

Personals

By **MARION S. JONES**

Mr. and Mrs. S. J. Jones and family, with Mr. and Mrs. Charles and children spent the week at Jones Camp on the Inland Waterway. Good luck attend to many requests, photographs, and more.

W. E. Harrell has received word of the sudden death of his cousin, Mrs. W. H. Harrell of Chicago, Florida. Mr. Harrell has been frequent visitor to Lake Mary.

Mr. and Mrs. Kenneth Lloyd of Jacksonville, Fla., are receiving congratulations on the birth of a son, Donald Earl, September 11. Lloyd is the son of Mr. and Mrs. J. A. Lloyd and attend school here.

Mr. and Mrs. Walter E. Raines, Sanford, spent Sunday afternoon evening as the guests of Mr. and Mrs. J. K. Jones.

Mr. and Mrs. J. H. Blake report a wonderful vacation spent in South Carolina and Georgia. Mr. and Mrs. A. J. Jr. his brother-in-law, Grover Carter and a group of friends flew to Waynesville, N. C. Friday, Sept. 11. Mr. and Mrs. Grover will be in Lake Mary Saturday, Sept. 12. Mr. Theodore A. Jr., his wife and sister respectively, at Waynesville.

Mrs. Audrey A. Myers is confined to the hospital in Eustis, where she will undergo surgery. Mr. and Mrs. Charles S. Lee, Jr. have returned home following several weeks spent in Waynesville, N. C.

Miss Robbina will attend a Beauty Training School this week at Boston studios at Deer Lake. Orientation begins Sept. 20 on the campus.

Mrs. James H. Brookshire returned Sunday from Atlanta, Ga., where she accompanied Jimmy, who entered Georgia Tech.

Dunn Ulvey, Jr. leaves Sept. 22 to begin his sophomore year at Florida Southern. He attended Florida University this summer.

Mrs. A. B. Tolson is a patient at Memorial Memorial Hospital where she underwent surgery Wednesday.

Miss Boyer and Jack Briggs, who head the New Tribes Mission Camp here were sent to Wisconsin to conference and have been returned to the local camp.

TAKE YOUR CHOICE, LADIES, it's short or long this fall, according to Paris fashions. At the short end of the deal is a hobbie skirt (left) in a light navy wool ensemble. Beneath the short, form fitting jacket, the dress is sleeveless with a scoop neckline. Going to greater lengths is the charcoal brown crepe daytime dress. The extravagantly bloused tunic top and loose neckline give a top heavy effect with the skirt reaching down to mid-calf.

When Are Books Like A Harem?

UKIAH, Calif. (UPI) — If you were the sheriff of Mendocino County in California and a local judge asked you to buy him the Taj Mahal and six dancing girls, would you do it?

Judge Oscar H. Klee of the Big River Judicial District made no such exotic request; all he wanted was some lawbooks. But Sheriff Rene H. Barolomic contended that it was the same thing. He said he did not have to buy the judge law books any more than he would have to buy him "the Taj Mahal and six dancing girls."

At this point, the County Board of Supervisors decided to settle the whole thing by setting aside \$720 to buy the books. The money came out of Judge Klee's salary.

Lake Mary

Personals

By **MAE HAY SPOONER**

A most welcome visitor at the home of Mr. and Mrs. Marshall Smith has been Mr. Smith's brother, Kenneth Smith.

Mrs. C. D. Donaldson has returned from visiting her brother, Roy Whidden, who is in at his home in Tampa.

The P. D. Andersons spent a three week vacation in their home state this year. They visited friends in Deland, Orlando, made a tour of South Florida all the way to the Everglades and many other places near and far in the state.

Included in their itinerary was a trip to Tarpon Springs including the boat trip and sponge diving exhibition, swimming in the Gulf and a boat trip through the mangrove swamps.

Lake Mary has some interesting places and they have no relatives in the whole kind. They are the E. H. Case family—Mr. and Mrs. Case, Barbara and Peggy Miller, who recently attended a "Hamfest" sponsored by the Daytona Beach Amateur Radio Club at Daytona Beach.

Mr. Case has his own "Ham" station in Lake Mary with call letters WANGR. He and his family are extremely enthusiastic about their hobby. Mr. Case is Vice President of the Lake Mary Chamber of Commerce and they couldn't have picked a better one because he is forever singing the praises of Lake Mary to the other "Hams."

Friends of Mrs. Frank Lee will be glad to know that she is recovering satisfactorily at Memorial Hospital from surgery.

Mr. and Mrs. H. M. Huff have had the pleasure of a visit from Mrs. Huff's son, James Palmer. Mr. Palmer has just returned from duty with the Armed Services in Korea. He will now enter Mr. and Mrs. Ralph Abell have returned from a visit with friends and relatives in Indian Head, Md. college in Utah.

Charles Stallings, son of Mr. and Mrs. P. H. Stallings, suffered a very painful accident on Friday afternoon. He was thrown from a horse and broke his collarbone.

Frost Already?

United Press International
With autumn a week away, winter descended on the northern United States today.

The weather bureau predicted a repetition of the 20 and 30-degree temperatures that brought a layer of frost Wednesday to New England, New York state and Michigan.

Light snow was forecast for the northern Rockies, matching the brief snowfall Wednesday near Kinross, Mich.

A tornado broke through the frosty weather pattern in south central Kansas, but no damage or injuries were reported.

The weather bureau said temperatures would be below normal at least through mid-October, except near the Gulf Coast. The coldest regions will be near the Great Lakes and in the Ohio Valley and Northeast.

Steel Firms Refuse Ike Board Offer

NEW YORK (UPI)—David J. McDonald, president of the United Steelworkers of America, today rejected the steel industry's offer to appoint a non-governmental fact-finding board to help settle the 65-day-old steel strike.

"It is a hollow vote when an industry can vote a request by the President of the United States," McDonald said as he entered this morning's session of the deadlock of wage negotiations.

E. General Cooper, executive vice-president of the U. S. Steel Corp., who announced the industry's rejection, declined to say anything further.

Cooper, the 12 major companies' chief negotiator, announced the industry's rejection Wednesday night a few hours after it was revealed that the United Steelworkers Union supported the president's suggestion aimed at settling the strike.

"The companies have not asked for any form of government intervention and will not request appointment of a fact-finding board," Cooper said.

He pointed out that the companies have not sought use of the Taft-Hartley Act, either, but added:

"If the strike called by the union is now assuming the potential of harm to the nation in addition to the serious harm already inflicted upon the companies and their employees—it was for such a situation that Congress prescribed the Taft-Hartley procedure 12 years ago."

The Taft-Hartley Act permits the President to obtain an injunction requiring strikers to return to work for an 80-day cooling off period. The union is strongly opposed to using the act.

Workers Wanted For Farm Census

Applications for census takers' jobs for the 1959 Seminole County agriculture census will be accepted starting Monday.

Applicants should contact Kenneth W. Zeh, 133 Milton Rd., Daytona Beach, Zeh is crew leader for this area. His phone is CL 3-4507.

Census takers' job applicants must be United States citizens, have a high school education or furnish evidence of comparable experience, be in good physical health and of excellent character, and be at least 18 years old. Farm census job applicants must have a driver's license, provide a privately owned car in good condition. They will be paid seven cents a mile for official travel.

Applicants must have enough money to sustain themselves for about five weeks from the time they are employed, until they receive their salary check.

Veterans who meet all requirements will be given priority over non-veterans.

Mr. H. E. Patton Dies Suddenly

Mr. H. E. Patton, 100 Wilkins Dr., County Club Manor, died suddenly yesterday in Ocala. He was born Oct. 31, 1923, in Titon, Ga. and has lived in Sanford for the past five years. He was co-owner of the Midway Grocery.

He is survived by his wife, Mrs. Lee Patton; his mother, Mrs. R. A. Patton Sr., Valosta, Ga.; one brother, R. A. Patton Jr., Mobile, Ala. and one sister, Mrs. Leroy Chitty of Albany, Ga.

Funeral arrangements will be announced later by Brison Funeral Home.

Split-Level Still Found By Officers

FORT LAUDERDALE (UPI)—Sheriff's officers found an illegal liquor operation capable of grossing an estimated \$100,000 a year in a large deserted home here.

The \$35,000 split-level home, located in a fashionable residential section, was on a three-acre plot some 100 yards away from the nearest neighboring house.

Inside officers found 41 35-gallon barrels of mash waiting to be cooked. A big boiler had been chopped in a bedroom floor to accommodate the still's cooking unit.

Jaycees Sponsor Polio Inoculation

The Jaycees will sponsor a polio inoculation Oct. 24 in an effort to spark a countywide drive to have everybody immunized against the disease.

Emphasis will be on school age children, but all residents, white and Negro, are urged to get the polio shots to be given at the new Jaycee building on French Ave. The shots will be given at a cost of only \$1 and the Jaycees said they have a supply of vaccine committed for the project.

A full series of the shots will be given, starting Oct. 24.

U. S. Manned Rocket Success In First Flight On Own Power

IT'S A BIG ONE, said Soviet Premier Khrushchev as he ogled a turkey shown him by Agriculture Sec. Benson during a visit to a Beltsville, Maryland farm research center. Khrushchev was surprised at the size of the bird. (UPI Telephoto)

X-15 Flies 1,200 mph Up To Nine Mile Height

EDWARDS AIR FORCE BASE, Calif. (UPI)—An experimental X15 manned rocket successfully flashed across the desert under its own power for the first time today in the "Kitty Hawk flight" for human space travel.

Test pilot Scott Crossfield brought the ship designed to probe the fringes of space to a skidding halt on a dry lake bed. Fourteen minutes earlier, the X15 was released from a bomber flying at 30,000 feet altitude and its engines cut in for the first time.

The half airplane, half rocket ship flew to a height of nine miles and traveled about 1,200 miles an hour on today's initial powered flight.

Like the Wrights' first heavier-than-air flight 54 years ago, today's X15 only hinted at things to come in ultra-sonic space travel.

The 15-ton rocket craft streaked on a 100-mile triangular course over the Mojave Desert before Crossfield brought it in for a 200-mile-an-hour landing at Rogers Dry Lake. Because of its abbreviated airfoil surfaces, the ship has to land that fast or stall out.

With crash and fire trucks standing by, Crossfield brought the unwieldy plane in with its nose high in the air to get as much lift as possible out of its stubby wings.

The X15 landed on steel skids at its rear and finally came to rest on the skids and a conventional nose-wheel.

Butler Supported, With Reservations

WASHINGTON (UPI)—Democratic National Chairman Paul M. Butler, turned to 1960 campaign problems today with the backing of the party's national committee.

Butler was upheld by the committee on his recommendation that the 1958 convention "good faith" rule be renewed and that convention votes be reapportioned for 1960.

His twin victory did not mean that an effort might not be made to use him at the next time the national committee meets, probably in January. Many committee members said they were "not for Butler" but added that they were not ready to move to replace him.

In the wake of the harmonized national committee session, Democratic state chairmen and vice chairmen today opened three days of closed campaign organization meetings under Butler's leadership.

Sen. Hubert H. Humphrey (D-Minn.), one of the party's presidential aspirants, will address the chairmen tonight. Sen. Stuart Symington (D-Mo.) another hopeful, and Gov. G. Mennen Williams of Michigan speak to them Saturday night.

The members considered offering a motion to unseat Butler and "draft" former President Truman as his successor. But the two, Stephen W. Langmads of Arizona, and Mrs. Bernice Kingsbury of Montana, were dissuaded by colleagues who warned that their effort would be overwhelmingly rejected, thereby strengthening Butler's position.

Stalin Portrait Fades Away

WASHINGTON (UPI)—The portrait of former Soviet Premier Josef Stalin, which hung until recently in prominent display at the Russian embassy, was gone from its usual spot just prior to the arrival of President Eisenhower and other guests noticed that the Stalin portrait was missing.

Khrushchev has accused Stalin of various crimes, and was angered when asked at a National Press Club lunch where he had been when the Stalin crimes were committed.

Man Breaks Door, Saves Sleeper

Breaking through a trailer door, airman James Hutton last night roused Julius Earl Sims from a burning trailer at the Pinecrest Trailer Park.

The house trailer owned by Sims of the Naval Air Station, was a total loss. Sims was asleep when the 3:30 a.m. fire broke out. Hutton belongs to another NAS unit.

TB Association Requests Typists

The Seminole County Tuberculosis and Health Association needs women typists during the Christmas Seal drive to start soon. Interested women should call Mrs. Lorraine Graham at FA 2-4792, or stop at the association office in the Roundtable Building.

Khrushchev Can't Fool U. S. With Looks, President Says

WASHINGTON (UPI)—President Eisenhower today firmly rejected Soviet Premier Nikita Khrushchev's prediction that communism will eventually replace democracy and capitalism in the world.

Eisenhower also told a news conference he has reached no agreement whatever with Khrushchev to exclude Laos, or any other so-called "third country" from their forthcoming talks at Camp David following completion of the Soviet leader's cross-country tour.

The president said that no matter how sincere and colorful Khrushchev might appear to the public, he did not believe American would be fooled by the Russian leader's generous forecasts of Communist dominance in the world.

Khrushchev said Wednesday that his oft-quoted remark that Communism would "bury" democracy was meant historically and was not meant to mean "the physical burial" of the American people. He predicted anew that communism would supplant capitalism.

Eisenhower said that, thus far, his conversations with Khrushchev had been confined to a general restatement of position and agreement on the agenda for the Camp David talks. Therefore, he said, it was not possible to detect any change in the basic Soviet stand that has led to East-West tension.

Khrushchev was expected to travel to the United Nations a dramatic proposal for a permanent ban on production of H-bombs and other nuclear weapons.

Well-informed American officials said today that would be the next logical step for the free-swinging Russian leader, who already has called for a ban "forever" on nuclear weapons tests.

Sources in a position to know said Khrushchev did not mention the planned disarmament proposal to President Eisenhower during their two-hour "preliminary" conference at the White House Tuesday.

Khrushchev disclosed in a speech at the National Press Club Wednesday that he planned to make the disarmament pitch in his address to the UN Friday. He said: "The Soviet government intends to submit to the United Nations a proposal which, we hope, will play an important part in the solution of this, the most burning issue of our time."

Khrushchev arrived in New York today and got another cold reception from a massive crowd that jammed the streets. A lunchtime crowd of almost 40,000 persons jammed the few blocks from Pennsylvania Station to Fifth Avenue as the world's top Communist arrived for the beginning of his trans-America tour.

There was polite clapping from a few persons and an occasional isolated cheer. But, as in Washington, Khrushchev got mainly the silent treatment.

Bargains And Fish

Constable J. Q. "Slim" Galloway and Gus Schmah will do the frying and professional auctioneer Herb Collier will be one of the two price callers at the Sanford Kiwanis Fish Fry Saturday.

More than 300 items have been contributed by local merchants to be auctioned at the 5 to 7 p.m. event. Money from the sale will go to the Underprivileged Children's Fund, the Scholarship Fund and the Foreign Exchange Student Fund. Admission is \$1 for adults and 50 cents for children. The eating and auction will be at the Sanford Farmer's Auction Market at route 17-92 and Ocala Rd.

Cooperation from Sanford merchants has been "extremely good" says project chairman William Gramkow. George Mills is in charge of getting the merchandise to the auction. U. Andrew Speer has handled acquisition of the items, Bob Davis handles arrangements for the fish fry and A. L. Wilson is in charge of ticket sales.

Trafficante Trial Ends As Defense Criticizes Cop

CLEARWATER (UPI)—Closing arguments in the bribery trial of Henry Trafficante wound up today with the defense calling the state's star witness an "unscrupulous" policeman seeking promotion.

The case was expected to go to the jury after the judge's charge this afternoon. Trafficante was charged with bribing Detective Sgt. Harry F. Dietrich to protect a lottery ring.

Defense Attorney Mark Hawes inferred that Dietrich trumped up the bribery story while seeking promotion to police chief.

"He's just that unscrupulous," he said.

He said the only evidence that Trafficante ever gave Dietrich any money came from "the slippery mouth of Dietrich." He said no one had ever corroborated the detective's story.

State Atty. Clair A. Davis summarized the state's contention that Trafficante gave Dietrich 10 specific bribes, including cash, tailor-made suits, two cases of whiskey and a television set.

Mahan Member Of Loan League

A Sanford executive is one of more than 70 charter members of the new statewide Consumer Loan League of Florida.

He is Robert A. Mahan, of the Seminole Loan Corp.

News Briefs

14,000 Accidents
TALLAHASSEE (UPI)—The Highway Patrol said today it investigated more than 14,000 accidents in Florida during the first seven months of this year in which 307 persons were killed.

Inquiry Promised
OCALA (UPI)—Penal Director H. G. Cochran Jr. has promised to look into reports that Lowell Prison Warden Harvey West abused women inmates but said he would take no action until his investigation is complete.

Fruit Shipments
WINTER HAVEN (UPI)—Daily carloadings in boxes from the Citrus Vegetable Inspection Division: By rail, 1,050 grapefruit; by boat, 268 grapefruit; by truck, 19,866 grapefruit; total shipments, 21,186. Cannery receipts, 864 grapefruit.

Cuba Raises Tax
HAVANA (UPI)—Premier Fidel Castro's cabinet, apparently hoping to decrease drinking in Cuba, has decided to increase taxes on wine and liquor 500 per cent or more effective Oct. 1. At the same time, five cents will be added to the beer tax.

Witness Is Diplomat
LOS ANGELES (UPI)—Columbian Mait Welnick reported the case of a wife who is sued at breaking bad news. TV director Abner Biberman's wife phoned him and said, "I seem to have gotten some water in my wrist watch." "How did you do that?" Biberman asked. "I backed the car into the pool," she answered.

Satellite Try Fails
CAPE CANAVERAL (UPI)—The United States apparently failed today in an effort to push a 265-pound global navigation satellite into orbit around the earth. A tall Thor-Able rocket shot the satellite aloft at 9:34 a.m. but the Defense Department announced an hour later that the rocket's third stage apparently failed to fire, and "it must be assumed that the satellite did not orbit."

D. W. Dreggors Jr. Dies At Geneva

Mr. Daniel W. Dreggors Jr., 64, died suddenly at his home in Geneva this morning. He was born June 26, 1917, at Eustis and has lived in Geneva for the past 28 years.

He is survived by his wife, Doris, one son, Edward D., and his father, D. W. Dreggors, all of Geneva; five brothers, Wilbur of Texas; Clifford, of Palatka; Andrew of Eustis and Truman and Earl, both of Jacksonville. Also three sisters, Mrs. Eva Cowart of Ft. McCoy, Mrs. Loris Cowart, Ocala and Miss Margaret Dreggors of Geneva.

Funeral services will be held Sunday at 2:30 p. m. in the First Baptist Church, Geneva, with the Rev. Jack Stewart, officiating. Burial will be in the Geneva cemetery with Brison Funeral Home in charge.

Comptroller Asked For Hearing On County Appraisal

County commissioners accepted the Dowling Appraisal Co. property reappraisal this morning as "up to date, fair, equal and valid to the best of our knowledge" and said the appraisal cards will be made available to Tax Assessor Mary Marie Walker.

The commission instructed Attorney Mack Cleveland Jr. to telegraph Gov. Collins and Comptroller Ray Green, asking for a hearing on "the appraisal situation in Seminole County."

"If the tax assessor won't accept the appraisal as a basis for compiling the 1959 tax roll there is nothing for the commissioners to do but 'throw it back into Ray Green's lap again,'" Chairman John Krider said.

Mrs. Walker had refused Tuesday to have the appraisal cards in her office until they have been given a final approval by the commission. She also requested they be reviewed.

Commissioner David Gatchel found the suggestion that if the commission accepts the cards "up to this point," perhaps Mrs. Walker will look them over.

The commission received the appraisal but did not officially accept it Tuesday.

The commissioners have the final say on whether to accept the tax roll. Krider decided "We must sign the tax roll as being fair and equal and I will never sign one similar to the 1958 tax roll," he said.

County money to pay teachers' salaries will be needed in December, said School Supt. R. T. Milwee. If the schools don't have the money by then, funds must be borrowed by the school board, based on the receipt of tax money, Milwee said.

Asked by Milwee what would happen if the commissioners didn't accept the tax roll by Oct. 1, Krider said he wouldn't predict the results.

"How can the commissioners accept using last year's roll when Ray Green says it was one of the worst in Florida," Krider asked.

By refusing to accept the Dowling appraisal the assessor has saddled the commissioners with wading the taxpayers' money, Gatchel stressed.

Mrs. Walker "has thrown \$70,000 of the taxpayers' money right back into our lap, when as late as May 4 she pledged that she didn't want to see this money wasted," Gatchel said.

"We believe that a tax roll starting today can be produced Nov. 15, including book opening and equalization hearings," said Krider.

Mrs. Walker's statement that she would not use the Dowling appraisal in compiling the 1959 tax roll "is completely silent" as to whether she intends to use it or not in the future, Cleveland said.

"I am busy working on the 1959 tax rolls and am unable to attend any meetings of any kind," said a letter from the tax assessor in answering to the commissioners' invitation to attend this morning's special session.

Red China Fires Top Military Men

LONDON (UPI)—Communist China has fired two of its top military officials, the minister of defense and the army chief of the general staff, Radio Peiping announced today.

The broadcast said that Marshal Peng Teh-huai had been "relieved" of his post as defense minister and replaced by Vice Premier Lin Biao.

No reason was given for Peng's dismissal or the removal of Gen. Huang Ke-cheng as chief of the general staff. Neither were any new posts announced for the two.

Two-Area Drainage Survey Needed

The Tanglewood and Temple Terrace areas need a complete new engineering survey for permanent drainage relief, County Commission Chairman John Krider said after residents of these sections asked again for relief from high waters.

Petitioners from the Lakemont and Magnolia Avenue areas asked that something be done to relieve flooding around their homes. Recent rains have made the flooding

even worse, said Mrs. A. L. Conroy, 1212 Magnolia Ave. Waters seeped into a nearby resident's Florida room, she declared.

An additional drainage well or increasing the capacity of the present well for the area has been sought by the petitioners.

Spot drainages will not solve the situation, according to Krider and a drainage district covering the whole Temple Terrace-Tanglewood area is needed, County Engineer Robert Davis added.

Orange County would have to be consulted because water would have to go through Orange on its way to the Eronlochhatchee River, Davis said.

The county just doesn't have sufficient funds to put in a drainage well for the area, Krider said. A meeting is to be held with Temple Terrace-Tanglewood residents and the commissioners at Monday.

Florida Anglers Show 'Em How

SAN DIEGO, Calif. (UPI) — One more day of fishing for yellowtail in California waters was underway today before the California-Florida open fishing tournament switched to the Florida bays and bays.

Florida anglers entered today's competition with a total of 1,174 to 1,086. That lead was held yesterday when Florida fishermen scored 454 points compared to California's 139.

Only seven yellowtails were caught due to poor weather conditions.

Lloyd Miller of Miami hooked three yellowtails with an eight pound line for a total of 230 points. Tournament Director of West Palm Beach, Fla., brought in two 100 pounders.

Walt Stunkard of San Diego was the only California angler to score. He got two yellows worth 130 points.

The final four days of the tournament will be in Florida waters off Islamorada. The contestants now have a total of 19 pounds of fish. Points are awarded on a scale depending on the weight and the strength of the fish.

AFL-CIO Opens Meeting To Combat New Labor Bill

SAN FRANCISCO (UPI) — The AFL-CIO, worried and angry, opened a convention today to face the new labor law in effect in California.

More than 1,000 delegates will attend the convention which will be held at the Waldorf Astoria Hotel in San Francisco.

The AFL-CIO Executive Council is planning to contribute a penny a day.

"I am sure," has given trade unions a bad name with the public.

To fight the battle of the moment, the steel strike, the AFL-CIO Executive Council is planning to contribute a penny a day.

A Russian language course will be held this year by the county school system, with a native Russian teacher.

Michael Zverkin, who was born and educated in Russia, was a captain with General DeWitt's Free French and who now lives in Longwood, will be the instructor. Zverkin came to the United States in 1951.

An organizational meeting for the course will be held Sept. 29 at 7:30 p. m. at Seminole High School. All interested persons should call or send a card to E. S. Douglas, Director of Adult and Vocational Education, School Administration Bldg., Sanford, Phone FA 3-4185.

The new textbook to be used this year is "Essentials of Russian" by Andre von Gromika and Helen Bates-Yakubson, published by Penguin-Hall, Inc. Besides the 96 text the only other cost for the course is a \$1 registration fee.

"This is a rare opportunity for residents of this area because of the difficulty in finding an instructor who is really qualified to teach this subject," says Douglas. The course will be financed by county and state funds.

Dancing Classes To Begin Monday

Registration may now be made for the Sanford Recreation Department's ballroom dancing lessons to start Monday.

Only the first 30 couples in the adult class and the same number in the junior and senior high class will be accepted, says Recreation Director Ronald Perry.

The younger class will start at 6:30 p. m. and the adult instruction at 8 p. m. Howard Milligan, who taught the course last year, will give the 10 weeks free instruction.

Death Toll Of 100 Feared In Collapse Of Building

BARLETTA, Italy (UPI) — Rescue workers dug feverishly through the rubble of a five-story apartment building today, fearful they would find the bodies of many more victims of a new building which collapsed.

The bodies of 99 men, women and children, some of them crushed beyond recognition, had already been found. Thirteen persons, all severely injured, were pulled out of the wreckage but it was feared the final death toll might be anywhere from 60 to 100.

The job of clearing through the huge mass of concrete, rock and twisted metal went on through the night under powerful spotlights. But it was an almost hopelessly frustrating task.

"The only ones who can possibly survive this tragedy are the 13 injured who are now in the hospital," a police official said.

Student Chokes In Initiation By Fraternity Group

LOS ANGELES (UPI) — A 21-year-old University of Southern California student choked to death today during a large piece of raw liver he bit on as part of his initiation into a fraternity.

Richard Swanson, a pre-medical student, collapsed at the Kappa Sigma fraternity house when the piece of meat lodged in his throat. Police said the liver weighed about a quarter of a pound.

An ambulance was called, but the student died before he could be taken to the hospital.

Driver Nathan Rubin said: "I got practically no cooperation at all. If someone had told me what had happened I might have been able to save him."

Rubin said Swanson was still alive when he arrived.

"They told me he had spasms of the throat," he said. "I reached my finger in his throat, but I couldn't feel anything."

Thompson said Kappa Sigma President Dan Hayes 24, was being questioned.

"If we took him it will be for manslaughter because none of the boys spoke up and told Rubin what was actually happening. We are talking to Hayes since he was the president and therefore responsible for what goes on at the fraternity," the officer said.

Atom Conference Set At Vienna

VIENNA, Austria (UPI) — The International Atomic Energy Agency will hold its third general conference in Vienna beginning Sept. 22, it was announced today.

At the same time, the Austrian government reported that the United States, Britain and the Soviet Union will provide Austria with uranium through the world Atoms-for-Peace organization.

Second Best Year Seen For Auto Companies

MIAMI BEACH (UPI) — Chrysler Corp. President L. L. Colbert predicted today 1958 might be the second best year in the history of the automotive industry, falling just short of the all-time record set in 1955.

Colbert told more than 600 automotive writers and radio and television representatives at a national news preview of his company's cars and trucks that "the right combination of favorable factors" could push 1958 new car sales to the seven million mark.

"In spite of our optimism, however, we are not expecting 1958 to equal or surpass 1955, when 7,300,000 cars were sold at retail," he quickly added.

Colbert said Chrysler has invested more than 150 million in developing and bringing to market its 1958 cars, based on his optimistic prediction.

"We are bringing out what may well be the most sweeping new model program ever undertaken by any auto company," Colbert said.

"We are taking the unusual step of bringing to market simultaneously two new cars in the low price field. This never happened before in the automobile business."

The corporation is introducing two new lines, the Valiant and the Dodge Dart.

All of the 1958 models will have unitized construction — a process in which the body and the frame are made as a single unit.

The Chrysler president also said he expected continued growth in the auto industry throughout the next decade.

Milk Price Control Applied In 14 Counties

JACKSONVILLE (UPI) — The Florida Milk Commission has put a retail price floor under all whole milk sold in 14 northeast counties.

The commission, consisting of a five-day hearing, voted to set a minimum retail price of 20 cents per gallon for all whole milk, including both pasteurized and homogenized products.

Earlier the group had voted to establish a price floor for grade A pasteurized milk to help small independent dairymen cope with larger processors. Wholesale prices for milk were set at 14 cents per gallon for all whole milk, including both pasteurized and homogenized products.

Most processors seemed satisfied with the decision but said it was the early to call how it would affect the retail market. Donald Perrot of G. A. Perrot Dairy said although the retail store was most protected by the price fixing, it also would help stabilize the entire market.

A survey of Duval County dairies showed they want to study the new ruling more before deciding what to do about them. None of those contacted mentioned any plans for a price cut to meet the minimum.

The commission's order becomes effective 15 days after it is posted with the secretary of state.

The price floor will apply to 14 counties in northeast Florida stretching from Nassau west to the Suwannee River and south to Gladesville and Palatka.

Pryor Team Holds Bowling Lead

Irving Pryor's insurance team held on to the lead in the Standard Bowling League by one game margin as they lost two games to the Foodmart, the one-seed place team.

With a total of 7-4, Pryors will have to work to keep ahead of the grocers now, who have a 6-7 record. Lucille Harris, rolling high for the grocers, picked up the 6-7-10 split, along with a turkey, to add to her 445 series. Lillian Ogden led the underwriters with her 439 series.

Wilson-Mater Furnishings gave up two games to the Pig 'N' Whistle, both lost by handspins.

Those two teams share the third spot this week with Robson's, all having a 4-5 total. Margie Wood was high on the Samsons team with her 605 series, and Connie Morland led the restaurant team.

Robson Sporting Goods turned on the heat and took all three games from Soumillat & Anderson. They also took over the team handspins series money with their 3420 series, 525 games. Lottie Whitehead led the sportswear with her 441 series, making the 6-8-10 split while doing so. Ben Kromer picked up the 8-10 to add to the dogpaw's score, as did Mary Lou Dunbar, rolling high for the same team.

If Robson's can do a repeat performance next week, they will be seeing the first place position for the first time, as they meet the Insurance team on lanes one and two. Soumillat hopes to regain their status as they meet the Pig 'N' Whistle on lanes three and four. Wilson-Mater will have their chance at first spot also, as they go against the Foodmart down on lanes five and six.

MR. GILLILAND, ATI GILLILAND AND MEDAL

Navy Man Gets Purple Heart

J. E. Gilliland, ATI, was presented the Purple Heart Medal by Commander N. K. McInnis, Commanding Officer of VAH-3, Wednesday. Gilliland was awarded the Purple Heart for injuries received in Korea on December 11, 1951.

On the afternoon of December 11, 1951, Gilliland with the pilot and another crewman took off from the USS Valley Forge in an AD, a single engine propeller aircraft. They were on a mission with another AD. Just south of Wonsan, Korea, they ran into anti-aircraft fire. Gilliland's plane was hit and caught fire. Gilliland, the pilot, and the other crewman parachuted to safety.

When the plane was hit Gilliland received an injury to his shoulder.

Supersonic Bomber Fails On Takeoff, Kills Two.

FORT WORTH, Tex. (UPI) — Air Force authorities today began an investigation that may show why a B-58 Hustler supersonic bomber crashed and burned on takeoff Wednesday night, killing two Carwell Air Force Base crewmen.

The third crewman, the pilot, Maj. Kenneth Lewis of Denver, Colo., pulled himself from the mangled, flaming wreckage. He was hospitalized at the base for treatment of second and third degree burns on his hands and a leg.

The Air Force identified the dead crewmen as Maj. Willis A. Edgcomb, 39, of Gary, Ind., and Capt. Leo N. Barnett, 32, of Knox, Pa.

Air Force spokesmen said the giant, delta-wing bomber was making a routine takeoff when one of its pod-like jet engines sprang flames around its housing. Lewis attempted to stop the racing aircraft, "but something went wrong," a spokesman said.

The surging, needle-nosed bomber roared into arresting chains near the end of the runway. The chains were put there to stop aircraft in trouble before they run onto a highway near the end of the runway.

But the B-58 was going too fast and the chains ripped off its spider-like landing gear, sending the craft sprawling on its belly. The fuel-heavy airplane burst into flames.

License Checks Upheld By Court

TALLAHASSEE (UPI) — The State Supreme Court has upheld the power of Miami police to stop motorists to check drivers' licenses.

The high court overruled Wednesday a temporary injunction issued by Circuit Judge George E. Holt restraining Miami police from erecting road blocks to check licenses.

The court said it was essential that the "individual right" be recognized but ruled that the power to check drivers' licenses was a "proper and reasonable" police power of the city.

The question was raised by former Miami Mayor Abe Aronowitz who maintained the license check was an unconstitutional invasion of his right to use the public streets.

Aronowitz, who was caught in a road block in January, said he did not plan to take his fight to the federal courts. Miami Police Chief Walter Handley said he hoped to "reactivate the road block program" as soon as city officials give him a go-ahead.

Cartoonist Ill

WASHINGTON (UPI) — Herbert Block, Pulitzer Prize-winning editorial cartoonist for the Washington Post and Times Herald, suffered a heart attack last weekend and will be hospitalized a few weeks.

FAT OVERWEIGHT

Now available to you for first time without a doctor's prescription, our new drug called ODRINEX. You must lose ugly fat in 7 days or your money back. No more starvation diets, strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers or cookies, or chewing gum. ODRINEX is a tiny tablet and easily swallowed. Absolutely harmless. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food. Automatically your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX is sold on this GUARANTEE: You must lose weight within 7 days or your money back. Just return the package to your drugist and get your full money back. ODRINEX costs \$3.00 and is sold with this strict money back guarantee by Liggett-Touche Drug Store 21 E. 1st. Mail Orders Filled. Adv.

Captive Host Role Seems To Chafe Ike

The No. 1 Communist in Washington and reports are not in enjoying his visit to America much more than his host, Pres. Eisenhower is.

One story said that the president acted "as stiff as a board" in showing his grandmother around the White House. Another said that the wrong way to be in a little Soviet-type humor about the moon went into the conversation as they shook hands for the first time.

We have to seek all avenues to a peaceful world, but we must be grinding his teeth to keep from telling the Russian, who showed his nerves before an international guest list by appearing at the president's formal dinner in a business suit.

He should have stayed completely in character and worn the red coat.

Well, It Rained

Well, it rained, but it could be worse. Over around Tampa not too long ago, the high waters set right up in the houses. The folks rode that out patiently, when the snakes and alligators moved in, they yelled for help. These people had drainage problems a-la-mode.

While no gators have been reported in kitchen sinks in this area, the county commissioners have been deluged with requests for relief from high water levels. Residents all are inclined to put their particular problem on the emergency list, and are justified to a certain extent.

But they ought to remember that rain has been falling everywhere and that until it stops, there just isn't going to be any real solution to their problems.

It's been a wet summer—after that wet winter, too.

Croons Academy Offers Classes

A course in beginning typing and bookkeeping will be offered at Croons Academy Sept. 20 at 7 p. m. The class will be taught by Mrs. Elsie Kubacki, who has been in the school.

The only charge for enrollment will be a fee of \$1 and the cost of materials. The class will meet each Tuesday and Thursday from 7:30 to 10:30 p. m. Students may enroll at any time but it is hoped that all those interested will report for the first class.

In addition to this course, the adult and vocational branch of the Seminole County school system offers the following:

General education course for veterans who meet each night Monday through Friday, under the direction of adult high school Principal Horace Jackson. These courses are designed for adults desiring a high school diploma.

High school classes for non-veterans are taught each Tuesday and Thursday at Croons by Mrs. Daphne Francis.

Reading classes for beginners and for those who want to improve their reading ability are

offered each Tuesday and Thursday. The teacher is Mrs. Katie Bendler.

A course in masonry Monday through Thursday, from 3 to 5:45 p. m. is conducted by Leroy Brown.

There is a class in tailoring each Monday and Tuesday from 7:30 to 10:30 p. m.

There are also general education classes conducted at Roswald School in Altamonte Springs each Tuesday and Thursday from 7 to 10 p. m.

Applicants may report to these classes for registration or to E. S. Douglass, Director of Adult and Vocational Education, School Administration Building, Sanford, FA 2-4163.

Nasty Words

APPLETON, Wis. (UPI)—Mrs. Louella Vaught told a judge Tuesday that her husband, Alvin, called her a "rebel" and beat her. Vaught, a southerner, charged with assault and battery, countered by saying that his wife had called him a "Yankee."

Assignment Washington

BY ED KOTTERA

WASHINGTON — Up to the dying days of a Congressional session, the confusion on Capitol Hill is so orderly that a visiting taxpayer departs with a sense of simple, confused calm.

But it's on those dying days that our lawmakers come to life, which, naturally, compounds the confusion.

The dither of the final week of Congress was enough to rattle even the most organized Congressional minds of Washington. And this year the commotion was especially astounding, what with Senate leader Lyndon Johnson suddenly discovering 100 bills that ought to be passed, after eight months of waiting. And then the Senators stumbling over Sen. Wayne Morse's well-placed blocks.

The way things were going those days — which were running into dying nights — one would think the lawmakers would be meeting themselves coming and going. And, as a matter of fact, they were.

This happened on one of the Capitol elevators the morning after a 14-hour session. There was an innocent victim involved — me. This was the press elevator and it was set on automatic. I had just stepped into it on the ground floor, the street level, which is designated "F" (for fundamental). I punched button: "G" (for gallery).

Just as the doors were closing, six stately Senators rushed up. They crowded in — Sen. Andrew F. Schoepel (R., Kan.), Wallace F. Bennett (R., Utah), B. Everett Jordan (D., N. C.) and the others.

"We're in a hurry," they commanded. "Take us to the floor."

You don't tell six distinguished leaders of our country—confusion or not — that they are on the wrong elevator, and that you are not the elevator operator.

But, dutifully, I kept mum and grappled with the electronics punchboard and pushed the button "F" for "principal," which is the second story, otherwise known as "floor."

The doors closed and the gentlemen braced their feet for the sudden up-pull — and the elevator dropped down. It stopped at the level we call "subway" but it is designated on the buttons as "B" for basement.

The doors opened and closed jerkily, draggingly, although no one got on. Those so-called frowned at their elevator operator, as one looks upon a bumbling moron.

To cover my red-faced condition, I forced a chuckle. "Lucky it didn't go sideways, huh, huh," I said. But they didn't think it was funny. "We have a quorum call," said one of them, and again they glowered.

What I didn't know was that when that elevator hit bottom it canceled the "F" button and we zoomed up — past the Senators' floor—and landed on "G," a floor above.

I did a cowardly thing. Impulsively, I brushed past the Senators and got out of there. When I looked back, I saw six stony faces on six rigid bodies.

And the elevator closed. I heard later that it went non-stop to the basement.

Between Senator Morse and the automatic elevators—neither of which seem to know where to stop — I'd say our lawmakers are ready for the showers. And you can't blame 'em.

Filmed TV Nothing New

BY FRED DANZIG

NEW YORK (UPI)—The scoreboard, based on five new shows that turned up on the TV tube during the week end, indicates this highly touted 1959-60 season will not distinguish itself through its filmed series.

Sunday night, the one hour adventure series, Riverboat, came around the bend on NBC-TV and dove into view with her decks awash with old plots and jetsam, shabby sub plots and still more shabby sub plots, however, it viewers don't mind commonplace and stereotyped characters — and there is reason to believe they don't — then Riverboat will have a long run on the TV channel because of its lavish settings, its spirited music and the flair of its star, Darren McGavin.

Maverick began its third season on ABC-TV Sunday — partly opposite Riverboat. There were signs that the effort to maintain freshness with a deft satirical touch is starting to wear it down. Jack Garner and Jack Kelly played dual and duel roles in an episode filled with tired, irrelevant gags and ludicrous situations.

On Saturday, NBC TV brought in Bonanza, another full-hour Western. This one is complete assembly line product, right down to the acting, story line and direction.

Another NBC TV Western that arrived Saturday came up with an interesting premier. Henry Fonda, the star of Deputy, plays the role of an unshaven, roguish chief marshal who, in the words of his co-star, Allen Case, "thinks like a crook." This personality quirk made for some wild scenes. While it was generally entertaining, I felt the gags should cease when the killings commence. Killing ain't that funny, Hank.

The Man And The Challenge, another NBC TV show that began life on Saturday, stars George Nader in a commercialized pseudo scientific setting complete with a girl. As an example of this fast buck approach to science, I offer this line, spoken by a scientist during a balloon ascent: "Take 'em up to 100,000 feet — very slowly."

On Friday, the Keenan Wynn-Bob Mathias series, Troubleshot, rolled onto NBC-TV. Despite a contrived story about a sweaty bunch of construction workers

fighting Indians in Venezuela, the unpretentious look of the show had a disarming effect.

Looks Like Only One Way To Go -- Up

By LOUISE BROWN
ATLANTA (UPI)—A note to the masses that the economy for a year in the Florida sun: Some year ago in the Bahamas Islands and with one visit.

The smart-money boys in Florida these days look for property that is underneath something offshore from something or over something. That goes for anything.

The big debate of the money-and-much lawyers of Miami Beach these days is whether to go up or out for a look at the sun. The fabulous (everything is fabulous in Miami Beach) Fontainebleau Hotel has built a 16-story addition. This is fine, except the addition

will put the fabulous Eden Roc hotel pool and cabana area in the shade in the afternoon. The Eden Roc answered with plans for a fabulous half-million dollar sun deck straight out over the fabulous Atlantic Ocean.

This brought bitter objections from City Commissioner Melvin Richard who fears a steady stream of such structures will blot the fabulous Atlantic skyline to the size of Lake Okechobee and the Miami visitor can drive out the MacArthur causeway and shop on the streets of Nassau.

The great sunshine hunt, like all similar ventures in Florida, wound up in the hands of a hardy group of state officials in the faraway capital at Tallahassee where plans, parks, shops and plantations lead a somewhat different atmosphere. In Tallahassee, Miami and Okechobee is looked upon suspiciously as a foreign power with strange native customs.

The governor, attorney general and other high state officials resolve themselves once a week into a body with the imposing title of Cabinet Trustees of the Internal Improvement Fund. Their big job right now is to decide just how wide and how high Florida is going to grow.

At last count, Florida had more than 8,000 miles of shoreline, but it's growing every day. Back during the boom days of the 1920s, the biggest complaint was that unscrupulous dealers sold naive customers land that was under water.

The smart thing today is to be underwater land, dredge up the bottom and build islands, yacht basins, homesites and hotels.

The old Florida hand of 20 years back remembers sunbaked and cracked streets and sidewalks wandering aimlessly into palmetto jungles and the sound of thousands of mudflat smacking the bay waters at night. His problem was to get out of the sun.

For the moment the Eden Roc has withdrawn its plans for an Atlantic expansion which Councilman Richards said would "desecrate" this "last vestige of virgin beauty."

There's no other way but up.

Worry Clinic

Dr. Galen has a common problem. He can help solve it by remembering that there is magic in the number 2. You readers already know 2 members of the family can do more successfully than just one, for the 2 will find each other. That's a form of "symptom."

DR. GALEN W. CRANE
CASE C-48: Dr. Galen, aged 32, is a very popular dentist. "But, Dr. Crane," he began, "I still have a little difficulty getting people to come in for their routine dental check-ups."

"What makes patients so forgetful? Even after I send them a card or have my nurse telephone them, they may still procrastinate."

"MANANA COMPLEX"
"Manana" is a Spanish word meaning "Tomorrow."
And millions of us Americans are victims of the "Manana Complex."

We try to put things off. We procrastinate, even about services that we really need and should be glad to have. A dentist or physician or insurance salesman bring to our attention.

In this hectic modern age, husbands kiss their wives as they rush out the door for their morning bus. They try to read their newspaper while hanging to a strap in a subway or commuter train.

Many busy folks don't even take time to read all their mail, especially if it is loaded with advertising matter.

In former days, a first class stamp would make us pull out that letter. Now we find so much advertising sent under the postage that we tend to ignore the envelopes have some special "gimmick" to attract our attention.

But Dr. Galen can help prove busy housewives into returning for their routine appointments by remembering it is easier to get two people to do a thing than just one.

You dieters thus realize it is much simpler to lose weight if two of you in the family are dieting.

ing together, for then one will prod the other and vice versa.

"Dear Mrs. Brown," Dr. Galen can thus begin his reminder note, "since you and Mrs. Smith are neighbors and both scheduled for appointments next month, I am suggesting we the 3 o'clock hour and yet the 3:30 appointment."

"Then, you can probably drive down together."

This extra bit of thoughtfulness helps a great deal. Indeed, I have met smart dentists who would notify their patients as follows:

"Dear Mrs. Jones," they begin, "since Thursday is 'Bargain Day' at the downtown store, I am scheduling you for 3:30 on Thursday."

"In that way, you can sit down and rest for half an hour while I fix your teeth, and then you can go back to the store for the balance of the afternoon."

SYMPOSIUM
Earlier this year I addressed a combined meeting of the Indianapolis Dental and Medical Societies, talking on the value of more "Professional Symbiosis."

Symbiosis usually refers to the fact that sometimes two types of bacteria will thrive better together than when alone, for each helps the other.

In like manner, as many dentists observe signs of eye cataracts or mouth cancer or infected tonsils they can thus tactfully steer such patients to a physician for adequate treatment.

Physicians, meanwhile, as they examine a child's throat, can likewise note the decayed 6-year molar or other dental problems and thus urge the patients to consult their dentist.

This professional symbiosis benefits the sluggish patient, for he is far more likely to obtain the needed medical or dental care.

Tomorrow you will see how dentists help clergymen, too, via symbiosis.

(Always write to Dr. Crane in care of this newspaper, enclosing a long or stamped, addressed envelope and 20c to cover typing and printing costs when you send for one of his booklets.)

Monty Is Against Dying In Holland

LONDON (UPI)—Field Marshal Viscount Montgomery, Tuesday called off a scheduled visit to Holland this week for the liberation anniversary festivities because of a cold.

Montgomery said he was getting along all right "but when you get a chill you don't want to go chasing about the continent. Then you die—and I am against that."

Dependability

... makes it a wiser decision than ever!

One of the most satisfying aspects of Cadillac ownership is its great dependability. For mile after mile, month after month, year after year this wonderful motor car performs at its brilliant best. As a result, operating costs are minimized and resale value is high. Why not visit your Cadillac dealer and learn how easily there can be a Cadillac in your driveway? He'll be happy to show you the many features that cost you nothing extra on a Cadillac, but frequently add hundreds of dollars to the list price of other cars.

Miss Hodge To Wed W. A. Weible

Mr. and Mrs. Lloyd William Hodge of Facolet Mills, S. C. announce the engagement of their daughter, Marigold Lavonda, and Wayne A. Weible, son of Ledr. (retired U. S. N.) and Mrs. Walter H. Weible of Sanford.

Miss Hodge was graduated from Facolet High School and Spartanburg General Hospital School of Nursing and is presently employed by the Veterans Administration Hospital in Columbia, S. C. Mr. Weible was graduated from Washington and Lee High School, Arlington, Va. He served four years with the United States Navy as Radarman 2/C and is presently employed by S & M Sales Co. and Latin and American Dance Studio in Columbia, S. C. The wedding will be an event of Nov. 14 in the Facolet Mills Baptist Church in Facolet Mills.

MISS MARIGOLD HODGE

Chairmen Set For Convention

Mrs. John W. Evans, Oviedo, chairman of the Ladies' Activities committee for the 16th annual convention of the Florida Fruit and Vegetable Association, has announced committee appointments for the three day meet, scheduled Sept. 23 to 25, at the Hotel Fontainebleau, Miami Beach.

Among those named to serve on the committee responsible for entertainment and hospitality for wives of members and guests are Mrs. Sydney Chase, Sanford, Mrs. Andrew Duda Jr., Oviedo, Mrs. Harold Kastner, Sanford and Mrs. Robert Stewart, Zellwood.

Art Association Installs Officers

One of Sanford's newest organizations, the "Sanford Art Association," met Monday night at the Crafts building in Ft. Mellon Park for a most interesting session. Mrs. Helen P. DeWit, acting chairman, introduced Mrs. Russell Seymour, president of the Florida Federation of Art, who officiated at the election of officers. Those elected were Mrs. DeWit, president; Mrs. J. O. Gregory, vice president and chairman of shows and exhibits; Mrs. H. T. Rollins, secretary; Mrs. Georgia Ball, treasurer and Mrs. John Schirard Jr., publicity.

Mrs. Seymour installed the new officers by presenting each one with a silk scarf of a different hue, stating that each color was symbolic of the responsibilities, honor and duties of the office. She also explained the courses and privileges at the DeBary Mansion, headquarters for the Florida Art Assn. All interested beginners and students of art were invited to attend.

Mrs. DeWit had the privilege of using the state association gavel, belonging to Mrs. Seymour, to conduct her first meeting as president. J. E. Mathieux, art teacher at Seminole High School, spoke to the group on "Art for beginners." He suggested oil as the medium easiest for beginners and pastels for the work shop.

He said the best way for a student to learn is to "pitch in and paint." He also stressed that a beginner learns from each effort and that theories are not necessary. He stated that you should look at pictures with your mind as well as your eyes so that the pictures would not look alike. Other suggestions given by the speaker were "Each picture is the inner expression of it's creator." "We learn by doing" and "Splash color on and learn what happens when colors run together" and "Art is a way of life, look for it around you in commonplace things."

A question and answer period followed the talk. A show is be-

Teenage Sorority Formed By Girls

Nineteen senior high school girls met at the home of Karen Miller Monday night and organized a social club. They selected the name "The Flower Sorority." Their main project will be to sponsor an orphan child. This will include furnishing items of clothing, food, toys, Christmas presents and other extras for the child.

Throughout the coming year they plan to hold dances, hay rides and money making projects such as car washes to raise money for their expenditures. The girls' parents will be their sponsors and chaperones and will attend all mixed social affairs. The sorority decided to pledge upperclassmen to increase the membership. They are giving a tea next week to get acquainted with the pledges and explain the organization to them. The applicants will go through a month of pledging before being admitted as members.

Members and officers are Rickie Cox, president; Karen Miller, vice president; Phyllis Fiebert, secretary; Bonnie Stoffler, reporter; Barbara Thomas, sergeant at arms and Judy Brown, Dona Whitehead, Sally Wallace, Sue Ann Toney, Connie Ball, Barbara Nix, Lynda Humphrey, Coleen Matthews, Sandra McKinney, Linda Spivey, Cecelia Milstead, Pat Stone, Marilyn Steele and Frances Laney.

BPOD Plans Social Activities For Fall

Members of the newly organized Sanford Drove 160—Benevolent and Patriotic Order of Doves, met Monday night at the Elks Club with Mrs. B. G. Caruthers, president, presiding. Several letters and telegrams of congratulations were read by the secretary from sister drives throughout the United States.

One of the most colorful social events planned for the fall season is a Gypsy dance to be given at the club, Halloween night. A good orchestra has been engaged and guests will attend in Gypsy costume or be penalized an additional 50 cents. (Regular admission is \$1.) Some unusual talent promised by the Orlando Drove is creating interest and enthusiasm in the event.

Eight members volunteered to help with the blood bank today at the Elks Club, 1:30 to 6:30 p. m. Anyone donating a pint of blood will receive a free steak dinner. A hamburger fry, with potato salad and all the trimmings is scheduled for Sept. 29, 6:30 to 8 p. m. for only 50 cents.

Several members offered to make pads for the cancer society. They were also asked to save all worn out sheets and turkish towels for use in making the pads and bandages. Contact Mrs. Bernard Wolford or Bud Moughton on where to leave them. Mrs. Harold Kastner was installed as a three year trustee. She

Personals

Mr. and Mrs. Robert Miller have returned from Greensboro, N. C. where they accompanied their daughter, Charmion Miller who entered the University of North Carolina Women's College. Mrs. Philip Allen, Holly Ave., has returned after spending three weeks in Baltimore, Md., visiting her sister Mrs. Hazel M. Metthal and nephew A. Brandon Huntley Jr. On the way home Mrs. Allen spent a few days visiting relatives in Philadelphia.

George Paris, son of Mr. and Mrs. E. E. Paris 1301 Park Ave., left Tuesday for Demorest, Ga., where he will enroll at Piedmont College as a freshman.

Oviedo

Personals

Jack Briggs, Jr., who was a senior at the Oviedo High School last year, is attending Language School in Fredonia, Wisconsin where he will study linguistics. This is in preparation for tribal work among uncivilized Indians, specifically to break down a language into writing.

Mr. and Mrs. Basil Guynn, of Eau Gallie, were recent visitors in Oviedo. Miss Ann DeShazo left Friday morning by plane for West Point. She was invited by Cadet Milton Cooper, a senior, for Ring week-end. Cadet Cooper is the son of the new first grade teacher at the Oviedo Grammar School. Following the week-end in New York, she will fly to Gainesville, where she will be a sophomore this year. She will help with Freshman Orientation week.

Miss Betty Beasley, daughter of Mr. and Mrs. J. G. Beasley, has received another promotion by the Retail Credit Co., where she is employed. She will go by plane to Denver, Colo. to work with the same company there. She first worked in the Orlando office, later being transferred to Sarasota.

Lake Mary

Personals

Mrs. Harvey Pugh is back home after a couple of days in the hospital and is feeling fine. R. E. True is still in Seminole Hospital and improving.

Reports from the U. S. Naval Hospital at Norfolk, Va. are that a former Lake Mary resident, Chief James P. Avery Jr. is recuperating following surgery.

Student Plans Dental Career

Bob Li Vecchi, son of Mr. and Mrs. Joseph Li Vecchi, Forest Dr., Loch Arbor has entered the University of Florida in Gainesville where he will study to be a dentist.

Bob graduated from Delephant High School in Jamaica, N. Y. this year. He was a member of the high school basketball team. His hobbies are bowling, swimming and basketball. He also worked for the Guarantee Title and Mortgage Co. in his spare time.

He moved to Sanford with his family this summer. His father is employed by the Pierrro Manufacturing company of Sanford.

Episcopal Women Plan Outgrown Sale

EPISCOPAL CHURCHWOMEN — Sorting donations of clothing for the "Outgrown Sale" they are sponsoring. From left, Mrs. Richard Deas, general chairman; Mrs. E. P. Yates, Mrs. B. L. Perkins Jr., chairman of the sorting committee; Mrs. Edward Higgins Jr., Mrs. A. B. Peterson Jr. and Mrs. Tom McDonald, all members of the committee. (Bergstrom Photo)

A busy group of Episcopal Churchwomen are preparing for an "Outgrown Sale" to be held Oct. 2 and 3 at 231 East 1st St. The sale will include outgrown clothing and also new articles donated by merchants of Sanford. Offered for sale will be all types of clothing for men, women and children as well as accessories such as hats, gloves, purses, shoes and jewelry. A special table will feature many usable "White Elephant" articles of odds and ends. Mrs. J. L. Galloway is chairman of the sale offering many varieties of home made cakes. Anyone having usable items and wishing to donate them to this project of "Holy Cross Episcopal Church" is requested to bring them to the Parish House at 4th Street or to the home of Mrs. Tom McDonald 2309 French Ave.

Miss Browning, Carl Kwasny October Nuptials Scheduled

Mr. and Mrs. Emera Brown, Dorothy Arlene, to Carl Kwasny, 1806 Cedar Ave., announce the engagement and approaching marriage of their daughter, Miss Browning, formerly of

Robinson, Ill., attended Seminole High School during her senior year and graduated with the 1959 class. She is presently employed by the Title and Abstract Co. of Sanford.

Mr. Kwasny is a graduate of California Community Senior High School and is now stationed at the Sanford Naval Air Station with VAH-7. He plans on a naval career. The wedding will be an event of Oct. 31.

DOROTHY ARLENE BROWNING

New Garden Circle Chooses Officers

The newly organized circle of the Sanford Garden Club met at the home of Mrs. J. G. Dole in Sunland Estates last week, elected officers and discussed plans for the coming year.

The circle will be known as the "Woodrose" Circle. Officers elected were Mrs. D. K. Dorman, president; Mrs. E. E. McCorkle, vice president; Mrs. Wendell Holmes, secretary and Mrs. James L. McCoy Jr., treasurer. Mrs. R. A. Hollingsworth and Mrs. A. A. Wilson were appointed on the program committee, with Mrs. Hollingsworth as chairman.

Mrs. McCorkle will be hostess at the October meeting and invited all prospective members to attend. Others attending were Mrs. Volle Williams Jr., president of the garden club, Mrs. W. S. Brumley Jr., Mrs. A. B. Monfort, Mrs. Ted Lewis, Mrs. H. D. McNair and Mrs. John Peters Jr.

H.D. Club Plans Bake Sale

The Elder Springs Home Demonstration Club met at the home of Mrs. W. D. Simpson Tuesday for the first session of the current year. Mrs. Harold Fauver, president, presided and gave a short report on one of the subjects she studied in the short course in Gainesville entitled "Your Family's Business."

Two other delegates also made reports on short course subjects. Mrs. George Otto spoke on "You are what you eat," and Mrs. Della Kyder told about "Keeping the lights glowing."

Plans were made for a bake sale to be held next week. Others attending were Miss Myrtle Wilson, county agent, Mrs. R. L. Bradbury, Mrs. C. O. Bradbury, Mrs. B. E. Ramey, Mrs. Lydia Schulze, Mrs. W. O. Nolan, Mrs. S. E. Norwood and Miss Norine Norwood.

Burdette Wins 21st As Braves Climb Within Game Of Top

United Press International
 Left-handed pitcher Warren Spahn made much of his goal of 30 victories but they're still for the Braves' third straight season.

The "Big Boy" in the National League, Spahn, moved to third place Wednesday when he beat the Indians' Gene Bevens, 3-0, for his 21st victory and his 20th win of the season.

A triumph that would tie the Braves for first place with a more eight games left to play.

The Braves then would have the tactical advantage over both other contenders because five of their last eight games are against the last-place Philadelphia Phillies and the other three are against the light-hitting Pittsburgh Pirates.

The Los Angeles Dodgers blew an opportunity to close in on the Giants, too, when they dropped a

7-4 decision to the Cincinnati Reds and remained two games out of first place.

The American League race says a complete day off today but that, one in all but mathematically over. The first-place Chicago White Sox lost to the New York Yankees, 3-1, Wednesday but the second-place Cleveland Indians also lost, 4-5, to the Boston Red Sox. And so, the White Sox' magic pennant-clinching number was reduced to a mere three.

Burdette limited the Giants to four singles and a double, struck out seven batters and walked only one in raising his record to 21-14.

Frank Thomas and Willie Jones hit homers to lead a 12-run Cincinnati attack that handed striking sensation Sandy Kousser his sixth defeat. The Dodgers collected 10 hits, including two homers by Charlie Neal and one by Wally Moon, but couldn't touch their bats effectively.

The Yankees, playing their

"splitter" role to the 11th, dealt 26-game winner Early Wynn his 16th defeat when they scored three runs in the sixth inning to overcome an early 1-0 deficit.

Gary Geiger's home-filled overcast fly in the ninth sent in Jim Mahoney with the winning run as the Red Sox dealt the Indians their second-straight one-run loss. The Chicago Cubs and Pirates split a doubleheader in the other National League action and the

Detroit Tigers beat the Baltimore Orioles, 5-1, in the other American League game.

Vernon Law scattered nine hits to beat the Cubs, 3-2, and win his 17th game for the Pirates in their opponent but the Cubs took the nightcap, 4-3, on Sammy Taylor's two-run ninth-inning homer.

Don Mossi yielded seven hits in eight innings and got excellent relief aid from Tom Morgan in the ninth to post his 15th win.

Drills Indicate Close Games Expected

United Press International
 Practice reports indicated today that extra points—or points—may be the coaches' most serious concern in Southwestern Conference games this weekend.

The new optional rule, which allows a team to kick for one extra point or score on the ground for two points, drew a lot of attention on the last hard practice without exception.

Alabama Coach Bear Bryant said, "We're trying to polish the offense and defense and work on points after touchdowns and field goals." Coach Wally Butts, whose Georgia team entertained Alabama Saturday, stressed punting.

Florida's Gators perfected an optional extra point system to keep Tulane off balance Friday night in New Orleans. Top punter Bobby Joe Green, who also is a place kicker, ran either pass or drop-kick on the extra point attempt.

Tulane is one of the most under-rated teams in the conference this year." Gator Coach Bob Woodruff said. Tulane ran offensive plays against Florida defenses.

Mississippi leaves Oxford early Friday for their game with the University of Houston in the Texas City. Coach John Vignati leads a stronger Houston running game. Georgia Tech, which plays Kentucky in the Blue Grass state Saturday night, polished its offense as Bobby Dodd revealed he would use several players at least 45 minutes per game.

Louisiana State's Tigers will not only have the eye of Texas on them from the Rice Owls Saturday night in Baton Rouge, but also a national television audience. LSU went through a fast passing drill Wednesday.

Mississippi State, which rests until a Sept. 26 match with Florida, uncovered sub halfback Willie Daniel, who ran for touchdowns Wednesday on jumps of 50 and 55 yards. Auburn worked on conditioning, Tennessee on defense and Vanderbilt planned more scrimmaging. The four squads are idle this weekend.

several players at least 45 minutes per game.

Louisiana State's Tigers will not only have the eye of Texas on them from the Rice Owls Saturday night in Baton Rouge, but also a national television audience. LSU went through a fast passing drill Wednesday.

Mississippi State, which rests until a Sept. 26 match with Florida, uncovered sub halfback Willie Daniel, who ran for touchdowns Wednesday on jumps of 50 and 55 yards. Auburn worked on conditioning, Tennessee on defense and Vanderbilt planned more scrimmaging. The four squads are idle this weekend.

Machen Takes Decision Over Willie Besmanoff

PORTLAND, Ore. (UPI)—Ed Machen, 194-pound heavyweight from Portland, Ore., had his 20th victory in 23 professional fights today and was looking forward to a meeting with Irish Pat Murray of Tacoma, Wash., as another step toward a crack at the world title.

Machen dusted off German-born Willie Besmanoff here Wednesday night in a 10-round unanimous decision before a national television audience.

Besmanoff, 190 1/2 and unranked,

suffered his 16th loss in a string of 65 professional fights. Seven were draws and one was a no-decision encounter.

Machen is fourth ranked by the National Boxing Assn.

In his dressing room after the fight Besmanoff, covered with welts and with the blood wiped away from his nose and mouth, allowed that Machen was "a good fighter."

The estimated 3,000 fans applauded Besmanoff for his manness and booed loudly when Machen grabbed him bodily and threw him to the canvas in the second round.

Machen was forced to fight Besmanoff's way. The steady, plodding Besmanoff drew Machen into clinches but came out on the worse end. Machen, normally a stand-up-and-punch fighter, was as effective with short uppercuts and jabs close in as he was with a darting left.

Referee Eddie Volk scored the fight 100-94 for Machen; Judge Dick Wagner had it 99-94 for Machen and Judge Andy Crabtree agreed 99-96.

Second Guessing Angers Gordon

BOSTON (UPI)—Manager Joe Gordon of the Cleveland Indians headed for Kansas City today—his future in doubt following his latest verbal duel with General Manager Frank Lane.

Gordon was steaming Wednesday about what he called "second guessing" on Lane's part. Lane, in turn, thundered that he was "in charge of this ball club" and had every right to do so.

Their latest feud stemmed from what Lane termed "an obvious" stunt situation in Tuesday night's Cleveland game here. Gordon had rookie Chuck Tanner hit away on the first pitch and a resulting double play killed Cleveland's best scoring opportunity in a 1-0 loss to the Red Sox.

Before Wednesday's 6-5 defeat by Boston, Gordon said Lane was talking out of turn.

"I don't think any general manager should second guess a manager publicly," he said. "If he wants to do it in private that's another story. But not in public. I've told him that before."

To which Lane exploded: "Second guessing my neck (or some such part of the anatomy)... I'm supposed to be running this ball club and if I don't have the right to an opinion I don't know who does."

Fastest running of the world's richest race, The Garden State was Nardi's 1:44 1-5 for the 1-15 miles in 1957.

Probers Question 'Go-Between' In Promoter Inquiry

NEW YORK (UPI)—Charley Black, alleged "go-between" in the strange promotional activities surrounding the Johansson-Patterson fight, takes the stand today at the New York state Athletic Commission's hearing.

Ex-fight manager Black, crony of manager Gus D'Amato and reported friend of missing mobster Tony Salerno, will be questioned about:

His alleged introduction of promoter Bill Rosenzohn to mobster Salerno.

His alleged "cut" of gate receipts from some of ex-champion Floyd Patterson's fights. (D'Amato manages Patterson).

His alleged "partnership" with Rosenzohn and fight-promoter Vincent J. Velella in All-Star Sports, Inc. and its successor, Rosenzohn Enterprises, Inc.

Black, elderly, portly, bespectacled, was mentioned as a "partner" Wednesday in quotes attributed to promoter Velella during the surprise playing of secretly recorded tapes at the hearing.

Velella, the Harlem politician who replaced Rosenzohn as president of the Rosenzohn promoting outfit on July 31, was finishing his second day of testimony Wednesday when the tapes were played by detective Nat Laurendi from the district attorney's office.

One of the recordings of the bust-up word-battle between Velella and Rosenzohn on July 31 had Velella allegedly describing Black as having been "a partner of ours" in All-Star Sports.

Previously Velella had testified that Black never was associated in any way with the promotion.

Colts Look Like NFL Repeaters

BALTIMORE, Md. (UPI)—The Baltimore Colts should repeat as National Football League champions.

That's a forthright statement, but then we have to hedge a little. Coach Weeb Ewbank's hunkies may have to prove they can keep winning if and when all-pro quarterback Johnny Unitas gets hurt.

No one said Unitas was going to get hurt, but football sometimes can be rough. And the Colts no longer have another experienced quarterback since George Shaw picked up his option and was traded to the New York Giants.

Ewbank thinks he has the answer in two sterling defensive backs, Andy Nelson and Ray Brown, both working out at quarterback.

Fans and some sportswriters have been complaining that neither Nelson nor Brown have looked impressive in exhibition games and have failed to move the team for the most part. But Ewbank is sticking by his guns.

Ewbank said he did not know of a team in the league with two reserve quarterbacks who were as good, considering the amount of experience they have had.

The other question the Colts will have to answer is whether they can

Youths, Outsider Threats To Coe

COLORADO SPRINGS, Colo. (UPI)—Tommy Aaron and Jackie Nicklaus, the babies of the U. S. Walker Cup team, and a 45-year-old outsider posed new threats to Charlie Coe and other "old guard" favorites today in the National Amateur golf championship.

Coe, the 35-year-old defending champion who says little and lets his golf game do his talking, resumes his quest of a third amateur crown in the fifth round today against Ted Gleichmann of Saltcoy, Calif.

Two more rounds are scheduled for today on the Broadmoor course to narrow the field to four semifinalists. In addition to Coe, Aaron

TRYING FOR THREE . . . By Alan Meyer

Rademacher Tries Comeback Tonight

GREENVILLE, S. C. (UPI)—Pete Rademacher, a former Olympic boxing champion trying his professional "comeback" at the age of 30, meets heavyweight Ralph Schneider of Miami here tonight.

Neither has done much fighting lately. Schneider, a former sparring partner of retired heavyweight Rocky Marciano, dropped a split decision to Roland Laizars last year in his last fight.

Rademacher, who tried to start at the top two years ago in the pro ranks by taking on Floyd Patterson, was knocked out by Patterson and later by Zora Polley. He started back up the trail last month at Columbus, Ga. by taking a sixth round TKO over Tommy Thompson of Washington, D. C.

Marciano will referee tonight's bout.

Colts Look Like NFL Repeaters

BALTIMORE, Md. (UPI)—The Baltimore Colts should repeat as National Football League champions.

That's a forthright statement, but then we have to hedge a little. Coach Weeb Ewbank's hunkies may have to prove they can keep winning if and when all-pro quarterback Johnny Unitas gets hurt.

No one said Unitas was going to get hurt, but football sometimes can be rough. And the Colts no longer have another experienced quarterback since George Shaw picked up his option and was traded to the New York Giants.

Ewbank thinks he has the answer in two sterling defensive backs, Andy Nelson and Ray Brown, both working out at quarterback.

Fans and some sportswriters have been complaining that neither Nelson nor Brown have looked impressive in exhibition games and have failed to move the team for the most part. But Ewbank is sticking by his guns.

Ewbank said he did not know of a team in the league with two reserve quarterbacks who were as good, considering the amount of experience they have had.

The other question the Colts will have to answer is whether they can

keep the mid-season form the team reached before the season even started.

Probably they can. Ewbank said he believed the squad was developing at just about the right pace and Coach Jim Lee Howell of the Giants said he believed the 1958 Baltimore team may be one of the greatest of NFL clubs.

Howell should have a pretty good line on the Colts. His Giants edged them during the regular 1958 season and then lost to Baltimore, 23-17, in a championship game that produced the league's first "sudden death" overtime. The Giants also took a 28-3 thumping from the Colts in an exhibition game last month.

So Howell may be right. The Colts have in the "six tons of fun" an aging defensive line but still probably the most devastating one in the NFL. They have a steadily improving defensive backfield.

And that offense. Sparked by the cool and deadly pitching of Unitas it is one of the most versatile in the business. The bull-like rushes of Alan Ameche, the slants of L. C. Dupre, the dazzling speed to the outside of all-pro Lenny Moore all complement the passing threat.

Seminoles Kick Off Against Titusville Tonight

Boosters Plug Sale Of Tickets

Football fans can look for an "interesting game" tonight, Sanford Coach Jim Pigott said today as his Seminoles get ready to tackle the Titusville Terriers in the season's opener at Municipal Stadium.

Pigott said his squad has shown promise during workouts and "we'll see how they hold up under pressure tonight." That pressure is expected to be heavy, inasmuch as the Terriers probably will have some 200 parents in the line and "some tough boys in the backfield," Pigott said.

Kickoff time is 8:15 p. m. Tickets are on sale downtown at Roumillat & Anderson and Toussaint drug stores.

Season tickets also will be on sale at the game tonight by the Club's Club booster organization which is trying to generate season-long following for all high school athletic events.

The boosters have about \$1,000 worth of tickets sold in their drive to sell \$2,000 worth.

Pigott said Mike Roberts would guide the Seminoles in their first offensive this season, with Alex McKibbin at the other quarterback.

"I expect to see about 30 boys in action tonight as we try our offensive and defensive methods," Pigott said.

Probable starters offensively will be Jim Gracy and Terry Christensen at ends; Charles Bogan and James Marham at tackles; Glynn Hodges and Billy Aldred at guards; and Tommy Bulmer at center; Roberts at quarterback; Ray Lundquist and John Lovelace at halfbacks and John Mann at fullback.

The first line defensively will be the Markham and Bogan at ends; Rusty Sims and Charles Fox at tackles; Hodges and Bogan at outside linebackers; Len Risner and Johnny Wheelchel, inside linebackers, and Gracy and Lundquist as safety men.

Coach Spec Everhart did not reveal a starting lineup for his blue and gold clad Terriers but listed a 20-man traveling squad ready to journey to Sanford.

THE WOMEN ARE WORKING getting ready for the Babe Didrickson Zaharias golf tournament Saturday and Sunday and Sonny Powell enjoys the effort, especially with his sister, Dot, carrying the clubs. They will be among the golfers who play either at the Mayfair or Casselberry country clubs. All proceeds go to the American Cancer Society. Fee is \$1 and registration desks will be open from 8 a. m. until noon and 1 to 3 p. m. both days. Trophies will be awarded to top men and women players and a putting contest will be held at each course. The Women's Golf Association of the two clubs are sponsoring the tourney. (Staff Photo)

45 Miners Trapped In Flaming Shaft

CHRYSTON, Scotland (UPI)—Forty-five men trapped by an electric explosion in a mile-deep flaming coal mine were given no chance of survival today.

"There is no hope," a National Coal Board spokesman said.

A rescue worker said, "It is pure hell down there."

News Briefs

Mrs. Thurmond Okay—WASHINGTON (UPI)—Doctors reported today that the wife of Sen. Strom Thurmond (D-S. C.) was in good condition following a six-hour operation for removal of a brain tumor.

Parliament Out—LONDON (UPI)—Queen Elizabeth formally dissolved Parliament today, and most members of the House of Commons headed for their home districts to campaign for the Oct. 8 election.

Trafficante Guilty—CLEARWATER (UPI)—Gambler Henry Trafficante was free on \$10,000 bond today while attorneys planned an appeal to his conviction Thursday on charges of bribing a police officer to protect a 1954 lottery ring.

Fruit Shipments—WINTER HAVEN (UPI)—Daily carloadings in boxes from the Citrus Vegetable Inspection Division: By rail, 3,048 grapefruit; by boat, 270 grapefruit; by truck, 10,853 grapefruit; total shipments, 14,171 grapefruit. Cannery receipts, 2,513 grapefruit.

Victims Sought—BARLETTA, Italy (UPI)—Rescue crews worked around the clock today in the grim hunt for additional victims of the collapse Wednesday of a five-story apartment house. The bodies of 55 men, women and children have been recovered from the 30-foot high pile of rubble and debris.

Skelton Resting—SANTA MONICA, Calif. (UPI)—Physicians said today that Congressman Red Skelton, 46, probably will be released Monday from St. John's Hospital where he has been resting since he returned last weekend from a personal tour of Japan. Doctors said Skelton was suffering from extreme physical fatigue.

Rev. Gress Speaker—The Rev. Howard D. Gress, executive secretary, Presbytery of St. Johns, Synod of Florida, will speak at morning and evening worship services at the First Presbyterian Church Sunday. Rev. Gress also will be the speaker for the Rally Day services Sept. 27.

Car Rally Sunday—The Seminole Sports Car Club will hold a "Loop the Loop" rally Sunday, leaving Hinson's Amoco Service Station on French Ave. at 1 p. m. Participants are requested to bring a picnic lunch to the rally, which will last about two hours.

Short Causes Fire—A short circuit caused a car fire yesterday at 13th and French Ave. The fire trouble developed when Sanford resident John J. Bell was trying out a car belonging to a French Ave. used car lot.

KHRUSHCHEV DOES THE WAVING

Spoiled Seafood Shipment Into State Charged To Firm

JACKSONVILLE (UPI)—A New York firm has been charged with shipping 15,725 pounds of decomposed lobster tails after one of the largest seizures of foodstuffs in state history.

Federal agents said the imported lobster tails may have been meant for distribution to Florida's tourist centers as a local product.

The tails were seized at a local freezer plant Wednesday night. The retail value of the shipment was estimated at \$20,000.

William B. Logan, resident inspector of the U. S. Food and Drug Administration, said a label information has been filed charging the International Fisheries Co. of New York City with shipping the tails in interstate commerce in an adulterated condition.

Officials of the local freezer plant said they did not know the condition of the product when it arrived Aug. 24 from New York.

The tails were shipped to this country from Brazil where an intensive investigation is underway to trace the rest of the cargo, Logan said.

The tails were packed in 15 and 40 pound boxes and had almost the same markings and size as Florida lobster tails.

Khrushchev Lays Wreath On Roosevelt Grave

HYDE PARK, N. Y. (UPI)—Nikita S. Khrushchev, who has spoken of burying America, came through the rolling greenery of the mid-Hudson Valley today to lay a wreath on the grave of the American who said that this country had nothing to fear but fear itself.

The Soviet premier was led to the grave of Franklin D. Roosevelt by his widow, Mrs. Eleanor Roosevelt.

Khrushchev is no stranger to Mrs. Roosevelt. She interviewed him at length during her 1957 Russian visit. After the trip she wrote, "I think I should die if I should have to live in Soviet Russia."

Khrushchev was scheduled to speak at the United Nations this afternoon and was reported ready to present a "plan" for disarmament.

Khrushchev will wind up his 13-day visit to the United States with a press conference and an hour-long nationwide television talk.

The White House disclosed Thursday that these two events are scheduled on Sept. 27, only a few hours before Khrushchev boards his plane for the return flight to Moscow.

N. V. FARMER

Realtors Board Elects Farmer

N. V. Farmer was elected president of the Seminole County Board of Realtors at the annual election meeting last night. Others elected to serve during 1960 were Cecil B. Waller, vice president; Gladys M. Dawson, secretary; Genevieve Blair, corresponding secretary; and Charles F. Field, director.

Installation ceremonies will be held in January. It was decided to hold a dinner meeting in October and invite the wives. Robert S. Brown, Seminole County zoning director will speak about county zoning regulations.

Representing the local board at the Florida Assn. of Realtors at the state convention in Pensacola Oct. 8, 9 and 10 will be William H. Stemper, current president; Farmer, Mrs. Dawson and Wally Dietrich, director.

Mr. J. A. Cranston Dies At Hospital

Mr. John A. Cranston died at Seminole Memorial Hospital last night, after a short illness.

Mr. Cranston, 53, lived in Sanford since 1917 when he came here from his birthplace in Ulysses, Mich. He lived at 1719 W. First St.

A charter member of the Sanford Free Methodist Church, he was a member of the Board of Trustees of the Florida Conference of the Free Methodist Church and for many years was a delegate to the annual church conference. He was formerly superintendent of the church Sunday school. Mr. Cranston was employed by the Sanford Post Office for the past 17 years.

Surviving are his wife, Agnes V. Cranston; four sons, Rev. Robert J. Cranston of Tampa, Rev. Harold C. Cranston of Clearwater, Ralph A. Cranston of Shreveport, and Frank W. Cranston of Seattle; seven grandsons, two sisters, Mrs. Stella Minor of Memphis, Mich., and Alice Lovell of Sanford; and one brother, Arthur Cranston of Miami.

Funeral services will be at 2 p. m. tomorrow at Brison Funeral Home, with Rev. Ira Hindman Jr. officiating, and Rev. E. J. Hood, Conference Superintendent, as assisting pastor. Burial will be in Oaklawn Memorial Park.

Palbearers will be selected from associates of the Free Methodist Church and of the local Post Office. Mr. Cranston's family requests that in place of flowers, contributions be made to the John A. Cranston Memorial Fund of the Free Methodist Church of Sanford.

4 Bomb Suspects Plead Innocent

LITTLE ROCK, Ark. (UPI)—Four men accused of Labor Day bombings here pleaded innocent today, but a fifth admitted involvement in one case and drew a maximum \$500 fine and 3-year jail sentence under an 1895 law.

J. D. Sims, 33, a truck driver, admitted implication in the dynamite explosion that wrecked an office in the school board building on the night of Sept. 7.

Success Closes Out Hard-Luck Program

WASHINGTON (UPI)—The United States fired a 50-pound Vanguard III satellite into orbit today in its first outer space success since Soviet Premier Nikita Khrushchev arrived here boasting of Russia's moon hit.

The new satellite, shaped like an oversized ice cream cone, was carried aloft from Cape Canaveral at 1:20 a. m. by the last of the hard-luck Vanguard rockets.

The National Aeronautics and Space Administration here announced at 4:08 a. m. that the space-charting moonlet had joined seven other U. S. satellites and one Russian satellite in orbit around the earth.

Scientists estimate the new satellite's life at 30 to 40 years. Batteries consisting of 63 small silver-zinc cells, were expected to provide power for its radio transmitter for two to three months. The scientists said Vanguard III would not be visible to the naked eye.

The announcement said that initial calculations indicated Vanguard III would circle the earth every 130 minutes. Its lowest point was calculated at 315 statute miles and its highest point at 2,300 statute miles above the earth.

Vanguard III was packed with instruments designed to study the earth's magnetic field, solar X-rays and space environmental conditions.

NASA said space charts would be drawn from this and future magnetometer experiments to give man his first map of safe routes to the moon and planets. The magnetometer was designed to detect pockets of high radiation which a space traveler would want to avoid.

Road Obligation Defaulted By U. S., Senator Charges

WASHINGTON (UPI)—Sen. Albert Gore (D-Tenn.) has charged that some administration officials are considering a "deliberate default" on federal government highway obligations to the states despite the fact Congress acted to prevent it.

He urged President Eisenhower in a letter made public Thursday to make it clear the federal government will not default on its obligations.

The senator also said some officials plan to exercise control over the highway contracts made by the states to parcel out reduced appropriations so they will not all come due at once.

Gore said the penny-a-gallon increase in gasoline taxes voted by Congress will not bring in enough money to pay for the federal share of state highway projects already under contract.

He quoted Federal Highway Administrator Bertram D. Tallamy as stating that the Bureau of Public Roads plans to hold some state vouchers for several weeks next June to put them into a new fiscal year.

"To me it is inconceivable that the federal government should default in its solemn obligation to the states by refusing prompt reimbursement," Gore said.

Registrar To Take Books To Voters

County registration books will be taken into the county from Sept. 27 to Oct. 3 so that new residents may register to vote on the reapportionment bill and county school millage and trustee Nov. 3.

Supervisor of Registration Camilla D. Bruce plans to take the books out during the last week of registration before the election.

Mrs. Bruce will be in Fern Park Sept. 30, tentatively at the Prairie Lake Legion Hall from 7 to 9 p. m. She will be at Altamonte Springs Oct. 1, at the Community Hall from 7 to 9 p. m.

The Sanford office in the Chamber of Commerce building will be open from 7 to 9 p. m. Sept. 21 and 28. The office is presently open Mondays through Fridays from 9 a. m. until noon, and from 2 to 5 p. m., and Saturdays through Oct. 3 from 9 a. m. until noon.

Tennis Tourney Pairings Made

Drawings for the Sanford Recreation Dept. Tennis Tournament have paired these partners and opponents:

Doubles: Gene Tucker and Charles Morrison will play John Barlow and Dick Mann. Melvin Jones and George Gillette will play Leonard Taylor and D. H. Piercy. Harold Herbst and Buddy Proctor will meet Pete Knowles and Al Doudney and Wendell Springfield with Phil Logan will play Gordon Dean and Norman McInnis.

For first round doubles, two out of three sets determines the match. Games must be completed before Oct. 2 and players will arrange their own time and place of play.

In the men's singles, matches will be John Barlow vs. Leonard Taylor, D. H. Piercy vs. Wendell Springfield, Buddy Proctor vs. Phil Logan, Norm McInnis vs. Michael Sirianni, and Harold Herbst vs. J. T. Ferrell.

Al Doudney will bypass this first round if no one enters against him. An additional player can be entered in the singles due to this bye.

Women's singles matches will pit Polly Brubaker vs. Modine Ferrell and Meg Urquhart vs. Dorothy Mann. The same time and place rules apply to singles that are set for doubles.

Patton Funeral Services Today

Funeral services for Harrell E. Patton, who died suddenly Wednesday, will be held at 9 p. m. today at Brison Funeral Home, with W. F. Brooks Jr. officiating. The body will be taken to Valdosta, Ga., for burial, with Brison Funeral Home in charge.

Military Shakeup By Red Chinese Tightens Control

LONDON (UPI)—Chinese Communist Boss Mao Tse Tung's shakeup of top military posts disclosed moves to tighten party control over the powerful Red Army, experts on Communist affairs said today.

The high-level purge was reminiscent of the party-army struggle in Moscow some two years ago when Premier Nikita Khrushchev fired Defense Minister Marshal Georgi Zhukov, they said.

Some observers said the Peiping regime, which admittedly has been having internal troubles, recognized that the army was the only organized body in Red China strong enough to trigger a revolt.

Fighting thus far has given no official explanation for the dismissal of Marshal Pen Teh-Hual as defense minister or the removal of Huang Ke-Cheng from his post as chief of the general staff.

But both posts went to staunch party men. The Defense Ministry was assigned to Marshal Lin Biao, one of the foremost Communist commanders of the civil war days. A year ago, he was named vice chairman of the party.

Lo Jui-ching, who was chief of secret police as minister of public security, took over as chief of staff of the more than three million-man army. Lo, who is described as the "hatchet man" of the Peiping regime, also was named one of the 10 vice ministers of national defense.

J. M. Jackson Dies At Crescent City

Mr. James Mann Jackson, Crescent City Atlantic Coast Lines agent died at his home Monday following a heart attack.

A native of Rome, Georgia, Mr. Jackson went to Crescent City from Sanford in 1932.

Surviving are his wife, Florence; two daughters, Nancy Lynn and Sarah Mero, of Crescent City; one son, Dr. J. Wesley Jackson, Florence, Ala.; his parents, Mr. and Mrs. George Jackson; one sister, Mrs. Clyde Piercy, of Sanford; two brothers, Robert, of Rome, Ga. and Marvin, of Fort Lauderdale; and two granddaughters.

Services were held in Eden Cemetery at 10 a. m. Wednesday.

Bridge Crash Halts Moonshine Run

Forty gallons of moonshine liquor were seized at the Lake Monroe Bridge this morning after a hot inter-county pursuit by sheriff's deputies.

A crash at the bridge stopped Orlandoans Vernon L. Stacey and Jesse L. McGee after their liquor-loaded car fled from Orange City at 4:45 a. m. with Volusia Deputies H. R. Cooper and Bob Daugherty in pursuit.

McGee was caught at the bridge about 8 a. m., and Stacey was tracked down at 8:30 after a 12-mile bloodhound pursuit through a nearby swamp, the sheriff's office reported.

The heavily laden car attracted Deputy Cooper's attention in Orange City. He said that when he turned a spotlight on the auto, Stacey and McGee fled at speeds up to 120 m.p.h. The fleeing car crashed at the bridge when making the turn towards Lake Monroe too fast.

Stacey, 46, and McGee, 27, started from Orange City with 15 jugs of liquor. Seminole County deputies Vernon Brewster, Russ Seabarger, Andy Evans and Bob Grant were on hand for the arrest.

11,217 Purchase Driver Permits

Seminole County drivers' license sales totaled 11,217 at 5 p. m. yesterday. Last September 8,347 licenses had been issued after the first 12 days of sales.

The courthouse is open for license sales from 9 a. m. to 5 p. m. weekdays and this Saturday and next Saturday from 9 a. m. until noon. Licenses will be sold in Oviedo from 2-5 p. m. Tuesday, Monday, Friday and Saturday mornings are the heaviest selling days in the courthouse.

No Price Boost, GM Announces

DETROIT (UPI)—General Motors Corp. announces today there will be no increase in the list prices of the firm's 1960 model cars.

General manager of Chevrolet, Oldsmobile, Pontiac, Buick and Cadillac divisions all made similar statements today to the effect that factory list prices will be the same or lower on new cars, although many lines will have costly improvements and extras.

\$1,458,977 Low Bid On High School

Apparent low bid last night on building the new Seminole High School was \$1,458,977 from Ken Smith Construction Co. of Daytona Beach.

Smith's firm offered to have the school ready for occupancy by Aug. 15, 1960 and to start construction with 15 days of the date awarded. The county school board will award the bid Monday.

A fire escape bid for Seminole High and Harper and Lake Monroe elementary schools was rejected because it was the lone offer. Three bids are needed. The board will call for new bids.

11,217 Purchase Driver Permits

Seminole County drivers' license sales totaled 11,217 at 5 p. m. yesterday. Last September 8,347 licenses had been issued after the first 12 days of sales.

The courthouse is open for license sales from 9 a. m. to 5 p. m. weekdays and this Saturday and next Saturday from 9 a. m. until noon. Licenses will be sold in Oviedo from 2-5 p. m. Tuesday, Monday, Friday and Saturday mornings are the heaviest selling days in the courthouse.
