

QUICK DIVORCE BILL IS SLATED FOR ARKANSAS

Measure Is Passed By
Legislature And Is
Sent To Governor
For His Signature

LETTER HOME Ark. Feb.
20.—A quick divorce bill sent to Gov. Harvey
Parnell yesterday for signature would make Arkansas another model for marital maladjustment, securing speedy solution to their domestic ills.

Passage of the bill by the Senate 20 to 12 yesterday after a lengthy consideration of it by its foes in a majority to the morals of the state brought it to the desk of the chief executive. The House previously passed the bill.

Under the bill, which was opposed by several ministerial alliances in the state, non-residents might institute divorce proceedings after a residence of 60 days in Arkansas, and receive a final decree 30 days thereafter.

Legal causes for divorce now recognized by the state would not be changed. They are infidelity, desertion, cruel and inhuman treatment, impotency, indigencies.

MAINEVILLE, Tenn., Feb. 21.—(AP)—In a formal statement yesterday, Col. Luke Lee, for years a dominant political figure in Tennessee, issued flat denial of the allegations made before the legislative investigating committee by W. S. Chappell, former cashier of the closed Liberty Bank and Trust company of Nashville, that he had used his influence to obtain state deposits for use as leverage to him and that he had practiced "check kiting."

"While my account at the Liberty Bank and Trust company was very active and the amounts handled through it totaled large figures, every cash item deposited was paid in full," Colonel Lee said. "Interest and exchange on the same were always charged and paid when properly chargeable. No loan nor accommodation was ever granted to me on account of any deposit of public funds."

Chappell testified that when he objected to "check kiting" by Colonel Lee and R. E. Donnell, former president of the bank, who committed suicide last fall, he was demoted from cashier to "crasher in name only."

The animosity of Mr. Chappell's testimony before the state probe committee was much without any foundation in fact, as his hearing testimony stands against me," Colonel Lee's statement said.

Is Killed By Them**

WARSAW, Poland, Feb. 21.—(AP)—"A small truth is that the remote village of Zagajnik has proved stranger than the fiction which was laughed away as preposterous when Henryk Konstwowski, Polish dramatist, wrote it as a play."

Andrew Cygan, so the real life drama goes, came home to that little town after 18 years of hard work and thrifty living in America. Late one night, according to the story, the villagers tell, he knocked at the door of the cottage where his aged parents lived.

His mother let him in but the only light in the single room came from a fire on the hearth. It was too faint for the old eyes of his parents to recognize their son. He decided to pose as a stranger.

Later into the night he went with a few fellow-villagers to call on them and told them of his return from the new world, showing them his bundle with money.

A look of grim understanding passed between the old man and his wife and Louis Cygan, a distant son, brought it down on the stranger's skull. Then they passed at the identification papers in the dead man's wallet.

The next morning neighbors found them moaning over the body of their son. The mother was sick.

On Conspiracy Charge**

ASHEVILLE, Feb. 21.—(AP)—A Buncombe county grand jury today indicted six former county and city officials and three bankers on charges of conspiracy to use public funds for the benefit of private institutions. Four other bankers also were indicted for violation of state banking laws.

Among those indicted were three former members of the board of county commissioners and three former members of the board of city commissioners.

The charges grew out of the closing last November of a number of banks in Western North Carolina, notably the Central Bank and Trust Company and the American-National Bank of Asheville.

Several million dollars and county funds were deposited in the Central Bank and Trust Company at \$300,000.00, today sought receiver for the corporation in federal court here. **Limited Use Of
Wire-Tapping Is
Given Sanction**

(Continued from Page One)

In his new order, the attorney general told an assistant, G. Aaron Youngquist, that "the present condition in the department cannot continue." He instructed that "wire tapping be permitted only in 'special cases,' after it had been approved by the head of the bureau involved and the assistant attorney general in charge."

"I was not prepared to do that now," he told the committee. Prohibition Director Woodcock subsequently approved the new regulation.

"Has wire tapping in any particular case been approved by the prohibition bureau since the order?" Representative Montet, (D. La.), asked.

Representative Schaefer, (R. Wis.) an anti-prohibitionist, was author of the committee resolution which brought the investigation. When Mitchell finished his testimony, Schaefer said he wanted to "congratulate the attorney general on his order of Jan. 19."

Mitchell made clear his opinion that "wire tapping as a general practice ought not to be permitted."

He said that since law violators were using every means possible to avoid detection, the law enforcement forces should not be handicapped by flat regulations.

Schaefer frequently had criticized the prohibition bureau for tapping wires in states where laws prohibiting the practice. "Insofar as I have been able to ascertain," Mitchell asserted, "No state statute ever has been held to apply to a federal agent. I believe wire tapping is quite generally used by police agencies throughout the country. If you are going to go into the details of wire tapping you will have to study other things such as wiretapping."

Woodcock failed to call my agents in the famous "wire tapping." He said there were a number of cases where the bureau who "suspected" someone of committing an offense, or of aiding that of the thousands of cases prosecuted by the bureau in the last year evidence in cases 40 or 50 was obtained by wiretapping wires.

He concluded with the assertion that "we are not going to enforce this law because it is not effective."

The hearing adjourned yesterday.

**Teams With Golden In
Charity Go Against
Sarazen And Smith**

ATLANTA, Feb. 20.—(AP)—Sweet charity won the decision here Wednesday as Bobby Jones came out of retirement to pair with John Golden and play Gene Sarazen and Marion Smith to an 18-hole deadlock in a four-ball match.

In his first public exhibition since his parting from competitive golf last November, Jones joined Golden, the Connecticut cash player, against the New York professional team, Smith and Sarazen, for the benefit of relief work as sponsored by the Atlanta junior league.

It was a typical tournament scene here yesterday of some 8000 of Bob's home folks came out to see him play around with his friends of the money ranks on the famous No. 1 course at East Lake.

Although Bobby sank a difficult 15-foot putt for a birdie three on the 18th, which sent his side into the lead until the final hole, it was the plump, good-natured Golden who drew most of the plaudits.

Jones visited the traps on several occasions, picked up twice, and missed enough putts to win a tournament, while Golden executed great approaches and halved trick-or-curtain shots to the Goldie-Jones team on level.

Golden finished the round with a card showing 85-71 for 72, one over par, which tied him with Sarazen for low medal score. Jones had a pair of 80s. Jones followed with 74-70 and 72, while Smith trailed with 88-71-78.

Hansen, the last man to beat Jones in a competitive golf—won the title in the Savannah Open last year—joined the Atlanta charity combination in the second hole of the 18th, and he remained his partner for the next two holes, par three, and then were taking turns.

The final hole was a 100-yard

**Woman Censor Of
Carroll Show Has
Tilt With Lawyers**

CHICAGO, Feb. 20.—(AP)—A lady censor who viewed Earl Carroll's "Sketch Book" three times held the starring spot yesterday as the courtroom run of 25 chapters and four principals swept to a second S. R. O. day.

She carried on a brisk dialogue with attorneys, defending the musical comedy from charges of "indecent" and "obscenity."

It was her contention that there were not enough "blackouts" interspersed with the hoop-hoops-dooping of the cast. A "blackout" is a scene which ends suddenly in darkness. So far as she is concerned, the whole show should be that way.

The witness was Miss Effie Sigler. And she admitted under questioning that she once had cherished ambitions to be a trouper.

Bits of dialogue with defense attorneys included:

"I saw the show sitting about 200 feet from the stage."

To which the attorneys chorused:

"That would be across the street and in the Cook county building."

"There was another scene that was suggestive. The girls danced behind a sheer screen."

"Well," said attorneys, "that isn't it?"

"Under some circumstances," she retorted, "it would be, and not indecent, but this is different."

Jones visited the traps on several occasions, picked up twice, and missed enough putts to win a tournament, while Golden executed great approaches and halved trick-or-curtain shots to the Goldie-Jones team on level.

Golden finished the round with a card showing 85-71 for 72, one over par, which tied him with Sarazen for low medal score. Jones had a pair of 80s. Jones followed with 74-70 and 72, while Smith trailed with 88-71-78.

WASHINGTON, Feb. 20.—(AP)

A restraining order temporarily enjoining Edward B. McLean, millionaire publisher and sportsman, from prosecuting a divorce action in a Mexican court was issued yesterday in the District of Columbia supreme court.

Only a month ago the court ordered McLean to pay his wife, Evelyn Walsh McLean, \$7500 a month for the separate maintenance of herself and their three children. In addition to the \$7500 monthly, the court ordered

McLean to pay his wife \$10,000 a month for the support of their three children.

It was claimed by attorneys for Mrs. McLean, that since her husband had signed the previous divorce of the court, he placed himself in its jurisdiction.

He will be given 10 days to show why he should not be restrained from proceeding with his Mexican action.

In the suit filed against the publisher last November, Mrs. McLean told the court her husband "has had an income ranging as high as \$100,000 a year, but refused to maintain her and their three children. In addition to the \$7500 monthly, the court ordered

450,000 Men To Be Working Soon Upon U.S. Public Projects

WASHINGTON, Feb. 21—(AP)—President Hoover said yesterday 450,000 persons would be working on government construction projects within the next 18 days.

The figure was compared by the president with 150,000 persons who were employed on construction work prior to the depression.

In addition to the work now under contract, President Hoover said that in most of the current appropriation bills before Congress there is a clause making any construction appropriation immediately available.

"This will make available," he said, "approximately \$500,000,000 more, in case it is needed."

Florida's first constitutional convention was held in the old city of St. Joe, which disappeared many years ago.
