BEATS SUBPOENA

According to a copyright story in the New York World Telegram, Federal Judge Edwin S. Thomas, above, sailed to South America a half hour before the Federal grand jury issued a subpoena for his appearance before it in connection with the investigation of Martin I. Manton, resigned chief justice of Federal Court of Appeals.

Cuba Backers To Be Tried In Spring Court

Smith, Bradham, Kinlaw And Mitchell Face Trial For Conducting Lotteries

At least four alleged "Cuba" operators will be called before Judge Millard B. Smith during the Spring term of the Circuit Court which convenes tomorrow to stand trial for conducting lotteries in this county, according to Assistant State Attorney Lloyd F. Boyle who will prosecute the cases.

House Members Complete Survey Of Ship Canal

Ocala Mayor Replies To Assertion Of Grower Club Head

Thirteen members of the House Rivers and Harbors Committee headed back to Washington yesterday after inspecting the route of the proposed Florida ship canal.

A fast trip by boat and automobile from the mouth of the St. Johns River, on the Atlantic Ocean, ended yesterday with an excursion in down the Withlacoochee River and into the Gulf of Mexico.

Representative John E. Rankin said if the canal is approved by Congress "it is my intention to make a drive for a high power TVA line from the Guntersville, Ala., dam to Ocala in order to supply power for this work, and at the same time to supply TVA power for the surrounding country."

Dighton Opens Law Offices In Daytona

S. R. Dighton, formerly connected with the law firm of DeCottis, Spencer & Dighton of this city, more recently associated with Hull, Landis & Whitehair of Deland, has established a law firm in Daytona Beach under the name of Dighton, Shelly and Mabry.

FOUR PERSONS DROWN

SIKESTON, Mo. (AP)—Four young people, three men and a girl, were drowned near here early yesterday when their car plunged from a bridge into a swollen stream. They were Henry Gromer, 18; Jim Alverson, 24; Arnold Alverson, 17, his brother; all of Essex, Mo., and Wanda Good, 16, of Parma.

60,000 Flood Homeless Are Given Shelter

Effects Of Further Rainfall Is Studied By Forecasters

Emergency relief agencies set up temporary shelter today for an estimated 60,000 persons who were displaced from their homes by flood waters.

Several cases were not disposed of at the Fall court term and will be set for trial during this term.

Cases to be docketed are as follows: Dillon Hatcher, negro, charged with first degree murder; C. R. Barco, charged with a statutory offense; William Clark, Jr., negro, charged with larceny of a cow; General Turner, charged with a second offense in larceny of a heifer; and J. L. Yeoman, charged with non-support of his family.

Funeral To Be Held For Accident Victim

Funeral services for William Steffins will be held in the Erickson Funeral Home tomorrow afternoon at 2:00 o'clock with the Rev. W. P. Brooks, pastor of the First Baptist Church officiating. Burial will be in the Evergreen Cemetery.

New Racing Plant At Gulfstream Is Closed

HOLLYWOOD, Fla., Feb. 6. (AP)—Gulfstream Park, the new race track which opened Feb. 1, announced its meeting was being cancelled effective today. The announcement was made by John F. Letendre, managing director, who declined further comment.

Un-American Isms Opposed by Legion

A resolution was passed at the Mid-winter conference of the American Legion in Tallahassee over the weekend requesting that congress take the necessary measures to satisfactorily combat un-American activities in this country, according to Commander George Weinstein of the local Post who attended the two-day session.

LIJENTIAL ON VACATION

NORRIS, Tenn. (AP)—TVA Director David E. Lilienthal left yesterday for Florida to spend several weeks convalescing from an attack of undulant fever that has kept him from his office since last fall.

ASSASSINS SHOOT JAP

SHANGHAI (AP)—Assassins today shot Chien Hwa, head of the Japanese-controlled Chinese Press censorship office, and he was not expected to live.

The Ohio River, creeping up by stages on the town of Huntington, W. Va., completely flooded the local ball park, as can be seen in the above aerial view.

WET GROUNDS!

Plans Are Completed For Founders' Day Observance

The 102nd anniversary of the founding of Lake Monroe will be observed by the D. A. R. chapter at 10 o'clock today at the D. A. R. chapter.

Two Attempt To Commit Suicide With Razor Blades

Two men, one of whom was identified as James H. ... attempted to commit suicide with razor blades.

Minister Requests New McCall Trial

TALLAHASSEE, Feb. 6. (AP)—A bill introduced in the Florida Senate today would require a new trial for the convicted murderer, James McCall.

Eddie Allen Hurt When Car Overturns

Eddie Allen, 21, is in Federal Litchfield Memorial Hospital after suffering from head wounds, and possibly internal injuries, received when the pickup truck he was operating on Lake Front Boulevard, blew a tire and turned over several times early Sunday morning.

NEW ISLAND APPEARS

BRISBANE, Australia (AP)—Erosion has given the world a new island. This is part of Stradbroke Island off the coast of Queensland, about half a mile of which has been severed by constant action of the sea.

House Group Okeys Boost In Expenses

Appropriation For Agencies To Be \$298,000,000 Over Last Year's

Budget Bureau's Estimate Trimmed

Maritime Commission Get Huge Sum For New Construction

WASHINGTON, Feb. 6. (AP)—House Appropriations Committee recommended \$1,898,512,769 today to operate more than a score of independent agencies for the year starting July 1—an increase of more than \$298,000,000 over the current year.

Despite the increase, the committee lapped \$1,580,670 from one of the Budget Bureau's estimates. It withheld a \$2,038,175 appropriation recommended for the Federal Communications Commission, pending action by Congress on the President's request for reorganization of the commission, now torn by internal dissension.

The new increase in the bill's total was accounted for by inclusion of a new item of \$100,000,000 for the Maritime Commission's construction fund and a grant authorized the commission to contract for an additional \$238,000,000 for construction.

By far the largest items in the bill were \$50,000,000 for the Veterans Administration and \$20,000,000 for the Social Security Board.

The Senate selected today President Roosevelt's nomination of Chief Justice Charles E. Whittaker, and Chief Justice Charles E. Whittaker, had advanced to the appointment.

The Senate Judiciary Committee had disapproved the nomination by a vote of 15 to 3. The vote of the Senate refusing confirmation was 27 to 9.

TONS of Prevention WHEN you see those interesting big grey-green Southern Bell trucks rolling along, you're likely to think they are going to the scene of some trouble in the telephone lines. Trouble ARE required quickly, day or night, but merely repairing breaks after they occur wouldn't provide the kind of telephone service you're entitled to. It is also necessary to prevent interruptions to your vital telephone service. This is done by constant checking—exploring weak links—correcting in connection with our knowledge and judgment—maintaining constant vigilance over the long telephone lines to home and across fields before they become serious. The Southern Bell crew has been reduced to a smaller number of "trucks" on Southern Bell lines than ever before. In ten years, by using such "tons of prevention", as well as "tons of repair", these "tons" of prevention are one part of the Bell System's constant effort to insure for you a constantly improving telephone service that is efficient—dependable—reliable.

# Lookouts To Play Deland In First Game

## Directors Hold Meet In Daytona

### Contracts Offered To Holdovers From Last Year's Entry In Florida State Loop

The Sanford Lookouts will play the Deland nine in their opening Florida State League game on the night of Apr. 18. It was decided at the meeting of the directors at Charlie's Grill in Daytona Beach yesterday, according to Rex Packard, director and only Sanford representative at the meeting.

The directors approved a 140 game schedule which will end on Sept. 4 with games in Deland, Daytona Beach, Orlando and St. Augustine. In the other opening encounters, Leesburg will play in Orlando, Daytona Beach in St. Augustine, and Tallahassee will play the Gainesville (1-Men) team.

Declaring that limiting the year's of play in the Class B league makes for keener competition among the participating teams, Mr. Packard said that the directors defeated a proposal to allow each of the clubs to have seven players with unlimited experience.

At their last meeting the directors changed the ruling to permit seven men on the roster to have four years of professional baseball experience. Only three years were allowed prior to this change.

Meanwhile, President Charlie Bradshaw of the Seminole County Baseball Association is making the necessary arrangements for Sanford's loop entry.

It was learned from authoritative sources that contracts have been offered by the local press to at least five outstanding members of last year's local entry in the state loop. These include Joe Pinder, hurler; Bill Schmidt, outfielder; Sir Hudson, hurler and utility player; Eddie Davis, infielder and Mayo Langston, outfielder.

All of these boys through their services with the Lookouts last year, showed ability on the diamond and five players will form a nucleus for a nine this year. All of these boys are consistent hitters, their records show, and they will be assisted at the plate by their playing manager, Dale Alexander, who, head of the National League at the plate back in '32.

Alexander, it is understood, has lined up several rookies to supplement the Lookouts roster but the local baseball heads are still looking for promising talent.

After the first 18 days of the season the roster will be limited by the league ruling to three men with unlimited experience, seven players with not more than four years experience and four rookies.

Alexander, it is understood, has

# Opening Game In Softball League Will Be Tonight

## St. Johns Crew Will Play Florida Power And Light In First Encounter

Tonight at 7:30 o'clock the lights will be turned on at the new field on the lake front for the opening game at 8:00 in the Sanford Amateur Softball League and the St. Johns River Line crew will take the field against the Florida Power and Light team to vie for the honor of winning the first game.

Lights were turned on the field Saturday night for focusing and short workouts were held by the two teams who meet on the diamond tonight.

Work has been completed on the field, built with NYA assistance, including the construction of bleachers, backstop and a wire fence surrounding the diamond. Erection of the lighting fixtures was completed Saturday night by the power company crews.

Much interest in the league has been evidenced on the part of both players and fans and the six local firms sponsoring teams in the league have had no trouble in securing the necessary number of players for their rosters.

Each team will play the other twice before the completion of the league schedule on April 11, shortly before the opening of the State League baseball season. Games will be played on Monday, Tuesday and Thursday nights of each week.

## QUERY OF SOUTHERN WOMEN IS UNDER WAY

Touring Reporters will be in this state before long, to see if local women are enjoying the same benefits as other Southern women say they obtain from CARDUI.

In Dallas last week 88 out of 100 users said "Yes" to the question, "Were you helped by CARDUI?" In Atlanta another 100 were asked, and 98 answered "Yes."

Thousands of users are eager to tell how CARDUI has made them want and enjoy food; how, by its help, they have gained strength and were thus relieved of the symptoms of "functional dysmenorrhea" due to malnutrition—headache, depression, nervousness. Try CARDUI!

returned to his Tennessee farm where he will remain until after the middle of March. He stated that he will begin training for the opening game about Mar. 20.

At the ball park, everything is being placed in readiness for the arrival of Joe Engel and his Chattanooga Lookouts. The boys are expected to arrive here in time to begin their Spring training activities next week.

The City Commission has approved the construction of a new set of permanent bleachers at the field and new wire will be placed in front of the grandstand. The old bleachers will be set up for the use of negro fans, and the screen in front of the negro bleachers will also be repaired.

Through the courtesy of the Atlantic Coast Line Railroad a load of clay and another car of cinders have been given for use in repairing the outfield at the Municipal Athletic Field.

## Celery Feds To Play Miami Beach Quintet Tonight

Handicapped with the loss of two men through ineligibility, the Seminole High School Celery Feds will continue their efforts for recognition as one of the strongest cage teams in the state when they meet the Miami Beach Typophons in the local gym tonight at 8:00 o'clock.

Although turning in an unimpressive performance against the Leesburg Yellow Jackets last Friday afternoon, the local dribblers are expected to turn in a much better game against the strong South Florida conference team tonight.

Because their scholastic work for the last unit was unsatisfactory, Jim River and Danny Altman were cut from the varsity squad by Coach Leonard McClucas and both will be unable to don the Fed colors until they are able to make up their work.

River, Fed center, is a member of the varsity squad with several years experience and has performed well for the local cages in games so far this season with his defensive as well as sturdy offensive playing. In several of the games he has been one of the leading scorers. Altman, a varsity substitute, has also displayed ability on the court in the games in which he has participated. He is a forward.

A large attendance of students

## FDR Requests More Funds For Relief Work

### President Asks Restoration Of Original Figure For WPA Through June

## House Hears New Plan For Relief

### Woodrum Proposes Administration Of Funds By States

WASHINGTON, Feb. 7. (AP)—President Roosevelt told Congress today an "emergency" exists in relief and asked "immediate consideration" of an additional appropriation of \$150,000,000 for WPA for the next five months.

This figure represents the cut Congress made in his request for \$875,000,000 to carry the WPA from February through June.

The White House announced earlier that the President had signed the \$725,000,000 bill last Saturday.

In asking immediate action on what he termed "simple and alarming facts" in the relief outlook, Mr. Roosevelt said in a message to Congress that with only \$725,000,000 available, WPA either must reduce its rolls abruptly on Apr. 1 by 1,000,000 or begin on that date a week-by-week reduction which by June 30 would drop the employment from the present 3,000,000 to "a figure well below 1,500,000 persons."

A plan for State administration of relief funds, in cooperation with the Federal government, was offered in the House yesterday as a permanent substitute for the WPA.

Representative Woodrum (D—Continued on Page Three)

## Boat Owners To Unite In Support Of Canal Project

Plans for a united effort by local boat owners in behalf of the proposed Indian River Canal will be discussed at a meeting of boating enthusiasts to be held in the Chamber of Commerce building Friday night at 8:00 o'clock.

Alex R. Johnson sent out invitations to attend the meeting at the request of several of the local owners.

"It is understood that the Board of Army Engineers in Jacksonville propose to hold a hearing on the canal about Feb. 20 and local boat owners have expressed a desire to unite in behalf of the project as well as for other reasons," Mr. Johnson said.

Fred T. Williams, chairman of the committee preparing a brief on the canal, will present the entire project to those attending the Friday meeting.

Mr. Johnson said that formation of a yacht club which would sponsor various aquatic events on Lake Monroe, might be discussed at the meeting, as well as the City boat basin project which has been given approval by the WPA.

Mr. Johnson stated that there are more than 20 boat owners who are interested in this movement and that a number of these are prominent Orléans whose boats ply the St. Johns.

## Day For Pine Needle Classes Is Changed

In the future, the regular meetings of the Pine Needle Class will be held in the Episcopal Parish House on Wednesday afternoon at 2:00 o'clock instead of Thursday, according to William Otto, instructor.

Deciding that excellent progress is being made by many of those attending the classes, Mr. Otto said some of the articles will be placed on exhibition at the Seminole County Fair.

He said a new class would be started on Wednesday afternoon when school sessions slightly longer for class at that time.

## FIGHTING VIRGINIA GENTLEMEN

Latest political storm signals over Washington indicate President Roosevelt has joined those seeking to break the Virginia political machine headed by potent Senators Carter Glass, left, and Harry Byrd, pictured with heads together at Senate Judiciary Committee meeting which rejected the President's nominee Floyd Roberts for a federal judgeship. Looking to 1940, the President would like a delegation controlled by someone else than Byrd and Glass, political observers say.

## Defense Program Given Approval By House Group

### Foreign Policy Criticized In Speech To Navy Committee

WASHINGTON, Feb. 7. (AP)—Chairman May (D-Ky.) said today the House Military Committee had unanimously approved legislation to authorize the major part of President Roosevelt's \$552,000,000 special defense program, including expansion of the Army Air Corps to 5,500 planes.

Action on the bill came, he said, after Republican committee members sought unsuccessfully to limit the War Department to production of no more than 1,000 airplanes in any fiscal year.

Meanwhile Walter W. Van Kirk criticized the Administration's foreign policy in a speech to the House Naval Committee, saying "nobody in this country knows what the foreign policy is."

He said he spoke for 42 peace organizations in proposing a more deliberate course.

Mayor LaGuardia of New York came to the support of Thomas B. Amle, presidential nominee for the Interstate Commerce Commission whom opponents have labeled a radical and Communist. LaGuardia in a letter termed Amle a "Good American in Congress" and "patriotic."

Representative Dies (D-Texas) told the Supreme Court yesterday that Justice and Labor Department lawyers were attempting in the Strecker case to get a judgment protecting "other aliens against whom deportation proceedings are now pending."

## Citrus Pact Gets Okey Of Growers

WASHINGTON, Feb. 7. (AP)—Secretary Wallace announced that Florida citrus fruit growers approved the marketing agreement program for the industry in a referendum held Jan. 31. He said the preliminary count showed 98 percent voted in favor of the plan by which he, assisted by committees of growers and shippers, would regulate the grade and size of fruit shipped in interstate commerce each week. The plan is now being submitted to the shippers and will go into effect if the handlers of at least 99 percent of the fruit sign the agreement.

## R. L. Caldwell Kills 2 Huge Rattlesnakes

R. L. Caldwell, local grocerman, had the unusual and exciting experience Sunday afternoon of shooting two seven-foot rattlesnakes.

Mr. Caldwell said he stumbled on the two reptiles in the open area just beyond the railroad tracks on the road to Lake Mary. He said he was directly over the first snake before he discovered it. Blowing its head off, he moved in the direction of the second snake and saw another snake of equal dimensions. Mr. Caldwell promptly shot it also.

One of the snakes had twelve rattles and a button, while the other one had 9 rattles and a button.

## Snow Storm Strikes In New England

### Kentucky Calls For Assistance As Ohio River Flood Crest Passes Cincinnati

BOSTON, Feb. 7. (AP)—Fresh snow storm struck New England today, grounding airplanes and hampering sea and land traffic. Soon after the storm struck, northern New England was covered with one to two inches of snow, and five inches had fallen in the Cape Cod area. Inconspicuous droplets to 20 below along the Canadian border overnight.

Lighter snowfalls covered New York City, Buffalo, Boston and other northeastern cities this morning.

CINCINNATI, Feb. 7. (AP)—Fearing a belated report of disaster in the flood-stricken mountain areas, Kentucky called for assistance today as the crest of the Ohio River moved past this city.

Dr. A. T. McCormack, state health commissioner at Louisville, said a heavy death list might be revealed in the eastern section where Ohio's tributaries swept to house-top levels Sunday.

Across the river from Cincinnati, residents of Newport and Covington, Ky., retreated as the Ohio reached a crest there of 58 feet.

Police Chief Leo Livingston of Newport estimated 600 families had been removed from their homes.

Red Cross agencies prepared to evacuate 1200 families in the lowland areas. The Red Cross estimated 10,000 families affected by the flood in five states.

## Deepening Of Coastal Waterway Advocated

MELBOURNE, Feb. 7. (AP)—Government engineers were told today heavy yacht travel and the development of commercial shipping must be given the deepening of the inland waterway between Jacksonville and Miami to a depth of at least 12 feet.

Col. Lewis H. Watkins, district engineer, presided at a public hearing on the question.

Improvements were urged by speakers from points as far west as Key West. Civic leaders of East Coast communities urged that the work be done at once.

No objections were set forth at the session.

At another hearing this morning, speakers from Harvard, Okeechobee, Orange and Polk counties described the need for a new waterway connecting the Indian River with the Atlantic Ocean at a point east of Eau Gallie.

## 500 Expected To Be Present At Hearing On Project At Canaveral

COCOA, Feb. 7. Approximately 500 persons are expected to be present at the public hearing on Canaveral Harbor before Col. Lewis H. Watkins, United States District Engineer at Cocoa on Monday, Feb. 13, at 2:00 P. M.

Indications of this attendance are noted by responses being received by President A. P. Skinner of the Greater Cocoa Chamber of Commerce which has issued invitations to State and County leaders in Central Florida to a luncheon of the Chamber at the Indian River Hotel at 1:30 noon on the day of the hearing. Col. Watkins will be guest of honor at the luncheon.

Plans of Atlantic Peninsula Corporation for a harbor at Canaveral include the dredging of a channel and the construction of port facilities in the Banana River, the corporation offering to spend several million dollars in the construction of docks and terminals if the harbor project is approved by the United States Engineers.

A number of federal officials from Washington and elsewhere will be present at the hearing including representatives of Reconstruction Finance Corporation from whom the Atlantic Peninsula Corporation has requested a loan for construction of docks and terminals.

According to a traffic survey now nearing completion by C. C. Kirkpatrick, well known traffic analyst, a harbor at Canaveral will save growers and shippers of citrus and shippers and receivers of other merchandise via Canaveral in truck transportation costs, more than \$1,000,000 a year. The survey will be presented to the district engineer at the hearing.

Leaders of the citrus industry and representatives of the municipal organizations, chambers of commerce throughout Central Florida have signified their intention of being present at the hearing which is attracting unusual attention.

## THIS FLAMING PLANE STARTED BURNING ISSUE

Flames from this Douglas C-54 Army bomber, which crashed in test flight over Los Angeles, revealed Lt. Paul Cheminon of France was a passenger in the plane, suggesting it as preliminary to French purchase of fighting airplanes. Pilot John Cable was killed, Cheminon escaped.

## Chamber To Get 90 Percent Of Publicity Levy

### Delegation Asks For Commitment As To Amount To Be Paid

The Seminole County Chamber of Commerce will receive 90 percent of the amount levied from the small county levy for publicity, according to a motion passed by the County Commission during their regular session in the Court House yesterday.

The action of the Board showed a request by E. J. Haines, Chamber president, that the trade body be paid 90 percent of the amount levied for publicity during their regular session in the Court House yesterday.

A large number of Chamber members of the Board appeared before the County Commission with the request that the amount of the levy be reduced which is proposed to be annually be \$100,000.

Chamber of Commerce publicity agent for the Board, Member of the Board, stated that the Chamber would be paid 90 percent of the amount levied for publicity during their regular session in the Court House yesterday.

## Pope Is Stricken With Flu Attack

VATICAN CITY, Feb. 7. (AP)—Pope Pius XI was stricken with the flu, it was reported today by the Vatican news agency.

He has been stricken with a kind of flu which is reported to be his chronic ailment and which he has had for many years.

This was the second time in three months that he has been stricken by the disease, but the Vatican news agency does not believe serious.

## End Of Civil War In Spain Is Imminent

### Britain, France Consider Recognition Of Franco's Regime As Legitimate Rule

## Continued Loyal Resistance Futile

### Parley Seeking Palestine Solution Opened By Chamberlain

And end to the Spanish civil war appeared imminent today while France and Britain considered recognizing the insurgent Generalissimo Franco's regime as the legitimate government of Spain in an effort to check Italian and German influence there.

A State Department official in Washington said the United States probably would follow whatever action Britain and France took.

Diplomatic circles reported that Premier Jean Negru and his cabinet were swinging to the belief that further resistance was futile.

President Manuel Azana went into a French retreat at Colindale, promising not to attempt the abolition of the Spanish government from France.

A mass of refugees and government troops poured across the border into France following Franco's victory in the planned battle.

All the nations favored Franco's victory and government troops were reported to be in the hands of the Madrid government in return for the abolition of the republic and a new constitution would be kept in force.

British Foreign Minister Lord Halifax, Prime Minister Chamberlain and the peace party in Paris and London, according to a dispatch of the Press, are in agreement.

Admiral Horthy's fleet troops which landed yesterday on the coast of the Bay of Biscay, Franco's ally, turned back the Spanish government troops.

The British government, according to a dispatch of the Press, is in agreement with the French government in recognizing Franco's regime as the legitimate government of Spain.

The British government, according to a dispatch of the Press, is in agreement with the French government in recognizing Franco's regime as the legitimate government of Spain.
