## GREAT BRITAIN TO ASSUME RESPONSIBILITY OF REPLY TO GERMAN REPARATION

REPLY WILL BE SUBMITTED TO ALLIES WITH LEAST POSSIBLE DELAY

ALL INTERESTED For Proposal Which Aims Solely at Pacification of Europe

(By The Associated Press) LONDON, July 12.—Great Britain has informed France and Italy she is ready to assume responsibility of preparing draft of reply to German reparations note. The reply will be submitted to the allies with least possible delay in hope they will agree to its terms. Announcement of this effect was made by Premier Baldwin in a statement to the House of Commons today on Great Britain's reparation policy.

The British government said it invites sympathy of allies of all interested states for proposal which aims solely at pacification of Europe and recovery of exhausted world. Baldwin failed to state what the British proposals will be in the note the government intends framing in or did he say anything regarding international commission to examine into Germany's.

LONDON, July 12.—Replying to questions by Ramsay MacDonald, opposition leader, Premier Baldwin said in reply to Germany would be proceeded with forthwith. He would say tomorrow whether the reply was being communicated to United States. Commander Kenworthy, liberal member for Hull, asked whether the government had approached or had been approached by the United States in matter of reparations. Baldwin's reply was described by reporters as inaudible but was later learned he said he required notice of question before answering.

## NORTH CAROLINA GOVERNOR CAUGHT FOR SPEEDING WITH TENNESSEE GOVERNOR

RALEIGH, N. C., July 12.—Governor Cameron Morrison was relieved of a perfectly good ten-dollar bill as bond by a Henderson county speed "cop" last Saturday afternoon when the latter gentleman contended the Governor's big limousine was exceeding the speed limit.

The North Carolina executive was showing Governor Austin Peay over the highways of Henderson and Buncombe counties when the officer overtook their car. It was, indeed, fortunate that the Tennessee governor was along as Mr. Morrison did not have the right change with which to settle with the officer.

"Lend me ten dollars," said the governor of North Carolina to the governor of Tennessee.

"With pleasure, air," said the governor of Tennessee to the governor of North Carolina, and the money was handed over to the officer.

Governor Peay did not discuss the matter when he arrived here last night, but members of his party were having no little amusement out of the fact that one Henderson county speed officer caught two governors in one haul.

## McDANIEL NOT ALLOWED BAIL AT TALLAHASSEE ON ACCOUNT OF ACTIONS

(By The Associated Press) TALLAHASSEE, July 12.—In habeas corpus proceedings instituted by E. B. McDaniel, the supreme court in decision handed down today ordered petitioner be allowed bail in sum of \$5,000. McDaniel was convicted of assault and attempt to commit murder by a jury in the Fourteenth Judicial circuit court some time ago, and made motion for new trial. The circuit court ruled that because of previous actions by McDaniel in connection with his bonds he was not entitled to be released under bond after conviction pending further consideration of his case.

## FIVE MINERS ARE KILLED IN ORE MINE

### Of Sheffield Steel and Iron Company at Bessemer

(By The Associated Press) BIRMINGHAM, Ala., July 12.—Five miners were killed and a number injured, some probably fatally in an accident this morning in a ore mine of the Sloss-Sheffield Steel and Iron Company near Bessemer, according to reports. The train of the morning shift was descending into the mine. The number injured is placed at 35. The dead and injured are all negroes.

## Five Autoists Killed by An Indiana Train

TERRE HAUTE, Ind., July 12.—Five persons were instantly killed and two seriously injured near here late yesterday when a motor car which was stalled on the track of the Big Four railroad was struck by a passenger train.

The dead: Jack Ellis, Mary Ellis and a daughter, Lily Ellis, 16, and Margaret Dunlap, 13; Ernestine Dunlap, 14.

The injured were: Mrs. Fred Sterchi and her daughter, Dorothy, aged 8.

Sam Sterchi, 18 months old son of Mrs. Sterchi escaped injury in the wreckage of the car, which was hauled 100 feet.

Members of the train crew declared that the engine died as the car reached the crossing. The automobile was not moving when it was hit.

## FLORIDA'S FEDERAL ROAD TOTAL 1,855 MILES CITIES LOCATED ON THEM

(By The Associated Press) TALLAHASSEE, July 12.—Florida has 1,855 miles of federal roads, according to figures compiled by the Bureau of Public Roads of the United States department of agriculture. These figures show that nearly every city in 34 states having a population of 5,000 is located upon the federal-aid system of highways, and that the few that are not soon will be connected with the system over improved roads. Indications show, it is said, that over 90 per cent of the entire population of the United States will live within ten miles of a federal-aid highway. In a number of states the figures is as high as 98 per cent and in none of the states will it drop below 65 per cent.

Mileage in other southern states shown in the figures are: Georgia 5,622 (estimated); Louisiana 2,667 (estimated); Mississippi 3,290 (estimated); Alabama 3,958 (estimated); Arkansas 5,637 (estimated); North Carolina 3,816; South Carolina 3,179 (estimated); Tennessee 4,564 (estimated); Virginia 4,016.

## TOO MUCH RAIN IN CERTAIN STATES HAVE DAMAGED CORN

TALLAHASSEE, July 12.—The cotton condition has dropped of late in South Carolina, Georgia, Florida and Tennessee, according to information issued by the federal agricultural department which shows the weevil infestation is heavy in Florida and Georgia. Plants in Alabama are reported healthy but weevils numerous. Tobacco harvesting is on in Florida and the quality of the crop is reported as excellent. In eastern sections of the country all truck crops have been cut by dry and cool weather. A scarcity of farm labor is still complained of in many areas, a shortage of harvest hands being most in evidence.

In sections of Florida and South Georgia rains have badly damaged the corn.

## FIRPO AND JESS MAKE STATEMENTS

NEW YORK, July 12.—The following statements were made last night by Jess Willard and Luis Firpo, principals in the heavy-weight show at Boyle's Thirty Acres tonight:

Willard: "I am not over-confident, but I think I can win. I have never seen Firpo fight, but I have been told he is a tough fellow, and a hard hitter. I believe that to be so, but I don't think there's anybody in the ring who can take my measure today. I'm in better condition than at any other time in my career. I hope to whip Firpo; if I do I'll be ready for a return match with Dempsey the next day or any other day he signs. My one and only object is to win back the title I lost to him four years ago."

Firpo: "I know I can beat Willard. I watched him fight Floyd Johnson two months ago at the same show in which I knocked out Jack McAuliffe, and I know his style. I don't know how long it will take me to win, but I hope it will be early. However, I am in the best condition of my life and can outlast Willard, if necessary. I have all the confidence in the world that I'll be the victor, and then—it's Jack Dempsey and the title."

## Two Modern Gladiators Stake Pugilistic Futures In Jersey City Tonight

Jess Willard and Firpo Will Battle For Supremacy

(By The Associated Press) JERSEY CITY, July 12.—Two modern gladiators, one from the prairies of Kansas and the other from the far stretches of Argentine, will stake pugilistic futures tonight in a 12-round match in the picturesque setting of the arena at Boyle's Thirty Acres. For Jess Willard, the man mountain, who held the championship of the world from 1915 to 1919, it will be a test in his comeback, by which he hopes to obtain a return match with his conqueror, Jack Dempsey. For Firpo it will be the crucial point in one of the most sensational careers of ring history, a stepping stone, if victorious, to a chance at Dempsey's crown. 70,000 fans are expected to see the fight. The preliminaries will begin at 8:15 o'clock, eastern daylight saving time.

## BACKER OF FIGHT FAILS.

Stanton Bank and Trust company, Great Falls, Mont., whose president was active backer of Dempsey-Gilbons bout, closes its doors.

## STATE COMMISSION WILL OPPOSE THE RAILROAD PROPOSAL TO RAISE RATES ON VEGETABLES AND CITRUS SHIPMENTS

TALLAHASSEE, July 12.—Strong opposition will be interposed by the Railroad Commission of Florida to the proposal by the railroads to put into effect rates increasing the charges on vegetables and citrus fruits from Florida points to destinations in the United States and Canada. Notice has been filed by the carriers of their intention to make the new rates effective in the filing on July 3, of a supplement to the perishable protective tariff which became effective August 3, 1922.

In the meantime, the state railroad commission has asked the interstate commerce commission to suspend the proposed increase, which will amount to approximately fifteen and six-tenths per cent, it is said, and will make a strong fight against the proposal.

Florida fruit shippers would have to pay the railroads many thousands of dollars annually in additional freight charges, should the increase be allowed, it is declared by those interested in the fruit growing industry. This would be over and above more than three quarters of a million which the move to compel the shippers to fasten citrus fruit containers with three hoops, they declare.

July 17 has been set as the date for a hearing in Atlanta on the proposal to provide the additional hoops in lieu of a twenty per cent penalty increase in freight rates.

## RATES ON HOGS TO BE REDUCED FIVE PER CENT

Rates From Southeast to Texas Will Be Lowered

(By The Associated Press) WASHINGTON, July 12.—Railroads were ordered by the Interstate Commerce Commission to reduce by from five to seven per cent rates on hogs grown in the southeastern states and destined to packing plants in and around Fort Worth, Texas. The new schedule will become effective October 3, and will apply to all shipments originating in Florida, Alabama, Mississippi, Louisiana, Tennessee and Kentucky. The former rates were made on a carload basis for home shipments. The order today altered this and instructed railroads hereafter to fix charges on weight basis.

## AUTHORIZED TO SIGN TREATY.

Angora government has authorized Ismet Pasha to sign Lausanne peace treaty, Constantinople dispatch says.

## State Institutions Will Save Money on Legislative Acts

Expect to Make Charge of \$3.50 For Bound Volume

(By The Associated Press) TALLAHASSEE, July 12.—The Board of Commissioners of State Institutions has taken steps to save the state money heretofore lost through distribution of volumes of Legislative Acts at less than it cost to print them. It has been decided to make a charge of \$2.50 for a volume unbound and \$3.50 for those bound in Buckram.

## WHEAT TAKES ANOTHER FALL; NOW UNDER \$1

CHICAGO, July 12.—Wheat fell still further below the dollar mark and to the lowest prices since before the war today on the Board of Trade here. Reports of excellent wheat weather, bumper crop and immunity of the northwestern crop from black rust were ascribed by brokers as the incentive that sent the prices tumbling to as low as 98¢ for September wheat, lowest levels since 1914. One dollar wheat was sold yesterday for the first time in several years.

July wheat's low level was 99¢ and December wheat sold at \$1.10 but reached 1 1/4 cents at the close.

## REPUBLICAN NATIONAL CONVENTION

WILL BE HELD AT CHICAGO IF REQUEST IS MADE

(By The Associated Press) CHICAGO, July 12.—Republican National Convention will be held at Chicago next June if Fred W. Upham, National Treasurer, makes such request of the National Executive Committee, J. L. Babler, National Committeeman from Missouri said here today at a conference of the National Committeemen, State Chairmen and Republican leaders from seven states.

## Major Odum Here In Interest of Homes, Prison Work, Relief

Well Known Worker and His Wife Devoting Lives To This Work.

Major L. A. Odum, State Superintendent of the Volunteers of America, under General Ballington Booth, is in Sanford in the interest of two philanthropies which might be called, "Two of Florida's Greatest Moral Assets."

One is a state-wide Prison Welfare and Relief Department.

The other is the Florida Rescue Home, for the reclamation of erring girls and young women, located at Jacksonville.

The prison department of the Volunteers helps discharged prisoners of Florida, and in doing this renders a most signal service, not only to the individual, but to the state and society.

That philanthropy which throws its influence and care about a man, whose life has been atrophied by a term in the penitentiary, and endeavors to guide him back to the sphere of usefulness, not only embodies humanity and Christianity, but is statesmanship of the most constructive character.

The initial province of this department is to keep constantly in touch with the men while they are wards of the state.

Major Odum who is in charge of this department with his attaches, is constantly visiting the prisons of the state. Periodically religious services are held, Sunday schools are kept, organized societies and leagues formed, Bibles and other wholesome reading matter are furnished—in fact, those things looked after which make for the advancement of the morale of the men while incarcerated. Upon release many of the men are furnished with a change of clothing and placed in positions while many others are furnished transportation to their homes or assisted in other ways as the case may demand.

The Florida Rescue and Maternity Home, located at Jacksonville, the only institution of its character in the state, is accomplishing great good in that particular field of philanthropy. It was founded four years ago, and by dint of assiduous effort, has continued to increase in usefulness. It is truly a real home where motherly influence abounds and any unfortunate girl may go there and be helped with loving hands as long as may be necessary. It is also state-wide in its conduct and free in its benefits. Hence it is not surprising that the demands being made upon the institution are great. The strong need of such an institution has been thoroughly demonstrated and the most forceful argument that could be employed to induce cordial co-operation, is the fact that wayward womanhood is being constantly helped. Many babies are born in the home and in most cases must be held for adoption owing to the extreme youth and inability of their mothers to provide for them. This splendid service to society is being performed in great volume, as far as the resources of the institution permit.

For further information regarding this department, write Mrs. Major L. A. Odum, P. O. Box 74, Jacksonville, Florida.

## LAKE CITY-JACKSONVILLE ROAD CELEBRATION TODAY APPROPRIATE CEREMONIES

## MEMBER STOCK EXCHANGE KILLS HIMSELF TODAY

## Business Worries Said To Be Cause of Suicide

(By The Associated Press) ORANGE, N. J., July 12.—Kenneth M. Elyand, member of the New York Consolidated Exchange committed suicide at the home of his sister early today by shooting himself through the head. Miss Serna Elyand, sister told police Elyand had been despondent because of business troubles.

## ELKS WILL BUILD THEIR BUILDING, CONTRACT SOON

ATLANTA, July 12.—With the approval of the grand lodge of the Benevolent Protective Order of Elks, contracts for the construction of the proposed memorial headquarters building in Chicago will be let within the next few weeks, according to the report of the commission in charge to the grand lodge meeting here today.

The building will cost in the neighborhood of \$3,000,000 and work is expected to be started this year, the report said.

Committee reports and other routine business occupied the attention of the grand lodge yesterday. The final session will be held this morning, to be devoted to the installation of the new grand exalted ruler, James G. McFarland, of South Dakota, and the other new officers. The reunion will close officially with the grand parade this afternoon.

In addition to the grand lodge sessions, yesterday's events included the band concert, water festival, barbecue and fire works at Lake Wood Park.

John K. Tener, former governor of Pennsylvania and past grand exalted ruler of the Elks, made the report on the proposed memorial headquarters. It was pointed out that the increased cost of construction both in labor and materials had made it necessary to revise the plans and specifications for the memorial. This revision has been made, new bids received and the commission is preparing to close contracts with a large New York construction company, the lowest bidder, for the work. Substantial progress in the work of construction will be evident before the end of the present year, the report stated.

Another report of interest was made by the committee on social and community welfare, showing that more than \$2,225,000 was spent in the last year by the Elks in charitable work alone. Need of an intensive campaign in Americanization was emphasized in the report, which also devoted special sections to education and the conservation of mother life and baby life.

## SPANISH WAR VETERANS TO MEET IN CHATTANOOGA

CHATTANOOGA, July 12.—The 25th national encampment of the U. S. W. V. will be held in Chattanooga September 16-20. Veterans of the Spanish war from all parts of the country, accompanied by relatives and members of the women's auxiliaries, will mingle with men of the Civil and World wars as honored guests of the city. Twenty-five thousand persons are expected.

The national convention committee has invited Major Andrew S. Rowan as one of the distinguished guests of the encampment. Major Rowan as a young officer carried the "Message to Garcia," and was recently decorated for that service by Congress, receiving the Distinguished Service Cross. An old time Southern barbecue on the battlefield at Chancellors Park, where so many troops were mobilized during the Spanish war, is one of the entertainment features upon the program during the encampment.

## ONE OF THE FINEST ROADS IN THE SOUTH SAYS EXPERTS

## COST ENOUGH

And is Made of Concrete Upon Fine Base and is 64 Miles Long

(By The Associated Press) LAKE CITY, Fla., July 12.—Every true friend of the cause of good roads in Florida may rejoice over the good work of the legislature, declared Judge H. B. Phillips, chairman of the state highway department, in an address here today at the ceremonies incident to the opening of the Lake City-Jacksonville highway. The new road, just completed at a cost of approximately \$1,500 per mile, is 64 miles long, and has been pronounced by experts as one of the finest pieces of road work in the southern states.

Representatives from all sections of the state were present among the throng that gathered here for the occasion. Jackson's inclined plane was in operation, large delegations coming from Jacksonville and other nearby cities.

"The day of patch work road building by the State Road Department is over," Judge Phillips continued, in referring to the passage of the Miller bill by the 1923 legislature which designated the roads to be concentrated upon by the highway department until completed. "The department is now free to carry out its true purpose and function as a state department and build a system of state roads without having its work interfered with by delegations asking that this little job and that little job be done here and there, and everywhere throughout the state."

Under the laws now governing the department's activities, Judge Phillips said the highway department "will continue for the present year to work on the preferred list of roads and to carry out its existing contracts with the counties. Next January it will make up its budget of work on the preferred list of roads and when the same becomes final as provided in the law, NO other work will be undertaken until the budget is completed."

"It is well to note that the law says 'contracts' with counties and that language does NOT include or mean a mere promise of allocation of funds," Judge Phillips said in referring to the provisions of the Miller act, which takes from the road department the power to designate and establish state roads.

Under the terms of the new highway law provides that at a meeting to be held in January of each year, the department shall make up a budget of work for the ensuing year, which shall be published throughout the state, together with a notice of the time and place of a public hearing at which time the department shall hear all complaints and suggestions as to the budget, and shall then make up a final budget and shall thereafter do NO other work (except certain emergency work) until the budget has been completed. It was pointed out by the speaker.

The Road Department shall first complete roads No. 2, 3, 4, 5 and 8.

Unlocking the windows makes them easier to raise.

## MISS JESSIE GRAVES WEIDS COLLIER BROWN LAST EVENING

The First Methodist Church was the scene of an interesting wedding last evening at eight o'clock, when Miss Jessie Graves became the bride of Collier Brown, the church being filled with friends of the young couple, and the ceremony performed by Rev. W. J. Carpenter.

Stately ferns and palms in graceful arrangement formed a lovely background for tall pedestal baskets holding white dahlias. On the altar were quantities of asparagus ferns interspersed with cathedral candelabras holding white burning tapers. The chancel rail was entwined with feathery ferns, and the pews for the relatives were also roped off with ropes of asparagus ferns caught with clusters of white asters. The entire edifice was encircled with tall bamboo.

Before the entrance of the bridal party, an appropriate program of nuptial music was rendered under the direction of Dr. H. H. McCaslin, organist, assisted by Mrs. O. P. Herndon and Mrs. F. E. Roumillat. Mrs. Herndon sang very sweetly, "O Promise Me" (DeKoven), while Mrs. Roumillat sang, "I Love You Truly" (Carrie Jacobs Bond) in her usual charming manner. The Bridal Chorus from Lohengrin was used as processional, while Mendelssohn's Wedding March, was played as recessional. During the ceremony, Traumeri was softly played.

Mrs. Claude Herndon was becomingly attired in orchid voile with ruffles of lace. The girdles was of lavender satin caught through rosettes of lace.

Mrs. Roumillat was gowned in white net and lace over flesh pink satin. Her girdle was of dresden ribbon.

Miss Weyma Graves, sister of the bride, attended her as maid of honor, wearing a lovely gown of Almond green chiffon, made with basque waist and bouffant skirt. Her hat was of silver cloth combined with green maline and tiny French flowers. She carried an arm bouquet of white hydrangeas.

The ushers were Hugh Tillis and Newton Lovell, and the groom was attended by Ernest Gormely as best man.

Little Mary Ratliff was the adorable little flower girl, and preceded the bride, scattering rose petals in her path. She wore a fairy like costume of white organdie trimmed with tiny ruffles and lace, and carried a white basket tied with white tulle.

Little Billie Mitchell, wearing a cunning suit of white, was ring bearer, carrying the ring in the heart of a large white rose.

The bride, who entered with her brother Seymour Graves, by whom

she was given in marriage, was a picture of girlish loveliness in her wedding gown of white Georgette, over white satin, the blouse was long waisted, the neck and sleeves outlined with seed pearls, ropes of pearls were fastened from the shoulders to the girdle with rosettes of Georgette and pearls. The skirt was made with pleated flounces, apron effect. Her tulle veil was worn coronet fashion caught to her soft hair with ropes of pearls. She carried a cascade bouquet of bride's roses and valley lilies.

Immediately following the ceremony, the bride and groom left for an extended trip amid showers of congratulations and good wishes.

Mrs. Brown is traveling in a smart three piece suit of Castor Poirer twill. The coat being cut box effect, with three tucks at the bottom. The blouse, is of Egyptian crepe. Her hat is of Castor felt with trimmings of blue chennille. Her gloves, shoes and other accessories were also of Castor color.

The bride is one of Sanford's loveliest and most popular girls, and is highly accomplished and attended Sanford High School. Her marriage is the culmination of a romance which began during the high school days when both the bride and groom were leading figures in the class play, "At the End of the Rainbow."

Mr. Brown is the son of Mr. and Mrs. E. L. Brown and is a young man of sterling qualities and holds a responsible position with the Sanford Truck Growers and is popular in both social and business circles, and has hosts of friends who will join in wishing both he and his charming bride every good wish for a long and happy married life.

Among the out of town guests were: Mrs. T. C. Butler, of Atlanta, aunt of bride; Mr. and Mrs. E. A. Osteen, of DeLand, cousins of bride; Mr. and Mrs. A. M. McDaniel, of Bunnell, sister and brother-in-law of the groom; Mr. and Mrs. J. M. Stille, of DeLand; Mrs. Mary Adams and Misses Maude and Annie Grace Adams of Lakeland; Miss Grace May Bozarth, of Orlando; Mr. and Mrs. K. B. Osteen, of Osteen; Mr. and Mrs. M. T. Graves and daughter, Allen, of Jacksonville, brother and sister-in-law of the bride; F. Z. Graves, of Jacksonville, brother of the bride; Miss Corinne Hells, of Jacksonville.

## Host of Friends Pay Last Tribute to Howard Lyman

Paying a last tribute to Howard C. Lyman, friends of the family from Winter Haven, Sanford, Haines City, Lakeland and Orange county, attended the funeral services at the Hand chapel and at the Greenwood cemetery grave yesterday afternoon.

Beautiful floral offerings covered the chancel of the Hand chapel and a most impressive service was rendered there under the direction of the Rev. W. A. Cooper, pastor of the First Methodist church. A special music program was given during the service, including a selection by a quartet and a very effectively rendered solo, "Beautiful Isle of Somewhere," by Miss Grace Chandler.

At the grave, the local Elks lodge had charge of the service, Justice Van Buskirk, exalted ruler, leading one of the most impressive funeral services ever held in Orlando.

NEW VERSION OF THE APRON

The apron comes forward to express a new idea in simplicity and development. It is fashioned of plain unbleached muslin and trimmed with a flat crocheted edge in delicate rose color. The design lends itself to delicate shapes, for the bib may be slashed and the upper corners cut in points, or it may be rounded away at the top. Embroidery also may be added to the bib and the corners of the apron. For a fancy, use organdy and trim it with lace insertion to form panels, finishing the edges with lace. Medium size, as illustrated, requires 3/4 yard 32- or 36-inch material. Pictorial Review Apron No. 1487. Sizes, 36, 40, and 44 inches bust. Price, 25 cents. Dress No. 1293. Sizes, 34 to 48 inches bust. Price, 35 cents.

## FOR CONSTIPATION

Black-Draught Recommended by an Arkansas Farmer Who Has Used It, When Needed, for 25 Years.

Hatfield, Ark.—Mr. O. W. Parsons, a well-known farmer on Route 1, this place, says: "I keep Black-Draught in my home all the time. It is the best all-around medicine I have ever found for the liver and for constipation. I began using it 25 or more years ago and have used it whenever needed since. I have never found any other medicine as good for constipation, and that was what I suffered with till I began using Black-Draught. Black-Draught corrected this condition, and now we use it for the liver and for indigestion—a tight and sluggish feeling after meals, for bad taste in the mouth and sour stomach."

"My wife uses it for headache and biliousness. It sets on our shell and we don't let it get out. It has been a great help to us. I believe a great deal of sickness is caused by hurried eating and constipation, and Black-Draught, if taken right, will correct this condition." Get Theodor's, the original and only genuine Black-Draught powdered liver medicine. Sold everywhere. NC-150

Number 1000  
 UNITED STATES OF AMERICA  
 STATE OF FLORIDA  
 COUNTY OF SEMINOLE

**CITY OF SANFORD IMPROVEMENT BOND**

KNOW ALL MEN BY THESE PRESENTS, That the City of Sanford, in the State of Florida, a municipal corporation duly organized and existing under and in pursuance of Laws of the State of Florida, for value received, acknowledges itself indebted, and promises to pay to the bearer hereof the sum of

**ONE THOUSAND DOLLARS**  
 in lawful money of the United States of America, on the first day of July, A. D. 19... with interest thereon at the rate of six percentum (6%) per annum, payable semi-annually, January first and July first, of each year, on presentation and surrender of the interest coupons hereto annexed as they severally become due, both principal and interest being payable at The Chase National Bank, in the City of New York, State of New York.

This bond is one of a series of one hundred and fifty-one bonds, aggregating One hundred and fifty-one thousand dollars, of like date and tenor, except as to maturity, issued by the City of Sanford, Florida, for municipal purposes, in strict conformity with the Constitution and Laws of the State of Florida, including among others an act entitled:

"An Act to Validate, Approve and Confirm All Proceedings Taken by the City of Sanford, Florida, in Connection With the Construction, Paving, Re-paving, Hard-surfacing, and Re-hard-surfacing of Certain Streets in Said City; Validating, Approving and Confirming the Levy of Special Assessments Made by said City against the Property Fronting or Abutting Upon Said Streets to be Paved; Authorizing the Issuance and Sale of Certificates of Indebtedness, and Authorizing the Issuance and Sale of Bonds of the City of Sanford, Florida, in Connection With Said Street Improvement; Said Bonds to be General Obligations of said City," passed by the 1923 session of the Legislature of the State of Florida, an act entitled:

"An Act to Abolish the Present

Municipal Government of the City of Sanford, Seminole County, State of Florida, and to Organize, Incorporate and Establish a City Government for the Same; and to Prescribe the Jurisdiction, Powers and Functions of said Municipality."

also passed by the 1923 session of the Legislature of the State of Florida, and also pursuant to certain orders and resolutions of the City Commission of the City of Sanford, Florida, duly had and adopted, maturing and made payable as follows:

- Bonds Nos. 1 to 15 on July 1st, 1924.
- Bonds Nos. 16 to 30 on July 1st, 1925.

- Bonds Nos. 121 to 135 on July 1st, 1932.
- Bonds Nos. 136 to 151 on July 1st, 1933.

**IT IS HEREBY CERTIFIED, RECITED AND DECLARED,** that all acts, conditions and things required by law to exist, happen and be performed, precedent to and in the issuance of this bond have existed, have happened and have been performed in regular and due time, form and manner, as required by law, and that the amount of this bond, together with all other indebtedness of the City of Sanford, Florida, does not exceed any limit prescribed by the Constitution and Statutes of the State of Florida, and that before the issuance of this bond, provision has been made by resolution of the City Commission to assess, annually, a tax upon all real and personal property, railroads, telegraph and telephone lines, owned or situated within the City of Sanford, Florida, to realize a sum sufficient to pay the interest upon this bond as it may become due and to create a sinking fund for the payment of the principal hereof at the maturity of same.

And for the payment of the principal and interest of this bond, the full faith and credit of the City of Sanford, Florida, is hereby irrevocably pledged.

**CITY OF SANFORD, Florida,** has caused this bond to be signed by its Mayor, and by the City Clerk and its corporate seal to be affixed hereto, and has further caused the interest coupons hereto attached to bear the lithographed fac-simile signatures of said Mayor and said City Clerk, and this bond to be dated the first day of July, A. D. 1923.

Mayor of the City of Sanford, Florida.

Attest: City Clerk.

(Form of Interest Coupon)

(Interest Coupon) No. 1000 \$30.00  
 ON THE FIRST DAY OF JULY, 19... THE CITY OF SANFORD, FLORIDA will pay the bearer Thirty Dollars (\$30.00), in lawful money of the United States of America at The Chase National Bank, in the City of New York, State of New York, being six months interest then due on its Improvement Bond, dated July first, 1923, payable from a tax to be assessed, levied and collected upon all taxable property within the boundaries of the said City of Sanford, Florida.

**BE IT FURTHER RESOLVED,** that as soon as said bonds shall be printed, same shall be duly executed by said Mayor and said Clerk in the form and manner hereinabove set forth and said bonds, when so executed, shall thereupon be forthwith delivered by said Mayor and said Clerk to Forrest Lake, S. O. Chase and C. J. Marshall, composing the City Commission of Sanford, Florida, ex-officio bond trustees of the City of Sanford, Florida, for delivery in due course to the purchasers thereof, and

**BE IT FURTHER RESOLVED,** That Forrest Lake, S. O. Chase and C. J. Marshall, as ex-officio bond trustees of the City of Sanford, Florida, be each required to enter into a good and sufficient bond in the sum of Fifteen Hundred Dollars (\$1,500.00) conditioned upon the faithful performance of the duties imposed upon them as bond trustees of the aforesaid authorized issue of bonds.

And be it further resolved that this Resolution shall be, and become effective immediately from and after its passage and adoption.  
 Adopted this 9th day of July, A. D. 1923.

**FORREST LAKE, S. O. CHASE, C. J. MARSHALL,**

**DEAN OF STATE NEWSPAPERMEN LOOKS IN PAST**

The world is growing better. There is proof of it right here in Jacksonville. Day street, for instance, used to be lined with saloons and gambling houses. Today all these places are gone and commercial houses have taken their place.  
 That's the opinion of Frank Harris, editor of the Ocala Banner and dean of Florida newspapermen, who with Mrs. Harris, is visiting his daughter, Mrs. Charles H. Lloyd, 150 Powell Place.  
 Mr. Harris is 76 years old and has been publishing the Ocala Banner since 1866. He established it immediately after the war. Before that he had been a printer's devil in a newspaper shop at Quincy.  
 When Mr. Harris started the Banner there wasn't a daily newspaper in the state and an editor had to know how to use a gun as well as write, because politics were warm in those days. There wasn't a railroad south of Gainesville. Miami, Lakeland, Orlando, Leesburg and a score of other thriving cities had not been dreamed of.  
 "Looking backward," Mr. Harris said, "it seems such a short time. The state has grown up as by magic. Florida has moved forward on the wide wings of development."

Mr. Harris has no criticisms to make of the modern girl. "She's all right," he said. "Times change that's all."  
 The whole trend of the times is toward better things, he said, and pointed to the methods used in treating convicts as an example.  
 "This is familiar to the people of Florida," he explained. "The convict lease system and the lash are gone. A new system has been inaugurated, and this will gradually be made more humane, because public opinion will demand it."  
 Mr. Harris talks interestingly of the newspaper history of the state and of the part editors played in old factional politics. The names of the state's most prominent editors are on the tip of his tongue.  
 "In the early days," he recalled, "all politicians and newspapers were divided into two classes—Whigs and Democrats and politics were kept at fever heat by bitter fights."  
 Then came the Stockton and Brown factions of the Democratic party, still remembered by the older citizens. Mr. Harris was lined up with the Stockton faction.  
 "Those were exciting days," he said. "Politics are not like that any more. People do not take as much interest. I guess it's best, but we used to be hot and hot."  
 Mr. Harris was one of the original

supporters of William Jennings Bryan for the Democratic nomination for president.  
 "Shortly before the convention of 1896," he stated, "I read a speech he had made and realized he was a coming figure in American politics. I advised Colonel Robert W. Davis, a delegate to the convention that year, to nominate Bryan, that it would win national prominence for him, and he asked me who Bryan was. He didn't nominate Bryan, but voted for him, although he had no list of doing it when he left Florida."—Jacksonville Journal.

**WEEKLY WEATHER AND CROP BULLETIN.**

For the week ending, July 10, 1935.  
 The week had much cooler than the seasonal average, although mid-day temperatures on several days were well up in the 90's at some stations in the interior. The rainfall was less than the normal, and irregularly distributed, although showers were frequent over the portions of the peninsula and locally heavy rains occurred over the several divisions; the sunshine was about the normal over much of the section, except most of the northeastern counties. As a whole, the adverse elements were favorable for crop progress. The absence of heavy rains enabled farmers to make progress cultivating cotton, which, except for some instances, that planted on low lands, especially in the

coastal district, has been abandoned; there is still much grass and the weevil is active, although efforts to control its ravages met with some degree of success, where showers were not of daily occurrence. Late corn on uplands made some progress. Cane, sweet potatoes, and peanuts improved on uplands and cultivation made fair progress; practically all such crops on low lands are very poor—much land abandoned. There has been too much rain over much of the section for the sweet potato, although the vine is luxuriant. Rice, cow peas, velvet beans and all cover crops are in good condition. The melon crop was one of the poorest of record. Tobacco has been harvested; it was generally good—probably the only outstanding success to date. Citrus trees are in good condition, and the fruit is holding well. The mango is in good condition; also, the avocado pear. Satsuma trees are doing well in the western division. The weather was favorable for the setting of pineapple slips.

**SENATOR TRAMMELL ACTIVELY OPPOSING INCREASE IN RATES**

WASHINGTON, D. C., July 12.—A matter of considerable interest to the fruit and vegetable growers of Florida is involved in a proposed increase in refrigeration charges on perishables shipped from Florida. Senator Park Trammell is here ac-

tively opposing the effort to raise refrigerator charges and called in person yesterday at the Interstate Commerce Commission and made vigorous complaint against the proposed increase of approximately ten dollars a car which is to become effective August 10th unless suspended by the commission.  
 Senator Trammell was advised of the necessity of formal complaint to be made by some growers organization or a number of organizations and he has communicated with many of the Florida growers relative to early action in the nature of a formal complaint asking for a suspension of the proposed increase prior to August 10.

**BURKEMEN AND GROWERS BATTLE FOR 17 INNINGS**

ORLANDO, July 12.—In the longest game ever played in the Florida State League, the Orlando Bulldogs and the pennant chasing Bradentown Growers battled for seventeen innings yesterday in a 5 to 5 tie. Four hours and forty-five minutes after the play was started, Umpire Turner called the game on account of darkness, rain halting the fray for an hour and a half in the fourth inning.

**SAINTS LOSE LAST ONE TO DAYTONA, 4-3**

DAYTONA, July 12.—Daytona made it two out of three from St. Petersburg here yesterday by taking the last game of the series, 4 to 3. After the visitors had assumed a three run lead the locals got to Hinkle for five hits and four runs, knocking him out of the box in the fifth.  
 Cooper pitched good ball but gave way to Little in the eighth when he got himself in a hole. Little was unhittable.

**Mackmen Drop the Second Straight To Clevelanders**

CLEVELAND, July 12.—Cleveland made it two straight from Philadelphia today by winning to 2. Score: Philadelphia 000 000 002—2 7 0 Cleveland 001 000 305—4 10 0  
 Romnell, Killett and Druggie; Covaleskie and Myatt.

ST. LOUIS, July 12.—St. Louis pounded three Washington pitchers hard yesterday and made it two straight over the Senators, 10 to 4. The score:  
 Washington 200 002 000—4 7 8  
 St. Louis 205 004 102—10 14 3  
 McGhee, Mitchell, Friday, and Ebel; Vanduser and Seveland.

CHICAGO, July 12.—The Yankees defeated Chicago yesterday 3 to 1. The score:  
 New York 000 110 010—3 9 0  
 Chicago 000 000 010—1 8 1  
 Hoyt, Hofmann and Bengough; Fabel, Thunston and Graham.

DETROIT, July 12.—Boston fell before Detroit's attack in both games of yesterday's double header losing the first 7 to 3 and the second 5 to 1.

LAKELAND, July 12.—Lakeland and Tampa split a double header here yesterday, the Smokers copping the first contest 8 to 3. Hankins held Tampa to three hits in the second and the Highlanders won 1 to 0. Stewart's hitting featured.

Rum runners are telling some funny stories just now—or is it the anti-prohibition crowd telling them.

The Elks spent over two million dollars for charity during the past year. The great heart of Elkdom is all right. The Elks do as much for charity as any other organization on earth.

"Ford Boom Cannot Lead to White House" says a prominent writer in the newspapers. Well, where in the summer breezes do you think the Ford Boom will lead? To Detroit, maybe.

Three days now since we have heard from President Harding and we are afraid he is lost in Chilkoot Pass or one of the dance halls in Dawson City. Let us hear from you, Mr. President.

Woman convicted of murder tries to beat her brains out by beating her head against the cell, states article in current press. Well, some people we know could not beat out any brains in this manner.

Rotarians and Kiwanians played strenuous game of ball yesterday afternoon and the boys while sweating and burning under the hot rays of the sun thought they were earning money for charity. But come to find out no one took up any collection and so they really played for nothing. The public really owes them at least ONE THOUSAND DOLLARS!!!

Centralization is the thing these strenuous days. Centralize your government, centralize your municipal affairs, centralize your business, centralize your transportation problems, centralize your growing and shipping. And Sanford is the center of the industry of the state so make Sanford the central distributing point.

Headlines say that the U. S. Income tax is lower than that of any other nation. Well, maybe so, maybe so. But that is not helping us to pay our share of it every year just when we have no money to pay it with. It is strange that a man should be compelled to pay income tax on something that does not really exist. In other words you have to pay a tax and borrow the money to pay it.

Key West voted \$150,000 for municipal golf links. If Key West thinks this much about golf playing it is high time that Sanford and other cities thought something about it. Golf should be a game that everyone could play. It is the greatest outdoor game for young and old of all classes that has ever been invented and everyone in Sanford should have the privilege of playing golf if they are so minded.

NEWSPAPER MERGERS.

The currents of today's fast moving business trend are sweeping newspapers into consolidations. In the trade journals like "Editor and Publisher" and "Printers' Ink" (monthly and weekly) one may read every few days about new consolidations of two or more newspapers in the same town, and of newspaper failures. Advertisers, national and local, desire concentration in their space-buying campaigns, and invariably welcome newspaper combines.

One newspaper to the town is becoming quite the—may we say "ant's pants," even in cities of a hundred thousand population and over. Flint, Mich., for instance, a prosperous manufacturing center (home of Buick and several other automobile factories) now has but one newspaper.

An advertisement in "The Fourth Estate" of June 30, says:

"The day is past for the old-time sentimental love of printing a news-

paper. The lesson of the last few weeks in the numerous big mergers tell you what mergers are essential to save what you have and gain by combination."—St. Augustine Record.

Now is the time for Sanford merchants to get together for one big day in Sanford and that one big day should be a Dollar Day and general trading day for the people living within a radius of fifty miles of Sanford. Make it interesting by putting out some real Dollar Day bargains. Make it interesting by giving several automobiles and make it interesting by making the people who come here feel that they are in the best trading center of the state.

There should be no dull times in Sanford this summer. People make dull times by sitting around in the sun and talking hard times. Right now in the midst of the greatest building boom that Sanford has ever experienced and on the eve of a most successful winter season, we should be up and doing and not grumbling and growling either about the weather or about the "Big Freeze" or about anything that is past and gone. We are living in a most wonderful age and the man who goes after business is the man who will succeed. Moaning and groaning and getting blue in the face talking about hard times will never get you anywhere.

### NEW CIRCULATION PLAN.

The following from the Lakeland Star-Telegram covers the plan of the Herald and several other daily papers in the state who have sold their circulation list to Mr. Berg:

"The circulation department of the Star-Telegram is now under the direction and management of R. H. Berg, formerly with the Miami Metropolis for a number of years as circulation manager of that paper. For the past few days Mr. Berg has been busy systematizing the mail list of the Star-Telegram and he proposes to handle every account just as the business office handles advertising accounts. In other words the whole subscription list is placed on a business basis. The Star-Telegram sells the papers to him every morning and he pays cash for them; he in turn sells them to the carriers and the carriers check up and pay cash for every paper that is sent out; if a subscriber fails to pay the carrier, the carrier is the loser because he must pay for his paper and keep his collections a pte date; therefore, don't blame the boy if he seems to be anxious for his money. Taen Mr. Berg also must pay the Star-Telegram cash for all papers and subscribers should not blame Mr. Berg if he, too, insists upon payment for the papers he sells. Every subscriber is treated alike and a system is adopted that will be better for everyone who is interested in having his bills paid.

As has been explained several times we must have the mail subscription paid in advance if we are to become members of the Audit Bureau of Circulations and it is no reflection upon any person now taking the paper if they do not pay up and the paper is stopped because it is just a plain business proposition. We have been sending out several hundred papers every day to readers who do not pretend to pay and yet the paper on which the news is printed must be paid for in advance by this office and there is no six months' or year's time to even consider when

### ST KIDS

82 INTERNATIONAL CARTOON CO.

it comes to that—paper is either spot cash or nothing and we must have the money. Those who are in arrears are expected to pay even though the paper is stopped because they have accepted the paper through the postoffice and the government has made such a ruling. On July 20th every subscriber who is in arrears will be removed from the list in order to get to the goal to which we are working. That is only nine days away. Statements have been sent out to those in arrears and it will be highly appreciated if everyone who wants his paper continued and not miss an issue to see that the paper is paid in advance and kept that way."

### VACATION TIME

Something more than a change of location is necessary if vacationists who are able to take only two weeks from their work each year are to get the best results from the time. There should be as nearly as possible a complete reversal of the activities of the individual during his employment at home.

Surgeon General Canning of the United States Public Health Service says that indoor workers should make as nearly as possible a complete change to outdoors and that workers in the open will find their greatest recreation in reversing the conditions with which the year familiar in their employment.

The fact is that very few persons are overworked physically, but what they need is a change of environment that will give them the mental relaxation that is necessary if the the

keenness for their tasks is to be restored in the brief time usually available for vacations. There should be a minimum of suggestion of the job which has been temporarily abandoned.

Vacation should be a definite change from vacation, and unless this can be secured to the maximum degree much of the value of the period of relaxation will be sacrificed. The person who can manage to adapt himself promptly to conditions that will produce the desired results may count himself fortunate.

It should not be necessary to suggest to any one the wisdom of carefulness in the matter of eating and drinking when on vacation. That is taken for granted. More physical rejuvenation will not be possible at its best unless the mental attitude of the vacationists towards life in general has been quickened by contact with places and individuals.—Tampa Tribune.

# Why

continue to sell our citrus fruits for less money than they are worth?

**Sealdsweet**

We, the cooperating growers who market our own fruit through the Florida Citrus Exchange, continue to sell at top prices; grade, pack, quality, and volume considered.

Your fruit, if you are not a member of the Florida Citrus Exchange, continues to be sold in direct competition with ours, lowering the prices received by all of us.

Practically every car of fruit we sell has to meet considerably lower prices offered to the trade by the non-cooperative and speculative marketing agencies.

We are able to get better prices because of the consumer demand for Sealdsweet grapefruit and oranges, developed by years of consistent advertising, and by reason of our reputation for fair treatment of the trade.

Every Florida grower, whether or not a member of the Florida Citrus Exchange, receives less for his fruit under the present system than it is actually worth. Why continue the destructive methods which produce this result?

Five thousand and more of us who have tried the cooperative idea of marketing and have not found it wanting, invite the other Florida growers to join us in eliminating unwise competition from the citrus industry.

In the Florida Citrus Exchange we have built up an efficient, strong organization which is amply able to secure for every Florida grower all that his fruit is worth, whenever the present plan of selling fruit for less than its real value by many growers is abandoned.

Why not try cooperation instead of competition? Why longer accept for your fruit less than you should receive?

Join the Florida Citrus Exchange and receive the high dollar for your fruit. Consult the manager of the nearest association or sub-Exchange or write the business manager at Tampa, Florida.

CELERY SEED

Kiwanians won!

"We told you so."

So goes the critic that don't know anything about baseball, but knows all about the Kiwanis and Rotary clubs.

Hope there won't be any hard feelings by anyone but the Kiwanians just naturally and "tectotally," etc., outclassed the Rotes.

Did you see Ed Lane pound out that home run in the fifth inning with two on bases? The above named gentleman must have been practicing in someone's vacant lot judging by the way he tossed that pill across.

Schelle Maines is all right when it comes to "lawyering," getting walked to first base but we'd advise him to lay off that base-stealing. He hasn't quite the right balance for fast running and yesterday was thrown out trying to steal third.

Sam Baumel and Charlie Britt must believe in this, "Variety is the spice of life," and apply it to baseball also. Both of these stars were seen in three different positions each. (Their playing was a variety also).

If we have to describe the game we might as well describe the appearance of some of the players. Judge Sharon and Edgar Ball will have to use the tissue paper water wings together as they both deserve them according to their appearance.

Honorable Judge Sharon was attired in a pair of gray work trousers, brown shirt and a bandana handkerchief around his neck. A little brown hat was perched upon his head at a respectable attitude. A very different judge was he then as he is usually dressed in white. Ball, the leader of the city's finest musicians, was "neatly" dressed in overalls.

In our opinion, Howard Overlin was the outstanding star of the game. The little manager of the telephone company made five putouts, five assists, one run and a stolen base. While not dangerous at the bat he gave the Rotary infield a lot of trouble when he was on bases.

Ed Henderson was recruited by the Rotary club in the fifth as catcher and a certain Kiwanian told us that the Rotary manager had to use this player who is not a Rotarian because all of the Rotarians had went home scared of the rain. But we notice that the Kiwanis had Morris Spencer who is also a non-Kiwanian in their line-up. So both sides have got something to explain.

The scorekeeper has got a severe headache yet from trying to keep up with the fast, wild and all sorts and kind of playing that was tried out during the game.

The Big Berean Brotherhood of the Pepper League will go to Orlando this afternoon for a double header with the Orlando Sentinel. These will be the last games of the Pepper League's first half.

KIWANIS TAKE EXCITING GAME FROM ROTES YESTERDAY, 8-6

The Kiwanis base ball team, under the competent leadership of Ed Lane, real estate and movie man, defeated the Rotary club, under the leadership of Charlie Britt, real estate, etc., by the close score of 8 to 6.

Puleston, who started pitching for the Rotary, was a little out of form, not having played base ball in such a long time. He gave up three hits, one walk and combined with one error allowed the Kiwanis to score three times in the initial frame.

Sam Baumel started the pitching job for the Kiwanis and while allowing one one hit in the first inning, his team mates were a little dizzy and made two errors allowing the Rotes to cross the platter two times before the terror was over.

Ed Lane was really the star hitter of the afternoon. While not getting the most hits he smashed out a home run in the fifth inning scoring two runners ahead of him, the "tremendous" blow going to left field on French avenue.

The Kiwanians started off with a rush in the first, Baumel, first up singling to left; Lloyd struck out, Baumel going to second. Steele singled to center, Baumel held at third. Hutchinson walked, filling the bases. Then Forest Lake, our mayor-banker, stepped to the plate and as usual started the fire works. He singled to center scoring Baumel and Steele. Ball grounded to third but Thrasher threw wild to first and he was safe, scoring Hutchinson at the same time. Lake ventured too far off second and

was caught, making the second out. Ball was thrown out attempting to steal third. So ended the frightful inning.

Thrasher who led off for the Rotes was out, pitcher to first. Knight was safe on short stop's error, going to second when centerfielder fumbled Britt's fly. Judge Sharon had forgotten to put glue on his hands was the reason for dropping the easy fly. Rosebro doubled to left scoring both Knight and Britt. He was later caught napping off second. Newman fled out to Judge Sharon who didn't think it safe to drop it.

The rest of the game was pretty good but the score keeper couldn't get the other four innings play by play on account of both sides making so many changes in lineup.

Gene Roumillat, who started the receiving end for the Rotary club had to retire in the second inning when a pitched ball hurt his finger pretty badly. This was about the only noticeable casualty as every one had a few scratches. The writer noticed several of the players of both teams limping around this morning and upon inquiry received the answer, "Just a little sore."

The box scores follow:

Table with box scores for Kiwanis and Rotary. Columns include AB, R, H, PO, A, E. Kiwanis score: 8-6, Rotary score: 6-8.

Score by innings: Kiwanis 301 13-8, Rotary 210 03-6

Summary: Two base hits, Rosebro. Home runs, Lane and Henderson. Stolen bases, Overlin, Puleston, Ball. Struck out, by Puleston 3, by Stevens 1, Britt 1, Baumel 0, Lane 4. Losing pitcher, Britt; winning pitcher, Lane.

FOR THE MOVIE FAN

Tonight an all-star cast in "Mighty Lak'a Rose".

It is a magic melody! This Rhapsody of the city streets played on the heart strings.

A tale of love and devotion, of strong men and women of two kinds, of dark streets and sunlit places, of the magic of music, and of something else that some might call God.

Also "Spooky Romance," a two-part Century Comedy.

And the honor guests tonight will be Tim Keene and Bill Puleston, (the only requirement is that they bring no ladies with them) and they will see this fine picture without cost to them, the treat being on Osorne.

Tomorrow—Marguerite De La Motte, Frank Kreenan and Lloyd Hughes in "Scars of Jealousy."

Saturday—Dorothy Dalton in "Fog Bound."
