.

**DEAR MRS. E.:** I can best answer your letter by quoting from a learned friend:

"Dear Miss Van Buren: I am not sure that I qualify as one of the learned people to whom you have access, but I am happy to give you such information as may be helpful. Your correspondent's neighbor has John the Baptist confused with Christ. Nowhere in the New Testament does it say that 'Christ drank only grape juice'. There have been many attempts to prove that Christ was a total abstainer. Such attempts involve an ignoring of Jewish social custom and the obvious meaning of the Greek and Hebrew words involved. No reputable scholar would take these suggestions scri-

# Jacoby On Bridge By Oswald Jacoby

One thing a par contest teaches is that care and planning are essential to successful play as a defender. The following hand is another in the intercollegiate series.

If South gets to three no-trump he has no worries, but normal bidding will get him to four hearts and careless play will cost him that contract.

West opens the ten of clubs, East takes his ace and returns the queen and now it is up to South to take care. He must let the queen of clubs hold the trick.

Once he does this there is no way for East and West to beat the contract. The best defense is to lead another club.

South will have to play his king. West will ruff and return a spade and South will

# We The Women: By Ruth Millett

Perhaps you saw the picture of the pretty model with her hairdo designed to make her look like a long-eared basket hound. The New York hair stylist who dreamed up the basket Bob says it is going over big.

If this stop-ear silhouette with the hair fashioned into side-hanging loops goes over, we women may be in for all kinds of doggy hairdos.

We may be rushing into our beauty salons demanding "sheep dog bangs," the "terrier tease," the "French poodle twist," the "pooch page boy," or even the "cocker coiffure."

If we are going to the dogs for our hairdos we might go a step further, and take our own pooches to the beauty salons so that our hair can be set to resemble their particular hairdos.

If the color of the hair doesn't match the dog's coat, that, too, could easily be changed. Irish setter red would be a nice hair tint. So would Labrador black or poodle silver.

Goofy? Well, it's not any sillier for women to go all-out to try to look like their pets than it is to try to dress up their pets to look like people.

I even read about a dog who had his own custom-

made mink coat. "It's not a blanket," his proud owner insisted. "It's a real mink coat—and it wasn't easy to get a mink coat made for a dog, either."

It would certainly be less expensive, and easier on the pet, for madame to dress her hair to resemble that of the pooch, than for her to buy her pooch outfits to match her own.

Citrus Pruning Demonstration Set Wednesday

A special demonstration of pruning and topping methods and techniques for citrus has been set for 2 p. m. Wednesday at the Reiter Brothers grove in Longwood, by the Seminole County Agricultural Agents office.

The grove is located one and a half miles west of Hwy. 17-92 on SR 434. There will be signs to mark the way. Specialists on the program will be Dr. Dale Kretschman from the Citrus Experiment Station and Jack McCown and Dalton Harrison from the University of Florida Agricultural Extension Service.

Dealers in pruning equipment are invited to demonstrate their equipment after the demonstration on methods and techniques. "Pruning is an important topic of discussion for growers, caretakers and production managers," said Ernie Lundberg, assistant county agent.

"Severe pruning is necessary in many cases because of the severity of the cold this past December. In some instances the trees need to be topped. Topping means that the tops of the trees are cut back."

For additional information on the demonstration Wednesday, contact the Seminole County Agricultural office.

Mrs. C. Collins Dies At Hospital

Mrs. Charlie C. Collins, 61, died Saturday at Seminole Memorial Hospital after a long illness.

She was a member of the Friends Church of North Carolina and the Hibiscus Garden Circle of Sanford.

Mrs. Collins is survived by her sister, Mrs. R. H. Parkes of Sanford and four step children, Mrs. W. K. Brown, Pinhurst, Ga.; Randall Collins of Texas; Bernard Collins of N. Y. and Clarence Collins of Lake Mary. There are also several step-grandchildren.

Services are scheduled at 10 a. m. Tuesday at Brison Funeral Home with the Rev. Fred B. Chance officiating assisted by Rev. R. L. O'Quinn.

Burial will be in Evergreen Cemetery. Pallbearers will be J. P. Bates, Mel Watkins, John Fox and Ben Whitner.

Special Events Set At Gen. Sanford Library

In celebration of the Seminole County Semi-Centennial, an unusual exhibit of old photographs, curios and mementos of early Sanford will go on display at 2:00 p. m. Thursday, at the General Henry Shelton Sanford Memorial Library and Museum in Fort Mellon Park.

In addition, the library will present slide projections of early pictures of Sanford and the surrounding area Thursday night from 7 p. m. until 9 p. m. Most of these pictures are from the extensive collection of W. R. Vincent, local resident, and a number are the work of Dr. Fred Ensminger's father, a pioneer photographer in the county.

Dr. Fred Ensminger, librarian and museum curator, and a resident of the county since 1890, has announced that the library will be open from 9 a. m. until 6 p. m. on Saturdays.

Assisting him in greeting visitors will be members of the Sallie Harrison chapter of the Daughters of the American Revolution and wives of the members of the Board of Managers of the Henry Shelton Sanford Memorial Library and Museum Association including the following:

Mrs. Lawrence Timely, Mrs. J. L. Sims, Delbary, Mrs. Edmund Meisch, Mrs. A. W. Lee, Mrs. F. E. Romillat, Mrs. Dean Turner, Mrs. H. W. Tucker, Mrs. J. St. Clair White, Mrs. J. B. Ray, Mrs. A. S. McCullum, Mrs. A. R. Key, Mrs. M. J. Beam, Miss Emma Baker, Mrs. C. R. Dawson, Mrs. Randall Chase, Mrs. H. D. Pope, Mrs. G. Andrew Speer, Mrs. Roy R. Wright Jr., Mrs. J. C. Hutchison, Mrs. B. P. Whitner Jr., Mrs. Frank Evans, Mrs. R. E. True and Mrs. Raymond Ball.

The library and museum, completed in 1957, commemorates Henry Shelton Sanford—lawyer, diplomat, general and founder of the City of Sanford. Having served as the United States minister to Belgium for eight years, General Sanford began a new career in Florida in 1870 when he purchased 12,535 acres (nearly 20 square miles) of land bordering on Lake Monroe.

He fostered the growth of citrus at his St. Gertrude orange grove and experimented with the culture of many other varieties of fruits at his 125-acre "tropical garden," Belair.

A light-year is roughly six trillion miles.

'MADAME BUTTERFLY' arrangement, in back, was displayed by Mrs. Bill Ryan at this month's meeting of the North Orlando Garden Club when members presented their own program. In front are cleverly decorated plates made by Mrs. Don Nall. (Herald Photo)

Garden Club Members Present Own Program

By Mona Grinstead

Creative talents of North Orlando Garden Club members were displayed at the April meeting as the women presented their own program featuring floral arrangements and articles made at home.

The process of leathering carnations was demonstrated by Mrs. George Duquette with each member following the step-by-step instruction.

A note of warning came from Mrs. Charles Rowell who said that the gloriosa lily, although beautiful, is deadly poisonous and that homeowners should be cautioned to watch children in the areas where the gloriosa is used.

Among those exhibiting arrangements were Mrs. Duquette, wall planter with artificial materials; Mrs. Jesse Wallace, Hawaiian Keekawa centerpiece using orange and green artificial flowers; Mrs.

W. W. Anderson, pink and white artificial sweetpeas in blue container; Mrs. Leonard Stewart, arrangement of artificial gladioli and daffodils.

Mrs. Richard Stodden, small arrangement of roses in Victorian container; Mrs. Carl Hyatt, white glad arrangement; Mrs. Bill Ryan, an arrangement entitled "Madame Butterfly" using small Oriental figurines placed on red mat.

# 'Hot-Potato' Pay Hike Is Stymied

By LARRY VERSHEL  
The Giant's dormitories have been valued at \$250,000 . . . equipment and property . . . Giants asking \$350,000 for the facility from the Castle Heights Prep School. . . Deal has apparently fizzled.

Poor Charles Kampf . . . First his Semi-Centennial sign (flimsy of course) got ripped to shreds by the heavy rains a few weeks ago and now comes the clincher. . . He went out of the Chelsea Title Corp. the other day to water that planter. . . And it was gone!

Municipal Stadium will be converted into baseball diamond for the summer months with the city and sponsors working hand-in-hand. Actual cost \$2,377,48. . . City to furnish labor and equipment and last night agreed to kick in \$500 for lights for some night ball games.

Important Semi-Centennial meeting tonight at 8. A must for everyone connected with the affair.

A group of prominent Sanford businessmen will make a concrete offer for the Woodruff Building and let the city turn it into a downtown parking area. . . No profit for the group. . . just want to get rid of the biggest eye sore in the city.

Nobody asked me but wouldn't it be nice if oldtimer Ed Lane was in the lead car of the centennial parade here.

Say, they finally removed that stump out on the golf course. . . .  
The County School Board will meet in special session Thursday to review final plans for additions at Sanford Junior High School and South Seminole. . . Additions will include a new cafeteria, library and music room at the junior high and cafeteria and music department at the South Seminole facility.

Those promised copies of the proposed new Casselberry Charter were delivered to the Town Hall this morning and are ready for any interested resident.

Gordon Bradley having fun trying to guess how many different ways people will bring the picnic to the BYOP—bring your own picnic—on Golden Anniversary day. . . Spread on the ground? . . . Table (collapsible kind that might get "weak-kneed" about the time you put the baked beans on it? . . . Or were you planning to have potato salad? . . . Or just what other ways are there to serve picnics? . . . Any way, it looks like the far end (from here) of Ft. Mellon Park will be a whopping big picnic ground come noon April 27.

Oh yes—FREE Coke, Noli, Frito-Lay potato chips and Sealtest ice cream. . . Compliments of Bradley's committee.

Casselberry is drawing up a schedule of municipal court costs. Mayor Fred Heath said recently his town was the only one in the county operating without said costs. Heath also will present a proposal for hiring a traffic control officer for the town at Monday's continued council session at the Town Hall.

TALLAHASSEE (UPI) — The Florida Education Association's \$88 million hot potato—teacher pay raises—was tossed around in three legislative committees Monday.

The House Public Schools Committee passed the FEA's full request for \$400 across-the-board raises, but the House Appropriations Committee refused to go any higher than the \$20 million already written into its bill. The measure was discussed in the Senate appropriations committee and seems to have a bright future there. That will have to wait until Wednesday, however, when the committee holds a special meeting to look into the matter.

The House Appropriations Committee will submit its billion-plus spending bill to the lower chamber, and if the full FEA request is tacked on, it will have to be later as an amendment.

The Senate committee discovered Monday that it had not written a cent into the \$1,055,638,961 upper chamber bill introduced Monday.

But the committee, amidst warnings from Chairman L. K. Edwards that "somebody is going to have to put the spending brakes on," decided to write several spending amendments Wednesday and submit them Thursday after the senators had a chance to look over the 68-page bill.

The Senate committee will also take up an amendment on spending for the public defender system.

## Navy Relief Drive Slated

The Navy Relief Society, the Navy's strong helping hand for its distressed members, will open its service fund drive May 4. On the local scene, the drive will be launched at 4 p.m. May 4 with the benefit "May Garden Party," the festive dinner-cocktail party sponsored by the Officers' Wives Club of the Sanford Naval Air Station. The party will be held in the NAS ball room.

Invitations are being mailed to many local dignitaries and a blanket invitation has been extended to all NAS officers and their ladies.

## Cuba Economic Embargo Seen

WASHINGTON (UPI) — The United States today was reported preparing to ask the Organization of American States (OAS) for an economic embargo against Cuba.

High U. S. officials said OAS members would be asked to halt all trade, except for food and medicine, with the Fidel Castro Government. Officials acknowledged that the impact would be largely psychological since Latin American trade with Cuba already has dropped to a minimum.

The economic embargo was one of the steps which Senate Democratic leader Mike Mansfield recommended yesterday to rid Cuba of Communism.

## Solons Say Okay

# Area School Debate Rages

TALLAHASSEE (UPI)—A bill establishing a \$511,000 graduate engineering school in the Cape Canaveral area passed the Senate Committee on Higher Education today after hot debate.

The measure was sent to the Appropriations Committee where it has little chance of getting through to the floor of the upper chamber.

Introduced by Sen. J. A. Boyd of Leesburg, the measure calls for a graduate school in engineering to be established as a branch of the University of Florida School of Engineering.

Sen. Ed Price of Bradenton, committee chairman, led the fight against the bill saying the committee has already passed bills establishing a junior college and a four-year university in the area.

"And the Florida Institute of University Studies has the full power to set up this graduate school without an extra \$511,000 stuck in the budget," Price said.

"We've already given \$100 million to higher education in this state," Price said, "and I think it's asking too much of the people of Florida to step in and do something where the interested industries in the area have done nothing."

Representatives of the National Aeronautics and Space Administration (NASA) and private missile companies and other space-oriented firms have asked that a scientific graduate school be established in the Cape-Orlando Daytona area.

Sen. Boyd, also a member of the committee, said he realized that the off-campus institute can establish the graduate school, but this would be much quicker in getting such a school established.

"I'm sure if this small seed were planted," he said, "those firms interested would jump in and support it."

## Renegotiate

TALLAHASSEE (UPI) — The State Road Department could renegotiate road contracts to pay contractors for the extra costs of trucking limbeck during the Florida East Coast Railway strike under a bill introduced in the senate today.

## Ben-Zvi Dead

JERUSALEM (UPI) — President Itzhak Ben-Zvi, a scholarly Zionist who helped found the state of Israel, died today at the age of 78.

## 125 Styles On Display Wednesday

# It's Auto Show Time

The most modern in automobile fashions and stylings will be offered for public viewing when 125 of the latest 1963 models will be displayed at the fourth annual Sanford Automobile Show sponsored by the Sanford Automobile Dealers Association.

These 125 new cars and new trucks will be on display Wednesday, Thursday and Friday afternoons and evenings at Sanford Municipal Stadium. Hours will be 1 to 10 p.m.

While the new vehicles will be the highlight of the Automobile Show, the Dealers Association also is offering entertainment.

The "Silver Condors," who have appeared throughout the United States and abroad and on numerous television

broadcasts, will present their daring aerial act at 4 and 8 p.m. each day.

Music will be presented each evening: The "Tempos" Wednesday evening, the "Shades" Thursday evening and the "Rockin' Roadrunners" Friday evening.

A snack bar will be established on the grounds and other facilities installed to insure a successful show.

Participating in this annual show are these members of the Sanford Automobile Dealers Association:

Brass Motors, J. D. (Red) Brass, owner-manager; Plymouth and Valiant dealer.

Bill Hemphill Motors, Bill Hemphill, owner-manager; Pontiac, Buick and Rambler dealer.

Holler Motor Sales, Emmet Ferrell, manager; Chevrolet, Oldsmobile, Cadillac and Chevrolet trucks dealer.

Hunt Lincoln-Mercury, Inc., Willie Hunt, owner-manager; Comet, Lincoln and Mercury dealer.

Seminole County Motors, Inc., Ben Howland, manager; Dodge, Chrysler and Renault dealer.

Strickland - Morrison, Inc., Gary Hudgens, manager; Falcon, Ford, Thunderbird and Ford truck dealer.

TALLAHASSEE (UPI) — A bill placing the State Turnpike Authority under the budget controls of the State Legislature was approved today by the House State Government Committee.

**Leftists Charged**  
VIETNAME, Laos (UPI) — Rightwing strongman Gen. Phoumi No Savan accused the leftist Pathet Lao today of trying to destroy the Laotian coalition government and offered to send troops to help the neutralists against the pro-Communists.

**Limits Seen On Bond Issues**  
TALLAHASSEE (UPI) — A bill strictly limiting costs of State Bond issues was sent to the Senate Calendar today with the unanimous backing of the Banking Committee.

The bill, which will increase the cost to the state by \$60,000, passed the upper chamber by a 21-20 vote it now goes to the House.

The bill increases in-state travel allowances for the governor and cabinet members to \$25 while the legislature is in session and \$16 when it is not. The governor and cabinet officers would get \$20 for out-of-state travel.

# County Board Kills \$150,000 Center

County Commission this morning in a 3-2 vote supported action of the Zoning Commission and denied an appeal of Robert G. Martin to rezone property on Country Club Road to permit creation of a community shopping center.

Joe Gazil, who holds an option on Martin's 7 1/2 acres, sought the rezoning from agricultural to commercial to permit erection of a \$150,000 center.

The Zoning Commission previously had denied Gazil's request and Martin appealed that board's decision. The County Commission today held up the Zoning Commission's decision.

Martin's and Gazil's appeal this morning was presented by Stanley Bramley, who pointed out the shopping center would occupy only one-half acre while the other seven acres would be used as a buffer strip between Ravenna Park and Lydellville.

Dr. John Cox, saying he was speaking for 50-60 residential owners, voiced approval of the Zoning Commission's decision and asked the County Commission to support it. Bramley replied he holds a petition with 278 names supporting the shopping center. A show of hands in the packed hearing room was about even for and against the center.

Commissioners John Fitzpatrick led to lengthy discussion between Commission members when he pointed out the property is in his district but he would have to support the Zoning Commission.

Commissioner James P. Avery Jr. moved to rezone the property to commercial. Commissioner John Alexander seconded for "discussion only."

Avery stated there was an adequate buffer strip and he saw "no reason in the record as submitted to show why the change should not be made." Alexander pointed out the county should plan and cooperate with individuals willing to build "clean, adequate" commercial properties. He also said that "commercial and residential can be compatible."

And then expressed himself not in favor of the rezoning and withdrew his second of the motion.

Fitzpatrick explained he had no personal objection to the shopping center but said that "the people who were there first should be considered." To bring the matter, as he said, "to a head," he seconded Avery's motion.

The vote, Alexander, Chairman J. C. Hutchinson and Fitzpatrick, no; Commissioner Lee Gary and Avery, yes. The commission voted 3-2 to support the Zoning Board's decision and denied the appeal for a shopping center.

## Board Okays Bridge Permit

Permit for the removal of a wooden bridge and installation of a culvert on Evansdale Road, between Lake Mary and Little Lake Mary, was granted today in a public hearing by the County commission.

The permit was granted to Frank Evans, who indicated work will be commenced immediately, along with some dredging in Lake Mary.

The hearing attracted a large delegation of property owners along Little Lake Mary, who expressed concern that the new construction would bring the lake mean water level to a point still lower than at present.

They indicated this level already is too low but agreed that they had no objection to the installation if the construction would raise the level.

Evans agreed the installation would be of such design as to cause the Little Lake Mary level to be raised four feet.

In other action the Commission:

Tabled to next meeting a request of the Garden Club of Sunland Estates for the use of a county park in connection with its plans for construction of a new building.

Directed Robert May, of Lieb Arbor, to appeal to the Board of Adjustment the Commission's order for police action compelling him to remove a horse from his property. Commissioner James P. Avery informed May of a "grandfather" clause in the zoning ordinance to permit continuance of any action established prior to enactment of the law.

Directed Zoning Director Robert Brown to revise the zoning ordinance to bring it up-to-date and include amendments.

Heard other matters relative to zoning and building permits.

## City Seeks Water Rate Bond Schedule

The City Commission Monday night authorized City Manager W. E. Knowles and Fiscal Agent Loomis Leedy to work out a water rate schedule based on a \$900,000 bond issue for 30 years.

The issue would finance a massive water improvement program including a new water treatment plant, wells, storage reservoir and transmission lines.

Plans on the improvement program are expected to be completed in about two months.

Leedy outlined various bond financing proposals during the lengthy meeting with the board leaning toward a plan which would require water rate adjustments of some 25 cents per month on an average to each customer.

In other business, the city:

Denied a request on vacating and relocating of the alley north of 17th St. between Park Ave. and Magnolia; Approved a dance hall license at 405 E. Fourth St. for a 60 day trial period;

Tabled action until budget time on the city added health insurance plan;

Agreed to purchase clay to fix roads at 13th St. and the old railroad bed section near 13th St.;

Agreed to throw out all bids on termite control of the Civic Center and let city crew do the job themselves.

## County Asks Road Appraisal

County Commissioners agreed today on the motion of Commissioner James Avery to hire an appraiser to give a comparative analysis on the 25th St. right-of-way.

The question of the appraisal would be whether it would be less expensive to acquire right-of-way property to the extent of 20 feet on the north side, or 20 feet on the south side, or take 10 feet off each side, of 25th St.

County Engineer Bill Bush stated that the State Road Department was not going to consider anything less than an 80 foot right-of-way. The present right-of-way is 64 feet.

The portion of road involved is the strip from Mellonville Ave. to French Ave.

Bush warned that since the SRD had been requested by the County to give the project top priority, if SRD regulations were not complied with to their satisfaction, the county would have to take the consequences of further delay.

No appraiser was named by the commission at the meeting.

## Under Arrest

AMMAN, Jordan (UPI) — Five opposition members of Parliament were reported under arrest today in connection with pro-Nasser demonstrations against the regime of King Hussein.

## Allen To Answer

TALLAHASSEE (UPI) — The Senate has voted to allow President John Allen of the University of South Florida to answer charges that the school's administration is soft on Communism.

# PUC Opens Geneva Phone Probe

Investigation by the Florida Railroad and Public Utilities Commission into complaints against operations of Southern Bell Telephone and Telegraph Co. in the Geneva area began this week, the Herald learned today.

Lewis K. Hughey, president of the Geneva Citizens Assn., said that the petition of complaint filed on April 10 with the Commission, along with the survey report made by an independent technician, has been turned over to Wilkins Linhart,

area PUC representative who is making the investigation. The petition, which cited a number of grievances concerning the existing telephone service, was signed by some 103 residents of the area.

Local Southern Bell officials have stated that any number of attempts to meet with the Geneva people and work out the problem met with failure and that their repair offices report very few service calls received from Geneva. Further reports and

discussion on the issue are expected today when member of the Citizens Assn. meet at 7:30 p.m. in the Geneva Community Hall and on Wednesday after Linhart meets with lending citizens of the community.
