FRANCE VOTES BIG NEW FUND FOR WAR PLAN

French Deputies Are Told Nazis Arming; U. S.-British Delegates Against Japs

PARIS, Nov. 23.—(A.P.)—The Chamber of Deputies, in a short order today, voted the French war budget of \$374,388,000,000 after a blunt discussion of German re-armament.

The tense session which preceded the voting was featured by outspoken warnings as to Germany's war strength and the statement of the French nation's determination to be strong herself.

An emergency appropriation of \$23,640,000 for new equipment was voted separately later. Previously the chamber's finance committee had pledged itself to vote for whatever the country needed for national defense.

General Louis Maurin, minister of war, in appealing for the vote, said, "I don't say, 'if you wish for peace, prepare for war'; I simply say, 'we must be on our guard.'"

Johnson Declared Eligible To Sit On Market Board

The State Marketing Commissioner L. M. Rhodes has ruled that Alex R. Johnson of the Seminole County Agricultural Association is eligible to sit as a member of the State Farmers' Wholesale Market advisory board.

Fletcher Seeks Views On U. S. Central Bank

WASHINGTON, Nov. 23.—A confidential questionnaire has been sent out to the nation's most influential bankers sounding them on their views toward a government-controlled central bank to replace the Federal Reserve System.

Scot Protests Huge Donation For Duke

LONDON, Nov. 23.—(A.P.)—An effort to get the House of Commons to look into the size and whereabouts of the additional \$15,000 (\$75,000) the country will pay the Duke of Kent yearly after his marriage to Princess Marina was quashed with efficiency and dispatch yesterday.

Masked Bandits Snatch Payroll

MEMPHIS, Nov. 23.—(A.P.)—Four masked bandits snatched a payroll containing a company payroll, between \$2500 and \$3800, at the entrance of the American Finishing Company and escaped in a waiting automobile.

NEW LOW-COST HOUSING SCHEME GIVEN APPROVAL

Roosevelt Okeys Aim Of Plan Seeking To Speed Construction

WASHINGTON, Nov. 23.—(A.P.)—A gigantic government-financed low-cost housing program, designed to inject new blood into the construction industry, was given an important position yesterday in legislation President Roosevelt probably will send to Congress for speedy action in January.

Secretary of Interior Ickes, attacking private interests for delay in pouring capital into building activities, announced that housing and slum clearance would constitute a major part of a "very large and comprehensive" Public Works program for the next fiscal year.

PRIEST PLANS FIGHT AGAINST NEW LEAGUE

Coughlin Discloses Program To Help Workers Defeat Wily Financiers

WASHINGTON, Nov. 23.—(A.P.)—In a series of conferences yesterday with members and other officials, Father Charles E. Coughlin outlined a monetary and labor legislative program which he said was designed to counteract the efforts of the American Liberty League and similar organizations.

Sebring Hopes To Hold 1934 Tax Levy To About 2000 Mills

SEBRING, Nov. 23.—The city council will make an effort to keep the 1934 tax levy down to 2000 mills when the new budget is completed.

Sanford Herald... THE SANFORD HERALD... FRIDAY, NOVEMBER 23, 1934

Mrs. Roosevelt Discusses Pensions

The subject of old-age pensions as well as other forms of social insurance is daily coming more and more to the fore and it goes almost without saying that there will be a considerable debate on this subject in the halls of Congress when the House and Senate convene next year.

"No discussion of old-age pensions," says Mrs. Roosevelt says, "can progress very far without a consideration of ways and means, and here sharp divisions of opinion come in, accompanied by voluminous statistics and vast arrays of figures which, in the minds of the advocates of the particular plans, are entirely correct."

"The latest plan is the one proposed in California last spring, and which found its way into the last session of Congress. This calls for a \$2,000,000,000 bond issue to serve as a revolving fund, with a Federal sales tax to be applied to the support of the pension roll. The age limit in this is sixty because part of the idea is that more jobs would be created if older people were removed from industry. One in every ten workers is more than sixty."

"There is no question in my mind but that old people, who have given of their strength and youth to the bringing up of a family and have been unable to save, should not, in their old age, have to live on their children's bounty or on charity. Older civilizations have long conceded this right, and I feel that taking this group out of industry a little earlier would be a great help to another group which is now very much menaced—those men and women between forty-five and sixty who are finding it harder and harder to get jobs."

Alleged "Horse Sense"

Can you pass what some officials call a "horse sense" test, an Associated Press writer asks, who then goes on to point out that such tests are arranged by the Civil Service Commission and that a recent examination has just thrown 900 Treasury employees out of work.

Complex means most nearly (1) entire, (2) intricate, (3) invisible, (4) indefinite, (5) lengthy. The correct answer: (2). Seldom is to never as little is to (1) often, (2) sometimes, (3) admonish, (4) frighten, (5) capture. The correct answer is (5).

There were eighteen of these "means most nearly" questions, and fourteen of the "is to as" variety. Also sprinkled through were a few problems in arithmetic such as: "A person owning five-sevenths of a distillery sold three-fourths of his share for \$9,345. At that rate what is the total value of the distillery? Ans. \$117,444."

SANFORD TWENTY YEARS AGO

Notwithstanding the intense cold Friday night there was a large representative gathering of Sanford people to enjoy the fine program of music at the Congregational Church under the auspices of the Red Cross Fund Association. Much credit is due Mr. E. T. Woodruff for whose leadership and management the facilities is indebted for the rare privilege of hearing such a group of artists upon his premises.

SANFORD FORUM

Nov. 20, 1934 The Editor Sanford Herald (Without doubt, our President every day is proving deep down in his heart that he has the welfare of the common people, and in particular the unemployed and the so-called aged, very much at heart.)

As the recent editorial states, he is now busily studying the several old age pension plans that have come to his notice and undoubtedly an old age pension will become a law very soon.

As to unemployment insurance it is certain that if an adequate old age pension is accorded, with the enforced spending of the amount necessary to put all men and women over 65 years of age on the retired list, (which in itself would create several million jobs for younger people) virtually obviating the need of unemployment insurance. The amount, estimated at 1-2 billion dollars monthly, passed at once into channels and each month thereafter, will give such impetus to business that it would soon reach normalcy, or three times more than at present, the proposed federal sales transaction tax furnishing the amount needed at once into channels.

Young and old are equally interested in this plan and the signatures on the thousands of petitions placed in prominent locations in every state of the union show that over fifty percent of the population supports it. In this plan the retirement fund is one which every individual must create for himself, even those receiving the pension contribute so that there should be little criticism of the means employed to accomplish the purpose. No one, and particularly those now unemployed, would object to this federal sales tax as within sixty days of this plan's adoption he would be unemployed no longer but be making good wages.

Methodist Church To Be Scene Of Union Services (Continued From Page One) Presbyterian church next Sunday afternoon at 4:00 o'clock. The combined choirs of Sanford churches will have a part in this cantata, under the direction of B. C. Moore. The program is sponsored jointly by the Woman's Club of Sanford, and the Association, and the public is urged to participate in both events.

CREMULSION COUGHS (Advertisement for a cough remedy)

plan pension is the only practical method yet proposed because it forces everyone, rich and poor, old and young to pay their share in proportion to their expenditures. Millions of people in this country are enjoying fire and police protection—the facilities of the streets, the streets, the highways, etc., without paying a penny of taxes. Our old methods of taxation—real estate, inheritance and income tax do not produce revenues enough to pay our expenses. The tax on necessities will be very low and will not be a burden upon the poor man, while the tax on luxuries purchased by the rich will be much higher.

Your own editorials have pointed out the fact that the needs of each man and woman in the country are in clothing alone at least two suits a year, while we are purchasing only three quarters of one suit. If we fed ourselves adequately we should not only buy all the food that is being destroyed but be obliged to plant at least forty million acres more land than we are now cultivating. The desperate efforts put forth by producers to sell their goods to people who are unable to buy because they lack the purchasing power, is amply evidenced by the insupportably high pressure advertising done—double that of last year and the great efforts put forth in beautifying the packing and wrapping of products for sale.

An adequate sum monthly which the pensioner under the Townsend plan would receive and to spend during the month over the counter of the store, and receipts for same shown before the next month's payment is made, making him an adequate consumer and positively preventing hoarding. This total sum injected into the business of the country each month will start such a demand for goods that together with the millions of pensioners taken out of jobs to make room for younger people, every unemployed man or woman would be working and at good wages within ninety days.

for Cleanliness IN YOUR KITCHEN! (Text for kitchen cleaning advertisement)

In the all-electric kitchen there is no soot, and pans stay bright for years. The heat of electric cookery is as clean as concentrated sunshine and the electric water heater leaves no tell-tale trail of dirt outlined against the kitchen wall. The tin box or the jelly glass on the stove that used to catch some of the burnt matches has no place in the electric kitchen. And what could be cleaner, or easier to keep clean, than the gleaming white finish of the modern electric refrigerator? There's certainly no argument about it... electric cookery, refrigeration and water heating mean cleanliness in your kitchen.

HOME OWNERS! Do you know that... (Advertisement for home products)

Social And Personal Activities

MISS MARGARET PETERS, Society Editor

Social Calendar

SATURDAY
A hot roast beef supper will be given from 5:30 to 8:30 P. M. at the annex of the First Methodist Church.

SUNDAY
The Thanksgiving Cantata, sponsored by the Woman's Club, will be presented at 4:00 P. M. at the First Presbyterian Church.

Annual memorial exercises of Seminoles Chapter Number Two Order of the Eastern Star will take place at 8:00 P. M. at the Masonic Hall. The public is invited.

MONDAY
Monthly business and social meeting of the Truth Seekers Class of the First Methodist Church will take place at 3:00 P. M. at the home of Mrs. George McCrum, West First Street, with Mrs. McCrum, Mrs. R. D. Dekle, Mrs. W. C. Dekle, and Mrs. Alma Hubbuch as hostesses.

Mrs. Collie Smith Presides Over Meet

The regular meeting of District Number Four of the Rebekah Lodge was held Wednesday evening at the I. O. O. F. Hall with Mrs. Collie M. Smith, district deputy president, presiding. New rules were read and discussed and plans were laid for the remaining part of the fiscal year.

A social hour followed the business session when refreshments were served to the 25 members present. Mrs. Emma Lynn of Palatka, who recently moved here, made her home at 613 Oak Avenue, was welcomed into the Sanford Lodge.

Mrs. J. E. Brouse Entertains At Bridge

Honoring the members of the Wednesday Afternoon Club, Mrs. J. E. Brouse entertained with a bridge party Thursday afternoon at her home on Magnolia Avenue. Garden flowers were used to adorn the rooms where the bridge games were played.

High score prize was awarded to Mrs. F. E. Roumillat while Mrs. E. M. Galloway was given cut prize. A salad course was served by the hostess to the following: Mrs. E. M. Galloway, Mrs. H. M. Papworth, Mrs. F. E. Roumillat, Mrs. G. D. Bishop, Mrs. B. D. Caswell, Mrs. W. J. Thigpen, Mrs. R. A. Newman, and Mrs. Samuel Puleston.

Plans Are Announced For D.A.R. Bridge Tea

An additional 250 points will be added to the scores of those who arrived promptly at 2:30 P. M. at the Thanksgiving bridge tea to be given Tuesday, Nov. 27, at the Episcopal Parish House by the Sallie Harrison Chapter of the D. A. R. The card game will begin at 2:30 P. M. and will continue until 5:00 P. M.

The club house will be decorated for the occasion in colors and flowers in keeping with the harvest season. A large number of prizes will be awarded and refreshments will be served. Reservations are being made with Mrs. L. P. Hagan, Mrs. Samuel Puleston, and Mrs. B. D. Caswell.

Reservations may be made by telephoning 79-J.

The Auxiliary Beth Israel will have its monthly bridge party at 8:00 P. M. at the Community Center.

FRIDAY
Final rehearsal for the Thanksgiving Cantata will take place at 7:30 P. M. at the First Presbyterian Church.

MONDAY
The Woman's Council of the First Christian Church will meet at 3:00 P. M. with Mrs. Ed Carraway, West Side, with Mrs. Carraway and Mrs. J. J. Cates as hostesses.

The St. Agnes Guild of Holy Cross Episcopal Church will have a business and social meeting at 3:30 P. M. at the parish house with Mrs. John Meisch, Jr. and Mrs. Glenn Lingle as hostesses.

Personals

Mrs. P. M. Scott is spending a few days in Jacksonville.

Mrs. J. S. Gorbly and mother, Mrs. M. E. Williams, are visiting Mrs. Bayless Haynes in Jacksonville.

Mrs. Ralph B. Wight is planning to spend this week-end in Williston with her sister, Mrs. L. B. McLeod. She will attend the Homecoming festivities at the University of Florida.

Steve Hume of Lake Worth is spending a short time here with Dr. and Mrs. J. N. Robson, South Sanford Avenue.

Mrs. T. L. Daughtry returned Thursday to her home at Goldsboro, N. C. after spending a short time here with Mrs. Harold Long.

Mr. and Mrs. W. A. Adams and Mr. and Mrs. John Meisch, Jr. will motor to Gainesville tomorrow for the Florida-Georgia Tech football game.

Mr. and Mrs. Lyle Green and Henry Livermore of Hopkinton, N. Y. are the guests for a short time of Mrs. Green's parents, Mr. and Mrs. Charles E. Robinson. Before her recent marriage Mrs. Green was Miss Mildred May Robinson.

Among others from here attending the general grand chapter meeting of the Order of the Eastern Star in Tampa this week were: Mr. and Mrs. John Oove, Mr. and Mrs. J. E. Courier, Mrs. W. E. Raines, Mrs. C. E. McKee, Mrs. M. E. Moye, and Mrs. L. M. Tyre.

B. B. Croupe arrived last night from Pittsburgh, Pa. to spend a short time here with his sister, Mrs. H. B. Lewis, Magnolia Avenue, before going to Miami and other points on the East Coast to spend the winter season. Mr. Croupe is president of the Boggs Buhl Department Store in Pittsburgh.

Miss Louise Hickson of this city took part in the play, "Lady Windemere's Fan," which was given Wednesday night by the Station Players in honor of the members of the board of the State Federation of Women's Clubs which met in DeLand Wednesday. Miss Hickson also served tea at a reception Wednesday afternoon given for the board at Chaudoin Hall.

TO ORGANIZE CLUB
Dr. Rosalie Morton of Winter Park and New York City will meet on Tuesday evening at 8:00 o'clock at the home of Mrs. John G. Leonard, Park Avenue, with the business and professional women of Sanford for the purpose of forming the Sanford Business and Professional Woman's Club. Dr. Morton was head physician with the Grenfell Expedition to Labrador and was the only woman to be in charge of a base hospital during the World War.

Reservations may be made by telephoning 79-J.

The Auxiliary Beth Israel will have its monthly bridge party at 8:00 P. M. at the Community Center.

FRIDAY
Final rehearsal for the Thanksgiving Cantata will take place at 7:30 P. M. at the First Presbyterian Church.

MONDAY
The Woman's Council of the First Christian Church will meet at 3:00 P. M. with Mrs. Ed Carraway, West Side, with Mrs. Carraway and Mrs. J. J. Cates as hostesses.

Bishop Wing Lectures Episcopal Meeting

An address by the Rt. Rev. John D. Wing, D. D., bishop of South Florida, and a report of the general convention by Mrs. Moses of Lakeland were features of the neighborhood meeting of the Woman's Auxiliary of the Episcopal Church which took place yesterday at All Saints Church in Winter Park. A tea at Bishop Wings' home followed the meeting.

Among those present from Sanford were: the Rev. Martin J. Bram, Mrs. S. M. Lloyd, Mrs. R. A. Newman, Mrs. G. I. Loucka, Mrs. S. O. Chase, Mrs. B. F. Whitmer, Mrs. W. E. Watson, Mrs. Ernest Krupp, Mrs. Amelia B. Noble, Mrs. George McRory, and Mrs. M. Minarik.

Nations Bare Grim Secrets In Picture Of 1st World War

Commenting editorially on the appearance as a book of Laurence Stallings' "The First World War," the Washington, D. C. News said: "To those who still believe there is glory and profit in war we commend the truest book on war ever published. It consists of 513 photographs, with brief heads and foreword by Laurence Stallings. That is enough. It tells the story better than words. There is the untouched record of monotony, blood and folly which propagandists sold to the people as a romantic crusade."

"For the very young who want their chance in the trenches and for the very old who may lead us into the Second World War, this photographic history should be required reading."

Now "The First World War" in all its truth and all its thrilling drama has become a motion picture. Its producers, Fox Film Corporation, in association with Simon and Schuster, publishers of the book, have expressed the hope that the picture, like the book, will serve to reveal the real meaning of war to every man, woman and child who sees it.

With editorial comment by Laurence Stallings, the picture will be shown at the Milane Theatre Saturday.

"The First World War" reveals humanity in the midst of desolation—fighting against life for the sake of life—wrestling empty glories on thundering fields and each of its episodes is drawn from the secret archives of the world's great nations.

GREEN-ROBINSON
Mr. and Mrs. Charles E. Robinson announce the marriage of their daughter Mildred May to Lyle Green.

The ceremony was performed on Nov. 13 at Cicero, N. Y. Mrs. Green was formerly a resident of this city.

Nature's Gymnasium

By BROOKE PETERS CHURCH
Mrs. Brown felt very badly because she could not afford an outdoor gymnasium for her children. All their friends had at least a horizontal bar on which to try stunts.

To be sure, she had what none of her neighbors could boast, of a couple of lovely old trees in her yard with strong branches shaped to hold swings and hanging ropes, and plenty of foot-holds for climbers. But somehow it did not seem quite the proper thing for her children, who were girls, to climb trees, although she would have thought nothing of their "skinning the cat" or hanging by their knees on the correct apparatus.

The modern gymnasium is at best only an imperfect imitation of nature's. Nowhere can a child get better all round muscular control and development than in climbing trees. What one can do on parallel bars or ladders is limited compared to what one has to do in tree climbing. Much of the thrill of the real thing, the tests of ingenuity, the control of every muscle at once, the simultaneous use of feet and hands forced to co-ordinate to get footholds when hands are slipping, or vice versa, is gone as soon as the game becomes merely a question of "stunts," as it is apt to do in a gymnasium.

To say that girls must not climb trees because they are girls is absurdly out of date. An old pair of sneakers and a stout pair of knickers or preferably overalls to protect the legs are essential, and after that a girl should be encouraged rather than deterred from tree-climbing.

Disclosures Near In Sensational Robbery
NEW YORK, Nov. 23.—(AP)—Search for the robbers who recently held up an armored car and escaped in speed boats with \$427,500 cash spread to three nations yesterday as police declared the robbery "definitely solved."

Police in Canada and Mexico sought members of the band as authorities in key cities in the United States and the Department of Justice co-operated in the far-flung search.

A few lengths of rope hung from strong branches are a delightful addition for either climbing up or sliding down. No child need envy another the possession of apparatus if there is a suitable tree in his own yard.

Georgia To Cut Out Direct Relief Dec. 1
ATLANTA, Nov. 23.—(AP)—Miss Gay B. Shepperson, relief administrator for Georgia, announced yesterday that effective Dec. 1 there will be no direct relief in the state.

It means that 22,000 persons now receiving direct relief from the federal government will have to work for their share of relief funds, she explained.

Pointing out that 50,000 people classed as unemployables are now on work relief rolls in Georgia, Miss Shepperson said the new policy of the administration would increase this number to 75,000 in December.

Tomorrow! Penney's Great Selling

Sensational Pre-Holiday Bargains!

Penney's Ads Always Says It with VALUES!

Priscilla Ruffled Marquisette Curtains 49¢

Stuffing Of Bird Is Much Favored

Salads Are Preferred Choose One Of Plain Vegetable

The stuffing for the meat or fowl should consist of a well seasoned bread one, using white, Graham or corn bread. Many recipes add cooked chestnuts, browned diced mushrooms, chopped cooked giblets, mashed potatoes, steamed wild rice, prunes, raisins or nuts. Since in many families the stuffing is such a favorite, the success of the meal may depend upon it—so select carefully.

To give pliancy to the meat something rather tart is required and either can be served as cocktail, in jellied salad, sauce or sherbet with the main course. The cranberry seems traditional but modern ways have increased its methods of trying and it now can be served as cocktail or in salad, sherbet sauce or jelly. Apples, too, give flavor and color and can be used in salad, salad or jelly.

A salad course for the holiday dinner is really not needed but if one is desired it should consist of a plain vegetable or fruit served with French dressing.

Food favorites must be considered for the dessert course for Thanksgiving dinner and while pumpkin pie seems the general favorite, other kinds of pie, date or fruit puddings, sherbets or ice cream come in for their share of popularity.

Perkin Jones, Fred Cummings, Emil Weber, Red Roberts, Lawrie Oglesby, and A. C. French, all white persons, and A. Sheppard and S. M. Grant, colored, all were fined \$5 and costs for being drunk. ALL ECONOMIC NATIONALISM IS DEPLORED

(Continued From Page One)

debts and claims between the two nations—with its resultant hitch in the granting of credits.

"I regret," he said, "that the absence of the requisite financing arrangements, such as have for years been available in Europe, and other circumstances beyond our control have so far prevented the realization of the (trade) possibilities created."

After stating that the industrial development of the Soviet Union has followed closely on the lines of American industrial progress Bogdanov said:

"I am still firmly of the opinion that there are very great possibilities for the expansion of trade between the United States and the Soviet Union."

"It is true that we work on the basis of a different social and economic system, but the similarity of conditions of physical development creates a most favorable situation for co-operation in the commercial and technical fields."

Citing the changing relationship between the United States and Russia, Bogdanov said "this may be attributed, on one hand, to the success achieved by the Soviet Union in all fields of cultural and economic development; and on the other, it is a reflection of the growing understanding of the Soviet Union in this country and the interest in the possibility of mutually profitable relations."

It is the "task of all of us," he continued, "who are interested in the maintenance of world peace and the development of human welfare to bring about an exchange of experience and achievement and to do everything possible to strengthen the contacts between our great countries."

O Boy VITAMIN D BREAD

to help build strong bones and teeth

A delicious quality loaf containing Vitamin D... a vital nutritional element ordinarily insufficiently supplied in the daily diet.

As exclusive licensee in this community of the Vitex process, we are proud to offer for the first time: O BOY VITAMIN D BREAD, containing Vitamin D extracted directly from pure cod liver oil—one of the richest known sources of this vitamin.

What does this mean to mothers? It means that an added amount of an essential element generally lacking in the everyday diet—the anti-rickets Vitamin D—can now be had in every loaf of O BOY VITAMIN D BREAD, a delicious

daily food for the whole family. It means that children and adults can receive an additional supply of this important dietary element regularly by eating O BOY VITAMIN D BREAD.

It means that there is now available to you a quality loaf as fine as any you ever tasted... but containing a nutritional element not present in ordinary bread.

O BOY VITAMIN D BREAD contains the actual Vitamin D—a minimum of 30 Bloenbock (20 U.S.P.) (500 A.D.M.A.) Vitamin D units in every loaf. The addition of this concentrated Vitamin D brings about no outward perceptible change; VITAMIN D BREAD tastes the same as our regular bread. Toasting or making into dessert will not destroy the Vitamin D content.

This revolutionary step in bread-making was made possible by a process developed in the laboratories of Columbia University.

It makes O BOY VITAMIN D BREAD the finest you can buy—all the goodness of selected ingredients and the perfection of modern baking facilities plus the addition of Vitamin D, so highly important to the proper nutrition of children.

Today, when you buy bread for your family, buy O BOY VITAMIN D BREAD—easily identified at your grocer in the new red, yellow and blue wrapper containing the Vitamin D Seal.

Costs You No More Than Ordinary Bread

O Boy VITAMIN D BREAD

Seybold Baking Company

Realtor Denies Miami Beach Rents Are High

(Continued From Page One)

two \$35 a month or they want to rent a two bedroom apartment which they can also rent for a month or two at \$20 a month.

It is obviously impossible to get any such living units on Miami Beach.

"It must be remembered that the season rentals are practically the year's income and that if all an owner could expect to get from his property was \$60 to \$100 per unit for the entire year there would be no further building operations. In some instances there has been an increase on the rents of the smaller efficiency apartments on the south beach due to the fact that northern lessees have paid unusually high rents for entire buildings."

The statement of Mr. Ellis is given added authority by his close contact with all phases of seasonal tourist rentals. Mr. Ellis is a member of the national code authority in charge of the national real estate brokerage code. He is a director of the National Association of Real Estate Boards and a director of the Miami Beach Realty Board.

Old Fashioned Meal On Thanksgiving Is Still Wide Favorite

Modern living has greatly altered many of the fine old American traditions of holiday observances but the old-fashioned Thanksgiving still reigns as a favorite from the penthouse mansions to the humblest home on the plains.

The rich aroma of a roasting turkey, the spicy fragrance of a pumpkin pie and the bright colors of autumnal fruits greet family and friends in 1934 households just as they did in the days of our grandmothers.

While turkey still is the typical choice for the national feast, other fowl, rabbit, ham and various roasts in keeping with the individual taste, budget or available supply can be used with satisfying results.

Vegetables also vary as to cost and supply but a good selection can be made from the following: corn, onions, green beans, turnips, rutabagas, egg plant, cauliflower, brussels sprouts, beets or broccoli. White potatoes are frequently served as well as sweet ones but rice or wild rice is fast gaining in popularity. A rice mold or dish of steamed wild rice blends very well with delicious brown gravy and is an ample substitute for potatoes.

Richard M. Duncan of Missouri. Their inspection will bring them to Sanford next Wednesday by yacht from Beaufort, and they will be feted at a public luncheon in the Chamber of Commerce building.

Supt. of Schools T. W. Lawton announced this morning that free courses in art are to be given at Seminole High School for a considerable period beginning next week. The FERA is assisting, and the courses are open to all high school students and any other persons interested in art. Those wishing to enroll in the class should call at the high school Monday, between 9:00 o'clock and 3:00 o'clock. Mr. Lawton expects a large number of persons to respond to the invitation to join the class without any cost whatever.

In a copyrighted article released today, Harry Mehre, former Notre Dame star who is head coach at the University of Georgia, has named Don Jackson of Sanford as one of the 16 best backfield players in the entire South. In selecting his All-Southern team for 1934, Mehre placed Jackson on a third team which he said was "nearly as good as the first eleven." His first string team backfield included Vaughan of Tennessee, Howell of Alabama, Simmons of Tulane, and Mical of L. S. U. Jackson, a star at Seminole High, is considered as one of the best passers in the South. He has another year of competition at the University of North Carolina.

CITY NEWS BRIEFS

(Continued From Page One)
Scattered piling which has marred the beauty of the lakefront for the past several years are being removed this week by the piling-dredging apparatus brought to Sanford by the St. Johns River Line Co.

The Inspection Bureau of the Department of Agriculture at Tallahassee reported today that Seminole County motorists consumed 208,571 gallons of gasoline, 25,519 gallons of kerosene, and 2171 tons of fertilizer during October. The county was fourth in the use of fertilizer, Polk leading with 4248 tons consumed, Dade consuming 3307 tons, and Broward consuming 2942 tons.

Andrew M. Carraway, manager of the Sanford Country Club, was reminding local golfers this morning that he didn't want them to forget the "Turkey Tournament" which is to be staged at the Club Saturday and Sunday. It will be a blind bogey affair in which golfers may post scores on either day after having played over 18 holes. Men and women golfers are eligible for competition, he said.

O. H. Garrett, young Postal Telegraph Co. messenger boy, received a painful injury in the form of a sprained knee and other bruises suffered when, riding his bicycle north on Magnolia Avenue, he collided with an automobile being backed away from a curbing near The Herald office yesterday. Witnesses say the youth had momentarily turned his head and apparently did not see the automobile. Garrett probably will be laid up for a day or so, it was reported by his doctor.

Identity of the northern congressmen who will be guests of Congressman Mark Wilcox on a tour of the Fourth District next week was established today as being the following: all members of the military affairs committee of the House of Representatives; Congressman D. W. Harter and Lawrence E. Emboff of Ohio, and

Lead Solution Has Big Part In Speed Records Just Set

(Continued From Page One)

The fuel was largely benzol, alcohol and lead. Benzol is really a high explosive, made from coal tar. Fuel experts say that in wartime it would not be available because it would be taken over for making explosives.

Engines cannot stand this diet for more than a few hours at top speed. They cannot yet stand all

that lead can give them either. But the new metals to toughen the machines are ready.

To show what lead can do, F. R. Banks, British expert, told the Royal Aeronautical Society of a 500 horsepower engine stepping up to 900 horsepower when lead was added to its fuel. He cited another case when addition of four cubic centimeters of lead per gallon increased the climbing rate from ground to the 10,500 foot level by about 38 percent.

"Octane number" is the technical name of the power given thus added to fuels. This number now ranges from 60 to 87. Fuel engineers are planning to go soon to

an octane number of 100.

Number "100" will mean engines of 1,000 horsepower. They are likely to bring the 500 mile an hour plane.

In the last two years plane speeds have risen 50 to 60 miles an hour, up to passenger cruising speeds around 220 miles an hour. There were three main factors in this speed jump—first fuels, second propeller changes, and third, design changes.

And 1935 will see a fourth, a new speed factor. This is the new "air-mass" forecasting of the U. S. Weather Bureau. Air-mass is the analysis of the upper atmosphere. It is made possible by planes co-

operating with the weather men.

From air-mass data—that is, the temperatures, winds and pressures aloft—the weather men mathematically forecast the level where planes will find the most favorable winds. There is almost without exception such a level for any long flight.

from Miami. It was the first complete inspection of the intra-state waterway by any of the commissioners. The purpose was to view progress of dredging on the canal which is being opened to navigation at a depth of eight feet with a bottom width of 100 feet.

COMPLETE INSPECTION TOUR

JACKSONVILLE, Nov. 22.—(AP)—Commissioners of the East Coast Canal of Florida, and a party of seven persons, including Col. B. C. Dunn, district army engineer, arrived here after a three day inspection trip up the canalway

MISS CLARK FREED

BROOKLYN, Nov. 22.—(AP)—A charge of homicide placed against Miss Ruby Clark of Newark, N. Y., after the bodies of three infants were found in a trunk which belonged to her, was dismissed today in the Brooklyn Homicide Court.

BOWLING NOTES

The Western Union team established itself as a strong contender for the Sanford Bowling League lead last night when it took two out of three games from the St. Johns River Line team in a match in which the telegraphers set a league record for a single game score.

Paced by Western Union Manager L. Tharp with a 230 point score, the telegraphers took the opening game with 745 points, highest of the season. The second game also went to the Western Union team, but the losers came back to take the final game.

Tonight's match is between the St. Johns River and the Hi-Grade Bakery. It starts at 8:30 o'clock, and the public is invited to witness it.

Scores last night:

Jury Finds Mears Guilty Of Murder

MARIANNA, Nov. 22.—(AP)—Sanford Mears was convicted first degree murder here today in the slaying of Deputy Sheriff David Hamm in an unsuccessful attempt to escape as he was being taken to jail, with two others, after being convicted of a holdup robbery of the bank of Malone.

The trial jury which returned its verdict in 45 minutes recommended the mercy of the court upon Mears. The verdict made a life sentence in the state prison mandatory.

poried missing in the gulf coast storm of Wednesday were found safe, yesterday afternoon. One of the four missing fishing smacks returned to Bayou La Batre, another was enroute and the two others for whom the search was made by the Coast Guard were found at Chaudelour Island in the Gulf of Mexico.

\$15.00 In Cash Prizes

You'll admit that it's about the biggest you have ever seen (by the way what is it?) but most anyone can win.

This week we are commencing the most original guessing contest ever staged in Sanford. All you have to do is guess the number days, hours and minutes it will burn. The nearest correct guess wins the money. There is no limit to the number of guesses you may turn in; for with each purchase, large or small, you will be given an opportunity to guess. How long will it burn. First prize \$15.00. Second prize \$5.00. Come in and learn more details and guess now.

Haney Explains What France Is Trying To Do

(Continued From Page One)

Bring the volume of notes, etc., down to a figure at which the gold cover will be sufficient. Of course, this means lower prices, and that is what the

6 cups berries
8 cups water
3 cups sugar
2 tablespoons lemon juice
2 egg whites, beaten

Wash berries, add water and cook until berries are soft. Mash through strainer and add sugar, boil 1 minute. Add juice. Pour into freezer and when half frozen add whites and freeze until stiff.

If frozen in mechanical refrigerator, stir 3 times during first 1-2 hours and then add whites and freeze until stiff.

DATE PUDDING
3 eggs, beaten
1 cup sugar
1-3 cup flour
1-4 teaspoon baking powder
1-4 teaspoon salt
1 teaspoon vanilla
1-2 cups chopped dates
1-2 cup nuts
3 tablespoons cream

Mix ingredients and pour into minutes in moderate oven. Serve buttered shallow pan. Bake 30 cold, cut in squares.

Dossey's Cafe

French are accepting. The lower prices are, the less money we need. The lower prices are, the more goods a franc or dollar will buy.

When a nation finds its prices inflated and high, it means its money will buy little. Such a nation can do one of two things: (1) It can manufacture more currency, with the idea of giving it to the people so they can stand the high prices. (2) It can reduce its currency so that prices will fall, and then the money people have or earn will buy more.

We are trying the first experiment. France is taking the second course.

The great trouble with our method is that it always defeats itself. The more currency we distribute, the less the purchasing power of the dollar becomes. The prices rise, and our "money" soon buys less goods than ever. Only speculators and a few of the large debtors are benefited.

The French say, "We will get prices down, so our thrifty people can buy goods. Low prices will make low money wages possible so our employers can employ more laborers."

Then, they say, our government must economize and balance its budget. They have learned by experience that when a government is spending more than its income it has to pile up debt, which means that it (1) either has to issue "greenback" notes, or (2) it has to issue bonds which are made the basis of bank notes. Both are equally bad, and mean inflation. (We are at present taking the second course.)

And, of course, they know that the more you inflate the currency the higher the money prices and wages become, and that this further increases the government's money expenses. This is illustrated by the President's recent announcement that the salaries of government employes will be raised.

BELL BAKERS ring in another Service FOR THE HOUSEWIVES OF FLORIDA!

Always alert to the interests of the Housewives of Florida—BELL BAKERS are now "ringing" every loaf of their BELL BREAD as it comes from the oven.

The only way you can be sure of FRESH BREAD is to know how old your bread is. You know that BELL BREAD, the loaf with More Food Value and Rich in Vitamin B, is fresh—because it's dated for freshness.

It is simply impossible for you to get a loaf of BELL BREAD that is not fresh. The date on the wrapper is your guarantee of freshness.

BELL BAKERS are happy to render this added service to the Housewives of Florida.

Look for the DATE on the attractive new green and red BELL BREAD wrapper—It means FRESHNESS.

CUBA FACING NEW DANGERS SAYS MENOCA

Ex-President Finds Island Situation More Complicated Than It Ever Was

HAVANA, Nov. 24.—(AP)—Former President Mario Garcia Menocal gave out a statement here recently in which he summed up his views of the present situation in Cuba.

"When I left Havana for Miami some months ago," he said, "I had hopes the situation in Cuba would improve, but I must confess that on my recent return I have found it even more complicated.

"The government is wallowing among perilous reefs and gives the impression of being unable to make its way into a smoother sea. The picture is darker and more complicated because reproaches and accusations are piling up against the government.

"I try to form an accurate judgment of the government and I become confused. I find its attitude cold or indifferent and since this attitude seems unexplainably phlegmatic I feel that it has not taken into account the realities of the present.

"Reflection makes this hypothesis absurd because these realities are so grave and apparent that those who govern cannot possibly ignore them. This brings me to another conclusion I have to believe that the government must feel itself so strong that an optimistic idea of its strength has caused it to view certain delicate matters with disdain.

"The socially and economically active elements of Cuba, rich and poor, are deeply worried. They had out all their hopes in the government which took over last January. Now, in the very atmosphere we breathe in Cuba we find like a poisonous substance a distillation.

"Business interests find with sadness, surprise and possibly with some indignation, that their efforts go to pieces against the rancor and lack of confidence ruling in the island.

"There must be a reaction of (Continued On Page Two)

Seminole Wins, 7-6, Over St. Augustine

ST. AUGUSTINE, Nov. 24.—The Seminole High School eleven of Sanford won a hard fought grid battle from Ketterlinus High Mulelets under the floodlights here last night to a score of 7 to 6.

After a scoreless first half, the oval deep into Sanford's territory and he then passed 30 yards to Dupont for a Ketterlinus touchdown. Sanford came back and took advantage of a Mullet fumble on the 34-yard stripe to turn the tide. McClelland, veteran Sanford fullback, plunged over to tie the score and then placed-kicked the extra point for a victory.

TWO INDICTED

Government Statistics Bear Out U.S. Trade Body's View That Business Is Improving

WASHINGTON, Nov. 24.—(AP)—Better business and a better business outlook were reported yesterday by the Chamber of Commerce of the United States and upheld by government statistics.

"Evidences of improving business sentiment, and a basis for it, seen in October, continue to appear in November," the chamber said noting "a six percent rise in the volume of check payments, steady retail sales, stable wholesale prices, favorable car loading reports, and increasing steel production."

Meanwhile, the commerce department prepared for its forthcoming monthly review a statement that business has been "slowly on the gain. It reported in-

creased industrial production, employment, payrolls and construction. Only Thursday night, the labor department, giving figures for October, reported a 280,000 increase in employment and \$11,300,000 gain in weekly payrolls. Secretary Perkins expressed pleasure at a pronounced payroll rise in the durable goods industries.

The chamber of commerce a week ago initiated a campaign for active co-operation between the Administration and business leaders in bringing about recovery. A ready response came from other business organizations and key New Deal officials.

The move was said to have (continued on page two)

MOFFETT BREAKS WITH ICKES ON HOUSING PLANS

Administrator Terms Federal Finance Plans As Ruinous

WASHINGTON, Nov. 24.—(AP)—The liberal-conservative conflict within the Administration broke sharply into the open yesterday as James A. Moffett, federal housing administrator, publicly termed ruinous a vast federally-financed housing program advanced by Secretary Ickes.

Moffett, labeled as more of a conservative than Ickes, declared the Public Works administrator's plans would wreck the National Housing Act. He advocated a central agency to handle all federal housing activities. This was interpreted to mean, also, one spokesman for those plans.

Only a few minutes before, Ickes called "misguided" a wide interpretation of his remarks Thursday. He said published reports that created "false impression that I am opposed to a resumption of private enterprise in the field of housing. Moffett is leading an effort of spur private capital into this field. Plainly he was aroused.

There were strong indications last night the White House had taken a hand in the differences between the two Ickes yesterday called Moffett to tell him he did not intend his program to conflict with the Housing Administration. Other Administration spokesmen. (Continued On Page Three)

Tropical Storm Veers Toward Bermuda

WASHINGTON, Nov. 24.—(AP)—The Weather Bureau today issued the following storm warning: "Advisory at 10:00 A. M. the tropical disturbance has moved to the northward, being centered about 350 miles southwest of Bermuda, attended by shifting gales and by winds of hurricane force near the center. Caution is advised vessels in and near its path."

Warm weather hastened today to aid of the United States, gripped in a sudden cold spell that sent the mercury below freezing in many cities.

The forecast made early today was that temperatures would rise generally today and Sunday would be somewhat warmer, thus cutting short the cold wave before it could get a good start. Terre Haute, Ind., was the coldest place early today with 27 degrees.

Clearwater Relief Clients Find Jobs

CLEARWATER, Nov. 24.—Approximately 1000 cases have been dropped from the Pinellas relief list in the last two or three months, according to Thomas D. Orr, county works director of the FEBA.

Increased construction work, reopening of the citrus plants and the winter revival of business are providing jobs for hundreds who have been on relief.

LEAGUE ADOPTS PLAN TO END WAR IN CHACO

U. S. Brazil Invited To Have Part In Peace Negotiation

GENEVA, Nov. 24.—(AP)—The League of Nations today unanimously adopted an amended plan to end the bitter war on the American continent between Paraguay and Bolivia.

The plan, calling for a complete settlement of armed strife in the Chaco-Boreal, was drawn up by the League's Chaco committee and submitted to the 61 nations of the world represented in the special assembly called to deal with the situation in the South American jungle.

Under its terms the United States and Brazil are to be "invited" to participate directly in seeking to bring peace to their fellow American nations.

Previously expressed fears that Paraguay would meet the League's plans were somewhat allayed when Dr. Ramon Caballero Bedoya, Paraguayan delegate to the assembly in a speech, that authors of the plan were "to be congratulated. They have earned our gratitude for their efforts to restore peace in South America." He said he expected that Para-

John A. Hutchinson Dies After Illness

John A. Hutchinson, 76, retired farmer who had lived here for the past 30 years, died this morning at his home on West First after a long illness.

Funeral services will be held from the Erickson Funeral Home at 3:00 o'clock Sunday afternoon with burial in Evergreen Cemetery. Rev. J. B. Hoag of the First Congregational Church will officiate. The following have been asked to serve as pallbearers: J. C. Hall, R. Muse, T. J. E. Wells, J. Hudson, Ben Smith, and W. P. Stone.

Mr. Hutchinson was born at Hampton, Fla. on Jan. 26, 1858. He is survived by four daughters, Mrs. Charles Wentworth of Miami, Mrs. Henry Wiernecki, Mrs. Lurvy Cramer, and Mrs. H. R. Nolen of West Palm Beach, and two sons, Corbett Hutchinson and Herman Hutchinson of Windermere.

Cheap Power Scheme Pushed By President

WARM SPRING, Ga., Nov. 24.—(AP)—President Roosevelt pushed forward his cheaper power program last night in a talk to government aides immediately concerned.

The important conference considered legislation and policy but details of the presidential plan to spread the Tennessee valley rehabilitation development to the nation on a gradual basis were reserved.

RICHBERG'S CODE VIEWS DENOUNCED

Labor Will Not Take Ace Advisor's Interpretation Of Mooted Section 7A

WASHINGTON, Nov. 24.—(AP)—Organized labor yesterday denounced and termed "completely unacceptable" the interpretation of section 7a repeatedly expressed by Donald H. Richberg, President Roosevelt's recovery coordinator and ace advisor.

William Green, president of the American Federation of Labor, asserted in an interview that Richberg's opinion flatly contradicted that of the national labor relations board. It served, he said, only to increase the "confusion" surrounding labor rights under NRA.

Behind his statements lay: The labor board's ruling in the Houde case that if a majority of the workers in a particular plant vote for collective bargaining representation by a particular union, that union shall speak for all the plant's employees, with the right of minorities to present grievances protected.

Richberg's contrasting view is that only those actually voting at the election are to be represented, by the union chosen, with those participating bound to abide by the results, but with that result entirely inapplicable to employees who refrained from voting.

Mr. Richberg's interpretation has added to the great confusion that already exists. Green said: "Either the labor board is right and Richberg is wrong or Richberg is right and the labor board is wrong."

In this conflict of interpretations, labor accepts that of the national labor relations board, the judicial tribunal created by Congress for the purpose of interpreting section 7a and applying it to particular cases.

"Labor cannot and will not accept Richberg's interpretation. Under his interpretation an organization can absolutely control the economic destiny of all its workers."

The controversy goes back to the federation vote upon the company union. The union of the type referred to has been directed at giving the worker an opportunity to express his own ballot in preference to a union with national affiliation for the employee representative plan of the employer.

The Houde decision was hailed by labor as a monumental victory. It endorsed the national and international unions' view that such elections would have the legal right to represent all the workers in the plant in which the election was held. (Continued On Page Five)

Huey Under Attack Of Business Men

NEW ORLEANS, Nov. 24.—Louisiana business men appealed to the federal government yesterday to smash Senator Huey P. Long's partnership, which they said was strangling private industry with illegal taxes.

Newspapers, power interests and sulphur companies went to federal court seeking injunctions against state taxes imposed on them.

New Orleans business leaders met to form an appeal to the Public Works Administration in Washington for release of \$11,000,000 in PWA funds to this state. The PWA held up all loans from 1931, pending a complete study of the state's needs which Long rammed through the legislature last week.

Ford Makes His Peace With Administration

WASHINGTON, Nov. 24.—(AP)—An apparent truce between the government and Huey P. Long was approached yesterday, according to an official said, to the satisfaction of Hugh B. Johnson, from the official scene.

HOPKINS HINTS END OF DIRECT AID FOR NEEDY

Congress To Be Asked To Set Up Wide-spread Unemployment Relief Plan

CHICAGO, Nov. 24.—(AP)—The United States conference of mayors today adopted a resolution demanding a large scale public works program as the "best stimulus to recovery." The resolution said "We hold steadfastly to the belief that the best stimulus to recovery is a federal public works program prototyped on such a scale as to make an impact on industry."

CHICAGO, Nov. 24.—(AP)—Harry L. Hopkins, federal relief administrator, intimated to the United States mayors' conference yesterday that the next Congress will be asked to establish a new program of unemployment relief, setting up a widespread job project and abolishing direct relief.

"I feel very strongly," he said, "that the present method of relief is the way to care for 17,000,000 destitute people. A new way can and must be found in the near future."

Hopkins said he did not see why we should continue relief as such a single day longer.

"Any influence I have got," he declared, "is am going to use to keep our relief system from being fastened upon the cities of America."

"I am convinced that we have a man in the White House and a Congress meeting Jan. 1 that will answer this question in a satisfactory way."

The relief administrator said he was more convinced than ever that work relief is the best way of meeting the unemployment problem, regardless of the fact that it may cost more than direct relief.

He seized the opportunity to reply in criticism of the federal administration of relief, including its inferring the American Liberty League.

"Some league," he said, "I forget what league it is, wants the relief budget cut a billion dollars. But it is a nickel that no member of that league's executive committee has ever been within the home of one of these destitute families."

As long as the need is there it must be met and there is no use theorizing about it. I'm not going to let any two-by-four crowd or any selfish group take advantage of these people at this time."

Hopkins said the relief problem, in its broad implications, was (Continued On Page Four)

Mrs. Koester Freed Of Murder Of King

ATLANTA, Nov. 24.—(AP)—Mrs. Mary Pearl Koester yesterday was freed of a charge of killing George E. King, Jr., formerly of Miami and a member of a prominent Atlanta family and finance of her sister, Mrs. A. S. Nance.

A verdict acquitting Mrs. Koester was returned after the jury deliberated three hours. When the verdict was read, cheering broke out in one section of the courtroom and this was severely rebuked by Judge G. H. Howard who called such conduct improper, unseemly, and almost shameful.

West Virginia Fires Finally Controlled

CHARLESTON, W. Va., Nov. 24.—(AP)—Forest fires sweeping over large areas of timber lands in West Virginia were brought under control last night and scores of smaller blazes extinguished by heavy rainfall.

Slope Of Windshield Held As Difference Between Old, New Speed Records In Air

By HOWARD W. BLAKESLEE (Associated Press Science Editor) NEW YORK, Nov. 24.—(AP)—Modern Mercury's monocoque—the windshield of a 1934 airplane—is a perfect example of the things which are breaking records in the air.

Speeds were increased three to five miles an hour by redesigning the windshields of some planes. Many of these changes were just the opposite of what a layman would expect.

The slope of windshield is important, but far more so are little details in shape and form not discernible at first glance, that allow the fuselage to push through the air without forcing the air to turn sharp corners and be churned into eddies.

LIPPMANN TELLS OF CRISIS FACING FOREIGN NATIONS

Editor Believes New War Near Unless Prosperity Returns

NEW YORK, Nov. 24.—Walter Lippmann, formerly executive editor of the New York World and later a special contributor to the New York Herald Tribune on political and economic subjects, has returned from Europe full of dark forebodings. He was optimistic about the United States, but he described the whole continent of Europe as suffering from a growing organic disease of the body politic, from which war may result at any time. To avert widespread social disintegration abroad, Mr. Lippmann believes some form of international monetary stabilization is immediately necessary.

Mr. Lippmann's conclusions, dwelling as they may seem from so temperate an interpreter of events, are not the result of any hasty investigation. He has passed the last four months studying the world situation. He was, he said, anxious to "settle his mind" with a "general look round."

Since September he has been abroad, on vacation in Egypt and before he sailed for home he passed some time in France and Italy, where he added much first-hand information to his knowledge of affairs.

"I am delighted to back at my work," said Mr. Lippmann. "There is a great quantity of things that I feel want saying very badly, and I am anxious to say them. They are not, I may say, peculiarly cheerful. I have come to the conclusion that there is a real (Continued On Page 2)

Red Bay, Ala. Bank Looted By Bandits

RED BAY, Ala., Nov. 24.—(AP)—Three unmasked bandits yesterday held up two employees of the Bank of Red Bay and escaped, after scooping up approximately \$2,500 in currency and shoving the two employees into a vault.

Charles Cashon and Olney Nahn, cashier and assistant cashier, respectively, were alone in the bank when confronted by two bandits who ordered them to "put 'em up." A third member of the band waited at the door.

Reynolds Predicts Big Sweep By Pensionists

WASHINGTON, Nov. 24.—(AP)—A prediction that a demand for old age pensions will sweep the next Congress was made yesterday by Senator Reynolds (D., N. C.).

"The movement for the federal government to take the leadership in formulating a plan for old age pensions is gaining momentum," he said in a statement.

"In every section of the country groups are being formed to press this cause. It is a just one."

SECOND VICTIM DIES

PETERSBURG, Va., Nov. 24.—(AP)—Louis Galavan, 22, of Tampa, Fla., died in a hospital yesterday from injuries in an auto crash near here Tuesday. John Guastella, 54, died an hour after the accident. Ten others were hurt.

BALDWIN LAUDS INFLUENCE OF UNITED STATES

Vice Premier Claims Collective Peace System Of Little Value Without U.S.

GLASGOW, Scotland, Nov. 23.—(A.P.)—Vice Premier Stanley Baldwin in an address here last night, declared impossible the proper working of any collective peace system that did not include the U. S.

He went as far as to assert, in effect, his personal determination that Great Britain's fleet should never be used as an instrument of a collective system without previous consultations with the American power.

"Never as an individual will I sanction the British navy being used for the armed blockade of any country in the world until I know what the U. S. is going to do."

Lamenting the withdrawal of Germany and Japan from the League of Nations, Baldwin declared no collective peace system would ever be undertaken without those two nations and the U. S.

The vice premier and lord president of the privy council, addressing 4,000 persons here, said he could not tell whether the U. S. would ever abandon its traditional policy of isolation.

He said he was sure, however, that would never be a League of Nations with the power and influence it ought to have "until that great country is a member."

The League of Nations, he pointed out, could not function with two great countries like Japan and Germany outside.

"What we've got to do," he said emphatically "is to go on working largely by faith, I admit, to try to get back into the League those who have belonged to it, and trust that the day may come when the world circle is complete by the admission of the U. S."

His audience greeted this expression with cheers.

Whole urging the efforts to strengthen the League never relaxed, Baldwin said at the same time there was no collective security which could give Britain any guarantee. He cited as an instance the recent utterance of Naji Baker, prominent labor leader and secretary to President Arthur Henderson, that Britain must have some defense "when there is a possibility that a fact power or powers might make was upon us."

Fischer Services To Be Held In Orlando

Funeral services for Mrs. Sarah Alexandra Fischer, 89, will be held from the Cary Hand Funeral Home in Orlando tomorrow afternoon at 3:00 o'clock. The body will be sent to Rockmart, Ga. for interment.

Mrs. Fischer died suddenly at the home of her son, G. I. Fischer, Thursday morning. She was born at Forsyth, Ga. on Dec. 17, 1844. Her survivors include two sons G. I. Fischer of Sanford and L. P. Fischer of Portland, Ore.; seven grand children and three great grand children.

DORIS DUKE HAN BIRTHDAY

NEW YORK, Nov. 24.—Doris Duke, who has some \$53,000,000 and is called "the richest girl in the world" celebrated her twenty-second birthday yesterday by just staying home and attending to her usual business. Mrs. Duke's hobby is flying—usually in a plane piloted by her half-brother, W. P. Inman.

U. S. Naval Delegates Give Up All Hope

LONDON, Nov. 24.—(AP)—The United States delegation, abandoning hope of reaching an agreement in the three-power naval conversations, last night prepared to be home by Christmas.

CITY NEWS BRIEFS

Local weather yesterday. High 80, low 55. Fair tonight and Sunday, somewhat colder and possibly a light frost Sunday morning.

The City Director offers many happy returns of the day to Billy Hall, and others who will celebrate their birthday anniversaries tomorrow. Congratulations also are extended to the following on wedding anniversaries to be celebrated tomorrow: Mr. and Mrs. Nick Zernovian (nee Margaret Masurov) on their 10th, and Mr. and Mrs. Solomy Adlen (nee Mary Eliza Bell Miller) on their second anniversary. Monday's wedding anniversaries include the 28th for Mr. and Mrs. H. M. A. B. Wallace (nee Florence Stringfellow), the 22nd for Mr. and Mrs. D. V. Warren (nee Dottie Mann), the 10th for Mr. and Mrs. J. Barker Steele, (nee Julia Frazier), the 3rd for Mr. and Mrs. W. J. Bell (nee Thebon Walker), and the 1st for Mr. and Mrs. J. H. Calhoun, Jr. (nee Elizabeth Clark).

City commissioners will meet in regular session at the City Hall Monday night at 7:30 o'clock.

FEBA payroll handed to 877 workers today amounted to \$309,324, it was reported at the City Hall.

Mr. and Mrs. Walter S. Coleman represented the Sanford Kiwanis Club at the inter club meeting held in Daytona Beach Thursday night. The Colemans had their guests, Mr. and Mrs. H. H. Coleman, also of Sanford.

Mrs. Vanderbilt To Fight For Child

NEW YORK, Nov. 24.—(AP)—Mrs. Gloria Morgan Vanderbilt opened her higher court fight yesterday to regain custody of her daughter, just as the co-guardian of little Gloria's \$2,000,000 estate moved to keep the beautiful widow of Reginald Vanderbilt from gaining control of her daughter's property.

In the first step toward an appeal, Mrs. Vanderbilt's attorney, Nathan Burkan, attacked the ruling of Supreme Court Justice Cary, which made 10-year-old Gloria the ward of his court.

AUTO KILLS BOY

BATON ROUGE, La., Nov. 24.—(AP)—Gaston L. Porterie Jr., 13-year-old son of Attorney General Porterie of Louisiana, died yesterday shortly after being struck by an automobile as he was riding his bicycle.
