Orlando Fire Put Out With Sanford Help

Run Made By Engine And Crew To Scene Of Blaze In Less Than Half An Hour

Estimated Loss About \$200,000

Railroad Rightofway Prevented Conflagration, Says Chief

Prompt assistance given by the Sanford fire department Sunday afternoon helped save Orlando from a serious conflagration, though Fire Chief Mack N. Cleveland expressed the opinion that the railroad right-of-way prevented a wider spread of the devastating flames.

Estimates of the damage place the loss at \$200,000, with the following items as the main sufferers:

- W. S. Earle, \$25,000, partially covered by insurance.
- Claude Wolfe, Inc., \$6,000.
- Strom-Williams Paint Company, \$20,000.
- Goodyear Tire and Rubber Company, loss undetermined.
- Great Southern Trucking Company.
- Motor Transfer Company, Orlando Feed and Supply Co., \$8,000, covered by insurance.
- Dr. P. Phillips Company.

The blaze was discovered at 11:45 a. m. and when a heavy rain was set off, the main structure of the building was saved.

The fire started in the frame building on Robinson Avenue, one block west of Orange Avenue, which was once the Dr. P. Phillips Packing House, the flames quickly enveloped the structure and then began eating their way into the adjoining concrete building which was owned by the J. B. McGraw Electric and Storage Company and several truck lines.

It was Orlando's biggest fire and it was witnessed by 10,000 people who were attracted from all over the surrounding territory by the smoke.

Boy Killed, Another Hurt In Car Crash

Legion Poppy Sale Set For Next Saturday

Memorial Flowers To Be Sold By Members of Auxiliary In Sanford, County

Next Saturday is to be "poppy day" when members of the Women's Auxiliary of the American Legion, assisted by High School girls, will sell the little memorial flowers to raise funds to continue rehabilitation work among the veterans carried on by the Legion and the Auxiliary. It is explained that the entire proceeds from the sale go to the aid of disabled veterans and that none of the money is used for expenses of the Legion or the Auxiliary.

The poppies to be sold are made by disabled veterans in the government hospital at Lake City who receive practically no remuneration for their work. Two thousand have been ordered for the sale here. Other thousands have been ordered from the Lake City hospital by Legion organizations in Massachusetts and Connecticut.

Mrs. T. L. Sullivan is chairman for the Auxiliary, assisted by Mrs. R. J. Holly, president of the Auxiliary, Mrs. H. C. Washburn, Mrs. J. O. Huff, Mrs. Robert Cobb and Mrs. H. B. Lewis. Tables will be placed on down town streets, and poppies will also be sold in other towns of the County.

The regular bi-weekly meeting of the American Legion will be held at 8 o'clock this evening. Final plans for the poppy day sale and arrangements for the observance of Memorial Day will be made.

More Than 2,500 Pay Poll Tax In Seminole County

When County Tax Collector Jno. D. Jenkins closed his books at 11 o'clock last Saturday night he found that 2,519 electors had paid their poll taxes for 1934, and 2,481 had paid for 1935. Poll taxes must be paid by all electors who are not exempt.

County Registrar W. J. Thigpen has not as yet counted the exempted voters, but the number will be considerable, he said. Persons reaching the age of 21 before Jan. 1, 1934, and those coming of age this year do not have to pay poll taxes, and members of the National Guard and veterans who were classified while in the service are also exempt.

Electors who plan to be away from home on June 2 can now cast absentee ballots in the office of County Judge Jas. G. Sharon. This is the first day for such absentee voting. Friday, May 29, will be the last day when such ballots can be cast.

Socialists To Seek Rights In Elections

TAMPA, May 18.—(AP)—Florida delegates to the national convention of the Socialist Party in Cleveland, May 21 and 26, have announced they will introduce the topics of civil liberties and election rights in this state.

Three delegates representing Florida plan to bring up the question of civil liberties by citing the Tampa flying case.

The delegates plan to bring before the convention a proposal that a test case be carried by the United States Supreme Court in the constitutionality of Florida election laws which make the Socialist Party and other parties off the ballot, allowing only Democratic and Republican parties places.

Greece Mourns For Premier Rousafis

ATHENS, May 18.—(AP)—The Greek nation today mourned the death of former Premier Panagiotis Rousafis, 68, the fourth politician to die suddenly since King George returned to the throne last November.

He was stricken Sunday morning with a heart attack. The cause of death was a cerebral hemorrhage. Rousafis had been in poor health for some time. He was a member of the B. Y. P. U.

In addition to his mother, William is survived by one sister, Miss Ruth Cunningham of Sanford, and one brother, Franklin Cunningham of Sanford.

Funeral services will be conducted at 4 o'clock this afternoon from the First Baptist Church to the cemetery. The Rev. W. F. Smith, officiating.

Chappell Charges Dave Sholtz With Sinister Motive

Says Governor Plans To Be Named Only Senate Candidate

Lambasting the administration of Governor Dave Sholtz which he asserted was the most corrupt Florida has ever experienced, Dan Chappell, candidate for governor, in an address in Sanford last Saturday charged the present governor with endeavoring to so manipulate political affairs that he will be declared by the State Democratic Executive Committee as the only candidate for the United States Senate to fill out the unexpired term of the late Senator Park Trammell.

Chappell declared that Sholtz is "spending his money and energy" to elect his candidate for governor and then after the primary will take that candidate with him to delayed meeting of the State Executive Democratic Committee and "demand that he, Sholtz, be declared by the committee as the party's candidate for the United States Senate. Sholtz does not intend to enter the primary where he would have opponents," Chappell continued, "as he knows he would not get in the primary enough votes to make it worth while to count them."

Chappell criticized the Sholtz administration at the outset of his address, and such criticism permeated the speech throughout. He declared that if elected the first thing he would do would be to fire the governor's body guard and knock the locks off the gates to the executive mansion. He would fire most of the 1,400 bureaus, boards and commissions and thereby save at least 25 percent of the taxation cost, and he would insist that the excessive gasoline tax be reduced and that the cost of automobile tags be lowered to

the level of other states.

Supreme Court Rules Against Soft Coal Act

Constitutionality Of Guffey Law Denied By High Tribunal In 6 To 3 Decision

WASHINGTON, May 18.—(AP)—The New Deal act today in the Supreme Court in its contention that the Guffey Soft Coal Act was unconstitutional.

The Court said its conclusion was unavoidable "that price fixing provisions of the code are so related to and dependent upon labor provisions as conditions, considerations or compensations, as to make it clearly probable that the former being held void, the latter would not have passed. The fall of the former (before the Court) therefore carries down with the latter. Price fixing provisions of code are thus disposed of without coming to a question of their constitutionality, but neither this disposition of the matter nor anything we have said is to be taken as indicating that the Court is of the opinion that these provisions, if separately enacted, could be sustained."

The six to three decision was delivered by Justice Sutherland before a crowded courtroom. Justices Cordozo, Brandeis and Stone dissented.

Citrus Rate Upheld
WASHINGTON, May 18.—(AP)—An interesting Commerce Commission order prescribing joint rates on citrus fruit shipments from Florida to the East and Midwest should be divided among the railroads was upheld by the Supreme Court today. In a unanimous opinion, the high Court affirmed a ruling by a three judge Federal District Court in Eastern Virginia which sustained the 1934 order.

Northern carriers had contended the commission ruling decreased their revenue in favor of southern lines.

Appeals Court Rules Relief Act Of 1935 Is Unconstitutional

Work Relief Projects In Seminole County Continue

W. S. Earle, WPA engineer in this district, said today that work relief projects are continuing. He had not been advised of the decision of the District Court of Appeals in Washington which today held as unconstitutional the 1935 relief act which appropriated \$4,880,000.

Mr. Earle said that relaying of the brick pavement on First Street west to Poplar Avenue should be completed by tomorrow, but that the resurfacing of First from Poplar to the west city limits probably would not be undertaken until "well along in June." The resurfacing is to be done with slag.

Park Avenue is now being widened between Fifth and Sixth Streets and the pavement has been laid as far south as Third Street. Some brick should be laid between Third and Fourth Streets on Park Avenue this week, he said.

Walter Reich, engineer in charge of airport construction, was in Sanford last Saturday and advised Mr. Earle that cable and other electrical equipment necessary to the proper lighting of Sanford Municipal Field should be received this week. Mr. Earle now has a crew of men digging ditches for the cable around the airport.

\$4,880,000,000 Law Is Declared Void In Sweeping Decision By A 3 To 2 Vote

Authority Given President Illegal

This Is Delegation Running Riot, Is Opinion Of Court

WASHINGTON, May 18.—(AP)—The 1935 relief act was today held unconstitutional by the District of Columbia Court of Appeals. In a sweeping opinion, three of the five judges said, the \$4,880,000,000 law was void because of improper delegation of powers to the President. Invasion of state's rights and lack of definite authorization. The Court said the law "attempts to reach and control matters over which the Constitution has given Congress no powers."

In a test case which resulted from plans for a model community at Franklin, N. J., the appellate Court found there was no constitutional power conferred upon the federal government to regulate housing or to restrict population. The appellate Court reversed a ruling of the District of Columbia Supreme Court which had upheld validity of the residential program and denied an injunction against the New Jersey project sought by a group of taxpayers.

Reviewing provisions of the 1935 act, the Court said "this is delegation running riot." The majority opinion declared there existed the same legal flaws which the United States Supreme Court found in NRA, AAA and the original "hot oil" control act. New Deal officials conferred to see where the decision left the relief policy. Whether an appeal will be taken was uncertain.

Spokesman for Harry L. Hopkins said that the work relief program would go on despite decision. With Congress in session he said, the act could be amended to meet the Court's objections.

Legislator Who Sold Appointment To West Point Loses Appeal

WASHINGTON, May 18.—(AP)—Conviction of Representative John H. Hoepfel of California for conspiracy to sell an appointment to the Military Academy at West Point was affirmed unanimously by the United States Court of Appeals for the District of Columbia today.

Hoepfel and son, Charles, were sentenced to from four months to one year in jail. They have been at liberty under \$1,000 bonds each. James W. Ives of Baltimore testified the Hoepfels accepted a \$1,000 promissory note from him for an appointment.

Ex-Governor Small Of Illinois Is Dead

KANKAKEE, Ill., May 18.—(AP)—Former Gov. Len Small, "father" for Illinois' paved highway system, died suddenly Sunday in St. Mary's Hospital. He was 74. A blood clot ended his life to be recovered from a minor operation.

The former executive had completed his fifth campaign for governor—two of them were successful—in fine health, and showed no effects of the surgical knife.

While in the governor's chair he was prosecuted on charges of withholding approximately \$1,000,000 in interest on state funds during his term as state treasurer. He was acquitted in a criminal trial but lost a civil suit.

Highway Robbery

Did you know that the average automobile owner in Florida pays more taxes for the privilege of driving than the average motorist in any other state in the Union? Well, it's a fact. And if it weren't because these taxes are collected in small dribbles, a little bit at a time, there would be a greater howl against gasoline taxes and license tax taxes than against all the other kinds of taxes put together.

Indians Blamed For Mountain Bald Spots

RALEIGH N. C., May 12.—(AP)—Dr. R. W. Wells, professor of botany at North Carolina State college, expresses the theory that Indian camps were responsible for the "bald" now found in the summits of many wooded mountains.

Under the plan the mountain high ridges and mountain tops, he states, the grass has been able to reach the summit of surrounding forest trees.

Heavy Industry Has Seen the Light

Heavy industry has seen the light in recovery. Production of goods satisfying immediate requirements, such as clothing and lower priced housing, responded quickly to the impetus of renewed buying.

Business enterprise, the old things no longer ailing. Billions of banking and investment assets have been restored. Life capital is seeking employment and credit rates are down.

For each dollar that was raised in the first quarter of 1936, approximately \$2 was raised in 1935. Of course, it is now widely agreed the issuance of securities was excessive seven years ago, yet the current level is generally regarded as inadequate to bring the modernization movement to full flower.

Both Washington and Wall Street now are looking to heavy industry to carry on. "With heavy industries showing an increase in employment which began last summer," says Frances Perkins, secretary of labor, "we should be able to look forward to further gains. Employment in this group the worst to suffer in a depression and the slowest to recover, is at a promising level and further gains would go far toward increasing employment in all other lines."

The figures for railway equipment purchasing are regarded as significant. Railway equipment is one of the heaviest of heavy industries. At the bottom of the depression, it was practically at a standstill. In the first quarter of 1936, only 100 new freight cars were ordered built. In the first three months of this year, the total was 3,920 cars. No new locomotives were ordered in the first quarter of 1932, while in the same period this year, 73 were bought.

Junior High School Frolics To Be Soon

Final rehearsals are being held for the second annual Junior High School Frolics to be held Thursday and Friday nights at 8:00 o'clock at the school auditorium for the benefit of underprivileged children. The public is invited to attend.
Some of the features of the show will be the "old country store," a humorous "take-off" on the Sanford administration, and an elaborate wedding. The plot of the play will be based on a traveling theatrical troupe which becomes stranded in a small town when its only opera house burns. The troupe finally decides to have a benefit performance in a store to raise money to get out of town.
The latest songs and dances will be featured. Mrs. Puleston Gives Bridge Luncheon

The members of the Duplicate Club were entertained with a luncheon and bridge party given Thursday afternoon by Mrs. Samuel Puleston at her home in Rose Court.
The party was served by the hostess, assisted by Mrs. R. A. Newman and Mrs. J. E. Brouse.
At the conclusion of the bridge games high score prizes, Dresden china ash trays, were awarded to Mrs. Newman and Mrs. E. F. Housholder while cut prize, also ash trays, was presented to Mrs. Frank L. Miller.
Quantities of spring flowers were used to decorate the party rooms. Those present were: Mrs. E. A. Newman, Mrs. E. F. Housholder, Mrs. F. E. Routhillat, Mrs. Frank L. Miller, Mrs. H. M. Papworth, Mrs. Walter S. Coleman, Mrs. J. E. Brouse, and Mrs. A. P. Connelly.

Held in Ax Slaying

Allegedly confessing the ax slaying of his niece, who served as his housekeeper, Charles Haney (above), second-hand clothing dealer, was jailed at Little Rock, Ark. He was quoted as saying he hacked Mrs. Essie McClester to death over a matter involving money. (Associated Press Photo)

Anna Ramona Wilson To Wed Calvin Hall

The following story taken from the Friday issue of the Dunedin Times will be of interest to many friends in Sanford:
The engagement of Anna Ramona Wilson to Calvin Hall, son of Mrs. J. T. McLain of Geneva, Fla., has been announced to Josiah Calvin Hall of Dunedin, with the wedding ceremony to be June 4.
"The couple will be married in the Dunedin Junior High School auditorium Thursday evening, June 4, and will make their home in Dunedin."
"Mrs. Wilson has been a teacher in Seminole County schools for the past ten years, and is now teaching at Lake Mary, Fla. She received a normal diploma from the University of Florida at Gainesville.
"J. C. Hall is principal of the Dunedin Junior High, where he has been for the past eight years. He was graduated from North Adams College where he received a bachelor of pedagogy degree. He later received L. I. and A. S. degrees from the University of Florida.
"Mr. Hall has been a teacher for 31 years and had taught in various county seven years before coming to Dunedin. He was principal of the Senior High School of Carmesville, Ga., for four years, and was also teacher in the Berry school of Home, Ga."

"We're going to have a new bathroom this Spring"
with a "Standard" neo-angle bath
IT'S high time the bathroom caught up with the rest of the house. After all, it's one room that belongs to the whole family and the guests, too. And a new bathroom with a "Standard" Neo-Angle Bath will thrill everyone and make the whole house seem like new.
You can enjoy every type of bathing you have ever wanted in the Neo-Angle. It provides safe, comfortable, sunny bathing—the bathing compartment is 6 inches wider at the bottom and the same length as a 3/4 foot built-in tub... an ideal shower, either sitting or standing... a convenient foot bath... the comfort of handy seats in two opposite corners... ample room to bathe two children at one time.
With all these features, the "Standard" Neo-Angle is within the budget of the small home as well as large homes, hotels and apartments. Your Master Plumber can tell you the cost, help you select "Standard" Plumbing Fixtures to harmonize, arrange the financing on F.H.A. terms and furnish the skilled workmanship so necessary to satisfactory service and health protection. Call him today.
Ask your Master Plumber to give you an estimate on new "Standard" Plumbing Fixtures. He will give you this information without obligation.

"Your Family's Health is too important to neglect. It is essential that you buy Plumbing Fixtures from Master Plumbers, the men best qualified by Training and Experience to insure Health Protection."

Il Duce's Sons And Son-in-Law Home From War

ROME, May 15. (AP)—Premier Mussolini with his family and some 5000 others welcomed his sons and son-in-law home from war Sunday.

The Premier was dressed in a neat dark grey suit, his wife Donna Rachel, in a grey ensemble and his daughter, Edda, in a blue jacket and black straw hat.
They waited for half an hour at the Littorio airfield before the four-motored plane arrived from Beirut. The Premier sat unconcernedly on the grass with his little children until his family drove him to cover. He indignantly refused the offer of an umbrella.

When the plane was sighted alarms sounded and the crowd cheered. As Vittorio and Bruno, sons of Il Duce, and Count Galeazzo Ciano, his son-in-law, emerged from the plane Mussolini threw his arms around them and kissed them on both cheeks. Then he passed them on to the other members of his family.
Count Ciano gave his wife, Edda, a hearty, half-dozen kisses. The Premier then drove with his family to the Austria-Italy football game, where the crowd cheered them repeatedly.

Young Vittorio and Bruno along with Ciano were in the air service in Ethiopia and all received medals for gallantry.

Congressional Independence Hints Passiveness May End If Roosevelt Wins Election

By BYRON PRICE
WASHINGTON, May 18.—(AP)—The closing days of the session are showing some interesting signs of independent thinking on Capitol Hill. It can not be said that President Roosevelt's leadership has disappeared, nor does it ever appear that he will lose many of any of the remaining major legislative battles of the session. What has happened with respect to the tax bill and other things is notable chiefly for what it may mean in the more distant future, should Mr. Roosevelt be re-elected.

A president serving a first term and one serving a second term are two entirely different figures in politics. It is not uncommon for Congress to take the ball away from a chief executive it knows will not come up again as a candidate. That hap-

pened to Theodore Roosevelt, and to Woodrow Wilson.

The tendency to independent action is apparent in the Byrd survey of the possibilities of governmental re-organizations; one outcome might be a wholesale scaling down of the administrative agencies. On the basis of this move comes a House proposal to make all of the spending agencies answerable to Congress in detail after the middle of 1937.

The whole future of history-making at Washington may depend on the extent and persistence of this tendency in the congressional session which follows this year's election.

Words come from the London camp that the governor of Kansas has said all he intends to say before the Cleveland convention, except perhaps for one short speech touching but lightly on political issues.

Nevertheless, it is the view of some of his friends that the attitude of his campaign thus far hardly forebodes what he will do if nominated.

Some who knew him best believe he would be a highly vocal candidate. They agree that, not having declared himself an active candidate, he has felt no responsibility for speaking out. Should he formally be declared the spokesman of the Republican party, however, he would assume new obligations, and find himself in an entirely different role.

Of course, some of these friends assume to speak with the authority of the governor himself. They merely venture the opinion that, 1936 being what it is, he would not sit down at Topeka and hope that the presidency would come his way. They foresee him, staking everything on an active campaign.

They acknowledge that such a course might expose him to exposure quite new to him, but they figure that what will happen—and when the opportunity presents itself.

If the demand for national convention seats means anything—and it usually does—political interest is running extremely high this year in both parties.

Those who slot places in the press galleries are smothered under an outpouring of applications numbering many hundreds more than there are seats available.

The crush for spectators' tickets likewise is overwhelming, many of the applicants are willing to spend hundreds of dollars of their own money journeying from far points to see the show. Even at Philadelphia, where the Democratic proceedings are expected universally to follow a pattern well-understood in advance, the demand already is heavy and insistent.

Evidently, the country is going to have one grand time over its politics in 1936.

WATERSHED SAVED
SANTA BARBARA, Calif., May 18.—(AP)—More than 240,000 acres on the Santa Barbara watershed have been saved for water conservation purposes by recent set of Congress, which sharply restricted mining locations.

Helen Hunt West Is Candidate For Committeewoman

Helen Hunt West, of Jacksonville, candidate for National Democratic Committeewoman for Florida is a native of Orange County, having been born in Ocala. At the request of the National Democratic Executive Committee she piloted the 50-50 bill in the last session of the Florida Legislature. Passage of this measure doubled the strength of the Democratic Par-

ty organization in Florida and gave to women of this state the greatest political advancement since enactment of the suffrage amendment.

Mrs. West, wife of Byron McG. West, well known newspaper man and daughter of the late A. L. Hunt, widely known in Florida railroad circles, is a member of the Florida bar, is founder and secretary of the Florida council of the National Association of Women Lawyers and holds a degree from the Florida State College for Women. For fourteen years she was on the staff of the Florida Times-Union. This is the first time she has ever been a candidate for political office.

She has just returned from Washington, D. C., where she was in conference with national leaders of the Democratic party. While there she was the guest of Mrs. Ellen Woodward, director of the Women's Division of the WPA, at a luncheon at which Mrs. Franklin D. Roosevelt was one of the principal speakers.

Women Dislike British Ban On Consular Jobs

By OSCAR LEIDING
LONDON, May 18.—(AP)—The British government wants no Ruth Bryan Owens in its foreign service.

A woman may sit on the throne, or in the house of commons or in the cabinet—but diplomatic and consular careers are to remain closed to her.

"The time has not yet arrived," the government has announced, "when women could be employed either in the consular service or in the diplomatic service with advantage to the state or with profit to the women."

This decision was announced after the question of admitting women had been surveyed by a government committee headed by Sir Claud Schuster. Well-known women were quick

to express their dissent with the government's announcement.

American-born Lady Astor said: "The old diplomacy has failed as the chaotic state of the world testifies. The very desperation of civilization's plight should be sufficient for us to insist that these petty barriers of sex be swept away to give place to the larger and far more vital consideration of the best brains for the job whatever their sex."

"In most foreign countries women are admitted to these services now," said Miss Marjorie Green, secretary of the National Council for Equal Citizenship, "I am afraid we are behind the times."

Lady Snowden commented: "I see no reason why all women should be excluded from these posts. It has not been suggested that the average woman should take up this work, but only ones eminently suited for it."

"In the very large majority of consular posts," the government announced, "officers have to deal with a number of matters which it would be difficult for the average woman to handle. . . women would in practice find themselves hampered and restricted. . ."

At the same time diplomatic and consular careers were closed to British women, a recruiting drive for more women police was started in London.

With some 70 women in its service as police, Scotland Yard began to look for more unmarried "women of character, and keenness, possessing good education and sound physique."

Their starting pay is approximately \$13.75 a week, with allowance for lodgings extra.

Chappell Charges P. Sholtz With Sinister Motive

(Continued From Page One)

\$1 for small cars and \$5 for large cars.

State government cost eight million dollars in 1920 but the Sholtz administration had increased it to 38 million in 1935. Chappell said, and the Sholtz-controlled Legislature last winter invoked new taxes and increased this by seven and one-half million. He said he will propose a constitutional amendment prohibiting any new forms of taxation unless approved by the people. He also favors the recall whereby the governor or any other official can be removed from office by vote of the people, as the only way by which an official can now be removed is by impeachment or conviction of a felony.

Chappell said the state should guarantee an education to every child and that no teachers should be paid less than \$1,000 a year. Instead of only the \$329 remuneration now received by some. He said that the establishing of old age pensions is an obligation of Congress, but should Congress fail so to do he will, if elected governor, do what he can to put through such a program, and reminded his hearers that while in the Legislature he introduced a memorial urging Congress to adopt pension legislation.

Are the Political and Financial Manipulations of the duPont House Being Directed from the Grave?

On Thursday, May 14, there was published in the Jacksonville Journal a defense by the chief manipulator for the duPont interests in Florida against the sensational disclosures that have been made all over the state by Grady Burton, the fearless candidate for Governor from Wauchula.

Grady Burton has shown that THIS YEAR the House of duPont and its chief manipulator own stock in a Republican newspaper, the Florida Beacon, published in Jacksonville. Grady Burton has shown that THIS YEAR there has been a PLOT to organize the state SECRETLY for the purpose of electing a Tax-Revision League controlled legislature.

Grady Burton has shown that THIS YEAR the House of duPont is working and scheming to shift taxes from the owners of skyscrapers onto the backs of small income earners.

Grady Burton charges that THIS YEAR representatives of the House of duPont, controlled and manipulated by five men, ADMITTED ON THE WITNESS STAND IN A FEDERAL TAX EVASION HEARING THAT IT HAD AVOIDED AND DODGED A STATE TAX.

Manipulator Hides Behind the Grave

The chief manipulator of the House of duPont is quoted in the Jacksonville Journal of above date as having said that it was "difficult to understand why certain politicians were attacking the memory of Mr. duPont." The chief manipulator well knows that charges and exposures made by Grady Burton deal with things that are NOW GOING ON.

Grady Burton has respected the memory of the gentleman who passed away a YEAR AGO. No "Mr. duPont" has been mentioned by Grady Burton on the platform or in any other manner. Grady Burton has talked about the duPont interests and the House of duPont in Florida and every person in Florida knows that the vast financial and political organization is not operated from the grave but by five men. If the chief manipulator of the House of duPont had as much respect for the memory of his late relative as Grady Burton, he would have taken the responsibility for the manipulations and political schemes for which he and his present associates are responsible. HE WOULD NOT HAVE HIDDEN BEHIND THE GRAVE OR ATTEMPTED TO SHIFT THE BLAME UPON A DEAD RELATIVE.

Takes Credit for Act of the People

In the same statement, the chief manipulator of the House of duPont takes credit for the passage of the homestead exemption amendment. It will be a surprise to the great majority of Florida voters to learn that they did not know how to vote on homestead exemption until the House of duPont told them to vote for it.

Grady Burton served as vice president of the organization favoring the homestead exemption amendment and supported it actively. But the people voted to exempt homes from taxes because they were in favor of it, not because Grady Burton or the House of duPont recommended it. It would be rank absurdity for Grady Burton, the House of duPont or any other person whatsoever to take credit for the VOTE OF THE PEOPLE ON A MEASURE THEY WANTED.

Admits Some Lobbying But Not All

The chief manipulator of the House of duPont admits his agents lobbied for some things in Tallahassee but he does not admit that they lobbied for a Sales Tax.

Nor does the chief manipulator admit how the House of duPont's Sales Tax bill would have allocated the revenue.

SIXTY-FIVE PER CENT OF THE REVENUE FROM THE HOUSE OF DU PONT'S SALES TAX BILL WAS EARMARKED FOR ONE PURPOSE: What do you, Florida Voters, Home Owners, Fathers and Mothers, imagine was selected for the lion's share of the House of duPont Sales Tax? The Public Schools? No. An old age pension? No. Public health or welfare? No. Better streets or highways? No. SIXTY-FIVE PER CENT OF THE HOUSE OF DU PONT'S SALES TAX BILL WAS EARMARKED FOR B-O-N-D-S.

How About Tax Dodging?

Admittedly the House of duPont deserves credit for the payment of a tax now due the State and Federal Government. But this tax, which has amounted to THREE MILLION DOLLARS to date, is not a gift. IF IT WERE NOT PAID SOON THE MANIPULATORS OF THE HOUSE OF DU PONT WOULD BE HAILED AGAIN BEFORE FEDERAL AUTHORITIES TO EXPLAIN MATTERS AS THEY WERE IN FEBRUARY OF THIS YEAR FOR A FEDERAL INCOME TAX EVASION HEARING.

Uncle Sam charged the House of duPont, through one of its many corporations, with having AVOIDED TWO MILLION DOLLARS IN FEDERAL INCOME TAXES.

In the course of that hearing the chief manipulator was placed on the stand and a government attorney asked him why it was that TWO MILLION DOLLARS had been transferred from one corporation to another. The reply is given on the front page of the Jacksonville Journal for February 27, 1936. It was "THAT ALTHOUGH HE RECALLED THE PROCEDURE, HE WAS UNABLE TO EXPLAIN WHY."

But Uncle Sam's lawyer found a man with a better memory or one to whom two million dollars is a sum that is not easily forgotten. The corporation has a comptroller, like the State Government, since it owns more valuable property and has more money than the State Government. And the duPont comptroller gave this reply:

"The corporation "FOLLOWED THE PROCEDURE of many other corporations at that time, in TEMPORARILY TRANSFERRING FUNDS TO OUT OF STATE BANKS in order to AVOID PAYING a newly instituted STATE TAX."

Judge for yourself: Is this a tax dodging organization by its own admission? And judge whether the following language in a SECRET MEMORANDUM sent out to the wealthy capitalists of the Tax Revision League is not proof of the intention to TAKE MORE TAXES FROM THE DINNER PAILS, MARKET BASKETS AND PAY ENVELOPES OF FLORIDA FOR THE RELIEF OF THE VESTED INTERESTS:

The Tax Revision League asked its member to "analyze YOUR HOLDINGS thoroughly and advise us HOW MUCH we may expect monthly as a contribution toward this MONEY SAVING PROPOSITION?" Money saving for whom? Are the financiers raising a SLUSH FUND to save money for the small income taxpayers and workmen—FOR THEMSELVES?

Voters of Florida! One man stands between you, your homes and your children as a fearless champion in the battle against the rich and powerful tax dodging, tax shifting, political manipulating, lobbying organization run by a man who does not hesitate to evade the responsibility for his own actions but who tries to shift the blame onto a dead relative.

One Candidate Only Has the Courage to Stand Up Against the Powerful Money Machine of the House of duPont and the Tax Revision League

FLEEING CONVICTS RUN DOWN BY BLOODHOUNDS

"Those bloodhounds—they're too hard to beat!" That was the frank admission of Bill Anderson (right) and Archie Horning (center) after their capture in flight from the state prison at McAlister, Okla. Arnie Wilson (left), a prison officer, is shown taking the convicts back to the penitentiary. Eight desperate prisoners fled after killing a guard and kidnapping several other persons but all were recaptured by a great posse led by bloodhounds. (AP Photo)

Townsend Says Intent Wasn't To Amass Cash

Had 'World By Tail On Downhill Drag,' He Wrote Former National Secretary

Administration Called Hostile Wants 'Defense Fund' Of Millions, He Tells Committee

WASHINGTON, May 12.—(AP)—Assertions that the Townsend old age pension movement was started solely to amass "cold cash" and make a "hatful of money" were denied today by Dr. F. E. Townsend before the House investigating committee.

James R. Sullivan, committee counsel, examining the elderly retired California physician, asked him if he had not said "this old man has done his part" in the movement. "I don't know," Townsend replied.

Sullivan read into the record a letter from Townsend to Robert C. Clements, former national secretary, saying "you and I have worked the tail on a downhill pull on this thing if we work it right."

Townsend charged the pension administration was a "hostile force" behind the House committee investigating the old age pension plan, and charged the committee with an "unfriendly attitude."

His statement that his followers "like to do about the two old parties" and that a third party will be organized to support the pension plan, was also denied by Townsend.

In making the administration a "hostile force" behind the pension plan, Townsend said that the situation made necessary a recent appeal for a "defense fund."

"We need millions to carry on a movement like this and we are going to get them," he said.

Way Seen Open In New Trade Treaty To Pay War Debt

Former Premier Of France Applauds Blum's Position

PARIS, May 12.—(AP)—Former Premier Edouard Herriot declared today that the "way is open" to the settlement of the war debt misunderstanding between the United States and France through the new trade treaty.

Writing in "Information" he applauded the recent speech of Premier Daladier before the Chamber of Deputies, and said that the new trade treaty will be a "definite step" toward the settlement of the war debt through the "defense fund."

Herriot indicated that the settlement of the war debt through the "defense fund" would be a "definite step" toward the settlement of the war debt through the "defense fund."

New Dealers Are Drafting New Act For Coal Control

Plan Measure To Replace Guffey Law Killed By Decree

New Dealers worked today to draft a new bituminous coal regulation act to succeed the Guffey control law demolished yesterday by the Supreme Court.
