## County Democrats Organize Club At Rousing Rally Here

Ware Heads New Club With Judge Sharon And Nix Assistants; Wright, Landis Talk

Speakers Appeal For United Party

G. O. P. Corruption Is Flayed While Demagogued Is Eulogized

Amid frequent outbursts of stormy applause, Democracy and its first gun last night in the inauguration of a campaign to keep Seminole County within the party fold. Organizing for the purpose of conducting an intensive drive, between 250 and 300 persons, gathered in the City Hall, formed a permanent county club and elected officers.

Upon recommendation of a nominating committee composed of J. E. Hirt, D. J. Garrett and John Humberly, the following officers were unanimously chosen: Chairman, R. W. Ware; Vice Chairman, Judge James G. Sharon; Secretary, J. Nix; Treasurer, S. J. Nix. R. W. Hirt, president, and Mr. Hirt took charge of the meeting.

With the formality of organizing concluded, the hosts of Democracy settled down to hear two prominent speakers, Cary D. Landis of Deland and Judge Wallace W. Wright of Sanford, sound the clarion call to rally around the party standard. Each was enthusiastically received, being interrupted time after time as the small crowd voiced its approval with hand-clapping, foot-stamping and lusty cheers.

Addressing the assembly in the speaker's message, there were no denunciations of bolters. Instead, there were stirring appeals for a stand by "our fathers' party," and a plea to stick by "the party of the masses" and repudiate the "party of the classes." No resentment was expressed of opposition to the party, but the speaker stressed the need for more earnest reflection upon the merits, honesty, or integrity of those who have been elected to carry their lot with the Republican nomination. There were genuine expressions of regret, honest efforts to discuss the problems fairly, and fervent hopes that the party might return before election day.

Young Democrats To Form County Club

A young men's Democratic Club will be organized here next Monday night at a meeting to be held in the City Hall, according to an announcement today by R. J. Holly, who has been appointed acting chairman by Murray Shames of Deland, district chairman of the movement. In his call for the meeting, Mr. Holly said that every man between the ages of 21 and 35 should be present for the meeting.

Police Raids Over Week-End Net 40 Cases For Trial In Municipal Court

Forty cases, constituting one of the heaviest drabs in several months, were disposed of in Municipal Court today. The cases were brought by the police, who had been on a week-end raid, and were mostly cases of carrying concealed weapons, possession of a dangerous weapon, and possession of a firearm.

## POPULATION IN U.S. CONTINUES TO SEEK CITIES

Census Bureau Issues Estimates Which Indicate Trend Toward Concentration

Miami Has Lead In Florida Group

New York Remains As Leader And Reveals Continued Increase

WASHINGTON, Oct. 2. (INS)—Continued greater concentration of the people of the United States in urban communities was disclosed today by the Census Bureau's estimate of the population of cities on July 1. The total population of the United States on July 1 was estimated at 118,601,000.

Estimates were made public for cities which in 1925 had more than 25,000 population. In 1927, where exceptional circumstances prevented an accurate estimate, the last federal state census showed a decrease in population, no figures were issued.

Philadelphia, 2,084,200, a gain of 240,441 in eight years. Detroit, 1,378,900, a gain of 130,856 in three years. Cleveland, 1,010,300, a gain of 213,459 in eight years. St. Louis, 848,100, a gain of 175,203 in eight years. Baltimore, 830,400, a gain of 96,574 in eight years. Boston, 709,200, a gain of 19,580 in three years. Pittsburgh, 677,800, a gain of 79,223 in eight years.

Populations of other cities were estimated. Alabama: Birmingham 222,400; Mobile 69,000; Montgomery 63,100. Florida: Jacksonville 140,700; Miami 135,700; Pensacola 52,000; Tampa 113,400. Georgia: Atlanta 235,100; Augusta 54,700; Columbus 46,000; Macon 61,200; Savannah 99,900. Virginia: Lynchburg 38,000; Newport News 53,300; Norfolk 144,200; Petersburg 37,000; Portsmouth 61,000; Richmond 194,100; Roanoke 64,800. West Virginia: Charleston 55,200; Huntington 68,600; Wheeling (no estimate).

City Commission Authorizes Census Be Taken At Once

Declaring that no accurate figures are available today as to the correct population of Sanford, the City Commission yesterday authorized a city-wide census under the supervision of Edward F. Lane, who expects to complete the work within 45 days.

Palatka Negro Taken To Raft For Crime

PALATKA, Fla., Oct. 2. (INS)—George Davis, a negro, was taken to a raft in state prison on San by county authorities today to wait execution for murder of a young girl, George, Greek mother, of this city.

## Reigh Count, Derby Pride, Is Saved From Fire Which Destroys Hertz Stables

Horse Flesh Valued At Many Thousands Of Dollars Lost In Flames Which Sweep Barns Of Yellow Cab President

WASHINGTON, Oct. 2. (INS)—A fire which started a few minutes before the fire was discovered and reported everything in order Extra precautions had been ordered, according to superintendent Arthur Naylor, because of the attacks on the Yellow Cab garage in Chicago.

Three minutes after the watchman made his report, Mr. Naylor said, he and his 10-year-old daughter heard an explosion and the child cried "Reigh Count's stable is on fire."

They raced toward the barn Naylor said flames were spouting from both sides of the frame. Reigh Count Kentucky Derby winner and rated as the year's champion of the American turf, was heroically saved by a stable boy, Reigh Count's stable mate, Anita Peabody, widow of the Belmont Futurity of 1927, was also saved.

The horses burned to death included Leonard, Santa Paul, Insulla, Black Servant, a filly by Sir Gallahad, St. Lucy, (filly from Mrs. Luena), Protection, and Vanish.

Leona and was being groomed for next year's Kentucky Derby. A watchman had inspected the

## RESTORATION OF CHARGE OF GRAFT KINGS IN EUROPE INVOLVES POLICE IS BEING TALKED OF PHILADELPHIA

Monarchists Of Many Nations Have Fresh Hopes Of Returning

BERLIN, Oct. 2. (INS)—The king-business is picking up. Encouraged by the success of the ruler of Albania in forcing his name from plain to king, the monarchists of many nations are realizing fresh hopes.

In Germany, Austria, Hungary, Poland, Turkey and even South Africa the royalist movements have received new impetus from the coronation at Tirana. Even in Italy which already has a king, a royalist is reported to be busy in the summer of 1928's big brother, King Mussolini.

Zogu's success has been spread far and wide by an efficient and active press bureau, which was one of the first things he acquired. And Democracy, already dealt a body blow by the numerous disturbances, either Fascist or pro-Fascist, which have sprung up all over Europe, seems to be doing for another walk.

In Germany there is being formed another "Kaiser Party." It's aim is the promotion of monarchist sentiment and the preparation of a monarchist restoration. This party is the reaction of an illegal conflict among the Nationalists precipitated by Nationalist Deputy Lambach, who asserted that for the modern German youth kings and queens had become "stage and movie affairs."

The active leader of the new "Kaiser Party" is Alfred Hugenberg, noted German politician, of (Continued on page 4)

## WORK SCORNS USING RELIGION AGAINST SMITH

Rebukes Street Forlissuing Pamphlet In Which Church Issue Is Again Emphasized

Recites Campaign Policies Of Party

States Personal Questions Are Ill-Suited To Political Debate

WASHINGTON, Oct. 2. (INS)—The Republican National Committee took another session today to prevent the religious issue being raised by party workers against Gov. A. Smith.

When his attention was called to a circular dealing with the Smith's religion which were distributed by Oliver D. Street, Alabama national committeeman, Work sent the following telegram to Street:

"A circular has reached me purporting to have been written by you on the subject, Gov. Smith's membership in the Roman Catholic Church, and its proper place as an issue in the campaign."

"I regret exceedingly that any of our party officials should be permitted to have written such a pamphlet. It is a personal and private matter and should not be brought into a national campaign. It is a personal matter and should not be brought into a national campaign."

The campaign policy we propose to follow will be constructive and informative only. The promptness of the committee and personal liberty within the law are not proper subjects for political debate. I am sure you will observe suggestions in future."

Work rather reluctantly made the telegram public. He did not do so until denied receiving such a communication.

Earlier, both Herbert Hoover, the Republican nominee, and Work had been rebuked for appearing on the stamped signature of Mrs. Willis Walker Caldwell, national committeewoman from Virginia. It urged the women to save the country from being "dominated and run by men."

The Caldwell incident is not considered closed by the national committee.

BIRMINGHAM, Ala., Oct. 2. (INS)—The smoke of controversy between Hubert Work, Republican campaign chairman, and Oliver D. Street, head of the G. O. P. in Alabama, had not cleared away today, and observers were awaiting the next development in the dispute over the propriety of injecting religion into politics.

Street announced he was prepared to resign his position as national committeeman, and he was attacking the Catholic religion and its effect in the present campaign in Alabama. Whether he will do this in the light of vigorous protest from Chairman Work remains to be seen.

Street, who was one of the original founders of the Ku Klux Klan in Alabama, denied that he had received Work's telegram, and refused to make a statement after the G. O. P. chairman made the message public in Washington.

Howey Will Speak To Voters Here Tonight

Speaking here for the second time within a period of four weeks, W. J. Howey, Republican candidate for governor, will address citizens of Sanford and Seminole County, tonight at 8 o'clock at First Street, on Park Avenue.

At tonight's meeting the G. O. P. nominee proposes to go fully into the discussion of his platform, and what he proposes to do if elected governor, in special invitation to the public to hear Mr. Howey has been extended by U. G. Smith, state central committeeman who is in charge of the meeting.

RED CROSS SIGNS CHECK

WEST PALM BEACH, Fla., Oct. 2. (INS)—Speedy termination of a rehabilitation work for at least part of the storm sufferers was seen today as the Red Cross signed a contract for the purchase of the money to be used in getting them back to Alton.

"No, I shall not fight extradition," he said. "My attorney has advised me that such a course would be futile. Anyhow, I want to get back and help my wife."

Carnes declined to discuss his affairs

WINNIPIC, Minn., Oct. 2. (INS)—Refusing to discuss details of his speculation and flight to Canada until after he has conferred with his attorneys, Clinton B. Carnes, abandoned treasurer of the Southern Baptist Mission Board of Atlanta, Ga., today passed his cell, begging for speed in getting him back to Alton.

## Convention Elects Roosevelt To Lead Governorship Race

ROCHESTER, N. Y., Oct. 2. (INS)—Franklin D. Roosevelt was unanimously nominated for the governorship of New York by the Democratic state convention here today.

Roosevelt's name was the only one to go before the convention, and there was not one dissenting voice.

After Mayor Jimmy Walker of New York, had placed Roosevelt's name before the convention, after George R. Linn of Schenectady, himself an aspirant, had seconded it, chairman Oliver Kahn of Buffalo, remarked:

"There being no other names in nomination, all those in favor of the nomination of Franklin D. Roosevelt will say aye." A great roar of ayes rolled up to him. There wasn't even a red call of the counties. It was by acclamation. Smith wanted Roosevelt named, and that was enough for the delegates.

Governor Al Smith was a confident as well as a happy warrior today. He was happy because he has accomplished what he came to Rochester to achieve—the nomination of Franklin D. Roosevelt for the governorship of New York. He was confident because he believes with other Democratic leaders of the state, that Roosevelt is by thousands of voters stronger than any other candidate the Democrats could have named this year. And a strong candidate at the head of the New York state ticket has been next to Governor Smith's heart ever since he was nominated at Houston.

As one of the state leaders put it upon emerging from a hotel room conference early this morning: "Frank Roosevelt is 200,000 voters stronger in New York than any other Democrat Al Smith himself."

Roosevelt's name will be presented to the convention for nomination today. It was Roosevelt who dubbed Al Smith the happy warrior. It was at the Houston Convention. Twice before that, at San Francisco, in 1920, and at Madison Square Garden, in 1924, it was Roosevelt who placed Al Smith's name in nomination for the presidency.

Governor Smith stopped off at Rochester returning from his Western tour determined to make Roosevelt his successor. He did not have to sell the proposition to other leaders of the state.

"They were all for it. The job was harder than that, he had to sell to Roosevelt himself. Especially crippled as he is, Roosevelt has consistently pleased against being named. Only yesterday he telegraphed Governor Smith that he (Continued on page 4)

Player Board Is Put In Place For Series

With the player-board installed upon a specially built platform in front of the office, final preparations were being completed today by the World Series returns over a special view of the International News Service.

Two games will be furnished to local fans by play and will be announced by megaphone and at the same time played, or the player board, members of the Campbell-Lessing post, American Legion, have tendered their services in manning the board and announcing the results.

Attention to all baseball enthusiasts to be its guests for the World's Series. There will be no collection.

County Board Orders Preparation Of Tax Roll For Old Drainage District

Following the appearance of a representative of the Upper St. Johns River Drainage District, the County Commissioners, meeting in regular session, yesterday, authorized Tax Assessor Alex Vought to permit the preparation of a tax roll for the district. The roll is to be submitted soon to the Board in an effort to have the taxes included in the assessment for the coming year.

The proposed canal linking the St. Johns River with the Indian River was voted down last year, but it was pointed out that certain expenses had been incurred in the preliminary arrangements. These costs, it was stated, would have to be borne by the money of the drainage district.

The Board was authorized to start drainage work at Oakley, along Piney Drive, near the intersection of the West Side and at Grassy Lake. Following the appearance of a representative of the

authorized Commissioners John county engineer to confer with Melch and Boston Steele and the farmers in the affected section with a view to ascertaining their needs of the project.

A counterproductive arrangement caused the Board to pass a resolution requesting Sheriff C. M. Hand to depose any constable and superintendents with authority to arrest citizens thereon.

### WEAK MATERIAL FOR END POSITION WORRIES COACH

#### Mentor Is Pleased As Backs Display Good Form In Scrimmage

By PETER SCHAAL

With practically the entire team from Orlando Saturday afternoon when they were studying the play of Orlando, Coach Whelchel, both teams on the local schedule. Coach Whelchel lost a valuable day's workout, and was able to give a new play to only 12 of the men who went through a short but snappy session.

But out of the mud of Friday's practice scrimmage, held during the height of the sudden shower, Coach Whelchel showed some little concern at the lack of suitable reserve material for the important position of end, and the evident slowness of Edenfield and Echols, his first string ends, to grasp some of the fundamentals.

Practice opened Friday as usual with the returning of punts and was carried on a little longer than usual. The punting of Peters and Spencer improves daily, and there seems to be doubt that it displaces some of the best punting in the state. The first part of the work seemed to lag. However, the coach sensed the stalling and prodded the boys on just as the first few drops of rain fell.

This was more of an offensive scrimmage, with one team keeping the ball throughout the entire time. It was enlightening, bringing out some new weak spots as well as satisfying the coach as to the ground gaining ability of some of his backs and the terrific charging of three or four of the linemen. Every play in the scrimmage was during the day, and though the line was changed several times, and several teams back were showed in, in a majority of cases the plays worked. The heavy rain added quite a handicap, though it gave good practice in the handling of a wet ball. Among the backs, Partin, Hunter, Peters and Smith performed brilliantly, with Spencer, Whelan and Marshall contributing noteworthy jobs at the line. And on the line, the performance of Bob Hays stood out like a sore thumb. It is truly tearing holes in the opposition, and though inexperienced, and with a tendency to be off-balance, a few games should remove these faults and he should be the main cog in the line play. Partin is fighting his hardest to make the variety line and from all indications he is going to be successful. He never just went to the line on each play, does it, and gets away to help furnish interference. Only one weak spot in his makeup and that is his tendency to get away from the ball almost called, instead of waiting for the snap signal. A matter of a few inches more and he would be in the pink of condition. Coach Whelchel has had Hays play a tackle position, and in the three corners of the field, Hays and Hays are all that is needed to the ends.

Edenfield has been greatly improved through his scrimmages, and it is hoped that he will be able to play a better game than he did in the previous week.

### THE UNCHECKED CZECH!

KAREL KOZELUH, OF CZECHOSLOVAKIA, GENERALLY ACKNOWLEDGED GREATEST LIVING TENNIS PLAYER, NOW ON TOUR IN AMERICA.

"I PLAY 'HUNTER' IN BERLIN— HE WAS SO EASY— LIKE AN LAY WIZARD MOUSE!"

When he was an inexperienced man will be of considerable help to him this year and he no doubt will be a regular. Out of the rest of the slim stock of ends, Echols shows the most possibilities and though he is slow in grasping his part of the play, his speed, his aggressiveness and his courage are real aids in his fight for the position. He has been used at end throughout the week, and is coming around in fine shape, with a possibility that he will be paired with Edenfield. However, they are both lightweights and in the event of injury, reserve material is sadly lacking. The mentor has been experimenting with Herndon and Stanley, but his efforts are not successful as both these men are failing to grasp even the simplest details of some of the plays. However, the final week may bring them out, which will bring the team into line as being amply supplied with reserves of all kinds.

George Steinoff remains out of uniform, nursing an injured ankle. He is expected to be a lower of strength this year, and the coach is taking no chances. Captain Edenfield received an ugly lip wound in the scrimmage Friday and will probably be out till Monday.

A noticeable improvement in the speed of the entire team was shown as the practice squad sprinting 20 yards or more several times.

**PARIS AUTO MORN**

Busy, noisy Parisiennes are pleased over the four-hour rest period for auto horns. Since it was put into effect, the order of Police that no motor horns be sounded between 1 a. m. and 5 a. m. has had effective and has grown in popularity.

### Cards Will Have Edge On Yankees In The Matter Of Defense When They Meet

St. Louis Outfit Has Excellent Array Of Pitchers With Which To Counteract Slugging Of Huggins' Players

By Dave J. Walsh  
International News Service  
Sports Editor

NEW YORK, Oct. 1.—(INS)—De-banking neatly and quickly done while you wait will be the slogan today as the writer sets out to attempt a comparison of the two World Series entries, the Yankees and Cardinals, with as little of the customary bunk and the rather stringent by-laws of the serious thinkers' association will permit. There will be no man to man comparisons, for when these aren't actually futile, they are at least fancy. What difference is there that one man may happen to be better than his rival in the position they fill? Baseball isn't decided on that basis. It is a team game, if ever there was one.

There will be no special departmental comparison, either, although there may have their place in the way from essential fundamentals, however. What is baseball? Yes, yes, Doubleday. A game? I was afraid I wouldn't catch you on that one.

Baseball, like any other contest known to man, is made up of two cardinal departments of play. They are attack and defense and, banking the non-essentials as we go we will proceed along these lines forthwith.

The Cardinals are far the better defense ball club as the matter rests this morning.

Pitching is defense, for the most part; so the Cards are away to a running start, with Penneck not likely to appear in any of the games and the Yankee staff consisting largely of Waite Hoyt and—yes, Waite Hoyt. The Cardinals can match him with any one of several men, Alexander, Sherdal and Haines and have at least two pitchers equally good to counter with the following day.

A local "handicapper" has said that it isn't in the book for Alexander to repeat his successes of the 1928 series against the Yankees. Perhaps not. But neither is it likely that the Yankees will repeat what they did to Sherdal, who didn't win a game, yet should have won two. Sherdal looks ready for the iron man act in this respect, possibly pitching as many as three games. He ought to win two of them.

Alex still is one of the greatest single game pitchers of the past-time and could come back for another, if necessary. Perhaps it won't be necessary. Perhaps he should call at least three well pitched ball games out of Sherdal and Haines and this is required by the matter from a most conservative view-

### RED CROSS PLANS STOCKS RECURVE TO OFFER TENTS AFTER REACHING IN STORM AREA GREATER LEVELS

#### Effort To Be Made To Help Farmers Begin Repanting Quickly

WASHINGTON, Oct. 1.—(INS)—In order to enable Florida farmers to plant crops as quickly as possible because of possible frost in the near future, the American Red Cross is planning to provide truck farmers who live in the Everglades section with tents so that they may occupy their farms as quickly as possible and begin rebuilding their homes and planting their lands, it was announced today.

Reporting to national headquarters here A. L. Schaefer, director of Red Cross relief work in Florida, reported that agricultural experts were of the opinion that money crops can be put on the market in 60 days from planting which will assure the farmers some income.

W. C. Warburton, director of extension work of the Federal Dept. of Agriculture, acting as liaison officer of the Red Cross, Wilmon Newell, director of the extension bureau of the University of Florida, and W. W. Hester, Palm Beach County agricultural agent together with Schaefer are in the disaster area today making a study of the needs in making a study of the rehabilitation problems of the farmers.

"The needs of the non-agricultural group affected by the hurricane together with the farming group, emphasizes the major problem of the disaster and the fact that the Red Cross will require a relief fund full of over-throwing of those who suffered also to be cared for properly in the Florida area, in the Virgin Islands and in Porto Rico, a statement issued by the Red Cross said today.

Failure of the market as a whole to move out of its "panic" early four weeks, with a 4,000,000 share turnover almost daily, is accepted as further evidence of the theory that big traders are manipulating their work to the public's activity, out-fictively. Every distributive market is strong in propaganda and bullismo, and the present period is no exception to the rule.

### NEW YORKERS ROAR WELCOME FOR AL SMITH

(Continued from Page 1)

"I'm glad to see you," he said. "I have talked pretty plainly on the issues I took up, and I am satisfied it was effective. I think the people are fed up on set speeches with meaningless phrases in them. I think it is an innovation for them to be given the 'low-down' on the situation."

While he consistently refused to embark upon the sea of speculation, the Governor is very confident that the goal he set out to achieve when he left Albany two weeks ago has been attained.

As viewed by the Democratic campaign strategists, the Smith invasion of the West had four definite objectives. First, they say Governor Smith had to show himself west of the Mississippi, to exhibit himself and the famous brown derby to Western audiences.

This has been accomplished over a route of 6,700 miles, in six major speeches, scattered through nine states. The speeches were supplemented by a hundred stops throughout Nebraska, Oklahoma, Kansas, Colorado, Wyoming, Montana, North Dakota, Min-
