

**DRUGGISTS ENDORSE  
DODSON'S LIVER TONE**

*It is a Guaranteed Harmless-Vegetable  
Remedy that Regulates the Liver  
Without Stopping Your  
Work or Play*

A dose of calomel may knock you completely out for a day—sometimes two or three days. Dodson's Liver Tone relieves attacks of constipation, biliousness, and liver headaches and you stay on your feet.

L. R. Phillips & Co. sell Dodson's Liver Tone and guarantee it to give perfect satisfaction. If you buy a bottle of Dodson's Liver Tone and do not find it the safest, most pleasant and successful liver remedy you ever took, this store will give you back the 50 cents you paid for it without a question.

This guarantee that a trustworthy druggist is glad to give on Dodson's Liver Tone is as safe and reliable as the medicine, and that is saying a lot.

**FOURTH CLASS POSTMASTERS**

**Examinations Will be Held in Florida  
Dates to be Given**

Washington, August 15.—Florida has been designated as one of the first four states in which examinations for Fourth Class Postmasters will be held. The examinations will not be held for sixty or ninety days. The examinations will be held at Archer, Bronson, Callahan, Cedar Keys, Citra, Greenville, Hampton Springs, Jennings, Lawtey, Mayo, Macclenny and Waldo. A circular giving all information, including the scope of the examination has been published by the Civil Service Commission, and may be obtained upon request from Hon. Frank Clark, House of Representatives, Washington, D. C. Due notice as to the exact date of the examinations will be given in the daily press and through notices placed in conspicuous places in the postoffices in which examinations are to be held.

**NOTICE**

Until office in Welborne Block is vacated by present tenant (which will be at an early date), I can be reached at the A. C. L. passenger depot; or by calling me over phone No. 52.

I am now prepared to issue poll tax receipts for 1911 and 1912 (1913 poll taxes not due until Nov. 1, 1913).

JNO. D. JINKINS,  
County Tax Collector

## **WHY**

**The People of Sanford and Seminole County Should Do  
Their Business With The First National Bank of Sanford**

**BECAUSE:**----The first consideration in the selection of a bank is SAFETY, and this bank by its record of more than a QUARTER OF A CENTURY, of SAFE, SOUND, SUCCESSFUL banking, under the same officers who now direct its affairs, has proved its strength and staying qualities.

**BECAUSE:**----It is THE ONLY NATIONAL BANK IN SEMINOLE COUNTY, and UNITED STATES supervision as it is now required and enforced by the comptroller of the currency, MEANS SAFETY FIRST.

**BECAUSE:**----During its career of more than TWENTY-FIVE YEARS it has by able and conservative management, built up its strength and standing under the strict supervision of the GOVERNMENT until it has attained the position of a ROLL OF HONOR BANK, one of the few in the State, and a distinction that gives it a NATIONAL PROMINENCE.

**BECAUSE:**----INTIMATELY ASSOCIATED WITH ALL SOUND BUSINESS IS THE SOUND BANK; our strength can help you in your business whatever it may be.

**BECAUSE:**----We can offer our depositors every convenience and facility offered by any bank doing a safe, legitimate business. Our funds and securities are protected by the best steel and concrete construction, eliminating risk by fire and burglary. We have safe deposit vault for our customers' use. We pay 4 per cent. on time certificates of deposit; and on October 1st, will add a regular savings department to our present system. Our officers and employees are courteous and attentive, and will always endeavor to make banking with us a pleasure.

**YOU ARE INVITED TO DO YOUR BUSINESS HERE**

County School Board Holds First Meeting

Teachers Are Appointed For Ensuing School Year

Several Important Resolutions Passed Affecting The Teachers Of Seminole County Schools

Pursuant to an adjourned meeting Aug. 5th the Board of Public Instruction met in regular session Tuesday, August 12th in the city hall and was called to order by the temporary chairman, F. P. Forster and opening prayer made by Superintendent.

Mr. F. P. Forster of Sanford, District No. 1; Mr. S. C. Dickson of Longwood, District No. 2 and Mr. J. Tilden Jacobs of Chuluota, District No. 3; and D. L. Thrasher, to be Supt. of Public Instruction, presented their commissions. Having made oath of office to State Comptroller previously were thereby legally installed into office and proceeded to permanent organization.

Mr. F. P. Forster, by motion of Mr. S. C. Dickson and second of J. Tilden Jacobs was made chairman.

Minutes of the tentative meeting of August 5th, as per the law and the action taken by the board relative to the salary and expenses of the Superintendent of Public Instruction ratified.

By unanimous vote of the board it was agreed that local trustees who were elected prior to the division of Orange in their several districts should be appointed to fill the unexpired terms, and the following appointments were made: Sanford Local Trustees—C. R. Walker, H. F. Whitner, Jr., and L. R. Philp.

Longwood—C. W. Enteninger, W. A. Dunn and J. W. Osteen.

Oviedo—W. J. Lawton, H. J. McCulley and H. B. McCall.

Geneva—H. A. Nickleson, J. F. Jones, J. W. Flint.

Chuluota—N. J. Jacobs, D. F. Hart.

On recommendation, the following appointments of teachers were made by the board:

Sanford, White School—Prof. N. J. Perkins, principal, Miss Clara Guild, assistant, Miss A. M. Tetherly, J. R. Wildman, Misses Lillian Gibson, Flora Walker, Carrie Ensminger, Ruby Wilson, Edna Plant, Lillie Farnsworth, Peacha Leffer, Nita Moore, Clara Millen, Edith Stewart, Mrs. F. W. Dunn, Mrs. J. B. Dickson, Mrs. C. J. Park, Mrs. E. N. Lake, Miss Charlotte Kates.

Longwood—Miss Sarah Crawford, principal, Miss Lillian Warts.

Lake Mary—Miss Gusie Tillis, Altamonte—Miss Hyers.

Glyde—Miss Lillian Higgins, Gabriella—Miss Kate Mathers.

Oviedo—Miss Martha King, principal, Misses May Aulin and Maggie Hopson.

Chuluota—Miss Pearl Hunter, principal, Miss Lottie Mathers.

Geneva—Misses Ethel Crawford, Maggie McLain and Lydia Gogger.

Big Branch—Miss Emma Proctor.

Monroe—Miss Helen Iserman.

The following resolutions were presented and adopted by the board for the school term beginning 1914:

Resolved that new teachers appointed to teach in the Sanford schools shall be paid not more than fifty-five dollars per month for the first month. Increased salary shall be contingent upon efficiency.

Resolved that the principals of the Sanford High School shall be required to hold a state certificate and assistant thereto a first grade certificate, and no teacher shall be permitted to teach in either the primary or the grammar school department who does not hold a second grade certificate.

Resolved that no married woman shall teach in the public schools of Seminole provided her husband is an able bodied man.

Resolved that the age limit for teachers shall be from eighteen to sixty years.

Petition was presented by Buda Special District asking for an election to abolish the district, and a joint petition from Buda and Geneva asking that the territory now constituting Buda Special District be annexed or taken in by Geneva Special District. Petitions granted and ordered advertised and election called to be held at Geneva and Buda, Sept. 16th, to determine the issue.

The redistricting of the county was agreed upon by the board.

Sanford, District No. 1, embraces Precincts Nos. 1, 2, 3, 4 and 10.

Longwood, District No. 2, embraces Precincts 8, 9, and 11.

Chuluota, District No. 3, embraces Precincts 5, 6 and 7.

The following warrants were ordered issued: No. 1, F. P. Forster, \$8.00, covering legal pay for No. 2, S. C. Dickson,

\$13.20, 2 days' services and mileage, No. 3, J. Tilden Jacobs, \$18.00.

The board then adopted the first Tuesday after the first Monday of each month for the time of its regular meetings and adjourned.

D. L. THRASHER, Secretary.

Miller Is County Physician

At the last meeting of the county commissioners Dr. Oliver J. Miller was appointed county physician. This is an honor worthily bestowed upon this young physician and his many Sanford friends are offering congratulations.

Dr. Miller is a Sanford boy and reverses the old adage that a prophet is without honor in his own country for after practicing in many other cities Dr. Miller came back home and made good from the very start.

He received his preliminary education at Rollins College, Winter Park and East Florida Seminary at Gainesville. After practicing medicine in Jacksonville for several years he was given a position with the Medical Department of the United States Navy, being located in Philadelphia, Buffalo and other cities for several years.

Coming back to Sanford about two years ago he was associated with Dr. N. de V. Howard, local surgeon of the A. C. L. and now holds the position as medical examiner for the A. C. L. for the 11th district, including the territory from Jacksonville to Tampa and all branch lines in connection.

Jumped Board Bill

Joe Davis and William Hawley, wanted in Orlando on the charge of unpaid board bills were arrested in Sanford yesterday as they were taking the boat for today as they were taking the boat for Jacksonville. The warrants were sworn out by O. A. McIntosh, proprietor of the Ten Cent Lunch House on Church street, where they had been taking their meals.

Deputy Sheriff Lawton, who was at Chuluota yesterday, located the parties in Sanford, and had them arrested as above stated. Sheriff Gordon went to Sanford this afternoon to bring the prisoners to Orlando, where they must face the charges of unpaid board bills.—Reporter-Star.

W. W. Williams and Miss Furen of Sanford were married in that city on Tuesday. Mr. Williams is a prominent business man of the city, and Miss Furen, who is a sister of Fred Furen, of the West Coast Furniture Company, is a successful school teacher. Their many friends and relatives in this city and vicinity wish them long and happy lives and will be pleased to know that they will make their home here.—St. Petersburg Independent.

First Bale of Cotton

Savannah, Aug. 18.—There was a triangular race for the first bale honors Saturday.

The first of the new sea island crop arrived in the shape of three bales the same day. As there can be only one first bale, the coveted distinction was accorded to one which was the earliest at the Cotton Exchange.

Two of the three bales were from Florida and one from Georgia. The first bale was received by Henry W. Frost & Co., from A. B. May, Alachua, Fla. It classes as extra choice and was sold at auction for 21 1/2 cents to F. M. Hull.

The second bale was also from Florida. It was received by Butler, Stevens and Bell, from J. T. Price, High Springs. Mr. Price sent in the first bale last year, and only missed it this year by a close shave.

The Georgia bale was consigned to John Malloch & Co., by J. E. and W. B. Wilken of Adel. It was grown by J. S. Jones, and although the third new bale, was the first bale of the Georgia crop.

All the bales were of pretty good quality for early cotton. Last year the first bale was received from Florida on Aug. 12. This year's bale bale is therefore three days later. The crop is generally understood to be later than last year but a better yield is expected, both as to quantity and quality.

Florida is indeed fortunate in the possession of her two institutions of higher learning—the State University and the State College for Women. Both of the schools are reaching the top-notch and offer better advantages to the home boys and better than could ever be afforded by schools of their rank in other states. And yet there are young people here who choose to stop their education with the little knowledge that is attained in high school training.

County Commissioners Have Special Meeting

Foreman Of Road Gang Appointed To Take Charge

Different Roads In The County Laid Out Ready For Improvements To Be Made At Once

An extra session of the board of county commissioners of Seminole county was held last Friday and a great deal of important work was handled. The board is getting things in good shape and the affairs of the new county will in the future be properly looked after.

T. J. Bell was made foreman of the road crew and J. H. Wynne was made his assistant. The board proposes to build permanent roads and put in only such culverts and bridges as will stand the wear of time. With this idea uppermost a carload of sewer pipe was ordered and also two road scrapers. Teams will be purchased in a few days and the road gang will get down to active work.

County Surveyor Rehblider was ordered to make a survey of the road leading to Lake county, the survey being from Sylvan Lake to the road bridge at the Wekiva river. A survey of another road will be had from Wagoner to Gabriella, another from Geneva to Chuluota and another from Longwood to the intersection of the Sanford and Oviedo road at Gee Creek.

A resolution was passed ordering each commissioner to see that the roads in each of their districts are kept in proper repair.

Chairman Frank L. Woodruff and Sheriff Chas. Hand were appointed a committee to purchase a lot and take project steps for the erection of a county jail.

Much satisfaction is expressed at the action of the commissioners in securing the Wolborne Block for use until such time as it may seem proper to erect a court house. The rooms in this building are large and airy, most of which are equipped with vaults, and the owner has let a contract for the immediate installation of an elevator of the electric type.

New Parcel Post Rules

Washington, Aug. 18.—Important changes in the operation of the parcel post system, recently inaugurated by Postmaster General Burleson are now in effect. They include an increase in the maximum weight limit on packages from 11 to 20 pounds, a reduction in the rates of postage within the first and second zones and the substitution of a convenient rate chart for the elaborate parcel post map in determining postage rates. The second part of the order is that perishable goods may be sent anywhere within a radius of 150 miles. Heretofore perishable goods were received only for local delivery and the section which is causing the railroads to protest vigorously before Congress at Washington is the marked lowering of the parcel post rates.

The first pound costs 4 cents for mailing within the 150 mile radius, as heretofore, but whereas under the old order the cost was 4 cents for each additional pound costs only 1 cent.

As an example of the decrease in rates, after Aug. 15 eleven pounds of matter may be sent by parcel post for 15 cents anywhere within a radius of 150 miles from St. Joseph. Under the present rate the same delivery would cost 46 cents.

Postmaster General Burleson has received a great number of protests from express companies throughout the country, but announced that they would not affect his decision, which is supported by the Interstate Commerce Commission.

Sanford's Fine Corn Crop

There is no place in the south where they can raise as fine corn and raise it as cheaply as in the sub-irrigated area around Sanford. After the celery and spring crops are off the land here the grower plants the land to corn and to fertilizer and flowing water from irrigation when the corn needs it most is always invaluable. The corn fields around here are the wonder of the visitors from the north and west and the stalks are about ten to twelve feet high and have two and three good ears of corn to the stalk. Our growers who planted corn this year will make good, for the crop in other parts of the country, almost without exception have been poor and in some parts of the west in the great corn belts are an utter failure. Sanford farmers will have corn enough to feed their stock through the winter and with the excellent crops of hay and cow peas and sweet beans are all to the good.

Drought has cut down the prospective corn crops by at least 300,000,000 bushels

according to the Department of Agriculture's estimate. The dry spell has been unusually long and has covered a wide territory. In some sections of the western corn belt the loss is said to have been almost 100 per cent. Georgia corn has suffered to some extent from the long, hot, rainless spell, but of course conditions in that state have not been nearly so bad as in the west. In a few localities the corn has been wilted and dried, but there has been some rainfall in nearly every part of the state recently. Corn club boys are sure to report some good yields. Georgia farmers suffer in common with others from occasional long spells without rains, but their loss is never as serious as that of farmers at times in the plains country.

Van Valzah for Governor

In a letter to the editor, Dr. John A. Van Valzah of Daytona Beach, who is going after the nomination for governor of the great state of Florida hammer and tongs, states that he is meeting with all kinds of success, and that as he is a resident of the famous East Coast he will get a tremendous vote from Jacksonville to Key West.

He expects to make a state-wide tour in the near future and will visit Stuart as soon as possible. His platform, as outlined up to date, is as follows:

First—How to equalize taxation and do away with all occupation tax.

Second—Why your senators and representatives represent themselves instead of you, when you send them to Washington and Tallahassee.

Third—How to remedy the evils of the present banking system, extend credit and loans to those who need and will use them in honest, legitimate business, instead of speculation.

Such a platform as the above ought to be a winner and Dr. Van Valzah will explain each detail in full in all his speeches. He is at present a member of the Florida legislature from Volusia and figured quite prominently during the recent session.

Being a hustler and a worker, he will gain votes by the thousand and should be nominated and elected as our next governor, the citizens of this state need not have any fear, for they will find in Dr. Van Valzah another Broward—a man who does things and stands up for the right.—Stuart Times.

Must Have Life Lines

Thomas H. Keating, owner of Keating's casino and bathhouse at Daytona Beach, was arrested Wednesday on a capias issued at Deland from the criminal court of record, charged with failing to provide proper life lines in front of his place at the ocean beach.

The agitation which led to Mr. Keating's arrest was started several weeks ago by the Daytona board of trade, which body lodged complaint with the county solicitor and the board of county commissioners. The commissioners instructed the solicitor to serve notice on Mr. Keating to comply with the law and to cause his prosecution if he failed to do so. Mr. Keating was taken to Deland by Deputy Sheriff T. O. Milton, and gave bond in the sum of \$200 for appearance before the criminal court at the October term.—Daytona Gazette.

Florida Winter League

There is a plan on foot to form a South Florida League to include the following cities: Tampa, Bradentown, Lakeland, Sanford, Orlando, Ocala, Bartow, Arcadia and St. Petersburg. Such a league should be a big success, as all of the cities mentioned are good base ball towns and the jumps between the cities will not be hard to make. If successful there should not be any trouble in also maintaining a winter league in the above mentioned localities.—Times-Union.

California Celery

Los Angeles, Aug. 15.—Growers are still planting vegetables. While it is a little early to give much definite information it is expected that the celery yield will be about same as last year, possibly a little larger. Weather in Southern California is ideal for the plants and with continued good weather there is no reason why their output should be a splendid crop. A large percentage of the celery in Southern California is controlled by the growers for whom the California Vegetable Union is selling agent.

Prospects are favorable for a splendid tomato crop. The vines are more vigorous than in former seasons. Shipments will probably begin the first week or ten days in September. A splendid cauliflower crop is also predicted.—Produce News.

United States Dredge Working Near Border

May Mean War With Mexico In A Short Time

Other News Gathered Here And There About Florida And The World In General

Pensacola, Aug. 19.—Considerable speculation has been aroused here by orders received by the United States dredge Caucua from the department, which are to proceed to Aransas Pass, Texas, near the border of Mexico, and there dredge night and day until further orders. The vessel is to deepen a channel, but the work to be done has not been outlined and will not be until the vessel reaches the port. The vessel, which is the largest and most powerful dredge on the Gulf Coast, will leave here tomorrow night and it is stated that channel is to be dredged so that war vessels may get into the harbor, which has shallowed at one point, such a channel would be of no service for any other purpose, for merchant ships do not go to the port, there being nothing to be shipped. It also develops that the dredge was taken from some work at St. Andrew which has been left in an uncompleted state until she can return from Texas.

The educational department of the Jacksonville Young Men's Christian Association is in receipt of a certificate of honor from the international committee of the Young Men's Christian Association. This certificate is granted to the ten associations in the United States having the largest number of night school boys to pass the international examinations.—Times-Union.

The proposition to "send a carload of literature throughout the country to advertise Florida" is favorably considered. But the newspapers of the state are doing that many times each year with the advantage of placing it in the hands of interested parties. Why should the advertiser be accepted as a benefactor while the newspapers are ignored.—Times-Union.

Rolland E. Stevens brought to the Gazette News office last Saturday a handful of alfalfa grown on some of the savanna land of the Monroe & Chambliss place, southwest of the city. This was from the fourth cutting, Mr. Stevens said, and was about eighteen inches in length and quite thrifty in appearance.—Daytona Gazette-News.

Over one half million dollars is to be spent by the Everglades Sugar & Land Company in building a high dike clear around its royal Glade tract on the North New River canal in the Everglades, and in digging canals around and through the big tract in the near future.

The Standard Oil Company will add extensively to its buildings and equipment of the yards in Bayboro, near St. Petersburg. A new oil tank will be erected and oil houses will be built to take care of the increase in business. The improvements will entail an expense of \$2,500.

Work on the roadbed of the Cortez-Bradentown interurban line is steadily progressing. It will probably be in operation in a year. It will not be an electric trolley line, but such motor passenger cars will be installed as are used on the branch lines of the Union Pacific in the northwest.

The county commissioners of Okeechobee county have decided to use the convict to build and repair the roads in that county. They have applied to the Board of County Commissioners of State Institutions for thirty convicts for this purpose.

The new editor of the Mulberry Herald is Miss Georgia Beede. Our ladies are coming to the front in journalism as well as in other pursuits of life.

Will Civilize the Seminoles

Lucien A. Spencer, Special Commissioner to the Seminole Indians arrived in Fort Myers last night on his way to the Big Cypress country. Commissioner Spencer is here for the purpose of investigating the situation among the Florida Seminoles, with a view of assisting the government in determining a future policy concerning these Indians. He left this afternoon for the Glade Cross Mission, where he will join

Dr. Godden, and conduct his investigations from that point.

When seen at the Riverview Hotel today Commissioner Spencer was all in readiness for his long trip overland. He was dressed in a suit of overalls, and looked the practical man of affairs which his remarks disclosed him to be. Dr. Godden sent a man to Fort Myers with an ox team to meet Mr. Spencer, and will lend him every assistance during his stay, which will extend into September.

"I cannot say, of course, what the policy of the government is to be for the simple reason that it has not as yet been determined in all its details.

Mr. Spencer said: "I shall make my investigation and report conditions as I find them, and the United States Indian Commissioner will then be in better position to more fully outline his course. I think it is safe to say, however, that the government will not remove the Indians, but will aim to adopt measures which will assist them to become self supporting citizens.

"The Seminole Indian is one of the finest Indians we have. It is significant that the Seminoles who left Florida some time ago are now completely out of the jurisdiction of the government and have become full fledged citizens, while their Florida brethren are among the most backward Indians with whom we have to deal. The Seminole is naturally a very superior Indian, and capable of high development."

Commissioner Spencer's visit will have a special bearing upon the expenditure of the \$10,000 lately secured by Senator Fletcher from Congress for work among the Seminoles.—Ft. Myers Press, Au. 8th.

Felicitations From Orange

The Sentinel wishes to extend its felicitations to Seminole county upon the able and business-like manner in which its board of county commissioners concluded the division of affairs with the board of county commissioners of Orange county, and our congratulations are in no small measure offered to the home board on the same grounds.

Each of the boards had a difficult task to perform, and they went at it with good judgment, discretion and determination, and of equal importance to these an amiable spirit— is cause for gratification not only to the individual members of the boards themselves but to the respective constituencies represented by them.

In what great measure the consummation of the transaction was due to the able attorneys for the board need not be known accurately to be appreciated. Their services were indispensable and they were instant, earnest and careful.

Seminole county is now fairly started on its career as a sister county of Orange and the other counties that form our great and incomparable state. We of Orange are proud of her, as a parent is of a child, and we are sure that she will not object if we continue to feel that interest in her that is an inherent quality of parenthood.—Orlando Sentinel.

Beef Supply Short

Washington, Aug. 18.—Sharp increase in prices of fresh beef are expected to follow the drought that is scorching the cattle growing states of Kansas, Iowa, Nebraska and Oklahoma, and the officials of the department of agriculture are not concealing their anxiety over the outlook.

The apprehension is increased by unfavorable reports said to have been received from agents now in South America concerning the condition of cattle there.

It is said that a serious hoof and mouth epidemic is raging among the cattle in Argentina and this necessarily would bar the entrance of such meat to the United States.

Australia, in the event of serious shortage, is expected to furnish much of the meat consumed by Americans in the immediate future. This supply may be limited, however, because of Great Britain's demand if Argentina fails her market.

Counterfeit Fites

Washington, Aug. 18.—Chief W. J. Flynn of the United States secret service is warning the banks of the country, especially those in the middle west, against a new counterfeit \$5 "Indian head" silver certificate. The spurious note apparently is printed from crudely etched plates on fair quality bond paper, with ink lines to imitate the silk fibers of the genuine.

THE SANFORD HERALD

Published Every Tuesday and Friday Morning By THE HERALD PRINTING COMPANY R. J. HOLLY, Editor W. M. HARRIS, Business Manager

Subscription Price, \$2.00 a Year in Advance Delivered in the City by carrier \$2.00 per year in advance or 20c per month. Payments in advance must be made at office.

Entered as second-class mail matter August 22nd 1904 at Sanford, Fla., under Act of March 3rd, 1879.

Office in Herald Building Telephone No. 148

The latest dance in Sanford is the "dengue fever dope."

"Bobhollyville" is the new name given to Sanford by the editor of the "Harrybrownville" Record.—Ft. Myers Press.

The county school board passed some resolutions at their last meeting that will make many changes in the Sanford schools.

Mrs. Sulzer thinks her husband is a mere child in matters of finance and Mrs. Sulzer appears to be more than half right.

The editor would whisper to the sanitary inspector to more than inspect the premises this month and see that every yard is kept clean. This is the time to clean up.

Another month of vacation and the boys and girls will be getting ready to start another scholastic year. Sanford schools are among the best in the land and will have their full quota of bright boys and girls.

Florida beaches are drawing the crowds now and every one of them should have the protection that the state law prescribes. There should be adequate protection for the bathers at all times and if the proprietors of hotels and pavilions and bath houses do not furnish such protection they should be compelled to do so or forfeit their license. Florida beaches under ordinary circumstances are safe enough, but some of them have a strong undertow and with no efforts made to have ropes, rafts, boats and men ready at a moment's notice the danger of drowning is always present. The law should be enforced.

SANFORD'S SUMMER CLIMATE Who wants to go to the mountains when such beautiful days as last Sunday invite one to stay at home. The highest temperature on Sunday by the local weather bureau was 84 and the day was made more delightful by a breeze that blew in from old Atlantic all day. While we were enjoying ourselves in Sanford the people of half of the northern states were sweltering in the torrid rays of the August sun and from which there is no relief in the crowded cities of the north.

FRANK MAYES Hon. Clarence Woods, the princely editor of the Euclid Lake Region devotes three columns this week to Frank Mayes of the Pensacola Journal as the next governor of Florida. He also printed a fine picture of Frank and this we have pasted in our sanctum and labeled it "the next Governor of Florida." Frank has never intimated that he would like Tallahassee for a four years' residence but if he should decide to make the race he can count on the united support of the newspapers of Florida. The best thing that we can say for Frank Mayes is that nothing can be said against him. Like Bayard he is beyond reproach and his candidacy would be like that of Park Trammell—a sure thing before the race started. There are some men in Florida and other states that the editor of The Herald would support for any office to which they might aspire and Hon. Frank Mayes is one of them. (This is not an advertisement.)

TIME TO CLEAN UP This is the season of the year of all the seasons when every man, woman and child should bend every energy to clean up the premises and see that there is no breeding place for the festive fly and mosquito. Weeds cut down during this month will stay cut and the seed destroyed for next season's crop. All the old tin cans and receptacles that would hold water should be buried or hauled out to the dump pile and every precaution should be used to conform to the rules of health not only of your immediate family but your neighbor's family. Failure to keep down the fly and mosquito pest reduces not only on your head but on that of every one living in your immediate vicinity and with the good drainage afforded by Sanford's elevation there should be no mosquitoes, no standing water, no malaria or kindred diseases. This city should be the cleanest and healthiest city in the south and it all lies with the people who compose our citizenship. Every one knows the vital importance attached to keeping their premises clean and it is usually a matter of criminal neglect. Our sanitary department should be more vigilant this month and next than ever and exercising their authority bring the offenders before the mayor. The

city ordinances cover the situation if there are any citizens so careless of their own health and that of their neighbors that they will become criminally negligent in this matter the officers should call them before the bar of justice to teach them the error of their ways. Clean up the city. Clean up the yards. Clean up the vacant lots. Screen the houses. Screen the rain water barrels. Use common sense and judgment and help the sanitary inspector by calling his attention to the unclean places.

NEW OHIO LIBEL LAW When a newspaper in Ohio publishes a false statement concerning any individual or association of individuals, it must upon demand print in the next issue or within 48 hours of its receipt, an article containing a true statement of the case. This article must be printed without any alterations whatever; must appear, with headlines of equal prominence; and in the same place as the libelous article, and must be sworn to by the person offering it, and the newspapers cannot be held liable in any civil or criminal proceedings for anything contained therein. The newspaper company refuses or failing to print such an article may upon conviction be fined not exceeding \$1,000 and the person responsible for such refusal fined not exceeding \$500 or workhouse sentence not exceeding six months, or both, is provided for any person who furnishes a news item to a newspaper knowing at the time that it is untrue. Governor Cox, who signed the new law, is proprietor of two Ohio dailies.

SANFORD'S PROSPERITY Sanford has witnessed a remarkable boom era from the time the first atrian laid a brick on the buildings of the city down to the present time, but at no time in the history of the city has there been so much building as at the present time. Go where you will the new dwellings and the new store rooms greet the eye and there never has been such a solid and substantial growth as at the present. The new residences are of the best and there are many being built this season. The Sanford Building & Loan Association is responsible for the majority of the new homes being built here and if the home people would invest more money in this institution there would be more homes built, for the building of homes is confined alone to the amount of money that the Building Association can loan.

New business houses are also being built and as a winter visitor aptly remarked today the city of Sanford never presented such a busy appearance in the summer months. The bulkheading of the lake front, and the building of a new tourist hotel will be the next move, and the city of Sanford will witness the greatest building boom of its history in the next twelve months.

There are dwellings being erected in every part of the city and the merchants report a better summer trade than ever before at this season of the year. With the growers starting their fall crops there will be an added impetus to business and the county affairs have added to the progress of the city and county. A bright future stretches before the city of Sanford and the county of Seminole.

MAKING OUR OWN BRICK Several months ago The Herald started the agitation about Florida cities making their own brick for paving and the suggestion called forth many letters and inquiries from other states regarding the plans for brick making in this state. Several experts on brick making wrote articles on the subject, in which they stated that our clay did not contain sufficient shale to enable the manufacture to make the brick to the right consistency for vitrifying purposes. Be that as it may, if some expert could come to Florida and look up our clay deposits he would likely find that there are other ingredients in the state that, mixed with the clay, would take the place of the shale. There will be such an immense quantity of vitrified brick used in this state in the next five years that some means should be employed either to manufacture our own brick or at least to join hands and get the brick shipped here in large quantities and save money on the freights. The railroads get as much for their long hauls on brick as do the manufacturers for the article itself and by the time the brick gets to the different cities or counties there is considerable money involved in the transaction. Since our state experts have looked into the matter and made most careful investigations of the different materials for road building and have decided that brick and that brick only is the material for all time to come, there should certainly be concerted effort on the parts of the different cities and counties to save some money on the brick and especially on the freight. Seminole county will soon pave twenty five miles of roads and it behooves us to look into the matter at once.

BATTLE IN THE FOURTH New District Promises Exciting Times In the Next Primary Frank E. Chase has definitely announced his candidacy for the Democratic nomination for Congress in the Fourth Congressional district, which, under the reapportionment of the state, includes Jacksonville and the entire east

coast district, and declares he will stand firmly on the Baltimore platform and fight for the improvement of the east coast canals. Mr. Chase has a record of two terms as representative in the state legislature, and is a delegate to the Democratic convention in Baltimore. Opposed probably will be Congressman-at-Large Claude L'Engle, who has already stated that he liked Washington and would not object to returning from the Fourth district. Other men prominently mentioned as possible candidates are Samuel J. Hilburn of Palatka, formerly a state senator from Putnam county, and opponent to Frank Clark in the last Congressional race in the Second district; Senator State William Malone of Key West; W. A. MacWilliams of St. Augustine, a member of this state Legislature for five or six terms, and Albert J. Williamson, editor of the Floridian.

Senator F. M. Hudson of Miami, who has been mentioned as a candidate in certain quarters, is also regarded as a strong man. If he runs he is expected to pocket a large number of votes. Some of his closest friends, however, say that he is casting longing eyes on Senator Fletcher's seat in the upper branch of Congress. L'Engle also, it is said, may take a shy at Fletcher's toga as, it is said, Gov. Trammell has decided not to run. Senator Hilburn has a wide acquaintance, he having made a hard fight to defeat Frank Clark for Congress in the Second district the last time. Malone is one of the leading citizens of Key West, is a man of ability and genial manners, and numbers his friends by the thousands. People down in that section of the state think it about time the "Keys" had a chance.

Albert J. Williamson is the editor of the Floridian and is a man who is not afraid to express his opinions. The primary will be held in June and, under the new primary act, only one primary will be required. This law provides that a voter may express a first and second choice, and the winner will be the man who has the greatest number of first and second choice votes.—Jacksonville Metropolis.

Episcopal Church Services in the Church of the Holy Cross, corner Park avenue and Fourth street, until further notice will be as follows: Sunday school every Sunday morning at 9:45. Morning Prayer and sermon every Sunday morning at 11; except the first Sunday of the month, when there will be a choral celebration with sermon at that hour. Early celebration at 7:30 the third Sunday in each month. Even song with sermon every Sunday evening at 7:30. A short service of prayer and praise every Wednesday evening at 7:30, followed by an informal talk on the principles of Christianity as taught by the church. REV. ARTHUR S. PECK, Rector.

L. M. REBHINDER, Aubrey Moran, E. H. Kibbe, W. F. Taylor, C. A. Saunders, David Speer, B. F. Sutton, C. A. Raulerson, C. W. Culpepper, J. T. McLean, H. A. Nicholson, R. Q. Gresham, George Dunhardy, J. H. Huddleston, Geo. T. Peters, Geo. E. Mathison, M. I. Baker, W. J. David, S. P. Smith, T. W. Geiger, H. H. Pattishall, W. J. Daniel, F. H. Bradley, E. N. Sutton, L. P. Daniels, E. Currier, L. D. Hart, Sr., J. F. Jones, H. Baker, T. H. Hilde. The above petition was granted and election ordered to be held at Geneva, Florida, Tuesday, September 16th, 1913, to determine the above issue. By order of the Board of Public Instruction of Seminole County. D. L. THRASHER, Supt. & Secy. In session Aug. 12, 1913. 104-Tues-4t

Notice for Bids: Sealed bids for the right of way of road bed from Sylvan Lake to Wakiva bridge; from Chulohota to Geneva, from Wagner to Gabriella; from Longwood to intersection of Oviedo and Sanford road at Gee Creek bridge, will be received by the board of County Commissioners for Seminole county until Friday, September 15th, 1913. These roads to be opened thirty (30) feet wide with all stumps, etc., cleared and road bed to be put in ready for grading. Specifications to be had at the Clerk's office after September 1st, 1913. Bids may be filed with clerk covering all roads to be opened or only one or more of the roads to be opened. The board reserves the right to reject any or

all bids. Work to be subject to inspection of the Board of County Commissioners. Address all bids to E. A. Douglass, Clerk, Sanford, Florida. 104-Tues-2tc

In the Circuit Court, Seventh Judicial Circuit, Seminole County, State of Florida, in Chancery. George E. Gowdy vs Margaret Gowdy. It appearing from the affidavit of George A. Douglass, herein duly filed, that he is solicitor and of counsel for the complainant in the above cause, George E. Gowdy, and that it is the belief of affiant that the defendant, Margaret Gowdy, is a non-resident of the state of Florida, and is now a resident of the state of New York, residing at No. 20 Gramercy Park, New York City; that the said defendant is twenty-two years of age, and the service of a subpoena upon whom would bind said defendant. Therefore, you, Margaret Gowdy, are hereby ordered to appear to the bill of complaint duly filed in this cause, on Monday, the 6th day of October, A. D. 1913, the same being a rule day of this court. It is further ordered that justice be published in the Sanford Herald, a newspaper published in Seminole county, Florida, once a week for four consecutive weeks. Witness, E. A. Douglass, clerk of said court, and the seal thereof this 19th day of August, A. D. 1913. E. A. DOUGLASS, Clerk. 104-Tues-4tc

In Circuit Court, Seventh Judicial Circuit, Seminole County, State of Florida, in Chancery. Mildred DeSautels vs Mildred DeSautels, East Ely, Nevada. It appearing from the affidavit of George A. Douglass, herein duly filed, that he is solicitor and of counsel for the complainant in the above cause, Mildred DeSautels; and that it is the belief of affiant that the defendant, Mildred DeSautels, is a non-resident of the state of Florida, and is now a resident of the state of Nevada, residing in the city of East Ely, Nevada; that the said defendant is over the age of twenty-one years, and that there is no person in Florida, the service of a subpoena upon whom would bind said defendant. Therefore, you, Mildred DeSautels, are hereby ordered to appear to the bill of complaint duly filed in this cause, on Monday, the 6th day of October, 1913, the same being a rule day of this court. It is further ordered that justice be published in the Sanford Herald, a newspaper published in Seminole county, Florida, once a week for four consecutive weeks. Witness, E. A. Douglass, clerk of said court, and the seal thereof, this 19th day of August, A. D. 1913. E. A. DOUGLASS, Clerk. 104-Tues-4tc

In Circuit Court, Seventh Judicial Circuit of Florida, in and for Seminole County. In Chancery. Ella A. Morris vs Dorsey L. Morris. Notice to Non-Resident To Dorsey L. Morris of Norfolk, Va. You are hereby required to appear to the bill of complaint filed against you in the above entitled cause on or herein the 6th day of October, A. D. 1913. The Sanford Herald is hereby designated as the newspaper in which this order shall be published once a week for four consecutive weeks. Witness my hand and seal of office at Sanford, Seminole county, Florida, this 19th day of August, A. D. 1913. E. A. DOUGLASS, Clerk. J. E. Alexander, Solicitor for Complainant. 104-Tues-4tc

NOTICE In the Circuit Court, Seventh Judicial Circuit of Florida, in and for Seminole County. In Chancery. Ritchie Woodbridge, complainant vs A. M. Thrasher and D. A. Howard, Defendants. Order of Publication It appearing from the affidavit duly filed in the above entitled cause that A. M. Thrasher, one of the defendants therein named, is a non-resident of the state of Florida, and that his residence is unknown, and that said defendant is over the age of twenty-one years and that there is no person in the state of Florida, the service of a subpoena upon whom would bind said defendant. It is therefore ordered, that said non-resident defendant, A. M. Thrasher, be and he is hereby required to appear and make answer to the bill of complaint filed in said cause, on Monday the first day of September, A. D. 1913, otherwise the allegations of said bill will be taken as confessed by said defendant. It is further ordered that this order be published once a week for eight consecutive weeks in the Sanford Herald, a newspaper published in said county and state. Witness my hand and official seal of this court this 4th day of July, A. D. 1913. H. M. ROBINSON, Clerk Circuit Court, Orange County, Florida (seal) By M. A. Howard, D. C. Hilburn & Merryday, Solicitors for Compt. 92-Tues-6t

NOTICE Notice is hereby given that the Board of County Commissioners of Seminole County will receive bids at the office of the Clerk of said Board in Sanford, Florida, up to and including the 15th day of September, A. D. 1913 for the purchase of bonds of Black Hammock Drainage District in said county, amounting to \$45,000.00. Said bonds will mature as follows: \$7,500.00 one year from date; \$7,500.00 two years from date; \$7,500.00 three years from date; \$7,500.00 four years from date; \$7,500.00 five years from date; and \$7,500.00 ten years from date. All of said bonds being dated September 15, 1913, and bearing interest at the rate of six per cent per annum from date of issue payable annually. Bids for Bonds for Road and Bridge District No. 1, By order of the Board. A. DOUGLASS, Clerk. August 6th, 1913. 102-Tues-6tc

Notice of Sale of Bonds Notice is hereby given that the Road and Bridge District No. 1 of Seminole county, Florida, will receive bids for the purchase of \$200,000 par value of Road and Bridge District No. 1 of Seminole county, Florida bonds at Sanford, Florida, at the court house at 10 o'clock a. m., on Tuesday, Sept. 16th, 1913. Said bonds are dated January 1, 1913, payable thirty years after date in denominations of \$1,000 each and bear interest at the rate of five and one-half per cent per annum, payable semi-annually on July 1st and January 1st of each year. All bidders shall accompany their bids with a certified check for \$500.00 as security for compliance with bid. Both sealed and auction bids received. The right is reserved to reject any and all bids. Address all bids to E. A. Douglass, Clerk Circuit Court, Sanford, Fla., marked Bids for Bonds for Road and Bridge District No. 1. By order of the Board. A. DOUGLASS, Clerk. August 6th, 1913. 102-Tues-6tc

IN AND ABOUT THE CITY

Little Happenings—Mention Of Matters In Brief

PERSONAL ITEMS OF INTEREST

Summary Of The Floating Small Talks Succinctly Arranged For Hurried Herald Readers. Dr. Samuel Puleston motored over to Daytona Beach on Saturday. George A. Speer with his family is spending his vacation at the sea shore.

Place your orders for Crystal Wax onion seed with L. R. Phillips & Co. 101 Mrs. Geo. A. DeCottos who left the end of the week for Asheville, N. C. will spend the next few weeks there.

Mrs. Sturtevant left last Saturday for a week's visit with her parents at Glen St. Mary. Mr. Sturtevant accompanied her as far as Jacksonville. Several nice office rooms to rent. Peoples Bank Building. Apply at the Peoples Bank for information. 104-tf

Mrs. A. M. Dickens passed through Sanford yesterday, en route to Alabama. Before returning to Tampa in the fall, she will visit several points in Georgia and Florida.

Better place your order now for Crystal Wax and Bermuda Onion Seed with L. R. Phillips & Co. 101-tf. H. L. Gibson returned home Sunday afternoon from two weeks' vacation spent among the mountains of North Carolina.

L. R. Phillips will have a full supply of genuine Bermuda Onion seed in September. 101-tf

city is spending the winter in New York. Miss McComb is expected home early in October, but may remain north until after the world's series of base ball games.

Mrs. D. L. Thrasher and daughter, May, returned to Daytona Beach Friday after spending several days with Mr. Thrasher, who is kept in Sanford by the many duties of his new office as superintendent of public instruction of Seminole county.

The Gate City House has brought down the high cost of living. Only \$4.00 per week for the finest table board in the city. See Parker. 28-tf

At a recent meeting of the Woman's Club the matter of the location of the new federal building was discussed with considerable interest. A resolution was introduced and adopted, which will be presented to the proper authorities, asking that the building be located somewhere near the center of the town, and not on First street or on the lake shore, as has been suggested.

Tampa merchants have solved the "mail order house" business, and learned the method of keeping money at home. Of them the Tampa Times says: "The merchants of Tampa will guarantee to duplicate any bill of goods purchased out of the city both in quality and price. Why then send your money out of town to enrich strangers and starve out your own neighbors and personal friends?"

Place your orders now for genuine Bermuda Onions and Red and White Crystal Wax for September delivery with L. R. Phillips & Co. 101-tf

At a call meeting of the music department of the Woman's Club, held this afternoon in the club rooms the office of honorary chairman was created for the purpose of conferring that honor upon Mrs. Fannie S. Munson, who organized the music club several years ago, and who has done much toward developing the musical talent of Sanford.

The "White House," Daytona Beach, Fla. Special rates to summer guests \$1.50 per day or \$6 to \$8 per week. Write for reservations. W. F. & E. R. Ayres, Props. 99-9tc

Seed beds with the white covering look like tented encampments. All kinds of farm work is going forward now and the winter cropping season will soon be in full blast throughout the celery delta. Haying is not over with yet, there never was such fine hay and so much of it before. Field corn is a bumper crop, sweet potatoes are looking fine, cowpeas are a splendid crop and will soon be cut for fodder except in some places where they turn this under for fertilizer. Some are shipping egg plants and peppers yet.

Last Friday night Mr. and Mrs. Durham Lewis chaperoned a merry party of young people on a moonlight excursion in the launch "Nettie" with Capt. Roy Tillis in charge. After arriving at Blue Springs delicious ice cream and cake were served. Among the party were Misses Annie Dixie, Claudia Townsend, Winnie Smith, Gussie Tillis, Mabel Bradley, Maybelle Woodborne; Messrs. Smith, Hughes, Roy Maxwell, Harry Walker, Oscar Speer and Henry Purdon.

Kanner-Apathiker A Jewish wedding was one of the happy and unusual events that occurred in the fashionable house of Orlando Sunday morning.

The contracting parties were Mr. A. Kanner of Sanford to Miss Fannie Apathiker, the ceremony being solemnized by Rabbi Wichtenspeid at the home of K. Kanner. The marriage was witnessed by a large number of the Jewish friends of the city, who had assembled in the home that had been beautifully decorated for the occasion.

Mr. Kanner is a prominent merchant of Sanford, and a brother to Mr. K. Kanner and Mr. Mark Kanner of this city. The bride is of New York but for the past year has made her home in Orlando. After a bridal tour of the east they will make their future home in Sanford.—Reporter-Star.

The Seminole Pharmacy The Lawson Pharmacy has been sold to Mr. J. C. Fletcher of Ft. Meade, who being loyal to and believing in the future

of our new county has styled his drug business The Seminole Pharmacy. Mr. Fletcher is an up to date pharmacist, having made the business his life work and tells the Herald man that he intends to make the Seminole Pharmacy an up to date drug store.

Ira S. Malnes, who had charge of the prescription department of the Lawson Pharmacy has assumed his old duties with the new management. Mr. Malnes with his broad smile and pleasant greeting has made many friends in Sanford and surrounding sections, and the Seminole is to be congratulated upon securing his services.

Julian Carlson will "squirt" the delicious soda at the Seminole fountain. With the present management, the accommodating employees and the excellent service we predict for the Seminole Pharmacy, as we do for Seminole county, a successful and profitable future.

Mrs. Appleyard Improving The following from the Washington, Ga., Reporter will be gratifying to the many friends of Mrs. T. J. Appleyard throughout the state. Should her condition permit she will leave Atlanta for Jacksonville this week, enroute to her home in Tallahassee.

Mrs. T. J. Appleyard, sister of Mrs. T. M. Moss, who was stricken with paralysis on her right side last week just as she was ready to depart for her home in Tallahassee, Fla., is steadily improving and is gradually regaining the use of her body. Considering her extreme illness at the time of her stroke, physicians consider her rapid recovery very extraordinary. Mr. Appleyard and two daughters arrived last week and will remain until Mrs. Appleyard has recovered sufficiently to make the trip from Washington to Tallahassee.

University's Large Enrollment The enrollment at the University of Florida, which will reopen on Sept. 23rd promises to be the largest in the history of the institution.

President Murphree states that more inquiries concerning the university, the accommodations, etc., have been received than ever before, and that the institution is attracting attention throughout the country is shown by the fact that inquiries have been received from many states.

Another fact that indicates a record-breaking attendance is that more reservations have already been made for the approaching term than ever before at a similar period of the year.—Gainesville Sun.

To the People of Seminole County Having located the offices of the clerk of Seminole county circuit court in the second floor of the court house at Sanford (formerly the Welborne Block) I take this means of inviting every inhabitant of said county to come in and make yourself at home. The offices are Nos. 2, 3 and 4 in the second floor of the building and we will never be too busy to see our friends and patrons. The clerk's office is your office and we want to see every one come there for business, information or for the pleasure of visiting with friends.

E. A. DOUGLASS, Clerk of Circuit Court, Seminole County.

Saloon Men are Scared The saloon keepers of Marion county are justly scared up over the wet and dry election to take place there next month, and have greatly curtailed their past credit system. It is said that those in Dunnellon will not even extend credit to their competitors, and want cash with order on everything. Bets are frequently offered that the county will go dry, with few if any takers. Whiskey is certainly doomed in that county.—Inverness Chronicle.

To the Ladies Members of Leagues, societies or guilds connected with the churches of Sanford are cordially invited to call at The Herald office and inspect a piano that will be given by The Florida Growers News to such League, society or guild that would like to have one. No other paper in this state has ever made the liberal offer that the Florida Growers News makes.

Parents are Interested Old school books may be exchanged at about fifty per cent of the price of the new books at any place where they are sold. The series of text books adopted in 1911 will be used in Seminole county this year, thereby displacing the old series. L. R. Phillips & Co. carry a full stock of text books required. 104-11p

Big Excursion Excursion to Woodland Park, Launch Alma May and Mangle will leave city dock at 2:30 p. m., Sunday. 25c round trip. 85-Fp-tf

Notice Horse Owners I have a first class expert horse doctor. Give him a trial. W. H. Underwood. 94-tf

A glimpse at any man's mail will convince you that while you can compel a man to accept an education you can't make him learn to spell.

ORLANDO MAN FOUND IN LAKE

Jacob Shannibarger Well Known Character Meets Death in Lake

Jacob Shannibarger, the veteran bicycle dealer of Orlando and well known to every one in this section of Florida was either killed or committed suicide in Lake Lucerne in Orlando last Friday. The following account of the finding of the body is from the Orlando-Reporter-Star.

The body of Jacob Shannibarger was found floating in Lake Lucerne this afternoon, shortly after two o'clock. The discovery was made by Archie Vivian, who first noticed the body floating on the surface near the foot of Main street, where a few months ago two little boys, Fred Wilcott and Roy Pounds met a tragic death in the lake by drowning.

Young Vivian reported the matter at once, and Marshal Smith was soon on the scene with Drs. Beardall, McElroy and McEwen. The body was drawn from the lake and carried out on to the banks, where cold in death lay Orlando's old veteran bicycle dealer. He had on his every day clothes, except coat, just as he appeared in his shop, even having his glasses in his vest pocket, also an old letter from a friend. The face about the eyes give the appearance of having been shot, being picked as though a swan had had hold of it, but is all probably the places were made by turtles the lake being full of them. Just how long the body has been in the water is not known, as at this writing no one has been able to say just when they saw him last. Some say two days, while others say that they saw him yesterday at his shop on Church street.

HARRY THAW ESCAPES

Noted Prisoner Makes Successful Break for Liberty

Mattewan, Aug. 17.—Harry K. Thaw, the slayer of Stanford White, escaped from the hospital for the criminal insane here this morning at 7:45 a. m. on the outside and a flight like a rocket for the Connecticut state line, thirty miles away, accomplished this escape.

Tonight he was still at large and the hospital authorities felt certain he was outside the state. Once beyond its boundaries Thaw is free. Only months, perhaps, years, of litigation can bring back to Mattewan and then only in one event—that he is adjudged insane in the state to which he has fled.

Five confederates manned the car in which Thaw escaped and a big black limousine which trailed it past the asylum gate. The police have the description of Thaw's confederates and the names under which they registered at a local hotel Friday night and are seeking them.

The hospital authorities believed that Thaw had fled to the shore of Long Island Sound and boarded a yacht waiting with steam up to rush to Europe.

\$10.00 Down And \$5.00 Per Month

NO INTEREST OR TAXES FOR TWO YEARS (RIVERVIEW LOTS)

The magnificent location of this property on the great tributaries of the St. Johns river, where the channel runs almost direct east from Riverview to the Atlantic Ocean, where the city of Jacksonville has built its great quarter million dollar electric light plant. Where the great municipal docks are going to be built. Where there are going to be millions upon millions of dollars spent by private capital in the near future for great manufacturing plants, all are situated by or near to Riverview, lying just to the east of us. This all goes to make Riverview the most classy and desirable property to the great city of Jacksonville.

Something To Consider

Riverview today has over five hundred property owners all boosting for the great future of Riverview. We have 40 homes, some costing three to four thousand dollars. Three mercantile houses. Boat and launch factory of large and growing magnitude. We have now 14 miles of streets, all set out in shade trees. We have free public boat and bath houses. We have one of the most beautiful 50 acre public parks in the state. Riverview has many suburbs since its inception, and Riverview's geographical location is such that it is soon going to make its property value far exceed any property about Jacksonville, and every lot now bought will make the buyer a thousand dollars clear in the near future. We have a complete telephone service, and an efficient motor car line at a 5c car fare to the heart of the city of Jacksonville. Riverview property will make thousands of dollars for the owners. Riverview has made good. Her titles are perfect, and as an investment it has no equal.

### CURBSTONE GLEANINGS

#### Budget of Opinion "Just Between You and Me."

#### EVEN THE GATE POST NOT IN IT

and Faith, He'll Prent 'Em'—  
So Says Saunterer.

A farmer went to town to spend  
Some of his hard earned dough,  
And in a merry jest, and just  
To show his bustling skill,  
He printed his initials on  
A brand new dollar bill.  
He spent that dollar that same day,  
Down in the village store,  
He thought 'twas gone forever 'thou,  
And he's not one bit more.  
But long before the year rolled by  
One day he went to fill  
A neighbor's order, and received  
That same one dollar bill.  
Some more he spent that dollar bill  
In his own neighborhood,  
Where it would do himself and friends  
The most amount of good.  
Four times in two years it came back,  
As some have position will,  
And each time he's paid over and speed  
This marked one dollar bill.  
Had he been wise that dollar might  
Be in town today,  
But just two years ago  
He sent it far away.  
The people who received it then  
I know have got it still,  
For 'twas to a small order man  
He sent his dollar bill,  
He never will that marked dollar  
Come into the farmer's hands,  
And somewhere will it help to pay  
The taxes on his lands.  
He puts it where it never can  
Be work of his hands;  
He brought about the living death  
Of that one dollar bill.

There are rumors of wet and dry  
election in Seminole county but only  
rumors, because those who would have  
it changed know that the majority of  
the people want no change, consequently  
there will be no open saloons in San-  
ford for some time to come.

I see by The Herald that a fellow by  
the name of C. B. Ucker was in the town  
last week getting up some kind of de-  
velopment game. That name struck  
me on the funny bone, so to speak and  
I couldn't help but think what would  
have happened if the printers had made  
a mistake like they sometimes do with  
my copy and had left out the period  
after some of the letters. Made it C.  
Sucker for instance. Sounds like George  
DeCottes' suit. If I had a name like  
that I would take it to the laundry and  
have it done over.

Politics promise some warm num-  
bers this fall and there will be many  
changes in the personnel of the mayor  
and city council, if all that Jack Davi-  
son and several others of the Gridiron  
Club tell me is true. It is almost cer-  
tain that a bunch of young and most  
progressive men will take the affairs of  
the city in hand and they say there will  
be nothing left of old party lines or poli-  
tics. That the proper slate will soon  
be made up, and it will be made up so  
fine that it will sweep the boards.  
Several of the young men at the A. C. L.  
shops are anxious to take a hand in shap-  
ing the municipal ship of state and will  
enter the lists with the big following of  
their employees behind them. In a  
few weeks I will get up some political  
dope that will keep the readers from  
going to sleep and may cause several  
disgruntled people from borrowing their  
neighbor's Herald for several weeks.

A wife must prepare her husband's  
dinner, but he is not justified in boxing  
her husband's ears if she fails to do it.  
Such is the syllabus of a recent decision  
of a learned court in New York.

It seems that a man went home from  
his work to get his dinner. On arriving  
at his residence he found neither wife  
nor food. Then he started out of the  
house and met his wife on the street,  
returning from a temperance meeting.  
The husband forthwith administered  
such punishment as, in his opinion, the  
gravity of the wife's offense warranted,  
and the wife had him arrested for as-  
sault and battery.

The case went to court, and the judge  
placed the husband under bonds to keep  
the peace. He also said to the wife:  
"You woman, go home, and temperance  
meeting or no temperance meeting, have  
your husband's dinner ready when he  
wants it."

It is interesting to compare the Sul-  
zer impeachment case in New York  
with the impeachment of a Florida gov-  
ernor away back in 1868. The present  
generation of Floridians were small  
children when this occurred.

On November 5, 1868, the Florida  
house of representatives impeached Gov-  
ernor Harrison Reed on charges of false-  
hood and lying on official matters, of  
incompetency, of unlawfully declaring  
vacant many seats in the legislature,  
of embezzlement from the state treasury  
and of corruption and bribery in his  
appointments.

This formidable series of charges was  
presented for trial to eight senators,  
there being so many vacancies that  
eight was a majority. The impeach-  
ment had automatically suspended Reed  
from office until the conclusion of the  
trial. Lieut. Gov. William H. Graham  
issued a proclamation announcing that  
he had taken possession of the office of  
governor, and the jury adjourned to the  
first of the following January. When  
the senate refused to take the same ad-  
journment Gleason adjourned it himself  
to the same day.

Governor Reed meanwhile refused to  
surrender his office and asked the state

supreme court to pass on the legality of  
the proceedings. The court upheld  
Reed's position and removed the lieuten-  
ant governor from office on the ground  
of inability. The United States sup-  
reme court then upset the removal of  
Gleason as lieutenant governor, and  
with the incoming of the newly-elected  
legislators on the first of January both  
houses with vacancies filled, recognized  
Governor Reed and the impeachment  
proceedings were at an end.

Who shall decide when doctors and  
physiologists disagree. At the Battle  
Creek, Mich., sanitarium, Dr. Kellogg  
insists that two meals in the twenty-four  
hours are enough, and that one should  
always retire at night on an empty stom-  
ach. But here comes Flynn, the cele-  
brated English physiologist who tells us  
that it is not while we work and worry  
over the affairs of life that we grow old.  
It is while we sleep.

Mr. Flynn leads up to this conclusion  
through his advocacy of the midnight  
dinner plan.

"No midday luncheon for brain work-  
ers," said Mr. Flynn. It impairs the  
mental powers and interrupts the train  
of thought.

Then Mr. Flynn proceeds to advocate  
a before-going-to bed meal. "It is nec-  
essary to repair the waste that goes on  
at night," he said. "The waste of a long  
night of fast is beyond calculation. The  
stomach should be well filled with nour-  
ishing food to counteract the loss. This  
is especially true of anemic persons."

Mr. Flynn points out the fact that  
most persons look pale and fagged when  
they rise in the morning. "I have heard  
dozens of friends say they look five years  
older on rising than returning, and it is  
true. If you would not grow old while  
you sleep, be sure you are well nourished  
before retiring. The body ages faster  
from hunger than from time."

I have lived in Sanford almost since  
the city started and I am free to say that  
never before has it seemed to me the  
place has such a glorious chance to make  
good. All it needs now is the united  
effort of the pushers to make this one of  
the finest and largest cities in the cen-  
tral south Florida. That bulkhead prop-  
osition should never be lost sight of and  
I hope the city council will stay on the  
job until it is finished. We talked about  
this bulkhead twenty years ago but it  
always ended in talk for no one had the  
nerve to take the initiative and then  
just about the time we did muster up  
the nerve the freeze came and we had  
other things to attract our attention  
besides bulkheading. But now the time  
is ripe and as soon as the bond issue  
is passed the council can take care of  
this bulkheading scheme very nicely.  
And by the way, this is the day to go to  
the polls and pass the issue. I have not  
heard much about the election for bonds  
and suppose every one is heartily in  
favor of it. It will certainly put San-  
ford on easy street and give the city  
council something to work with and they  
can round out the remainder of their  
term with some good work to their  
credit. I do not blame them for being  
so economical for they have certainly  
had their troubles. Of course we can  
all find fault with them and tell them  
exactly what they should have done  
but doing it with a depleted treasury is  
something else. Now that the bond  
issue is passed we can look for something  
good.

#### DRIED CANTALOUPE NOW

Discovery Will Turn to Profit Millions  
of Wasted Smaller Ones

Los Angeles, Aug. 18.—With the per-  
fection of experiments now going on  
California will give to the world another  
luscious dried fruit—the dried cantaloupe.  
They will turn into profit some of  
the millions of small cantaloupes left  
in the fields every year. Thomas D.  
McCall of El Centro, accidentally dis-  
covered the fine qualities of the dried  
article. McCall had dumped a great  
heap of cantaloupes to one side, several  
breaking open. These dried and threw  
out such a fine aroma that McCall was  
attracted and tasted them. They were  
excellent and now cantaloupe growers  
are drying all of their small melons.  
The dried variety is said to have a much  
finer flavor than the fresh fruit.

#### Cushing Is Married

E. T. Cushing of Oviedo, who for some  
time has held a lucrative position in the  
dry goods department of the G. W. Hyde  
Company, surprised his friends here by  
returning Friday evening from his vaca-  
tion accompanied by a charming bride.

Mr. Cushing went first to Blue Springs,  
Ala., where he attended a house party.  
Miss Jewell Dean, a very attractive  
young lady of Arlton, Ala., was a mem-  
ber of the party. The two have long  
been friends—year, their friendship had  
ripened into love, with the result that  
they journeyed to Valdosta, where on  
Thursday afternoon at 1 o'clock they  
were united in marriage in the First  
Methodist church.

A telegram was received here an-  
nouncing the event, and friends, half  
believing, half doubting, met the train to  
see for themselves, and the young  
couple were showered with good wishes.

Mr. and Mrs. Cushing have apart-  
ments at the residence of Dr. and Mrs.  
T. F. Thomas, West Main and Church  
streets.—Gainesville Sun.

### HUMAN NATURE

#### Being A Treatise On The Fol- lies And Foibles Of Man- kind In Sanford

By R. J. HOLLY

Have you ever noticed how many  
suggestions the average man can offer  
on something that you are doing?

J. L. Miller is having a new brick  
building constructed next to The Herald  
office and the front will be of buff brick  
with mica fillings. About six different  
people in passing by had sixteen differ-  
ent suggestions to offer about the color  
of mortar to be used on the brick. One  
thought it should be black, another  
blue, another green, another yellow and  
so on when Mr. Miller was in doubt.  
Contractor Shinhobler settled the ques-  
tion by making it white and what prom-  
ised to be an international war has been  
settled without bloodshed.

This building business is chock full of  
suggestions. When we built our beau-  
tiful and stately "bungalow" with ac-  
cent on the loo on Sanford Heights my  
wife, who is a very trusting soul tried  
to absorb all the advice that her friends  
offered and for a time it seemed to me  
that I was the only person in town that  
was not being consulted about the build-  
ing. Had a list of those suggestions  
been compiled and printed the work  
would have been worth considerable to  
the many people who intend to build  
and are ignorant of conditions until  
put wise by their well meaning friends.  
If these same suggestions could have  
been put in force the carpenters would  
have been working out there yet and  
like the temple of ancient history it  
would have been fearfully and wonder-  
fully constructed.

There is a wonderful fascination about  
all new houses and no house has ever  
been made as yet to conform to the varied  
ideas of the general public. Every-  
body wants to go through a new house  
and change it all around. The rooms  
are always too large or too small and  
never does the builder get them placed  
in the proper position.

The contractor has my sympathy. I  
believe he comes nearer being in my  
class than any other man on earth.

The aldermen certainly hate them-  
selves in the matter of improvements,  
and in a little jaunt over the city I note  
that there are some mighty fine streets  
being graded and leveled in and near  
and around the residences of the pres-  
ent city council. They even go into  
the country lanes and grade and make  
roads if they can find one of their num-  
ber that will be benefited thereby.  
Now Sanford Heights is one of the finest  
residence sections in the state of Florida  
and yet it languishes for improvements  
because we have no representation in  
the city council. It almost makes me  
foolish enough to become a candidate  
for the position myself and to hold it  
long enough to get a road and sidewalks  
to the Heights. Understand me, I do  
not blame the aldermen for looking out  
for themselves for this is human nature,  
but in looking out for their own prop-  
erty they ought to make a mistake now  
and then and incidentally try and do  
something for other people's property.  
The aldermen would like to get rid of  
Sanford Heights, for they consider the  
people out there as recalcitrant children,  
but like the darkey they "did not come  
here and they ain't gone away" and  
after the city of Sanford dragged them  
into the city limits by the scruff of the  
neck it will be little enough for the city  
of Sanford to take proper care of them  
and all the other suburbanites. Alder-  
man Hand informs me that the road to  
Sanford Heights will be repaired this  
week and if it is all the inhabitants will  
have heart disease.

#### THE TALKING PICTURES

Creating Considerable Comment Among  
the People of Sanford

Capacity business has been getting  
the presentation of Edison's Kinetophone  
more commonly called "The Talking  
Pictures," which will be demonstrated  
at the Imperial Theatre.

The Kinetophone program will be as  
varied as possible, so as to include illus-  
trated monologue, solo work, both vocal  
and instrumental; choruses, comedy,  
Shakespearean renditions and other  
specialties, but this is only the begin-  
ning. The important events of our na-  
tional development and the signal lights  
whose genius has brought us into the  
higher planes of mental, spiritual and  
worldly prosperity will be recorded imper-  
ishably for coming generations.

It might not be amiss to devote a  
little space in a partial explanation of  
Edison's greatest paradox. People have  
wondered what could bring about the  
amazing synchronism of sound and mo-  
tion. To satisfy this curiosity let it be  
said that like all great inventions the  
principle is a simple one, but the medical  
problems are very great. To keep the  
motion picture machine (in the balcony,  
across the auditorium) in perfect unison  
with the colossal phonograph on the  
stage a system of silken belts are em-  
ployed in a double series, propelled by  
electrical power and passing through a  
synchronizer, which gives absolutely  
companionance between sound as produced

a hundred or more feet away. The pic-  
ture operator and the man at the phono-  
graph are connected by independent  
telephone, and the picture sheet is  
transparent, so that the phonograph  
operator may watch the picture through  
the curtain during the entire perfor-  
mance and keep the synchronizer in  
feet tune, so that there is a perfect  
union between sound and motion. The  
result is so extraordinarily realistic that  
many people are of the opinion that they  
are living people behind the picture,  
suits every gesture with the spoken  
word or musical note.

For the night performance every seat  
will be reserved and the tickets are now  
on sale at Maxwell's store. The low  
price matinee will, no doubt, attract a  
large crowd of ladies and children.

#### Notice

Teachers' Examination in and for  
Seminole county will be held at San-  
ford, Tuesday, Sept. 2nd.

For white teachers, in the High School,  
and for colored teachers in Hoppers'  
Academy.

An examination fee of one dollar each  
will be required.

D. L. THRASHER,

102-6tc Supt.

#### To My Friends

Some one of you borrowed my farm  
level. Please return it as I need it now.

102-tfc J. N. WHITNER.

#### NO. 666

This is a prescription prepared especially  
for MALARIA or CHILLS AND  
FEVER. Five or six doses will break  
any case, and if taken then as a tonic  
the fever will not return. It acts on  
the liver better than Calomel and does  
not gripe or sicken. 25c.

### Don't Have Roaches In Your Home

They crawl through sewers and drains and  
then over dishes and eatables and scatter  
disease germs and a filthy poisonous odor.  
Don't use a paste for killing roaches for  
roaches travel through it trail it about your  
home on their wings and legs, and the least  
speck of phosphorus paste will kill a per-  
son. Many persons die in this way and  
never know what killed them.  
You do know that if a chicken eats an in-  
sect that has been killed with a paste, it is a  
dead chicken, and if a dog eats the chicken  
it is a dead dog, and if a buzzard eats the  
dog it is a dead buzzard.

#### Ashe's Roach Pepper

Contains no poison and has no odor, and  
one application will rid any home of all  
roaches, ants, bedbugs and other insects.

SANFORD, FLORIDA

### Why is the soda cracker today such a universal food?

People ate soda crackers in the  
old days, it is true—but they  
bought them from a barrel or  
box and took them home in a  
paper bag, their crispness and  
flavor all gone.

Uneda Biscuit—soda crackers  
better than any ever made before  
—made in the greatest bakeries  
in the world—baked to perfection  
—packed to perfection—kept to  
perfection until you take them,  
oven-fresh and crisp, from their  
protecting package. Five cents.

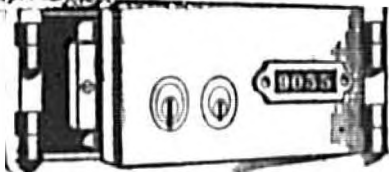

NATIONAL BISCUIT COMPANY

A fire-proof Safe in your home is not  
necessarily burglar-proof—and a safe  
that is both fire and burglar-proof is a  
very expensive and cumbersome thing

It is also an invitation to thieves that you have valuables  
in your house that are worth trying for.

Put that which you can't replace in one of our Safe  
Deposit Boxes. Our steel vaults will protect you from  
fire and Yale Locks not only keep out burglars but give  
you absolute privacy.
