

U. S. And Business Agencies Hand Out Reports On Trends

By SAM DAWSON
NEW YORK, Apr. 4. — (AP) — A handful of governmental and business agencies are out with reports today on trends. A number of them offer explanations and opinions on the question that always preoccupies them: "Whither are we going?" Looking them all over, it would seem the answer is, in several directions.

Take the job picture as reported by the census bureau and interpreted by Commerce Secretary Sawyer. The bureau believes, from such reports as it gathers, that unemployment dropped 601,000 in March, while employment increased 500,000. The labor force grows steadily, as the nation grows, and that is one of the reasons the gain in employment and the drop in unemployment are never exactly the same.

Secretary Sawyer is encouraged by the gain of employment to 57,541,000 and the drop in the number of the jobless to 4,123,000. He says this trend away from rising unemployment came sooner than he had expected, but he admits much of it may be due to the settlement of the coal strike and normal pick-up in seasonal industries.

But there's still another factor the secretary doesn't mention. Productivity is rising, too. New machines and methods mean that more goods are being produced with fewer man hours. That factor and the growing number in the labor force puts the problem to industry to find more and more jobs, through making and selling more and more goods. Otherwise, unemployment will start rising again.

Less encouraging than the drop in unemployment are some other government reports today. Installment buying continues to rise. The Federal Reserve Board says it's now \$10.8 billion, a gain of \$2.5 billion in a year. People now owe \$3.2 billion on their automobiles alone. Some people say the national income can easily swing this rough buying on the cuff, and that the proportion of credit to total sales is far from dangerous. But others say that income and individual "liquid assets" are stabilized while installment buying goes on rising, and that can lead to danger.

The securities and exchange commission reports that liquid savings last year came to \$4.3 billion, up from \$3.5 billion the year before. The SEC raises an eyebrow, however, at the fact that "The Average American" saved only two per cent of his net income in 1949. While in 1948 he was putting away six per cent. Liquid savings include cash and bank deposits, investments in savings and loan associations, insurance, and securities.

These statements out today in New York may throw some light on this trend. Most of them show a drop in deposits. Income tax payments could account for a large part of that.

Department store sales in New York are reported today 2.5 per cent lower this March than last, but for the nation as a whole the Federal Reserve Board reports sales running neck and neck with last year. Weather conditions have a lot to do with the variations. And department store sales and total retail sales are two different things.

The companies are happy. Increasing demand has caused many rubber companies to go to a six-day week. The Ford plant in Akron, Ohio, and the General Motors plant in Flint, Mich., have operated on Sunday to meet the rush of orders. The boom in the auto industry is the Detroit car maker's pride and joy.

The labor and commerce departments report new construction in place during the first quarter of 1950 hit a new record of \$4.6 billion, 18 per cent higher than the first quarter last year.

But caution that comes the guess of the Commerce Department is that this industry will spend \$5 billion less in 1950 than last year. The total for 1950 is \$16.1 billion, down from the \$17.1 billion in 1949. The gain in construction comes from home and public buildings, and the loss from the other side. The Commerce Dept. says the loss from the other side may be more than the gain and the loss from the other side may be more than the gain.

Rural Common Sense By SPUDS JOHNSON

Grasses and legumes are destined to play an ever-increasing role in Florida farming, in the opinion of staff members of the Florida Agricultural Extension Service and Experiment Station. They provide cheap feed and help to conserve and improve the soil — major needs in Florida, as elsewhere.

Here are points the staff members mentioned recently when asked to sum up the points foreseen for a great decade of progress in Florida farming:

Florida farming: Florida has made rapid strides in its beef cattle program and is becoming more self-sufficient in dairying. Pastures have been improved, but one of the greatest needs of the animal industry in Florida is for more, better and cheaper feeds.

Improved grasses — Pangola, Pensacola, Paraguay and common Bahia, Coastal Bermuda and others — will be planted on more and more acreage to provide cheap grazing. Dixie Crimson, White Dutch and other clovers will provide more winter grazing. Increasing yields of corn will help the feed situation.

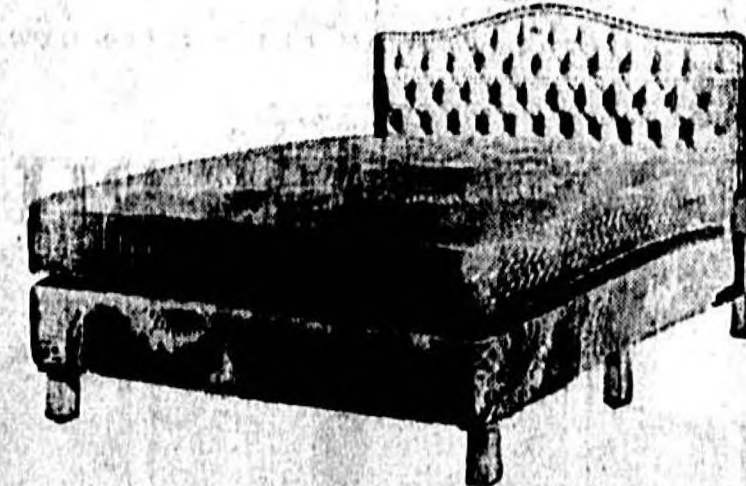

Mineral mixtures for both cattle and hogs are common now, but every farmer who does not now supply minerals to his animals probably will begin doing so during the years ahead. Dairymen will pay more attention to (1) use of mowers and alternate grazing to obtain maximum amount of quality feed from pastures, (2) more DHIA records for efficient management of their herds and economical use of concentrated feeds, (3) raising more replacements to assure high quality, disease-free animals, and (4) maximum use of quality sires and artificial insemination as the basis for higher quality home-grown replacements.

Surgeon (Continued From Page One) smaller arteries below the aorta. The health aorta, preserved under refrigeration in penicillin and blood plasma for five days after it was removed in a post-mortem operation, then was transplanted. Today the patient was improved enough to tell attendants that back pain, apparently resulting from pressure of the enlarged aorta against a vertebra, had disappeared following the operation. The hospital did not disclose the length of time the delicate operation required, but observers described it as lengthy. Hospital attendants expressed belief the operation was a success and the patient will recover.

Jaycees Meet (Continued From Page One) of Alvin Odham will devise stunts for the campaign. The Rev. H. L. Zimmerman will have charge of church improvements. Repairs will be directed by T. E. Tucker. The Explorer Troop of Boy Scouts will have charge of trash disposal. Homer Stoffer is chairman of the "cleanest town contest."

Colored News By LOUISE FORSTER There will be a meeting of the Colored Division of Seminole County T. B. Association, Wednesday, Apr. 5, at the Afro-American Life Insurance Co. office at 8:00 P.M. All members are requested to be present. Also persons who have tickets for the Association are asked to make their report at the meeting. Dr. J. C. Ringling, chairman, is urging all to be present as business of vital importance will be conducted. Dr. J. C. Ringling is chairman.

Jaycees Meet

(Continued from page one)

purchase agent and general manager of the Orlando Post Exchange for five years, with the responsibility of expending \$4,000,000 for government supplies.

As president of the Citrus Growers Association he said he was well acquainted with agriculture. He advanced study to find the answer to high taxes, need of a small claims court, and more protection of builder's supply companies from "snow ball" contractors.

Volte Williams, Jr., commented the Jaycees for their recent registration campaign, told of his education in Seminole County and of the six years of war service including duty in the Atlantic-Pacific Theater. He recalled that he had studied law at Stetson University where he was vice president of the Thomas Law Club.

He told of his work as a state Democratic executive committee member since appointment in 1947 by Jim Lee, as special assistant to the Legislature, and upon graduation from law school in 1948 of his appointment as an assistant attorney general by Richard Kavin, and listed over 100 bills for various senators and representatives, and also attended many committee meetings. He also advanced a small claims court in the county and discontinuing hiring of so many special attorneys by the State.

Two Horses Are Expected To Take Kentucky Derby

NEW YORK, Apr. 6. — (AP) — The Kentucky Derby will be run today, and as of now, the odds are 10-1 for the favorite, Hill Prince, and 10-1 for the second favorite, Hill Prince.

At the Kentucky Derby, the favorite, Hill Prince, is expected to win. The second favorite, Hill Prince, is also expected to win. The odds are 10-1 for Hill Prince and 10-1 for Hill Prince.

BASEBALL HIGH LITES

By ASSOCIATED PRESS

FORT WORTH, Tex., Apr. 6. — (AP) — Dodger pitcher Bob Milliken's value has been shipped through to Brooklyn.

The rookie, who still belongs to the Brooklyn farm in Fort Worth, has impressed Manager Burt Shotton in spring exhibitions.

"That theory about Milliken needing another year is a little hokey," Shotton said. "The way some of our pitchers are shaping up he could get plenty of work."

ST. PETERSBURG, Apr. 6. — (AP) — Joe DiMaggio's legs are acting up again. This time it's a muscle pull.

He dropped out after the first inning in yesterday's 8-4 Yankee victory over the St. Louis Cardinals.

DiMaggio hit a hopper to short

Club's handicapper, placed Middleground at the top of his experimental weights with 126 pounds, two above his assignments to Oil Capitol and Hill Prince.

Middleground's ankles were subject to suspicion when he ended his 1949 racing but trainer Max Hirsch has denied there's anything wrong with 'em. He did not run the colt in yesterday's experimental and said stoutly, "I don't know when I'll run him; I'll run him when he's ready."

Program For The Aged

The sick and aged we have always with us, yet how many states have worked out a careful plan for their care? Connecticut in 1945 appointed a state commission to develop a program. The estimate was that 250,000 inhabitants of the state were over 60, and at least one-fifth of that number suffered from long illness.

The commission found that relatives were taking care of many of the elderly and infirm, as they should do when possible. Others were in poorhouses. Mental hospitals housed many, including many old persons who were merely slightly confused and in no sense of the term mentally ill. General hospitals were far too few and too small to meet the needs for physical ailments.

More should be done, said the commission, than merely to house the helpless. A better medical service should be organized, and recreation should be provided to keep the elderly in a wholesome mental state.

For all this a program is being devised, which other states might profitably study. As the average age of our population is rising, this problem is going to get worse instead of better. Merely providing them with pensions is not the solution.

Confusion On China

It seems hardly necessary to conduct a survey to determine that the people find government policy on China confusing. The Council on Foreign Relations, in New York, apparently wanting to be on solid ground, did conduct a survey of the subject. Its basic conclusion after questioning 720 selected persons, described as intelligent and well informed, was that the citizens are confused by the China policy. Most were willing to admit, however, that they didn't know what might have been done that was not done.

The Council also sought to pin down the subjects of its survey on what should now be the policy of the United States toward China. There was not much more success in this interrogation, except that there was a predominant opinion among those questioned that some sort of acceptable official contact should be established with the Communist regime in China.

The United States, it was thought, should take the initiative in trying to find a basis of mutual tolerance. The next question is: "How?" Like the question of what should have been done, this one seems to have no answer.

"I'll Take Yocco"

"Coffee, tea or yocco, sir?" This question might be on the waiter's list if the latest Smithsonian Institution importation should make its way over the United States. Yocco is a drink made from the bark of a vine that grows in the Amazon jungles. Indian tribes of Columbia discovered its stimulating properties, and after them Dr. Richard E. Schultes of the Department of Agriculture. He says that yocco is refreshing, putting off the feeling of fatigue and hunger for hours. He also says there are no harmful effects.

There is no reason why palatable new drinks should not still be found, extracted from plants. Mate, or Paraguayan tea, was such a discovery; it has a certain following in this country. Physicians will probably want to keep an eye on the new discovery, including yocco, to see if any undesirable after-effects manifest themselves. If they do not, the American dinner table may be enriched by one more delicacy.

Rockefeller Hit

(Continued from page three)

"This means about that on the first Monday of Oct. 1949, having graduated from Brown University the previous Spring, I entered my father's private office at 26 Broadway.

"From that time until the day of his death, my one desire was to help him in every way in my power. I was always as glad to black his shoes, to pack his bag, to act as the courier of family travels at home or abroad, and on such trips to write his letters, to decipher his business cables, to handle his mail and callers as I was later to represent him in various of his interests, business and philanthropic, and to help initiate and carry on the several foundations and other institutions which he brought into being and heavily endowed."

"The son told how his father kept an almost hands-off policy toward him — neither pushing him forward nor holding him back. He said:

"Neither before I went into his office nor at any time thereafter did my father ever tell me, either directly or through his associates what I was to do. Left entirely on my own, I sought as rapidly as possible to familiarize myself with his various interests and to be helpful wherever I saw the opportunity.

"He never gave me any authority, any power of attorney, or any title. For years, however, in helping to carry out his plans and purposes as I understood them, he signed his name by John D. Rockefeller, Jr., to countless agreements committing him to large sums of money.

"He could at any time have challenged my legal right to do so. He never did, for from the outset he trusted me. Knowing that I shared fully his high ideal of business integrity and social responsibility.

"As my experience grew his confidence in my judgment increased. Of that fact he gave abundant proof in the large gifts which he made me from time to time, and which have enabled me with the passing years to continue in my own way the work for humanity throughout the world which he initiated and of which his own life and deeds were ever my example and inspiration."

Charleston Judge

THE WORLD TODAY

By DEWITT MACKENZIE, AP Foreign Affairs Analyst

It begins to look as though the democracies finally may call off the boycott against Spain — had had of Western Europe ever since General Franco became dictator in 1939 as the result of his revolt against the Communist-supported republic.

The trend was first indicated some weeks ago when U. S. Secretary of State Acheson announced a change in American policy toward Spain. He favored resumption of full diplomatic representation in Madrid as soon as the United Nations repeals its 1946 recommendation that all members withdraw their ambassadors a recommendation which was followed.

This reversal of policy seems to have paved the way for a striking development: the recent meetings of the Atlantic Pact defense ministers in the Hague, Spain being of vast strategic importance militarily, the question naturally arose of her relation to the pact.

The conference military advisers favored the leaving of air bases from Spain, rather than giving her direct membership in the pact. It is said this proposal will be placed before the meeting of the pact nations' foreign ministers in London early next month.

All twelve nations must approve before Spain can be approached in the matter. Chief opposition comes from Britain, whose Labor government objects to the Franco regime on ideological grounds.

The point is that if there should be the door to full inclusion of Spain in the Western defense system if she should wish to participate.

The campaign against Franco Spain in the U.N. and elsewhere has been quiet by Moscow ever since the Spanish revolution. Naturally the belief is strong in Western diplomatic circles that Russia wants to keep Spain from becoming a part of the Atlantic Pact defense system.

There have been numerous reasons for the opposition to General Franco's regime. From the Russian standpoint one of the basic issues lay in the fact that the Spanish regime which Franco overthrew had a strong Communist complexion. The government was supported in its struggle by Russians and by volunteers from many other countries.

On the other hand, Franco had much help from both Hitler and Mussolini. He reciprocated by selling them supplies in the world war until America and Britain outbought the Axis powers.

Curiously enough one of the main charges against the Franco government is that it is a dictatorship. The regime is accused of suppression of civil freedoms. Of course believers in democracy and dictatorship. But it is an interesting note that the Western world should turn thumbs down on the Madrid government, because it is a dictatorship while playing ball with other totalitarian regimes which are tougher, for example, Soviet Russia.

The answer to this naturally is that the Western powers have been making a virtue of expediency. Now under the leadership of Washington this anomalous position may be clarified. It isn't entirely accurate to say that the Western big asset militarily to the West in event of another conflict.

Pepper And The Negroes

By MARTIN ANDERSEN, In Orlando Sentinel

The colored voters of Florida certainly must be in a quandary over Sen. Claude Pepper. He must be quite a puzzle to them.

Back in September, of 1946 he had his picture taken in Madison Square Garden with Paul Robeson the colored singer, and Henry Wallace the then Secretary of Commerce.

In Sanford the other day a photographer took his picture shaking hands with a colored woman.

For some reason, this made the Senator as mad as a wet hen. Then Senator got so mad, he "blew his top," as the G's used to say.

In Clinton he issued this statement, which was printed in our newspaper, the Miami Herald and many others:

"They planted several colored people in the audience and tried to rush them up to me. . . . 'They pushed a colored woman up to me, and as I reached out my hand, they took a picture.'"

Now Claude, let's get right down to cases. This writer, born in Mississippi where there are more Negroes than white people, and who has lived 29 years here in Orlando, has shaken hands with hundreds of colored people.

And we will do it again, with pleasure, many times before we die. We not only have shaken hands with colored people, but we have visited them when they were sick and we have gone to their funerals when they have died.

To us, Claude, there is nothing "distasteful," as you described your hand-shaking episode with a colored woman in Sanford. When the late Dr. J. B. Callahan, a beloved citizen of our town, was dying in Orange Memorial Hospital, he sent us word he would like to see us one more time.

We went out there with some flowers. He had a young colored nurse. She was slim, clean, efficient in her white uniform. Who over she is and wherever she is, she will recall our visit, if she reads these lines.

And then, the great and good

and as the soldiers say, "blow your top." Now, Senator, how do you expect the respectable, thinking colored people of Orlando and Central Florida and of all Florida to vote for you if you are ashamed to shake their hands and treat them as friends and human beings?

Miss Arthurine Wilson will wed Charles B. Flanders of Winter Park in the late summer. She is the daughter of Mr. and Mrs. Arthur Lee Wilson of Lakeshore Boulevard and he is the son of Mr. and Mrs. Millender Flanders of Winter Park.

Wilson-Flanders Engagement Told

Mr. and Mrs. Arthur Lee Wilson of this city today announced the engagement and approaching marriage of their daughter, Arthurine, to Charles B. Flanders, son of Mr. and Mrs. Millender Flanders of Winter Park.

Miss Wilson attended local schools and was graduated from Jordan Vocational High School in Columbus, Ga., in 1927. For the past three years she has been employed by the Family Loan Company.

Mr. Flanders attended school in Winter Park. During the year he served for four years with the United States Navy and at present is attending Orlando Junior College.

The wedding will be an event of the late summer.

Daughters Of Wesley Meeting At Hall

Mrs. E. H. Laney, Mrs. W. C. Hill, Mrs. C. Leonard and Mrs. Zeb Ratliff were hostesses for the regular meeting of the Daughters of Wesley Sunday School Club at the First Methodist Church held on Tuesday at McKinley Hall. Mr. M. R. Steid conducted the meeting and the devotional given by Mr. J. C. Davis was devoted to an Easter story "The Cross".

Mr. Claude Herndon, committee chairman, reported that Roy and F. McKinley, Marvin and Barbara McKinley are all ill and that Mr. W. L. Harrison is recuperating from a recent auto accident. During the past month he made several visits to his three convalescing and recuperating patients. Mr. Roy Tilly reported on the success of a dinner held recently from which \$101 was realized. Mr. Strickland and Mrs. Tilly thanked those who assisted with the dinner. Plans were made for a rummage sale to be held in the Galtel building at Sanford Avenue and Fourth Street on April 16 of which Mrs. Davis and Mr. Tilly will be co-chairmen. A check was presented to the board of a number of friends by hand of a number of Mrs. S. G. Harrison introduced a guest, Mrs. Elliott Knowles of Massachusetts.

Mrs. Zeb Ratliff, reported from

Virginia Palmer To Wed P. D. Anderson

Mr. and Mrs. Edmund Hancey Palmer, today announced the engagement and approaching marriage of their daughter Virginia to P. D. Anderson of Lake Mary.

Miss Palmer is a graduate of the John B. Stetson Academy and attended high school at Winter Park. The wedding will be at Madison, Ariz. at present she is instructor at Lake Mary.

Mr. Anderson came originally from Elwood City, Pa. For a number of years he has been a prominent citrus grower in the Lake Mary section.

The wedding will be an event of Apr. 30, at 5 P. M. at the Lake Mary Community Church. No invitations are being issued but all friends of the couple are invited.

For the 12th consecutive year Delaware Park has increased the added money offered in races at the track.

Wisconsin stands eighth among the states in the number of racing licenses sold, with 421,343.

A few drops of household ammonia in the rising water will help to keep table glasses sparkling bright.

Martha Lathers, daughter of Mr. and Mrs. Charles Edward Lathers of Winter Haven, whose engagement is being announced today to Hugh Calvin Wheelchel, Jr., son of Mr. and Mrs. Wheelchel of the city. Plans are being made for a wedding in June.

Martha Lathers To Marry Hugh Wheelchel

The engagement committee announced today a resolution on the part of Mr. Edgar Mitchell, a former member of the club. A committee was appointed to purchase a hot water heater for the home of Mr. and Mrs. Hugh Wheelchel, Jr. and Mrs. Mary Lathers. The committee consisted of Mrs. Mitchell, Mrs. Lathers, Mrs. W. L. Harrison, Mrs. W. C. Hill, Mrs. C. Leonard, Mrs. Zeb Ratliff, Mrs. E. H. Laney, Mrs. Roy Tilly, Mrs. J. C. Davis, Mrs. J. E. Courter, Mrs. F. L. Ball, Mrs. E. L. Taylor, Mrs. A. B. Stevens, Mrs. W. A. Pater, Mrs. Helen W. E. Rimes, Mrs. Stoddard, Mrs. Laney, Mrs. W. C. Hill, Mrs. G. W. Bailey, Mrs. Ben Manley, Mrs. P. A. Rowland, Mrs. Bertha Zachary, Mrs. Mrs. C. G. Fish, Mrs. S. O. Shindler and Mrs. J. J. Boyette and Mrs. Tomlinson.

Mr. and Mrs. Charles Edward Lathers announced today the engagement of their daughter, Martha to Hugh Calvin Wheelchel, Jr., son of Mr. and Mrs. Hugh Calvin Wheelchel of this city.

Miss Lathers graduated from Winter Haven High School and attended the State Normal School at Lake Wales. She is a member of the Beta Sigma Phi sorority and the Business and Professional Women's Club.

Mr. Wheelchel graduated from Seminole High School after which he served for two years in the Army. He attended the University of Georgia for one year where he became a member of the Alpha Tau Omega fraternity. He recently graduated from Florida Southern College with a BS degree in Civil and is at present connected with the Pecos Packing Company in Duke City.

Plans for a June wedding will be announced later.

Woman's Club Has Spanish Program

The Spanish class of Seminole High School was presented in a Pan-American program under the direction of Mrs. Hamilton Beebe at the general business meeting and luncheon of the Sanford Woman's Club. The group met on Wednesday at 12:30 P. M. at the club house with Mrs. Oscar M. Harrison presiding.

Miss Dial Boyle explained the purpose of Pan-American Day which was first celebrated in 1911 to further friendship between the United States and the Pan-American countries. A list, "Such a Life," was presented followed with two Spanish songs. Miss Ellen Driggers, accompanied by Mr. Fisher, gave a musical reading.

During the business meeting Mrs. R. A. Smith announced that all but four of the 173 members of the club had registered for voting. Delegates were nominated for the convention in April. They are Mrs. R. B. Cooke, Mrs. O. A. Herndon, Mrs. Frances Davis, Mrs. and Mrs. Henry White with alternate being Mrs. J. E. Wray, Mrs. E. E. Spencer, Mrs. H. W. Wray, Mrs. R. C. Rucker and Mrs. J. H. Williams.

Mrs. Harrison called the meeting to order and announced the Le Sauer would present a play on May 5 to help defray expenses incurred in sending a girl to Girls' State. She also named committees for the Birthday Calendar club project.

Hostesses for the meeting were Mrs. William Wade, Mrs. Roy Partin, Mrs. L. A. Palmer and Mrs. C. P. Hatkey. Decorations in the club house included lovely arrangement of gladioli, statice, drageons and statice with greenery. On the small table at which the service was held were small red filled with colored eggs and berries. Assisting with the serving were Mrs. Blake Sawyers, Mrs. Clayton

Jewell's

Seminole III

Well, well, here it is April again, which means that there is just a few short months of school left. But we won't cross that bridge until we get there, what we are interested in is now April means that there is a lot good things in store for school students such as State Teachers meeting in Miami, Fla., Apr. 13 and 14. This means that schools will be out during that time.

Cold weather is with us once again this week. Students of S. H. S. were all dropped up in suits and sweaters Thursday and Friday which were both rather cold days. The Seminole High School has been participating in this program week with a chapel program on Monday, Tuesday, Wednesday, Thursday and Friday.

Last Monday night the Seminole III Band presented a talent show. It was quite a success, not to mention the proceeds which were in the neighborhood of \$100. Miss Norma Fay Harvey who won third prize in the show, is a sophomore of Seminole H. S.

I think that it is time for me to congratulate a girl up at S.H.S. who was mainly responsible for the talent show and its success, and she is none other than Miss Janie May Jones. Congrats Miss Jones. It was a fine job, well done.

Too, I think congratulations should go to the members of the S.H.E. Band, fifteen for the week. The Junior was busy last week with a Boy Scout drive for funds

Personals

Mrs. James Welch spent today in Jacksonville with her husband who is confined to St. Vincent Hospital.

Friends of Bedford Aiken will be glad to learn that he is again enjoying his own independence at the home of his parents, Mr. and Mrs. Dick Aiken in Mayfair.

Richard Sevier of Syracuse University in New York has returned to spend some time with Mr. and Mrs. John Eick at their home on West Sixteenth Street.

Emmett Herndon, son of Mr. and Mrs. Robert E. Herndon, will attend the Princeton Theological Seminary Choir on Easter Sunday from 10:30 A. M. to 11:00 A. M. over the National Broadcasting network.

Friends of Mrs. E. H. Phillips will regret to learn of the death of her sister, Mrs. John Water, in Eatonville, on Apr. 5. Mrs. Water had visited in Sanford a number of times and had many friends here.

To add the organization. Also the file Club Ball was held at the Armory last Friday evening. It, too, was a wonderful success, and the file Club president Donald Howard, who is a senior at Seminole H. S.

Rev. Brooks, Pastor of the First Baptist Church of this city, spoke to the students and faculty in a chapel program, also a guest speaker we had Mr. Kay Shoes school. Mr. Shoemaker spoke in making a former graduate of this connection, the University of Florida, and how it functions. Speaking of universities, makes me think of graduation, and what we seniors, being doing after graduation. That is a big question and covers a lot, but it will all have to do with our success in the future. Mr. John Decker, a senior of this school, brought to my attention this poem by Edges A. Guest called "SUCCESS" and so I close with these words:

SUCCESS
Success! It's found in the soul of you,
And not in the realm of luck!
The world will furnish the work to do,
But you must provide the pluck.
You can do whatever you think you can,
It's all in the way you view it;
It's all in the start that you make,
Young man—
You must feel that you're going to do it!

Eggs are such a nutritious and plentiful food these days that they should be used often. Serve them in an omelet with a tomato sauce for lunch, or in a cheese soufflé for supper.

Pepper Calls Smathers Old Guard GOPer

Senior Lawmaker Declares His Opponent Echoes Same Old Generalities

VERO BEACH, Apr. 10.—(AP)—Senator Claude Pepper today called Rep. George Smathers "just an old guard Republican trying to masquerade as a Democrat."

The Miamian seeks the Senate seat Pepper now holds.

Pepper quoted from a New York Times story on the Senatorial race in an effort to prove that "my opponent is simply echoing the same old generalities the people rejected when they rejected Thomas L. Dewey."

White House Sent \$4 Billion Bill

WASHINGTON, Apr. 10.—(AP)—A \$4,000,000,000 housing bill, drafted by the House, was sent to the White House today. The Senate gave quick approval to a compromise measure passed by the House last week. It provides for nearly \$4,000,000,000 in new insurance and loan authority, including \$150,000,000 for direct housing loans to veterans.

March Sales At Farmers Market Total \$658,860

Market Shows Slight Decline Compared With 1949 Figures

March sales at the Sanford State Farmers Market totaled \$658,860, but show much less valuation per unit sold, as compared with sales during March, 1949, Manager Sandy Anderson stated today.

In spite of the fact that the number of units sold, 404,358, was 19,259 greater than the 385,099 of March 1949, the value received was \$262,010 less than the former March figure of \$921,010 he pointed out.

One bright spot amid the home vegetable prices was the continued high level of orange and grapefruit prices. Mr. Anderson pointed out. Averaging \$4.40 a box as compared to \$2.98 a box in March, 1949, oranges brought \$174,627, topping all other individual items. Grapefruit averaged \$2.21 a box compared to \$2.94 a year ago and brought \$40,893.

Chalices led the other vegetables in total sales, but 50 pound sacks sold at an average of only 68 cents compared to \$1.55 a sack last year. It took 164,500 sacks to bring \$108,836. Cabbages brought \$1.87 a sack compared to \$1.55 a sack last year. Total receipts were \$93,184 for the month.

Red chili peppers brought \$1.80 a sack compared to \$2.51 in March, 1949. Tomatoes brought \$1.80 a sack compared with \$1.25 last year.

The green bean deal was fairly good, averaging \$3.05 per bushel versus \$2.50 last year. Pole beans at \$4.32 a unit brought 10,108. Peppers averaged \$3.88 a unit and brought \$12,730.

Two Men Are Injured In Weekend Accident

Two young men received minor injuries shortly after 2:30 o'clock Sunday morning when the 1949 Ford coach in which they were approaching Sanford about one-fourth mile from the city limits on Seminole Boulevard, left the road, turned over and plunged into the lake.

Earl M. Lee, 21, who was driving the car, had abrasions on the right forehead and G. W. Gray, Jr., 21, had a sprained right knee. The automobile, the property of Mrs. Grace V. Gray, was wrecked. According to State Highway Patrolman R. D. Harrison, damage to the car is estimated at \$1,200.

G. OF C. MERT
The Board of Directors of the Seminole County Chamber of Commerce will meet Tuesday night at 7:30 o'clock in regular session, Edward Higgins, manager, announced today.

Sanford Churches Are Filled To Capacity For Easter Services

Sanford joyfully celebrated Easter Sunday yesterday, and with fair weather and sunny skies to brighten up holiday fevers, residents thronged to worship in greater numbers than ever and churches were filled to capacity.

Savory hundreds of persons of all denominations attended the Easter Sunrise service at the Municipal Bandshell, and the program was sponsored by the playing of "Knox Overture" by the Seminole High School Band led by E. K. Mack.

"May New Year's Day" was sung by the Seminole High School Glee Club, with Miss Olin Stone with conducting. The band followed with "Christmas Eve" to complete the musical program.

The Rev. J. B. Hines of the Nazarene Church, in his morning prayer reading, and the service was delivered by the Rev. E. L. Lottin of the Holy Cross Episcopal Church, who was introduced by the Rev. Joe Hines, pastor of the First Baptist Church. Rev. Fred B. Horton, pastor of the First Methodist Church.

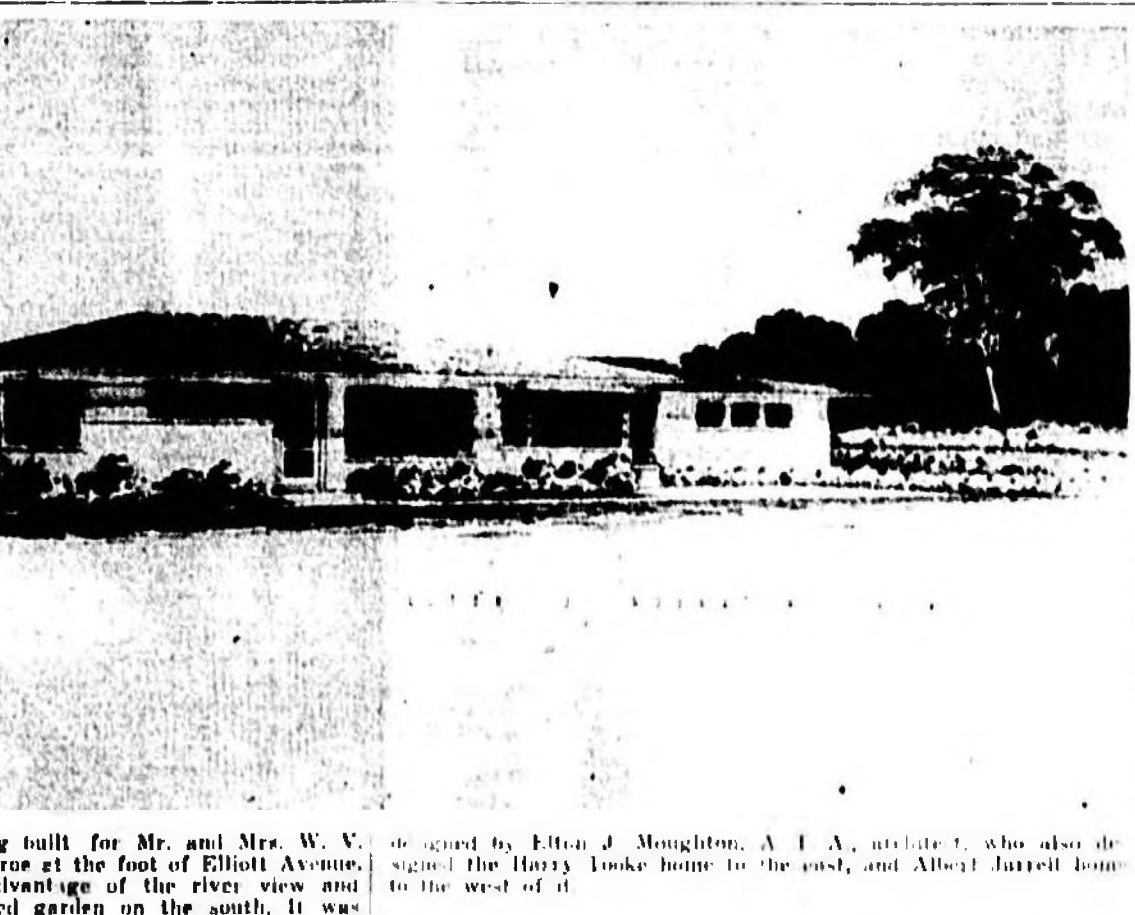

"I'm glad to see you, that is our preaching voice and your faith also," was the text from Corinthians, 14, which the Rev. Zimmerman used for his sermon.

He pointed out that all of the beliefs upon which our civilization is founded were "seasons" if Christ be not dead.

"But if he is risen," he declared, "which is the faith of the church, then these things, including church records, hope of immortality, justice among nations, and all the things of the Christian religion, become meaningless."

W. V. Biting Home

The new residence now being built for Mr. and Mrs. W. V. Biting is located facing Lake Monroe at the foot of Elliott Avenue. The home planned to take full advantage of the river view and the pool overlooks a well-enclosed garden on the south. It was designed by Elton J. Moughtin, A. I. A., architect, who also designed the Harry Locke home to the west of it.

8 Navy Fliers Escape Injury In Plane Crash

Reservists Were Returning From Bermuda Via Norfolk

BENTON HARBOR, Mich., Apr. 11.—(AP)—Eight Naval reservists from the Minneapolis area miraculously escaped injury early today when their PV-2 twin-engine plane crash-landed just off the Lake Michigan shoreline.

They were returning from a weekend flight to Bermuda by way of Norfolk, Va.

One of the crew, 22-year-old Lyle Pickett of St. Paul, Minn., swam about 200 feet to shore to get help. The others were brought in by canoe.

The plane—a land craft attached to the Glenview Naval Air Station at Chicago—had circled blindly over the area in a driving rain for more than an hour, arousing the twin cities of Benton Harbor and St. Joseph on the lake shore. Hundreds watched the plane go down.

Lt. (jg) Thomas Milton, the pilot, had about 40 gallons of gasoline left when he brought the plane down after failing to locate the airport here.

Scores of cars headed for the scene of the crash, but before anyone could get there the seven occupants remaining had climbed out and were standing on top of the fuselage.

Dr. Bouton, Bowers, prominent Benton Harbor surgeon, paddled his canoe out into the calm lake and brought the back to shore. He made four trips.

Within half an hour after the crash, a crowd of 800 to 700 persons had gathered at Jean Glock Park to watch the rescue.

Many of them had been at the city airport a short time earlier, shining the headlights of their cars in an effort to guide the pilot. Because of the rain, Milton was barely able to see the lights.

It had been feared that if the plane tried to land at the city airport it would run into a nearby gas station-power line. Attempts were being made to warn Milton of the danger when the crash occurred.

Meanwhile in Leicester, Mass., a (Continued on Page 2)

Possible Opening Date Is Set For Farmer's Auction

A resolution urging that the Auction Block at the Sanford State Farmers Market be put into operation at the earliest possible date was presented Friday night to the Seminole County Farm Bureau by the Seminole County Veterans Farmer Cooperative, and followed the reading was heartily applauded at the meeting which was held in the Future Farmers Building.

It was pointed out by Erik R. Mathieux, Farm Bureau president, that prospects seem very encouraging for the opening of the Auction Market. Similar markets, he stated, had proven successful in other Florida communities.

After considerable discussion, a tentative opening date for the Auction Market was set for Monday, April 17 at 3:00 P. M.

It was also proposed that a meeting be called by Sandy Anderson, market manager, at which representatives from all farm producing and marketing organizations will be invited, and at which J. B. Hogan, representative of the State Farmers' Marketing Bureau, be present.

The purpose of the meeting, said Mr. Mathieux, will be to discuss policies and methods of operation and periods of time during which it is to be operated. The market committee of the Farm Bureau will be asked to be present.

Co-operation of the Farm Bureau with the Seminole County Chamber of Commerce was emphasized.

A political action committee was appointed to draft a questionnaire concerning farm problems, which will be presented to candidates for public office. Gus Shannah was named chairman, Benson Carter, secretary. Members are A. B. Telford, Herbert Thurman, James G. Blankenship and Leo Butler.

A drainage and water control committee was appointed to cooperate with the agencies, and report what is being done in the farm areas.

The following "great speakers" (Continued on Page 2)

Two Florida Men Are Feted During Washington Meet

JACKSONVILLE, Apr. 10.—(Special)—The national convention, held in Washington, D. C., March 30-31, April 1 of the National Association of Produce Market Managers, honored two Florida men, an elected National President, Don E. Evans, Manager of the Dade County Cooperative Marketing Association of Miami, and G. H. Hogan of Pompano Beach, Assistant Director of Florida State Farmers' Markets, as a member of the Board of Directors. This is the second time this Association has chosen a Florida man as its president.

William F. Wilson, Director of State Markets, announced today. Mr. Wilson served as President of the Association in 1947.

Reports of the markets through-out the system show that the Starke State Farmers' Market, employed two exceptionally good days for the strawberry producers in that area. April 4th brought prices averaging \$14.60 per 30-pound crate with a total of 34,000 moving, and April 5th brought average prices of \$15.75 per crate for a total of 223 crates sold. One crate sold for \$28.00 and six crates brought as high as \$19.00 per crate. The strawberry volume is slowly increasing and with present weather condition should reach the peak in two weeks.

Fort Pierce Market expects approximately 5,000 bushels of fine quality California Wonder pepper to move through that market this week with an estimated five to eight thousand crates of cucumbers expected to move and ten to twenty thousand crates of tomatoes daily. Cucumber demand was good during the past week with stronger prices prevailing. Tomato prices ranged from \$2.00 to \$2.40 per bushel crate.

Wauchula Market reports volume is picking up very slowly on that market, the bad weather continuing to hold back production. (Continued on Page 2)

Generalissimo Franco's Daughter Is Married Amid Royal Splendor

MADRID, Spain, Apr. 10.—(AP)—Carmen Franco, only child of Generalissimo Francisco Franco, became the Marquess de Villaverde today in a wedding whose royal splendor has not been matched in Spain for more than 40 years.

The willowy brunette bride, all in white, wore a tulle dress designed by Balenciaga. Two footmen in 17th Century livery carried her live-wire train down the aisle of the Royal Chapel of Pardo Palace. The Marquess, an aristocratic Madrid physician, wore the uniform of the order of the Holy Sepulcher, in which he was knighted recently.

She is 28, he is 29.

The Catholic primate of Spain, Enrique Cardinal Pla y Daniel officiated, asking the bride if she wanted the Marquess as her husband.

"So You Quiero (Yes I do)," she responded in a voice clearly audible to the 800 guests.

The groom, whose own name is Cristobal Martinez Y Bordin answered in the same fashion.

The couple knelt before the altar with Franco, and the bride's mother, the Countess of Arzillo, kneeling beside them. After the exchange of rings, the Cardinal presented the bride the traditional 18 pieces of gold, a gift from the bridegroom. They were ancient coins weighing one ounce each (their value as metal would be about \$450).

The chapel was a blaze of uniformity of all decorations, while the women guests wore evening dresses with black lace veils covering their heads. The bride's veil was of white tulle, sweeping down from a diamond and pearl diadem. She (Continued on Page 2)

Dean Ferlong Of Stetson Talks To Rotary Club

Damper Of Unbalanced Budget In Government Weighed

One of the heaviest burdens to take over the United States government is the unbalanced budget. Dean Ferlong, dean of Stetson University, spoke today to a group of about 75 members of the Rotary Club on the subject of unbalanced budgets and the damage they do to the country.

He pointed out that the unbalanced budget is the result of a combination of factors, including the increase in government expenditures and the decrease in government revenues.

He stated that the unbalanced budget is a serious problem for the United States, and that it is necessary to take steps to correct it.

He suggested that one of the ways to correct the unbalanced budget is to reduce government expenditures and to increase government revenues.

He also suggested that it is necessary to reform the tax system and to increase the efficiency of government operations.

India, Pakistan Sign Agreement To Stop Feuding

Premier Nehru Calls On People To End Bitter Arguments

NEW DELHI, India, Apr. 10.—(AP)—India's parliament today approved a new India-Pakistan agreement to end the bitter feuding between the two nations.

Premier Jawaharlal Nehru called on the people of both countries to end their bitter arguments and to work for peace and cooperation.

He stated that the agreement is a significant step towards the resolution of the long-standing dispute between India and Pakistan.

The agreement provides for the cessation of hostilities and for the establishment of a framework for future negotiations.

Alex Foster, Life Long Resident, Dies

Mr. Foster, 72, was a life long resident of Sanford and was employed by the American Fruit Growers. He was a member of the United Fruit Growers Association.

McCarthy To Produce New Mystery Witness

WASHINGTON, Apr. 10.—(AP)—Senator Joseph P. McCarthy (R-W.Va.) today said he is ready to give names of witnesses in the name of a new mystery witness, who will be a Communist.

McCarthy made the announcement to reporters after returning to the capital from New York. He said he had been expected to get in touch with his prospective witnesses soon after the weekend.

Lattimore, John H. Tamm, prominent attorney for East Coast affairs, has denied that he is in touch with his prospective witnesses, but McCarthy's charges are being investigated by a Senate Foreign Relations subcommittee.

"I am giving the committee the name of the witness I wish to have called first," McCarthy said.

"I am asking the committee to subpoena him and have him testify."

McCarthy added that he expects to produce other witnesses who he said would back up his accusations against Lattimore.

The committee has made tentative plans to hear on Thursday winter witnesses McCarthy can produce.

Proclamation

WHEREAS, the general health and welfare of our citizens depend upon wholesome surroundings; and

WHEREAS, the health and welfare of our people are endangered by fire caused by the careless use of matches, and

WHEREAS, it is the duty of the city to take steps to prevent such accidents;
