## EASTER MESSAGE

She's as young as spring-time, as sweet-scented as a lily, beautifully serious with the total dedication of youth. People in church smile as they watch her, and they walk out into the April sunlight feeling better, happier, for having seen her.

They cannot, ever again, be as young as she is, but this doesn't seem to matter. For she is a symbol to them. She represents the wonder of spring when the world becomes new and fresh again, when flowers bloom as if for the first time, and when the Church retells the story of its greatest miracle—Christ's promise of everlasting life.

This, unquestionably, was the greatest promise ever made, and the reminder of it comes at Nature's most perfect season. Be sure that you go to the church of your choice this Easter, so that you may again hear and remember the Easter message in all its glory.

# Long And Hard Winter Reason For Century's Worst Floods

By Wesley G. Pippert  
United Press International  
The long, hard winter, that, simply, is the reason for the century's worst floods.

**Mrs. Edmondson Succumbs At 82**  
Mrs. Pearl B. Edmondson, 82, died at 4:25 a. m. today at Seminole Memorial Hospital.

**Infant Altshuler Expires Sunday**  
Lora J. Altshuler, infant daughter of Mr. and Mrs. Harry J. Altshuler, 408 Sunland Drive, died Sunday at Seminole Memorial Hospital.

**John Carlyle Dies Saturday**  
John K. Carlyle, 65, died Saturday night at his home in Lakeland, Fla.

**Funeral Notice**  
Funeral services for John K. Carlyle will be held at 2:30 p. m. Tuesday at Brinson Funeral Home.

The century's worst floods in the Mississippi Valley... The water spilled indiscriminately over the lowlands... Where there were buildings, the basements filled and the structures were flooded.

The cyclone had curled around the southern edge of Lake Michigan a week ago Sunday... Thirty-seven times from Wisconsin to Ohio, funnel clouds dipped out of sultry skies and left behind death and destruction.

The floods and the tornadoes combined to give the nation one of the worst weeks in its history from the standpoint of natural disaster... More than 500 persons died, most of them in the tornadoes.

The cost of the tornadoes and the floods probably is inestimable... A figure of a quarter of a billion dollars was arrived at for the tornadoes, with Indiana Gov. Roger Branigan placing damage in the Hoosier state at minimum of 100 million.

The worst tornadoes on record in the nation occurred in 1925 in Missouri, Illinois and Indiana, with 689 dead... The next worst took place in Alabama in 1932, with 268 dead.

Last week's were the third worst... The floods came, the mighty Mississippi rose to record heights in Mississippi and St. Paul, surpassing even the flood levels of 1932.

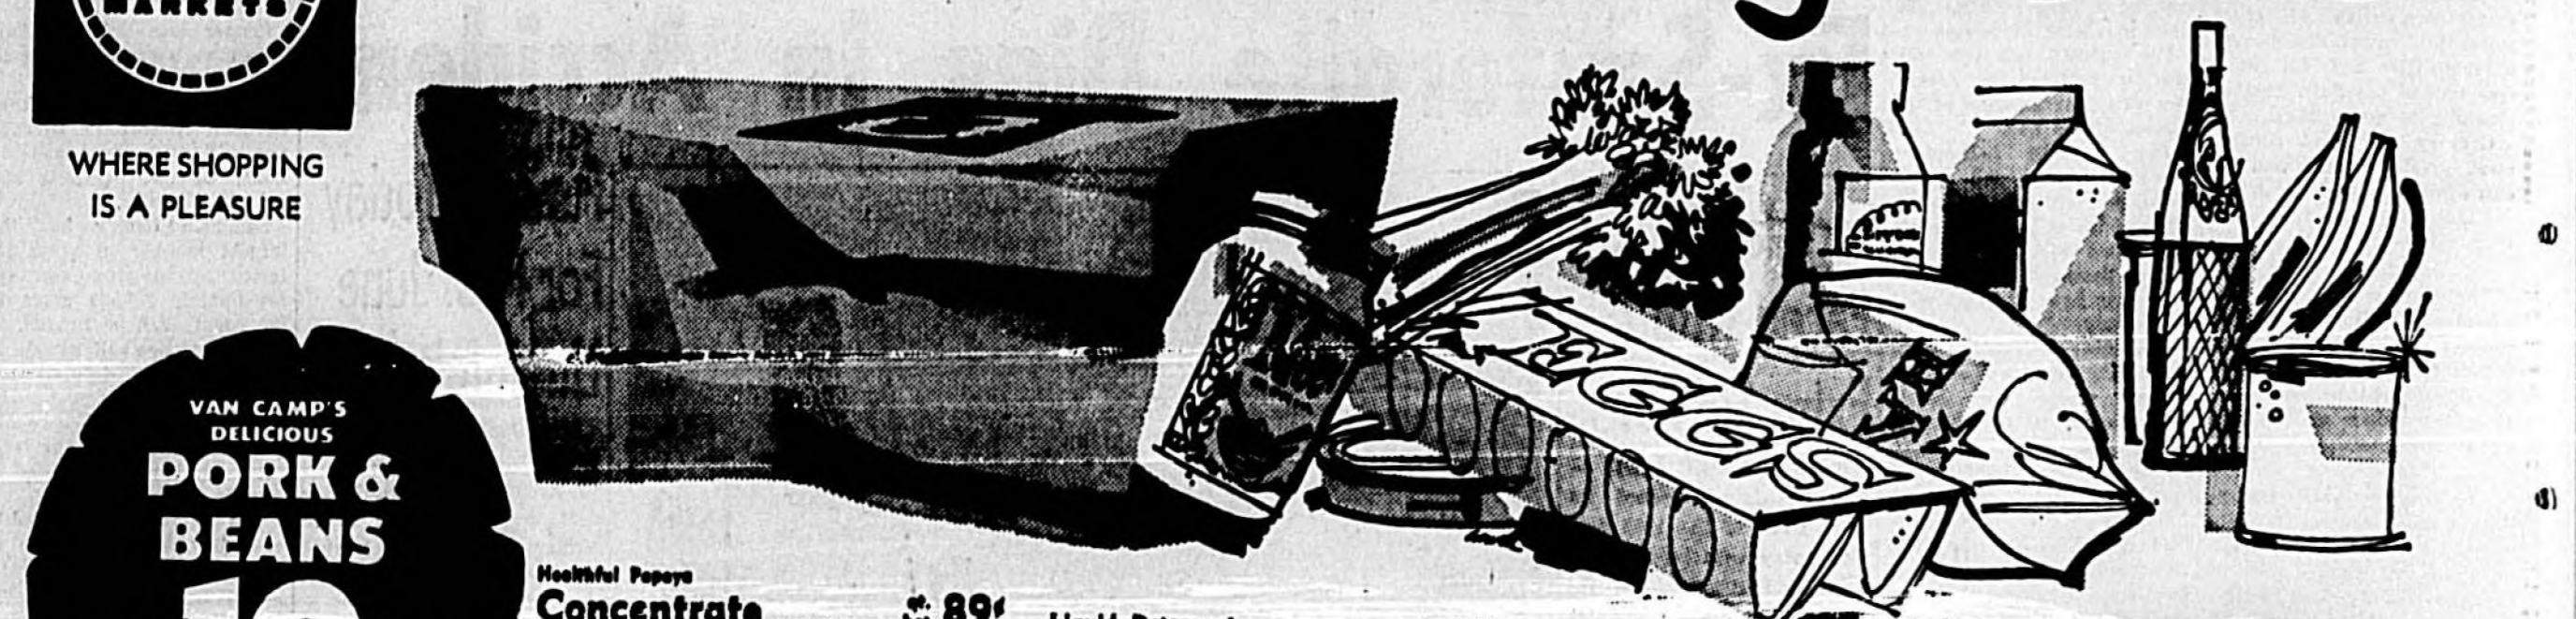

Up and down the Mississippi and its tributaries, the story was the same. Record crests... The end was not in sight... President Johnson made a flying visit to the Midwest disaster areas in midweek and promised "maximum assistance" from the federal government.

At the end of the week, he said youth involved in his war against poverty would be available to help. Nearly every governor in the Midwest proclaimed states of emergency in the wake of floods or tornadoes.

Last winter, was one of record cold and snow in the upper plains. Nearly all of the nation had one of the most ferocious winters in memory... The cold added to the potential treachery of the snow.

The ground froze so deep and solidly that, long after spring finally came, it was unthawed and unable to absorb moisture... The water ran off over frozen ground. What might have served to replenish exhausted subsurface moisture supplies instead added to the already swollen streams.

### Lake Mary UPW Circle One Meets At Zimmerman Home

By Frances Westler  
Circle One of the UPW of the Community Presbyterian Church of Lake Mary held its April meeting at the home of Mrs. Ed Zimmerman with Mrs. Harvey Hugh her co-hostess.

Mrs. H. M. Cochran, circle leader, was in charge. Mrs. Lucille Mero gave the devotional, using the poem, "The Legend of a Hammer," by Helen Steiner Rice, closing with the reading of, "An Easter Prayer."

Mrs. Ted Brooklyn, program chairman, taught the third chapter of the group study book, "The Gospel of Freedom, from Live As Free Men." A very lively discussion followed. The book is about the study of Galatians and the man, Paul, who wrote it.

The world service chairman reported that the Circle's share in the UPW sewing assignment was almost completed. Mrs. Cochran announced the very inviting news that the building of the new church manse has progressed to the stage of buying drapes and other furnishings.

Plans are for the pastor, Rev. A. F. Stevens, and his wife and son, to move into their new home on May 1st. Those who have not already visited the new building are most welcome to do so now. The church members are very proud to be able to have this new manse.

The meeting closed with the "Friendship Circle and Missions Benediction. Eighteen members were present.

**'August Moon' To Be Shown In DeBarry**  
The movie, "The House of the August Moon" will be shown at the DeBarry Community Center at 7:30 p. m. Tuesday in the current series of award winning movies being sponsored by the DeBarry Civic Association.

**Moose Lodge Sets Date For Barbecue**  
Sanford Lodge 1851, Loyal Order of Moose, will sponsor its annual barbecue chicken supper on Saturday, April 24, with serving from 4 until 8 p. m. at the Moose Home, 2000 S. Palmetto Avenue, Sanford.

**DeBarry Veterans To Hear Talk On Hospital Closing**

High Finance

The federal government pruned its budget so mercilessly that it will spend in the next fiscal year only five and a half billion dollars more than it takes in.

here and there who is wondering why her husband gets so upset if she bends the family budget a bit on her clothes or household supplies.

Checkrein On Science

One of the things that passed with the 88th Congress was a committee studying the federal government's involvement in scientific research and technological development.

revolutions that congressmen are reluctant to pronounce judgment on a given scheme simply because they don't understand it.

This involvement, under the heading of R & D (research and development), is absorbing upwards of \$15 billion a year of the national budget.

The decision, more often than not, is to err on the side of caution—which means to spend money on the chance that it may eventually benefit the country.

One of the reasons given by Washington observers is that R & D expenditures have now become so large that congressmen no longer try to contain them but are primarily concerned with seeing that their states or districts get a share of them.

An old legal phrase asks: "Who shall keep the keepers?" That is, who shall police the police, judge the judges, rule the rulers?

In this democracy, the three branches of the federal government perform part of the job by checking on each other, and the people, with their vote, are the ultimate keepers.

History records so many scientific projects which seemed ridiculous on their faces but which resulted in stupendous scientific and social

Thought For Today

With what shall I come before the Lord, and bow myself before God on high? Shall I come before him with burnt offerings, with calves a year old?—Micah 6:8.

Piety toward God is meaningless unless it encourages compassion toward one's fellow man.—Rabbi Jacob J. Weinstein.

Phil Newsom Says

'Other Side Of Coin'

In Madrid, Barcelona, Seville and other Spanish cities, university students and police clash over student demands for the right of "free assembly."

It is signed by more than 1,000 Spaniards, including professors, clergymen, lawyers, students, laborers and others.

This is the other side of the coin in a Spain which gradually is emerging from 100 years of isolation behind the barrier of the Pyrenees, its economy booming like nothing since the Spanish Main, but internally still torn by doubts.

Table with 2 columns: Location (e.g., Altamonte Springs, Bear Lake-Forest City, Caselberry) and Correspondent Name & Phone Number.

The Sanford Herald. Page 4, Sanford, Florida, Monday, April 19, 1965. Staff list including Walter A. Ginkow, Editor and Publisher; Paul Woodruff, Associate Editor; Fred Van Fleet, Managing Editor; and others.

"Of Course, I'll Be the Pilot, Copilot, Navigator And Select the Movies to Be Shown!"

Bruce Blossat -- Ray Cromley Political Notebook

WASHINGTON (NEA) — Critics of the Johnson administration's Vietnamese policy, working a fresh tack, now say we are asking "unconditional surrender" when we tell Hanoi we will not negotiate until it agrees to leave South Viet Nam alone.

It is not the critics' first bad turn. Earlier, in seeking parallels from the Korean war, they grossly misrepresented the facts respecting both the conflict and the ultimate military truce.

Dr. Crane's Worry Clinic

Larry loses many sales because he does not dominate the sales interview. For when your prospect controls the conversation, you are at a disadvantage.

"Yes, Dr. Crane," Larry protested, "but suppose he breaks in with a question before I have had time to ask him one?"

Now notice what has happened! The salesman is again dominating the interview for he is shooting the questions at the prospect instead of being the sole target thereof.

CASE V-467: Larry B., aged 22, is a beginning salesman. "But, Dr. Crane," he began, "I lose control of my sales interview."

Then follow immediately by the "Reversible Why," which means you deftly toss the question right back at its original propounder.

For domination of the sales interview is simply a matter of doing the "shooting" of the queries instead of being the target or bull's-eye thereof.

"For a prospect may start asking me a question and before long, he is running the show."

A woman shopper is considering new drapes for her home. "Which color of drapes do you think I should buy?" is her question.

In my five years research with the deaf, I met only two lipreaders who were so good they could be at a party all evening and never miss a cue.

"I have found that when this happens, I almost always lose the sale."

It is the very same secret which deaf lipreaders employ so be sure you salesmen learn it until it becomes second nature.

Most lipreaders can't do this. But the chief secret is to ask the original question and then deftly keep steering conversation with additional queries.

To dominate conversation (or sales interviews) be sure you ask the questions!

"That's a very proper question," you may respond as you indulge in the "Pause and Praise" half of the formula.

For when you ask a question, you immediately limit the type of reply to a narrow field. Otherwise, you may have no inkling at all as to what the others will talk about and hence you will have trouble reading lips.

Don't become the target for a constant series of queries from your prospect!

"But its answer would depend largely on the color scheme you wish to maintain. For example, what is the color of your rugs and upholstery—furniture?"

It is also valuable for clergymen, teachers and other salesmen of ideas.

Letters

To The Editor

Editor, Herald: The South has long served the nation, for it has been a moral lightning rod, a deflector of national guilt, a scapegoat for stricken conscience.

Editor, Sanford Herald: Through the wonderful cooperation and effort on the part of you and your staff, our Easter Hat Contest was a huge success.

People will continue to feel this way until the news media, papers, magazines and television alike, start telling the good things the South has to offer and the good things that are happening in the South. This is only one way we can stop arbitrators such as Martin Luther King and Ray Reuster, alike.

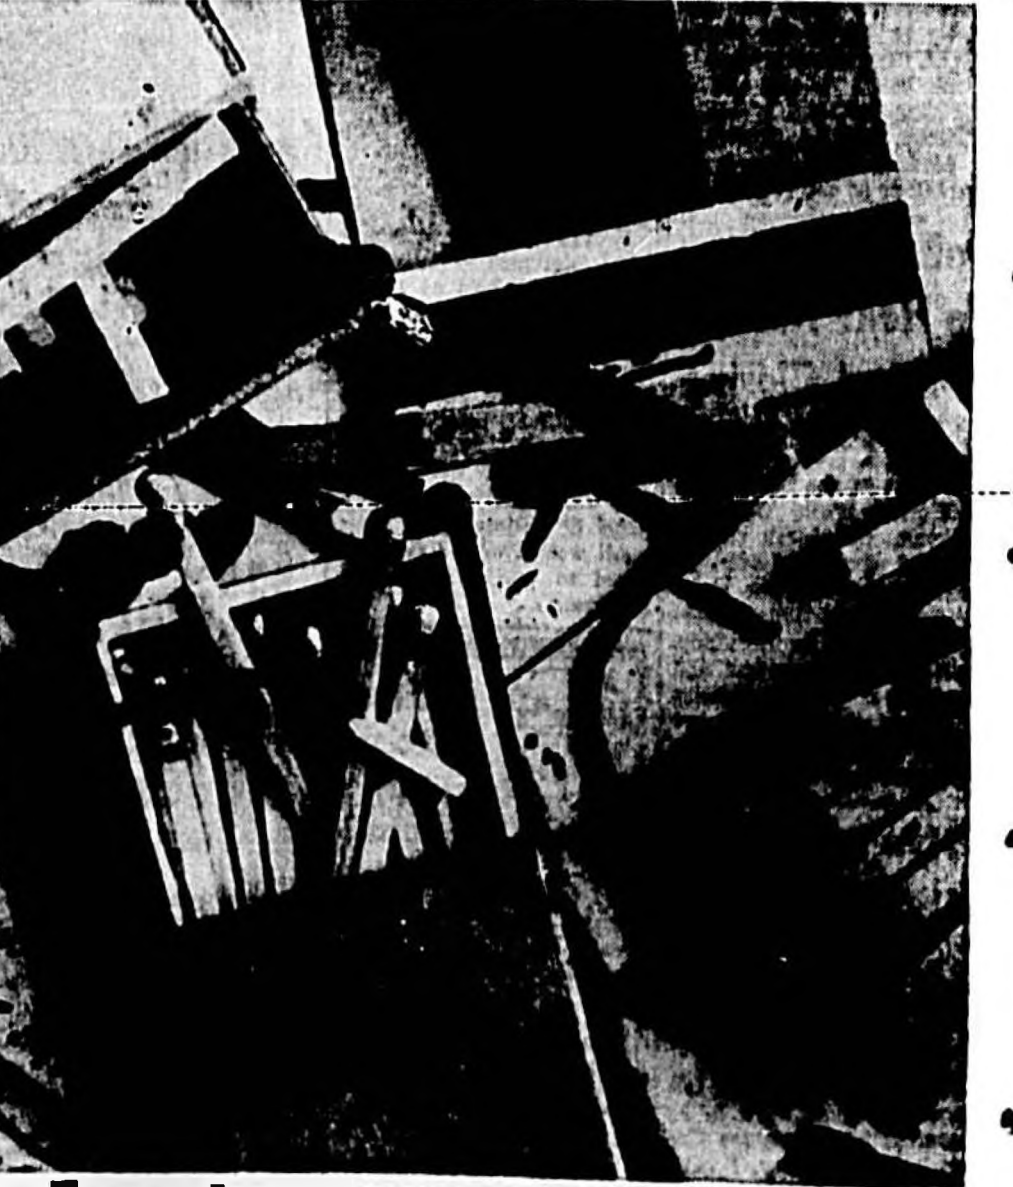

ART SUPPLIES. Full line of professional and amateur art supplies. Includes drawing materials, brushes, paints, pigments, and more.

CRAYON MONOCHROME. R. W. Keogh, Vice President, Florida State Bank.

Churchill defined the demand to mean "that their will power to resist must be completely broken, and that they must yield themselves absolutely to our justice and mercy."

Recent strikes have been handled with kid gloves and the labor ministry has encouraged collective bargaining between labor and management, in effect by-passing the powerful state-controlled syndicates which have a monopoly on representation of workers' interests.

# Spring Festival To Be Bigger Than Ever

By Jane Casselberry  
Big event of the year at South Seminole Elementary School at Casselberry is the Spring Festival sponsored annually by the school's Council of Teachers and Parents. It will be held this year from 1 until 6 p.m. Saturday with more attractions than ever.

Ways and means chairman, Mrs. William Eggers, has announced the following booth chairmen: Mrs. Ann May, tickets; Mrs. Mildred Coyle, fish pond; Mrs. Marce Hartnett, green door; Mrs. Laverne McKay, apron lady; Mrs. Irene Van Espoel, bake sale; Mrs. Lucy Lutz, cake walk; Mrs. Shirley Cotton, dart game; Mrs. Betty Quarles and Mrs. Marion Marsh, cotton candy; Mrs. Ann Davidson, Mrs. Lucille Babbitt and Mrs. Edna Cadez, hot dogs and hamburgers; and Mrs. Marcia Yowler, Mrs. Vivian Lavender and Mrs. Fay Perry, country store and plants.

# Thomas Rumbley Succumbs At 79

Thomas S. (Uncle Tom) Rumbley, 79, died Friday at Seminole Memorial Hospital. He lived on Beardall Avenue. He came here from Evergreen, Ala., in 1925 and was a member of the Methodist Church, a Shriner and a Mason. He and his brother, W. C. Rumbley, owned and operated the Florida Leaf and Fern Company on Beardall Avenue for many years and were the first to commercially process decorative foliage. Grankow Funeral Home is in charge of arrangements.

# Mental Health Films Slated

The Mental Health Association of Seminole County is presenting a series of films throughout the month, emphasizing mental health problems. The public is invited to attend any and all of the films, each dealing with a different mental health situation. William Thomas, president of the association, said: "The month of May is National Mental Health Month and we hope to bring the problems of the disordered mind to public attention with this series of films." Thomas said. First film will be shown at 8 p. m. Tuesday at South Seminole Junior High School in Casselberry and will deal with the problems of over-eating, as induced by psychosomatic conditions. Dr. Cornelia Lancaster, Orlando psychologist will attend and answer questions. On April 29 the film will deal with the story of a man who is unable to keep a job. This will be shown at the Seminole County Health Department and the speaker will be Dr. Arthur Blood, Orlando psychiatrist. A film on compulsive stealing will be shown May 6 at Grace Methodist Church with James Luce, Brevard County guidance counselor, present to answer questions. May 18 at the Health Department, the film will answer the question, "Why does this person mistrust every one?"

# Diana Echols, 3, Expires Sunday

Diana Lynn Echols, three-year-old daughter of Mr. and Mrs. Wilburn D. Echols, 411 Magnolia Avenue, died in J. Hillis Miller Hospital in Gainesville Sunday. In addition to her parents, the child is survived by a brother, David Glenn, and a sister, Lisa Joe Echols, and grandparents, Mr. and Mrs. Jack Wilson, of Sanford, and Mrs. Robert E. Echols of Rock, W. Va. Grankow Funeral Home is in charge of arrangements.

# Sen. Dirksen Vacations At DeBary Home

MIAMI (UPI) — Vice President Hubert Humphrey, Secretary of Labor Willard Wirtz and Sen. Everett M. Dirksen (R-Ill.) spent Easter Sunday in Florida. Humphrey showed up unannounced at a theater in Miami Saturday night, splashed in his Miami Beach hotel pool and went to church Sunday. He is expected to return to Washington today or Tuesday. Dirksen spent the weekend in his vacation home in the retirement village of DeBary, near Sanford. He also said he expected to leave early this week for the capital. Wirtz was on a working tour of the state, but managed to spend the weekend relaxing with friends in the agricultural town of Pahokee. He was scheduled to leave for Washington today. Wirtz spent three days touring the state's citrus and truck farming belt to broaden his "layman's knowledge" of the state's agricultural problems, including the farmers' demand for more off-shore labor. At Belle Glade, he said he had never seen worse housing conditions for migrant farm workers and described the area as a "crossroads of poverty." Wirtz said he would place organization of migrant labor first on his list of things that needed to be done for Florida farmers. He said that improvement of housing conditions would be next on the list.

# Koufax Hurls Dodgers To 6-2 Victory

**Ailing Arm Better, Sandy 'Very Pleased'**

By Joe Gergen  
UPI Sports Writer

To Sandy Koufax, the Philadelphia Phillies represent the finest wonder drug on the market.

The southpaw ace of the Los Angeles Dodgers staff, beset by a series of ailments throughout his career, always receives a tonic when he faces the Phils and Sunday was no exception.

The 29-year-old Koufax, bothered by traumatic arthritis in his left elbow, filled his prescription by setting Philadelphia down on five hits for a 6-2 victory in his first starting role since last Aug. 16.

It was the ninth straight time Sandy had defeated the Phils dating back to 1961, and after the game, Koufax, whose starry pitching career has been threatened by the disease, reported he was "very pleased" with his performance.

If Sandy was pleased, then the Dodgers were overjoyed because a reasonably healthy Koufax is almost a prerequisite for a Los Angeles run at the National League pennant, which the Dodgers won two seasons ago crumbling to earth in 1964. "I had good stuff, but not real good," Koufax said. "I hope to get better."

In other National League games, the Milwaukee Braves clubbed the Chicago Cubs 9-6 behind the brilliant relief pitching of Billy O'Dell, Cincinnati unloaded a 14-hit attack which crushed St. Louis 8-3, the New York Mets routed San Francisco 7-1 in a rain-shortened nightcap after the Giants had taken the opener of a twinbill 4-1, and Pittsburgh split a doubleheader with Houston, the Bucc winning the second game 6-4 after the Astros had taken the first contest, 8-1.

In the American League, the Boston Red Sox crushed the Baltimore Orioles 11-4, Detroit outlasted the Angels 4-1 in 13 innings, Minnesota outmuscled the Cleveland Indians 6-3, the Yankees trounced Kansas City 10-4, and the White Sox won the opener of a doubleheader with Washington 5-1, then lost the nightcap 4-1.

## Bills Sign Two

**BUFFALO, N. Y. (UPI)** — Joe Myer of St. Lawrence University and Dave Gleason of Northwest Louisiana State have signed as free agents with the American Football League champion Buffalo Bills.

## Legal Notice

**NOTICE OF APPLICATION FOR PROBATE OF WILL**  
(See 1965 Florida Statutes of 1960)  
**NOTICE IS HEREBY GIVEN** That L. O. SHEPPARD, the holder of the following certificate for tax deed to be issued thereon. The certificate number and year of issuance, the description of the property, and the name in which it was assessed are as follows: Certificate No. 199 Year of Issuance 1961  
Description of Property: Lot 8, Block 18, Pine Level Plat Book 6 pages 28 & 29 Name in which assessed: Kismet and Myrtle Jenkins. All of said property being in the County of Seminole, State of Florida. Unless such certificate shall be redeemed according to law the property described in such certificate will be sold to the highest cash bidder at the front door of the Seminole County Court House at Sanford, Florida, on the first Monday in the month of May, 1965, which is the 3rd day of May, 1965.  
Dated this 18th day of March 1965.  
(Official Clerk's Seal)  
Arthur M. Bookwith, Jr., Clerk of Circuit Court, Seminole County, Florida.

## Face Evans, Colonial

# Seminole Tankers Travel To Orlando

By David Higginbotham  
Herald Sports Writer

After breaking four Seminole High school records in swimming, Coach John Colbert's SIS swimming team will travel to John Long Pool in Orlando to face the Colonial High Grenadiers and the Evans High Trojans in a Metro Conference meet scheduled for 4 o'clock Tuesday afternoon.

This will be the Seminoles' last meet before the Metro Conference this coming Saturday. Only Metro Conference schools will be allowed to compete in this meet and the Seminoles have a good

chance to walk away with it. The boys team has lost only one meet, to Leesburg which is in the Orange Belt Conference and will not be competing in the Metro Meet. Sanford has beat all the other schools in the Metro and a number outside. Barbara Bolt and Cindy Wilson each broke two Seminole records in their last meet with Ocala. Colbert has been taking advantage of the non-Metro meets to place his swimmers in different events to see how they can best qualify for the Group and State meets in the near future.

## Lee Hurls CPO To 4-1 Win

David Lee starred on the mound as CPO turned back Elks, 4-1. Lee was in complete command as he limited the Elks batters to two infield singles while striking out eleven and walking two. The nifty righthander was making his first appearance as a Junior Leaguer. Billy Martin took hitting honors with two hits for CPO. Don Eihell and Larry Williams contributed doubles to the CPO hitting attack. Rotary remained unbeaten by knocking off Kiwanis 11-3. Bobby Powell was credited with the victory. He pitched four - hit ball, while striking out eight over the seven in-

ing stint. Mike Yentach lead all hitters, getting two-for-three. The victory left Rotary and CPO the only unbeaten teams after the first of play. In Little League action, Chase walloped Locomotive Engineers, 14-2, to take over sole possession of first place in the Little National League. Richard Frank hurled three hit ball and also starred at the plate, netting three safeties in four times at plate. Bill Hope had the game's only homer.

Georges moved into a first place tie with Strickland Morrison, thanks to a 5-1 triumph over the Florida State Bank. Tommy Whigham, who gives all indication of being one of the Little League standouts this season, was the winning pitcher with a neat two-hitter. He chipped in a single and a triple in two official times at bat.

Doug Maddox was the top batter for the Bankers with two hits.

In softball play, the church league teams were idle but the City League provided plenty of fireworks as Kingswood met the Kilowatts. The Builders outdistanced the Kilowatts, winning 13-12. They jumped off to a six run lead in their half of the first inning, only to have the Kilowatts come right back with seven to take a one-run lead. Kingswood came from behind and scored what proved to be the winning in the fifth when three runners scored. Bud Moncrief was the winning pitcher. Leroy Estridge the loser.

Cecil Dandridge had an in-park home run in the third inning for Kingswood. Terry Christenson had two triples and a double in four appearances at the plate to lead the losers while Butch Cook of Kingswood had a perfect night, going four-for-four. The game produced a total of 33 hits; Kingswood getting 18.

**DONE IT, ANYWAY!**—Astros' Mike White searches the skyline of the Houston domed stadium for a fly ball (left) and finds it (right) only by hearing the thud behind him off the wall. Daylight reflections in the \$31 million ball park often blind the fielders, causing controversial bobbles.

# Eagles Claw Seminoles

By David Higginbotham  
Herald Sports Writer  
The Seminole High baseball team lost its seventh game of the season Friday night, defeated 4-3 by the Edgewater Eagles in a Metro Conference tilt.

Marvin Sheeger was the winning pitcher for the Eagles going the distance with his catcher Jim Brown. Eddie Fitzgerald was the Seminole pitcher and allowed only three hits.

First inning brought Jim Brown home all the way from first to give the Eagles an early lead. Sanford managed a run in the first inning and then two in the third, but the Eagles got one in the third and fifth for the win.

The loss to Edgewater brought the Seminole record to four wins and seven losses. In the past three games, including Colonial and Edgewater, the Seminoles have been defeated by teams they defeated earlier in the season.

## Cepeda Is Proud Ballplayer

By Milton Richman  
UPI Sports Writer  
**NEW YORK (UPI)**—Proud, outspoken Orlando Cepeda has all he can do to control himself any time he's accused of having a "bad attitude."

he added, pointing toward the private room where Giant Manager Herman Franks was dressing. "He's a great guy. I want to give everything I have for that man. He's understanding, a wonderful person."

At the time of the offense, Cepeda had the ball on first base with the bases loaded. He was in the middle of his windup when he heard a "bad attitude" from the crowd.

## Nichols Fires 273 To Win Golf Classic

**HOUSTON (UPI)**—Noboby could accuse Bobby Nichols of complacency today if he felt the pro golf tour, now 14 events long, is just starting for him.

Island, S. C. and Juan (Chl) Rodriguez of Puerto Rico and scored a one under par 70 Sunday to take the Classic.

# Horoscope Forecast

Tuesday, April 20, 1965  
**GENERAL TENDENCIES:** Until sundown be sure to be very, very busy putting into motion whatever plans that have to do with persons or conditions at a distance. Communicate and correspond with whomever has the ability to aid you to have a new inspiration to gain your aspirations. Then tonight find the outlets to give you more secure structure.

**ARIES** (Mar. 21 to Apr. 19) This is certainly the day to get into new avenues of expression that have been alien to you before now. Study data well. Evening is ideal for being with big-wigs who can help to advance.

**TAURUS** (Apr. 20 to May 20) Come to a full understanding with creditors during the morning so that you can stop worrying. Do what partners expect of you, too. Out to fun and a new setting tonight.

**GEMINI** (May 21 to June 21) Conversations with associates reveal what is best to do during day, and then in P.M. you can carry through with enthusiasm. Give attention to detail. Welcome situations that come into the open.

**MOON CHILDREN** (June 22 to July 21) Much detailed work can be done with efficiency today so that in P.M. real rapport is reached with mate. Appreciation for fellow workers is a must. Come to new agreements in P.M.

**LEO** (July 22 to Aug. 21) Knowing how to please loved ones better can add much to your happiness in the future. Get into the forms of expression that are more to your liking. Make them part of your life.

**VIRGO** (Aug. 22 to Sept. 22) Day is fine for improving conditions at home so that later you can enjoy the type of pleasure suited to your mood. Profits accrue. Purchase gadgets, comforts you like that are practical.

**LIBRA** (Sept. 23 to Oct. 23) Getting the information you require can bring the satisfaction you seek today. Get more up-to-date methods working for you. Be very happy at home with kin tonight.

**SCORPIO** (Oct. 23 to Nov. 21) Stop procrastinating where financial and practical affairs are concerned. Set up a better budget as well. After labors, you can relax quietly tonight and be happy.

**MAGNATIARIUS** (Nov. 22 to Dec. 21) Taking time to have treatments that improve physique and settle your nerves is wise, since you can then handle labors with vim and wisdom. Show that you have much charm. Be adroit.

**CAPRICORN** (Dec. 22 to Jan. 20) Confer with experts in your field of endeavor brings the data and advice you need. Give a helping hand to the needy or troubled. Sociables are fine for the evening.

**AQUARIUS** (Jan. 21 to Feb. 19) Making new contacts or conferring with old ones is right during day and labors can be relegated to the evening hours. Advance tonight. Show that you are on the beam.

**PISCES** (Feb. 20 to Mar. 20) Handling public or civil affairs intelligently brings fine prestige during day. Evening will then open new vistas in a social way. Make the personal contacts you desire.

**IF YOUR CHILD IS BORN TODAY,** he or she will be one of those fascinating young people who early makes his or her mark in the world, since this is a wonderfully philosophical nature. The later years will then be spent making much money as well along more practical lines, that is to say, less artistic. Much travel is denoted here.

**The Stars Impel,** they do not compel. What you make of your life is largely up to YOU!

MEMORABLE ENTERTAINMENT

# Seven-Inch Snow Dumped On New York

United Press International  
Thundershowers soaked a wide area of the nation today from east Texas to the nation's capital. A freak snow storm left up to seven inches of snow in parts of south central New York.

More rain or snow were forecast for upper Minnesota where it could feed the flooding Mississippi River.

The flood crest pushed downstream today, threatening scores of communities in Minnesota, Wisconsin, Illinois and Iowa. Volunteers worked around the clock to fight the rising river.

Half inch hail hammered streets at Jackson, Tenn., during the night and hail the size of golf balls was reported at Waco, Tex.

More rain pushed inland across the Pacific Northwest and central California. The heaviest amount was reported at Brookings, Ore., where 3.05 inches fell Sunday.

The New York storm left seven inches of snow in some areas. Binghamton, N. Y., struck with three inches of snow Saturday, picked up seven more inches Sunday. Eight inches was reported in Tioga County, Pa. At least seven traffic deaths were attributed to the storm in New York state.

Easter Sunday sightings hampered cleanup operations in tornado-devastated areas of Michigan and Indiana.

In Hillsdale County, Mich., traffic jams were so vast that heavy cleanup equipment could not get through narrow roads leading into disaster areas.

**SPRING FESTIVAL** Chairman Mrs. William Eggers (left), Mrs. Robert Yowler, booth chairman (center) and Mrs. John Perry, festival co-chairmen, sort through the fascinating items which have been contributed for the "country store" at South Seminole Elementary School CTP's annual fund raising event to take place from 1 until 6 p.m. Saturday.

**ORATORICAL CONTEST** finalists in contest sponsored by American Legion Post 256 of Casselberry on the Constitution are (left to right) Debbie Davis, Debbie Bachus, Barbara Smith, and Larry Rodd.

## Election Slated By Art Members

Election of officers will highlight the May 10 meeting of the Sanford-Seminole Art Association at the Cultural Arts Center.

President Erma Smith has named a nominating committee.

Mrs. Lily Chen, a native of Hawaii who studied painting in China, demonstrated Oriental painting techniques and color to association members at the last meeting.

Mrs. Chen donated the pictures she painted during the demonstration and they were auctioned to members. Funds derived will be used for center furnishings.

## Club To Meet In DeBar

By Mrs. John Leone  
DeBarry Extension Homemakers Club will have its April meeting at the Community Center beginning at 10 a.m. Thursday with a workshop conducted by the president, Mrs. Isabel Reardon, on "Magic With Marbles."

Members are asked to bring a sandwich lunch with beverage to be provided by hostess committee for the month. Social hour will follow with afternoon session convening at 1:30 p.m.

## Incompetent

TAMPA (UPI)—A woman accused of abandoning her month-old daughter on a bus bench last month has been ordered committed to a state mental hospital.

Length of the neck of a giraffe is due entirely to the elongation of the bones, not to their number.

## Altamonte WMU To Host Meeting Of Association

By Julia Bertan

The Wekiwa Associational Woman's Missionary Union of Southern Baptist Conference will meet from 10 a.m. until 2 p.m. Tuesday at Friendship Baptist Church located on SR 436 in Altamonte Springs. Approximately 175 women from 60 churches are expected to attend.

Speaker for the morning session will be Miss Ruth Bagwell, Girls Auxiliary director for the state.

Those attending are to bring a sandwich lunch for the noon meal. Beverage and dessert will be provided by the hostess church.

The afternoon conference will begin at 1 o'clock. Phases of work to be covered include prayer, community missions, mission study, stewardship, Sunbeam, Girls Auxiliary and Young Woman's Auxiliary.

Committee chairmen, appointed by Mrs. Edward L. Kelsey, president of the Friendship Baptist WMU, are Mrs. James Spencer, conference room; Mrs. Leslie Bryan, registration, and Mrs. Robert Bradford, social and nursery.

All members and friends are invited to attend.

## Miami Dunned

For \$248,000

MIAMI (UPI)—The City of Miami has been given until Oct. 1 to pay the Beverage Department \$248,761 due to an error in cigarette tax computations in the city's favor.

If the money isn't paid back by then, the department said, it will start taking the funds out of cigarette tax rebates due the city.

## Health Council Sets Meeting

By Jane Casselberry

The Seminole Public Health Nursing Advisory Council will hold its next meeting in Casselberry at 7:30 p.m. Wednesday in the Town Hall located adjacent to the Fire Station.

Dr. Brooks Smith will speak on diabetes and the public is urged to attend. Dr. Frank Leone, county health director; Mrs. Grace Fisher, supervisor of county health nurses, and Kenneth McIntosh, president of the advisory council, will be present to explain the home nursing service and distribute literature.

The meeting is being held in Casselberry in line with the council's new policy of meeting in various communities in the county to better acquaint the public with the visiting nurse program.

## Fire Ant Control Program OK'd

By Donna Estes

The Longwood City Council, at a continued session, granted permission to the Florida Department of Agriculture, Division of Plant Industry, and to the United States Department of Agriculture, Plant Pest Control

Division, to apply insecticidal bait by aircraft over the city for the control of the imported fire ants which infest several thousand acres in Orange, Seminole, Lake and Volusia Counties.

The purpose of the application is to drastically reduce the populations of imported fire ants and to retard their further spread to non-infested locations.

Council Chairman Carl Lommler reported that the application would not be harmful to livestock or pets and that the public would be informed by advance publicity of the time the application will take place.

In other business, council voted to supply water to a new service station being constructed on the southwest corner of Highway 17-92 and SR 434 with the cost of installing pipe and water meter, which will not exceed \$500, being paid by the contractor, Manual Builders, Inc.

John C. Troutman was hired to draw a new city map. It is planned for copies of the map to include zoning and water lines.

The police department was authorized to purchase and post speed limit and stop signs on streets around the city and fire hall, as needed, and the city clerk was authorized to register all paying liens with the county.

Mayor David R. Wentworth designated the month of May as Clear-Up, Paint-Up, Fix-Up, Month.

Meeting was adjourned subject to call.

## 'Circus' Slated By First Grades

By Jane Casselberry

Two first grade classes at South Seminole Elementary School at Casselberry will present "Fairyland Circus" at 2:25 p.m. Friday on the school playground.

The classes of Mrs. Mary Lib Dunn and Miss Virginia Neale will present the circus as a climax to a special physical education program in which the two groups have been participating. Thirty children will be taking part and Linda Van Espeel will be ringmistress.

As nearly as possible, the program has been planned by the pupils, who have made the props, including instruments for the rhythm band.

Some of the acts to be included in the show will be bareback riders, horse races, clown corners, high wire artists, acrobats, jugglers, ballerinas, and an assortment of bears, lions, panthers, tigers and elephants.

All interested parents and friends are invited to attend.

# 'Not Time To Deal' With Reds: Dirksen

## Bulletin

TALLAHASSEE (UPI) — A bill that would permit substantial teacher pay raises at a cost to state general revenue of \$19 million for the biennium was introduced today by four senators.

Sen. G. T. Melton, of Lake City, the chief sponsor, acknowledged the bill, if passed, could not be financed without new or increased taxes, but said he felt the people are willing to pay more for good teachers.

The bill would take the additional money from the state sales tax revenue, upping the amount of this fund which goes back to the counties for school purposes from the present \$350 to \$1,000 per teacher unit.

**By Paul Brookshire**

U. S. Sen. Everett Dirksen, vacationing at his home in DeBary, said today he does not believe now is the time to negotiate for an end to the war in Viet Nam.

"I believe any effort to initiate negotiations would indicate a sort of weakening of our position," the Senate Republican leader said.

Dirksen said he has generally supported the President's policy on Viet Nam and has "nothing new" to add to previous statements he has made on the floor of the Senate.

The GOP leader also said there is the possibility that Congress may pass some legislation "in regard to Viet Nam" but did not indicate what type of legislation this would be.

**MUCH TO DO**

Touching on work remaining to be done in Congress, Dirksen said there is much to be done.

"We haven't really touched any of the appropriations bills," he said.

President Johnson's controversial voting rights bill remains to be dealt with and Dirksen said that may take some time.

"I expect it will take three weeks to a month to take action on the voting rights bill," Dirksen said.

**EXTENDED DEBATE**

He said he did not anticipate a filibuster on the measure.

He said he did not plan to attend the funeral for U. S. Sen. Olin D. Johnston, who died Saturday, but had named several Republican senators to represent the GOP at the services.

## Parking Violators 'Crack Down' Due

Sanford City Commissioners, expressing "loss of patience" with store owners and downtown employees who "park all day long in front of downtown business establishments" ordered Police Chief Arnold Williams to "crack down" on violators.

"I want those tickets put on every car that is parked on the street or in the First Park parking lot for more than two hours and no exceptions," said Commissioner Earl Higginbotham.

One exception was made, however. The area between Park and Oak Avenue on First Street that was changed to parallel parking last week has proved confusing to motorists since old lines were not erased. Commissioners ordered that "courtesy tickets only" be given drivers parked at an angle until the old lines are erased.

City Manager W. E. Knowles was instructed to "borrow" a line eraser to eradicate the old lines, including those on Park Avenue to Sanford Avenue on First Street, which will then be marked for 30 degree angle parking instead of the present 45-degree angle.

A motion by Higginbotham, seconded by Joe Baker to change all parking back to parallel parking, was defeated. Mr. L. Raborn Jr. voted "no" making a 2-1 vote but Acting Mayor A. L. Wilson exercised his prerogative vote and added a "no" to make it a tie vote, 2-2.

Higginbotham then moved for 180-degree angle parking. "That'll put 'em against the curb," he quipped. The motion died for lack of a second.

## Cleveland Bill Gets Initial Nod

TALLAHASSEE (UPI) — A package of bills to create a fourth district court of appeals to serve central Florida was introduced by Sens. Mack Cleveland, of Sanford, and A. J. Ryan, of Dania.

The constitutional amendment would provide a new court to serve Brevard, Broward, Indian River, Martin, Okeechobee, Orange, Osceola, Palm Beach, St. Lucie and Seminole counties.

The bill does not stipulate a headquarters for the district.

The Senate constitutional amendments committee gave unanimous approval to the district court proposal, without deciding where it will be located.

An implementing bill putting it in the area from Palm Beach County to Seminole County is in another committee.

## Sanford Aircraft To Honor Young

Twelve Sanford Naval Air Station reconnaissance and bomber aircraft will fly over Orlando during "John Young Day" ceremonies at 11:30 a. m. Saturday.

Nine RA-5C Vigilantes and three A-1H Skywarriors will be included in the formation fly-by over the downtown area.

The 12 planes, attached to Reconnaissance Attack Wing One, will represent Reconnaissance Attack Squadrons One, Three and Seven, and Heavy Attack Squadron 11.

Among those attending the ceremonies for Astronaut Young will be Vice President Hubert Humphrey and Florida's Sen. George Smathers.

## Florida Fields Producing Oil

FORT MYERS (UPI) — The Sun Oil Company announced its fifth producing well in the Florida fields east of here is producing 225 barrels a day.

The new well was drilled 11,612 feet deep. It first began pumping April 9. The four other wells in the field are yielding an average of 200 barrels daily.

Sun Oil also said a sixth well has been drilled 11,461 feet and pumping may be started within a week. Two other wells are being drilled in the Florida fields.

Instead of "bombs away!" it's going to be "dodecachlorooctahydro away!"

That's right. That's the name of the bait that's going to be dropped on the county the next two months to try to eradicate the fire ant.

They say the new bait, more popularly known as "Mirex," is highly effective.

The Seminole County Board of Commissioners considered it would have to advertise for bids on its share of the amount used in the county even though there is only one known manufacturer.

The bids will be opened May 3 at the courthouse. The county is planning to dish out \$10,000 for its share of the program.

It also is being asked to provide 12 men for use as flagmen in the program. The county may find it easier to pay \$10,000 than to furnish its employees as flagmen.

The average annual salary for principals and teachers in Seminole County is \$5,650.79. That's well below the Florida average of \$6,139.23 and the national average of \$6,161.

Dade and Broward counties pay the highest salaries in the state.

Bill Tovey, who has a collection of 5,000 picture post cards, showed some of Sanford dating back to 1870 at a meeting of the Sanford dating back to 1870 at a meeting of the Sanford Historical Society, attending the meeting were Jack Bolt, Eldred Jennison, Mrs. S. O. Chase, Mr. and Mrs. Harold H. Howe, Jim Talmadge and Russell Talmadge.

Five students from this area are candidates for degrees Thursday night at Florida State University. They are John Davis Whichel, Sanford; Richard A. Miller, Altamonte Springs; Marian C. Fabry, Oviedo; Lucille S. Alexander, Maitland, and Stephen J. Anderson, Goldenrod.

John D. Taylor Jr., Route 2, Sanford, is one of 62 graduating seniors from the University of Florida's Army and Air Force Reserve Training Corps program. He will receive his commission in the Army April 26 as part of the university's annual commencement program.

Admiral C. T. Booth, writing to say "thanks" for the hospitality during the Bombing Derby writes:

"Particularly I remember the fine fresh corn prepared under the supervision of Sheriff Hobby. It was indeed a rare treat."

## Garden Club Dedication Set

GARDEN CLUB of Sanford will dedicate its new headquarters building at 2:00 p.m. Wednesday at Sunland Estates. (See special section of today's Sanford Herald devoted to this new building.)

By Dottie Austin

The public is invited, along with dignitaries from all over the state, county and city to attend the ceremonies that mark the opening of the new Garden Club of Sanford building at the entrance to Sunland Estates, Wednesday at 2 p. m.

Mrs. J. M. Fahy, president of the club, noted that Mrs. Frank Hewlett, of Miami,

state president of the Florida Federation of Garden Clubs, will officiate at the dedication of the \$55,000 building which represents a "dream come true" for the nearly 300 women who make up the club.

The impressive structure of modern design, highlighted by colorful mica stone facing on the front of the auditorium stands near the entrance to Sunland Estates on two lots

er president of the Sanford Garden Club, has served as building chairman and Mrs. Charles Cole, of Geneva, as landscape chairman. Landscaping plans were drawn and donated by Bert Foster, landscape architect of Orlando.

The impressive custom made desk in the lobby of the building was built and presented to the club as a gift from E. R. Wood, the general contractor. The furnishings of the office, to the left of the entrance were given by the trustees of the memorial fund of the late Fred Wilson, Sanford attorney.

Following dedication ceremonies to be held at the front entrance, the hundreds of visitors, officials and dignitaries expected to attend will be invited to tour the new building.

## Two More 40-Year City Veterans Retire

### Richard Leaves On Tender Note

Tribute to the City of Sanford, its leaders and its employees was paid by S. M. Richard Sr. Monday evening when he tendered his request for retirement after 40 years of public service. Retiring as city public works director, going on inactive duty Thursday, Richard presented the following letter to the City Commission:

"At the time I started working with the City it was nothing compared to what it is today. I can remember way back when — Probably none of you young gentlemen remember the happenings of yesteryear. Equipment was making the best of what you had, labor was everyone working, bosses and laborers alike. Times have changed as I need not tell you. The future of Sanford looks very bright. My Dream Come True to have seen this city grow into what it is today and what it will be tomorrow has been worth every hour, every year that I have worked for the City of Sanford.

"You gentlemen and the Commissions before you have made this happen.

"Few people realize the honest hard labor that goes into one day's work in the City. It takes from the biggest boss to the smallest paid laborer to make this City operate smoothly. Few cities have the loyalty that is shown in Sanford. Few cities have the experienced leadership that we have; the Commission, men who put all else aside to contemplate the problems that arise each day. The City Manager, not only experienced, but very well versed in public relations. He handles his employees with fairness and with tact that is possessed by few. The City employees, which I consider a very special group of people, each striving to fulfill his duties to the best of his ability.

"THIS IS MY LIFE — I have lived these problems daily—without your help and the help of every person working with the City I would never have seen Sanford as it is today.

"In parting, I would like to

### U. S. Bombs Block Strategic Highways

SAIGON (UPI)—U. S. Air Force jets rained 20 tons of bombs on North Viet Nam today, setting off a series of landslides which blocked two strategic highways.

A U. S. Navy pilot was killed when his plane crashed during a separate raid on Communist territory.

In South Viet Nam, Communist guerrillas murdered an American civilian and wounded four U. S. soldiers in two separate terror attacks Monday night.

At least 12 Vietnamese were reported killed in the two incidents.

Five "Silver American" soldiers were wounded in a continuing battle with Viet

### Casselberry Buys Grader

Casselberry Board of Aldermen Monday night accepted a bid of \$14,000 for a new Gallon motor grader to be used for street maintenance. State Tractor and Equipment Company, of Orlando, was the winning bidder.

The aldermen also accepted a bid of \$3,295 for a used tractor from Clare Balmes Jr.

In other action the board approved the application of advanced planning funds from the Housing and Home Finance Agency. The agreement calls for the expenditure of \$8,500 for public works planning.

### Major Tragedy Seen For Babies

WASHINGTON (UPI) — A public health official fears that a "major tragedy" involving "thousands of defective babies" may result from a German measles epidemic in the United States this year.

Dr. Richard Masland, a director of the National Institute of Neurological Diseases and Blindness, said that "we are very fearful that between a half and one per cent of all the babies whose mothers were pregnant during this period of the epidemic are going to be defective."

### Fern Park Yard Drops 4 Feet

Mrs. Norma Howard, 612 Prairie Lake Drive, Fern Park, received a shock early today when she looked out her door and found her front yard sinking slowly.

As reported at noon today by Constable Grady O. Hall, the area—said to be about 12 by 15 feet — has sunk to a depth of four feet and is continuing slowly to sink deeper.

### 25th St. Work Starts Monday

Construction work toward the four-laning of 25th Street (SR 41) between Mellonville and French Avenues will be commenced Monday by the Hubbard Construction Company, of Orlando.

Hubbard was low bidder with \$209,314 for the state contract. The project must be completed within 150 working days.

Hubbard officials, meeting Monday afternoon with City Manager W. E. Knowles, said actual work will be started at the Mellonville end of 25th, working to the west.

First work will be clearing and grubbing along the south side of 25th, to make way for the widening program.

Through traffic will be permitted at all times for the several dead-end streets running off 25th Street.

### Paper Misses

BALTIMORE, Md. (UPI)—The Baltimore Sun failed to publish today for the first time in 128 years due to a strike by the American Newspaper Guild.

### Quake Hits

TOKYO (UPI) — A strong earthquake sent tremors through central Japan today, killing one person and injuring three others.

### KING RETURNS

SELMA, Ala. (UPI)—Negro leaders, heartened by Dr. Martin Luther King's first visit to Alabama since the march on Montgomery, spread out through a three-county area today to press their voter registration drive.

## Full Hearing Advocated By House Solon

TALLAHASSEE (UPI) — The House public schools committee, following a heated debate, temporarily shelved bills allocating \$6.9 million for junior colleges in Alachua, Highlands, Seminole and Leon counties.

Rep. Lawton Chiles, of Polk County, a committee member, staved off efforts by some other members to have all of the bills thrown to a subcommittee for further study.

Chiles said the bill need the chance for a full hearing and he was unwilling to vote "no" and kill them before they get out of the committee stage.

Following recommendations by House Speaker E. C. Rowell to closely scrutinize any measures which also must go before the appropriations committee, the public schools group discussed the Seminole proposal for more than an hour.

State junior college director James Wattenbarger was questioned thoroughly on the proposal.

Wattenbarger said it was "up to the Legislature" to decide if any one of the four schools should get priority over the others.

The bills would appropriate \$2,295,853 to start a new two-year college in Alachua County, \$960,893 for one in Highlands, \$1,471,000 for one in Seminole and \$2,174,120 for a junior college in Leon County.

### 'NOT ENCOURAGING'

School Board Chairman Mason Wharton told The Sanford Herald: "We knew it was going to be rough going but this is not encouraging. I know our legislators are doing everything they can. We'd be satisfied to get the initial \$30,000 we asked for to get started. I hope we can find out more about this today."

School Supt. R. T. Milwe stated he had conferred with telephone this morning with state education officials at Tallahassee and "I am confident our junior college measure will be brought up again for further study" by the committee this session.
